Dan and Stan,

I have one email that suggested Deer Park Expressway by Larry and Vicky Pauley, I have had Elkhurst lobbied by Joyce and Gary Sapp Strawberry Hills, Paul Garret, Betty Black, Irma Pauley, Laverne Black, Susan Bartel, Sue Baumgartner. I will be submitting these as is the typical manner for Public Hearings. Depending on what happens I am not sure I will support Tom Bass Road tonight.

You caught me by surprise when you said there would be no order for the road name change. When I thought about it later it occurred to me that such a decision is a procedural matter that the commission should make. You further indicated that the matter would be continued because of letters that have been received. I have not seen any such letters and believe that information should have been to us for review along with the other info we receive before a meeting. Accordingly I have asked Mike to have the order ready, the commission can decide what to do.

Karen,

RE: Naming Road  
from route it  
encaps to gas

pipe line.

I believe

"Elkhurst Road"

would be a good  
name for the  
above mentioned  
Road. While I  
have no real  
problem with  
"Tom Bass Road"  
it might be  
confusing for  
our first responders  
since there is a  
"Bass Road" on

**State Bond Measure Passed 2 to 1**

Rehabilitation of Missouri's penal and eleemosynary institutions was assured Tuesday after the citizenry had voted more than 2 to 1 in Gov. Park's special election to issue \$10,000,000 in public works bonds to finance the work. State officials immediately started plans for constructing a new penitentiary at a cost of \$3,250,000, for rebuilding the state's five insane hospitals, improving all reformatories and institutions with the remainder of the money.

Cedar Township precincts, in a light turn out, voted as follows:

	YES	NO

## Big Sky Investments LLC Rezoning and Henderson Road M-LP Review Plan

The minutes for the Planning and Zoning Commission meeting of April 18, 2013, along with the Boone County Zoning Regulations and Subdivision Regulations are entered into the record of this meeting.

This staff report covers both the rezoning request for Big Sky Investments LLC and the revised review plan that covers land owned by MD & B LLC and Big Sky Investments LLC. The new Review Plan for Henderson Road M-LP includes previously approved Review Plans for Tiger Ice, Mid Am Commercial Acres and Ivy Ridge Planned Developments.

The subject property is located on Henderson Road, northwest of the Highway 40/Interstate 70 interchange. Big Sky Investments LLC is seeking to revise an existing M-LP (Planned Light Industrial) review plan that covers 2.51 acres, by adding approximately 6 acres of R-S zoned property, which will be rezoned to M-LP, and expand the scope of the plan to cover the M-LP zoned Mid Am Commercial & Tiger Ice properties. This rezoning has a concurrent minor subdivision plat that will create an 8.48 acre lot for the entire property being rezoned, and an administrative survey covering the remainder property. This property was originally rezoned from R-S (Residential Single-Family) in June of 2004 and revised in November of 2008, and July of 2011. It has original R-S zoning to the north & east, M-LP to the west, and original C-G (General Commercial) to the south. The M-LP to the southwest was rezoned in November of 2003 and the review plan was revised in June of 2005, and the M-LP directly to the west was rezoned to M-LP in 2002 and its review plan was revised in July of 2007.

The purpose of this planned rezoning is to allow for a new building on the Ivy Ridge property and to permit the storage bunkers on the west side of the property to remain in their current location.

The Master Plan designates this property as suitable for residential land uses. The Master Plan also identifies a "sufficiency of resources" test for determining whether there are sufficient resources available for the needs of the proposal.

The resources necessary to serve the proposed development can be broken down into 3 general categories; utilities, transportation, and public safety services.

Utilities: The area being brought under this review plan is served by Consolidated Public Water District #1 & Boone Electric Cooperative. This rezoning will not noticeably increase demand on available public utilities. There are existing hydrants on the property, and they are sufficient to meet the requirements of the Boone County Fire Protection District. Each individual property is currently served by an on-site wastewater system. Future development of the plan area and the surrounding area may justify the development of some form of centralized wastewater service; however at this time that threshold has not been reached.

Transportation: Access to this property is via Henderson Road. The rezoning will not increase traffic to this site. The plan does identify a future roadway area along the east side of the property. As the remainder of the Ivy Ridge property develops, the limitations of the current access and the use of Ivy Lane for potential access will become more apparent. Construction of a public road along the east side of the property will allow for optimal use of the remainder of the property, so reservation of that space is reasonable.

Public Safety: The Boone County Fire Protection District operates a station approximately 350 feet from this property. The rezoning will not increase the current public safety needs of the property.

Zoning Analysis: This rezoning request is consolidating a substantial area of planned industrial space under one plan. This consolidation removes the internal setbacks of the properties involved, freeing up previously unusable property and resolving the setback violations of the Ivy Ridge property. This plan succeeds in achieving those goals and sets a reasonable outline for the future development of the properties involved.

Staff recommends approval of the request.

The Planning & Zoning Commission conducted a public hearing on this request during their April 18, 2013 regular meeting. There were ten members of the commission present during the meeting.

Following the public hearing, a motion was made to recommend approval of the request.

That motion carried and so the application comes forward with a recommendation for approval.

Following approval of the rezoning request, a motion was made to recommend approval of the review plan for Henderson Road M-LP.

That motion also carried and so the review plan comes forward with a recommendation for approval.
