FINDINGS OF FACT AND CONCLUSIONS OF LAW

Subject to the conditions of approval, the Boone County Commission finds and concludes in issuance of this permit that:

1. The establishment, maintenance, operation and use of the conditional use permit issued hereunder will not be detrimental to or endanger the public health, safety, comfort or general welfare, and
2. The conditional use permit issued hereunder will not be injurious to the use and enjoyment of other property in the immediate vicinity of the property which is the subject matter of this permit with respect to the purposes already permitted by these regulations, and
3. The conditional use permit and authorized uses thereunder will not substantially diminish or impair property values of existing properties in the neighborhood surrounding the property which is the subject matter of this permit, and
4. All necessary public facilities for use of the land subject to this permit are or will be available if the conditions for issuance are satisfied, and
5. The conditional use permit issued hereunder and the authorized uses under such permit will not impede the normal or orderly development or improvement of surrounding property for the uses permitted within the zoning district, and
6. The grant of this conditional use permit will not hinder the flow of traffic or result in traffic congestion on the public roads and that adequate access points to the subject property from public streets are available, and
7. The uses authorized by this conditional use permit are otherwise in conformity with the regulations pertaining to the zoning districts in which the uses are located and that there is a public necessity for the issuance of the conditional use permit hereunder.

The Commission, by authorizing issuance of the conditional use permit hereunder, further concludes as a matter of law that issuance of the permit is proper under the zoning regulations of Boone County in effect at the time of issuance and the general statutes and laws of this state.

Additional Findings:

The County Commission further finds as fact in support of issuance of this conditional use permit the following to be true:

- The Federal Government has endorsed wide-spread availability of cellular communications through the adoption of the Telecommunications Act of 1996.
- The State of Missouri encourages the widespread availability of wireless services by adopting the Uniform Wireless Infrastructure Development Act.
- The application complies with the requirements of Boone County Zoning Regulations Section 15. B. **“Conditional Use Permits for Transmission Facilities.”**
- This transmission facility will provide needed telecommunications access to the general public.
