Describe the circumstances requiring this Budget Revision. Please address any budgetary impact for the remainder of this year and subsequent years. (Use an attachment if necessary):

To pay GIS for additional GIS mapping services not budgeted. This will be reimbursed with grant funds. Taking from service contract account - full amount not expended in that account because we received partial payment of this from grant funds. Used additional services this summer because we had additional grant funds to use in 2013 and this is one of the allowable expenses. Budgeted for 3000 but had 5,415. This will cover our additional mapping services for this year.

Dd you anticipate that this Budget Revision will provide sufficient funds to compete the year? YES or NO If not, please explain (use an attachment if necessary):

| Subject: | Altos Wall In the County Annex               |

Bob,

Here is the summary of cost that we are expecting:

Altos Product for the Boone County Annex both projects is \$38,830 list price. Applying Discounts from the County signing up for the PSS Contract is \$15,073.

Partitioning the conference room area is approximately \$9000 The Area that is the \$6073

Non-Prevailing wage install cost: \$2000 for partitioning the conference room \$750 for closing off the training room

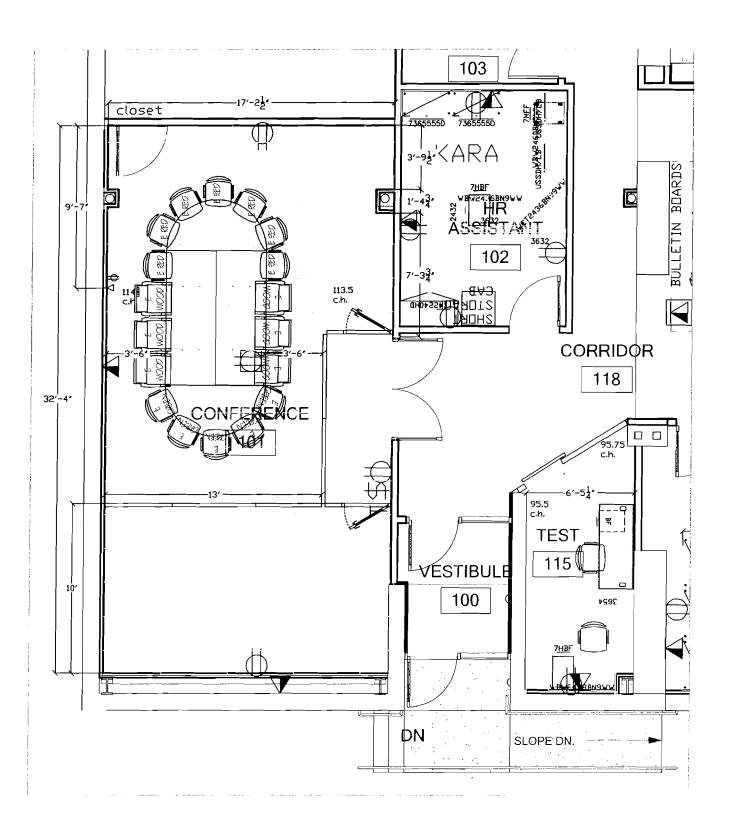

If it is necessary to do the job as prevailing wage:

Prevailing wage install costs \$3400 for partitioning the conference room \$1200 for closing off the training area.

| Teknion Project Name:                                     | Option: |        |
| Scope:  |         |        |
| Project Notes:  |         |        |
| 1) All pricing was based on product up to 108" (9') high. |         |        |

2) Doors, Door Accessories, Electric Options and Smart Fascias are all quantity based items. Wall Types, Insullation and Elevations are linear footage based items.

3) Doors were priced using Standard Teknion Hardware which includes a standard handle lockset with an interchangeable core cylinder.

4) Wall Elevations read Left to Right = Bottom of wall to top. Base and Ceiling fascia must be solid.

5) Pricing in this Estimator is based on standard Teknion product offerings. Special Product applications will require the assitance of Teknion's CAD or Technical Services Department.

6) Pricing is based on 100 linear foot typicals. Project budgets under 100 linear feet will change the accuracy of this budget estimator.

8) All Pricing is presented in List Price Material only. Freight and Installation are not included. Discounts must be discussed with your Teknion Sales rep. and must be calculated manual per project.

9) Contact you Teknion Architectural PM for Freight and Install estimates.

Describe the circumstances requiring this Budget Revision. Please address any budgetary impact for the remainder of this year and subsequent years. (Use an attachment if necessary):

As Facilities has been performing more and more maintenance duties that were once performed by term and supply contract vendors, the need for the purchase of tools and supplies has increased. We have averaged over \$6000 in spending per quarter to date and have 3 more months to fund until the end of the current fiscal year.

Do you anticipate that this Budget Revision will provide sufficient funds to compete the year? YES or NO

aue OD

#### Insinkerator SS-100-29 Commercial Garbage Disposer 1 hp 208-230/460V

#### Details

The Insinkerator SS-100-29 is a 1 hp commercial garbage disposer that's suitable for use at soiled dish tables or vegetable prep areas in a restaurant, hotel, hospital, or cafeter/a kltchen that serves up to 150 persons per meal.

This 1 hp commercial disposer features a totally enclosed, air-cooled motor that's designed for efficiency and long life, thanks to its built-in thermal overload protection.

The InsInkerator SS-100-29 features a durable stainless steel grind chamber with stationary and rotating cast nickel chrome alloy cutting elements which help ensure dependable service.

This 1 hp Insinkerator SS-100-29 commercial disposer is backed by a full 1-year manufacturer's warranty from the Installation date. It is UL Listed, and has the following electrical configuration: 208-230/460V, 60 Hz, 3 phase. 17" high. For additional information, detailed measurements, and Installation requirements, please consult the specification sheet.

Because this item is not stocked in our warehouse, processing and transit times will vary. If you need your items by a certain date, please note this in the comment section while checking out! Please feel free to log on to our Live Chat should you have any questions before placing your order. After your order is placed, we will update you via email to let you know how this will be shipping to you.
