It is understood and agreed that, except as may be otherwise provided for by the Specifications the work shall be done in accordance with the contract documents. Said Specifications are part and parcel of this Contract, and are incorporated in this Contract as fully and effectively as if set forth in detail herein. If a conflict is identified in the Specifications and the Drawings, the more stringent requirement will govern the work. If a conflict is identified between this Contract Agreement and any

other incorporated item, the terms of this Contract Agreement shall prevail and control over the conflicting terms.

3. Contractor agrees that he is fully informed regarding all of the conditions affecting the work to be done, and labor and materials to be furnished for the completion of this Contract. Contractor has made and shall be deemed to have made a careful examination of the site of the Project and of any plans and the scope of work for the project, and shall become informed as to the location and nature of the proposed construction, the transportation facilities, the kind and character of soil and terrain to be encountered, the kind of facilities required before and during the construction of the Project, general local conditions and all other matters that may affect the cost and the time of completion of the Project. Contractor has secured this information by personal investigation and research and not from any estimates of Owner. Contractor agrees to make no claim against the Owner by reason of estimates, tests or representation of any officer, agent or employee of Owner.
4. Time and Manner of Construction:
 - 4.1. The said Contractor agrees to begin work not later than the authorized date in the Notice to Proceed, and to complete the work within the time specified in the proposal or such additional time as may be allowed by the Owner under the Contract. Contractor has proposed ~~Two Hundred Ninety Four (294) "Working Days,"~~ and agrees to pay liquidated damages ~~in the amount of Five Hundred Dollars (\$500.00)~~ per day for each day thereafter that the work remains incomplete.
 - 4.2. The time for Completion of Construction shall be extended for the period of any reasonable delay which is due exclusively to causes beyond the control and without the fault of Contractor, including acts of God, fires, floods, and acts or omissions of the Owner with respect to matters for which the Owner is solely responsible. Provided, however, that no extension of time for completion shall be granted the Contractor unless within ten (10) days after the happening of any event relied upon by the Contractor for such an extension of time the Contractor shall have made a request therefore in writing to the Owner, and provided further that no delay in such time of completion or in the progress of the work which results from any of the above causes shall result in any liability on the part of the Owner.
 - 4.3. Owner may from time to time during the progress of the construction of the project make such changes, additions to or subtractions from the Plans, Specifications, Drawings and sequence of construction provided for in the Contract Documents as conditions may warrant. Provided, however, that if any change in the construction to be done shall require an extension of time, a reasonable extension will be granted if Contractor shall make a written request therefore to the Owner within ten (10) days after any such change is made. And provided further, that if the cost to Contractor of construction of the project shall be materially increased by any such change or addition, the Owner shall pay Contractor for the reasonable cost thereof in accordance with a construction contract amendment signed by the Owner and Contractor, but no claim for additional compensation for any such change or addition will be considered unless Contractor shall have made a written request therefore to the Owner prior to the commencement of work in connection with such change or addition.
5. Construction not in proposal: Contractor also agrees that when it is necessary to construct units not shown in the Proposal it will construct such units for a price arrived at as follows:
 - 5.1. The cost of materials shall be determined by the invoices.
 - 5.2. The cost of labor shall be reasonable cost thereof, as agreed upon by the Owner and Contractor prior to the commencement of work.
 - 5.3. The cost of overhead and profit, when agreed to by Owner, shall not exceed 7% of the cost of the change order for each.
 - 5.4. Contractor shall bear any increases in costs for required bonds due to approved change orders. Contractor further states that Contractor understands that standard deviations from

drawings are not appropriate matters for change order consideration. Contractor shall use any forms provided by Owner for any requested or required Change Orders.

6. The work shall be done to complete satisfaction of the Owner and, in the case the Federal Government or any agency thereof is participating in the payment of the cost of construction of the work, the work shall also be subject to inspection and approval at all times by the proper agent or officials of such government agency. All site preparations and daily clean up, including any related costs such as rental of dumpsters or parking, shall be the responsibility of Contractor. Contractor shall participate in meetings with Owner and/or Architect as requested to coordinate the work and administer the project. Contractor shall employ stormwater management practices appropriate to the project as required by Owner.
7. The parties hereto agree that this Contract in all things shall be governed by the laws of the State of Missouri.
8. Contractor agrees it will pay not less than the prevailing hourly rate of wages to all workmen performing work under the Contract in accordance with the prevailing wage determination issued by the Division of Labor Standards of the Department of Labor and Industrial Relations for the State of Missouri and as maintained on file with the Boone County Purchasing Department. The Contractor further agrees that it shall forfeit as a penalty to the County of Boone the sum of \$100.00 for each workman employed for each calendar day or portion thereof such workman is paid less than the stipulated rates set forth in the prevailing wage determination for the project for any work done under this contract by the Contractor pursuant to the provisions of Section 290.250 RSMo. The Contractor further agrees that he will abide by all provisions of the prevailing wage law as set forth in Chapter 290 RSMo. and rules and regulations issued thereunder and that any penalties assessed may be withheld from sums due to the Contractor by the Owner.
9. The Contractor agrees that he will comply with all federal and state laws and regulations and local ordinances and that he will comply and cause each of his subcontractors, and directives pertaining to nondiscrimination against any person on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in connection with this Contract, including procurement of materials and lease of equipment; therefore, in accordance with the special provisions on that subject attached hereto, incorporated in and made a part of the Contract.
10. The Contractor expressly warrants that he has employed no third person to solicit or obtain this Contract in his behalf, or to cause or procure the same to be obtained upon compensation in any way contingent, in whole or in part, upon such procurement. Also, that he has not paid, or promised or agreed to pay to any third person, in consideration of such procurement, or in compensation for services in connection therewith, any brokerage, commission or percentage upon the amount receivable by he hereunder; and that he has not, in estimating the Contract price demand by he, included any sum by reason of any such brokerage, commission, or percentage; and that all moneys payable to he hereunder are free from obligation of any other person for services rendered, or supposed to have been rendered, in the procurement of this Contract. Contractor further agrees that any breach of this warranty shall constitute adequate cause for the annulment of this Contract by the Owner, and that the Owner may retain to its own use from any sums due to or to become due hereunder an amount equal to any brokerage, commission, or percentage so paid, or agreed to be paid.
11. Records: Contractor shall keep, and require subcontractors to keep, such books and records as shall be necessary to perform the services required by this Agreement and enable the Owner's representative to evaluate the performance of such services. The owner's representative shall have full and free access to such books and records at all times during normal business hours of Owner, including the right to inspect, copy, and audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of

the services hereunder, and the Owner shall have access to such records in the event any audit is required.

12. Integration; Amendment: It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangement, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by the mutual consent of the parties by an instrument in writing.

13. Severability: In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

The Owner agrees to pay the Contractor in the amount: Base Bid: \$9,848,7070.00 and the alternate bid \$85,000.00 for a total contract amount of **Nine Million, Nine Hundred Thirty-Three Thousand, Seven Hundred Seven Dollars (\$9,933,707.00)**

as full compensation for the performance of work embraced in this contract, subject to the terms of payment as provided in the contract documents and subject to adjustment as provided for changes in quantities and approved change orders.

IN WITNESS WHEREOF, the parties hereto have signed and entered this agreement on
