Supplier	Line	Notes
----------	------	-------

These are currently on backorder at ICOM but expected around 1 April 2022

ICOM is presently out of stock on this model. They are anticipating a shipment of sufficient quantity to fill this need sometime in the next two weeks. Due the COVID pandemic deliveries by all radios manufactures have been unpredictable. As soon as this product arrives at our dock, will will deliver to you location within 3 days.

Delivery may be sooner if Icom America gets more in stock sooner. Their delivery has been sporadic. They have none in stock at this time.

We're looking at 30-45 day turn around on ICOM Radios currently. As of now but this could change
