Commissioner Elkin seconded the motion.

There was no discussion and no public comment.

The motion passed 3-0 Order 470-2007
Boone County Regional Sewer District

8. Formation of Country Squire Neighborhood Improvement District (first reading)

Andy Lister, Boone County Regional Sewer District, was present on behalf of this item.

Mr. Lister stated on August 23, 2007, the Boone County Regional Sewer District held a meeting with the residents of the Country Squire neighborhood to discuss forming a Neighborhood Improvement District (NID) for sanitary sewer improvements. The meeting was well attended. From that meeting, the Sewer District created a petition to form the NID, with was circulated by the neighborhood.

Nine of eleven property owners (81.8%) signed the petition representing 98.03% of the land in the proposed NID.

The concept upon which this NID petition was created will install a new collection system for 35 living units and 2 vacant lots and convey that sewage to the Sewer District’s Oberlin Valley wastewater treatment plant. If this project is successfully completed, it will bring the Oberlin Valley plant to near capacity. Therefore, this project will not facilitate the development of the large tract of vacant land within the proposed NID.

Commissioner Pearson asked Mr. Lister what would happen if another living unit was built within the NID boundaries.

Mr. Lister stated since the Oberlin Valley plant would be near capacity, that property owner would have to find a solution for their wastewater.

Presiding Commissioner Pearson stated this was a first reading and requested the Deputy County Clerk schedule this item for a second reading at the next available commission meeting with an appropriate order for approval.

9. Resolution Authorizing the Filing of an Application under the Missouri Leveraged State Water Pollution Control Revolving Fund Program (first read on 11/1/07)

Tom Ratermann, Boone County Regional Sewer District, was present on behalf of this item.

Commissioner Elkin moved on this day the County Commission of the County of Boone does hereby authorize the Presiding Commissioner to sign the resolution authorizing the filing of an application with the Missouri Department of Natural Resources for loans and/or grants under the Missouri Leveraged State Water Pollution Control Revolving Fund Program.

Commissioner Miller seconded the motion.
Planning and Zoning

10. Petition submitted by Pin Oak Investments, LLC to vacate and re-plat lot 2 of Pin Oak Subdivision Block III

Robert Hollis made a presentation on behalf of the petitioner explaining why they feel this petition should be granted. He stated that this division of the property would not negatively affect the character of the neighborhood, would increase the property value of the surrounding properties, and they believe this division is in accordance with the original intent of the developer.

Ron Tooley, 1409 Pin Oak, and Alvin Barkley, 1313 Pin Oak, are in favor of this petition. They feel that it is what the original developer intended to do with the property and that it will increase their land values.

Kurt Doolady, 1505 Pin Oak, is opposed to the petition. He feels that it will compromise the character of the neighborhood. He bought his land because he liked the size of the lots and the rural feel of the neighborhood, and if this petition is granted, he thinks there will be several other property owners who will also split their lots.

Richards Sorrels, 1502 N. Lake of the Woods, also opposes this petition.

Commissioner Pearson stated he has a concern about this affecting the character of the neighborhood for those people who purchased their property with the expectation that the size of the surrounding lots would remain the same. He stated he is not convinced that the original intent of the developer was to split the lots.

Commissioner Miller stated the lots on the other side are the same width, but they are deeper. Therefore, from the street, the smaller lots look the same as the larger ones. She agreed that the decision that is made will have an affect on others. She stated she has struggled with the fact that the Commission turned down two other owners’ request to split mostly due to the fact that one owner did not follow what they said they were going to do in the public hearing.

Commissioner Elkin stated he also is not convinced about the original intent of the developer. He is also concerned about this request altering the character of the neighborhood. He stated he believes there would be several others coming to the commission with similar requests in the near future if this petition is granted. He feels this would alter the character.

Commissioner Elkin moved on this day the County Commission of the County of Boone does hereby deny the petition by Pin Oak Investments LLC to vacate and re-plat lot 2 of Pin Oak Subdivision Block III.
Subdivision Block III.

Commissioner Pearson seconded the motion.

There was no discussion and no public comment.

The motion passed 3-0 Order 472-2007

11. Joint Storm Water Management Program (first read on 11/1/07)

Commissioner Miller moved on this day the County Commission of the County of Boone does hereby adopt the Joint Storm Water Management Plan, and authorizes the Presiding Commissioner to sign the application for a Storm Water Permit.

Commissioner Elkin seconded the motion.

There was no discussion and no public comment.

The motion passed 3-0 Order 473-2007

Miscellaneous

12. Quit-Claim Deed

Commissioner Miller moved on this day the County Commission of the County of Boone does hereby approve the quit-claim deed for a tract of land in the Southeast Quarter of Section 1, Township 48 North, Range 14 West in Boone County, Missouri.

Commissioner Elkin seconded the motion.

There was no discussion and no public comment.

The motion passed 3-0 Order 474-2007
