(First Regular Session)*  
**SCS HJR 16**

**Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?**

**If more resources are needed to defend increased prosecutions additional costs to governmental entities could be at least \$1.4 million annually, otherwise the fiscal impact is expected to be limited.**

**NO**

Instructions to Voters: If you are in favor of this amendment, darken the oval opposite the word "Yes". If you are opposed to this amendment, darken the oval opposite the word "No".

- require teachers to be evaluated by a standards based performance evaluation system for which each local school district must receive state approval to continue receiving state and local funding;**
- require teachers to be dismissed, retained, demoted, promoted and paid primarily using quantifiable student performance data as part of the evaluation system;**
- require teachers to enter into contracts of three years or fewer with public school districts; and**

- prohibit teachers from organizing or collectively bargaining regarding the design and implementation of the teacher evaluation system?

Decisions by school districts regarding provisions allowed or required by this proposal and their implementation will influence the potential costs or savings impacting each district. Significant potential costs may be incurred by the state and/or the districts if new/additional evaluation instruments must be developed to satisfy the proposal's performance evaluation requirements.
