FROM: Betty Dickneite, Chairperson
Job Classification Committee

RE: Recommendations from Job Classification Committee

The Job Classification Committee met today (August 16, 2011) to review and discuss the proposed changes to the Sign Maintenance Specialist position #731, Maintenance Operations, Public Works Department.

The Job Classification Committee members unanimously agreed to bring forward the following recommendation to the Commission:

Establish a new position classification titled "Senior Sign Maintenance Specialist" on pay range 29. Proposed effective date is immediately.

It is recommended that we establish a **new class code number of 3028 for the Senior Sign Maintenance Specialist** classification. CJ Dykhoush has reviewed the proposed position description questionnaire and recommends this new classification be established as **non-exempt**. His comments are shown below:

"I believe this position is non-exempt under the FLSA. Here is my analysis:

To be exempt under the FLSA, a position must meet both the (1) Salary Test and (2) Duties Test. This position meets the Salary Test, as pay range 31 has a minimum annual salary in excess of \$23,660 (the minimum necessary to meet the Salary Test).

My analysis of the Duties Test follows:

1. Executive: The PDQ indicates that this position does limited supervision (30%) of one other employee, I believe in practice that really translates into more of a working foreperson as opposed to a true supervisor. The executive exemption requires that supervision include 2 or more subordinates. Test not met.
2. Outside sales -- Not met by definition.
3. Computer Professional -- Not met by definition.
4. Professional -- There are 3 recognized categories (learned professional, creative professional, teacher). This position does not qualify as a learned professional in my opinion. There is no independent, professional licensing required for this position as would be typically seen for an FLSA exemption based on this exception, and the PDQ does not reveal any other facts that would seem to fit this exception.

An Affirmative Action/Equal Opportunity Employer

5. Administrative -- There are two elements to this test: (a) primary duty must be performance of office or non-manual work directly related to management or general business operation of employer and (b) primary duty includes exercise of discretion and independent judgment with respect to matters of significance. Neither of these tests are met, in my judgment, after reviewing the PDQ. This position's primary duties seem to be field work. Although the placement of signs in compliance with applicable standards is certainly important, I don't believe it rises to the level of policymaking-type decisions. Instead, it requires application of the right promulgated rule for the given circumstances. I don't believe this test is met.

As I do not believe the position meets any of the duties tests, I am of the opinion that this position is non-exempt under the FLSA. As a result, the County will be required to treat this position as an hourly employee, subject to the normal rules concerning overtime.

Please let me know if you wish to discuss any aspect of this further, and I'll stand by. Thanks, Bettie.

AGREEMENT FOR BATTERERS' INTERVENTION PROGRAM

THIS AGREEMENT, entered into by and between the 13th Judicial Circuit Court (the Court) and the Family Counseling Center of Missouri, Inc. (FCC).

WHEREAS, the Court has developed a program for criminal cases involving domestic violence; and

WHEREAS, the Court desires to provide financial assistance to low-income defendants to enable them to participate in a batterers' intervention program; and

WHEREAS, the Court currently receives STOP grant funding for such a program for the calendar year 2011; and

WHEREAS, the MEND (Men Exploring Non-violent Directions) program provided by FCC is the only batterers' intervention program within the 13th Judicial Circuit.

NOW, THEREFORE, it is agreed to between the parties as follows:

- A. FCC will make its batterers' intervention program available to individuals referred by court on the following basis:
 1. FCC will attempt to obtain initial information from a referred individual while the individual is in court at the time of referral.
 2. FCC will conduct two intake/orientation sessions per month so that individuals are enrolled in MEND within 30 days of the court referral.
 3. FCC will charge each court-referred individual for treatment sessions based on a sliding scale, according to the individual's family income.

- B. FCC will report to the Court as follows:
 1. Once per week FCC will provide a list of individuals attending the MEND program which shows the following information:
 - a. Case number
 - b. Name
 - c. Date of intake
 - d. Classes attended
 - e. Comments regarding attendance
 2. No later than the 5th of each month FCC will provide to the Court a bill that lists all clients referred by the Court, the amount they paid, and the amount being billed to the Court.

- C. The Court will pay FCC for its services based on the following assumptions:
1. The monthly payment will be based on the following formula: (total number of sessions attended by eligible defendants times \$40) minus the amount collected from such individuals.
 2. The total cost of the 27-week MEND program is \$1,100 ((\$40 times 27 classes) plus \$20 for intake).
 3. The maximum amount the Court will pay per person is \$830 (\$1,100 minus mandatory contribution of \$270 (\$10 per class)).
- D. The maximum amount of contractual services is \$126,000.
- E. Enrollment in MEND will be open-ended, with referred men beginning at the time of the first group vacancy following referral and continuing until 27 weeks of programming have been completed. Group sessions will be two hours long and will be held at a variety of times to reasonably accommodate clients.
- F. Groups will be facilitated by Licensed Professional Counselors, Licensed Clinical Social Workers, or other counselors under the supervision of licensed staff. The program will be supervised by Ted Solomon, M.S., who is Director of Outpatient Services for FCC. All facilitators and others involved in the execution of the MEND program shall be employees of FCC, not of the Court.
- G. Services will be provided at FCC's Columbia Outpatient Clinic at 117 N. Garth. The facility is ADA accessible and on a public bus route.
- H. FCC will document the progress of individuals referred to the MEND program, and will report to the Court information regarding success or failure of referred individuals in completing the program.
- I. FCC will maintain comprehensive liability insurance in the minimum amount of \$1,000,000 (premises and professional liability).
- J. FCC will cooperate with the Court in conducting surveys of referred individuals regarding program quality, its ability to meet the needs of the referred individuals, and recidivism. FCC and the Court will share statistical information regarding program success.
- K. All obligations of the Court under this Agreement which require the expenditure of funds are conditional upon availability of funds appropriated for that purpose.
- L. This Agreement may be terminated by either party upon thirty (30) days written notice to the other party.

- M. As a condition for the award of this contract in order to comply with the provisions of Sec. 285.530, RSMo, FCC shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. The contractor shall also sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services. A Work Certification Affidavit is attached hereto and made a part hereof.
- N. The agreement shall terminate on December 31, 2011, if not earlier terminated by the parties as set forth above.
