- C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.
- D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.
- E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Company ID Number: 796721

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Access to Healthy Food addresses the food insecurity issue in Boone County as well as health issues related to nutritional deficiencies. Food insecurity is related directly to poverty and the inability to afford a nutritional diet and, instead, consuming lower cost, energy dense food products (loaded with sugar, salt and fats). Research has demonstrated that poverty is positively correlated both with food insecurity and with chronic diseases such as diabetes, obesity and hypertension. Foods that tend to be cheaper and more widely available are also typically high in calories and low in nutrition and this contributes to levels of health vulnerabilities. In 2016 food pantries in Boone County distributed 231 pounds of food per capita to people below 100% of the poverty level. The Missouri Hunger Atlas lists 6359 children < 18 years with food uncertainty. Meanwhile, 44% of the county population is eligible for SNAP benefits but only 10% actually participate. The Atlas also shows 5042 children < 18 below the poverty level in 2016, down slightly from the 2015 figure of 5463 (BID). According to the BID, there were 1648 households with children in poverty in 2015 and 40% of the population had an income of \$28,628. Research also shows that stress related to food insecurity can lead to health issues such as hypertension and depression. Further, poor attention to nutrition is related to increased incidence of ADHD symptoms, inability to focus in school settings and allergy problems.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The County population addressed by Access to Healthy Food includes families eligible for SNAP and WIC benefits with children under 19 years of age. This population represents 44% of the county population; however, only about 10% of this population actually is enrolled in these programs. The poverty population in Boone County includes 1648 households with children and more than 5,000 children under 18 out of a total population of children under 18 of 35,868 (BID). The low participation rate is one challenge to be addressed along with the tendencies of this population to use limited resources to purchase the cheapest food possible (energy dense instead of nutritionally dense) ("SNAP Matters"). While a substantial portion of the eligible population is white, African-Americans and Latinos comprise a large percentage of the eligible population, although actual use tends to be lower than that of whites ("SNAP Matters"). SF&C records show low percentages of African-American and Latino families enrolling for and using the AHF program,

lower than Asian families for example. The Kids Count report shows nearly 18% of children under 18 in poverty and 24.3% of children under 6 in poverty. Nearly 29% of County children are in families receiving SNAP and 31% are living with a single parent. These figures demonstrate a substantial population in need in the midst of a relatively wealthy county with median household income of nearly \$50,000 and a low unemployment rate.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The goal of Access to Healthy Food is to serve the largest possible portion of this SNAP/WIC eligible population as possible and specifically to raise the number of households served to 400 in 2018 with a 10% increase in 2019. Using the matching program, AHF increases the family nutritional intake.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

Access to Healthy Food is a program that matches the first \$25 of SNAP benefits spent at the Columbia Farmers Market weekly. AHF benefits can accumulate each week for frequent users. SF&C provides the staffing and program supervision and coordination using student interns from MU Schools of Public Health and Nursing, as well as Service Learning students. A member of the SF&C board oversees the overall operation. Enrollment takes place at the Columbia Farmers Market (CFM) each Saturday of operation using a digital form to reduce errors and ensure date reliability. CFM staff track redemption amounts and corresponding user IDs, reporting to SF&C each month on the number of users and amounts of matching funds distributed. Volunteer staff distribute promotional flyers and posters to collaborating agencies serving similar populations (e.g., food pantries), use social media to promote and inform the public of the program's features, and distribute educational information regarding the health benefits of eating more nutritious diets. A consistent message and standardized "brand" is used in each form of communication. Clients are welcomed when they come to the market, introduced to the vendors and operations of the CFM, both outdoor and indoor markets. Enrollment forms and evaluation surveys completed twice/year make up a database to monitor progress and effects (in the short term). AHF has experienced annual growth in clients served since 2011 serving over 1,000 people in 2016.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

In 2016 AHF served 1006 persons in families with children under 19; 545 females and 456 males. The average client age was 19.4 years (includes adults in family). About 530 of these individuals were White, 25 were Asian, 31 were biracial, 80 were African-American, 63 were Latino/Hispanic and the rest were Middle Eastern, Native American, Pacific Islander, or "other". AHF intends to serve a similar population—all SNAP/WIC eligible—in 2017/18/19 with special efforts given to working with the underrepresented populations, especially African American and Latino families. It is important that nearly 200 of the adults served were not employed and another 100 persons were students (including children 5-18), leaving 68 persons reporting full-time employment and 40 part-time employment. Research shows the challenges faced by poor families on SNAP/WIC many of whom may also be on other forms of financial support (e.g., SSI, TANF, EITC) and/or working as the marginal tax rate can be a barrier to getting out of poverty via public assistance or employment at minimum wage levels (SNAP Matters). SF&C will modify its data collection protocols to determine if other forms of public assistance are helping/hindering families' escape from poverty and food insecurity. Overall, AHF expects to enroll an increasing number of non-white client families in the program.

b. Why will these particular consumers be served? (1500 character limit)

These consumers represent a portion of the lowest income population in Boone County. Research shows that low-income families are more likely to eat energy dense diets than nutrition dense diets simply because 2,000 calories of energy dense foods can be purchased at about 1/7th the cost of more nutritional foods. AHF helps make up the deficit gap with its match for SNAP/WIC users and helps them afford fresh, locally grown produce which is likely to promote healthier eating. By serving households containing children, the intent is to start them as early as possible in healthy eating habits that will carry over into full adulthood, thus helping to prevent more serious health problems in their later lives.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

The primary challenges for achieving AHF goals are: overcoming perceptions that the CFM is "unwelcoming" to minority populations, trying to change the CFM Saturday hours to make access easier for low-income people who work night shifts or weekends, identifying and overcoming transportation problems, and persuading clients (and potential clients) that purchasing nutritious, locally grown produce is really not more expensive when the longer term benefits are considered. Increasing SNAP enrollment is also a challenge as state agencies are prohibited from promoting SNAP enrollment.

d. Total number of unduplicated individuals to be served by the proposed program:

1300

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

9.78

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

10

b. Provide information on the types of training that will be offered. (1500 character limit)

Training is required of all volunteers/interns to support their interactions with clients, including appreciation for diversity, confidentiality, record keeping procedures, data processing, relationship building, CFM operations and how to present these to clients and eligibility requirements.

Program Access**a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)**

AHF operates primarily via enrollment at the Saturday session of the Columbia Farmers Market (8am-12pm) throughout the year (depending on the scheduling of Thanksgiving and Christmas holidays). Clients may also use their match vouchers/tokens at the Wednesday and Thursday sessions of the CFM (3-6pm) weekly during the outdoor market season.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Families are eligible if they qualify for and receive SNAP/WIC benefits with the MoDSS. AHF serves those families with children under 19 years of age and pregnant women (with first child) on WIC support. MoDSS handles the determination of eligibility based on state and federal guidelines. (AHF also serves seniors and disabled residents, but raises funds for these populations separately from BCCSB supported efforts.)

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

N/A

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

AHF serves a low income population which is already below 200% of the poverty level and often experiencing food uncertainty. It makes no sense for AHF to charge a fee as the program is designed to add purchasing power to their family food budget.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

None

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

No (move on to d.)

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

If Yes - Will these best practices and/or standards be utilized in the proposed program?

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

No

If Yes - Identify cite and describe the evidence. (1500 character limit)

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

While there is a growing body of research on the efficacy of SNAP programs on health, nutrition, poverty, etc., there is almost no research available on SNAP Matching programs that would demonstrate efficacy. It is reasonable to assume that if SNAP benefits themselves have a positive effect on food uncertainty (and the health effects therefrom) and on longer term health and poverty itself, then a SNAP match program that doubles the SNAP redemption for the purchase of fresh, nutritious food products would also be beneficial. The best review of this research is found in "SNAP Matters." For example, research in this volume demonstrates increased spending on food by SNAP recipients (without regard for the quality of the food purchased). Research by Leung, et al identified inadequate SNAP benefits as one barrier that influences nutrition among low-income households. This is a barrier that AHF addresses directly. Another barrier is the high cost of nutrient dense diets which AHF also addresses by supplementing SNAP/WIC benefits. No research on the benefits of actually addressing these barriers in a SNAP match program like AHF has been identified.

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

An important feature of the AHF program is its partnership with the MU School of Public Health which provides a Masters degree-level intern for most of the program year who assists with the daily operation of the program, provides educational outreach and assists with data collection and analysis. Having a public health component to the staffing assists with making sure AHF targets health outcomes. It is unlikely that many other SNAP match programs feature such a partnership. Another unique feature that assists the program's effectiveness is that it is managed by an organization which is not also responsible for operations of the farmers market thus making sure the focus stays on relieving hunger and promoting health which is not the mission of a farmers market.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

SF&C conducts six month surveys of clients to determine what aspects of the program are being received as helpful and effective in producing health outcomes (short term). These survey results are matched with data collected upon enrollment and analyses made to determine overall program progress in achieving objectives. This data provides SF&C with the ability to monitor demographic characteristics of the population served and overall participation rates and make adjustments in outreach efforts as necessary. SF&C is continually testing new ways of reaching eligible members of the target population that are not participating in its effort to spread benefits to a larger portion of the eligible population. Suggestions for specific ways to improve service delivery are also solicited from participants; those that can be incorporated into the AHF delivery system are used for making program changes.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

See above (f.) response. The bi-annual survey provides information to SF&C directly from consumers that is often used in program enhancements and accountability with sponsors. By sharing personal (but confidential) stories with potential supporters of the program, SF&C is better able to be effective in fundraising activities and build greater public awareness of program accomplishments and target population needs (such as better transportation options).

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

As noted above, SF&C maintains a number of partnerships the most routine collaborative has been the MU Schools of Public Health and Nursing. Increasingly, SF&C is attracting volunteers from its relationship with the MU Office of Service Learning also. Without these human resources, the AHF program would be very difficult for the SF&C board to manage on its own. Additional partnerships with other agencies working with the same population are important in our outreach efforts such as distribution of informational brochures via food pantries, Buddy Packs, WIC program staff, Love, Inc., faith-based organizations and others in the community. Many of these agencies make referrals to the AHF program to low-income families they serve. In addition, the Central Missouri Academy of Nutrition and Dietetics has been helpful in developing educational materials distributed via email blast.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 AHF Program Associate	MQ1 MS or equivalent in related field, e.g., nutrition, public health and minimum experience in working with similar populations and in program development and operations..	FTE1 0.25	SR1 FROM \$24,000.00	SR1 TO \$40,000.00
P2	MQ2	FTE2 0.00	SR2 FROM \$0.00	SR2 TO \$0.00
P3	MQ3	FTE3 0.00	SR3 FROM \$0.00	SR3 TO \$0.00
P4	MQ4	FTE4 0.00	SR4 FROM \$0.00	SR4 TO \$0.00
P5	MQ5	FTE5 0.00	SR5 FROM \$0.00	SR5 TO \$0.00
P6	MQ6	FTE6 0.00	SR6 FROM \$0.00	SR6 TO \$0.00
P7	MQ7	FTE7 0.00	SR7 FROM \$0.00	SR7 TO \$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for

each of those positions. (1500 character limit)

The AHF Program Associate will manage the daily operations of the program, including volunteer supervision (training and scheduling), program implementation, relationship management, board reports, database development and analysis, and program marketing and communication. The AHF program has grown to the point that a student intern is (usually) unable to effectively manage the operations of the program while also completing coursework required; in addition, the competition for Public Health interns has become more intense as other organizations and agencies are making use of this resource and offering more generous stipends than before. Given program goals, it seems advisable to increase the minimum qualifications desired and raise the stipend/salary provided for this part-time work. The experience of SF&C has recently indicated a likely qualified though small population of under-employed individuals in the area that could fit this position.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget

PROGRAM REVENUE	PROPOSED	% OF PROPOSED TOTAL
1. DIRECT SUPPORT		
A. Heart of Missouri United Way (300 character limit)	1A	1A%
	\$0.00	0
B. Other United Ways (300 character limit)	1B	1B%
	\$0.00	0
C. Capital Campaigns (300 character limit)	1C	1C%
SF&C is engaged in a capital campaign to develop a community agricultural park with three partners which has been successful in raising over \$2M for phase 1 construction at the Clary-Shy city park.	\$2,100,000.00	97
D. Grants (non-governmental) (300 character limit)	1D	1D%
	\$5,000.00	0
E. Fund Raising & Other Direct Support (300 character limit)	1E	1E%
SF&C will continue to raise funds from corporate foundations, local events, and public donations. These funds will help address program needs for populations not eligible for BCCSB support.	\$10,000.00	0
2. GOVERNMENT CONTRACTS/SUPPORT:		
A. Boone County - Children's Services Funding (300 character limit)	2A	2A %
The purpose of the BCCSB is directly relevant to the purpose of AHF, the promotion of the health of low-income families. Access to nutritional food products produced locally represents a more direct path to the development of healthy eating habits than relying on SNAP alone.	\$54,720.00	3
B. Boone County - Community Health Funding (300 character limit)	2B	2B %
An appropriate funding opportunity does not emerge until 2018-19 which leaves a gap in funding support, even if this proposal is not successful.	\$0.00	0
C. Boone County- Other Funding (300 character limit)	2C	2C %
	\$0.00	0
D. Funding from Other Counties (300 character limit)	2D	2D %
SF&C does not serve sufficient numbers of eligible persons to justify requests for funding from other counties. Local fundraising apart from BCCSB funding is more efficiently use of agency resources.	\$0.00	0

E. City of Columbia - Social Service Funding (300 character limit)	2E	2E %
	\$0.00	0
F. City of Columbia - CDBG/Home Funding (300 character limit)	2F	2F %
	\$0.00	0

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

SF&C is working with the MU Truman School's program in grant writing to try and identify funding opportunities to secure other funding sources. Having been rejected by HMUW after three attempts, it appears some external sources will be necessary to identify and solicit. Since SF&C and its partners are heavily involved in and committed to the development of the community agriculture park and the associated capital campaign, solicitation of AHF funding from local sources will likely be restricted.

Fund Source	Children's Services Fund - POS 2017
Funder	Boone County
Funding Cycle	#30-20JUL17
Name of Program or Project	Access to Healthy Food
Amount of Request	\$48,595.00
Record Lock	

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

Funds will be used to operate the AHF program, providing SNAP/WIC matching fund vouchers to clients with families with children under 19 and providing the resources to inform clients of AHF opportunity, and manage program operations. Funding will also be used to support a part-time program assistant to supervise volunteers, manage scheduling, build relationship, and provide educational assistance to clients.

c. Provide justification for the request for one-time funding. (600 character limit)

AHF provides increased access to nutritious food products from the Columbia Farmers Market encouraging clients to shop for healthy food products to reduce food insecurity and promote better health through stress reduction, relief from chemical allergens used in production and increasing ability of children to focus in school thus improving performance. Less than 25% of the eligible population is now enrolled in SNAP and the % of individuals "food uncertain with hunger" is high for Boone County.

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

SNAP/WIC MATCHING

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Provision of additional funding for recipients of SNAP and WIC benefits to purchase nutritious food.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Access to Healthy Food is a SNAP-Match program similar to many in the U.S., including Missouri. SF&C raises funds to match the first \$25 of SNAP or WIC benefits redeemed at the Columbia Farmers Market (CFM) each week. Households are enrolled based on their SNAP/WIC eligibility. Enrolled clients are introduced to the CFM staff and the procedures to be followed upon redemption by SF&C volunteers and MU Student interns. Enrollment involves completion of a digital form to facilitate collection of reliable, complete contact information. The information on this form is automatically recorded in an electronic database for future analysis. At enrollment, clients are provided with a simple cookbook with ideas for involving youth in the preparation of foods to eat. Six month evaluations are conducted to determine whether adjustments to the program would be helpful in promoting full utilization of benefits and document impact. SF&C collaborates with the CFM and the MU Schools of Public Health and Nursing as well as the MU Service Learning office to recruit interns to assist in program implementation. Collaboration also occurs with the Central Missouri Academy of Nutrition and Dietetics for access to reliable nutritional information to share with enrollees via blast emails and on-line blogs. In addition, SF&C develops and maintains relationships with other agencies in the County that serve the same population (low-income families with children under 19 years of age). In the past few years, AHF has provided support to County residents as well as residents of Columbia and smaller towns in the County (and a few outside Boone County). All enrollees will be residents who have income below 180% of the poverty level with children under 19. Special efforts are being made to recruit minorities who qualify for SNAP and encourage/support their use of the CFM products as a primary source of nutritious food with information explaining the important connection between local, fresh, food products that taste better than those found in commercial groceries. Enrollees are also encouraged to develop relationships with producers to learn how their food products are grown and treated. Interns are trained to be welcoming to diverse audiences, quick to identify language challenges and seek assistance when needed, and take care with the enrollment process, fully explaining how the program works and what food products qualify for purchase with AHF benefits. SF&C also raises funds to support other clients not eligible for BCCSB programs. In operation since 2011, the number of households served has steadily grown each year serving over 300 households in 2016 and more than 1000 individuals. The goal for 2017 is 350 households and 1300 individuals. SF&C conducts an annual evaluation which has demonstrated short term health benefits such as weight loss, reduction of allergies, better management of dietary needs (e.g., for diabetics), and better school performance through better focus.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One food voucher/token.

b. Unit Rate (#1)

\$1.16

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

N/A

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

This rate is based on several years' experience in program operation. The rate includes the costs for materials and supplies for program operation, as well as printing, communications, insurance and other operating costs not including personnel.

d. Total Number of Units of Service to be Provided (#1)

42000

e. Total Number of Unduplicated Individuals (#1)

1300

f. Average Number of Units of Service per Unduplicated Individual (#1)

32.31

g. Average Cost of Service per Individual (#1)

37.48

Service #1 - Service Fee**a. Will the proposed service (#1) consumers be charged a fee?**

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

N/A

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.**If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)**

N/A

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

N/A

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

N/A

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

No insurance firm provides coverage for "food" or the health benefits of nutrition that can accept billing from SF&C. Missouri does not participate in or provide funding to support SNAP-Match programs (Unlike some other states).

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

N/A

Service #1 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)**

No (if no, move on to the Funding Request section.)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$25.00	1a2. 1800	1a3. \$45,000.00
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$1,200.00	1e2. 1	1d4. \$1,200.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$48,595.00

b. Proposed Number of Units of Service (#1)

41892.24

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

AHF provides support unlike any other food provision agency in the County and is not supported by other funding sources other than the fundraising efforts by SF&C to support the program costs. BCCSB funding will support continuing program expansion and capacity to serve clients effectively. BCCSB funding may support proposals to other funders to serve other local populations (e.g., seniors/disabled).

Service #1- Performance Measures

Outcome (1-1)

Provision of voucher/match numbers will increase over 2017

Indicator (1-1)

The average number of vouchers claimed will increase by 20% in 2018 (over 2017).

Method of Measurement (1-1)

Records provided by Columbia Farmers Market as required by SNAP agency.

Additional Outcome (1-2)

Voucher users will experience lower stress rates related to food insecurity.

Additional Indicator (1-2)

At least 30% of AHF participants will report a reduction in stress levels after enrollment.

Additional Method (1-2)

Comparative scores on stress indicators on telephone survey vs. enrollment form rating.

Additional Outcome (1-3)

AHF vouchers users will report changes in health status benefitting one or more family members as a result of participation.

Additional Indicator (1-3)

At least 25% of AHF participants will report some sort of change in health they attribute to AHF participation for at least one member of family.

Additional Method (1-3)

Self report from telephone survey conducted at six month and 12 month interval.

Additional Outcome (1-4)

AHF participants will increase their utilization rate of vouchers to at least twice/month on average.

Additional Indicator (1-4)

40% of participants will increase their frequency of use to twice/month or more.

Additional Method (1-4)

Calculated from program statistics by AHF staff.

Additional Outcome (1-5)

Cumulative value of vouchers matched for AHF participants will increase in 2018.

Additional Indicator (1-5)

Total/Cumulative value of vouchers matched by AHF participants will increase 30% in 2018 over 2017.

Additional Method (1-5)

Records provided by Columbia Farmers Market as required by SNAP agency.

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

The number of vouchers distributed is directly related to the amount of nutritious food delivered to participants to improve health of adults and young people in families on SNAP/WIC. The more redemptions and vouchers received, the more likely it will be that more nutrient dense foods will be consumed in the family (instead of energy dense foods) and children will learn to enjoy fresh fruit and vegetables as much as or more than their chips and candy and sodas. Such consumption is more likely to improve healthy outcomes, especially in the short term.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

The primary external factors which may affect outcomes are the local employment rate, market hours vs. work hours, transportation to/from the CFM (especially on Saturdays), frequency of recommendations made by partners to SNAP/WIC clients and cultural factors that are not appreciated either by producers or consumers.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Measurement levels are based on prior years' experience and the expected rates of growth in participation and utilization. AHF has seen continuing growth in the number of clients served since 2011 and program inception. Overall, Boone County participation in SNAP programs has been declining as a result of increased employment opportunities and state restrictions on eligibility, so AHF growth rates have been adjusted with increased focus on outreach and utilization rate increases.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

SF&C uses the most efficient and economical methods of measurement available that will produce reliable information. Good record keeping, often required by external agencies, provides the data for some measures along with the enrollment form used by AHF. In addition, random telephone surveys of 30-50% of clients every six months, generally lasting about 10-15 minutes, are used to generate additional data that for comparison with enrollment data.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

SNAP/WIC MATCHING

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Provision of additional funding for recipients of SNAP and WIC benefits to purchase nutritious food.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The provision of vouchers to clients requires a growing number of hours of staff support for marketing, relationship building, education, enrollment, data collection and analysis as well as some support in the area of fundraising. Growing use of social media as a marketing and educational tool is important to success as is building/maintaining good relationships with agency partners serving the same audience. Keeping data files current and accurate also requires staff time/effort. As SF&C Directors are nearly all employed full time, this restricts the manpower resource provided by Directors. AHF has relied upon interns from the MU Schools of Public Health and Nursing since its inception. More recently, interns have been used from MU Office of Service Learning. Most of these intern volunteers have to be closely supervised, trained, scheduled for activities and monitored for performance for reporting purposes to campus offices. The increasing load calls for a part-time staff person to be employed to manage the operations of AHF. The abilities of this individual to communicate the importance of and techniques for working with diverse audiences, to manage program processes for enrollment and education and marketing, and to manage data collection and organization/analysis is extremely important to maintain successful program operations and accountability to funding agencies. This position will coordinate with the Food Bank on the Summer Lunch program to encourage more AHF participation as well as to help feed children through volunteer involvement, and coordinate volunteers for participation the Family Fun Nights operated by Columbia Parks & Recreation.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

One hour.

b. Unit Rate (#2)

\$12.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

N/A

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

SF&C anticipates hiring someone with a Masters degree in public health, nutrition, dietetics, or other field related to social policy, programs or social work. This rate is likely considerably below the starting salary for such a person, but it is anticipated that such resources may be available, at least in the short term in the area.

d. Total Number of Units of Service to be Provided (#2)

500

e. Total Number of Unduplicated Individuals (#2)

1200

f. Average Number of Units of Service per Unduplicated Individual (#2)

0.42

g. Average Cost of Service per Individual (#2)

5

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

N/A

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

The audience served is low-income and often may not be able to provide for basic living costs (e.g., housing, food, medical care, etc.) and would be unable to pay for such service.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

N/A

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

N/A

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

N/A

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>
	2a1.	2a2.	2a3.
a Boone County - Children's Services Funding (#2)	\$10.00	200	\$2,000.00
	2b1.	2b2.	2b3.
b. Boone County - Community Health Funding (#2)	\$0.00	0	\$0.00
	2c1.	2c2.	2c3.
c. City of Columbia - Social Services Funding (#2)	\$0.00	0	\$0.00
	2d1.	2d2.	2d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#2)	\$0.00	0	\$0.00
	2e1.	2e2.	2e3.
e. Heart of Missouri United Way Funding (#2)	\$0.00	0	\$0.00

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$5,000.00

b. Proposed Number of Units of Service (#2)

416.67

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

Proposal submitted to HMUW (unsuccessful) would have increased capacity to improve management of this program, thus relieving existing staff/volunteer resources to focus on the necessary fundraising to maintain program operation. AHF has been serving families outside Boone County and

seniors/disabled residents since 2016 and these costs are not covered by existing funding. Thus, considerable effort by the Directors is directed to additional fundraising.

Service #2 - Performance Measures

Outcome (2-1)	Indicator (2-1)	Method of Measurement (2-1)
Number of staff hours expended.	Hours expended will not exceed 10 hours/week.	Personnel records maintained by staff person and audited by Supervising Director.
Additional Outcome (2-2)	Additional Indicator (2-2)	Additional Method (2-2)
Training supplied to volunteers/interns working with AHF clientele.	Training materials prepared and delivered to volunteers/interns as necessary.	Written materials approved by Supervising Director.
Additional Outcome (2-3)	Additional Indicator (2-3)	Additional Method (2-3)
Accuracy of client records maintained.	Number of entry errors in database will not exceed 10/month.	Database audit by Supervising Director.
Additional Outcome (2-4)	Additional Indicator (2-4)	Additional Method (2-4)
Number of inter-agency relationships maintained.	Feedback on nature of relationship and frequency of contact to Supervising Director provided by external agencies.	monthly report by staff person to Supervising Director.
Additional Outcome (2-5)	Additional Indicator (2-5)	Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

The AHF program operation has grown sufficiently that the limited resources of SF&C Directors and volunteers cannot successfully manage operations and fund-raising themselves. In order for AHF to continue to recruit clients, build strong relationships with referring agencies, develop adequate data for drafting necessary reports and manage intern/volunteer resources, additional staff time is necessary. The requested amount would provide limited, but adequate assistance (expending approximately 25 minutes/family).

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

The primary variable affecting this aspect of the proposal is identifying and appropriate individual to assume the part-time position. Given the large professional population in Boone County, it is anticipated this possible obstacle can be overcome, even with a part-time position.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

The number of staff hours expended will be limited by funding available. The development of training materials and their implementation as measured by the audit conducted by the Supervising Director (MSW Director) seems adequate along with the likely reduction in errors and lack of complaints by external agencies or clients regarding volunteer performance.

d. Provide a rationale for each method of measurement (2). (600 character limit)

SF&C strives to be as efficient as possible in measurement of program performance using tools that feature existing data/information and concrete products. The Supervising Director will have a major responsibility in this instance to develop a plan for soliciting information from external agencies and reviewing data base entries each month. (Part of this task will be accomplished during submission of monthly invoices.)

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Service #3 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

b. Unit Rate (#3)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

- Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)
- Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)
- Provide a rationale for each method of measurement (#3). (600 character limit)

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

b. Service #4 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

b. Unit Rate (#4)
\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

d. Total Number of Units of Service to be Provided (#4)

0

e. Total Number of Unduplicated Individuals (#4)

0

f. Average Number of Units of Service per Unduplicated Individual (#4)

0

g. Average Cost of Service per Individual (#4)

0

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service #4 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)

Service #4 - Other Funders Chart

<u>Funders (#4)</u>	<u>Unit Rate (#4)</u>	<u># of Units Funded (#4)</u>	<u>Total Amount Contracted (#9)</u>
a. Boone County - Children's Services Funding (#4)	4a1. \$0.00	4a2. 0	4a3. \$0.00
b. Boone County - Community Health Funding (#4)	4b1. \$0.00	4b2. 0	4b3. \$0.00
c. City of Columbia - Social Services Funding (#4)	4c1. \$0.00	4c2. 0	4c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#4)	4d1. \$0.00	4d2. 0	4d3. \$0.00
e. Heart of Missouri United Way Funding (#4)	4e1. \$0.00	4e2. 0	4d4. \$0.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)

\$0.00

b. Proposed Number of Units of Service (#4)

0

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

Services #4 - Performance Measures

Outcome (4-1)	Indicator (4-1)	Method of Measurement (4-1)
Additional Outcome (4-2)	Additional Indicator (4-2)	Additional Method (4-2)
Additional Outcome (4-3)	Additional Indicator (4-3)	Additional Method (4-3)

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children’s Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing/Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

4.3.1. Negotiations may be conducted in person, in writing, or by telephone.

4.3.2. Negotiations will only be conducted with potentially acceptable proposals.

4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.

4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.

4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

AGREEMENT FOR PURCHASE OF SERVICES
Purchase of Service Contract
MU Center for Evidence-Based Youth Mental Health

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **The Curators of the University of Missouri (on behalf of Debora Bell, Ph.D. and the Psychological Services Clinic)** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **PSC**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, PSC has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY PSC

PSC is expected to the greatest extent possible to maximize funding from all other sources. PSC shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. PSC shall only request reimbursement for services not reimbursable by any other source. PSC shall not invoice the Children's Services Fund for units of service invoiced to another funding source. PSC shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** PSC will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and PSC's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over PSC's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from PSC and PSC agrees to furnish the **MU Center for Evidence-Based Youth Mental Health** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in PSC's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$469,000.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. PSC agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of PSC be renewed for an **additional one (1), one-year period**. PSC agrees and understands that the BCCSB may require supplemental information to be submitted by PSC prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Behavioral Health Assessment	One assessment	\$738.00	120	\$88,560.00
Individual Therapy – Child	One hour	\$102.00	1,120	\$114,240.00
Family Therapy	One hour	\$139.00	1,040	\$144,560.00
Group Therapy – Child	One session	\$40.00	366	\$14,640.00
Evidence-Based Practice Training	One hour	\$61.00	1,400	\$85,400.00
Development/Start Up	-----	-----	-----	\$21,600.00

All billing shall be invoiced to BCCSB monthly by the 20th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of PSC, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by PSC to monitor service delivery and program expenditures. PSC agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by PSC and, if so stipulated, are noted on this contract document. Payments may be withheld from PSC if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. PSC agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** PSC also agrees to make available to the BCCSB a copy of its annual audit upon completion by the auditing agency. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from PSC, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** PSC agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect PSC's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, PSC hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and

personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event PSC requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from PSC may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with PSC's policies and procedures and in accordance with any local/state/federal regulations. PSC agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. PSC must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** PSC will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** PSC agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to PSC's provision of such services.

14. **Accreditation/Licensure/Certifications.** PSC must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** PSC agrees that any conflicts of interest between its Board and/or employees and PSC shall be appropriately identified and managed.

16. **Subcontracts.** PSC may enter into subcontracts for components of the contracted service as PSC deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, PSC shall comply with all local, state, and federal laws.

Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** PSC agrees to comply with Missouri State Statute section 285.530. PSC also agrees that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. PSC shall require each subcontractor to affirmatively state in its Agreement with the PSC that the subcontractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

18. **Litigation.** PSC agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against PSC or any individual acting on the PSC's behalf, including subcontractors, which seek to enjoin or prohibit PSC from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If PSC ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if PSC no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, PSC will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event PSC, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to PSC as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should PSC fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, PSC shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the PSC for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, PSC agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **The Curators of the University of Missouri (on behalf of Debora Bell, Ph.D. and the Psychological Services Clinic** (meaning anyone, including but not limited to consultants having a contract with PSC or subcontractor for part of the services), or anyone directly or indirectly employed by PSC, or of anyone for whose acts PSC may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** PSC shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. PSC will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. PSC will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. PSC agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and PSC. The BCCSB does not recognize any of the PSC's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** PSC shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to PSC shall be mailed or delivered to:

The Curators of the University of Missouri
on behalf of Department of Psychiatry
Office of Sponsored Programs
115 Business Loop 70W
Mizzou North, Room 501
Columbia, MO 65211-0001

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

Service 5 – Evidence-Based Practice Training

1. Service 5/Unit Rate – The Unit Measure for the Evidence-Based Practice Training is currently listed as one hour. Unit Measures for trainings must be “one individual”.

Action Required: Complete the table below that reflects the output information for the required unit measure.

Per conversation with Kelly Wallis (11/17/17), we request that the Unit Measure continue to be “one hour” (per individual trained) for invoicing purposes. This is due to the high variability in time that individuals may spend participating in training activities. Tracking outputs by hour will provide the most accurate and fairest method of invoicing. In our experience, providers average 10 hrs each of participation, but this varies greatly. Depending on their specific areas of practice, training needs, and interest, providers can select from among several training activities offered throughout the year, including:

- Workshops and classroom-based learning (10-20 offered throughout the year, typically 1.5-4 hrs each)
- Learning collaboratives (biweekly group-based peer consultation meetings, typically 1 hr each)
- Individual case consultation (as-needed individual consultation with Dr. Hawley regarding evidence-based practice implementation or Therapy Tracker use; time varies)

To facilitate reporting to the Children’s Services Board and the public, we will make sure that we provide data on:

- Total number of unduplicated providers trained (proposed n=140)
- Hours of training per individual (average, range)

With these data, it will be possible to determine number of providers reached, extent of participation in available training, and average cost per provider. As requested by the county, we can also provide participation data by type of training activity (e.g., separately for

workshops, learning collaboratives, and consultation), or other data to facilitate meaningful reporting and evaluation of services.

Date: 11/2/2017

E-mail: grantsdc@missouri.edu

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of Debora Bell, Ph.D. and the Psychological Services Clinic)
Name of Program	MU Center for Evidence-Based Youth Mental Health

Organization Profile	
-----------------------------	--

1. The Governing Board does not list all the current Curators.
Action Required: Update the Governing Board section with all current Curator Members. All information fields need to be provided for all members.

Done.

Program Overview Form	
------------------------------	--

2. The Consumer Demographics section does not include the family members that are receiving Family Therapy services.
Action Required: Provide the number of adults that would receive family therapy. The Consumer Demographics section will need to be updated during final negotiations of the contract.

We estimate that approximately 24 adult caregivers (1.5 adults per youth) will be involved in Multisystemic Therapy (i.e., Service 2 Family Therapy). This accounts for the variability in composition of our families, with approximately half of our MST program youth living with 2 caregivers and half living with 1 caregiver.

3. The amount requested for Year 2 is less than Year 1 but the difference is not the development costs factored into Year 1.

Action Required: Provide clarification on the amount requested for Year 2 of funding.

The requested Year 2 amount equals the Year 1 costs minus the development costs, plus a 2% increase in personnel costs as recommended by our fiscal office and the corresponding increase in indirect rates. The associated unit cost increases for each service are as follows: Service 1 = \$15, Service 2 = \$2, Service 3 = \$2.50, Service 4 = \$.50, Service 5 = \$1. We request these increases only if we incur actual personnel cost increases.

Program Services Form (1-5)

4. The unit measure is not provided for Service 1. The unit measure needs to be 'one assessment'.

Action Required: Provide the unit measure for Service 1 in the attached 'Service Change Table'.

1 assessment

5. Under current Boone County Children's Services Fund Purchase of Service contracts, the maximum rate of reimbursement for Behavioral Health Assessments is \$480 and are provided by licensed mental health professionals.

Action Required: Provide the name of the assessment being provided and a revised unit rate.

<p>Behavioral Health Assessment is the taxonomy category that most closely describes our evaluations for clients who cannot afford to wait 12-18 months or pay \$800-\$1000+ out-of-pocket.</p> <p>We work with several other agencies who rely on our evaluations to support their services (e.g., FACE, Great Circle, Burrell), as well as several community providers who benefit from beginning treatment with clients for whom diagnoses and treatment recommendations have already been established. However, we simply cannot afford to subsidize a greater portion of this service than we have now budgeted.</p> <p>professionals, including doctoral student trainees who conduct the interviews, administer and interpret all instruments, draft the report, and provide feedback to families, and a supervising licensed psychologist who works with the trainee to finalize the report and signs off on all assessment results and reports. Time involved in completing the assessment, interpreting results, preparing the report, and communicating with families and referral sources equals approximately 7-10 hours per assessment, (3-4 hours of direct contact with the youth, family, and other informants; 4-5 hours of scoring, interpretation, and report preparation; up to 1 additional hour to manage referral process). In addition, because we are committed to working with families to monitor and maximize follow-through with treatment recommendations, we spend additional time (often .5-1 hour) in post-assessment communication with families and other providers.</p> <p>After careful review of this service and our cost to provide the service, we are able to lower our proposed unit rate by a small amount, to \$738. This is below our currently funded rate of \$798/eval (funded through a BCCSF Pilot contract), and in fact, is lower than our cost to provide the service (our costs total just over \$870/evaluation). We have lowered our proposed rate by asking the MU PSC to subsidize additional costs associated with staff time and supplies that support this service, as well as by increasing the client fees we will charge for the service (which we estimate will increase our average client co-pay from \$10 to \$35 per evaluation).</p> <p>We recognize that the proposed amount is still high compared to the amount quoted (in the query) for current POS contract evaluations. However, we would argue that our comprehensive diagnostic evaluations and evidence-based treatment recommendations fill a critically important community need. There are few other community options for similar</p>

6. The amount requested needs to be adjusted to reflect the unit rate and total number of units to be provided.

Action Required: Provide an updated funding request amount and the number of units that will be funded by the Boone County Children's Services Fund on the attached table.

See attached Table.

7. The Outputs section states 120 unduplicated individuals will to receive a Behavioral Health Assessments but there are 136 youth listed in the consumer demographics.
Action Required: Provide clarification on why Behavioral Health Assessments are not performed for all 136 unduplicated individuals.

There are 16 youth (Service 3: Multisystemic Therapy) for whom we do not perform the traditional Service 1 Behavioral Health Assessment. These youth are referred directly to the MST program from the Juvenile Office; this program includes baseline assessment that is specifically tailored to juvenile offenders and the longstanding MST program and that is administered in the context of the ongoing intervention. Thus, the Service 1 assessments are not considered appropriate for these youth. All other youth (specifically, in Services 2 & 4) receive Service 1 assessment.

Service 2

8. The unit measure is not provided for Service 2. The unit measure needs to be 15 minutes or 1 hour of Individual Therapy – Child.

Action Required: Provide the unit measure for Service 2 in the attached table.

1 hr

9. The unit rate has increased significantly from the current contract amount.

Action Required: Provide a best and final offer for the unit rate for this service in the field below.

By working with the MU PSC to subsidize the majority of office staff and supply costs associated with this service, we are able to propose a revised “best and final offer” of \$102 per hour unit rate*. Please note that this rate reflects our remaining costs to provide this service, adjusted for MU PSC and department support and client fees.

* Note that if we this rate is based on approval of Service 1. If we are unable to continue Service 1 assessments, we will explore ways to incorporate briefer psychodiagnostic assessments into Service 2. Although we will be unable to complete the full comprehensive assessments, we rely on careful and thorough assessment to guide our evidence-based treatment. Thus, our unit rates for Service 2 would likely need to be increased to accommodate this adjustment.

10. The amount requested needs to be adjusted to reflect the unit rate and total number of units to be provided.

Action Required: Provide an updated funding request amount and the number of units that will be funded by the Boone County Children's Services Fund on the attached table.

See attached Table

Service 3

11. The unit measure is not provided for Service 3. The unit measure should be 15 minutes or one hour.

Action Required: Provide the unit measure for Service 3 in the attached table.

1 hr

12. The unit rate has increased significantly from the current contract amount.

Action Required: Provide a best and final offer for the unit rate for this service in the field below.

By working with the MU PSC and Department of Psychological Sciences to subsidize a portion of office staff and supply costs associated with this project, we are able to propose a revised "best and final offer" of \$139 per hour unit rate. Please note that this rate reflects our remaining costs to provide this service, adjusted for MU PSC and department support. It is also well below rates for comparable MST services in other communities (partly because as one of the program developers, Dr. Borduin receives a waiver of approximately \$6500 in annual site and team license fees typically charged by MST Services, Inc).

13. The number of individuals to be served appears to not include the family members that will be receiving Family Therapy services.

Action Required: Provide the total number of unduplicated individuals that includes family members receiving Family Therapy.

40 unduplicated individuals, including 16 youth (primary clients) and an average of 1.5 adult caregivers per youth (n=24).

14. The amount requested needs to be adjusted to reflect the unit rate and total number of units to be provided.

Action Required: Provide an updated funding request amount and the number of units that will be funded by the Boone County Children's Services Fund on the attached table.

See attached Table.

Service 4

15. The unit measure is not provided for Service 4. The unit measure should be 15 minutes or one hour.

Action Required: Provide the unit measure for Service 4 in the attached table.

1 group session per individual client (1.5-2hrs each)

16. The outputs are unclear if the unit rate and total number of units provided are per one child or one group therapy session.

Action Required: Provide clarification on if the outputs are for one child or one group session.

Outputs are calculated as attendance at one group therapy session by an individual client (or parents of the youth client). We propose a total of 366 group therapy sessions for 21 youths (groups for anxiety or disruptive behavior = 18 youth/parents at 12 sessions each, DBT groups = 3 clients at 50 sessions each). Note that all of these youth are expected to also participate in Service 1 (Behavioral Health Assessment). Youth in DBT groups are also required to participate in Service 2 (individual therapy).

Service 5

17. The unit measure is not provided for Service 5. The unit measure should be 'one individual'.

Action Required: Provide the unit measure for Service 5 in the attached table.

1 hour per individual provider

18. How are these trainings different than the trainings currently offered by FACE?

Action Required: Provide a narrative that explains the difference between the professional development trainings/workshops offered through this contract and the FACE contract.

MU CEBYMH specifically provides (currently funded through Pilot contract) and proposes to continue to provide training for mental health service providers. In addition to training MH service providers, the FACE proposal outlines a number of outreach and training initiatives targeted toward youths, families, teachers and community members (non-specialty MH providers), that are independent of MU CEBYMH's training. The proposed mental health provider trainings are a collaboration between MU CEBYMH and FACE. Specifically, MU CEBYMH will support the delivery of high quality, interactive, evidence-based assessment and treatment workshops that are provided throughout the year, free of charge, to any provider working with Boone County youths 0-19 yrs. The PSC administrative support and the affiliation with the APA- and PCSAS-accredited doctoral program at MU allows these trainings to count toward continuing education requirements for most Missouri-licensed mental health providers. This MU CEBYMH proposal will support faculty and staff time to provide (1) formal workshops in evidence-based practice (EBP), (2) EBP learning collaboratives, (3) individual EBP consultations, and (4) measurement-based therapy feedback support through the Missouri Therapy Tracker. These four training components are currently supported by our Pilot and will not be possible to continue without continued funding.

Through our ongoing collaboration with FACE, FACE proposes (in their current proposal) to support the following enhancements to our provider trainings: (1) additional trained experts to expand the content of available EBP workshops (e.g., Keith Herman for motivational interviewing; Kelly Schieltz for applied behavior analysis), (2) additional training targeted to Boone County School MH Coalition regional coordinators and school counselors and FACE's clinical case managers and community liaisons, (3) coordination of training offerings with empirically-identified community needs (specifically, FACE's integrated data management system tracks youth/family needs, available services, and clinical outcomes so that CEBYMH offerings can be targeted to address real gaps in the availability or in the quality of care in Boone County), and (4) greatly expanded incentives for pursuing and completing training to encourage more providers to take advantage of training and to make real changes to their day-to-day practice (e.g., variety in timing and location of various trainings to include Burrell and FACE, not just MU; supporting supply costs for therapist toolkits; providing refreshments at each training; providing monetary payment to compensate providers for missed work time and for implementing the Therapy Tracker with clients). These enhancements are supported by FACE and will not be possible without continued collaboration and support from FACE.

In short, CEBYMH and FACE each provide separate but interlocking pieces of a comprehensive, data-driven provider training program. Our contribution is the provision of expert-led workshops, learning collaboratives, and consultations, as well as provision of a useful therapy tracking and outcomes monitoring tool. Our collaboration with FACE allows us to make our MU CEBYMH trainings more data-driven and responsive to the specific needs of Boone County, and supports ways to help providers take full advantage of the offerings.

19. The total requested amount to provide Evidence-Based Practice Training is high.

Action Required: Provide your best and final offer for this service.

By working with the MU PSC to subsidize office staff costs and with FACE to support most supply costs associated with this project, we are able to propose a revised "best and final offer" of \$61 per hour unit rate. Please note that this rate reflects our remaining costs to provide this service, adjusted for MU PSC and FACE support.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

20. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Organization Name: The Curators of the University of Missouri (on behalf of Debora Bell, Ph.D. and the Psychological Services Clinic)				
Program Name: MU Center for Evidence-Based Youth Mental Health				
Program Outputs from all funding sources (including Children's Services Fund):				
Service:	Unit Measure:	Unit Rate:	Total # of Units to be Provided:	Total # of Unduplicated Individuals
Behavioral Health Assessment	1 assessment	738	120	120 (unduplicated)
Individual Therapy – Child	1 hour	102	1120	80 (also included in Service 1)

The Curators of the University of Missouri (on behalf of Debora Bell, Ph.D. and the Psychological Services Clinic)

Attn: Dr. Debora Bell, Director

211 South 8th Street

Columbia, MO 65211

belldeb@missouri.edu

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Dr. Bell:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymmo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda Bobbitt", with a stylized flourish at the end.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Columbia, MO 65201

RE: Boone County POS Contract for The Curators of the University of Missouri/ Debora Bell, Ph.D

Enclosed please find the above-referenced proposal which is being submitted on behalf of The Curators of the University of Missouri. The project director is Debora Bell, Ph.D. at the University of Missouri-Columbia.

If our proposal is favorably received, we respectfully request the opportunity to negotiate the terms and conditions of any agreement forthcoming. In anticipation, we have reviewed the RFP's proposed terms and conditions. Our concerns include, but are not limited to, the following (proposed additions are underlined):

Boone County Insurance Requirements

The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide, or Contractor may provide evidence of a self-funded program of coverage.

Reasoning: It is not possible to add an additional insured to the self-insurance plan and the University is not willing to obtain separate insurance for any specific project. The University is partially immune from tort liability since it is an instrumentality of the State of Missouri and the University carries insurance (commercial and/or self insurance) as permitted by State statute 537.610 RSMo., 1994. The University is qualified as a self-insurer under the Workers Compensation law of the State of Missouri. In addition, the University is also self-insured for general liability and for automobile liability insurance. These University self-insurance programs shall be used to cover any applicable claims concerning this project.

Indemnity Agreement

To the fullest extent permitted by law and without waiving sovereign immunity, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Reasoning: The University is a governmental entity of the State of Missouri. As such, it has sovereign immunity from most tort actions and cannot agree to indemnify and hold harmless others in situations in which the legislature has provided such sovereign immunity (Article VI, Section 26a, Missouri Constitution Sect. 172.250, RSMo., 1994)

Attachment D—2017 Agency Assurance Sheet

- *Certificate of Corporate Good Standing*

Reasoning: We will be unable to provide a Certificate of Corporate Good Standing. RPR Section III Minimum Eligibility Criteria states "any tax-exempt, not organized for profit agency or governmental entity" should be eligible. We are a public corporation per the statute below:

172.020. Pursuant to sections 9(a) and 9(b) of article IX of the Missouri Constitution, the state university is hereby incorporated and created as a body politic and shall be known by the name of "The Curators of the University of Missouri", and by that name shall have perpetual succession, power to sue and be sued, complain and defend in all courts; to make and use a common seal, and to alter the same at pleasure; to take, purchase and to sell, convey and otherwise dispose of lands and chattels, except that the curators shall not have the power to subdivide, sell or convey title to any land contained within a university campus or to subdivide, sell or convey title to any portion of any parcel of land containing in excess of twenty-five hundred contiguous acres unless such transaction is approved by the general assembly by passage of a concurrent resolution signed by the governor. The curators shall not sell, trade or otherwise convey or permit the severance of timber, minerals or other natural resources, unless the curators comply with bidding procedures established by rule that mandate notice of the transaction be provided in a manner reasonably calculated to apprise prospective purchasers. Such rule or rules must at a minimum require at least one notice of the transaction be published in a newspaper of general circulation where the resources are located. The curators may act as trustee in all cases in which there be a gift of property or property left by will to the university or for its benefit or for the benefit of students of the university; to condemn an appropriate real estate or other property, or any interest therein, for any public purpose within the scope of its organization, in the same manner and with like effect as is provided in chapter 523 relating to the appropriation and valuation of lands taken for telegraph, telephone, gravel and plank or railroad purposes; provided, that if the curators so elect, no assessment of damages or compensation under this law shall be payable and no execution shall issue before the expiration of sixty days after the adjournment of the next regular session of the legislature held after such assessment is made, but the same shall bear interest at the rate of six percent per annum from its date until paid; and provided further, that the curators may, at any time, elect to abandon the proposed appropriation of property by an instrument of writing to that effect, to be filed with the clerk of the court and entered on the minutes of the court, and as to so much as is thus abandoned, the assessment of damages or compensation shall be void.

Please contact Hannah Clampitt at 573-884-7757 or clampitth@missouri.edu for any administrative questions and/or negotiations. You may contact the PI directly for technical questions.

We appreciate your consideration of this proposal.

Sincerely,

Karen M. Geren

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.

- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

- 1) Instructions and General Conditions
- 2) Introduction and General Information
- 3) Program Information and Requirements
- 4) Application Information
- 5) Attachment A - Organization Assurance Sheet
- 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
- 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1) one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://clk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. **Competitive Negotiation of Proposals:**
The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and The Curators of the University of Missouri (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.
2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

5. SSA agrees to establish a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF THE DEPARTMENT OF HOMELAND SECURITY

1. Upon completion of the Form I-9 by the employee and the Employer and after SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct:

- Automated verification checks on newly hired alien employees by electronic means, and
- Photo verification checks (when available) on newly hired alien employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify.. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, and U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act and federal criminal laws, and to ensure accurate wage reports to the SSA.

7. DHS agrees to establish a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the E-Verify Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

- A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.
- B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.

5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a

Company ID Number: 62231

rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify ; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$500 and \$1,000 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ any employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the the SSA verification response has been given.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, support for any unlawful employment practice, or any other use not authorized by this MOU. The Employer must use E-Verify for all new employees and will not verify only certain employees selectively. The Employer agrees not to use E-Verify procedures for re-verification, or for employees hired before the date this MOU is in effect. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and the immediate termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III.B. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1 (l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification to verify work authorization, a tentative nonconfirmation, or the finding of

Company ID Number: 62231

a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

Company ID Number: 62231

ARTICLE III

REFERRAL OF INDIVIDUALS TO THE SSA AND THE DEPARTMENT OF HOMELAND SECURITY

A. REFERRAL TO THE SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a referral letter and instruct the employee to visit an SSA office to resolve the discrepancy within 8 Federal Government work days. The Employer will make a second inquiry to the SSA database using E-Verify procedures on the date that is 10 Federal Government work days after the date of the referral in order to obtain confirmation, or final nonconfirmation, unless otherwise instructed by SSA or unless SSA determines that more than 10 days is necessary to resolve the tentative nonconfirmation..
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO THE DEPARTMENT OF HOMELAND SECURITY

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an alien who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when

Company ID Number: 62231

the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even

Company ID Number: 62231

without changes to E-Verify, the Department reserves the right to require employers to take mandatory refresher tutorials.

Termination by any party shall terminate the MOU as to all parties. The SSA or DHS may terminate this MOU without prior notice if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine.

Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

The employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, and responses to inquiries under the Freedom of Information Act (FOIA).

The foregoing constitutes the full agreement on this subject between the SSA, DHS, and the Employer.

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify Operations at 888-464-4218.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?
Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.
 - b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?
Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.
 - c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 -- *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Program Overview (V3)

Children's Services Fund - POS 2017 (BCCSB Review...

Quick View Information

Grant	Children's Services Fund - POS 2017 (BCCSB Review ends 09/15/2017 5:00 AM CDT)
Organization Name (will aut...	The Curators of the University of Missouri (on behalf of Debora Bell, Ph.D. and the Psychological Services Clinic)
Fund Source	Children's Services Fund - POS 2017
Funder	Boone County
Funding Cycle	#30-20JUL17
Name of Program or Project	MU Center for Evidence-Based Youth Mental Health
Amount of Request	\$507,920.00
Record Lock	

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The MU Psychological Services Clinic's Center for Evidence-Based Youth Mental Health's (CEBYMH) mission is to serve the mental health (MH) needs of children, youth, and families from Boone County and surrounding communities by providing evidence-based assessment and treatment, and training providers in these services. In pursuing this mission, the CEBYMH addresses several community-level issues. First, CEBYMH's evidence-based services directly address many common and impairing youth MH conditions. National data indicate 20-30% of youth will meet criteria for a severely impairing MH disorder during their lifetime (Merikangas et al., 2010); state and local data show similar rates (SAMSHA, 2015; MO DMH, 2017a, 2017b). The Boone Impact Group (BIG; 2017) identified youth legal involvement and intentional self-injury as particularly important MH issues facing our county; both are specific foci of our services. Second, our work with families, schools, and community addresses BIG-identified family/community factors that increase risk for youth MH conditions, including child abuse/neglect, and family and neighborhood poverty (BIG, 2017). Finally, our focus on improving health and education outcomes can directly and indirectly affect many BIG-identified community issues (e.g., education attendance and attainment, hospitalization, healthcare utilization, employment opportunities affecting future income), as well as rates of youth MH disorder.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The CEBYMH program targets two Boone County populations: (1) youth and their families in need of MH services, and (2) MH providers who serve youth and families. We serve children/youth from 3 to 19 in the context of their families, homes, schools, and community. Most of our clients reside within the city of Columbia, are white and non-Hispanic, and are in families below 200% of the poverty line. Compared to county demographics, our clientele is similar in age and racial/ethnic makeup, but somewhat more likely to reside within city limits, and includes an over-representation of children in poverty and, not surprisingly, with significant MH issues (BIG, 2017; US Census Bureau, 2017). Youth seen for assessment are of slightly lower SES and higher minority representation than those in treatment. These data reflect our goal to serve high-need, low-resource youth who have traditionally been the least likely to receive needed MH care. Our provider training targets all MH providers who serve Boone County youth. The exact number of MH providers

currently working with county youth is unknown, but a recent report to BCCSB identified 60 agencies/programs that provide youth housing, respite, healthy lifestyle, and MH services (MU Institute of Public Policy, 2014). Staff from many of these agencies (and almost all of the MH treatment providing agencies) have participated in our training program, as have numerous private practitioners.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

To increase access to evidence-based youth mental health assessment and treatment that result in accurate diagnosis and evidence-based treatment recommendations, reduced emotional and behavioral symptoms and diagnoses, increased adaptive functioning, and maintenance of gains after treatment ends.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

CEBYMH is part of the MU Psychological Services Clinic, a training and service delivery clinic that provides evidence-based MH care to children, families, and adults. Established 2.5 years ago with support from BCCSB funds, CEBYMH is a vibrant environment, nationally-recognized for excellence in science-based training and service delivery, interdisciplinary collaboration, and campus-community partnerships. The proposed program will allow us continue the CEBYMH's successful assessment, treatment, and training services. The proposed program includes 5 inter-related evidence-based services (individuals may be duplicated across 1-4): (1) Behavioral Health Assessment that provides families with diagnostic conclusions and recommendations and referrals for evidence-based treatment, (2) Individual Child Therapy for a range of problems, (3) Multisystemic Family Therapy for juvenile offenders, (4) Group Therapy for select problem areas, and (5) Provider Training in Evidence-Based Practice, an innovative program to increase community providers' use of evidence-based practice. Assessment and treatment are provided by doctoral trainees in clinical, counseling, and school psychology, under the supervision of licensed psychologist faculty. Community providers participate in a variety of training activities to increase their skill and use of evidence-based practices, including routine outcomes monitoring using Therapy Tracker, a state-of-the-art therapy and client monitoring system.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Consumers served by the PSC CEBYMH include: (1) youth and their families, and (2) MH services providers. Youth clients represent a broad range of ages, socioeconomic and family backgrounds, and presenting problems. Our target population for this application includes children aged 3 to 19 years, and their caregivers, who reside within Boone County and who are seeking mental or behavioral health care. The majority of clients seen in 2016 resided within Columbia, were white and non-Hispanic, and were in families below 200% of the poverty line. Youth seen for assessment were of slightly lower SES and higher minority representation than those seen in treatment. Over 90% of clients were of school age (elementary to high school). Common youth problems addressed include anxiety disorders and phobias, obsessive compulsive disorder, Tourette's and tic disorders, trichotillomania and excoriation disorders, depression and suicidality, PTSD, oppositional/defiant and conduct disorders, juvenile offending, ADHD, substance use concerns, borderline personality features/disorder, academic difficulties, parenting issues, and relationship distress. These characteristics suggest that our clientele is generally representative of Boone County youth in age and racial/ethnic makeup, although includes an over-representation of children in poverty and with significant MH issues (BIG, 2017; US Census Bureau, 2017). Targeted MH providers include those serving youth in Boone County.

b. Why will these particular consumers be served? (1500 character limit)

National and local data indicate up to 20% of youth are in need of mental health (MH) services (Costello et al., 2005; MU Institute of Public Policy, 2012; Thirteenth Judicial Circuit, 2014; Weisz & Hawley, 2002). However, 50-75% of these youth never receive needed services (Achenbach et al., 2003; Ringel & Sturm, 2001); barriers include lack of available providers, long wait times, family's inability to pay for services (MU Institute of Public Policy, 2011). County surveys suggest limited access to affordable MH services remains a critical concern for Boone County (MU Institute of Public Policy, 2014). For families who do manage to access MH care, that care is often not evidence-based and outcomes are frequently sub-optimal (e.g., Bickman et al., 2000; Thirteenth Judicial Circuit, 2014; Weisz et al., 2013), particularly for low income families (Jensen-Doss et al., 2011; Powell et al., 2013). Given the long lag from research to practice (Balas & Boren, 2000; Westfall et al., 2007), it is not surprising that many providers lack adequate training in current research supported treatments. These data, along with county data indicating that many of our youth struggle with environmental and personal issues such as poverty, maltreatment, intentional self-injury, juvenile office contacts, and poor educational outcomes (BIG, 2017), suggest a pressing need to increase accessible, affordable, evidence-based services for Boone County youth.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Primary challenges to serving our clients include the typical service barriers of client and provider resources, and availability of services. BCCSB funding has allowed us to create and maintain a thriving CEBYMH, but we remain a small clinic. Typical of youth most in need of MH services, our clients have limited financial, emotional, and instrumental resources to pursue services. Providing family-centered, evidence-based, low/no-cost services in an accessible downtown clinic or clients' homes, and partnering with other community providers, allows us to leverage BCCSB funding and our impact.

d. Total number of unduplicated individuals to be served by the proposed program:

276

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

2779.43

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

140

b. Provide information on the types of training that will be offered. (1500 character limit)

Our provider training is designed to increase the availability of evidence-based services in Boone County by offering training in EBP to service providers across MH disciplines (e.g., psychology, counseling, social work). Training is open to any MH service provider who serves Boone County youth and includes ongoing opportunities to learn new evidence-based treatments, discuss cases, rehearse new behaviors with feedback on performance, and receive printed materials and post-training consultation and reinforcement of new skills. We also offer training in routine monitoring of client progress, a central aspect of evidence-based practice. Our online "Therapy Tracker" tool allows clinicians and clients to monitor youth progress by tracking therapist, caregiver, and youth reports of session activities and youth symptoms (Athay et al., 2012; Hawley, 2013; Weisz et al., 2011). Training opportunities will include graduate-level coursework in EBP that providers are invited to attend, multiple half-day workshops in specific youth evidence-based treatments identified as critical community needs, learning collaborative groups and individual professional consultation to support EBP implementation in providers' ongoing practice, and training and support in use of Therapy Tracker for session-by-session tracking of EBP implementation and client progress. Providers may participate in all training activities or select specific activities that fit their needs and availability.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

Clinic-based assessment and treatment services are typically provided at the PSC, with some services provided in home or community locations as indicated by research evidence. The PSC is in downtown Columbia, 211 S. 8th Street. Hours are Monday 9-7, Tues-Thurs 9-8, Fri 9-5. MST services are provided in the home, school, and community at the mutual convenience of therapist and family. Provider training is typically scheduled on weekdays at various campus and community locations; dates and locations are chosen based on room availability, convenience, and size to accommodate participants.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character

limit)

Eligibility criteria include: 3-19 year old youth residing in Boone County; presenting concerns indicating utility of a behavioral health assessment or outpatient MH treatment. MST services require referral by Juvenile Office. PSC refers out individuals who require more intensive immediate intervention (e.g., hospitalization), or who require only comprehensive developmental (e.g., autism spectrum disorder) or legal (e.g., child custody, abuse verification) assessment or medication management. More intensive or psychiatry services may occur in conjunction with ongoing therapy at the PSC.

c. Will program consumers be charged a fee for the proposed program service(s)?

Yes

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Clients pay a fee for all services except MST. For groups, clients pay a flat fee. For other services, clients whose services are covered by insurance are charged their insurance-determined co-pay. Uninsured or underinsured clients pay a fee based on our income-based fee assistance schedule. Medicaid clients do not pay an out-of-pocket fee, consistent with their Medicaid coverage (requiring no out-of-pocket payment) and to remove this barrier for these very low income clients. MST service clients are not charged for services, to remove financial and motivational barriers to treatment.

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Narrative

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Yes

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

PSC clients who are uninsured or underinsured are charged an out-of-pocket fee based on our income-based fee assistance schedule. Our fee assistance schedule (updated in July, 2016) is comparable to fee schedules at university-based training clinics in communities similar to Boone County. We considered federal poverty data and an average family size of 4 in determining income/fee categories; family size is not considered separately in fee determination. For all clients except Medicaid and MST clients, the minimum session charge is \$10, with amounts increasing based on family income.

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

/document/download/filename/1499965147_40756_PSCFeeAssistance7-1-16-distributioncopy.docx/

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Narrative

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

The PSC CEBYMH services are provided as part of the clinical psychology doctoral training program at the MU Department of Psychological Sciences. These services are not separately accredited or licensed, but are evaluated as part of the program's accreditation. In addition, they meet standards for doctoral and post-doctoral preparation for licensure of health service psychologists in Missouri (and most other states).

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

American Psychological Association Commission on Accreditation; Psychological Clinical Science Accreditation System

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

APA: continuous accreditation since 1959; current accreditation effective through 2021; PCSAS: 2011-2021.

If Yes - Provide a description of the accreditation process: (600 character limit)

APA and PCSAS accreditation are designed to protect the public and ensure quality preparation of health service psychologists. Both are regulated by the Council of Higher Education Accreditors; APA is also regulated by the USDE. Accredited programs must meet comprehensive standards to ensure quality of training and competence of program graduates, including readiness for licensure, in the scientific knowledge base and practice of psychology. Program review involves annual reporting of program characteristics and outcomes, with lengthier reports and site visits every 3-10 years.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

The APA Task Force on Evidence-Based Practice with Children and Adolescents (EBPCA; APA, 2008) outlines the definitions, assumptions, principles, scientific underpinnings, implementation, and training of youth evidence-based practice. These best practices dictate that assessment should be scientifically-grounded and guide diagnosis, treatment planning and intervention; that treatment should utilize research supported treatments wherever possible; and that services should be guided by ongoing monitoring with scientifically-based assessments including both clinician and client input.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The EBPCA best practice standards are central to CEBYMH services. They are reflected in our behavioral assessments; individual, family, and group treatments; and provider training. Further, our services are developmentally and culturally sensitive and family-centered, consistent with APA's three-part definition of evidence-based service, which encompasses demonstrated research support for the specific diagnosis or problem area, clinician expertise in psychological therapy with youth, and sensitivity to individual youth/family characteristics, culture and preferences (APA, 2006).

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

A primary goal of the CEBYMH is to provide evidence-based MH services and to train others in the use of these services. Our behavioral health assessments and ongoing client monitoring use empirically-supported instruments (e.g., Child and Adolescent Symptom Inventory-5 for DSM-5 disorders; Gadow & Sprafkin, 2013; Youth Outcomes Questionnaire; Burlingame et al., 2004) to diagnose youths' MH disorders and problem behaviors, identify personal and environmental resources and strengths, and develop recommendations for evidence-based treatment. We use several evidence-based individual, family, and group treatments to address the variety of issues faced by Boone County youth (e.g., Interpersonal Therapy for Adolescent Depression, Mufson et al., 2004; Exposure plus Response Prevention for OCD, March & Mulle, 1998; Trauma-Focused CBT, Cohen et al., 2006; Multisystemic Therapy, Henggeler et al., 1998; Dialectical Behavior Therapy, Linehan, 1993; group parent behavior therapy for youth disruptive behaviors, Kaminski & Claussen, 2017). Research supports each of these established treatments' ability to reduce symptoms or problem behaviors in youth (Society of Clinical Child and Adolescent Psychology, 2017). Our provider training employs validated measures to evaluate provider knowledge about, attitudes toward and use of evidence-based treatments and resulting client outcomes (e.g., Cognitive Behavioral Therapy Adherence Measure, Hawley, 2013; Top Problems Assessment, Weisz et al., 2011).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Several unique and innovative features enhance the quality of CEBYMH services. First, because the CEBYMH grew out of a strong clinical science academic department, an evidence-based approach is at the core of the program's identity; we adopt this EB approach in all of our activities and services. This benefits our clients, whose services are grounded in scientific evidence, and our trainees, for whom EBP also becomes central to their practice. Second, program faculty are accomplished and well-respected leaders in professional training, and in dissemination, implementation and evaluation of evidence-based practices. Our faculty include the co-developer of MST, arguably the most effective treatment for juvenile offenders; developer of the Therapy Tracker and CBT Adherence Measure, useful tools for monitoring client progress and clinician adherence to EBP; and local and national experts in evidence-based assessment, Dialectical Behavior Therapy, training program development, and education of MH professionals. This collective expertise enables the CEBYMH to provide cutting edge treatments and training. Finally, CEBYMH is uniquely positioned to participate in development and evaluation of methods to routinely monitor therapy process and outcomes. Increasingly expected, routine monitoring is still foreign and cumbersome to many clinicians and clients; we are at the forefront of developing feasible, effective methods critical for widespread adoption of this EBP.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Our quality improvement process includes several clinic-wide procedures to systematically track and improve services and client outcomes. A quality assurance committee regularly audits client charts to ensure clinicians are adhering to clinic policies for client contact and service documentation. A utilization review team reviews clients' treatment plans and progress to ensure treatment is guided by measurable goals, and that progress on goals guides future treatment decisions. Ongoing supervision, with regular observation of therapy sessions, allows clinicians and supervisors to evaluate clinicians' adherence to EBPs and clients' responsiveness to treatment. Two additional QA procedures allow us to obtain data that are more objective, immediate, and involve clients more directly in the evaluation process. We administer the Youth Outcomes Questionnaire (Burlingame et al., 2004) to parents (and older youth) before each session; the Y-OQ allows us to track client engagement in therapy, symptoms, and functioning and we can use this information immediately in the treatment session. We end each session with the Therapy Tracker, to evaluate how well the clinician has implemented the evidence-based treatment, youth and family engagement, and progress on top problems. Together, these measures can help clinicians determine when treatment is working well vs. warrants modification. Finally, our post-treatment client satisfaction survey allows us to evaluate overall service delivery.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Client feedback about their experiences is typically collected at two time points. First, Behavioral Health Assessments are followed by completion of the Behavioral Health Assessment Outcome Survey that tracks whether clients have followed treatment recommendations. This survey is a good opportunity to seek feedback on the client's experience with the assessment and referral process. Although the survey does not include specific satisfaction questions, we have found that clients informally share feedback about their experiences. We have been able to use this feedback to identify instances where clients need additional support (e.g., additional referral options, help contacting a provider), and to fine-tune our referral process. Second, our post-treatment client satisfaction survey, provided to clients (with a stamped return envelope) at discharge, provides very useful feedback on clients' views on the quality and effectiveness of treatment. Although most returned surveys rate our services very positively, client comments and occasional lower ratings sometimes identify areas for improvement. Finally, one aspect of the weekly-administered Y-OQ and Tracker is assessment of factors that may affect the client's engagement in treatment, such as the therapist-client alliance. These items can alert the clinician to possible problems in therapy, allowing immediate action to resolve issues and help clients become more satisfied and engaged in the therapy process.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Our current funding has enabled us to develop or enhance several collaborative relationships that facilitate clients' access to assessment and intervention that is well-suited to their needs. We receive and make referrals to a wide range of service providers, including Boone County Schools Mental Health Coalition (BCSMHC), Family Access Center of Excellence (FACE), Burrell Behavioral Health, Family Counseling Center, Great Circle, Rainbow House, Missouri Psychiatric Center (MUPC), and Thompson Center for Autism and Neurodevelopmental Disorders. Streamlined cross-referral procedures with several agencies facilitate clients' ability to receive timely and appropriate services. We meet regularly with staff from BCSMHC, MUPC, FACE and Burrell to coordinate services and referrals, and with Boone County Juvenile Office to manage referrals to our MST program and coordinate our services with the juvenile office. We also routinely work with our clients' schools, health providers, and other professionals to track progress across the youths' environments and develop and implement coordinated treatment plans. We are partnering with FACE to target our provider training to identified skill and service gaps, and to incentivize provider use of Therapy Tracker. Finally, our community provider training and referral directory have

allowed us to network with health care providers and private practice therapists and to increase awareness of available community services at our and other programs.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Program Director, Professor	MQ1 Ph.D., licensed psychologist	FTE1 0.33	SR1 FROM \$109,674.00	SR1 TO \$300,790.00
P2 Clinical Supervisor, Professor	MQ2 Ph.D., licensed psychologist	FTE2 0.17	SR2 FROM \$109,674.00	SR2 TO \$300,790.00
P3 Clinical Supervisor, Associate Professor	MQ3 Ph.D., licensed psychologist	FTE3 0.50	SR3 FROM \$99,190.00	SR3 TO \$112,638.00
P4 Clinical Supervisor, Clinical Assistant Professor 1	MQ4 Ph.D., licensed psychologist	FTE4 0.63	SR4 FROM \$79,990.00	SR4 TO \$81,814.00
P5 Assessment/Treatment Clinician	MQ5 M.A. or advanced graduate program standing	FTE5 1.50	SR5 FROM \$24,036.00	SR5 TO \$24,036.00
P6 Graduate Research Assistant	MQ6 B.A., graduate program standing	FTE6 1.00	SR6 FROM \$24,036.00	SR6 TO \$24,026.00
P7 Office Support Staff II	MQ7 high school diploma or equivalent	FTE7 1.00	SR7 FROM \$11.23	SR7 TO \$18.05

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Paid personnel include clinical, research, and administrative staff required to support CEBYMH assessment, treatment, and training services. The PI (Bell), a faculty member and licensed psychologist, serves as Director of the program, overseeing all aspects of program development and administration for the five CEBYMH services (e.g., personnel management; policy development; clinical service tracking, invoicing, and evaluation; preparation of funding applications and reports; and interface with department, campus, and community units). Four licensed psychologist faculty supervisors (Borduin, Hawley, O'Neill, Waller) will lead teams of paid and volunteer doctoral student assessment and treatment clinicians. Year-round supervision includes weekly individual and group meetings, review of session video-recordings, and review and sign-off on all chart documents. One faculty supervisor (Hawley) also administers the provider training program and Therapy Tracker dissemination. Three paid clinicians will provide behavioral health assessment and MST services (volunteer doctoral student clinicians will provide clinic-based therapy services). Two half-time graduate research assistants will provide data analysis and administrative support for the program, with one GRA assigned to the clinical service programs and the other assigned to provider training. Two half-time Office Support Staff will serve as front office receptionists in the PSC.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

We have explored the option of obtaining Medicaid provider status for our trainees, but the length of time required to obtain this status makes it prohibitive for trainees. The university supports approximately 1/3 of our budget, but given recent budget cuts, is an unlikely source for increased funding. Our best option for alternative funding will likely be training and service delivery grants. We have applied (unsuccessfully) for one such grant, and will continue to seek these opportunities.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$21,600.00

b. Describe how the funds will be utilized. (600 character limit)

We request funding to support cover the cost of hiring a programmer to automate the Therapy Tracker (therapy adherence and client outcomes monitoring tool used in Service 5). Bright Beam (Mr. Will Spiller) has provided a cost estimate for the job, which involves 240 hours @ \$90/hr.

c. Provide justification for the request for one-time funding. (600 character limit)

The Therapy Tracker is an online tool that supports therapist implementation of evidence-based treatment, including routine outcomes monitoring. It includes several component measures that assess therapist adherence to evidence-based treatment and track client outcomes, as well as features that support utilization of therapist and client data in treatment planning, implementation, and record-keeping. Fully automating the Therapy Tracker will increase the tool's standardization and ease of use, making it a useful and attractive tool that can support all interested Boone County youth MH provider

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

4.8 BEHAVIORAL HEALTH ASSESSMENT

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Assessment by a qualified mental health professional of an individual's history, mental health and functioning with the purpose of establishing a treatment plan and/or diagnosis

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Evidence-based assessment is an essential first step to providing effective treatment (Mash & Hunsley, 2005). We must accurately identify the primary diagnosis or problem, as well as co-morbid conditions, before we can select the appropriate intervention. Our evidence-based Behavioral Health Assessments are designed to provide comprehensive psychological evaluation to establish appropriate diagnoses, identify the youth's individual challenges and resources that affect functioning, and develop recommendations for evidence-based treatment appropriate to the identified diagnoses/problems. These assessments are appropriate for youth, aged 3-19, who are seeking treatment for psychological or behavioral concerns. Youth may be self-referred or referred by parents, schools, physicians, or other health or education professionals.

Our multifaceted Behavioral Health Assessments are conducted with the youth and, for minor-aged youth, their parents/caregivers, and include:

- Background interview and paperwork regarding developmental, medical, academic, and social history, presenting concerns, history of symptoms and prior treatment

- Clinician behavioral observations and mental status examination

- Youth/caregiver report of emotional and behavioral symptoms and current functioning on the Child and Adolescent Symptom Inventory-5 for DSM-5 disorders (CASI-5; Gadow & Sprafkin, 2013) and the Youth Outcomes Questionnaire (YOQ; Burlingame et al., 2004) – commonly used and validated youth/caregiver-report measures of youth MH symptoms and current functioning

- Mini International Neuropsychiatric Interview for Children and Adolescents (MINI-Kid; Sheehan et al., 2010) – a widely-used and psychometrically valid and reliable structured diagnostic interview that covers all major DSM-5 child/adolescent diagnoses and suicidality risk

- validated problem-specific scales where indicated

The assessment results in a report consisting of: 1) integration of history and background information, diagnostic interview, and additional assessment results, 2) DSM-5 diagnostic conclusions, 3) specific recommendations for evidence-based treatment appropriate to the diagnoses/problem areas, and (4) appropriate referrals for evidence-based treatment (e.g., to our CEBYMH treatment team, other PSC psychologists, community providers). The report is presented to the youth/caregiver(s) during a feedback session with the assessor to facilitate client understanding and encourage follow-through on recommendations.

Specific recommendations and treatment referrals will be facilitated by our extensive network of community providers, including those identified in our referral directory. This directory, developed as part of our BCCSB-funded Pilot project, is available on our website

(<http://youthmentalhealth.missouri.edu/referraldirectory.html>) and includes information on over 60 community agencies and providers. In collaboration with FACE, we continue to grow this directory.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

Notes

b. Unit Rate (#1)

\$750.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

Our proposed rate per assessment balances MO HealthNet's fee schedule (MO Division of Social Services, 2017) for services included in our behavioral health assessment (diagnostic evaluation, psychological testing; \$500), costs for similar assessments in the community (\$900+), and our current contracted rate for conducting these assessments (\$798). Some of our costs have risen over the past 3 years, but slightly lower than anticipated assessment costs and use of other resources (support from general PSC funds, recent increase in client fees) allowed us to lower our unit cost slightly.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

Narrative

d. Total Number of Units of Service to be Provided (#1)

120

e. Total Number of Unduplicated Individuals (#1)

120

f. Average Number of Units of Service per Unduplicated Individual (#1)

1

g. Average Cost of Service per Individual (#1)

750

Service #1 - Service Fee**a. Will the proposed service (#1) consumers be charged a fee?**

Yes

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

Clients pay a fee for the assessment; the amount is kept small to remove barriers to high-quality evidence-based care for clients who may have low motivation or resources to pursue MH services. Out-of-pocket fees for uninsured or underinsured clients are based on our income-based fee assistance schedule. Medicaid clients do not pay an out-of-pocket fee, consistent with Medicaid coverage that enables them to receive services at no charge to them. We estimate client/insurance income to average \$15/client for assessments.

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

/document/download/filename/1499965100_41196_PSCFeeAssistance7-1-16-distributioncopy.docx/

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Narrative

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

Narrative

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Because our behavioral health assessments are provided by doctoral student trainees, they are typically not eligible for insurance reimbursement; in such instances clients are treated as uninsured. In addition, our clinicians are not eligible to be Medicaid providers. Uninsured or underinsured clients are charged a fee based on our income-based fee assistance schedule. For Medicaid clients we waive the client fee, consistent with their Medicaid coverage that has no co-pay for services to children.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Out-of-pocket fees for uninsured or underinsured clients are based on our income-based fee assistance schedule. Medicaid clients do not pay an out-of-pocket fee, consistent with Medicaid coverage that enables them to receive services at no charge to them. Payment is expected at the time of service. Payments plans may be approved for instances in which clients cannot pay the full amount at the time of service.

Service #1 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)**

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$798.00	1a2. 120	1a3. \$95,760.00
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00

c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$90,000.00

b. Proposed Number of Units of Service (#1)

120

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

Our current Pilot program has allowed us to greatly expand our behavioral health assessments, increasing community access to timely, affordable, evidence-based assessment. We have easily met our Pilot program goal of 120 assessments/year, supporting a clear community need. Recent university budget cuts have threatened some PSC supervised clinical services, but county funding and university commitment to this campus-community partnership has protected our evidence-based youth services. Continued funding is essential to maintain and grow our assessment services to benefit Boone County youth.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
youth will receive evidence-based diagnostic conclusions and treatment recommendations	100% of assessments will result in reports and feedback that includes: - Diagnostic conclusions - Recommendations for evidence-based treatment as appropriate to identified diagnoses/problems - Referrals to appropriate providers (at PSC or community providers)	Ongoing PSC Quality Assurance Tracking System (internal system that tracks service provision and chart documentation) – tracks report completion and feedback with client/caregiver for each mental health assessment
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
youth/caregivers will follow through with treatment referrals	75% of youth/caregivers will pursue referrals made in recommendations (i.e., contact referral)	Behavioral Health Assessment Outcome Survey (BHAOS) - completed by PSC staff for internal referrals and electronically or by phone for external referrals post Behavioral Health Assessment Feedback Session.
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
youth/caregivers will initiate recommended treatment	75% of youth/caregivers will successfully initiate recommended assessment or treatment (i.e., attend first appointment)	Behavioral Health Assessment Outcome Survey (BHAOS) - completed by PSC staff for internal referrals and electronically or by phone for external referrals post Behavioral Health Assessment Feedback Session.
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Text	Text	Text
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)
Text	Text	Text

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Service 1 outcomes are all directly related to our program goal of increasing access to youth MH assessment that leads to appropriate evidence-based treatment, reduced youth symptoms/diagnoses, increased adaptive functioning, post-treatment maintenance of improvements. Our diagnostic assessment and specific treatment recommendations and referrals should set the stage for youth/family engagement in treatment that is matched to their specific needs and has demonstrated effectiveness for the youth's diagnoses/problem areas, thereby laying a foundation for good treatment outcomes.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Completion of a behavioral assessment report with diagnoses and treatment recommendations is under our control and should only be affected by

(unlikely) serious external factors such as loss of client flow or assessment team members. Client follow-up on treatment recommendations and initiation of treatment could be affected if appropriate treatment options are not available, or if clients face long wait lists or other access barriers. We attempt to minimize these factors through regular contact with treatment providers (both PSC and community providers) and follow-up with families.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Outcome levels proposed in our original Pilot program (100% reports completed, but 50-75% of clients would follow-up on recommendations and initiate treatment) were based on published literature indicating generally low levels of client follow-through with treatment initiation (Lavigne, Arend, & Rosenbaum, 1998; NAMHC, 2001; Ringel & Sturm, 2001). However, our data to date indicate that our assessment procedures have better outcomes, with 80% or more of clients following through to treatment. We thus propose continued good outcomes.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Our methods to track assessor report/feedback completion and client follow through conform to recommended practices (Bickman, 2008, 2011; Boswell et al., 2013; Sherman et al., 2017; WHO, 2007). Our systematic quality assurance tracking serves as both a data collection tool and a reminder/teaching tool so that complete and timely completion of assessment reports and feedback sessions become automatic. Our Behavioral Health Assessment Outcomes Survey likewise serves as a data collection tool and an opportunity to connect with clients to seek feedback and provide additional assistance if needed.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

4.19 INDIVIDUAL THERAPY, CHILD

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

National and local data suggest that up to 20% of youth are in need of mental health (MH) services (Costello et al., 2005; MU Institute of Public Policy, 2012; Weisz & Hawley, 2002). Unfortunately, 50-75% of these youth never receive needed MH services (e.g., Achenbach et al., 2003; NAMHC, 2001; Ringel & Sturm, 2001). In Boone County, this translates to as many as 3000 youth with unmet MH needs (2015 county demographic data; BIG, 2017). County surveys suggest that limited access to affordable MH services remains a critical concern for the Boone County community (MU Institute of Public Policy, 2014). For youth who do manage to access MH care, that care is often not evidence-based and outcomes are frequently sub-optimal (e.g., Bickman et al., 2000; Weisz et al., 2006, 2013). Together, these data suggest a pressing need for additional accessible, affordable, evidence-based treatment (EBT) services for Boone County youth.

Our individual youth EBT services are designed to provide evidence-based intervention to youth, aged 3-19, who meet criteria for DSM-5 diagnoses or whose MH symptoms or problem behaviors are impairing their psychological, social, or academic functioning. Youth may be self-referred or referred by parents, schools, physicians, or other health or education professionals. We use well-validated treatment strategies derived from cognitive, behavioral, and interpersonal therapies, strategic family therapy, structural family therapy, dialectical behavior therapy, and behavioral parent therapy, to directly

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

Notes

b. Unit Rate (#2)

\$109.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

Our proposed session rate balances public rates for individual and family therapy (MO Dept of Mental Health, MO Division of Social Services; \$64 & \$81 for 45- & 60-min indiv sessions; \$64-70 for 30-min family sessions, or \$128-\$140/hr), and costs for comparable evidence-based individual therapy (Blueprints for Healthy Youth Development, 2017; estimated costs range=\$85-160/hr). Our proposed unit cost represents the mid-point of these ranges.

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

Narrative

d. Total Number of Units of Service to be Provided (#2)

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

Yes

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

Clients pay a fee for therapy services. Clients whose services are covered by insurance are charged their insurance-determined co-pay. Uninsured or underinsured clients are charged a fee based on our income-based fee assistance schedule. Medicaid clients do not pay an out-of-pocket fee, to be consistent with their Medicaid coverage (requiring no out-of-pocket payment) and in order to remove barriers to treatment for these very low income clients. We estimate client/insurance income to average \$10/session.

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

/document/download/filename/1499966825_40829_PSCFeeAssistance7-1-16-distributioncopy.docx/

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Narrative

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

Narrative

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$122,080.00

b. Proposed Number of Units of Service (#2)

1120

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

With BOCE funding, we greatly expanded our youth EBT services, adding over 200 new youth clients since 2015. These services impact several

Service #2 - Performance Measures

Outcome (2-1)	Indicator (2-1)	Method of Measurement (2-1)
---------------	-----------------	-----------------------------

Improvements in youth's diagnosis, symptoms, and presenting problems

Youth who complete treatment will show statistically and clinically significant improvement in diagnostic status, and self- and caregiver- reported MH symptom. At least 65% of youth will show improvements on diagnostic status and 75% will show symptom/problem improvements.

Pre-post, and period assessments (i.e., one or more of the following, as appropriate for each youth);
-MINI-Kid
-CASI-5
-Y-OQ
- Top Problems

Additional Outcome (2-2)

Improvements in adaptive functioning (e.g., family, school, peer)

Additional Indicator (2-2)

Youth who complete treatment will show statistically and clinically significant improvement in adaptive functioning. At least 75% of youth will show improvements.

Additional Method (2-2)

Pre-post and periodic assessments of functioning via:
-Clinical Global Impressions Scale - Severity and Improvements scales (CGI)
-Y-OQ

Additional Outcome (2-3)

Prevention of need for

Additional Indicator (2-3)

At least 90% of youth in treatment (65% of youth receiving DBT treatment) will remain in their homes and will not require hospitalization or other intensive intervention

Additional Method (2-3)

Ongoing collection of records via notification by caregiver or other

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

Service 2 outcomes are all directly reflected in our program goal of reducing emotional and behavioral symptoms and diagnoses, increasing adaptive functioning, and facilitating maintenance of gains after treatment ends. Implementation of treatments with demonstrated effectiveness, along with routine monitoring of treatment progress and outcomes, should facilitate good treatment outcomes.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Two factors that may affect proposed outcomes are the appropriateness of an EBT for specific clients, and the fidelity of treatment delivery. We attend to both issues with ongoing evaluation of therapists' implementation of treatment as validated, but tailored to meet specific client characteristics and values. The severity of client issues can also affect outcomes. As we treat clients with more severe or chronic diagnoses, complete remission may be a less realistic outcome than symptom reduction or symptom management. Thus, the nature of our clientele will impact the strength of outcomes.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

Proposed outcome levels (youth will show statistically and clinically significant reductions in symptoms/problem behaviors and improvements in adaptive functioning; and avoidance of more intensive intervention) are based on published meta-analyses of youth evidence-based treatment outcomes (e.g., Weisz et al., 2013). Our data to date suggest that these outcome goals are ambitious but achievable in our setting, with more modest outcomes expected for youth with severe, chronic disorders (Melhum et al., 2014, 2016).

d. Provide a rationale for each method of measurement (2). (600 character limit)

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

4.15 FAMILY THERAPY

Service #3 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment with a qualified mental health professional to help family members improve communication and resolve conflicts

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Boone County data indicate that juvenile offending is a significant local issue (Boone Indicators Dashboard, 2017; Thirteenth Judicial Circuit, 2014). In 2015, there were almost 1300 juvenile office referrals (3.6% of all county youth). In 2013, the Juvenile Office estimated that at least 41% of referrals warranted comprehensive MH services. More than half of youths with referrals in 2013 also had referrals in prior years, suggesting that the services available to those youths and their families had not been effective in preventing future antisocial behavior. These data underscore the pressing need for accessible evidence-based treatment services for juvenile offenders. To address this need, the CEBYMH provides Multisystemic Therapy (MST, Henggeler et al., 1998) to youth referred by the Boone County Juvenile Office. We are the only providers in Boone County of MST, the most extensively-validated and widely-transported, and perhaps the most effective evidence-

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

Notes

b. Unit Rate (#3)

\$150.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

Our proposed rate is consistent with public rates for home- and community-based family therapy (MO Division of Social Services, 2017; \$75 for 30-min sessions or \$150/hr), as well as costs for MST in other communities (e.g., Blueprints for Healthy Youth Development, 2017; Dopp et al., 2014; estimated costs range=\$150-175/hr).

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

Service #3 - Service Fee

a. Will the proposed service (#3) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

MST service clients are not charged for services. This is consistent with provision of MST services in Boone County over the past 25+ years, as well as with national practice. These court-involved, high-need families frequently have limited financial resources and tenuous motivation to participate in treatment. Providing treatment at no financial cost to court-referred families removes one barrier to treatment engagement.

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character

Service #3 - Amount Received From Other Funders

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$156,000.00

b. Proposed Number of Units of Service (#3)

1040

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

Service #3 - Performance Measures

Outcome (3-1)

Decrease in youth's primary presenting problem

Indicator (3-1)

At least 65% of youth who complete treatment will show moderate to substantial improvement in primary problem behaviors.

At least 70% of youth in treatment will show reduction in self-reported and other-reported person and property crimes

Method of Measurement (3-1)

Pre and post tests:
-Self-Report Delinquency Scale
-Revised Behavior Problem Checklist
-Brief Symptom Inventory
Ongoing evaluation of arrests/crimes
-external reports

Additional Outcome (3-2)

Substantial decrease in other mental health symptoms/disorders and problem behaviors (e.g., social isolation or involvement with antisocial peers, academic functioning)

Additional Indicator (3-2)

At least 75% of youth who complete treatment will show moderate to substantial reduction in self- and caregiver- reported MH symptom severity

Additional Method (3-2)

Pre and post tests:
-Self-Report Delinquency Scale
-Revised Behavior Problem Checklist
-Brief Symptom Inventory

Additional Outcome (3-3)

Moderate to substantial improvement in adaptive functioning within the family

Additional Indicator (3-3)

At least 65% of youth who complete treatment will show moderate to substantial improvement in adaptive

Additional Method (3-3)

Pre and post tests:
- Family Adaptability and

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

Service 3 outcomes are all directly reflected in our program goal of reducing emotional and behavioral symptoms, increasing adaptive functioning, and facilitating maintenance of gains after treatment ends. MST's strong evidence-base for improving behavioral, psychological, social, educational, and legal outcomes for youth offenders indicate that it will be an effective treatment to achieve proposed outcomes to address these program goals.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

Two factors that may affect proposed outcomes are the suitability of referred families for MST services, and the fidelity of treatment delivery. We attend to the first issue through ongoing communication with juvenile officers who select cases for referral, to educate them on the client characteristics that best predict engagement in and improvement with this treatment. We encourage referrals early in youths' legal involvement, to capitalize on benefits of early intervention. We attend to the second issue with close supervision and ongoing evaluation of therapists' MST implementation.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

Proposed outcome levels (youth will show statistically significant reductions in symptoms/problem behaviors and arrests, and improvements in adaptive family functioning; 90% will avoid more intensive intervention) are based on published treatment outcomes in two randomized clinical trials of MST versus usual services in Boone County (Borduin et al., 1995, 2009). Our data to date suggest that these outcome goals are ambitious but achievable in our

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

4.17 GROUP THERAPY- CHILD

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment for children with a related problem arranged in a group format with a qualified mental health professional. Group Therapy places focus on all group members.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

A growing empirical literature demonstrates that for many youth problems, therapy conducted in group settings has unique benefits as an alternative or adjunct to individual or family treatment. In a group therapy setting, clients who share similar treatment goals can develop relationships characterized by opportunities for clients to provide motivation, social support, learn from, or practice new skills with one another while they engage in therapy. Group therapy also provides the opportunity for clients to work on their treatment plans between individual sessions, or while on waiting lists for individual therapy. Especially for youth problems such as anxiety disorders and disruptive behaviors, group format therapies for youth (or in the case of disruptive behaviors, their parents) have met criteria as "well established" treatments, the highest level of treatment effectiveness (e.g., Higa-McMillan, Francis, Rith-Najarian, & Chopita, 2015; Kaminski & Claussen, 2017; Society of Clinical Psychology, 2017). For youth in Dialectical Behavior Therapy for serious affective instability, a therapeutic skills group is a required aspect of this evidence-based treatment (Miller et al., 2007).

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

Notes

b. Unit Rate (#4)

\$40.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

Our proposed rate is consistent with public reimbursement rates for group therapy (MO Dept of Mental Health, MO Division of Social Services; \$13.49 per 30-min, with max of \$40.47 per session) and costs for comparable evidence-based 1.5-2hr group therapy sessions (Blueprints for Healthy Youth Development, 2017; estimated costs range=\$40-60/session). It is also unchanged from our current contracted rate (\$20/hr, or \$40 per 2hr session).

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate. If so, appropriate justification is provided.

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

Yes

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

Clients (except for those on Medicaid) pay a flat fee of \$10 per 2-hour session for group therapy services. Medicaid clients do not pay an out-of-pocket fee, to be consistent with their Medicaid coverage (requiring no out-of-pocket payment) and in order to remove barriers to treatment for these very low income clients. There is no fee assistance for group rates. We estimate client income to average \$7/session (averaging across flat-fee and no-fee clients).

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

Narrative

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

a. Service #5 - Taxonomy of Service Name (150 character limit)

8.9 EVIDENCE-BASED PRACTICE TRAINING

b. Service #5 - Taxonomy Definition of Service (300 character limit)

Trains, and as applicable, certifies, professionals in practice strategies that have been scientifically proven to be effective.

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Children's lack of access to effective and affordable mental health (MH) services is a well-documented issue, both nationally (Achenbach et al., 2003; Ringel & Sturm, 2001) and locally (BIG, 2017). Workforce development, focused specifically on helping providers become trained and competent in effective, evidence-based practices (EBPs), is critical to addressing this need (Hawley, 2005, 2008; Weisz et al., 2013). Given the oft-cited finding of a 17-year lag from research to practice (Balas & Boren, 2000; Westfall et al., 2007), it is not surprising that many providers lack adequate training in the most current EBPs (e.g., Cook & Hawley, 2008; Jensen-Doss & Hawley, 2011; Taylor et al., 2013).

Our provider training services are designed to increase the availability of evidence-based services in Boone County by offering training in EBP to service providers across MH disciplines (e.g., psychology, counseling, social work). Our training includes ongoing opportunities to learn new EBPs, discuss

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

Training services are offered free of charge to Boone County MH providers. Our research with Missouri providers has indicated that cost is a significant barrier to participating in training, especially for clinicians who serve predominantly poor and low income families (Powell, McMillen, Hawley & Proctor, 2013). We feel that if we are to reach a critical mass of providers in Boone County, and by extension their clients, to increase availability of evidence-based treatment, we need to minimize barriers, including cost.

Additional Method (5-2)

Clinicians demonstrate increases in self-reported knowledge, attitudes, and practice of EBP following participation in training.

Clinician ratings of pro-EBT attitudes, and EBT knowledge and EBT use will show significant increases in the year following participation in training.

annual administration of Provider Questionnaire covering knowledge, attitudes and practices (Aarons EBPAS; Chorpita KEBSQ; Hawley UEBTSS)

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

Service 5 outcomes are tied to our program goal of reducing emotional and behavioral symptoms and diagnoses, increasing adaptive functioning, and facilitating maintenance of gains after treatment ends, via the intermediate goal of increasing providers' knowledge and use of evidence-based treatment and client progress/outcomes monitoring. Implementing treatments with demonstrated effectiveness, along with routine monitoring of treatment progress and outcomes, should facilitate good treatment outcomes for providers' clients.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

A factor that may affect proposed outcomes is the extent of providers' engagement in training. Providers who participate minimally in training, such as attending 1-2 workshops but not attending Learning Collaboratives, Individual Consultation, or not using Therapy Tracker, may be less likely to use evidence-based treatments in their practice. In addition, we will not be able to track client outcomes for providers who do not elect to use Therapy Tracker.

RE: University of Missouri Self-Funded Auto/General Liability/Self-Insured Workers' Compensation

To Whom It May Concern:

The Curators of the University of Missouri has a Self-funded Retention Program for its auto and general liability losses. The Self-funded Retention Program is used to provide payment for exposures and claims arising from the negligence of the University, its officers, agents and employees and for which the University, its officers, agents and employees are found to be liable.

The self-funded auto/general liability retention program has a limit of \$1,000,000 per occurrence and \$3,000,000 annual aggregate. Reserves for the program are determined annually and set aside by the University for the Self-funded Retention Program.

The Curators of the University of Missouri is an approved Missouri self-insurer for Workers' Compensation coverage. All employees, including some student employees, part-time employees and some volunteers are covered by Worker's Compensation. A specific fund is maintained, based on actuarial determination, to cover obligations arising from the Workers' Compensation Exposure.

Should you require additional information, please advise.

Sincerely,

Ed Knollmeyer

Ed Knollmeyer
Director, Risk & Insurance Management

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing/Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.

2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

- 1) Instructions and General Conditions
- 2) Introduction and General Information
- 3) Program Information and Requirements
- 4) Application Information
- 5) Attachment A - Organization Assurance Sheet
- 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
- 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. **Offeror's Contacts:** Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

AGREEMENT FOR PURCHASE OF SERVICES
Purchase of Service Contract
System of Offering Actions for Resilience
(SOAR)

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **The Curators of the University of Missouri (on behalf of the Department of Psychiatry)** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **SOAR**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, SOAR has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY SOAR

SOAR is expected to the greatest extent possible to maximize funding from all other sources. SOAR shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. SOAR shall only request reimbursement for services not reimbursable by any other source. SOAR shall not invoice the Children's Services Fund for units of service invoiced to another funding source. SOAR shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** SOAR will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and SOAR's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over SOAR's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from SOAR and SOAR agrees to furnish the **System of Offering Actions for Resilience (SOAR) for Early Childhood** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in SOAR's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$506,677.25** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. SOAR agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of SOAR be renewed for **an additional one (1), one-year period**. SOAR agrees and understands that the BCCSB may require supplemental information to be submitted by SOAR prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Best Practices Training (EC-PBS)	One individual	\$39.07	400	\$15,628.00
Professional Coaching (EC-PBS)	One hour	\$34.51	6,007	\$207,301.57
Parenting Skills Training	One individual	\$55.56	270	\$15,001.20
Family Therapy	One hour	\$39.69	1,507	\$59,812.83
Service Coordination	One hour	\$46.83	2,154	\$100,871.82

Professional Coaching (SOAR Reflective Supervision)	One hour	\$45.27	1,388	\$62,834.76
Best Practices Training (SOAR Staff Training)	One individual	\$3,804.01	7	\$26,628.07
Behavioral Health Assessment	One assessment	\$929.95	20	\$18,599.00

All billing shall be invoiced to BCCSB monthly by the 20th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of SOAR, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. Availability of Funds. Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. Reporting. The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by SOAR to monitor service delivery and program expenditures. SOAR agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by SOAR and, if so stipulated, are noted on this contract document. Payments may be withheld from SOAR if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. SOAR agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. Audits. SOAR also agrees to make available to the BCCSB a copy of its annual audit upon completion by the auditing agency. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from SOAR, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** SOAR agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect SOAR's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, SOAR hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event SOAR requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from SOAR may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with SOAR's policies and procedures and in accordance with any local/state/federal regulations. SOAR agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. SOAR must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** SOAR will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** SOAR agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to SOAR's provision of such services.

14. **Accreditation/Licensure/Certifications.** SOAR must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** SOAR agrees that any conflicts of interest between its Board and/or employees and SOAR shall be appropriately identified and managed.

16. **Subcontracts.** SOAR may enter into subcontracts for components of the contracted service as SOAR deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, SOAR shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** SOAR agrees to comply with Missouri State Statute section 285.530. SOAR also agrees that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. SOAR shall require each subcontractor to affirmatively state in its Agreement with the SOAR that the subcontractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

18. **Litigation.** SOAR agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against SOAR or any individual acting on the SOAR's behalf, including subcontractors, which seek to enjoin or prohibit SOAR from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If SOAR ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if SOAR no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, SOAR will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event SOAR, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to SOAR as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should SOAR fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, SOAR shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the SOAR for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, SOAR agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **The Curators of the University of Missouri (on behalf of the Department of Psychiatry** (meaning anyone, including but not limited to consultants having a contract with SOAR or subcontractor for part of the services), or anyone directly or indirectly employed by SOAR, or of anyone for whose acts SOAR may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** SOAR shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. SOAR will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. SOAR will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. SOAR agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and SOAR. The BCCSB does not recognize any of the SOAR's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** SOAR shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to SOAR shall be mailed or delivered to:

MU Project 00059966

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #2

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	MU (Department of Psychiatry)
Name of Program	SOAR

Program Services	
-------------------------	--

Service 3 – Social/Emotional Screenings

- 1. Service 3 provides Social/Emotional Screenings to child care providers. The best and final offer in the Written Clarifications requests 440 units (screenings). SOAR is also providing training and coaching to child care providers to conduct social/emotional screenings.**
Action Required: Provide clarification on why SOAR is requesting units for Social/Emotional Screening. There are child care providers receiving Children's Services Funds to conduct screenings as well.

Our original proposal suggested that Program Service 3 unit type be considered "per hour." We changed the unit type to "screening" per Boone County Children's Service Boards request. Program Service 1 does include all Ages and Stages Questionnaire (ASQ-3 and ASQ-SE2) training for our childcare providers who in return complete all Ages and Stages Questionnaires (ASQ-3 and ASQ-SE2).

Program Service 3 represents the amount of effort needed from our EC-PBS coaches to support our childcare providers and ensuring the successful completion of ASQ-3 and ASQ-SE2. Although this effort resembles the effort of "coaching" in Program Service 2 we chose to separate this effort into its own program service due to the nature of providing screening support rather than overall EC-PBS support with universal strategies.

It takes an average of 5-10 minutes for our childcare providers to complete one screen, this time does not include determining child's age specific assessment and making copies which would take the childcare provider out of the classroom. The majority of our EC-PBS sites are unable to provide time in the classroom for our childcare providers to remove themselves as a teacher to complete screenings creating a situation where our childcare providers are being asked to complete screenings on their own time without pay or during their lunch period. One of our EC-PBS goals is to value our childcare provider's time. Working with our EC-PBS sites we have been able to use our coaches' efforts towards creating an environment where childcare providers are able to complete screens as our EC-PBS coaches perform tasks that enhance social-emotional

development of the children. These include: conducting large/small groups or engaging during free play with the childcare provider still in the classroom. Our coaches also collect children's birthdates and provide/make copies of the age specific assessments to be completed by the providers.

Program Service 3 also represents effort from our coaches in answering questions and helping childcare providers become familiar and comfortable with the ASQ-3 and ASQ-SE2. Our coaches also provide a resource for our childcare providers in discussion of screening results. If a referral is to be made our EC-PBS coaches will work in partnership with the childcare provider to locate possible referral source as well as role play with our childcare providers of how to discuss results with parents.

With added support for our childcare providers we have noticed an increase in their confidence/competence to both successfully administer the ASQ-3 and ASQ-SE2 and successful navigation of situations in which a referral is needed. It is a goal of EC-PBS to create a sustainable environment constructed through childcare provider's confidence and competence in the child's overall social emotional wellbeing. With that being said we feel it is critical for our coaches to provide additional effort in the screening process.

RE: Written Clarification #2 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Geren:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 21, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read 'Melinda Bobbitt', is written above the typed name.

Melinda Bobbitt, CPPO, CPPB

Organization	The Curators of the University of Missouri (on behalf of the Department of Psychiatry)
Name of Program	System of Offering Actions for Resilience (SOAR) in Early Childhood

Organization Profile	
-----------------------------	--

1. The contact information, employer, and expertise, experience, and qualifications are not provided for all the board members.
Action Required: Provide all fields for each board member on the Governing Board section in Apricot. Provide any comments and/or questions in the field below.

All bios and contact number have been updated in Apricot.

2. David Stewart does not have any information fields completed.

Action Required: Complete all the information fields for David Stewart on the Governing Board section in Apricot. Provide any comments and/or questions in the field below.

Not sure who David Stewart is under the Governing Board. Spoke to Melinda and Joanne who said to note that I did not see David Stewart under the Governing Board segment in Apricot (10/24/17).

3. The 990 needs to be updated. The tax year is listed for July 1, 2014 to June 30, 2015.

Action Required: Provide updated 990 on Apricot. Provide any comments and/or questions in the field below.

Uploaded 2017 signed version to Apricot.

Proposal Cover Sheet	
----------------------	--

4. Attachment B on the Proposal Cover Sheet is not the correct form.

Action Required: Provide the correct form for Attachment B with the required signatures. Provide any comments and/or questions in the field below.

Correct Attachment B should be attached to the email

Program Overview Form	
-----------------------	--

5. The Statement of Issue Being Addressed for field a. does not provide information on the community-level issue with supporting references. The narrative only describes EC-PBS, Fussy Baby Network, and CPP Program.

Action Required: Describe and document the community-level issue to be addressed by the proposed program utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID).

The SOAR initiative aims to build and provide a holistic continuum of care through promotion of early childhood wellness, information/referral, and intervention services that promote and support healthy development in children ages 0-6 in Boone County, Missouri through all SOAR programming (EC-PBS, FAN, FBN and CPP).

Community-level issues to be addressed by Early Childhood Positive Behavior Support (EC-PBS) include: limited knowledge of early childcare providers and parents on positive behaviors strategies and social-emotional well-being of children, the identification of developmental and social/emotional delays in young children, and limited resources for early childcare providers in low income and rural areas of Boone County. These issues are noted on the Boone Indicators Dashboard (BID) <http://booneindicators.org/>, which reports that one out of ten children in Boone County are not behavioral ready for kindergarten. Boone County's Cradle to Career (2016), over the past four years fewer and fewer students have arrived at kindergarten with skill levels believe necessary for a student to benefit from ordinary classroom instruction without additional assistance. These trends make improvement to high quality prekindergarten experiences an urgent priority. EC-PBS also offers parenting classes to parents of children participating in the program. According to Boone Indicators Dashboard (BID) <http://booneindicators.org/>, one out of every four children (ages 0-5) living in the city of Columbia are living in poverty. Family income can be risk factors that impact young children's social-emotional health and development. Research suggests that up to 50 percent of the impact of income on children's development can be mediated by interventions that target parenting and childcare education. (Copper, Masi, & Vick 2009)

Community-level issues to be addressed by Fussy Baby Network (FBN) include: child abuse, family stress, parent depression, and parent infant relationship distress. In 2015 there were 11, 250 children under 5 residing in Boone County (Boone Impact Group, 2017.) One in five babies is considered fussy. Although crying is a normal part of development, it can place babies and families at risk for child abuse, family stress, parental depression, parent infant relationship distress, and developmental and behavioral problems. (Barr, Trent, & Cross, 2006; Gilkerson & Gray, 2014; Maxted et al, 2005; Papusek & Von Hofakr, 1998; Gilkerson et al, 2012) In light of the national opioid epidemic, infants are increasingly born with addiction, compounded by irritability, dysregulation, and difficulty with sleeping, feeding, calming, or other behaviors. In Missouri the rate at which babies are born addicted to opiates has increased 538% in the last 10 years (MHA, 2017). These infants require specialized interventions and supports to meet their needs. Excessive crying places children at increased risk for child abuse (Barr, Trent & Cross, 2006). In 2015, there were 53 reported incidents of emotional or physical abuse in Boone County (Boone Impact Group, 2017). In 2014, 7.1% of children in Boone County were born at low birth weight, and 8.7% were born prematurely (Boone Impact Group, 2017). These children are likely to be seen in the NICU where services will be provided. Additionally, over one third of babies born in Boone County were on WIC and nearly one-quarter were on food stamps in 2013 (MICA, 2013). These families are also considered high risk and will be targeted for FBN consultations.

Community - level issues to be addressed by Child-Parent Psychotherapy (CPP) include children and families experiencing trauma. The Boone County indicator data shows that in 2015 children under the age of 5 years experienced various forms of trauma. According to the Boone County indicators there were 1,628 incidents of domestic violence, 648 children are living in poverty, 26 substantiated cases of sexual abuse, 45 substantiated cases of physical abuse, 93 cases of substantiated neglect, 9 cases of medical neglect, 20 cases of emotional abuse and 5 cases of educational neglect. There were a total of 850 substantiated cases referred to Juvenile and Family Division for Law and Status offenses in Boone County in 2015. This data reflect a need for education and implementation of an evidenced based trauma treatment program in Boone County for children between the ages of 0-5 years of age. Child-Parent Psychotherapy program provides psychotherapy for the child-parent dyad whose relationship and child's current behaviors and functioning are being negatively impacted by some form of trauma. CPP is designed to address child trauma, heal their primary relationship, and restore the child's developmental trajectory. Studies have shown improved child attachment, security, representation of self, and a reduction in child symptoms and behaviors when provided an attachment based psychotherapy like CPP (Cicchetti, Rogosch & Toth, 2006; Toth, Maughan, Manly, Spangnola & Cicchetti, 2002)

6. The Program Overview section does not provide sufficient information on EC-PBS, Fussy Baby Network, and CPP. The overview only provides a few sentences for each program.

Action Required: Provide specific information on each program. Incorporate the information provided in the service descriptions for each program.

The overarching vision and mission of the SOAR Project is provide services and programs that will grow a nurturing community that enhances the social and emotional well-being of young children and their families, allowing them to reach their full potential through the continuum of education/prevention to intervention services. We will achieve this mission as we provide a continuum of services and supports which partner to create a collaborative system that promotes social emotional wellbeing of young children and their families.

Understanding infant mental health is key to preventing and treating problems in very young children and their families, and helps guide the development of healthy social-emotional behavior. The Erikson Institute FAN (Facilitating Attuned Interactions) model will be used to support Boone County early childhood providers in learning new methods to support and engage parents. All SOAR staff (i.e. CPP, EC-PBS and Fussy Baby Staff) will be trained in the FAN meta conceptual model. Fourteen other key community providers (i.e. Healthy Steps, First Chance for Children Home Visitors and WIC/MU Lactation consultants) will be FAN Trained. After FAN training and support from the Erikson Institute, SOAR will become a Fussy Baby Network affiliate site, working with parents and infants to address challenging infant behaviors such as crying, sleeping, and feeding through consultations and home/clinic visits.

Early Childhood Positive Behavior Support (EC-PBS) offers a unique systems approach for implementing the highly effective tier-based Positive Behavior Support (PBS) framework within a social-emotional competence context through early child care home, group and center program-wide training, team-building, behavioral consultation, universal coaching, and intervention services. Given the strong presence PBS has in school districts throughout the county, EC-PBS strengthens the preschool environment and promotes school readiness and successful transition to kindergarten. EC-PBS is expanding this approach in Boone county school districts early preschool programs with the implementation of EC-PBS in Centralia's Chance Elementary School in the fall of 2017. EC-PBS also provides parent training classes that strengthen social-emotional competence in the home environment and bridges the gap between home and childcare. The goal of EC-PBS is to provide both education and coaching to improve the ability of early childcare providers and parents in the child's natural environment to promote healthy social-emotional development, prevent and reduce challenging behaviors, foster school readiness, conduct developmental / social-emotional screenings and provide consultation for children ages 0-5 ½. EC-PBS services will take place directly at childcare sites located in Boone County. Through this program we plan to provide EC-PBS services in childcare sites located in Hallsville, Centralia, Harrisburg, Sturgeon, Ashland and Columbia.

In addition to intensive, program-wide training and weekly coaching, EC-PBS promotes early identification of developmental delays through standardized screening using the ASQ-3 and ASQ: SE2. The benefits of regular and periodic screening in early childcare and

education are myriad: early detection of delays allows for timely intervention; caregivers can use activities that strengthen a child's skills; information/activities can be shared with parents to support development in the home environment; screening data provides a common reference for parents, educators, primary care providers, and others. EC-PBS promotes the integration of screening into practice through ASQ training/re-training, ASQ kits, and referral support.

The goal of CPP, is to support and strengthen the relationship between a child and his or her parent (or caregiver) as a vehicle for restoring the child's sense of safety, attachment, and appropriate affect leading to improving the child's cognitive, behavioral, and social functioning. Research shows that CPP is successful in assisting children in returning to their developmental trajectory and improve outcomes for parents with depression, anxiety, and responses to traumatic stress events in their lives. The SOAR CPP program comprises of program components that must be implemented according to the program fidelity model. The fidelity model consists of Assessment and Engagement Phase (Behavioral Health Assessment and Service Coordination) Core Intervention Phase (Family Therapy and Service Coordination) and Termination Phase (Family Therapy and Service Coordination). The Assessment and Engagement Phase (Behavioral Health Assessment and Service Coordination) comprises of 5-6 session that includes observation of parent-child interactions; how the child is functioning in different settings; developmental history; current symptoms; child and parent's behavioral health and trauma history and; cultural context of the family. The type of trauma experienced and the child's age or developmental status determine the structure of CPP sessions. Depending on the complexity of the family's trauma and functioning. The Core Interventions Phase (Family Therapy and Clinical Case Management) will consist of 32-52 sessions that include both the child and parent. When the parent has a history of trauma that interferes with his or her response to the child, the therapist (a master's- or doctoral-level psychologist, a master's-level social worker or counselor, or a supervised trainee) helps the parent understand how this history can affect perceptions of and interactions with the child and helps the parent interact with the child in new, developmentally appropriate ways. When needed therapist provides service coordination to connect families to existing services and supports in an effort to promote optimal family functioning. This can include but not limited to referrals/meetings to/with child development services, early childhood education, child health services, parent support, adult education and employment, family health services, adult mental health, and other concrete needs. In studies reviewed, mother-child dyads participated in weekly sessions for approximately 1 year with therapists who principally used of CPP. CPP uses behavioral strategies, play, and verbal interpretations for therapeutic change. Weekly joint parent-child sessions are interspersed with parent only sessions, depending on age of child and needs of family. Trauma can derail the parent-child relationship and CPP repairs this by helping the parent accurately translate the child's internal world and needs, and meet those needs. Interventions target changing maladaptive behaviors, support developmentally appropriate interactions, and improve caregivers coping to decrease impact of caregiver's problems on the child. CPP addresses sensorimotor disorganization and disruption of biological rhythms; fearfulness; reckless, self-endangering behavior; aggression; punitive and critical parenting; play; and the relationship with the perpetrator of violence and/or absent parent. Core Interventions (Family Therapy and Service Coordination) will be provided in the home or in the SOAR clinic depending on level of safety and family needs. The Termination Phase of Treatment is 8 weeks long to prepare the family to use skills and strategies

independently after the intervention has terminated. As mentioned above, research shows that CPP is successful in assisting children in returning to their developmental trajectory and improve outcomes for parents with depression, anxiety, and responses to traumatic stress events in their lives. (Lieberman, VanHorn, & Ippen)

7. Field a. in the Program Consumers section states that "Missouri ranks 10th out of 40 states in number of expulsion from preschool due to challenging behaviors." The statement does not provide a clear citation of the reference source.

Action Required: Provide the references source for the statement above.

According to The Can to End School Expulsion, Policy Brief, Center for Family Policy, University of Missouri, <http://hdfs.missouri.edu/cfpri/documents/briefs/expulsion.nd11>). Missouri ranks 10th out of 40 states in number of expulsion from preschool settings due to challenging behaviors.

8. The total number of unduplicated individuals in the Race Demographics section does not equal all the other demographic totals and total number of unduplicated individuals to be served.

Action Required: Complete the table below

Race	# of Individuals
White	1468
Black or African American (alone)	296
Multiple Races	100
Asian (alone)	40
Native American Indian or Alaskan Native	14
Native Hawaiian or other Pacific Islander (alone)	2
Some Other Race	5
Race Total	1925

9. The Administration personnel salary range has an error in the base salary amount.

Action Required: Provide clarification on the salary range for the Administration position.

We have eliminated the Administration position.

10. The Program Budget lacks information in the narratives for funds received from Boone County Children's Services (BCCS) and the personnel and non-personnel expenses.

Action Required: Provide sufficient information on the revenues and expenses for the program.

Personnel: The amount of funding used for personnel that includes salaries and benefits. ECPBS Personnel Costs: \$215,129.42, Fussy Baby Personnel Costs: \$137,622.89, CCP/Coaching/Organizational Training Personnel Costs: \$160,232.49, MIMH Personnel Costs: \$45,197.67 (Total \$558,182.47)

Non-Personnel: Amount of funding used for all other required aspects of the program. ECPBS Non-Personnel Costs: \$22,150.00, Fussy Baby Non-Personnel Costs: \$48,000.00, CCP/Coaching/Organizational Training Non-Personnel Costs: \$9,660.00, Combined Programs Non-Personnel Costs: \$22,200.00, MIMH Non-Personnel Costs: \$1,000.00 (Total \$103,010.00)

F&A: Total F&A for the entire grant: \$99,178.87

Program Services Form (1-5)

11. Professional Services needs to be removed as a service and the cost incorporated into the unit rates for services.

Action Required: Complete the following clarification questions and output changes that reflect these changes. Provide comments or questions in the field below.

Program Service 15 has been removed.

Service 1 – Best Practices Training

12. The service needs to be renamed to "Best Practices Training (EC-PBS)" to differentiate the different types of training offered by SOAR.

Action Required: Provide comments or questions in the field below.

We are in agreement with the name change.

- 13. The service description does not describe how SOAR will promote the trainings to child care providers.**

Action Required: The Missouri Workshop Calendar lists trainings that are available but what other efforts does SOAR make to promote trainings, especially to rural child care providers?

EC-PBS coaches will promote all EC-PBS trainings to child care providers and administrators through direct communication, emails to directors, Missouri workshop calendar, and flyers/sign-in sheets located at all childcare sites for each individual training. The communication strategies will be the same for both urban and rural child care providers.

- 14. When measuring a unit per person, there should not be more units than individuals served.**

Action Required: Provide corrected unit rate and Total # of Units of Service to be provided.

There are more units (individual child care providers trained) than total number of unduplicated individuals served due to the fact that individual childcare providers will attend several different EC-PBS trainings throughout the year. For example one childcare provider might attend all seven different trainings which would create seven total units of service for one unduplicated individual. Looking at our data and our childcare training trends from the last two years we have determined that most childcare providers attend 2-3 different trainings per year. Knowing this information we are confident with our original proposed Total # of Units of Service to be provided.

- 15. The description states that additional providers will be trained in ASQ-3 and ASQ-SE.**

Action Required: Please explain why additional trainings will be provided for ASQ-3 and ASQ-SE when the Early Childhood program and the Fussy Baby Network will utilize a different screening tool.

EC-PBS will continue to use the ASQ-3 and ASQ-SE2 as our primary developmental / social emotional screening tool in the upcoming grant cycle which creates the need for additional trainings for new and existing childcare providers. We chose to continue using both evidence based tools moving forward for two main reasons. First, we have spent the last two years training and supplying all of our EC-PBS sites with the ASQ-3 and ASQ-SE2 materials. One of our goals for EC-PBS is to create an environment/culture of consistency and sustainability within our childcare sites. Being consistent and using the same tool will both build our childcare providers confidence and competence in understanding social emotional health and the importance of early identification. Second, the SWYC which is the tool being used by Fussy Baby Network and the Early Childhood program has a "Family Questions" subpart to the tool which contains several sensitive family questions. We presented this tool to some of our EC-PBS childcare site directors as a possible addition to this grant cycle. We received feedback in which most directors were uncomfortable having this tool administered to their families because of the sensitive family questions. Due to director's responses and the already developed child care providers knowledge base we feel it is best for EC-PBS to continue using and training childcare providers in the ASQ-3 and ASQ-SE.

16. The Funding Request section states that SOAR wants to expand to three more childcare sites and preschool classrooms in Centralia. However, the Other Funders Chart shows that the current contracted number of units is 483 but the proposed number of units is 400. Also, the amount requested to BCCS is not correct.

Action Required: Complete the 'Service Change Chart' for Service 1. Provide clarification below on why there is a decrease in the number of units to be provided compared to the current contract when SOAR is wanting to expand services. Provide an updated funding request amount.

After examining our actual numbers in the 2016 Year End report of individuals trained in EC-PBS trainings we were able to detect a training trend in which most childcare providers attended between 2 and 3 trainings a year. We have proposed 160 unduplicated individuals which if multiplied by 2.5 (average number of trainings per individual) would total 400 units. Knowing this information we are confident with our original proposed Total # of Units of Service to be provided. Please see Question 14 for more clarification.

17. The seven trainings that are provided to child care providers vary in subjects. The Performance Measures section only lists one outcome and indicator for a general increased level of knowledge.

Action Required: Provide specific performance measures that could be gathered from the different trainings offered to child care providers. Provide these additional outcomes, indicators, and method of measurements in the 'Service Change Chart' for Service 1.

Additional Outcomes, indicators and methods of measurements have been added to the Service Chart for Service 1.

Service 2 – Site-Based Mentoring

18. The service was proposed as "Site-based Mentoring" but should be "Professional Coaching". There is another proposed service called Professional Coaching but is only for supervision to organization personnel. To differentiate the two services, Service 2 will be renamed to Professional Coaching (EC-PBS) and will only include EC-PBS coaching to child care providers.

Action Required: Complete the 'Service Change Chart' for Service 2 as Professional Coaching (EC-PBS).

We are in agreement with name change.

19. The unit rate for the current contract is \$33.74 but the proposed unit rate has increased to \$35.08. The Funding Request section explains that services will expand to additional sites but does not explain the increased funding rate.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for Service 2.

The proposed unit rate has been updated in "Service Change Chart" for Service 2. Our rate unit has increased slightly from our current contract in order to support additional staff which will allow us to expand to three additional sites.

20. The Funding Request amount is not correct for Service 2.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Service 2 that reflects output changes.

The proposed Funding Request amount has been updated in "Service Change Chart" for Service 2.

21. The proposal lacked information on the method of measurements.

Action Required: Provide more information below on the PreSET and SDQ tools.

The Preschool-wide Evaluation Tool (Pre-SET) is an adaptation of an assessment tool called the School-wide Evaluation Tool (SET) used in K-12 educational settings to measure critical features of school-wide positive behavior support (Horner, Benedict, & Todd, 2005). Due to the distinct differences between K-12 and early childhood educational settings, the Pre-SET was developed to assess and evaluate the implementation status of program-wide positive behavior support in early childhood settings. Items included on the Pre-SET were informed by current research on program wide positive behavior support (PBS) in early childhood settings and developmentally appropriate practice. The Pre-SET assesses classroom and program-wide variables across 9 key sub scales: 1. Expectations Defined 2. Behavioral Expectations Taught 3. Appropriate Behavior Acknowledged 4. Organized and Predictable Environment 5. Additional Supports 6. Family Involvement 7. Monitoring & Decision-Making 8. Management 9. Program & District-Wide Support. The University of Oregon Internal Review Board has approved the Pre-SET as a research tool. Current research on the reliability and validity of the Pre-SET has demonstrated high interrater reliability (96.88%). An assessment of content validity was conducted, revealing a strong, positive response to the utility and appropriateness of the Pre-SET to measure program-wide positive behavior support features in early childhood settings. Ongoing data in preschool classrooms are being collected to further validate the Pre-SET.

The Strengths and Difficulties Questionnaire (SDQ) is a relatively short instrument developed to screen for emotional and behavioral problems in children. The SDQ is a 25-item questionnaire with three response categories from zero to two (not true, somewhat true, and

certainly true). Of all 25 items, 15 are negatively phrased and 10 are positively phrased. The questionnaire has five subscales of five items each: emotional problems, conduct problems, hyperactivity/inattention problems, peer problems, and prosocial behavior. The sum of the first four subscales provides a total difficulties score; a high score being less favorable. The prosocial scale provides information on protective factors of the child; a low score is less favorable.

Service 3 - Social/Emotional Screening

22. The Outputs section will need to be redone with a unit measure of “one screening”. This will change the unit rate and total number of units to be provided. The cost of each screening and the time to administer and analyze the results should be included in the unit rate. The cost of coaching child care providers to use the ASQs should not be included in Service 3.

Action Required: Complete the ‘Service Change Chart’ for Service 3. Provide information on how the updated outputs were determined. Please provide your best and final offer.

The unit measure of “one screening”, the proposed unit rate and total number of units to be provided have been updated in “Service Change Chart” for Service 3. The updated outputs were determined by the number of children in EC-PBS childcare sites between 2 months and 5 ½ years of age that will have a completed ASQ3 and/or ASQSE-2 throughout the year.

23. The Funding Request amount will need to be updated for Service 3.

Action Required: Provide an updated Funding Request amount in the ‘Service Change Chart’ for Service 3 that reflects output changes.

The Funding Request amount has been updated in “Service Change Chart” for Service 3.

Service 4 – Parent Skills Training

24. The number of units to be provided is high compared to current utilization.

Action Required: Propose an amount that is more reflective of current utilization.

After examination we have decreased our number of “units of service to be provided” to better reflect total number of parents trained.

25. The unit rate for the current contract is \$53.33 but the proposed unit rate has increased to \$57.05. The Funding Request section explains that services will expand to additional sites but does not explain the increased funding rate.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for Service 4.

The proposed unit rate has been decreased to \$54.46. This number reflects a slight increase from our current contract due to extra expenses in childcare and food cost. Our initial proposal did not take into account parents attending trainings would need to bring all of their children not just children attending our EC-PBS sites. Our initial unit rate only captured food cost and childcare expenses for children participating in the EC-PBS program and not their siblings. In order for successful parent participation we need to increase funding in order to provide food and child care providers for all children.

26. The Funding Request amount will need to be updated for Service 4.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Service 4 that reflects output changes. Please provide your best and final offer in the 'Service Change Chart' for Service 4.

The Funding Request amount has been updated in "Service Change Chart" for Service 4.

27. The Performance Measures lack outcomes and indicators that show an increase of knowledge in parents following the parent events. This could be measured with the pre-post tests that are already being administered.

Action Required: Provide additional outcomes, indicators, and method of measurements in the 'Service Change Chart' for Service 4.

Additional Outcomes, indicators and methods of measurements have been added to the Service Chart for Service 4.

Service 5 – Public Awareness/Education

28. The Performance Measures provides multiple outcomes, indicators, and method of measurements; however, the service description lacks information on how activities mentioned in the performance measures will be implemented in the events.

Action Required: Provide more information on the Public Awareness/Education on how information mentioned in the Performance Measures will be incorporated.

We will continue to build on our successes in creating awareness in the community while shifting our focus to issues directly related to infant & toddler mental health, including sleep, eating, development, parental postpartum mental health, etc.

SOAR will continue to work to raise awareness about the importance of children's social emotional health and that positive mental health is essential to a child's healthy development from birth. This will be accomplished through the provision of Early Childhood Networking Nights/parenting presentations in collaboration with the Columbia Public Library and Hallsville and Harrisburg PAT programs. Parent and provider led topics for support and education such as sleep, anxiety, temperament, discipline, etc. will be the focus. Further, parent support groups will be offered through WIC, True North and the NICU to decrease parental isolation, build social and community supports and increase parenting confidence. FBN resources will be provided to the community to universally support parents of excessively crying or irritable babies. As crying is the number one reported trigger leading to cases of Shaken Baby/Abusive Head Trauma providing information and connection to support can have the potential not only improve the parent-infant relationship but to reduce the risk for child abuse. During these events surveys will be administered to measure knowledge, awareness of screening tools, and satisfaction. We will have printed material available during all the events about SOAR programs.

Awareness messaging will be available in print, through the SOAR website and via social-media. SOAR will also promote and participate in a variety of Boone County public events to promote understanding and awareness of children's social-emotional health, provide resources, and to build awareness of SOAR programs (i.e. FBN, CPP, and ECNN's). EC-PBS material will not be provided as it is for a targeted audience not the general public. Information will also be available about the BC ECC Triple P Campaign at all SOAR events.

- 29. The Performance Measures section mentions FAN and the Fussy Baby Network (FBN) frequently but no other programs of SOAR. Action Required: Provide clarification on whether this service is primarily tied to FAN and/or FBN.**

Public awareness and education focusing on children's social emotional development applies to all components of SOAR (FAN, FBN, CPP, and EC-PBS) and is the basis of early childhood mental health prevention. Through presentations, social media, printed materials, and the website, support and education related to social-emotional development will be provided to parents for all our programs.

As a new program, Fussy Baby services will also be promoted to the community via these avenues. Messaging will focus on the fact that "All babies cry, but there is help if you have concerns about your infant's behavior."

30. The service description mentions parent support groups offered through WIC, Harbor House, and the NICU but is unclear whether support groups operate as a service of SOAR or these other organizations.

Action Required: Provide clarification whether SOAR organizes and provides the parent support groups. If the parent support groups are a service operated by SOAR, then this should be listed as a separate service.

Through existing partnerships with community agencies SOAR will organize and lead parental support groups. The goals of these group will be to reduce isolation, provide education as to what to expect from a typically developing baby, and promote increased community support. Specifically, it is one of our goals to be able to provide support to NICU parents while their child is in the NICU, during the transition home and/or once the baby is home. These families are at higher risk as NICU babies are more likely to be fussy and a stay in the NICU can be overwhelming and emotional for parents.

31. The Outputs section is confusing based on the unit measure, number of units to be provided, and number of unduplicated individuals to be served.

Action Required: Provide clarification on how the outputs were determined.

- a. **Are the number of units to be provided reflective of the number of hours staff spend facilitating Public Awareness/Education or is it represent the number of individuals that will receive information?**

The total number of units to be provided are reflective of the number of hours that staff will spend in the community facilitating networking nights, presentations and participating in community events to increase awareness of social emotional development and SOAR programming services.

- b. **How was the unit rate established? The narrative in the proposal does not explain costs involved in facilitating this service.**

The Unit rate was based upon expenses associated with facilitating parenting presentations, community events and networking nights for 1000 individuals. This unit rate was also based upon expenses associated with public awareness through printed materials, website, etc. to reach 2000 individuals.

- c. **How will the total number of unduplicated individuals be tracked?**

Sign-in sheets, printed material log and portfolio

32. The funding request amount seems high and was not correct. Justification for the requested level of funding was not provided. There also seems to be overlap with the Boone County Early Childhood Coalition (BCECC) Public Awareness Campaigns.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for Service 5. Provide justification for the requested level of funding in the field below.

The funding request has been adjusted and updated in Service Change Chart 5. The BC ECC Triple P Stay Positive campaign (level 1) is a communications strategy designed to reach a broad cross section of the population with positive parenting information and messages. SOAR's networking nights/presentations focus on topics to support children's social-emotional development (i.e. sleeping, anxiety, grief, etc.) and address parental social isolation which is an unfortunate trend in modern parenting. Today's parents are raising their children without the help of a "village" and that extra burden is taking a toll on them both physically and emotionally. We heard this theme echoed from the parents that participated in our focus groups in 2016. Our Networking Nights/presentations serve the dual purpose of providing education on specific topics and creating a space for parents to come together and feel supported by and connected to each other.

Program Services Form (6-10)	
------------------------------	--

Service 6 – Organizational Capacity Building

33. The service name should be renamed Evidence-Based Practice Training (SOAR Team FAN Trainings) to differentiate between FAN and CPP trainings.

Action Required: Provide comments or questions in the field below.

We are in agreement with the name change.

34. The service description for the FAN trainings does not provide information on where the trainings take place.

Action Required: Provide clarification whether there are travel costs involved for all SOAR personnel to be trained.

FAN Trainings will be held in Boone County. Two fussy baby trainers from the Erikson Institute will travel to Columbia to provide training.

35. The Outputs section will need to be redone.

a. The total number of units to be provided should reflect the unit measure, which is 1 person.

b. The unit rate needs to reflect the total cost for one individual to be trained in FAN.

Action Required: Provide the corrected outputs on the 'Service Change Chart'. Please provide your best and final offer. Provide information on how the cost per staff member was determined in the field below.

The unit measure and unit rate have been corrected and updated on Service Change Chart 6. The cost of the FAN Level I core training followed by 5 months of monthly mentoring and a final Day 3 FAN training for 25 participants is contractually set through the Erikson Institute. This budget includes two days of curriculum development and training planning @ \$4,000, 2.5 days of Level I FAN Training for 25 staff and supervisors @ \$20,000, participant binders and training materials @ \$1,250, travel and expenses for Fussy Baby trainers (@ \$1,000 per trainer per trip x 2 trainers), 5 months of monthly mentoring for supervisors @ \$2,500, a final day of FAN training for supervisors and staff @ \$4,000, travel and expenses for fussy baby trainer @ \$1,000 and food for 25 provider's x 3 days of training @ \$500.00.

36. The cost per individual to be trained in FAN is expensive. The individuals who are identified to be trained already use evidence-based practices with families. Will this training replace provider's' existing practices? In addition, MU Pediatrics will be trained in Triple P through the BCECC and FACE has access to training through its contract.

Action Required: Please explain how this service is not duplicative of other trainings and how the training will be implemented through other providers when they already have a model of practice they need to adhere to.

The budget has been reduced and this training will not replace provider's existing practices. The FAN is meta-conceptual framework and a practical tool for attuned communication and reflective practice. It is not model specific and has been shown to help providers already utilizing evidence-based models (e.g., Healthy Families America and Parents as Teachers) to increase their reflective capacity and decrease burnout. The FAN conceptual model does not replace the existing evidence based practices of providers, instead it enhances the infant mental health practices of providers who currently work with parents and young children, even professionals that do not have any background in infant mental health (i.e. lactation consultants). The FAN tool helps providers address parental concerns, create attunement, and promotes greater family engagement. Professionals trained in the FAN rate themselves significantly higher in their capacity to read parent's cues for engagement and to maintain a focus on the parent's agenda. The FAN also helps professionals stay calmer in distressing situations and engage more effectively. The FAN provides a foundation for trauma-informed practice; strengthening the capacity to provide empathic listening, to share control, and to stay calm and regulated, three components of practice crucial to trauma informed support.

The invitation for FACE staff to attend FAN training was considered due to parents likely seeking services when they may be emotionally in distress. The FAN, as a framework for attunement to parents' current state, needs, and concerns, would likely enhance their clinical effectiveness. Recruitment for FAN training will be largely on those providers whose work is infant-family focused. The Erikson Institute has implemented FAN training for all 6,000 Healthy Families America (HFA) home visitors nationally in 2017. They are expanding training throughout the nation to Early Head Start and Parents as Teachers. FAN training will be extended to these same Boone County agencies. It is possible that providers trained in Triple P may also participate in FAN training. This is not duplicative as Triple P is a parenting program and the FAN is a conceptual tool to enhance infant family work, not a specific intervention.

37. The funding request amount seems high and needs to be updated. Justification for the requested level of funding was not provided.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for Service 6. Provide justification for the requested level of funding in the field below.

The funding request has been reduced and updated on Service Change Chart 6. The prior plan had been to purchase the FAN Train the Trainer Curriculum and train an additional 2 cohorts of 50 providers with support and mentoring by the Erikson Institute. Program Service #7 has been eliminated to reflect that only FAN Level I Training (3.5 days total) will be done this year with 25 providers trained (i.e. SOAR staff and 14 other Boone County professionals). FAN training is necessary for us to become a Fussy Baby Network affiliate site. The initial costs to receive the FAN training are higher but will considerably improve the skills and reflective capacity of all SOAR programs (i.e. CPP, EC-PBS and FBN). Our focus in year one will be on training, integrating the FAN into practice and increasing parental and provider awareness of our services.

Service 7 – Best Practices Training

This program service has been moved to year 2.

In year 2, our plans will be to train and support 2 cohorts of 25 providers in FAN through a Train the Trainer model.

38. The service needs to be renamed "Evidence-Based Practice Training (Provider FAN Training)" to differentiate between the training offered through Service 1. The service description lacked information on coordination of providing FAN trainings and follow-up with providers.

Action Required: Provide more information on the FAN trainings to early childhood providers.

Although this program service has been moved to year 2, the description of the Level I core training, level II Facilitated practice and Day three follow up training is accurate and will still be provided through program service #6. The level I Core training is a two day training on the FAN theory of change, core processes and ARC, and attunement process with families. Supervisors receive an additional half day of training to prepare them to support their staff as they use the approach in their daily practice. Level II Facilitated Practice: Early

childhood providers practice using the FAN approach with two families for five months and complete a monthly FAN Learning Tool on each family. They process these tools with their supervisor during reflective supervision. The Erikson Institute provides mentoring for five months receiving individual and group mentoring by phone. Day Three Follow-Up Training: The cohort reconvenes after five months of practice to consolidate their FAN learning, receive additional training and to develop strategies to sustain the approach in each program. FAN Train-the-Trainer Program: Two SOAR staff will be trained in the FAN Train-the-Trainer curriculum and will lead two level I core trainings with mentoring from the FAN Master training. Trainer candidates will provide Level II supervisor mentoring over the phone for 5 months with support from the FAN Master Trainer.

39. Another proposed service is focused on providing extensive supervision to SOAR staff to comply with the FAN model. The service description for Service 7 does not provide information on whether the providers receiving FAN training need supervision to implement the FAN model.

Action Required: Provide information on follow-up requirements with FAN trained providers. Does the FAN model require supervision for trained professionals?

This is also part of the Level I FAN Training described in program service #6. The goal of FAN training is to embed the model into ongoing practice. Thus, the supervisor is an important part of learning the FAN and maintaining it in the program. The FAN model requires that the supervisor participate in the Level I two day training and a half-day supervisor training to prepare to provide the staff with support during the 6 month Level II Facilitated Practice period. During Level II, the staff complete 8 reflective tools and review them with their supervisor in at least 5 supervision sessions. The FAN trainer mentors the supervisor during this period. The full team then participates in the day three. After the third day, the goal is for each member and the team as a whole to use the FAN in their work. Technically, the practitioner can use the FAN without supervision after completing Level I and Level II training. In programs where the supervisor reinforces the use of the FAN in supervision and in team meetings, the staffs have more success in sustaining the model. The supervisor can reinforce the FAN in different ways, including using the FAN concepts when discussing cases, having the FAN out during supervision sessions and referring to it, using the FAN as framework for team discussions. As part of the training, each team develops its own sustainability plan which guides the team and the supervisor. For individuals who are trained and do not work in a team, it is encouraged for them to meet with others who are FAN trained in a Community of Practice to sustain and deepen their practice. Who mentors individuals who do not work on a team would be discussed before the training begins.

40. The Outputs need to be redone.

- a. The unit measure should be “one individual”.
- b. The units of service to be provided need to reflect the changed unit measure.
- c. The justification on the unit rate is not sufficient. How was the proposed unit rate determined?

Action Required: Provide the corrected outputs on the ‘Service Change Chart’. Please provide your best and final offer. Provide information on how the updated outputs determined in the field below.

This program service has been eliminated.

41. The Funding Request amount needs to be updated for Service 7. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the ‘Service Change Chart’ for Service 7 that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

This program service has been eliminated.

Service 8 – Postpartum Care

42. The service needs to be renamed to “Family Education”.

Action Required: Complete the ‘Service Change Chart’ for Service 8. Provide comments or questions in the field below.

We are in agreement with the name change and have made the change in Service Change Chart 8.

43. The service description lists multiple services that are provided through the FBN but does not provide sufficient information on each activity.

Action Required: Provide more information on the home visits, clinic visits, screenings, etc. that are mentioned in the service description.

Parents can call or email to receive FB support. Calls will be answered during regular office hours, 9-5 Monday-Friday. Messages left on the weekends will be returned within 48 hours. In contrast to ParentLink warmline, the FBN hotline will be used as a point of contact for new FB families, not for parenting support via phone. It is also not designed to be a crisis line.

The home visits are provided within a short period of time (week) after a parent calls the Fussy Baby Program. Together, the parent and the Fussy Baby Specialist decide the length and intensity of service. For some families, it may be one home visit and multiple phone

contacts. For others it might be more home visits or all phone support. The visits are guided by the parent's urgent concerns and use the FAN framework as a guide. The visits are structured around the ARC of Engagement which involves the use of the same reflective questions at the beginning, middle, and end of each visit. This structure provides a sense of security and predictability at a time in a family's life when, as one father said, "We are in a spin cycle."

The Fussy Baby Program is a brief intervention, typically involving from 1 -6 contacts. It differs from longer-term home visiting programs in the rapidity of the response and in the degree of control that the parents have in shaping the intervention. It is also unique in that it focuses on the crying, sleeping, and feeding concerns in the context of the parent/child relationship. It is universally available and does not require that families present with risk factors or that the child be referred from another provider.

Each family will have a FBN Specialist who will serve as the primary service provider. Visits will be offered at home or through the SOAR clinic. Most families average 4 visits with an average visit taking one to two hours. The length and intensity of services are defined collaboratively with the parent.

The SWYC will be used at intake for identification of pre-existing and emerging needs of the parent and child.

Research on this model shows that families receiving FBN services compared to families with infants who cry as much (as assessed by cry diaries) but who don't seek help reported greater decrease in infant crying over time than the families not receiving the intervention. In addition there was a greater impact on parenting efficacy—parenting self-confidence—separate from the decrease in crying, Parents felt stronger and more able in their parenting.

44. The services being described sound duplicative of other programs currently available in the community and/or contracted through the County (i.e. Healthy Steps, Parents as Teachers, etc.).

Action Required: Provide justification that the Fussy Baby Network is not a duplication of services in the community.

The FAN approach is a national model for family engagement and reflective practice that has been adapted to a variety of settings serving young children ranging from early childhood mental health consultation, pediatrician training and home visiting programs. The FAN conceptual model enhances practices of programs such as Parents as Teachers and Healthy Families America. While our community offers many incredible home visiting programs, we believe Fussy Baby offers to fill a gap that exists. Fussy Baby differs from other programs in a few important ways:

First, our families would all be self-referred, with the only requirement being that they believe their baby is fussy. We believe this will catch many families that may otherwise fall through the cracks because they do not have other risk factors, and there is nothing “wrong” with their baby. We know, however, that fussiness is a risk factor for both postpartum depression and child abuse, both of which we aim to prevent.

Another big difference in Fussy Baby versus other home visiting programs is that it is a brief, yet intensive intervention. Families that work with us will not see us long-term, but while they are in our program we can provide them continuous support, which will help get them through this tough time.

Lastly, while we will be available to the general public, our collaborative relationships with True North, and Children’s Division and the NICU will allow us to reach at-risk families that otherwise may have not been connected with the resources our community has to offer.

The overlap may be greatest with the Healthy Steps for Young Children program. Often, Healthy Steps Specialists are not able to make the kinds of home visiting support that is possible through the Fussy Baby Network. FBN Specialists work hand in hand with Healthy Steps specialists to provide a continuum of support. An introduction to the FAN has been incorporated into the Healthy Steps for Young Children national training curriculum as of 2015 and is seen as a value-added for the training of Healthy Steps specialists. Including MU Pediatrics Healthy Steps for Young Children in intensive FAN training will greatly benefit their program.

45. The description states, “Joint home visits will be offered to clients of existing home visiting programs”. What additional services will SOAR provide that other programs are not offering through home visits? What other organizations will SOAR partner with to provide joint home visits? Action Required: Provide clarification in the field below.

The team of Fussy Baby Network Specialists will be available to support our home visiting agencies (i.e. Parents as Teachers, First Chance for Children, Healthy Families America). The joint home visits will be offered to agencies where they experience families that are experiencing extreme challenges with infant mental health. It is likely that many parents who seek Fussy Baby Network services may be a part of an existing home visiting program. While our goal will be to train as many Boone County home visitors in the FAN, many providers will still struggle with difficult infants and families. The FBN will be a resource that agencies can utilize to support challenging cases. This joint model is being utilized successfully by Parents as Teachers and the Erikson Institute Fussy Baby program in Chicago. FBN team would also work towards linking families who would benefit from ongoing services to an appropriate home visiting agency. When the family has already formed a trusting relationship with one provider, the referral often work best when facilitated through a “warm hand off”. The FB team would utilize joint visits with other agencies to accomplish this referral.

46. The service description mentions offering consultations with WIC, Harbor House, and Children's Division but does not explain what services are being provided.

Action Required: Provide clarification in the field below.

SOAR has existing community partnerships with WIC (once monthly) and True North (twice a month) to provide consultation with parents. It is important for SOAR to maintain these relationships with the understanding that parents are supported and served where they seek services. Expecting parents struggling with their infants' sleeping, feeding, and crying so establishing links with a new agency may be difficult. SOAR will educate parents on typical infant behaviors and when and where to seek support in the community (including FACE, Fussy Baby Network, Child Parent Psychotherapy, home-visiting programs, parent groups, etc.) An evidence-based framework will be utilized in this work with models addressing infants and toddlers currently under review. The FAN will be used as the conceptual framework for addressing parental concerns, facilitating attunement and building parental capacity.

SOAR currently offers home visits to children in state custody (0-6) to determine developmental and social emotional needs and provide recommendations. Fussy Baby Network home visits will be extended to Children's Division foster families who have infants placed in their homes. The recent rise in substance addicted infants and the challenges that these infants face supports the need for foster families to be provided additional supports. A new partnership with the NICU will be established through this program. We will provide support to NICU parents while their child is in the NICU, during the transition home and/or once the baby is home.

47. The justification on the unit rate is not sufficient. How was the proposed unit rate determined?

Action Required: Provide information on how the unit rate was determined since it's not tied to a public rate.

The unit rate was determined to reflect 4 trained Fussy Baby Infant Specialists performing the components of consultations, screenings, clinic and home visits.

48. The Funding Request amount is not correct for Service 8. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Service 8. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

Funding request has been updated in Service Change Chart 8.

49. The Performance Measures section refers to the Survey of Well Being of the Young Child (SWYC) but does not provide information on the screening tool.

Action Required: Provide information on the SWYC and whether this is an evidence-based tool.

The Survey of Well Being of Young Children (SWYC) is a free, parent-report screening instrument for children under five years of age. The SWYC was developed to provide first-level screening for a wide range of developmental-behavioral domains in a single instrument: cognitive, language, motor milestones, social-emotional/behavioral functioning, as well as autism and family risk factors. The entire instrument requires 15 minutes to complete and is easy to score and interpret.

There is an age-specific SWYC form for each age on the pediatric periodicity schedule up to five years of age (2, 4, 6, 9, 12, 15, 18, 24, 30, 36, 48, and 60 months). Each of these 12 forms consists of questions appropriate for children in its designated age range.

The SWYC/MA is a modified version of the SWYC tool that incorporates the Edinburgh Postnatal Depression Scale (EPDS), a validated 10-item questionnaire to identify postpartum depression.

Initial validation studies of the survey have been completed and larger scale studies are underway. It has not attained evidence-based status at this time but is considered a promising practice.

Service 9 – Behavioral Health Screening

After our meeting it was decided to eliminate this program for cost efficiency measures.

50. The service description states that the Behavioral Health Screening is conducted to screen for eligibility and part of the intake process. The service output section indicates it takes an average of 15.6 hours to complete each screening.

Action Required: Please provide additional information regarding the amount of time it takes to complete a screening.

After our meeting it was decided to eliminate this program for cost efficiency measures.

51. The Outputs need to be redone with a unit measure of "one screening. Since the screening is completed to determine eligibility, the number of units should equal the number of unduplicated individuals receiving the screening. The unit measure includes conducting and analyzing the results.

Action Required: Provide updated outputs in the 'Service Change Chart' for Service 9. Provide information on how the unit rate was determined with specific information on the public funding source utilized. Please provide your best and final offer.

After our meeting it was decided to eliminate this program for cost efficiency measures.

52. The Funding Request amount needs to be updated for Service 9. The justification in the proposal was not sufficient.

Action Required: Complete the 'Service Change Chart' with your best and final offer. Provide sufficient justification on the funding request amount.

After our meeting it was decided to eliminate this program for cost efficiency measures.

Service 10 – Family Therapy

53. The Funding Request amount is not correct for Service 10. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Family Therapy that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

Please see Service Change Chart 10. This rate is based on the aggregate of clinical staff salaries to provide appropriate level of care.

54. The Service Fee section states that CPP requires 32-52 sessions and is not reimbursable by insurance or Medicaid or private insurance.

Action Required: Provide an update on getting CPP approved for Medicaid. Also explain whether any portion of the hours are billable to Medicaid or private insurance.

Conversations with the State Committee that bundles evidenced based practices (EBP) for reimbursement have occurred. Our discussion explored strengths/assets and challenges to getting CPP approved for Medicaid reimbursement. Strengths/assets identified: 1. CPP is the only evidenced based practice for children ages 0-2 years. 2. Research strongly supports the effectiveness of therapy for the children ages 0-5 years. Challenges identified: 1. Bundling of specific services of an EBP must already approved by Medicaid. 2. Identification of CPT codes for services for the 0-2 years population. CPT Codes currently exist for the 3-5 years range to support the bundling for CPP. 3. Policy states one cannot bill Medicaid only. All insurances must be billed. Below is the status of CPP services covered by Medicaid:

ASSESSMENT: CPT: 90791.

All children: Up to 3 hours per year. One unit = 30 minutes face to face with child/caregiver. Child must be present 75% of the session in order to bill. Child can be seen alone or with caregiver. Therapy Precertification Limits: Adjustment Disorder or nonspecific diagnosis: maximum of 10 hours of therapy a year. Specific Diagnoses—Maximum number of hours per 6 months: New clients 3 yrs. and older get 4 hours of therapy before a precertification is needed. Note: Maximum 1 unit of family therapy (50 minutes) billed per day, 5 hours per month

Maximum 1 unit of 90834 (45 minute individual therapy) billed per day, 5 units per month

MO HealthNet reimbursement rates:

Assessment = 60 minutes, Individual Therapy = 45 minutes, Family Therapy = 50 minutes

Child Not in State Custody

	Individual	Family	Family w/o Patient	
Under 3	0	10	5	
3 y/o	5	10	5	
4 y/o	10	10	5	
5 – 6 y/o	10	20	5	

Child in State Custody

	Individual	Family	Family w/o Patient	
Under 3	0	25	5	
3 y/o	10	20	5	
4 y/o	20	20	5	
5 – 6 y/o	20	20	5	

Because of the strengths/assets and challenges mentioned above we propose the following action plan.

Action Plan – Approving CPP for Medicaid Reimbursement and Private Insurances

Within the first quarter of the year the program will reach out to the State Medicaid committee to collaborate on the identification of CPT Codes for the 0-2 yr. population. At the end of the second quarter the program will provide a full report on coverage of CPP services by Medicaid and private insurances.

Program Services Form (11-15)**Service 11 – Clinical Case Management**

55. The service description for Clinical Case Management indicates the service is Service Coordination.

Action Required: Please refer to the Taxonomy of Services Case management definition and provide more information on the support the clinician provides clients.

We are in agreement with the name change to Service Coordination. The activities that the clinician will provide to support the optimal functioning of both the child and caregiver in treatment include communication, information sharing, and collaboration with other staff serving the child/parent/caregiver relationship within and/or between agencies in the community such as FACE or Children's Division. Activities in this program service are used to reduce barriers, establish linkages, reduce unmet needs, improve access to resources, promote self-management skills and enhance communication among provider/family and community partners.

56. The justification on how the unit rate was determined does not specify the source that was utilized.

Action Required: Provide specific information on how the unit rate was determined.

Unit rate is based on aggregated of salary and fringe of clinicians to provide the service.

57. The Funding Request amount is not correct for Service 11. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Clinical Case Management that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

The proposed Funding Request amount has been updated in "Service Change Chart" for Service 11. The funding request was based upon clinician providing a professional service.

58. The Performance Measures lack sufficient outcomes, indicators, and method of measurements for Clinical Case Management.

Action Required: Provide additional outcomes, indicators, and method of measurements for in the 'Service Change Chart'. Provide comments or questions in the field below. Completed see 'Service Change Chart'.

Additional Outcomes, indicators and methods of measurements have been added to the Service Chart for Service 11.

Service 12 – Professional Coaching

59. The service name will need to change to "Professional Coaching (SOAR Supervision)" to differentiate between the Professional Coaching provided to child care providers.

Action Required: Provide any comments or questions in the field below.

We are in agreement with the name change but feel that it needs to state Reflective Supervision in the title to differentiate it from program supervision which has been integrated in the respective program services. We have added the word Reflective to the title so it now reads (SOAR Reflective Supervision).

60 .The number of units to be provided for Professional Coaching is extremely high. The average number of units to be provided for 14 staff members is 180 hours of supervision.

Action Required: Provide specific information on the number of hours of supervision required for EC-PBS, FBN, FAN, and CPP.

Understanding ourselves and our part in relationships is a fundamental aspect of infant and early childhood mental health and necessary to establish genuine and supportive relationships. Reflective Supervision is a requirement in the implementation of FBN and CPP fidelity models; it consist of one hour of group reflective supervision and individual reflective supervision each week for five CPP Clinicians and one hour of individual reflective supervision each week for four FBN Specialists and one hour weekly group reflective supervision for five EC-PBS coaches to provide the opportunity for best practice to be successful when delivering services surrounding both education/coaching and improves the ability of early childcare providers and parents in the child's natural environment.

61. The Funding Request amount is not correct for Service 12. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Professional Coaching (SOAR Supervision) that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

Funding request has been updated and adjusted in Service Chart 12. Professional coaching (SOAR Reflective supervision) is a required professional component of early childhood mental health consultation (EC-PBS, CPP and for Fussy Baby Network work). It is critical for early childhood mental health providers to be able to sustain attunement to the child, parent and parent child relationships. Reflective supervision is considered best practice and a fundamental aspect of infant mental health services.

62. The Performance Measures lack outcomes and indicators supporting the benefit of this level of supervision.

Action Required: Provide additional outcomes, indicators, and method of measurements in the 'Service Change Chart' demonstrating the benefits of supervision. Provide any comments or questions in the field below.

Additional Outcomes, indicators and methods of measurements have been added to the Service Chart for Service 11.

Service 13 – Organizational Capacity Training

63. The service should be renamed to Best Practices Training (CPP Trainings) to differentiate between CPP and FAN.

Action Required: Provide any comments or questions in the field below.

We are in agreement with the name change but feel that it needs to state Best Practices Training (SOAR Team Trainings) in the title because this program service incorporates professional development training for all SOAR staff. We have replaced CPP with SOAR in the title so it reads (SOAR Team Trainings).

64. The outputs need to be redone.

Anthem unit measure should be "one individual".

The unit measure has been renamed to "one individual."

b. The service descriptions includes the FAN training for CPP clinicians, however, the service description for Service 7 already included all SOAR staff. The number of units seems high for CPP related trainings for 12 personnel. Make sure units for FAN training are not included in this service.

All 10 SOAR staff (EC-PBS, FBN and CPP) will receive FAN training and are accounted for in Program Service #6.

c. The service does not provide information on specific personnel that are included in the 12 individuals.

All 10 SOAR staff will participate in professional development.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for this service. Provide information on the 12 personnel that will receive CPP related trainings.

65. The Funding Request amount is not correct for Service 12. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

Four CPP Clinicians will receive continued training that supports implementation of Child-Parent Psychotherapy, Three Fussy Baby Specialist will receive continued training that supports implementation of Fussy Baby Network, and Three EC-PBS coaches will receive continued training that supports implementation of social emotional health and regulation strategies for childcare providers and parents.

66. Additional indicator (13-3) does not provide a measurable indicator (i.e. percentage).

Action Required: Rewrite Additional Indicator (13-3) so that it can be measured. Provide the correction in the 'Service Change Chart'.

Indicators have been updated in Service Chart for Service 13.

Service 14 – Behavioral Health Assessment

67. The service description does not provide information on the assessment that will be conducted and which program that utilizes it.

Action Required: Provide clarification on the assessment being provided and for which SOAR program.

Service description information has been updated in the Service Change Chart 14.

68. The Outputs section will need to be redone with a unit measure of "one assessment". This will change the unit rate and total number of units to be provided. The cost of each assessment and the time to administer and analyze the results should be included in the unit rate. The proposed number of units to provide the assessments was high. The average number of units per individual was close to 40 hours.

Action Required: Complete the 'Service Change Chart' for Behavioral Health Assessment. Provide information on how he updated outputs were determined. Please provide your best and final offer.

The unit of measure has been updated to "one assessment." According to the CPP Assessment Fidelity Model, in order to determine if the child/parent dyad are appropriate for CPP or a referral to another form of treatment they are required to complete a series of five sessions. In session 1, the child's trauma is assessed through use of parental interview, the administering of the YCPC and TESI instruments. In session 2, the child's development and relationships are assessed with the use of the ASQ3/ASQS, (if not previous administered in the past 6 months), Internal Working Model of the Child and Angels in the Nursery Interviews. In session 3, the caregiver's trauma is assessed through the use of interview, the administering of the PCL-5 and CERDD. The fourth session the parent-child relationship is assessed through the use of parent-child relational protocol such as the Crowell. The fifth session is referred to as the Feedback session which is a required fidelity protocol to review with the parent and child findings from the tools utilized in previous sessions and to discuss and determine if CPP is appropriate or if a referral to another form of treatment is necessary. If CPP is deemed appropriate, the behavioral assessment is finalized and an individualized plan for the treatment is formulated for the child-parent dyad.

69. The justification on how the unit rate was determined does not specify the source that was utilized.

Action Required: Provide specific information on how the unit rate was determined.

Please see question above for detailed description of effort to complete the Assessment. The series of consists of five 1.5 hr. sessions. Twenty assessments will be completed in the first year of the project to serve 40 unduplicated individuals.

70. The Funding Request amount is not correct for Service 14.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Behavioral Health Assessment that reflects output changes.

The Funding Request amount has been updated in "Service Change Chart" for Service 14. . Cost was based on amount of effort of clinician for a professional service.

71. The Performance Measures need to be written to reflect the service provided. There are multiple method of measurements listed for one outcome.

Action Required: Provide updated performance measures in the 'Service Change Chart' for Behavioral Health Assessments.

Performance measurements have been updated in Service Chart for Service 14.

72. This should not be listed as a separate cost. Administrative costs should be incorporated in the unit rate for the other program services.

Action Required: Incorporate the cost into the unit rate for program services.

Program service 15 has been removed

73. The following 'Service Change Charts' are in order of the services are listed below.

Overview of Service Changes	
-----------------------------	--

Service #	Service Name
1	Best Practices Training (EC-PBS)
2	Professional Coaching (EC-PBS)
3	Social/Emotional Screenings
4	Parenting Skills Training
5	Public Awareness/Education
6	Evidence-Based Practice Trainings (SOAR Team FAN Trainings)
7	Evidence-Based Practice Training (Provider FAN Trainings)- Eliminated
8	Family Education
9	Behavioral Health Screening-Eliminated
10	Family Therapy
11	Service Coordination
12	Professional Coaching (SOAR Reflective Supervision)
13	Best Practices Training (SOAR Team Training)
14	Behavioral Health Assessment

74. An attachment is provided to submit your best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'

Increase early childhood providers and parents/families in Boone awareness of social-emotional development by conducting 6 parenting presentations, 24 Early Childhood Networking Nights (ECNN), and attending 6 community events	80% of individuals attending parenting presentations, community events, and Early Childhood Networking Nights will have an increase in knowledge and awareness of social-emotional developmental screening tools.	Post survey administered immediately after events	
1) Increase early childhood providers and parents/families satisfaction attending parenting presentations, ECNN, and attending community events 2) Increase number of early childhood providers and parents/families in Boone attending parenting presentations, ECNN, and attending community events	1) Participants will have 90% satisfaction with parenting presentations, community events, and Early Childhood Networking Nights 2) 1000 individuals will attend community events, networking nights, and/or parenting presentations	1) Post survey administered immediately after events 2) Sign-in sheets	

<p>1) Increase parents' social support and parenting confidence by conducting 18 parenting support groups year 1 and 40 groups year 2</p> <p>2) Increase the number of parents attending parenting support groups</p> <p>3) Increase satisfaction of parents' attending support groups</p>	<p>1) 80% of parents will indicate that the support group increased their parenting confidence and/or social support</p> <p>2) 75 individuals will attend parenting support groups year 1, 200 during year 2</p> <p>3) Participants will have 90% satisfaction</p>	<p>1) Post survey administered immediately after parenting group</p> <p>2) Sign-in sheets</p> <p>3) Post satisfaction survey</p>
Educate and raise awareness of FAN and Fussy Baby Network by creating 5 different printed materials/disseminate material during Early Childhood Networking Nights, FAN Trainings, community events, parenting support	2000 early childhood providers and parents/families in Boone County will receive information about FAN and/or Fussy Baby Network via printed material (e.g., brochure flyer, postcard, etc.)	Printed material log and portfolio, sign-in sheets
Increase community awareness of FAN and Fussy Baby Network	1000 website and social media posts and hits	Number of website and social media posts and hits

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Department of Psychiatry)			
Program Name: System of Offering Actions for Resilience (SOAR) in Early Childhood			
Service #6 – Taxonomy of Service Name: Evidence-Based Practice Training (SOAR Team FAN Trainings)			
Service #6 – Taxonomy Definition of Service: Trains, and as applicable, certifies professionals in practice strategies that have been scientifically proven to be effective.			
<p>Provide a detailed description of the proposed service: Provide more information on coordination of trainings. FAN Trainings will be held in Boone County. Two fussy baby trainers from the Erikson Institute will travel to Columbia to provide training. The FAN, as a framework for attunement to parents' current state, needs, and concerns, would likely enhance their clinical effectiveness. Recruitment for FAN training will be largely on those providers whose work is infant-family focused. The Erikson Institute has implemented FAN training for all 6,000 Healthy Families America home visitors nationally in 2017. They are expanded training throughout the nation to Early Head Start and Parents as Teachers. FAN training will be extended to these same Boone County agencies. It is possible that providers trained in Triple P may also participate in FAN training. In addition to SOAR staff, we will train Healthy Steps, MU Peds and WIC lactation consultants and First Chance for Children Parents as Teachers throughout Boone County.</p>

Organization Name: The Curators of the University of Missouri (on behalf of the Department of Psychiatry)			
Program Name: System of Offering Actions for Resilience (SOAR) in Early Childhood			
Service #8 – Taxonomy of Service Name: Family Education			
Service #8 – Taxonomy Definition of Service: Develops communication and coping skills with the goal of strengthening family relationships.			
Provide a detailed description of the proposed service:			
<p>1) Parents can call or email to receive FB support. Calls will be answered during regular office hours, 9-5 Monday-Friday. Messages left on the weekends will be returned within 48 hours; 2) home visits are provided within a short period of time (week) after a parent calls the Fussy Baby Program. Together, the parent and the Fussy Baby Specialist decide the length and intensity of service. For some families, it may be one home visit and multiple phone contacts. For others it might be more home visits or all phone support. The visits are guided by the parent's urgent concerns and use the FAN framework as a guide. The visits are structured around the ARC of Engagement which involves the use of the same reflective questions at the beginning, middle, and end of each visit. 3) Fussy Baby Program is a brief intervention, typically involving from 1 -6 contacts. It differs from longer-term home visiting programs in the rapidity of the response and in the degree of control that the parents have in shaping the intervention. It is also unique in that it focuses on the crying, sleeping and feeding concerns in the context of the parent/child relationship. It is universally available and does not require that families present with risk factors or that the child be referred from another provider. 4) Each family will have a FBN Specialist who will serve as the primary service provider. Visits will be offered at home or through the SOAR clinic. Most families average 4 visits with an average visit taking one to two hours. The length and intensity of services are defined collaboratively with the parent. 5) The SWYC will be used at intake for identification of pre-existing and emerging needs of the parent and child.</p>

Service #14 – Taxonomy of Service Name: Behavioral Health Assessment			
Service #14 – Taxonomy Definition of Service: Assessment by a qualified mental health professional of an individual's history, mental health, and functioning with the purpose of establishing a treatment plan and/or diagnosis.			
Provide a detailed description of the proposed service: According to the CPP Assessment Fidelity Model, in order to determine if the child/parent dyad are appropriate for CPP or a referral to another form of treatment they are required to complete a series of five sessions. In session 1, the child's trauma is assessed through use of parental interview, the administering of the YCPC and TESI-PRR instruments. In session 2, the child's development and relationships are assessed with the use of the ASQ3/ASQS, (if not previous administered in the past 6 months), Internal Working Model of the Child and Angels in the Nursery Interviews. In session 3, the caregiver's trauma is assessed through the use of interview, the administering of the PCL-5 and CERDD. The fourth session the parent-child relationship is assessed through the use of parent-child relational protocol such as the Crowell. The fifth session is referred to as the Feedback session which is a required fidelity protocol to review with the parent and child findings from the tools utilized in previous sessions and to discuss and determine if CPP is appropriate or if a referral to another form of treatment is necessary. If CPP is deemed appropriate, the behavioral assessment is finalized and an individualized plan for the treatment is formulated for the child-parent dyad.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Geren:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 8, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of the Department of Psychiatry)
Name of Program	System of Offering Actions for Resilience (SOAR) in Early Childhood

Organization Profile	
-----------------------------	--

1. The contact information, employer, and expertise, experience, and qualifications are not provided for all the board members.

Action Required: Provide all fields for each board member on the Governing Board section in Apricot. Provide any comments and/or questions in the field below.

--

2. David Stewart does not have any information fields completed.

Action Required: Complete all the information fields for David Stewart on the Governing Board section in Apricot. Provide any comments and/or questions in the field below.

--

3. The 990 needs to be updated. The tax year is listed for July 1, 2014 to June 30, 2015.

Action Required: Provide updated 990 on Apricot. Provide any comments and/or questions in the field below.

--

Proposal Cover Sheet	
-----------------------------	--

4. Attachment B on the Proposal Cover Sheet is not the correct form.

Action Required: Provide the correct form for Attachment B with the required signatures. Provide any comments and/or questions in the field below.

Program Overview Form

5. The Statement of Issue Being Addressed for field a. does not provide information on the community-level issue with supporting references. The narrative only describes EC-PBS, Fussy Baby Network, and CPP Program.

Action Required: Describe and document the community-level issue to be addressed by the proposed program utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID).

6. The Program Overview section does not provide sufficient information on EC-PBS, Fussy Baby Network, and CPP. The overview only provides a few sentences for each program.

Action Required: Provide specific information on each program. Incorporate the information provided in the service descriptions for each program.

7. Field a. in the Program Consumers section states that “Missouri ranks 10th out of 40 states in number of expulsion from preschool due to challenging behaviors.” The statement does not provide a clear citation of the reference source.

Action Required: Provide the references source for the statement above.

8. The total number of unduplicated individuals in the Race Demographics section does not equal all the other demographic totals and total number of unduplicated individuals to be served.

Action Required: Complete the table below.

Race	# of Individuals
White	
Black or African American (alone)	
Multiple Races	
Asian (alone)	
Native American Indian or Alaskan Native	
Native Hawaiian or other Pacific Islander (alone)	

Some Other Race	
Race Total	

9. The Administration personnel salary range has an error in the base salary amount.
Action Required: Provide clarification on the salary range for the Administration position.

10. The Program Budget lacks information in the narratives for funds received from Boone County Children's Services (BCCS) and the personnel and non-personnel expenses.
Action Required: Provide sufficient information on the revenues and expenses for the program.

Program Services Form (1-5)

11. Professional Services needs to be removed as a service and the cost incorporated into the unit rates for services.
Action Required: Complete the following clarification questions and output changes that reflect these changes. Provide comments or questions in the field below.

Service 1 – Best Practices Training

12. The service needs to be renamed to "Best Practices Training (EC-PBS)" to differentiate the different types of training offered by SOAR.
Action Required: Provide comments or questions in the field below.

13. The service description does not describe how SOAR will promote the trainings to child care providers.

Action Required: The Missouri Workshop Calendar lists trainings that are available but what other efforts does SOAR make to promote trainings, especially to rural child care providers?

14. When measuring a unit per person, there should not be more units than individuals served.

Action Required: Provide corrected unit rate and Total # of Units of Service to be provided.

15. The description states that additional providers will be trained in ASQ-3 and ASQ-SE.

Action Required: Please explain why additional trainings will be provided for ASQ-3 and ASQ-SE when the Early Childhood program and the Fussy Baby Network will utilize a different screening tool.

16. The Funding Request section states that SOAR wants to expand to three more childcare sites and preschool classrooms in Centralia. However, the Other Funders Chart shows that the current contracted number of units is 483 but the proposed number of units is 400. Also, the amount requested to BCCS is not correct.

Action Required: Complete the 'Service Change Chart' for Service 1. Provide clarification below on why there is a decrease in the number of units to be provided compared to the current contract when SOAR is wanting to expand services. Provide an updated funding request amount.

17. The seven trainings that are provided to child care providers vary in subjects. The Performance Measures section only lists one outcome and indicator for a general increased level of knowledge.

Action Required: Provide specific performance measures that could be gathered from the different trainings offered to child care providers. Provide these additional outcomes, indicators, and method of measurements in the 'Service Change Chart' for Service 1.

Service 2 – Site-Based Mentoring

18. The service was proposed as “Site-based Mentoring” but should be “Professional Coaching”. There is another proposed service called Professional Coaching but is only for supervision to organization personnel. To differentiate the two services, Service 2 will be renamed to Professional Coaching (EC-PBS) and will only include EC-PBS coaching to child care providers. *Action Required:* Complete the ‘Service Change Chart’ for Service 2 as Professional Coaching (EC-PBS).

--

19. The unit rate for the current contract is \$33.74 but the proposed unit rate has increased to \$35.08. The Funding Request section explains that services will expand to additional sites but does not explain the increased funding rate.

Action Required: Please provide your best and final offer in the ‘Service Change Chart’ for Service 2.

--

20. The Funding Request amount is not correct for Service 2.

Action Required: Provide an updated Funding Request amount in the ‘Service Change Chart’ for Service 2 that reflects output changes.

--

21. The proposal lacked information on the method of measurements.

Action Required: Provide more information below on the PreSET and SDQ tools.

--

Service 3 - Social/Emotional Screening

22. The Outputs section will need to be redone with a unit measure of “one screening”. This will change the unit rate and total number of units to be provided. The cost of each screening and the time to administer and analyze the results should be included in the unit rate. The cost of coaching child care providers to use the ASQs should not be included in Service 3.

Action Required: Complete the 'Service Change Chart' for Service 3. Provide information on how the updated outputs were determined. Please provide your best and final offer.

--

23. The Funding Request amount will need to be updated for Service 3.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Service 3 that reflects output changes.

--

Service 4 – Parent Skills Training

24. The number of units to be provided is high compared to current utilization.

Action Required: Propose an amount that is more reflective of current utilization.

--

25. The unit rate for the current contract is \$53.33 but the proposed unit rate has increased to \$57.05. The Funding Request section explains that services will expand to additional sites but does not explain the increased funding rate.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for Service 4.

--

26. The Funding Request amount will need to be updated for Service 4.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Service 4 that reflects output changes. Please provide your best and final offer in the 'Service Change Chart' for Service 4.

--

27. The Performance Measures lack outcomes and indicators that show an increase of knowledge in parents following the parent events. This could be measured with the pre-post tests that are already being administered.

Action Required: Provide additional outcomes, indicators, and method of measurements in the 'Service Change Chart' for Service 4.

--

Service 5 – Public Awareness/Education

28. The Performance Measures provides multiple outcomes, indicators, and method of measurements; however, the service description lacks information on how activities mentioned in the performance measures will be implemented in the events.

Action Required: Provide more information on the Public Awareness/Education on how information mentioned in the Performance Measures will be incorporated.

--

29. The Performance Measures section mentions FAN and the Fussy Baby Network (FBN) frequently but no other programs of SOAR.

Action Required: Provide clarification on whether this service is primarily tied to FAN and/or FBN.

--

30. The service description mentions parent support groups offered through WIC, Harbor House, and the NICU but is unclear whether support groups operate as a service of SOAR or these other organizations.

Action Required: Provide clarification whether SOAR organizes and provides the parent support groups. If the parent support groups are a service operated by SOAR, then this should be listed as a separate service.

--

31. The Outputs section is confusing based on the unit measure, number of units to be provided, and number of unduplicated individuals to be served.

Action Required: Provide clarification on how the outputs were determined.

- a. Are the number of units to be provided reflective of the number of hours staff spend facilitating Public Awareness/Education or is it represent the number of individuals that will receive information?

- b. How was the unit rate established? The narrative in the proposal does not explain costs involved in facilitating this service.
- c. How will the total number of unduplicated individuals be tracked?

32. The funding request amount seems high and was not correct. Justification for the requested level of funding was not provided. There also seems to be overlap with the Boone County Early Childhood Coalition (BCECC) Public Awareness Campaigns.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for Service 5. Provide justification for the requested level of funding in the field below.

Program Services Form (6-10)	
-------------------------------------	--

Service 6 – Organizational Capacity Building

33. The service name should be renamed Evidence-Based Practice Training (SOAR Team FAN Trainings) to differentiate between FAN and CPP trainings.

Action Required: Provide comments or questions in the field below.

34. The service description for the FAN trainings does not provide information on where the trainings take place.

Action Required: Provide clarification whether there are travel costs involved for all SOAR personnel to be trained.

35. The Outputs section will need to be redone.

- a. The total number of units to be provided should reflect the unit measure, which is 1 person.
- b. The unit rate needs to reflect the total cost for one individual to be trained in FAN.

Action Required: Provide the corrected outputs on the 'Service Change Chart'. Please provide your best and final offer. Provide information on how the cost per staff member was determined in the field below.

36. The cost per individual to be trained in FAN is expensive. The individuals who are identified to be trained already use evidence-based practices with families. Will this training replace providers' existing practices? In addition, MU Pediatrics will be trained in Triple P through the BCECC and FACE has access to training through its contract.

Action Required: Please explain how this service is not duplicative of other trainings and how the training will be implemented through other providers when they already have a model of practice they need to adhere to.

37. The funding request amount seems high and needs to be updated. Justification for the requested level of funding was not provided.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for Service 6. Provide justification for the requested level of funding in the field below.

Service 7 – Best Practices Training

38. The service needs to be renamed "Evidence-Based Practice Training (Provider FAN Training)" to differentiate between the training offered through Service 1. The service description lacked information on coordination of providing FAN trainings and follow-up with providers.

Action Required: Provide more information on the FAN trainings to early childhood providers.

39. Another proposed service is focused on providing extensive supervision to SOAR staff to comply with the FAN model. The service description for Service 7 does not provide information on whether the providers receiving FAN training need supervision to implement the FAN model.

Action Required: Provide information on follow-up requirements with FAN trained providers. Does the FAN model require supervision for trained professionals?

40. The Outputs need to be redone.

- a. The unit measure should be "one individual".
- b. The units of service to be provided need to reflect the changed unit measure.
- c. The justification on the unit rate is not sufficient. How was the proposed unit rate determined?

Action Required: Provide the corrected outputs on the 'Service Change Chart'. Please provide your best and final offer. Provide information on how the updated outputs determined in the field below.

41. The Funding Request amount needs to be updated for Service 7. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Service 7 that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

Service 8 – Postpartum Care

42. The service needs to be renamed to "Family Education".

Action Required: Complete the 'Service Change Chart' for Service 8. Provide comments or questions in the field below.

43. The service description lists multiple services that are provided through the FBN but does not provide sufficient information on each activity.

Action Required: Provide more information on the home visits, clinic visits, screenings, etc. that are mentioned in the service description.

44. The services being described sound duplicative of other programs currently available in the community and/or contracted through the County (i.e. HealthySteps, Parents as Teachers, etc.).
Action Required: Provide justification that the Fussy Baby Network is not a duplication of services in the community.

45. The description states, "Joint home visits will be offered to clients of existing home visiting programs". What additional services will SOAR provide that other programs are not offering through home visits? What other organizations will SOAR partner with to provide joint home visits?

Action Required: Provide clarification in the field below.

46. The service description mentions offering consultations with WIC, Harbor House, and Children's Division but does not explain what services are being provided.

Action Required: Provide clarification in the field below.

47. The justification on the unit rate is not sufficient. How was the proposed unit rate determined?

Action Required: Provide information on how the unit rate was determined since it's not tied to a public rate.

48. The Funding Request amount is not correct for Service 8. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Service 8. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

49. The Performance Measures section refers to the Survey of Wellbeing of the Young Child (SWYC) but does not provide information on the screening tool.

Action Required: Provide information on the SWYC and whether this is an evidence-based tool.

Service 9 – Behavioral Health Screening

50. The service description states that the Behavioral Health Screening is conducted to screen for eligibility and part of the intake process. The service output section indicates it takes an average of 15.6 hours to complete each screening.

Action Required: Please provide additional information regarding the amount of time it takes to complete a screening.

51. The Outputs need to be redone with a unit measure of "one screening. Since the screening is completed to determine eligibility, the number of units should equal the number of unduplicated individuals receiving the screening. The unit measure includes conducting and analyzing the results.

Action Required: Provide updated outputs in the 'Service Change Chart' for Service 9. Provide information on how the unit rate was determined with specific information on the public funding source utilized. Please provide your best and final offer.

52. The Funding Request amount needs to be updated for Service 9. The justification in the proposal was not sufficient.

Action Required: Complete the 'Service Change Chart' with your best and final offer. Provide sufficient justification on the funding request amount.

Service 10 – Family Therapy

53. The Funding Request amount is not correct for Service 10. Justification for the requested level of funding was not provided.
Action Required: Provide an updated Funding Request amount in the ‘Service Change Chart’ for Family Therapy that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

54. The Service Fee section states that CPP requires 32-52 sessions and is not reimbursable by insurance or Medicaid or private insurance.
Action Required: Provide an update on getting CPP approved for Medicaid. Also explain whether any portion of the hours are billable to Medicaid or private insurance.

Program Services Form (11-15)	
--------------------------------------	--

Service 11 – Clinical Case Management

55. The service description for Clinical Case Management indicates the service is Service Coordination.
Action Required: Please refer to the *Taxonomy of Services* Case management definition and provide more information on the support the clinician provides clients.

56. The justification on how the unit rate was determined does not specify the source that was utilized.
Action Required: Provide specific information on how the unit rate was determined.

57. The Funding Request amount is not correct for Service 11. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Clinical Case Management that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

58. The Performance Measures lack sufficient outcomes, indicators, and method of measurements for Clinical Case Management.

Action Required: Provide additional outcomes, indicators, and method of measurements for in the 'Service Change Chart'. Provide comments or questions in the field below.

Service 12 – Professional Coaching

59. The service name will need to change to "Professional Coaching (SOAR Supervision)" to differentiate between the Professional Coaching provided to child care providers.

Action Required: Provide any comments or questions in the field below.

60. The number of units to be provided for Professional Coaching is extremely high. The average number of units to be provided for 14 staff members is 180 hours of supervision.

Action Required: Provide specific information on the number of hours of supervision required for EC-PBS, FBN, FAN, and CPP.

61. The Funding Request amount is not correct for Service 12. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Professional Coaching (SOAR Supervision) that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

62. The Performance Measures lack outcomes and indicators supporting the benefit of this level of supervision.

Action Required: Provide additional outcomes, indicators, and method of measurements in the 'Service Change Chart' demonstrating the benefits of supervision. Provide any comments or questions in the field below.

Service 13 – Organizational Capacity Training

63. The service should be renamed to Best Practices Training (CPP Trainings) to differentiate between CPP and FAN.

Action Required: Provide any comments or questions in the field below.

64. The outputs need to be redone.

- a. The unit measure should be "one individual".
- b. The service descriptions includes the FAN training for CPP clinicians, however, the service description for Service 7 already included all SOAR staff. The number of units seems high for CPP related trainings for 12 personnel. Make sure units for FAN training are not included in this service.
- c. The service does not provide information on specific personnel that are included in the 12 individuals.

Action Required: Please provide your best and final offer in the 'Service Change Chart' for this service. Provide information on the 12 personnel that will receive CPP related trainings.

65. The Funding Request amount is not correct for Service 12. Justification for the requested level of funding was not provided.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' that reflects output changes. Please provide your best and final offer. Provide justification for the requested level of funding in the field below.

66. Additional indicator (13-3) does not provide a measurable indicator (i.e. percentage).

Action Required: Rewrite Additional Indicator (13-3) so that it can be measured. Provide the correction in the 'Service Change Chart'.

Service 14 – Behavioral Health Assessment

67. The service description does not provide information on the assessment that will be conducted and which program that utilizes it.

Action Required: Provide clarification on the assessment being provided and for which SOAR program.

68. The Outputs section will need to be redone with a unit measure of "one assessment". This will change the unit rate and total number of units to be provided. The cost of each assessment and the time to administer and analyze the results should be included in the unit rate. The proposed number of units to provide the assessments was high. The average number of units per individual was close to 40 hours.

Action Required: Complete the 'Service Change Chart' for Behavioral Health Assessment. Provide information on how the updated outputs were determined. Please provide your best and final offer.

69. The justification on how the unit rate was determined does not specify the source that was utilized.

Action Required: Provide specific information on how the unit rate was determined.

--

70. The Funding Request amount is not correct for Service 14.

Action Required: Provide an updated Funding Request amount in the 'Service Change Chart' for Behavioral Health Assessment that reflects output changes.

--

71. The Performance Measures need to be written to reflect the service provided.. There are multiple method of measurements listed for one outcome.

Action Required: Provide updated performance measures in the 'Service Change Chart' for Behavioral Health Assessments.

--

Service 15 – Professional Services

72. This should not be listed as a separate cost. Administive costs should be incorporated in the unit rate for the other program services.

Action Required: Incorporate the cost into the unit rate for program services.

--

Overview of Service Changes	
------------------------------------	--

73. The following 'Service Change Charts' are in order of the services are listed below.

Service #	Service Name
1	Best Practices Training (EC-PBS)
2	Professional Coaching (EC-PBS)
3	Social/Emotional Screenings
4	Parenting Skills Training
5	Public Awareness/Education
6	Evidence-Based Practice Trainings (SOAR Team FAN Trainings)
7	Evidence-Based Practice Training (Provider FAN Trainings)
8	Family Education
9	Behavioral Health Screening
10	Family Therapy
11	Service Coordination
12	Professional Coaching (SOAR Supervision)
13	Best Practices Training (CPP Training)
14	Behavioral Health Assessment

Action Required: Complete the 'Service Change Chart' for each service.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

74. An attachment is provided to submit your best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Program Outputs and Funding Request Tables – Best and Final Offer

Action Required: Complete the following tables based on your best and final offer for all services. The information must reflect the changes that were requested.

[illegible]

[illegible]

Program Performance Measures Information

The following synonyms, definitions, and examples may help you completing the required program performance measures information:

	Service	Output	Outcome	Indicator	Method of Measurement
Synonyms	<i>Service</i> = Activity or Intervention	<i>Output</i> = Product	<i>Outcome</i> = Change	<i>Indicator</i> = Measure	<i>Method of Measurement</i> = Information gathering instrument or technique
Definitions	<i>Service</i> is the program activity or intervention being provided	An <i>Output</i> is expressed as the number of UNITS of service produced, in measurable increments (UNIT MEASURE), and the number of UNDUPLICATED INDIVIDUALS for whom the service is provided	An <i>Outcome</i> describes a beneficial change (knowledge, behavior, or condition) in the people being served	An <i>Indicator</i> is the specific item of information by which a service's level of success in affecting the desired outcome is measured	A <i>Method of Measurement</i> is the instrument or technique used to gather the information needed to measure the service's success
Example	parenting skills training	150 hours of parenting skills training for 30 parents	Increased knowledge of parenting	90% (n=27) of participants will have a 50% increase in knowledge of parenting	pre and post test

System of Offering Assistance
for Resilience (SOAR)
in Early childhood

Organization Profile

Organization Profile Instructions

New Users:

In order to create a Username and Password, complete the Organization User Information and Primary Information sub-sections and click Save Record on the right hand side of the screen. Be sure to save your Username and Password in a secure location for future use. Once you click Save Record you will be prompted to log in. This will allow you to access the system and complete the Organization Profile.

Returning Users:

You must complete and keep up-to-date ALL applicable fields in your Organization Profile. Proposals and Reports will be considered unresponsive if your Organization Profile is not complete and up-to-date.

General Information

Organization

Mission

Statement

(Purpose):

Provide your organization's mission statement. (600 character limit)

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

Organization

History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

The University of Missouri has provided teaching, research and service to Missouri since 1839. The university, the first publicly supported institution of higher education to be established in the Louisiana Purchase territory, was shaped in accordance with the ideals of Thomas Jefferson, an early proponent of higher education. Founded in Columbia, the university had one campus until 1870, when the School of Mines and Metallurgy was established in Rolla. In the same year, the university assumed land-grant responsibilities of providing higher education opportunities for all citizens.

Brief Statement of

Organization's

Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong

learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

My name is Karen M. Geren. I am an authorized agent of The Curators of The University of Missouri (Bidder). This business is enrolled and participates in a federal work authorization program for all employees working in connection with services provided to the County. This business does not knowingly employ any person that is an unauthorized alien in connection with the services being provided. Documentation of participation in a federal work authorization program is attached hereto.

Furthermore, all subcontractors working on this contract shall affirmatively state in writing in their contracts that they are not in violation of Section 285.530.1, shall not thereafter be in violation and submit a sworn affidavit under penalty of perjury that all employees are lawfully present in the United States.

Attach to this form the *E-Verify Memorandum of Understanding* that you completed when enrolling.

Company ID Number: 62231

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and **The Curators of the University of Missouri** (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.
2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

5. SSA agrees to establish a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF THE DEPARTMENT OF HOMELAND SECURITY

1. Upon completion of the Form I-9 by the employee and the Employer and after SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct:

- Automated verification checks on newly hired alien employees by electronic means, and
- Photo verification checks (when available) on newly hired alien employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify.. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, and U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act and federal criminal laws, and to ensure accurate wage reports to the SSA.

7. DHS agrees to establish a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the E-Verify Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.

5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a

Company ID Number: 62231

rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify ; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$500 and \$1,000 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ any employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the the SSA verification response has been given.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, support for any unlawful employment practice, or any other use not authorized by this MOU. The Employer must use E-Verify for all new employees and will not verify only certain employees selectively. The Employer agrees not to use E-Verify procedures for re-verification, or for employees hired before the date this MOU is in effect. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and the immediate termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III.B. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1 (1)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification to verify work authorization, a tentative nonconfirmation, or the finding of

Company ID Number: 62231

a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

ARTICLE III

REFERRAL OF INDIVIDUALS TO THE SSA AND THE DEPARTMENT OF HOMELAND SECURITY

A. REFERRAL TO THE SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.

2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a referral letter and instruct the employee to visit an SSA office to resolve the discrepancy within 8 Federal Government work days. The Employer will make a second inquiry to the SSA database using E-Verify procedures on the date that is 10 Federal Government work days after the date of the referral in order to obtain confirmation, or final nonconfirmation, unless otherwise instructed by SSA or unless SSA determines that more than 10 days is necessary to resolve the tentative nonconfirmation..

4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO THE DEPARTMENT OF HOMELAND SECURITY

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.

2. If the Employer finds a photo non-match for an alien who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when

Company ID Number: 62231

the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even

Company ID Number: 62231

without changes to E-Verify, the Department reserves the right to require employers to take mandatory refresher tutorials.

Termination by any party shall terminate the MOU as to all parties. The SSA or DHS may terminate this MOU without prior notice if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine.

Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

The employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, and responses to inquiries under the Freedom of Information Act (FOIA).

The foregoing constitutes the full agreement on this subject between the SSA, DHS, and the Employer.

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify Operations at 888-464-4218.

RE: Boone County POS Contract for The Curators of the University of Missouri/ Nathan Beucke, MD

Enclosed please find the above-referenced proposal which is being submitted on behalf of The Curators of the University of Missouri. The project director is Laine Young-Walker, MD. at the University of Missouri-Columbia.

If our proposal is favorably received, we respectfully request the opportunity to negotiate the terms and conditions of any agreement forthcoming. In anticipation, we have reviewed the RFP's proposed terms and conditions. Our concerns include, but are not limited to, the following (proposed additions are underlined):

Boone County Insurance Requirements

The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide, or Contractor may provide evidence of a self-funded program of coverage.

Reasoning: It is not possible to add an additional insured to the self-insurance plan and the University is not willing to obtain separate insurance for any specific project. The University is partially immune from tort liability since it is an instrumentality of the State of Missouri and the University carries insurance (commercial and/or self insurance) as permitted by State statute 537.610 RSMo., 1994. The University is qualified as a self-insurer under the Workers Compensation law of the State of Missouri. In addition, the University is also self-insured for general liability and for automobile liability insurance. These University self-insurance programs shall be used to cover any applicable claims concerning this project.

Indemnity Agreement

To the fullest extent permitted by law and without waiving sovereign immunity, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Reasoning: The University is a governmental entity of the State of Missouri. As such, it has sovereign immunity from most tort actions and cannot agree to indemnify and hold harmless others in situations in which the legislature has provided such sovereign immunity (Article VI, Section 26a, Missouri Constitution Sect. 172.250, RSMo., 1994)

Attachment D—2017 Agency Assurance Sheet

- *Certificate of Corporate Good Standing*

Reasoning: We will be unable to provide a Certificate of Corporate Good Standing. RPR Section III Minimum Eligibility Criteria states “any tax-exempt, not organized for profit agency or governmental entity” should be eligible. We are a public corporation per the statute below:

172.020. Pursuant to sections 9(a) and 9(b) of article IX of the Missouri Constitution, the state university is hereby incorporated and created as a body politic and shall be known by the name of "The Curators of the University of Missouri", and by that name shall have perpetual succession, power to sue and be sued, complain and defend in all courts; to make and use a common seal, and to alter the same at pleasure; to take, purchase and to sell, convey and otherwise dispose of lands and chattels, except that the curators shall not have the power to subdivide, sell or convey title to any land contained within a university campus or to subdivide, sell or convey title to any portion of any parcel of land containing in excess of twenty-five hundred contiguous acres unless such transaction is approved by the general assembly by passage of a concurrent resolution signed by the governor. The curators shall not sell, trade or otherwise convey or permit the severance of timber, minerals or other natural resources, unless the curators comply with bidding procedures established by rule that mandate notice of the transaction be provided in a manner reasonably calculated to apprise prospective purchasers. Such rule or rules must at a minimum require at least one notice of the transaction be published in a newspaper of general circulation where the resources are located. The curators may act as trustee in all cases in which there be a gift of property or property left by will to the university or for its benefit or for the benefit of students of the university; to condemn an appropriate real estate or other property, or any interest therein, for any public purpose within the scope of its organization, in the same manner and with like effect as is provided in chapter 523 relating to the appropriation and valuation of lands taken for telegraph, telephone, gravel and plank or railroad purposes; provided, that if the curators so elect, no assessment of damages or compensation under this law shall be payable and no execution shall issue before the expiration of sixty days after the adjournment of the next regular session of the legislature held after such assessment is made, but the same shall bear interest at the rate of six percent per annum from its date until paid; and provided further, that the curators may, at any time, elect to abandon the proposed appropriation of property by an instrument of writing to that effect, to be filed with the clerk of the court and entered on the minutes of the court, and as to so much as is thus abandoned, the assessment of damages or compensation shall be void.

Please contact Joseph Sall at 573-884-5295 or sallj@missouri.edu for any administrative questions and/or negotiations. You may contact the PI directly for technical questions.

We appreciate your consideration of this proposal.

Sincerely,

Karen M. Geren

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 -- *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

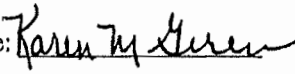

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By:

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Issues addressed with EC-PBS include: EC-PBS will address the limited knowledge of early childcare providers and parents on positive behaviors strategies and social-emotional well-being of children, the identification of developmental and social/emotional delays in young children, and the limited resources for early childcare providers in low income and rural areas of Boone County will be addressed.

Issues addressed by the Fussy Baby Network (FBN) include: FBN is an evidence-based program that meets needs of fussy babies. Although crying is a normal part of development, it can place babies and families at risk for child abuse, family stress, parental depression, parent infant relationship distress, and developmental/behavioral problems. With the national opioid epidemic, infants are increasingly born with addiction, compounded by irritability, dysregulation, and difficulty with sleeping, feeding, calming, or other behaviors. These infants require specialized interventions and supports to meet their needs.

Issues addressed by the CPP Program include: Exposure to trauma and its effects is increasingly prevalent. There have been 850 substantiated cases referred to Juvenile and Family Division in BC. This data reflects a need for evidenced based trauma treatment in BC for young children. Child-Parent Psychotherapy (CPP) will provide this and will educate the community on the impact of trauma on young children's social-emotional development through website/social media

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Young children (birth to age 6), their early childcare providers and their parents will be addressed. Particularly at-risk within the population of early childhood are children living in low income homes. According to (BID) <http://booneindicators.org/>, 1 out of every 4 children (ages 0-5) living in the city of Columbia are living in poverty. Family income can be a risk factor that impacts young children's social-emotional health and development. Research

suggests that up to 50 percent of the impact of income on children's development can be mediated by interventions that target parenting and childcare education. (Copper, Masi, & Vick 2009). Abuse and neglect is prevalent in this population. BC indicator data shows that in 2015 children under 5 years experienced various forms of trauma. [1,628 incidents of domestic violence, 26 substantiated cases of sexual abuse, 45 substantiated cases of physical abuse, 93 substantiated cases of neglect, 9 cases of medical neglect, 20 cases of emotional abuse and 5 cases of educational neglect]. Excessive crying places children at increased risk for child abuse (Barr, Trent, & Cross, 2006). EC-PBS will provide education and training on social-emotional and onsite coaching to childcare providers. The FBN will address at risk infants who are at risk for abuse. CPP will treat children 0-5 who have experienced trauma.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The mission of SOAR is to provide services that will enhance the social and emotional well-being of young children, their families and childcare providers. SOAR provides services through the continuum of education/prevention to intervention. EC-PBS, FBN, and CPP are programs implemented by SOAR.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

EC-PBS provides program-wide training, team building, behavioral consultation and weekly universal coaching to childcare providers. Expansion to Centralia's Chance Elem School occurred in the fall of 2017, other sites will be added. EC-PBS provides parent training classes and promotes early identification of developmental delays through standardized screening using the ASQ-3 and ASQ:SE2. Through EC-PBS social-emotional competence is strengthened and the gap between home and childcare is bridged.

Understanding infant mental health is key to preventing and treating problems in very young children and their families. SOAR staff will be trained in the Erikson Institute FAN (Facilitating Attuned Interactions) model. Then, they will train others (i.e., early childhood mental health consultation systems, home visiting, and neonatal intensive care). After FAN training, SOAR will become a Fussy Baby Network implementation site, working with parents and infants to address challenging infant behaviors such as crying, sleeping, and feeding through 1:1 consultations and home visits.

CPP will provide therapy for children 0-5. Interventions target change in maladaptive behaviors, support of developmentally appropriate interactions, and improvement in caregivers coping. When needed therapist connect families to existing services and supports in an effort to promote optimal family functioning. Core Interventions will be provided in the home or in the SOAR clinic.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

EC-PBS program will focus on increasing social-emotional health and reducing challenging behaviors for young children who attend early childcare sites located in Boone County. Between 9.5 and 14.2 percent of children between birth and five years of age experience social-emotional problems that negatively impact their functioning, development, and school-readiness. (Copper, et al. 2009).

FBN will be available to any Boone County family with an infant 12 months or younger, regardless of socio-economic status or other demographics. Referrals will be accepted from agencies and by parent request. In year 1, SOAR will utilize existing partnerships (i.e., Harbor House and WIC) to provide consultations on-site to families. In year 2, the program will establish a new partnership with MU's NICU and continue work with Children's Division. Home visits will also be provided. Additionally in year 2, a warmline/referral network will be available to all families.

CPP will serve children ages 0-6 years of age who have been exposed to trauma. There are very limited mental health services for children ages 0-6 years in Boone County. Young children who have experienced trauma have a negative impact on brain development and social, emotional and behavioral development. Services provided through the website/social media will educate the community about causes, prevention and how to access services for young children and their families impacted by trauma.

b. Why will these particular consumers be served? (1500 character limit)

Research confirms that the early years present a window of opportunity to effectively intervene with young children. (Shonkoff, J. 2000). Identification and treatment of early childhood mental health concerns is more beneficial and cost-effective than treatment at a later age when difficulties may become more serious.

Challenging behavior in preschool and childcare settings can have serious consequences if not resolved quickly and efficiently. Missouri ranks 10th out of 40 states in number of expulsion from preschool due to challenging behaviors. Children expelled from preschool often lack access to supports and interventions and are at high risk for developing chronic behavior problems later in life. Behavioral consultation and coaching is associated with lower expulsion rates, reduced challenging behaviors, and improved social-emotional functioning (Perry et al (2008).

FBN helps parents with urgent concerns about their baby. It builds long-term parenting capacity, confidence, and competence in meeting their baby's needs. Careful attunement and matching to the parents' experience helps families feel understood and fosters a sense of calm at a difficult time.

There are limited services for children ages 0-6 years who have experienced some form of trauma in Boone County. There are no services for children 0-2 years of age that have been traumatized. CPP is an evidenced based practice, effective in helping children 0-6 years and their families heal from trauma.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

EC-PBS: reimbursement, minimal understanding of the importance of screening and early intervention, problems accessing children in rural areas, and workforce expertise of early childhood social-emotional health.

FBN: parents struggling with stress, lack of sleep, depression, and anxiety don't seek services. Parents experiencing stressors: poverty, isolation, or trauma may have difficulty attending to their child's needs.

CPP: awareness of trauma's impact, effectiveness of CPP in trauma treatment, transportation, reimbursement, cultural/ social economic factors and workforce expertise.

d. Total number of unduplicated individuals to be served by the proposed program:

1925

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

517.35

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

245

b. Provide information on the types of training that will be offered. (1500 character limit)

EC-PBS will train 160 people. Offer seven (3 hour) trainings aimed at increasing early childcare providers' social-emotional/developmental knowledge and competence. EC-PBS trainings consist of the following:

- 1) Universal Training –Introduction to social-emotional development, building positive relationships and universal strategies for classrooms
- 2) Module 1 - Temperament, Challenging Behaviors Strategies.
- 3) Module 2 - Social-emotional Strategies, Social-Emotional Regulation
- 4) Module 3 –Building Positive Relationship with Coworker and Parents, Avoiding Teacher burn out and Self-Care Strategies.
- 5) Module 4 –System Strategies to Bridge the Gaps between Home and Childcare.
- 6) ASQ-3 - Training to administer the ASQ-3, a screening tool which provides information about the developmental status of children in five distinct developmental areas: communication, gross motor, fine motor, problem-solving, and personal-social
- 7) ASQ-SE2 - Training to learn how to administer the ASQ-SE2, a screening tool which exclusively focuses on children's social and emotional

development.

The FAN (a national infant mental health model and tool) used by pediatricians, home visitors, neonatal ICU's, and others. The FAN training is team-based and uses a cohort model, training 20-25 individuals per cohort. The SOAR team will be trained in the FAN and two team members will participate in the Train-the-Trainer Program so they can train and provide consultation to community partners. 85 will be trained.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

EC-PBS services will take place at childcare sites from 6:30am to 6:00pm Monday through Friday. Parenting classes-in the evenings (at childcare site). Trainings-- Mondays (6-9pm) and Saturday mornings (9-Noon) at the SOAR office.

FBN and CPP will be available Monday-Friday 8am-5pm. Community based services provided at WIC, Harbor House, Children's Division, and NICU. Home visits provided to Boone County parents, foster parents, and guardians. CPP will be provided in the SOAR Clinic and in client's homes when it is clinically indicated and safety has been assessed.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

EC-PBS—childcare site located in Boone County.

FBN—Biological/foster parents or guardians in Boone County with concerns about their infants' crying, sleeping, feeding or behavior during the first 12 months will be eligible for services.

CPP— children ages 0-5 years 11 months who have experienced one form of trauma and are Boone County residents. Trauma defined as: domestic violence, depression, traumatic medical procedure, divorce, maltreatment, sudden or traumatic death of someone close, serious accident, sexual abuse, exposure to domestic violence. Problems as a result these events exist.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Currently, EC-PBS universal strategies, prevention activities, screenings, parent training, and development/education of the workforce in early childcare are not reimbursable.

FBN does not have any current billable services.

We are in discussion with Medicaid to reimburse and hope in the future to leverage partial private insurance reimbursement too. Due to reimbursement limits, some sessions and services that make up evidence based CPP will not be covered. Assessment & Engagement phase is not reimbursable. Due to policy limits, some therapy sessions will not be billable either.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Narrative

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

EC-PBS--coaching and training--BA degree and/or have 5 years' experience working with young children. EC-PBS coordinator and/or behavioral consultant must hold a master leveled degree, preferably with an early childhood emphasis.

FBN-- Competency-based training completed to ensure that FBN will be delivered competently and successfully within the community.

CPP-- mental health professional must hold a PhD degree, professional mental health license or be supervised as a provisional licensed mental health professional. Four therapist will be rostered nationally as CPP therapists in Oct '17

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

The FBN is a clinical intervention and training program offered through the Erikson Institute located in Chicago, Illinois. The Erikson Institute is one of the nations' premier independent academic and research programs focusing on early childhood development

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

The Erikson Institute is accredited by the Higher Learning Commission with the most recent reaffirmation of accreditation June 23rd, 2015

If Yes - Provide a description of the accreditation process: (600 character limit)

Training and technical assistance is provided by the Erikson Institute. Erikson Institute will provide mentoring, post-training reflective review and coaching to SOAR Train the Trainers. After completion of the training requirements the SOAR trainers will be authorized to use the FAN/FBN curriculum for two years. Trainers will be required to complete post training reflection tools and calls with the FBN National Office

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

EC-PBS: developmental screening and referral using ASQ-3 and ASQ-SE 2, Universal social-emotional strategies created by CSEFEL (csefel.vanderbilt.edu), and early childhood teaching pyramid tiered model of prevention developed by Positive Behavioral Interventions and Supports (PBIS) (www.pbis.org).

The FAN/Fussy Baby Model is grounded in attachment theory (Bowlby, 1989) and utilizes an infant mental health lens. The FAN/FBN incorporates best model practices into its curriculum and service delivery

CPP is approved CPP as an evidenced based treatment and listed on the SAMHSA and NREPP sites.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

CSEFEL focuses on promoting social-emotional development and school readiness of young children (0-5). PBIS—tiered model of prevention that offers strategies geared to the level of perceived need.

Best practices and standards established by the FAN/FBN for training, consultation and home visits used. These will aid with successful implementation of an intervention for infants

Research shows that CPP is successful in assisting children in returning to their developmental trajectory and improve outcomes for parents with depression, anxiety, and responses to traumatic stress.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

EC-PBS will be using the ASQ-3 screening system. It has proven to be highly accurate in identifying children with developmental delays, with excellent sensitivity (0.86) and specificity (0.85). Gettinger and Stoiber (2006) published a study comparing classrooms where PBS universal classroom strategies were implemented with control classrooms (did not implement PBS). The PBS classrooms proved superior to the control classroom in terms of ratios of positive to negative child behaviors. Also behavioral improvements were positively correlated with the level of fidelity of the school teams in implementing the PBS model.

Professionals trained in the FAN self-rate significantly higher on capacity to read parent's cues for engagement and to maintain focus on the parent's agenda, consciously allowing their concerns and interests guide the topics of conversation (Gilkerson et al., 2012). The FAN helps professionals stay calmer in distressing situations and engage more effectively (Spielberger, et al. 2016). The FAN provides a foundation for trauma-informed practice, strengthening the professionals' capacity to provide empathic listening, share control, and stay calm and regulated. Preliminary research suggests that Fussy Baby services leads to significant improvement in parenting self-efficacy, decrease in maternal depression and decrease in infant crying as compared to control groups.

CPP returns children exposed to trauma to their developmental trajectory.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

EC-PBS program combines training early childcare providers on universal positive social-emotional classroom strategies with weekly coaching to improve the quality of early childhood environments in Boone County childcare centers with expansion of this approach in Centralia's Chance Elem. preschool. Another innovative aspect of EC-PBS is evidence based parenting classes for parents of children attending EC-PBS childcare centers. This bridges the gap between home and childcare center.

FNB is a unique program that works to educate and support families with concerns about their babies' behavior, temperament and attachment in the first year of life. The program is focused on providing parents with immediate support while increasing the parent-infant relationship and parental self-efficacy. The FAN approach (that informs the work of FBN) helps increase parental confidence and ultimately promotes healthy development (Gilkerson et al., 2012). Expanding this work to community spaces such as WIC, Harbor House and the NICU is an innovative approach. As an Erikson Institute FBN affiliate site we will be recognized in our community as a center for excellence in infant/family services.

CPP is one of the few evidence based treatments for very young children and parent-child dyads that are experiencing clinical levels of mental health problems as a result of trauma. As far as we know, no agencies in Boone County are providing an evidence based trauma treatment for children under 2.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

EC-PBS will utilize screenings, surveys and questionnaires to ensure quality improvement. Coaches will increase collaboration at the program level through team meetings and increase early identification of devel. delays through screening and referrals. Coaches will monitor job satisfaction, knowledge of social-emotional development, and education utilizing knowledge-based and teacher satisfaction surveys. All data and information will be collected and examined continuously, creating an environment in which immediate change to program services can take place if needed.

The FBN outlines eight dissemination phases, responsibilities and the necessary training/technical assistance towards implementation of the model. The core processes of the model inform all service components. For the program to achieve fidelity outcome evaluations and an annual fidelity visit from the Erikson Institute are required. SOAR staff will be responsible for implementing the program structure according to the model, formative evaluations, bimonthly cross site case consultations and national network meetings.

CPP has the requirement to adhere to the fidelity of the program through the use of Fidelity Tools. Each phase of treatment the CPP clinicians complete the corresponding fidelity tools which is then reviewed by the evaluation team. Review of the fidelity tools will drive quality improvement process of the program. Instruments will be used to monitor progress of the child-parent relationship.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Consumer feedback will be collected throughout the program year using parenting surveys; coaches' surveys; and direct face to face conversation with childcare providers, families, and administrators in regards to the effectiveness of our program services and desired outcomes. Also EC-PBS coaches will monitor positive change in social-emotional health of children ages 2 - 6 using the Strengths and Difficulties Questionnaire (SDQ). All consumer feedback will be collected and examined continuously throughout the program year creating an environment in which immediate change can take place to enhance our program outcomes.

Providers trained in the FAN model will provide feedback through pre/post training surveys. Parents will provide feedback through pre/post surveys (Parenting Scale, Parenting Efficacy Scale). Parents will also complete a screening tool (SWYC) for their children. All survey findings will be shared with the program team and be utilized to enhance program outcomes and services.

The evaluation team will work with the CPP Clinicians to develop an electronic survey to send to both community referral sources and to caregivers receiving services to collect feedback on access to services and quality of services rendered.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

EC-PBS will partner with Quality Childcare Initiative (QCI). EC-PBS will refer childcare providers to receive High Scope curriculum education and curriculum coaching provided by the QCI. EC-PBS coaches will be trained in High Scope curriculum and QCI curriculum coaches will be trained in EC-PBS strategies to ensure consistency of language and approach within childcare sites. EC-PBS will also provide social-emotional coaching to any childcare sites receiving QCI curriculum education that are not already participating in the EC-PBS program

FBN will collaborate with FACE, South Providence, and Tiger Pediatrics as a referral source for parents who are struggling with infant crying, sleeping, feeding, calming, or bonding issues. Our current partnerships with WIC, Harbor House, and Children's Division will be enhanced by adding infant mental health support. We will establish a new partnership with MU's NICU and provide universal access to all families in Boone County through our warmline/referral network. FAN training will be offered to existing partners and other agencies that serve young children and families

CPP continues to work with CMCA-Head Start, Parents as Teachers, First Steps, Columbia Public Schools, University Pediatrics, Children's Division, Boone County Resources, and FACE. Program plans to provide presentations about CPP to organizations that have case managers/social workers (WCH, CD, Burrell, Parent Link, CMCA, Juvenile Office, Guardian Ad Litem).

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1500314862_40691_MOUECPBS.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

/document/download/filename/1500406100_40764_MOUOAREII1.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

/document/download/filename/1500406100_40765_MOUOAREII2.pdf/

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE

FTE

(Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)		FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1	MQ1	FTE1	SR1 FROM	SR1 TO
Administration	BA	1.00	\$420,000.00	\$45,000.00
P2	MQ2	FTE2	SR2 FROM	SR2 TO
BA Social Worker	B.A. of Social Work	1.50	\$45,000.00	\$50,000.00
P3	MQ3	FTE3	SR3 FROM	SR3 TO
Coordinator	MSW, LCSW	3.00	\$51,000.00	\$68,000.00
P4	MQ4	FTE4	SR4 FROM	SR4 TO

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

EC-PBS Coord/Coach (LMSW)-implement program and evaluation; supervise coaches; conduct parent education series. EC-PBS Behavior consultant/coach (Master level)-weekly coaching/behavioral consultation; administer, collects and input data; screenings and referrals, conduct EC-PBS trainings/parent education series. EC-PBS Universal coach (BA)-weekly coaching/universal strategies; administer, collect and input data; conduct EC-PBS trainings/parent education series. EC-PBS Reflective Supervisor (PHD)-provide reflective supervision. EC-PBS Evaluator (PHD)-analyze and interpret data
Occupational Therapist (MO licensure)-direct consultations and home/clinic visits (FB approach). FBN Director/Supervisor/Fan Trainer (LCSW)-Lead interdisciplinary team, program development, provide direct services (FB approach). FAN training/consultation. Weekly reflective supervision. FBN Infant/Parent Specialist/FAN Trainer (LMSW)-FAN training/consultation to community partners. Consultations and home/clinic visits (FB approach). Evaluator (PHD)-analyzes and interprets data.
Coordinator (LCSW)-Program oversight/treat CPP clients. CPP Clinicians (3) LMSW, LMFT and QMHP-Individual and group reflective supervision, provide CPP treatment/keep all appropriate documentation. CPP (PhD)-Clinician/reflective supervision- provide CPP treatment/keep all appropriate documentation/reflective supervision. Support Admin-Financial tracking/billing. Evaluation Team-process, analyze and interpret data

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget

Program Budget Narrative**Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)**

EC-PBS: We will apply to SAMHSA fiscal year 2018 grant if it applies to EC-PBS programs

FBN: SOAR will make efforts to secure funding from the Doris Duke Charitable Foundation and The Irving Harris Foundation which specialize in early childhood efforts.

CPP: Options we will investigate include: SAMSHA Center on Excellence for Infant Mental Health, the Missouri Foundation for Health and the Missouri Hospital Association. CPP will continue its efforts to work with the MoHealthNet

Memo of Understanding between the BCCSF Quality Childcare Grant Requester and the BCCSF Early Childhood Positive Behavior support (EC- PBS) Grantee.

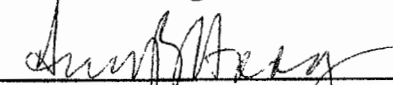

The Quality Childcare Initiative will:

- refer home and center based childcares to participate in EC-PBS, if and when openings become available, to enhance behavioral and social-emotional training and coaching for childcare professionals and parents,
- encourage EC-PBS coaches and Curriculum coaches to cross-train to ensure consistency of language and approach with childcares served by both,
- contract with EC-PBS for a coach if needed in desired sites.

EC-PBS will:

- refer home and center based childcares to engage in the Quality Childcare Initiative for curriculum training, materials and/or additional education in early childhood,
- encourage EC-PBS coaches and Curriculum coaches to cross-train to ensure consistency of language and approach with childcares served by both
- contract with the Quality Childcare Initiative to provide a coach at specific desired sites.

Dr. Laine Young-Walker, EC-PBS PI

Tracy Huang, Quality Childcare PI

Vicki Davolt, EC-PBS Coordinator

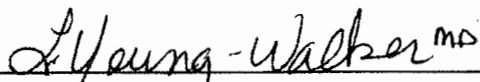

Memo of Understanding between the BCCSF Quality Childcare Grant Requester and the BCCSF Early Childhood Positive Behavior support (EC- PBS) Grantee.

Memorandum of Understanding (MOU) between SOAR and Boone
County WIC -Women's, Infants and Children Nutrition Program

The WIC program will:

- Send select staff including lactation consultant to FAN (Facilitating Attuned Interactions") two day training.
- Trained providers will complete pre/post training surveys.
- On a quarterly basis complete a survey reporting the number of FAN-trained individuals who are using the FAN model in their work and their approximate caseload.
- Refer infants and their parents to SOAR Fussy Baby if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Refer parents to the Fussy Baby Hotline if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Make SOAR's Fussy Baby Network printed materials (e.g. brochures and flyers) available at the WIC office.

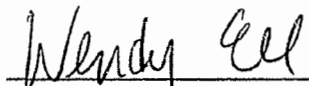

SOAR will:

- Provide two day FAN training to selected staff from the Boone County WIC department.
- Provide ongoing FAN consultation as needed.
- Provide supportive Fussy Baby services, including home visiting, clinic consultation and a hotline to clients of WIC.
- Provide Fussy Baby Network printed materials (e.g. brochures and flyers) to WIC.
- Refer Fussy Baby Families to WIC when appropriate.

Memorandum of Understanding (MOU) between SOAR and Healthy Steps Program (Nate Beucke, MD and Andrea Pauley, Healthy Steps Specialist)

The Healthy Steps Program will:

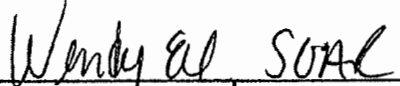

- Send pediatrician and Healthy Steps provider to FAN (Facilitating Attuned Interactions") training.
- Trained providers complete pre/post training surveys.
- On a quarterly basis complete a survey reporting the number of FAN-trained individuals who are using the FAN model in their work and their along with their approximate caseload.
- Refer infants and their parents to SOAR Fussy Baby if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Refer parents to the Fussy Baby Hotline if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Make SOAR's Fussy Baby Network printed materials (e.g. brochures and flyers) available at MU Pediatrics Clinic to parents/families.

SOAR will:

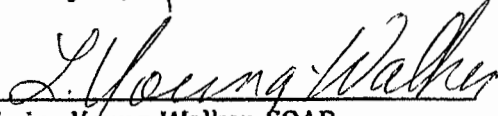

- Provide FAN training to pediatricians at the MU Pediatrics Clinic.
- Provide FAN training to the Healthy Steps Specialist.
- Provide ongoing FAN consultation as needed.
- Provide supportive Fussy Baby services, including home visiting and a hotline to patients of MU Pediatrics Clinic.
- Provide Fussy Baby Network printed materials (e.g. brochures and flyers) to MU Pediatrics Clinic.

Memorandum of Understanding (MOU) between SOAR and FACE
(Family Access Center of Excellence)

The Family Access Center for Excellence (FACE) Program will:

- Send early child FACE staff to FAN (Facilitating Attuned Interactions") two day training.
- Trained providers will complete pre/post training surveys.
- On a quarterly basis complete a survey reporting the number of FAN-trained individuals who are using the FAN model in their work and their approximate caseload.
- Refer infants and their parents to SOAR Fussy Baby as appropriate as being selected by the family from the FACE menu of referral choices. Referrals will be considered if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Refer parents, as appropriate, to the Fussy Baby Hotline if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Make SOAR's Fussy Baby Network printed materials (e.g. brochures and flyers) available at the FACE office.

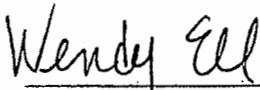

SOAR will:

- Provide two day FAN training to selected staff at the Family Access Center of Excellence (FACE) at no cost.
- Provide ongoing FAN consultation as needed.
- Provide supportive Fussy Baby services, including home visiting and a hotline to clients of FACE.
- Provide Fussy Baby Network printed materials (e.g. brochures and flyers) to FACE.
- Refer Fussy Baby Families to FACE when appropriate.

Erin Reynolds, Family Access
Center for Excellence Director

Memorandum of Understanding (MOU) between SOAR and First Chance
for Children's PAT Plus program

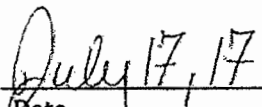

The First Chance for Children program will:

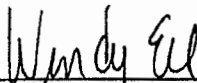

- Send select staff to FAN (Facilitating Attuned Interactions) two day training at no cost.
- Trained providers will complete pre/post training surveys.
- Staff will utilize the FAN model with all CRIBS families in conjunction with corresponding Children's Trust Fund materials.
- On a quarterly basis complete a survey reporting the number of FAN-trained individuals who are using the FAN model in their work and their approximate caseload. Specific family information will not be shared or required.
- Refer infants and their parents to SOAR Fussy Baby program if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness. Referrals will be made to SOAR when additional supports and resources are deemed necessary by First Chance for Children.
- Refer parents to the Fussy Baby Hotline if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Make SOAR's Fussy Baby Network printed materials (e.g. brochures and flyers) available at the First Chance for Children's office.

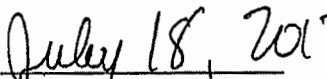

SOAR will:

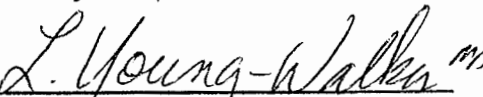

- Provide two day FAN training to selected staff/home visitors from the First Chance for Children program.
- Provide ongoing FAN consultation as needed.
- Provide supportive Fussy Baby services, including joint home visiting when necessary and a hotline to clients of First Chance for Children.
- Provide Fussy Baby Network printed materials (e.g. brochures and flyers) to First Chance for Children.
- Refer Fussy Baby Families to First Chance for Children's CRIBS program as a home visitation option when appropriate.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

N/A

c. Provide justification for the request for one-time funding. (600 character limit)

N/A

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Best Practices Training

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Provides training to build on or explore best practice techniques.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The National Council on Teacher Quality study of 100 childcare programs in 29 states found that most childcare programs provided inconsistent and incomplete training for early childhood educators. The finding of poor training may help explain why preschool programs yield inconsistent strategies when working with children with challenging behaviors, as well as a high turnover rate of providers.

EC-PBS will offer seven (3 hour) trainings for 160 early childcare providers participating in the program. Trainings are aimed at increasing providers' social-emotional/developmental knowledge, reducing challenging behaviors and overall classroom competence. All EC-PBS trainings are approved through the Department of Health and Senior Services, Section for Child Care Regulations and located on the Missouri Workshop Calendar. EC-PBS trainings consist of the following;

1) Universal Training – Training will consist of introduction to social-emotional development, building positive relationships and universal strategies for classrooms

2) Module 1 - Training will consist of Temperament, Challenging Behaviors Strategies.

3) Module 2 - Training will consist of Social Emotional Strategies, Social Emotional Regulation

4) Module 3 – Training will consist of Building Positive Relationship with Coworker and Parents, Avoiding Teacher Burn out and Self-care Strategies.

5) Module 4 – Training will consist of System Strategies to Bridge the Gaps between Home and Childcare.

6) ASQ-3 - Training will provide participants the opportunity to learn how to administer the ASQ-3, a screening tool which provides information about the developmental status of children in five distinct developmental areas: communication, gross motor, fine motor, problem-solving, and personal-social

7) ASQ-SE2 - Training will provide participants the opportunity to learn how to administer the ASQ-SE2, a screening tool which exclusively focuses on children's social and emotional development.

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

1 person

b. Unit Rate (#1)

\$38.38

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

Research has shown the importance of high-quality, early education to healthy child development. High-quality providers and educators are the single most important factors in early childhood experiences. This rate will provide training on social-emotional development of young children to early child providers. EC-PBS training cost consists of training materials, ASQ3 and ASQSE-2 kits, rental for training facilities, and food for participants.

d. Total Number of Units of Service to be Provided (#1)

400

e. Total Number of Unduplicated Individuals (#1)

160

f. Average Number of Units of Service per Unduplicated Individual (#1)

2.5

g. Average Cost of Service per Individual (#1)

95.95

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

The average hourly pay for a preschool teacher in the state of Missouri is \$9.87 which is 14% below the national average according to earlychildhoodteacher.org. Seeing that individuals within the early learning workforce earn low wages it's almost impossible for them to pay for any type of training out of their own pocket. Therefore, no fee will be charged to early childcare providers for EC-PBS trainings. These trainings which enhance social-emotional knowledge of childcare workers and is critical to the experience young children have within childcare settings.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

Narrative

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

EC-PBS training is not a service that can be billed to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

N/A

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Text

Service #1 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

The goal is to disseminate EC-PBS trainings to early childcare providers to expand their social-emotional/developmental knowledge. The proposed outcomes are to education and increase early childcare providers' knowledge of social-emotional development.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

External factors that may affect this outcome includes trained staff availability/scheduling conflicts with training times and dates.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

The training will result in increased knowledge of social-emotional development.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

An effective way to measure the impact of the training is to administer pre/posttest to assess participant's knowledge.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Site-based mentoring

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Social interaction, guidance, and/or role models at an organizational setting to increase positive behavior and decisions.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Each EC-PBS site will receive two to four hours of classroom-based coaching (depending on enrolled numbers) per week as well as technical assistance via phone or email as needed in between visits. Coaching will include problem-solving interventions designed to improve the ability of early childcare providers in the child's natural environment to increase social emotional awareness and prevent/reduce challenging behaviors. Coaching methods will consist of: teaching/ modeling/ role playing; observation; problem- solving discussion; planning/ goal- setting; providing resources/ materials; reflective consultation; data collection; other functions for reinforcing training principles and promoting supportive classroom environments. The coaching process is also highly focused on connecting with program administration to ensure commitment to and participation in implementation of EC-PBS principles.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

1 hour

b. Unit Rate (#2)

\$35.08

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

Coaching and other on-site, individualized professional development strategies (behavioral consultation, mentoring, and technical assistance) have emerged as promising strategies to support the application of new teaching strategies and overall quality improvement among providers in early childcare and education settings. Unfortunately, coaching is a cost that most childcare centers are unable to afford nor can justify as an added expense.

d. Total Number of Units of Service to be Provided (#2)

5900

e. Total Number of Unduplicated Individuals (#2)

160

f. Average Number of Units of Service per Unduplicated Individual (#2)

36.88

g. Average Cost of Service per Individual (#2)

1293.58

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Childcare centers have significant operating costs and the number of children enrolled at any given time dictates how much money the facility will make. Periods of economic downturn have a devastating impact on center profitability. These facts make it difficult for most childcare centers to be charged a fee in providing extra resources for their teachers like coaching and other on-site professional development strategies.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

Narrative

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

EC-PBS coaching is not a service that can be billed to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #2 - Amount Received From Other Funders

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$206,994.48

b. Proposed Number of Units of Service (#2)

5900.64

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

Funding is requested from Boone County Children's Service Fund to expand capacity of universal coaching and other on-site, individualized professional development strategies (behavioral consultation, mentoring, and technical assistance) throughout childcare centers located in Boone county. We are planning on expanding our program to include three more childcare sites along with both preschool classrooms at Chance Elementary in Centralia.

Service #2 - Performance Measures

Outcome (2-1)	Indicator (2-1)	Method of Measurement (2-1)
Increase Positive Behavior Support strategies used throughout the entire EC-PBS site.	80% of EC-PBS sites will improve on the majority of key sub scales of the PreSET.	PreSET - Measures Positive Behavior Classroom/Center Universals.
Additional Outcome (2-2)	Additional Indicator (2-2)	Additional Method (2-2)
Positive change in social emotional health of children.	80% of children will show a decrease in difficult behaviors.	Pre/Post Strength and Difficulties Questionnaire (SDQ).

Additional Outcome (2-5)	Additional Indicator (2-5)	Additional Method (2-5)
Text	Text	Text

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

The goal is to provide coaching to improve the ability of early childcare providers in promoting healthy social emotional development, preventing and reducing challenging behaviors, and foster school readiness.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

External factors that may affect this outcome includes turnover in trained staff.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

The tools used will show an improvement in implementation of classroom positive behavior strategies and show a decrease in children's difficult behaviors within the classroom.

d. Provide a rationale for each method of measurement (2). (600 character limit)

The PreSET and the SDQ will show an improvement in childcare provider's knowledge of Positive Behavior Support strategies as well as positive change in the social-emotional health of young children.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Social/Emotional Screening

Service #3 - Taxonomy Definition of Service (300 character limit)

Identifies if a child is at risk for social-emotional delays, problem behavior, and potential mental health concerns.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

EC-PBS coaches will work in partnership with participating childcare providers to administer the Ages and Stages Questionnaire 3 (ASQ3) and the Ages and Stage Questionnaire-Social Emotional 2 (ASQSE-2) to consented children 1 month -5 1/2 years of age. ASQ-3 screens and assesses the developmental performance of children in the areas of communication, gross motor skills, fine motor skills, problem solving, and personal-social skills. It is used to identify children that would benefit from in-depth evaluation for developmental delays. ASQSE-2 monitors a child's development in the behavioral areas of self-regulation, compliance, communication, adaptive, autonomy, affect, and interaction with people. It is used to identify children that would benefit from in-depth evaluation for social-emotional delays. EC-PBS coaches will also provide referral sources and discuss community resources with childcare providers as well as parents when needed.

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

1 hour

b. Unit Rate (#3)

\$35.78

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

Screening young children for developmental delays and for social-emotional developmental problems will provide early identification of problems. This early identification will lead to earlier referrals and treatment of referred children. Weekly coaching will be provided to early childcare providers to help identify and accelerate referral needs.

d. Total Number of Units of Service to be Provided (#3)

520

e. Total Number of Unduplicated Individuals (#3)

445

f. Average Number of Units of Service per Unduplicated Individual (#3)

1.17

g. Average Cost of Service per Individual (#3)

Service #3 - Service Fee

a. Will the proposed service (#3) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

As mentioned before, childcare centers have significant operating costs and the number of children enrolled at any given time dictates how much money the facility will make. This alone makes it a challenge for childcare centers to purchase screening tools like the ASQ3 and ASQSE-2 as well as reimburse someone to provide both leadership in administering the tools and up-to-date community referrals.

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)

Narrative

If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)

Administration of the ASQ3 and ASQSE-2 are not billable to a third-party payor when completed in a preschool setting.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #3 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#3)

No (if no, move on to the Funding Request section)

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$18,605.65

b. Proposed Number of Units of Service (#3)

520

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

Although SOAR has received funding in the past from Boone County Children's Service Fund for administration of developmental/social emotional screens they were based on community screenings and not childcare centers. EC-PBS has provided the ASQ3 and ASQSE-2 screening in the past which was included in Program Service #2 "Coaching." As we expand are childcare sites to include three more centers and two preschool classrooms at Chance Elementary school in Centralia we have chosen to designate a Program Service solely for screenings.

Service #3 - Performance Measures

Outcome (3-1)

Children, ages 0 to 5 1/2, enrolled in EC-PBS programs will receive an developmental screening

Indicator (3-1)

80% of children will receive a developmental screening.

Method of Measurement (3-1)

Screening log

Additional Outcome (3-2)

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

The goal is to conduct developmental and social-emotional screenings and provide consultation for children ages 0-5 ½. Proposed outcomes include an increase in the number of developmental and social-emotional screenings and an increase in the number of referrals made, if needed.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

External factors that may affect the proposed outcome include screenings that are completed by other groups may result in the lack of a screening opportunity for us.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

We anticipate that there will be over 350 children who will receive a developmental screening and 350 children who will receive a social-emotional screenings during the time of this program.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

Our proposed outcome is an increase the number of developmental and social-emotional screenings in childcare settings. Measurement of this can be accomplished by counting the number of developmental and social-emotional screenings completed for children 0 to 5 ½ years of age at our EC-PBS sites and the number of referrals made during the time of funding.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Parent Skills Training

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Develops effective parenting skills.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to

fully understand how this program service will be delivered. (3000 character limit)

The Center on the Social and Emotional Foundations for Early Learning (CSEFEL) has developed an evidence-based, user-friendly parent training series of six sessions to help parents promote positive and effective parenting behaviors. The series promote children's social and emotional development and address the challenging behavior and mental health needs of children in child care programs.

EC-PBS coaches will conduct CSEFEL six week parenting classes at EC-PBS childcare centers during evening hours when the center is closed. The training provides information for families on how to promote children's social and emotional skills, understand their problem behavior, and use positive approaches to help children learn appropriate behavior. The trainings are designed to give parents general information on key strategies that may be used with all children. Sessions are not designed to offer parents specific advice for their child's individual issues. EC-PBS coaches will be knowledgeable about local agencies and service providers that may be able to assist families who have complex support needs or children with problem behavior that requires the guidance of a professional. In the last session, parents will be offered a routine guide that offers advice for supporting their children across common family routines

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

1 Person

b. Unit Rate (#4)

\$57.05

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

Parenting skills training unit rate is based on necessities for successful parent participation which include training materials, childcare, and food for both parents and children.

d. Total Number of Units of Service to be Provided (#4)

335

e. Total Number of Unduplicated Individuals (#4)

65

f. Average Number of Units of Service per Unduplicated Individual (#4)

5.15

g. Average Cost of Service per Individual (#4)

294.03

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

Parenting education can improve the skills of all parents creating an environment to support children's social-emotional development. In order for parenting classes to be successful the benefits must outweigh the cost to the parent receiving the education. Most parents are unable to financially pay for training materials, training cost or provide childcare during the time of the class. We have found that parents are much more likely to attend classes supporting more effective parenting skills when classes are offered for free.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

Narrative

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

Parenting skills training delivered by an EC-PBS coach is not billable to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #4 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)

Yes (complete the Other Funder's Chart below)

\$19,111.98

b. Proposed Number of Units of Service (#4)

335

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

EC-PBS has found much success with parenting skills training and effectively bridging the gap between home and center's communication. We are planning on expanding our parent class series to 8 childcare centers with half being held in rural Boone county.

Services #4 - Performance Measures

Outcome (4-1)

Improve the relationship between parent and child (ren) by decreasing parental stress

Indicator (4-1)

80% of parents will show a decrease in parental stress.

Method of Measurement (4-1)

Pre/Post Parental Stress Scale

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

The goal is to provide education to improve ability of parents in the child's natural environment to promote healthy social-emotional development, and prevent / reduce challenging behaviors.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

External factors that may affect this outcome includes parent's availability/scheduling conflicts with parenting class times and dates.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

The parenting class series will result in a decrease in parental stress due to new skills learned.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

An effective way to measure the impact of the parenting classes is to administer pre/posttest to assess parenting stress levels.

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

Public Awareness/Education

b. Service #5 - Taxonomy Definition of Service (300 character limit)

Increase the public's level of understanding of a particular issue

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

SOAR will work to raise awareness about the importance of children's social emotional health and that positive mental health is essential to a child's healthy development from birth. This will be accomplished through the provision of Early Childhood Networking Nights/parenting presentations in collaboration with the Columbia Public Library and Hallsville and Harrisburg PAT programs. Parent and provider led topics for support and education such as sleep, anxiety, bullying, discipline, etc. will be the focus. Further, parent support groups will be offered through WIC, Harbor House and the NICU to decrease parental isolation, build social and community supports and increase parenting confidence. SOAR will promote and participate in a variety of Boone County public events to promote understanding and awareness of children's social-emotional health and resources. Resources will be provided to the community to universally support parents of excessively crying or irritable babies. As crying is the number one reported trigger leading to cases of Shaken Baby/Abusive Head Trauma providing information and connection to support can have the potential not only improve the parent-infant relationship but to reduce the risk for child abuse. Awareness messaging will be available in print, through the SOAR website and via social-media.

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

1 hour

b. Unit Rate (#5)

\$35.32

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

Activities that raise awareness of social-emotional well-being are critical to increasing knowledge to parents/caregivers. This awareness results in them seeking services for young children,

d. Total Number of Units of Service to be Provided (#5)

1610

e. Total Number of Unduplicated Individuals (#5)

1000

f. Average Number of Units of Service per Unduplicated Individual (#5)

1.61

g. Average Cost of Service per Individual (#5)

56.87

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

Through past experience public awareness needs to be universal and accessible to all socioeconomic levels regardless of ability to pay.

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

Narrative

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

No third-party payor options available for public awareness

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #5 - Amount Received From Other Funders

b. Proposed Number of Units of Service (#5)

1610.05

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#5) (600 character limit)

Narrative

Service #5 - Performance Measures

Outcome (5-1)

Increase early childhood providers and parents/families in Boone awareness of social-emotional development by conducting 6 parenting presentations, 24 Early Childhood Networking Nights (ECNN), and attending 6 community events

Indicator (5-1)

80% of individuals attending parenting presentations, community events, and Early Childhood Networking Nights will have an increase in knowledge and awareness of social-emotional developmental screening tools.

Method of Measurement (5-1)

Post survey administered immediately after events

Additional Outcome (5-2)

1) Increase early childhood providers and parents/families satisfaction attending parenting presentations, ECNN, and attending community events

Additional Indicator (5-2)

1) Participants will have 90% satisfaction with parenting presentations, community events, and Early Childhood Networking Nights

Additional Method (5-2)

1) Post survey administered immediately after events

2) Increase number of early childhood providers and parents/families in Boone attending parenting presentations, ECNN, and attending community events

2) 1000 individuals will attend community events, networking nights, and/or parenting presentations

2) Sign-in sheets

Additional Outcome (5-3)

1) Increase parents' social support and parenting confidence by conducting 18 parenting support groups year 1 and 40 groups year 2

Additional Indicator (5-3)

1) 80% of parents will indicate that the support group increased their parenting confidence and/or social support

Additional Method (5-3)

1) Post survey administered immediately after parenting group

2) Increase the number of parents attending parenting support groups

2) 75 individuals will attend parenting support groups year 1, 200 during year 2

2) Sign-in sheets

3) Increase satisfaction of parents' attending support groups

3) Participants will have 90% satisfaction

3) Post satisfaction survey

Additional Outcome (5-4)

Educate and raise awareness of FAN and Fussy Baby Network by creating 5 different printed materials/disseminate material during Early Childhood Networking Nights, FAN Trainings, community events, parenting support

Additional Indicator (5-4)

2000 early childhood providers and parents/families in Boone County will receive information about FAN and/or Fussy Baby Network via printed material (e.g., brochure flyer, postcard, etc.)

Additional Method (5-4)

Printed material log and portfolio, sign-in sheets

Additional Outcome (5-5)

Increase community awareness of FAN and Fussy Baby Network

Additional Indicator (5-5)

1000 website and social media posts and hits

Additional Method (5-5)

Number of website and social media posts and hits

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

The goal is to increase awareness and education to providers and parents/families on the importance of social-emotional development through parenting presentations, community events, and networking nights and to increase parents' social supports and confidence through parenting support groups. Awareness information will be available in print and on SOAR's website and Facebook page. The expected outcome is an increase in awareness of social-emotional wellness and an increase parental social support.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

External factors that may affect a parent's ability to attend events include weather, transportation, and childcare issues. Additionally, attendance may vary with certain populations (i.e. Harbor House and WIC) week to week. Finally, groups held in urban settings tend to have higher attendance than

groups in rural communities.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

We plan to monitor the number of parenting presentations, community events, networking nights, and parent support groups, as well as, the number of attendees. Participant's change in knowledge, awareness, and satisfaction and parents change in confidence and social support will also be assessed. Lastly, we plan to monitor the number and type of awareness messages and number of printed materials.

d. Provide a rationale for each method of measurement (#5) (600 character limit)

Obtaining counts mentioned above at the end of the year one compared to the time before the program was implemented will indicate an increase in awareness activities and educational material distributed. In addition, participants change in knowledge, awareness, and satisfaction and parents change in confidence and social support will also be assessed through surveys.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Service #6 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#6)

a. Service #6 - Taxonomy of Service Name (150 character limit)

Organizational Capacity Training

b. Service #6 - Taxonomy Definition of Service (300 character limit)

Informs an organization of concepts and strategies to improve core capacities of an organization

c. Provide a detailed description of the proposed service (#6). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The SOAR team will be trained in the two day FAN (Facilitating Attuned Interactions) training by the Erikson Institute. FAN Training focuses on theory of change, core processes and attunement to promote infant family engagement. The training is team-based, uses a cohort model and will train up to 25 individuals per cohort. Training will also be provided to the SOAR Child-Parent Psychotherapy program therapists and to the EC-PBS coaches to enhance infant mental health skills of each program. Cohort one training will be additionally extended to Boone County agencies that focus on

infant/family work. Pediatricians from MU Child Health, Healthy Steps provider and FACE will participate in FAN training. Two of SOAR's team members will receive an additional day of training to prepare them to be FAN Train the Trainers. SOAR's FAN Trainers will lead two additional cohorts of two day trainings in the community for up to 25 individuals with the support of the Erikson Institute. SOAR's Train the Trainers will participate in ongoing mentoring, monthly consultation and post-training reflective review from the Fussy Baby National Office.

Service #6 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#6) (600 character limit)

The goal is for the SOAR team to be trained to build capacity to disseminate FAN training. The proposed outcomes are to increase team members' capacity to use the FAN model, increase team members' capacity to train early childhood providers in use of the FAN model, and to increase team members' knowledge and confidence in using the FAN model.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#6) (600 character limit)

Potential barriers include staff turnover, availability of FAN trainer, and availability of staff to train/scheduling conflicts.

c. Provide a rationale for the measurement level(s) for each indicator. (#6) (600 character limit)

We plan to monitor the number of team members who complete the training and their satisfaction. Team members change in knowledge and confidence using the FAN model and satisfaction will also be assessed.

d. Provide a rationale for each method of measurement. (#6) (600 character limit)

An effective way to measure the impact of the training is administering surveys to assess participant's knowledge, confidence, and satisfaction.

Service #7 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#7)

a. Service #7 - Taxonomy of Service Name (150 character limit)

Best Practices Training

b. Service #7 - Taxonomy Definition of Service (300 character limit)

Provides training to build on or explore best practice techniques

c. Provide a detailed description of the proposed service (#7). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

SOAR staff FAN train-the-trainers will conduct 3 cohort trainings of Boone County early childhood providers in use of the FAN model (2 cohorts first year, 3 in second year). FAN trainings are two days in length and will build the skills and continuum of services in agencies that provide care for postpartum mothers and infants (0-12 months). Consultation post training will be provided to community partners who attend FAN Training. Priority for training will be for programs serving the target population (i.e. home visiting programs, lactation consultants, part C early interventionists, etc.)

Service #7 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#7)

1 Hour

b. Unit Rate (#7)

\$62.14

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#7)

c. Is the proposed Unit Rate (#7) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#7) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#7) (600 character limit)

There is no public funding for FAN training

d. Total Number of Units of Service to be Provided (#7)

980

e. Total Number of Unduplicated Individuals (#7)

60

f. Average Number of Units of Service per Unduplicated Individual (#7)

16.33

g. Average Cost of Service per Individual (#7)

1014.95

Service #7- Service Fee

a. Will the proposed service (#7) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#7) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#7) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#7). (600 character limit)

To encourage participation in the FAN training no fees will be charged.

b. Is this proposed service billable to a third-party payor(s)? (#7) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#7). (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#7) (600 character limit)

Narrative

If No - Explain why the proposed service is not billable to a third party payor. (#7) (600 character limit)

There is not a third party billable rate for FAN Training.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#7) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #7 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#7)

No (if no, move on to the Funding Request section)

Additional Outcome (7-5)	Additional Indicator (7-5)	Additional Method (7-5)
Text	Text	Text

Service #7 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (7) (600 character limit)

The goal is for the SOAR team to disseminate FAN training to expand the skills/services in agencies that work with infants and families. The proposed outcomes are to increase the number of providers using the FAN model, increase providers' knowledge, and increase the number of families being reached using the FAN.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (7) (600 character limit)

External factors that may affect this outcome includes turnover in trained staff and trainee availability/scheduling conflicts.

c. Provide a rationale for the measurement level(s) for each indicator. (7) (600 character limit)

We plan to monitor the number of providers trained and number of families reached. Providers change in knowledge and satisfaction using the FAN model will also be assessed.

d. Provide a rationale for each method of measurement (7). (600 character limit)

An effective way to measure the impact of the training is administering surveys to assess participant's knowledge, and satisfaction.

Service #8 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#8)

Service #8 - Taxonomy of Service Name (150 character limit)

Postpartum Care

Service #8 - Taxonomy Definition of Service (300 character limit)

Physical, mental, and emotional care for the mother, newborn, and/or infant during the postnatal period provided by a qualified health care professional.

c. Provide a detailed description of the proposed service (#8). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The SOAR team will be supported by the Erikson Institute/Fussy Baby National office to become a FB network clinic site. The Fussy Baby Network is a targeted preventative intervention program to provide services to families struggling with their infant's crying and related concerns (sleep or feeding problems) during the first year of life. Fussy Baby services will be provided to any new parents who are stressed, overwhelmed or experiencing issues with postpartum mood. The SOAR Fussy Baby team will provide immediate support through a wamline. Short term home or clinic visits will be offered to families after consultation. The program is designed to address a family's urgent concerns about their baby, using intervention processes that build longer-term parenting capacities, including parental confidence and competence, strong parent-child relationships, and balanced and positive parent views of their baby. SOAR will provide onsite consultations through existing community partnerships of WIC, Harbor House and through Children's Division. Foster parents of substance addicted infants will be offered consultation and home visits. A partnership with the NICU for onsite interventions with parents and infants will be established. Joint home visits will be offered to clients of existing home visiting programs where the home visitor feels additional need for infant/family support. Screening and identifying developmental and early social emotional concerns will be prioritized using the (SWYC) Survey of Wellbeing of the Young Child. Infants and families identified that need additional supports or fall outside of the scope of SOAR's service delivery will be referred to FACE.

Service #8 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#8)

1 Hour

b. Unit Rate (#8)

\$30.38

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#8)

c. Is the proposed Unit Rate (#8) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#8) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#8) (600 character limit)

No public funding rate for Fussy Baby network intervention/prevention services.

d. Total Number of Units of Service to be Provided (#8)

2352

e. Total Number of Unduplicated Individuals (#8)

200

f. Average Number of Units of Service per Unduplicated Individual (#8)

11.76

g. Average Cost of Service per Individual (#8)

357.27

Service #8 - Service Fee

a. Will the proposed service (#8) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service (#8). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#8)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#8) (600 character limit)

There will be no charge for Fussy Baby Network services and no family will be denied services for financial reasons. There are no current billable services for the proposed service.

b. Is this proposed service billable to a third-party payor(s)? (#8) (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#8). (600 character

limit)

Narrative

If No - Explain why the proposed service is not billable to a third-party payor. (#8) (600 character limit)

The Fussy Baby interventions are not currently reimbursable by a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#8) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

(#8) (600 character limit)

Narrative

Service #8 - Performance Measures

Outcome (8-1)

Increase number of families receiving early childhood mental health information and support through on-site consultation

Indicator (8-1)

100% of parents will have 90% satisfaction with on-site consultation

Method of Measurement (8-1)

- 1) Visit log
- 2) Satisfaction survey administered at end of consultation

Additional Outcome (8-2)

Additional Indicator (8-2)

Additional Method (8-2)

Increase number of families receiving early childhood mental health information and support through warmline and/or referral network

Additional Outcome (#3-3)

Increase number of families receiving early childhood mental health information and support through home visitation

Additional Outcome (8-4)

- 1) Decrease parenting stress
- 2) Increase parent confidence in dealing with infant behavior problems

Additional Outcome (8-5)

- 1) Increase identification of family risk factors
- 2) Increase identification of developmental and behavioral concerns in young childhood

100% of parents will have 90% satisfaction with warmline and/or referral network

Additional Indicator (8-3)

- 1) 100% of parents will have 90% satisfaction with home visiting services
- 2) 90% of parents will indicate that the home visit helped with their infant's behavior

Additional Indicator (8-4)

- 1) Parents will show a 50% decrease in parenting stress
- 2) Parents will show a 50% increase in parenting confidence

Additional Indicator (8-5)

- 1) Number of screenings conducted using SWYC
- 2) Number of referrals made

- 1) Call and referral log

- 2) Satisfaction survey administered (verbally) at end of call

Additional Method (8-3)

- 1) Visit log
- 2) Satisfaction survey administered at last home visit

Additional Method (8-4)

- 1) Pre-Post Parenting Stress Scale administered during the first and last home visits
- 2) Pre-Post Parenting Efficacy Survey administered during the first and last home visits

Additional Method (8-5)

- 1) SWYC
- 2) Referral log

Service #8 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#8). (600 character limit)

The goal is for SOAR to become an FBN infusion site by providing parenting consultation, developing a warmline/referral line, and conducting home visits. The proposed outcomes are an increase in the number of families early childhood mental health information and support; decreasing parenting stress; increasing confidence in dealing with infant behavior problems; increasing identification of family risk factors; and increasing identification of developmental and behavioral concerns in young children.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#8). (600 character limit)

Potential barriers include the stigma of receiving parenting support or parental mental health issues or family risk factors preventing parents from participating. Other factors include a low number of referrals from other professionals and poor utilization of phone line due to parents preferring other methods of communication (i.e. texting).

c. Provide a rationale for the measurement level(s) for each indicator (#8). (600 character limit)

We plan to monitor parents' satisfaction with consultation, warmline usage, and home visitation. In addition we will assess parental stress and confidence. Lastly, we will monitor developmental and behavioral concerns in young children.

d. Provide a rationale for each method of measurement (#8). (600 character limit)

An effective way to measure parents' satisfaction is administering a satisfaction survey. Parental stress will be measured with pre/post Parenting Stress Scale and parents' confidence will be measured using pre/post Parenting Efficiency Scale. The Survey of Wellbeing of Young Children (SWYC) will be used to monitor the developmental and behavioral concerns in young children.

Service #9 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#9)

a. Service #9 - Taxonomy of Service Name (150 character limit)

Behavioral Health Screening

b. Service #9 - Taxonomy Definition of Service (300 character limit)

Identifies if an individual is at risk of experiencing symptoms of a mental health condition. Screening will be completed to determine eligibility for Child-Parent Psychotherapy (CPP) program. Children not qualifying for CPP will be referred to other services.

c. Provide a detailed description of the proposed service (#9). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Behavioral Health Screening will be conducted to screen for eligibility for the CPP program. When potential clients or referral source call, the Coordinator will collect initial demographic data on an intake form. The Coordinator will assign the new referral to a CPP clinician to contact the family within 24 hours, conduct behavioral screening, and, if eligible, schedule the first appointment within 7 days to start the Behavioral Health Assessment. The behavioral health screening will screen for trauma that negatively impacts the child-parent relationship and child's developmental milestones, and affect regulation and attachment behaviors in the dyad. Children who experience trauma can often experience one or all of the following symptoms: behavioral problems, emotional dysregulation and developmental regression. If the client is not eligible, the CPP clinician will make the appropriate referral for other services such as FACE. The CPP Coordinator will make a copy of the intake form and secure it in the CPP referral/case assignment notebook. The CPP

Coordinator will give the clinician the original intake form upon case assignment. The CPP clinician will notify the CPP Coordinator of time and date of the first appointment. The CPP Coordinator will enter referral information into the IDX system and REDcap data management system.

Service #9 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#9)

1 Hour

b. Unit Rate (#9)

\$46.28

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#9)

c. Is the proposed Unit Rate (#9) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#9) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#9) (600 character limit)

Unit Rate is based on amount needed to cover program service costs and salaries of clinicians.

d. Total Number of Units of Service to be Provided (#9)

780

e. Total Number of Unduplicated Individuals (#9)

50

f. Average Number of Units of Service per Unduplicated Individual (#9)

15.6

g. Average Cost of Service per Individual (#9)

721.97

Service #9 - Service Fee

a. Will the proposed service (#9) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#9). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#9)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#9). (600 character limit)

There is not a fee structure in place for all components of CPP. There are no other providers rostered to deliver CPP in Boone County. Often young children with social, emotional, and behavioral problems have no access to services in Boone County. Access to CPP will give primary care providers, children's division workers, early childhood providers, and families an option that has proven effective in this population. CPP also improves child-parent relationship by decreasing parental stress, increases parental protective factors, and decreases overall parental mental health problems.

b. Is this proposed service (#9) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#9) (600 character limit)

Narrative

If No - Explain why the proposed service (#9) is not billable to a third-party payor. (600 character limit)

This not a reimbursable service under Medicaid. We are working with them to change this. Initial talks have been positive. The change in State leadership (with a new governor) have delayed it some. We plan additional work on this in 2018. This services is needed to improve access to services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#9) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #9 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#9)

No (if no, move on to the Funding Request section)

Service #9 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#9) (600 character limit)

It is critical that clients are engaged in the intake process as quickly as possible upon referral to the CPP program to create a warm responsiveness rapport that will increase the likelihood of engagement into the treatment process.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#9) (600 character limit)

There can be environmental factors that impede clients from engaging in treatment such as lack of reliable transportation to access services and financial resources.

c. Provide a rationale for the measurement level(s) for each indicator (#9) (600 character limit)

Engagement into services is higher when clients start services faster.

d. Provide a rationale for each method of measurement (#9) (600 character limit)

Case assignment and time span from first appointment will be monitored.

Service #10 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#10)

a. Service #10 - Taxonomy of Service Name (150 character limit)

Family Therapy

b. Service #10 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment with a qualified mental health professional to help family members improve communication and resolve conflicts.

c. Provide a detailed description of the proposed service (#10). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The family therapy incorporates both parent-child dyadic psychotherapeutic intervention and parent guidance working on multiple levels: helping parents understand normal developmental challenges and expectations; helping parents understand the unique processing abilities of their children; helping parents understand the impact of trauma on child and how this might be expressed in their behavior; reframing child's behavior; problem solving new strategies; and reflecting on the psychodynamic relationship between parent feeling, history, and the parental response to the child.

Service #10 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#10)

1 Hour

b. Unit Rate (#10)

\$40.93

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#10)

c. Is the proposed Unit Rate (#10) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#10) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#10). (600 character limit)

There is not a rate for the series of sessions needed for CPP. Family therapy is included. Rate is based on costs associated with administering the program service.

d. Total Number of Units of Service to be Provided (#10)

1931

e. Total Number of Unduplicated Individuals (#10)

50

f. Average Number of Units of Service per Unduplicated Individual (#10)

38.62

g. Average Cost of Service per Individual (#10)

1580.72

Service #10 - Service Fee

a. Will the proposed service (#10) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#10). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#10)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#10). (600 character limit)

The number of sessions determined by the evidenced based treatment of 32-52 sessions is not reimbursable by insurance or Medicaid program.

b. Is this proposed service (#10) billable to a third party-payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#10) (600 character limit)

Narrative

If No - Explain why the proposed service (#10) is not billable to a third-party payor. (600 character limit)

The number of sessions determined by the evidenced based treatment of 32-52 sessions is not reimbursable by insurance or Medicaid program.

c. What fee payment options will be provided for proposed service (#10) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #10 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#10) (600 character limit)**

The goal of the program is to provide an evidenced based service of CPP to young children and their caregivers. The expected outcome is that 80% of the individuals served by CPP will show clinically significant improvement on their presenting problems (social emotional difficulties, developmental delays, and parenting stress).

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#10) (600 character limit)

Referrals to the service could affect the proposed outcome. Other SOAR programs will serve as referral sources. Active engagement with physicians, early childhood programs, and Children's Division will also be sources of referrals for this program.

c. Provide a rationale for the measurement level(s) for each indicator (#10) (600 character limit)

Tools used will show improvement in the health and wellness of children and caregivers. They will show increased satisfaction by providers for services and supports provided by the program.

d. Provide a rationale for each method of measurement (#10) (600 character limit)

The CBCL, ASQ3, ASQ SE2; and parent stress index 4 will show an improvement in the child's social/emotional health, movement to a more healthy developmental trajectory, and reduced parental stress which helps to improve the child parent relationship. Collaboration Survey will show strengthening relationships with referring agencies and partners.

Total Amount Requested for Services #6 - Service #10**Total Amount Requested for Services #6 - Service #10**

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Service #6 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#6)

a. Service #6 - Taxonomy of Service Name (150 character limit)

Organizational Capacity Training

b. Service #6 - Taxonomy Definition of Service (300 character limit)

Informs an organization of concepts and strategies to improve core capacities of an organization

c. Provide a detailed description of the proposed service (#6). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The SOAR team will be trained in the two day FAN (Facilitating Attuned Interactions) training by the Erikson Institute. FAN Training focuses on theory of change, core processes and attunement to promote infant family engagement. The training is team-based, uses a cohort model and will train up to 25 individuals per cohort. Training will also be provided to the SOAR Child-Parent Psychotherapy program therapists and to the EC-PBS coaches to enhance infant mental health skills of each program. Cohort one training will be additionally extended to Boone County agencies that focus on

infant/family work. Pediatricians from MU Child Health, Healthy Steps provider and FACE will participate in FAN training. Two of SOAR's team members will receive an additional day of training to prepare them to be FAN Train the Trainers. SOAR's FAN Trainers will lead two additional cohorts of two day trainings in the community for up to 25 individuals with the support of the Erikson Institute. SOAR's Train the Trainers will participate in ongoing mentoring, monthly consultation and post-training reflective review from the Fussy Baby National Office.

Service #6 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#6)

1 Person

b. Unit Rate (#6)

\$83.57

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#6)

c. Is the proposed Unit Rate (#6) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#6) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#6) (600 character limit)

There is not a publicly funded unit rate for this service

d. Total Number of Units of Service to be Provided (#6)

1039

e. Total Number of Unduplicated Individuals (#6)

25

f. Average Number of Units of Service per Unduplicated Individual (#6)

41.56

g. Average Cost of Service per Individual (#6)

3473.17

Service #6 - Service Fee

a. Will the proposed service (#6) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#6) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#6)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#6). (600 character limit)

To encourage participation and engagement in the FAN training no fees will be charged.

b. Is this proposed service (#6) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#6) (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#6) (600 character limit)

Narrative

If No - Explain why the proposed service (#6) is not billable to a third-party payor. (600 character limit)

Training to increase infant mental health skills of providers is not billable to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#6) (600 character limit)

N/A

Service #6 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#6)

No (If no, move on to the Funding Request section.)

Service #6 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#6) (600 character limit)

The goal is for the SOAR team to be trained to build capacity to disseminate FAN training. The proposed outcomes are to increase team members' capacity to use the FAN model, increase team members' capacity to train early childhood providers in use of the FAN model, and to increase team members' knowledge and confidence in using the FAN model.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#6) (600 character limit)

Potential barriers include staff turnover, availability of FAN trainer, and availability of staff to train/scheduling conflicts.

c. Provide a rationale for the measurement level(s) for each indicator. (#6) (600 character limit)

We plan to monitor the number of team members who complete the training and their satisfaction. Team members change in knowledge and confidence using the FAN model and satisfaction will also be assessed.

d. Provide a rationale for each method of measurement. (#6) (600 character limit)

An effective way to measure the impact of the training is administering surveys to assess participant's knowledge, confidence, and satisfaction.

Service #7 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#7)

a. Service #7 - Taxonomy of Service Name (150 character limit)

Best Practices Training

b. Service #7 - Taxonomy Definition of Service (300 character limit)

Provides training to build on or explore best practice techniques

c. Provide a detailed description of the proposed service (#7). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

SOAR staff FAN train-the-trainers will conduct 3 cohort trainings of Boone County early childhood providers in use of the FAN model (2 cohorts first year, 3 in second year). FAN trainings are two days in length and will build the skills and continuum of services in agencies that provide care for postpartum mothers and infants (0-12 months). Consultation post training will be provided to community partners who attend FAN Training. Priority for training will be for programs serving the target population (i.e. home visiting programs, lactation consultants, part C early interventionists, etc.)

Service #7 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#7)

1 Hour

b. Unit Rate (#7)

\$62.14

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#7)

c. Is the proposed Unit Rate (#7) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#7) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#7) (600 character limit)

There is no public funding for FAN training

d. Total Number of Units of Service to be Provided (#7)

980

e. Total Number of Unduplicated Individuals (#7)

60

f. Average Number of Units of Service per Unduplicated Individual (#7)

16.33

g. Average Cost of Service per Individual (#7)

1014.95

Service #7- Service Fee

a. Will the proposed service (#7) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#7) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#7) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#7). (600 character limit)

To encourage participation in the FAN training no fees will be charged.

b. Is this proposed service billable to a third-party payor(s)? (#7) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#7). (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#7) (600 character limit)

Narrative

If No - Explain why the proposed service is not billable to a third party payor. (#7) (600 character limit)

There is not a third party billable rate for FAN Training.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#7) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #7 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (7) (600 character limit)

The goal is for the SOAR team to disseminate FAN training to expand the skills/services in agencies that work with infants and families. The proposed outcomes are to increase the number of providers using the FAN model, increase providers' knowledge, and increase the number of families being reached using the FAN.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (7) (600 character limit)

External factors that may affect this outcome includes turnover in trained staff and trainee availability/scheduling conflicts.

c. Provide a rationale for the measurement level(s) for each indicator. (7) (600 character limit)

We plan to monitor the number of providers trained and number of families reached. Providers change in knowledge and satisfaction using the FAN model will also be assessed.

d. Provide a rationale for each method of measurement (7). (600 character limit)

An effective way to measure the impact of the training is administering surveys to assess participant's knowledge, and satisfaction.

Service #8 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#8)

Service #8 - Taxonomy of Service Name (150 character limit)

Postpartum Care

Service #8 - Taxonomy Definition of Service (300 character limit)

Physical, mental, and emotional care for the mother, newborn, and/or infant during the postnatal period provided by a qualified health care professional.

c. Provide a detailed description of the proposed service (#8). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The SOAR team will be supported by the Erikson Institute/Fussy Baby National office to become a FB network clinic site. The Fussy Baby Network is a targeted preventative intervention program to provide services to families struggling with their infant's crying and related concerns (sleep or feeding problems) during the first year of life. Fussy Baby services will be provided to any new parents who are stressed, overwhelmed or experiencing issues with postpartum mood. The SOAR Fussy Baby team will provide immediate support through a warmline. Short term home or clinic visits will be offered to families after consultation. The program is designed to address a family's urgent concerns about their baby, using intervention processes that build longer-term parenting capacities, including parental confidence and competence, strong parent-child relationships, and balanced and positive parent views of their baby. SOAR will provide onsite consultations through existing community partnerships of WIC, Harbor House and through Children's Division. Foster parents of substance addicted infants will be offered consultation and home visits. A partnership with the NICU for onsite interventions with parents and infants will be established. Joint home visits will be offered to clients of existing home visiting programs where the home visitor feels additional need for infant/family support. Screening and identifying developmental and early social emotional concerns will be prioritized using the (SWYC) Survey of Wellbeing of the Young Child. Infants and families identified that need additional supports or fall outside of the scope of SOAR's service delivery will be referred to FACE.

Service #8 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#8)

1 Hour

b. Unit Rate (#8)

\$30.38

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#8)

c. Is the proposed Unit Rate (#8) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#8) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#8) (600 character limit)

No public funding rate for Fussy Baby network intervention/prevention services.

d. Total Number of Units of Service to be Provided (#8)

2352

e. Total Number of Unduplicated Individuals (#8)

200

f. Average Number of Units of Service per Unduplicated Individual (#8)

11.76

g. Average Cost of Service per Individual (#8)

Service #8 - Service Fee

a. Will the proposed service (#8) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service (#8). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#8)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#8) (600 character limit)

There will be no charge for Fussy Baby Network services and no family will be denied services for financial reasons. There are no current billable services for the proposed service.

b. Is this proposed service billable to a third-party payor(s)? (#8) (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#8). (600 character

limit)

Narrative

If No - Explain why the proposed service is not billable to a third-party payor. (#8) (600 character limit)

The Fussy Baby interventions are not currently reimbursable by a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#8) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

(#8) (600 character limit)

Narrative

Service #8 - Performance Measures

Outcome (8-1)

Increase number of families receiving early childhood mental health information and support through on-site consultation

Indicator (8-1)

100% of parents will have 90% satisfaction with on-site consultation

Method of Measurement (8-1)

- 1) Visit log
- 2) Satisfaction survey administered at end of consultation

Additional Outcome (8-2)

Additional Indicator (8-2)

Additional Method (8-2)

Increase number of families receiving early childhood mental health information and support through warmline and/or referral network

Additional Outcome (#3-3)

Increase number of families receiving early childhood mental health information and support through home visitation

Additional Outcome (8-4)

- 1) Decrease parenting stress
- 2) Increase parent confidence in dealing with infant behavior problems

Additional Outcome (8-5)

- 1) Increase identification of family risk factors
- 2) Increase identification of developmental and behavioral concerns in young childhood

100% of parents will have 90% satisfaction with warmline and/or referral network

Additional Indicator (8-3)

- 1) 100% of parents will have 90% satisfaction with home visiting services
- 2) 90% of parents will indicate that the home visit helped with their infant's behavior

Additional Indicator (8-4)

- 1) Parents will show a 50% decrease in parenting stress
- 2) Parents will show a 50% increase in parenting confidence

Additional Indicator (8-5)

- 1) Number of screenings conducted using SWYC
- 2) Number of referrals made

- 1) Call and referral log

- 2) Satisfaction survey administered (verbally) at end of call

Additional Method (8-3)

- 1) Visit log
- 2) Satisfaction survey administered at last home visit

Additional Method (8-4)

- 1) Pre-Post Parenting Stress Scale administered during the first and last home visits
- 2) Pre-Post Parenting Efficacy Survey administered during the first and last home visits

Additional Method (8-5)

- 1) SWYC
- 2) Referral log

Service #8 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#8). (600 character limit)

The goal is for SOAR to become an FBN infusion site by providing parenting consultation, developing a warmline/referral line, and conducting home visits. The proposed outcomes are an increase in the number of families early childhood mental health information and support; decreasing parenting stress; increasing confidence in dealing with infant behavior problems; increasing identification of family risk factors; and increasing identification of developmental and behavioral concerns in young children.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#8). (600 character limit)

Potential barriers include the stigma of receiving parenting support or parental mental health issues or family risk factors preventing parents from participating. Other factors include a low number of referrals from other professionals and poor utilization of phone line due to parents preferring other methods of communication (i.e. texting).

c. Provide a rationale for the measurement level(s) for each indicator (#8). (600 character limit)

We plan to monitor parents' satisfaction with consultation, warmline usage, and home visitation. In addition we will assess parental stress and confidence. Lastly, we will monitor developmental and behavioral concerns in young children.

d. Provide a rationale for each method of measurement (#8). (600 character limit)

An effective way to measure parents' satisfaction is administering a satisfaction survey. Parental stress will be measured with pre/post Parenting Stress Scale and parents' confidence will be measured using pre/post Parenting Efficiency Scale. The Survey of Wellbeing of Young Children (SWYC) will be used to monitor the developmental and behavioral concerns in young children.

Service #9 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#9)

a. Service #9 - Taxonomy of Service Name (150 character limit)

Behavioral Health Screening

b. Service #9 - Taxonomy Definition of Service (300 character limit)

Identifies if an individual is at risk of experiencing symptoms of a mental health condition. Screening will be completed to determine eligibility for Child-Parent Psychotherapy (CPP) program. Children not qualifying for CPP will be referred to other services.

c. Provide a detailed description of the proposed service (#9). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Behavioral Health Screening will be conducted to screen for eligibility for the CPP program. When potential clients or referral source call, the Coordinator will collect initial demographic data on an intake form. The Coordinator will assign the new referral to a CPP clinician to contact the family within 24 hours, conduct behavioral screening, and, if eligible, schedule the first appointment within 7 days to start the Behavioral Health Assessment. The behavioral health screening will screen for trauma that negatively impacts the child-parent relationship and child's developmental milestones, and affect regulation and attachment behaviors in the dyad. Children who experience trauma can often experience one or all of the following symptoms: behavioral problems, emotional dysregulation and developmental regression. If the client is not eligible, the CPP clinician will make the appropriate referral for other services such as FACE. The CPP Coordinator will make a copy of the intake form and secure it in the CPP referral/case assignment notebook. The CPP

Coordinator will give the clinician the original intake form upon case assignment. The CPP clinician will notify the CPP Coordinator of time and date of the first appointment. The CPP Coordinator will enter referral information into the IDX system and REDcap data management system.

Service #9 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#9)

1 Hour

b. Unit Rate (#9)

\$46.28

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#9)

c. Is the proposed Unit Rate (#9) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#9) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#9) (600 character limit)

Unit Rate is based on amount needed to cover program service costs and salaries of clinicians.

d. Total Number of Units of Service to be Provided (#9)

780

e. Total Number of Unduplicated Individuals (#9)

50

f. Average Number of Units of Service per Unduplicated Individual (#9)

15.6

g. Average Cost of Service per Individual (#9)

721.97

Service #9 - Service Fee

a. Will the proposed service (#9) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#9). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#9)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#9). (600 character limit)

There is not a fee structure in place for all components of CPP. There are no other providers rostered to deliver CPP in Boone County. Often young children with social, emotional, and behavioral problems have no access to services in Boone County. Access to CPP will give primary care providers, children's division workers, early childhood providers, and families an option that has proven effective in this population. CPP also improves child-parent relationship by decreasing parental stress, increases parental protective factors, and decreases overall parental mental health problems.

b. Is this proposed service (#9) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#9) (600 character limit)

Narrative

If No - Explain why the proposed service (#9) is not billable to a third-party payor. (600 character limit)

This not a reimbursable service under Medicaid. We are working with them to change this. Initial talks have been positive. The change in State leadership (with a new governor) have delayed it some. We plan additional work on this in 2018. This services is needed to improve access to services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#9) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #9 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#9)

No (if no, move on to the Funding Request section)

Service #9 - Other Funders Chart

<u>Funders (#9)</u>	<u>Unit Rate (#9)</u>	<u># of Units Funded (#9)</u>	<u>Total Amount Contracted (#9)</u>
a. Boone County - Children's Services Funding (#9)	9a1. \$0.00	9a2. 0	9a3. \$0.00
b. Boone County - Community Health Funding (#9)	9b1. \$0.00	9b2. 0	9b3. \$0.00
c. City of Columbia - Social Services Funding (#9)	9c1. \$0.00	9c2. 0	9c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#9)	9d1. \$0.00	9d2. 0	9d3. \$0.00
e. Heart of Missouri United Way Funding (#9)	9e1. \$0.00	9e2. 0	9d4. \$0.00

Service #9 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#9)
\$36,100.28

b. Proposed Number of Units of Service (#9)
780.04

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#9) (600 character limit)

Funding is based on covering the cost of administering the program service.

Services #9 - Performance Measures

Outcome (9-1)	Indicator (9-1)	Method of Measurement (9-1)
Referrals will be contacted within 24 hours to screen for eligibility for CPP services	90 % of all eligible referral will have 1st appointment scheduled within 7 business days.	Behavioral Health screening Intake note will be completed and 1st appointment scheduled within 7 business days

Additional Outcome (9-3)	Additional Indicator (9-3)	Additional Method (9-3)
Text	Text	Text
Additional Outcome (9-4)	Additional Indicator (9-4)	Additional Method (9-4)
Text	Text	Text
Additional Outcome (9-5)	Additional Indicator (9-5)	Additional Method (9-5)
Text	Text	Text

Service #9 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#9) (600 character limit)

It is critical that clients are engaged in the intake process as quickly as possible upon referral to the CPP program to create a warm responsiveness rapport that will increase the likelihood of engagement into the treatment process.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#9) (600 character limit)

There can be environmental factors that impede clients from engaging in treatment such as lack of reliable transportation to access services and financial resources.

c. Provide a rationale for the measurement level(s) for each indicator (#9) (600 character limit)

Engagement into services is higher when clients start services faster.

d. Provide a rationale for each method of measurement (#9) (600 character limit)

Case assignment and time span from first appointment will be monitored.

Service #10 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#10)

a. Service #10 - Taxonomy of Service Name (150 character limit)

Family Therapy

b. Service #10 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment with a qualified mental health professional to help family members improve communication and resolve conflicts.

c. Provide a detailed description of the proposed service (#10). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The family therapy incorporates both parent-child dyadic psychotherapeutic intervention and parent guidance working on multiple levels: helping parents understand normal developmental challenges and expectations; helping parents understand the unique processing abilities of their children; helping parents understand the impact of trauma on child and how this might be expressed in their behavior; reframing child's behavior; problem solving new strategies; and reflecting on the psychodynamic relationship between parent feeling, history, and the parental response to the child.

Service #10 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#10)

1 Hour

b. Unit Rate (#10)

\$40.93

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#10)

c. Is the proposed Unit Rate (#10) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#10) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#10). (600 character limit)

There is not a rate for the series of sessions needed for CPP. Family therapy is included. Rate is based on costs associated with administering the program service.

d. Total Number of Units of Service to be Provided (#10)

1931

e. Total Number of Unduplicated Individuals (#10)

50

f. Average Number of Units of Service per Unduplicated Individual (#10)

38.62

g. Average Cost of Service per Individual (#10)

1580.72

Service #10 - Service Fee

a. Will the proposed service (#10) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#10). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#10)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#10). (600 character limit)

The number of sessions determined by the evidenced based treatment of 32-52 sessions is not reimbursable by insurance or Medicaid program.

b. Is this proposed service (#10) billable to a third party-payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#10) (600 character limit)

Narrative

If No - Explain why the proposed service (#10) is not billable to a third-party payor. (600 character limit)

The number of sessions determined by the evidenced based treatment of 32-52 sessions is not reimbursable by insurance or Medicaid program.

c. What fee payment options will be provided for proposed service (#10) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #10 - Amount Received From Other Funders

Service #10 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#10)

\$79,040.62

b. Proposed Number of Units of Service (#10)

1931.12

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or

enabling the organization access to funding from other funding sources. (#10) (600 character limit)

There are very limited resources available to children 0-6 years and their families. This service gives community partners a resource to refer children to and is proven to improve the lives of young children and their families who have been traumatized.

Service #10 - Performance Measures

Outcome (10-1)	Indicator (10-1)	Method of Measurement (10-1)
Improve the health and wellness for parents	80% of individuals(parents) with clinically elevated scales will show clinically significant improvements	Traumatic Events Screening Inventory-Parent report revised(TESI-PRR); Center for Epidemiologic Studies (CESD-R); Working Model of the Child Interview; Parent-Child interaction observation; PTSD Checklist(PCL-5 -w/A);
Additional Outcome (10-2)	Additional Indicator (10-2)	Additional Method (10-2)
Improve the health and wellness for children	80% of individuals(child) with clinically elevated scales will show clinically significant improvements	Ages and Stages Questionnaire (ASQ3); Ages and Stages Questionnaire-Social Emotional (ASQ SE2);Child Behavior Checklist(CBCL); Young Child PTSD Checklist(YCPC)
Additional Outcome (10-3)	Additional Indicator (10-3)	Additional Method (10-3)
Increase provider satisfaction with services and supports provided by CPP	Providers will have a 80 % satisfaction level with the availability of services and supports provided by CPP	Levels of Collaboration Scale
Additional Outcome (10-4)	Additional Indicator (10-4)	Additional Method (10-4)
Text	Text	Text
Additional Outcome (10-5)	Additional Indicator (10-5)	Additional Method (10-5)
Text	Text	Text

Service #10 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#10) (600 character limit)**

The goal of the program is to provide an evidenced based service of CPP to young children and their caregivers. The expected outcome is that 80% of the individuals served by CPP will show clinically significant improvement on their presenting problems (social emotional difficulties, developmental delays, and parenting stress).

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#10) (600 character limit)

Referrals to the service could affect the proposed outcome. Other SOAR programs will serve as referral sources. Active engagement with physicians, early childhood programs, and Children's Division will also be sources of referrals for this program.

c. Provide a rationale for the measurement level(s) for each indicator (#10) (600 character limit)

Tools used will show improvement in the health and wellness of children and caregivers. They will show increased satisfaction by providers for services and supports provided by the program.

d. Provide a rationale for each method of measurement (#10) (600 character limit)

The CBCL, ASQ3, ASQ SE2; and parent stress index 4 will show an improvement in the child's social/emotional health, movement to a more healthy developmental trajectory, and reduced parental stress which helps to improve the child parent relationship. Collaboration Survey will show strengthening relationships with referring agencies and partners.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Service #11 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#11)

a. Service #11 - Taxonomy of Service Name (150 character limit)

Clinical Case Management

b. Service #11 - Taxonomy Definition of Service (300 character limit)

Case management for individuals or families that need services, provided by a qualified mental health professional.

c. Provide a detailed description of the proposed service (#11). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

CPP clinician will facilitate the family's access to comprehensive services and supports with community organizations. Clinician provides assistance in obtaining information and partnering with the community providers; researching program appropriateness; and determining the availability of, making, and facilitating referrals to community providers.

Record Lock

Service #11 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#11)

1 Hour

b. Unit Rate (#11)

\$44.62

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#11)

c. Is the proposed Unit Rate (#11) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#11) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#11) (600 character limit)

Rate is based upon costs associated with providing this service

d. Total Number of Units of Service to be Provided (#11)

1456

e. Total Number of Unduplicated Individuals (#11)

50

f. Average Number of Units of Service per Unduplicated Individual (#11)

29.12

g. Average Cost of Service per Individual (#11)

1299.33

Service #6 - Service Fee

a. Will the proposed service (#11) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#11) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#11)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#11). (600 character limit)

Charges would limit access to families utilizing this services.

b. Is this proposed service (#11) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#11) (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#11) (600 character limit)

Narrative

If No - Explain why the proposed service (#11) is not billable to a third-party payor. (600 character limit)

This is not a coverable service under Medicaid or private insurances.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#11) (600 character limit)

N/A

Service #11 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way

for this service? (#11)

No (if no, move on to the Funding Request section.)

Text	Text	Text
Additional Outcome (11-5)	Additional Indicator (11-5)	Additional Method (11-5)
Text	Text	Text

Service #11 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#11) (600 character limit)

The goal of this program is to provide an evidenced based service CPP to young children. The expected outcome is at that 80% of the individuals who

are treated with CPP will show clinically significant improvement on their presenting problems (social emotional difficulties, developmental delays and parenting stress).

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#11) (600 character limit)

Limited funding and specialized services may be a challenge in meeting this outcome.

c. Provide a rationale for the measurement level(s) for each indicator. (#11) (600 character limit)

Parents will complete questionnaire at intake (behavioral health screening) to identify services and supports they currently use and identify what services and supports they feel they need.

d. Provide a rationale for each method of measurement. (#11) (600 character limit)

Baseline of services and supports assist clinician and family in identifying what case management services and supports are needed and begin formulating a treatment plan.

Service #12 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#12)

a. Service #12 - Taxonomy of Service Name (150 character limit)

Professional Coaching

b. Service #12 - Taxonomy Definition of Service (300 character limit)

Provides individualized support for professional development

c. Provide a detailed description of the proposed service (#12). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Reflective supervision is distinct from administrative supervision and clinical supervision due to the shared exploration of the parallel process. All three programs will utilize reflective supervision.

EC-PBS coaches will receive monthly reflective supervision from a licensed professional counselor (LPC). In reflective supervision, attention to all of the relationships is important, including the relationships between EC-PBS coach and supervisor, between EC-PBS coach and childcare provider, and between childcare provider and child. Reflective supervision is critical since each of these relationships affects the other

The SOAR Train the trainers and FBN staff receive weekly individual reflective supervision from the Fussy Baby Director /supervisor. Weekly individual reflective supervision and FAN reflection tools are a requirement of the Fussy Baby Network model. For FBN Specialists to sustain attunement to the baby, parent, and parent child relationship, they must also understand their own responses. Understanding ourselves and our part in relationships is a fundamental aspect of infant mental health and necessary to establish genuine and supportive relationships

CPP program fidelity requires that clinicians participate in weekly group and individual reflective supervision to continuously learn and implement the five strands of CPP, which are Reflective practice, Emotional Process, Dyadic Relational, Trauma Framework, and Procedural. In addition, the CPP fidelity strands require the clinician to continue to master the CPP objectives. It is through weekly group and individual reflective supervision that clinicians continue their growth and learning.

Service #12 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#12)

1 Hour

b. Unit Rate (#12)

\$44.03

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#12)

c. Is the proposed Unit Rate (#12) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#12) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#12) (600 character limit)

The average cost to conduct individual reflective supervision is between \$60-120.00 an hour. There is not an established rate. Rate is based on costed associated with providing program services.

d. Total Number of Units of Service to be Provided (#12)

2520

e. Total Number of Unduplicated Individuals (#12)

f. Average Number of Units of Service per Unduplicated Individual (#12)

180

g. Average Cost of Service per Individual (#12)

7925.4

Service #12- Service Fee**a. Will the proposed service (#12) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the proposed service (#12) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#12) ? If so, please upload the fee chart.**If No - Provide a rationale why no fees will be charged for the service (#12). (600 character limit)**

This service is to meet the requirements of fidelity in provided an evidenced based treatment. The proposed service allows us to compensate the time needed to conduct reflective supervision.

b. Is this proposed service billable to a third-party payor(s)? (#12) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#12). (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#12) (600 character limit)

Narrative

If No - Explain why the proposed service is not billable to a third party payor. (#12) (600 character limit)

Reflective supervision for SOAR infant-parent specialists is not billable to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#12) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #12 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#12)**

Yes (complete the Other Funder's Chart below)

Service #12 - Other Funders Chart

<u>Funders (#12)</u>	<u>Unit Rate (#12)</u>	<u># of Units Funded (#12)</u>	<u>Total Amount Contracted (#12)</u>
a Boone County - Children's Services Funding (#12)	12a1. \$55.91	12a2. 1724	12a3. \$96,396.00

Service #12- Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#12)

\$110,952.81

b. Proposed Number of Units of Service (#12)

2519.94

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#12) (600 character limit)

Funding is requested to expand capacity of collaborative reflection between EC-PBS coaches and childcare providers. This reflective notion builds on the use of thoughts, feelings, and values expressed by all involved.

It is a necessary part of the FBN program to help clinicians provide effective evidenced based treatment

This is a requirement of the fidelity model of Child-Parent Psychotherapy and is essential to help clinicians provide effective evidenced based treatment

Service #12 - Performance Measures

Outcome (12-1)

Complete 1 hour of monthly supervision as outlined by EC-PBS principles.

Indicator (12-1)

80% of EC-PBS members will complete 1 hour of supervision monthly.

Method of Measurement (12-1)

EC-PBS Reflection Supervision log.

Additional Outcome (12-2)

Complete 2 hours of weekly supervision as outlined by fidelity requirements of the FAN program

Additional Indicator (12-2)

4 team members will complete 2 hours of supervision weekly

Additional Method (12-2)

FAN Reflection Tool Supervision log

Additional Outcome (12-3)

Complete 2 hours of Reflective Supervision as outlined by the fidelity requirements of the Child-Parent Psychotherapy evidenced based practice.

Additional Indicator (12-3)

95% of five therapist will complete 2 hours of reflective supervision weekly

Additional Method (12-3)

Completion Supervision fidelity Tool.

Additional Outcome (12-4)

Service #12 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (12) (600 character limit)

In order for EC-PBS coaches to be successful when delivering services surrounding our overall goal which is to provide both education and coaching to improve the ability of early childcare providers and parents in the child's natural environment, coaches need opportunity to participate in reflective supervision.

The goal is to provide trained team members weekly individual reflective supervision as outlined by fidelity requirements of the FAN program.

Completion of Supervision fidelity tools will reflect clinicians' continued growth and mastery of the evidenced based treatment

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (12) (600 character limit)

Potential factors that may affect this outcome include scheduling conflicts.

Potential factors that may affect this outcome include scheduling conflicts and a smaller than expected caseload

Referrals to the program, clinician's sick leave/vacation time could affect proposed outcomes.

c. Provide a rationale for the measurement level(s) for each indicator. (12) (600 character limit)

We plan to monitor the completion of monthly supervision

We plan to monitor the completion of weekly supervision

Fidelity tools used will show an improvement in clinicians' knowledge and improved implementation of treatment fidelity.

d. Provide a rationale for each method of measurement (12). (600 character limit)

An effective way to measure the impact of the supervision is collecting the EC-PBS Reflection Supervision Log.

An effective way to measure the impact of the supervision is collecting the FAN Reflection Tool Supervision Log

CPP fidelity tools will show the continuing growth in the clinicians' knowledge and skill in the use of CPP treatment modalities as indicated in the fidelity model.

Service #13 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#13)

Service #13 - Taxonomy of Service Name (150 character limit)

Organization Capacity Training

Service #13 - Taxonomy Definition of Service (300 character limit)

Informs an organization of concepts and strategies to improve core capacities of an organization.

c. Provide a detailed description of the proposed service (#13). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

As Thomas Guskey (2000) states, "One constant finding in the research literature is that notable improvements in education almost never take place in the absence of professional development." Professional development is key to meeting today's educational demands. This program service will allow EC-PBS coaches to continue gaining knowledge in social-emotional health and awareness along with developing new strategies to use in educating/coaching childcare providers.

Building up a team of infant-mental health specialists requires education and training. The Fussy Baby Network holds biannual training meetings focusing on building skills and knowledge of the infant-parent specialists. Further training and available conferences build up capacity of SOAR infant mental health specialists.

CPP clinicians will participate in 2-day FAN training in partnership with the SOAR Fussy Baby program to infuse the FAN into the CPP program. In addition, CPP clinicians will continue to develop CPP therapy skills by attending evidenced based trainings to promote the continued development of the CPP objectives of Hope, Empathic Relationship with Family Members, Physical Safety, Safety in the Environmental Context, Stabilization, Safety and Consistency in Therapy, Perceived Safety, Safety with the Caregiver-Child Relationships, Strengthening Family Relationships, Coordination of Care, Strengthen Dyadic Affect Regulation Capacities, Strengthen Dyadic body-based regulation, Support Child's relationship with other caregivers, Enhance understanding of the meaning of behavior, Support Child in returning to a normal developmental trajectory, Normalize the traumatic response, Support Dyad in acknowledging the impact of trauma, Help Dyad differentiate between then and now, and Help Dyad put the trauma experience in perspective.

Service #13 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#13)

1 Hour

b. Unit Rate (#13)

\$89.18

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#13)

c. Is the proposed Unit Rate (#13) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#13) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#13) (600 character limit)

Research and experience help us recognize that high-quality ongoing professional development that deepens ones content knowledge and educational skills; provides opportunities for practice, research, and reflection. Even though there is not a consistent public funding unit rate used for professional development it is an important part of any successful program.

Rate is based on cost associated with implementation of this program service.

d. Total Number of Units of Service to be Provided (#13)

598

e. Total Number of Unduplicated Individuals (#13)

12

f. Average Number of Units of Service per Unduplicated Individual (#13)

49.83

g. Average Cost of Service per Individual (#13)

4444.14

Service #13 - Service Fee**a. Will the proposed service (#13) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the service (#13). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#13)? If so, please upload the fee chart.**If No - Provide a rationale why no fees will be charged for the proposed service. (#13) (600 character limit)**

The proposed service allows EC-PBS team members the opportunity to gain social-emotional knowledge and current strategies utilized when coaching childcare providers.

The proposed service allows SOAR Fussy Baby infant mental health team members the opportunity to gain knowledge and skills to provide high quality prevention and intervention services to families.

This is the cost associated with providing evidenced based treatments.

b. Is this proposed service billable to a third-party payor(s)? (#13) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#13). (600 character limit)

Narrative

If No - Explain why the proposed service is not billable to a third-party payor. (#13) (600 character limit)

Professional development is not billable to a third-party payor

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#13) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #13 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#13)**

Yes (complete the Other Funder's Chart below)

Service #13 - Other Funders Chart

<u>Funders (#13)</u>	<u>Unit Rate (#13)</u>	<u># of Units Funded (#13)</u>	<u>Total Amount Contracted (#13)</u>

Service #13 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#13)

\$53,331.08

b. Proposed Number of Units of Service (#13)

598.02

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#13) (600 character limit)

Funding is requested to expand capacity of social-emotional knowledge of EC-PBS team members, Fussy Baby team members and CPP Clinicians in order to provide current strategies when coaching childcare providers or working with consumers of the fussy Baby network and CPP. Continued professional development provides quality treatment to the population served. It is only through continuing education with national leaders who are developing cutting edge treatment that the programs can bring high quality evidenced based treatments to this community..

Service #13 - Performance Measures

Outcome (13-1)	Indicator (13-1)	Method of Measurement (13-1)
Increase capacity of EC-PBS coaches to use evidence-based practices.	100% of team members will have 90% satisfaction with meetings, conferences, and trainings.	Satisfaction survey
Additional Outcome (13-2)	Additional Indicator (13-2)	Additional Method (13-2)
Increase capacity of SOAR infant mental health specialists to use evidence-based practices	1) Increase capacity of SOAR infant mental health specialists to use evidence-based practices 2) Increase capacity of SOAR infant mental health specialists to use evidence-based practices. 100% of team members will have 90% satisfaction with meetings, conferences, and trainings	1) Attendance log 2) Satisfaction survey
Additional Outcome (13-3)	Additional Indicator (13-3)	Additional Method (13-3)
Increase clinicians capacity to provided evidenced based treatments	CPP Clinicians will be trained and master evidenced based practices	Certificates of Completion
Additional Outcome (13-4)	Additional Indicator (13-4)	Additional Method (13-4)
Text	Text	Text
Additional Outcome (13-5)	Additional Indicator (13-5)	Additional Method (13-5)
Text	Text	Text

Service #13 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#13). (600 character limit)

The goal is for the EC-PBS team to build social-emotional capacity through professional development.

The goal is for the SOAR team to build infant mental health capacity through professional development.

Organizational capacity is dependent upon continued training in current advancements in research of evidenced based practices and mastery of fidelity protocols.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#13). (600 character limit)

Referrals to the program may impact outcomes.

c. Provide a rationale for the measurement level(s) for each indicator (#13). (600 character limit)

We plan to monitor EC-PBS team members' attendance at meetings, training, conferences and satisfaction.

We plan to monitor SOAR team members' attendance at FBN meetings, training, conferences and satisfaction

Certificates of Completion will serve to confirm completion of trainings. Fidelity tools will reflect clinicians' continual growth in implementation of CPP.

d. Provide a rationale for each method of measurement (#13). (600 character limit)

An effective way to measure the impact of the meetings, trainings, conferences is administering surveys to assess satisfaction.

Certificates of Completion are provided when trainings for completed

Service #14 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#14)

a. Service #14 - Taxonomy of Service Name (150 character limit)

Behavioral Health Assessment

b. Service #14 - Taxonomy Definition of Service (300 character limit)

Assessment by qualified mental health professional of an individual's history and mental health functioning with the intent of establishing a treatment plan and/or diagnosis.

c. Provide a detailed description of the proposed service (#14). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

During the Assessment phase, each session will be documented in Power Chart. Each assessment session note will include corresponding assessment session 1-5 (or more as needed), client name, medical record number, date of session, start & end times, location of the session, and participants involved in the session (first and last name and their relationship to the child). Each note during the assessment phase will include: brief description of what assessment instruments/protocol were administered, report of recent (since the last session) symptoms and behaviors and significant events (if any), affect and engagement of client and caregiver, and plan for next steps of the Assessment phase. Information from these brief notes will be combined and synthesized into the final assessment at the end of the Assessment and Engagement phase. The final assessment will be written and posted in Power Chart within one week of the Feedback session of the Assessment Phase. Case conferencing will occur prior to the Feedback session in either Group Reflective Supervision or Program Meetings. The final assessment will include all elements as outlined in the programs Biopsychosocial Assessment outline that includes Diagnoses from the DSM 0-5/DSM-5.

Service #14 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#14)

1 Hour

b. Unit Rate (#14)

\$40.46

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#14)

c. Is the proposed Unit Rate (#14) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#14) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#14) (600 character limit)

Rate is based on costs associated in providing this program service

d. Total Number of Units of Service to be Provided (#14)

1797

e. Total Number of Unduplicated Individuals (#14)

45

f. Average Number of Units of Service per Unduplicated Individual (#14)

39.93

g. Average Cost of Service per Individual (#14)

1615.7

Service #14 - Service Fee

a. Will the proposed service (#14) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#14). (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#14)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#14). (600 character limit)

Fees will reduce client's ability to access service as this program service is not reimbursable through Medicaid or private insurances.

b. Is this proposed service (#14) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#14) (600 character limit)

Narrative

If No - Explain why the proposed service (#14) is not billable to a third-party payor. (600 character limit)

Not a coverable service.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#14) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #14 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#14)

No (if no, move on to the Funding Request section)

Service #14 - Other Funders Chart

Service #14 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#14) (600 character limit)

The goal of this program is to provide an evidenced based service (CPP) to young children. The expected outcome is at that 80% of the individuals who are treated with CPP will show clinically significant improvement on their presenting problems (social emotional difficulties, developmental delays and parenting stress).

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#14) (600 character limit)

Referrals to the service could affect the proposed outcome.

c. Provide a rationale for the measurement level(s) for each indicator (#14) (600 character limit)

The tools used will show an improvement in health and wellness for children and parents. They will also show increased provider satisfaction with services and supports provided by CPP.

d. Provide a rationale for each method of measurement (#14) (600 character limit)

The CBCL, ASQ-3, ASQ SE 2, and parent stress will show improvement in the child's social emotional health. Movement toward a more healthy developmental trajectory and reduced parental stress which helps to improve the child parent relationship.

Service #15 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#15)

a. Service #15 - Taxonomy of Service Name (150 character limit)

Professional Services

b. Service #15 - Taxonomy Definition of Service (300 character limit)

Professional Services for organizational administrative functions such as accounting, ordering and human resources to support all program services infrastructure.

c. Provide a detailed description of the proposed service (#15). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Professional Services are needed to assist with human resources, purchasing, billing, report writing and scheduling.

Service #15 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#15)

1 Hour

b. Unit Rate (#15)

\$30.98

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#15)

c. Is the proposed Unit Rate (#15) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#15) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#15). (600 character limit)

Rate is based on personnel.

d. Total Number of Units of Service to be Provided (#15)

1378

e. Total Number of Unduplicated Individuals (#15)

1

f. Average Number of Units of Service per Unduplicated Individual (#15)

1378

AGREEMENT FOR PURCHASE OF SERVICES
Purchase of Service Contract
Boone County Schools Mental Health Coalition

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **BCSMHC**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, BCSMHC has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY BCSMHC

BCSMHC is expected to the greatest extent possible to maximize funding from all other sources. BCSMHC shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. BCSMHC shall only request reimbursement for services not reimbursable by any other source. BCSMHC shall not invoice the Children's Services Fund for units of service invoiced to another funding source. BCSMHC shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** BCSMHC will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and BCSMHC's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over BCSMHC's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from BCSMHC and BCSMHC agrees to furnish the **Boone County Schools Mental Health Coalition** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in BCSMHC's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$973,405.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. BCSMHC agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of BCSMHC be renewed for an **additional one (1), one-year period**. BCSMHC agrees and understands that the BCCSB may require supplemental information to be submitted by BCSMHC prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Boone County Schools Mental Health Coalition Checklist (Teachers)	One checklist	\$4.32	63,000	\$272,160.00
Boone County Schools Mental Health Coalition Checklist (Students)	One checklist	\$6.48	42,000	\$272,160.00
Professional Coaching	15 minutes	\$20.70	4,000	\$82,800.00
Group Therapy – Child	15 minutes	\$12.89	6,500	\$83,785.00
Individual Therapy – Child	15 minutes	\$22.12	1,500	\$33,180.00
Case Management	15 minutes	\$15.42	500	\$7,710.00

Best Practices Training	One individual	\$104.60	800	\$83,680.00
Universal Intervention	One individual	\$20.78	6,000	\$124,680.00
Development/Start Up	-----	-----	-----	\$13,250.00

All billing shall be invoiced to BCCSB monthly by the 20th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of BCSMHC, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by BCSMHC to monitor service delivery and program expenditures. BCSMHC agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by BCSMHC and, if so stipulated, are noted on this contract document. Payments may be withheld from BCSMHC if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. BCSMHC agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** BCSMHC also agrees to make available to the BCCSB a copy of its annual audit upon completion by the auditing agency. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from BCSMHC, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** BCSMHC agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect BCSMHC's services, activities, programs, and client

records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, BCSMHC hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event BCSMHC requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from BCSMHC may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with BCSMHC's policies and procedures and in accordance with any local/state/federal regulations. BCSMHC agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. BCSMHC must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** BCSMHC will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** BCSMHC agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to BCSMHC's provision of such services.

14. **Accreditation/Licensure/Certifications.** BCSMHC must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** BCSMHC agrees that any conflicts of interest between its Board and/or employees and BCSMHC shall be appropriately identified and managed.

16. **Subcontracts.** BCSMHC may enter into subcontracts for components of the contracted service as BCSMHC deems necessary within the terms of the contract. All such

subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, BCSMHC shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** BCSMHC agrees to comply with Missouri State Statute section 285.530. BCSMHC also agrees that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. BCSMHC shall require each subcontractor to affirmatively state in its Agreement with the BCSMHC that the subcontractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

18. **Litigation.** BCSMHC agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against BCSMHC or any individual acting on the BCSMHC's behalf, including subcontractors, which seek to enjoin or prohibit BCSMHC from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If BCSMHC ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if BCSMHC no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, BCSMHC will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event BCSMHC, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to BCSMHC as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should BCSMHC fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, BCSMHC shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the BCSMHC for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, BCSMHC agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)** (meaning anyone, including but not limited to consultants having a contract with BCSMHC or subcontractor for part of the services), or anyone directly or indirectly employed by BCSMHC, or of anyone for whose acts BCSMHC may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** BCSMHC shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. BCSMHC will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. BCSMHC will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. BCSMHC agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and BCSMHC. The BCCSB does not recognize any of the BCSMHC's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** BCSMHC shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to BCSMHC shall be mailed or delivered to:

University of Missouri - Columbia
Office of Sponsored Programs
115 Business Loop 70 West, Mizzou North, Room 501
Columbia, MO 65211

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)
Name of Program	Boone County Schools Mental Health Coalition

Organization Profile	
-----------------------------	--

1. In the Governing Board section, the phone number and email address for board member, Julia Brncic, is not provided. The district that Julia Brncic represents is not identified for the Board Position.

Action Required: Complete all information fields for Julia Brncic.

From the MU system Board of Curators website

Phone Number: (573) 882-2388

Email address: boardofcurators@umsystem.edu

District 1 St Louis

Program Overview Form	
------------------------------	--

Statement of Issue Being Addressed

2. The information provided to describe and document the community-level issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) is lacking thoroughness and clarity. The information provided gives a brief description of BCSMHC and not a thorough explanation of the problem that is being addressed in our community.

Action Required: Provide sufficient information that describes and documents the community-level issue(s) to be addressed by the proposed program. This information should include data from BID and other relevant information.

The Coalition seeks to address the need for early detection of youth who are at risk for social, behavioral, and emotional problems. The Coalition provides social, behavioral, and emotional screening to all youth in Boone County schools three times per year. Following each cycle prevention and intervention services are to be implemented within a tiered framework within each school building based on these data. As a result youth in these schools may be more likely to graduate. Currently BID indicates that districts have a range of 90-97% graduation rate. An increase by 1-3% would demonstrate impact. Attendance may increase with the % of students attending 90% or more days increasing to 95% across districts. School discipline incidents may also decrease as a result of this work. Further, students who receive 5 or more disciplinary incidents may demonstrate a significant decrease from fall to spring. These students are the most likely to experience academic failure and to drop out of school.

3. The information provided to describe the population in the City of Columbia and/or Boone County affected by the issue(s) to be addressed by the proposed program is incomplete and unclear. The information provided listed the age range and approximate number of youth in Boone County School Districts.

Action Required: Provide sufficient information that describes the population to be served by utilizing data from BID and other relevant information.

The Coalition provides services to youth, children, and families in 54 school buildings across 6 school districts and one parochial school ages 5 to 19 years of age.

Program Overview

4. The overview of the proposed program lacks information regarding the screenings, interventions, and trainings that will be provided. The information did not provide a thorough overview for each program service.

Action Required: Provide an overview of the proposed program with sufficient information.

The Coalition conducts screening for youth Kindergarten through 12th grade three times per year. Teachers complete the checklist for all student in their classroom. Students in grade 3rd-12 complete a self-assessment. These data are then used by Coalition and school personnel to determine the types of prevention initiatives, interventions, and professional development to be implemented.

These data are associated with a clinical dashboard which provides schools reports showing the number of students reported to have each risk indicator. Using a public health model of risk to provide schools feedback on areas of need for universal prevention efforts, school reports indicating areas of high risk (i.e., 20% or more of students were reported to have this risk indicator) are represented in red, areas with some risk (15-19% of students are reported to have the risk indicator) are represented in yellow, and areas with low risk (less than 15% of students are reported to have the risk indicator) are represented in green. These data can then be used by school level problem solving teams to assess areas of concern at the school and grade levels and determine if and what universal prevention efforts can be put into place. In addition, individual student reports are generated using a similar red, yellow, and green system to indicate students who in comparison to their peers are at risk across the various risk constructs. These reports can be used to determine the appropriate next steps toward supporting those students at greatest risk (e.g., develop individualized behavior support plan, small group counseling, etc). Each school administrator and their problem solving teams have access to this dashboard through a secure server.

Regional coordinator, school-based mental health clinicians with advanced degrees and experiences in working with youth with mental health problems, are placed with each building. These regional coordinators provide support in administration of the tri-annual screener, support in interpreting the data, consultation with problem solving teams in determining universal, targeted, and individualized supports for students, and support through implementing direct services to youth in school buildings.

In addition, the Coalition provides professional development sessions based on checklist information. These trainings address varied issues such as awareness of social and emotional concerns, what to do when a teacher has a student experiencing mental health symptoms in their classroom, how to accommodate children experiencing signs and symptoms of mental health problems, de-escalation strategies for challenging youth, what to do with regard to referral of student to school-based teams and step by step procedures in crisis situations.

Program Consumers

5. The information describing the consumers who will be served by the program was not clear. The narrative provides a generalized statement that all youth in Boone County schools in kindergarten through 12th grade will be served.

Action Required: Provide sufficient information on the consumers who will be served, including characteristics and demographics.

All students K-12 in Boone County are screened three times per year. Youth may receive universal, selective, or indicated intervention based on the screening data.

We serve 24,692 children and youth ages 5-19 years of age.

17, 986 live in the City of Columbia. Please also, see response #8.

6. The statement on why particular consumers will be served does not answer the question. The response was viewed as incomplete and unclear.

Action Required: Provide sufficient information that justifies why these consumers should

Students who rate themselves as at risk in any category of the student checklist or whose teachers rate them as at risk in any area may receive the supports of our Coalition. As stated above, we use a public health model of risk justify the need for these students to be provided evidence based interventions to address their needs. After screening, we provide schools feedback on areas of need for universal prevention efforts, school reports indicating areas of high risk (i.e., 20% or more of students were reported to have this risk indicator) are represented in red, areas with some risk (15-19% of students are reported to have the risk indicator) are represented in yellow, and areas with low risk (less than 15% of students are reported to have the risk indicator) are represented in green.

receive program services.

7. The information provided to describe impediments or challenges in serving these consumers does not explain why some schools utilize the BCSMHC services with lower fidelity. Also, there is not any information explaining how BCSMHC assesses these discrepancies. What are the barriers for some of these schools? This information is unclear.

Action Required: Provide sufficient information describing why schools have lower fidelity than

A few schools have been slow to join the work and/or demonstrate lower fidelity to implementation of evidence based practices. Resistance was a barrier at the start of our work but has diminished with time and continued stability of our program. Each year more and more schools work well with us. Differing expectations and assumptions about the supports we offer that contrast with our mission of prevention may have impacted how quickly schools joined in.

Using data for decision-making, selection or design of intervention and measurement has been easier for some schools than others due to such things as the skills and experience of staff and their receptivity to suggestions of change or improvements in their practices to support students. Sometimes schools are hesitant to join in with new initiatives as they fear these new supports may not sustain or will require more systems change or more time than they are willing to provide. Our Coordinators discuss these issues with school staff and administration on an ongoing basis emphasizing the benefit of our programs and interventions along with offering support for systems change and improvement. We create and maintain important relationships with our school partners and our concerted efforts have resulted in more schools taking advantage of our supports each year. We discuss our work at monthly Coalition Board meetings to create and maintain understanding of our work. We conduct and utilize results from satisfaction and opinion surveys from our stakeholders and we reflect on these results at various points in the year, making suggested changes, clarifying expectations and understanding and celebrating our successes. These survey results help us improve our working relationships with our close partners.

other schools and any actions that will be taken to help these schools.

Consumer Demographics

8. The Consumer Demographics section is incomplete. All fields need to be provided and each total should equal the total number of unduplicated individuals to be served.

Action Required: Provide the consumer demographics for the following fields:

Residence	
Boone County (includes City of Columbia residents):	24307
City of Columbia:	17986
Other Counties:	
Residence Total:	24307
Race:	
White (alone)	17074
Black or African American (alone)	3654
Multiple Races	133
Asian (alone)	979
Native American Indian or Alaskan Native (alone)	88
Native Hawaiian or other Pacific Islander (alone)	7

Some other Race	0
Race Total:	
Ethnicity:	
Hispanic or Latino (of any race)	1172
Not Hispanic or Latino	23135
Ethnicity Total:	
Gender	
Female	11801
Male	12506
Other	
Gender Total:	24307
Income	
At or below 200% of Federal Poverty Level	9043
Over 200% of Federal Poverty Level	15259
Income Total:	24307
Age	
Infant/Toddler (birth – 2 years)	0
Preschool (3 years – 5 years)	2309
School Age (6 years – 11 years)	9350
Middle School (12 years – 14 years)	6002
High School (15 years – 19 years)	6646
Parent/Guardian (19 years and younger)	0
Parent/Guardian (age 20 and over)	0
Age Total:	24307

9. The information on the type of trainings that will be offered is unclear. This section needs to provide details on all the trainings offered through this program.
Action Required: Provide sufficient information on all the trainings that will be offered with this program.

Trainings are determined by teacher and student checklist results and school need, and vary from building to building and from year to year. For example, if teacher checklist results reveal that attention and academic competence is an area of concern (at risk or in risk) for the school, the Regional Coordinator and school administrators may decide to conduct professional development activities for staff to teach new strategies to engage learners, address off task behaviors, improve homework completion, etc.

As another example, when middle school counselors were very concerned about possible suicide risk and how teachers might confidently address student questions and concerns after the airing of the *13 Reasons Why* series, our Coalition staff conducted highly successful and appreciated professional development for teachers to help them feel more confident to help their students when these unsettling conversations occurred.

We have provided evidence-based training on awareness of mental health concerns in school aged youth, to specific mental health diagnoses and helpful interventions, classroom management strategies, motivational interviewing, helping teachers address their own stress, strategies for supporting student self-regulation, de-escalation training, and strategies for supporting youth executive functioning.

Program Access

10. The information regarding the location, days/hours of operation, and any other logistical information for the program is unclear.

Action Required: Provide logistical information on how schools are divided up between personnel and the school districts that allow access to BCSMHC.

We are housed at Noyes Hall (Rooms 215 and 225) on the MU campus. Our working hours are generally Monday through Friday 8AM-5PM with flexibility for before school, after school, weekend and evening work or activities where we may serve to support our school partners.

Each year schools are divided between employees based on many variables. We prefer to maintain stability for our schools and our staff so we strive to keep the same Coordinator at the same building or with the same district as much as possible. Resignations or new employees with specific skills sets sometimes change the assignments, however, depending on the needs of the school or district. Some schools become exceptionally attached to their Coordinator due to the person's helpfulness and understanding of their district and make strong appeals to have the same person with the same assignment from year to year. All Boone County schools have a Coordinator assigned to them and private and parochial schools are invited to participate to receive our supports if they wish to do so.

11. Information on location and time trainings are provided to school personnel is not provided.

Action Required: Provide logistical information on the location and times training is provided to school personnel.

"Early out" or professional development days, before school year training days, after school meetings and faculty meetings are popular times for training school district personnel. We train in the summer if requested. We work with school staff and administration on the need, content, location and time of the trainings requested, being flexible and responsive to the needs of the various districts we serve. The majority of the trainings are conducted in school buildings across the six school districts.

12. Information on the location and days/hours of operation for program personnel during the summer is not provided.

Action Required: Provide information on the activities, days/hours of operation, and location for program personnel during the summer.

Our location, and hours of operation in the summer are the same as during the school year (given above in #10). Activities range from preparation of intervention and professional development materials and activities, on-site support for schools and individual students if the district runs summer school, training of any new Regional Coordinators and/or graduate students who will work with us in the coming year, professional development activities for our staff to learn such things as new interventions and approaches and group reflection and problem solving on our work to achieve better outcomes for our schools and students.

13. The information on eligibility criteria lacks detailed information and is unclear. Certain screenings and interventions are provided to all youth according to the service descriptions.
Action Required: Provide information on the criteria used to determine if a student is eligible for the self-screening and the interventions that will be utilized if identified at-risk or in-risk.

All students from third grade to twelfth are administered the screener unless opted out by parents or if they are determined by their teacher to not be able to understand the items (i.e., limited or no English proficiency, significantly below average cognitive abilities). For elementary students, staff read the items so that reading ability is not a barrier to answering the items.

In addition, teachers complete the screener on all student in their classroom grades K to 12.

After the administration of the screener, the school counselor reviews the data with the Regional Coordinator and looks for students with at risk scores (2 standard deviations from the average peer in that building). Student needs and already existing supports are discussed and a plan is put in place to provide assistance. Parents are notified when concerns are significant and risk may be confirmed with the use of additional instruments or assessments, with parent consent. Depending on how many students in the building have similar concerns, certain interventions may be selected. If many students have similar concerns, a universal intervention may be the best way to address the concern. If a small number need assistance, group selected interventions to address the specific area may be indicated. If the student is struggling in a unique manner or needs individualized supports, 1-1 counseling may be best or referral to an outside agency for supports may be indicated.

Program Quality

14. The response provided regarding external requirements such as licensing or minimum standards states this program does not have external requirements.

Action Required: Provide a clarification on why there are no external requirements for group and individual therapy and evidence-based practice training.

All employees are certified, licensed or provisionally licensed and supervised while pursuing licensure appropriate to their profession and practice. We practice within our area of training and we provide supervision to all employees by Ph.D. level supervisors.

15. The information provided for universal screening and evidence-based practices and interventions lists a citation but does not provide further explanation. This response is incomplete and unclear.

Action Required: Provide specific information on how the proposed program is utilizing best practices and/or standards.

The interventions were directly linked to data provided by administrations of the teacher and student checklist. The following provides detailed information about the purpose and skills targeted by each intervention focus area.

Focus Areas:

Attention and Academic Competence interventions focus on increasing executive functioning, on-task behavior, planning, and organizational skills in youth.

Peer Relations and Social Skills interventions focus on increasing relationship, communication, bullying, and problem solving skills in youth.

Internalizing Problems interventions focus on using cognitive behavioral strategies for decreasing anxiety and/ or depressive symptoms in youth as well as improving self-esteem.

Self-regulation and Externalizing interventions focus on impulse control, goal setting, problem solving, emotion recognition, and anger control strategies to decrease disruptive, impulsive, and aggressive behaviors in youth.

School Engagement interventions focus on building relationships with adults, supporting student motivation to be successful in school, and making school and course content meaningful and relevant.

Bullying interventions focus on improving student social skills, building empathy for other, and providing students with the skills to effectively report or intervene when bullying behaviors occur.

The Coalition has developed a manual (attached) to directly link evidence-based practices and intervention to the data. All the practices and interventions have evidence to demonstrate their effectiveness. Furthermore, the Coalition works to gather data on student outcomes as a result of the interventions and make modifications to interventions to address areas of non-response.

16.

16. The rationale for the best practices and/or standards that will be utilized is not provided.

The Coalition only recommends evidence-based practices and interventions that are feasible for implementation in a schools setting. All practices and interventions are based in solid behavioral and cognitive behavioral theory—which are linked to effective interventions for children and youth (Weisz & Kazdin, 2017). Further, the manualized interventions recommended have a strong evidence base for being effective in producing positive youth outcomes.

Action Required: Provide a rationale for the best practices and/or the standards that will be utilized.

17. The response provided for evidence supporting the efficacy of the proposed program is incomplete. The response field requests that evidence is identified, cited, and described. The response only states that BCSMHC only promotes the use of evidence-based intervention practices.

Action required: Identify, cite, and describe evidence that supports the efficacy of the proposed program and/or service. Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Because the interventions vary by focus area we were not able to gather all the relevant citations for each intervention in this short time frame. Please see attached the manual for more detail on interventions recommended. We utilized the growing body of research and professional, federal, state, and foundation initiatives, many groups have established criteria for evaluating the quality and effectiveness of programs and practices (e.g., What works clearinghouse; Evidence-based Interventions Network; Office of Juvenile Justice and Delinquency Prevention's Model Program's Guide, & National Center for Intensive Intervention).

18. The rationale for utilizing the proposed evidence-based program and/or service is not provided.

Action Required: Provide a rationale for utilizing the proposed evidence-based program and/or service(s).

We have elected to only recommend and use practices and interventions that have a demonstrated record of effectiveness in the area of concern. Because we use a variety of interventions that are linked directly to the screening data and are of concern across several domains and we offer a menu of options of interventions, this question is difficult to answer in extreme detail.

19. The information regarding unique or innovative aspects of the proposed program is unclear. The response lacks specific details on the screener that is linked to a dashboard system.

The Coalition model is unique and has actually been presented nationally and internationally to groups interested in supporting youth mental health as an exemplar program. Additionally, two peer reviewed articles were recently published to demonstrate the Coalition model (Thompson et al., 2017; Reinke et al., in press). The model links important risk indicator screening data to universal, selective, and indicated evidence-based interventions for youth by providing a menu of options to schools and providing ongoing consultation on the implementation of the overall model and interventions (see Herman, et al., 2016 for best practices). Further, the screening data are gathered across three time points and now longitudinally across multiple years for over 20,000 youth. These data can be aggregated at the county and district levels, allowing for ongoing surveillance of social, emotional, and behavioral over time to determine areas where services can best be invested. These data can also be used to monitor the impact of the county tax and Coalition services across time.

Action Required: Provide sufficient information on unique or innovative aspects of the proposed program, including information on the screener that was developed.

20. The information regarding the quality improvement process utilized for the program lacks specific information on how outcomes of services and consumer feedback are collected, analyzed, and utilized to improve program quality.

Action Required: Provide sufficient information on the quality improvement process utilized for this program.

Quality improvement is continuously and seriously addressed. Specifically, we address ways to improve our work at weekly Coalition staff meetings. We bring comments and suggestions for improvement from our staff and our schools to our large group on a regular basis. It is common for us to make changes and improvements based on the suggestions of our school partners. We have monthly board meetings with the superintendents and other school personnel from every district and the Our Lady of the Lourdes. At these meetings information about the work of the Coalition and there are open discussions about areas for improvement. Further, decisions for major changes are voted upon by the Board members.

In addition, at least twice a year we conduct a stakeholder surveys of stakeholders. We survey all building administrators across the county, all counselors and outreach counselors, school psychologists, educational diagnosticians and allied staff with whom we work. We use computerized Qualtrics surveys that allow for anonymous collection of responses and we analyze these data to determine how much our support is utilized and valued by these key stakeholders, the acceptability of our work and also what comments for improvement are offered. We have a very high rate of response to these surveys each time they are conducted. We continuously strive for improvement and to make our work credible, valuable, helpful and important to our school partners.

21. The response regarding the collection of consumer feedback does not provide information on how the information is utilized to enhance services and help with program outcomes.

Action Required: Provide clarification on who completes these surveys and how information is utilized to enhance services and help with program outcomes. Explain if any feedback information is gathered from school administrators, teachers, and/or counselors on administering these surveys.

Please see the answer to #20 for clarification.

One specific example of the use of feedback: some teachers objected to the wording of an item that addresses school engagement on the student checklist. The item asked students to rate the statement, "I think school is fun" as Never, Sometimes, Often or Always. We changed the item wording to address the concern brought forth by our school partners to create a more acceptable wording that addresses the area school engagement items this year. "I enjoy coming to school".

Another example: administering the survey three times a year is difficult for some secondary schools so we brainstormed with our schools who conduct this with little difficulty and with our Board to generate ideas of how to address this issue. The Board voted to adhere to the plan of conducting the checklist three times a year as agreed in our proposal and to change the timing of the administration so that the checklist is conducted prior to state testing windows. We heard the concerns of teachers and staff and made adjustments to that we can conduct the checklists as required, while minimizing the loss of instructional time and decreasing the strain on staff members

Collaboration

22. The information regarding collaboration does not provide specific information on how BCSMHC collaborates with FACE and the Bridge program.

Action Required: Describe how BCSMHC collaborates with FACE and the Bridge program.

BCSMHC refers students and families to FACE who would benefit from an outside referral and in need of case-management services. The FACE case managers and Coalition Regional Coordinators communicate, when parents give permission to do so, to ensure youth are getting needed services.

BCSMHC refers families and students to Bridge if the student could benefit from medical evaluation of a potential psychiatric/psychological issue(s) and medical case-management.

23. The collaboration response lists "other community agencies" as collaborative efforts. This does not provide specific information on what agencies are included and the type of collaborative efforts that occur.

Action Required: Provide specific information on all the agencies that BCSMHC collaborates with and the type of collaborative efforts that occur. These should only include partnerships or collaboration that enhance access to and/or the quality and effectiveness of the proposed program and/or services. Information and referral sources would not be considered as collaborative efforts.

Formal collaboration between the BCSMHC and community agencies is achieved in various ways. One notable example is the Boone County Interagency Committee, where the Coalition Director chairs the committee. Boone County Family Resources, the Children's Division of the Department of Social Services, the Juvenile Office, Burrell Behavioral Health and a representative of a referred youth's school of attendance meet in person to discuss strategies and supports for students and families in a system of care approach. Many services are offered and referrals made to community agencies as result of this committee. Another example is active participation and/or leadership on community committees that seek to promote prevention and interventions efforts to address the mental health needs of our students (i.e., Director is Vice Chair of Putting Kids First, participates on Interagency Council on Immigrant Health).

24. There is extensive access provided to BCSMHC to provide services in each of the schools and school districts. The school districts that BCSMHC collaborates with are not listed in the Collaboration section.

Action Required: Provide clarification on the school districts that allow BCSMHC to provide services.

All Boone County school districts allow the Coalition access. One parochial school (Our Lady of Lourdes) participates with us, also.

Columbia, Southern Boone, Hallsville, Harrisburg, Centralia and Sturgeon are our partner districts. We are in 54 school buildings.

25. There are no Memorandum of Understanding (MOUs) provided in the Collaboration section despite the level of access that BCSMHC has for each Boone County school district.

Action Required: Provide information and copies of MOUs developed with Boone County school districts and other collaborative organizations.

Our Cooperative Agreement for our Coalition is attached. We have no other agreements or MOUs.

Program Personnel

26. The position title for the Master's Level Clinicians appears to be a qualification level, not the actual title of the position. The personnel are often referred to as Coalition Regional Coordinators.

Action Required: Provide the correct titles for the Master's Level Clinicians in the field below.

The Master's Doctoral level clinicians are called Regional Coordinators.

27. The program does not list PI's in the Program Personnel section.

Action Required: Provide clarification on if PIs are utilized in this program and if money from the Children's Services Fund pays for a stipend or portion of their salary.

Drs. Wendy Reinke and Aaron Thompson are the PIs for the project. Drs Reinke and Thompson meet weekly with Coalition personnel to supervise clinical work as well as to support ongoing Coalition tasks. In addition, Drs. Reinke and Thompson attend monthly Board meetings, consult with school administrators across the 6 schools districts, refine assessments, analyze data and prepare monthly reports to the Board and bi-annual reports to the Children Services Board. In addition, they work to secure external funding when possible for the Coalitions work. The Coalition pays for 10% of their time (4 hours per week).

Program Budget

28. The amount entered in the Boone County – Children's Services Funding line lists \$1,322,451.49. This amount should only be for one year of services, not two.

Action Required: Provide the correct amount requested for year one of services.

--

29. The Year 1 amount and Year 2 amounts do not match the requested amount on the Program Service form.

Action Required: Provide clarification on the correct requested amount for Year 1. This amount should be for services provided from January 1, 2018 through December 31, 2018 and include the development/startup funding requested in the Program Service form.

--

30. The 2017 Interim Report for the Children's Services Fund noted that BCSMHC received a grant from the Institute for Educational Sciences (IES) but is not listed in the program budget.

Action Required: Provide clarification on the grant that was awarded including the amount and use of funds for this program.

The Coalition received a grant from the IES on August 2017 for the amount of \$397,211 to validate the checklist instruments and conduct a social validity study of the Coalition model among key stakeholder. A portion of Drs. Lou Ann Tanner- Jones (15%) and Sara Owens (15%) salary are paid for from this grant for this and the next academic year. Other funds are used to support assessments, data collection, data analysis, and teacher stipends.

31. The 2017 Interim Report for the Children's Services Fund noted that BCSMHC applied for funding to the US Office of Special Education to train social work and psychology students. This information should be included in the narrative to secure other funding.
Action Required: Provide clarification on the US Office of Special Education grant that includes the requested amount and the status of receiving this grant.

This funding was not received.

32. The response entered describing efforts to secure other funding lacks specific information and is incomplete and unclear.
Action Required: Provide sufficient information regarding efforts to secure other funding for the proposed program, in addition to the IES and US Office of Special Education grants.

At this time we do not have any active grant applications under review to support the Coalition work.

Reference List

33. The Reference List only provides one source used in the proposal and has been viewed as 'Very Poor' on the Children's Services Fund evaluation sheet.

Action Required: Provide citations for all sources utilized on this written clarification form.

Program Services Form (1-5)	
------------------------------------	--

34. The program services need to provide information for one year of services.

Action Required: Provide outputs and funding request updates for all services in the 'Service Change Chart' and the 'Program Outputs and Funding Request Tables' below contemplating one year of service. Provide any comments in the field below.

Development/Start Up Service Funding

35. The information regarding the training/curriculum material lacked details. There is no specific information on what will be purchased, why these specific training items were chosen, and where these items will be purchased. If a curriculum is being purchased will there be any requirements to train individuals? If so, how would this be accomplished.

Action Required: Provide information on the training material that will be purchased and the method of determining which materials are needed. Please respond in the field below.

Training and curricular materials are purchased to address school and/or student needs identified through our checklist at Tier 1 (universal), Tier 2 (selective) and Tier 3 (indicated) levels. Intervention materials chosen to address needs are those that have published research and evidence in the scientific literature to back up their reliability, efficacy and validity to address the area of risk and level for which they are used (see menu of options). The materials would be those listed as manualized interventions in our menu of options that are linked directly to the screening data. Schools would use these funds to purchase needed materials/ interventions- lack of funding to purchase materials can be a barrier to use of evidence-based practices and interventions.

Service 1

36. The information entered for the Service 1 description should only include activities administering the BCSMHC Checklist. The information regarding interventions and training curriculum on strategies (for example, de-escalation training) should not be included. The service description does not provide specific information on how the BCSMHC Checklist is administered, collected, analyzed, and results shared with school personnel and students.

Action Required: Provide specific information on how the BCSMHC Checklist is administered, collected, and analyzed and results are shared with school personnel and students.

Teacher are provided a link to the BCSMHC website with careful directions about how to rate each risk item for each student based on their experiences with the student over the last 30 days. They are assisted to complete this as needed and requested. Some building administrators give time for completion at faculty meetings and some set a deadline for these to be completed within the previously agreed upon window (3x year). Once the faculty has completed the checklist, we close that cycle and results are computer analyzed and provided back to the school via the dashboard system. Results are provided at the direction of the school's administrator and are commonly presented at faculty meetings or grade level meetings where discussion is held about these data and what interventions might be needed. Individual student information is shared with counselors and administrators.

Students complete the checklist in a variety of ways and locations depending on the technology available. They may complete this in their classrooms, in media centers or in computer labs. Careful instructions are provided and explanations given prior to administration. Students in grades 3-5 are read the items to overcome barriers to readability. Students read and respond to items based on how they have felt in the last 30 days. When students in that school are finished, we close the cycle and computer analyze the scores. If concern areas arise for specific students we address those with counseling staff/administration as needed and appropriate. Example: if significantly high scores are reported in the internalizing domain, we may work with the school counselor to have a private conversation and ask the student about his/her concerns and determine how the school can help, always considering parent contact when needed and appropriate.

37. The description for Service 1 lacks information regarding the questions that are asked on the BCSMHC Checklist for teachers and students and how results determine interventions for students and schools.

Action Required: Describe the questions on the BCSMHC Checklist and provide information on how results determine interventions for students and schools.

Items are empirically associated into risk factors. Using a public health model of risk to provide schools feedback on areas of need for universal prevention efforts, school reports indicating areas of high risk (i.e., 20% or more of students were reported to have this risk indicator) are represented in red, areas with some risk (15-19% of students are reported to have the risk indicator) are represented in yellow, and areas with low risk (less than 15% of students are reported to have the risk indicator) are represented in green. These data are then used by school level problem solving teams to assess areas of concern at the school and grade levels and determine if and what universal prevention efforts can be put into place to address areas in need of intervention. In addition, individual student reports are generated using a similar red, yellow, and green system to indicate students who in comparison to their peers are at risk across the various risk constructs. These reports are used to determine the appropriate next steps toward supporting those students at greatest risk (e.g., develop individualized behavior support plan, small group counseling, etc).

38. The Unit Measure should be 1 BCSMHC Checklist. This unit measure will count the administration of the checklist by a teacher separate from a student completing the checklist and the staff's time to collect and evaluate the results.

Action Required: Complete the 'Service Change Chart' that is attached for Service 1. This information will also include the adjusted service description, number of units of service to be provided, number of unduplicated individuals to be served, and performance measures.

One administration of the teacher checklist.

39. The narrative on how the unit rate was determined lacks specific information. The current contract for BCSMHC does not list out each service with the outputs.

21,000 students three times per year= 63,000 units and 21,000 unduplicated.

Action Required: Provide a sufficient explanation on how the unit rate of \$6.29 was determined.

9 staff x .25FTE= \$173,607.18

Faculty support (.25 of 10%)= \$10,612.89

Data management support x .50= \$34,107.5

Consult with web-programmer = \$20,000

Travel = \$7,000

Server and Computing = \$3,000

Indirect = \$ 24,004.35

TOTAL # OF ANTICIPATED UNITS= 63,000/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 21,000/ year

UNIT OF SERVICE RATE= \$ 272,331.91/ 63,000=\$4.32

40. The total number of units of service to be provided appears to align with the number of times the checklist is administered during a year given that the student-checklist is completed by students in third to twelfth grade.

Action Required: Provide the most accurate number of units to be provided in the 'Service Change Chart' for Service 1. Provide clarification on how the number of units to be provided was determined.

We will administer the student checklist to 14,000 students three times per year= 42,000 units and 14,000 unduplicated services. This number is less than teacher checklist because K-2 do not complete a self-assessment. Further some students are unable to complete due to language barriers the checklist or parents have opted them out.

9 staff x .25FTE= \$173,607.175

Faculty support (.25 of 10%)= \$10,612.89

Data management support x .50= \$34,107.5

Consult with web-programmer = \$20,000

Travel = \$7,000

Server and Computing = \$3,000

Indirect = \$ 24,004.35

TOTAL # OF ANTICIPATED UNITS= 42,000/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 14,000/ year

UNIT OF SERVICE RATE= \$ 272,331.91/ 42,000=\$6.48

41. According to the number of units to be provided and the unit rate listed in the Outputs section, the total funding request for Service 1 should be \$660,450.00. The amount entered in the Funding Request section is not correct.

Action Required: Update the amount requested with the correct unit rate and number of units to be provided. The number of units to be provided should equal the same amount proposed and the math needs to be correct for the requested amount. Provide this information in the 'Service Change Chart' for Service 1.

Service 1 unit amounts have changed based on separation of student and teacher checklist and unit rate calculations above.

42. Service 1 could include additional outcomes and indicators. The percentage of teachers and students completing the checklist, the required number of times throughout the year could be tracked. Also, the change in responses could be tracked as well, for schools and school districts to see if there is a change in students exhibiting risk factors.

Action Required: Provide additional outcomes, indicators, and method of measurements for Service 1 on the provided 'Service Change Chart'.

We can monitor the percentage of teachers and students who complete the checklist with a goal that 100% of teachers will complete and 80% of students.

We could also set a goal that 100% of schools review the screening data at each round.

The outcome of monitoring change does not seem relevant as this is in indicator in the other services in which interventions are provided. The screening is not an intervention, but a method to identify needed services.

Service 2

43. The taxonomy service name does not fit the type of activities suggested in the service description. The definition of Consultation is written as an internal, organization capacity building service. For example, consultation would be listed if a business provided suggestions on improving the BCSMHC. The suggested taxonomy service name should be Professional Coaching. The Regional Coordinators work with teachers to provide training and support for implementing the BCSMHC Checklist.

Action Required: Complete the 'Service Change Chart' that is attached for Service 2. This information will also include adjusted service description, number of units of service to be provided, number of unduplicated individuals to be served, and performance measures.

We have changed this to professional coaching and completed chart below

44. Keep the unit measurement as '15 minutes' even with the service name change.

Action Required: Update the unit measurement on the 'Service Change Chart' for Service 2.

See below

45. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 2.

See below

46. The total number of unduplicated individuals to be served should only be for the school personnel receiving Professional Coaching from the Regional Coordinators. The current number appears to be too high for only teachers and could be including students.

Action Required: Only provide the total number of unduplicated individuals for teachers receiving Professional Coaching. This number should not include students. Provide the updated number in the 'Service Change Chart' for Service 2.

We have narrowed this to 100 school personnel

47. The amount requested is not the correct amount based on the unit rate and number of units to be provided.

Action Required: Update amount requested with the correct unit rate and number of units to be provided to school personnel. The number of units to be provided should equal the same amount proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 2.

9 staff x .10 FTE= \$69442.87

Faculty support (.10 of 10%)= \$4,245.16

Travel = \$1,000

Indirect = \$ 8101.74

UNIT= 15 minutes of professional coaching

TOTAL # OF ANTICIPATED UNITS= 4000/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 100 school staff/ year

UNIT OF SERVICE RATE= \$ 82,789.77/ 4000=\$20.70

48. The narrative provided for external factors or variables that may affect the outcomes explains that some school personnel are resistant to consultation and interventions.

Action Required: Provide further information on why school personnel are resistant to the screenings and Interventions.

As stated previously, systems change is difficult for some staff members. They may not easily understand or know how to collect or use data for decision making about social and emotional risk and interventions. Some staff are reluctant to embrace new initiatives and state that this will may create more work for them.

49. The outcomes and indicators do not show an increase in the number of schools and/or personnel that utilize Professional Coaching.

Action Required: Provide outcomes, indicators, and method of measurements to show an increase in the number of schools and/or personnel utilizing Professional Coaching. Provide this information in the 'Service Change Chart' for Service 2.

See below

Service 3

50. The description for Service 3 lacks details on how Group Therapy will be organized throughout all the schools, grades, and different intervention needs. The description also does not explain how targeted interventions are determined from the BCSMHC Checklist and how students, parents, and teachers are approached to encourage a student to participate in Group Therapy.

Action Required: Provide sufficient information detailing how Group Therapy – Child will be administered.

Within each school building data are reviewed by problem area (e.g. social skills, externalizing problems, internalizing problems). Students who appear at risk in a domain will be placed in groups (e.g., social skills groups) following parents consent. The student will participate in an identified evidence-based group intervention for the problem area.

51. The description for Service 3 lacks information on the qualification levels and justification for using the Regional Coordinators to lead group therapy.

Action Required: Provide more information on the qualifications Regional Coordinators possess to effectively provide Group Therapy services.

As previously stated, all Regional Coordinators are certified, provisionally licensed or fully licensed to practice in their professional area (School Psychology or Social Work). They are all experienced in this approach or co-facilitate with experienced individuals and are provided with Ph.D. level supervision.

52. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 3.

9 staff x .10 FTE= \$69442.87

Faculty support (.10 of 10%)= \$4245.16

Travel = \$1,500

Supplies for groups= \$500

Indirect = \$ 8101.74

UNIT= 15 min per student for group therapy

TOTAL # OF ANTICIPATED UNITS= 6500/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 270 students/ year

UNIT OF SERVICE RATE= \$ 83,789.77/ 6500=\$12.89

53. The amount requested is not the correct amount based on the unit rate and number of units to be provided.

Action Required: Update amount requested with the correct unit rate and number of units to be provided to students. The number of units to be provided should equal the same amount

See above

proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 3.

54. The Method of Measurement (3-1) does not provide specific information on the pre-post assessments that will be used for the different targeted areas of intervention.

Action Required: Provide specific information on the method of measurements that will be used for the pre-post assessments for different targeted areas of intervention.

Teacher report of student behavior and student report of their behavior will be administered prior to the intervention and following the intervention. The measurement will be directly aligned with the target problem area (e.g., TOCA- Emotion Regulation is a scale used to evaluate student emotion regulation that teachers will complete for students with problems with emotion regulation receiving Coping with Anger group intervention)

55. The Service 3 Performance Measure does not include outcomes, indicators, and method of measurements for reduction in teacher-reported and student-reported outcomes related to the targeted area of risk following group therapy services.

Action Required: Provide outcomes, indicators, and method of measurements for reduction in teacher-reported and student-reported outcomes related to the targeted area of risk following group therapy services. Provide this information in the 'Service Change Chart' for Service 3.

See below

56. The Service 3 Performance Measures need to include an outcome, indicator, and method of measurement to determine the percentage of students needing targeted interventions, the number referred to group therapeutic services when necessary, and a percentage that follow through with services.

Action Required: Provide outcomes, indicators, and method of measurements to show the percentage of students needing targeted interventions, the number referred to group therapeutic services when necessary, and a percentage that follow through with services. Provide this information in the 'Service Change Chart' for Service 3.

See below

Service 4

57. The description for Service 4 lacks details on how Individual Therapy will be organized throughout all the schools, grades, and different intervention needs. The description also does not explain how targeted interventions are determined from the BCSMHC Checklist and how students, parents, and teachers are approached to encourage a student to participate in Individual Therapy.

Action Required: Provide sufficient information detailing how Individual Therapy – Child will be administered.

If indicated from checklist information and confirmed by the administration of an additional assessment or approach (parent consented), individual therapy may be delivered by one of our Regional Coordinators. Risk factors dictate the approach and evidence based methods are used. Measurement of effectiveness is conducted. For example, if a student is at risk for internalizing concerns and risk in this area is confirmed for depression, then an age appropriate intervention such as Coping with Depression may be chosen to help the student. We focus our work at Tier 1 and Tier 2 (prevention activities) but we also intervene and provide direct service where needed and indicated.

58. The description for Service 4 lacks information on the qualification levels and justification for using the Regional Coordinators to lead individual therapy.

Action Required: Provide more information on the qualifications Regional Coordinators possess to effectively provide Individual Therapy services.

All Regional Coordinators are certified, provisionally licensed or fully licensed to practice as appropriate, in their professional area (School Psychology or Social Work). They are all experienced in this approach or co-facilitate with experienced individuals and are provided with Ph.D. level supervision.

59. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit.

9 staff x .04 FTE= \$27,777.15

Faculty support (.05 of 10%)= \$2122.58

Indirect = \$ 3287.37

UNIT= 15 min per student for individual therapy

TOTAL # OF ANTICIPATED UNITS= 1500/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 75 students/ year

UNIT OF SERVICE RATE= \$ 33,187.10/ 1500=\$22.12

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 4.

60. The amount requested is not the correct amount based on the unit rate and number of units to be provided.

Action Required: Update amount requested with the correct unit rate and number of units to be provided to students. The number of units to be provided should equal the same amount

See above

proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 4.

61. The Method of Measurement (4-1) does not provide specific information on the pre-post assessments that will be used for the different targeted areas of intervention.

Action Required: Provide specific information on the method of measurements that will be used for the pre-post assessments for different targeted areas of intervention.

See below

62. The Service 4 Performance Measures need to include an outcome, indicator, and method of measurement to determine the percentage of students needing targeted interventions, the number referred to individual therapeutic services when necessary, and a percentage that follow through with services.

Action Required: Provide outcomes, indicators, and method of measurements to show the percentage of students needing targeted interventions, the number referred to individual therapeutic services when necessary, and a percentage that follow through with services. Provide this information in the 'Service Change Chart' for Service 4.

See below

Service 5

63. The description for Case Management lacks detailed information on Interagency Meetings and other case management activities that may occur outside of Interagency Meetings. The narrative mentions that these meetings are only if a family does not utilize FACE services or is

not eligible. Case Management still occurs for students that are eligible for FACE services and those being connected to Group and Individual Therapy.

Action Required: Provide sufficient information on all activities that can be included in Case Management and more details on the Interagency Meetings.

The Boone County Interagency Committee is a long-standing, weekly meeting of representatives from state affiliated agencies that exists to assist families and guardians to learn about and access support options in the community to help families reach the goals they set for themselves. Starting in 2017, the Committee has been chaired by the Director of the BCSMHC.

Standing team members are representatives of:

- Juvenile Office (JO)
- Boone County Family Resources (BCFR)
- Children's Division (CD)
- Burrell Behavioral Health (BBH)
- Public School district (representative from the student's home district)
- Boone County Schools Mental Health Coalition (BCSMHC) representative (meeting chair)
- Missouri University Psychiatric Center (MUPC) representative attends if the student has had an inpatient hospitalization at this hospital, or if arranged
- Other agencies working with the family may attend though they are not standing members (e.g. Central MO Regional Center, Division of Youth Services, Rainbow House, state contractors)
- Families may bring individuals to support them in the meeting

Reason for referral

If schools or agencies wish to have assistance to connect families to the wide variety of social service supports in Boone County, this Committee can help. Some considerations:

- if a student has special circumstances in his/her life that cause or contribute to a lack of school success
- if the student has significant issues in the community
- if there is consideration that the family could benefit from comprehensive supports

Coordination, review and follow up of the progress and status of such services can also be addressed in this venue.

64. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary

See below

65. significantly from each other and should be based on a public funding unit.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 5.

9 staff x .01 FTE= \$6944.29

Indirect = \$ 763.50

UNIT= 15 min per student for case management

TOTAL # OF ANTICIPATED UNITS= 500/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 35 students/ year

UNIT OF SERVICE RATE= \$ 7707.79/ 500=\$15.42

66. The number of individuals receiving Case Management should include all students that are identified needing targeted interventions. Service 3 proposed 175 individuals will be served and Service 4 proposed 50 individuals to be served.

Action Required: Provide the total number of unduplicated individuals to be served that includes all students needing targeted interventions to cover the amount of time required by the Regional Coordinators to link students to services. The number of individuals involved in Interagency Meetings should be included. The updated number of unduplicated individuals to be served should be included on the 'Service Change Chart' for Service 5.

This number is now 35 students.

67. The number of units to be provided will need to be adjusted to include all the students receiving Case Management through arranging targeted interventions and involved in Interagency Meetings.

Action Required: Update the number of units to be provided and include on the 'Service Change

See below

Chart' for Service 5.

68. The amount requested is not the correct amount based on the unit rate, number of units to be provided, and number of unduplicated individuals to be served.

Action Required: Update amount requested with the correct unit rate, number of units and number of unduplicated individuals to be served. The number of units to be provided should equal the same amount proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 5.

below

69. Service 5 Performance Measures lacks specific information on the family assessments.

Action Required: Provide more information on the family assessments mentioned in the performance measures.

The Top Problems assessment will be used to determine effectiveness of services over time. This assessment has families rate their top 3 problems on a scale from 1 to 10. They are then asked to rate the problems over time on the same scale, allowing for change over time to be evaluated. The FACE clinicians also use this monitoring tool with clients.

70. There should be more outcomes, indicators, and method of measurements for Case Management and the information needs to be more specific.

Action Required: Provide more outcomes, indicators, and method of measurements for Case Management.

See below

Program Services Form (6-10)

Service 6

71. The service needs to be renamed to 'Best Practices Training'. All the training programs provided in the 2017 Interim Report do not appear to be evidence-based.

Action Required: Rename Service 6 to Best Practices Training and update in the 'Service Change Chart' for Service 6.

See below

72. The description for Service 6 does not provide specific information on the trainings, how professional development areas are determined, and how trainings are conducted. This section is unclear.

Action Required: Provide sufficient information on the types of Best Practices Trainings that will be provided to school personnel.

The best practices trainings are directly linked to the data gathered during screening. For instance, if a school has high level of students with attention/ academic competence issues, the regional coordinator may provide 1-2 hours of training on evidence-based strategies for improving executive functioning in youth. We have PD that can be utilized across each domain.

73. The justification for how the unit measurement and unit rate were established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit measure for trainings should be one individual. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit. This unit rate should be based on the cost to provide any training to one individual.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 6.

9 staff x .10 FTE= \$69442.87

Faculty support (.10 of 10%)= \$4,245.16

Travel = \$1500

Supplies/ Copies = \$500

Indirect = \$ 8101.74

UNIT= 1 hour of training per individual

TOTAL # OF ANTICIPATED UNITS= 1450/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 800 staff/ year

UNIT OF SERVICE RATE= \$ 83,789.77/ 1450=\$57.79

74. The number of units to be provided seems low for the number of individuals receiving training. The average number of units of service per individual is only 1.32 or equal to 20 minutes of training per person.

Action Required: Re-examine the total number of units of service to be provided for Service 5. Provide this information on the 'Service Change Chart' for Service 6.

We have corrected this error

75. The amount requested is not the correct amount based on the unit rate, number of units to be provided, and number of unduplicated individuals to be served.

Action Required: Update amount requested with the correct unit measure, unit rate, number of units and number of unduplicated individuals to be served. The number of units to be provided should equal the same amount proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 6.

See below

76. Service 6 Performance Measures lack specific information regarding the post tests administered for the trainings. There should be pre-assessments in order to compare post-assessments to determine an increase in knowledge and level of satisfaction.

Action Required: Provide pre-post assessments for Best Practice Trainings and provide specific information on these assessments.

Teachers complete a pre and post assessment of their knowledge on the topic presented. This provides information on whether they feel they have more knowledge on the topic.

Teachers also provide feedback on the quality and satisfaction with the survey.

When possible teachers provide fidelity to a new strategy by completing a weekly fidelity check on a new intervention or strategy they learned.

77. Service 6 Performance Measures do not show the percentage of faculty in each school that participate in trainings.

Action Required: Provide an outcomes, indicator, and method of measurement showing the percentage of faculty participating in trainings. This information should be included in the 'Service Change Chart' for Service 6.

Additional Clarifications	
----------------------------------	--

78. The current contract lists Universal Interventions for students as a service. These interventions are provided to schools, grades, and/or classrooms identified by the BCSMHC Checklist. However, this intervention level is not listed in the proposal. Group Therapy could be compared to the "Targeted Social, Behavioral, or Emotional Interventions" on the current contract.

Action Required: Provide clarification if the Universal Interventions will continue. If so, add this as a service following the Taxonomy of Services and complete the 'Service Change Chart' as Service 7. Provide sufficient information on the proposed service on how the service will be

Universal interventions are developed from the manualized menu of options based on the screening data in the area of concern/ focus. The Regional Coordinators work with schools to identify, implement, and monitor fidelity to the universal interventions. These interventions can occur in the classroom, at a grade level, or across the whole school. For instance one school identified that the entire 8th grade was struggling with organizational skills and academic competence. The Regional Coordinator worked with the school to identify the HOPS intervention, an evidence-based intervention to support organizational skills with students. The Regional Coordinator worked with school personnel to identify needed materials, train on relevant strategies, to implement with students, and to monitor the outcomes.

delivered, other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

79. If Service 7 was added to cover the currently contracted "Universal Interventions", the unit measure, unit rate, total number of units of service to be provided, and the total number of unduplicated individuals to be served needs to be provided.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and the total number of unduplicated individuals to be served if Service 7 is added. Provide this information in the 'Service Change Chart' for Service 7. Provide justification on how the outputs were determined below.

9 staff x .15 FTE= \$104164.31

Faculty support (.10 of 15%) = \$6367.73

Indirect = \$ 12,152.61

UNIT= 1 student receiving a universal prevention intervention

TOTAL # OF ANTICIPATED UNITS= 6000/ year

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 6000 students/ year

UNIT OF SERVICE RATE= \$ 124,684.65/ 6000=\$20.78

80. If Service 7 was added to cover the currently contracted "Universal Interventions", the requested amount and number of units of service that will be funded by the Boone County Children's Services Fund needs to be provided.

Action Required: Provide the requested amount and number of units of service that will be funded by the Boone County Children's Services Fund for Service 7 added as a service.

See below

81. If Service 7 was added to cover the currently contracted "Universal Interventions", performance measures need to be provided including narratives explaining the outcomes, indicators, and method of measures.

Action Required: Provide sufficient outcomes, indicators, and method of measurements on the "Service Change Chart" for Service 7, if added as a service. Provide a description of how each outcome is attributable to the Program Goal, any external factors or variables that may affect the proposed outcomes, rationale for the measurement levels for each indicator, and rationale for each method of measurement.

See below

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

82. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)			
Program Name: Boone County Schools Mental Health Coalition			
Service #1a – Taxonomy of Service Name: Boone County Schools Mental Health Coalition Checklist			
Service #1a – Taxonomy Definition of Service: An evaluation tool that allows schools to identify risk factors linked to youth development of social, emotional, or behavior problems and determine preventative or early intervention efforts before problems become serious. The results can be used as a tool to guide school-wide, grade level, and student supports.			
Provide a detailed description of the proposed service: Teachers will complete the checklist on each student in their classroom three times per year

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)			
Program Name: Boone County Schools Mental Health Coalition			
Service #2 – Taxonomy of Service Name: Professional Coaching			
Service #2 – Taxonomy Definition of Service: Provides individualized support for professional development.			
Provide a detailed description of the proposed service: Regional Coordinators will meet with school personnel to provide coaching support for implementing problems solving teams, identifying appropriate evidence-based practices and intervention, behavior support planning, and utilizing screening data.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
15 minutes of Professional Coaching	\$20.70	4000	100 school staff
Funding Request			
Amount Requested to Boone County: \$82,789.77		Proposed Number of Units of Service: 4000	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
School staff will implement the Coalition model with high fidelity.	Schools using professional coaching will demonstrate a score of 80% fidelity to the Coalition model or higher.	Coalition fidelity measure.	
School staff will effectively support students with behavior support plans.	Students on behavior support plans will demonstrate a decrease in behavior problems.	Direct Behavior Ratings	

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)			
Program Name: Boone County Schools Mental Health Coalition			
Service #3 – Taxonomy of Service Name: Group Therapy – Child			
Service #3 – Taxonomy Definition of Service: Provides therapeutic treatment for children with a related problem arranged in a group format with a qualified mental health professional. Group Therapy places focus on all group members.			
Provide a detailed description of the proposed service: Students identified by the checklist data as having risk who would benefit from group supports will be selected. The group focus will be specific to the problem area (e.g., social skills, anger management, internalizing problems, etc.)			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
15 minutes of group therapy per student	\$12.89	6500	270
Funding Request			
Amount Requested to Boone County: \$83,789.77		Proposed Number of Units of Service: 6500	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Students who receive a group intervention will demonstrate significant reductions in teacher rated social, behavioral, and emotional outcomes related to the targeted area of risk.	85% of students will demonstrate a decrease in targeted area symptoms between pre and post implementation of targeted interventions.	Pre-post assessments will be directly related to targeted area of the intervention. For instance, students who receive an anger management will have teacher report on emotion regulation prior to beginning the intervention and following completion of the intervention to determine change (see measurement list).	
Students who receive a group intervention will demonstrate significant reductions in self rated social, behavioral, and emotional outcomes related to the targeted area of risk.	85% of students will demonstrate a decrease in targeted area symptoms between pre and post implementation of targeted interventions.	Pre-post assessments will be directly related to the targeted area of the intervention. Each area of risk will have tailored assessments to capture change (see measurement list)	

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)			
Program Name: Boone County Schools Mental Health Coalition			
Service #4 – Taxonomy of Service Name: Individual Therapy – Child			
Service #4 – Taxonomy Definition of Service: Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.			
Provide a detailed description of the proposed service: Students identified as having high risk and need for individualized services will receive individual therapy for the area of concern (e.g., Depression, Anxiety, Anger, etc).			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
15 minute per student for individual therapy	\$22.12	1500	75

Amount Requested to Boone County: \$33,187.10		Proposed Number of Units of Service: 1500	
Outcome:			
Indicator:	Method of Measurement:		
Students who receive individualized supports will demonstrate significant reductions in teacher reported social, behavioral, and emotional outcomes related to the targeted area of risk.	85% of students who receive individualized supports will demonstrate significant reductions in teacher reported social, behavioral, and emotional outcomes related to the targeted area of risk.		
Students who receive individualized supports will demonstrate significant reductions in self-reported social, behavioral, and emotional outcomes related to the targeted area of risk.	85% of students who receive individualized supports will demonstrate significant reductions in self reported social, behavioral, and emotional outcomes related to the targeted area of risk.		

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)			
Program Name: Boone County Schools Mental Health Coalition			
Service #5 – Taxonomy of Service Name: Case Management			
Service #5 – Taxonomy Definition of Service: A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individuals' health and human services needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective interventions and outcomes.			
Provide a detailed description of the proposed service: Students who attend the interagency meetings will receive case management services, including helping them link to services, following them after services begin, and monitoring outcomes.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
15 minutes of case management per student	\$15.42	500	35
Funding Request			
Amount Requested to Boone County: \$7,707.79		Proposed Number of Units of Service: 500	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:
Reduction in severity of identified problem areas.	Using the top problems assessment, families identify problem areas to target. The severity of problems will decrease to become not problematic between pre and post assessment for 80% of families.		Family rating of the severity of a problem area as identified by the Top Problems assessment.
Families will be linked to services.	80% of families will attend more than 1 visit to an identified service provider.		Case manager will follow-up with family following linkage to determine if they followed through with receipt of services.

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)			
Program Name: Boone County Schools Mental Health Coalition			
Service #6 – Taxonomy of Service Name: Best Practices Training			
Service #6 – Taxonomy Definition of Service: Provides training to build on or explore best practice techniques.			
Provide a detailed description of the proposed service: School personnel will receive best practices training on evidence-based strategies as determined by areas of need from the checklist data. For instance, if a school has a large number of students with emotion regulation issues teachers and staff may receive a training on strategies to support students with emotion regulation, such as using the zones of regulation intervention.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 hour of training per school staff	\$57.79	1450	800
Funding Request			
Amount Requested to Boone County: \$83,789.77		Proposed Number of Units of Service: 1450	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Staff will indicate improved knowledge in the area of training	80% of staff will demonstrate an increase in knowledge of the topic after the training in comparison to before the training.	Staff survey of level of knowledge of the topic/skill.	
Staff will be satisfied with the training they received	80% of staff will report high satisfaction with the training in a post assessment	Staff survey of satisfaction with training.	
Staff will implement a new skill with fidelity	80% of staff will implement a new skill with fidelity.	When a discrete new skill is trained (e.g., using zone of regulation intervention with students), teacher will be asked to complete a measure of fidelity to the newly learned skills.	

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)			
Program Name: Boone County Schools Mental Health Coalition			
Service #7 – Taxonomy of Service Name: Universal Intervention- no taxonomy found			
Service #7 – Taxonomy Definition of Service: Universal Intervention is implemented to large groups of individuals as an efficient preventive intervention strategy.			
Provide a detailed description of the proposed service: Schools with more than 20% of students exhibiting an area of risk as measured by the checklist are encouraged to implement universal interventions rather than intervening one student at a time. The intervention may occur at the school level, grade level, or classroom level. Universal intervention allow us to positively impact large numbers of students and prevent problems from needing more expensive individualized supports.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 student receiving a universal intervention	\$20.78	6000	6000

------------------------------------------------	---------------------	--

Action Required: Complete the following tables based on your best and final offer for all services. The information must reflect the changes that were requested.

Active Supervision

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Off-Task Behaviors; Disruptive Behaviors
Description: Active supervision consists of walking around the room; make positive contacts with students and redirect behavior or academic concerns. When supporting students with behavior or academic concerns; make sure to approach in a non-threatening manner, get down to the student level, and use a non-judgmental tone.
Location of Resource: http://www.pbisworld.com/tier-1/active-supervision/
Elementary Specifications: Walk around and scan the room with your eyes. For students who may have behavior and/or academic concerns, the teacher's presence can be supportive of those concerns.
Secondary Specifications: Walk around and scan the room with your eyes. For students who may have behavior and/or academic concerns, the teacher's presence can be supportive of those concerns.
Implementation Guidelines: <ul style="list-style-type: none">• Who Should Implement? Classroom Teacher• How Often Should It Be Implemented? Daily/Regularly• How Long Should It Be Implemented? Throughout the year

Additional Individual Strategies

Additional Completion Time

Cue Cards/Nonverbal Cues

Guided Notes

Preferential Seating

Structured Breaks

Tutoring/Homework Clubs

Target Ages: Grades K-12

Level of Intervention: Targeted (Tier III)

Domains Targeted: Attention and Academic Competence; Internalizing Behavior; Self-Regulating and Externalizing Behavior

Specific Concern Areas Addressed: Executive Functioning; Anxiety

Description: Additional strategies can be utilized for individual students to address attention and academic concerns.

Additional Completion Time:

Giving students the option of having extra time to complete their assigned work, or to complete it in an alternative manner, may benefit some students whom have difficulty attending to tasks for long periods of time or with organization concerns.

Cue Cards/Nonverbal Cues: Students whom struggle with maintaining attention/focus or display misbehavior or off-task behaviors can benefit from cue cards and/or nonverbal cues. Cue cards or nonverbal cues can be used to redirect students to return to a task or redirect their negative behaviors. They can also be helpful with students whom do not like to talk in front of the class or volunteer answers/participation. These can also be used for praise/reinforcement when students display positive or appropriate behaviors. Cue cards can contain words and/or visuals for students.

Examples of cue cards and non-verbal cue ideas are listed below in the “Additional Resources” section.

Guided Notes:

Students whom have difficulty with attention, may struggle with note taking, thus missing key concepts during a lesson or lecture. Giving students a copy of summarized notes with content from a class or lecture, with blanks where the students can fill in key concepts throughout the period can be very beneficial in ensuring students are getting all of the necessary information.

Templates available here: https://www.interventioncentral.org/rti2/guided_notes

Preferential Seating:

Seating the student in a location in which they will be most likely to stay focused on what is being taught.

This location may should be where most of the teaching takes place (i.e., near SmartBoard, near teacher's desk, etc.)

Structured Breaks: Providing students whom struggle with maintaining attention to tasks, or regulating their emotions may benefit from structured times in which they can appropriately escape a task or "cool down." These can be setup throughout the day (i.e., break after math, recess, etc.), or they can be utilized when needed through "break cards" or signals (i.e., time-out hand gesture). Structured breaks can either be non-contingent upon behavior or they may need to be earned. For example, if a student completes a specific amount of their work (i.e., 3 sentences), they will be given an option to take a break before coming back to finish the task.

Tutoring Supports/Homework Clubs:

Providing students whom struggle with academic tasks and/or homework completion can benefit from additional tutoring supports or Homework Clubs. Peer tutoring can be beneficial to both the student whom needs the additional supports, but also for the peer whom is mentoring that student.

Homework Clubs can be integrated throughout the school building and led by teachers whom are able to assist students with homework completion.

Location of Resources: See "Additional Resources" Listed Below

Elementary Specifications: Ensure that strategies provided are age appropriate and that prior knowledge to the skill has been taught (i.e., how to take notes, how to utilize breaks appropriately, etc.)

Secondary Specifications: Ensure that strategies provided are age appropriate and that prior knowledge to the skill has been taught (i.e., how to take notes, how to utilize breaks appropriately, etc.)

Implementation Guidelines:

- Who Should Implement? Classroom Teacher
- How Often Should It Be Implemented? Daily/Regularly
- How Long Should It Be Implemented? Throughout the School Year

Adolescent Coping with Depression (CWD-A)

Target Ages: Grades 9-12
Level of Intervention: Selected (Tier II)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Depression
<p>Description: Adolescent Copings with Depression should be conducted in a group of 4 to 8 students. Students will learn skills that can be utilized to help them with their depressive symptoms. Lessons, discussions, role-play exercises, and homework will be used throughout the intervention.</p> <p>Sessions</p> <ol style="list-style-type: none"> 1. Depression and social learning 2. Self-observation and change 3. Reducing tension 4. Learning how to change 5. Changing your thinking 6. The power of positive thinking 7. Disputing irrational thinking 8. Relaxation 9. Communication part 1 10. Communication part 2 <ol style="list-style-type: none"> 1. Negotiation and problem solving 15. Life Goals 16. Prevention, planning, and ending
<p>Location of Resource: Boone County Schools Mental Health Coalition; See "Additional Resources" listed below</p>
Elementary Specifications: N/A
<p>Secondary Specifications: Ensure that this intervention is aligned with the target behavior (i.e., depression) and that lessons align with students' age/developmental level; Ensure size of group is appropriate and students are accurately identified utilizing additional data collection methods</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor or Mental Health Professional • How Often Should It Be Implemented? Twice per week for 2 hours • How Long Should It Be Implemented? 8 weeks or until sessions complete
Measurement:

Aggression Replacement Training (ART)

Target Ages: Grades 6-12

Level of Intervention: Selected (Tier II)

Domains Targeted: Self-Regulating & Externalizing Behavior

Specific Concern Areas Addressed: Aggression; Social Skills; Anger Management

Description: Aggression Replacement Training (ART) is used to enhance social skills, anger control, and moral reasoning for students who are experiencing anger and/or aggressive behavior.

Part 1: ART Program Content and Implementation

- ART Components and Implementation Concerns
- Social Skills Training: The Behavioral Component of ART
- Anger Control Training: The Affective Component of ART
- Moral Reasoning: The Cognitive Component of ART
- Group Member Motivation and Resistance
- Enhancing Generalization of Performance
- Application Models and Evaluations of Program Effectiveness
- Program Administration and Management

Part 2: ART Group Training Session

Social Skills Training

Week 1: Introducing ART and Social Skills Training/Making a Complaint

Week 2: Understanding the Feelings of Others

Week 3: Getting Ready for a Difficult Conversation

Week 4: Dealing with Someone Else's Anger

Week 5: Helping Others

Week 6: Keeping Out of Fights

Week 7: Angry Behavior Cycle

Week 8: Dealing with Group Pressure

Week 9: Expressing Affection

Week 10: Responding to Failure

Anger Control Training

Week 1: Introducing Anger Control Training/ABCs of Anger

Week 2: Hassle Log and Triggers

Week 3: Cues and Anger Reducers

Week 4: Reminders

Week 5: Thinking Ahead

Week 6: Self-Evaluation

Week 7: Angry Behavior Cycle

Week 8: Using a Social Skill and Rehearsal of Full Anger Control Chain

Week 9: Rehearsal of Full Anger Control Chain

Week 10: Overall Review and Rehearsal of Full Anger Control Chain

Moral Reasoning

Week 1: Introducing Moral Reasoning/Jim's or Emilio's Problem Situation

Week 2: Jerry's Problem Situation

Week 3: Mark's Problem Situation

Week 4: George's or Enzo's Problem Situation

Week 5: Sam's Problem Situation

Week 6: Leon's Problem Situation

Week 7: Reggie's Problem Situation

Week 8: Alonzo's Problem Situation

Week 9: Juan's Problem Situation

Week 10: Antonio's Problem Situation/Concluding ART

Location of Resource:

Boone County Schools Mental Health Coalition; Available for purchase at
<https://www.researchpress.com/books/409/aggression-replacement-training>

Elementary Specifications: N/A

Secondary Specifications: This curriculum has also been published in Spanish; Ensure to tailor sessions/lessons to be feasible in the school setting (has been modified to be applied to schools, clinics, juvenile institutions and other settings)

Implementation Guidelines:

- Who Should Implement? Counselor or Mental Health Professional
- How Often Should It Be Implemented? Weekly for 60 Minutes
- How Long Should It Be Implemented? For 10 Weeks or until lessons completed

Measurement:

Additional Resources:

More information: <http://aggressionreplacementtraining.com>

Alter Work Requirements

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence; Internalizing Behavior
Specific Concern Areas Addressed: Executive Functioning; Work Completion; Anxiety
Description: Alter or modify expectations for students that struggle with academic weaknesses and/or attentional difficulties. Give directions in smaller steps, break down tasks, change manner of response, i.e., verbal, multiple choice, matching, less writing), or reduce overall amount of work. with the goal of making tasks easier or less demanding.
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: It is vital to ensure that the student is able/capable of completing the work prior to altering requirements (i.e. changing length of work, how long the student has to complete)
Secondary Specifications: It is vital to ensure that the student is able/capable of completing the work prior to altering requirements (i.e. changing length of work, how long the student has to complete)
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout school year
Measurement:
Additional Resources: Reducing Assignment http://www.pbisworld.com/tier-1/reduce-assignment/ Alternative Modes of Completing Assignment http://www.pbisworld.com/tier-1/alternative-modes-of-completing-assignments/ Breaking Down Assignment: http://www.pbisworld.com/tier-1/break-down-assignment/

Attention Signals

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Off-Task Behaviors (e.g., distraction)
<p>Description: To improve students' attention utilizing auditory and/or visual cues. The goal is to quickly gain students' attention.</p> <ul style="list-style-type: none"> • It is important to pre-teach these signals, so that when needed, the students are familiar with them before you actually need their attention. • A response is expected from the students following the signal <p>Ensure that signals are aligned with school-wide behavior management expectations (i.e. PBIS)</p>
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Ensure that attention signals are age appropriate (e.g., "Class, Class" or "Give Me Five") and that signals are taught, modeled and practice prior to expectation of understanding/display of appropriate response
Secondary Specifications: Ensure that attention signals are age appropriate (i.e., "MIZ" or countdown) and that signals are taught, modeled and practice prior to expectation of understanding/display of appropriate response
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout school year
Measurement:
<p>Additional Resources: <u>More Information/Examples</u> The Teacher Toolkit http://www.theteachertoolkit.com/index.php/tool/attention-signal Intervention Central http://www.interventioncentral.org/behavioral-interventions/challenging-students/school-wide-strategies-managing-task-inattention</p>

BASICS Manual

Target Ages: Grades 3-10/Ages 8-15
Level of Intervention: Selected (Tier II), Targeted (Tier III)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Anxiety; Depression; Disruptive Behaviors
<p>Description: The BASIC treatment manual uses five intervention principles to help students who are experiencing anxiety, depression, and/or disruptive behaviors. These five principles consist of, Belief repair, Alternative action, Solving problems, Increasing motivation, and Calming techniques.</p> <p>Sessions</p> <ul style="list-style-type: none">• Beginning treatment and affective education• Problem solving skills• Relaxation skills• Cognitive coping skills• Activity selection• Individualized coping plan and ending treatment
Location of Resource: Boone County Schools Mental Health Coalition
Elementary Specifications: Examples/situations discussed and analyzed should be age appropriate
Secondary Specifications: Examples/situations discussed and analyzed should be age appropriate
<p>Implementation Guidelines:</p> <ul style="list-style-type: none">• Who Should Implement? Counselor or Mental Health Professional• How Often Should It Be Implemented? 45 minutes• How Long Should It Be Implemented? 6 weeks or until sessions completed (may require additional sessions, dependent upon progress)
Measurement:
<p>Additional Resources:</p> <p>See manual for more information</p>

Behavior Contract

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Attention and Academic Competence, Social Skills and Peer Relations, Self-Regulating and Externalizing Behavior
Specific Concerns: Work Avoidance; Aggressive Behavior; Mean/Bullying Behavior. **NOTE: <i>This intervention is less effective with impulse control issues.</i>
Description: Behavior contracts are a formal process in which student and teacher write a "contract" together that clearly states the definitions of the behaviors that are targeted for change. They identify what happens before the behavior occurs (antecedent), what the behavior looks like, as well as the consequences (either the reinforcers or punishers) that both parties will be responsible for during the intervention. This intervention can also be used to create contracts for small groups, entire classrooms, or between peers.
Location of Resource: University of Missouri EBI Network: http://ebi.missouri.edu/?p=160 ; Intervention Central: http://www.interventioncentral.org/behavioral-interventions/challenging-students/behavior-contracts
Elementary Specifications: Ensure that prior knowledge/understanding of behavior is known before implementing (i.e., knowing what sitting in seat looks like and how to do it); Ensure expectations align to age/development
Secondary Specifications: Ensure that prior knowledge/understanding of behavior is known before implementing (i.e., knowing what appropriate social interaction looks like and how to do it); Ensure expectations align to age/development
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily • How Long Should It Be Implemented? Continue monitoring and modify according to progress
Measurement:
Additional Resources: More information: http://ebi.missouri.edu/wp-content/uploads/2013/04/Behavior-Contracts.pdf Example of Behavior Contract: http://www.interventioncentral.org/sites/default/files/pdfs/pdfs_interventions/beh_contract_example.pdf

Behavioral Momentum/High Probability Commands

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Noncompliance; Off-Task/Disruptive Behaviors
Description: Providing a gradual increase in commands to a student whom is struggling with noncompliance. Give the student 2-3 easy commands that you expect they will comply with, then followed by a command that the student usually does not comply with. By giving the student easy or fun tasks first, you build the student's momentum to comply with the non-preferred task. Example: "Wendy please pass out these papers. Then put your name on your paper. Now write 2-3 sentences."
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Ensure that the number of steps/complexity of the commands are age appropriate (i.e. 1-2 step commands vs. 4-5)
Secondary Specifications: Ensure that the number of steps/complexity of the commands, as well as the expectations of the student are age appropriate (i.e., writing 2-3 sentences VS. writing a paragraph)
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Throughout School Year
Measurement:
Additional Resources: More Information: http://www.interventioncentral.org/node/959507 http://www.jimwrightonline.com/mixed_files/lansingsd158/wright_BehMgtHandout_Lansing_IL_10_Aug_2012.pdf (Page 2)

Binder Checks

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Organization; executive functioning skills
Description: Provide your students with binder organization and/or desk expectations. Schedule routine binder/desk checks to help your students stay organized. Provide your students with incentives for organized binders/desks.
Location of Resource: http://www.pbisworld.com/tier-1/organize-materials-daily/
Elementary Specifications: Binders may not be used in the elementary level. So, provide expectations of desk and or coat room organization. At first consistently check in with their organization and then provide random checks. Provide incentives for organized desks and/or coat room. Once the norms and expectations are established, peers can be in charge of checking their peer's organization.
Secondary Specifications: Provide your students with expectations of binder organization. Make sure expectations are easily accessible for students to reference. At first consistently check in with their organization and then provide random checks. Provide incentives for organized binder. Once the norms and expectations are established, peers can be in charge of checking their peer's organization.
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? There may need to be more time at the beginning of the intervention to teach the students, however, with time the binder checks should take minimal time; Should be implemented throughout school year
Measurement:
Additional Resources: More Information: http://www.pbisworld.com/tier-1/organize-materials-daily/ (See bottom of page with additional links/examples)

Breaks Are Better

Target Ages: Grades K-5
Level of Intervention: Selected (Tier II)
Domains Targeted: Attention and Academic Competence; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Off-Task (e.g., distraction) Behaviors; Disruptive Behaviors
<p>Description: Breaks are Better is a modified version of Check-In/Check-Out. It is specifically geared towards students whose function of behavior is escape or avoidance from academic activities, tasks, or assignments. The intervention emphasizes academic behaviors being defined and reinforced. Furthermore, students are provided with opportunities to take appropriate breaks. There are four components of Breaks Are Better:</p> <ol style="list-style-type: none"> 1. Morning Check-In 2. Daily feedback meetings with teachers 3. Afternoon Check-Out 4. Home Component
<p>Location of Resource:</p> <ul style="list-style-type: none"> • Boone County School's Mental Health Coalition • Electronic manual: http://www.warrencountyschools.org/userfiles/1410/my%20files/breaks%20are%20better%20manual.pdf?id=525179
Elementary Specifications: Check-In/Check-Out needs to be implemented in the building with high fidelity before Breaks Are Better is implemented.
Secondary Specifications: N/A
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor and/or Classroom Teacher • How Often Should It Be Implemented? Daily • How Long Should It Be Implemented? As Needed Throughout School Year
Measurement:
<p>Additional Resources:</p> <p>See above link to manual for more information</p>

CBT Based Strategies

Target Ages: Grades 3-5

Level of Intervention: Targeted (Tier III)

Domains Targeted: Internalizing

Specific Concern Areas Addressed: Stress; Anxiety; Depression

Description: Cognitive Behavioral Strategies use the approach that one's thoughts, emotions, and behaviors are interconnected. If thoughts are changed, then that influences behavior and emotions; if behavior is changed, then that influences thoughts and emotions, etc.

CBT Strategies include:

- Pleasant activity scheduling: when people do pleasant activities, they are more like to have positive thoughts, feel happier and healthier, and connect to others.
- Relaxation:
 - Progressive muscle relaxation: tense and release muscles
 - Guided imagery: while deep breathing, focus mind on peaceful image.
- Adaptive thinking: teach, model, and practice adaptive thinking skills with the student.
- Problem-solving: teach, model, and practice problem solving strategies with the student.

CBT-Based Curriculum:

- BASICS Manual (3rd grade-12th grade)
- Coping Cat (7-13yrs)
- Coping Power- late elementary and early middle school
- Coping with Depression (14-18yrs)

- Coping with Stress (14-18yrs)

*The above curriculum encompasses CBT skills in their structured lessons/sessions

Location of Resource: Boone County Schools Mental Health Coalition

Elementary Specifications: Use either Coping Cat, BASICS Manual, or Coping Power for younger grades depending on target area (i.e., depression, anxiety)

Secondary Specifications: Use either Copings Cat, BASICS Manual, Coping Power, Coping with Depression, or Coping with Stress for older grades depending on target area (i.e., depression, anxiety)

Implementation Guidelines:

- Who Should Implement? Counselor or Mental Health Professional
- How Often Should It Be Implemented? As Needed; Consistent
- How Long Should It Be Implemented? Until all sessions have been completed and/or adequate progress shown

Measurement:

Additional Resources:

Coping Cat: <http://www.cebc4cw.org/program/coping-cat/detailed>

Coping with Depression: <https://research.kpchr.org/Research/Research-Areas/Mental-Health/Youth-Depression-Programs#Downloads>

Check & Connect

Target Ages: Grades 9-12
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulation and Externalizing; School Engagement
Specific Concern Areas Addressed: Disruptive Behaviors; School Inclusion/Engagement
Description: Check & Connect is an intervention designed to be used with 9 th thru 12 th grade students who show warning signs of disengagement with school and who are at risk of dropping out. Check & Connect is built on establishing trusting relationships between the student and a caring, trained mentor who both advocates for and challenges the student to remain engaged in their education. Students are referred to Check & Connect when they show warning signs of disengaging from school, such as poor attendance, behavioral issues, and/or low grades.
Location of Resource: Boone County Schools Mental Health Coalition Purchasing information: www.checkandconnect.umn.edu/manual
Elementary Specifications: N/A
Secondary Specifications: School-based mentors provide individualized supports to help students based on their specific needs; There is also a parenting component to help bridge the gap between home and school.
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Counselor; Classroom Teacher; Other School Support Staff • How Often Should It Be Implemented? Monthly or weekly meetings with student (Dependent upon need) • How Long Should It Be Implemented? 9 months and ongoing as needed as shown by progress
Measurement:
Additional Resources: Online resources and additional information: www.checkandconnect.umn.edu/resources.html

Check-In/Check-Out (CICO)

Target Grades/Ages: Grades K-12
Level of Intervention: Selected (Tier II)
Domains Targeted: Attention and Academic Competence; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: School Engagement; Disruptive Behaviors/Off-Task Behaviors **NOTE: Not as effective with students who are escape maintained
<p>Description: Check-In Check-Out or CICO can be utilized in a couple of different ways – universally throughout the school building using adults within the building whom the student may not have regular contact with in their classroom or targeting specific students whom receive the intervention through their classroom and provided to them by their classroom teacher.</p> <p>CICO is a simple behavior intervention package focused on engaging students, as well as decreasing negative or problematic behaviors. Through this system, a student will “Check-In” with an adult prior to the start of their school day to set behavioral goals. Throughout the day, the student’s progress will be monitored by teachers whom interact with that student (i.e., classroom teacher, specialists, etc.). At the end of the day, the student will “Check-Out” with that same adult from the morning and review whether or not that student met their goals for that day and why. They will then problem-solve and plan for the next school day and modify what they feel needs to change in order to be more successful.</p> <p>Teachers can adapt this within their classroom as well, for a selected group of students whom they feel need more feedback given throughout the day. Additional “check-ins” can also be included in these plans (i.e., after each subject or every couple of hours).</p>
Location of Resource: See “Additional Resources” listed below
Elementary Specifications: Ensure that students are matched with appropriate adults to facilitate CICO; Ensure rewards are matched to student motivations/likes; Ensure goals are matched with student concerns/target areas
Secondary Specifications: Ensure that students are matched with appropriate adults to facilitate CICO; Ensure rewards are matched to student motivations/likes; Ensure goals are matched with student concerns/target areas
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Adult within Building; Classroom Teacher • How Often Should It Be Implemented? Daily Throughout Day • How Long Should It Be Implemented? Throughout school year or until goals met
Measurement:

Additional Resources:PBIS World: <http://www.pbisworld.com/tier-2/check-in-check-out-cico/>Intervention Central: <http://www.interventioncentral.org/node/970770>

Children's Friendship Training

Target Ages: Grades 1-5
Level of Intervention: Selected (Tier II)
Domains Targeted: Social Skills and Peer Relations
Specific Concern Areas Addressed: Conflict resolution; problem-solving; managing social situations
Description: The Children Friendship Training is designed teach student skills who have difficulty making, maintaining friendships. Each group session is geared towards learning new skill, practice, and coaching on their skills. Student are given homework to extend practice outside of the group setting. Skills taught are: <ol style="list-style-type: none">1. Conversational skills2. How to make a good first impression3. How to "play detective" to find common interests4. How to join a group of kids at play5. How to handle rejection, teasing and bullying6. How to be a good host on a play date7. How to be a good winner8. How to be a good sport9. How to show respect to adult supervisors
Location of Resource: Boone County Schools Mental Health Coalition; for purchasing information: https://www.amazon.ca/Childrens-Friendship-Training-Fred-Frankel/dp/1583913084 www.tandfebooks.com/action/showBook?doi=10.4324/9780203009154
Elementary Specifications: Parent participation is required. Parents attend a concurrent class and will learn how to help their children make and keep friends by using the skills learned.
Secondary Specifications: N/A
Implementation Guidelines: <ul style="list-style-type: none">• Who Should Implement? Counselor• How Often Should It Be Implemented? Weekly• How Long Should It Be Implemented? 60 min sessions or could be spread over longer timeframe with shorter sessions; for 12 weeks or until lessons completed
Measurement:

Cognitive Behavior Intervention for Trauma in Schools (CBITS)

Target Ages: Grades 5-12
Level of Intervention: Selected (Tier II)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: PTSD; Depression; and Behavioral Problems
<p>Description: CBITS helps to improve overall functioning skills, grades, attendance, peer support, parent support, and coping skills of students who have witness or experiences trauma. Homework and participation are included in the curriculum in order to reinforce learning.</p> <p>CBITS utilizes cognitive-behavioral approaches such as psychoeducation, relaxation, social problem-solving, cognitive restructuring and exposure.</p> <p>Content</p> <ol style="list-style-type: none">1. Education about reactions to trauma2. Relaxation training3. Cognitive therapy4. Real life exposure5. Stress or trauma exposure6. Social problem-solving
<p>Location of Resource: Boone County Schools Mental Health Coalition;</p> <p>Register for Copy:</p> <p>https://cbitsprogram.org/survey/take/s=244&c=281&f=0#/g%3D1927%26i%3D1%26r%3D694458%26h%3D07635c%26t%3D205</p>
<p>Elementary Specifications: Parent and teacher sessions are included; Ensure sessions are provided in safe environment for students where rapport has been established and expectations have been set</p>
<p>Secondary Specifications: Parent and teacher sessions are included; Ensure sessions are provided in safe environment for students where rapport has been established and expectations have been set</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none">• Who Should Implement? Counselor or Mental Health Professional• How Often Should It Be Implemented? Weekly for 60 Minutes• How Long Should It Be Implemented? 10 weeks or until all sessions completed
Measurement:

More information: <https://cbitsprogram.org>

Cognitive Reframing/Restructuring

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Internalizing
Specific Concern Areas Addressed: Anxiety; Depression
<p>Description: A technique designed to aid identifying and then disrupting irrational or maladaptive thoughts. Reframing is a way of viewing and experiencing events, ideas, concepts and emotions to find more positive alternatives. Cognitive reframing is a process that occurs either voluntarily or automatically in all settings. Cognitive reframing can be useful in many ways, such as when trying to improve memory, reduce test anxiety, and decrease negative behaviors. The main point of cognitive reframing is to find a more positive interpretation, view or experience of unexpected adverse events, concepts or even ideas that you dislike. With cognitive reframing, you challenge yourself to see positive sides of challenging situations, avoid seeing only the negative, and identify a positive view of what is happening to you.</p> <p>There are three main goals you want to achieve by performing cognitive reframing:</p> <ol style="list-style-type: none">1. Describing your situation as accurately as possible: Your negative mind loves to see reality darker than it is, especially when something negative happens to you. With cognitive reframing, you want to make sure you see reality as accurately as possible, including all the negatives and positives, but without big cognitive distortions.2. Illuminating personal power: Just like your mind loves to see the reality darker than it is, it also loves to portray you as way less powerful than you really are. With cognitive reframing, you want to accurately understand your ability to cope with the event.3. Brainstorming alternative views: You want to find better alternative views of what is happening to you. You want to seek a redemptive narrative. The redemptive narrative (frame) tells the story of a life where tough events also bring something good (with time).
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: differentiate language for appropriate age group
Secondary Specifications: differentiate language for appropriate age group
<p>Implementation Guidelines:</p> <ul style="list-style-type: none">• Who Should Implement? Counselor or Mental Health Professional• How Often Should It Be Implemented? Regularly/Consistently• How Long Should It Be Implemented? As needed, until outcomes/goals are achieved

Coping Cat

Target Ages: Grades K-8
Level of Intervention: Selected (Tier II)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Anxiety
<p>Description: Coping Cat uses cognitive-behavioral treatment strategies for children who experience anxiety. Homework/practice is also used throughout this intervention.</p> <p>Components</p> <ol style="list-style-type: none"> 1. Psychoeducation: involving information for children and families about how anxiety can develop and be maintained, and how it can be treated 2. Exposure tasks: which give the child the chance to be in the feared situation and have a mastery experience 3. Somatic management: which teaches relaxation techniques 4. Cognitive restructuring: which addresses FEAR: Feeling frightened, expecting bad things, attitudes and actions that will help, and results and rewards 5. Problem solving: to generate and evaluate specific actions for dealing with problems <p>Sessions</p> <ul style="list-style-type: none"> • Introduction • Recognizing Feelings • How does my body react? • Parent meeting • Let's relax • What am I thinking? • What should I do? • How am I doing? • Parent meeting • Start practicing • More practice • More practice • It's getting tougher • Let's practice some more • Another change to practice • You did it!

Coping Power

Target Ages: Grades 3-8 (Ages: 8-14 Years)
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Antisocial Behavior; Social Cognition; Self-Regulation; Peer Relations; Parent Engagement
<p>Description:</p> <p>Coping Power is an intervention that utilizes components for children, as well parents. There are 34 group sessions in the child component of the intervention. They focus on anger management, social problem solving and ways to avoid/resist peer pressure. The parent component of the intervention has 16 sessions focusing on supporting involvement and consistency in parenting, which contribute to better overall adjustment for the child.</p> <p>Overall goals of Coping Power Program include:</p> <ol style="list-style-type: none"> 1. Analyzing risk factors that impact delinquency, substance use and problem behaviors at school (i.e. peer relations, emotion regulation) 2. Improve parent practices by utilizing warmth/empathy, consistency and supervision
<p>Location of Resource: Boone County Schools Mental Health Coalition;</p> <p>Purchasing Information:</p> <p>https://global.oup.com/academic/search?q=coping+power&cc=us&lang=en</p>
Elementary Specifications: Parent involvement and collaboration is required for this intervention
Secondary Specifications: Parent involvement and collaboration is required for this intervention
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor or Mental Health Professional • How Often Should It Be Implemented? Weekly/Regularly • How Long Should It Be Implemented? 50 Minutes per session for 34 weeks or until all sessions completed
Measurement:

Coping with Stress (Adolescent)

Target Ages: Grades 8-12
Level of Intervention: Selected (Tier II)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Depression; Stress **NOTE: Not meant to be a treatment for active episodes of depression
<p>Description: The Coping with Stress program is to be used with groups and focuses on cognitive-restructuring skills and techniques for changing irrational or negative statements and/or thoughts.</p> <p>Sessions</p> <ol style="list-style-type: none"> 1. Getting to know each other 2. Coping with stress 3. Changing your thinking 4. Stressful situation and negative thinking 5. The power of positive thinking 6. Changing negative thinking to positive thinking 7. Irrational thinking 8. Disputing irrational thinking 9. The C-A-B method 10. Dealing with activating events 11. More C-A-B practice 12. Thought-stopping techniques 13. C-A-B in your life 14. Planning for stressful situations 15. Preventing the "blues"
<p>Location of Resource: Boone County Schools Mental Health Coalition; See "Additional Resources" listed below</p>
Elementary Specifications: N/A
Secondary Specifications: Ensure that rapport is built and a safe environment is provided for students prior to beginning sessions
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor or Mental Health Professional • How Often Should It Be Implemented? 2-4 times per week for 60 minutes • How Long Should It Be Implemented? For 15 weeks or until all sessions completed
Measurement:
<p>Additional Resources:</p> <p>Therapist Manual: https://research.kpchr.org/Portals/0/Docs/project%20websites/ACWD/CWS_MANUAL.pdf?ver=2016-04-07-083502-000</p>

Daily Behavior Report Card

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Attention and Academic Competence; Self-Monitoring and Externalizing Behavior
Specific Concern Areas Addressed: Disruptive Behaviors; Distraction; Self-Monitoring
<p>Description:</p> <p>The Daily Behavior Report Card is a technique to target specific behaviors in the classroom. It is utilized to provide reinforcement for positive behaviors, as well as teach students how to self-monitor their behaviors. It also encompasses a home-school communication component, geared to strengthen this collaboration.</p> <p>Positive behaviors displayed by students are given points throughout the day.</p> <p>This intervention allows for individual flexibility. The number of behaviors targeted, frequency of check-ins with the student/teacher, as well as where these behaviors will be observed/monitored can all be determined by teacher and student to fit individual needs.</p> <p>Steps:</p> <ul style="list-style-type: none"> • The teacher and student meet to select the desired behavior(s) to be monitored. The behavior(s) should be written so that it is clear, specific, and measureable. • Behavior(s) should be one that can be either increased or decreased. • Examples: staying on-task; following directions, interrupting, staying in seat, etc. • Teacher monitors and records whether the student achieved the target behavior. The report card is then "graded." • The student takes the report card home to show his/her parents, and they are responsible for signing the DRC and the student must return it to the teacher. • After a pre-determined amount of points, time, the student receives a reward (developing a reward menu is an effective tool for this component) <p>http://www.jimwrightonline.com/htmdocs/interventions/rewards/rewardmenu.php</p>
See below "Additional Resources" for templates/examples of Daily Report Cards
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Ensure rewards are tailored to individual student motivation; Ensure frequency of behavior monitoring is feasible to both teacher and student
Secondary Specifications: Ensure rewards are tailored to individual student motivation; Ensure frequency of behavior monitoring is feasible to both teacher and student; It is important that all teachers whom come into contact with the student throughout the day are included in monitoring the target behaviors to promote generalization
Implementation Guidelines:

- Who Should Implement? Classroom Teacher
- How Often Should It Be Implemented? Daily/Regularly
- How Long Should It Be Implemented? Throughout School Year

Measurement:

Desk Dividers

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Off-Task Behaviors (e.g., Distraction, Concentration)
Description: Provide dividers or barriers that divide students' work area. Appropriate times use desk dividers include: <ul style="list-style-type: none"> • Test taking or work completion • When student is easily distracted • When student is disruptive during work times • When student is disorganized
Location of Resource: http://www.pbisworld.com/tier-1/individual-work-space/
Elementary Specifications: This can look like open folders aligning the student's work space or other barriers- such as a book, a wall, or a nook in the classroom. If using a folder, the student can decorate their folder to make their "office" space more personable.
Secondary Specifications: This can look like open folders aligning the student's work space or other barriers- such as a book, a wall, or a nook in the classroom. If using a folder, the student can decorate their folder to make their "office" space more personable.
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? As Needed/Regularly • How Long Should It Be Implemented? As needed by student or group of students throughout school year; Ensure implementation is consistent
Measurement:
Additional Resources: See link above for more information/examples

Desk Fairy

Target Ages: Grades K-5
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning; Organization
<p>Description: The desk fairy helps your students keep their desk clean and organized utilizing reinforcements.</p> <p>Implementation: Provide your students with desk expectations. Schedule routine desk checks to help your students stay organized. Provide your students with incentives for organized desks.</p>
Location of Resource: N/A
Elementary Specifications: Provide expectations of desk organization. At first consistently check in with their organization and then provide random checks. For organized desks, make sure the “fairy” leaves behind a treat.
Secondary Specifications: N/A
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Consistently at first and then random checks • How Long Should It Be Implemented? There may need to be more time at the beginning of the intervention to teach the students, however, with time the desk checks should take minimal time; Throughout school year
Measurement:
<p>Additional Resources: For a free “Desk Fairy” handout: https://www.teacherspayteachers.com/Product/FREE-Desk-Fairy-Notes-393942</p>

First Steps Next

Target Ages: Grades Pre K-2
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Disruptive Behaviors
<p>Description:</p> <p>First Steps to Success is an intervention program that combines collaboration from home and school to achieve positive school success. It teaches students whom display challenging behaviors and are at-risk for negative life outcomes, a behavior pattern that contributes to school success and the development of positive friendships.</p> <p>FIRST STEP Next Process</p> <ul style="list-style-type: none"> • Multistep Screening collects information about the problem behavior. • Coach works one-on-one with the focus student to teach these school success skills: <ul style="list-style-type: none"> ○ Follow Directions ○ Be Safe ○ Ask for Attention the Right Way ○ Be a Team Player ○ Do Your Best ○ Be Cool ○ Mistakes Are Okay • In the classroom, the student earns points and praise for displaying the skills during the Green Card game. • A home component links skills introduced at school to the home environment.
<p>Location of Resource:</p> <p>Purchasing Information: https://pacificnwpublish.com/products/FIRST-STEP-Next.html</p>
<p>Elementary Specifications: This intervention has seen more positive outcomes within the Pre-K population, but has been modified to address these issues in early elementary grades K-3; Parent involvement and partnership is required for this intervention to be successful</p>
<p>Secondary Specifications: N/A</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor and Parent(s) • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Until all sessions completed and progress displayed
Measurement:
<p>Additional Resources:</p> <p>See above link for more information</p>

Good Behavior Game

Target Ages: Grades K-5
Level of Intervention: Universal (Tier I)
Domains Targeted: Self-Regulating and Externalizing Behaviors; Suicide Prevention
Specific Concern Areas Addressed: Off-Task Behaviors
<p>Description: Classroom management approach that rewards students for on-task and appropriate behaviors during a designated amount of time in the classroom. Students are divided into teams and points are given to teams that have a student display an off-task or inappropriate behavior. The team with the fewest amount of points when the game has ended, will win a group reward. However, if both teams are able to keep their points below a defined number or threshold (prior to playing), both teams will earn the reward.</p> <p>Implementation:</p> <ul style="list-style-type: none"> • Determine expectations or list of “Do Not” rules • Divide class into groups (two is recommended, but may use more if needed) • Clearly define the “Do Not” rules to the class • Explain what they must do to “win” the game <ul style="list-style-type: none"> ○ Determine number of points or threshold that each team must stay below to win • Explain rewards that can be earned from winning the game • Determine a time to play the game <ul style="list-style-type: none"> ○ Especially difficult times are recommended ○ Start with small amount of time and build up • Implement the game and track the number of points each team earns during that time frame • Reward the team or teams that earn the reward
Location of Resource: See “Additional Resources” listed below
Elementary Specifications: Ensure reward or incentive is motivating for all students; Display “Do Not” rules for all to see; Do not allow “losing” team to participate in rewards
Secondary Specifications: Can be modified to fit into secondary model with age-appropriate language and motivators
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout School Year
Measurement:
<p>Additional Resources:</p> <p>University of Missouri EBI Network http://ebi.missouri.edu/wp-content/uploads/2011/09/Good-Behavior-Game.pdf</p> <p>Intervention Central http://www.interventioncentral.org/behavioral-interventions/schoolwide-classroommgmt/good-behavior-game</p>

Video Example and Additional Research Information

<https://www.youtube.com/watch?v=Jqrug7afH7A&t=24s>

Graphic Organizer

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning
Description: Graphic organizers help your students organize their understanding of content and brainstorm for assignments. It is a note-taking visual.
Location of Resource: University of Missouri EBI Network: http://ebi.missouri.edu/?s=graphic+organizers
Elementary Specifications: Teach and model how to use a graphic organizer for your students. Provide your students with feedback with their use of the organizer. Graphic organizers should be very simple for the younger grades and gradually become more detailed as the students progress in school.
Secondary Specifications: Teach and model how to use a graphic organizer for your students. Provide your students with feedback with their use of the organizer. Graphic organizers can help divide up thoughts and knowledge for long-term projects into more manageable chunks.
Implementation Guidelines: <ul style="list-style-type: none">• Who Should Implement? Teacher• How Often Should It Be Implemented? Use as needed for appropriate assignments and tasks• How Long Should It Be Implemented? Throughout the year
Measurement:
Additional Resources: Templates/Examples: http://www.teach-nology.com/worksheets/graphic/

Guided Visualization

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Internalizing Behaviors; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Anxiety; Stress; Off-Task Behaviors
<p>Description: Guided visualization can be used as a coping strategy for students who are experiencing stress and anxiety. Using a script or an audio/video file, walk through the steps with the student(s) and guide them into relaxation by focusing on their breathing and the imagery you are trying to convey.</p> <p><u>Example:</u></p> <p>“We are going to do an exercise to help us relax and get us ready for our next task. Most of you have probably done some sort of guided imagery before. Some like it, others don't. Regardless of your past experience, I encourage you to be open to the chance that this might help us see some new possibilities.</p> <p>You don't have to do any part of the process that you are uncomfortable with. For instance, I will be suggesting you close your eyes. If you are not comfortable with that, you can keep your eyes open.</p> <p>I will be putting you through a few simple exercises to help you relax. It will only take a few minutes. Then we will continue with our work.</p> <p>Now, I'd like to ask you to sit up straight in your chair, with both feet on the floor. Put anything down that you may be holding. If you are wearing glasses, take them off. Rest your hands comfortably on your legs. Close your eyes and be still for a moment (Pause about 30 seconds and allow people to be still, then continue).</p> <p>Now pay attention to your breathing. Slow your breathing somewhat and exhale slightly longer than you inhale. (Pause for 30 seconds while people slow their breathing, then continue).”</p>
Location of Resource: See “Additional Resources” listed below
Elementary Specifications: N/A
Secondary Specifications: Use scripts appropriate for the targeted age group
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor • How Often Should It Be Implemented? As Needed; Regularly • How Long Should It Be Implemented? Throughout school year
Measurement:

Additional Resources:

More information: <http://www.meditationinschools.org/resources/>

High Number of Opportunities to Respond

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Inattention; Off-Task Behaviors
Description: This increases student engagement as well as elicits feedback for teachers about comprehension of material. Disruptive behaviors have also been noted to decrease. Responses can be verbal, nonverbal, or written. Examples include choral responding, frequently calling on many students, having the class respond with hand signals or white boards.
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Ensure that questions align with prior knowledge/understanding; If low number of students answering correctly, adjust material accordingly
Secondary Specifications: Ensure that questions align with prior knowledge/understanding; If low number of students answering correctly, adjust material accordingly
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout School Year
Measurement:
Additional Resources: Missouri EBI - Opportunities to Respond http://ebi.missouri.edu/wp-content/uploads/2016/05/OTR-EBI-Brief.pdf Intervention Central http://www.interventioncentral.org/behavioral-interventions/challenging-students/school-wide-strategies-managing-task-inattention

Homework, Organization, & Planning System (HOPS)

Target Ages: Grades 5-12
Level of Intervention: Universal (Tier I), Selected (Tier II)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning Skills (i.e. organization); Work Completion
Description: An evidence based curriculum comprised of strategies that target organization, time management, and planning skills through the usage of an organized binder system. This can be implemented universally or in small groups.
Location of Resource: Boone County Schools Mental Health Coalition
Elementary Specifications: The curriculum can be modified for late elementary students to prepare for the transition to middle school.
Secondary Specifications: The curriculum is adaptable and can be modified to individual schools' needs. While the content can be taught in one class, the skills will be bridged throughout a student's course load. The curriculum requires the use of binders, as well as additional materials.
Implementation Guidelines: <ul style="list-style-type: none">• Who Should Implement? Classroom Teacher• How Often Should It Be Implemented? Daily/Regularly• How Long Should It Be Implemented? Throughout the School Year
Measurement:
Additional Resources: More information: https://nasp.inreachce.com/Details/Information/4855787c-7a1e-47d7-94cb-9e9aa942c495

Homework Contract

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Work Completion; Executive Functioning Skills (i.e. planning)
Description: A homework contract entails: <ul style="list-style-type: none"> • School subjects • Detail of homework in each section • Teacher and/or parent signing off on homework completion • Incentivize skill using points and reward system <p>Teach and model how to use the homework contract. Provide opportunities for your student to practice how to use the contract and then provide feedback. Ensure that the student has a copy of their contract and a way to track their progress. Connect the contract with a point system as a means to incentivize the learned skills.</p>
Location of Resource: http://www.interventioncentral.org/academic-interventions/study-organization/homework-contracts-tapping-power-parents
Elementary Specifications: Ensure that homework expectations align with students' academic level; Allow student participation in incentive choice to increase motivation; Parent participation and communication is highly recommended
Secondary Specifications: Ensure that homework expectations align with students' academic level; Allow student participation in incentive choice to increase motivation; Parent participation and communication is highly recommended
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
Additional Resources: Examples/Templates: http://www.interventioncentral.org/sites/default/files/pdfs/pdfs_interventions/hwkcontract_1.pdf https://www.understood.org/en/school-learning/learning-at-home/homework-study-skills/download-sample-homework-contract

Homework Management System

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Work Completion; Executive Functioning Skills (i.e., planning, organization)
<p>Description: A system that helps student manage and organize their homework; through a system of organization (i.e., folders/binders), as well as an agenda or a homework checklist. It can be helpful for the teachers to sign off on the agenda at the end of the day/period. Parent signatures can be helpful as well.</p> <p>Have a structure/process in place to turn in homework; whether that be at the beginning of the period, or a specific place in the classroom to turn work in. Also, have a specific place in the room where the homework is written down and easily seen by all students.</p>
Location of Resource: See "Additional Resources" Listed Below
Elementary Specifications: Teach and model how to use the homework management system. Provide incentives for students who follow the homework system; Parent engagement is highly recommended
Secondary Specifications: Teach and model how to use the homework management system. Provide incentives for students who follow the homework system; Parent engagement is highly recommended
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>Examples of Homework Organizational Tools:</p> <p>http://www.pbisworld.com/tier-1/color-coded-folders/</p> <p>http://www.interventioncentral.org/academic-interventions/study-organization/study-skills-package</p>

I Can Problem-Solve

Target Ages: Grades Pre K-5
Level of Intervention: Universal (Tier I), Selected (Tier II)
Domains Targeted: Social Skills and Peer Relations
Specific Concern Areas Addressed: Problem-Solving Skills; Feeling Identification and Recognition
<p>Description: The I Can Problem-Solve lessons are delivered in activities such as games, role plays and puppets. Through these activities, I Can Problem-Solve, focuses on development of student's interpersonal cognitive problem-solving skills. The skills are differentiated at each grade level. The I Can Problem-Solve skills include:</p> <ul style="list-style-type: none"> • Use of pre-problem-solving vocabulary and skills • Identifying feelings of self and others • Developing alternative solutions to problems • Use of consequential thinking • Means-ends thinking
<p>Location of Resource: Boone County Schools Mental Health Coalition; Purchasing information: https://www.researchpress.com/books/592/icps-i-can-problem-solve</p>
<p>Elementary Specifications: Pre-K and kindergarten is best implemented in a small group with fewer than 10 students. 1st -5th grade is more feasible to conduct lessons with the whole class.</p>
<p>Secondary Specifications: N/A</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor or Classroom Teacher • How Often Should It Be Implemented? 2-3 times per week • How Long Should It Be Implemented? 3 to 5 months or until lessons completed and adequate progress displayed
Measurement:
<p>Additional Resources: Program overview: www.icanproblemsolve.info/program-overview/</p>

Incredible Years

Target Ages: Grades K-3
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Aggression; Emotion Regulation **NOTE: Parent participation is REQUIRED
Description: <p>Incredible Years is a training curriculum for parents, teachers and children that promotes emotional and social competence. Each of the programs designed for these populations address risk factors across settings that are shown to be related to conduct disorders.</p> <p>The <u>parent training</u> component addresses parenting skills that promote children's social competence and decrease behavior problems. These skills include: how to play with children, persistence skills coaching, effective praise, use of incentives, creating predictable routines and rules, promoting responsibility, effective limit-setting, management of misbehavior and problem-solving. More advanced skills include: effective communication, anger and depression management, problem solving, how to receive and give support, family meetings, taking responsibility, implementation of logical consequences for misbehavior and building collaborative relationships with teachers.</p> <p>The <u>teacher training</u> component addresses classroom management skills that promote positive behaviors within the classroom. These skills include: teacher coaching, attention, praise, encouragement, use of incentives, proactive teaching strategies, managing inappropriate classroom behaviors, building positive relationships with students and parents, teaching empathy, social skills and problem-solving.</p> <p>The <u>children training</u> component emphasizes skill development in emotional literacy, empathy, perspective taking, friendship skills, anger management, interpersonal problem-solving, following rules, and how to be successful at school. The Dinosaur Curriculum is utilized for this component.</p>
Location of Resource: Boone County Schools Mental Health Coalition; Purchasing Information: http://www.incredibleyears.com/order/
Elementary Specifications: All components of this intervention (including teacher, parent and child) must be engaged for intervention to be effective
Secondary Specifications: All components of this intervention (including teacher, parent and child) must be engaged for intervention to be effective
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Counselor or Mental Health Professional • How Often Should It Be Implemented? <ul style="list-style-type: none"> ○ Parent Training: Weekly for 2-3 Hours ○ Teacher Training: Regularly/Ongoing

- Child Training: Weekly for 2 Hours
- How Long Should It Be Implemented?
 - Parent Training: For 12-20 weeks or until sessions completed and goals met
 - Teacher Training: Throughout School Year
 - Child Training: For 18-22 weeks or until sessions completed and goals met

Measurement:**Additional Resources:**

Individualized Academic Plan

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Academic Skills (i.e., reading, writing, math)
<p>Description: Provides a specific plan detailing academic goals and supports to meet those goals.</p> <p>The main components of an individualized academic plan include:</p> <ol style="list-style-type: none"> 1. Goal 2. Intervention plan 3. Progress Monitoring 4. Fidelity
Location of Resource: Typically, the template/format is provided through school or district; See "Additional Resources" below for other options
<p>Elementary Specifications: Follow your school's protocol for academic planning; Ensure plan aligns to academic deficit areas and that core instruction has been provided with high fidelity prior to implementation of academic plan; Utilize school's intervention resources (i.e., Reading Recovery, PALS, etc.)</p>
<p>Secondary Specifications: Follow your school's protocol for academic planning; Ensure plan aligns to academic deficit areas and that core instruction has been provided with high fidelity prior to implementation of academic plan; Utilize school's intervention resources, as well as clubs/tutoring services</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>Link to Academic Planner Template: http://www.interventioncentral.org/tools/academic-intervention-planner-struggling-students</p>

Individualized Function-Based Intervention

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Internalizing Behavior; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Anxiety; Disruptive Behaviors; Aggressive Behaviors
<p>Description: Function-based interventions are devised based on assessment data. The intervention incorporates strategies to prevent behavior from occurring, teaching replacement behaviors, and reinforcing use of preferred behaviors and non-use of non-preferred behaviors based on the identified function of behavior.</p> <p>There are 5 steps involved:</p> <ul style="list-style-type: none"> • Gathering of data • Data analysis • Identify the behavior's function • Develop a behavior plan • Re-evaluate after implementation for effectiveness of plan • If necessary, redraft plan.
<p>Location of Resource: Intervention Central Behavior Intervention Planner - https://www.interventioncentral.org/tools/behavior-intervention-planner</p>
<p>Elementary Specifications: It is vital that the function of behavior is accurately identified prior to implementation of behavior plan; additional data may need to be collected and revisited to ensure function appropriately identified; the behavior plan will need to be revisited/re-evaluated throughout to ensure effectiveness; Ensure that all components of behavior plan are age appropriate and reinforcements motivating to student</p>
<p>Secondary Specifications: It is vital that the function of behavior is accurately identified prior to implementation of behavior plan; additional data may need to be collected and revisited to ensure function appropriately identified; the behavior plan will need to be revisited/re-evaluated throughout to ensure effectiveness; Ensure that all components of behavior plan are age appropriate and reinforcements motivating to student</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher (with support from Counselor and/or other behavior supports within school building) • How Often Should It Be Implemented? Regularly/Consistently • How Long Should It Be Implemented? Throughout school year; Fade as progress is made/goals are met
Measurement:
<p>Additional Resources: More Information: http://www.intensiveintervention.org/sites/default/files/Handout1_BehaviorCEC2014.pdf</p>

Individualized Organization Plan

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning Skills (i.e., organization, planning)
Description: An organization plan entails: <ul style="list-style-type: none"> Study/homework schedule Organizing materials Scheduling regular “clean out” days Consistent feedback throughout
Location of Resource: Intervention Central: http://www.jimwrightonline.com/php/interventionista/interventionista_intv_list.php?prob_ttype=study_skills_organization
Elementary Specifications: Teach and model organization expectations for your student/s. Provide opportunities for your student to practice the expectations and then provide feedback. Ensure that the student has a copy of their expectations and a way to track their progress. Connect the organization plan with a point system as a means to incentivize the learned skills.
Secondary Specifications: Teach and model organization expectations for your student/s. Provide opportunities for your student to practice the expectations and then provide feedback. Ensure that the student has a copy of their expectations and a way to track their progress. Connect the organization plan with a point system as a means to incentivize the learned skills.
Implementation Guidelines: <ul style="list-style-type: none"> Who Should Implement? Classroom Teacher How Often Should It Be Implemented? Daily/Regularly How Long Should It Be Implemented? Throughout the School Year
Measurement:
Additional Resources: The HOPS intervention (page __) checklist example: http://www.scred.k12.mn.us/UserFiles/Servers/Server_3022443/File/special%20ed/HOPS.pdf

Individualized Social Stories

Target Ages: Grades K-5
Level of Intervention: Targeted (Tier III)
Domains Targeted: Social Skills and Peer Relations
Specific Concern Areas Addressed: Conflict Resolution; Pro-Social Behaviors/Communication
Description: Individualized Social Stories are short descriptions or pictures of a particular situation or activity in the school environment that may include information about what to expect in that situation and why. Social stories can help teach routines, expectations and behavioral standards. Social stories are aimed at helping the student be more involved in the learning process. Social Stories are evidenced to work particularly well for students on the Autism Spectrum and those diagnosed with ADD/ADHD.
Location of Resource: PBIS World: http://www.pbisworld.com/tier-2/social-stories/
Elementary Specifications: Ensure that the language utilized within the social story is developmentally appropriate
Secondary Specifications: N/A (While this intervention is more applicable to Elementary students – it can also be applied to secondary students whom may have developmental disabilities)
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? School Psychologist, Counselor, Classroom Teacher • How Often Should It Be Implemented? Regularly/Consistently • How Long Should It Be Implemented? As needed; You may slowly wean the student off the social story as they consistently perform the task/tasks correctly
Measurement:
Additional Resources: More information/templates on Social Stories: www.pbisworld.com/tier-2/social-stories www.child-behavior-guide.com/social-stories.html

Meaningful Work

Target Ages: Grades K-9
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Disruptive Behaviors; School Engagement
Description: The Meaningful Work intervention provides an avenue for students whom display disruptive behaviors to experience success and a sense of contribution/belonging to their school. This intervention provides students with job options throughout the school day (i.e., calendar, picking up homework, lunch box carrier, etc.).
Location of Resource: Boone County Schools Mental Health Coalition Purchasing Information: https://pacificnwpublish.com/products/Meaningful-Work.html
Elementary Specifications: Ensure that jobs given to students are motivating, as well as age appropriate; acknowledgement/encouragement from others for their job success is imperative
Secondary Specifications: Ensure that jobs given to students are motivating, as well as age appropriate; acknowledgement/encouragement from others for their job success is imperative
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Throughout School Year
Measurement:
Additional Resources: Tips on Adoption into School Processes: http://www.apbs.org/archives/conferences/8thconference/files/g1-kelk.pdf

Mood Monitoring

Target Ages: Grades K-12
Level of Intervention: Selected (Tier II), Targeted (Tier III)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Depression; Anxiety; Overall Mood
Description: Mood Monitoring gives an overall assessment of the student's mood on a day-to-day basis. By collecting this data, a student's progress can be tracked over time. It provides visual feedback for students to when tracking their mood and allows for them to see patterns throughout the day/week/year.
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Ensure that monitoring methods are age appropriate; Prior knowledge about feelings/mood required prior to implementation
Secondary Specifications: Ensure that monitoring methods are age appropriate; Technology can also be useful (many different apps, programs in which monitoring is done in a simple and effective manner)
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher; Counselor • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
Additional Resources: Templates/Examples: https://blackdoginstitute.org.au/docs/default-source/psychological-toolkit/19-dailymoodchart.pdf http://www.cgaimh.org/pdf/tool_edu_moodchart.pdf Apps: https://psyberguide.org/expert_opinion/apps-for-bi-polar-disorder-expert-review/

Mystery Motivator

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I), Targeted (Tier III)
Domains Targeted: Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Motivation; Engagement; Off-Task/Disruptive Behaviors
<p>Description: Intervention that increases on-task or appropriate behaviors by rewarding students for displaying these behaviors. Mystery motivators incorporate uncertainty, which causes them to be more motivating/powerful to students. Motivators should be given to students on a random schedule and the reward/reinforcement should be kept a surprise.</p> <p>Preparation:</p> <ul style="list-style-type: none"> ○ Teacher should decide when to schedule the intervention <ul style="list-style-type: none"> ○ Can be used daily ○ Especially effective for difficult times ○ Do not exceed 40 minutes ○ Teacher should identify which target behaviors to monitor <ul style="list-style-type: none"> ○ I.e., out of seat, talking out ○ Teacher determines goal or “cut-off” amount (allotted negative behaviors for Mystery Motivator to be earned) <ul style="list-style-type: none"> ○ Baseline data of these target behaviors can help drive this amount ○ Teacher displays replacement behaviors for classroom to see <ul style="list-style-type: none"> ○ I.e., staying in seat, raise hand to answer question ○ Teacher identifies list of motivating rewards that class/student can earn <ul style="list-style-type: none"> ○ Putting these on pieces of paper within an envelope with a big “?” on the outside and placing it where students can see is especially powerful ○ Teacher creates calendar of when intervention will be utilized <p>Implementation:</p> <ul style="list-style-type: none"> ● Teacher should announce the Mystery Motivator process to the classroom/teacher ● Teacher will record the number of target behaviors during defined time frame ● Teacher will uncover to the classroom/teacher if that day/time contained a Mystery Motivator ● Teacher provides feedback and/or encouragement after specified time frame
<p>Location of Resource:</p> <p>EBI Network: http://ebi.missouri.edu/?s=mystery+motivator</p> <p>Intervention Central: https://www.interventioncentral.org/classroom_management_mystery_motivator</p>
Elementary Specifications: Ensure that reinforcements identified are motivating to students; Consistency and follow-through with this intervention is key in order to keep students motivated

Secondary Specifications: Ensure that reinforcements identified are motivating to students; Consistency and follow-through with this intervention is key in order to keep students motivated

Implementation Guidelines:

- Who Should Implement? Classroom Teacher
- How Often Should It Be Implemented? Regularly
- How Long Should It Be Implemented? Throughout the school year; fade when decrease in off-task/disruptive behaviors apparent

Measurement:

Additional Resources:

Intervention Brief (EBI Network): <http://ebi.missouri.edu/wp-content/uploads/2011/09/Mystery-Motivator.pdf>

Non-Contingent Reinforcement

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I), Targeted (Tier III)
Domains Targeted: Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Off-Task/Disruptive Behaviors
<p>Description: Non-contingent reinforcement is a strategy that allows students access to a preferred reinforcement prior to the display of negative behaviors. The goal is to provide the student with reinforcement regularly enough so that they are not motivated to display negative behaviors to obtain it.</p> <p>Examples:</p> <ul style="list-style-type: none"> • Sarah enjoys teacher attention (positive or negative) and will often act out in order to receive it. Sarah's teacher gives her attention every 5 minutes no matter what behavior she displays. This decreases Sarah's disruptive behaviors because she is able to access attention from the teacher without having to display them. • John does not like to do math work and will often refuse to complete the assigned task or become disruptive to others. John's teacher gives him a break every 10 minutes during math time, no matter what behavior he displays. This decreases John's refusal and disruptive behaviors during math time, because he is able to escape the task frequently enough without having to display those negative behaviors. <p>Implementation:</p> <ol style="list-style-type: none"> 1. Identify reinforcement that is causing negative behaviors (i.e., attention, avoidance, tangible item) 2. Create regular schedule for application of the reinforcement, non-contingent upon behavior 3. Do not draw any attention to the negative behaviors if displayed (do not want to reinforce) 4. Once student has shown reduction in problem behavior for a period of time, slowly thin out reinforcement schedule
<p>Location of Resource: EBI Network: http://ebi.missouri.edu/?s=noncontingent</p>
Elementary Specifications: Ensure function of the problem behavior is accurate to identify appropriate reinforcements
Secondary Specifications: Ensure function of the problem behavior is accurate to identify appropriate reinforcements
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly

- How Long Should It Be Implemented? Until reduction shown in problem behavior, then slowly thin out schedule

Measurement:

Additional Resources:

Intervention Brief (EBI Network): <http://ebi.missouri.edu/wp-content/uploads/2013/04/Noncontingent-Reinforcement.pdf>

Note Taking Skills

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning Skills (e.g., organization, planning)
<p>Description: Note taking includes the following steps:</p> <ul style="list-style-type: none"> • Activate prior knowledge • Record key points • Highlight/underline/circle new vocabulary • Not connections between lectures • Provide a brief summary highlighting main points <p>When first teaching this strategy, make sure to model the strategy and provide students with feedback when they are practicing the strategy.</p>
<p>Location of Resource: https://www.interventioncentral.org/self_management_note_taking_strategic</p>
<p>Elementary Specifications: Ensure that amount of material given to students is age/developmentally appropriate; Graphic organizers can be helpful to ensure that all note taking skills are practiced. Partially completed notes can also be helpful for some students.</p>
<p>Secondary Specifications: Graphic organizers can be helpful to ensure that all note taking skills are practiced. Partially completed notes can also be helpful for some students.</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly; As Needed • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources: More Information/Examples: http://www.interventioncentral.org/node/967556</p>

Partner Work/Cooperative Learning

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Social Skills and Peer Relations
Specific Concern Areas Addressed: Social Skill Development; Peer Relationship Management; Empathy; Problem Solving; Learning Skills
<p>Description: Partner work/cooperative learning consist of utilizing small groups in order to work together on a task. Cooperative learning can help increase a student's self-esteem, motivation, and empathy by placing the ownership of learning on the students instead of on the teacher alone.</p> <p>Some student roles consist of:</p> <ol style="list-style-type: none">1. Organizer—provides the group with the overall process structure2. Recorder—writes down important information (e.g., directions or group work)3. Checker—Makes sure that all team members understand the concepts and the team's conclusions.4. Questioner—generates questions and involves all students5. Assessor—evaluates the progress of each work session6. Encourager—models and reinforces appropriate social skills7. Summarizer: Restates the team's conclusions or answers.8. Spokesperson—represents the group and presents group work to rest of the class9. Timekeeper—keeps group on task and on time10. Team facilitator—Moderates discussions, keeps the team on schedule, ensures that work is completed by all, and makes sure that all have the opportunity to participate and learn.11. Elaborator—Relates the discussion with prior concepts and knowledge.12. Research runner—Gets needed materials and is the liaison between teams and between their team and the instructor.
Location of Resource: See "Additional Resources" for more information
Elementary Specifications: Create team rules for cooperative learning groups. When creating groups, take into consideration several different variables such as, social skills, academic skills, and student interests. Seat placement can also effect the impact of cooperative learning.

Secondary Specifications: Create team rules for cooperative learning groups. When creating groups, take into consideration several different variables such as, social skills, academic skills, and student interests. Seat placement can also effect the impact of cooperative learning. Projects should involve some of the role mentioned in the description section.

Implementation Guidelines:

- Who Should Implement? Classroom Teacher
- How Often Should It Be Implemented? Regularly
- How Long Should It Be Implemented? Throughout the School Year

Measurement:

More information: <https://www.teachervision.com/professional-development/cooperative-learning>

PASS System for Escape Maintained Behavior

Target Ages: Grades K-12

Level of Intervention: Targeted (Tier III)

Domains Targeted: Self-Regulating and Externalizing Behavior

Specific Concern Areas Addressed: Social Skills; Behavior Monitoring; Self-Management Skills

Description: There are four phases in the PASS System, which include preplacement, orientation, inclusion and maintenance, and aftercare. Students work through each of these phases while also receiving consultation. Students learn to replace maladaptive behaviors with more appropriate behaviors.

Content

1. What is the PASS program?
2. The Essence of PASS
3. PASS staff-Personnel and their roles
4. PASS classroom-Philosophy and organization
5. Phase 1- Preplacement
6. Phase 2- Orientation
7. Bridging procedures-Monitor, redirect, record, reward
8. Phase 3- Inclusion & maintenance
9. Phase 4-Aftercare
10. Handling emergencies
11. Implementing PASS

Location of Resource: Boone County Schools Mental Health Coalition

Available for purchase at <https://pacificnwpublish.com/products/PASS%3A-Positive-Approach-to-Student-Success.html>

Elementary Specifications: Ensure that plans and reinforcements are age appropriate and motivating to the student

Secondary Specifications: Ensure that plans and reinforcements are age appropriate and motivating to the student

Implementation Guidelines:

- Who Should Implement? Counselor
- How Often Should It Be Implemented? Regularly

- How Long Should It Be Implemented? As needed

Measurement:

Additional Resources:

More information: <http://thepassprogram.com/ourbook.html>

PATHS

Target Ages: Grades K-5
Level of Intervention: Universal (Tier I)
Domains Targeted: Social Skills and Peer Relations; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Aggression; Externalizing Behaviors; Impulse Control; Problem Solving
<p>Description: Promoting Alternative Thinking Strategies (PATHS) focuses on improving a student's understanding of emotions. PATHS works on strengthening students' ability to discuss their feelings and to manage their emotions.</p> <p>Goals for Kindergarten</p> <ol style="list-style-type: none"> 1. To increase children's self-control 2. To increase children's ability to get along with others by improving friendship skills (sharing, caring, and other social skills) 3. To enhance children's self-esteem, self-confidence, and ability to give and receive compliments 4. To increase children's understanding and communication of the vocabulary of emotions (verbal mediation and dialoguing about feelings with others) 5. To help children recognize and understand how one's behavior affects others 6. To increase children's understanding and use of logical reasoning and problem-solving vocabulary 7. To improve children's knowledge of, and skill in, the steps of social problem solving. <p>Goals for 1-5</p> <ol style="list-style-type: none"> 1. To establish and reinforce basic classroom rules 2. To strengthen self-control and encourage reflective thinking in the classroom 3. To improve children's communication skills with adults and peers 4. To use literature to discuss and promote prosocial, responsible behavior 5. To increase children's abilities to identify, understand, and discuss the variety of feelings people experience in their daily lives 6. To enhance children's abilities to recognize and interpret similarities and differences in the feelings, reactions, and points of view in themselves and others 7. To build character development through the reading of "role-model" biographies 8. To promote the development of empathy and perspective-taking 9. To help children use social problem-solving skills to prevent and/or resolve problems and conflicts in social interactions

10. To support children in using these skills to improve classroom ecology and academic success
Location of Resource: Available for purchase at: http://shop.channing-bete.com/onlinestore/store.html?cid=134563
Elementary Specifications: Kindergarten intervention is connected with the preschool curriculum. Generalization and integration of these skills throughout a student's environment can be emphasized by using re-teaching, modeling, and reinforcement.
Secondary Specifications: N/A
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? 2-3 times per week (20-30 minute) lessons • How Long Should It Be Implemented? Throughout the School Year
Measurement:
Additional Resources: More information: http://www.pathseducation.com/what-is-paths/paths-curriculum

Positive Behavior Interventions and Supports (PBIS)

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Disruptive/Off-Task Behaviors; Positive School Climate, School Engagement
<p>Description: Positive Behavior Interventions and Supports (PBIS) is a universal proactive approach to identifying and teaching expectations (rules/procedures) needed for all students in a school to sustain healthy social, emotional and academic success.</p> <p>These rules/procedures should be positively stated and understood by all staff/students within a school building. Matrices should be visually posted for all to reference when moving from location to location.</p> <p>The goal in having universal behavioral expectations in a school building, and rewarding students for following these expectations, is to improve the students' and teachers' environment by making targeted misbehavior less effective, efficient and relevant, and desired behaviors more evident.</p>
<p>Location of Resource: PBISWorld: http://www.pbisworld.com/</p>
<p>Elementary Specifications: Behavioral expectations should align with developmental ages; Consistency throughout school building is an integral part into an effective PBIS process; Providing tickets and rewards to students for positive behaviors should also be a component to this process</p>
<p>Secondary Specifications: Behavioral expectations should align with developmental ages; Consistency throughout school building is an integral part into an effective PBIS process; Providing tickets and rewards to students for positive behaviors should also be a component to this process (ensure these are age appropriate and motivating to students)</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none">• Who Should Implement? All School Staff• How Often Should It Be Implemented? Daily/Regularly• How Long Should It Be Implemented? Throughout the School Year
<p>Measurement:</p>
<p>Additional Resources: Additional Information and Example Rules/Procedures: http://www.pbisworld.com/tier-1/review-pbis-expectations-and-rules/</p>

Positive Peer Reporting

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Social Skills and Peer Relations; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Disruptive Behaviors; Peer Relationships; Empathy
<p>Description: Positive Peer Reporting is a strategy that utilizes classroom peers to give positive praise to a student who seeks negative attention and is disruptive. In this strategy, classroom peers gain points that they can exchange for rewards by giving praise to the disruptive student. The disruptive student starts to associate appropriate behavior with praise from their peers.</p> <p>Steps towards implementation:</p> <ol style="list-style-type: none"> 1. Select one or more group rewards 2. Choose students as particular targets for the intervention 3. Teach students to praise each other 4. Introduce the Positive Peer Reporting intervention 5. Start the Positive Peer Reporting intervention
Location of Resource: See "Additional Resources" for more information
Elementary Specifications: Group rewards should be geared towards the age and the interests of the students and do not have to be tangible items (iPad time, extra recess, free time); Collaborate with students when making the reward list in order to encourage participation and increase effectiveness.
Secondary Specifications: Group rewards should be geared towards the age and the interests of the students and do not have to be tangible items (Free time, homework passes); Collaborate with students when making the reward list in order to encourage participation and increase effectiveness.
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>More information:</p> <p>Intervention Central http://www.interventioncentral.org/behavioral-interventions/schoolwide-classroommgmt/positive-peer-reports-changing-negative-behaviors-</p> <p>EBI Network http://ebi.missouri.edu/?s=positive+peer+reporting</p>

Post & Review Daily Schedule

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning Skills (i.e., organization, planning)
<p>Description: Post your schedule daily so it can be accessible by all students. This can be on a smartboard, whiteboard, or a bulletin board. Review this schedule with students before beginning each day's activities.</p> <p><u>Note:</u> This strategy is especially helpful/effective with students whom have developmental disabilities.</p>
Location of Resource: See "Additional Resources" Listed Below
<p>Elementary Specifications: When crafting your daily schedule, you can include pictures that represent what your classroom will be doing that day. Also, when there are differences in the schedule (e.g. assembly) make sure to post those changes. Review your daily schedule each morning and reference it often when moving on to the next lesson. A student could be in charge of making changes to the schedule. If the schedule is challenging to see by all students, make sure it is in multiple places.</p>
<p>Secondary Specifications: Lay out and review your classroom's schedule of that period:</p> <ol style="list-style-type: none"> 1. Objective of lesson 2. Materials needed 3. Assignment to be completed 4. Homework to be given 5. Any important dates of tasks in the tests to come. <p>If the schedule is challenging to see by all students, make sure it is in multiple places.</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Beginning of class and, if applicable, throughout the day
Measurement:
<p>Additional Resources:</p> <p>More Information:</p> <p>http://www.interventioncentral.org/behavioral-interventions/special-needs/teaching-children-developmental-disabilities-classroom-ideas</p>

Practice Relaxation Techniques

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Internalizing Behavior; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Stress; Anxiety; Emotion Regulation
<p>Description: Practice relaxation techniques with students in order to give them the skills needed to calm themselves when feeling overwhelmed or anxious. Techniques should be practiced regularly in addition to times when students are experiencing emotional distress.</p> <p>Techniques</p> <ul style="list-style-type: none"> • Progressive Muscle Relaxation Ex: "Now, make a fist with your left hand and squeeze...imagine that you are holding an orange and you are squeezing all the juice out of the orange" • Deep Breathing Ex: Inhale slowly through the nose, wait 2 seconds, exhale through the mouth (blowing up a balloon), repeat • Visualization Ex: "Now as your body relaxes, imagine you're a <i>beautiful</i> butterfly fluttering high in the sky. You see the lovely green valley below you with lots of colorful flowers, just waiting for you to enjoy. You feel the wind blow against your delicate wings" • Meditation
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Media and other tools (singing bowl, chime instrument) can be used during a variety of relaxation techniques; ensure techniques/strategies are age appropriate
Secondary Specifications: Media and other tools (singing bowl, chime instrument) can be used during a variety of relaxation techniques; ensure techniques/strategies are age appropriate
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? As needed throughout school year
Measurement:

Process/Place for Materials When Absent

Target Ages: K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning Skills (i.e., organization, planning)
Description: Provide a consistent process and structure for students to gather work/assignments when they have been absent. This will help students' organization. This can look like a folder on a student's desk with the missing day's work, or it can be another student's job to help their peer catch up on what was missed. There can also be a certain area in the classroom for extra worksheets that the student can gather.
Location of Resource: See "Additional Resources" Listed Below
Elementary Specifications: A "Ketchup" folder can be helpful for students. This folder should be in a consistent place for students who were absent (i.e., on student's desk, in specific location in classroom) to let the students know what was missed and what needs to be completed.
Secondary Specifications: Have a structure in place for students to know who to talk to and where to find work when they are absent.
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly; As needed • How Long Should It Be Implemented? Throughout the School Year
Measurement:
Additional Resources: For a free "Ketchup" Folder download: https://www.teacherspayteachers.com/Product/KETCHUP-Folder-Freebie-1392583 Additional Ideas/Information: http://www.interventioncentral.org/blog/self-management/how-help-students-complete-missing-work-late-work-teacher-student-conference

Provide Controlled Choice

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I), Targeted (Tier III)
Domains Targeted: Attention and Academic Competence; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Work Completion; Off-Task/Disruptive Behaviors
<p>Description: Providing 2-3 choices in task completion when asking non-compliant students to comply with a task. The options that the student is given should still result in completion of the desired task.</p> <p>Example: "Dan, will you please hand out these papers and begin your work OR get started on your assignment?"</p> <p>Keep voice calm and have neutral tone when asking for compliance.</p>
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Ensure that options given to student allow for the desired task to be completed; Ensure tasks align with age and are given in a manner that is developmentally appropriate (i.e., giving 1-2 step directions vs. 5-6 for younger students)
Secondary Specifications: Ensure that options given to student allow for the desired task to be completed; Ensure tasks align with age
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly/As Needed • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>More Information: Page 7</p> <p>http://www.jimwrightonline.com/mixed_files/NJASP/wright_NJASP_Handout_1_May_09.pdf</p>

Provide Structured Routine and Predictability

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence; Internalizing Behavior
Specific Concern Areas Addressed: Work Completion; Student Engagement; Attention; Anxiety
<p>Description: All students benefit from provision of a structured routine and predictability. This can positively affect classroom behaviors, classwork production, student engagement, and attention. Teachers can post schedules so that all students can see or put them on individual desks. Some students with developmental disabilities do well with a schedule that is more visual, i.e., pictures as opposed to words.</p> <p>Students who have difficulty with transitions need to be prepared for transitions as well as changes in their schedules. For example, if speech therapy is not going to happen as planned, the student needs to be pre-set for this change in order to decrease the chance of behavioral difficulties.</p>
<p>Location of Resources: University of Missouri's Evidenced Based Intervention Network http://ebi.missouri.edu/?cat=22 Intervention Central - http://www.interventioncentral.org/behavioral-interventions/special-needs/teaching-children-developmental-disabilities-classroom-ideas Positive Behavioral Interventions and Supports www.pbisworld.com http://www.cesa7.org/sped/autism/structure/str11.htm</p>
Elementary Specifications: Ensure that routines are taught immediately, understood by students, and practiced throughout the school year; Visual schedules can be very beneficial for younger students, as well as students with disabilities
Secondary Specifications: Ensure that routines are taught immediately, understood by students, and practiced throughout the school year; Having students place a copy of their daily schedule in their notebooks/planners can also be beneficial
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources: More Information/Examples:</p> <ol style="list-style-type: none"> 1. Rules, Routines, and Standards In Elementary and Secondary Grades ¹ 2. Organization Help for ADHD Children (and Their Parents!) ² 3. Structured Daily Schedule.pdf ³ <p>Positive Behavioral Interventions and Supports www.pbisworld.com</p>

Proximity Control

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Attention and Academic Competence; Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Student Engagement; Off-Task/Disruptive Behaviors
<p>Description: Proximity control encompasses the placement of a student in a location in which their off-task or disruptive behaviors are minimal. Placing students whom have difficulty sustaining attention or will become disruptive, next to or near the teacher in the classroom or having the teacher stand near their desk/table when possible is effective in decreasing problematic behaviors.</p> <p>Examples of proximity control include: placing student's desk near teacher's desk, standing close to student in line or assigning them as line leader, standing near student when delivering instructions or directions, etc.)</p>
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Ensure that placement of the student is far enough away from other distractions, such as peers or objects; Giving the student assigned seats near the teacher during transition times or movement around the classroom can be effective (i.e., when seated at carpet, during stations/centers, etc.)
Secondary Specifications: Ensure that placement of the student is far enough away from other distractions, such as peers or objects; Ensure that proximity is non-threatening (i.e. not trying to catch misbehavior) to the student as this may escalate these behaviors
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>More Information: http://www.interventioncentral.org/behavioral-interventions/challenging-students/school-wide-strategies-managing-task-inattention</p> <p>http://www.interventioncentral.org/blog/behavior/how-handle-common-classroom-problem-behaviors-using-behavior-management-menu</p> <p>(Point 3)</p>

Reinforcement/Reward System

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I), Targeted (Tier III)
Domains Targeted: Attention and Academic Competence; Social Skills and Peer Relations; Internalizing Behavior; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Inattention; Work Completion; Pro-Social Social Interactions/Conflict Resolution; Anxiety; Off-Task/Disruptive Behaviors
<p>Description: A reinforcement system awards student/s who display expected behaviors and/or academic goals. It is best if the reinforcements are chosen by the students and the initial goal is achievable by the student.</p> <p>A reward menu is a reinforcement system option that breaks down how many points the student needs to have to earn a specific reward.</p> <p>Preference assessments are also beneficial when determining student rewards/reinforcements.</p> <p>Implementation Process:</p> <ul style="list-style-type: none"> • Complete the guide to determine reinforcers with the student. • Select a behavior and/or academic goal (remember, start with a small goal at first). • Provide students opportunities to earn reinforcements by utilizing a reward menu (ex: 2 points earned = YouTube video, 3 points earned = phone time, 4 points earned= bag of chips...etc.). • Teach and model how to earn rewards. • Provide opportunities for your student to practice how to use the plan and then provide feedback. • Ensure that the student has a copy of their plan and a way to track their progress.
Location of Resource: See "Additional Resources" Listed Below
Elementary Specifications: Ensure rewards are motivating to student by including them in the selection process; Ensure behaviors/academic expectations are age appropriate and aligned with developmental level
Secondary Specifications: Ensure rewards are motivating to student by including them in the selection process; Ensure behaviors/academic expectations are age appropriate and aligned with developmental level
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Daily/Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:

nt1.pdf)

Response-Cost System

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I), Targeted (Tier III)
Domains Targeted: Self-Regulating and Externalizing Behaviors
<p>Specific Concern Areas Addressed: Off-Task/Disruptive Behaviors; Motivation; Engagement</p> <p>**NOTE: This intervention will not work well with students whom will become more angry/upset if they “lose” something (those whom have anger management concerns)</p>
<p>Description: This intervention is similar to a token economy (<i>see page ____</i>). Response-cost systems provide some kind of positive reinforcement for appropriate behaviors and negative punishment (i.e., removal of something) for inappropriate behaviors. The goal of this intervention is to encourage students to identify and acknowledge their display of inappropriate behaviors and increase their motivation to engage in appropriate behaviors.</p> <p>Example:</p> <ol style="list-style-type: none"> 1. Sarah is given two “dollars” each time she displays a positive behavior. When she displays a negative behavior, she has to “pay” a “dollar” <ol style="list-style-type: none"> a. These “dollars” can be cashed in for rewards off of Sarah’s reward menu 2. In Ms. Smith’s classroom, students receive a ticket when she catches them doing something positive. If Ms. Smith has to re-direct or reprimand a student for negative behaviors, she then takes a ticket away. <ol style="list-style-type: none"> a. These tickets are utilized at the classroom store, where students can by reinforcements
Location of Resource: See “Additional Resources” listed below
Elementary Specifications: Ensure that students are motivated by the reinforcement provided (if it doesn’t bother them to lose the reinforcement, then the intervention will not be effective)
Secondary Specifications: Ensure that students are motivated by the reinforcement provided (if it doesn’t bother them to lose the reinforcement, then the intervention will not be effective)
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Throughout school year; fade when display of negative behaviors begin to decrease consistently
Measurement:
<p>Additional Resources:</p> <p>More Information:</p> <p>EBI Network: http://ebi.missouri.edu/?s=response+cost</p>

Examples of Response-Cost Systems:

Role Play/Model Coping Strategies

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Internalizing Behavior; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Stress; Anxiety; Emotion Regulation
<p>Description: Role-play helps integrate coping skills by allowing students to connect to real-life situations. Assist students in practicing skills, gaining insights, resolving conflicts, and finding solutions by having them act out certain situations. By practicing these coping skills, students will have the ability to access them when experience emotional distress.</p> <p>Integration</p> <ol style="list-style-type: none"> 1. Prepare the role play 2. Prepare the role players 3. Prepare the audience 4. Present the role play 5. Process the role play
Location of Resource: See "Additional Resources" listed below
Elementary Specifications: Role play situations should be appropriate for age of the students; Ensure that coping strategies are taught and understood prior to role-play and modeling practices; Process with students as difficult situations arise and work through appropriate coping strategies together
Secondary Specifications: Role play situations should be appropriate for age of the students; Ensure that coping strategies are taught and understood prior to role-play and modeling practices; Process with students as difficult situations arise and work through appropriate coping strategies together
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? As needed throughout school year
Measurement:
<p>Additional Resources:</p> <p>More Information/Guidance:</p> <p>http://www.opheliaproject.org/teaching/Role%20Playing%20Packet.pdf</p>

Role Play/Model Problem Solving

Target Ages: K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Self-Regulating and Externalizing Behavior; Social Skills and Peer Relations
Specific Concern Areas Addressed: Disruptive Behaviors; Peer Relationships; Empathy; Problem Solving Skills
<p>Description: Role play helps integrate learning/behavior management by allowing students to connect to real-life situations. Assist students in practicing skills, gaining insights, resolving conflicts, and finding solutions by having them act out certain situations.</p> <p>Integration</p> <ol style="list-style-type: none"> 1. Prepare the role play 2. Prepare the role players 3. Prepare the audience 4. Present the role play 5. Process the role play <p>Role Play Content Ideas</p> <ol style="list-style-type: none"> 1. Teasing vs. Taunting 2. Touching vs. Hitting 3. Friendship Groups vs. Cliques 4. Protecting Friends vs. Building Alliances 5. Sharing vs. Gossiping 6. Telling vs. Tattling 7. Assertive vs. Aggressive
Location of Resource: See "Additional Resources" for more information
Elementary Specifications: Role play situations should be appropriate for age of the students (i.e., playground conflict, sharing toys/materials)
Secondary Specifications: Role play situations should be appropriate for age of the students (i.e., conflict within peer group, gossiping/rumors)
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher or Counselor • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Regularly throughout the school year
Measurement:
<p>Additional Resources:</p> <p>More information: http://www.opheliaproject.org/teaching/Role%20Playing%20Packet.pdf</p>

Scoring Rubric

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Executive Functioning Skills (e.g., organization, planning); Work Completion
Description: Scoring rubrics help students understand assignment expectations. They also help chunk out project components, which helps students' organization and attention skills.
Location of Resource: See "Additional Resources" Listed Below
Elementary Specifications: Scoring rubrics should be simplified for the younger grades and more detailed for the older grades. Teach and model how to use a rubric; review expectations of each rubric.
Secondary Specifications: Teach and model how to use a rubric; review expectations of each rubric
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly/As Needed • How Long Should It Be Implemented? Throughout the School Year
Measurement:
Additional Resources: More information regarding scoring rubrics: https://www.gallaudet.edu/office-of-academic-quality/assessment/assessment-of-student-learning/instructions-and-examples/developing-a-scoring-criteria-(rubrics) http://www.interventioncentral.org/sites/default/files/pdfs/pdfs_blog/student_assessment_rubrics.pdf

Second Step

Target Ages: Grades K-5
Level of Intervention: Universal (Tier I)
Domains Targeted: Self-Regulating and Externalizing Behavior; Social Skills and Peer Relations
Specific Concern Areas Addressed: Social-Emotional Learning; Self-Regulation; Empathy; Problem Solving; Learning Skills; Emotion Management
<p>Description: Second Step strengthens a student's social-emotional skills by in-classroom lessons taught once a week in addition to daily activities. This universal intervention works on helping students to better manage their emotions while also learning how to properly control their reactions. By improving upon students' social-emotional skills, they will begin to be aware of others' feelings and better their problem solving and decision-making skills.</p> <p>Lesson Concepts</p> <ol style="list-style-type: none"> 1. Learning to listen 2. Focusing Attention 3. Following directions 4. Self-talk for staying on task 5. Being assertive 6. Feelings 7. More feelings 8. Identifying anger 9. Same or different? 10. Accidents 11. Caring and helping 12. We feel feelings in our bodies 13. Managing frustration 14. Calming down strong feelings 15. Handling waiting 16. Managing anger 17. Managing disappointment 18. Handling being knocked down 19. Solving problems 20. Inviting to play 21. Fair ways to play 22. Having fun with our friends 23. Handling having things taken away 24. Handling name-calling 25. Review Second Step skills
Location of Resource: Boone County Schools Mental Health Coalition; Available for purchase at: http://www.secondstep.org/Purchase

Elementary Specification: Generalization and integration of these skills throughout a student's environment can be emphasized by using re-teaching, modeling, and reinforcement.

Secondary Specifications: N/A

Implementation Guidelines:

- Who Should Implement? Classroom Teachers (Counselor can be used when needed for additional support)
- How Often Should It Be Implemented? Once a week (20-40 minute) lessons and daily (5-10 minutes) lessons
- How Long Should It Be Implemented? Throughout the school year; Until lessons completed

Measurement:

Additional Resources:

More information: <http://www.cfchildren.org/second-step/elementary>

Second Step (6-8)

Target Ages: Grades 6-8

Level of Intervention: Universal (Tier I)

Domains Targeted: Bullying; Self-Regulating and Externalizing Behavior; Social Skills and Peer Relations

Specific Concern Areas Addressed: Empathy; Communication; Bullying Prevention; Emotion Management; Problem Solving; Substance Abuse Prevention

Description: Second Step (6-8) places an emphasis on strengthening communication, coping, and decision-making skills. The goal of this program is to reduce aggression and create a more supportive and inclusive environment for students. Second Step (6-8) utilizes lessons, posters, activities, homework, family letters, and assessments in order to implement the intervention.

Lesson Concepts for Grade 6

1. Work in groups
2. Friends and allies
3. Considering perspectives
4. Disagreeing respectfully
5. Being assertive
6. Recognizing bullying
7. Bystanders
8. Emotions-brain and body
9. Calm-down strategies
10. Using the action steps
11. Making a plan
12. Tobacco and marijuana
13. Alcohol and inhalants
14. Identifying hopes and plans
15. Making a commitment

Lesson Concepts for Grade 7

1. Working in groups
2. Disagreeing respectfully
3. Negotiating and compromising
4. Giving and getting support
5. Responding to bullying
6. Cyber bullying
7. Sexual harassment
8. Understanding anger
9. Staying in control
10. Coping with stress
11. Myths and facts
12. Norms and attitudes

13. Making good decisions

Lesson Concepts for Grade 8

- Working in groups
- Leaders and allies
- Handling a grievance
- Negotiating and compromising
- Bullying in friendships
- Labels, stereotypes, and prejudice
- Bullying in dating relationships
- De-escalating a tense situation
- Coping with stress
- Making your plan
- Evaluating your plan
- Identifying future goals
- Keeping your commitment

Location of Resource: Boone County Schools Mental Health Coalition; Available for purchase at: <http://www.secondstep.org/Purchase>

Elementary Specifications: N/A

Secondary Specifications: Generalization and integration of these skills throughout a student's environment can be emphasized by using re-teaching, modeling, and reinforcement.

Implementation Guidelines:

- Who Should Implement? Classroom Teachers (Counselor can be used when needed for additional support)
- How Often Should It Be Implemented? Once a week (50 minute) lessons
- How Long Should It Be Implemented? Throughout the school year; Until lessons completed

Measurement:

Additional Resources:

More information: <http://www.cfchildren.org/second-step/middle-school>

Self-Monitoring Strategies

Target Ages: Grades K-12

Level of Intervention: Universal (Tier I), Targeted (Tier III)

Domains Targeted: Attention and Academic Competence; Self-Regulating and Externalizing Behavior

Specific Concern Areas Addressed: Off-Task Behaviors; Disruptive Behaviors

Description: Self-monitoring can be utilized to increase on-task/positive behaviors and decrease off-task/disruptive behaviors in classroom settings. The student is an active participant in the intervention as he/she will be responsible for monitoring and evaluating his or her own behaviors.

Steps for Implementation

- The teacher and student meet to select the desired behavior(s) to be monitored. The behavior should be written so that it is clear, specific, and measureable.
- 1. Behavior should be one that can be either increased or decreased.
- 2. Examples: listing homework assignments; staying on-task; following directions, interrupting, staying in seat, etc.
- Teach student how to evaluate whether they completed the targeted behavior(s) and record this on their self-monitoring sheet. When teaching each step, be sure to model for the student how to use the sheet and then allow the student to practice completing.

Auditory or visual cues should be utilized for when students should monitor behaviors. For example – if the student is tracking their on-task behavior, there should be a reminder given (visually from teacher or auditory from computer, headphones, watches, etc.) for student to document their behavior at that time. See “Additional Resources” section below for more information about cues, as well as example monitoring forms.

Self-monitoring can also be used to track work completion. Students will document whether or not they complete a task for a given time. For example, a student or students can use a checklist to monitor whether or not they write down their assignments each day. See the example below.

CHECKLIST

Did I...	Mon.	Tue.	Wed.	Thurs.	Fri.
Write down my homework assignments?	Yes No	Yes No	Yes No	Yes No	Yes No

Location of Resource: See “Additional Resources” listed below

Elementary Specifications: Ensure that behaviors are age-appropriate; ensure tracking sheets are feasible for both student and teacher to complete

Secondary Specifications: Ensure that behaviors are age-appropriate; ensure tracking sheets are feasible for both student and teacher to complete

Implementation Guidelines:

- Who Should Implement? Classroom Teacher
- How Often Should It Be Implemented? Daily/Regularly
- How Long Should It Be Implemented? Throughout the School Year

Measurement:

SOAR

Target Ages: Grades 6-12
Level of Intervention: Universal (Tier I), Selected (Tier II)
Domains Targeted: Attention and Academic Competence
Specific Concern Areas Addressed: Organization; Communication; Work Completion
<p>Description: The SOAR® Study Skills Curriculum teaches learning, organizing, and communication skills for school and work achievement. Those skills include:</p> <ul style="list-style-type: none"> • Set goals • Establish priorities • Manage time • Organize papers, desks, lockers, & other space • Speak & listen effectively • Work with teachers & peers • Read and understand textbooks • Take notes • Study for tests • Write research papers • Prepare for presentations • Track long-term goals
<p>Location of Resource: Boone County School's Mental Health Coalition</p> <p>Purchasing Information: https://studyskills.com/educators/soar-educator-options/</p>
Elementary Specifications: N/A
Secondary Specifications: The curriculum is adaptable to individual student's life (organization system at home) and the school's expectations (organization system at school).
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher and/or Counselor • How Often Should It Be Implemented? Daily or Weekly/Regularly • How Long Should It Be Implemented? Throughout the school year; Until all lessons completion (there are 5 sections and 15 chapters, depending on how often the curriculum is implemented, it could take between 4 and 15 weeks to implement)
Measurement:
<p>Additional Resources:</p> <p>More Information: https://studyskills.com/educators/study-skills-curriculum/</p>

Social Decision Making/Problem Solving

Target Ages: Grades K-8
Level of Intervention: Universal (Tier I)
Domains Targeted: Self-Regulating and Externalizing Behaviors
Specific Concern Areas Addressed: Impulsivity; Problem-Solving
Description: Social Decision Making/Problem Solving is an intervention curriculum that emphasizes reflection, non-impulsiveness and decision making/problem-solving. It uses an array of cooperative learning methods including group work and role playing. Students are taught skills that address self-control, listening, respectful communication, giving/receiving help and working cooperatively.
Location of Resource: Boone County Schools Mental Health Coalition Purchasing Information: https://www.researchpress.com/books/919/social-decision-making-social-problem-solving-sdmsps
Elementary Specifications: This curriculum is ideal in the classroom setting, but can be modified for small groups if needed
Secondary Specifications: This curriculum is ideal in the classroom setting, but can be modified for small groups if needed
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher and/or Counselor • How Often Should It Be Implemented? Weekly/Regularly • How Long Should It Be Implemented? Throughout the school year; Until all lessons completed

Social-Emotional Coaching

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Social Skills and Peer Relations
Specific Concern Areas Addressed: Social-Emotional Learning; Empathy; Emotion Management; Peer Relationships.
<p>Description: Social-Emotional Coaching is a strategy that is utilized when students are having difficulty in social situations. The teacher “catches” kids having problems/concerns (in the moment) and coaches them to use effective strategies to get through it.</p> <p>Teachers should:</p> <ul style="list-style-type: none"> • Recognize and pay attention to students’ emotions • Do not dismiss or avoid students’ emotions • See emotional moments as opportunities for teaching/problem-solving • Encourage students to talk about their emotions • Provide guidance/coaching before the emotions escalate
Location of Resource: See “Additional Resources” Listed Below
Elementary Specifications: Use emotional moments as opportunities to connect with the students
Secondary Specifications: Use emotional moments as opportunities to connect with the students
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly; As Needed • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>Additional Information/Guidance on Topics/Situations: http://www.casel.org/in-the-classroom/</p>

Stop and Think Social Skills Curriculum (Pre K – 1)

Target Ages: Pre-K-1
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulating and Externalizing Behavior; Social Skills and Peer Relations
Specific Concern Areas Addressed: On-Task Behaviors; Problem-Solving; Conflict Resolution; Social Skills
<p>Description: Stop and Think Social Skills curriculum focuses on ten core skills for student's Pre-K to early elementary school. The skills selected are considered to be important to the development of good interpersonal, problem-solving and conflict resolution and to help create positive classroom climate and safe school buildings. Stop and Think is delivered in a 5 Step Teaching process; teaching (the steps of the desired social skill), modeling (the steps and language used), role playing (providing students with practice opportunities), giving performance feedback (how well they are doing with the new behavior) and applying (students use the skills as much as possible during the day).</p> <p>The Ten Core Social Skills for Pre-K-1 are:</p> <ul style="list-style-type: none"> • Listening • Following Directions • Using Nice Talk • Asking for help • Waiting your Turn • How to Interrupt • Ignoring • Dealing with Teasing • Dealing with Losing • Accepting Consequences
<p>Location of Resource: Boone County Schools Mental Health Coalition Link from Drive; for Stop and Think purchasing information please visit: http://store.voyagersopris.com/stop-think-social-skills-program/</p>
<p>Elementary Specifications: Ensure that implementation is consistent and that students understand topic/skill prior to moving on to the next; Can be modified for universal implementation</p>
<p>Secondary Specifications: N/A</p>
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher and/or Counselor • How Often Should It Be Implemented? Weekly/Regularly (20 – 30 Minute Sessions) • How Long Should It Be Implemented? Throughout the school year; Until lessons complete (10 weeks)

Strong Start (K – 2)

Target Ages: Grades K-2	
Level of Intervention: Selected (Tier II)	
Domains Targeted: Self-Regulating and Externalizing Behavior; Social Skills and Peer Relations	
Specific Concern Areas Addressed: Self-Regulation; Understanding and Expressing Feelings	
Description: Preventative or intervention curriculum designed to enhance social and emotional learning. Strong Start consists of 10 lessons which incorporate activates and children's books to help emphasize the lesson concepts.	
Lesson Number and Title	Main Purpose
1. The Feelings Exercise Group	Introduce students to the Strong Start curriculum
2. Understanding Your Feelings 1	Teach students to name basic feelings
3. Understanding Your Feelings 2	Teach students appropriate ways to express feelings
4. When You're Angry	Teach students to manage anger and helpful ways of handling anger
5. When You're Happy	Teach students to feel happy and to use positive thinking
6. When You're Worried	Teach students to manage anxiety, worry, and fear
7. Understanding Other People's Feelings	Teach students how to identify others' feelings
8. Being a Good Friend	Teach students basic communication and friendship-making skills
9. Solving People Problems	Teach students to solve problems with others
10. Finishing UP!	Review of major concepts in the Strong Start curriculum
Location of Resource: Boone County Schools Mental Health Coalition; Link from Drive; Available for purchase at: http://products.brookespublishing.com/Merrells-Strong-StartGrades-K-2-P946.aspx	
Elementary Specifications: Strong Start encourages leaders to use a stuffed animal as the mascot for the curriculum. Allow extra time during lessons in order to incorporate media, games, etc. as needed; Can be modified for universal implementation	
Secondary Specifications: N/A	
Implementation Guidelines: <ul style="list-style-type: none"> Who Should Implement? Classroom Teacher and/or Counselor

Strong Kids (3 – 8)

Target Ages: Grades 3-8	
Level of Intervention: Selected (Tier II)	
Domains Targeted: Self-Regulating and Externalizing Behavior; Social Skills and Peer Relations	
Specific Concern Areas Addressed: Self-Regulation; Understanding and Expressing Feelings	
Description: Preventative or intervention curriculum designed to enhance social and emotional learning. Strong Start consists of 12 lessons which incorporate activities to help emphasize the lesson concepts.	
Lesson Number and Title	Main Purpose
1. About Strong Kids: Emotional Strength Training	Introduce students to the Strong Kids curriculum
2. Understanding Your Feelings 1	Teach students to identify comfortable and uncomfortable feelings, and to increase their emotional vocabulary
3. Understanding Your Feelings 2	Focus on appropriate ways to express various feelings
4. Dealing With Anger	Teach students to understand and manage anger, using a four-step cognitive-behavioral model
5. Understanding Other People's Feelings	Development of empathy skills, or ability to identify feelings that other people may have
6. Clear Thinking 1	Teach students strategies to identify negative and maladaptive thinking patterns and common thinking errors
7. Clear Thinking 2	Techniques for dispelling irrational negative thoughts and replacing them with more realistic and constructive cognitions
8. The Power of Positive Thinking	Teach students more strategies to offset negative thinking styles, and to use an optimistic style of approaching problems
9. Solving People Problems	Teach students to solve interpersonal problems and deal with conflicts effectively and without violence
10. Letting Go of Stress	How to identify stressors, cognitive and behavioral strategies for managing stress, anxiety, and worries
11. Behavior Change: Setting Goals and Staying Active	Teach students basic steps for setting and achieving realistic goals, and strategies for increasing positive and appropriate activities

12. Finishing UP!	Review of major concepts in the Strong Kids curriculum
Location of Resource: Boone County Schools Mental Health Coalition; Link from Drive; Available for purchase at: http://products.brookespublishing.com/Merrells-Strong-KidsGrades-3-5-P944.aspx (3-5)	
http://products.brookespublishing.com/Merrells-Strong-KidsGrades-6-8-P945.aspx (6-8)	
Elementary Specifications: Allow extra time during lessons in order to incorporate media, games, etc. as needed; Can be modified for universal implementation	
Secondary Specifications: Allow extra time during lessons in order to incorporate media, games, etc. as needed; Can be modified for universal implementation	
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher and/or Counselor • How Often Should It Be Implemented? Weekly/Regularly (45-55 Minute Sessions) • How Long Should It Be Implemented? Throughout school year; Until lessons completed (12 weeks)

Systematic Exposure

Target Ages: Grades K-12
Level of Intervention: Targeted (Tier III)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Anxiety
Description: Also called systematic desensitization. This is a behavioral approach developed by Joseph Wolpe. Cognitive restructuring can also be utilized with this approach. Steps: <ol style="list-style-type: none"> 1. Identify the anxiety. 2. Teach relaxation technique. 3. Develop a 1 – 10 hierarchy(least to most anxious). 4. Start at 1 and work up with utilizing the relaxation technique. 5. As the student becomes comfortable, go to the next step until anxiety dissipates.
Location of Resource: See “Additional Resources” Listed Below
Elementary Specifications: Must be facilitated by a mental health professional; ensure that relaxation techniques are modeled, taught and practiced prior to implementation (and are effective in decreasing anxiety)
Secondary Specifications: Must be facilitated by a mental health professional; ensure that relaxation techniques are modeled, taught and practiced prior to implementation (and are effective in decreasing anxiety)
Implementation Guidelines: <ul style="list-style-type: none"> • Who Should Implement? Counselor or Mental Health Professional • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Throughout school year and fades when progress from student is consistent/goals are met
Measurement:

Teach Positive Self-Talk

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Self-Esteem; Motivation; Anxiety
<p>Description: Teach, Model and Practice positive self-talk phrases for students to utilize instead of negative talk</p> <ul style="list-style-type: none"> • Examples of Positive Self-Talk: <ul style="list-style-type: none"> ○ I can do this ○ I am smart ○ I am a good friend <p>Doing this can change how the student feels about themselves (self-esteem/self-image) and also positively impacts motivation.</p>
Location of Resource: See "Additional Resources" Below
Elementary Specifications: Modeling of these behaviors/phrases by teachers is important; Reinforcement/praise of utilizing these strategies will allow for increased displays of these behaviors from students
Secondary Specifications: Modeling of these behaviors/phrases by teachers is important; Reinforcement/praise of utilizing these strategies will allow for increased displays of these behaviors from students
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly; As Needed • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>More Information – Page 13</p> <p>http://www.jimwrightonline.com/mixed_files/NASP_Indy/wright_NASP_IN_motivation_supplemental_handout.pdf</p> <p>Test Anxiety Information</p> <p>https://www.google.com/url?q=http://www.jimwrightonline.com/ppt/NASP08/NASP_08_Wright_Test_Anxiety.ppt&sa=U&ved=0ahUKEwjwu6q81qLVAhXGTSYKHxolCboQFggKMAM&client=internal-uds-cse&usg=AFQjCNHGYC6qZ8Gc56PrQEWP5SXxw18uQg</p>

Teen Outreach Program

Target Ages: Grades 6-12
Level of Intervention: Selected (Tier II)
Domains Targeted: Social Skills and Peer Relations
<p>Description: The Teen Outreach Program is designed to empower teens by giving them the tools and opportunities needed to build and sustain a solid foundation of healthy behaviors, life skills, and sense of purpose. It equips teens with the skills necessary to avoid risky behaviors that can derail future plans of achievement.</p> <p>The curriculum includes the following skills/topics:</p> <ul style="list-style-type: none"> • Healthy relationships (for example, tips and techniques to avoid peer pressure) • Communication and assertiveness • Critical thinking and external influences • Goal-setting (for example, in relation to the impact of teen parenting) • Decision making and personal reflection • Values clarification to explore their own values • Human development and sexuality (Partners can modify based on their setting or choose to exclude these lessons) • Community service learning
Location of Resource: www.teenoutreachprogram.com/
Elementary Specifications: N/A
Secondary Specifications: Can be implemented in a variety of settings such as: in-school, after-school through community organizations and in systems (residential treatment, foster care, or juvenile justice).
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselors, Teachers, or other support staff who are trained to facilitate • How Often Should It Be Implemented? Min. of 20 hrs. of community service learning with weekly meetings • How Long Should It Be Implemented? 9 months; Throughout the school year
Measurement:
<p>Additional Resources:</p> <p>For information regarding the Teen Outreach Program in Columbia MO visit: www.como.gov *Search: Teen Outreach Program</p> <p>More general information about the Teen Outreach Program (not specific to Columbia MO: www.blueprintsprograms.com/factsheet/wyman-s-teen-outreach-program</p>

The C.A.T. Project

Target Ages: Grades 6-12
Level of Intervention: Selected (Tier II)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Anxiety
<p>Description: Provides psycho-education by using cognitive-behavioral strategies. Students will learn skills for identifying anxiety, managing anxiety, and how to face fears. The C.A.T. Project uses different pictures and examples than Coping Cat in order to be applied to students in secondary school.</p> <p>Components</p> <ol style="list-style-type: none"> 1. Recognize anxious feelings 2. Clarify feeling in anxiety-provoking situations 3. Develop a coping plan 4. Evaluate performance and administer self-reinforcement
<p>Location of Resource: Boone County Schools Mental Health Coalition; Available for purchase at http://www.workbookpublishing.com/c-a-t-project-workbook-for-the-cognitive--behavioral-treatment-of-anxious-adolescents-ages-14-17.html</p>
Elementary Specifications: N/A
Secondary Specifications: For ages 14-17 years
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor or Mental Health Professional • How Often Should It Be Implemented? 50-minute sessions weekly • How Long Should It Be Implemented? 16 weeks or until sessions completed
Measurement:
<p>Additional Resources:</p> <p>More Information: http://www.cebc4cw.org/program/c-a-t-project/</p>

The Cool Kids Program

Target Ages: Grades 2-12 (Ages 7-17)
Level of Intervention: Selected (Tier II), Targeted (Tier III)
Domains Targeted: Internalizing Behavior
Specific Concern Areas Addressed: Anxiety
<p>Description: Uses cognitive behavioral strategies to teach children how recognize emotions, challenge their anxious beliefs, and gradually expose themselves to fearful situation in more positive ways. This program follows a family model, so parent involvement is necessary.</p> <p>Session Topics</p> <ol style="list-style-type: none"> 1. What, Why and How? An Overview of the Program 2. Learning to Think Realistically 3. Rewards 4. Fighting Fear by Facing Fear 5. Creative Exposure 6-9. Building Skills While Facing Fears 10. Maintaining Gains and Coping with Set-Backs <p>The Parent Information sessions contained within the school version of Cool Kids are as follows:</p> <ol style="list-style-type: none"> 1. Overview and Early Skills Session 2. Behavior Management and Stepladders
<p>Location of Resource:</p> <p>Purchasing Information: https://www.surveygizmo.com/s3/3153802/Cool-Kids-Intake-Redirection</p>
Elementary Specifications: Involves both group and individual sessions; Parental involvement/participation is required for children under 12 years of age; Homework components are also integrated
Secondary Specifications: Involves both group and individual sessions; Parental involvement/participation is recommended; Homework components are also integrated
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Counselor or Mental Health Professional • How Often Should It Be Implemented? Weekly (60 Minute Sessions) • How Long Should It Be Implemented? Throughout school year; Until sessions completed (10-12 weeks)
Measurement:

Token Economy Reward System

Target Ages: Grades K-12
Level of Intervention: Universal (Tier I), Targeted (Tier III)
Domains Targeted: Attention and Academic Competence; Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Behavior Management; Task Completion; Motivation
<p>Description: A system in which tokens (can also be stickers, points, etc.) are provided to students for completing certain tasks or behaving in certain ways. A Token Economy use positive reinforcement in order to increase the likelihood that a certain task or behavior will occur more frequently.</p> <p>Implementation:</p> <ul style="list-style-type: none"> • Select behaviors to target for change • Develop a method for keeping track of tokens or points • Identify powerful rewards • Establish goals • Explain the program to the child • Teacher provides feedback • Teacher provides reward • Changing the program (when needed)
Location of Resource: See "Additional Resources" for more information
Elementary Specifications: Try incorporating interests of the students (ex: using Disney stickers as tokens). Additionally, rewards should match the age of the students and do not always have to be tangible items (iPad time, extra recess).
Secondary Specifications: Try incorporating interests of the students (music, sports, etc.). Additionally, rewards should match the age of the students and do not always have to be tangible items (homework passes, free time).
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher • How Often Should It Be Implemented? Regularly • How Long Should It Be Implemented? Throughout the School Year
Measurement:
<p>Additional Resources:</p> <p>More information: http://www.educateautism.com/token-economy.html</p>

Tough Kids

Target Ages: Grades 3-7
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulating and Externalizing Behavior; Social Skills and Peer Relations
Specific Concern Areas Addressed: Emotion Regulation; Conflict-Resolution; Problem-Solving
<p>Description: The Tough Kid Social Skills Book teaches skills needed for healthy development and enables student to get along successfully in a majority of social situations. The Tough Kids manual also offers strategies to help schools identify students in need of social skills training. The Tough Kids curriculum focuses on skills such as:</p> <ul style="list-style-type: none"> • Body Basics • Joining in • Recognizing and expressing feelings • Having a conversation • Play cooperatively • Solving problems • Using self-control • Solving arguments • Dealing with teasing • Dealing with being left out • Accepting "NO"
<p>Location of Resource: Boone County School Mental Health Coalition; For purchasing information: toughkid.com/tk-products/socialskills.html; https://www.amazon.com/Tough-Kid-Social-Skills-Book/dp/1570350515</p>
Elementary Specifications: Curriculum can be adapted to work with some second graders if developmentally appropriate; Can be modified for universal implementation
Secondary Specifications: Ensure that language utilized and examples given are aligned with age/developmental level of students; Can be modified for universal implementation
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher and/or Counselor • How Often Should It Be Implemented? Weekly/Regularly • How Long Should It Be Implemented? Throughout the school year (60 Minute Sessions); Until all lessons completed (12 weeks)
Measurement:

Zones of Regulation

Target Ages: Grades K-5
Level of Intervention: Selected (Tier II)
Domains Targeted: Self-Regulating and Externalizing Behavior
Specific Concern Areas Addressed: Self-regulation; Conflict-Resolution
<p>Description: Zones of Regulation is a curriculum intervention that incorporates cognitive behavior approaches to teach students how to self-regulate their emotions. It provides easily understood visuals (traffic signals) with related colors to align with younger and older elementary students' understanding.</p> <p>Lessons Include:</p> <ul style="list-style-type: none"> • Introducing the Zones • Zones Bingo • The Zones in Video • The Zones in Me • Understanding Different Perspectives • Me in My Zones • How Do I Feel? • My Zones Across the Day • Caution! Triggers Ahead • Exploring Sensory Support Tools • Exploring Tools for Calming • Exploring Tools – Thinking Strategies • The Toolbox • When to Use Yellow Zone Tools • Stop and Use a Tool • Tracking My Tools • STOP, OPT and GO • Celebrating My Use of Tools
<p>Location of Resource: Boone County Schools Mental Health Coalition; Link from Drive;</p> <p>Purchasing Information: https://www.socialthinking.com/Search%20Results?utm_source=zonesofregulation.com&utm_medium=website&utm_campaign=zones_search#q=zones</p>
Elementary Specifications: Lessons can be provided universally or through small groups (for more effective generalization – universal application is recommended); Ensure there is plenty of practice and application opportunities provided throughout the school day
Secondary Specifications: N/A
<p>Implementation Guidelines:</p> <ul style="list-style-type: none"> • Who Should Implement? Classroom Teacher and/or Counselor • How Often Should It Be Implemented? Weekly/Regularly

- How Long Should It Be Implemented? Throughout the school year; Until all lessons completed (18 total lessons)

BOONE COUNTY SCHOOLS MENTAL HEALTH COALITION COOPERATIVE AGREEMENT

The Centralia R-VI School District, Columbia School District No. 93, Hallsville R-IV School District, Harrisburg R-VIII School District, Southern Boone County R-I School District, Sturgeon R-V School District, private/parochial schools of Boone County who work with the Coalition and The Curators of the University of Missouri ("the University of Missouri") mutually contract and agree with each other as follows:

ARTICLE 1. DEFINITIONS

- 1.1 MEMBER:** All School Districts signatory to the Cooperative Agreement and the University of Missouri.
- 1.2 BCSMHC:** Abbreviation for "Boone County Schools Mental Health Coalition"; the name by which the Cooperative agreed to is known.
- 1.3 COOPERATIVE AGREEMENT:** This contract and all addendums and amendments thereto; also referred to as "Agreement."
- 1.4 BOONE COUNTY COALITION BOARD OF DIRECTORS:** The group of Member representatives consisting of the six superintendents of the Member school districts, or their designated representatives, and the designated representative of the University of Missouri charged with performances of the Cooperative Agreement, the functioning of the Co-Operative Agreement, the functioning of the Cooperative and the fulfillment of its purposes; also referred to as "the Board."
- 1.5 EFFECTIVE DATE:** The effective date of this Agreement shall be the date upon which all Members have adopted this Agreement.
- 1.6 REPRESENTATIVE:** The Superintendent of a Member school district, or their designee, or the designated representative of the University of Missouri.
- 1.7 ALTERNATE REPRESENTATIVE:** The duly appointed Member school district or University of Missouri alternate person representing the Member School District or the University of Missouri in the absence or unavailability of the Representative.
- 1.8 RESIDENT PUPIL:** A pupil who is legally attending a Member school district.
- 1.9 ADMINISTRATIVE AGENT:** The Member chosen by the Board as the administrative and fiscal agent of the Co-Operative.
- 1.10 APPROVED EDUCATIONAL SERVICES:** Educational services authorized by the Cooperative Agreement or otherwise approved by the Board.
- 1.11 COALITION DIRECTOR:** The appointed administrator of the BCSMHC.

- 1.12 **OFFICERS:** President and Vice President of the Board and such other officers as designated by the Board.
- 1.13 **PRESIDENT:** The person elected annually by the Board to serve as President of the BCSMHC.
- 1.14 **VICE-PRESIDENT:** The person elected annually by the Board to serve as Vice President of the BCSMHC.
- 1.15 **PROJECTED OPERATING COSTS:** Those costs that are projected at the beginning of the fiscal year to be spent on educational services for resident pupils in that fiscal year, excluding the fiscal agent fee.
- 1.16 **PROJECTED FISCAL YEAR BUDGET:** The total projected budget for that fiscal year, including the projected operating costs and projected fiscal agent fee.
- 1.17 **FINAL OPERATING COSTS:** Total amount spent on educational services for resident pupils, excluding the fiscal agent fee, at the end of the fiscal year.
- 1.18 **FINAL FISCAL YEAR BUDGET:** The amount of funding, including final operating costs and the fiscal agent fee, that are required to fulfill the functions of the BCSMHC on a yearly basis.
- 1.19 **EXCESS FUNDS:** Any amount of funding that exceeds the final fiscal year budget.
- 1.20 **FISCAL AGENT FEE:** Amount payable to the Administrative Agent figured as a percentage of the yearly operating costs and submitted to the Board for approval on an annual basis. This amount shall be projected at the beginning of the fiscal year, finalized at the end of the year based on the final operating costs, and approved by the Board.

ARTICLE 2. GENERAL

- 2.1 The Members shall conduct a co-operative educational service. The so designated conducted educational service shall be known as the "Boone County Schools Mental Health Coalition" and may utilize an abbreviation of "BCSMHC"
- 2.2 This Cooperative Agreement is made, entered into and executed by the Member Districts pursuant to authority granted by Sections 70.210 through 70.320 of the Revised Statutes of Missouri. The law of the State of Missouri shall apply to, govern and control this Cooperative Agreement.
- 2.3 The Members executing this Agreement and becoming signatory hereto do so upon express authority of the respective School Boards and Board of Curators. Said authority being duly granted at an appropriate and legally called, noticed and convened regular or special meeting of said Boards.
- 2.4 A declaration or finding of illegality or invalidity concerning any part of this Cooperative Agreement shall not constitute a declaration or finding of total illegality or invalidity.

- 2.5** The initial term of this Agreement shall be for a period of twelve (12) months, beginning on July 1, 2017, and ending on June 30, 2018. Thereafter, this Agreement may be renewed via amendment for additional one (1) year terms at the option of each Member. Members shall notify the Board, in writing and no later than March 1 prior to the expiration of any given term, of their intent not to renew the Agreement and to withdraw from the BCSMHC.
- 2.6** This Agreement shall be governed by and construed in accordance with the laws of the State of Missouri. Venue for any lawsuit filed and arising out of this Agreement shall be in Boone County.
- 2.7** The waiver by any Member of a breach of any portion of this Agreement by any other Member shall not operate or be construed as a waiver of any subsequent breach.
- 2.8** This instrument contains the entire Agreement of the Members, and all prior representations and Agreements of the Members, whether written or oral, are merged herein.
- 2.9** In the event it should become impossible for any Member to perform its obligations under this Agreement at any time or times because of Acts of God, government restriction, unavailability of supplies, fire, riot, war, civil commotion, or any similar conditions, the Member shall be excused from performance; provided that such nonperformance is not due solely to the Member's own fault or negligence.
- 2.10** This Agreement may be executed in any number of counterparts, each of which, when executed and delivered, shall constitute an original; provided, however, that all such counterparts shall constitute one and the same instrument.
- 2.11** All section headings in this Agreement are for the convenience of the reader only and are not intended, nor shall they be deemed, to define or limit the scope of any provision of this Agreement.
- 2.12** Nothing in this Agreement shall be considered or construed to be a waiver by any individual Member of its sovereign immunity under the laws of the State of Missouri.

ARTICLE 3. PURPOSES

- 3.1** The BCSMHC has as its general purpose the promotion of a coordinated, multidisciplinary, collaborative initiative through: (a) implementation of a scientifically-based model of prevention and intervention, (b) reducing contextual risk factors and promoting existing protective factors, and (c) providing access for in-risk youth and their families to comprehensive mental health assessment and wrap-around case management services.
- 3.2** Approved Educational Services contemplated within the purposes of the BCSMHC shall be those services expressly authorized by the Board.

ARTICLE 4. EFFECTIVE DATE

- 4.1 The effective date of the Agreement shall be the date of adoption and shall be binding upon the Members.

ARTICLE 5. FISCAL YEAR

- 5.1 The BCSMHC shall operate on a fiscal year which shall commence on July 1st of each year and terminate on June 30th following.

ARTICLE 6. BOARD OF DIRECTORS

- 6.1 The BCSMHC shall be governed by a Board of Directors.
- 6.2 The Board shall be responsible for the performance of this Agreement and for the function of the BCSMHC and the fulfillment of its purpose. The Board shall have the power and authority to do all manner of things necessary to accomplish the performance of this Agreement and to carry out the functions of the BCSMHC and to fulfill its purposes, provided, however, that nothing herein contained shall be construed as a delegation by Members of such duties and responsibilities as are not by said Members delegable.
- 6.3 The Board shall be composed of all of the representatives of each Member. Each representative shall also appoint an alternative representative who shall serve in the absence or unavailability of the representative.
- 6.4 Each representative or the alternate, in the representative's absence, shall be entitled to one vote at all Board meetings.
- 6.5 The Board will hold four meetings per year (August, October, February and April) as deemed appropriate and necessary by the Board President, the date, time and place of which shall be designated by the President of the Board and be made known in writing to all representatives and alternates.
- 6.6 The Board may hold special meetings at the pleasure and call of the President or upon request therefore to the President or other appropriate executive officer of three (3) or more representatives. Notice of any special meeting shall be given at least five (5) days prior to the date of the meeting by prepaid United States Mail addressed to or personally delivered to the representative and alternate. Alternatively, Notice may be given by email if the email address of the designated representative, alternate or superintendent has been provided to the BCSMHC and that Member has consented to receive notices by email. Any email notice shall be sent in such a manner that a "receive receipt" and a "read receipt" are requested, and if the sender shall fail to receive such receipts within two (2) business days, mailed Notice shall be sent as provided above. Additionally, notice of the call, date, time and place of special meetings shall be given in accordance with "Open Meeting Laws" Sections 610.010 through 610.030, RSMo., at least twenty-four (24) hours before convening, unless otherwise determined.

- 6.7** Attendance at any Board meeting by a representative or alternate without objection to the call, notice or holding of said meeting shall constitute waiver by said representative of all requirements of call, notice and holding of said meeting.
- 6.8** Alternates shall participate in Board meetings only upon the absence or unavailability of the representative of the Member.
- 6.9** A quorum of the Board shall be necessary for the transaction of all business of any meeting. A quorum shall consist of the presence of representative or alternates constituting a majority of the Members.
- 6.10** Matters submitted for vote at the Board meetings shall be approved upon affirmative vote of a majority of the representatives present at the meeting.
- 6.11** The Board will elect the President and Vice-President for annual terms. The Board may elect other officers as deemed necessary to serve for designated terms. All officers shall serve until their successors are duly elected. Elections shall be on an annual basis at the April meeting. Officers begin their terms on July 1 next following their election of each year.
- 6.12** All Board business shall be appropriately recorded in books and journals of the BCSMHC which shall be maintained at the offices of the Administrative Agent and be made available for inspection by anyone upon reasonable request and at reasonable times therefore in accordance with the policy established by the Administrative Agent pursuant to the provisions § 610.023-610.026, RSMo.
- 6.13** Included in the Board's powers shall be the authority to appoint and employ other officers, administrators and personnel to perform the obligations under this Agreement and cause it to function and fulfill its purposes.
- 6.14** Subcommittees may be appointed from the Board, and may be assigned specific or limited purposes. Subcommittees shall report to the Board. Subcommittees shall only have authority to investigate, outline and recommend.
- 6.15** The offices of President and Vice-President shall be filled by representatives of the Board. The President shall preside at all meetings of the Board. The Vice-President shall preside in his absence. The Administrative Agent shall be in charge of the BCSMHC funds, the collection and disbursement thereof, and the recording and custody of all BCSMHC records.
- 6.16** The Coalition Director shall prepare and the Board shall approve a budget on an annual basis for the BCSMHC. This budget shall be developed and approved in accordance with the budgetary procedures and process of the Administrative Agent.

ARTICLE 7. MEMBER DISTRICTS

- 7.1** The BCSMHC may admit additional Members by a simple majority vote of the Board. New Members shall be signatories to this Agreement and shall be bound by its terms as of the effective date of admission to the BCSMHC. The effective date for admission of new Members shall be the first day of the next fiscal year of the BCSMHC following the Board's decision to admit the new Member.
- 7.2** A Member may elect to withdraw from the BCSMHC and not renew this Agreement by filing written notice of intent to do so with the Board no later than March 1 prior to the expiration of any given term on June 30th of that year.

Following termination of membership, a Member shall no longer receive distribution of funds held by the BCSMHC.

Upon termination of membership, a Member forfeits all interest in any equipment, materials, supplies, or property purchased with BCSMHC funds for cooperative use that is not otherwise in the possession of the Member.

- 7.3** The physical property of any Member may be utilized by the BCSMHC at no cost in providing Approved Educational Services to the individual Member's Resident Pupils.
- 7.4** Members shall include space for BCSMHC programs or services in future building programs.
- 7.5** Members or former Members are responsible for their own litigation costs, indebtedness, or other costs (i.e., unemployment claims, etc.) occurring during the period of membership or after termination of membership for any claims brought directly against the Member for actions taken as an individual district or entity and not as a member of the BCSMHC. Under no circumstance shall the BCSMHC or any individual Member be held responsible for any claim, lawsuit, indebtedness or other cost brought against or incurred by another Member or former Member for any actions taken by a Member or former Member that were not directly related to the BCSMHC.
- 7.6** Members or former Members shall assume their prorated share of litigation costs, indebtedness, and other costs incurred by the BCSMHC (i.e., unemployment claims, etc.) resulting from the termination of their membership in the BCSMHC.
- 7.7** Each Member shall cooperate fully in the application for any funds for the BCSMHC and, if possible, shall designate the Administrative Agent as the fiscal agent to facilitate the direct payment of any such funds. Each Member shall also assume the responsibility of pursuing additional funding opportunities for the BCSMHC, subject to the Board's approval of the same.
- 7.8** Any property or funds distributed to a Member through the BCSMHC shall be the property of the Member and the Member shall hold legal title to the same.

ARTICLE 8. ADMINISTRATIVE AGENT

- 8.1** The Administrative Agent shall be the University of Missouri.
- 8.2** The Administrative Agent shall be the legal entity which shall hold title to all BCSMHC funds and legal interests while this Agreement is in effect and through which all receipts and all disbursements shall flow. However, once any funds are distributed to a Member, those funds and any property or assets purchased with the same shall become the property of the Member.
- 8.3** The accounting system used by the Administrative Agent for BCSMHC financial matters shall conform to requirements established by Missouri law. The Board shall receive monthly financial statements from the Administrative Agent showing the financial condition of the BCSMHC. In addition, other financial statements determined necessary or desirable by the Board shall be presented to the Board by the Administrative Agent for review upon request.
- 8.4** The Administrative Agent shall be deemed the custodian of all books and records for the BCSMHC.
- 8.5** The Administrative Agent shall be responsible for the administrative operations of the BCSMHC as approved by the Board. All employees of the BCSMHC shall be deemed the employees of the Administrative Agent. The Administrative Agent shall maintain appropriate professional and general liability insurance with a minimum coverage of \$1,000,000 for each incident and \$3,000,000 annually for the aggregate of all claims, as well as any workers compensation insurance required under the laws of the State of Missouri.
- 8.6** Upon termination of this Agreement and termination of the BCSMHC, the Administrative Agent shall act as the liquidator of all assets of the BCSMHC not otherwise in the possession of the Members and shall distribute any remaining funds of the BCSMHC as required by law or the conditions upon which the funding was provided. If any excess funds remain upon termination which, subject to a valid claim of any asset supplier, may be distributed to Members, then the Administrative Agent shall distribute the same to the Members on the basis of the apportionment last made among Members prior to termination. Last apportionment made shall be defined as all Federal, State, and Local revenues made available to the BCSMHC during the last full year the BCSMHC operated.
- 8.7** At the end of every fiscal year, the fiscal agent shall determine whether there have been excess funds paid to the BCSMHC and submit to the Board for approval. If the Board determines excess funds exist, these funds shall be distributed to the Members in the amounts determined by the Board, or incorporated into the projected fiscal year budget for the following fiscal year.
- 8.8** The Administrative Agent shall receive a Fiscal Agent Fee for its services. The Fiscal Agent Fee shall be figured as a percentage of the yearly operating costs and conform to the specific requirements and limits associated with the funding provided to the BCSMHC. This amount shall be projected by the Administrative Agent at the beginning of the fiscal

year, finalized at the end of the year based on the final operating costs, and approved by the majority of the Board as a whole.

- 8.9** The Administrative Agent shall assume responsibility for the application for any funds for the BCSMHC. The Administrative Agent shall also assume the responsibility of pursuing additional funding opportunities for the BCSMHC, subject to the Board's approval of the same.
- 8.10** The Administrative Agent shall be considered the employer of any staff assisting with the day to day operations of the BCSMHC or providing Approved Educational Services for the BCSMHC. Under no circumstances shall any Member of the BCSMHC other than the Administrative Agent be held responsible for any claims, lawsuits, indebtedness or any other costs brought against or incurred by the Administrative Agent which involve or are related to any employees assisting with the day to day operations of the BCSMHC or providing Approved Educational Services for the BCSMHC.
- 8.11** Through its participation in this Cooperative Agreement, the Administrative Agent is a contractor of the other Members. Each of the other Members declares that, through this Cooperative Agreement, it outsources certain institutional services or functions to be performed by the Administrative Agent for which it would otherwise use its own employees. The Administrative Agent agrees that its employees involved in the performance of services or functions under this Cooperative Agreement shall be under the direct control of each Member with respect to the use and maintenance of that Member's education records. The Administrative Agent agrees to abide by the requirements of 34 CFR Section 99.33(a) governing the use and re-disclosure of personally identifiable information from education records. Based on the undertakings of this Cooperative Agreement, it is the express intention of the Members that pursuant to applicable implementing regulations of the Family Educational Rights and Privacy Act, including 34 CFR Section 99.31(a)(1)(i)(B), they each may disclose personally identifiable information from an education record of a student to the Administrative Agent and its employees involved in the performance of services or functions under this Cooperative Agreement without the consent that might otherwise be required by the Family Educational Rights and Privacy Act and its implementing regulations.

ARTICLE 9. EDUCATIONAL SERVICES

- 9.1** The initial Approved Educational Services, and all other Approved Educational Services of the BCSMHC, shall be provided by the BCSMHC and coordinated and integrated as feasibly as possible with regular programs of instruction and training provided by Members.

ARTICLE 10. PERSONNEL

- 10.1** The Board shall recommend annually to the Administrative Agent the appointment of a Coalition Director who shall be charged under the direction of the Board with the

- performance of this Agreement, the functions of the BCSMHC and the fulfillment of its purposes.
- 10.2** The Board, within the framework of the employee policies of the Administrative Agent, shall define the duties of the Director and shall establish the Director's authority and set forth the Director's responsibilities.
- 10.3** The Director shall assist the Board in all matters relating to the performance of this Agreement, the function of the BCSMHC and the fulfillment of its purpose.
- 10.4** All staff of the BCSMHC shall be employees of the Administrative Agent and subject to all employment policies of the Administrative Agent. The Administrative Agent will review and consider any written recommendations related to the annual reemployment of staff of the BCSMHC made by the Board, or its designee, which is submitted to the Administrative Agent prior to April 30th of each year.
- 10.5** Any employees of the Administrative Agent who provide Approved Educational Services to Resident Pupils of Members, or who for any reason must enter the property of a Member, shall satisfactorily complete any background checks required by the Policies of the individual Members' Board of Education.

ARTICLE 11. AMENDMENT

- 11.1** This Agreement may be amended by favorable vote of at least two-thirds of all Members.
- 11.2** Proposed amendments shall be submitted in writing to the Board which shall thereupon place the same upon the records and in the journals of the BCSMHC. Upon the presentment of the proposed amendment, the Board shall in writing forward copies of the amendment to all Members and to all representatives and alternatives together with an appropriate ballot. All amendments shall be approved if affirmatively voted upon by ballot returned to the Board in the time specified. Amendments shall be numbered as to sequence as Amendment No. 1, Amendment No. 2, etc. Additionally, upon approval of the amendments, they shall be incorporated in this Agreement utilizing article and paragraph numbers as the same are presently utilized, contained and set forth in this Agreement.

Student Checklist Administration

Introducing the Checklist:

FACILITATOR WILL SAY:

Hello students, you are about to answer a series of statements that asks about your feelings and behaviors over the past month. It is called the Student Checklist- **we will complete this three times this year.**

This information is very important. It will let us know how to do our jobs better and make sure you are getting all the supports you need to continue to do your best in school.

You will answer each statement by checking off how you have felt in the past month. One month ago was ~~insert date one month from today~~. After reading each statement, you will check “never, sometimes, often, or always” to show how often you have felt that way in the past month. “Never” means that you haven’t ever felt that way. “Sometimes” means that you have felt that way once in awhile. “Often” means you have felt that way pretty regularly. “Always” means that you constantly feel that way. Towards the end of the Student Checklist, you will see statements that ask you to check “strongly disagree, disagree, agree, or strongly agree.”

Please keep your answers to yourself. Everyone will have different answers. There are no right or wrong answers, this information helps us get to know you better and understand your feelings. Also, they are private, meaning no one should look at or discuss answers with others.

This information will be used by your counselor and who your counselor works with to continue to support you at school.

I will read the first statement and tell you out loud how I would answer the question (“I have friends to talk to at school” – I would answer sometimes). Now, you go ahead and answer the first statement, keeping in mind it is how you have felt over the past month. Any questions?

Now (for elementary students) I will read each statement OR (for secondary students) read each statement to yourself. Check one answer that is true for you and then go to the next statement. Please do not skip any items.

If you have any questions about a word or do not understand what it is asking, please raise your hand.

Following states items with words that may require some definition. If other items are questioned, give simple definitions or explanations.

I have friends to talk to at school

I have friends to eat lunch with at school

Other kids make fun of me at school

I am a good friend

I cooperate with others. "Cooperate means you get along with your classmates."

I work well with my classmates

I have a hard time asking for help

I express my feelings well. "This means it is easy for you to say or show others how you are feeling."

I like myself

I am mean to others

I am bullied by others

In the past month, I felt sad

In the past month, I felt fearful. "This means in the past month you have been afraid or scared."

In the past month, I felt lonely

In the past month, I felt worried

In the past month, I felt like I did not matter

In the past month, I felt hopeless. "This means in the past month you have felt like there was no hope. No matter what you did, things would not get better."

I get in trouble at school

I am sent out of class for bad behavior

I disrupt class

I get into fights with others. "This includes physical fighting such as using your body to hurt others, or verbal fighting such as using your words to hurt others."

My friends get in trouble at school

I have trouble sitting still at school

I have trouble finishing my work

I have trouble paying attention

I get mad easily

I have a hard time controlling my temper. "Temper means anger or frustration."

I look forward to learning new things at school

I try hard to get good grades on my work

I complete my school work on time

I miss school for reasons other than being sick. "This question is asking if you miss school for anything other than being sick or doctors/dentist appointments."

I am late to school. "This does not include coming in late because of a doctors/dentist appointment."

I listen to my teachers

I blame others for my mistakes

I get crabby and irritated easily. "This means you get grumpy, grouchy or annoyed easily."

I feel left out by others.

I talk about people behind their back

I make fun of others

I enjoy coming to school

There is an adult I can talk to at school if I need help. "This statement along with the next three questions have different ways you can answer- please choose "strongly disagree, disagree, agree, or strongly agree"."

If I had a personal or mental health problem I would ask for help. "This means, if you are having a problem with your feelings, you would ask someone for help with your feelings."

People, just like me, can have a problem with their mental health. "This means anyone can have a problem with their feelings."

It is okay if someone has a problem with their mental health. "Mental health means feelings."

I can solve real life problems. "A real life problem would be if you were locked out of your house. This statement asks you to choose "never, sometimes, often or always"."

I need help with my emotions. "This means that your feelings are sometimes too much for you to handle. This statement asks you to choose "never, sometimes, often or always"."

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Dr. Reinke:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymmo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of the Boone County Schools Mental Health Coalition)
Name of Program	Boone County Schools Mental Health Coalition

Organization Profile	
-----------------------------	--

1. In the Governing Board section, the phone number and email address for board member, Julia Brncic, is not provided. The district that Julia Brncic represents is not identified for the Board Position.

Action Required: Complete all information fields for Julia Brncic.

--

Program Overview Form	
------------------------------	--

Statement of Issue Being Addressed

2. The information provided to describe and document the community-level issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) is lacking thoroughness and clarity. The information provided gives a brief description of BCSMHC and not a thorough explanation of the problem that is being addressed in our community.

Action Required: Provide sufficient information that describes and documents the community-level issue(s) to be addressed by the proposed program. This information should include data from BID and other relevant information.

--

3. The information provided to describe the population in the City of Columbia and/or Boone County affected by the issue(s) to be addressed by the proposed program is incomplete and unclear. The information provided listed the age range and approximate number of youth in Boone County School Districts.

Action Required: Provide sufficient information that describes the population to be served by utilizing data from BID and other relevant information.

Program Overview

4. The overview of the proposed program lacks information regarding the screenings, interventions, and trainings that will be provided. The information did not provide a thorough overview for each program service.

Action Required: Provide an overview of the proposed program with sufficient information.

Program Consumers

5. The information describing the consumers who will be served by the program was not clear. The narrative provides a generalized statement that all youth in Boone County schools in kindergarten through 12th grade will be served.

Action Required: Provide sufficient information on the consumers who will be served, including characteristics and demographics.

6. The statement on why particular consumers will be served does not answer the question. The response was viewed as incomplete and unclear.

Action Required: Provide sufficient information that justifies why these consumers should receive program services.

7. The information provided to describe impediments or challenges in serving these consumers does not explain why some schools utilize the BCSMHC services with lower fidelity. Also, there is not any information explaining how BCSMHC assesses these discrepancies. What are the barriers for some of these schools? This information is unclear.

Action Required: Provide sufficient information describing why schools have lower fidelity than other schools and any actions that will be taken to help these schools.

--

Consumer Demographics

8. The Consumer Demographics section is incomplete. All fields need to be provided and each total should equal the total number of unduplicated individuals to be served.

Action Required: Provide the consumer demographics for the following fields:

Residence	
Boone County (includes City of Columbia residents):	
City of Columbia:	
Other Counties:	
Residence Total:	
Race:	
White (alone)	
Black or African American (alone)	
Multiple Races	
Asian (alone)	
Native American Indian or Alaskan Native (alone)	
Native Hawaiian or other Pacific Islander (alone)	
Some other Race	
Race Total:	
Ethnicity:	
Hispanic or Latino (of any race)	
Not Hispanic or Latino	
Ethnicity Total:	
Gender	
Female	
Male	
Other	
Gender Total:	
Income	
At or below 200% of Federal Poverty Level	
Over 200% of Federal Poverty Level	
Income Total:	
Age	
Infant/Toddler (birth – 2 years)	
Preschool (3 years – 5 years)	
School Age (6 years – 11 years)	
Middle School (12 years – 14 years)	
High School (15 years – 19 years)	
Parent/Guardian (19 years and younger)	
Parent/Guardian (age 20 and over)	
Age Total:	

9. The information on the type of trainings that will be offered is unclear. This section needs to provide details on all the trainings offered through this program.

Action Required: Provide sufficient information on all the trainings that will be offered with this program.

--

Program Access

10. The information regarding the location, days/hours of operation, and any other logistical information for the program is unclear.

Action Required: Provide logistical information on how schools are divided up between personnel and the school districts that allow access to BCSMHC.

--

11. Information on location and time trainings are provided to school personnel is not provided.

Action Required: Provide logistical information on the location and times training is provided to school personnel.

--

12. Information on the location and days/hours of operation for program personnel during the summer is not provided.

Action Required: Provide information on the activities, days/hours of operation, and location for program personnel during the summer.

--

13. The information on eligibility criteria lacks detailed information and is unclear. Certain screenings and interventions are provided to all youth according to the service descriptions.

Action Required: Provide information on the criteria used to determine if a student is eligible for the self-screening and the interventions that will be utilized if identified at-risk or in-risk.

Program Quality

14. The response provided regarding external requirements such as licensing or minimum standards states this program does not have external requirements.

Action Required: Provide a clarification on why there are no external requirements for group and individual therapy and evidence-based practice training.

15. The information provided for universal screening and evidence-based practices and interventions lists a citation but does not provide further explanation. This response is incomplete and unclear.

Action Required: Provide specific information on how the proposed program is utilizing best practices and/or standards.

16. The rationale for the best practices and/or standards that will be utilized is not provided.

Action Required: Provide a rationale for the best practices and/or the standards that will be utilized.

17. The response provided for evidence supporting the efficacy of the proposed program is incomplete. The response field requests that evidence is identified, cited, and described. The response only states that BCSMHC only promotes the use of evidence-based intervention practices.

Action required: Identify, cite, and describe evidence that supports the efficacy of the proposed program and/or service. Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

18. The rationale for utilizing the proposed evidence-based program and/or service is not provided.

Action Required: Provide a rationale for utilizing the proposed evidence-based program and/or service(s).

19. The information regarding unique or innovative aspects of the proposed program is unclear. The response lacks specific details on the screener that is linked to a dashboard system.

Action Required: Provide sufficient information on unique or innovative aspects of the proposed program, including information on the screener that was developed.

20. The information regarding the quality improvement process utilized for the program lacks specific information on how outcomes of services and consumer feedback are collected, analyzed, and utilized to improve program quality.

Action Required: Provide sufficient information on the quality improvement process utilized for this program.

21. The response regarding the collection of consumer feedback does not provide information on how the information is utilized to enhance services and help with program outcomes.

Action Required: Provide clarification on who completes these surveys and how information is utilized to enhance services and help with program outcomes. Explain if any feedback

information is gathered from school administrators, teachers, and/or counselors on administering these surveys.

Collaboration

22. The information regarding collaboration does not provide specific information on how BCSMHC collaborates with FACE and the Bridge program.

Action Required: Describe how BCSMHC collaborates with FACE and the Bridge program.

23. The collaboration response lists “other community agencies” as collaborative efforts. This does not provide specific information on what agencies are included and the type of collaborative efforts that occur.

Action Required: Provide specific information on all the agencies that BCSMHC collaborates with and the type of collaborative efforts that occur. These should only include partnerships or collaboration that enhance access to and/or the quality and effectiveness of the proposed program and/or services. Information and referral sources would not be considered as collaborative efforts.

24. There is extensive access provided to BCSMHC to provide services in each of the schools and school districts. The school districts that BCSMHC collaborates with are not listed in the Collaboration section.

Action Required: Provide clarification on the school districts that allow BCSMHC to provide services.

25. There are no Memorandum of Understanding (MOUs) provided in the Collaboration section despite the level of access that BCSMHC has for each Boone County school district.

Action Required: Provide information and copies of MOUs developed with Boone County school districts and other collaborative organizations.

Program Personnel

26. The position title for the Master's Level Clinicians appears to be a qualification level, not the actual title of the position. The personnel are often referred to as Coalition Regional Coordinators.

Action Required: Provide the correct titles for the Master's Level Clinicians in the field below.

27. The program does not list PI's in the Program Personnel section.

Action Required: Provide clarification on if PI's are utilized in this program and if money from the Children's Services Fund pays for a stipend or portion of their salary.

Program Budget

28. The amount entered in the Boone County – Children's Services Funding line lists \$1,322,451.49. This amount should only be for one year of services, not two.

Action Required: Provide the correct amount requested for year one of services.

29. The Year 1 amount and Year 2 amounts do not match the requested amount on the Program Service form.

Action Required: Provide clarification on the correct requested amount for Year 1. This amount should be for services provided from January 1, 2018 through December 31, 2018 and include the development/startup funding requested in the Program Service form.

30. The 2017 Interim Report for the Children's Services Fund noted that BCSMHC received a grant from the Institute for Educational Sciences (IES) but is not listed in the program budget.

Action Required: Provide clarification on the grant that was awarded including the amount and use of funds for this program.

31. The 2017 Interim Report for the Children's Services Fund noted that BCSMHC applied for funding to the US Office of Special Education to train social work and psychology students. This information should be included in the narrative to secure other funding.

Action Required: Provide clarification on the US Office of Special Education grant that includes the requested amount and the status of receiving this grant.

32. The response entered describing efforts to secure other funding lacks specific information and is incomplete and unclear.

Action Required: Provide sufficient information regarding efforts to secure other funding for the proposed program, in addition to the IES and US Office of Special Education grants.

Reference List

33. The Reference List only provides one source used in the proposal and has been viewed as 'Very Poor' on the Children's Services Fund evaluation sheet.

Action Required: Provide citations for all sources utilized on this written clarification form.

--

Program Services Form (1-5)	
------------------------------------	--

34. The program services need to provide information for one year of services.

Action Required: Provide outputs and funding request updates for all services in the 'Service Change Chart' and the 'Program Outputs and Funding Request Tables' below contemplating one year of service. Provide any comments in the field below.

--

Development/Start Up Service Funding

35. The information regarding the training/curriculum material lacked details. There is no specific information on what will be purchased, why these specific training items were chosen, and where these items will be purchased. If a curriculum is being purchased will there be any requirements to train individuals? If so, how would this be accomplished.

Action Required: Provide information on the training material that will be purchased and the method of determining which materials are needed. Please respond in the field below.

--

Service 1

36. The information entered for the Service 1 description should only include activities administering the BCSMHC Checklist. The information regarding interventions and training curriculum on strategies (for example, de-escalation training) should not be included. The service description does not provide specific information on how the BCSMHC Checklist is administered, collected, analyzed, and results shared with school personnel and students.

Action Required: Provide specific information on how the BCSMHC Checklist is administered, collected, and analyzed and results are shared with school personnel and students.

37. The description for Service 1 lacks information regarding the questions that are asked on the BCSMHC Checklist for teachers and students and how results determine interventions for students and schools.

Action Required: Describe the questions on the BCSMHC Checklist and provide information on how results determine interventions for students and schools.

38. The Unit Measure should be 1 BCSMHC Checklist. This unit measure will count the administration of the checklist by a teacher separate from a student completing the checklist and the staff's time to collect and evaluate the results.

Action Required: Complete the 'Service Change Chart' that is attached for Service 1. This information will also include the adjusted service description, number of units of service to be provided, number of unduplicated individuals to be served, and performance measures.

39. The narrative on how the unit rate was determined lacks specific information. The current contract for BCSMHC does not list out each service with the outputs.

Action Required: Provide a sufficient explanation on how the unit rate of \$6.29 was determined.

40. The total number of units of service to be provided appears to align with the number of times the checklist is administered during a year given that the student-checklist is completed by students in third to twelfth grade.

Action Required: Provide the most accurate number of units to be provided in the 'Service Change Chart' for Service 1. Provide clarification on how the number of units to be provided was determined.

--

41. According to the number of units to be provided and the unit rate listed in the Outputs section, the total funding request for Service 1 should be \$660,450.00. The amount entered in the Funding Request section is not correct.

Action Required: Update the amount requested with the correct unit rate and number of units to be provided. The number of units to be provided should equal the same amount proposed and the math needs to be correct for the requested amount. Provide this information in the 'Service Change Chart' for Service 1.

--

42. Service 1 could include additional outcomes and indicators. The percentage of teachers and students completing the checklist, the required number of times throughout the year could be tracked. Also, the change in responses could be tracked as well, for schools and school districts to see if there is a change in students exhibiting risk factors.

Action Required: Provide additional outcomes, indicators, and method of measurements for Service 1 on the provided 'Service Change Chart'.

--

Service 2

43. The taxonomy service name does not fit the type of activities suggested in the service description. The definition of Consultation is written as an internal, organization capacity building service. For example, consultation would be listed if a business provided suggestions on improving the BCSMHC. The suggested taxonomy service name should be Professional Coaching. The Regional Coordinators work with teachers to provide training and support for implementing the BCSMHC Checklist.

Action Required: Complete the 'Service Change Chart' that is attached for Service 2. This information will also include adjusted service description, number of units of service to be provided, number of unduplicated individuals to be served, and performance measures.

--

44. Keep the unit measurement as '15 minutes' even with the service name change.

Action Required: Update the unit measurement on the 'Service Change Chart' for Service 2.

--

45. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 2.

--

46. The total number of unduplicated individuals to be served should only be for the school personnel receiving Professional Coaching from the Regional Coordinators. The current number appears to be too high for only teachers and could be including students.

Action Required: Only provide the total number of unduplicated individuals for teachers receiving Professional Coaching. This number should not include students. Provide the updated number in the 'Service Change Chart' for Service 2.

--

47. The amount requested is not the correct amount based on the unit rate and number of units to be provided.

Action Required: Update amount requested with the correct unit rate and number of units to be provided to school personnel. The number of units to be provided should equal the same amount proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 2.

--

48. The narrative provided for external factors or variables that may affect the outcomes explains that some school personnel are resistant to consultation and interventions.

Action Required: Provide further information on why school personnel are resistant to the screenings and Interventions.

--

49. The outcomes and indicators do not show an increase in the number of schools and/or personnel that utilize Professional Coaching.

Action Required: Provide outcomes, indicators, and method of measurements to show an increase in the number of schools and/or personnel utilizing Professional Coaching. Provide this information in the 'Service Change Chart' for Service 2.

--

Service 3

50. The description for Service 3 lacks details on how Group Therapy will be organized throughout all the schools, grades, and different intervention needs. The description also does not explain how targeted interventions are determined from the BCSMHC Checklist and how students, parents, and teachers are approached to encourage a student to participate in Group Therapy.

Action Required: Provide sufficient information detailing how Group Therapy – Child will be administered.

51. The description for Service 3 lacks information on the qualification levels and justification for using the Regional Coordinators to lead group therapy.

Action Required: Provide more information on the qualifications Regional Coordinators possess to effectively provide Group Therapy services.

52. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 3.

53. The amount requested is not the correct amount based on the unit rate and number of units to be provided.

Action Required: Update amount requested with the correct unit rate and number of units to be provided to students. The number of units to be provided should equal the same amount

proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 3.

54. The Method of Measurement (3-1) does not provide specific information on the pre-post assessments that will be used for the different targeted areas of intervention.

Action Required: Provide specific information on the method of measurements that will be used for the pre-post assessments for different targeted areas of intervention.

--

55. The Service 3 Performance Measure does not include outcomes, indicators, and method of measurements for reduction in teacher-reported and student-reported outcomes related to the targeted area of risk following group therapy services.

Action Required: Provide outcomes, indicators, and method of measurements for reduction in teacher-reported and student-reported outcomes related to the targeted area of risk following group therapy services. Provide this information in the 'Service Change Chart' for Service 3.

--

56. The Service 3 Performance Measures need to include an outcome, indicator, and method of measurement to determine the percentage of students needing targeted interventions, the number referred to group therapeutic services when necessary, and a percentage that follow through with services.

Action Required: Provide outcomes, indicators, and method of measurements to show the percentage of students needing targeted interventions, the number referred to group therapeutic services when necessary, and a percentage that follow through with services. Provide this information in the 'Service Change Chart' for Service 3.

--

Service 4

57. The description for Service 4 lacks details on how Individual Therapy will be organized throughout all the schools, grades, and different intervention needs. The description also does not explain how targeted interventions are determined from the BCSMHC Checklist and how students, parents, and teachers are approached to encourage a student to participate in Individual Therapy.

Action Required: Provide sufficient information detailing how Individual Therapy – Child will be administered.

--

58. The description for Service 4 lacks information on the qualification levels and justification for using the Regional Coordinators to lead individual therapy.

Action Required: Provide more information on the qualifications Regional Coordinators possess to effectively provide Individual Therapy services.

--

59. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 4.

--

60. The amount requested is not the correct amount based on the unit rate and number of units to be provided.

Action Required: Update amount requested with the correct unit rate and number of units to be provided to students. The number of units to be provided should equal the same amount

--

proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 4.

61. The Method of Measurement (4-1) does not provide specific information on the pre-post assessments that will be used for the different targeted areas of intervention.

Action Required: Provide specific information on the method of measurements that will be used for the pre-post assessments for different targeted areas of intervention.

--

62. The Service 4 Performance Measures need to include an outcome, indicator, and method of measurement to determine the percentage of students needing targeted interventions, the number referred to individual therapeutic services when necessary, and a percentage that follow through with services.

Action Required: Provide outcomes, indicators, and method of measurements to show the percentage of students needing targeted interventions, the number referred to individual therapeutic services when necessary, and a percentage that follow through with services. Provide this information in the 'Service Change Chart' for Service 4.

--

Service 5

63. The description for Case Management lacks detailed information on Interagency Meetings and other case management activities that may occur outside of Interagency Meetings. The narrative mentions that these meetings are only if a family does not utilize FACE services or is not eligible. Case Management still occurs for students that are eligible for FACE services and those being connected to Group and Individual Therapy.

Action Required: Provide sufficient information on all activities that can be included in Case Management and more details on the Interagency Meetings.

--

64. The justification for how the unit rate was established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 5.

65. The number of individuals receiving Case Management should include all students that are identified needing targeted interventions. Service 3 proposed 175 individuals will be served and Service 4 proposed 50 individuals to be served.

Action Required: Provide the total number of unduplicated individuals to be served that includes all students needing targeted interventions to cover the amount of time required by the Regional Coordinators to link students to services. The number of individuals involved in Interagency Meetings should be included. The updated number of unduplicated individuals to be served should be included on the 'Service Change Chart' for Service 5.

66. The number of units to be provided will need to be adjusted to include all the students receiving Case Management through arranging targeted interventions and involved in Interagency Meetings.

Action Required: Update the number of units to be provided and include on the 'Service Change

Chart' for Service 5.

67. The amount requested is not the correct amount based on the unit rate, number of units to be provided, and number of unduplicated individuals to be served.

Action Required: Update amount requested with the correct unit rate, number of units and number of unduplicated individuals to be served. The number of units to be provided should

equal the same amount proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 5.

68. Service 5 Performance Measures lacks specific information on the family assessments.

Action Required: Provide more information on the family assessments mentioned in the performance measures.

--

69. There should be more outcomes, indicators, and method of measurements for Case Management and the information needs to be more specific.

Action Required: Provide more outcomes, indicators, and method of measurements for Case Management.

--

Program Services Form (6-10)	
-------------------------------------	--

Service 6

70. The service needs to be renamed to 'Best Practices Training'. All the training programs provided in the 2017 Interim Report do not appear to be evidence-based.

Action Required: Rename Service 6 to Best Practices Training and update in the 'Service Change Chart' for Service 6.

--

71. The description for Service 6 does not provide specific information on the trainings, how professional development areas are determined, and how trainings are conducted. This section is unclear.

Action Required: Provide sufficient information on the types of Best Practices Trainings that will be provided to school personnel.

--

72. The justification for how the unit measurement and unit rate were established does not provide a clear explanation. The current contract for BCSMHC does not list out the units and outputs to be able to clearly compare. The unit measure for trainings should be one individual. The unit rates for the remaining services all equal \$18.18. Each of these services vary significantly from each other and should be based on a public funding unit. This unit rate should be based on the cost to provide any training to one individual.

Action Required: Provide a unit rate that is tied to an established public funding rate and provide justification on how the rate was established. The updated unit rate should be included on the 'Service Change Chart' for Service 6.

--

73. The number of units to be provided seems low for the number of individuals receiving training. The average number of units of service per individual is only 1.32 or equal to 20 minutes of training per person.

Action Required: Re-examine the total number of units of service to be provided for Service 5. Provide this information on the 'Service Change Chart' for Service 6.

--

74. The amount requested is not the correct amount based on the unit rate, number of units to be provided, and number of unduplicated individuals to be served.

Action Required: Update amount requested with the correct unit measure, unit rate, number of units and number of unduplicated individuals to be served. The number of units to be provided should equal the same amount proposed and the math needs to be correct. Provide this information in the 'Service Change Chart' for Service 6.

--

75. Service 6 Performance Measures lack specific information regarding the post tests administered for the trainings. There should be pre-assessments in order to compare post-assessments to determine an increase in knowledge and level of satisfaction.

Action Required: Provide pre-post assessments for Best Practice Trainings and provide specific information on these assessments.

--

76. Service 6 Performance Measures do not show the percentage of faculty in each school that participate in trainings.

Action Required: Provide an outcomes, indicator, and method of measurement showing the percentage of faculty participating in trainings. This information should be included in the 'Service Change Chart' for Service 6.

--

Additional Clarifications	
----------------------------------	--

77. The current contract lists Universal Interventions for students as a service. These interventions are provided to schools, grades, and/or classrooms identified by the BCSMHC Checklist. However, this intervention level is not listed in the proposal. Group Therapy could be compared to the "Targeted Social, Behavioral, or Emotional Interventions" on the current contract.

Action Required: Provide clarification if the Universal Interventions will continue. If so, add this as a service following the Taxonomy of Services and complete the 'Service Change Chart' as Service 7. Provide sufficient information on the proposed service on how the service will be delivered, other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

--

78. If Service 7 was added to cover the currently contracted "Universal Interventions", the unit measure, unit rate, total number of units of service to be provided, and the total number of unduplicated individuals to be served needs to be provided.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and the total number of unduplicated individuals to be served if Service 7 is added. Provide this information in the 'Service Change Chart' for Service 7. Provide justification on how the outputs were determined below.

79. If Service 7 was added to cover the currently contracted "Universal Interventions", the requested amount and number of units of service that will be funded by the Boone County Children's Services Fund needs to be provided.

Action Required: Provide the requested amount and number of units of service that will be funded by the Boone County Children's Services Fund for Service 7 added as a service.

80. If Service 7 was added to cover the currently contracted "Universal Interventions", performance measures need to be provided including narratives explaining the outcomes, indicators, and method of measures.

Action Required: Provide sufficient outcomes, indicators, and method of measurements on the "Service Change Chart" for Service 7, if added as a service. Provide a description of how each outcome is attributable to the Program Goal, any external factors or variables that may affect the proposed outcomes, rationale for the measurement levels for each indicator, and rationale for each method of measurement.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

81. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information**Organization****Provide your organization's mission statement. (600 character limit)****Mission****Statement****(Purpose):**

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

Organization**Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)****History:**

The University of Missouri has provided teaching, research and service to Missouri since 1839. The university, the first publicly supported institution of higher education to be established in the Louisiana Purchase territory, was shaped in accordance with the ideals of Thomas Jefferson, an early proponent of higher education. Founded in Columbia, the university had one campus until 1870, when the School of Mines and Metallurgy was established in Rolla. In the same year, the university assumed land-grant responsibilities of providing higher education opportunities for all citizens.

Brief Statement of**Organization's****Major Goals:****Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)**

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

http://www.umsystem.edu/ums/rules/collected_rules/financial
The Office of Finance provides leadership in the areas of cash, investment and debt management, facilities planning, internal audit, procurement, budgeting, financial reporting and financial systems management. Just as important, we ensure the integrity of the university's financial statements and provide leadership in the management of financial, operational and compliance risk. These responsibilities define our purpose.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Click +New to add Employee Compensation information.

) ss
State of Missouri)

My name is Karen M. Geren. I am an authorized agent of The Curators of The University of Missouri (Bidder). This business is enrolled and participates in a federal work authorization program for all employees working in connection with services provided to the County. This business does not knowingly employ any person that is an unauthorized alien in connection with the services being provided. Documentation of participation in a federal work authorization program is attached hereto.

Furthermore, all subcontractors working on this contract shall affirmatively state in writing in their contracts that they are not in violation of Section 285.530.1, shall not thereafter be in violation and submit a sworn affidavit under penalty of perjury that all employees are lawfully present in the United States.

Attach to this form the *E-Verify Memorandum of Understanding* that you completed when enrolling.

Company ID Number: 62231

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and The Curators of the University of Missouri (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.
2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

5. SSA agrees to establish a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF THE DEPARTMENT OF HOMELAND SECURITY

1. Upon completion of the Form I-9 by the employee and the Employer and after SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct:

- Automated verification checks on newly hired alien employees by electronic means, and
- Photo verification checks (when available) on newly hired alien employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, and U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act and federal criminal laws, and to ensure accurate wage reports to the SSA.

7. DHS agrees to establish a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the E-Verify Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

- A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.
- B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.

5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a

Company ID Number: 62231

rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify ; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$500 and \$1,000 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ any employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the the SSA verification response has been given.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, support for any unlawful employment practice, or any other use not authorized by this MOU. The Employer must use E-Verify for all new employees and will not verify only certain employees selectively. The Employer agrees not to use E-Verify procedures for re-verification, or for employees hired before the date this MOU is in effect. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and the immediate termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III.B. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1 (l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification to verify work authorization, a tentative nonconfirmation, or the finding of

Company ID Number: 62231

a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

Company ID Number: 62231

ARTICLE III

REFERRAL OF INDIVIDUALS TO THE SSA AND THE DEPARTMENT OF HOMELAND SECURITY

A. REFERRAL TO THE SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a referral letter and instruct the employee to visit an SSA office to resolve the discrepancy within 8 Federal Government work days. The Employer will make a second inquiry to the SSA database using E-Verify procedures on the date that is 10 Federal Government work days after the date of the referral in order to obtain confirmation, or final nonconfirmation, unless otherwise instructed by SSA or unless SSA determines that more than 10 days is necessary to resolve the tentative nonconfirmation..
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO THE DEPARTMENT OF HOMELAND SECURITY

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an alien who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when

Company ID Number: 62231

the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even

Company ID Number: 62231

without changes to E-Verify, the Department reserves the right to require employers to take mandatory refresher tutorials.

Termination by any party shall terminate the MOU as to all parties. The SSA or DHS may terminate this MOU without prior notice if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine.

Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

The employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, and responses to inquiries under the Freedom of Information Act (FOIA).

The foregoing constitutes the full agreement on this subject between the SSA, DHS, and the Employer.

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify Operations at 888-464-4218.

RE: Boone County POS Contract for The Curators of the University of Missouri/Wendy Reinke

Enclosed please find the above-referenced proposal which is being submitted on behalf of The Curators of the University of Missouri. The project director is Wendy Reinke, at the University of Missouri-Columbia.

If our proposal is favorably received, we respectfully request the opportunity to negotiate the terms and conditions of any agreement forthcoming. In anticipation, we have reviewed the RFP's proposed terms and conditions. Our concerns include, but are not limited to, the following (proposed additions are underlined):

Boone County Insurance Requirements

The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide, or Contractor may provide evidence of a self-funded program of coverage.

Reasoning: It is not possible to add an additional insured to the self-insurance plan and the University is not willing to obtain separate insurance for any specific project. The University is partially immune from tort liability since it is an instrumentality of the State of Missouri and the University carries insurance (commercial and/or self insurance) as permitted by State statute 537.610 RSMo., 1994. The University is qualified as a self-insurer under the Workers Compensation law of the State of Missouri. In addition, the University is also self-insured for general liability and for automobile liability insurance. These University self-insurance programs shall be used to cover any applicable claims concerning this project.

Indemnity Agreement

To the fullest extent permitted by law and without waiving sovereign immunity, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Reasoning: The University is a governmental entity of the State of Missouri. As such, it has sovereign immunity from most tort actions and cannot agree to indemnify and hold harmless others in situations in which the legislature has provided such sovereign immunity (Article VI, Section 26a, Missouri Constitution Sect. 172.250, RSMo., 1994)

Attachment D—2017 Agency Assurance Sheet

- *Certificate of Corporate Good Standing*

Reasoning: We will be unable to provide a Certificate of Corporate Good Standing. RPR Section III Minimum Eligibility Criteria states "any tax-exempt, not organized for profit agency or governmental entity" should be eligible. We are a public corporation per the statute below:

172.020. Pursuant to sections 9(a) and 9(b) of article IX of the Missouri Constitution, the state university is hereby incorporated and created as a body politic and shall be known by the name of "The Curators of the University of Missouri", and by that name shall have perpetual succession, power to sue and be sued, complain and defend in all courts; to make and use a common seal, and to alter the same at pleasure; to take, purchase and to sell, convey and otherwise dispose of lands and chattels, except that the curators shall not have the power to subdivide, sell or convey title to any land contained within a university campus or to subdivide, sell or convey title to any portion of any parcel of land containing in excess of twenty-five hundred contiguous acres unless such transaction is approved by the general assembly by passage of a concurrent resolution signed by the governor. The curators shall not sell, trade or otherwise convey or permit the severance of timber, minerals or other natural resources, unless the curators comply with bidding procedures established by rule that mandate notice of the transaction be provided in a manner reasonably calculated to apprise prospective purchasers. Such rule or rules must at a minimum require at least one notice of the transaction be published in a newspaper of general circulation where the resources are located. The curators may act as trustee in all cases in which there be a gift of property or property left by will to the university or for its benefit or for the benefit of students of the university; to condemn an appropriate real estate or other property, or any interest therein, for any public purpose within the scope of its organization, in the same manner and with like effect as is provided in chapter 523 relating to the appropriation and valuation of lands taken for telegraph, telephone, gravel and plank or railroad purposes; provided, that if the curators so elect, no assessment of damages or compensation under this law shall be payable and no execution shall issue before the expiration of sixty days after the adjournment of the next regular session of the legislature held after such assessment is made, but the same shall bear interest at the rate of six percent per annum from its date until paid; and provided further, that the curators may, at any time, elect to abandon the proposed appropriation of property by an instrument of writing to that effect, to be filed with the clerk of the court and entered on the minutes of the court, and as to so much as is thus abandoned, the assessment of damages or compensation shall be void.

Please contact Megan White at 573-882-4223 or whiteme@missouri.edu for any administrative questions and/or negotiations. You may contact the PI directly for technical questions.

We appreciate your consideration of this proposal.

Sincerely,

Karen M. Geren

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 -- *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

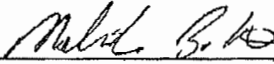

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By:

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum **should be acknowledged** and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
- Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Record Lock	

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The BCSMHC was formed to improve outcomes for all school-age youth in Boone County by providing universal screening for social, emotional, and behavior risk indicators which are directly linked to long-term negative issues with mental health. Youth identified as at-risk receive evidence-based intervention to support their social, emotional, and behavioral needs. The data also provide information at the County, School District, and School building level for area to target for prevention.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Youth age 5-19 in Boone County School Districts (n=21,000).

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

To promote a coordinated, multidisciplinary, collaborative initiative through: (a) implementation of a scientifically-based model of prevention and intervention, (b) reduce contextual risk factors and promote existing protective factors, and (c) provide access to evidence-based interventions.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The BCSMHC proposed to conduct universal mental health screening tri-annually using teacher and youth report on important risk indicators related to long-term mental health issues. In addition, the BCSMHC will provide ongoing consultation to school districts on the use and interpretation of the data, identification and implementation of evidence-based prevention and interventions based on the data, monitoring and evaluating the impact of the interventions, and provide professional development on evidence-based practices based on the data.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

All youth in Boone County schools grades kindergarten to 12th grade.

b. Why will these particular consumers be served? (1500 character limit)

The BCSMHC serves the Boone County Schools.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Some schools utilize the BCSMHC services with lower fidelity than others. We have developed measures to assess these discrepancies and have set goals to increase fidelity and are working with school administrators to make this barrier less likely across all schools.

d. Total number of unduplicated individuals to be served by the proposed program:

21000

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

62.48

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

800

b. Provide information on the types of training that will be offered. (1500 character limit)

We provide professional development to school personnel based on BCSMHC checklist data.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

All 53 school buildings in Boone County school districts during school hours.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

All youth are eligible.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

BCSMHC provides a variety of services to best support the needs of youth which would be unavailable otherwise to school personnel and their students.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

None

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Universal screening and use of evidence-based practices and interventions is best practice (McIntosh, Reinke, & Herman, 2010)

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The BCSMHC only promotes the use of evidence-based intervention and practices.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The BCSMHC has developed a brief screener linked to a dashboard system that allows the data to be utilized at the County, School District, School, grade level, and student level.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

We monitor the fidelity of the program, evaluate the outcomes of services rendered, and gather consumer feedback in an ongoing manner.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

We gather feedback via surveys two times per school year. In addition we gather feedback following every professional development training.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

We collaborate across agencies, including FACE, the Bridge program, and other community agencies.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1	MQ1	FTE1	SR1 FROM	SR1 TO
Director	Ph.D NCSP	1.00	\$80,000.00	\$90,000.00

		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The director oversees all aspects of the program. The director has extensive mental health and school related experience and is a licensed doctoral level practitioner. The associate director support the director and oversees all aspects of data, evaluation, fidelity, and progress monitoring. The clinicians are all assigned to school buildings (between 6-8 buildings each) where they provide the program services. The clinicians are either licensed or license eligible. Salary ranges account for experience and whether they are licensed. The ranges are typical for positions of these types.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$13,250.00

b. Describe how the funds will be utilized. (600 character limit)

These funds are requested to allot \$250 per school building (n=53) in Boone County Schools to purchase evidence-based curriculum to support prevention and intervention activities in their buildings based on the BCSMHC checklist data.

c. Provide justification for the request for one-time funding. (600 character limit)

One of the barriers to schools using evidence-based interventions (interventions with research showing they are effective) is they do not have the funds needed to purchase these curriculum for use. These funds will only be used if schools do not have access to funds to purchase needed materials. In many cases, one curriculum will be purchased and shared across buildings (e.g., some curriculum cost \$1,000 or more).

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Boone County Schools Mental Health Coalition (BCSMHC) Checklist

b. Service #1 - Taxonomy Definition of Service (300 character limit)

An evaluation tool that allows schools to identify risk factors linked to youth development of social, emotional, or behavior problems and determine preventive or early intervention efforts before problems become serious.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The BCSMHC Checklist is administered three times per school year across all Boone County schools and interested private schools. Teachers report on students in their classroom. Students in grades 3-12 also report on themselves. The data can be used to determine schoolwide, grade, and individual student interventions.

Regional Coordinators, all experienced mental health clinicians, assigned to school building consult with school building personnel to interpret the data and to support implementation of interventions identified as part of the data. The Regional Coordinators often sit on school problem solving teams and work directly with school staff to support the implementation of evidence-based interventions based on the screening data.

In addition, Regional Coordinators provide professional development and consultation to school staff based on the schoolwide findings of the data (e.g., provide de-escalation training to teachers if large numbers of students are at risk for emotional dysregulation within a building).

Youth ages 5 to 19 years, as well as school personnel, benefit from the prevention and early intervention efforts. The BCSMHC works alongside school counselors, school administrators, refers students with significant risk to FACE for linkage to services, and refers directly to community agencies when appropriate.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One administration of the teacher and student checklist.

b. Unit Rate (#1)

\$6.29

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

The proposed rate is based on past data of number of youth serviced and related costs to support the service during the BCSMHC Pilot years.

d. Total Number of Units of Service to be Provided (#1)

105000

e. Total Number of Unduplicated Individuals (#1)

21000

f. Average Number of Units of Service per Unduplicated Individual (#1)

5

g. Average Cost of Service per Individual (#1)

31.45

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

The BCSMCH checklist teacher and student report are administered to all youth in Boone County schools.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

The service provided uses universal screening assessments for all students in a building. The service is rendered to individuals regardless of whether they are insured or not. This allows for the data to provide important public health information at the county, school district, school building, and grade levels.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

N/A

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

No (if no, move on to the Funding Request section.)

Service #1 - Other Funders Chart

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$660,658.00

b. Proposed Number of Units of Service (#1)

105033.07

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or

enabling the organization access to funding from other funding sources. (#1) (600 character limit)

The BCSMCH checklist was developed using Boone County Children's Services funds. The requested funds will enable schools to have continued access to the checklist assessment, data from the assessment, and technical support needed to effectively use the data to support students.

Note: the different between the proposed number of units is due to a rounding error (service really cost 6.2919....)

Service #1- Performance Measures**Outcome (1-1)**

Students will be identified who exhibit risk on the social, behavioral, emotional, and academic risk indicators.

Indicator (1-1)

100% of students identified as at-risk on the screener will receive support services from school or community.

Method of**Measurement (1-1)**

BCSMHC teacher checklist

Additional Outcome (1-2)

Students will be identified who exhibit risk on the social, behavioral, emotional, and academic risk indicators.

Additional Indicator (1-2)

100% of students identified as at-risk on the screener will receive support services from school or community.

Additional Method (1-2)

BCSMHC student checklist

Additional Outcome (1-3)**Additional Indicator (1-3)****Additional Method (1-3)****Additional Outcome (1-4)****Additional Indicator (1-4)****Additional Method (1-4)****Additional Outcome (1-5)****Additional Indicator (1-5)****Additional Method (1-5)****Service #1 - Performance Measures Narrative****a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

The BCSMHC checklist is a universal screener that helps to identify youth in grades Kindergarten to 12th grade who may benefit from social, emotional, or behavioral interventions. These data are reviewed in consultation with Coalition Regional Coordinators to determine evidence-based supports based on data.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

School staff may be resistant to administering or using the BCSMHC checklist. However, the BCSMHC has strong support from school district superintendents who are integral in ensuring that schools administer the checklist in a manner that allows for students who are identified as being at risk to confirm risk and provide needed supports.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

The BCSMHC checklist has both a teacher report and student self-report. Each provide information about student risk.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Teachers may observe social, emotional, or behavioral risk that a student is not aware of as being a problem (e.g., externalizing problems). Whereas students can self-report on some social, emotional, or behavioral risk that a teacher may be less aware of as being a problem (e.g., internalizing problems).

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Consultation

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Examines an organization and provides suggestions to improve core capacities of an organization or program.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The Coalition provides ongoing consultation to school districts, school building staff, problem-solving teams, district and school-level behavior support teams, and mental health providers in schools to effectively utilize the BCSMHC checklist data to identify and implement universal prevention interventions, to identify and implement targeted interventions for students, and to identify and implement individualized interventions with students.

Given that regional coordinators consult with school buildings on universal prevention efforts (they do implement the universal interventions, but enable school staff to be able to do so) all students within a building benefit. Thus approximately 80% of students in Boone County benefit from consultation - less than 100% because some school buildings operate with lower fidelity (i.e., do not utilize the consultation services offered by the Coalition).

Note: We are aware that the Big Taxonomy definition does not exactly allude to the levels of consultation conducted by the Coalition, but we were unable to identify a better service name. The majority of the regional coordinator time is spent in consultation to support school staff to correctly utilize data, to identify appropriate evidence-based interventions, to develop effective behavioral interventions in the classroom and for individual students, and to support progress monitoring and evaluation of interventions.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

15 minutes of consultation time

b. Unit Rate (#2)

\$18.18

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

This rate is based on the pilot work of the BCSMHC.

d. Total Number of Units of Service to be Provided (#2)

31083

e. Total Number of Unduplicated Individuals (#2)

17000

f. Average Number of Units of Service per Unduplicated Individual (#2)

1.83

g. Average Cost of Service per Individual (#2)

33.24

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Consultation services are offered at an organizational or program level (e.g., district, school, team, staff providing direct service) rather than to the youth themselves.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

The service is directly aligned with the BCSMHC checklist data.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

No (if no, move on to the Funding Request section)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>
	2a1.	2a2.	2a3.
a Boone County - Children's Services Funding (#2)	\$0.00	0	\$0.00
	2b1.	2b2.	2b3.
b. Boone County - Community Health Funding (#2)	\$0.00	0	\$0.00
	2c1.	2c2.	2c3.
c. City of Columbia - Social Services Funding (#2)	\$0.00	0	\$0.00
	2d1.	2d2.	2d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#2)	\$0.00	0	\$0.00
	2e1.	2e2.	2e3.
e. Heart of Missouri United Way Funding (#2)	\$0.00	0	\$0.00

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$565,125.00

b. Proposed Number of Units of Service (#2)

31084.98

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

This will allow the Coalition to offer ongoing consultation to increase the capacity for BCSMHC checklist data consumers to implement effective evidence-based prevention and interventions toward improving the social, emotional, and behavioral health of youth in Kindergarten to 12th grade.

Service #2 - Performance Measures

Outcome (2-1)

Schools implementing universal services in their building will demonstrate a decrease in the percentage of students who exhibit risk indicators in the targeted domains.

Indicator (2-1)

Percentage of students in buildings with risk indicators will decrease to below 20%.

Method of Measurement (2-1)

Teacher and student checklist data at the end of the year in comparison to beginning of year data.

Additional Outcome (2-2)

Schools who utilize consultation will implement at least one evidence-based intervention for students at risk.

Additional Indicator (2-2)

80 percent of schools who use consultation will implement one or more evidence-based interventions for targeted areas of risk identified by the BCSMHC checklist.

Additional Method (2-2)

BCSMHC fidelity assessment completed by the Regional Coordinator assigned to the building. This measure assesses whether schools review data, identify areas of concern, and implement evidence-based practices based on the data.

Additional Outcome (2-3)

Additional Indicator (2-3)

Additional Method (2-3)

Additional Outcome (2-4)

Additional Indicator (2-4)

Additional Method (2-4)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

The implementation of universal prevention interventions at the school, grade, and classroom level are related to review of data and consultation with Coalition mental health providers. In addition, the purpose of consultation is to support the use of evidence-based interventions (and use of ongoing data to determine effectiveness of supports) among school staff.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Some school personnel are resistant to consultation and in some cases the use of evidence-based interventions and practices. This is often related to prior training or concerns that consultation will lead to increased workload. However, over the past two years the Coalition has been working to increase buy-in and uses Motivational Interviewing strategies to increase engagement from stake-holders.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

Universal prevention efforts should lead to reductions in the number of students presenting as having risk for BCSMHC indicators. Additionally, consultation should increase school staff awareness and use of evidence-based interventions to support students.

d. Provide a rationale for each method of measurement (2). (600 character limit)

The BCSMHC checklist provides a longitudinal measure of risk over the course of the schools year (and into the future).

Regional Coordinators assigned to school buildings are aware of how the data are used and provide consultation to the schools on what evidence-based intervention is best suited to the problem areas.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Group Therapy Child

Service #3 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment for children with a related problem arranged in a group format with a qualified mental health professional. Group Therapy places focus on all group members.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Regional Coordinators who are assigned to school buildings will provide direct service through implementation of evidence-based group interventions. These interventions may target social skills deficits, anger management issues, depression, anxiety, executive functioning issues, problems with attention and impulse control, and school engagement issues. Youth in grades Kindergarten to 12th grade who are at-risk based on BCSMHC checklist data may be offered these services.

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

15 minutes of group therapy

b. Unit Rate (#3)

\$18.18

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

The rate is based on the BCSMHC pilot project. This accounts for personnel time while running the groups.

d. Total Number of Units of Service to be Provided (#3)

1560

e. Total Number of Unduplicated Individuals (#3)

175

f. Average Number of Units of Service per Unduplicated Individual (#3)

8.91

g. Average Cost of Service per Individual (#3)

162.06

Service #3 - Service Fee**a. Will the proposed service (#3) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

These services are provided to any youth with parent permission to participate in the group. These students are identified via the BCSMHC checklist.

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)**If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)**

We hope to be able to readily provide these targeted services to youth and having the capacity to do so without billing for service increases the likelihood all students who need services will receive them.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #3 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#3)****Service #3 - Other Funders Chart**

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$28,363.00

b. Proposed Number of Units of Service (#3)

1560.12

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

These funds will allow the BCSMHC to provide group related services to student identified by the BCSMHC checklist.

Service #3 - Performance Measures

Outcome (3-1)

Students who receive a targeted intervention will demonstrate significant reductions in teacher rated social, behavioral, and emotional outcomes related to the targeted area of risk.

Indicator (3-1)

85% of students will demonstrate a decrease in targeted area symptoms between pre and post implementation of targeted interventions.

Method of Measurement (3-1)

Pre-post assessments will be directly related to targeted area of the intervention. For instance, students who receive an anger management will have teacher report on emotion regulation prior to beginning the intervention and following completion of the intervention to determine change.

Additional Method (3-3)

Additional Outcome (3-4)

Additional Indicator (3-4)

Additional Method (3-4)

Additional Outcome (3-5)

Additional Indicator (3-5)

Additional Method (3-5)

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

Student identified by the BCSMHC checklist data who are shown to have some risk who would benefit from a targeted/ group intervention will receive an evidence-based intervention targeting the area of risk. The Regional Coordinators assigned to building will implement a subset of these interventions (many of the students will receive interventions from school counselors in consultation with the Coalition staff, but as needed and toward building capacity the Regional Coordinators will engage in this direct service.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

Some school mental health staff (e.g., school counselors) already working in the building have been reluctant to allow Coalition staff to implement group interventions with students citing that this is their role in the schools. However, at the same time feedback from the larger group of counselors in the schools request supports in this area.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

Student self-report and teacher report using assessments tailored to the problem area provide information of functioning for the youth prior to the intervention and after completion of the intervention.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

Teachers can report on student behaviors they see in the classroom prior to the intervention and after. Students can report on their own behavior prior to the intervention and after, allowing for assessment of the impact of the intervention on the problem area.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Individual Therapy Child

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to

fully understand how this program service will be delivered. (3000 character limit)

Some youth identified by the BCSMHC checklist data will benefit from individualized supports. Thus, the regional coordinators will meet individually given parent permission with the student to provide evidence-based interventions based on the area of need. Most of the youth who need individualized support will receive these supports from mental health providers (e.g., school counselors) or from community providers, but when needed these services can be provided by the Coalition staff.

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

15 minutes of individual therapy

b. Unit Rate (#4)

\$18.18

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

This rate is based on information from the BCSMCH pilot project. The rate covers the cost of personnel time to meet with youth individually.

d. Total Number of Units of Service to be Provided (#4)

702

e. Total Number of Unduplicated Individuals (#4)

50

f. Average Number of Units of Service per Unduplicated Individual (#4)

14.04

g. Average Cost of Service per Individual (#4)

255.25

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

Provision of individualized therapy for youth identified by the BCSMHC checklist data will be limited to individuals who might not otherwise receive the service due to lack of insurance or willingness to seek outside services.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

We would like to ensure all youth who would benefit from the service have access and feel that requiring the service be billable will limit out ability to meet this goal.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #4 - Amount Received From Other Funders

Additional Indicator (4-3)**Additional Indicator (4-4)****Additional Indicator (4-5)****Method of Measurement (4-1)**

Pre-post assessments will be directly related to the targeted area of the intervention. Each area of risk will have tailored assessments to capture change

Additional Method (4-2)

Pre-post assessments will be directly related to the targeted area of the intervention. Each area of risk will have tailored assessments to capture change

Additional Method (4-3)**Additional Method (4-4)****Additional Method (4-5)****Service #4 - Performance Measures Narrative**

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

Student identified by the BCSMHC checklist data who are shown to have risk and would benefit from an individualized evidence-based intervention targeting the area of risk will receive this service. The Regional Coordinators assigned to building will implement a subset of these interventions (many of the students will receive interventions from school counselors in consultation with the Coalition staff, but as needed and toward building capacity the Regional Coordinators will engage in this direct service.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

Some school mental health staff (e.g., school counselors) already working in the building have been reluctant to allow Coalition staff to implement individual interventions with students citing that this is their role in the schools. However, at the same time feedback from the larger group of counselors in the schools request supports in this area.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

Student self-report and teacher report using assessments tailored to the problem area provide information of functioning for the youth prior to the intervention and after completion of the intervention.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

Teachers can report on student behaviors they see in the classroom prior to the intervention and after. Students can report on their own behavior prior to the intervention and after, allowing for assessment of the impact of the intervention on the problem area.

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

Case Management

b. Service #5 - Taxonomy Definition of Service (300 character limit)

A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health and human services needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective in

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Youth who are referred to Interagency, a meeting with school personnel, community providers, juvenile court personnel, child protective agency personnel, and the family, will be provided case management services by Coalition staff to ensure they are linked and to monitor outcomes for these youth. Youth referred to Interagency meetings are either not eligible to be referred to FACE or have refused FACE services. The Interagency meetings are led by the Coalition.

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

15 minutes of case management

b. Unit Rate (#5)

\$18.18

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

This rate is based on the pilot work of the BCSMHC.

d. Total Number of Units of Service to be Provided (#5)

702

e. Total Number of Unduplicated Individuals (#5)

35

f. Average Number of Units of Service per Unduplicated Individual (#5)

20.06

g. Average Cost of Service per Individual (#5)

364.64

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

These services are offered to youth and families who attend Coalition let Interagency meetings. These youth often have not benefited to engaged in needed supports. Requiring a fee for service would likely reduce the families willingness to attend the meeting.

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

These services are offered to youth and families who attend Coalition let Interagency meetings. These youth often have not benefited to engaged in needed supports. Billing a third party for the services would likely reduce the families willingness to attend the meeting.

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

N/A

Service #5 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#5)

No (if no, move on to the Funding Request section)

Service #5 - Other Funders Chart

	5e1.	5e2.	5e3.
e. Heart of Missouri United Way (#5)	\$0.00	0	\$0.00

Service #5 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#5)

\$12,763.00

b. Proposed Number of Units of Service (#5)

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#5) (600 character limit)

The case management services provided to these high risk youth may increase the likelihood that they engage in and benefit from services.

Service #5 - Performance Measures

Outcome (5-1)	Indicator (5-1)	Method of Measurement (5-1)
Reduction in severity of identified problem areas.	Using the top problems assessment, families identify problem areas to target. The severity of problems will decrease to become not problematic between pre and post assessment for 80% of families.	Family rating of the severity of a problem area as identified by the Top Problems assessment.
Additional Outcome (5-2)	Additional Indicator (5-2)	Additional Method (5-2)
Additional Outcome (5-3)	Additional Indicator (5-3)	Additional Method (5-3)
Additional Outcome (5-4)	Additional Indicator (5-4)	Additional Method (5-4)
Additional Outcome (5-5)	Additional Indicator (5-5)	Additional Method (5-5)

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

High risk youth are often referred to the Coalition run Interagency meeting, most from schools. These youth would benefit from case management and evaluation of whether they engage and benefit from community or school-based services.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

Families who attend interagency may be resistant to engage with the case management process. However, all of the Coalition staff are trained in Motivational Interviewing and effective engagement strategies to increase the likelihood that a family will participate.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

The top problems assessment identified the key problems from the families perspective. Reductions in these problems indicate the family is benefiting from supports in which they have engaged.

d. Provide a rationale for each method of measurement (#5) (600 character limit)

The top problems assessment is sensitive to change over time as reported by the family.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Service #6 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#6)

a. Service #6 - Taxonomy of Service Name (150 character limit)

Evidence-based Practice Training

b. Service #6 - Taxonomy Definition of Service (300 character limit)

Trains, and as applicable, certifies, professionals in practice strategies that have been scientifically proven to be effective.

c. Provide a detailed description of the proposed service (#6). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Coalition staff provide professional development to school personnel based on areas identified by the BCSMHC checklist data (e.g., effective classroom management strategies for teachers when high levels of disruptive behavior are reported).

Record Lock

Service #6 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#6)

15 minutes of training time

b. Unit Rate (#6)

\$18.18

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc.)(#6)

c. Is the proposed Unit Rate (#6) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#6) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#6) (600 character limit)

The rate is based on information from the BCSMHC pilot project. The rate pays for personnel to provide the training.

d. Total Number of Units of Service to be Provided (#6)

1053

e. Total Number of Unduplicated Individuals (#6)

800

f. Average Number of Units of Service per Unduplicated Individual (#6)

1.32

g. Average Cost of Service per Individual (#6)

23.93

Service #6 - Service Fee

a. Will the proposed service (#6) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#6) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#6)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#6). (600 character limit)

This service is based on the BCSMHC checklist data and provides schools with important and needed training that they would not receive if a fee were charged.

b. Is this proposed service (#6) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#6) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#6) (600 character limit)

If No - Explain why the proposed service (#6) is not billable to a third-party payor. (600 character limit)

The training is provided to school personnel.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#6) (600 character limit)

N/A

Service #6 - Amount Received From Other Funders

Service #6 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#6)
\$19,145.00

b. Proposed Number of Units of Service (#6)
1053.08

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#6) (600 character limit)

This service is based on the BCSMHC checklist data and provides schools with important and needed training that they would not receive otherwise.

Service #6 - Performance Measures

Outcome (6-1)	Indicator (6-1)	Method of Measurement (6-1)
Staff will indicate improved knowledge in the area of training.	80% of staff will demonstrate an increase in of knowledge of the topic after the training in comparison to before the training.	Staff report on level of knowledge of the topic/skill.
Additional Outcome (6-2)	Additional Indicator (6-2)	Additional Method (6-2)
Staff will be satisfied with the training they received.	80% of staff will report high satisfaction with the training in a post assessment.	Post assessment of satisfaction with training.
Additional Outcome (6-3)	Additional Indicator (6-3)	Additional Method (6-3)
Additional Outcome (6-4)	Additional Indicator (6-4)	Additional Method (6-4)
Additional Outcome (6-5)	Additional Indicator (6-5)	Additional Method (6-5)

Service #6 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#6) (600 character limit)
Increasing school personnel knowledge in skills that reduce youth risk for social, emotional, and behavioral problems is a primary goal of the Coalition.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#6) (600 character limit)

School staff who participate in training may not be receptive to learning new strategies or believe that what they are currently doing is more effective than some evidence-based practices. Also, school personnel have varying degrees of skill and some may be able to implement practices more readily than others.

c. Provide a rationale for the measurement level(s) for each indicator. (#6) (600 character limit)

Personnel reported knowledge of a new practice and their satisfaction with a training are good proxies for the likelihood they use the new practice in their

work.

d. Provide a rationale for each method of measurement. (#6) (600 character limit)

Personnel who attend the training can report on their perceived knowledge level pre and post training.

Service #7 - Name, Definition, and Description

Service #7 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#7)
\$0.00

b. Proposed Number of Units of Service (#7)
0

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#7) (600 character limit)

Service #7 - Performance Measures

Outcome (7-1)	Indicator (7-1)	Method of Measurement (7-1)
Additional Outcome (7-2)	Additional Indicator (7-2)	Additional Method (7-2)
Additional Outcome (7-3)	Additional Indicator (7-3)	Additional Method (7-3)
Additional Outcome (7-4)	Additional Indicator (7-4)	Additional Method (7-4)
Additional Outcome (7-5)	Additional Indicator (7-5)	Additional Method (7-5)

Service #7 - Performance Measures Narrative

- Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (7) (600 character limit)
- Describe and document any external factors or variables which may affect the proposed outcome(s). (7) (600 character limit)
- Provide a rationale for the measurement level(s) for each indicator. (7) (600 character limit)
- Provide a rationale for each method of measurement (7). (600 character limit)

Service #8 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#8)

Service #8 - Taxonomy of Service Name (150 character limit)

Service #8 - Taxonomy Definition of Service (300 character limit)

- Provide a detailed description of the proposed service (#8). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #8 - Outputs

- Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#8)
- Unit Rate (#8)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#8)

- Is the proposed Unit Rate (#8) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#8) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#8) (600 character limit)

- Total Number of Units of Service to be Provided (#8)

0

- Total Number of Unduplicated Individuals (#8)

0

- Average Number of Units of Service per Unduplicated Individual (#8)

0

- Average Cost of Service per Individual (#8)

0

Service #8 - Service Fee

- Will the proposed service (#8) consumers be charged a fee?

If Yes - Provide a description of and a rationale for the service (#8). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#8)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#8) (600 character limit)

b. Is this proposed service billable to a third-party payor(s)? (#8) (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#8). (600 character limit)

If No - Explain why the proposed service is not billable to a third-party payor. (#8) (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#8) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

RE: University of Missouri Self-Funded Auto/General Liability/Self-Insured Workers' Compensation

To Whom It May Concern:

The Curators of the University of Missouri has a Self-funded Retention Program for its auto and general liability losses. The Self-funded Retention Program is used to provide payment for exposures and claims arising from the negligence of the University, its officers, agents and employees and for which the University, its officers, agents and employees are found to be liable.

The self-funded auto/general liability retention program has a limit of \$1,000,000 per occurrence and \$3,000,000 annual aggregate. Reserves for the program are determined annually and set aside by the University for the Self-funded Retention Program.

The Curators of the University of Missouri is an approved Missouri self-insurer for Workers' Compensation coverage. All employees, including some student employees, part-time employees and some volunteers are covered by Worker's Compensation. A specific fund is maintained, based on actuarial determination, to cover obligations arising from the Workers' Compensation Exposure.

Should you require additional information, please advise.

Sincerely,

Ed Knollmeyer

Ed Knollmeyer
Director, Risk & Insurance Management

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children's Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
- The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract *HealthySteps for Young Children*

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **The Curators of the University of Missouri (on behalf of the Division of General Pediatrics, Department of Child Health, and University of Missouri Health Care)** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **HEALTHYSTEPS**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, HEALTHYSTEPS has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY HEALTHYSTEPS

HEALTHYSTEPS is expected to the greatest extent possible to maximize funding from all other sources. HEALTHYSTEPS shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. HEALTHYSTEPS shall only request reimbursement for services not reimbursable by any other source. HEALTHYSTEPS shall not invoice the Children's Services Fund for units of service invoiced to another funding source. HEALTHYSTEPS shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** HEALTHYSTEPS will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and HEALTHYSTEPS's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over HEALTHYSTEPS's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from HEALTHYSTEPS and HEALTHYSTEPS agrees to furnish the **HealthySteps for Young Children** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in HEALTHYSTEPS's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$64,582.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. HEALTHYSTEPS agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of HEALTHYSTEPS be renewed for **an additional one (1), one-year period**. HEALTHYSTEPS agrees and understands that the BCCSB may require supplemental information to be submitted by HEALTHYSTEPS prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Case Management	15 minutes	\$16.00	3,057	\$48,912.00
Developmental Screening & Social/Emotional Screening	One screening	\$14.00	300	\$4,200.00
Behavioral Health Screening	One screening	\$14.00	125	\$1,750.00

Home Visiting (includes: New Parent Assistance)	15 minutes	\$16.00	420	\$6,720.00
Development/Start Up	-----	-----	-----	\$3,000.00

All billing shall be invoiced to BCCSB monthly by the 20th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of HEALTHYSTEPS, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by HEALTHYSTEPS to monitor service delivery and program expenditures. HEALTHYSTEPS agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by HEALTHYSTEPS and, if so stipulated, are noted on this contract document. Payments may be withheld from HEALTHYSTEPS if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. HEALTHYSTEPS agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** HEALTHYSTEPS also agrees to make available to the BCCSB a copy of its annual audit upon completion by the auditing agency. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from HEALTHYSTEPS, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** HEALTHYSTEPS agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect HEALTHYSTEPS's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, HEALTHYSTEPS hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event HEALTHYSTEPS requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from HEALTHYSTEPS may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with HEALTHYSTEPS's policies and procedures and in accordance with any local/state/federal regulations. HEALTHYSTEPS agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. HEALTHYSTEPS must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** HEALTHYSTEPS will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** HEALTHYSTEPS agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to HEALTHYSTEPS's provision of such services.

14. **Accreditation/Licensure/Certifications.** HEALTHYSTEPS must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** HEALTHYSTEPS agrees that any conflicts of interest between its Board and/or employees and HEALTHYSTEPS shall be appropriately identified and managed.

16. **Subcontracts.** HEALTHYSTEPS may enter into subcontracts for components of the contracted service as HEALTHYSTEPS deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, HEALTHYSTEPS shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** HEALTHYSTEPS agrees to comply with Missouri State Statute section 285.530. HEALTHYSTEPS also agrees that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. HEALTHYSTEPS shall require each subcontractor to affirmatively state in its Agreement with the HEALTHYSTEPS that the subcontractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

18. **Litigation.** HEALTHYSTEPS agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against HEALTHYSTEPS or any individual acting on the HEALTHYSTEPS's behalf, including subcontractors, which seek to enjoin or prohibit HEALTHYSTEPS from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If HEALTHYSTEPS ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if HEALTHYSTEPS no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, HEALTHYSTEPS will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event HEALTHYSTEPS, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to HEALTHYSTEPS as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should HEALTHYSTEPS fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, HEALTHYSTEPS shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the HEALTHYSTEPS for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, HEALTHYSTEPS agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **The Curators of the University of Missouri (on behalf of the Division of General Pediatrics, Department of Child Health, and University of Missouri Health Care)** (meaning anyone, including but not limited to consultants having a contract with HEALTHYSTEPS or subcontractor for part of the services), or anyone directly or indirectly employed by HEALTHYSTEPS, or of anyone for whose acts HEALTHYSTEPS may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** HEALTHYSTEPS shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. HEALTHYSTEPS will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. HEALTHYSTEPS will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. HEALTHYSTEPS agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and HEALTHYSTEPS. The BCCSB does not recognize any of the HEALTHYSTEPS's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** HEALTHYSTEPS shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to HEALTHYSTEPS shall be mailed or delivered to:

The Curators of the University of Missouri
(on behalf of the Division of General Pediatrics, Dept. of Child Health, & UMC Health Care)
Office of Sponsored Programs
115 Business Loop 70 West, Mizzou North, Room 501
Columbia, MO 65211

IN WITNESS WHEREOF the parties through their duly authorize representatives have executed this agreement on the day and year first above written.

BOONE COUNTY - MISSOURI

PROPOSAL NUMER AND DESCRIPTION: 30-20JUL17 – Purchase of Service Contracts

CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

In compliance with this request, the Offeror agrees to furnish the services requested and proposed and certifies he/she has read, understands, and agrees to all terms, conditions, and requirements of the RFP and this clarification request and is authorized to contract on behalf of the firm. **Note:** This form must be signed. All signatures must be original and not photocopies.

Company Name: The Curators of the University of Missouri (on behalf of the Division of General Pediatrics, Department of Child Health, and University of Missouri Health Care)

Address: Attn: Karen Green, Pre-Award Manager, OSPA

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of the Division of General Pediatrics, Department of Child Health, and University of Missouri Health Care)
Name of Program	HealthySteps for Young Children

Organization Profile	
-----------------------------	--

1. The phone number is not provided for any of the Curator Members in the Governing Board section.

Action Required: Provide the phone numbers for all Curator Members.

573-882-2388 is the phone number for the board office. Individual board members change; however, if the County requires individual member's office phone numbers, this information can be provided by contacting the number included.

Program Overview Form	
------------------------------	--

2. The total number of individuals to be served and the Consumer Demographics section needs to include the parents that are completing the Behavioral Health Screenings.

Action Required: Provide an update number of total unduplicated individuals to be served and the number of unduplicated parents to be served.

The goal is to serve a minimum of 100 children. Some of the behavioral screening tools we use are specific to mothers (ie EPDS) while other behavioral screens can be filled out by either parent (ie Protective Factors Survey), but typically if there are two parents at a joint visit or home visit, they will complete the screen together. Therefore, the number of unduplicated parents to be served is also 100. A total of 200 unduplicated individuals will be served.

3. The Program Quality for field a. mentioned the national office requires data to show the 8 Main Components of Healthy Steps are maintained. The data provided to the national office would be beneficial to include in performance measures for the program services.

Action Required: Review the proposed performance measures and incorporate the data already being collected into the performance measures following the logic model. Provide an explanation on how the performance data is collected and provide performance measures for each service in the attached 'Service Change Chart'.

The data that we provide the HealthySteps national office is included in the performance measures provided to the County. There is not additional data shared with the national office.

4. The uploaded document is a letter of support, not a MOU.

Action Required: Provide a MOU with MU SOAR and Bridge programs, if possible.

See attachments included in email with our written clarification form #1. We have included MOUs with MU SOAR regarding possible implementation of FAN training as well as Boone County Early Childhood Coalition (Department of Psychiatry) regarding Triple P implementation. Our clinic refers to the MU Bridge program on a regular basis, but do not have a signed MOU with them.

5. The FTE for the Healthy Steps Specialist (HSS) is incorrectly listed at 100.00.

Action Required: Provide clarification on the actual FTE amount for the Healthy Steps Specialist.

FTE should be listed as 1.0

Program Services Form (1-5)

6. After reviewing the proposal and service descriptions, the following changes are suggested:

- a. Service 1 – the service name should be changed to “Case Management” due to the level of service the HSS is providing the clients by attending well-child visits at the doctor’s office. The HSS is not completing the medical evaluation of the child but is rather fulfilling activities that can be considered as case management. Time spent with clients outside of home visits can be included in this service. For example, the Service 8 mentions that the HSS talks to parents in between visits. This time can be included in Case Management.
- b. Service 2 – the service name should be listed as “Developmental Screening and Social/Emotional Screening”. This is one of the few occasions where multiple services will be allowed in the service name.
- c. Service 3 – the service name will remain “Behavioral Health Screening”
- d. Service 4 – due to the multiple services listed that are primarily provided during home visits, “Home Visiting” has been added as a service with the following service definition:
Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to

raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

The Service Name must include all the services that are being provided during Home Visiting. For example, the proposal listed several services that can be listed under Home Visiting (Information and Referral, Service Coordination, Child Development Education, Early Childhood Education, etc.)

Service #	Service Name
1	Case Management
2	Developmental Screening & Social/Emotional Screening
3	Behavioral Health Screening
4	Home Visiting

Action Required: Service outputs and performance measures need to reflect the suggested changes. Provide any comments in the field below.

We reviewed and agree with the County's recommendations to consolidate the 8 program services into the 4 program services listed above. For service #4, we have added Taxonomy of Service: Expectant/New Parent Assistance. The HealthySteps Specialist (HSS) performs her job duties both in the clinical setting and at home visits. There will be some performance measure overlap in Case Management and Home Visiting & Expectant/New Parent Assistance services because they are provided in both locations. ~

The Department of Child Health is providing 25% salary support including fringe benefits and FICA. We are requesting the County provide funding for 75% salary support for the HealthySteps Specialist in addition to non-labor expenses (ie mileage reimbursement/HS program materials). Therefore, the amount requested from the County will be a portion of the unit rate per service line for Case Management and Home Visiting & Expectant/New Parent Assistance. The total number of units to be provided and total number of unduplicated individuals will include 1.0 FTE effort of the HealthySteps Specialist.

Service 1 – Case Management

7. The unit measure, unit rate, number of units to be provided, and number of unduplicated individuals to be served needs to be adjusted to reflect the service changes for Case Management. The unit measure should be "15 minutes". The proposed unit rate should be reflective of Case Management since the HSS is not completing the examination of the children. The number of units to be provided should only include the time spent for clients outside of home visits.

Action Required: Complete the attached 'Service Change Chart' for Service 1 and include the adjusted unit measure, unit rate, number of units to be provided, and number of individuals to be served. Provide justification on the adjusted unit rate below.

The recommended reimbursement unit rate for master's level case management services In St. Louis Children's Services Fund list is \$19.07 per 15 minutes. The current unit rate range provided by the County is \$12.55-\$24.44 per 15 minutes. Our unit rate falls within this recommended range.

8. The Funding Request for Service 1 needs to be adjusted with the service changes mentioned above.

Action Required: Update the funding request amount and the proposed number of units to be served that the Boone County Children's Services Fund will pay. Provide this information in the 'Service Change Chart' for Service 1.

Updates have been made in Service Change Chart for Service 1.

Service 2 - Developmental Screening & Social/Emotional Screening

9. The unit measure for Service 2 needs to be changed from one client session.

Action Required: The unit measure for Developmental Screening should be 'one screening'. Provide this information on the 'Service Change Chart' for Service 2. Provide any comments any the field below.

Updates have been made in Service Change Chart for Service 2.

10. The unit rate will need to be based on an established public funding rate to administer the type of screenings being administered for Service 2.

Action Required: Provide an updated unit rate for in the 'Service Change Chart' for Service 2 and provide justification on the unit rate below.

We were provided some examples of screenings currently being funded by the County and the range was \$6.80 - \$15.85 per 15 minutes. Taking into consideration the amount of time it takes for the HSS to administer the screenings, the amount requested fits into this recommended range.

11. The number of units will need to be adjusted to account for the different screenings being administered by the HSS. The time spent administering and interpreting the screening is included in the unit measure. The number of units to be provided may also need to be adjusted to allow for the different screenings to be completed (ASQ-3, ASQ-SE, and MCHAT). This should also account for the number of times the ASQ-3 and ASQ-SE are administered throughout the first year of an infants' life.

Action Required: Provide the updated number of units to be provided in the 'Service Change Chart' for Service 2.

The number has been updated in the Service Change Chart in Service 2.

12. The Funding Request for Service 2 needs to be adjusted with the service changes mentioned above.

Action Required: Update the funding request amount and the proposed number of units to be served that the Boone County Children's Services Fund will pay. Provide this information in the 'Service Change Chart' for Service 2.

The change has been made in the Service Change Chart.

13. The performance measures for Service 2 lack outcomes and indicators for developmental delays. The correct ASQs should be matched with the appropriate developmental and social-emotional outcomes and indicators.

Action Required: Provide outcomes, indicators, and method of measurements for developmental and social-emotional delays in the 'Service Change Chart' for Service 2.

Outcomes, indicators and methods of measurements for developmental and social-emotional delays have been added to the Service Change Chart.

14. The Performance Measures narrative does not provide specific information on the MCHAT.

Action Required: Provide clarification on the MCHAT. Outcomes and indicators may need to be listed separately from the ASQs depending on the type of information gathered from the MCHAT. If so, provide outcomes, indicators, and method of measurement for the MCHAT in the 'Service Change Chart'.

The M-CHAT-R is valid for screening toddlers between 16 and 30 months of age, to assess risk for autism spectrum disorder (ASD). The M-CHAT-R can be administered and scored as part of a well-child care visit, and also can be used by specialists or other professionals to assess risk for ASD. The primary goal of the M-CHAT-R is to maximize sensitivity, meaning to detect as many cases of ASD as possible. The AAP recommends universal screening at 18 months and 24 or 30 months. Any child with a positive M-CHAT will be referred internally to one of two providers in the clinic that perform autism echo evaluations which can be diagnostic for ASD and decrease the wait time for families to be seen at the Thompson Center.

Service 3 - Behavioral Health Screening

15. The unit measure for Behavioral Health Screenings needs to change from one client session.
Action Required: The unit measure for Behavioral Health Screening should be 'one screening'. Provide this information on the 'Service Change Chart' for Service 3.

The unit measure has been changed in the Service Change Chart for Service 3.

16. The unit rate will need to be based on an established public funding rate to administer the type of screenings being administered for Service 3.
Action Required: Provide an updated unit rate for in the 'Service Change Chart' for Service 3 and provide justification on the unit rate below.

We were provided some examples of screenings currently being funded by the County and the range was \$6.80 - \$15.85 per 15 minutes. Taking into consideration the amount of time it takes for the HSS to administer the screenings, the amount requested fits into this recommended range.

17. The number of units will need to be adjusted to account for the different screenings being administered by the HSS. The time spent administering and interpreting the screening is included in the unit measure. The number of units to be provided will need to be adjusted to allow for the different screenings to be completed (EPDS, SEEK PQ, etc.).
Action Required: Provide the updated number of units to be provided in the 'Service Change

Updated number of units provided in Service Change Chart for Service 2.

Chart' for Service 2.

18. The total number of unduplicated individuals to be served needs to be for the parents receiving Behavioral Health Screenings.
Action Required: Provide the total number of unduplicated individuals that will receive the Behavioral Health Screenings in the 'Service Change Chart' for Service 3.

A total of 100 unduplicated individuals (parents receiving behavioral health screening) will be served. Updated in Service Change Chart for Service 3.

19. The Funding Request for Service 3 needs to be adjusted with the service changes mentioned above.
Action Required: Update the funding request amount and the proposed number of units to be served that the Boone County Children's Services Fund will pay. Provide this information in the 'Service Change Chart' for Service 3.

See updated amount in Service Change Chart in Service 3.

Service 4 – Home Visiting

20. “Home Visiting” needs to be added as Service 4.

Action Required: Complete the ‘Service Change Chart’ for Service 4. Provide the different types of services being provided during home visits in the service name. Provide information below on how these services are being provided during home visits.

The HealthySteps Specialist typically spends around 2 to 2.5 hours for each home visit, including preparation and travel. During the home visit, the HSS will cover topics with families such as positive parenting skills, safe sleep, importance of self-care, child development education, family support, crisis management and problem solving and connecting family to resources.

21. The outputs need to be provided for Service 4. The unit measure should be “15 minutes” and the number of units to be provided should only include services provided during the home visits.

Action Required: Complete the ‘Service Change Chart’ for Service 4. Provide any comments in the field below.

Unit measure has been added to Service Change Chart in Service 4.

22. Provide the Funding Request amount for providing Home Visiting.

Action Required: Provide the Funding Request amount on the ‘Service Change Chart’ for Service 4. Provide any comments in the field below.

Funding request has been added to the Service Change Chart for Service 4. Our funding request was based on the recommended amount received by the County. This amount was listed as \$128 per visit. Our request is comparable to this amount, considering the time that the HSS spends at a home visit.

23. Provide Performance Measures for Home Visiting. The Performance Measure for Services 4 – 8 on the proposal were well written and should be included in the Home Visiting Performance Measures.

Action Required: Provide Performance Measures on the ‘Service Change Chart’ for Service 4. Provide any comments in the field below.

Performance Measures were added in the Service Change Chart for Service 4.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the ‘Program Outputs and Funding Request Tables’.

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Division of Pediatrics, Department of Child Health, and University of Missouri Health Care)			
Program Name: Healthy Steps for Young Children			
Service #1 – Taxonomy of Service Name: Case Management			
Service #1 – Taxonomy Definition of Service: A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health and human services needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective interventions and outcomes.			
Provide a detailed description of the proposed service:			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
15 minutes	\$16	4076	100
Funding Request			
Amount Requested to Boone County: \$48,912		Proposed Number of Units of Service: 4076	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
In addition to the performance measures in Apricot for service 1, we have added the following performance measures to this service. Some of these measures were initially in services 4-8.			
Increased parent knowledge of Boone County early childhood organizations and resources	100% of families will receive information about local events and presentations on early childhood development 50% of families will attend at least 1 community event or presentation	Parent Satisfaction Survey Chart Review and HSS Report	

Increased parent knowledge of early childhood health and development	<p>90% of families that attend events/presentations will report increased knowledge of Boone County early childhood resources</p> <p>75% of families that attend events/presentations will report that they learned useful information</p> <p>75% of families that attend events/presentations will report satisfaction.</p>	Parent Satisfaction Survey
Improved parental knowledge of age-appropriate early learning strategies	<p>90% of parents will receive early learning resources</p> <p>90% of parents will report that early learning resources were helpful</p>	<p>Parent Satisfaction Survey</p> <p>Chart Review and HSS Report</p>
Improved parental access to developmental and behavioral information and supports	<p>100% of parents will receive information about the telephone line and/or MUHealthline</p> <p>50% of families will receive at least 1 home visit; 20% of families will receive 2 home visits.</p> <p>90% of families receiving home visits will report satisfaction.</p>	<p>Parent Satisfaction Survey</p> <p>Chart Review and HSS Report</p> <p>Call/email log</p>

Amount Requested to Boone County: \$4,200.00		Proposed Number of Units of Service: 300	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:
Improved early identification of social-emotional, behavioral, and developmental delays.	90% of children will be screened for social-emotional/behavioral delays		ASQ-SE
	90% of children will be screened for developmental delays		ASQ-3
	90% of children will be screened for autism at recommended screening intervals provided by the AAP.		M-CHAT
			Chart Review and HSS report
Increased parent knowledge of child development	90% of families will receive age-appropriate information regarding their child’s developmental stages at each well-child check.		Chart Review and HSS report
	90% of families will report that the information given was helpful.		Parent Satisfaction Survey
Increased referrals to and use of early developmental services for child behavioral, developmental, or social-emotional issues.	90% of families that receive a referral will receive HSS follow-up		Chart Review and HSS report

	90% of children with a positive M-CHAT will be referred to autism echo clinic for diagnostic evaluation.	
Improved parenting practices	90% of families will show improvement in parenting practices from baseline.	Parenting Practices Survey
Improved identification of family risk factors	<p>90% of families will be screened for domestic violence before child reaches 6 months of age</p> <p>90% of families will be screened for parental stress at 4 time points (intake, 12 month, 24 month, 36 month or discharge)</p> <p>90% of families will be screened for risk and protective factors at 4 time points (intake, 12 months, 24 months, 36 months or discharge)</p>	<p>SEEK</p> <p>Parental Stress Scale</p> <p>Protective Factors Scale</p> <p>Chart Review and HSS report</p>
Service Change Chart		
Organization Name: The Curators of the University of Missouri (on behalf of the Division of Pediatrics, Department of Child Health, and University of Missouri Health Care)		
Program Name: Healthy Steps for Young Children		
Service #3 – Taxonomy of Service Name: Behavioral Health Screening		
Service #3 – Taxonomy Definition of Service: Identifies if an individual is at risk of experiencing symptoms of a mental health condition.		
<p>Provide a detailed description of the proposed service: This includes mother's being screened with the EPDS at each well-child check visit for the first year of the child's life, which comes to 6 total screens. The HSS is considered the referral specialist for postpartum resources in the clinic. She also provides information to non-HealthySteps mothers who score high on the EPDS; however, the primary care physician is responsible for determining if family was able to get connected to resources. Data that will be presented at the Zero to Three National Conference shows that mothers enrolled in HealthySteps are at an increased risk for postpartum depression with 23% having positive EPDS screens compared to 10% of non-HealthySteps families. Our data also shows that HealthySteps mothers are more likely to be referred to services and receive follow-up for a positive EPDS screen compared to non-HealthySteps mothers. Year to date the HSS has provided PPD resources or helped initiate referrals for 30 non-HealthySteps families. While our performance measures and total number of unduplicated individuals served for behavioral screenings are specific to the HealthySteps program, the reality is that additional Boone County families benefit</p>		

from having a HSS on-site at MU Pediatrics. The HSS will continue to educate the primary care providers in clinic on the importance of referral and follow-up for non-HealthySteps families. The HealthySteps specialist will continue to collect data on Boone County families not enrolled in HealthySteps, but benefit from a brief clinical contact to provide resources/referral information to families.

Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 screen	\$14.00	125	100

Service:	Amount Requested to Boone County:		Proposed # of Units of Service:	
Case Management (75%)	\$48,912.00		4076	
Development & Social/Emotional Screenings	\$4,200.00		300	
Behavioral Screenings	\$1,750.00		125	
Home Visiting & Expectant/New Parent Assistance (75%)	\$6,720.00		560 (70 home visits)	
Development/Start Up Service Funding	\$3000.00			

Total Amount Requested to Boone County:	\$64,582.00	
------------------------------------------------	--------------------	--

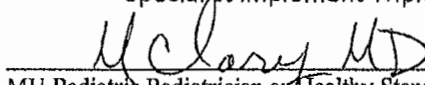

Memorandum of Understanding
Boone County Early Child Coalition (Department of Psychiatry)
And MU Pediatrics (Department of Pediatrics)

MU Pediatrics Program will:

- Obtain Triple P training for the Healthy Steps Specialist and several physician champions.
 - 3 day initial training, 1 day pre-accreditation, and 1 day accreditation
- Those trained complete pre/post training surveys
- Provide Triple P Level 2 and Level 3 interventions for the young children treated in the MU Pediatric Clinic.
 - Work with evaluator to determine administration and collection of required Triple P measures
- Engage with Boone County Early Child Coalition in promoting the Triple P Public Awareness Campaign to the patients and families served.
- Refer young children and their families to FACE for screening and referral if the young child is experiencing social-emotional difficulties or families have issues that affect parenting.
- Conduct 2 Triple P seminars per person trained in years 2018 and 2019.

Boone County Early Child Coalition will:

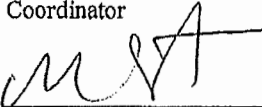

- Provide Triple P training to the Healthy Steps Specialist and Pediatricians
- Triple P evaluator will work with Healthy Steps Specialist and Pediatricians to determine administration and collection of required Triple P measures
- Provide materials from Triple P Level 1 Public Awareness Campaign to the MU Pediatrics Clinic.
- Provide a Support Specialist to help the Pediatricians and Healthy Steps Specialist implement Triple P Level 2 and Level 3 interventions.

Memorandum of Understanding (MOU) between SOAR and Healthy Steps Program (Nate Beucke, MD and Andrea Pauley, Healthy Steps Specialist)

The Healthy Steps Program will:

- Send pediatrician and Healthy Steps provider to FAN (Facilitating Attuned Interactions") training.
- Trained providers complete pre/post training surveys.
- On a quarterly basis complete a survey reporting the number of FAN-trained individuals who are using the FAN model in their work and their along with their approximate caseload.
- Refer infants and their parents to SOAR Fussy Baby if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Refer parents to the Fussy Baby Hotline if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Make SOAR's Fussy Baby Network printed materials (e.g. brochures and flyers) available at MU Pediatrics Clinic to parents/families.

SOAR will:

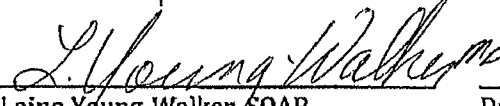

- Provide FAN training to pediatricians at the MU Pediatrics Clinic.
- Provide FAN training to the Healthy Steps Specialist.
- Provide ongoing FAN consultation as needed.
- Provide supportive Fussy Baby services, including home visiting and a hotline to patients of MU Pediatrics Clinic.
- Provide Fussy Baby Network printed materials (e.g. brochures and flyers) to MU Pediatrics Clinic.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Green:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of the Division of General Pediatrics, Department of Child Health, and University of Missouri Health Care)
Name of Program	Healthy Steps for Young Children

Organization Profile

1. The phone number is not provided for any of the Curator Members in the Governing Board section.

Action Required: Provide the phone numbers for all Curator Members.

--

Program Overview Form

2. The total number of individuals to be served and the Consumer Demographics section needs to include the parents that are completing the Behavioral Health Screenings.

Action Required: Provide an update number of total unduplicated individuals to be served and the number of unduplicated parents to be served.

--

3. The Program Quality for field a. mentioned the national office requires data to show the 8 Main Components of Healthy Steps are maintained. The data provided to the national office would be beneficial to include in performance measures for the program services.

Action Required: Review the proposed performance measures and incorporate the data already being collected into the performance measures following the logic model. Provide an explanation on how the performance data is collected and provide performance measures for each service in the attached 'Service Change Chart'.

--

4. The uploaded document is a letter of support, not a MOU.

Action Required: Provide a MOU with MU SOAR and Bridge programs, if possible.

--

5. The FTE for the Healthy Steps Specialist (HSS) is incorrectly listed at 100.00.

Action Required: Provide clarification on the actual FTE amount for the Healthy Steps Specialist.

--

Program Services Form (1-5)	
------------------------------------	--

6. After reviewing the proposal and service descriptions, the following changes are suggested:
- Service 1 – the service name should be changed to “Case Management” due to the level of service the HSS is providing the clients by attending well-child visits at the doctor’s office. The HSS is not completing the medical evaluation of the child but is rather fulfilling activities that can be considered as case management. Time spent with clients outside of home visits can be included in this service. For example, the Service 8 mentions that the HSS talks to parents in between visits. This time can be included in Case Management.
 - Service 2 – the service name should be listed as “Developmental Screening and Social/Emotional Screening”. This is one of the few occasions where multiple services will be allowed in the service name.
 - Service 3 – the service name will remain “Behavioral Health Screening”
 - Service 4 – due to the multiple services listed that are primarily provided during home visits, “Home Visiting” has been added as a service with the following service definition:
Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the

The Service Name must include all the services that are being provided during Home Visiting. For example, the proposal listed several services that can be listed under Home Visiting (Information and Referral, Service Coordination, Child Development Education, Early Childhood Education, etc.)

Service #	Service Name
1	Case Management
2	Developmental Screening & Social/Emotional Screening
3	Behavioral Health Screening
4	Home Visiting

--

7. The unit measure, unit rate, number of units to be provided, and number of unduplicated individuals to be served needs to be adjusted to reflect the service changes for Case Management. The unit measure should be "15 minutes". The proposed unit rate should be reflective of Case Management since the HSS is not completing the examination of the children. The number of units to be provided should only include the time spent for clients outside of home visits.

--

- Action Required:* Update the funding request amount and the proposed number of units to be served that the Boone County Children's Services Fund will pay. Provide this information in the 'Service Change Chart' for Service 1.

Service 2 - Developmental Screening & Social/Emotional Screening

9. The unit measure for Service 2 needs to be changed from one client session.

Action Required: The unit measure for Developmental Screening should be 'one screening'.

Provide this information on the 'Service Change Chart' for Service 2. Provide any comments any the field below.

10. The unit rate will need to be based on an established public funding rate to administer the type of screenings being administered for Service 2.

Action Required: Provide an updated unit rate for in the 'Service Change Chart' for Service 2 and provide justification on the unit rate below.

11. The number of units will need to be adjusted to account for the different screenings being administered by the HSS. The time spent administering and interpreting the screening is included in the unit measure. The number of units to be provided may also need to be adjusted to allow for the different screenings to be completed (ASQ-3, ASQ-SE, and MCHAT). This should also account for the number of times the ASQ-3 and ASQ-SE are administered throughout the first year of an infants' life.

Action Required: Provide the updated number of units to be provided in the 'Service Change Chart' for Service 2.

12. The Funding Request for Service 2 needs to be adjusted with the service changes mentioned above.

Action Required: Update the funding request amount and the proposed number of units to be served that the Boone County Children's Services Fund will pay. Provide this information in the 'Service Change Chart' for Service 2.

--

13. The performance measures for Service 2 lack outcomes and indicators for developmental delays. The correct ASQs should be matched with the appropriate developmental and social-emotional outcomes and indicators.

Action Required: Provide outcomes, indicators, and method of measurements for developmental and social-emotional delays in the 'Service Change Chart' for Service 2.

--

14. The Performance Measures narrative does not provide specific information on the MCHAT.

Action Required: Provide clarification on the MCHAT. Outcomes and indicators may need to be listed separately from the ASQs depending on the type of information gathered from the MCHAT. If so, provide outcomes, indicators, and method of measurement for the MCHAT in the 'Service Change Chart'.

--

Service 3 - Behavioral Health Screening

15. The unit measure for Behavioral Health Screenings needs to change from one client session.

Action Required: The unit measure for Behavioral Health Screening should be 'one screening'. Provide this information on the 'Service Change Chart' for Service 3.

--

16. The unit rate will need to be based on an established public funding rate to administer the type of screenings being administered for Service 3.

Action Required: Provide an updated unit rate for in the 'Service Change Chart' for Service 3 and provide justification on the unit rate below.

--

17. The number of units will need to be adjusted to account for the different screenings being administered by the HSS. The time spent administering and interpreting the screening is included in the unit measure. The number of units to be provided will need to be adjusted to allow for the different screenings to be completed (EPDS, SEEK PQ, etc.).

Action Required: Provide the updated number of units to be provided in the 'Service Change Chart' for Service 2.

--

18. The total number of unduplicated individuals to be served needs to be for the parents receiving Behavioral Health Screenings.

Action Required: Provide the total number of unduplicated individuals that will receive the Behavioral Health Screenings in the 'Service Change Chart' for Service 3.

--

19. The Funding Request for Service 3 needs to be adjusted with the service changes mentioned above.

Action Required: Update the funding request amount and the proposed number of units to be served that the Boone County Children's Services Fund will pay. Provide this information in the 'Service Change Chart' for Service 3.

--

Service 4 – Home Visiting

20. "Home Visiting" needs to be added as Service 4.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide the different types of services being provided during home visits in the service name. Provide information below on how these services are being provided during home visits.

--

21. The outputs need to be provided for Service 4. The unit measure should be "15 minutes" and the number of units to be provided should only include services provided during the home visits.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide any comments in the field below.

--

22. Provide the Funding Request amount for providing Home Visiting.

Action Required: Provide the Funding Request amount on the 'Service Change Chart' for Service 4. Provide any comments in the field below.

--

23. Provide Performance Measures for Home Visiting. The Performance Measure for Services 4 – 8 on the proposal were well written and should be included in the Home Visiting Performance Measures.

Action Required: Provide Performance Measures on the 'Service Change Chart' for Service 4. Provide any comments in the field below.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

24. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information

Organization

Mission

Statement

(Purpose):

Provide your organization's mission statement. (600 character limit)

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

Organization

History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

The University of Missouri has provided teaching, research and service to Missouri since 1839. The university, the first publicly supported institution of higher education to be established in the Louisiana Purchase territory, was shaped in accordance with the ideals of Thomas Jefferson, an early proponent of higher education.

Founded in Columbia, the university had one campus until 1870, when the School of Mines and Metallurgy was established in Rolla. In the same year, the university assumed land-grant responsibilities of providing higher education opportunities for all citizens.

Brief Statement of

Organization's

Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

http://www.umsystem.edu/ums/rules/collected_rules/financial The Office of Finance provides leadership in the areas of cash, investment and debt management, facilities planning, internal audit, procurement, budgeting, financial reporting and financial systems management. Just as important, we ensure the integrity of the university's financial statements and provide leadership in the management of financial, operational and compliance risk. These responsibilities define our purpose.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Click +New to add Employee Compensation information.

RE: Boone County POS Contract for The Curators of the University of Missouri/ Nathan Beucke, MD

Enclosed please find the above-referenced proposal which is being submitted on behalf of The Curators of the University of Missouri. The project director is Nathan Beucke, MD. at the University of Missouri-Columbia.

If our proposal is favorably received, we respectfully request the opportunity to negotiate the terms and conditions of any agreement forthcoming. In anticipation, we have reviewed the RFP's proposed terms and conditions. Our concerns include, but are not limited to, the following (proposed additions are underlined):

Boone County Insurance Requirements

The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide, or Contractor may provide evidence of a self-funded program of coverage.

Reasoning: It is not possible to add an additional insured to the self-insurance plan and the University is not willing to obtain separate insurance for any specific project. The University is partially immune from tort liability since it is an instrumentality of the State of Missouri and the University carries insurance (commercial and/or self insurance) as permitted by State statute 537.610 RSMo., 1994. The University is qualified as a self-insurer under the Workers Compensation law of the State of Missouri. In addition, the University is also self-insured for general liability and for automobile liability insurance. These University self-insurance programs shall be used to cover any applicable claims concerning this project.

Indemnity Agreement

To the fullest extent permitted by law and without waiving sovereign immunity, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Reasoning: The University is a governmental entity of the State of Missouri. As such, it has sovereign immunity from most tort actions and cannot agree to indemnify and hold harmless others in situations in which the legislature has provided such sovereign immunity (Article VI, Section 26a, Missouri Constitution Sect. 172.250, RSMo., 1994)

Attachment D—2017 Agency Assurance Sheet

- *Certificate of Corporate Good Standing*

Reasoning: We will be unable to provide a Certificate of Corporate Good Standing. RPR Section III Minimum Eligibility Criteria states "any tax-exempt, not organized for profit agency or governmental entity" should be eligible. We are a public corporation per the statute below:

172.020. Pursuant to sections 9(a) and 9(b) of article IX of the Missouri Constitution, the state university is hereby incorporated and created as a body politic and shall be known by the name of "The Curators of the University of Missouri", and by that name shall have perpetual succession, power to sue and be sued, complain and defend in all courts; to make and use a common seal, and to alter the same at pleasure; to take, purchase and to sell, convey and otherwise dispose of lands and chattels, except that the curators shall not have the power to subdivide, sell or convey title to any land contained within a university campus or to subdivide, sell or convey title to any portion of any parcel of land containing in excess of twenty-five hundred contiguous acres unless such transaction is approved by the general assembly by passage of a concurrent resolution signed by the governor. The curators shall not sell, trade or otherwise convey or permit the severance of timber, minerals or other natural resources, unless the curators comply with bidding procedures established by rule that mandate notice of the transaction be provided in a manner reasonably calculated to apprise prospective purchasers. Such rule or rules must at a minimum require at least one notice of the transaction be published in a newspaper of general circulation where the resources are located. The curators may act as trustee in all cases in which there be a gift of property or property left by will to the university or for its benefit or for the benefit of students of the university; to condemn an appropriate real estate or other property, or any interest therein, for any public purpose within the scope of its organization, in the same manner and with like effect as is provided in chapter 523 relating to the appropriation and valuation of lands taken for telegraph, telephone, gravel and plank or railroad purposes; provided, that if the curators so elect, no assessment of damages or compensation under this law shall be payable and no execution shall issue before the expiration of sixty days after the adjournment of the next regular session of the legislature held after such assessment is made, but the same shall bear interest at the rate of six percent per annum from its date until paid; and provided further, that the curators may, at any time, elect to abandon the proposed appropriation of property by an instrument of writing to that effect, to be filed with the clerk of the court and entered on the minutes of the court, and as to so much as is thus abandoned, the assessment of damages or compensation shall be void.

Please contact Joseph Sall at 573-884-5295 or sallj@missouri.edu for any administrative questions and/or negotiations. You may contact the PI directly for technical questions.

We appreciate your consideration of this proposal.

Sincerely,

Karen M. Geren

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.
 - b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.
 - c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 -- *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:
This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By: Melinda Bobbitt
Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
- Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

**WORK AUTHORIZATION CERTIFICATION
PURSUANT TO 285.530 RSMo
(FOR ALL AGREEMENTS IN EXCESS OF \$5,000.00)**

County of Boone)
) ss
State of Missouri)

My name is Karen M. Geren. I am an authorized agent of The Curators of The University of Missouri (Bidder). This business is enrolled and participates in a federal work authorization program for all employees working in connection with services provided to the County. This business does not knowingly employ any person that is an unauthorized alien in connection with the services being provided. Documentation of participation in a federal work authorization program is attached hereto.

Furthermore, all subcontractors working on this contract shall affirmatively state in writing in their contracts that they are not in violation of Section 285.530.1, shall not thereafter be in violation and submit a sworn affidavit under penalty of perjury that all employees are lawfully present in the United States.

Subscribed and sworn to before me this 14th day of July, 2017.

Lois K. Wilson
Notary Public

Attach to this form the *E-Verify Memorandum of Understanding* that you completed when enrolling.

Company ID Number: 62231

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and The Curators of the University of Missouri (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.
2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

5. SSA agrees to establish a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF THE DEPARTMENT OF HOMELAND SECURITY

1. Upon completion of the Form I-9 by the employee and the Employer and after SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct:

- Automated verification checks on newly hired alien employees by electronic means, and
- Photo verification checks (when available) on newly hired alien employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, and U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act and federal criminal laws, and to ensure accurate wage reports to the SSA.

7. DHS agrees to establish a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the E-Verify Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.

5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a

Company ID Number: 62231

rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify ; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$500 and \$1,000 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ any employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the the SSA verification response has been given.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, support for any unlawful employment practice, or any other use not authorized by this MOU. The Employer must use E-Verify for all new employees and will not verify only certain employees selectively. The Employer agrees not to use E-Verify procedures for re-verification, or for employees hired before the date this MOU is in effect. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and the immediate termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III.B. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1 (1)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification to verify work authorization, a tentative nonconfirmation, or the finding of

Company ID Number: 62231

a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

Company ID Number: 62231

ARTICLE III

REFERRAL OF INDIVIDUALS TO THE SSA AND THE DEPARTMENT OF HOMELAND SECURITY

A. REFERRAL TO THE SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a referral letter and instruct the employee to visit an SSA office to resolve the discrepancy within 8 Federal Government work days. The Employer will make a second inquiry to the SSA database using E-Verify procedures on the date that is 10 Federal Government work days after the date of the referral in order to obtain confirmation, or final nonconfirmation, unless otherwise instructed by SSA or unless SSA determines that more than 10 days is necessary to resolve the tentative nonconfirmation..
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO THE DEPARTMENT OF HOMELAND SECURITY

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an alien who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when

Company ID Number: 62231

the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even

Company ID Number: 62231

without changes to E-Verify, the Department reserves the right to require employers to take mandatory refresher tutorials.

Termination by any party shall terminate the MOU as to all parties. The SSA or DHS may terminate this MOU without prior notice if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine.

Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of HIRIRA to any action taken or allegedly taken by the Employer.

The employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, and responses to inquiries under the Freedom of Information Act (FOIA).

The foregoing constitutes the full agreement on this subject between the SSA, DHS, and the Employer.

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify Operations at 888-464-4218.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

In 2015 there were 11,250 children under 5 in Boone County (Boone Impact Group, 2017). National rates suggest that one in five of these children are likely to experience behavioral health problems (U.S. Department of Health and Human Services, 1999). The high prevalence of behavioral health issues places increasing pressure on pediatricians to treat these disorders and related developmental issues, with up to 50% of pediatric office visits involving behavioral, emotional, or educational concerns (Cassidy & Jellinek, 1998; Cooper, Valleyley, Pohaham, Begeny, & Evans, 2006).

Studies have shown that there are many factors that put children at risk for development of behavioral issues, such as low socio-economic status and family or parental issues (Rae-Grant, Thomas, Offord, & Boyle, 1989). This program will target children at increased risk for behavioral or developmental issues. These risk factors include household substance use, parental mental illness, parental domestic violence single parent families, and low-income families. In 2015, 16.6% of Boone County children lived in poverty; in Columbia, the rate is nearly 25% (Boone Indicators Dashboard, 2017).

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The population of interest is children age zero to three. The program targets first-time parents, as well as infants with at least one of the following risk factors: teen parent, single parent household, parental history of mental illness, parental substance use (including tobacco), domestic violence, low income families (Medicaid eligible), or parental chronic illness (Boone Impact Group, 2017). In Boone County, 31.1% of infants are born to unmarried mothers. 13.7% of children in Columbia live in neighborhoods with poverty rates over 30% (Boone Impact Group, 2017). In 2013, there were 28.2% of babies on Medicaid, 31.95% on WIC, 23.59% on food stamps, and 13.34% mothers smoked during pregnancy in Boone County (MICA, 2013). Substance use is also a common issue in Missouri, with the number of babies born addicted to opioids increasing by 538% in the last 10 years; many of these parents are low income (MHA, 2017).

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The HS program aims to promote the health and development of young children through improved clinical capacity and effectiveness of pediatric primary care and the promotion of parental knowledge, skills, and confidence (WCHPC, n.d.).

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The proposed program is the continuation of Healthy Steps for Young Children at MU Pediatrics, which is one of the largest pediatric primary care clinics in Boone County. This facility is located outside of the main hospital and operates as a busy community-based practice with 27,000 visits per year and they serve approximately 15,000 patients. The patient population is approximately 55% private insurance and 45% Medicaid. Healthy Steps for Young Children is a program developed at Boston University to support the healthy physical growth and cognitive, language and social-emotional development of children during the first 3 years of life using a team approach.

Children are enrolled in the HS program from newborn to three years of age where they receive extra support. The service plan is to provide all 8 main components of the Healthy Steps program: 1) team-based well-child visits, 2) developmental, social-emotional, and behavioral screening, 3) family protective and risk factor and social determinants of health screening, 4) connections to community resources, 5) care coordination and systems navigation, 6) positive parenting guidance and information, 7) early learning resources, and 8) access to Healthy Steps Specialist support between scheduled well-child visits.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Participation in HS will be offered to all families at MU Pediatrics with an infant between 0 and 4 months of age, and meeting at least one of the qualifying factors: first time parents, low income, parental mental illness, parental smoking, parental substance use, parental chronic disease, domestic violence, teen parents, and single parents. Enrollment is capped at 100 families consistent with national standards to ensure the HSS has adequate time to serve the needs of all enrolled families.

No other demographics or family characteristics may qualify or disqualify a family from participating in the program. Parents are able to decline enrollment in HS if desired.

b. Why will these particular consumers be served? (1500 character limit)

When seeking information regarding parenting and child development, parents are more likely to look to their pediatricians than other specialists (Inkelas, Glascoe, Regalado, Peck, Bethell, & Halfon, 2002; Inkelas, Halfon, Olson, Newachek, & Schuster, 2002). Early diagnosis and treatment of behavioral and developmental concerns have been shown to decrease long-term disability rates (Costello & Pantino, 1987; Williams, Klinepeter, Palmes, Pulley, & Meschan Foy, 2004). Therefore, it is critical to identify strategies that leverage existing relationships between families and their pediatric providers to detect and address children's behavioral health in primary care settings. However, pediatricians are often limited in time to discuss behavioral and developmental concerns (AAP, 2001). HS is designed to address these issues by embedding a Healthy Steps Specialist (HSS), typically a social worker, who focuses on the developmental aspects of child growth, providing anticipatory guidance and specialized developmental and behavioral health services.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Factors that may impact enrolled families ability to participate include reliable transportation to and from the clinic, parental depression or other issues that may make it more difficult to attend well-child checks, and missed or late appointments. Other issues may include a change in insurance status such as losing Medicaid coverage without having a private plan in place, which may impact the family's ability to attend to medical issues and care. While HS services are provided free of charge, families still pay the charge for a regular pediatric visit.

d. Total number of unduplicated individuals to be served by the proposed program:

100

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

1121.04

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

MU Pediatrics clinic has office hours Monday-Friday, 8am-5pm and Saturdays, 8am-12pm. Families can access the on-call physician during non-clinical office hours. The HSS is available for after hours communication via cell phone text messages for crisis management and offers home visits in the evenings per parent request/need. There is also a dedicated phone line with expectation that any messages left on this voicemail after hours will be returned the next business day. The HSS also has been participating in evening community events where families are strongly encouraged to participate/attend.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Enrollment is based on identifying children as high risk for developmental and behavioral problems, including infants with one of the following known risk factors: low income family (Medicaid eligibility), parental mental illness, parental smoking, parental substance use, parental chronic disease, domestic violence, teen parents, and single parents. Doctors may also refer first time parents that require extra developmental and parenting support. Children are enrolled in the program as newborns up to 4 months well child check, to ensure that they receive enhanced services as early as possible.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

HSS is not licensed and therefore cannot bill for services through insurance.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in

a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

MU Pediatrics is already designated as a HealthySteps site in good standing. There is no licensing process or accreditation at this time, but the national office does require data with an annual survey to verify that all HS sites are maintaining the 8 Core Components of the HealthySteps program.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

HS effectiveness was studied through a 15-site national evaluation. The evaluation design included a randomized controlled trial at 6 sites and a quasi-experimental nonequivalent control group design at nine sites. A diverse sample of 5,565 infants from 15 sites across the country were enrolled at birth and followed for 3 years. The study also included follow-up with children at 5.5 years old. Evaluation findings indicated that HS successfully redesigned primary health care to refocus attention on preventative services, child development, and effective parenting practices. (HS website)

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

Children who participate in HealthySteps are more likely to attend well-child visits on time and to receive timely vaccines and screenings. The HS national network includes more than 100 pediatric and family practice sites in 15 states. MU Pediatrics is the only site in the state of Missouri. MU Pediatrics continues to provide the 8 Core Components that have been embraced by the HS National Office, a program of Zero to Three, as the best practices based on 21 years of program study.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

HS has been designated as an evidence-based practice by the Substance Abuse and Mental Health Services Administration (SAMHSA) and has been shown to benefit parents, children, and practices (Barth, 2010; Kaplan-Sanoff, Talmi, & Augustyn, 2012). A control trial conducted by Minkovitz et al. (2003) indicated that HS reduced the use of harsh discipline practices, increased parent reporting of child behavior, and increased mothers' likelihood of discussing their own depressive symptoms with someone at the practice. Guyer et al. (2003) found that HS children are eight times more likely to receive a developmental assessment during the first 3 years of life, and are more likely to be up to date on vaccinations, receive well-child visits on time, and to receive nonmedical referrals compared to children not participating in the program. Families also benefit from HS: participating families are four times more likely to receive information on community resources, and more often receive anticipatory guidance that matches their needs (Minkovitz et al., 2007). Participating practices have reported improvements in pediatric providers' effectiveness, patient-centeredness, timeliness, and efficiency of care (Minkovitz et al., 2003). Pediatricians have indicated that the HS program "increased use of developmental services despite practice barriers" (McLearn et al., 2004).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

HS embeds an early childhood development specialist, the HealthySteps Specialist (HSS), into the pediatric care team. The HSS, focuses on the developmental aspects of child growth, providing anticipatory guidance and specialized developmental and behavioral health services (Kaplan-Sanoff, Talmi, & Augustyn, 2012). Such services include enhanced well-child care through joint visits with the pediatrician and HSS, developmental and behavioral screenings, risk and protective factors screening, and access to HSS support between well-child visits (Zero to Three, 2016b). Further enhancements include parenting guidance and information, connection to community resources, and care coordination (Zero to Three, 2016b). Together, these components provide significantly enhanced pediatric care, easing pressures on pediatricians to provide these services within the well-child visit.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

The HSS will have regular calls with the national HS office to ensure fidelity with the program as well as to address any concerns or questions that the HSS may have. Additionally, HS staff may visit or consult with other HS practices to explore ways in which the program could be enhanced. Finally, feedback from parents will be collected through an annual satisfaction survey, which will help the HS staff determine which services may need more attention (see section g).

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Feedback from parents will be collected through an annual satisfaction survey. The survey measures multiple domains including satisfaction with the HSS, satisfaction with HS services such as home visiting and ease of access to the HSS outside of office hours, as well as satisfaction with the program overall. Results from these surveys will be used to determine which services are most successful and which may need changes in order to increase family satisfaction with the program. The survey will be administered at the 12, 24, and 36 month visits, as well as if a family leaves the program early (for example, moves out of county).

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

HS supports early literacy. HS works with Children Miracle Network to deliver the Reach Out and Read program. Mothers participating in HS reported feeling more supported to breastfeed and were 16% less likely to introduce solid foods at too young an age (Guyer et al., 2003). Our program partners with Tiger Tots Mommies to support breastfeeding. National data also shows that HS mothers with depressive symptoms were 1.4x more likely to have a non-medical referral including for maternal depression. Our HS specialist has developed a strong collaboration with LFCS maternal mental health program to provide families a warm hand-off and to ensure adequate follow up. We also worked with LFCS this year to sponsor a showing of Dark Side of the Full Moon to inform over 50 doctors/hospital staff about the impact of postpartum depression. The HSS is able to attend the county NET meetings and then serves as a conduit for this knowledge to our 33 pediatricians in clinic. She has arranged lunch and learn with FACE and the MU School of Counseling Psychology, which has improved the clinic referral rate for these services. We have worked with Project LAUNCH/SOAR for a number of years on implementing behavioral health integration into pediatric primary care. Efforts include collaborating on networking nights and upcoming implementation of Positive Parenting Program. Other collaborations being explored for 2017 implementation include Healthy Bottoms (diapers) and Red Cross (smoke detectors).

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1499951228_40691_LOS_Young-Walker.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

HealthySteps (HS) costs are primarily driven by the salary of the HealthySteps Specialist (HSS). Salary is consistent with credentials of MSW in mid-west region. HSS is responsible for delivery of the 8 core components and coordinating efforts with the clinicians. The HSS will devote 100% effort to this project. 75% effort is included in this funding request. The remaining 25% effort will be supported by Child Health.

Program Director- HS requires programs have a lead physician. The program director helped organize the initial HS training at MU Pediatrics. He has regular contact with the National Office for ongoing technical assistance. The program director serves as the direct supervisor for the HSS. The Program director salary is reflective of an associate level professor in pediatrics with mid-career experience serving as Division Director (national data provided by the Association of Administrators in Academic Pediatrics). 10% effort to the project. Co-program Director- This position is held by the clinical director of MU Pediatrics. She is part of the leadership team of the clinic and responsible for maintaining the National Committee for Quality Assurance (NCQA) medical home accreditation status. 5% effort. Clinical Office Assistant is responsible for clerical duties including ordering/purchasing any supplies necessary for the HSS to perform her duties. 5% effort. The salary and benefits for this effort will be paid by MU Child Health for these three personnel.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

The Department of Child Health has committed 25% FTE for the HealthySteps Specialist which is the main cost associated with this project with a commitment to increase our internal funding in year 2 of the grant. Child Health also supplies the funds for Reach Out and Read. We continue conversations with the national office regarding advocacy with insurers such as Medicaid, Children's Health Insurance Program (CHIP) and private payers in the area of reimbursement for enhanced services.

UNIVERSITY *of* MISSOURI

DEPARTMENT OF PSYCHIATRY

SCHOOL OF MEDICINE

July 11, 2017

Nate Beucke, M.D.
MU Pediatrics Clinic
Healthy Steps for Young Children, Medical Director

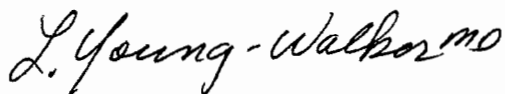

Dear Dr. Beucke,

It is with pleasure that I write this letter of support for your Healthy Steps for Young Children program application to the Boone County Children's Service Board. The Healthy Steps for Young Children Program is an innovative and much-needed program that ensures young children are provided with the highest quality pediatric primary care available.

As Director of the SOAR (System Offering Actions for Resiliency) in early childhood program, I can attest to the value of the Healthy Steps program in meeting the needs of young children in Boone County. SOAR has worked collaboratively with Healthy Steps in the past, i.e. in the promotion of education and support events for Boone County families. In the future we look forward to continued collaborations and partnerships for both Triple P Positive Parenting and for the Fussy Baby FAN training.

SOAR very much supports your efforts to ensure the well-being of children and families are met through best practice models and through improvement in access to care for children and families.

Thank you,

Laine Young Walker, MD
Division Chief of Child and Adolescent Psychiatry
SOAR and Bridge Principal Investigator
University of Missouri Department of Psychiatry

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$3,000.00

b. Describe how the funds will be utilized. (600 character limit)

Attendance costs for two personnel to attend the Zero to Three national annual conference to include- registration, air travel, hotel accommodations, meals and ground transportation.

c. Provide justification for the request for one-time funding. (600 character limit)

Healthy Steps (HS) is now a program of Zero to Three. The conference focuses on child development, parenting and behavioral health. It features the HS Annual Luncheon where individual sites receive program updates from the National Office and network and share best practices with other HS professionals around the country. Additionally, they provided a 7-hour Innovations in Primary Care workshop where field-leading experts and researchers

discussed innovations in and best practices for the HS services. Professional development is key to innovating and providing new services to our families.

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Pediatric Evaluation

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Medical evaluation of children to identify any injuries or illnesses

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

As a fully integrated member of the primary care team, the HSS will meet with families in the doctor's office at the well-child visit. This family consultation may take place before, during, or after clinicians see the family. The HS model takes a broad view of the care team, including providers, nurses, office staff, volunteers, parents, and caregivers as members of the team. At every visit, staff engage and empower parents in the process of identifying child and family needs and in participating fully in decision-making and care planning. This is the essence of comprehensive, family-centered care. The HSS is also available to answer and remaining questions a parent may have after the pediatric well-child visit. (Zero to Three, 2016a).

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One client session

b. Unit Rate (#1)

\$170.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

The national office recommends a caseload of 100 patients and their parents per HealthySteps specialist.

d. Total Number of Units of Service to be Provided (#1)

100

e. Total Number of Unduplicated Individuals (#1)

100

f. Average Number of Units of Service per Unduplicated Individual (#1)

1

g. Average Cost of Service per Individual (#1)

170

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

HSS is not licensed and therefore cannot bill for service.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

There is no charge for HS services.

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
	1a1.	1a2.	1a3.
a. Boone County - Children's Services Funding (#1)	\$270.14	100	\$27,014.00
	1b1.	1b2.	1b3.
b. Boone County - Community Health Funding (#1)	\$0.00	0	\$0.00
	1c1.	1c2.	1c3.
c. City of Columbia - Social Services Funding (#1)	\$0.00	0	\$0.00
	1d1.	1d2.	1d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	\$0.00	0	\$0.00
	1e1.	1e2.	1d4.
e. Heart of Missouri United Way Funding (#1)	\$0.00	0	\$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$17,000.00

b. Proposed Number of Units of Service (#1)

100

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

At this time, third party payors (insurers) are not covering joint visits and home visits. The only way that these services can be provided is through an external source.

Service #1- Performance Measures

Outcome (1-1) Improved overall health of children	Indicator (1-1) 90% of HS patients will be up to date on vaccinations by age 2	Method of Measurement (1-1) Chart review and HSS report
Additional Outcome (1-2) Improved overall health of children	Additional Indicator (1-2) 75% of children will be on schedule for well-child checks based on the periodicity schedule	Additional Method (1-2) Chart review and HSS report
Additional Outcome (1-3) Increased parental satisfaction with medical care	Additional Indicator (1-3) Families will have a satisfaction rate of 90% for their child's medical care	Additional Method (1-3) Parent Satisfaction Survey
Additional Outcome (1-4) Increased parental satisfaction with medical care	Additional Indicator (1-4) 90% of families will remain in Healthy Steps for at least 12 months	Additional Method (1-4) Chart review and HSS report
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

The goal is to enhance well-child care through joint visits with a pediatrician and the Healthy Steps Specialist. The expected outcomes are improved overall health of children and an increase in parental satisfaction with medical care.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

We plan to monitor patient vaccinations, well-child check schedule, and parental satisfaction. The recommended schedule of vaccinations is designed to protect infants and young children by providing immunity early in life. Children are immunized early because they are susceptible to diseases at a young age, and the consequences of these diseases can be very serious, and even life-threatening, for infants and young children (CDC, 2017).

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Reviewing patient charts and HSS reports will be collected to assess if patient vaccinations are up to date and well-child check visits are on schedule. Parental satisfaction with their child's medical care will be assessed annually by parent survey and by reviewing patient charts and HSS reports to determine if families have remained in the program for at least 12 months.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Developmental Screening

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Identifies if an Individual is at risk for developmental delays

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

All children in HS will be routinely monitored and screened for physical, cognitive, language, social-emotional, and behavioral risks and needs, fulfilling American Academy of Pediatrics best-practice guidelines (Hagan, Shaw, & Duncan, 2008). The HSS ensures that validated screening tools are used whenever possible, sharing and addressing the results (and next steps) with families. The screenings used will include the Ages and Stages Questionnaire 3 (ASQ-3), Ages and Stages Questionnaire- Social Emotional (ASQ-SE), and Modified Checklist for Autism in Toddlers (MCHAT). The screenings will be administered according to the proposed screening schedule. Children with positive screens will be referred to appropriate resources in Boone County (see program service 5). (Zero to Three, 2016a).

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

One client session

b. Unit Rate (#2)

\$48.88

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

d. Total Number of Units of Service to be Provided (#2)

100

e. Total Number of Unduplicated Individuals (#2)

100

f. Average Number of Units of Service per Unduplicated Individual (#2)

1

g. Average Cost of Service per Individual (#2)

48.88

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

HSS is not licensed and therefore cannot bill for services.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

There is no charge for HS services.

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>
a Boone County - Children's Services Funding (#2)	2a1. \$63.03	2a2. 100	2a3. \$6,303.00

Additional Indicator (2-5)

Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

The goal is to provide child development, social-emotional, and behavioral screening to improve early identification of social-emotional, behavioral, or developmental delays in children.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

We plan to monitor child development, social-emotional, and behavioral screenings to determine whether children are being screened on the proposed screening schedule.

d. Provide a rationale for each method of measurement (2). (600 character limit)

Child development, social-emotional, and behavioral screening (i.e., ASQ-SE, ASQ-3, MCHAT) will be documented through chart reviews and HSS reports to determine whether children are being screened on the proposed screening schedule. These are nationally validated screening tools and are recommended by the American Academy of Pediatrics.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Behavioral Health Screening

Service #3 - Taxonomy Definition of Service (300 character limit)

Identifies if an individual is at risk of experiencing symptoms of a mental health condition.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The HSS and/or HS pediatrician will ensure that each HS family is screened for family risk and protective factors and social determinants of health. Protective factors and social determinants that are screened for include: support systems, knowledge of child development, education, parental depression and anxiety, caregiver-child attachment, intimate partner violence, substance use, tobacco use, guns in the home, parental adverse childhood experiences, employment, poverty, and food and housing insecurity. Validated tools will be used, including the Edinburgh Postnatal Depression Scale (EPDS), Safe Environment for Every Kid Parent Questionnaire (SEEK PQ); Parenting Practices Survey (PPS), Parental Stress Scale (PSS) and Protective Factors Survey (PFS). Parents will be screened with the EPDS at every well-child check during the first year. The SEEK PQ will be administered once during the first six months of care. The PFS, PPS, and PSS will be administered at four time points: at the intake appointment, 12 months, 24 months, and 36 months or when a family is discharged from the program, whichever comes first. Families with positive screens will be referred to appropriate resources in Boone County (see program service 5). (Zero to Three, 2016a). (1356)

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

One client session

b. Unit Rate (#3)

\$48.88

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

d. Total Number of Units of Service to be Provided (#3)

100

e. Total Number of Unduplicated Individuals (#3)

100

f. Average Number of Units of Service per Unduplicated Individual (#3)

1

g. Average Cost of Service per Individual (#3)

48.88

Service #3 - Service Fee

a. Will the proposed service (#3) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

HSS is not licensed and therefore cannot bill for services.

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)

If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

There is no charge for HS services.

Service #3 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#3)

Yes (complete the Other Funder's Chart below)

Service #3 - Other Funders Chart

<u>Funders (#3)</u>	<u>Unit Rate (#3)</u>	<u># of Units Funded (#3)</u>	<u>Total Amount Contracted (#3)</u>
	3a1.	3a2.	3a3.
a Boone County - Children's Services Funding (#3)	\$63.03	100	\$6,303.00

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$4,888.00

b. Proposed Number of Units of Service (#3)

100

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

At this time, third party payors (insurers) are not covering joint visits and home visits. The only way that these services can be provided is through an external source.

Service #3 - Performance Measures

Outcome (3-1)	Indicator (3-1)	Method of Measurement (3-1)
Improved identification of family risk factors	90% of mothers will be screened for postpartum depression at every appointment during the child's first year	Edinburgh Postnatal Depression Scale, Chart review and HSS report
Additional Outcome (3-2)	Additional Indicator (3-2)	Additional Method (3-2)
Improved identification of family risk factors	90% of families will be screened for domestic violence before child reaches 6 months of age	SEEK Screening, Chart review and HSS report

Additional Outcome (3-3)

Improved identification of family risk factors

Additional Indicator (3-3)

90% of families will be screened for parental stress at 4 time points (intake, 12 month, 24 month, and 36 month or discharge)

Additional Method (3-3)

Parental Stress Scale and HSS report

Additional Outcome (3-4)

Improved identification of family risk factors

Additional Indicator (3-4)

90% of families will be screened for risk and protective factors at 4 time points (intake, 12 month, 24 month, and 36 month or discharge)

Additional Method (3-4)

Protective Factors Survey, Chart review and HSS report

Additional Outcome (3-5)**Additional Method (3-5)**

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

The goal is to provide screenings to better identify family protective/risk factors and social determinants of health through screening.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

We plan to monitor screening to determine whether there is an improvement in family protective/risk factors and social determinants of health.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

Parental screening (Edinburgh Postnatal Depression Scale, SEEK, Parental Stress Scale Protective Factors Survey) will be documented through chart reviews and HSS reports to determine whether there has been an improvement in the identification of family risk factors.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Information and Referral

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Provides accurate information about and referrals to appropriate resources.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The HSS will provide information about education, and support opportunities around early childhood health and development in Boone County. These connections could include parenting classes, support groups, educational sessions, and community events. All families will be encouraged to attend these events, many of which are provided by HS collaborating organizations, including SOAR, Parents as Teachers, Tiger Tot Mommies, Lutheran Family and Children Resources, and ParentLink, Triple P and Safe Kids. (428). The HSS will develop relationships with community resources through early, frequent engagement and communication around patient needs.

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

One client session

b. Unit Rate (#4)

\$69.94

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

d. Total Number of Units of Service to be Provided (#4)

100

e. Total Number of Unduplicated Individuals (#4)

100

f. Average Number of Units of Service per Unduplicated Individual (#4)

1

g. Average Cost of Service per Individual (#4)

69.94

Service #4 - Service Fee**a. Will the proposed service (#4) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

HSS is not licensed and therefore cannot bill for services.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

There is no charge for HS services.

Service #4 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)**

Yes (complete the Other Funder's Chart below)

Service #4 - Other Funders Chart

<u>Funders (#4)</u>	<u>Unit Rate (#4)</u>	<u># of Units Funded (#4)</u>	<u>Total Amount Contracted (#9)</u>
a. Boone County - Children's Services Funding (#4)	4a1. \$99.05	4a2. 100	4a3. \$9,905.00
b. Boone County - Community Health Funding (#4)	4b1. \$0.00	4b2. 0	4b3. \$0.00
c. City of Columbia - Social Services Funding (#4)	4c1. \$0.00	4c2. 0	4c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#4)	4d1. \$0.00	4d2. 0	4d3. \$0.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)

\$6,994.00

b. Proposed Number of Units of Service (#4)

100

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

At this time, third party payors (insurers) are not covering joint visits and home visits. The only way that these services can be provided is through an external source.

Services #4 - Performance Measures

Outcome (4-1)

Increased parent knowledge of Boone County early childhood organizations and resources

Indicator (4-1)

100% of families will receive information about local events and presentations on early childhood development.

Method of Measurement (4-1)

Chart review and HSS report

Additional Outcome (4-2)

Increased parent knowledge of Boone County early childhood organizations and resources

Additional Indicator (4-2)

50% of families will attend at least 1 community event or presentation

Additional Method (4-2)

Parent Satisfaction Survey, HSS report

Additional Outcome (4-3)

Increased parent knowledge of early childhood health and development

Additional Indicator (4-3)

90% of families that attend events/presentations will report increased knowledge of Boone County early childhood resources

Additional Method (4-3)

Parent Satisfaction Survey

Additional Outcome (4-4)

Increased parent knowledge of early childhood health and development

Additional Indicator (4-4)

75% off families that attend events/presentations will report that they learned useful information

Additional Method (4-4)

Parent Satisfaction Survey

Additional Outcome (4-5)

Increased parent knowledge of early childhood health and development

Additional Indicator (4-5)

75% of families that attend events/presentations will report 80% satisfaction

Additional Method (4-5)

Parent Satisfaction Survey

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

The goal is to connect families to community resources to increase their knowledge of Boone County childhood organizations and resources and knowledge of early childhood health and development.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

We will monitor the number and type of information families receive and how many community events they attend. As well as, families change in knowledge of childhood organizations and resources and knowledge of early childhood health and development, and satisfaction.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

Obtaining counts of the number and type of information families receive and how many community events they attend will indicate if there has been an increase family's knowledge of childhood organizations and resources in Boone County. Families change in knowledge of early childhood health and development will be assessed through a survey. It is important to bring all community resources to the table to children and families. The HSS will do this by developing relationships with community resources through early, frequent engagement and communication.

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click [here](#) to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

Service Coordination

b. Service #5 - Taxonomy Definition of Service (300 character limit)

Assists an individual receiving support to bridge access to resources.

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

All HS children and families with positive results on the screenings provided in program services 2 and 3 will be referred to resources and specialists as appropriate. This may include medical specialists, community-based resources, and early intervention services for social-emotional, behavioral, or developmental delays. HSS will partner with parents, clinicians, and community resource providers to coordinate and navigate complex systems that address child health, development, and social needs, including close follow-up. The HSS will ensure that families are connected with resources as needed and provide assistance in the case that the family has not yet received additional services. Possible referral sources include FACE, First Steps, Parents as Teachers, Lutheran Family and Children Resources, Behavioral and Psychoeducational Clinic, Burrell Behavioral Health, Health Department, Housing Authority, Triple P, Central Missouri Food Pantry, First Chance for Children and Boone County Family Resources. (Zero to Three, 2016a).

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

One client session

b. Unit Rate (#5)

\$54.15

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

d. Total Number of Units of Service to be Provided (#5)

100

e. Total Number of Unduplicated Individuals (#5)

100

f. Average Number of Units of Service per Unduplicated Individual (#5)

1

g. Average Cost of Service per Individual (#5)

54.15

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

HSS is not licensed and therefore cannot bill for services.

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

There is no charge for HS services.

Service #5 - Amount Received From Other Funders

(#5) (600 character limit)

At this time, third party payors (insurers) are not covering joint visits and home visits. The only way that these services can be provided is through an external source.

Service #5 - Performance Measures

Outcome (5-1)

Increased referrals to and use of community-based services

Indicator (5-1)

90% of families will be referred to community-based services

Method of Measurement (5-1)

Chart review and HSS report

Additional Outcome (5-2)

Improved access to early intervention and treatment for parent and/or family issues.

Additional Indicator (5-2)

90% of families with a positive screen will receive a referral for early intervention and/or treatment services

Additional Method (5-2)

Chart review and HSS report

Additional Outcome (5-3)

Increased referrals to and use of for early intervention services for child behavioral, developmental, or social-emotional issues.

Additional Indicator (5-3)

90% of families that receive a referral will receive HSS follow-up to determine if families' needs were met

Additional Method (5-3)

Chart review and HSS report

Additional Outcome (5-4)

Additional Indicator (5-4)

Additional Method (5-4)

Service #5 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)**

The goal is to provide care coordination/systems navigation to increase community-based referrals and improve access to early intervention and treatment for parent and/or family issues. The HSS will document if families needs were met by the referral source offered. Having the HSS, the team member responsible for following up on referrals, allows for the critical step of confirming that a family is able to receive services.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

We plan to monitor the number and type of referrals to determine whether there is an improvement in accessing early intervention and treatment for parent and/or family issues.

d. Provide a rationale for each method of measurement (#5) (600 character limit)

Referrals will be documented through chart reviews and HSS reports to determine whether there has been an improvement in accessing early intervention and treatment for parent and/or family issues. Alternative referral sources will be identified if the initial referral was unable to meet the families needs.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Service #6 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#6)

a. Service #6 - Taxonomy of Service Name (150 character limit)

Child Development Education

b. Service #6 - Taxonomy Definition of Service (300 character limit)

Provides information on children's developmental stages

c. Provide a detailed description of the proposed service (#6). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The HSS will provide parents with guidance, education, information, and resources that help them support their children through the different stages of development. This includes: regular, tailored anticipatory guidance to build parents' understanding of typical development; timely discussions about common parenting challenges such as safety, feeding, discipline, and limit setting, and partnering/problem-solving on how to manage these challenges;

teaching parents and modeling how to provide positive, responsive caregiving; helping parents build secure attachments and relationships with their children; exploring family risk factors and buffers of toxic stress, including parental and caregiver self-care; helping parents understand their own history and how it impacts their parenting; and providing evidence-based, literacy level-appropriate and culturally attuned materials and resources, including handouts, websites, text messaging services, and apps. (Zero to Three, 2016a).

Service #6 - Service Fee

a. Will the proposed service (#6) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#6) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#6)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#6). (600 character limit)

HSS is not licensed and therefore cannot bill for services.

b. Is this proposed service (#6) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#6) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#6) (600 character limit)

If No - Explain why the proposed service (#6) is not billable to a third-party payor. (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#6) (600 character limit)

There is no charge for HS services.

Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#6) (600 character limit)

At this time, third party payors (insurers) are not covering joint visits and home visits. The only way that these services can be provided is through an external source.

Service #6 - Performance Measures

Outcome (6-1)	Indicator (6-1)	Method of Measurement (6-1)
Increased parent knowledge of child development.	90% of families will receive age-appropriate information regarding their child's developmental stages at each visit.	Parent Satisfaction Survey, HSS report and chart review
Additional Outcome (6-2)	Additional Indicator (6-2)	Additional Method (6-2)
Increased parent knowledge of child development.	90% of families will report that the information given regarding their child's development was helpful.	Parent Satisfaction Survey
Additional Outcome (6-3)	Additional Indicator (6-3)	Additional Method (6-3)
Improved parenting practices.	90% of families will show improvement in parenting knowledge and practices from baseline	Parenting practices survey (intake and annual assessments)
Additional Outcome (6-4)	Additional Indicator (6-4)	Additional Method (6-4)
Additional Outcome (6-5)	Additional Indicator (6-5)	Additional Method (6-5)

Service #6 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#6) (600 character limit)

The goal is to provide positive parenting guidance and information to increase parent knowledge child development and improve parenting practices.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#6) (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator. (#6) (600 character limit)

We plan to monitor the number and type of age-appropriate information about child developmental that has been provided parents to determine whether there is an increase in parental knowledge in child development and an improvement in parenting practices.

d. Provide a rationale for each method of measurement. (#6) (600 character limit)

The number and type of age-appropriate information about child developmental will be documented through chart reviews and HSS reports. Increased parental knowledge in child development and improvement in parenting practices will be assessed through a Parenting Satisfaction Survey and Parenting Practice Survey.

Service #7 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#7)

a. Service #7 - Taxonomy of Service Name (150 character limit)

Early Childhood Education

b. Service #7 - Taxonomy Definition of Service (300 character limit)

Prepares children 0-8 for continued learning.

c. Provide a detailed description of the proposed service (#7). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

HS offers parents and families concrete strategies, activities, and tools designed to support their child's early learning. Resources span a broad array of early learning subjects, such as language, literacy, science, technology, engineering, math, and social-emotional competence. The HSS will provide information about how and when children develop different learning skills and provide easy, low-cost activities parents can do at home to encourage early learning in their child at every age. (Zero to Three, 2016a). (495) HSS will also coordinate the clinic's Reach Out and Reach program to provide early literacy education.

Service #7 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#7)

One client session

b. Unit Rate (#7)

\$48.88

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#7)

c. Is the proposed Unit Rate (#7) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#7) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#7) (600 character limit)

d. Total Number of Units of Service to be Provided (#7)

100

e. Total Number of Unduplicated Individuals (#7)

100

f. Average Number of Units of Service per Unduplicated Individual (#7)

1

g. Average Cost of Service per Individual (#7)

48.88

Service #7- Service Fee

a. Will the proposed service (#7) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#7) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#7) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#7). (600 character limit)

HSS is not licensed and therefore cannot bill for services.

b. Is this proposed service billable to a third-party payor(s)? (#7) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#7). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#7) (600 character limit)

If No - Explain why the proposed service is not billable to a third party payor. (#7) (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#7) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

There is no charge for HS services.

Service #7 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#7)

Yes (complete the Other Funder's Chart below)

Service #7 - Other Funders Chart

<u>Funders (#7)</u>	<u>Unit Rate (#7)</u>	<u># of Units Funded (#7)</u>	<u>Total Amount Contracted (#7)</u>
	7a1.	7a2.	7a3.

Service #7 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (7) (600 character limit)

The goal is to provide early learning resources to improve parental knowledge of age-appropriate early learning strategies.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (7) (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator. (7) (600 character limit)

We plan to monitor the number and type of early resources that have been provided to parents to determine whether there is an improvement parental knowledge of age-appropriate early learning strategies.

d. Provide a rationale for each method of measurement (7). (600 character limit)

The number and type of type of early resources will be documented will be documented through chart reviews and HSS reports. Improvement in parental knowledge of age-appropriate early learning strategies will be assessed through a Parenting Satisfaction Survey.

Service #8 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#8)

Service #8 - Taxonomy of Service Name (150 character limit)

Expectant/New Parent Assistance

Service #8 - Taxonomy Definition of Service (300 character limit)

Provides information and support for new parents or parents expecting a child. Information can include infant care, diapering, feeding, developmental stages, and other parenting techniques.

c. Provide a detailed description of the proposed service (#8). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The HSS will be available to answer parent questions in between visits for non-urgent, non-physical-health-related questions. Topics addressed include child development, behavior, parenting, safety, social determinants of health, and other common or complex concerns. This approach also accounts for recent research indicating that millennial parents prefer more modern forms of communication over calling the clinic nurse line. Consultation may be provided through home visits, phone calls, video chat, patient portals, email, and text messaging. (Zero to Three, 2016a).

Service #8 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#8)

One client session

b. Unit Rate (#8)

\$75.21

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#8)

c. Is the proposed Unit Rate (#8) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#8) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#8) (600 character limit)

d. Total Number of Units of Service to be Provided (#8)

100

e. Total Number of Unduplicated Individuals (#8)

50

f. Average Number of Units of Service per Unduplicated Individual (#8)

2

g. Average Cost of Service per Individual (#8)

150.42

Service #8 - Service Fee**a. Will the proposed service (#8) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the service (#8). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#8)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#8) (600 character limit)

HSS is not licensed and therefore cannot bill for services.

b. Is this proposed service billable to a third-party payor(s)? (#8) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#8). (600 character limit)

If No - Explain why the proposed service is not billable to a third-party payor. (#8) (600 character limit)

HSS is not licensed and therefore cannot bill for services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#8) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

There is no charge for HS services.

Service #8 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#8)

Yes (complete the Other Funder's Chart below)

Service #8 - Other Funders Chart

<u>Funders (#8)</u>	<u>Unit Rate (#8)</u>	<u># of Units Funded (#8)</u>	<u>Total Amount Contracted (#8)</u>
	8a1.	8a2.	8a3.
a Boone County - Children's Services Funding (#8)	\$108.06	100	\$10,806.00

b. Boone County - Community Health Funding (#8)	8b1. \$0.00	8b2. 0	8b3. \$0.00
c. City of Columbia - Social Services Funding (#8)	8c1. \$0.00	8c2. 0	8c3. \$0.00

Service #8 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#8)

\$7,521.00

b. Proposed Number of Units of Service (#8)

100

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#8) (600 character limit)

At this time, third party payors (insurers) are not covering joint visits and home visits. The only way that these services can be provided is through an external source.

Service #8 - Performance Measures

Outcome (8-1)	Indicator (8-1)	Method of Measurement (8-1)
Improved parental access to developmental and behavioral information and supports	95% of parents will report receiving information about the telephone line and/or MUHealthe	Parent Satisfaction Survey
Additional Outcome (8-2)	Additional Indicator (8-2)	Additional Method (8-2)
Improved parental access to developmental and behavioral information and supports	75% of parents will utilize the phone line, HSS cell phone and/or MUHealthe at least once during the program	HSS report, call/email log
Additional Outcome (#3-3)	Additional Indicator (8-3)	Additional Method (8-3)
Improved parental access to developmental and behavioral information and supports	90% of parents that utilized the phone line (and/or MUHealthe) will report satisfaction with services	HSS report, Parent Satisfaction Survey, call/email log
Additional Outcome (8-4)	Additional Indicator (8-4)	Additional Method (8-4)
Improved overall health of children and families	100% of families will be offered a home visit at 2 time points.	Chart review and HSS report
Additional Outcome (8-5)	Additional Indicator (8-5)	Additional Method (8-5)
Improved overall health of children and families	50% of families will receive at least one home visit.	Chart review and HSS report

Service #8 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#8). (600 character limit)

The goal is to provide access to HSS support between visits (office, home visits, phone, text, email, etc.) which will improve parental access to developmental and behavioral information and supports, improve overall health of children and families, and improve parenting practices and parent knowledge of child development.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#8). (600 character limit)

External factors that may affect the outcomes are the transient nature and relocation of the families we work with and issues they may have with transportation.

c. Provide a rationale for the measurement level(s) for each indicator (#8). (600 character limit)

We plan to monitor the number and type of support (office, home visits, phone, text, email, etc.) provided to determine whether there was an improvement in parental access to developmental and behavioral information and supports, overall health of children and families, and parenting practices and parent knowledge of child development.

d. Provide a rationale for each method of measurement (#8). (600 character limit)

The number and type of support (office, home visits, phone, text, email, etc.) will be documented through chart reviews, HSS reports, and call/email log. Improvement in parenting practices and parent knowledge of child development will be assessed through Parenting Satisfaction Survey and Parenting Practice Survey.

Service #9 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#9)

a. Service #9 - Taxonomy of Service Name (150 character limit)

b. Service #9 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#9). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #9 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#9)

b. Unit Rate (#9)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#9)

c. Is the proposed Unit Rate (#9) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#9) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#9) (600 character limit)

MISSOURI

November 3, 2015

RE: University of Missouri Self-Funded Auto/General Liability/Self-Insured Workers' Compensation

To Whom It May Concern:

The Curators of the University of Missouri has a Self-funded Retention Program for its auto and general liability losses. The Self-funded Retention Program is used to provide payment for exposures and claims arising from the negligence of the University, its officers, agents and employees and for which the University, its officers, agents and employees are found to be liable.

The self-funded auto/general liability retention program has a limit of \$1,000,000 per occurrence and \$3,000,000 annual aggregate. Reserves for the program are determined annually and set aside by the University for the Self-funded Retention Program.

The Curators of the University of Missouri is an approved Missouri self-insurer for Workers' Compensation coverage. All employees, including some student employees, part-time employees and some volunteers are covered by Worker's Compensation. A specific fund is maintained, based on actuarial determination, to cover obligations arising from the Workers' Compensation Exposure.

Should you require additional information, please advise.

Sincerely,

Ed Knollmeyer

Ed Knollmeyer
Director, Risk & Insurance Management

EK

COUNTY OF BOONE - MISSOURI

REQUEST FOR PROPOSAL (RFP) #: 30-20JUL17

Purchase of Service Contracts

Boone County Children's Services Fund

2017 Application

BOONE COUNTY CHILDREN'S SERVICES BOARD MISSION:

*To improve the lives of children, youth and families in Boone County
by strategically investing in the creation and maintenance of integrated systems
that deliver effective and quality services for children and families in need.*

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children's Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymoh.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

MU Bridge Programs: School-Based Psychiatry

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **The Curators of the University of Missouri (on behalf of the Department of Psychiatry)** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **MU Bridge**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, MU Bridge has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY MU BRIDGE

MU Bridge is expected to the greatest extent possible to maximize funding from all other sources. MU Bridge shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. MU Bridge shall only request reimbursement for services not reimbursable by any other source. MU Bridge shall not invoice the Children's Services Fund for units of service invoiced to another funding source. MU Bridge shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** MU Bridge will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal **#30-20JUL17** (Purchase of Service Contracts), any addenda, and MU Bridge's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over MU Bridge's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from MU Bridge and MU Bridge agrees to furnish the **MU Bridge Program: School-Based Psychiatry** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in MU Bridge's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$701,891.68** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. MU Bridge agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of MU BRIDGE be renewed for **an additional one (1), one-year period**. MU BRIDGE agrees and understands that the BCCSB may require supplemental information to be submitted by MU BRIDGE prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Psychiatric Treatment	15 minutes	\$59.03	2,000	\$118,060.00
Psychiatric Case Management	15 minutes	\$24.44	23,272	\$568,767.68
Psychiatric Treatment (Fellows)	15 minutes	\$21.52	700	\$15,064.00

All billing shall be invoiced to BCCSB monthly by the 20th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing

dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of MU Bridge, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by MU Bridge to monitor service delivery and program expenditures. MU Bridge agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by MU Bridge and, if so stipulated, are noted on this contract document. Payments may be withheld from MU Bridge if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. MU Bridge agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** MU Bridge also agrees to make available to the BCCSB a copy of its annual audit upon completion by the auditing agency. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from MU Bridge, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** MU Bridge agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect MU Bridge's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, MU Bridge hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event MU Bridge requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from MU Bridge may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with MU Bridge's policies and procedures and in accordance with any local/state/federal regulations. MU Bridge agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. MU Bridge must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** MU Bridge will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** MU Bridge agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to MU Bridge's provision of such services.

14. **Accreditation/Licensure/Certifications.** MU Bridge must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** MU Bridge agrees that any conflicts of interest between its Board and/or employees and MU Bridge shall be appropriately identified and managed.

16. **Subcontracts.** MU Bridge may enter into subcontracts for components of the contracted service as MU Bridge deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, MU Bridge shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** MU Bridge agrees to comply with Missouri State Statute section 285.530. MU Bridge also agrees that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. MU Bridge shall require each subcontractor to affirmatively state in its Agreement with the MU Bridge that the subcontractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

18. **Litigation.** MU Bridge agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against MU Bridge or any individual acting on the MU Bridge's behalf, including subcontractors, which seek to enjoin or prohibit MU Bridge from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If MU Bridge ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if MU Bridge no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, MU Bridge will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event MU Bridge, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to MU Bridge as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should MU Bridge fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, MU Bridge shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the MU Bridge for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, MU Bridge agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **The Curators of the University of Missouri (on behalf of the Department of Psychiatry)** (meaning anyone, including but not limited to consultants having a contract with MU Bridge or subcontractor for part of the services), or anyone directly or indirectly employed by MU Bridge, or of anyone for whose acts MU Bridge may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** MU Bridge shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. MU Bridge will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. MU Bridge will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. MU Bridge agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and MU Bridge. The BCCSB does not recognize any of the MU Bridge's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** MU Bridge shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to MU Bridge shall be mailed or delivered to:

MU Project 00059926

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of the Department of Psychiatry)
Name of Program	MU Bridge Program: School-Based Psychiatry

Organization Profile

1. The contact information, employer, and expertise, experience, and qualifications are not provided for all the board members.
Action Required: Provide all fields for each board member on the Governing Board section in Apricot.

All bios and contact number have been updated in Apricot.

2. David Stewart does not have any information fields completed.
Action Required: Complete all the information fields for David Stewart on the Governing Board section in Apricot.

Not sure who David Stewart is in regard to the Governing Board. Spoke to Melinda and Joanne who said to note that I did not see David Stewart under the Governing Board segment in Apricot (10/24/17).

3. The 990 needs to be updated. The tax year is listed for July 1, 2014 to June 30, 2015.
Action Required: Provide updated 990 on Apricot.

Uploaded 2017 signed version to Apricot.

Proposal Cover Sheet

4. Attachment B on the Proposal Cover Sheet is not the correct form.
Action Required: Provide the correct form for Attachment B with the required signatures.

Correct Attachment B should be attached to the email

Program Overview Form

5. The Program Consumers section lists 400 unduplicated individuals will be served but the Consumer Demographics section lists totals of 456 individuals. 56 individuals are listed as residents from other counties.
Action Required: Provide clarification regarding the total number of unduplicated individuals to be served, regardless of the funding source or residency. Provide clarification on the funding source paying for services for residents of other counties.

This was an error. It is 400 unduplicated individuals within Boone County only

6. Service 4 on the Program Services form mentions that three RNs will receive training. The Individuals Trained section on the Program Overview form does not list individuals to be trained.
Action Required: Provide more information on the type of training the RNs will receive and how this training will be utilized in providing program services.

The RN's will receive training on School-Based Mental Health. One example is the conference offered by the Center for School Mental Health. We will evaluate options for trainings/conferences based School Mental Health Treatment in order to ensure they stay up to date in the most current issues within School Mental Health. They will utilize this training to enhance our program. Information obtained on the most up to date practices across the US will be brought to Boone County with their attendance.

7. Services will be provided within the Columbia Public Schools. The Collaboration section does not provide a Memorandum of Understanding (MOU) for any school districts or organizations (ex. FACE, BCSMHC).
Action Required: Provide information on developing a MOU with Columbia Public Schools and any other school districts or organizations.

We initially had a MOU with the BCSMHC. We mistakenly did not update it. We will work with the schools and the BCSMHC to obtain an MOU.

8. The program mentions billing Medicaid when possible but an amount is not provided in the Program Budget.

Action Required: Provide clarification on the amount that will be billed to Medicaid.

This program was initiated due to lack of access to child psychiatry as a result of obstacles that parents seeking mental health treatment faced. These included underinsurance, lack of insurance, lack of access to a child psychiatrist and navigating the health system. We have incurred challenges in our attempts to billing Medicaid. Our system won't allow us to bill Medicaid only. We will need to bill all insurances and self-pay patients. We met with Kelly and Joanne to discuss this and have been evaluating the challenges in order to determine how to overcome them. We welcome further discussion

Program Services Form (1-5)

9. The proposal listed Psychiatric Treatment twice due to the different unit rates between licensed professionals and fellows providing the services. In order to differentiate the two services, Psychiatric Treatment will be for services provided by licensed professionals and Psychiatric Treatment (Fellow) will be for services provided by the fellows.

The proposal also listed Professional Services and Organizational Capacity Building as two different services. The services describe general administrative costs and professional development for employees. Both services can be incorporated into the unit rate for the remaining services. See below for how the services should be structured:

Service #	Service Name	Notes
1	Psychiatric Treatment	Provided by licensed professionals
2	Psychiatric Case Management	Includes Professional Services and Organizational Capacity Building
3	Psychiatric Treatment (Fellow)	Provided by fellows

Action Required: Respond to the following clarification questions in the service format listed DO

We incorporated the Professional Services/Organizational Capacity program services with Psychiatric Case Management. This increased the unit cost, but the total amount requested remained the same.

Service 1

10. The service name needs to be changed to Psychiatric Treatment and will cover treatment provided by licensed professionals.

Action Required: Update the 'Service Change Form' below with updated information. Provide any comments in the field below.

Okay with the change. Both the fellow and the attending are licensed professionals. The attending is Board Certified in Child Psychiatry and the fellow/resident is Board Eligible

11. The number of units to be provided needs to include units that are billed to another funding source. The description of Psychiatric Treatment states that Medicaid and insurance will be billed for services provided by a Bridge psychiatrist. The Funding Request section shows that Boone County Children's Services (BCCS) will be purchasing all the proposed number of units. *Action Required:* Complete the 'Outputs and Funding Request Tables' with the total number of outputs to be provided for the whole program.

We have incurred challenges in our attempts to billing Medicaid. Our system won't allow us to bill Medicaid only. We will need to bill all insurances and self-pay patients. We met with Kelly and Joanne to discuss this and have been evaluating the challenges in order to determine how to overcome them. We welcome further discussion

Service 2 (this would include Professional Services and Organizational Capacity Building)

12. The service descriptions provided for Professional Services and Organizational Capacity Building should be included in Psychiatric Case Management as program expenses but should not be billed for reimbursement.

Action Required: No follow-up needed.

13. The Program Performance Measures should focus on the services completed with Psychiatric Case Management.

Action Required: Review the information currently listed in the for Psychiatric Case Management. At this time we don't have any follow-up questions.

Service 3

14. The service name needs to be changed to Psychiatric Treatment (Fellows) and will cover treatment provided by fellows.

Action Required: Update the 'Service Change Form' below with updated information. Provide any comments in the field below.

Both the fellow and the attending are licensed professionals. The attending is Board Certified in Child Psychiatry and the fellow/resident is Board Eligible

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

15. An attachment is provided to submit your best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Department of Psychiatry)			
Program Name: MU Bridge Program: School-Based Psychiatry			
Service #1 – Taxonomy of Service Name: Psychiatric Treatment			
Service #1 – Taxonomy Definition of Service: Implementation of a mental health treatment plan that may include psychotherapy and medication adjustments and performed by a licensed psychiatrist.			
<p>Provide a detailed description of the proposed service:</p> <p>Any school-age child residing in Boone Co. can be evaluated in the MU Bridge Program by a licensed child psychiatrist if he/she is having emotional or behavioral problems and is not already receiving satisfactory treatment by another community provider. A child can be referred by his/her parent/guardian, pediatrician, teacher, school counselor, or another professional in the community with the parents' consent. A child can be seen at his/her school, as each CPS school and county district is scheduled on the Bridge monthly calendar. Home-schooled children or those attending parochial or private schools, can be scheduled at the Bridge office. After a referral, parents are contacted and, if an evaluation is agreed upon, an appointment is scheduled and Vanderbilts are requested from parent(s) and the teacher.</p> <p>The initial 1-hour evaluation will provide diagnoses and treatment recommendations including prescribed medications, if needed. For some, therapy is tried first, and the child is rescheduled after he/she has had an opportunity to make progress in therapy. If medication is prescribed and continued treatment is recommended after the initial evaluation, the child is rescheduled in Bridge every four weeks for a 30-minute follow-up visit until her/his condition is stable enough to discharge to a community provider. A child's condition is considered stable if his/her medication is effective and does not need changing, and there is marked improvement in mood/behavior/activity level, etc.</p>			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
15 minutes	\$59.03	2000	266
Funding Request			
Amount Requested to Boone County: \$118,060.01		Proposed Number of Units of Service: 2000	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Children referred and who meet the criteria for Bridge will be accepted for an initial evaluation	Of the children referred, 65% of their parents/guardians will schedule an initial evaluation. 75% of children that complete the evaluation will attend follow-up Bridge appointments.	Track the number of referrals, initial evaluations, and continued stay in the Bridge program	

Children who complete the program will demonstrate improved mental/behavioral health	50% of children who complete the program will demonstrate improved scores on a measure of mood and/or attention, behavior and activity level	Pre/post-treatment Vanderbilt Assessment Scales
Classroom environments will improve for those children in Bridge who complete the program and, prior to treatment, had disruptive classroom behavior.	Teachers will report improved classroom behavior in 30% of children related to a decrease in children's disruptive behaviors during class	Pre/post-treatment Vanderbilt Assessment Scales

Service Change Chart			
Organization Name: The Curators of the University of Missouri (on behalf of the Department of Psychiatry)			
Program Name: MU Bridge Program: School-Based Psychiatry			
Service #2 – Taxonomy of Service Name: Psychiatric Case Management			
Service #2 – Taxonomy Definition of Service: Case Management for individuals in need of psychiatric treatment, provided by a qualified mental health professional.			
<p>Provide a detailed description of the proposed service:</p> <p>Every child admitted to the Bridge program is assigned an RN case manager (CM). As part of the Bridge team, the RN CM is present during the child's sessions with the psychiatrist and parents. Depending on the child's and family needs, he/she may be referred to individual therapy, Brain Train, FACE, PCIT, DBT or other. After the child starts therapy/wraparound service during their Bridge treatment, the RN CM may communicate with the agency's staff or therapist to collaborate on behalf of the child's treatment.</p> <p>The RN case manager keeps in contact with the parent to assess medication compliance, scheduling of therapy or wrap-around support appointments, and may assist by making referrals on behalf of the parent and child. The RN's are available during business hours to receive calls from parents in regard to medication or behavioral concerns, referrals and resource needs, coaching and encouragement, etc. Parents/guardians are advised to call 911 or take their child to the nearest emergency room if an emergency occurs.</p>

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Geren:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Dr. Laine Young-Walker – youngwalkerl@health.missouri.edu

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	The Curators of the University of Missouri (on behalf of the Department of Psychiatry)
Name of Program	MU Bridge Program: School-Based Psychiatry

Organization Profile	
-----------------------------	--

1. The contact information, employer, and expertise, experience, and qualifications are not provided for all the board members.

Action Required: Provide all fields for each board member on the Governing Board section in Apricot.

--

2. David Stewart does not have any information fields completed.

Action Required: Complete all the information fields for David Stewart on the Governing Board section in Apricot.

--

3. The 990 needs to be updated. The tax year is listed for July 1, 2014 to June 30, 2015.

Action Required: Provide updated 990 on Apricot.

--

Proposal Cover Sheet	
-----------------------------	--

4. Attachment B on the Proposal Cover Sheet is not the correct form.

Action Required: Provide the correct form for Attachment B with the required signatures.

Program Overview Form	
------------------------------	--

5. The Program Consumers section lists 400 unduplicated individuals will be served but the Consumer Demographics section lists totals of 456 individuals. 56 individuals are listed as residents from other counties.

Action Required: Provide clarification regarding the total number of unduplicated individuals to be served, regardless of the funding source or residency. Provide clarification on the funding source paying for services for residents of other counties.

6. Service 4 on the Program Services form mentions that three RNs will receive training. The Individuals Trained section on the Program Overview form does not list individuals to be trained.

Action Required: Provide more information on the type of training the RNs will receive and how this training will be utilized in providing program services.

7. Services will be provided within the Columbia Public Schools. The Collaboration section does not provide a Memorandum of Understanding (MOU) for any school districts or organizations (ex. FACE, BCSMHC).

Action Required: Provide information on developing a MOU with Columbia Public Schools and any other school districts or organizations.

8. The program mentions billing Medicaid when possible but an amount is not provided in the Program Budget.

Action Required: Provide clarification on the amount that will be billed to Medicaid.

--

Program Services Form (1-5)

9. The proposal listed Psychiatric Treatment twice due to the different unit rates between licensed professionals and fellows providing the services. In order to differentiate the two services, Psychiatric Treatment will be for services provided by licensed professionals and Psychiatric Treatment (Fellow) will be for services provided by the fellows.

The proposal also listed Professional Services and Organizational Capacity Building as two different services. The services describe general administrative costs and professional development for employees. Both services can be incorporated into the unit rate for the remaining services. See below for how the services should be structured:

Service #	Service Name	Notes
1	Psychiatric Treatment	Provided by licensed professionals
2	Psychiatric Case Management	Includes Professional Services and Organizational Capacity Building
3	Psychiatric Treatment (Fellow)	Provided by fellows

Action Required: Respond to the following clarification questions in the service format listed above.

--

Service 1

10. The service name needs to be changed to Psychiatric Treatment and will cover treatment provided by licensed professionals.

Action Required: Update the 'Service Change Form' below with updated information. Provide any comments in the field below.

--

11. The number of units to be provided needs to include units that are billed to another funding source. The description of Psychiatric Treatment states that Medicaid and insurance will be billed for services provided by a Bridge psychiatrist. The Funding Request section shows that Boone County Children's Services (BCCS) will be purchasing all the proposed number of units.

Action Required: Complete the 'Outputs and Funding Request Tables' with the total number of outputs to be provided for the whole program.

--

Service 2 (this would include Professional Services and Organizational Capacity Building)

12. The service descriptions provided for Professional Services and Organizational Capacity Building should be included in Psychiatric Case Management as program expenses but should not be billed for reimbursement.

Action Required: No follow-up needed.

13. The Program Performance Measures should focus on the services completed with Psychiatric Case Management.

Action Required: Review the information currently listed in the for Psychiatric Case Management. At this time we don't have any follow-up questions.

Service 3

14. The service name needs to be changed to Psychiatric Treatment (Fellows) and will cover treatment provided by fellows.

Action Required: Update the 'Service Change Form' below with updated information. Provide any comments in the field below.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

15. An attachment is provided to submit your best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information

Organization

Mission

Statement

(Purpose):

Provide your organization's mission statement. (600 character limit)

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

Organization

History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

The University of Missouri has provided teaching, research and service to Missouri since 1839. The university, the first publicly supported institution of higher education to be established in the Louisiana Purchase territory, was shaped in accordance with the ideals of Thomas Jefferson, an early proponent of higher education. Founded in Columbia, the university had one campus until 1870, when the School of Mines and Metallurgy was established in Rolla. In the same year, the university assumed land-grant responsibilities of providing higher education opportunities for all citizens.

Brief Statement of

Organization's

Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

The mission of the University of Missouri, as a land-grant university and Missouri's only public research and doctoral-level institution, is to discover, disseminate, preserve, and apply knowledge. The university promotes learning by its students and lifelong

learning by Missouri's citizens, fosters innovation to support economic development, and advances the health, cultural, and social interests of the people of Missouri, the nation, and the world.

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and The Curators of the University of Missouri (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.
2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

5. SSA agrees to establish a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF THE DEPARTMENT OF HOMELAND SECURITY

1. Upon completion of the Form I-9 by the employee and the Employer and after SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct:

- Automated verification checks on newly hired alien employees by electronic means, and
- Photo verification checks (when available) on newly hired alien employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify.. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, and U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act and federal criminal laws, and to ensure accurate wage reports to the SSA.

7. DHS agrees to establish a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

Company ID Number: 62231

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the E-Verify Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.

5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a

Company ID Number: 62231

rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify ; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$500 and \$1,000 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ any employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the the SSA verification response has been given.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, support for any unlawful employment practice, or any other use not authorized by this MOU. The Employer must use E-Verify for all new employees and will not verify only certain employees selectively. The Employer agrees not to use E-Verify procedures for re-verification, or for employees hired before the date this MOU is in effect. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and the immediate termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III.B. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1 (1)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification to verify work authorization, a tentative nonconfirmation, or the finding of

Company ID Number: 62231

a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

Company ID Number: 62231

ARTICLE III

REFERRAL OF INDIVIDUALS TO THE SSA AND THE DEPARTMENT OF HOMELAND SECURITY

A. REFERRAL TO THE SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a referral letter and instruct the employee to visit an SSA office to resolve the discrepancy within 8 Federal Government work days. The Employer will make a second inquiry to the SSA database using E-Verify procedures on the date that is 10 Federal Government work days after the date of the referral in order to obtain confirmation, or final nonconfirmation, unless otherwise instructed by SSA or unless SSA determines that more than 10 days is necessary to resolve the tentative nonconfirmation..
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO THE DEPARTMENT OF HOMELAND SECURITY

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an alien who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when

Company ID Number: 62231

the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even

Company ID Number: 62231

without changes to E-Verify, the Department reserves the right to require employers to take mandatory refresher tutorials.

Termination by any party shall terminate the MOU as to all parties. The SSA or DHS may terminate this MOU without prior notice if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine.

Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

The employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, and responses to inquiries under the Freedom of Information Act (FOIA).

The foregoing constitutes the full agreement on this subject between the SSA, DHS, and the Employer.

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify Operations at 888-464-4218.

RE: Boone County POS Contract for The Curators of the University of Missouri/ Nathan Beucke, MD

Enclosed please find the above-referenced proposal which is being submitted on behalf of The Curators of the University of Missouri. The project director is Laine Young-Walker, MD. at the University of Missouri-Columbia.

If our proposal is favorably received, we respectfully request the opportunity to negotiate the terms and conditions of any agreement forthcoming. In anticipation, we have reviewed the RFP's proposed terms and conditions. Our concerns include, but are not limited to, the following (proposed additions are underlined):

Boone County Insurance Requirements

The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide, or Contractor may provide evidence of a self-funded program of coverage.

Reasoning: It is not possible to add an additional insured to the self-insurance plan and the University is not willing to obtain separate insurance for any specific project. The University is partially immune from tort liability since it is an instrumentality of the State of Missouri and the University carries insurance (commercial and/or self insurance) as permitted by State statute 537.610 RSMo., 1994. The University is qualified as a self-insurer under the Workers Compensation law of the State of Missouri. In addition, the University is also self-insured for general liability and for automobile liability insurance. These University self-insurance programs shall be used to cover any applicable claims concerning this project.

Indemnity Agreement

To the fullest extent permitted by law and without waiving sovereign immunity, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Reasoning: The University is a governmental entity of the State of Missouri. As such, it has sovereign immunity from most tort actions and cannot agree to indemnify and hold harmless others in situations in which the legislature has provided such sovereign immunity (Article VI, Section 26a, Missouri Constitution Sect. 172.250, RSMo., 1994)

Attachment D—2017 Agency Assurance Sheet

- *Certificate of Corporate Good Standing*

Reasoning: We will be unable to provide a Certificate of Corporate Good Standing. RPR Section III Minimum Eligibility Criteria states "any tax-exempt, not organized for profit agency or governmental entity" should be eligible. We are a public corporation per the statute below:

172.020. Pursuant to sections 9(a) and 9(b) of article IX of the Missouri Constitution, the state university is hereby incorporated and created as a body politic and shall be known by the name of "The Curators of the University of Missouri", and by that name shall have perpetual succession, power to sue and be sued, complain and defend in all courts; to make and use a common seal, and to alter the same at pleasure; to take, purchase and to sell, convey and otherwise dispose of lands and chattels, except that the curators shall not have the power to subdivide, sell or convey title to any land contained within a university campus or to subdivide, sell or convey title to any portion of any parcel of land containing in excess of twenty-five hundred contiguous acres unless such transaction is approved by the general assembly by passage of a concurrent resolution signed by the governor. The curators shall not sell, trade or otherwise convey or permit the severance of timber, minerals or other natural resources, unless the curators comply with bidding procedures established by rule that mandate notice of the transaction be provided in a manner reasonably calculated to apprise prospective purchasers. Such rule or rules must at a minimum require at least one notice of the transaction be published in a newspaper of general circulation where the resources are located. The curators may act as trustee in all cases in which there be a gift of property or property left by will to the university or for its benefit or for the benefit of students of the university; to condemn an appropriate real estate or other property, or any interest therein, for any public purpose within the scope of its organization, in the same manner and with like effect as is provided in chapter 523 relating to the appropriation and valuation of lands taken for telegraph, telephone, gravel and plank or railroad purposes; provided, that if the curators so elect, no assessment of damages or compensation under this law shall be payable and no execution shall issue before the expiration of sixty days after the adjournment of the next regular session of the legislature held after such assessment is made, but the same shall bear interest at the rate of six percent per annum from its date until paid; and provided further, that the curators may, at any time, elect to abandon the proposed appropriation of property by an instrument of writing to that effect, to be filed with the clerk of the court and entered on the minutes of the court, and as to so much as is thus abandoned, the assessment of damages or compensation shall be void.

Please contact Joseph Sall at 573-884-5295 or sallj@missouri.edu for any administrative questions and/or negotiations. You may contact the PI directly for technical questions.

We appreciate your consideration of this proposal.

Sincerely,

Karen M. Geren

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.
 - b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.
 - c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 -- Purchase of Service Contracts was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showneboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPFS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:
This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet
Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Record Lock	

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Psychiatric out-patient treatment has been difficult to obtain for the estimated 36,000 school-age youth in Boone Co. for many of the same reasons the problem persists across the United States (Boone Impact Group BIG, Boone Indicators Dashboard BID, 2015). There's a national shortage of child psychiatrists resulting in an average 7.5 weeks wait for an appointment (e.g., Kim, 2003; 2012 Children's Hospital Association survey). The need is even greater for minority and impoverished children (9.4% of Boone Co. families, per 2015 BID), and those without insurance (Kataoka et al., 2002). Schools are often the first to identify needs for psychiatric intervention, but parents may not perceive problems exist, or mistrust and stigmatize mental health (MH) (McKay & Bannon, 2004; Owens et al., 2002). The School Based MH Report revealed that there's a negative impact on classmates of children with behavioral disorders, and that their grades and relationships can suffer (CPS SBMH, 2013, p. 6). The Report stated when children with mental health conditions are not diagnosed and treated early, their social, emotional, and academic lives are interrupted (Ducharme & Schecter, 2011 in CPS SBMH, 2013, p. 5). It is estimated that 50% of chronic mental illnesses begin at 14 years (Kessler RC, et al., 2007). And in time can become more chronic and severe; and co-occurring disorders can also develop (Forness et al., 2000 in CPS SBMH, 2013, P. 5).

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

In 2015, 20.5% of Boone Co.'s population was 18-years or younger, and 9.4% of its families living in poverty had children in the household (Boone Indicators Dashboard BID). 12 to 22% of school-age children with mental illnesses, serious emotional disturbances (SED), or behavioral conditions are undiagnosed (Ducharme & Schecter, 2011 in CPS SBMH, 2013, p. 5). In 2016, 9.5% of Boone Co.'s population was black or AA, and 11.6% was of 'other' race/ethnicity (US Census Bureau). Such ethnic minority children have even more difficulty accessing and using mental health treatment (New Freedom Commission, 2003; U.S. Dept. of Health and Human Services, 2001). Significant barriers to behavioral health treatment are lack of insurance or underinsurance, and parental lack of follow-thru in seeking care (Putting Kids First Steering Committee Report, 2011; Columbia Public Schools MH Report, 2013). A survey revealed psychiatric treatment is one of the most difficult services to obtain, and only 34% of the nation's schools provide it. This

is compared to 84-87% of other forms of behavioral health services provided in schools, such as, assessments, consultations, crisis interventions, etc. (Substance Abuse and Mental Health Services Administration (2005).

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The MU Bridge Program: School-Based Psychiatry will make psychiatric treatment more accessible for school-age children in Boone Co., MO, so children with psychiatric conditions can get back on track faster to learn, socialize and feel better, and from this, classroom environments will also improve.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The MU Bridge Program: School-Based Psychiatry is part of the University of Missouri Health Care System. The program provides psychiatric appointments in Boone County schools for school-age children of whom need prompt evaluation and treatment. Children are given an initial evaluation by a child psychiatrist within ten days of the referral date, and may receive up to three to four follow-up appointments until their conditions reach a level of stability that they can be transferred to a community provider. There are no out-of-pocket costs for parents/guardians except for medication and lab fees, most of which are covered by insurance. Children without insurance or the under-insured are accepted, and, when possible, they are prescribed medications from the list of \$4 meds, referred to coupon websites, or assisted in applying for reduced rates thru the pharmaceutical companies. The RN program managers provide case coordination to involve the parents/guardians in children's treatment; track children's progress and medication effectiveness; act as liaisons with parents, school staff, and in-school and community providers; schedule appointments and/or refer to community providers; and assist with MO Health Net application processes. Referrals to the Bridge program are made by schools, pediatricians, family practice physicians, social service and behavioral health professionals, and parents/guardians.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

All school-age children (5-19 years) residing in Boone County, MO, with an untreated emotional/mental health/behavioral condition, and with parental/guardian consent will meet the criteria to be evaluated by a Bridge psychiatrist. Children are not accepted for an initial evaluation if they are currently receiving satisfactory treatment through a different provider. Of the 302 children evaluated thru the Bridge Program in 2016, 200 were Medicaid recipients (Children's Services Fund-POS RFP #27). The CPS SBMH Report recommended "Intense, individualized service" for students with mental/behavioral illnesses and SED, who fall into the "Tier 2-3" level of support (CPS SBMH, 2013, p. 10-13). Of the 302 children evaluated thru the Bridge Program in 2016, 208 had never received psychiatric treatment, and 182 were elementary school-age (Children's Services Fund-POS RFP #27). This is further evidence that a wider net is being cast so more children are identified and being treated quickly before their conditions reach crisis proportions; become so entrenched it affects their academic, social, and emotional well-beings, or are allowed to continue into adulthood where the conditions can become chronic and pervasive.

b. Why will these particular consumers be served? (1500 character limit)

All children in Boone County, regardless of race, ethnicity, ability to pay, transportation issues or other barriers, deserve quality psychiatric treatment, if they need it, for their mental/emotional health and well-being. Some barriers to obtaining treatment include a lack of insurance and long waits for appointments due to a limited number of providers. The Putting Kids First Steering Committee reported that a primary reason for lack of mental health, outpatient treatment in children is due to limited or no healthcare coverage (p.22-23). Early intervention will prevent academic and developmental delays in elementary school-age children with behavioral/mental health conditions. In addition, one child's chronic, disruptive and acting out behavior at school will not only delay his/her development, but it will also impede the academic milieu in the classroom. Many parents/guardians fail to follow through on recommended psychiatric treatment for their children. But, they may find the in-school appointments easier to access, more comfortable and less threatening than an outpatient clinic. Bridge RN CM's provide care coordination that includes education, coaching and support, regular communication to ensure treatment compliance, and referrals to other community resources. When parents observe their children's behavioral, social and academic progress, they are more likely to continue the treatment with a community provider long after their children are discharge from Bridge.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Caseloads include families that are impoverished and low functioning. Many have phone/transportation issues, and life circumstances that supersede psychiatric treatment, so more intensive CM is needed to ensure treatment compliance. Higher co-pays for medications or labs are often a barrier to treatment for the under-insured. Children with severe MH/BH conditions require intensive CM, repeated med changes, and longer stays in Bridge. A significant concern is treatment will fall off after a child is discharged from Bridge, which is why so much effort is placed on securing wraparound services.

d. Total number of unduplicated individuals to be served by the proposed program:

400

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below

e. Average program cost per individual

1754.72

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

Narrative

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

When Boone County schools are in session, Bridge appointments are scheduled in schools. When schools are closed, treatment is provided at the MU Bridge office located at the University of Missouri Department of Psychiatry, 1 Hospital Dr., Columbia, Mo. 65212. Times of operation are Monday-Friday, 8 a.m.-4:30 p.m., excluding holidays.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

All school-age children (5-19 years) residing in Boone County, MO, with an untreated emotional/mental health/behavioral condition, and with parental/guardian consent will meet the criteria to be evaluated by a Bridge psychiatrist.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

When consumers have medicaid billing to Medicaid will occur

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

The Bridge is an interim program to bridge the gap for children who may otherwise not receive needed psychiatric evaluations and treatment. If is funded

largely through a contract with the Boone County Children's Services Fund. As of January 2016, the Bridge Program is billing Medicaid for evaluations and follow-up visits performed by attending psychiatrists.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Narrative

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

The MU Bridge program is affiliated with the Department of Psychiatry and the School of Medicine at the University of Missouri, Columbia, Mo. and ensures that all Bridge employees are properly vetted and meet annual mandatory requirements. Professional staff, psychiatrists and RN program managers, maintain licensing requirements through their accrediting bodies and must have a current license.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

Narrative

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

Narrative

If Yes - Provide a description of the accreditation process: (600 character limit)

Narrative

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Psychiatrists implement Best Practice by utilizing the American Psychiatric Assoc. Evidence Based recommendations for assessment and treatment of Psychiatric Disorders (<https://www.psychiatry.org/psychiatrists/practice>). RN program managers adhere to Best Practice by utilizing the American Nurses Assoc. standards of practice for nurses, Nursing: Scope and Standards of Practice (<http://nursingworld.org/sop>, published by the ANA), along with a Case Management model.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

Best practice as defined in the professional associations listed above are designed to provide systematic, effective practice that promotes positive patient outcomes. The Bridge team utilizes a strength-based treatment design that involves collaboration/care between mental health professionals, schools, youth/family's, and the Boone County community. The attitude and beliefs of the multidisciplinary team is to promote positive mental health for at risk youth, residing in Boone County.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The MU Bridge program was created to bridge the service gap for youth with mental health concerns that go undetected/untreated (Kataoka et al., 2012; Mills et al. 2006). Barriers to improving mental health for youth include structural challenges; lack of transportation, lack of knowledge of available services, long physician wait times, cost of services, and lack of coordinated care (Foster et al., 2005; Harrison et al., McKay & Bannon, 2004; McNaughton & Rodrique, 2001; New Freedom Commission, 2003; Ownes et al., 2002; Staude, 1999; US Department of Health and Human Services, 2001). There are also perceptual barriers to treatment; parental/guardian perception of a mental health need, stigma, lack of trust, and doubts of effectiveness of services. All of these barriers are predictors to treatment engagement and adherence. The Bridge program reduces barriers to treatment; services are free to families, wait times for treatment are decreased (evaluated 10 days of referral if needed), the majority of treatment occurs in schools, and the nursing case management model ensures coordination and continuity of services. These all help to reduce stigma, build trust and ensure compliance with parents, caregivers, and patients. Evidence of effectiveness has been demonstrated in post Bridge satisfaction surveys and parent and teacher Vanderbilt's (Children's Services Fund POS RFP # 27, 2016).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

When Boone County schools are open the majority of MU Bridge evaluations occur in schools. The most common entry point into the mental health system for youth is through the education sector (Farmer et al. 2013; Hazen et al., 2004). This creates a unique opportunity for the Bridge program to reduce barriers to treatment and promote early identification of mental health concerns. This pathway to treatment is endorsed by the President's New Freedom Commission on Mental Health (2003) for the goal of "improving and expanding school mental health programs." Additionally, under-served youth from all ethnic groups, race, gender, and socioeconomic status will have equal access to psychiatric care in schools. A national mental health survey conducted by the Substance Abuse and Mental Health Services Administration (2005) determined that 34% of schools provide medication management and only 2% employ a psychiatrist. The Bridge program is cost-effective for Boone County schools since Bridge psychiatrists are not school employees and identify the most appropriate mental health service needs for at risk youth. Additionally, the Bridge nursing case management model is a collaborative process of care coordination that expands the interdisciplinary team and is developing relationships with primary care physicians to integrate primary care and psychiatry, thus minimizing fragmentation of care.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Quality improvement is best measured by pre and post service measures for Bridge participants. The Bridge team uses Vanderbilt Assessment Scales that are completed by teachers and parents prior to treatment and post-treatment. Social validity measures are also utilized to include input from parents and school staff. Satisfaction surveys are requested at the end of Bridge treatment from the school counselor and the parent/guardian. Data analysis is completed by an outside entity that collects guardian/youth compliance with treatment, symptom improvement, and social validity from the satisfaction surveys. A nursing case management data base of all youth enrolled in the program is utilized to compile and track key components of the program. The Bridge team performs regular audits of quality indicators to improve data collection.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

The school and parent satisfaction surveys are used to collect consumer feedback when children complete the course of treatment in Bridge. The surveys are also offered to parents and schools when children are discharged after only completing the initial evaluations. A Likert scale (1 Strongly Disagree to 5 Strong Agree) is used to measure how consumers view Bridge's accessibility, communication, tx. education, anticipation of children's progress in the program, coordination of care, transition to outpatient, and if school-based psychiatry would be recommended in all schools. In the Children's Services Fund 2016 Report, Bridge scored between 4-5's on all scales.

In addition, during the course of a child's treatment, any concerns, and responses or resolutions to concerns, are documented in the child's EMR. Satisfaction surveys and consumer concerns are used to modify or change Bridge processes to improve and enhance the Bridge program's services.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Since the inception of Bridge in 2015, collaborative efforts/partnerships have increased. In 2016, Bridge received 90 referrals from pediatrician groups in Boone County. The primary care physicians appreciate the expert evaluations and diagnostic treatments from the psychiatrist, as well as case management efforts to ensure collaboration and continuity of care. This is viewed as a strong healthcare integration movement, a way to help reduce stigma, and a way to level the disparities between medical and psychiatric services for youth in Boone County.

The FACE's CM model has become a valuable partner to the Bridge case managers. Patients and parents with high needs are referred to FACE and once patients are enrolled and assessed, FACE and Bridge case managers work as a team to facilitate necessary services. This partnership gives Bridge participants the opportunity to obtain wrap-around support that can continue long after patients are discharged.

In some schools, the BSCSMHC coordinators assist as liaisons between Bridge staff, parents/caregivers, and school staff. This multidisciplinary approach casts a wider net to minimize barriers and increase compliance with treatment/services.

The Bridge team refers students to other BH resources such as: Compass Health, MUPC, Thompson Center, BBH, MU Psychological Services Clinic, therapists, and other MH providers.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1	MQ1	FTE1	SR1 FROM	SR1 TO
Psychiatrists	MD	1.00	\$85,000.00	\$160,000.00
P2	MQ2	FTE2	SR2 FROM	SR2 TO
Child Psychiatry Residents	MD	0.20	\$61,000.00	\$65,000.00

		0.00	\$0.00	\$0.00
P6	MQ6	FTE6	SR6 FROM	SR6 TO
		0.00	\$0.00	\$0.00
P7	MQ7	FTE7	SR7 FROM	SR7 TO
		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Attending psychiatrists will perform the initial psychiatric evaluations and follow-up evaluations. Child psychiatry residents will perform at the same level as attending psychiatrists, and will be supervised by the Bridge psychiatrist program director.

RN program managers will be responsible for intake referrals, introducing Bridge to parents, scheduling appointments, obtaining Vanderbilts and satisfaction surveys, care coordination, liaison work with parents, schools, and community providers, data collection, community awareness about the program, and other.

Case management support staff will be responsible for responding to calls, Vanderbilt and satisfaction survey analysis, and assisting RN managers with their duties.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

No funding is necessary for startup.

c. Provide justification for the request for one-time funding. (600 character limit)

Narrative

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

4.20 Psychiatric Treatment

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Implementation of a mental health treatment plan that may include psychotherapy and medication adjustments formulated by a psychiatrist.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Any school-age child residing in Boone Co. can be evaluated in the MU Bridge Program by a licensed child psychiatrist if he/she is having emotional or behavioral problems and is not already receiving satisfactory treatment by another community provider. A child can be referred by his/her parent/guardian, pediatrician, teacher, school counselor, or another professional in the community with the parents' consent. A child can be seen at his/her school, as each CPS school and county district is scheduled on the Bridge monthly calendar. Home-schooled children or those attending parochial or private schools, can be scheduled at the Bridge office. After a referral, parents are contacted and, if an evaluation is agreed upon, an appointment is scheduled and Vanderbilts are requested from parent(s) and the teacher. There is no out-of-pocket cost for parents except for lab fees and medication, and most are covered through insurance. Medicaid and MO Healthnet are billed if an attending Bridge psychiatrist treats the child.

The initial 1-hour evaluation will provide diagnoses and treatment recommendations including prescribed medications, if needed. For some, therapy is tried first, and the child is rescheduled after he/she has had an opportunity to make progress in therapy. If medication is prescribed and continued treatment is recommended after the initial evaluation, the child is rescheduled in Bridge every four weeks for a 30-minute follow-up visit until her/his condition is stable enough to discharge to a community provider. A child's condition is considered stable if his/her medication is effective and does not need changing, and there is marked improvement in mood/behavior/activity level, etc.

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

15 minute units

b. Unit Rate (#1)

\$59.03

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

Amount from previous Bridge funding from Boone County

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

Narrative

d. Total Number of Units of Service to be Provided (#1)

2000

e. Total Number of Unduplicated Individuals (#1)

400

f. Average Number of Units of Service per Unduplicated Individual (#1)

5

g. Average Cost of Service per Individual (#1)

295.15

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

Consumers will not be charged. Those who have Medicaid there will be a billing to Medicaid for the service.

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Medicaid is billed for services provided by an attending Bridge psychiatrist. Prescribed medication and lab fees will be covered through most insurance. For individuals without insurance or under-insured, medication is prescribed off of the \$4 list, if available.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

Medicaid is billed for services provided by an attending Bridge psychiatrist.

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

Bridge is largely funded through the Children's Services Board and through Medicaid if a Bridge attending psychiatrist is the Bridge treatment provider. There are no out-of-pocket cost for parents for the interim treatment that Bridge provides, except for medications and lab fees, most of which are covered through insurance.

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Narrative

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

(#1) (600 character limit)

This funding will be utilized to provide psychiatric evaluation and 3-4 follow-up visits which will allow them to be stabilized ant then transferred to the

Service #1- Performance Measures

Outcome (1-1)

Children referred and who meet the criteria for Bridge will be accepted for an initial evaluation

Indicator (1-1)

Of the children referred, 65% of their parents/guardians will schedule an initial evaluation. 75% of children that complete the evaluation will attend follow-up Bridge appointments.

Method of Measurement (1-1)

Track the number of referrals, initial evaluations, and continued stay in the Bridge program

Additional Outcome (1-2)

Children who complete the program will demonstrate improved mental/behavioral health

Additional Indicator (1-2)

50% of children who complete the program will demonstrate improved scores on a measure of mood and/or attention, behavior and activity level

Additional Method (1-2)

Pre/post-treatment Vanderbilt Assessment Scales

Parent/Teacher Satisfaction Surveys

Additional Outcome (1-3)

Classroom environments will improve for those children in Bridge who complete the program and, prior to treatment, had disruptive classroom behavior.

Additional Indicator (1-3)

Teachers will report improved classroom behavior in 30% of children related to a decrease in children's disruptive behaviors during class

Additional Method (1-3)

Pre/post-treatment Vanderbilt Assessment Scales

Parent/Teacher Satisfaction Surveys

Additional Outcome (1-4)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Any school-age child residing in Boone County, MO with emotional/behavioral condition(s), and not receiving satisfactory treatment meets the criteria for a psychiatric evaluation. Child participants who complete the Bridge program will have improved mood and/or behavior, which typically reflects in improved academics, and well as better classroom environments for those children who struggled with impulsiveness, aggression and disruptive behavior.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

It is more difficult to obtain the post-tx Vanderbilts and surveys vs the pre-tx because parents/schools are eager for help and so comply better at the outset of tx.

Some children are evaluated, but do not continue for the following reasons: PCP's refer their patients for evaluations to ensure they are prescribing appropriate treatment. Children are evaluated and do not need further treatment. Parents decline to continue in Bridge after the initial or second visit. In these cases, the children are counted as 'complete', but are not prescribed medications, and post-tx Vanderbilts are N/A.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

1-1. Levels are based on 2015-2016 outcomes.

1-2. Bridge is an interim program. The goal is for a child to reach a level of stability to the point wherein treatment can be managed on a continuum by a community provider. We are optimistic that a child's condition will improve further after he/she is discharged from Bridge and continues treatment with a new provider.

1-3. Oppositional Defiant DO (ODD) requires therapy before behaviors will improve. Medication improves ADHD, but if a child has ADHD combined with ODD, behaviors may not improve until coping strategies are learned and applied.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Tracking the number of referrals helps to determine psychiatric needs. Not all parents of children referred will be willing to schedule an evaluation, and not all are willing to continue treatment after the initial eval. Not all children evaluated require further treatment.

Pre/post-tx Vanderbilts: it's a well-validated tool for assessing ADHD, ODD, Conduct DO, Anxiety, Depression, and academic and social functioning. Satisfaction surveys are evidence that the program's treatment is accessible, coordination of care is successful, and shows the likelihood that tx. will continue after discharge.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

10.13 Psychiatric Case Management (CM)

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Case management for individuals receiving psychiatric treatment, provided by a qualified mental health professional.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Every child admitted to the Bridge program is assigned an RN case manager (CM). As part of the Bridge team, the RN CM is present during the child's sessions with the psychiatrist and parents. Depending on the child's and family needs, he/she may be referred to individual therapy, Brain Train, FACE, PCIT, DBT or other. After the child starts therapy/wraparound service during their Bridge treatment, the RN CM may communicate with the agency's staff or therapist to collaborate on behalf of the child's treatment.

Service #2 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)**

15 minute units

b. Unit Rate (#2)

\$24.44

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

Amount from previous Bridge funding from Boone County

Service #2 - Service Fee**a. Will the proposed service (#2) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Narrative

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party payor(s) (#2). (600 character limit)

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

\$537,680.00

b. Proposed Number of Units of Service (#2)

22000

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any

Service #2 - Performance Measures

Outcome (2-1)

Children and their parents/guardians will have complied with the school-based treatment.

Indicator (2-1)

75% of children will be taking medication as prescribed.
RN CM's will establish working relationships with 75% of children, parents/guardians.
65% of children will begin therapy and/or other wraparound services.
90% of children taking medication will have a community provider planned at discharge.

Method of Measurement (2-1)

Medication compliance tracking
Track follow-up communication attempts/contact w/parents and guardians
Track therapy and wraparound service participations
Track discharge planning
Parent/School Satisfaction Surveys

Additional Outcome (2-2)

Children will be supported by an integrated

Additional Indicator (2-2)

For children completing the Bridge program, the parent

Additional Method (2-2)

Parent/School Satisfaction

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

It's imperative for children and parents to comply with the treatment recommendations in order for conditions to improve and stabilize. The RN CM's use a care coordination approach to coach, educate and support children and parents. They collaborate with the psychiatrists, schools, therapists and wraparound support staff to help the children adhere to treatment until their conditions become stable. This integrative approach leads to positive outcomes long after children are discharged from Bridge.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Some parents/guardians are difficult to engage despite repeated efforts on the part of the school staff and Bridge team. Impoverished families may have transportation, phone, and housing problems that can impede communication or make other needs more of a priority.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

2-1. 75% of children will take medications as prescribed; and RN CM's will establish a working relationship with 75% of parents and children were derived from the outcomes in the 2016 report. 65% of children will begin therapy or other services was a measure that seemed realistic based on the 2015-2016 end-of-year and interim reports. 90% of children will have a planned provider at discharged is based on the program's policy that every child is discharged to a provider that can manage their medication.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

8.6 PROFESSIONAL SERVICES

Professional organizational administrative functions such as accounting, human resources, etc.

Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

The case management support is necessary in order to increase productivity for the nurse case managers. Experience with the 3 years of the Bridge

Service #3 - Performance Measures

Outcome (3-1)

Prompt psychiatric services are accessible to all Boone County school-age children referred for treatment in the Bridge Program.

Indicator (3-1)

90% of all intake referrals will be followed up on.
90% of pre-treatment Vanderbilts will be collected
65% of post-treatment Vanderbilts and Satisfaction Surveys will be collected.
Satisfaction surveys will score 4-5 on the likert Scale

Method of Measurement (3-1)

Track the number of intake referrals
Track the number of pre-treatment Vanderbilts
Track the number of post-treatment Vanderbilts and Satisfaction Surveys

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

All school-age children residing in Boone Co. who have a need for a psychiatric evaluation, and are not currently receiving satisfactory treatment, are

eligible for an initial psychiatric evaluation in the Bridge Program.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

Children are referred by pediatricians, PCP's, schools, or other behavioral health agencies, and obtain permission from parents/guardians for Bridge to reach out to them. However, some parents/guardians fail to respond to VM's, or after reintroduced to the program by a Bridge staff, decline the evaluation for their child. If a child resides outside of Boone Co., he/she cannot be served by Bridge, but other resources are provided. An adult who is not the legal guardian cannot schedule a Bridge evaluation for a child.

Service #4 - Name, Definition, and Description

Additional Method (5-2)

Pre/post-treatment Vanderbilt

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

Any school-age child residing in Boone County, MO with emotional/behavioral condition(s), and not receiving satisfactory treatment meets the criteria for a psychiatric evaluation. Child participants who complete the Bridge program will have improved mood and/or behavior, which typically reflects in improved academics, and well as better classroom environments for those children who struggled with impulsiveness, aggression and disruptive behavior.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

It is more difficult to obtain the post-tx Vanderbilts and surveys vs the pre-tx because parents/schools are eager for help and so comply better at the outset of tx.

Some children are evaluated, but do not continue for the following reasons: PCP's refer their patients for evaluations to ensure they are prescribing appropriate treatment. Children are evaluated and do not need further treatment. Parents decline to continue in Bridge after the initial or second visit. In these cases, the children are counted as 'complete', but are not prescribed medications, and post-tx Vanderbilts are N/A.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

1-1. Levels are based on 2015-2016 outcomes.

1-2. Bridge is an interim program. The goal is for a child to reach a level of stability to the point wherein treatment can be managed on a continuum by a community provider. We are optimistic that a child's condition will improve further after he/she is discharged from Bridge and continues treatment with a new provider.

1-3. Oppositional Defiant DO (ODD) requires therapy before behaviors will improve. Medication improves ADHD, but if a child has ADHD combined with ODD, behaviors may not improve until coping strategies are learned and applied.

November 3, 2015

RE: University of Missouri Self-Funded Auto/General Liability/Self-Insured Workers' Compensation

To Whom It May Concern:

The Curators of the University of Missouri has a Self-funded Retention Program for its auto and general liability losses. The Self-funded Retention Program is used to provide payment for exposures and claims arising from the negligence of the University, its officers, agents and employees and for which the University, its officers, agents and employees are found to be liable.

The self-funded auto/general liability retention program has a limit of \$1,000,000 per occurrence and \$3,000,000 annual aggregate. Reserves for the program are determined annually and set aside by the University for the Self-funded Retention Program.

The Curators of the University of Missouri is an approved Missouri self-insurer for Workers' Compensation coverage. All employees, including some student employees, part-time employees and some volunteers are covered by Worker's Compensation. A specific fund is maintained, based on actuarial determination, to cover obligations arising from the Workers' Compensation Exposure.

Should you require additional information, please advise.

Sincerely,

Ed Knollmeyer

Ed Knollmeyer
Director, Risk & Insurance Management

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children’s Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.

2.4. Term; Termination of Contract Agreement:

- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.
