BOONE COUNTY AUDITOR

JUNE E. PITCHFORD

BOONE COUNTY GOVERNMENT CENTER

801 East Walnut, Room 205 • Columbia, MO 65201-4890 • (573) 886-4275 OFFICE • (573) 886-4280 FAX

June 26, 2006

Honorable County Commissioners and Citizens of
Boone County, Missouri:

The Comprehensive Annual Financial Report of Boone County, Missouri for the fiscal year ended December 31, 2005, is hereby submitted.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

KPMG LLP, an independent certified public accounting firm, has issued an unqualified (“clean”) opinion on Boone County, Missouri’s financial statements for the year ended December 31, 2005. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The County is a political subdivision of the State of Missouri, organized in 1821 under applicable state statutes and continues under the same form of government to this day. Limited-scope policymaking and legislative authority is granted by the state statutes and vested in the County Commission, which consists of a Presiding Commissioner and two Associate Commissioners, each of whom serves full time. As the governing body, the County Commission is responsible for a mix of legislative and administrative duties including passing ordinances (to the extent permitted by statute), adopting the annual budget, managing county property, appointing committees, and hiring and supervising departmental directors. The Presiding Commissioner is elected at large and the two Associate Commissioners are each elected from within their respective district. Each serves a four-year term.

Boone County’s statutory *elective* form of government differs significantly from a charter form of government or a municipal city-manager form of government. Independent elected officials are directly accountable to the people of the County and individually responsible for discharging the statutory functions of their office in accordance with state law. The County Commission has no authority to impose its will on other elected officials, except through its exclusive control of county property and the adoption of the annual budget.

The County provides a broad range of public services required by state law including operation of the 13th Judicial Circuit Court, operation of the Prosecuting Attorney's Office, operation of a Juvenile Office and a Juvenile Detention center, operation of a County Jail, law enforcement services for all unincorporated areas of the County, civil process service for the entire County, maintenance and retention of property records, assessment of all county property for taxing purposes, collection of property taxes for all political subdivisions within the County, voter registration and election services, maintenance of county roads, and various other public services.

The County adopts an annual budget for all of its governmental funds and proprietary (internal service) funds. Project-length budgets are prepared and approved for capital projects and neighborhood improvement district projects; however, these are used as management tools and are not legally adopted. Unexpended and unencumbered appropriations for these budgets are re-appropriated as necessary in the following budget year.

The County Commission approves the annual budget at the departmental object (or class) level. The County also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered appropriations lapse at fiscal year-end, while open encumbrances are reported as reservations of fund balance at each year-end.

The County's fiscal year is the calendar year and the annual budgetary process and timetable is governed by state statutes. Budgetary requests are due to the County Auditor by September 1st with a proposed comprehensive budget due from the County Auditor to the County Commission by November 15th. The County Commission may alter, modify, or change the proposed budget in any manner, except for the Court's budgets which may not be altered without the Court's consent or pursuant to mediation by the Judicial Finance Review Commission. The County Commission must comply with public notice and public hearing requirements and adopt the budget on or before January 10th; however, in a year in which a County Commissioner's new term of office begins (i.e., every other year), the statutory deadline is extended to January 31st. However, the County Commission typically adopts the budget prior to December 31st. In the event the County Commission does not adopt the budget, the preceding year's budget remains effective.

For financial reporting purposes, the *reporting entity* is comprised of the County (the primary government) including all funds, agencies, and departments that make up its legal entity as well as any legally separate entities that meet criteria established by the Governmental Accounting Standards Board for inclusion in the reporting entity. Such entities are referred to as component units and they include legally separate entities over whom the County is able to impose its will or entities capable of imposing a financial benefit or burden on the County. Component units also include organizations that are financially dependent on the County.

The County has determined that the reporting entity should include one discretely presented component unit, the Boone Hospital Board of Trustees. This entity is financially dependent on the County in that all bond issues for hospital operations must be approved by the County Commission.

Local Economy

The information presented in the CAFR is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Boone County is situated in Central Missouri at the cross-roads of Interstate 70 and US Highway 63. It is a fast-growing county known for its highly educated work force, low cost of living, award-winning schools, and unique blend of rural and urban lifestyles. The County contains 685 square miles and includes six cities (Ashland, Centralia, Columbia, Hallsville, Rocheport, and Sturgeon) and three towns (Harrisburg, Hartsburg, and McBaine). Over the past ten years, the County's annual population growth rate has consistently out-paced that of the state.

The local economy reflects a balanced mix of retail, education, insurance, light manufacturing, construction, and finance. The County's largest city and county seat, Columbia, serves as a regional shopping area for central Missouri. The County is also home to the flagship campus of the University of Missouri, Columbia College, and Stephens College. In addition, the County serves as a regional medical center with 6 hospitals. The largest employers in the County include the University of Missouri, University Hospital and Clinics, Columbia Public Schools, Boone Hospital, insurance institutions, light manufacturers, federal offices, and the City of Columbia. The County's varied economic base contributes to economic and employment stability. The County's low unemployment rate of 3.4% compares favorably with that of the state (5.3%) and the nation (4.6%).

Nearly sixty percent of the County's operating revenues are derived from sales taxes. Because Boone County continues to experience steady population growth and it serves as a regional retail center, this revenue source has provided sufficient funding for the County's services. Nevertheless, the County has experienced significant volatility with annual growth rates for sales tax ranging between 3% and 11% during the last ten years. Because of the inherently volatile nature of sales tax revenue, the County maintains higher undesignated and unreserved fund balances in its major funds.

Relevant Fiscal Policies and Other Information

Cash Management. The elected County Treasurer is responsible for the cash management and treasury functions of the County. Under the direction of the County Treasurer, the County manages a pooled funds investment program for all unrestricted cash. By investing available fund balances as part of the pooled cash account, the County achieves favorable interest rates. Cash temporarily idle during the year was invested in collateralized securities and investments. The average annual yield for fiscal year 2005 was 2.91 percent. This compares to an average yield of 2.22 percent and 1.35 percent for fiscal years 2004 and 2003, respectively.

The County awarded its two-year depository contract with First National Bank for an initial two-year term beginning July 1, 2005. Under this contract, the County receives an annual interest rate equal to 30 basis points above the most recent auction rate for 90-day Treasury bills. Under the depository contract in effect during fiscal year 2005, the County received an annual interest rate equal to 12 basis points. County Commission Order and state statutes provide the framework for the County's investment policies.

Single audit. The County is required to undergo an annual single audit of federal expenditures in conformity with the provisions of the Single Audit Act Amendments of 1996 and the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-profit Organizations*. Information related to this single audit is included in a separate report.

Awards and Acknowledgements

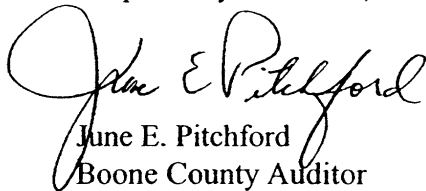

The County's CAFR for the fiscal year ended June 30, 2004, was awarded the Certificate of

Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA). This was the 22nd consecutive year the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. The report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for one year only. We believe that our current CAFR will continue to meet the Certificate of Achievement Program requirements and we will be submitting it to the GFOA to determine its eligibility for another certificate.

I would like to recognize the County Commission and other elected officials for their part in planning and conducting the financial operations of the County. In addition, I want to express my appreciation to the staff members of the Boone County Auditor's office who assisted in the preparation of this report.

Respectfully submitted,

June E. Pitchford
Boone County Auditor

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Boone County,
Missouri

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2004

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditors' Report

The County Commissioners
Boone County, Missouri:

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Boone County, Missouri as of and for the year ended December 31, 2005, which collectively comprise Boone County, Missouri's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of Boone County, Missouri's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the discretely presented component unit were not audited in accordance with *Government Auditing Standards*. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Boone County, Missouri's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit, and the report of other auditors, provides a reasonable basis for our opinions.

In our opinion, based upon our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Boone County, Missouri as of December 31, 2005, and the respective changes in financial position, and where applicable, cash flows, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

Effective January 1, 2005, Boone County, Missouri implemented Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures—an Amendment of GASB Statement No. 3*.

In accordance with *Government Auditing Standards*, we also have issued a report dated June 14, 2006 on our consideration of Boone County, Missouri's, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis on pages 5 through 15 and the Budgetary Comparison Information on pages 58 through 68 are not a required part of the basic financial statements, but are supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Boone County, Missouri's basic financial statements. The combining and individual fund financial statements and schedules—other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information, except for that portion marked "unaudited," on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. These sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

KPMG LLP

Management's Discussion and Analysis

This section of the County's Comprehensive Annual Financial Report presents a narrative overview and analysis of the financial activities of Boone County, Missouri, for the fiscal year ended December 31, 2005. For a complete understanding of the County's financial statements, please read the transmittal letter at the front of this report along with the County's financial statements, including the footnotes, which follow the Management's Discussion and Analysis.

Financial Highlights

- On a government-wide basis, net assets (the amount by which assets exceeded liabilities) at the close of the most recent fiscal year totaled \$63.8 million. Of this amount, approximately \$11.5 million is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors.
- On a government-wide basis, Boone County's total net assets increased by \$5.8 million or approximately 10% during the fiscal year.
- On a government-wide basis, the cost of the County's governmental activities was \$36.1 million.
- At the close of the current fiscal year, Boone County's governmental funds reported combined ending fund balances of \$23.4 million, an increase of \$3.4 million in comparison with the prior year. A significant portion of the combined ending fund balance, \$15.6 million, is available for spending at the government's discretion (i.e., it is *unreserved, undesignated* fund balance).
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$9.7 million. Of this amount, \$2.2 million is designated for capital improvements. Unreserved fund balance net of the capital designation, or \$7.5 million, represents 36% of expenditures. A portion of the unreserved fund balance, approximately \$2.5 million, was appropriated in the Fiscal Year 2006 budget.
- Boone County's total long-term debt increased by \$1.6 million. The net increase is the result of additional debt issued (\$2.005 million) in excess of principal repayments during the year.
- General fund revenues totaled \$22.5 million, which exceeded original budgetary estimates by approximately \$669,000, or 3%.
- General fund expenditures were \$21 million. On a budgetary basis, the General fund experienced a favorable budgetary variance of \$2.56 million.
- The net increase in fund balance in the General Fund of \$1.5 million was primarily due to the combined impact of revenues exceeding budget while expenditures were less than budget.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Boone County's basic financial statements. The County prepares and issues a *Comprehensive Annual Financial Report* (CAFR), which provides extensive financial information beyond the minimum reporting requirements established by generally accepted accounting principles (GAAP). The CAFR consists of the following parts:

- Introductory Section, which includes the transmittal letter and general information;
- Management Discussion and Analysis (MD&A), (this part);
- The Basic Financial Statements, which include the government-wide and the fund financial statements as well as the notes to the basic financial statements;
- Required Supplementary Information, which includes budgetary comparison information for certain major funds and certain other required disclosures;
- Other Supplementary Information, which includes combining statements for non major governmental funds, internal service funds, and fiduciary funds, as well as budgetary comparison schedules for special revenue, debt service, and capital project funds; and,
- Statistical Information

Government-wide Financial Statements

The first set of financial statements is the government-wide statements which report information about the County as a whole. These statements are a result of Governmental Accounting Standards Board (GASB) Statement No. 34 and were new to the County's financial reporting in fiscal year 2003. They provide both long-term and short-term information about the County's overall financial condition. These financial statements are prepared using a full accrual basis of accounting in order to achieve a more corporate, or private-sector type of presentation. The two government-wide statements, **Statement of Net Assets** and **Statement of Activities**, report the County's net assets and how they have changed from the previous year. The County does not provide services through *business-type activities* (such as a public utility); consequently, only *governmental activities* are included in the County's financial statements.

The **Statement of Net Assets** presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Increases and decreases in net assets may serve as a useful indicator of whether or not the financial position of the County is improving or deteriorating. The Statement of Net Assets also provides information on unrestricted and restricted net assets and net assets invested in capital assets, net of related debt.

The **Statement of Activities** presents information showing how the County's net assets changed during the most recent fiscal year. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of the timing of related cash flows. The Statement of Activities presents the various functions of the County and the degree to which they are supported by charges for services, federal and state grants and contributions, tax revenues, and investment income.

The government-wide financial statements include not only Boone County, Missouri itself (the *primary government*), but also a legally separate hospital board of trustees (a *component unit*) for which Boone County is financially accountable. Financial information for the component unit is

reported separately from the financial information of the primary government. The government-wide financial statements do not include any blended component units.

The government-wide financial statements may be found on pages 18-19.

Fund Financial Statements

The second set of statements is the fund financial statements which provide information about groupings of related accounts which are used to maintain control over resources for specific activities or objectives. The County uses fund accounting to demonstrate compliance with finance-related legal requirements. The fund financial statements provide detailed information about the County's most significant funds – not the County as a whole.

The County has three kinds of funds:

- *Governmental Funds.* Governmental funds reflect how general government services were financed in the short-term as well as what financial resources remain available for future spending to finance County services.

The County maintains numerous individual governmental funds according to their type (general, special revenue, debt service, and capital projects). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for funds that are considered to be a major fund; financial information for all non-major funds is summarized and presented in a single column. Individual fund data for each of the non major governmental funds is provided in the form of combining statements.

Fund financial statements for governmental funds are prepared using a modified accrual basis of accounting which differs from the full-accrual basis of accounting used to prepare the government-wide financial statements. Because of the resulting differences, a reconciliation of the fund financial statements to the government-wide financial statements is provided.

- *Proprietary Funds.* Proprietary funds offer short-term and long-term financial information about services which the County provides through a business-type operation, using a full accrual basis of accounting. The County does not operate enterprise activities, where the customers are primarily external to the County, such as with a public utility. However, the County does operate several internal service activities, where the customers are internal County departments, such as Facilities Maintenance and Housekeeping.
- *Fiduciary Funds.* Fiduciary funds are used to account for resources held for the benefit of individuals or entities external to the County. The County's fiduciary responsibilities are summarized and reported by type: pension trust fund, private-purpose trust funds, and agency funds. These assets are restricted as to purpose and use or are being held by the County on behalf of others and do not represent discretionary assets of the County. Therefore, these assets are not presented as a part of the government-wide financial statements.

Financial Analysis of the County as a Whole

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The Statement of Activities is used to report changes in net assets resulting from operations of the fiscal year just ended.

Net Assets

On a government-wide basis, the County's net assets were approximately \$63.8 million at fiscal year end, an increase of \$5.8 million over the previous year, as shown in the table below.

Boone County, Missouri Schedule of Net Assets As of December 31,

	2005 Governmental Activities	2004 Governmental Activities
Assets:		
Current and other assets	\$ 29,715,716	25,851,834
Capital assets, net	45,614,647	42,164,895
Total assets	75,330,363	68,016,729
Liabilities:		
Long-term debt outstanding	8,102,831	6,507,821
Other liabilities	3,364,207	3,451,852
Total liabilities	11,467,038	9,959,673
Net Assets:		
Invested in capital assets, net of related debt	39,783,056	38,159,971
Restricted	12,532,993	4,229,839
Unrestricted	11,547,276	15,667,246
Total net assets	\$ 63,863,325	58,057,056

The largest portion of the County's net assets, or approximately 62%, reflects its investment of nearly \$40 million in capital assets, less any related outstanding debt used to acquire these assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be liquidated for the liabilities.

Included in the County's total net assets is \$12.5 million which represents resources that are subject to external restrictions (including statutory restrictions) as to how they may be used. The remaining net assets of \$11.5 million are unrestricted and may be used to meet the government's obligations to citizens and creditors.

There was an increase of \$8.3 million in restricted net assets. This increase is primarily due to the determination that the net assets attributable to the Road and Bridge Fund and the Law Enforcement

Services Fund should be classified as restricted net assets due to statutory restrictions, whereas in the previous two years they were classified as unrestricted.

The government's net assets increased by \$5.8 million during the fiscal year just ended. This compares to an increase of \$4.5 million for the previous fiscal year. A discussion and analysis of the various factors resulting in this increase are presented in the following section.

Governmental Activities

The following schedule shows the revenues and expenses for the County's activities for the current fiscal year as compared to the previous fiscal year.

Boone County, Missouri Schedule of Changes in Net Assets For the Fiscal Years Ended December 31,

	2005	2004
	Governmental	Governmental
	Activities	Activities
Revenues:		
Program revenues:		
Charges for services	\$ 5,808,314	5,224,890
Operating Grants and Contributions	4,079,444	4,138,405
Capital Grants and Contributions	96,000	537,212
General revenues:		
Property Taxes	3,467,469	3,139,387
Sales Taxes	25,452,011	23,873,177
Franchise and other taxes	193,172	175,724
Investment income	660,643	256,721
Hospital lease revenue	1,477,571	1,430,923
Gain on sale of capital assets	255,692	20,554
Other	432,654	293,397
Total revenues	<u>41,922,970</u>	<u>39,090,390</u>
Expenses:		
Policy and administration	6,520,149	6,776,220
Law enforcement and judicial	15,556,658	15,218,767
Environment, public buildings and infrastructure	11,331,430	10,216,603
Community health and public services	1,232,866	1,112,171
Economic vitality	67,875	66,000
Beautification and recreation	39,842	36,819
Protective inspection	1,047,305	895,051
Interest and fiscal charges	320,576	191,180
Total expenses	<u>36,116,701</u>	<u>34,512,811</u>
Increase in net assets	5,806,269	4,577,579
Net assets, beginning of year	58,057,056	53,479,477
Net assets, end of year	<u>\$ 63,863,325</u>	<u>58,057,056</u>

The County's total revenue on a government-wide basis was \$41.9 million, an increase of \$2.8 million over the previous fiscal year. The increase is primarily due to gain on sale of capital assets and increases in sales tax revenue and property tax revenue. All taxes combined comprise 69% of total revenue, with sales tax as the largest single source, accounting for 61% of all County revenue. Charges for services account for 14% of total revenue; grants and other support account for 10% of total revenue. The remaining 7% of County revenues are derived from hospital lease revenue, investment income, gain on sale of capital assets, and other revenue.

The total cost of all programs and services was \$36.1 million, an increase of approximately \$1.6 million over the previous year. The County's expenses cover a broad range of services typically provided by county government. Law Enforcement and Judicial expenses account for 43% of total expenses followed by 31% for Environment and Infrastructure (primarily road and bridge activities). These areas also account for the largest burden on general tax revenues in the amount of \$11.8 million and \$9.8 million, respectively.

As previously noted, governmental activities increased the County's net assets by \$5.8 million compared to an increase of \$4.6 million the previous year. Key factors contributing to this increase are identified below. These factors are largely unchanged from the prior year.

- Economically sensitive sales tax revenue exceeded budgetary expectations, which assumed 4.0% growth. Local economic activity resulted in an actual annual growth rate of 6.9%.
- The County made significant investment in capital assets, using a combination of current and accumulated resources and long-term debt to finance the acquisitions. During fiscal year 2005, investment in capital assets exceeded the increase in annual depreciation expense and capital asset retirements, thus increasing net assets.
- The County realized economic gains on the disposal (including trade-ins) of assets, particularly large equipment items used in the road and bridge operations. The total gain recognized in the government-wide Statement of Activities is in excess of \$250,000.
- Revenues exceeded expenses in all three of the County's major funds, thus increasing the County's net assets reported on a government-wide basis. Overall spending in these funds was less than the current revenues, and as noted above, the primary revenue source to these funds, sales tax, exceeded budgetary expectations.

Financial Analysis of the County's Funds

As previously mentioned, the purpose and focus of the County's governmental funds is significantly different than that of the government-wide financial statements. A discussion and analysis of the County's three types of fund financial statements (governmental funds, proprietary funds, and fiduciary funds) is presented below.

General Fund and Other Governmental Funds

The focus of the County's governmental funds is to provide information on the inflows, outflows, and balances of resources that are available for spending as well as to demonstrate compliance with statutory and other legal requirements. As a result, the fund financial statements reflect a *current financial resources* focus rather than a *total economic resources* focus which is used in the government-wide financial statements.

Given the focus of the fund financial statements, an unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the unreserved fund balance of the General Fund was \$9.7 million, of which \$2.2 million is designated for capital improvements, resulting in an unreserved and undesignated fund balance of \$7.5 million. As a measure of the General Fund's liquidity, it may be useful to compare this amount to total fund expenditures, for a ratio of 36%, or to total budgeted expenditures, which calculates to 32%. A portion of the unreserved fund balance, approximately \$2.5 million, was appropriated in the Fiscal Year 2006 budget.

The total fund balance in the County's General Fund increased by \$1.5 million or by 16%. The change in the current fiscal year's fund balance is primarily due to the following factors.

- Sales tax revenues (49% of total fund revenue) and property tax revenues (11% of total fund revenue) exceeded budgetary estimates by approximately \$427,000 and \$81,000, respectively. This represents a 4% variance and was due to local economic activity exceeding expectations and the impact of property reassessment;
- Other revenue sources, such as investment income and charges for services also exceeded budgetary estimates. Combined, all other revenue sources reflect a 2% favorable budgetary variance;
- Historically, actual spending in the General Fund is approximately 93% to 95% of budgeted amounts. Actual spending for FY 2005 was 89% of budget. This actual budgetary savings was the result of not spending the mandatory emergency appropriation, which is 3% of budgeted expenditures, combined with other general savings across a wide array of departments and accounts. The approved budget authorized maximum spending in excess of revenues by \$1.76 million; however, actual spending was never expected to reach the levels authorized by the budget due to the expected budgetary savings identified above.

The total fund balance in the County's Road and Bridge Fund increased by \$1.3 million or 26%, to \$6.5 million. This increase is primarily due to sales tax revenues in excess of budgetary expectation and favorable spending variances (actual budgetary spending was equal to 83% of budget). Of the total fund balance, the unreserved portion was \$4.0 million. A significant portion of the unreserved fund balance, approximately \$2.06 million, was appropriated in the 2006 budget. The Road and Bridge Fund provides financing for routine road maintenance activities, distributions to local cities and a special road district, as well as various major road improvements. Some of the maintenance costs, such as snow and ice removal, were less than expected due to mild weather conditions and some of the work on larger projects was re-budgeted in FY 2006. This type of fluctuation is

inherent, given the nature of activities financed in this fund, and it results in varied spending levels from year to year, as well as in comparison to budget.

The fund balance in the County's Law Enforcement Services Fund increased by approximately \$225,000 or 27%. This increase is primarily due to the combined effect of sales tax revenues exceeding budgetary estimates and actual spending levels falling below budgeted amounts.

Fund balances in the County's non major governmental funds, all combined, increased by approximately \$290,000 or 6%. The increase is primarily due to activity in the debt service funds; bonds issued during the year required the County to set aside a debt service requirement from the bond proceeds, thus increasing the fund balance in the debt service fund.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

As previously noted, the County does not operate enterprise funds; however it does operate several internal service funds. At the end of the fiscal year, the unrestricted net assets for the County's various internal service funds were as follows:

• Self-Insured Health Plan:	\$1,038,284
• Self-Insured Dental Plan:	\$ 49,104
• Self-Insured Workers' Compensation:	\$ 100,570
• Facilities and Grounds:	\$ 204,918
• Capital Repair and Replacement:	\$ 898,803
• Building Utilities:	\$ 113,722

Fiduciary Funds

The County maintains a fiduciary fund for the assets of the pension trust fund for Boone County Matching Pension Plan for county employees. At the end of the current fiscal year, the net assets of the pension fund totaled \$1,145,716, representing an increase of \$182,785, or 19%, in total net assets from the previous year. The change is primarily due to employer matching contributions and investment income.

The County is trustee for two private-purpose trust funds. At the end of the current fiscal year, net assets of the trust funds totaled \$40,500, representing an increase of \$993 in net assets from the previous year. The change is due to contributions and investment income exceeding distributions made from the trust funds, pursuant to the trust agreements.

The County is the custodian of numerous agency funds. The most common use of agency funds is to account for pass-through activity associated with property tax collection and distribution; however, the County administers numerous agency funds for various other purposes such as pass-through criminal costs, inmate funds, and unclaimed fees. Since, by definition, all assets of the agency funds are held for the benefit of other entities, there are no net assets to discuss. At the end of the current fiscal year, the combined gross assets of the agency funds totaled over \$115 million.

General Fund Budgetary Highlights

The final budget for the County's General Fund represents the original budget plus any supplemental appropriations approved during the year, combined with transfers of budgeted funds between departments and accounts. Prior year encumbrances are accounted for as a reservation of fund balance and are not added to the subsequent year's budget. Supplemental appropriations to the General Fund for the year totaled approximately \$284,000 and represent budgetary increases associated with various grants and contracts received during the year. As previously noted, actual revenues exceeded budgetary estimates for the year and actual expenditures were less than appropriations resulting in a combined favorable budgetary variance. Revenues exceeded budgetary estimates by 3% and expenditures totaled 89% of budget. Appropriate adjustments, if needed, were implemented in the Fiscal Year 2006 budget process, depending on the causal factors of these variances. However, as previously noted, actual spending in the General Fund is consistently less than budget due to the unspent emergency appropriations and miscellaneous savings across a variety of departments and accounts.

Capital Assets and Debt Administration

Capital Assets

The County had invested over \$45.6 million in a broad range of capital assets (net of accumulated depreciation) at the close of the fiscal year. This amount represents a net increase of approximately \$3.5 million or 8%, over last year. Detailed information is provided in the schedule below.

Boone County, Missouri Schedule of Changes in Capital Assets, Net of Accumulated Depreciation December 31,

	2005	2004
	Governmental	Governmental
	Activities	Activities
Land	\$ 6,525,691	5,111,572
Construction in progress	631,180	1,478,753
Works of art	120,228	120,228
Buildings and improvements	28,193,224	28,333,610
Vehicles and equipment	5,404,963	4,969,887
Office furniture and equipment	463,813	471,142
Infrastructure	4,275,548	1,679,703
Total capital assets	\$ <u>45,614,647</u>	<u>42,164,895</u>

This year's major capital asset additions included:

- Approximately \$2.0 million acquisition of land and buildings;
- More than \$2.0 million investment in infrastructure assets (in conjunction with the road and bridge activities of the Public Works Department);

- Approximately \$1.7 million in routine acquisitions and replacements of vehicles and equipment and office furniture and equipment.

For government-wide financial presentation, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements, however, record capital asset purchases as expenditures and ignore depreciation. Depreciation expense of \$1.99 million was recognized in the government-wide financial statements for fiscal year 2005; this compares to \$1.53 million for the previous year. Depreciation expense was higher in the current year primarily to infrastructure that was previously classified as construction in progress, and therefore not being depreciated, being placed into service and subject to depreciation. In addition, assets that were depreciated for only a partial year in the previous year's financial statements were subject to a full year's depreciation in the current year. In addition, the building acquisition during 2005 increased depreciation expense for the year.

Capital asset retirements and disposals in the current year of approximately \$600,000 (net of accumulated depreciation) consisted of downtown property acquired the prior year (land and building) as well as miscellaneous vehicles, office furniture, and equipment. Under the provisions of GASB 34, the County was required to begin *prospective* reporting of all general infrastructure assets beginning in fiscal year 2003, the year of implementation. The County's deadline for *retroactively* reporting all general infrastructure assets is fiscal year 2006. The County is continuing its efforts to compile the information needed to comply with the retroactive reporting requirement. Accordingly, amounts presented in the schedule above and in other sections of this CAFR reflect prospective reporting only at this time.

Additional information on Boone County's capital assets can be found in note 8 on page 46 of this report.

Long-term Debt

The schedule below summarizes the changes in net outstanding debt. As previously noted, the County does not report business type activities; accordingly, all debt is attributable to governmental activities.

Boone County, Missouri Schedule of Changes in Net Outstanding Debt December 31,

	Fiscal Year 2005	Fiscal Year 2004
Governmental Activities		
General Obligation Debt	\$ 630,000	785,000
Special Obligation Debt	6,665,000	4,930,000
Capital Lease Obligation	-	36,454
Unamortized premiums	72,994	78,834
Accrued compensated absences	734,837	677,533
Total	\$ 8,102,831	6,507,821

At the end of the current fiscal year, the County had long-term liabilities for governmental activities in the amount of \$8.1 million compared to \$6.5 million from the previous year. Of this amount,

\$630,000 are general obligation bonds issued for the Neighborhood Improvement District program and are being retired through special assessments; \$6.665 million are special obligation bonds being retired through a combination of general fund appropriations and lease rental revenue; approximately \$73,000 is the result of unamortized premiums; and, approximately \$735,000 is associated with accrued compensated absences. Taxable special obligation bonds in the amount of \$2,005,000 were issued during the year to finance the acquisition of downtown properties to be used for future governmental operations. Additional information on Boone County's long-term debt can be found in note 9 on page 48 of this report.

Economic Outlook

The unemployment rate for Boone County remains significantly lower than the state and national averages. Local population growth is stable and continues at a pace faster than the state as a whole. Assessed valuation continues to grow and the local sales tax growth rate for each of the last three fiscal years 2005, 2004, and 2003 was 6.9%, 4.7%, and 3.7%, respectively. Currently enacted reductions in state revenue are expected to continue; however, no additional reductions are expected at this time. All of these factors were considered in preparing the Boone County budget for fiscal year 2006.

Requests for Information

This financial report is designed to provide a general overview of the finances of Boone County, Missouri, for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the office of Boone County Auditor, Roger B. Wilson Government Center, 801 E. Walnut, Room 205, Columbia, MO 65201.

BOONE COUNTY, MISSOURI

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS
DECEMBER 31, 2005

Total fund balance-- total governmental funds \$ 23,434,136

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities (excluding internal service fund capital assets) are not financial resources and, therefore, are not reported in the fund financial statements. 45,583,878

Some of the County's property taxes and special assessments will be collected after the 60-day availability period and are deferred in the fund financial statements. However, revenue for this amount is recognized in the government-wide financial statements, net of allowance for uncollectible amounts. 440,486

Internal service funds are used by management to charge the cost of building and custodial maintenance and self-insurance to the individual governmental funds, generally on a cost-reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. 2,436,170

Long-term liabilities applicable to the County's governmental activities (excluding internal service fund accrued compensated absences) are not due and payable in the current period and, accordingly, are not reported as liabilities within the fund financial statements. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities -- both current and long-term -- are reported on the government-wide statement of net assets. Discounts, premiums, bond issuance costs, and deferred amounts on refunding are reported in the governmental fund financial statements when the debt was issued, whereas these amounts are deferred and amortized over the life of the debt as an adjustment to interest expense on the government-wide financial statements.

Balances as of December 31, 2005 are:

Accrued interest on long-term debt	(130,377)
Bonds payable	(7,295,000)
Unamortized premiums	(72,994)
Unamortized bond issuance costs	186,559
Accrued compensated absences	(719,533)

Total net assets -- governmental activities -- statement of net assets \$ 63,863,325

See accompanying notes to the basic financial statements.

BOONE COUNTY, MISSOURI

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2005

Net change in fund balances -- governmental funds-- statement of revenues, expenditures, and changes in fund balances	\$	3,355,594
Amounts reported for governmental activities in the statement of net assets are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets that meet the capitalization threshold is allocated over their estimated useful lives and recorded as depreciation expense. This is the amount by which such capital outlays exceeded depreciation expense in the current period.		4,033,744
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins) is to decrease net assets.		(595,287)
Revenues in the statement of activities (net of allowance for uncollectible amounts) that do not provide current financial resources are not reported as revenues in the fund financial statements. This amount represents the extent to which revenues not providing current financial resources in the current fiscal year exceeded revenues not providing current financial resources in the prior fiscal year (which are recognized in the fund financial statements in the current year).		(170,053)
Internal service funds are used by management to charge the cost of building and custodial maintenance and self-insurance to the individual governmental funds. The net income of internal service funds attributable to governmental activities is reported on the statement of activities.		788,644
Bond proceeds are reported as financing sources in governmental funds financial statements and thus increase fund balance. In the statement of net assets, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, governmental funds report repayment of principal on bonds payable and capital leases as an expenditure. However, repayment of principal is not recognized as an expense in the statement of activities; instead, it reduces the liability in the statement of net assets.		
Debt issued during the current year: Special obligation bonds payable	(2,005,000)	
Annual principal payments on bonds payable and capital leases	461,454	
		(1,543,546)
Under the modified accrual basis of accounting used in the governmental funds financial statements, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis of accounting, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues.		
This adjustment combines the net changes of the following:		
Accrued compensated absences	(54,498)	
Accrued interest on bonds	(53,747)	
Premiums on debt issuances, net of amortization	5,840	
Deferred bond issuance costs, net of amortization	39,578	
		(62,827)
Change in net assets -- governmental activities -- statement of activities	\$	<u>5,806,269</u>

See accompanying notes to the basic financial statements.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

(1) Summary of Significant Accounting Policies

Boone County, Missouri (the County) is a first-class County, effective January 1, 1991, governed by a County commission comprised of a northern district commissioner, southern district commissioner, and presiding commissioner. Elected officials are responsible for the operations of certain County offices, including the assessor, collector, treasurer, clerk, auditor, sheriff, public administrator, prosecuting attorney and recorder offices, and the circuit court with its various divisions.

The accounting policies and financial reporting practices of the County conform to U.S. generally accepted accounting principles (GAAP) applicable to governmental entities. The following is a summary of the more significant policies:

(a) Reporting Entity

The County's financial reporting entity has been determined in accordance with governmental standards for defining the reporting entity and identifying entities to be included in its basic financial statements. These standards identify the County's financial accountability for potential component units as the primary, but not only, criteria for inclusion. The County is financially accountable if it appoints a voting majority of a potential component unit governing body and is able to impose its will on that potential component unit, or there is a potential for the potential component unit to provide specific financial benefits to or impose specific financial burdens on the County. The County's financial reporting entity consists of Boone County, Missouri (the primary government) and its component unit.

Component Unit

The County has no blended component units. The component unit column in the government-wide financial statements presents the financial data of the County's discretely presented component unit discussed below.

Board of Trustees of Boone County Hospital – The Board of Trustees of Boone County Hospital (the Trustees) is the governing body of Boone Hospital Center (the Hospital), which provides acute healthcare services to Columbia and the surrounding region. In September of 1998, the Trustees and the County entered into a lease agreement with CH Allied Services, Inc. (CHAS) to operate the Hospital. In January 2001, the lease agreement was amended and restated. The Hospital lease agreement is explained in note 10. The Trustees serve as lessor and share in certain Hospital management responsibilities pursuant to the lease agreement. The original lease and any renewals require the approval of the County Commissioners. The Trustees, who are elected by County voters, do not have authority to issue debt without approval by the County Commissioners.

The Trustees also govern the Boone Hospital Foundation and The Walter Johnson Palliative Care Foundation. Both foundations began business in 2002 and are included as discretely presented component units of the Trustees. The purpose of the Boone Hospital Foundation is to provide support and provision of care to and in respect to patients at the Hospital and its facilities. The purpose of the Walter Johnson Palliative Care Foundation is to provide support and provision of palliative care to patients and their families at the Hospital and its facilities. Financial information presented for the Trustees is for the fiscal year ended December 31, 2005.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

Complete financial statements for the discretely presented component unit can be obtained from its administrative office as follows:

Boone Hospital Center
1600 E. Broadway
Columbia, Missouri 65201

Related Organizations

The County Commissioners also are responsible for appointing the members of Boone County Group Homes and Family Support, the Board of Trustees of the Boone County Regional Sewer District, the Industrial Development Authority, the Boone County Library Board, and the Boone County Mental Health Board of Trustees. The County's accountability for these organizations does not extend beyond making the appointments. Thus, these organizations are not component units of the County, and accordingly, no financial data for these organizations are included in the County's basic financial statements.

(b) Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the County and its component unit. The effect of interfund activity has been removed from these statements. The County's nonfiduciary activities consist entirely of governmental activities, which normally are supported by taxes and intergovernmental revenues. The County has no business-type activities that rely to a significant extent on charges for services from external parties. Additionally, the County is reported separately from the legally separate component unit for which the County is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, unrestricted interest earnings, gains, and other miscellaneous revenues not properly included among program revenues are reported instead as general revenues.

Following the government-wide financial statements are separate financial statements for governmental funds, proprietary funds, and fiduciary funds. Fiduciary activities are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. The County has determined that the general fund, the road and bridge fund, and the law enforcement services fund are major governmental funds. All other governmental funds are reported in one column labeled "Nonmajor Governmental Funds." The total fund balances for all governmental funds is reconciled to total net assets for governmental activities as shown on the statement of net assets. The net change in fund balance for all governmental funds is reconciled to the total change in net assets as shown on the statement of activities in the government-wide statements. Additionally, the County has six internal service funds (governmental activities): self-insured health plan, self-insured dental plan, self-insured workers'

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

compensation, facilities and grounds, building and grounds capital repair and replacement fund, and utilities fund. All internal service fund activity is combined into a single column on the proprietary fund statements since major fund reporting requirements do not apply to internal service funds.

The fund financial statements of the County are organized on the basis of funds, each of which is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, fund balances/net assets, revenues and expenditures, or expenses. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds are reported by the County:

Governmental Funds

Governmental funds are those through which most governmental functions are financed. The acquisition, uses, and balances of the County's expendable financial resources and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

The following are the County's governmental major funds:

General Fund – The general fund is the general operating fund of the County. All general tax revenues and other receipts not allocated by law or contractual agreement to another fund are accounted for in this fund. This fund provides for general operating expenditures, fixed charges, and the capital improvement costs not paid through other funds.

Road and Bridge Fund – The road and bridge fund is a special revenue fund used to account for the operations of the public works department. Financing is primarily provided by a one-half cent sales tax, revenue from the State of Missouri, and property taxes.

Law Enforcement Services Fund – The law enforcement services fund is a special revenue fund financed by a one-eighth cent sales tax for law enforcement and judicial activities.

The other governmental funds of the County are considered nonmajor and are reported as nonmajor governmental funds within these financial statements. Nonmajor governmental funds include special revenue funds that account for the proceeds of specific revenue sources that are legally restricted, or restricted through local policy, to expenditures for specific purposes; debt service funds that account for the accumulation of resources for, and repayment of, general obligation long-term debt principal, interest, and related costs; and capital projects funds that account for financial resources used for the acquisition or construction of major capital facilities.

Proprietary Funds

Proprietary funds are used to account for activities that are similar to those found in the private sector. The measurement focus is on the determination of net income and capital maintenance.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

The following are the County's proprietary funds:

Internal Service Funds – Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis. The following internal service funds have been established: the self-insured health plan fund, the self-insured dental plan fund, the self-insured workers' compensation fund, the facilities and grounds fund, the building and grounds capital repair and replacement fund, and the utilities fund. The self-insured health plan fund accounts for operations of the self-insured health plan for County employees. The self-insured dental plan fund accounts for operations of the self-insured dental plan for County employees. The self-insured workers' compensation fund accounts for operations of the self-insured workers' compensation plan for County employees. The facilities and grounds fund accounts for the operations of the facilities maintenance and housekeeping departments. The buildings and grounds capital repair and replacement fund provides for the accumulation of resources to be used for major repairs and replacements for County-owned buildings. The utilities fund accounts for building utilities for the Government Center, the Johnson Building, the Courthouse, the County-owned space in the Centralia Clinic, and the building located at 607 East Ash.

In the government-wide and proprietary fund financial statements, the County applies all applicable Governmental Accounting Standards Board (GASB) pronouncements, as well as the following private-sector pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARBs) of the Committee on Accounting Procedure. The discretely presented component unit has elected to apply the provisions of all relevant pronouncements of the FASB, including those issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

Fiduciary Funds

Fiduciary funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, or other governmental units.

The following are the County's fiduciary funds:

Pension Trust Fund – The pension trust fund accounts for the plan net assets of the Boone County Matching Pension Plan, a defined contribution plan under Internal Revenue Code (IRC) Section 401(a). The pension trust fund is accounted for and reported similar to a proprietary fund.

Private Purpose Trust Funds – The private-purpose trust funds are used to account for all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments. Private-purpose trust funds are accounted for and reported similar to a proprietary fund. Two private-purpose trust funds have been established: the George Spencer Trust Fund, which was established to award academic scholarships from the interest earned, and the Union Cemetery Trust Fund, which was established to fund the maintenance of the Union Cemetery.

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

Agency Funds – Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. The County maintains agency funds for special taxing districts, the Circuit Clerk, the Collector of Revenue, and for other miscellaneous purposes.

(c) Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and accrual basis of accounting, as are the financial statements of the proprietary fund, pension trust fund, private-purpose trust fund, and the discretely presented component unit. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating expenses for the internal service funds consist of the cost of providing services to other County funds, and operating revenues consist of the charges to other County funds for these services. Investment income and gains or losses on disposals of capital items are considered nonoperating.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

Under the modified accrual basis of accounting, revenues are recorded when both measurable and available. The term “available” is defined as collectible within the current period or soon enough thereafter to be used to pay the liabilities of the current period. For the County, available is defined as expected to be received within 60 days of fiscal year-end, except for government grants, which is within 270 days of fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due (i.e. matured).

GASB Statement No. 33 groups nonexchange transactions into the following four classes, based upon their principal characteristics: derived tax revenues, imposed nonexchange revenues, government mandated nonexchange transactions, and voluntary nonexchange transactions.

The County recognizes assets from derived tax revenue transactions (such as sales taxes) in the period when the underlying exchange transaction on which the tax is imposed occurs or when the assets are received, whichever occurs first. Revenues are recognized, net of estimated refunds and estimated uncollectible amounts, in the same period that the assets are recognized, provided that the underlying exchange transaction has occurred. Resources received in advance are reported as deferred revenues until the period of the exchange.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

The County recognizes assets from imposed nonexchange revenue transactions (such as property taxes, licenses and permits, and fines and forfeitures) in the period when an enforceable legal claim to the assets arises or when the resources are received, whichever occurs first. Revenues are recognized in the period when the resources are required to be used or the first period that use is permitted. The County recognizes revenues from property taxes, net of refunds and estimated uncollectible amounts, in the period for which the taxes are levied.

Intergovernmental revenues, representing grants and assistance received from other governmental units, are generally recognized as revenues in the period when all eligibility requirements, as defined by GASB Statement No. 33, have been met. Any resources received before eligibility requirements are met are reported as deferred revenues.

Charges for services in the governmental funds, which are exchange transactions and are, therefore, not subject to the provisions of GASB Statement No. 33, are recognized as revenues when received in cash because they are generally not measurable until actually received.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as they are needed.

For the pension trust funds, under the accrual basis of accounting, contributions are recognized in the period in which the contributions are due and benefits are recognized when they become due and payable.

(d) *Cash and Investments*

The County Treasurer maintains a cash and investment pool that is available for use by all funds except the pension trust fund. Within the financial statements, income from investments associated with one fund is not assigned to another fund for other than legal or contractual reasons. In addition, cash and investments are separately maintained by County court officials and third-party trustee and fiscal agents.

Investments are recorded at fair value. Fair values for investments are determined by closing market prices at year-end.

(e) *Inventories*

Purchases of materials and supplies in the governmental funds are charged to expenditures as incurred. Amounts of inventories are immaterial.

(f) *Capital Assets*

Capital assets, which include buildings, improvements, equipment, infrastructure assets (e.g., roads, drainage structures, and similar items), and works of art, are reported in the governmental activities column in the government-wide financial statements, net of accumulated depreciation. Capital assets also are recorded in the proprietary fund financial statements. Capital assets are defined by the County as assets with an estimated useful life in excess of one year with an initial, individual cost of \$5,000 or more, infrastructure with a cost of \$50,000 or more, and all land and land improvements.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

Pursuant to the transition provisions of GASB Statement No. 34, infrastructure assets acquired prior to January 1, 2003 have not been reported within the County's basic financial statements. These infrastructure assets will be retroactively reported in future years.

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

Depreciation, including depreciation recognized on assets acquired through government grants and other aid, is computed on the straight-line method over the estimated useful lives of the various classes of assets. The estimated useful lives of depreciable capital assets are as follows:

	<u>Years</u>
Buildings and improvements	5 to 50
Vehicles and equipment	4 to 7
Office furniture and equipment	3 to 4
Infrastructure	10 to 50

Component Unit

Capital assets acquired for use by the component unit are recorded at cost. Donated capital assets are recorded at fair market value at the date of donation. The component unit's assets are depreciated on a straight-line basis over the estimated useful life of each class of depreciable asset.

(g) Restricted Assets

Restricted assets, comprised of cash and cash equivalents and investments, represent those funds that are restricted as to use either at the time of receipt, by action of a governing body, or by legal requirement. At December 31, 2005, the County's restricted assets represent the proceeds of bond issuances restricted as to their use and the pledged security for the self-insured workers' compensation plan.

(h) Reserved Fund Balance/Restricted Net Assets

Reserved fund balance represents the portion of fund balance that is not available for subsequent year appropriation and is legally segregated for a specific future use. Restricted net assets represents the portion of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

(i) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the appropriation, is utilized in the governmental funds. Encumbrances are reported as reservations of fund balances because they do not constitute expenditures or liabilities for GAAP-basis financial statements. Encumbrances will remain in force and be liquidated under the current year's budget.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

(j) Amortization

In Government-wide financial statements, bond premiums are recorded as an addition to the debt obligation and bond issuance costs are recorded as a deferred charge. Such amounts are amortized using the interest method or bonds outstanding method over the term of the related revenue bonds.

In the fund financial statements, governmental funds recognize bond premiums, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(k) Compensated Absences

Under terms of the County's personnel policies, employees are granted vacation and sick leave in varying amounts. County employees are allowed to carry their total accrued vacation leave balance. However, in the event of termination, County employees are only paid for accrued vacation leave up to a maximum of two times their annual accrual of vacation leave. Employees are not paid for accumulated sick leave upon termination. The vacation earned by County employees, subject to the aforementioned maximum, has been recorded as a long-term liability in the government-wide financial statements. A liability for compensated absences is recorded within the fund financial statements only to the extent that this liability has matured. Compensated absences are typically liquidated from the general fund.

(l) Interfund Transactions

In the fund financial statements, the County has the following types of transactions among funds:

Transfers

Legally authorized transfers are reported when incurred as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

Interfund Services Provided/Used

Charges for services rendered by one fund for another are recognized as revenues (interfund services provided) of the recipient fund and expenditures or expenses (interfund services used) of the disbursing fund. These transactions are recorded as interfund services because they would be treated as revenues and expenditures or expenses if they involved organizations external to the County.

(m) Statement of Cash Flows

For the purpose of the statement of cash flows, cash and cash equivalents are defined as cash and all highly liquid investments (including restricted assets) with a maturity of three months or less at the date of purchase.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

(n) Use of Estimates

The preparation of basic financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenue, expenses, and expenditures during the reporting period. Actual results could differ from those estimates.

(2) Individual Fund Deficits

At December 31, 2005, the Special Revenue—Neighborhood Improvement Districts fund accumulated deficit of \$208,643 is the result of expenditures exceeding assessment revenue in 2005. The deficit will be offset by future assessment revenue.

(3) Cash and Investments

Primary Government

The County's investment policies are governed by County Commission Order, state statutes, and management policies. The County deposits all cash with the County Treasurer, who maintains all banking relationships for the County. Additionally, all investment decisions are made by the County Treasurer and the Treasurer's agents. County moneys are deposited in FDIC-insured banks located within the State of Missouri.

The County is authorized to invest in the following:

- a. United States Treasury Securities;
- b. United States Agency Securities, including coupon and zero coupon securities, discount notes, callable securities, step-up securities, floating rate securities, and mortgage backed securities;
- c. Repurchase agreements;
- d. Collateralized public deposits (certificates of deposit);
- e. Banker's acceptance and
- f. Commercial paper.

Investments are recorded at fair value. Fair value for investments is determined by closing market prices at year-end as reported by FT Interactive Data. In addition, money market mutual funds are classified as cash and cash equivalents on the statement of net assets but as investments for risk disclosure.

(a) Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be adversely affected by a change in interest rates. The County's investment policy provides that the County seeks to minimize the risk that the market value of securities in its portfolio will decrease due to changes in general interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. Additionally, the County primarily invests operating funds in shorter-term securities.

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

As of December 31, 2005, the County had the following investments and maturities:

	<u>Fair value</u>	<u>Investment maturities (in years)</u>	
		<u>Less than one</u>	<u>1-5</u>
Investment type:			
U.S. Treasuries	\$ 203,398	203,398	—
U.S. Agencies:			
Federal Farm Credit Discount	3,995,600	3,995,600	—
Federal Farm Credit Bank	1,973,750	1,973,750	—
Federal Home Loan Bank	41,795,201	38,864,889	2,930,312
Federal Home Loan Mortgage Corporation	12,137,665	11,161,472	976,193
Freddie Discount notes	4,934,000	4,934,000	—
Federal National Mortgage Association	33,873,024	33,873,024	—
Money market mutual funds	1,893,409	1,893,409	—
Pension Trust Fund investments:			
Money market mutual funds	1,023,279	1,023,279	—
Investment contract agreements	122,437	122,437	—
Total	<u>\$ 101,951,763</u>	<u>98,045,258</u>	<u>3,906,505</u>

(b) Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Moody's Investor Services.

The County's investment policy provides that the County will minimize credit risk by pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors with which the County will do business, as well as through diversifying its portfolio in order to minimize potential losses on individual securities.

The County's investments in U.S. Agencies were rated Aaa by Moody's Investor Services as of December 31, 2005. All other investments were unrated as of December 31, 2005.

(c) Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of a counterparty, the County will not be able to recover the value of the investments, collateral securities, or deposits that are in the possession of the counterparty. The County's investment policy requires that deposits be covered by adequate pledge collateral. In order to anticipate market changes and provide a level of security for all funds, the market value (including accrued interest) of the collateral should be at least 102%.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

The County's investment policy further provides that all securities that serve as collateral against the deposits of a depository institution must be safekept at a nonaffiliated custodial facility. Depository institutions pledging collateral against deposits must, in conjunction with the custodial agent, furnish the necessary custodial receipts within five business dates from the settlement date. The County shall have a depository contract and pledge agreement with each safekeeping bank that complies with the Financial Institutions, Reform, Recovery, and Enforcement Act of 1989 (FIRREA). This will ensure that the County's security interest in collateral pledged to secure deposits is enforceable against the receivables of a failed financial institution.

At December 31, 2005, all County investments and all collateral securities pledged against County deposits are held by the counterparty's trust department or agent in the County's name.

(d) Concentration of Credit Risk

The County's investment policy provides that investments shall be diversified to minimize the risk of loss resulting from over-concentration of assets in a specific maturity, specific issuer, or specific class of securities. The County's investment policy further provides that no more than 50% of the County's total investment portfolio will be invested in a single security type.

At December 31, 2005, the concentration of the County's investments was as follows:

Investment type:		
U.S. Treasuries	\$	0.2%
U.S. Agencies		
Federal Farm Credit Discount		3.9
Federal Farm Credit Bank		1.9
Federal Home Loan Bank		41.0
Federal Home Loan Mortgage Corporation		12.0
Freddie Discount note		4.8
Federal National Mortgage Association		33.2
Money market mutual funds		1.9
Pension Trust Fund investments:		
Money market mutual funds		1.0
Investment contract agreements		0.1
Total	\$	<u>100.0%</u>

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

Investments are included within the County's accompanying statement of net assets as of December 31, 2005 as follows:

	Government-wide Statement of Net Assets	Fiduciary Statement of Net Assets	Total
Investments	\$ 18,720,779	81,134,177	99,854,956
Restricted assets:			
Cash and cash equivalents	1,893,409	—	1,893,409
Investments	203,398	—	203,398
Total investments	<u>\$ 20,817,586</u>	<u>81,134,177</u>	<u>101,951,763</u>

Component Unit

The component unit investment policies are governed by state statutes and legal opinions. Repurchase agreements and treasury money market funds are classified as cash and cash equivalents on the balance sheet but as investments for risk disclosure.

(a) Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be adversely affected by a change in interest rates. The Trustees do not have a formal policy related to interest rate risk.

As of December 31, 2005, the Trustees had the following investments and maturities:

	Fair value	Investment maturities (in years)	
		Less than one	1-5
Investment type:			
Repurchase agreements	\$ 18,512,497	18,512,497	—
Treasury money market funds	2,345,032	2,345,032	—
U.S. Agencies:			
Federal Home Loan Bank	24,955,483	13,285,366	11,670,117
Federal Home Loan Mortgage Corporation	8,010,352	—	8,010,352
Federal Home Loan Mortgage Association	3,437,071	3,437,071	—
Federal National Mortgage Association	1,030,669	1,030,669	—
Marketable equity securities	1,664,682	1,664,682	—
Total	<u>\$ 59,955,786</u>	<u>40,275,317</u>	<u>19,680,469</u>

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

(b) Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Moody's Investor Services.

The Trustees do not have a formal investment policy related to credit risk. The Trustees' investments in U.S. Agencies and repurchase agreements owned by the Trustees were rated Aaa by Moody's Investor Services as of December 31, 2005. The treasury money market funds and equitable securities are not rated.

(c) Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of a counterparty, the Trustees will not be able to recover the value of the investments, collateral securities, or deposits that are in the possession of the counterparty. The Trustees' investment policy requires that 100% of deposits not covered by federal deposit insurance be collateralized. Obligations that may be pledged as collateral are of the same type in which the Trustees may invest. At December 31, 2005, all Trustees' investments and all collateral securities pledged against Trustees' deposits are held by the counterparty's trust department or agent in the Trustees' name.

(d) Concentration of Credit Risk

The Trustees do not have a formal investment policy related to concentration of credit risk.

At December 31, 2005, the concentration of the Trustees' investments was as follows:

Investment type:		
Repurchase agreements	\$	30.11%
Treasury money market funds		4.25
U.S. Agencies		
Federal Home Loan Bank		42.51
Federal Home Loan Mortgage Corporation		14.52
Federal Home Loan Mortgage Association		6.23
Federal National Mortgage Association		1.87
Marketable equity securities		0.51
Total	\$	<u>100.0%</u>

(4) Property Tax

The County's property tax is levied by September 20 of each year based on the assessed value listed for all property located in the County and appropriate taxing districts as of January 1 of that year. Property taxes are due by December 31 following the levy date. Taxes become delinquent if not paid by February and a lien is placed on the property as of March 1 if the delinquent taxes are not paid. Assessed values are established by the County Assessor, subject to review by the Board of Equalization.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

Property taxes levied for 2005, which are intended to finance the budgeted expenditures for the fiscal year 2005, are recorded as receivables, net of estimated uncollectibles. Property taxes that have been billed and are expected to be collected before March 1 of the subsequent year are recognized as revenues in the current year within the governmental fund financial statements. Property taxes expected to be collected after March 1 have been recorded as property taxes receivable and deferred revenue within the governmental fund financial statements. All property taxes billed are recognized as revenue on the Government-wide statements, regardless of when they are expected to be collected.

The County is permitted by Missouri State statutes to levy taxes for various purposes. The following schedule presents the maximum allowable County-wide tax levies and the County's actual levy for 2005:

Purpose	Per \$100 of assessed valuation	
	Maximum levy allowed by law (a)	County's levy 2005
General, other than payment of principal and interest on long-term debt	\$ 0.3065	0.1200
Road and bridge (excluding special road districts)	0.2601	0.0475
Boone County Hospital	0.1300	—
Group Homes	0.1114	0.1114
Combined County-wide tax rate (noncommercial and commercial)		\$ 0.2789
County-wide surtax on commercial property (Class III)	0.6100	0.6100

- (a) Missouri State statutes require the County to reduce its property tax levy (levies) in an amount sufficient to decrease the total property taxes it expects to collect in a year by not less than 50% of the amount of general revenue sales taxes received by the County.

In addition to the tax levies described above, various independent taxing districts within the County, including school, city, library, fire, special road, and levee districts, levy a tax that is collected by the County Collector. The property tax collections resulting from these levies are disbursed by the County to the appropriate taxing districts.

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

(5) Intergovernmental Revenue and Receivables

Intergovernmental revenue for governmental funds for fiscal year 2005 consisted of the following:

	<u>General Fund</u>	<u>Road and Bridge Fund</u>	<u>Nonmajor Governmental Funds</u>
Federal	\$ 1,208,708	—	13,841
State	1,357,340	1,268,501	358,150
Local	<u>164,430</u>	<u>—</u>	<u>27,291</u>
Total intergovernmental revenue	<u>\$ 2,730,478</u>	<u>1,268,501</u>	<u>399,282</u>

Within the fund financial statements, amounts due from other governments at December 31, 2005 include the following:

	<u>General Fund</u>	<u>Road and Bridge Fund</u>	<u>Nonmajor Governmental Funds</u>
Federal	\$ 241,742	—	—
State	182,611	134,544	2,414
Local	<u>22,543</u>	<u>15,995</u>	<u>7,345</u>
Total due from other governments	<u>\$ 446,896</u>	<u>150,539</u>	<u>9,759</u>

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

(6) Interfund Balances

Interfund receivable and payable balances at December 31, 2005 were as follows:

<u>Receivable fund</u>	<u>Payable fund</u>		<u>Total</u>
	<u>General fund</u>	<u>Nonmajor governmental funds</u>	
General fund	\$ —	6,441	6,441
Road and bridge fund	5,592	2,509	8,101
Law enforcement services fund	1,392	—	1,392
Nonmajor governmental funds	9,027	—	9,027
Internal service fund	715	—	715
Total	\$ <u>16,726</u>	<u>8,950</u>	<u>25,676</u>

These interfund balances are the result of services provided by one fund to another fund and are expected to be repaid during the fiscal year ended December 31, 2006.

Loans receivable and payable between funds at December 31, 2005 are as follows:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General fund	Nonmajor governmental funds	\$ <u>257,202</u>

Interfund loans were used to provide short-term financing for Neighborhood Improvement District (NID) projects.

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

(7) Interfund Transfers

Transfers between funds of the County for the year ended December 31, 2005 were as follows:

<u>Transfers to</u>	<u>Transfers from</u>	<u>Amount</u>
Nonmajor governmental funds	General fund	\$ 300,000
Nonmajor governmental funds	Nonmajor governmental funds	<u>104,338</u>
		\$ <u><u>404,338</u></u>

Interfund transfers were used to move revenues from the fund that ordinance or budget requires to collect them to the fund that ordinance or budget requires to expend them.

BOONE COUNTY, MISSOURI

(9) Long-term Liabilities

Primary Government

Following is a summary of the changes in long-term debt liabilities for the year ended December 31, 2005:

	Balance January 1, 2005	Additions	Deletions	Balance December 31, 2005	Due within one year
General obligation bonds payable	\$ 785,000	—	(155,000)	630,000	132,000
Special obligation bonds payable	4,930,000	2,005,000	(270,000)	6,665,000	270,000
Capital leases	36,454	—	(36,454)	—	—
Unamortized premiums	78,834	—	(5,840)	72,994	5,840
Accrued compensated absences	677,533	780,849	(723,545)	734,837	734,837
	<u>\$ 6,507,821</u>	<u>2,785,849</u>	<u>(1,190,839)</u>	<u>8,102,831</u>	<u>1,142,677</u>

General Obligation Bonds

General obligation bonds at December 31, 2005 are composed of special assessment debt as follows:

\$300,000-1996 general obligation neighborhood improvement bonds due in annual installments of \$15,000 to \$40,000 through 2006; interest at 3.90% to 5.10%	\$ 15,000
\$355,000-1998 general obligation neighborhood improvement bonds due in annual installments of \$30,000 to \$45,000 through 2008; interest at 3.70% to 4.45%	125,000
\$280,000-2000A general obligation neighborhood improvement bonds due in annual installments of \$20,000 to \$35,000 through 2010; interest at 4.85% to 5.35%	160,000
\$184,000-2000B general obligation neighborhood improvement bonds due in annual installments of \$14,000 to \$23,000 through 2010; interest at 5.20%	104,000
\$305,000-2001 general obligation neighborhood improvement bonds due in annual installments of \$25,000 to \$37,000 through 2012; interest at 2.35% to 4.1%	226,000
Total general obligation bonds	<u>\$ 630,000</u>

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

The annual debt service requirements for the above general obligation bonds are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending December 31:			
2006	\$ 132,000	25,711	157,711
2007	120,000	20,049	140,049
2008	126,000	14,445	140,445
2009	89,000	9,448	98,448
2010	91,000	5,146	96,146
2011 – 2012	72,000	2,993	74,993
Total payments	<u>\$ 630,000</u>	<u>77,792</u>	<u>707,792</u>

The County is subject to Missouri State statutes that limit the amount of the County's outstanding bonded debt (exclusive of revenue bonds and balances available in Debt Service funds) to 10% of the County's assessed valuation. At December 31, 2005, the statutory limit for the County was \$196,859,908, providing a debt margin of \$196,600,848.

Although the County is generally obligated for their payment, neighborhood improvement bonds are to be repaid from assessments on properties within the districts. Such assessments are required to be deposited in debt service funds that are legally restricted for payment of the bonds. The County attaches liens on the properties within the districts to secure payment of the assessments. As of December 31, 2005, delinquent assessments receivable amounted to \$18,065.

Special Obligation Bonds

On June 1, 2003, the County issued \$5,240,000 in Series 2003 special obligation refunding and improvement bonds with interest at rates ranging from 2.00% to 4.00%. Proceeds provided funding to renovate portions of certain existing buildings and to current refund \$1,865,000 of outstanding Series 1993 special obligation administration building bonds with an average interest rate of 5.37%.

On March 30, 2005, the County issued \$2,005,000 in Series 2005 taxable special obligations bonds with interest at rates ranging from 4.92% to 5.94%. Proceeds provided funding to acquire two existing buildings, and the land on which they are located, that abut property currently owned by the County.

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

The annual debt service requirements for the above special obligation bonds are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending December 31:			
2006	\$ 270,000	262,506	532,506
2007	275,000	257,056	532,056
2008	325,000	249,699	574,699
2009	340,000	240,172	580,172
2010	345,000	229,406	574,406
2011 – 2015	3,635,000	887,986	4,522,986
2016 – 2018	1,475,000	103,900	1,578,900
Total payments	<u>\$ 6,665,000</u>	<u>2,230,725</u>	<u>8,895,725</u>

Component Unit

Following is a summary of the changes in the Trustees long-term debt liabilities for the year ended December 31, 2005:

	<u>Balance January 1, 2005</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance December 31, 2005</u>	<u>Due within one year</u>
Revenue bonds	\$ 33,060,806	—	(2,130,806)	30,930,000	2,210,000

Revenue bonds of the Trustees at December 31, 2005 are composed of the following:

Hospital Refunding Revenue Bonds, Series 2002, principal payable annually through August 2022 in amounts ranging from \$905,000 to \$2,205,000, including premium of \$93,573. Interest is payable semiannually and ranges from 2.1% to 5.25%	\$ 24,420,000
Hospital Revenue Bonds, Series 2004, principal payable annually through July 2024 in amounts ranging from \$230,000 to \$505,000, including discount of \$68,410. Interest is payable semiannually and ranges from 3.75% to 5.0%	6,510,000
	<u>\$ 30,930,000</u>

Debt service requirements for the revenue bonds relating to the Hospital are being financed through the Hospital facilities lease payments pursuant to and through the terms of the lease agreement with CHAS.

BOONE COUNTY, MISSOURI
Notes to Basic Financial Statements
December 31, 2005

The annual requirements to amortize the above principal are as follows:

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:

2021 – 2024	5,065,000	493,800
Total debt	<u>\$ 30,930,000</u>	<u>14,223,582</u>

(10) Operating Lease

Effective January 2001, the County and the Trustees entered into an amended and restated lease agreement with CHAS whereby CHAS leases real property and equipment of the Hospital for the purpose of providing healthcare services in Boone County and surrounding areas. The initial term of the lease is through December 31, 2010, subject to certain early termination provisions, after five years. The lease has a renewal option exercisable by CHAS for one additional five-year period, beyond the initial ten-year term. The modified lease calls for annual payments from hospital revenues, to the extent sufficient, as follows:

1. Payments to the Trustees equal to annual bond debt service payments, including principal and interest for all obligations incurred for hospital-related facilities and equipment;
2. Payments to the County of \$1,350,000 annually, due and payable in four quarterly payments of \$337,500, as adjusted by the Consumer Price Index; and
3. Payments to the Trustees annually equal to 50% of the year's increase in cash and cash equivalents of the Hospital. Under the same terms of the agreement, the Trustees are responsible for 50% of any reduction in cash and cash equivalent balances during a fiscal year and, therefore, may be required under those conditions to make payments to the Hospital.

The restated lease agreement also includes minimum capital expenditure requirements, certain lessee and lessor operational covenants, and governance and control clauses.

Section 5 of the Amended and Restated Lease between the Trustees and CHAS requires CHAS to commit to expend on a successive three-year period average basis, no less than nine percent (9%) of Boone Hospital Center net revenues on capital expenditures. At the end of the first three-year period (2001 – 2003), this requirement was not met by \$6,984,276. The Trustees approved a resolution along with CHAS whereby CHAS shall commit and earmark current or future Boone Hospital Center net revenue until said capital expenditure benchmark is met for said 2001 – 2003 period.

BOONE COUNTY, MISSOURI

December 31, 2005

(11) Employee Benefit Plans

Primary Government

(a) Boone County Matching Pension Plan

The Boone County Matching Pension Plan (the Plan) is a defined contribution plan under Internal Revenue Code (IRC) Section 401 (a). The Plan was adopted by Order of the County Commission on March 16, 1999, with an effective date of May 1, 1999. The County Commission has the authority to amend the Plan. All employees who are in "benefited" positions are eligible to participate. As of December 31, 2005, 262 employees were participating in the Plan. The County makes contributions equal to participating employees' contributions to the County's IRC Section 457 deferred compensation plan, with County contributions limited to \$25 per bi-weekly pay period per participant. These matching contributions are invested as directed by participants in a variety of registered investment company funds. The County's matching contributions for 2005 were \$166,380. For financial reporting purposes, the activity of the Plan is accounted for within the pension trust fund of the County. Separate financial statements are not available for the Plan.

(b) Statewide County Employee Retirement Fund

In August 1994, the Missouri State Legislature passed RSMo Sections 50.100 through 50.306 creating a Statewide County Employee Retirement Fund (CERF). The cost-sharing multi-employer defined benefit plan is funded through various fees and employee contributions. The CERF is administered by a governing board of directors. Complete financial statements of the CERF can be obtained from its administrative offices:

County Employee Retirement Fund
c/o Brydon, Searingen, and England
312 East Capitol
Jefferson City, Missouri 65102

As established by statute, all full-time employees and certain part-time employees of the County are eligible to participate in the CERF. Employees attaining the age of 62 years may retire with full benefits with eight or more years of creditable service. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri State Legislature.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age 62. Early retirement at age 55 with reduced benefit is allowed. Any member with less than eight years of creditable service forfeits all rights in the fund, but will be paid the member's accumulated contributions.

In accordance with State statutes, the Plan is funded through various fees collected by counties and remitted to the CERF. All participating employees hired before February 25, 2002 are required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating employees hired on or after February 25, 2002 are required to make contributions equal to 6% of gross compensation. While the County is not required to make any contributions to the Plan, the County has elected to contribute 4% of the required 6% contribution for employees hired between February 25, 2002 and January 1, 2003. During 2005, the County collected and remitted to CERF

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

employee contributions of \$432,313, employer contributions of \$27,605 and statutory charges of \$1,054,406.

(c) *Deferred Compensation Plan*

The County offers its employees a deferred compensation plan created in accordance with IRC Section 457. The deferred compensation plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employees or other beneficiary) held in trust for the exclusive benefit of employees. As the County does not have fiduciary responsibility for these assets, the trust account and related liability are not included in the accompanying basic financial statements.

Component Unit

Effective September 1, 1988, a noncontributory, defined benefit pension plan was created to duplicate, where allowable, those benefits previously provided by the Hospital's plan prior to inception of the lease discussed in note 10. The Plan (CHAS Plan) is administered by CHAS and has assumed the benefit obligations for active Hospital employees. The Trustees' administered Plan (Trustees' Plan) continued to assume the benefit obligations of existing retirees and vested terminations at the lease inception date.

During 1989, the Trustees' Plan made lump-sum payments and purchased annuities to satisfy any remaining retirees and vested terminations. The market value of assets remaining after such payment is approximately \$83,000 at December 31, 2005.

(12) *Commitments and Contingent Liabilities*

Litigation

The County is a defendant in a number of claims and lawsuits. The County Counselor has reviewed these claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the County and arrive at an estimate, if any, of the amount or range of potential loss to the County. The County Counselor has indicated that the resolution of any lawsuits pending is not expected to have a material adverse effect on the basic financial statements of the County. No amount has been provided in the December 31, 2005 basic financial statements for any such claims and lawsuits.

General Obligation Bonds

In 1992, County voters approved a \$3.5 million general obligation bond issue for the purpose of financing the construction and repair of roads and streets within the County's neighborhood improvement districts. Property taxes will not be levied for debt service on the bonds; instead, property owners within these districts will repay the bonds through annual billings over a period not to exceed 10 years. As of December 31, 2005, \$1,399,000 of the bonds has been issued.

In 1997, County voters approved a \$5.5 million general obligation bond issue for the purpose of financing the construction and repair of sewers within the County's neighborhood improvement districts. Property

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

taxes will not be levied for debt service on the bonds; instead, property owners within these districts will repay the bonds through annual billings over a period not to exceed 10 years. As of December 31, 2005, \$280,000 of the bonds has been issued.

Component Unit

The Trustees lease approximately six acres of property under two separate 52-year ground leases to the Graham Group, Inc., which has constructed medical buildings on the property. The leases expire in August 2045 and May 2050 and include a 25-year renewal option. Annual rent of \$69,076 and \$91,556, respectively, is payable to the Trustees monthly and is adjusted based on Consumer Price Index changes, subject to certain limitations.

The Trustees have agreed to assume a lease of office space from the Graham Group, Inc. for which CHAS is currently the lessee, should the lease agreement between CHAS and the Trustees be terminated. The office space lease, which is for a period of 25 years terminating November 30, 2019, requires payments of \$19,583 monthly through December 1, 2001, adjustable thereafter based on Consumer Price Index changes, subject to certain limitations.

The Trustees entered into contracts for the construction of a south addition and various renovations and additions to outpatient, surgical, and administrative areas of the hospital. Remaining commitments for these contracts totaled approximately \$14.6 million at December 31, 2005.

(13) Risk Management

The County maintains broad form insurance coverage for property/casualty, general liability, inland marine, EDP, public officials' errors and omissions, law enforcement errors and omission, and boiler and machinery. The County is a member of the Mid-American Regional Council Insurance Trust (MARCIT), a public entity risk retention pool, and shares a full-time risk manager through that organization. The Board of Directors includes 11 member representatives. MARCIT has the right to assess members additional premiums to cover deficiencies in claim payments and may also issue refunds when revenues exceed expenses. MARCIT covers risks up to \$1,000,000 with deductibles varying between \$0 and \$25,000 per incident, and also maintains excess insurance agreements in the event of large losses. MARCIT is responsible for claims within its specified self-insured retention limits prior to the coverage of the excess insurance. The County had no settlements in excess of insurance coverage in any of the past three years. Total premiums paid to MARCIT by the County in 2005 were \$565,583.

BOONE COUNTY, MISSOURI

Notes to Basic Financial Statements

December 31, 2005

Self-Insured Employee Benefits

The County maintains three Internal Service funds to account for its self-insured coverage of County employees and their dependents for health, dental, and workers' compensation benefits. Under these self-insurance programs, coverage is provided up to a maximum of \$75,000, \$1,000, and \$250,000 for each health, dental, and workers' compensation claims, respectively. The County has commercial reinsurance for claims in excess of the health and workers' compensation individual claim maximum. No reinsurance is in place for dental because the County's plan does not provide for individual claims in excess of \$1,000. The claims liability, as reported in the Internal Service funds, is based on the GASB Statement No. 10 requirements that a liability for claims be recorded if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the basic financial statements and the amount of the loss can be reasonably estimated. There were no significant changes in coverage during the year.

Changes in the internal service funds claims liability for the past two years are as follows:

2005				
	Beginning of year claims liability	Current year claims and changes in estimates	Claim payments	End of year claims liability
Self-insured Health Plan, including prescription drugs	\$ 115,230	1,508,158	(1,485,305)	138,083

BOONE COUNTY, MISSOURI

Notes to Schedule of Revenues, Expenditures, and Changes in Fund Balances Budget and Actual—General Fund, Road and Bridge Fund, and Law Enforcement Services Fund—UNAUDITED

December 31, 2005

(1) Explanation of Budgetary Basis of Accounting

The County's policy is to prepare the annual operating budget on a basis that includes encumbrances as the equivalent of expenditures. The statement of revenues, expenditures, and changes in fund balances—governmental funds excludes outstanding encumbrances in accordance with U.S. generally accepted accounting principles for the modified accrual basis of accounting. However, budgeted expenditures include both expenditures and encumbrances (budget basis). Therefore, in order to match reported results (actual) to the budget and to provide a useful comparison, it is necessary to include encumbrances outstanding at the end of the year as expenditures and exclude encumbrances outstanding at the beginning of the year. Unencumbered appropriations lapse at year-end.

(2) Explanation of Budgetary Process

The County follows these procedures in establishing the budgetary data using the following dates as targets:

- a. July: County Auditor develops and distributes budget guidelines and instructions to each elected official and department head.
- b. September 1: Budget requests are due to County Auditor.
- c. September and October: County Auditor reviews budget requests and schedules work sessions with elected officials and department directors, as necessary.
- d. November 15: County Auditor delivers Proposed Budget to County Commission.
- e. November 15 through December 15: County Commission holds public hearings on the Proposed Budget.
- f. January 10: Statutory deadline for adoption of the budget by the County Commission. However, in the year the presiding commissioner's new term of office begins, the statutory deadline is January 31.

For fiscal year 2005, the County Commission adopted an annual budget for the General Fund, the Special Revenue funds, the Capital Projects funds, and the Internal Service funds.

BOONE COUNTY, MISSOURI

Notes to Schedule of Revenues, Expenditures, and Changes in Fund Balances Budget and Actual—General Fund, Road and Bridge Fund, and Law Enforcement Services Fund—UNAUDITED

December 31, 2005

Budget amendments must be authorized by the County Commission or other appropriating authority as determined by state statute. Supplemental appropriations are made by the applicable authority throughout the year. Such supplemental appropriations were insignificant for the fiscal year ended December 31, 2005.

The County Commission approves the annual budget for the general fund at the department level and for the other funds at the fund level. The County also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered appropriations lapse at fiscal year-end, while open encumbrances are reported as reservations of fund balance at each year-end.

OTHER SUPPLEMENTARY INFORMATION

The other supplementary information contains data beyond that included in the basic financial statements. This data is presented to provide additional financial information in order to better inform the users of the basic financial statements.

BOONE COUNTY, MISSOURI

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific or restricted revenue sources or to finance specified activities as required by law or administrative regulations.

Special Building Project Citizen Contribution Fund—To account for citizen contributions towards County building projects.

Assessment Fund—To account for the operations of the County Assessor's office, which includes the cost of performing a reassessment of all taxable real property as required by Statute 137.750. Financing is provided by the state and a commission received from property tax collections.

E-911 Emergency Telephone Fund—To account for the collection and disbursement of the 2% tax on land line local tariffs, authorized in Statute 190.305, which is used to operate the enhanced 911 emergency telephone system.

Domestic Violence Fund—To account for fees collected under Statute 455.2 to provide shelter for victims of domestic violence.

Hospital Profit Share Fund—To account for additional lease compensation moneys received pursuant to the lease of Boone Hospital Center.

Local Emergency Planning Committee Fund—To account for funds received by the Local Emergency Planning Committee from the State of Missouri.

Collector Tax Maintenance Fund—To account for the additional delinquent fees and commissions authorized by Statute 52.312-317. The additional fees supplement the General Fund operating budget for the Collector.

Fairground Maintenance Fund—To account for the maintenance and repair of the Boone County Fairgrounds. The resources of this fund were derived from the net insurance proceeds resulting from building damage sustained at the site in fiscal year 2002.

Election Services Fund—To account for charges, not to exceed 5% of total election costs, that is levied to all entities participating in any election.

Federal HAVA Election Fund—To account for the expenditures mandated by the Help Americans Vote Act and the related reimbursement revenues received.

Sheriff Forfeiture Fund—To account for certain fines and forfeitures collected by the Sheriff's department.

Sheriff Training Fund—To account for fees collected under Statute 590 for providing training for peace officers.

Public Safety Citizen Contributions Fund—To account for private donations specifically set aside for the neighborhood watch, Drug Abuse Resistance Education (D.A.R.E.), and the community traffic safety programs.

BOONE COUNTY, MISSOURI

SPECIAL REVENUE FUNDS—Continued

Law Enforcement Department of Justice Grants Fund—To account for U.S. Department of Justice grant funds to be used for law enforcement.

Sheriff Civil Charges Fund—To account for civil charges collected by the Sheriff.

Sheriff Revolving Fund—To account for revolving funds collected by the Sheriff.

Prosecuting Attorney Training Fund—To account for fees collected under Statute 56.765 for the purpose of providing additional training for prosecuting attorneys and their staff.

Prosecuting Attorney Tax Collection Fund—To account for fees collected under Statute 136.15 for the Prosecuting Attorney's collection of delinquent taxes, licenses, and fees for the State of Missouri.

Prosecuting Attorney Contingency Fund—To account for fees collected under Statute 56.330 for the payment of incidental expenses incurred in the Prosecuting Attorney's office.

Prosecuting Attorney Bad Check Collection Fund—To account for the revenues and expenditures of the Prosecuting Attorney for the collection of insufficient funds checks as provided in Statute 570.1. The Prosecuting Attorney retains a fee based on the amount of the collection recovered.

Prosecuting Attorney Forfeiture Fund—To account for federal drug money collected by the prosecuting attorney and used for expenditures related to the prosecution of drug-related cases.

Record Preservation Fund—To account for fees collected under Statute 59.319 for record storage, microfilming and preservation.

Family Services and Justice Fund—Accounts for the revenues and expenditures associated with family court. In 1993, the state legislature passed legislation that created a family court in the Thirteenth Judicial Circuit. The law provides for the collection of a \$30 fee per each family court case, which is deposited into this fund.

Circuit Drug Court Fund—To account for fees received from defendants who participate in the Drug Court program.

Administration of Justice Fund—To account for late fees collected pursuant to RSMo 488.5025.1-2 to be used for the general administration of justice.

Neighborhood Improvement Districts Fund—To account for the revenue and expenditures of construction and repair of roads and sewers in Neighborhood Improvement Districts (NIDs).

Law Library Fund—To account for fees collected under Statutes 514.47 and 514.48 for the maintenance and upkeep of a law library.

BOONE COUNTY, MISSOURI

DEBT SERVICE FUNDS

Debt Service Funds account for resources used for the payments of principal, interest, and other expenditures on long-term general and special obligation debt.

Debt Service Reserve Fund—To hold in trust the moneys required as a reserve for the 2003 Special Obligation Refunding and Improvement Bonds issued in the amount of \$5,240,000. These bonds were issued in 2003 to refund the Series 1993 Special Obligation Administration Building Bonds, for which the debt service reserve fund previously held moneys in trust. Financing for the bond issue is obtained through an annual appropriation for rental payments from the County. Payments of principal are required annually and interest payments required semi-annually until 2018. The moneys in this fund will be used to make the final payments on the bonds.

Series 2005 Special Obligation Bond—Taxable—To hold in trust the moneys required as a reserve for the bonds and to accumulate moneys for payment of the principal and interest on \$2,005,000 taxable special obligation bonds issued in 2005 for the purchase of land and buildings. Financing for the annual debt service requirements is primarily obtained through revenues received from lease of the land and buildings. Interest-only payments are required through 2007 with principal and interest payments required 2008 through 2014 followed by a final balloon payment in 2015.

Series 1994 Neighborhood Improvement District Bond Fund—Road—To accumulate moneys for payment of the principal and interest on \$255,000 general obligation neighborhood improvement bonds issued in 1994. Financing is obtained through fees paid by property owners within the neighborhood improvement district. Principal payments are required annually and interest payments are required semi-annually until 2005. The fees in excess of actual requirements are legally restricted to servicing this debt.

Series 1996 Neighborhood Improvement District Bond Fund—Road—To accumulate moneys for payment of the principal and interest on \$300,000 general obligation neighborhood improvement bonds issued in 1996. Financing is obtained through fees paid by property owners within the neighborhood improvement district. Principal payments are required annually and interest payments are required semi-annually until 2006. The fees in excess of actual requirements are legally restricted to servicing this debt.

Series 1998 Neighborhood Improvement District Bond Fund—Road—To accumulate moneys for payment of the principal and interest on \$355,000 general obligation neighborhood improvement bonds issued in 1998. Financing is obtained through fees paid by property owners within the neighborhood improvement district. Principal payments are required annually and interest payments are required semi-annually until 2008. The fees in excess of actual requirements are legally restricted to servicing this debt.

Series 2000A Neighborhood Improvement District Bond Fund—Sewer—To accumulate moneys for payment of the principal and interest on \$280,000 general obligation neighborhood improvement bonds issued in 2000. Financing is obtained through fees paid by property owners within the neighborhood improvement district. Principal payments are required annually and interest payments are required semi-annually until 2010. The fees in excess of actual requirements are legally restricted to servicing this debt.

BOONE COUNTY, MISSOURI

DEBT SERVICE FUNDS— Continued

Series 2000B Neighborhood Improvement District Bond Fund—Road—To accumulate moneys for payment of the principal and interest on \$184,000 general obligation neighborhood improvement bonds issued in 2000. Financing is obtained through fees paid by property owners within the neighborhood improvement district. Principal payments are required annually and interest payments are required semi-annually until 2010. The fees in excess of actual requirements are legally restricted to servicing this debt.

Series 2001 Neighborhood Improvement District Bond Fund—Road—To accumulate moneys for payment of the principal and interest on \$305,000 general obligation neighborhood improvement bonds issued in 2001. Financing is obtained through fees paid by property owners within the neighborhood improvement district. Principal payments are required annually and interest payments are required semi-annually until 2012. The fees in excess of actual requirements are legally restricted to servicing this debt.

BOONE COUNTY, MISSOURI

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units on a cost reimbursement basis.

Self-insured Health Plan Fund—Accounts for operations of the self-insured health plan for County employees.

Self-insured Dental Plan Fund—Accounts for operations of the self-insured dental plan for County employees.

Self-insured Workers' Compensation Fund—Accounts for operations of the self-insured workers' compensation plan for County Employees.

Facilities and Grounds Fund—Accounts for the operations of the Facilities Maintenance and Housekeeping Departments. Operating revenues are derived from all internal service charges to County departments based on square footage occupied.

Building and Grounds Capital Repair and Replacement Fund—Provides for the accumulation of resources to be used for major repairs and replacements for County-owned buildings. The resources are derived from an annual internal service charge to departments based on square footage occupied.

Utilities Fund—Accounts for building utilities for the Government Center, the Johnson Building, the Courthouse, and the County-owned space in the Centralia Clinic.

BOONE COUNTY, MISSOURI

FIDUCIARY FUNDS

The **Private Purpose Trust Funds** are used to account for all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

George Spencer Trust Fund—To account for interest earned on an initial principal deposit. Upon proper authorization, academic scholarships will be awarded from the interest earned.

Union Cemetery Trust Fund—To account for moneys held in trust by the County for the maintenance of the Union Cemetery.

Agency Funds account for moneys and properties held by the County as a trustee, custodian, or agent for individuals, for other governmental units, or for private organizations.

Special Taxing Districts Funds—To account for the moneys held on behalf of various taxing entities. Property taxes and other revenues billed and collected by the County on their behalf are recorded in a special taxing district fund. These moneys are invested by the County Treasurer and transferred to the entity upon request.

Fee Office Funds—To account for the collection and distribution of various fees, taxes, and other revenues.

Collector—To account for all property taxes collected in the County and the subsequent distribution to the various taxing entities.

Circuit Clerk—To account for all fees collected by the Circuit Clerk and the subsequent distribution of those fees to the State, County, or other entities.

Other Agency Funds:

County Public Schools Fund—To account for fines and forfeitures collected by the circuit court and remitted to all County schools once a year based on the percentage of enrollment in the County.

Criminal Costs Fund—To account for court costs of indigents reimbursed by the state to the County Treasurer. These moneys are then remitted to those parties originally incurring the costs.

Tax Sales Excess Fund—To account for excess proceeds from property sold by the County over the tax liability owed. These moneys must be kept for 20 years and, if not claimed, are then remitted to County schools.

Special Election Fund—To account for moneys collected from taxing entities for election costs and the disbursements made in regard to those elections. Any moneys collected in excess of costs are to be remitted back to the taxing entities.

BOONE COUNTY, MISSOURI
FIDUCIARY FUNDS – Continued

Other Agency Funds (Continued):

Unclaimed Fees Fund—To account for old outstanding checks and unclaimed deposits maintained by the County Treasurer for one year after which time the moneys are transferred to the General Fund.

Sheriff's Inmate Fund—To account for moneys held by the County on behalf of inmates.

Boone County Cafeteria Plan Fund—To account for the moneys received and disbursed pursuant to the County's employee benefits cafeteria plan.

County Employee Retirement Fund—To account for the moneys collected and disbursed to the County Employee Retirement Fund (CERF). Pursuant to legislation enacted in August 1994, special fees are collected by various County offices and recorded in this fund, together with employee contributions. The moneys are subsequently transferred to the statewide fund, CERF, where they are invested. The plan is administered by a governing Board of Directors.

Boone County Juvenile Restitution Fund—To account for moneys collected from juveniles as restitution payments and the subsequent disbursement of those moneys to the rightful recipients.

Out of County Cash Bonds—To account for bond moneys collected at the Boone County Jail pertaining to other counties' outstanding warrants. The moneys are deposited with the Boone County Treasurer who then disperses the moneys to the appropriate jurisdiction.

Victim Restitution Fund—To account for restitution moneys collected from defendants prior to the disposition of their case.

Other Entity Funds—To account for the moneys held by the County Treasurer and invested on behalf of the following entities: Health Facility Condo Board; the Soil and Water District; the Boone Retirement Center; the Extension Council; the Callahan Watershed District; and the Industrial Development Authority.

STATISTICAL SECTION

(unaudited)

This section of the comprehensive annual financial report presents detailed information as a context for understanding the financials statements, note disclosures, required supplementary information, and other supplementary information. This section is intended to aid the reader in drawing conclusions about the county's overall financial health.

Contents:

Table

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time:

- Net Assets by Component 1
- Changes in Net Assets 2
- Fund Balances of Governmental Funds 3
- Changes in Fund Balances of Governmental Funds 4

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the County's ability to generate its primary revenue source, sales tax:

- Taxable Sales by Category 5
- Direct and Overlapping Sales Tax Rates 6
- Overlapping Sales Tax Rates—State, County, and Cities 7

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future:

- Ratios of Outstanding Debt by Type 8
- Ratios of General Bonded Debt Outstanding 9
- Legal Debt Margin Information 10
- Pledged-Revenue Coverage 11

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments:

- Demographic and Economic Statistics 12
- Principal Employers 13

Operating Information

These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs:

- Full-Time Equivalent County Employees by Function 14
- Operating Indicators by Function 15
- Capital Asset Statistics by Function 16

TABLE 1

BOONE COUNTY, MISSOURI

NET ASSETS BY COMPONENT
LAST THREE FISCAL YEARS
(accrual basis of accounting)

	Fiscal Year
