## MEMORANDUM

TO: Boone County Commission  
FROM: Liz Palazzolo, CPPO, C.P.M.  
DATE: March 21, 2023  
RE: Award Contract C000618 from RFP 02-30JAN23 for Law Enforcement Clothing & Boots for the Boone County Sheriff's Office – Term and Supply

Request for Proposal 02-30JAN23 solicited competitive proposals for Law Enforcement Clothing & Boots for the Boone County Sheriff's Office. Two proposals were received:

- 1) Gall's LLC of Lexington, Kentucky
- 2) Jonah's Enterprises Inc. of Brooklyn, New York

A County Evaluation Committee has evaluated the proposals. Evaluation Committee members are Captain Brian Leer, Leasa Quick (Budget Administrator for the Boone County Sheriff's Office), Captain Jenny Atwell (Assistant Jail Administrator), and Jennifer Basham (Administrative Coordinator for the Boone County Sheriff's Office). The Evaluation Committee conducted the subjective evaluation while the Department of Purchasing chaired evaluation meetings and the cost evaluation. One round of negotiations was conducted involving both offerors; both offerors submitted a Best and Final Offer that was also considered in the final evaluation. Evaluation criteria included two subjective areas: Experience/Reliability/Contractor Support worth a maximum 20 points; and the Proposed Method of Performance worth a maximum 30 points.

Cost was evaluated using unit pricing multiplied by the estimated annual purchase quantity using pricing for the initial contract period and all three renewal options.

The Evaluation Committee conducted subjective evaluation scoring without knowledge of cost point scores. Cost point scores have been added to final subjective scores and the outcome is as follows:

Offeror	Experience/Reliability /Contractor Support	Proposed Method of Performance	Total Cost Points	Final Overall Score
Galls, LLC	17	30	50	97
Jonah's Enterprises	10	5	37	52

An Evaluation Narrative follows this memo that explains the reasoning for the awarding of subjective scores.

The Evaluation Committee finds the proposal from Galls, LLC of Lexington, Kentucky to be the “lowest and best” proposal and the choice for contract award. An award to Galls LLC for Law Enforcement Uniform Clothing and Boots for the Boone County Sheriff’s office is presented to the Commission for approval.

The initial contract period will run April 01, 2023 through March 31, 2024; the County will have three (3) one-year renewal options available to renew the contract subsequent to this initial period.

This is a Term and Supply contract. Coding for payments will be as follows:

- 1251 – General Fund Sheriff Operations/23300 – Uniforms;
- 1255 – General Fund Detention Operations/23300 – Uniforms;
- 2901 – LEST Sheriff Operations/23300 – Uniforms;
- 2902 – LEST Detention Operations/23300 – Uniforms;
- 1228 – General Fund Sheriff Detention Administration/23300 – Uniforms.

## Evaluation Report RFP 02-30JAN23 – Law Enforcement Uniform Clothing & Boots - Term & Supply

### OFFEROR #1: Galls

- The proposal from Galls is deemed responsive to the mandatory terms and conditions of the RFP.

### EXPERIENCE, RELIABILITY and CONTRACTOR SUPPORT: SCORE 17 of 20

#### Strengths:

- Incumbent contractor providing law enforcement uniforms and boots for the Boone County Sheriff's Office -satisfactory support, good product;
- Very helpful providing support on product returns;
- Assigned Account Representative – David Ellenberger introduced himself to Sheriff's Office – good customer outreach;
- Galls stands by its products and updates its products;
- Been in the law enforcement uniform and gear business since 1967;
- Known in the law enforcement uniform market as being a reliable performer, reputable;
- Has over 800 formal contracts for law enforcement uniforms and gear nationwide; over 100 service locations;
- Provided three law enforcement references: Wyandotte County (Kansas) Sheriff's Department, Sedgwick County (Kansas) Sheriff's Department, and Platte County (Missouri) Sheriff's Department. Galls indicates it is the sole provider of uniforms, footwear, and duty gear to these law enforcement departments.

#### Concerns:

- Orders are not always packed identifying officer; this is not compliant with the terms of the current contract the County has with Galls;
- Some orders have been received with no packing organization at all, e.g. undershirts and pants. This requires Boone County Sheriff's Office (BCSO) personnel to take time to organize the contents for distribution;
- Calls to Galls' "Team Central" create more confusion because no one-person is assigned to the call; the BCSO gets to work with whomever answers the call, and if a problem requires more than one call, the BCSO has to repeat the history before getting the help to advance the problem to its resolution;
- The BCSO is still experiencing a lot of backorders on items;
- Invoicing always requires extra work for the BCSO because it's rarely accurate;
- The Gall's ordering web portal sometimes is not updated with most current contract pricing.

### METHOD OF PERFORMANCE: SCORE 30 of 30

#### Strengths:

- Gall's eQuip web-based portal is a huge tool and a proven asset to the BCSO – the BCSO "loves" how it works making officer ordering very easy and accessible;
- The assigned Account Representative/Single Point of Contact – David Ellenberger is a Regional Account Executive for Galls and the proposal describes him as being available to ensure that all contract obligations are being executed. He will be available in person for meetings, to ensure the BCSO is "on-boarded" efficiently, and for sizings;

- Galls has its own staff to perform alterations and embroidery available at the Galls Lexington, Kentucky location;
- Galls took no exception to RFP warranty requirements, i.e., a minimum one-year warranty on trousers and shirts; Galls additionally offers a one-year warranty on other items like coats, ties, hats and boots;
- Galls' delivery is 30-days for most items; Galls indicates that a 60-day delivery is necessary for Proper items;
- Galls' return policy has no time-limit. If product is damaged when received, the BCSO notifies Galls and Galls will send a return label and will replace the item immediately;
- Galls provides hemming services free of charge.
- Galls' on-line catalog at Galls.com provides descriptions and pictures of products to help BCSO make product selections, etc. The website cart addresses whether an item is in-stock or not, and provides an estimated delivery time.

**Concerns:**

- None

<b>OFFEROR #2: Jonah Enterprises</b>
--------------------------------------

- The proposal from Jonah Enterprises is deemed responsive to the mandatory terms and conditions of the RFP.

**EXPERIENCE, RELIABILITY and CONTRACTOR SUPPORT: SCORE 10 of 20**

**Strengths:**

- Jonah's Enterprises indicates that it has been in business for 2+ years;
- Jonah's Enterprises provided 3 references: El Intl West, Unikue Fashion Inc., and the Washington Group. The proposal indicates in "Company History" that Jonah's Enterprises provides materials for the NYPD and Lancaster, Nebraska;
- Identified Manny Stone as the Single Point of Contact to provide support.

**Concerns:**

- Limited experience providing law enforcement uniform clothing, boots, and gear;
- Clarifying information in Jonah Enterprises' Best and Final Offer about the NYPD experience identifies the "DCAS" and "DOB" departments of the NYPD. The Evaluation Team wasn't able to confirm this looking on-line;
- Manny Stone is also the "Key Principal" of Jonah's Enterprises as identified on the website; the proposal provided no detail about how Mr. Stone would divide his responsibilities as "Key Principal" and Single Point of Contact for the BCSO;
- BCSO has no experience with Jonah's Enterprises; the proposal does not detail what Jonah's Enterprises' place is in the law enforcement uniform and gear market – its market reputation is unknown to the BCSO and it wasn't addressed in the proposal.

**METHOD OF PERFORMANCE: SCORE 5 of 30**

**Strengths:**

- Jonah's Enterprises clarifies in its Best and Final Offer that the identified brands and models of law enforcement uniform items and boots will be provided.

**Concerns:**

- Proposed an alternate brand for the name tag (i.e., offering a Smith & Warren which is smaller than the Blackington name tag);
- In general, Jonah Enterprises' delivery is 30-60 days compared to Galls' 30-day delivery for all items except Proper;
- Jonah Enterprises offers an Excel spreadsheet for ordering instead of the preferred web-based electronic ordering portal. The Best and Final Offer (BAFO) from Jonah's Enterprises provided some detail about how the spreadsheet will work; the spreadsheet can be updated any time and it will have links to product. The BAFO failed to explain how the updates are made including link updates;
- Jonah Enterprises' warranty on trousers and shirts was corrected in its BAFO to meet the one-year requirement, but its warranty on other items is 6-months, compared to one-year from Galls;
- Regarding warranty coverage and return of damaged items, the Jonah Enterprises BAFO states that it will fix or replace any defected item that occurred during regular wear, and that the warranty commences upon "delivery" which is not the same as the terms stated in the RFP of "delivery and acceptance";
- Alterations and embroidery would be provided by an unidentified local company.
- No on-line catalog or on-line presence that allows for viewing products and descriptions of products.

**SUMMARY:**

Galls receives 17 out of 20 points for the subjective evaluation category of Experience, Reliability and Contractor Support. While not a perfect score, it is higher than Galls' competitor for the following reasons: Galls has a known and demonstrated presence in the law enforcement uniform, boots and duty gear market nationwide. Galls has successfully performed as the major provider of law enforcement uniform, boots and duty gear for the Boone County Sheriff's Office. Galls has over 53 years' experience providing law enforcement uniform, boots and duty gear to a variety of law enforcement departments and offices; it has over 800 formal contracts and over 100 service locations. The three references provided by Galls are law enforcement offices similar to the BCSO. Galls has identified David Ellenberger, their Regional Account Manager, as the Account Representative and Single Point of Contact for the BCSO. Mr. Ellenberger's role is to ensure customer support and to be on-site as needed. Galls lost points based on the BCSO's experience with orders not always being compliant with contract terms requiring the officer's identification; invoicing is also often challenging because of inaccuracies. Both deficiencies in Galls' performance require additional attention and time for the Boone County Sheriff's Office to resolve.

In contrast, Jonah's Enterprises' is scored 10 out of 20 points for the subjective evaluation category of Experience, Reliability and Contractor Support. While Jonah's Enterprises provided three references, none are law enforcement operations. The reference to provision of items to the NYPD appears to be imprecise because the Evaluation Team could not find the "DCAS" and "DOB" within the NYPD organizational structure when looking on-line. In comparison to Galls, Jonah's Enterprises indicates 2 years' experience compared to 53+ years, and Jonah's Enterprises is relatively unknown in the law enforcement uniforms, boots, and duty gear marketplace. The BCSO has no direct or indirect experience with Jonah's Enterprises. The Single Point of Contact is also the "Key Principal" of Jonah's Enterprises, and the proposal did not address how Mr. Stone would perform both roles.

Galls receives 30 out of 30 points for the subjective evaluation category of Proposed Method of Performance. Galls' proposal stands-out in comparison to Jonah's Enterprises proposal for these primary reasons: Galls provides a true web-based ordering portal with proven ease of use that the BCSO appreciates. Galls offers all required products, providing products in both a shorter delivery time frame and with a longer warranty. Galls' has a very customer-friendly returns policy. Galls does not consider hemming as an "alteration" and it will provide hemming services free of charge. Galls has staff to provide alterations and embroidery. Its identified Account Representative/Single Point of Contact will provide customer support as needed on-site.

In contrast, Jonah's Enterprises received 5 out of 30 points for the subjective evaluation category of Proposed Method of Performance. The Excel spread sheet is an electronic ordering tool, but it is not web-based which was preferred as stated in the RFP. It is not clear how or who updates the Excel ordering form. The BCSO has had experience in the past using an Excel ordering form and found it cumbersome and time-consuming. Additionally, Jonah's Enterprises appears to have no website of its own; there is no opportunity provided to view pictures or descriptions of products, or to know if the item is in stock or not. Jonah's Enterprises indicates that it will provide required brands/models of uniform clothing and boots, but its warranty is 6 months compared to 12-months on items other than the trousers and shirts, and its delivery time is 30-60 days on all items whereas Galls offer 30-day delivery on all items except Proper's items. The returns policy is not as good as Galls because Jonah's Enterprises indicates that it may "fix" some defective items rather than just replace them. Alterations and embroidery will be performed by a local company, but the proposal has not identified the company. Jonah's Enterprises' substituted item for the nametag is not as large as the one currently used by the BCSO; its preferred that nametags used by personnel of the BCSO be uniform. The proposal from Jonah's Enterprises contained several typos and was vague in many respects; the details provided only reinforced basic RFP requirements, and there was little added by Jonah's Enterprises that would help the Evaluation Team score the proposal higher.
