September Session of the July Adjourned

Term. 20 14

In the County Commission of said county, on the 2nd day of September 20 14

the following, among other proceedings, were had, viz:

Now on this day the County Commission of the County of Boone does hereby **approve** the request by Mathew Whitworth for a permit for a creek gravel recovery operation on 270 acres, located at 7401 E Gilpin Rd., Ashland, with the following conditions:

- The recovery operation will operate Monday through Friday only.
- Hours of operation are limited to daylight hours of operation as defined by the Boone County Zoning Regulations of April through October 6:00 AM to 9:00 PM Central Daylight Time and November through March 6:00 AM to 7:00 PM.
- Applicant is required to be in compliance with the permits issued by Missouri Department of Natural Resources for their activities on the property.
- Staff Review at the one year anniversary of the permit issuance by DNR to insure compliance with said permit.
- Report out to County Commission with the findings of the Staff Review.

Done this 2nd day of September, 2014

## WHITWORTH CUP

This request was considered by the Planning & Zoning Commission during their August 21, 2014 meeting.

The minutes for the Planning and Zoning Commission meeting of August 21, 2014 along with the Boone County Zoning Regulations and Subdivision Regulations are entered into the record of this meeting.

The subject property is located off of the end of Gilpin Road, approximately 1 and ½ miles to the southeast of the City of Ashland. The property is approximately 270 acres in size, and is zoned A-2(Agriculture). This is original A-2 zoning, and the property is surrounded by A-2 zoning. There is a house and several outbuildings present on the property. The application indicates that the property is currently used for recreational uses. The property received a conditional use permit for a creek gravel recovery operation in 1992. That activity stopped in 1997, when the Missouri Department of Natural Resources (MoDNR) Land Recovery program closed their permit for inactivity. The applicant is now seeking to get a new permit from MoDNR Land Recovery for a creek gravel recovery operation.

The applicant is requesting a conditional use permit to operate a creek gravel recovery operation. Staff notified 19 property owners about this request. The property scored 25 points on the point rating system.

The following criteria are the standards for approval of a conditional use permit, followed by staff analysis of how this application may meet those standards. Staff analysis of the request is based upon the application and public comments received following notification of the surrounding property owners.

(a) The establishment, maintenance or operation of a conditional use permit will not be detrimental to or endanger the public health, safety, comfort or general welfare.

If operated in conformance with existing county and state regulations, the use should comply with this criterion.

(b) The conditional use permit will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted by these regulations.

The comparatively isolated location of the recovery operation should serve to provide substantial physical separation from neighboring property owners, limiting negative off-site impacts. MoDNR regulations on the recovery operation should limit negative impacts created by the extraction process on the stream itself. Public testimony may provide more information to this criterion.

(c) The conditional use permit will not substantially diminish or impair property values of existing properties in the neighborhood.

There is no indication that the proposed use will have a negative effect on property values. The physical isolation of the site should serve to mitigate negative impacts on surrounding properties.

(d) All necessary facilities will be available, including, but not limited to, utilities, roads, road access, and drainage.

The subject property is located at the end of Gilpin Road, a publicly-dedicated, publicly-maintained right of way. All necessary facilities will be available.

(e) The establishment of a conditional use permit will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the zoning district.

The location of the subject property and the limits of existing infrastructure for increased residential development will have a greater impact on future development than the establishment of this conditional use permit.

(f) The establishment of a conditional use permit will not hinder the flow of traffic or result in traffic congestion on the public streets. This will include the provision of points of access to the subject property.

The subject property is located at the end of Gilpin Road, a publicly-dedicated, publicly-maintained right of way. While there may be an increase in truck traffic from the subject property, it is not expected to exceed the typical traffic generated by an agricultural operation of equivalent size.

(g) The conditional use permit shall in all other respects conform to the applicable regulations of the zoning district in which it is located. The County Commission shall find that there is a public necessity for the conditional use permit.

The proposal conforms to other applicable regulations of the A-2 zoning district.

Zoning Analysis: The applicant is requesting a conditional use permit similar to the previous creek gravel recovery operation conditional use permit granted in 1992. That permit lapsed in 1997, and the applicant is re-applying for that permit. The negative impacts of noise and the recovery activity should be mitigated by the location of the creek gravel recovery operation. The applicant has taken action to re-apply for the necessary MoDNR permits for this activity and being granted this conditional use permit is a step in that process.

Staff recommends approval of the conditional use permit with the following conditions:

- The recovery operation will operate Monday through Friday only.
- That hours of operation be limited to daylight hours of operation as defined by the Boone County Zoning Regulations of April through October 6:00 AM to 9:00 PM Central Daylight Time and November through March 6:00 AM to 7:00 PM.
- Applicant is required to be in compliance with the permits issued by MoDNR for their activities on the property.

These conditions are the same conditions placed upon the 1992 conditional use permit. The Planning & Zoning Commission conducted a public hearing on this request during their August 21, 2014 regular meeting. There were seven members of the commission present during the meeting.

Following the public hearing, a motion was made to recommend approval of the request with the suggested conditions. The motion passed with a unanimous vote in favor of the motion, so it comes forward with a recommendation for approval.

RE: Budget Revision Request  
Emergency appropriation  
Ferguson Federal Court litigation

**RECEIVED**

**AUG 21 2014**

**BOONE COUNTY AUDITOR**

Good afternoon.

I am writing in support of what should be the third and final budget revision request in FY2014 for funds to pay outside counsel in connection with the federal litigation filed by Ryan Ferguson. I have attached a spreadsheet showing the spending on this case to-date. I would note that the Dan Simon bills reflect 50% of the total charges, as I was able to negotiate an arrangement with Chubb Insurance to pay 50% of those defense costs incurred in connection with the representation of Judge Crane.

I have prepared this budget revision based upon budgets submitted by outside counsel. The total budget revision request for FY2014 is \$240,000.00 For further background, I have attached a spreadsheet showing the payment requisitions I have submitted to-date.

I am happy to answer questions regarding this request, and I will stand by to do so. Thank you for your consideration.

	<b>April</b>	<b>May</b>	<b>June</b>	<b>July</b>	<b>Aug</b>	<b>Sept</b>	<b>Oct</b>	<b>Nov</b>	<b>Dec</b>	<b><u>Year to Date</u></b>

# PROCLAMATION RECOGNIZING SEPTEMBER 2014 AS CHILDHOOD CANCER AWARENESS MONTH

- Whereas,* the American Cancer Fund for Children and Kids Cancer Connection report cancer is the leading cause of death by disease among U.S. children between infancy and age 15. This tragic disease is detected in more than 15,000 of our country's young people each and every year; and
- Whereas,* one in five of our nation's children loses his or her battle with cancer. Many infants, children and teens will suffer from long-term effects of comprehensive treatment, including secondary cancers; and
- Whereas,* founded over twenty years ago by Steven Firestein, a member of the philanthropic Max Factor family, the American Cancer Fund for Children, Inc. and Kids Cancer Connection, Inc. are dedicated to helping these children and their families; and
- Whereas,* the American Cancer Fund for Children and Kids Cancer Connection provide a variety of vital patient psychosocial services to children undergoing cancer treatment at Children's Mercy Hospital in Kansas City, St. Louis Children's Hospital, as well as participating hospitals throughout the country, thereby enhancing the quality of life for these children and their families; and
- Whereas,* the American Cancer Fund for Children and Kids Cancer Connection also sponsor Courageous Kid Recognition Award ceremonies and hospital celebrations in honor of a child's determination and bravery to fight the battle against childhood cancer.
- Therefore,* in recognition and support of the courageous children battling cancer and their families, as well as the dedication of those individuals and organizations aiding them in their battles, the Boone County Commission does hereby declare September 1-30, 2014 as Childhood Cancer Awareness Month

IN TESTIMONY WHEREOF, this 2nd day of September, 2014.
