 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – Purchase of Service Contracts was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BiD) <http://booneindicators.org/>. (1500 character limit)

Trauma remains a foundational disruption in youth of all ages and backgrounds; however, increasing evidence exists tying trauma and stressors to a lower socioeconomic status. Increasing numbers of children in Columbia grow up in households experiencing a debilitating web of trauma and stress. Particularly for minority children, the combination of on-going shocks and stressors tied to poverty significantly diminish their prospects in our community; children of minority backgrounds are more likely to grow up in poverty, experience mental and physical health problems, suffer academic setbacks or reduced outcomes and engage in substance abuse than their non-minority counterparts. Youth who experience complex trauma require a safe, nurturing and supportive community to reinforce well-being and build resilience.

Over the past two years, Columbia Public Schools and local educators have undertaken the task of addressing trauma-informed care among youth in our area. In concert with this vision, the proposed project will strengthen an emerging fabric of trauma-informed and trauma responsive methods, used by non-clinical practitioners, and those which align with county-level goals of: providing home-based and community-based intervention programs, promoting healthy lifestyles, strengthening socioemotional well-being of children and families, and providing therapeutic supports for youth and families.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BiD) <http://booneindicators.org/>. (1500 character limit)

From 2000 to 2010, US Census data shows the percentage of people living in poverty in Missouri jumped from 14.9% to 24.9%. According to a New York Times study on upward mobility in 2015, the only county worse than Boone County in Missouri for children growing up in a low income household is St Louis City. Within Boone County, the problem of poverty is acute in impoverished neighborhoods of Columbia; according to BiD, Columbia had 1459 households with children in extreme poverty in 2015, and many households identify as African American.

"Living with persistent poverty is toxic to one's psychological health" and research shows that diverse, low-income families are at greater risk for

psychological distress and trauma—experienced by parents and youth alike (Santiago 2011). From 2004-2009, the percentage of black children eligible for free or reduced lunch (FRL) in Columbia Public Schools rose from 71% to 77% compared to a range 18% to 34% of their Caucasian peers during that same time period. By 2015, that number had risen to 85% of black children eligible for FRL (Columbia Public Schools Student Data 2015). Growing up poor and black in one of the two most difficult places in our state to overcome poverty (Boone County) creates a cycle of stress leading to childhood trauma in minority children. Early mental health screenings and community-based interventions are key to mitigating shocks and breaking a transgenerational cycle of trauma in Missouri.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

1. Increase protective factors and reduce risk factors by: a) increasing youth access to front-line behavioral and socioemotional health screenings; b) trauma-informed services.
2. Increase youth engagement via therapeutic art-based interventions that build resilience and strengthen social bonds.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

In an effort to address complex trauma among impoverished youth and families in Columbia (who are our clients) we will embed trauma-informed therapeutic interventions into the Moving Ahead Program (MAP)—an afterschool program held in the J. W. "Blind" Boone Community Center of CHALIS. We will target a distinct group: minority and underserved youth ages 5-15 exposed to childhood trauma of one or more of the following forms: poverty, domestic violence, crime, hunger, mental illness, and/or substance use. We will provide confidential front-line behavioral, socioemotional and mental health screenings using the UCLA Child PTSD Index then offer opportunities for voluntary participation in trauma-informed art-making, applied theater workshops, conscious drumming and community celebrations.

Nearly all (97%) of the MAP-enrolled children meet the guidelines for FRL in the Columbia Public School District. Additionally, MAP requires family involvement in monthly events and provides wrap-around services including behavioral health services for children and families, as well as referral to community resources and service coordination to address basic needs on the household level. We will increase engagement on a household and community level; all activities are designed to strengthen social bonds and networks for youth in critical need of supportive mechanisms to overcome psychosocial trauma and establish socioemotional wellbeing.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Consumers who will be served by the proposed program are current and prospective clients of CHALIS and meet the following financial guidelines (of annual income) for participation in CHA's subsidized housing programs:

#HH PH Section 8/HCV

1	\$ 36,500	\$ 14,400
2	\$ 41,700	\$ 16,450
3	\$ 46,900	\$ 18,500
4	\$ 52,100	\$ 20,550
5	\$ 56,300	\$ 22,200
6	\$ 60,450	\$ 23,850
7	\$ 64,650	\$ 25,500
8	\$ 68,800	\$ 27,150

CHALIS' existing relationship and programs for youth enrolled in MAP and families living in low income situations, lends the program a unique level of access to families who participate in CHA's public housing projects, and those on a Housing Choice Voucher (HCV) program will be one of our main avenues for reaching the 5-15 year old youths and their families (consumers).

In 2014, CHA databases indicated children under the age of 18 made up 53% of all Housing Choice Voucher Residents. African Americans represent 69% of Housing Choice Voucher participants. Single parent female-led households are also predominant. This population, along with residents in public housing, will constitute our consumer base.

Key:

#HH=number in household

PH=Public Housing

HCV=on a housing choice voucher

b. Why will these particular consumers be served? (1500 character limit)

Through the Moving Ahead Program, we have access to 82 youth of low income and of minority status in Boone County. Because CHALIS has a unique level of access to these consumers, the organization offers an existing structure of established support through which to provide this program. Our organization reduces transaction costs for the County and builds trusting relationships with these families, on a daily basis; therefore, we have a working system and interpersonal ties to some of Columbia's most vulnerable families—whose children stand in critical need of these services.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Parents may not trust in our strategy for maintaining confidentiality. To mitigate concerns, we'll consult with an advisory committee to draft permission

slips which parents may sign on behalf of their children. Staff will answer questions as they arise. Youth will be able to privately sign a pledge to participate, or decline to participate, as they so choose. By giving youth the choice, they can invest in their own well-being and assure parents that participation is voluntary. Attendance and transportation may pose a challenge, and MAP will employ vans as needed.

d. Total number of unduplicated individuals to be served by the proposed program:

82

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

2482.46

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

b. Provide information on the types of training that will be offered. (1500 character limit)

Staff will receive training in the following trauma informed methods:

- Teachers as Therapists
- Arts for Healing
- Conscious Drumming

At the end of the training, these staff will be classified as trained facilitators and will be able to offer the trauma informed art-making to youth in other after school programs and throughout the community.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

The location of this program is the JW "Blind" Boone Community Center, within the Moving Ahead Afterschool and Summer Program. The program currently operates Monday - Friday when school is in session from 2:30 p.m. to 6:30 p.m. and for 4 - 5 weeks in the summer Monday - Friday from 8:30 a.m. to 6:30 p.m.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

All youth within MAP shall receive behavioral and socioemotional health screenings and frontline mental health screenings, as well as access to workshops, activities and events described herein. By virtue of their enrollment at MAP, youth will be eligible to participate on a voluntary basis and if/when their caregivers sign consent forms to release information as the need for referral arises.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Narrative

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

No fee is charged.

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Facilitators of therapeutic art-making, expressive writing, applied theater and conscious drumming do not require licensure, as these activities, although rooted in empirically supported therapeutic paradigms, are not considered art or music "therapy."

Licensed art and music therapists, as well as an ethno-musicologist, will be consulted as part of the advisory committee.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

The program is informed by techniques and methodology espoused by BuildaBridge International (BABI). BABI Institute partners with an institution of higher learning, Eastern University, to offer accredited courses and provide CEUs. The Institute is accredited by the Art Therapy Credentials Board.

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

Eastern University became an accredited member of Middle States Commission on Higher Learning (MSCHL) in 1954 and renewed accreditation in 2013. The state of Pennsylvania signed the State Authorization Reciprocity Agreement (SARA) in January 2017, and this allows Eastern to operate in SARA states.

If Yes - Provide a description of the accreditation process: (600 character limit)

Eastern University, partner of BABI in offering the Institute, is also accredited through MSCHL on a 2015 Carnegie Classification for Master's Colleges & Universities.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

BABI curricula for arts in healing launched in 1997 as a unique methodology accredited by ATCB in content areas 1, 2, 3 and 4. It facilitates three goals: hope in a future orientation; healing and holistic well-being; resilience by acquiring and using tools gained to bounce back from adversity. Four concepts underpin the method: Child-Centered; Hope-Infused; Trauma-Informed; Arts-Integrated.

Conscious Drumming is rooted in music therapy and the work of BABI therapist, Jim Borling MM, MT-BC, FAMI and author, Jeff Strong.

Expressive Writing and Applied Theater: see articles in References.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

To maintain accountability, the program will consult with an advisory committee made up of experts in emerging best practices, which we affirm as

integral to the program in order to do no harm and adhere to consensus on methods. All activities will remain informed by empirical research and experimental research in the fields of trauma, behavioral and clinical psychology, music and art therapy, while striving to meet standards set by: the American Psychiatric Association and the American Psychological Association. Non-clinical interventions will adhere to community development principles (CDS).

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The work of van der Kolk, B. (1994,2005) is fundamental to vicarious trauma & how trauma is linked to the body (psychobiology). Bath, Howard (2008) & Benard, B. (2004); Cohen, B., Barnes, M., & Rankin, A. (1995) informs our trauma-informed care to reduce traumatic stress and build resilience; we'll use Caine, R. & Caine, G. (1994) as a teaching guide and consult the "Child trauma handbook..." in designing courses (Greenwald, R. 2003).

Art therapy and neurobiological-based trauma protocols noted by Hass-Cohen, N., Clyde Findlay, J., Carr, R., & Vanderlan, J.(2014) show that remaining flexible is key to refining this work, for it is emerging as we speak. Nevertheless, there is ample discussion by Cohen, J., Mannarino, A., & Deblinger, E. (2006) noting that these techniques support treating trauma and traumatic issues in children and adolescents.

So too, Steele, W., & Kuban, C. (2013) cite evidence-based, sensory interventions as a way to treat trauma. Self-disclosure via expressive writing is cathartic according to Evans, C.M.G. (2000) in "The effects of writing about traumatic experiences..." Furthermore, a new study by Greenbaum, C. & Javdani, S. (2017) claims that expressive writing, as an intervention, promotes resilience. Mindfulness and guided imagery promotes wellness (Curran, E. 2007) and numerous studies inform our best practices in applied theater, as follows: Nicholson, H. (2005); Taylor, P. (2003); Thompson, J., and Schechner, R. (2004); Rohd, M. (2017).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

All of these activities are unique and innovative to an afterschool program. Within Missouri, the BABI method has been used once previous to this program, through the cooperation of Vessels International, BuildaBridge, Rotary District 6080, and Rotary Club of Columbia, during the inaugural 2017 COMO Creative Arts Camp in Columbia funded through a Rotary district simplified grant. At that time, 5 youth from MAP attended the camp and made marked progress in self-regulation and addressing behavioral concerns through expressive art-making, writing and theater. They have since asked for more--more use of these techniques in their everyday lives. We are, therefore, responding to a consumer need.

Perhaps the most innovative feature of this program is its adherence to the Community Development Society's Principles of Best Practice. Based upon a belief that a community, or a village, must work together, surround youth and support their success, the MAP program will hold community-building events to reinforce the use of these positive coping skills in the wider community while strengthening social bonds among youth, parents, educators and our local community.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

An advisory committee comprised of experts in several fields will continuously provide suggestions for quality improvement and serve as a sounding board for feedback and accountability, including members of the following organizations:

Members of the University of Missouri International Center for Psychosocial Trauma (ICPT) have trained over 6000 educators worldwide. The Center is comprised of multiple clinicians with local licenses as psychiatrists, counselors, psychologists and art therapists.

BuildaBridge International (BABI) has worked around the world, since 1997, in communities ravaged by war, disaster and conflict. The best practices established by BABI will provide exceptional guidance for improvement.

University of Missouri Center for Applied Theater and Research will offer the insights and expertise of faculty to guide the theater-related side of our program, according to best practices and emerging research in applied theater.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Narrative

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

-University of Missouri International Center for Psychosocial Trauma (ICPT):

Members will serve on the advisory committee and train staff.

-Family Counseling Center: CHALIS will consult with and send referrals to FCC.

-BuildaBridge International (BABI) for training, program development and sustainability, and guidance in best practices.

-Boys and Girls Club (BGC):

Members will serve on the advisory committee. CHALIS will offer services to BGC, in the form of workshops and collaborative, combined community-based events.

-University of Missouri Center for Applied Theater and Research:

Faculty will serve on the advisory committee and guide the theater-related side of program, according to best practices and emerging research in applied theater.

-Vessels International, Inc. will offer continued program development support, referrals, and forge connections to: ICPT and BABI, trauma-informed artist-educators, general volunteer support on a local level, and donations-in-kind of gently used art supplies.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Program Director (PD): program oversight and supervision/management of all employees within program; development & fiscal leadership, reporting & evaluation; management of marketing/media/public relations.

Program Coordinator (PC): consult with PD to align all efforts; consult with Project Coordinator (PJC) to approve outlay of programming; coordinate all parties—paid and non-paid staff who screen and teach youth; collect permission slips and pledges of participation from youth; collaborate with PJC to design community showcase events.

Project Coordinator (PJC): consult with PC to conduct planning sessions and refine on-site programming related to trauma-informed art-making, applied theater and drumming; collaborate with Instructor of Applied Theater (IAT) to design workshops; recruit and manage volunteers associated with activities; coordinate staff training for capacity-building in these techniques and best practices; organize community showcase events with IAT; provide referrals to

services.

Instructor of Applied Theater (IAT): (part-time) will design & facilitate 2-3 evidence-based sessions/wk. at 1.5 hrs. each; organize youth & community-building performances; fund-raise; use best practices & guide evaluation

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$8,520.00

b. Describe how the funds will be utilized. (600 character limit)

In order to deliver contracted services to youth, three CHALIS staff members will receive training in trauma-informed therapeutic techniques: program coordinator; project coordinator; resident services/social worker.

Training costs, at a total of \$5520, include the following courses:

Teachers as Therapists (\$750)

Arts for Healing and Conscious Drumming (total, combined: \$4770)

Art and Percussion Supplies will be purchased as follows:

\$3000 is a one-time cost, to purchase djembe drums which will be used on-site and at partner sites

c. Provide justification for the request for one-time funding. (600 character limit)

Staff will utilize existing knowledge of "Foundational Trauma-informed Art-Making" rooted in an evidence-based training they received in 2017, from Build-a-Bridge International (hereafter BABI). In order to appropriately design and manage this project, staff require more capacity to act in a trauma responsive manner and use trauma-informed therapeutic activities, as non-clinicians; they require insight and skill, to understand how trauma manifests, and how to appropriately design activities that address psychosocial and complex trauma underpinning acute behavioral issues in youth of MAP.

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Trauma-informed afterschool and summer programming consisting of evidence-based therapeutic and enrichment activities designed to increase resilience

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Content of sessions will align with Bessel van der Kolk's (2005) definition of complex trauma: "the experience of multiple, chronic and prolonged, developmentally adverse traumatic events, most often of the interpersonal nature...and early life onset" (p.402)

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Evidence-based services will be delivered on the premises of Moving Ahead Program, 3 times a week, during voluntary group-based workshop intervals of 1.5 hours each, during which MAP youth will:

- use mindfulness exercises for reflection & relaxation
- use trauma-informed art-making & expressive writing to view life through metaphor, symbol and ritual, while learning to regulate and process emotion based on improved interpersonal interactions and feedback gained within peer-based groups
- engage with peers and community through applied theater, role-play & improvisation for difficult dialogues such as social justice, identity and transformative community change (Taylor 2003)
- learn about the cathartic benefits (neurological, socioemotional, psychosocial) of conscious drumming as a positive coping strategy. The resonating nature of drumming soothes the mind and halts the body's stress response.

Therapeutic art-making and drumming calms the "reptilian brain" (MacLean 1983), reducing reliance on negative pathways that lead straight to the limbic system—on a paved highway to hyperarousal—where the fight/ flight response resides. As youth engage in therapeutic art-making and conscious drumming, as a positive coping strategy, they may opt to use these tools during moments of high emotional distress, when triggered or nearing their threshold of agitation and despair. Rather than relying on learned negative coping behaviors (that may heighten arousal, exacerbate conditions and lead to additional harmful choices) youth who engage in mindfulness, trauma-informed art-making and conscious drumming may learn to center their emotions and channel anxiety into a productive and transformative opportunity for reflection and healing.

Expressive writing (EW) & applied theater (AT) as a complement to art-making and drumming, allows youth—when centered and relaxed—to engage in productive dialogues and process through writing. AT gives youth an opportunity to discuss complex concerns in a safe and nurturing environment, with ground rules, guidance and positive feedback. Expressive writing, rooted in "empirically supported therapeutic paradigms" (Greenbaum and Javdani 2017), promotes resilience in youth.

All art and percussion-based therapeutic activities shall adhere to three foundational pillars of trauma-informed care:

- 1.) safety—creating a "multifaceted" safe atmosphere in which to heal (Greenwald 2005);
- 2.) connections—developing stronger interpersonal skills, balancing power and control (autonomy), strengthening therapeutic and supportive, community-based, social ties; guiding youth to modulate when an "adult wary," or hyper-vigilant stance may or may not be appropriate (Seita and Brendtro 2005);
- 3.) emotion and impulse management—helping youth understand hyperarousal and emotional dysregulation—reactions linked to the fear-based response—and reinforcing neurological pathways associated with more accurate discernment and detection of threats (Bath 2008).

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

1 hour for 1 individual

b. Unit Rate (#1)

\$88.93

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

Treatment for mental illness, emotional disturbances and/or maladaptive behaviors that are subsequent to child maltreatment or a traumatic event in attempts to alleviate the emotional disturbances, reverse or change the maladaptive patterns of behavior and encourage personal growth and development. Treatment interventions will utilize a trauma focused evidence based or promising practice and include a trauma focused assessment at intake and at regular intervals throughout treatment to monitor client's progress and inform trauma focused treatment planning which is billable at \$142.58 per hour.

d. Total Number of Units of Service to be Provided (#1)

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

The Moving Ahead Program is provided free of charge to children of low-income households. Adding a charge for such a key element to the programming would be detrimental to its success.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

No service is of a billable nature since it is not provided by licensed therapists.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

No (if no, move on to the Funding Request section.)

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

The requested level of funding will facilitate the start up of a valuable evidence based practice. This funding and the experience and data gained during the fulfillment of this contract will be used to leverage additional funding from sources like the Missouri Foundation for Health.

Service #1- Performance Measures

Outcome (1-1)

Academic performance improves

Indicator (1-1)

25% improve grades between first quarter and last quarter of the school year

Method of Measurement (1-1)

Case mgt. records, school data pre and post progress, group participation rates, pre- and post-surveys, referral forms, ethnographic/field notes of instructors, family support specialists and/or family life coach

Additional Outcome (1-2)

School attendance improves

Additional Indicator (1-2)

80% of students who participate will improve attendance rate between first quarter and last quarter of school year

Additional Method (1-2)

Case mgt. records, school data pre and post progress, group participation rates, pre- and post-surveys

Additional Outcome (1-3)

Access to healthy coping strategies and methods of self-regulation improve for youth who participate in more than 5 sessions

Additional Indicator (1-3)

50% of students will gain access to alternate methods for managing stress, communicating with parents, emotional self-regulation and coping with trauma

Additional Method (1-3)

Case mgt. records, school data pre- & post progress, group participation rates, pre- & post-surveys, referral forms, qualitative data via ethnographic/field notes of instructors, family support specialists and/or family life coach, elective sharing of autobiographical written material (journals)

Additional Outcome (1-4)

Time spent in family events and/or community-building events increases

Additional Indicator (1-4)

75% of participant families will report spending, at minimum, 3 hours per month in a family activity that strengthens parent/guardian-child bonds and builds social bonds.

Additional Method (1-4)

Case mgt. records, school data pre and post progress, group participation rates, pre- and post-surveys, referral forms, ethnographic/field notes of family support specialists and family life coach, feedback from community-based response boards during all events

Additional Outcome (1-5)

Families connect with services to improve well-being of the household, on a socioemotional level

Additional Indicator (1-5)

70% of group participants referred to a service they have not used before

Additional Method (1-5)

Case mgt. records, school data pre and post progress, group participation rates, pre- and post-surveys, referral forms, qualitative data via ethnographic/field notes of instructors, family support specialists and/or family life coach, elective sharing of autobiographical experiences—via journals

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Trauma-informed therapeutic services, and behavioral health & socioemotional screenings lead to:

- improved referrals (for mental health needs)
- engagement in academic sphere (youth self-regulate using healthy coping strategies while at school)
- improved resilience, confidence and self-efficacy in processing psychosocial stressors, shocks and adversity
- interpersonal learning and greater self-awareness
- improved participation by families accessing services for well-being of home
- socioemotional healing and social bonding among participants, as well as members of household and community

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

External factors may include lack of participation, stigma and group safety/necessary exclusion.

1. Parents may decline to sign permission slip and ROI; youth may decline, or may drop out of, sessions. Participation is voluntary.
2. There is a stigma associated with mental health screening.
3. Individuals who disrupt the group or pose a threat may re-traumatize or trigger peers. They'll be redirected to other activities if they manifest: clinical psychosis, active suicidality, hyperactivity or agitation, extreme distractibility, and/or act verbally or physically abusive to peers and staff.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Measurement levels exceed previous thresholds reached by CHALIS, with regard to said outcomes, on past projects. MAP strives to excel beyond it's past successes. CHALIS selected new levels in order to gauge the overall effectiveness of the pilot program, based on the use of past indicators. Data collected will indicate the potential (or lack thereof) for effective use of these innovative techniques, on a wider scale, in Boone County.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

A mixed methods approach to measurement allows us to comprehensively combine the "head and heart" on a project that deals with performance as well as emotive measures. We will collect quantitative data, in order to align with established protocols for afterschool programming as it pertains to maintaining licensure. Qualitative data, in the form of ethnobiographical data via field notes, direct quotes, and autobiographical data via journal entries, will be: 1.)voluntary; 2.)transcribed (anonymously), 3.)coded appropriately, and 4.)compared with quantitative data, to analyze/unpack the numbers.

Organization	CHA Low-Income Services, Inc.
Name of Program	Trauma Informed Therapeutic Art-Making in After School & Summer Program. (see notes below about a change in the name of the program)

Program Overview Form	
------------------------------	--

- After reading this proposal it appears that Therapeutic Art-Making is proposed as a service of the Moving Ahead Program - After School and Summer program (MAP). Please frame your clarification responses to indicate Therapeutic Art-Making is a service of MAP.

Action Required: Complete the following responses in regard to MAP and the proposed service as a sub-activity. Provide any questions or comments in the field below.

RESPONSE:

If awarded funding through the City of Columbia and the Boone County Children's Services Fund, the Moving Ahead Program will adopt the Out of School Programming service as its primary program service. This taxonomy much more closely aligns with prior contracts for service through the City of Columbia.

The Moving Ahead Program would offer the Out of School Program Service and commit to deliver 4 sub-activities during the school year and 3 sub-activities in the summer with the outcomes and performance measures shown here. Since proposals to the City are broken out by school year and summer, outputs and outcomes have been identified by session here when necessary to remain consistent. **Therapeutic Art-Making (as proposed to the Boone County Children's Services Fund would be listed as a sub-activity of Out of School Programming under Positive Youth Development.**

2. Program Overview- an overview of MAP needs to be provided.

Action Required: Provide an overview of MAP. Incorporate information on how the Trauma Informed Therapeutic Art-Making will be incorporated into the program.

RESPONSE:

Please consider this overview of the Moving Ahead Program as our response to your clarification request.

Mission: The Moving Ahead Afterschool & Summer Program exists to provide an academically focused afterschool and summer program for youth from low-income households.

MAP promotes -

- Competence – The feeling there is something each boy and girl can do well.
- Usefulness – The opportunity to do something of value for other people.
- Belonging – The feeling there is a place where each child “fits” and is accepted.
- Influence – The chance to be heard and to influence decisions.

Services: The Moving Ahead Afterschool & Summer Program provides a wide variety of services to benefit students in grades K – 12. Services are designed to strengthen academic performance, improve school attendance, encourage post-secondary education, improve parent/child and family/school relationships, and build a foundation for success in school, work, and in life. Trauma informed therapeutic art-making supports these goals and will be incorporated into the regular offerings of the Moving Ahead Program as part of its Academic Enrichment time slot.

Activities: The Moving Ahead Program is a safe place where students can be with friends, have a hot meal, and connect with caring adults outside of school. Moving Ahead programming is extensive and lesson plans are developed around grade-level educational standards.

In September 2017, the Moving Ahead program received word it was a recipient of funding through the MODESE 21st Century Community Learning Center Program for a period covering 2017-2022. This funding will allow Moving Ahead to increase the number of students receiving services from 60 to 100, and to expand the program’s hours and days of operation.

School Year Afterschool hours will increase by 1 hour each day, include programming on Teacher Work Days and Spring Break and also make 5 hours of programming with breakfast and lunch available on Saturdays year-round. In addition, the full-day Moving Ahead Summer session will increase by 1.5 hours each day.

These additional hours will make it possible to enhance year-round programming by inserting Trauma Informed Therapeutic Art Making within the schedule of Academic Enrichments.

Trauma-informed art-based activities will enhance existing out-of-school programming in relation to positive youth development and community-building for improved social and interpersonal skills, as well as bonding (via the parental partnership portion). The evidence based programming will be delivered on the premises of MAP three times per week, during 1.5 hour sessions led by staff member(s) trained in *Foundations of Trauma-informed Art-Making* and additionally proposed training modules.

Activities are designed to align with the *Formal Elements of Art Therapy Scale*, and staff will periodically submit refined exercises to an advisory committee—for brief review and comment--by professionals and/or agencies knowledgeable in best practices, current research and instruments of evaluation to make sure the enhanced services maintain fidelity with best practices and show progress.

A minimum of twelve community-building activities (family/child events) will take place on the premises of MAP, or in community-based venues each year. All group activities will integrate mindfulness and adhere to the three foundational pillars of trauma-informed care, as noted in our original application (Greenwald 2005): safety, connections, emotion and impulse management.

Assessments will be administered pre- and post-intervention. Staff will collect products of art-based exercises, photograph/record and file them in a secure, locked location—by numbers coded to individual youth; art produced will be collected throughout the academic and summer sessions then returned to the children and parents.

Staff will also maintain case notes and attendance rosters to gauge participation and track individual buy-in to this programming. Analysis of art produced will be managed by staff and an advisory committee. Youth who may need professional intervention will be referred to a clinical art therapist as well as a counseling agency, for continued care and behavioral supports.

Coordination of all activities will be managed by staff and volunteers who have met all requirements for participation in programming and supportive services, including all CHA background checks, drug screenings and commitments to confidentiality.

Additional methods of measurement—of these activities—may include some of the following forms of assessment:

- Modifications of the *Coopersmith Self-esteem Inventory* and/or the *Rosenberg Self-esteem Scale* to measure explicit self-esteem (1976)
- Strengths Knowledge and Strengths Use Scales (Cattell, 1966)
- One or both of these instruments to measure subjective well-being of students:
 - PANAS—Positive and Negative Affect Scale—a widely used and well-tested scale, developed by Watson, Clark and Tellegen (1988).
 - SWLS—Satisfaction with Life Scale (Diener et al., 1985)
- Diagnostic Drawing Series (DDS)
- Road (of Life) Drawing—as a family vision exercise, this will be coded using F.E.A.T.S. (Formal Elements Art Therapy Scale) and offered multiple times throughout the year and twice during the summer.
- Parental interviews
- Case notes

Lastly, another proposal from CHA Low-Income Services submitted to BCCSF includes the possibility of two other services for families and children enrolled in the Moving Ahead Program. If funded, Service Coordination (Case Management) and Therapeutic Mentoring would be made available to the Moving Ahead Afterschool and Summer Program through the CHALIS Healthy Home Connections program. These two services would wrap around the families and youth of Moving Ahead to strengthen the foundation for student success and family self-sufficiency. Though they were not included in our initial response to questions from the City of Columbia, we

have included Service Change Forms in this document for BCCSF and would include them in services offered through the Moving Ahead Afterschool and Summer Program.

Guiding all of these activities is our commitment to the Communities in Schools Model which has been shown to reduce dropout rates, increase graduation rates, and increase the percentage of students meeting or exceeding math and reading proficiency in 4th and 8th grade (Communities in Schools: National Evaluation Mid-Level Findings, 2008). This model aligns with the goals of the Moving Ahead Program, Columbia Public School District 93, and 21st Century Communities Learning Center. "Communities in Schools is a community-based integrated student service program; the five basics of CIS – a one-on-one relationship with a caring adult, a safe place to learn and grow, a healthy start and a healthy future, a marketable skill to use upon graduation, and a chance to give back to peers and community – closely match those components that have been found, separately, to produce positive outcomes for at-risk students" (Communities In Schools: National Evaluation Volume 1: School Level Report, October 2008).

The paid program staff of Moving Ahead include recent graduates of the MU System with majors including secondary and elementary education, psychology, family development, child communication, history, math, and animal sciences. They work as a team to develop lesson plans that accommodate and challenge all students to continue learning. MAP programming emphasizes two common threads, interwoven into all classroom activities: making learning fun and giving students a voice. The MAP Program Staff strive to tie lessons into the real world experiences of their students.

The Staff are not alone in their commitment to our students. Each semester, more than 100 volunteers from the University of Missouri give their time to tutor or provide homework assistance in math, science, social studies, reading, and language arts.

The Moving Ahead Program works closely with the Columbia Public School District data department, and the individual classroom teachers to monitor the progress of Moving Ahead students and adjust learning experiences to help them increase their skills. School-day teachers often communicate students' homework assignments to Moving Ahead staff. This on-going collaboration keeps students in line with school classroom expectations.

The Moving Ahead Program is a licensed child-care provider adhering to the strictest guidelines of the Missouri Department of Health and Senior Services since 2012. The J.W. "Blind" Boone Community Center is equipped with security cameras and an emergency alarm system. It is less than 700 feet from a Police Substation and is under the observation of the Safety Department of the Housing Authority of the City of Columbia. All Moving Ahead Program Staff must pass screening through the Family Care Safety Register. The MAP staff use Positive Behavior Supports when dealing with students. Staff sign students in at the start of the day, and an adult caregiver signs them out at the end of the day.

The Planned Daily Schedule of Activities is provided below:

4. Program Access – Why aren't fees or a sliding scale utilized? Do the children qualify for any type of child care subsidy?

Action Required: Provide more information in the field below.

The Moving Ahead Program has been free of cost since 2003 and strives to remain free of cost in order to serve the community's most vulnerable populations – including unemployed parents. In 2015, the Moving Ahead Program was asked by the City of Columbia Social Services Commission to create a sliding fee scale for the Moving Ahead Program. The previous schedule has been updated and attached for your reference. As you will see, there is no fee assigned for individuals below 225% of the Federal Poverty Level. Historically, 99% – 100% of those we serve are at or below 200% of the FPL.

5. Program Quality – There was no response to g. “How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance services(s) and help with program outcomes.”

Action Required: Provide the information for this missing response in the field below.

As a recipient of funding from MODESE's 21st Century Community Learning Center program, The Moving Ahead Program will be required to conduct annual parent, student and teacher surveys related to satisfaction with the overall program. Another condition of this funding is to maintain a Parent Advisory Council for the Moving Ahead Program. The Parent Advisory Council meets at least twice per year and provides the opportunity for any parent of an enrolled student to give feedback on the program.

6. Program Budget and Narrative – The Program Budget will need to be provided for MAP.
Action Required: Complete the following table. This information will be utilized during final negotiations.

7. There is \$34,955.00 received from a federal source listed in the proposed Program Budget.
Action Required: Provide a brief overview describing how these funds will be utilized in the field below.

Amount originally listed would have supported partial salary and benefits of the Moving Ahead Program Coordinator, and was proposed to be funded through the 21st CCLC award which was under review at the time of submission and has now been approved for funding.

Program Services Form (1-5)

8. Due to the complexity of tracking service levels and performance measures in an out of school program environment, the City and the County decided to add another service called **Out of School Programming** with a definition of: *Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before/after school, weekends, and/or during seasonal breaks (e.g.summer). This service must include at least two other related services in the Taxonomy of Service.* This new service name will allow us to capture related services as part of the Out of School Programming service description and reflected in the Performance Measures. The County will require that at least one of these services include a social-emotional component.

The City and County plan to drop Tutoring from the *Taxonomy of Services* and add the following services:

- Academic Instruction- Differentiated, curriculum-based instruction provided in a group or individual (tutoring) setting by a qualified professional to increase individual student achievement, as measured by grade-level benchmarks and standards from the student's primary source of education.
- Academic Support – Supplementary assistance with educational concepts and tasks (homework).
- Academic Enrichment – Curriculum-based activities intended to engage students in learning and increase skills and knowledge in subject matter.

Since therapeutic art is a service of the MAP program we would like to have you break down the services to include:

Service	
1	Positive Youth Development – this service will encompass the Trauma Informed Therapeutic Art-Making in After School & Summer
2	Out of School Programming – This service will encompass of the following sub-activities: <ul style="list-style-type: none"> • Academic Support • Academic Enrichment • Positive Youth Development (general MAP services) • Congregate Meals • Health Education (alluded to but not included in proposal) • Physical Activity (alluded to but not included in proposal) • Cultural Enrichment (alluded to but not included in proposal) • Personal Finance Education (alluded to but not included in proposal) • Career Exploration (alluded to but not included in proposal)
3	Parent Partnership (alluded to but not included in proposal)
4	Service Coordination or Information & Referral (alluded to but not included in proposal)

Action Required: Complete the 'Service Change Charts' for each of the services listed above.

RESPONSE:

As our previously submitted response to the City of Columbia noted (see response to clarification question #1 in this document), the Moving Ahead Program has proposed to provide the new Out of School Programming taxonomy with the sub-activities of

- Academic Support
- Academic Enrichment
- Positive Youth Development (General Activities)
- Congregate Meals

Furthermore, in response to the Boone County Children's Services Fund letter of clarification, we will add and track the following activities as individual services and have completed service change forms for:

- Positive Youth Development (Therapeutic Art-Making)
- Parent Partnership
- Case Management (Including Service Coordination and Referral)

At this time, we are also including a Service Change Form for Therapeutic Mentoring, a service outlined in the CHALIS Healthy Home Connections proposal to the BCCSF to be provided by Big Brothers Big Sisters for children enrolled in the Moving Ahead Program or living in households served by one of the Columbia Housing Authority's affordable housing programs.

9. The original proposal mentioned that transportation will be provided to students but does not indicate the funding source for this aspect of the service. Transportation is not an eligible service for the Boone County Children's Services Fund.

Action Required: Provide clarification on the funding source covering transportation costs.

Transportation will not be provided as part of the Therapeutic Art Making activity. Some students of the Moving Ahead Program are already transported to the program by the School District. A few are transported in vans provided by the Moving Ahead Program. No funding supplied by the Boone County Children's Services Fund will be used for transportation.

10. The proposal lacked information on how materials, specifically the drum set, will be used by a group of youth during the 1.5 hours of workshop time.

Action Required: Provide more information on the coordination of implementing the different workshops and how materials will be utilized by a group.

Materials will be used on- and off-site, during art-making workshops and stored in a secure, locked cabinet/storage locker. Drums, specifically the djembe (West African instrument of percussion) will be used during drumming for mental health and suicide prevention activities; conscious drumming will directly address drumming as a means to cope with stress and anxiety, as well as a way to reduce anger and aggression. Drums will be purchased at a reduced rate and MAP will also request donations to obtain additional art materials (new and gently used) from organizations in alignment with these goals and spearheading art enrichment in our community and beyond. Trained staff will conduct the drumming sessions following best practices.

11. The funding request amount seems very high for therapeutic art-making given that it is a non-clinical service and is not proposed to be provided by a qualified mental health professional. Please provide your best and final offer for this service.

Action Required: Provide justification below on the unit rate and funding request change.

Though a non-clinical service, the Trauma Informed Therapeutic Art-Making service requires a high level of specialized knowledge, training, and experience if one is to deliver the proposed activities effectively and with sensitivity to any adverse childhood experiences.

Thankfully, after receiving word that the Moving Ahead Program was a recipient of a 5-year 21st Century Community Learning Center award, we were able to make some adjustments to the proposed budget for therapeutic art-making. By reassigning some costs for training, supplies, family events and a portion of non-specialized staff to the newly awarded 21st CCLC program, the cost/UOS for this service was reduced from \$88.93 to \$72.48.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Markt:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 8, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Program Services Form (1-5)	
------------------------------------	--

8. Due to the complexity of tracking service levels and performance measures in an out of school program environment, the City and the County decided to add another service called **Out of School Programming** with a definition of: *Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before/after school, weekends, and/or during seasonal breaks (e.g.summer). This service must include at least two other related services in the Taxonomy of Service.* This new service name will allow us to capture related services as part of the Out of School Programming service description and reflected in the Performance Measures. The County will require that at least one of these services include a social-emotional component.

The City and County plan to drop Tutoring from the *Taxonomy of Services* and add the following services:

- Academic Instruction- Differentiated, curriculum-based instruction provided in a group or individual (tutoring) setting by a qualified professional to increase individual student

achievement, as measured by grade-level benchmarks and standards from the student's primary source of education.

- Academic Support – Supplementary assistance with educational concepts and tasks (homework).
- Academic Enrichment – Curriculum-based activities intended to engage students in learning and increase skills and knowledge in subject matter.

Since therapeutic art is a service of the MAP program we would like to have you break down the services to include:

Service	
1	Positive Youth Development – this service will encompass the Trauma Informed Therapeutic Art-Making in After School & Summer
2	Out of School Programming – This service will encompass of the following sub-activities: <ul style="list-style-type: none"> • Academic Supprt • Academic Enrichment • Positive Youth Development (general MAP services) • Congregate Meals • Health Education (alluded to but not included in proposal) • Physical Activity (alluded to but not included in proposal) • Cultural Enrichment (alluded to but not included in proposal) • Personal Finance Education (alluded to but not included in proposal) • Career Exploration (alluded to but not included in proposal)
3	Parent Partnership (alluded to but not included in proposal)
4	Service Coordination or Information & Referral (alluded to but not included in proposal)

Action Required: Complete the 'Service Change Charts' for each of the services listed above.

--

9. The original proposal mentioned that transportation will be provided to students but does not indicate the funding source for this aspect of the service. Transportation is not an eligible service for the Boone County Children's Services Fund.

Action Required: Provide clarification on the funding source covering transportation costs.

--

10. The proposal lacked information on how materials, specifically the drum set, will be used by a group of youth during the 1.5 hours of workshop time.

Action Required: Provide more information on the coordination of implementing the different workshops and how materials will be utilized by a group.

--

11. The funding request amount seems very high for therapeutic art-making given that it is a non-clinical service and is not proposed to be provided by a qualified mental health professional. Please provide your best and final offer for this service.

Action Required: Provide justification below on the unit rate and funding request change.

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

The CHALIS Board of Directors reviews and approves the annual and midyear CHALIS budget and monthly financial statements. The Board reviews and approves all accounts payable payments before they are issued. The CEO and a Board member have their electronic signatures placed on each check as the only approved endorsers of the agency's checks. Board members follow a Conflicts of Interest policy whereby they do not accept gifts, gratuities, favors or other items of value which might appear to influence purchasing decisions. Property and equipment dispositions require the approval of the Board.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – Purchase of Service Contracts was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet
Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Trauma remains a foundational disruption in youth of all ages and backgrounds; however, increasing evidence exists tying trauma and stressors to a lower socioeconomic status. Increasing numbers of children in Columbia grow up in households experiencing a debilitating web of trauma and stress. Particularly for minority children, the combination of on-going shocks and stressors tied to poverty significantly diminish their prospects in our community; children of minority backgrounds are more likely to grow up in poverty, experience mental and physical health problems, suffer academic setbacks or reduced outcomes and engage in substance abuse than their non-minority counterparts. Youth who experience complex trauma require a safe, nurturing and supportive community to reinforce well-being and build resilience.

Over the past two years, Columbia Public Schools and local educators have undertaken the task of addressing trauma-informed care among youth in our area. In concert with this vision, the proposed project will strengthen an emerging fabric of trauma-informed and trauma responsive methods, used by non-clinical practitioners, and those which align with county-level goals of: providing home-based and community-based intervention programs, promoting healthy lifestyles, strengthening socioemotional well-being of children and families, and providing therapeutic supports for youth and families.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

From 2000 to 2010, US Census data shows the percentage of people living in poverty in Missouri jumped from 14.9% to 24.9%. According to a New York Times study on upward mobility in 2015, the only county worse than Boone County in Missouri for children growing up in a low income household is St Louis City. Within Boone County, the problem of poverty is acute in impoverished neighborhoods of Columbia; according to BID, Columbia had 1459 households with children in extreme poverty in 2015, and many households identify as African American.

"Living with persistent poverty is toxic to one's psychological health" and research shows that diverse, low-income families are at greater risk for

psychological distress and trauma—experienced by parents and youth alike (Santiago 2011). From 2004-2009, the percentage of black children eligible for free or reduced lunch (FRL) in Columbia Public Schools rose from 71% to 77% compared to a range 18% to 34% of their Caucasian peers during that same time period. By 2015, that number had risen to 85% of black children eligible for FRL (Columbia Public Schools Student Data 2015). Growing up poor and black in one of the two most difficult places in our state to overcome poverty (Boone County) creates a cycle of stress leading to childhood trauma in minority children. Early mental health screenings and community-based interventions are key to mitigating shocks and breaking a transgenerational cycle of trauma in Missouri.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

1. Increase protective factors and reduce risk factors by: a) increasing youth access to front-line behavioral and socioemotional health screenings; b) trauma-informed services.
2. Increase youth engagement via therapeutic art-based interventions that build resilience and strengthen social bonds.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

In an effort to address complex trauma among impoverished youth and families in Columbia (who are our clients) we will embed trauma-informed therapeutic interventions into the Moving Ahead Program (MAP)—an afterschool program held in the J. W. "Blind" Boone Community Center of CHALIS. We will target a distinct group: minority and underserved youth ages 5-15 exposed to childhood trauma of one or more of the following forms: poverty, domestic violence, crime, hunger, mental illness, and/or substance use. We will provide confidential front-line behavioral, socioemotional and mental health screenings using the UCLA Child PTSD Index then offer opportunities for voluntary participation in trauma-informed art-making, applied theater workshops, conscious drumming and community celebrations.

Nearly all (97%) of the MAP-enrolled children meet the guidelines for FRL in the Columbia Public School District. Additionally, MAP requires family involvement in monthly events and provides wrap-around services including behavioral health services for children and families, as well as referral to community resources and service coordination to address basic needs on the household level. We will increase engagement on a household and community level; all activities are designed to strengthen social bonds and networks for youth in critical need of supportive mechanisms to overcome psychosocial trauma and establish socioemotional wellbeing.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Consumers who will be served by the proposed program are current and prospective clients of CHALIS and meet the following financial guidelines (of annual income) for participation in CHA's subsidized housing programs:

#HH PH Section 8/HCV

1	\$ 36,500	\$ 14,400
2	\$ 41,700	\$ 16,450
3	\$ 46,900	\$ 18,500
4	\$ 52,100	\$ 20,550
5	\$ 56,300	\$ 22,200
6	\$ 60,450	\$ 23,850
7	\$ 64,650	\$ 25,500
8	\$ 68,800	\$ 27,150

CHALIS' existing relationship and programs for youth enrolled in MAP and families living in low income situations, lends the program a unique level of access to families who participate in CHA's public housing projects, and those on a Housing Choice Voucher (HCV) program will be one of our main avenues for reaching the 5-15 year old youths and their families (consumers).

In 2014, CHA databases indicated children under the age of 18 made up 53% of all Housing Choice Voucher Residents. African Americans represent 69% of Housing Choice Voucher participants. Single parent female-led households are also predominant. This population, along with residents in public housing, will constitute our consumer base.

Key:

#HH=number in household

PH=Public Housing

HCV=on a housing choice voucher

b. Why will these particular consumers be served? (1500 character limit)

Through the Moving Ahead Program, we have access to 82 youth of low income and of minority status in Boone County. Because CHALIS has a unique level of access to these consumers, the organization offers an existing structure of established support through which to provide this program. Our organization reduces transaction costs for the County and builds trusting relationships with these families, on a daily basis; therefore, we have a working system and interpersonal ties to some of Columbia's most vulnerable families—whose children stand in critical need of these services.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Parents may not trust in our strategy for maintaining confidentiality. To mitigate concerns, we'll consult with an advisory committee to draft permission

slips which parents may sign on behalf of their children. Staff will answer questions as they arise. Youth will be able to privately sign a pledge to participate, or decline to participate, as they so choose. By giving youth the choice, they can invest in their own well-being and assure parents that participation is voluntary. Attendance and transportation may pose a challenge, and MAP will employ vans as needed.

d. Total number of unduplicated individuals to be served by the proposed program:

82

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

2482.46

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

All youth within MAP shall receive behavioral and socioemotional health screenings and frontline mental health screenings, as well as access to workshops, activities and events described herein. By virtue of their enrollment at MAP, youth will be eligible to participate on a voluntary basis and if/when their caregivers sign consent forms to release information as the need for referral arises.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Narrative

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

No fee is charged.

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Facilitators of therapeutic art-making, expressive writing, applied theater and conscious drumming do not require licensure, as these activities, although rooted in empirically supported therapeutic paradigms, are not considered art or music "therapy."

Licensed art and music therapists, as well as an ethno-musicologist, will be consulted as part of the advisory committee.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

The program is informed by techniques and methodology espoused by BuildaBridge International (BABI).

BABI Institute partners with an institution of higher learning, Eastern University, to offer accredited courses and provide CEUs.

The Institute is accredited by the Art Therapy Credentials Board.

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

Eastern University became an accredited member of Middle States Commission on Higher Learning (MSCHL) in 1954 and renewed accreditation in 2013. The state of Pennsylvania signed the State Authorization Reciprocity Agreement (SARA) in January 2017, and this allows Eastern to operate in SARA states.

If Yes - Provide a description of the accreditation process: (600 character limit)

Eastern University, partner of BABI in offering the Institute, is also accredited through MSCHL on a 2015 Carnegie Classification for Master's Colleges & Universities.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

BABI curricula for arts in healing launched in 1997 as a unique methodology accredited by ATCB in content areas 1, 2, 3 and, 4. It facilitates three goals: hope in a future orientation; healing and holistic well-being; resilience by acquiring and using tools gained to bounce back from adversity. Four concepts underpin the method: Child-Centered; Hope-Infused; Trauma-Informed; Arts-Integrated.

Conscious Drumming is rooted in music therapy and the work of BABI therapist, Jim Borling MM, MT-BC, FAMI and author, Jeff Strong.

Expressive Writing and Applied Theater: see articles in References.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

To maintain accountability, the program will consult with an advisory committee made up of experts in emerging best practices, which we affirm as

integral to the program in order to do no harm and adhere to consensus on methods. All activities will remain informed by empirical research and experimental research in the fields of trauma, behavioral and clinical psychology, music and art therapy, while striving to meet standards set by: the American Psychiatric Association and the American Psychological Association. Non-clinical interventions will adhere to community development principles (CDS).

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The work of van der Kolk, B. (1994,2005) is fundamental to vicarious trauma & how trauma is linked to the body (psychobiology). Bath, Howard (2008) & Benard, B. (2004); Cohen, B., Barnes, M., & Rankin, A. (1995) informs our trauma-informed care to reduce traumatic stress and build resilience; we'll use Caine, R. & Caine, G. (1994) as a teaching guide and consult the "Child trauma handbook..." in designing courses (Greenwald, R. 2003).

Art therapy and neurobiological-based trauma protocols noted by Hass-Cohen, N., Clyde Findlay, J., Carr, R., & Vanderlan, J.(2014) show that remaining flexible is key to refining this work, for it is emerging as we speak. Nevertheless, there is ample discussion by Cohen, J., Mannarino, A., & Deblinger, E. (2006) noting that these techniques support treating trauma and traumatic issues in children and adolescents.

So too, Steele, W., & Kuban, C. (2013) cite evidence-based, sensory interventions as a way to treat trauma. Self-disclosure via expressive writing is cathartic according to Evans, C.M.G. (2000) in "The effects of writing about traumatic experiences..." Furthermore, a new study by Greenbaum, C. & Javdani, S. (2017) claims that expressive writing, as an intervention, promotes resilience. Mindfulness and guided imagery promotes wellness (Curran, E. 2007) and numerous studies inform our best practices in applied theater, as follows: Nicholson, H. (2005); Taylor, P. (2003); Thompson, J., and Schechner, R. (2004); Rohd, M. (2017).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

All of these activities are unique and innovative to an afterschool program. Within Missouri, the BABI method has been used once previous to this program, through the cooperation of Vessels International, BuildaBridge, Rotary District 6080, and Rotary Club of Columbia, during the inaugural 2017 COMO Creative Arts Camp in Columbia funded through a Rotary district simplified grant. At that time, 5 youth from MAP attended the camp and made marked progress in self-regulation and addressing behavioral concerns through expressive art-making, writing and theater. They have since asked for more--more use of these techniques in their everyday lives. We are, therefore, responding to a consumer need.

Perhaps the most innovative feature of this program is its adherence to the Community Development Society's Principles of Best Practice. Based upon a belief that a community, or a village, must work together, surround youth and support their success, the MAP program will hold community-building events to reinforce the use of these positive coping skills in the wider community while strengthening social bonds among youth, parents, educators and our local community.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

An advisory committee comprised of experts in several fields will continuously provide suggestions for quality improvement and serve as a sounding board for feedback and accountability, including members of the following organizations:
Members of the University of Missouri International Center for Psychosocial Trauma (ICPT) have trained over 6000 educators worldwide. The Center is comprised of multiple clinicians with local licenses as psychiatrists, counselors, psychologists and art therapists.
BuildaBridge International (BABI) has worked around the world, since 1997, in communities ravaged by war, disaster and conflict. The best practices established by BABI will provide exceptional guidance for improvement.
University of Missouri Center for Applied Theater and Research will offer the insights and expertise of faculty to guide the theater-related side of our program, according to best practices and emerging research in applied theater.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Narrative

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

- University of Missouri International Center for Psychosocial Trauma (ICPT):
Members will serve on the advisory committee and train staff.
- Family Counseling Center: CHALIS will consult with and send referrals to FCC.
- BuildaBridge International (BABI) for training, program development and sustainability, and guidance in best practices.
- Boys and Girls Club (BGC):
Members will serve on the advisory committee. CHALIS will offer services to BGC, in the form of workshops and collaborative, combined community-based events.
- University of Missouri Center for Applied Theater and Research:
Faculty will serve on the advisory committee and guide the theater-related side of program, according to best practices and emerging research in applied theater.
- Vessels International, Inc. will offer continued program development support, referrals, and forge connections to: ICPT and BABI, trauma-informed artist-educators, general volunteer support on a local level, and donations-in-kind of gently used art supplies.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Program Director (PD): program oversight and supervision/management of all employees within program; development & fiscal leadership, reporting & evaluation; management of marketing/media/public relations.

Program Coordinator (PC): consult with PD to align all efforts; consult with Project Coordinator (PJC) to approve outlay of programming; coordinate all parties—paid and non-paid staff who screen and teach youth; collect permission slips and pledges of participation from youth; collaborate with PJC to design community showcase events.

Project Coordinator (PJC): consult with PC to conduct planning sessions and refine on-site programming related to trauma-informed art-making, applied theater and drumming; collaborate with Instructor of Applied Theater (IAT) to design workshops; recruit and manage volunteers associated with activities; coordinate staff training for capacity-building in these techniques and best practices; organize community showcase events with IAT; provide referrals to

services.

Instructor of Applied Theater (IAT): (part-time) will design & facilitate 2-3 evidence-based sessions/wk. at 1.5 hrs. each; organize youth & community-building performances; fund-raise; use best practices & guide evaluation

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$8,520.00

b. Describe how the funds will be utilized. (600 character limit)

In order to deliver contracted services to youth, three CHALIS staff members will receive training in trauma-informed therapeutic techniques: program coordinator; project coordinator; resident services/social worker.

Training costs, at a total of \$5520, include the following courses:

Teachers as Therapists (\$750)

Arts for Healing and Conscious Drumming (total, combined: \$4770)

Art and Percussion Supplies will be purchased as follows:

\$3000 is a one-time cost, to purchase djembe drums which will be used on-site and at partner sites

c. Provide justification for the request for one-time funding. (600 character limit)

Staff will utilize existing knowledge of "Foundational Trauma-informed Art-Making" rooted in an evidence-based training they received in 2017, from Build-a-Bridge International (hereafter BABI). In order to appropriately design and manage this project, staff require more capacity to act in a trauma responsive manner and use trauma-informed therapeutic activities, as non-clinicians; they require insight and skill, to understand how trauma manifests, and how to appropriately design activities that address psychosocial and complex trauma underpinning acute behavioral issues in youth of MAP.

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Trauma-informed afterschool and summer programming consisting of evidence-based therapeutic and enrichment activities designed to increase resilience

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Content of sessions will align with Bessel van der Kolk's (2005) definition of complex trauma: "the experience of multiple, chronic and prolonged, developmentally adverse traumatic events, most often of the interpersonal nature...and early life onset" (p.402)

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Evidence-based services will be delivered on the premises of Moving Ahead Program, 3 times a week, during voluntary group-based workshop intervals of 1.5 hours each, during which MAP youth will:

- use mindfulness exercises for reflection & relaxation
- use trauma-informed art-making & expressive writing to view life through metaphor, symbol and ritual, while learning to regulate and process emotion based on improved interpersonal interactions and feedback gained within peer-based groups
- engage with peers and community through applied theater, role-play & improvisation for difficult dialogues such as social justice, identity and transformative community change (Taylor 2003)
- learn about the cathartic benefits (neurological, socioemotional, psychosocial) of conscious drumming as a positive coping strategy. The resonating nature of drumming soothes the mind and halts the body's stress response.

Therapeutic art-making and drumming calms the "reptilian brain" (MacLean 1983), reducing reliance on negative pathways that lead straight to the limbic system—on a paved highway to hyperarousal—where the fight/ flight response resides. As youth engage in therapeutic art-making and conscious drumming, as a positive coping strategy, they may opt to use these tools during moments of high emotional distress, when triggered or nearing their threshold of agitation and despair. Rather than relying on learned negative coping behaviors (that may heighten arousal, exacerbate conditions and lead to additional harmful choices) youth who engage in mindfulness, trauma-informed art-making and conscious drumming may learn to center their emotions and channel anxiety into a productive and transformative opportunity for reflection and healing.

Expressive writing (EW) & applied theater (AT) as a complement to art-making and drumming, allows youth—when centered and relaxed—to engage in productive dialogues and process through writing. AT gives youth an opportunity to discuss complex concerns in a safe and nurturing environment, with ground rules, guidance and positive feedback. Expressive writing, rooted in "empirically supported therapeutic paradigms" (Greenbaum and Javdani 2017), promotes resilience in youth.

All art and percussion-based therapeutic activities shall adhere to three foundational pillars of trauma-informed care:

- 1.) safety—creating a "multifaceted" safe atmosphere in which to heal (Greenwald 2005);
- 2.) connections—developing stronger interpersonal skills, balancing power and control (autonomy), strengthening therapeutic and supportive, community-based, social ties; guiding youth to modulate when an "adult wary," or hyper-vigilant stance may or may not be appropriate (Seita and Brendtro 2005);
- 3.) emotion and impulse management—helping youth understand hyperarousal and emotional dysregulation—reactions linked to the fear-based response—and reinforcing neurological pathways associated with more accurate discernment and detection of threats (Bath 2008).

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

The Moving Ahead Program is provided free of charge to children of low-income households. Adding a charge for such a key element to the programming would be detrimental to its success.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

No service is of a billable nature since it is not provided by licensed therapists.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

No (if no, move on to the Funding Request section.)

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$160,087.00

b. Proposed Number of Units of Service (#1)

1800.15

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

The requested level of funding will facilitate the start up of a valuable evidence based practice. This funding and the experience and data gained during the fulfillment of this contract will be used to leverage additional funding from sources like the Missouri Foundation for Health.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Academic performance improves	25% improve grades between first quarter and last quarter of the school year	Case mgt. records, school data pre and post progress, group participation rates, pre- and post-surveys, referral forms, ethnographic/field notes of instructors, family support specialists and/or family life coach
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Trauma-informed therapeutic services, and behavioral health & socioemotional screenings lead to:

- improved referrals (for mental health needs)
- engagement in academic sphere (youth self-regulate using healthy coping strategies while at school)
- improved resilience, confidence and self-efficacy in processing psychosocial stressors, shocks and adversity
- interpersonal learning and greater self-awareness
- improved participation by families accessing services for well-being of home
- socioemotional healing and social bonding among participants, as well as members of household and community

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

External factors may include lack of participation, stigma and group safety/necessary exclusion.

1. Parents may decline to sign permission slip and ROI; youth may decline, or may drop out of, sessions. Participation is voluntary.
2. There is a stigma associated with mental health screening.
3. Individuals who disrupt the group or pose a threat may re-traumatize or trigger peers. They'll be redirected to other activities if they manifest: clinical psychosis, active suicidality, hyperactivity or agitation, extreme distractibility, and/or act verbally or physically abusive to peers and staff.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Measurement levels exceed previous thresholds reached by CHALIS, with regard to said outcomes, on past projects. MAP strives to excel beyond it's past successes. CHALIS selected new levels in order to gauge the overall effectiveness of the pilot program, based on the use of past indicators. Data collected will indicate the potential (or lack thereof) for effective use of these innovative techniques, on a wider scale, in Boone County.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

A mixed methods approach to measurement allows us to comprehensively combine the "head and heart" on a project that deals with performance as well as emotive measures. We will collect quantitative data, in order to align with established protocols for afterschool programming as it pertains to maintaining licensure. Qualitative data, in the form of ethnobiographical data via field notes, direct quotes, and autobiographical data via journal entries, will be: 1.)voluntary; 2.)transcribed (anonymously), 3.)coded appropriately, and 4.)compared with quantitative data, to analyze/unpack the numbers.

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing/Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
- The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

In return for the payment of the premium and subject to all terms of this policy, we agree with you as follows:

GENERAL SECTION

A. The Policy

This policy includes at its effective date the Information Page and all endorsements and schedules listed there. It is a contract of insurance between you (the employer named in Item 1 of the Information Page) and us (the insurer named on the Information Page). The only agreements relating to this insurance are stated in this policy. The terms of this policy may not be changed or waived except by endorsement issued by us to be part of this policy.

B. Who Is Insured

You are insured if you are an employer named in Item 1 of the Information Page. If that employer is a partnership, and if you are one of its partners, you are insured, but only in your capacity as an employer of the partnership's employees.

C. Workers Compensation Law

Workers Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page. It includes any amendments to that law which are in effect during the policy period. It does not include any federal workers or workmen's compensation law, any federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

D. State

State means any state of the United States of America, and the District of Columbia.

E. Locations

This policy covers all of your workplaces listed in Items 1 or 4 of the Information Page; and it covers all other workplaces in Item 3.A. states unless you have other insurance or are self-insured for such workplaces.

PART ONE - WORKERS COMPENSATION INSURANCE

A. How This Insurance Applies

This workers compensation insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. Bodily injury by accident must occur during the policy period.
2. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

B. We Will Pay

We will pay promptly when due the benefits required of you by the workers compensation law.

C. We Will Defend

We have the right and duty to defend at our expense any claim, proceeding or suit against you for benefits payable by this insurance. We have the right to investigate and settle these claims, proceedings or suits.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

We have no duty to defend a claim, proceeding or suit that is not covered by this insurance.

D. We Will Also Pay

We will also pay these costs, in addition to other amounts payable under this insurance, as part of any claim, proceeding or suit we defend:

1. reasonable expenses incurred at our request, but not loss of earnings;
2. premiums for bonds to release attachments and for appeal bonds in bond amounts up to the amount payable under this insurance;
3. litigation costs taxed against you;
4. interest on a judgment as required by law until we offer the amount due under this insurance; and
5. expenses we incur.

E. Other Insurance

We will not pay more than our share of benefits and costs covered by this insurance and other insurance or self-insurance. Subject to any limits of liability that may apply, all shares will be equal until the loss is paid. If any insurance or self-insurance is exhausted, the shares of all remaining insurance will be equal until the loss is paid.

F. Payments You Must Make

You are responsible for any payments in excess of the benefits regularly provided by the workers compensation law including those required because:

1. of your serious and willful misconduct;
2. you knowingly employ an employee in violation of law;
3. you fail to comply with a health or safety law or regulation; or
4. you discharge, coerce or otherwise discriminate against any employee in violation of the workers compensation law.

If we make any payments in excess of the benefits regularly provided by the workers compensation law on your behalf, you will reimburse us promptly.

G. Recovery From Others

We have your rights, and the rights of persons entitled to the benefits of this insurance, to recover our payments from anyone liable for the injury. You will do everything necessary to protect those rights for us and to help us enforce them.

H. Statutory Provisions

These statements apply where they are required by law.

1. As between an injured worker and us, we have notice of the injury when you have notice.
2. Your default or the bankruptcy or insolvency of you or your estate will not relieve us of our duties under this insurance after an injury occurs.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

3. We are directly and primarily liable to any person entitled to the benefits payable by this insurance. Those persons may enforce our duties; so may an agency authorized by law. Enforcement may be against us or against you and us.
4. Jurisdiction over you is jurisdiction over us for purposes of the workers compensation law. We are bound by decisions against you under that law, subject to the provisions of this policy that are not in conflict with that law.
5. This insurance conforms to the parts of the workers compensation law that apply to:
 - a. benefits payable by this insurance;
 - b. special taxes, payments into security or other special funds, and assessments payable by us under that law.
6. Terms of this insurance that conflict with the workers compensation law are changed by this statement to conform to that law.

Nothing in these paragraphs relieves you of your duties under this policy.

PART TWO - EMPLOYERS LIABILITY INSURANCE

A. How This Insurance Applies

This employers liability insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. The bodily injury must arise out of and in the course of the injured employee's employment by you.
2. The employment must be necessary or incidental to your work in a state or territory listed in Item 3.A. of the Information Page.
3. Bodily injury by accident must occur during the policy period.
4. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.
5. If you are sued, the original suit and any related legal actions for damages for bodily injury by accident or by disease must be brought in the United States of America, its territories or possessions, or Canada.

B. We Will Pay

We will pay all sums that you legally must pay as damages because of bodily injury to your employees, provided the bodily injury is covered by this Employers Liability Insurance.

The damages we will pay, where recovery is permitted by law, include damages:

1. For which you are liable to a third party by reason of a claim or suit against you by that third party to recover the damages claimed against such third party as a result of injury to your employee;
2. For care and loss of services; and
3. For consequential bodily injury to a spouse, child, parent, brother or sister of the injured employee; provided that these damages are the direct consequence of bodily injury that arises out of and in the course of the injured employee's employment by you; and

Workers Compensation and Employers Liability Insurance Policy

4. Because of bodily injury to your employee that arises out of and in the course of employment, claimed against you in a capacity other than as employer.

C. Exclusions

This insurance does not cover:

1. Liability assumed under a contract. This exclusion does not apply to a warranty that your work will be done in a workmanlike manner;
2. Punitive or exemplary damages because of bodily injury to an employee employed in violation of law;
3. Bodily injury to an employee while employed in violation of law with your actual knowledge or the actual knowledge of any of your executive officers;
4. Any obligation imposed by a workers compensation, occupational disease, unemployment compensation, or disability benefits law, or any similar law;
5. Bodily injury intentionally caused or aggravated by you;
6. Bodily injury occurring outside the United States of America, its territories or possessions, and Canada. This exclusion does not apply to bodily injury to a citizen or resident of the United States of America or Canada who is temporarily outside these countries;
7. Damages arising out of coercion, criticism, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination against or termination of any employee, or any personnel practices, policies, acts or omissions;
8. Bodily injury to any person in work subject to the Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sections 901 et seq.), the Nonappropriated Fund Instrumentalities Act (5 U.S.C. Sections 8171 et seq.), the Outer Continental Shelf Lands Act (43 U.S.C. Sections 1331 et seq.), the Defense Base Act (42 USC Sections 1651 -1654), the Federal Mine Safety and Health Act (30 U.S.C. Sections 801 et seq. and 901-944), any other federal workers or workmen's compensation law or other federal occupational disease law, or any amendments to these laws;
9. Bodily injury to any person in work subject to the Federal Employers' Liability Act (45 U.S.C. Sections 51 et seq.), any other federal laws obligating an employer to pay damages to an employee due to bodily injury arising out of or in the course of employment, or any amendments to those laws;
10. Bodily injury to a master or member of the crew of any vessel, and does not cover punitive damages related to your duty or obligation to provide transportation, wages, maintenance, and cure under any applicable maritime law;
11. Fines or penalties imposed for violation of federal or state law; and
12. Damages payable under the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. Sections 1801 et seq.) and under any other federal law awarding damages for violation of those laws or regulations issued there under, and any amendments to those laws.

D. We Will Defend

We have the right and duty to defend, at our expense, any claim, proceeding or suit against you for damages payable by this insurance. We have the right to investigate and settle these claims, proceedings and suits.

We have no duty to defend a claim, proceeding or suit that is not covered by this insurance. We have no duty to defend or continue defending after we have paid our applicable limit of liability under this insurance.

E. We Will Also Pay

We will also pay these costs, in addition to other amounts payable under this insurance, as part of any claim, proceeding, or suit we defend:

1. Reasonable expenses incurred at our request, but not loss of earnings;
2. Premiums for bonds to release attachments and for appeal bonds in bond amounts up to the limit of our liability under this insurance;
3. Litigation costs taxed against you;
4. Interest on a judgment as required by law until we offer the amount due under this insurance; and
5. Expenses we incur.

F. Other Insurance

We will not pay more than our share of damages and costs covered by this insurance and other insurance or self-insurance. Subject to any limits of liability that apply, all shares will be equal until the loss is paid. If any insurance or self-insurance is exhausted, the shares of all remaining insurance and self-insurance will be equal until the loss is paid.

G. Limits of Liability

Our liability to pay for damages is limited. Our limits of liability are shown in Item 3.B. of the Information Page. They apply as explained below.

1. Bodily Injury by Accident. The limit shown for "bodily injury by accident-each accident" is the most we will pay for all damages covered by this insurance because of bodily injury to one or more employees in any one accident.
A disease is not bodily injury by accident unless it results directly from bodily injury by accident.
2. Bodily Injury by Disease. The limit shown for "bodily injury by disease-policy limit" is the most we will pay for all damages covered by this insurance and arising out of bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease. The limit shown for "bodily injury by disease-each employee" is the most we will pay for all damages because of bodily injury by disease to any one employee.
Bodily injury by disease does not include disease that results directly from a bodily injury by accident.
3. We will not pay any claims for damages after we have paid the applicable limit of our liability under this insurance.

H. Recovery From Others

We have your rights to recover our payment from anyone liable for an injury covered by this insurance. You will do everything necessary to protect those rights for us and to help us enforce them.

I. Actions Against Us

There will be no right of action against us under this insurance unless:

1. You have complied with all the terms of this policy; and
2. The amount you owe has been determined with our consent or by actual trial and final judgment.

Workers Compensation and Employers Liability Insurance Policy

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

This insurance does not give anyone the right to add us as a defendant in an action against you to determine your liability. The bankruptcy or insolvency of you or your estate will not relieve us of our obligations under this Part.

PART THREE - OTHER STATES INSURANCE

A. How This Insurance Applies

1. This other states insurance applies only if one or more states are shown in Item 3.C. of the Information Page.
2. If you begin work in any one of those states after the effective date of this policy and are not insured or are not self-insured for such work, all provisions of the policy will apply as though that state were listed in Item 3.A. of the Information Page.
3. We will reimburse you for the benefits required by the workers compensation law of that state if we are not permitted to pay the benefits directly to persons entitled to them.
4. If you have work on the effective date of this policy in any state not listed in Item 3.A. of the Information Page, coverage will not be afforded for that state unless we are notified within thirty days.

B. Notice

Tell us at once if you begin work in any state listed in Item 3.C. of the Information Page.

PART FOUR - YOUR DUTIES IF INJURY OCCURS

Tell us at once if injury occurs that may be covered by this policy. Your other duties are listed here.

1. Provide for immediate medical and other services required by the workers compensation law.
2. Give us or our agent the names and addresses of the injured persons and of witnesses, and other information we may need.
3. Promptly give us all notices, demands and legal papers related to the injury, claim, proceeding or suit.
4. Cooperate with us and assist us, as we may request, in the investigation, settlement or defense of any claim, proceeding or suit.
5. Do nothing after an injury occurs that would interfere with our right to recover from others.
6. Do not voluntarily make payments, assume obligations or incur expenses, except at your own cost.

PART FIVE - PREMIUM

A. Our Manuals

All premium for this policy will be determined by our manuals of rules, rates, rating plans and classifications. We may change our manuals and apply the changes to this policy if authorized by law or a governmental agency regulating this insurance.

B. Classifications

Item 4 of the Information Page shows the rate and premium basis for certain business or work classifications. These classifications were assigned based on an estimate of the exposures you would have

Policy Number: MEM 1011301-12

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

during the policy period. If your actual exposures are not properly described by those classifications, we will assign proper classifications, rates and premium basis by endorsement to this policy.

C. Remuneration

Premium for each work classification is determined by multiplying a rate times a premium basis. Remuneration is the most common premium basis. This premium basis includes payroll and all other remuneration paid or payable during the policy period for the services of:

1. all your officers and employees engaged in work covered by this policy; and
2. all other persons engaged in work that could make us liable under Part One (Workers Compensation Insurance) of this policy. If you do not have payroll records for these persons, the contract price for their services and materials may be used as the premium basis. This paragraph 2 will not apply if you give us proof that the employers of these persons lawfully secured their workers compensation obligations.

D. Premium Payments

1. You will pay all premium when due. You will pay the premium even if part or all of a workers compensation law is not valid.

E. Final Premium

The premium shown on the Information Page, schedules, and endorsements is an estimate. The final premium will be determined after this policy ends by using the actual, not the estimated, premium basis and the proper classifications and rates that lawfully apply to the business and work covered by this policy. If the final premium is more than the premium you paid to us, you must pay us the balance. If it is less, we will refund the balance to you. The final premium will not be less than the highest minimum premium for the classifications covered by this policy.

If this policy is canceled, final premium will be determined in the follow way unless our manuals provide otherwise:

1. If we cancel, final premium will be calculated pro rata based on the time this policy was in force. Final premium will not be less than the pro rata share of the minimum premium.
2. If you cancel, final premium will be more than pro rata; it will be based on the time this policy was in force, and increased by our short-rate cancelation table and procedure. Final premium will not be less than the minimum premium.

F. Records

You will keep records of information needed to compute premium. You will provide us with copies of those records when we ask for them.

G. Audit

You will let us examine and audit all your records that relate to this policy. These records include ledgers, journals, registers, vouchers, contracts, tax reports, payroll and disbursement records, and programs for storing and retrieving data. We may conduct the audits during regular business hours during the policy period and within three years after the policy period ends. Information developed by audit will be used to determine final premium. Insurance rate service organizations have the same rights we have under this provision.

PART SIX - CONDITIONS

A. Inspection

We have the right, but are not obliged to inspect your workplaces at any time. Our inspections are not safety inspections. They relate only to the insurability of the workplaces and the premiums to be charged. We may give you reports on the conditions we find. We may also recommend changes. While they may help reduce losses, we do not undertake to perform the duty of any person to provide for the health or safety of your employees or the public. We do not warrant that your workplaces are safe or healthful or that they comply with laws, regulations, codes or standards. Insurance rate service organizations have the same rights we have under this provision.

B. Long Term Policy

If the policy period is longer than one year and sixteen days, all provisions of this policy will apply as though a new policy were issued on each annual anniversary that this policy is in force.

C. Transfer of Your Rights and Duties

Your rights or duties under this policy may not be transferred without our written consent.

If you die and we receive notice within thirty days after your death, we will cover your legal representative as insured.

D. Cancellation

1. You may cancel this policy. You must mail or deliver advance written notice to us stating when the cancellation is to take effect.
2. We may cancel this policy. We must mail or deliver to you not less than ten days advance written notice stating when the cancellation is to take effect. Mailing that notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice.
3. The policy period will end on the day and hour stated in the cancellation notice.
4. Any of these provisions that conflict with a law that controls the cancellation of the insurance in this policy is changed by this statement to comply with the law.

E. Sole Representative

The insured first named in Item 1 of the Information Page will act on behalf of all insureds to change this policy, receive return premium, and give or receive notice of cancellation.

The policy period is from: 12/16/2017 to: 12/16/2018

Experience rating is mandatory for all eligible insureds. The experience rating modification factor, if any, applicable to this policy, may change if there is a change in your ownership or in that of one or more of the entities eligible to be combined with you for experience rating purposes. Change in ownership includes sales, purchases, other transfers, mergers, consolidations, dissolutions, formations of a new entity and other changes provided for in the applicable experience rating plan manual.

You must report any change in ownership to us in writing within 90 days of such change. Failure to report such changes within this period may result in revision of the experience rating modification factor used to determine your premium.

Terrorism Risk Insurance Program Reauthorization Act Disclosure Endorsement

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement addresses the requirements of the Terrorism Risk Insurance Act of 2002 as amended and extended by the Terrorism Risk Insurance Program Reauthorization Act of 2015. It serves to notify you of certain limitations under the Act, and that your insurance carrier is charging premium for losses that may occur in the event of an Act of Terrorism.

Your policy provides coverage for workers compensation losses caused by Acts of Terrorism, including workers compensation benefit obligations dictated by state law. Coverage for such losses is still subject to all terms, definitions, exclusions, and conditions in your policy, and any applicable federal and/or state laws, rules, or regulations.

Definitions

The definitions provided in this endorsement are based on and have the same meaning as the definitions in the Act. If words or phrases not defined in this endorsement are defined in the Act, the definitions in the Act will apply.

"Act" means the Terrorism Risk Insurance Act of 2002, which took effect on November 26, 2002, and any amendments thereto, including any amendments resulting from the Terrorism Risk Insurance Program Reauthorization Act of 2015.

"Act of Terrorism" means any act that is certified by the Secretary of the Treasury, in consultation with the Secretary of Homeland Security, and the Attorney General of the United States as meeting all of the following requirements:

- a. The act is an act of terrorism.
- b. The act is violent or dangerous to human life, property, or infrastructure.
- c. The act resulted in damage within the United States, or outside of the United States in the case of the premises of United States missions or certain air carriers or vessels.
- d. The act has been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

"Insured Loss" means any loss resulting from an act of terrorism (and, except for Pennsylvania, including an act of war, in the case of workers compensation) that is covered by primary or excess property and casualty insurance issued by an insurer if the loss occurs in the United States or at the premises of United States missions or to certain air carriers or vessels.

"Insured Deductible" means, for the period beginning on January 1, 2015, and ending on December 31, 2020, an amount equal to 20% of our direct earned premiums, during the immediately preceding calendar year.

Limitation of Liability

The Act limits our liability to you under this policy. If aggregate Insured Losses exceed \$100,000,000,000 in a calendar year and if we have met our Insurer Deductible, we are not liable for the payment of any portion of the amount of Insured Losses that exceeds \$100,000,000,000; and for aggregate Insured Losses up to \$100,000,000,000, we will pay only a pro rata share of such Insured Losses as determined by the Secretary of the Treasury.

1. Insured Losses would be partially reimbursed by the United States Government. If the aggregate industry Insured Losses exceed:
 - a. \$100,000,000, with respect to such Insured Losses occurring in calendar year 2015, the United States Government would pay 85% of our Insured Losses that exceed our Insurer Deductible.
 - b. \$120,000,000, with respect to such Insured Losses occurring in calendar year 2016, the United States Government would pay 84% of our Insured Losses that exceed our Insurer Deductible.
 - c. \$140,000,000, with respect to such Insured Losses occurring in calendar year 2017, the United States Government would pay 83% of our Insured Losses that exceed our Insurer Deductible.
 - d. \$160,000,000, with respect to such Insured Losses occurring in calendar year 2018, the United States Government would pay 82% of our Insured Losses that exceed our Insurer Deductible.
 - e. \$180,000,000, with respect to such Insured Losses occurring in calendar year 2019, the United States Government would pay 81% of our Insured Losses that exceed our Insurer Deductible.
 - f. \$200,000,000, with respect to such Insured Losses occurring in calendar year 2020, the United States Government would pay 80% of our Insured Losses that exceed our Insurer Deductible.
2. Notwithstanding item 1 above, the United States Government will not make any payment under the Act for any portion of Insured Losses that exceed \$100,000,000,000.
3. The premium charge for the coverage your policy provides for Insured Losses is included in the amount shown in Item 4 of the Information Page or in the Schedule below.

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies only to insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page.

Section 287.200.4, subdivision (3), of the Missouri Revised Statutes provides additional benefits in the case of occupational diseases due to toxic exposure that are diagnosed to be mesothelioma and result in permanent total disability or death. Your policy provides insurance for these additional benefits.

If you reject liability for mesothelioma additional benefits provided under Section 287.200.4, subdivision (3), of the Missouri Revised Statutes, you must notify us of this election. Once you notify us, we will endorse this policy to exclude insurance for these additional benefits. If you reject liability for mesothelioma additional benefits, the exclusive remedy provisions under Missouri Revised Statutes Section 287.120 shall not apply to your liability for mesothelioma additional benefits.

MISSOURI EMPLOYER PAID MEDICAL ENDORSEMENT

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies because Missouri is shown in Item 3.A. of the Information Page.

As a Missouri employer, you have the right, as provided by Section 287.957 of the Revised Statutes of Missouri, to have medical-only claims that do not exceed 20% of the current primary and excess loss split point amount, as shown in the Schedule below, excluded from your experience rating modification calculation. This will only be allowed when you pay all of the employee's medical costs, there is no lost time from the employment, other than the first three days or less of disability; and no claim is filed. The current primary and excess loss split point amount is provided in the rating values of NCCI's *Experience Rating Plan Manual*. You still must report all injuries, regardless of the dollar amount, to the Division of Workers' Compensation and to us.

However, it should be noted that if, at any time, the medical expenses that are paid out-of-pocket due to a particular injury ever exceed 20% of the current primary and excess loss split point amount, and/or the employee misses more than three days from work due to the injury, then this injury must be reported to us as a claim. We will pay the full amount of the claim, which includes any reimbursements due to you for past medical expenses incurred by you for this particular claim. As a result, the total amount of losses incurred by us due to this claim will be included in your experience modification calculation.

Missouri Property and Casualty Insurance Guaranty Association Coverage Limits:

1. Subject to the provisions of the Missouri Property and Casualty Insurance Guaranty Association Act (Act), if we are a member of the Missouri Property and Casualty Insurance Guaranty Association (Association), the Association will pay claims covered under the Act if we become insolvent.
2. The Act contains various exclusions, conditions and limitations that govern a claimant's eligibility to collect payment from the Association and affect the amount of any payment. The following limitation applies subject to all other provisions of the Act:

- a. Claims covered by the Association do not include a claim by or against an insured of an insolvent insurer if the insured has a net worth of more than \$25 million on the later of the end of the insured's most recent fiscal year or the December thirty-first of the year next preceding the date the insurer becomes an insolvent insurer; provided that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its affiliates as calculated on a consolidated basis.

If the insured prepares an annual report to shareholders, or an annual report to management reflecting net worth, then such report for the fiscal year immediately preceding the date of insolvency of the insurer will be used to determine net worth.

However, the association will not:

- (1) Pay an amount in excess of the applicable limit of insurance of the policy from which a claim arises; or
- (2) Return to an insured any unearned premium in excess of \$25,000.

These limitations have no effect on the coverage we will provide under this policy.

Section G., **Audit**, of Part Five (Premium) of the policy is replaced by the following:

G. Audit

You will let us examine and audit all your records that relate to this policy during regular business hours during and after the policy period ends. These records include ledgers, journals, registers, vouchers, contracts, tax reports, payroll and disbursement records, and programs for storing and retrieving data. Information developed by audit will be used to determine final premium. Insurance rate service organizations have the same rights we have under this provision.

Audits shall be completed, billed, and premiums returned within 120 days of policy expiration or cancellation. This standard of 120 days shall not be applicable if:

1. A delay is caused by your failure to respond to reasonable audit requests provided that the requests are timely and adequately documented; or
2. A delay is by the mutual agreement of you and us provided that the agreement is adequately documented.

If you or we have any objection to the results of any audit, you or we shall have up to three years from the date of expiration or cancellation of this policy in which to send a written notice demanding a reconsideration of the audit. The written notice shall be based upon sufficiently clear and specific facts as to why the audit should be reconsidered.

If you do not allow us to examine and audit all of your records that relate to this policy or do not provide audit information as reasonably requested, we may apply an Audit Noncompliance Charge equal to estimated annual premium.

If you allow us to examine and audit all of your records after we have applied an Audit Noncompliance Charge, your premium will be revised accordingly.

Failure to cooperate with this policy provision may also result in the cancellation of your insurance coverage, as specified under the policy and allowed under Missouri law.

"PART THREE-OTHER STATES INSURANCE" of the policy is replaced by the following:**A. How this insurance applies:**

1. We will pay promptly, when due, the benefits required of you by the workers compensation law of any state other than Missouri, but only if the claim for such benefits involves work performed by a Missouri employee.
2. If we are not permitted to pay the benefits directly to persons entitled to them under circumstances described in Item 1. above, we will reimburse you for the benefits required to be paid.

B. This insurance does not apply to:

1. Any employee unless the contract of employment was made in Missouri, or the employment was principally localized in Missouri.
2. Any person claiming benefits under the workers compensation law of any state that requires you to obtain coverage in such state before you begin work in such state; or
3. Any person claiming benefits in a state for which you have workers compensation coverage; or
4. Your operations in any state other than Missouri, unless these operations are of a temporary and incidental nature, and are performed by a Missouri employee; or
5. Fines or penalties arising out of your failure to comply with the requirements of the workers compensation law.

IMPORTANT NOTICE

If you hire any employees outside of Missouri or begin operations in any state other than Missouri, you must obtain insurance coverage in that state and do whatever else may be required under that state's law, as this endorsement does not satisfy the requirements of that state's workers compensation law. Missouri Employers Mutual Insurance Company cannot provide coverage that is required under any state's laws other than Missouri.

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

Please check your Policy Information Page to see the basis upon which your policy was issued, in order to determine which of the following apply:

Annual Payment:

The premium for this policy is payable in whole before the policy's effective date. This premium is based on the estimates shown on your Policy Information Page. Final premium for each annual period of this policy is subject to audit. If the policy was issued without payment, payment in full must be received by the invoice date or your policy will be canceled.

EZ-Pay:

The premium for this policy will be calculated weekly, bi-weekly, twice monthly or monthly based on the EZ-Pay plan indicated on your Policy Information Page. The online premium reporting form must be filled out and submitted with the premium payment from the approved payroll service company. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. Any unpaid premium balance will be billed to you. Any remaining funds will be returned to you, subject to final audit. Premium reports received are subject to review.

Installment Payments:

The premium for this policy is based on the estimates shown on your Policy Information Page and will be divided into installments according to the plan shown there. Premium is due on or before the date shown on the installment billing statement. If premium is not received by the due date on the installment billing, your policy will be canceled. Any unpaid premium balance will be billed to you. Any remaining funds will be returned to you, subject to final audit.

Monthly Premium Reporting:

The premium for this policy will be calculated on a monthly basis. At the end of each month, you must access the online premium reporting form, which must be filled out and returned with the premium payment. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. In the event of cancellation, the security deposit will be applied to any unpaid premium balance. Any remaining unpaid premium will be billed to you. Any remaining funds will be returned to you, subject to the final audit. Premium reports received are subject to review.

Quarterly Premium Reporting:

The premium for this policy will be calculated on a quarterly basis. At the end of each calendar quarter, you must access the online premium reporting form, which must be filled out and returned with the premium payment. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. In the event of cancellation, the security deposit will be applied to any unpaid premium balance. Any remaining unpaid premium will be billed to you. Any remaining funds will be returned to you, subject to the final audit. Premium reports received are subject to review.

The **Cancellation** Condition of the policy is replaced by the following:

Cancellation

1. You may cancel this policy. You will mail or deliver advance written notice to us, stating when the cancellation is to take effect.
2. We may cancel this policy. We will mail or deliver to you not less than 60 days advance written notice stating when the cancellation is to take effect and our reason for the cancellation. Proof of mailing of this notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice. This notice shall be the last and final notice of cancellation of your policy prior to the effective date and time of cancellation indicated in the notice. You hereby agree to the sufficiency of this notice for this purpose. Any additional communications from us to you, including, but not limited to, billing notices or offers to reinstate your policy, do not invalidate or void any cancellation pursuant to this section.
3. The 60-day notice requirement does not apply where cancellation is based on one or more of the following reasons:
 - a. nonpayment of premium;
 - b. fraud or material misrepresentation affecting the policy or in the presentation of a claim under the policy;
 - c. a violation of policy terms;
 - d. changes in conditions after the effective date of the policy materially increasing the hazards originally insured;
 - e. our insolvency;
 - f. our involuntary loss of reinsurance for the policy.
4. The policy period will end on the day and hour stated in the cancellation notice.

Nonrenewal

1. We may elect not to renew the policy. We will mail to you not less than 60 days advance written notice stating when the nonrenewal will take effect and our reason for nonrenewal. Proof of mailing of this notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice.
2. If we fail to provide notice of nonrenewal as required, the policy will still terminate on its expiration date if:
 - a. we show you our willingness to renew the policy but you notify us or the agent or broker who procured this policy that you do not want the policy renewed; or
 - b. you fail to pay all premiums when due; or
 - c. you obtain other insurance as a replacement of the policy.

AGREEMENT FOR PURCHASE OF SERVICES
Purchase of Service Contract
Youth Community Coalition – Communities that Care Project

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **CHA Low-Income Services Inc.**, a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **CHALIS**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, CHALIS has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY CHALIS

CHALIS is expected to the greatest extent possible to maximize funding from all other sources. CHALIS shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. CHALIS shall only request reimbursement for services not reimbursable by any other source. CHALIS shall not invoice the Children's Services Fund for units of service invoiced to another funding source. CHALIS shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** CHALIS will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and CHALIS's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over CHALIS's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from CHALIS and CHALIS agrees to furnish the **Youth Community Coalition – Communities that Care Project** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in CHALIS's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$94,596.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. CHALIS agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of CHALIS be renewed for **an additional one (1), one-year period**. CHALIS agrees and understands that the BCCSB may require supplemental information to be submitted by CHALIS prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Community Collaboration	One hour	\$30.79	2,400	\$73,896.00
Positive Youth Development	One hour	\$15.00	700	\$10,500.00
Community Needs Assessment	One assessment	\$850.00	12	\$10,200.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty

days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of CHALIS, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. *Availability of Funds.* Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. *Reporting.* The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by CHALIS to monitor service delivery and program expenditures. CHALIS agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by CHALIS and, if so stipulated, are noted on this contract document. Payments may be withheld from CHALIS if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. CHALIS agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. *Audits.* CHALIS also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of CHALIS's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from CHALIS, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. *Monitoring.* CHALIS agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect CHALIS's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, CHALIS hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and

personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event CHALIS requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from CHALIS may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with CHALIS's policies and procedures and in accordance with any local/state/federal regulations. CHALIS agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. CHALIS must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** CHALIS will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** CHALIS agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to CHALIS's provision of such services.

14. **Accreditation/Licensure/Certifications.** CHALIS must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** CHALIS agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and CHALIS, and this shall include any transaction in which CHALIS is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** CHALIS may enter into subcontracts for components of the contracted service as CHALIS deems necessary within the terms of the contract. All such

subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, CHALIS shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** CHALIS agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. CHALIS shall require each subcontractor to affirmatively state in its Agreement with the CHALIS that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide CHALIS a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** CHALIS agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against CHALIS or any individual acting on the CHALIS's behalf, including subcontractors, which seek to enjoin or prohibit CHALIS from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If CHALIS ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if CHALIS no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, CHALIS will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event CHALIS, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to CHALIS as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should CHALIS fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, CHALIS shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the CHALIS for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, CHALIS agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **CHA Low-Income Services Inc.** (meaning anyone, including but not limited to consultants having a contract with CHALIS or subcontractor for part of the services), or anyone directly or indirectly employed by CHALIS, or of anyone for whose acts CHALIS may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the CHALIS.** CHALIS shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. CHALIS will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. CHALIS will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. CHALIS agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and CHALIS. The BCCSB does not recognize any of the CHALIS's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or

contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** CHALIS shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

Organization	CHA Low-Income Services, Inc.
Name of Program	Youth Community Coalition Communities that Care Project

Program Overview Form	
------------------------------	--

1. Consumer Demographics/Ethnicity Section – This was not completed.

Action Required: Provide the information in the table below.

Ethnicity:	
Hispanic or Latino (of any race):	2
Not Hispanic or Latino:	523
Ethnicity Total:	

2. Collaboration – There were mentions of partnerships in the narrative but no organizations were listed or MOUs provided.

Action Required: Provide the names and information about these organizational partnerships in the field below. Submit any MOUs with your response.

3. As a coalition rather than a single agency applicant, YC2 is itself a collaboration of member agencies and other community partners who work together on an ongoing basis for a variety of activities and initiatives. Since receiving Boone County Children's Services funding in 2016, YC2 has expanded the reach of all our partner members by helping to establish community coalitions in four of our communities outside of Columbia. Our YC2 member partners are now joining those community networks to further their work in Boone County outside of Columbia.

In a general sense, there is an ongoing agreement between YC2 and all members that we help further connect one another throughout the county as each community builds its capacity to address the specific needs of youth in their area.

On a more formal basis, YC2 will explicitly partner with MU IPP for evaluations services for the proposed programming, the Columbia-Boone County Public Health and Human Services Department for Teen Outreach Program, and three of the out county public school districts: Centralia, Hallsville and Southern Boone for proposed developmental asset assessments. We also have community liaisons established in 3 of our 5 communities outside of Columbia.

MOUs attached for each of these partnerships. All MOUs will be signed upon funding of proposed programs.

nel and Narrative – There are a couple of follow-up questions about this section (1) Provide salary clarification about the five Community Liaisons who are working as a .05 FTE in the table below. Is the \$2,500 a stipend? The columns with the salary range are for full-time staff, even if these liaisons are not full-time staff. (2) Is the full-time salary range listed for the YC2 Program Assistant? Update the chart below. (3) There is not any time listed in the Personnel table for Director. All staff who receives any funding from this proposal must be listed in this personnel table.

Action Required: Update the Program Personnel Table below and provide written clarification on staff in the section below the chart.

Program Personnel Information				
Position/Title	Minimum Qualifications	FTE	FT Salary Range From:	FT Salary Range To:
YC2 Coordinator	B.A.	1.0	\$35,000	\$46,000
YC2 Program Assistant	High school diploma or equivalent	0.5	\$26,000	\$35,000
YC2 Director	M.A. or equivalent experience	0.10	\$42,000	\$69,000

Program Services Form (1-5)

Because the Coordinator position requires a great deal of skill and confidence, a minimum of BA degree is required. Masters is preferred. Pay rates are set to be competitive so as to retain quality employees. Coordinator will be responsible for managing efforts to support each community coalition's progress in community and program goals. Coordinator is also responsible for maintenance and programming of main Youth Community Coalition organization working throughout Boone County including efforts in Columbia.

Program Assistant will support YC2 Coordinator and its prevention activities generally. Duties to include support for peer education and social hosting campaigns, compliance check programs, local youth commissions and councils, and support for other emerging youth coalitions in Boone County.

The Project Director oversees the project to ensure that efforts continue to support the overall goals and objectives set forth in the proposal. The position requires a broad range of skills, including supervision of a diverse staff. The Project Director is a high level staff position reporting directly to the Chief Executive Officer. The Project Director position will not be funded by this grant. This position is funded by other sources.

Community Liaisons are volunteers who receive a stipend of \$625 per quarter for their assistance. Liaisons must have a specific connection with their assigned community. Experience in prevention or community development is preferred. Liaison duties include recruitment and organization of local networks for youth prevention work. Coordinating local Safe Place sites and serving as local representative for YC2 and Boone County prevention coalitions.

4. Service #1 - Name, Definition, and Description – The definition for Community Collaboration should have been taken directly from the *Taxonomy for Services*. The definition should read, coordinates the partnership of stakeholders to collectively improve health, social, educational, and economic opportunities for the community. We will need more information on the actual service and activities that will be provided.

Action Required: Provide a detailed description in of this service in the field below. Complete the 'Services Change Chart' with the updated information.

A model for wellness set forth by The Robert Wood Johnson Foundation recommends promoting wellness at the community level. (Robert Wood Johnson Foundation, July 2014) As evidenced by YC2's success over the past 12 years, coalitions can be an asset when seeking to break down silos within a community and encourage a collaborative environment among community sectors. In keeping with this recommendation, our proposed Community Collaboration Program (CCP) includes two main components: 1) continued maintenance of YC2 activities in the Columbia area and 2) further support for our five emerging youth community coalitions outside Columbia to promote wellness at a local level.

During the previous funding cycle, YC2 has helped to establish working youth coalitions in 4 of 5 communities outside Columbia and will seek to establish a fifth in Harrisburg during this upcoming cycle. In this proposed project we are requesting to add support for the main YC2 collaboration work as well. The reasoning for this shift is twofold. First, the work of YC2 members is increasingly spreading out into the outer county communities via our activity in these communities. In conjunction with this movement, our 2018-2020 YC2 strategic plan will include a focus on increasing developmental assets throughout Boone County communities further encouraging member organizations to support activities in the communities outside Columbia. Second, our previous CCP requested one full time and one part time staff person to organize the new community coalition collaborations out in the county. While we did not receive the full funding proposed, we have been able to deliver nearly all of our targets including some in excess of original targets despite having one third of the staff originally proposed for the work. We were able to accomplish this in large part because of federal prevention funding from SAMHSA that supplemented the current YC2 staff. At this time, those federal funds are not available yet for the next funding cycle. While we expect those funds to be available in the near future, we have a shortfall to continue current basic YC2 activities until they are announced at the federal level.

Consistent with our previous CSF community collaboration activities, this CCP will continue to assist Community Liaisons in each community to help assess and address the needs of their youth and to grow a sustainable network of citizens committed to making their town a better place for youth to grow up in. Under the proposed CCP, YC2 staff will continue to provide needed support with organizing meetings, providing training and activities for the community, and evaluating the progress in conjunction with MU IPP designed surveys and assessments. New for this proposal, we are also requesting to assess students in three communities using the Developmental Asset Profile. The hope in doing so it to provide more precise information to our community coalitions and partners regarding the assets and needs of our area youth and increasing capacity to address these needs across all sectors of our communities.

Further expanding upon the previous CCP, the current proposal includes all YC2 activities under the umbrella of the project, preparing the way for a larger Boone County wide youth prevention coalition. While current YC2 members are already reaching out to engage with the new community coalitions, the proposed project formalizes this connection, streamlining YC2 collaboration goals with those of the emerging networks outside Columbia. To assist in further connecting YC2 members to the new community coalitions, we have requested the addition of a part time program assistant. This staff addition will coordinate with community liaisons and YC2 members to better ensure that resources available in our county are known to all our partners.

Finally, this proposal moves community trainings into CCP where we expect to provide up to three trainings per year for each of the six supported coalitions. As knowledge and understanding of the Strategic Prevention Framework for community organizing increase through ongoing trainings and assessments, community goals will become more focused and known throughout each community. Again, we have also included Columbia as an assessed community in our evaluation program for this proposal. This addition will help YC2 further target programming needs in Columbia with accuracy we have not be able to achieve over the past 3 years without these assessments.

5. Service #1 – Community Collaboration/Outputs – There is some confusion about the 175 unduplicated individuals receiving the Community Collaboration services. The service description does not explain whether these individuals are youth, community members, stakeholders, etc.

Action Required: Provide more information about the 175 unduplicated individuals listed in the field below.

As each community served has different needs and different members interested in meeting these needs, YC2 assists in organizing all potential categories of community members: youth, parents, interested community members, stakeholders including government, agency, civic and faith groups and schools.

As a breakdown of the proposed numbers of unduplicated individuals, we propose to collaborate with approximately 25 members of each target community through our efforts out ion the county and 50 members of Columbia via our work as Youth Community Coalition proper. These targets gives us 25 x 5 communities for 125 out county individuals and 50 mostly in Columbia to add up to 175 unduplicated individuals for this program.

6. Service #1 – Community Collaboration/Outputs – The justification for the unit rate needs to be revised. It doesn't appear to make sense to compare Non-Therapeutic Counseling to Community Collaboration. The current unit rate is \$45.75 and the proposed unit rate is \$54.01. Provide a justification for the higher rate. Please review the attached Developing Unit of Service Rate Sheet.

Action Required: Provide the new justification and, if necessary, a reason for the higher rate in the field below.

Proposed Service 1 included funding for program evaluations where our previous project separated these into a separate programs. As such, the cost per unit of service was higher because the unit of service included more services than the similar program from the previous funding cycle.

As requested, we will revise the current proposal to include program 3 for evaluation services under the Community Needs Assessment taxonomy. When this change is made, the cost per unit of service of the Community Collaboration program is reduced to \$47.76. See the revised Services Change chart for these details.

7. Service #1 – Service Performance Measures and Narratives – There were no outcomes/indicators/method of measurement data for the success of the events.
Action Required: Complete the 'Services Change Chart' with the updated information. Provide any further comments in the field below.

This was an apparent oversight on the previous application submission. Outcomes and indicators listed in the Services Change Chart below.

8. Service #1 – Service Performance Measures and Narratives – There was a mention of assessments being completed by IPP. If so, this would need to be another service (Community Needs Assessment) and become Service #3.
Action Required: Update the 'Services Change Chart' if IPP is conducting Community Needs Assessments. This new service (#3) will need to have its own original information for outputs, outcomes, indicators, and method of measurement. Provide any further comments in the field below.

We have made suggested changes in the proposal to include a new service 3 for evaluations. See Services Change Chart Program 3.

9. Service #2 - Name, Definition, and Description – The definition for Positive Youth Development should have been taken directly from the *Taxonomy for Services*. The definition should read, develops internal development assets in youth with the goal of developing a commitment to learning, positive values, social competencies, and/or positive identities. We will need more information on the actual service and activities that will be provided.
Action Required: Provide a detailed description in of this service in the field below. Complete the 'Services Change Chart' with the updated information.

Positive Youth Development (PYD) is a model for youth support emphasizing strengthening of individual and community resources necessary to reduce risk factors and

increase protective factors for youth as they grow up in their respective communities. YC2 has successfully implemented dozens of PYD programs and events over its 12 year history and seeks to bring more of these activities to youth outside Columbia with the current project proposal.

The foundation of our approach in this area is the idea that all youth require access to specific developmental assets in order to grow up into productive adults. The more of these assets a community can provide or make readily available, the greater the likelihood a child will grow up with the ability to avoid risky choices and instead make positive ones. PYD activities seek to provide internal assets for youth through direct contact with them but also external assets for youth by strengthening the community environment within which they are developing. Additionally, rather than target one specific type of risky behavior to avoid, the PYD approach affects a youth's ability to avoid any risky choice that he or she might encounter and instead make positive choices whether it be connected to values and identities or education and social competency.

For this funding cycle, we are augmenting our outcomes and the assessments related to those for this program in order to better track YC2 and community efforts to increase the developmental assets provided in each community. With agreements from schools in Centralia, Hallsville, and Southern Boone we will administer the Search Institute's Developmental Asset Profile (DAP) to up to 800 4-12 grade students three times per year in each district. From these assessments, we will be able to provide the school and community partners with specific data regarding assets for youth in their community in hopes of further honing local community coalition efforts to address their own specific needs. Summary reports from each community as well as an aggregate report for the three communities combined will be compiled as well and shared with all interested partners including the Children's Services Board. Sample DAP survey and report attached.

Regarding specific PYD programming, YC2 will continue its partnership with the Public Health and Human Services department to provide the Teen Outreach Program (TOP) to Boone County Middle and High School students. In recent years, this program has provided over 400 students hundreds of hours of after school programming and service learning opportunities each year in Columbia, Sturgeon, and Harrisburg. Because those groups will be assessed using the DAP, YC2 will be able to add that information to our reports to community and the Children's Services Board.

YC2 will also continue to support activities targeted at youth ages 6-19 in the Columbia area like peer education at local high schools, leadership trainings for high school youth, as well as, the City of Columbia Youth Advisory Council, partnering with schools and member agencies for events like U Matter, ParentUp, ShredFest, Rock the Community, and National Night Out among others, and bring local and national speakers for youth enrichment on topics such as substance use, bullying, and reducing risk factors in their lives.

In order to reach more youth ages 6-19 outside Columbia, YC2 will partner with the emerging coalitions in each community to bring PYD programming that meets their specific needs as determined by our community meetings in each location and the ongoing assessments directed by MU IPP. While some communities will require support

to put on events like Prom lock-ins and fifth quarter alternative socials, sports tournaments, and local movie nights, others will need support to bring specific programming related to bullying, mental health, distracted driving and substance use. YC2 will also actively seek to establish local youth peer education groups as we do in CPS schools and encourage parents groups to form around issues of social hosting, bullying and positive parenting.

As a breakdown of the proposed numbers of unduplicated individuals for this program, we propose to collaborate with each community coalition to organize 3 one hour PYD events per year per community for 30 youth each event. Including Columbia, that is 6 communities x 3 events x 30 youth = 540 PYD participants annually. Additionally, we have another 160 youth in the 10 Teen Outreach Program groups we serve with our partner the Public Health and Human Services Department. These targets add up to 700 youth served and we estimate that half of these will be unduplicated individuals for this program.

10. Service #2 – Program Performance Measures – There are a couple of concerns based on the utilization of the Missouri State Student Survey to be used as a Method of Measurement, (1) not all Boone County Schools complete this survey and (2) This survey is reported every two years. There was also confusion on the Cradle to Career survey listed in the Method of Measurement. We will need more information on this survey.

Action Required: Provide possible alternative method of measurement to utilizing the Missouri State Student Survey and more information about the proposed Cradle to Career Survey in the field below. Complete the 'Services Change Chart' with possible alternatives.

Including Cradle to Career survey instrument in the final draft of the previous proposal was an editing oversight from a previous draft. That proposed instrument was not developed and was not intended to be used as a measuring tool for the 2018-2019 cycle.

All Boone County school districts administer the MSS currently including CPS to at least some of their students. We originally set our PYD outcomes based on SAMHSA categories for substance use prevention funding and the required core measures for that grant. After several years of working with the local schools districts, the MSS instrument was the best evaluation tool available for the required categories of outcomes. We would like to continue to monitor these substance use categories for our youth using that instrument and can do so at no additional program cost. However, we can add another evaluation tool to better measure our effects on PYD and further focus our programming efforts countywide.

In our revised proposal, we would like to add assessments of developmental assets across the county to determine progress in PYD outcome categories. To do so, we propose to implement Search Institute's Developmental Asset Profiles (DAP) to as many area students as we can grades 4-12 across the county. In support of this assessment proposal, we have procured agreements from Centralia, Hallsville, and Southern Boone school districts to assess student assets at least once per school year (see attached MOUs) using the DAP. We have approached Columbia Public Schools and are working with them to find the best way to assess for our chosen categories at this time. We will further pursue Harrisburg and Sturgeon school districts for their participation as well. We have also amended our funding request to include bi-annual surveys and reports to

each participating school district.

One of primary goals in this upcoming funding cycle is to establish and grow our participation in these assessments from at least one time a year in some districts to two times per year in all school districts county wide. Doing so will not only further guide our organizing efforts in each community. Sharing the community specific information with coalition partners and with the Boone County Children Services Board will allow area providers to focus resources where they are needed most for our children as grow up in each community.

Finally, the DAP has been approved by the Drug Free Communities (DFC) federal grant program to capture the Four Core Measures and as such, can be the basis for assessment under this program. Establishing these assessments regularly in all our communities will further prepare groups from our area to apply for that grant and bring DFC funding back into Boone County again to support a wide range of efforts focused on increasing positive values, social competencies, and positive identities for our youth.

<p>Provide a detailed description of the proposed service:</p> <p>A model for wellness set forth by The Robert Wood Johnson Foundation recommends promoting wellness at the community level. (Robert Wood Johnson Foundation, July 2014) As evidenced by YC2's success over the past 12 years, coalitions can be an asset when seeking to break down silos within a community and encourage a collaborative environment among community sectors. In keeping with this recommendation, our proposed Community Collaboration Program (CCP) includes two main components: 1) continued maintenance of YC2 activities in the Columbia area and 2) further support for our five emerging youth community coalitions outside Columbia to promote wellness at a local level.</p> <p>During the previous funding cycle, YC2 has helped to establish working youth coalitions in 4 of 5 communities outside Columbia and will seek to establish a fifth in Harrisburg during this upcoming cycle. In this proposed project we are requesting to add support for the main YC2 collaboration work as well. The reasoning for this shift is twofold. First, the work of YC2 members is increasingly spreading out into the outer county communities via our activity in these communities. In conjunction with this movement, our 2018-2020 YC2 strategic plan will include a focus on increasing developmental assets throughout Boone County communities further encouraging member organizations to support activities in the communities outside Columbia. Second, our previous CCP requested one full time and one part time staff person to organize the new community coalition collaborations out in the county. While we did not receive the full funding proposed, we have been able to deliver nearly all of our targets including some in excess of original targets despite having one third of the staff originally proposed for the work. We were able to accomplish this in large part because of federal prevention funding from SAMHSA that supplemented the current YC2 staff. At this time, those federal funds are not available yet for the next funding cycle. While we expect those funds to be available in the near future, we have a shortfall to continue current basic YC2 activities until they are announced at the federal level.</p> <p>Consistent with our previous CSF community collaboration activities, this CCP will continue to assist Community Liaisons in each community to help assess and address the needs of their youth and to grow a sustainable network of citizens committed to making their town a better place for youth to grow up in. Under the proposed CCP, YC2 staff will continue to provide needed support with organizing meetings, providing training and activities for the community, and evaluating the progress in conjunction with MU IPP designed surveys and assessments. New for this proposal, we are also requesting to assess students in three communities using the Search Institute Developmental Asset Profile. The hope in doing so it to provide more precise information to our community coalitions and partners regarding the assets and needs of our area youth and increasing capacity to address these needs across all sectors of our communities.</p>

Further expanding upon the previous CCP, the current proposal includes all YC2 activities under the umbrella of the project, preparing the way for a larger Boone County wide youth prevention coalition. While current YC2 members are already reaching out to engage with the new community coalitions, the proposed project formalizes this connection, streamlining YC2 collaboration goals with those of the emerging networks outside Columbia. To assist in further connecting YC2 members to the new community coalitions, we have requested the addition of a part time program assistant. This staff addition will coordinate with community liaisons and YC2 members to better ensure that resources available in our county are known to all our partners.

Finally, this proposal moves community trainings into CCP where we expect to provide up to three trainings per year for each of the six supported coalitions. As knowledge and understanding of the Strategic Prevention Framework for community organizing increase through ongoing trainings and assessments, community goals will become more focused and known throughout each community. Again, we have also included Columbia as an assessed community in our evaluation program for this proposal. This addition will help YC2 further target programming needs in Columbia with accuracy we have not be able to achieve over the past 3 years without these assessments.

Service #3 – Taxonomy Definition of Service: A process of determining the needs/assets of the community
<p>Provide a detailed description of the proposed service:</p> <p>Youth Community Coalition (YC2) will contract with the Institute of Public Policy (IPP) to conduct a comprehensive Coalition Evaluation of the development and progress of the five emerging youth coalitions based in Boone County (in Ashland, Centralia, Hallsville, Harrisburg and Sturgeon). IPP will also analyze data collected by YC2 and produce a final report of the Developmental Assets Profile (DAP).</p> <p>The evaluation will be conducted using the Tri-Ethnic Center's Community Readiness Model and an annual Coalition Assessment. In December 2015, IPP used The Community Readiness Model to evaluate community capacity to address issues of substance use and risky behaviors amongst youth in the five communities where YC2 plans to develop youth coalitions. In 2016 and 2017, IPP repeated the Community Readiness Assessment to measure change in the readiness indicators of each community. IPP will continue to monitor each community's change in readiness utilizing an online version of the assessment tool. The results will allow program coordinators to pinpoint areas of concern and success.</p> <p>The annual Coalition Assessment will be twofold. It will provide information on the outputs of the Coalitions, including the number of meetings and attendees, representation of stakeholder groups involved in the meetings and number of events planned and conducted. IPP will also conduct annual surveys with Coalition members to gauge their opinions related to the specific stages of implementation and programming. This survey data will also be reported in the Annual Coalition Assessment.</p> <p>IPP will also analyze data collected utilizing the Developmental Assets Profile and produce a final report including outcome measures.</p> <p>Each unit of service in this program area corresponds to a particular evaluation service for a Boone County community. Each quarter, all six communities in our proposed service area, Centralia, Columbia, Hallsville, Harrisburg, Southern Boone and Sturgeon, will receive an average of one evaluation service for a total of 24 per year. Additionally, we are proposing that three school districts will be assessed using the DAP three times per year with an aggregate evaluation provided for each of the three assessment periods for a total of 12 units per year for administration of the DAP profiles in our partnering schools.</p>

For the DAP surveys, each school district will survey all 6-12 grade students, approximately 800 per school, three times per year. We have coordinated that these assessments coincide with the mental health coalition assessments that the students take three times per year. These surveys, the individual reports for each district and the aggregate county wide reports will cost \$5200 for each assessment. The total cost to assess three times per year will be \$15,600. This data will help guide YC2 and community coalition work throughout the county. It will also be shared with the Children's Services board for publication on the BID so that community partners can further benefit from the data regarding youth developmental assets and Boone Indicators. To our knowledge no other agency is proposing or providing this kind of data for any communities, in particular, those outside Columbia.

SAMPLE REPORT PAGES

STRENGTHS AND SUPPORTS IN THE LIVES OF “ANYTOWN” YOUTH

Based on the Results from the *Developmental Assets Profile*

04/03/2013

These sample pages highlight key elements of the report you will receive on your *Developmental Assets Profile*. It not only provides the data in an easy-to-use format, but it offers step-by-step recommendations for using the data for planning.

PREPARED BY

Discovering what kids need to succeed

NOTE: The data in this sample report are for illustration purposes only from a single community report. They are not intended for comparison purposes.

A one-page summary of your overall findings that you can use to share with key stakeholders and partners.

RESULTS DASHBOARD

The information in this report is based on a survey by Central High School of 2,129 youth in Anytown, US, between 02/01/2013 and 03/12/2013. It is based on data from Search Institute's survey, *Developmental Assets Profile*. It focuses on understanding the strengths and supports (or "Developmental Assets") that young people experience in their lives. Extensive research has shown that having these assets in their lives helps young people make positive life choices.

Get an overall, holistic understanding of the external supports and internal strengths that young people experience.

SUMMARY OF ASSET CATEGORY SCORES

This page highlights which categories of Developmental Assets, on average, are experienced most strongly and weakly by your youth overall. You can see how well your young people are doing, on average, in each asset category.

Your survey shows that particular areas of relative strength for your youth are the asset categories of Empowerment, and Boundaries and Expectations. These are areas of strength to build on in your organization's policies, practices, programs, and partnerships.

Figure 3. Asset Category Scores (Range: 0-30)

On the flip side are asset category that is not as strong is constructive use of time. This reflects an area that may need more emphasis in your organization's policies and programs in order to respond to realities young people face.

DIFFERENT EXPERIENCES IN EACH CATEGORY

Another important factor in examining young people's experiences of the eight categories of assets is to look at the distribution of responses; that is, the proportion of youth whose scores in each category fall in the ranges of challenged, vulnerable, adequate, and thriving. Table 5 shows this distribution for each of the eight categories of assets.

STRENGTHS AND CHALLENGES FOR DIFFERENT YOUTH

Not all young people experience these categories of asset the same way, as shown in Tables 6 and 7 (with Table 6 focusing on external assets and Table 7 focusing on internal assets). These tables show the percentages of youth at each level, disaggregated by demographic variables.

NOTICE AND TALK ABOUT

- Does the relative strength of the different categories reflect what you've seen with youth in your community or program? What examples have you seen that illustrate the strengths that young people have in their lives? What might you do to tap those strengths?
- Do the distributions of scores (Table 5) reflect what you see and experience among youth? Are there some categories with substantially higher percentages of youth in the "challenged" or "thriving" levels, suggesting particular strengths or difficulties?
- What about the gaps? Where do you see critical gaps that require further reflection and action? In what ways do your programs or other efforts contribute to or influence these areas of young people's lives?

Percentages of Challenged to Thriving Youth in the Eight Asset Categories

This table shows the percentages of youth whose score on each category of assets falls into each level. Typically, we expect to see between 5 and 15 percent scoring in the “challenged” and the “thriving” range, with most youth scoring in the “vulnerable” or “adequate” ranges. Do you see particular areas of strength (high in “thriving”) or worry (high in “challenged”) that merit additional exploration and action?

	Challenged (Range: 0-14)	Vulnerable (Range: 15-20)	Adequate (Range: 21-25)	Thriving (Range: 26-30)
External Assets				
Support	8%	14%	18%	59%
Empowerment	5%	19%	31%	47%
Boundaries & Expectations	6%	9%	28%	57%
Constructive Use of Time	15%	35%	26%	29%

Commitment to Learning	9%	23%	29%	40%
Positive Values	4%	21%	43%	31%
Social Competencies	5%	20%	34%	41%
Positive Identity	9%	25%	30%	37%

See the ranges of youth people's experiences for each category, which allows you to gain a deeper understanding of youth realities.

Mean Scores on Categories of Internal Assets, Selected Demographics

This table shows the score (on a scale of 0 to 30) for each of the categories of *internal* assets, by selected demographic subgroups. The cutoff points for each level on the internal asset scores are 0-14 (challenged); 15 – 20 (vulnerable); 21 – 25 (adequate); and 26 – 30 (thriving).

NOTE: Providing data by subgroups allows you to focus on the results for the specific youth you are serving in a particular program. However, any differences between subgroups must be interpreted with caution. Small differences are likely not meaningful. As a rule, differences less than 3 points are unlikely to be meaningful or actionable.

(Demographic information included in the charts is based on the population you survey.)

POSITIVE IDENTITY

Young people need to believe in their own self-worth and to feel that they have control over the things that happen to them.

A "dashboard" of your results for each category, along with prompts for interpreting and using your data.

Mean Score for Your Youth (Range: 0-30)	Percent of Youth at Each Level			
	Challenged (Range: 0-14)	Vulnerable (Range: 15-20)	Adequate (Range: 21-25)	Thriving (Range: 26-30)

NOTICE: WHAT DO YOU SEE IN THE FINDINGS?

The Positive Identity category of assets was, comparatively a strong area in your study. As you reviewed and discussed the findings, you likely came to important conclusions about young people's sense of positive identity. Note those key insights here as part of the context to consider as you discuss the findings with youth and adult stakeholders.

What study findings about Positive Identity assets confirmed your experiences?	What study findings about Positive Identity assets challenged your perceptions?
What study findings about Positive Identity assets do you question because they contradict other data?	What key takeaways do you have about Positive Identity assets from your study?

TALK WITH YOUTH AND ADULT STAKEHOLDERS

In addition to talking about the "notice" questions in relation to specific findings in your study, below are some recommended discussion questions about Positive Identity assets to use with youth and adult stakeholders to deepen your understanding of their perspectives.

YOUTH

1. What are people and places that let you know that you are valued and loved for who you are?
2. How do you know when encouragement from a friend or adult is genuine?
3. How do people let you know that you are capable? What might they do that makes you feel like you don't have much influence over things?
4. What gives you hope for your own future? What worries you?

ADULTS (staff, volunteers, parents/caregivers)

1. How do you show young people that they are valued for who they are, particularly if they feel left out of the mainstream?
2. What explicit messages do you give and steps do you take to show young people from a wide range of backgrounds that your organizations things they are capable and competent?
3. What opportunities do young people have to talk about their own future, including their hopes and plans beyond high school?

POSITIVE IDENTITY (CONTINUED)

Research-based guidance for developing strategies based on your findings.

CONNECT PRIORITIES TO EFFECTIVE PRACTICE

Here are some principles and practices from research to keep in mind as you seek to nurture a positive identity in young people.

- A healthy positive identity is more likely to develop when people around youth emphasize the inherent worth and value of each young person, rather than focusing on external factors, such as looks, athletic ability, intelligence, or creativity.
- Building strong, positive relationships is the foundation of a positive identity.
- Feedback to young people is most valuable in shaping their self-concept when it is specific and from someone who they respect in the area. Thus, feedback on their contributions to a basketball game tends to be more valuable when a coach identifies the specific things they did that merited commendation (for example, not saying “good job out there,” but instead, “you did a great job keeping your hands up on defense”).
- Some of the most consistent ways of strengthening a positive identity involve empowering youth through leadership, service, and other ways of giving voice to who they are.
- Giving young people tasks that they will be genuinely successful in completing can help to rebuild a sense of competence for those whose self-concept has been damaged by previous, repeated failures or being belittled or shamed by others.
- Some young people whose identity may not fit social norms (such as gay, lesbian, or gender-variant youth, or youth with a minority cultural or religious identity) often need extra support to help them form a positive identity when it is not valued or recognized by community norms or expectations.

SET STRATEGIES

Scope of Work

The Institute of Public Policy (IPP) proposes to contract with the Youth Community Coalition (YC2) to conduct a comprehensive Coalition Evaluation of the development and progress of the five emerging youth coalitions based in Boone County (in Ashland, Centralia, Hallsville, Harrisburg and Sturgeon). IPP will also analyze data collected by YC2 and produce a final report of the Developmental Assets Profile.

The evaluation will be conducted using the Tri-Ethnic Center's Community Readiness Model¹ and an annual Coalition Assessment. In December 2015, IPP used The Community Readiness Model to evaluate community capacity to address issues of substance use and risky behaviors amongst youth in the five communities where YC2 plans to develop youth coalitions. In 2016 and 2017, IPP repeated the Community Readiness Assessment to measure change in the readiness indicators of each community. IPP will continue to monitor each community's change in readiness utilizing an online version of the assessment tool. The results will allow program coordinators to pinpoint areas of concern and success.

The annual Coalition Assessment will be twofold. It will provide information on the outputs of the Coalitions, including the number of meetings and attendees, representation of stakeholder groups involved in the meetings and number of events planned and conducted. IPP will also conduct annual surveys with Coalition members to gauge their opinions related to the specific stages of implementation and programming. This survey data will also be reported in the Annual Coalition Assessment.

IPP will also analyze data collected utilizing the Developmental Assets Profile and produce a final report including outcome measures.

Project Deliverables:

- Survey Instrument(s) for coalition trainings completed by end of March 2018.
- Interim Community Readiness Assessment completed by end of October 2018 for 5 communities
- Annual Coalition Assessment completed by end of December 2018 for 5 communities.
- Developmental Assets Profile final report completed by December 2018.

Cost and Invoicing

The total cost of the project will be \$15,000, payable to IPP on a quarterly basis, corresponding with points of service. One evaluator will contribute to this project, with the primary investigator dedicating 23% of her time. One Graduate Research Assistant will also contribute services to this evaluation as necessary.

Agreement
between the
City of Columbia, Missouri,
and
Columbia Housing Authority Low-Income Services, Inc.,
for
Teen Outreach Program

THIS AGREEMENT (the "Agreement") by and between Columbia Housing Authority Low-Income Services, Inc., (hereinafter "CHALIS") and the City of Columbia, Missouri, a political subdivision of the State of Missouri, (hereinafter "City"), is entered into on the date of the last signatory noted below (hereinafter "Effective Date"). City and CHALIS are each individually referred to herein as a "Party" and collectively as the "Parties".

WHEREAS, the Parties recognize the need for teen programs in the community; and

WHEREAS, the Parties desire to cooperate to plan, implement, and evaluate nine teen outreach programs in schools in the community.

WITNESSETH:

NOW, THEREFORE, in consideration of the mutual covenants, promises and representations in this Agreement, the Parties agree as follows.

1. **PURPOSE:** The purpose of this Agreement is to formalize the understanding between the Parties with regard to the implementation of the Teen Outreach Program in the Columbia area.
2. **RESPONSIBILITIES OF THE PARTIES FOR TEEN OUTREACH PROGRAM.** The Parties commit to working together through September 30, 2018 in the planning, implementation, and evaluation of the Teen Outreach Program (TOP) clubs in Columbia/Boone County schools. The Parties also commit to an ongoing discussion of their roles and responsibilities. Both parties agree to:
 - Serve as a local TOP provider and implement TOP with fidelity.
 - Provide each club with a minimum of 25 weekly meetings and 20 hours of community service learning (CSL) over a nine month period.
 - Adhere to the TOP Changing Scenes curriculum, and present the curriculum from a values neutral standpoint.

- Assure its facilitators are TOP certified, have completed Child Abuse and Neglect Background checks, and are scheduled to remain the same throughout the nine month duration of the program.
- Assure the program is delivered to groups of adolescents grades 6 through 12. The facilitator shall strive to have at least 10 adolescents per group, and the facilitator cannot have more than 25 adolescents per group.
- Assure that the program is inclusive of, and non-stigmatizing towards adolescents of any race, ethnicity, religion, sexual or gender identity, and sexual orientation.
- Obtain signed consent forms for all adolescents participating in the program.
- Administer student pre and post program surveys to all clubs and the developmental assets profile survey to designated clubs.
- Submit required paperwork including consents, surveys, sequencing forms, CSL description forms, and attendance logs to City's TOP coordinator (Michelle Shikles) and/or to Wyman Connect according to the submission timeline outlined in the facilitator training.
- Participate in at least one on-site evaluation.
- Assist in organizing and transporting teens to and from volunteer events.
- Partner to provide a recognition event/trip for adolescents who have successfully participated in the program.
- Participate in technical assistance sessions as requested with Missouri DHSS, City, Boone County Children Services, or Wyman during the Term of the Agreement.

3. CHALIS'S ADDITIONAL RESPONSIBILITIES. CHALIS shall:

- a. Provide 1 Facilitator for 5 TOP clubs
- b. Provide an itemized invoices to City for TOP on the 7th day of the month following the month in which the services were provided. Itemized invoices shall include line item purchases with according receipts and personal expenditures for the month. Allowable costs shall not exceed \$15,000 over the twelve month period. Allowable costs include personnel for TOP club facilitators, mileage, background checks, supplies, and up to 8% for indirect costs. Indirect costs may include such things as utilities, rent, administrative salaries, financial staff salaries, and building maintenance.
- c. Provide information and assistance necessary to meet additional Missouri DHHS or Boone County Children Services contract needs.

4. CITY'S ADDITIONAL RESPONSIBILITIES. City shall:

- a. Provide one staff member to serve as TOP coordinator and ensure all TOP fidelity requirements are met including, but not limited to, consent forms, surveys, values neutral lessons, CSL hour requirements, and site visits.
- b. Oversee Boone County Children Services Contract and MODHHS contract and assure all deliverables and reporting requirements are met and that expenditures align with contract budgets.

- c. Provide 1 facilitator for 5 clubs and 2 facilitators for 5 clubs.
 - d. Send appropriate staff to required contract and technical assistance trainings.
 - e. Maintain all records.
 - f. Reimburse CHALIS for allowable costs associated with the operation of the TOP in an amount not to exceed fifteen thousand dollars (\$15,000.00).
5. TERM. The "Term" of this Agreement shall commence on the Effective Date, and shall continue until the date that is one (1) year following the Effective Date.
6. TERMINATION.
- a. By Mutual Agreement. This Agreement may be terminated at any time during its Term upon mutual agreement by both Parties.
 - b. By Convenience. With thirty (30) days written notice, either Party may terminate this Agreement for convenience.
 - c. By Default. Either Party may terminate this Agreement in accordance with Section 10.
7. TERMINATION UPON DEFAULT. Upon the occurrence of an event of Default, the non-Defaulting Party shall be entitled to immediately terminate this Agreement. A Party shall be considered in Default of this Agreement upon:
- a. The failure to perform or observe a material term or condition of this Agreement, including but not limited to any material Default of a representation, warranty or covenant made in this Agreement;
 - b. The Party (i) becoming insolvent; (ii) filing a voluntary petition in bankruptcy under any provision of any federal or state bankruptcy law or consenting to the filing of any bankruptcy or reorganization petition against it under any similar law; (iii) making a general assignment for the benefit of its creditors; or (iv) consenting to the appointment of a receiver, trustee or liquidator;
 - c. The purported assignment of this Agreement in a manner inconsistent with the terms of this Agreement;
 - d. The failure of the Party to provide information or data to the other Party as required under this Agreement, provided that the Party entitled to the information or data under this Agreement requires such information or data to satisfy its obligations under this Agreement.
8. NO ASSIGNMENT. This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns. Neither Party shall assign

this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party.

9. NOTICES. Any notice, demand, request, or communication required or authorized by the Agreement shall be delivered either by hand, facsimile, overnight courier or mailed by certified mail, return receipt requested, with postage prepaid, to:

The designation and titles of the person to be notified or the address of such person may be changed at any time by written notice. Any such notice, demand, request, or communication shall be deemed delivered on receipt if delivered by hand or facsimile and on deposit by the sending party if delivered by courier or U.S. mail.

10. NO THIRD-PARTY BENEFICIARY. No provision of the Agreement is intended to nor shall it in any way inure to the benefit of any third party, so as to constitute any such person a third-party beneficiary under the Agreement.
11. AMENDMENT. No amendment, addition to, or modification of any provision hereof shall be binding upon the Parties, and neither Party shall be deemed to have waived any provision or any remedy available to it unless such amendment, addition, modification or waiver is in writing and signed by a duly authorized officer or representative of the applicable Party or Parties.
12. GOVERNING LAW AND VENUE. This Agreement shall be governed, interpreted, and enforced in accordance with the laws of the State of Missouri and/or the laws of the

United States, as applicable. The venue for all litigation arising out of, or relating to this Agreement, shall be in Boone County, Missouri, or the United States Western District of Missouri. The Parties hereto irrevocably agree to submit to the exclusive jurisdiction of such courts in the State of Missouri. The Parties agree to waive any defense of forum non conveniens.

13. GENERAL LAWS. The Parties shall comply with all applicable federal, state, and local laws, rules, regulations, and ordinances.
14. NO WAIVER OF IMMUNITIES. In no event shall the language of this Agreement constitute or be construed as a waiver or limitation for either Party's rights or defenses with regard to each Party's applicable sovereign, governmental, or official immunities and protections as provided by federal and state constitutions or laws.
15. HOLD HARMLESS AGREEMENT. To the fullest extent not prohibited by law, CHALIS shall indemnify and hold harmless the City of Columbia, its directors, officers, agents, and employees from and against all claims, damages, losses, and expenses (including but not limited to attorney's fees) for bodily injury and/or property damage arising by reason of any act or failure to act, negligent or otherwise, of CHALIS, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with CHALIS or a subcontractor for part of the services), of anyone directly or indirectly employed by CHALIS or by any subcontractor, or of anyone for whose acts the CHALIS or its subcontractor may be liable, in connection with CHALIS's services provided pursuant to this Agreement. This provision does not, however, require CHALIS to indemnify, hold harmless, or defend the City of Columbia from the City's own negligence.
16. AUTHORITY. The individuals signing this agreement below certify that they have obtained the appropriate authority to execute this Agreement on behalf of the respective Parties.
17. ENTIRE AGREEMENT. This Agreement represents the entire and integrated Agreement between CHALIS and City relative to the services. All previous or contemporaneous agreements, representations, promises and conditions relating to the Teen Outreach Program services herein are superseded.

IN WITNESS WHEREOF the Parties through their duly authorize representatives have executed this Agreement effective as of the date of the last party to execute the same.

Memorandum of Understanding

between

Youth Community Coalition

and

Alicia Ozenberger

(hereinafter referred to as the Community Liaison)

The Youth Community Coalition (YC2) and Alicia Ozenberger desire to partner by working together on positive youth development programming with a goal of further organizing the community in Ashland around issues pertaining to youth.

Youth Community Coalition agrees to:

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Markt:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 8, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Program Personnel Narrative:

Program Services Form (1-5)

4. Service #1 - Name, Definition, and Description – The definition for Community Collaboration should have been taken directly from the *Taxonomy for Services*. The definition should read, coordinates the partnership of stakeholders to collectively improve health, social, educational, and economic opportunities for the community. We will need more information on the actual service and activities that will be provided.
Action Required: Provide a detailed description in of this service in the field below. Complete the 'Services Change Chart' with the updated information.

5. Service #1 – Community Collaboration/Outputs – There is some confusion about the 175 unduplicated individuals receiving the Community Collaboration services. The service description does not explain whether these individuals are youth, community members, stakeholders, etc.
Action Required: Provide more information about the 175 unduplicated individuals listed in the field below.

6. Service #1 – Community Collaboration/Outputs – The justification for the unit rate needs to be revised. It doesn't appear to make sense to compare Non-Therapeutic Counseling to Community Collaboration. The current unit rate is \$45.75 and the proposed unit rate is \$54.01. Provide a

justification for the higher rate. Please review the attached Developing Unit of Service Rate Sheet.

Action Required: Provide the new justification and, if necessary, a reason for the higher rate in the field below.

7. Service #1 – Service Performance Measures and Narratives – There were no outcomes/indicators/method of measurement data for the success of the events.

Action Required: Complete the 'Services Change Chart' with the updated information. Provide any further comments in the field below.

8. Service #1 – Service Performance Measures and Narratives – There was a mention of assessments being completed by IPP. If so, this would need to be another service (Community Needs Assessment) and become Service #3.

Action Required: Update the 'Services Change Chart' if IPP is conducting Community Needs Assessments. This new service (#3) will need to have its own original information for outputs, outcomes, indicators, and method of measurement. Provide any further comments in the field below.

9. Service #2 - Name, Definition, and Description – The definition for Positive Youth Development should have been taken directly from the *Taxonomy for Services*. The definition should read, develops internal development assets in youth with the goal of developing a commitment to learning, positive values, social competencies, and/or positive identities. We will need more information on the actual service and activities that will be provided.

Action Required: Provide a detailed description in of this service in the field below. Complete the 'Services Change Chart' with the updated information.

10. Service #2 – Program Performance Measures – There are a couple of concerns based on the utilization of the Missouri State Student Survey to be used as a Method of Measurement, (1) not all Boone County Schools complete this survey and (2) This survey is reported every two years. There was also confusion on the Cradle to Career survey listed in the Method of Measurement. We will need more information on this survey.

Action Required: Provide possible alternative method of measurement to utilizing the Missouri State Student Survey and more information about the proposed Cradle to Career Survey in the field below. Complete the ‘*Services Change Chart*’ with possible alternatives.

Program Outputs and Funding Request Table	See attachment (REQUIRED)

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – Purchase of Service Contracts was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The Youth Community Coalition (YC2) Communities that Care Project (CTC) addresses the statutory eligible service area of prevention programs which promote healthy lifestyles among children, youth, and families with programming primarily falling under Community Collaboration (BIG Taxonomy 2.1) and Positive Youth Development (BIG Taxonomy 9.13).

According to 2015 statistics, there are 1648 households with children living in poverty and of those, 1459 families live in Columbia. (BIG Dashboard) Chronic stressors like family poverty are leading risk factors for increased substance use in youth and the public health problems associated with this behavior. (NIH: National Inst on Drug Abuse)

Additionally, the youth who live in Boone County communities are already at a high risk for substance abuse. Surveys conducted in 2016 indicate 46.0% of Boone County high school students reported using alcohol at least once with 17.1% reporting use within the past 30 days; 22.3% reported using cigarettes at least once with 6.0% reporting use within the past 30 days, 25.3% reported using e-cigarettes at least once with 15.4% reporting use within the past 30 days, and 19.1% reported using marijuana at least once with 9.4% reporting use within the past 30 days. (Missouri Institute of Mental Health 2016)

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

According to the 2010 Census, the communities originally targeted for coalitions by this project differ greatly from that of Columbia.

Columbia has a minority population of 21% compared to an average of 3.22% among the five communities targeted outside Columbia. (ACS 2010) The differences go the other direction when looking at the number of children age 5 - 17. According to local data, in 2015 only 11.90% of individuals in

Columbia are between the ages of 5 - 17 compared to an average of 18.68% in those communities outside Columbia. (BIG Dashboard) Of course the absolute numbers show that Columbia has 14,178 in that age range (BIG Dashboard) compared to only 61 in Harrisburg. (ACS 2010)

The data seem to support the theory behind the YC2 CTC suggesting that local community level planning will be useful to the smaller communities in Boone County, allowing them to identify strategies that fit the needs of their unique populations. That said, the sheer absolute numbers of Boone County children living in Columbia, 57%, warrant that sustained commitment to prevention strategies for the population in Columbia is also vital for the overall children's outcomes in Boone County as a whole.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Establish, support, and continuously build the capacity of local coalitions to advocate for and deliver services which promote strong families and successful youth in Ashland, Centralia, Columbia, Hallsville, Harrisburg, and Sturgeon

Program Overview

Provide an overview of the proposed program. (1500 character limit)

YC2 CTC will provide supportive services to each of the emerging Boone County coalitions, as well as, maintain the ongoing collaborations and activities of YC2 throughout the county. The supportive services include implementation of evidence based strategies which have resulted in continued growth and effectiveness for YC2 in Columbia over the past 12 years.

In particular, YC2 will continue to support established Community Liaisons in each community to provide ongoing support and resources for their respective communities, as well as, facilitate assessments of coalition activities, community needs, and community readiness using the services of the Institute for Public Policy. Next, YC2 will assist in recruiting and training coalition members using evidence based models for coalition building and prevention planning. YC2 will also assist in implementing different forms of positive youth development programming for youth in both the emerging coalition communities and in Columbia.

By project's end, the YC2 CTC will seek the formation of a county-wide prevention network with representatives from all 6 community coalitions and partnering youth agencies and institutions across multiple community sectors. This Network will meet regularly to develop wellness strategies for all of Boone County and prepare the way for more substantial funding sources for coalition prevention activities.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The YC2 CTC will target two key populations. The first and ultimate target of the project's planned outcomes and objectives is youth ages 6 - 18. To achieve the greatest impact on youth, the project will continue to target those who influence the environments in which youth are developing. The YC2 CTC will raise up, mobilize, train and maintain prevention coalitions in six Boone County communities. The project will also recruit members from those coalitions to serve on a county-wide, multi sector prevention network representing each of the following influencing community sectors: Youth, Parent, Business, Media, School, Youth Serving Organizations, Law Enforcement, Religious/Fraternal, Civic/Volunteer, Healthcare, Government, and Prevention.

b. Why will these particular consumers be served? (1500 character limit)

In order to provide a comprehensive approach to the prevention of substance abuse, the promotion of positive behaviors, and the overall behavioral health of youth, it is imperative that the entire community is engaged in the process. Years of research around youth development and mental health have shown that the child is directly influenced by the environments in which they develop. It has led to the understanding of the risk and protective factor framework and the importance of changing the environments in which youth develop in a way that promotes positive behaviors. Hawkins, J. (1996). Delinquency and crime: Current theories. Cambridge: Cambridge University Press.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Remaining culturally sensitive while conducting environmental change is challenging. Local level data regarding behavioral health and substance abuse is difficult to obtain. The Missouri State Student Survey is not mandatory, it is unfunded, and therefore many school districts choose not to take part. YC2 contracted with the MU IPP to conduct a Tri-Ethnic Readiness Assessment to identify the readiness of each new community to address behavioral health and substance abuse issues. The initial assessment was completed in September 2015 and we will complete another assessment in 2017.

d. Total number of unduplicated individuals to be served by the proposed program:

525

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

266.9

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

b. Provide information on the types of training that will be offered. (1500 character limit)

Narrative

Program Access**a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)**

Coalitions will be maintained and strengthened in Ashland, Columbia, Centralia, Hallsville, and Sturgeon. A new coalition will be established in Harrisburg. Columbia will continue to be represented primarily by YC2. Meetings, trainings, and events will be held in local public buildings or parks whenever possible. Mentoring services will be provided either in schools or in the community depending on the need of the individual community. Times and days will be set by the individual communities.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Coalition activities will target families with school-age children and youth, and youth. Mentoring services will target children of prisoners, children in out of home placements, and children of single parent homes. The Coalition Membership will be made up of representatives from 12 different community sectors. Every effort will be made to match the demographics of the community to the membership of the Coalition.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Any strategies and events must be easily accessible. Charging a fee for participation could limit participation of the most vulnerable youth and discourage the voluntary participation of adults who influence the community environment in which youth develop.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

No fee applies.

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

None known at this time.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

N/A

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

N/A

If Yes - Provide a description of the accreditation process: (600 character limit)

N/A

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

The proposed project involves one nationally recommended practice, and two evidence-based practices. Strategic Prevention Framework Model (SAMHSA, Center for Application of Prevention Technology), Strengthening Families 10 -14 (SAMHSA National Registry Evidence Based Practices), and Communities that Care (SAMHSA National Registry Evidence Based Practices).

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The Strategic Prevention Framework Model is a nationally recommended framework for developing sustainable community activity to prevent risky and promote protective factors for local youth.

Strengthening Families 10-14 is a research-informed approach to increase family strengths, enhance child development and reduce the likelihood of child abuse and neglect.

The Communities that Care Model guides communities through a proven five-phase change process. Using prevention science as its base, CTC promotes healthy youth development, improves youth outcomes, and reduces problem behaviors.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The Strategic Prevention Framework is recommended by the Center for Application of Prevention Technology, National Institute for Drug Abuse, Missouri Division of Alcohol and Substance Abuse. The model is used by Coalitions across the country as a tool to identify strategies, build capacity, and evaluate efforts, and is currently the focus of a statewide epidemiological study through the Missouri Institute of Mental Health. YC2 is a part of this study.

Strengthening Families 10 - 14 is a family skills training intervention targeting children 10 - 14 and their parents. It is listed on the National Registry of Evidence Based Practices as a universal intervention with outcomes related to substance use, school success, and aggression.

Communities that Care is a community-level intervention that mobilizes stakeholders to collaborate on selecting evidence-based strategies to prevent youth problem behaviors. It is listed on the National Registry of Evidence Based Practices as a Universal intervention with outcomes related to alcohol and tobacco use, drugs, violence, crime and delinquency.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The YC2 CTC engages community stakeholders on many different levels. While participating in the strategies for building a coalition, these key stakeholders are becoming informed about true wellness and how to create a community that cares, with environments that support living, learning, playing and growing. In the delivery of specific evidence based strategies they learn the importance of family relationships, and how a community can work together to build whole and healthy children. Whatever problems exist today will be brought to light as the new coalitions go through the process of assessing, planning, building capacity, implementation of strategies, and evaluating the results.

The YC2 CTC takes a community-wide public health approach to prevention, yet not so wide as to let one community overshadow another. It allows each community to view itself clearly, buy in to community-specific strategies, learn from any mistakes, and take credit for any successes. Each local coalition has the benefit of dedicated staff, and the immediate ability to provide resources to build stronger families and children, engage youth, create safe places, and educate the entire community about issues they have identified in their own community. Then, they will receive training so that they can sustain their own efforts, and share their resources with others to impact more communities by serving on the county-wide Prevention Network.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

All communities participating in YC2 CTC have taken part in a community readiness assessment administered by MU IPP. Subsequent follow up assessments are completed annually by each community to track progress in addressing the needs of youth and for recalibrating efforts consistent with the Strategic Prevention Framework. Previously the project only assessed the communities outside Columbia. The current project will also include Columbia in the readiness assessments.

Additionally, IPP has designed training and event survey tools for program sponsored activities and overall coalition goals. Program participants are surveyed regularly for tracking program outcome and other goals.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Survey tools are administered annually to community stakeholders by evaluator staff. Coalition participants take periodic surveys online and in person to assess progress on outcome and coalition goals. Feedback is collated into reports for community review and for recalibration of coalition focus.

Program participants take event surveys in person and online to collect feedback on program effectiveness and to assess consumer demand for further programming.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

The mission of YC2 is to help youth develop into productive and self-sufficient citizens by working together to decrease substance abuse and promote healthy behaviors. To accomplish this YC2 engages multiple sectors of the community. For the last 12 years, YC2 has experienced great collaborative success in the promotion of healthy behaviors and creating partnerships across the community. YC2 now seeks to utilize the best practices discovered while working in the Columbia community to continue serving the youth and families across the entire county. It has established dozens of partnerships across the community and out in the county and will expand those partnerships to have further countywide impact. CHA Low-Income Services, Inc. is YC2's fiscal agent partner.

The next partners to formally join in this effort are Moving Ahead Program, Boone County Health Department, and Rainbow House. But, YC2 has more than 50 members who represent agencies with an interest in reaching individuals in Boone County through prevention or treatment who will be called upon to help with this project.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Because the Coordinator position requires a great deal of skill and confidence, a minimum of BA degree is required. Masters is preferred. Pay rates are set to be competitive so as to retain quality employees. Coordinator will be responsible for managing efforts to support each community coalition's progress in community and program goals. Coordinator is also responsible for maintenance and programming of Youth Community Coalition proper.

Community Liaisons must have a specific connection with their assigned community. Experience in prevention or community development is preferred. Liaison duties include recruitment and organization of local networks for youth prevention work. Coordinating local Safe Place sites and serving as local representative for YC2 and Boone County coalitions.

Program Assistant will support YC2 Coordinator and its prevention activities generally. Duties to include support for peer education and social hosting campaigns, compliance check programs, local youth commissions and councils, and support for other emerging youth coalitions in Boone County.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

YC2 has received federal STOP ACT funds in the past as well as other SAMHSA sponsored funding for substance use prevention coalition programming. The current cycle for our SAMHSA funding ends September 30 and we await an RFP for future awards. We have received other awards from SAMHSA and Act Missouri in the past to support the programming proposed here but those funds were nominal in comparison to our STOP ACT funding.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The Youth Community Coalition (YC2) Communities that Care Project (CTC) addresses the statutory eligible service area of prevention programs which promote healthy lifestyles among children, youth, and families with programming primarily falling under Community Collaboration (BIG Taxonomy 2.1) and Positive Youth Development (BIG Taxonomy 9.13) .

According to 2015 statistics, there are 1648 households with children living in poverty and of those, 1459 families live in Columbia. (BIG Dashboard) Chronic stressors like family poverty are leading risk factors for increased substance use in youth and the public health problems associated with this behavior. (NIH: National Inst on Drug Abuse)

Additionally, the youth who live in Boone County communities are already at a high risk for substance abuse. Surveys conducted in 2016 indicate 46.0% of Boone County high school students reported using alcohol at least once with 17.1% reporting use within the past 30 days; 22.3% reported using cigarettes at least once with 6.0% reporting use within the past 30 days, 25.3% reported using e-cigarettes at least once with 15.4% reporting use within the past 30 days, and 19.1% reported using marijuana at least once with 9.4% reporting use within the past 30 days. (Missouri Institute of Mental Health 2016)

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

According to the 2010 Census, the communities originally targeted for coalitions by this project differ greatly from that of Columbia.

Columbia has a minority population of 21% compared to an average of 3.22% among the five communities targeted outside Columbia. (ACS 2010) The differences go the other direction when looking at the number of children age 5 - 17. According to local data, in 2015 only 11.90% of individuals in

Columbia are between the ages of 5 - 17 compared to an average of 18.68% in those communities outside Columbia. (BIG Dashboard) Of course the absolute numbers show that Columbia has 14,178 in that age range (BIG Dashboard) compared to only 61 in Harrisburg. (ACS 2010)

The data seem to support the theory behind the YC2 CTC suggesting that local community level planning will be useful to the smaller communities in Boone County, allowing them to identify strategies that fit the needs of their unique populations. That said, the sheer absolute numbers of Boone County children living in Columbia, 57%, warrant that sustained commitment to prevention strategies for the population in Columbia is also vital for the overall children's outcomes in Boone County as a whole.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Establish, support, and continuously build the capacity of local coalitions to advocate for and deliver services which promote strong families and successful youth in Ashland, Centralia, Columbia, Hallsville, Harrisburg, and Sturgeon

Program Overview

Provide an overview of the proposed program. (1500 character limit)

YC2 CTC will provide supportive services to each of the emerging Boone County coalitions, as well as, maintain the ongoing collaborations and activities of YC2 throughout the county. The supportive services include implementation of evidence based strategies which have resulted in continued growth and effectiveness for YC2 in Columbia over the past 12 years.

In particular, YC2 will continue to support established Community Liaisons in each community to provide ongoing support and resources for their respective communities, as well as, facilitate assessments of coalition activities, community needs, and community readiness using the services of the Institute for Public Policy. Next, YC2 will assist in recruiting and training coalition members using evidence based models for coalition building and prevention planning. YC2 will also assist in implementing different forms of positive youth development programming for youth in both the emerging coalition communities and in Columbia.

By project's end, the YC2 CTC will seek the formation of a county-wide prevention network with representatives from all 6 community coalitions and partnering youth agencies and institutions across multiple community sectors. This Network will meet regularly to develop wellness strategies for all of Boone County and prepare the way for more substantial funding sources for coalition prevention activities.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The YC2 CTC will target two key populations. The first and ultimate target of the project's planned outcomes and objectives is youth ages 6 - 18. To achieve the greatest impact on youth, the project will continue to target those who influence the environments in which youth are developing. The YC2 CTC will raise up, mobilize, train and maintain prevention coalitions in six Boone County communities. The project will also recruit members from those coalitions to serve on a county-wide, multi sector prevention network representing each of the following influencing community sectors: Youth, Parent, Business, Media, School, Youth Serving Organizations, Law Enforcement, Religious/Fraternal, Civic/Volunteer, Healthcare, Government, and Prevention.

b. Why will these particular consumers be served? (1500 character limit)

In order to provide a comprehensive approach to the prevention of substance abuse, the promotion of positive behaviors, and the overall behavioral health of youth, it is imperative that the entire community is engaged in the process. Years of research around youth development and mental health have shown that the child is directly influenced by the environments in which they develop. It has led to the understanding of the risk and protective factor framework and the importance of changing the environments in which youth develop in a way that promotes positive behaviors. Hawkins, J. (1996). Delinquency and crime: Current theories. Cambridge: Cambridge University Press.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Remaining culturally sensitive while conducting environmental change is challenging. Local level data regarding behavioral health and substance abuse is difficult to obtain. The Missouri State Student Survey is not mandatory, it is unfunded, and therefore many school districts choose not to take part. YC2 contracted with the MU IPP to conduct a Tri-Ethnic Readiness Assessment to identify the readiness of each new community to address behavioral health and substance abuse issues. The initial assessment was completed in September 2015 and we will complete another assessment in 2017.

d. Total number of unduplicated individuals to be served by the proposed program:

525

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

266.9

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

Narrative

Program Access**a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)**

Coalitions will be maintained and strengthened in Ashland, Columbia, Centralia, Hallsville, and Sturgeon. A new coalition will be established in Harrisburg. Columbia will continue to be represented primarily by YC2. Meetings, trainings, and events will be held in local public buildings or parks whenever possible. Mentoring services will be provided either in schools or in the community depending on the need of the individual community. Times and days will be set by the individual communities.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Coalition activities will target families with school-age children and youth, and youth. Mentoring services will target children of prisoners, children in out of home placements, and children of single parent homes. The Coalition Membership will be made up of representatives from 12 different community sectors. Every effort will be made to match the demographics of the community to the membership of the Coalition.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Any strategies and events must be easily accessible. Charging a fee for participation could limit participation of the most vulnerable youth and discourage the voluntary participation of adults who influence the community environment in which youth develop.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

No fee applies.

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

The proposed project involves one nationally recommended practice, and two evidence-based practices. Strategic Prevention Framework Model (SAMHSA, Center for Application of Prevention Technology), Strengthening Families 10-14 (SAMHSA National Registry Evidence Based Practices), and Communities that Care (SAMHSA National Registry Evidence Based Practices).

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The Strategic Prevention Framework Model is a nationally recommended framework for developing sustainable community activity to prevent risky and promote protective factors for local youth.

Strengthening Families 10-14 is a research-informed approach to increase family strengths, enhance child development and reduce the likelihood of child abuse and neglect.

The Communities that Care Model guides communities through a proven five-phase change process. Using prevention science as its base, CTC promotes healthy youth development, improves youth outcomes, and reduces problem behaviors.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The Strategic Prevention Framework is recommended by the Center for Application of Prevention Technology, National Institute for Drug Abuse, Missouri Division of Alcohol and Substance Abuse. The model is used by Coalitions across the country as a tool to identify strategies, build capacity, and evaluate efforts, and is currently the focus of a statewide epidemiological study through the Missouri Institute of Mental Health. YC2 is a part of this study.

Strengthening Families 10-14 is a family skills training intervention targeting children 10-14 and their parents. It is listed on the National Registry of Evidence Based Practices as a universal intervention with outcomes related to substance use, school success, and aggression.

Communities that Care is a community-level intervention that mobilizes stakeholders to collaborate on selecting evidence-based strategies to prevent youth problem behaviors. It is listed on the National Registry of Evidence Based Practices as a Universal intervention with outcomes related to alcohol and tobacco use, drugs, violence, crime and delinquency.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The YC2 CTC engages community stakeholders on many different levels. While participating in the strategies for building a coalition, these key stakeholders are becoming informed about true wellness and how to create a community that cares, with environments that support living, learning, playing and growing. In the delivery of specific evidence based strategies they learn the importance of family relationships, and how a community can work together to build whole and healthy children. Whatever problems exist today will be brought to light as the new coalitions go through the process of assessing, planning, building capacity, implementation of strategies, and evaluating the results.

The YC2 CTC takes a community-wide public health approach to prevention, yet not so wide as to let one community overshadow another. It allows each community to view itself clearly, buy in to community-specific strategies, learn from any mistakes, and take credit for any successes. Each local coalition has the benefit of dedicated staff, and the immediate ability to provide resources to build stronger families and children, engage youth, create safe places, and educate the entire community about issues they have identified in their own community. Then, they will receive training so that they can sustain their own efforts, and share their resources with others to impact more communities by serving on the county-wide Prevention Network.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

All communities participating in YC2 CTC have taken part in a community readiness assessment administered by MU IPP. Subsequent follow up assessments are completed annually by each community to track progress in addressing the needs of youth and for recalibrating efforts consistent with the Strategic Prevention Framework. Previously the project only assessed the communities outside Columbia. The current project will also include Columbia in the readiness assessments.

Additionally, IPP has designed training and event survey tools for program sponsored activities and overall coalition goals. Program participants are surveyed regularly for tracking program outcome and other goals.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Survey tools are administered annually to community stakeholders by evaluator staff. Coalition participants take periodic surveys online and in person to assess progress on outcome and coalition goals. Feedback is collated into reports for community review and for recalibration of coalition focus.

Program participants take event surveys in person and online to collect feedback on program effectiveness and to assess consumer demand for further programming.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

The mission of YC2 is to help youth develop into productive and self-sufficient citizens by working together to decrease substance abuse and promote healthy behaviors. To accomplish this YC2 engages multiple sectors of the community. For the last 12 years, YC2 has experienced great collaborative success in the promotion of healthy behaviors and creating partnerships across the community. YC2 now seeks to utilize the best practices discovered while working in the Columbia community to continue serving the youth and families across the entire county. It has established dozens of partnerships across the community and out in the county and will expand those partnerships to have further countywide impact. CHA Low-Income Services, Inc. is YC2's fiscal agent partner.

The next partners to formally join in this effort are Moving Ahead Program, Boone County Health Department, and Rainbow House. But, YC2 has more than 50 members who represent agencies with an interest in reaching individuals in Boone County through prevention or treatment who will be called upon to help with this project.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Because the Coordinator position requires a great deal of skill and confidence, a minimum of BA degree is required. Masters is preferred. Pay rates are set to be competitive so as to retain quality employees. Coordinator will be responsible for managing efforts to support each community coalition's progress in community and program goals. Coordinator is also responsible for maintenance and programming of Youth Community Coalition proper.

Community Liaisons must have a specific connection with their assigned community. Experience in prevention or community development is preferred. Liaison duties include recruitment and organization of local networks for youth prevention work. Coordinating local Safe Place sites and serving as local representative for YC2 and Boone County coalitions.

Program Assistant will support YC2 Coordinator and its prevention activities generally. Duties to include support for peer education and social hosting campaigns, compliance check programs, local youth commissions and councils, and support for other emerging youth coalitions in Boone County.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

YC2 has received federal STOP ACT funds in the past as well as other SAMHSA sponsored funding for substance use prevention coalition programming. The current cycle for our SAMHSA funding ends September 30 and we await an RFP for future awards. We have received other awards from SAMHSA and Act Missouri in the past to support the programming proposed here but those funds were nominal in comparison to our STOP ACT funding.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

(3000 character limit)

A model for wellness set forth by The Robert Wood Johnson Foundation recommends promoting wellness at the community level. (Robert Wood Johnson Foundation, July 2014) As evidenced by YC2's success over the past 12 years, coalitions can be an asset when seeking to break down silos within a community and encourage a collaborative environment among community sectors. In keeping with this recommendation, our Community Collaboration Program Service (CCP) will continue maintenance of YC2 activities in the Columbia area and foster further organization among five emerging youth community coalitions outside Columbia to promote wellness at a local level. During the previous funding cycle, YC2 has helped to establish working youth coalitions in 4 of 5 communities outside Columbia and will seek to establish a fifth in Harrisburg during this cycle.

Consistent with our previous CSF community collaboration activities, this CCP will continue to assist Community Liaisons in each community to help assess and address the needs of their youth and to grow a sustainable network of citizens committed to making their town a better place for youth to grow up in. Under the proposed CCP, YC2 staff will continue to provide needed support with organizing meetings, bringing in training and activities for the community, and evaluating the progress in conjunction with MU IPP designed surveys and assessments.

Expanding upon the previous CCP, this proposal includes YC2 activities under the umbrella of the project, preparing the way for a larger Boone County wide youth coalition. While current YC2 members are already reaching out to engage with the new community coalitions, the proposed project formalizes this connection, streamlining YC2 collaboration goals with those of the emerging networks outside Columbia.

Also, this proposal moves community trainings and evaluations into CCP and will fully integrate the organizing and coalition support efforts with ongoing education and assessment services. As knowledge and understanding of the Strategic Prevention Framework for community organizing increase through ongoing trainings and assessments, community goals will become more focused and known throughout each community. We have also included Columbia as an assessed community in our evaluation package in this proposal.

While increasing the capacity of YC2 and the emerging coalitions in each community is the near term goal of this CCP, sustaining this activity is a longer term goal. Two specific longer term goals for this project include 1) the establishment of a sustainable Boone County youth coalition including all community coalitions, as well as, our partners in schools, agencies, business and government; and 2) securing significant federal funding that can enhance the support provided by Boone County CSF to help make all of Boone County a better place for youth.

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Charging a fee for participation could discourage the voluntary participation of youth and adults who influence the community environment in which youth develop.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

(#1) (600 character limit)

YC2 has made great strides during the previous funding cycle for this CTC program, establishing youth focused coalitions in four Boone County communities. We want to continue this momentum and support for these communities as they move toward independent status and funding. YC2 contemplates a joint proposal for federal Drug Free Communities funding to support the work of all coalitions within the next three years.

YC2 is requesting additional funding for its main coalition work due to potential changes in its current funding and the need to support a full time position to continue this work.

Service #1- Performance Measures**Outcome (1-1)**

Multiple community sectors are engaged and representatives recruited to support or become part of local coalition.

Indicator (1-1)

Membership represents 12 sectors of the community recruited to support or become part of local coalition.

Method of Measurement (1-1)

Membership Roster, Collaborative Agreements

Additional Outcome (1-2)

Coalition members are committed to membership and processes

Additional Indicator (1-2)

90% of coalition members attend at least 6 meetings, and 2 non-meeting training sessions annually.

Additional Method (1-2)

Attendance rosters

Additional Outcome (1-3)

Coalition members take active responsibility for writing and implementing their community prevention plan.

Additional Indicator (1-3)

95% of coalition members will state they understand the goals and objectives of the coalition.

Additional Method (1-3)

Coalition Assessment conducted annually by IPP

Additional Outcome (1-4)

Coalition members take active responsibility for writing and implementing their community prevention plan.

Additional Indicator (1-4)

90% of coalition members are involved in identifying and writing the coalition's prevention plan.

Additional Method (1-4)

Attendance rosters, Staff notes

Additional Outcome (1-5)

Coalition members take active responsibility for writing and implementing their community prevention plan.

Additional Indicator (1-5)

At least one evidence based strategy will be introduced in each community.

Additional Method (1-5)

Meeting Minutes, Event Rosters, News Coverage

Service #1 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

Outcome 1, 1-2, and 1-3 relate directly to the goal of creating a local coalition. Stakeholders must be engaged and recruited to create a core group who can then take part in the assessments and training provided by the YC2 CTC. The core group of stakeholders remains important for championing the coalition's activities as they help create an environment that is rich with protective factors and promote a whole health approach to behavioral health and substance abuse prevention.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

The readiness of each community to address behavioral health issues varies. YC2 CTC continues to provide ongoing assessment to the communities to determine evidenced based responses given individual levels of readiness. Also, communities are made up of unique sub-populations and sub-systems that often have turf issues to overcome. Integrating the YC2 Coordinator into each coalition so that they can act as a neutral third party and bring an outside perspective to the community's current state seeks to lessen the effect of these issues.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

The measurement levels are higher than the normal 80 - 20 rule because coalition members are expected to be recruited for their affinity with the idea of prevention and positive youth development. It is less than 100% to allow for unforeseen demands on coalition members that might limit the time they can give to this voluntary activity.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The Institute for Public Policy is a respected organization conducting multiple assessment and evaluation efforts in the County. Their assessments will be conducted according to their high standards. The YC2 Coordinator will be keeping attendance records, meeting minutes, and membership rosters. They will also be drawing up the written prevention plan as it is decided upon by the coalition members. Ready access will help to monitor these documents.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Activities designed to increase protective factors and reduce risk factors in youth

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Positive Youth Development (PYD) is a model for youth support emphasizing strengthening of individual and community resources necessary to reduce risk factors and increase protective factors for youth as they grow up in their respective communities. (Search Institute, 2011) YC2 has successfully implemented dozens of PYD programs and events over its 12 year history and seeks to bring more of these activities to youth outside Columbia with the current CSF proposal.

The foundation of our approach in this area is the idea that all youth require access to specific basic assets in order to grow up into productive adults. The more of these assets a community can provide or make readily available, the greater the likelihood a child will grow up with the ability to avoid risky choices and instead make positive ones. PYD activities seek to provide internal assets for youth through direct contact with them but also external assets for youth by strengthening the community environment within which they are developing. Additionally, rather than target one specific type of risky behavior to avoid, the PYD approach affects a youth's ability to avoid any risky choice that he or she might encounter.

To implement such an approach with our PYD program, YC2 will continue to support activities targeted at youth ages 6-19 in the Columbia area like peer education at local high schools; leadership trainings for high school youth as well as the Columbia Youth Advisory Council; partnering with schools and member agencies for events like U Matter, ParentUp, ShredFest, Rock the Community, and National Night Out among others; and bring local and national speakers for youth enrichment on topics such as substance use, bullying, and reducing risk factors in their lives.

The Services proposed here seem comparable to Community Support Services as described by the St. Louis County Children's Services Fund: Coaching sessions designed to educate or reinforce lessons learned for the purpose of reducing risk factors. The CSF approved rate for this service is \$13.25 per 15 minute unit (\$53 per hour). (St. Louis County CSF, Jan. 2016)

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Any strategies and events must be easily accessible. Charging a fee for participation could limit participation of the most vulnerable youth and discourage the voluntary participation of adults who influence the community environment in which youth develop.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

(#2) (600 character limit)

PYD activities are at the heart of YC2's prevention work in Boone County. The communities currently forming coalitions under this project still lack the capacity to provide these activities for their youth on their own. This program service helps them begin this kind of prevention work while organizing greater capacity and sustainability through other funding sources for their activities. An increase in funding from the previous cycle reflects the addition of YC2 PYD activities into the budget, as well as, increased activity in each community outside Columbia.

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

Preventing substance use among youth is key to improving the overall behavioral health of Boone County. The SAMHSA Drug Free Community Program requires its funded coalitions to track these National Outcome Measures.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Some school districts do not participate in the Missouri State Student Survey in Boone County and data is only reported every two years. It may be necessary to find a suitable alternative for this reporting device. Conversation is ongoing with the Boone County Cradle to Career Alliance, Boone County/Columbia Department of Public Health and Human Services, and Boone County Schools Mental Health Coalition.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

These measurement levels are the same measurements that YC2 has set for the STOP Act grant, which has provided some match for YC2 CTC in the previous funding cycle.

d. Provide a rationale for each method of measurement (2). (600 character limit)

The Missouri State Student Survey used to be conducted every other year and has been an important marker for coalitions for more than a decade. Other methods however are being developed using similar questions, and may be able to meet the needs of the Boone County coalitions and subsequent prevention network as they seek funding from other national sources.

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

 - 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
 - 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- ### **2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
 - 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. **Offeror's Contacts:** Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

In return for the payment of the premium and subject to all terms of this policy, we agree with you as follows:

GENERAL SECTION

A. The Policy

This policy includes at its effective date the Information Page and all endorsements and schedules listed there. It is a contract of insurance between you (the employer named in Item 1 of the Information Page) and us (the insurer named on the Information Page). The only agreements relating to this insurance are stated in this policy. The terms of this policy may not be changed or waived except by endorsement issued by us to be part of this policy.

B. Who Is Insured

You are insured if you are an employer named in Item 1 of the Information Page. If that employer is a partnership, and if you are one of its partners, you are insured, but only in your capacity as an employer of the partnership's employees.

C. Workers Compensation Law

Workers Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page. It includes any amendments to that law which are in effect during the policy period. It does not include any federal workers or workmen's compensation law, any federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

D. State

State means any state of the United States of America, and the District of Columbia.

E. Locations

This policy covers all of your workplaces listed in Items 1 or 4 of the Information Page; and it covers all other workplaces in Item 3.A. states unless you have other insurance or are self-insured for such workplaces.

PART ONE - WORKERS COMPENSATION INSURANCE

A. How This Insurance Applies

This workers compensation insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. Bodily injury by accident must occur during the policy period.
2. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

B. We Will Pay

We will pay promptly when due the benefits required of you by the workers compensation law.

C. We Will Defend

We have the right and duty to defend at our expense any claim, proceeding or suit against you for benefits payable by this insurance. We have the right to investigate and settle these claims, proceedings or suits.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

We have no duty to defend a claim, proceeding or suit that is not covered by this insurance.

D. We Will Also Pay

We will also pay these costs, in addition to other amounts payable under this insurance, as part of any claim, proceeding or suit we defend:

1. reasonable expenses incurred at our request, but not loss of earnings;
2. premiums for bonds to release attachments and for appeal bonds in bond amounts up to the amount payable under this insurance;
3. litigation costs taxed against you;
4. interest on a judgment as required by law until we offer the amount due under this insurance; and
5. expenses we incur.

E. Other Insurance

We will not pay more than our share of benefits and costs covered by this insurance and other insurance or self-insurance. Subject to any limits of liability that may apply, all shares will be equal until the loss is paid. If any insurance or self-insurance is exhausted, the shares of all remaining insurance will be equal until the loss is paid.

F. Payments You Must Make

You are responsible for any payments in excess of the benefits regularly provided by the workers compensation law including those required because:

1. of your serious and willful misconduct;
2. you knowingly employ an employee in violation of law;
3. you fail to comply with a health or safety law or regulation; or
4. you discharge, coerce or otherwise discriminate against any employee in violation of the workers compensation law.

If we make any payments in excess of the benefits regularly provided by the workers compensation law on your behalf, you will reimburse us promptly.

G. Recovery From Others

We have your rights, and the rights of persons entitled to the benefits of this insurance, to recover our payments from anyone liable for the injury. You will do everything necessary to protect those rights for us and to help us enforce them.

H. Statutory Provisions

These statements apply where they are required by law.

1. As between an injured worker and us, we have notice of the injury when you have notice.
2. Your default or the bankruptcy or insolvency of you or your estate will not relieve us of our duties under this insurance after an injury occurs.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

3. We are directly and primarily liable to any person entitled to the benefits payable by this insurance. Those persons may enforce our duties; so may an agency authorized by law. Enforcement may be against us or against you and us.
4. Jurisdiction over you is jurisdiction over us for purposes of the workers compensation law. We are bound by decisions against you under that law, subject to the provisions of this policy that are not in conflict with that law.
5. This insurance conforms to the parts of the workers compensation law that apply to:
 - a. benefits payable by this insurance;
 - b. special taxes, payments into security or other special funds, and assessments payable by us under that law.
6. Terms of this insurance that conflict with the workers compensation law are changed by this statement to conform to that law.

Nothing in these paragraphs relieves you of your duties under this policy.

PART TWO - EMPLOYERS LIABILITY INSURANCE

A. How This Insurance Applies

This employers liability insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. The bodily injury must arise out of and in the course of the injured employee's employment by you.
2. The employment must be necessary or incidental to your work in a state or territory listed in Item 3.A. of the Information Page.
3. Bodily injury by accident must occur during the policy period.
4. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.
5. If you are sued, the original suit and any related legal actions for damages for bodily injury by accident or by disease must be brought in the United States of America, its territories or possessions, or Canada.

B. We Will Pay

We will pay all sums that you legally must pay as damages because of bodily injury to your employees, provided the bodily injury is covered by this Employers Liability Insurance.

The damages we will pay, where recovery is permitted by law, include damages:

1. For which you are liable to a third party by reason of a claim or suit against you by that third party to recover the damages claimed against such third party as a result of injury to your employee;
2. For care and loss of services; and
3. For consequential bodily injury to a spouse, child, parent, brother or sister of the injured employee; provided that these damages are the direct consequence of bodily injury that arises out of and in the course of the injured employee's employment by you; and

Workers Compensation and Employers Liability Insurance Policy

4. Because of bodily injury to your employee that arises out of and in the course of employment, claimed against you in a capacity other than as employer.

C. Exclusions

This insurance does not cover:

1. Liability assumed under a contract. This exclusion does not apply to a warranty that your work will be done in a workmanlike manner;
2. Punitive or exemplary damages because of bodily injury to an employee employed in violation of law;
3. Bodily injury to an employee while employed in violation of law with your actual knowledge or the actual knowledge of any of your executive officers;
4. Any obligation imposed by a workers compensation, occupational disease, unemployment compensation, or disability benefits law, or any similar law;
5. Bodily injury intentionally caused or aggravated by you;
6. Bodily injury occurring outside the United States of America, its territories or possessions, and Canada. This exclusion does not apply to bodily injury to a citizen or resident of the United States of America or Canada who is temporarily outside these countries;
7. Damages arising out of coercion, criticism, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination against or termination of any employee, or any personnel practices, policies, acts or omissions;
8. Bodily injury to any person in work subject to the Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sections 901 et seq.), the Nonappropriated Fund Instrumentalities Act (5 U.S.C. Sections 8171 et seq.), the Outer Continental Shelf Lands Act (43 U.S.C. Sections 1331 et seq.), the Defense Base Act (42 USC Sections 1651 -1654), the Federal Mine Safety and Health Act (30 U.S.C. Sections 801 et seq. and 901-944), any other federal workers or workmen's compensation law or other federal occupational disease law, or any amendments to these laws;
9. Bodily injury to any person in work subject to the Federal Employers' Liability Act (45 U.S.C. Sections 51 et seq.), any other federal laws obligating an employer to pay damages to an employee due to bodily injury arising out of or in the course of employment, or any amendments to those laws;
10. Bodily injury to a master or member of the crew of any vessel, and does not cover punitive damages related to your duty or obligation to provide transportation, wages, maintenance, and cure under any applicable maritime law;
11. Fines or penalties imposed for violation of federal or state law; and
12. Damages payable under the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. Sections 1801 et seq.) and under any other federal law awarding damages for violation of those laws or regulations issued there under, and any amendments to those laws.

D. We Will Defend

We have the right and duty to defend, at our expense, any claim, proceeding or suit against you for damages payable by this insurance. We have the right to investigate and settle these claims, proceedings and suits.

We have no duty to defend a claim, proceeding or suit that is not covered by this insurance. We have no duty to defend or continue defending after we have paid our applicable limit of liability under this insurance.

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

E. We Will Also Pay

We will also pay these costs, in addition to other amounts payable under this insurance, as part of any claim, proceeding, or suit we defend:

1. Reasonable expenses incurred at our request, but not loss of earnings;
2. Premiums for bonds to release attachments and for appeal bonds in bond amounts up to the limit of our liability under this insurance;
3. Litigation costs taxed against you;
4. Interest on a judgment as required by law until we offer the amount due under this insurance; and
5. Expenses we incur.

F. Other Insurance

We will not pay more than our share of damages and costs covered by this insurance and other insurance or self-insurance. Subject to any limits of liability that apply, all shares will be equal until the loss is paid. If any insurance or self-insurance is exhausted, the shares of all remaining insurance and self-insurance will be equal until the loss is paid.

G. Limits of Liability

Our liability to pay for damages is limited. Our limits of liability are shown in Item 3.B. of the Information Page. They apply as explained below.

1. **Bodily Injury by Accident.** The limit shown for "bodily injury by accident-each accident" is the most we will pay for all damages covered by this insurance because of bodily injury to one or more employees in any one accident.

A disease is not bodily injury by accident unless it results directly from bodily injury by accident.
2. **Bodily Injury by Disease.** The limit shown for "bodily injury by disease-policy limit" is the most we will pay for all damages covered by this insurance and arising out of bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease. The limit shown for "bodily injury by disease-each employee" is the most we will pay for all damages because of bodily injury by disease to any one employee.

Bodily injury by disease does not include disease that results directly from a bodily injury by accident.
3. We will not pay any claims for damages after we have paid the applicable limit of our liability under this insurance.

H. Recovery From Others

We have your rights to recover our payment from anyone liable for an injury covered by this insurance. You will do everything necessary to protect those rights for us and to help us enforce them.

I. Actions Against Us

There will be no right of action against us under this insurance unless:

1. You have complied with all the terms of this policy; and
2. The amount you owe has been determined with our consent or by actual trial and final judgment.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

This insurance does not give anyone the right to add us as a defendant in an action against you to determine your liability. The bankruptcy or insolvency of you or your estate will not relieve us of our obligations under this Part.

PART THREE - OTHER STATES INSURANCE

A. How This Insurance Applies

1. This other states insurance applies only if one or more states are shown in Item 3.C. of the Information Page.
2. If you begin work in any one of those states after the effective date of this policy and are not insured or are not self-insured for such work, all provisions of the policy will apply as though that state were listed in Item 3.A. of the Information Page.
3. We will reimburse you for the benefits required by the workers compensation law of that state if we are not permitted to pay the benefits directly to persons entitled to them.
4. If you have work on the effective date of this policy in any state not listed in Item 3.A. of the Information Page, coverage will not be afforded for that state unless we are notified within thirty days.

B. Notice

Tell us at once if you begin work in any state listed in Item 3.C. of the Information Page.

PART FOUR - YOUR DUTIES IF INJURY OCCURS

Tell us at once if injury occurs that may be covered by this policy. Your other duties are listed here.

1. Provide for immediate medical and other services required by the workers compensation law.
2. Give us or our agent the names and addresses of the injured persons and of witnesses, and other information we may need.
3. Promptly give us all notices, demands and legal papers related to the injury, claim, proceeding or suit.
4. Cooperate with us and assist us, as we may request, in the investigation, settlement or defense of any claim, proceeding or suit.
5. Do nothing after an injury occurs that would interfere with our right to recover from others.
6. Do not voluntarily make payments, assume obligations or incur expenses, except at your own cost.

PART FIVE - PREMIUM

A. Our Manuals

All premium for this policy will be determined by our manuals of rules, rates, rating plans and classifications. We may change our manuals and apply the changes to this policy if authorized by law or a governmental agency regulating this insurance.

B. Classifications

Item 4 of the Information Page shows the rate and premium basis for certain business or work classifications. These classifications were assigned based on an estimate of the exposures you would have

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

during the policy period. If your actual exposures are not properly described by those classifications, we will assign proper classifications, rates and premium basis by endorsement to this policy.

C. Remuneration

Premium for each work classification is determined by multiplying a rate times a premium basis. Remuneration is the most common premium basis. This premium basis includes payroll and all other remuneration paid or payable during the policy period for the services of:

1. all your officers and employees engaged in work covered by this policy; and
2. all other persons engaged in work that could make us liable under Part One (Workers Compensation Insurance) of this policy. If you do not have payroll records for these persons, the contract price for their services and materials may be used as the premium basis. This paragraph 2 will not apply if you give us proof that the employers of these persons lawfully secured their workers compensation obligations.

D. Premium Payments

1. You will pay all premium when due. You will pay the premium even if part or all of a workers compensation law is not valid.

E. Final Premium

The premium shown on the Information Page, schedules, and endorsements is an estimate. The final premium will be determined after this policy ends by using the actual, not the estimated, premium basis and the proper classifications and rates that lawfully apply to the business and work covered by this policy. If the final premium is more than the premium you paid to us, you must pay us the balance. If it is less, we will refund the balance to you. The final premium will not be less than the highest minimum premium for the classifications covered by this policy.

If this policy is canceled, final premium will be determined in the follow way unless our manuals provide otherwise:

1. If we cancel, final premium will be calculated pro rata based on the time this policy was in force. Final premium will not be less than the pro rata share of the minimum premium.
2. If you cancel, final premium will be more than pro rata; it will be based on the time this policy was in force, and increased by our short-rate cancelation table and procedure. Final premium will not be less than the minimum premium.

F. Records

You will keep records of information needed to compute premium. You will provide us with copies of those records when we ask for them.

G. Audit

You will let us examine and audit all your records that relate to this policy. These records include ledgers, journals, registers, vouchers, contracts, tax reports, payroll and disbursement records, and programs for storing and retrieving data. We may conduct the audits during regular business hours during the policy period and within three years after the policy period ends. Information developed by audit will be used to determine final premium. Insurance rate service organizations have the same rights we have under this provision.

Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

PART SIX - CONDITIONS

A. Inspection

We have the right, but are not obliged to inspect your workplaces at any time. Our inspections are not safety inspections. They relate only to the insurability of the workplaces and the premiums to be charged. We may give you reports on the conditions we find. We may also recommend changes. While they may help reduce losses, we do not undertake to perform the duty of any person to provide for the health or safety of your employees or the public. We do not warrant that your workplaces are safe or healthful or that they comply with laws, regulations, codes or standards. Insurance rate service organizations have the same rights we have under this provision.

B. Long Term Policy

If the policy period is longer than one year and sixteen days, all provisions of this policy will apply as though a new policy were issued on each annual anniversary that this policy is in force.

C. Transfer of Your Rights and Duties

Your rights or duties under this policy may not be transferred without our written consent.

If you die and we receive notice within thirty days after your death, we will cover your legal representative as insured.

D. Cancellation

1. You may cancel this policy. You must mail or deliver advance written notice to us stating when the cancellation is to take effect.
2. We may cancel this policy. We must mail or deliver to you not less than ten days advance written notice stating when the cancellation is to take effect. Mailing that notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice.
3. The policy period will end on the day and hour stated in the cancellation notice.
4. Any of these provisions that conflict with a law that controls the cancellation of the insurance in this policy is changed by this statement to comply with the law.

E. Sole Representative

The insured first named in Item 1 of the Information Page will act on behalf of all insureds to change this policy, receive return premium, and give or receive notice of cancellation.

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

Experience rating is mandatory for all eligible insureds. The experience rating modification factor, if any, applicable to this policy, may change if there is a change in your ownership or in that of one or more of the entities eligible to be combined with you for experience rating purposes. Change in ownership includes sales, purchases, other transfers, mergers, consolidations, dissolutions, formations of a new entity and other changes provided for in the applicable experience rating plan manual.

You must report any change in ownership to us in writing within 90 days of such change. Failure to report such changes within this period may result in revision of the experience rating modification factor used to determine your premium.

Terrorism Risk Insurance Program Reauthorization Act Disclosure Endorsement

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement addresses the requirements of the Terrorism Risk Insurance Act of 2002 as amended and extended by the Terrorism Risk Insurance Program Reauthorization Act of 2015. It serves to notify you of certain limitations under the Act, and that your insurance carrier is charging premium for losses that may occur in the event of an Act of Terrorism.

Your policy provides coverage for workers compensation losses caused by Acts of Terrorism, including workers compensation benefit obligations dictated by state law. Coverage for such losses is still subject to all terms, definitions, exclusions, and conditions in your policy, and any applicable federal and/or state laws, rules, or regulations.

Definitions

The definitions provided in this endorsement are based on and have the same meaning as the definitions in the Act. If words or phrases not defined in this endorsement are defined in the Act, the definitions in the Act will apply.

"Act" means the Terrorism Risk Insurance Act of 2002, which took effect on November 26, 2002, and any amendments thereto, including any amendments resulting from the Terrorism Risk Insurance Program Reauthorization Act of 2015.

"Act of Terrorism" means any act that is certified by the Secretary of the Treasury, in consultation with the Secretary of Homeland Security, and the Attorney General of the United States as meeting all of the following requirements:

- a. The act is an act of terrorism.
- b. The act is violent or dangerous to human life, property, or infrastructure.
- c. The act resulted in damage within the United States, or outside of the United States in the case of the premises of United States missions or certain air carriers or vessels.
- d. The act has been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

"Insured Loss" means any loss resulting from an act of terrorism (and, except for Pennsylvania, including an act of war, in the case of workers compensation) that is covered by primary or excess property and casualty insurance issued by an insurer if the loss occurs in the United States or at the premises of United States missions or to certain air carriers or vessels.

"Insured Deductible" means, for the period beginning on January 1, 2015, and ending on December 31, 2020, an amount equal to 20% of our direct earned premiums, during the immediately preceding calendar year.

Limitation of Liability

The Act limits our liability to you under this policy. If aggregate Insured Losses exceed \$100,000,000,000 in a calendar year and if we have met our Insurer Deductible, we are not liable for the payment of any portion of the amount of Insured Losses that exceeds \$100,000,000,000; and for aggregate Insured Losses up to \$100,000,000,000, we will pay only a pro rata share of such Insured Losses as determined by the Secretary of the Treasury.

MISSOURI EMPLOYER PAID MEDICAL ENDORSEMENT

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies because Missouri is shown in Item 3.A. of the Information Page.

As a Missouri employer, you have the right, as provided by Section 287.957 of the Revised Statutes of Missouri, to have medical-only claims that do not exceed 20% of the current primary and excess loss split point amount, as shown in the Schedule below, excluded from your experience rating modification calculation. This will only be allowed when you pay all of the employee's medical costs, there is no lost time from the employment, other than the first three days or less of disability; and no claim is filed. The current primary and excess loss split point amount is provided in the rating values of NCCI's *Experience Rating Plan Manual*. You still must report all injuries, regardless of the dollar amount, to the Division of Workers' Compensation and to us.

However, it should be noted that if, at any time, the medical expenses that are paid out-of-pocket due to a particular injury ever exceed 20% of the current primary and excess loss split point amount, and/or the employee misses more than three days from work due to the injury, then this injury must be reported to us as a claim. We will pay the full amount of the claim, which includes any reimbursements due to you for past medical expenses incurred by you for this particular claim. As a result, the total amount of losses incurred by us due to this claim will be included in your experience modification calculation.

**MISSOURI PROPERTY AND CASUALTY GUARANTY
ASSOCIATION NOTIFICATION ENDORSEMENT**

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies only to the insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page.

Missouri Property and Casualty Insurance Guaranty Association Coverage Limits:

1. Subject to the provisions of the Missouri Property and Casualty Insurance Guaranty Association Act (Act), if we are a member of the Missouri Property and Casualty Insurance Guaranty Association (Association), the Association will pay claims covered under the Act if we become insolvent.
2. The Act contains various exclusions, conditions and limitations that govern a claimant's eligibility to collect payment from the Association and affect the amount of any payment. The following limitation applies subject to all other provisions of the Act:
 - a. Claims covered by the Association do not include a claim by or against an insured of an insolvent insurer if the insured has a net worth of more than \$25 million on the later of the end of the insured's most recent fiscal year or the December thirty-first of the year next preceding the date the insurer becomes an insolvent insurer; provided that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its affiliates as calculated on a consolidated basis.

If the insured prepares an annual report to shareholders, or an annual report to management reflecting net worth, then such report for the fiscal year immediately preceding the date of insolvency of the insurer will be used to determine net worth.

However, the association will not:

- (1) Pay an amount in excess of the applicable limit of insurance of the policy from which a claim arises; or
- (2) Return to an insured any unearned premium in excess of \$25,000.

These limitations have no effect on the coverage we will provide under this policy.

MISSOURI AMENDATORY ENDORSEMENT

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies only to the insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page

Section G., **Audit**, of Part Five (Premium) of the policy is replaced by the following:

G. Audit

You will let us examine and audit all your records that relate to this policy during regular business hours during and after the policy period ends. These records include ledgers, journals, registers, vouchers, contracts, tax reports, payroll and disbursement records, and programs for storing and retrieving data. Information developed by audit will be used to determine final premium. Insurance rate service organizations have the same rights we have under this provision.

Audits shall be completed, billed, and premiums returned within 120 days of policy expiration or cancellation. This standard of 120 days shall not be applicable if:

1. A delay is caused by your failure to respond to reasonable audit requests provided that the requests are timely and adequately documented; or
2. A delay is by the mutual agreement of you and us provided that the agreement is adequately documented.

If you or we have any objection to the results of any audit, you or we shall have up to three years from the date of expiration or cancellation of this policy in which to send a written notice demanding a reconsideration of the audit. The written notice shall be based upon sufficiently clear and specific facts as to why the audit should be reconsidered.

If you do not allow us to examine and audit all of your records that relate to this policy or do not provide audit information as reasonably requested, we may apply an Audit Noncompliance Charge equal to estimated annual premium.

If you allow us to examine and audit all of your records after we have applied an Audit Noncompliance Charge, your premium will be revised accordingly.

Failure to cooperate with this policy provision may also result in the cancellation of your insurance coverage, as specified under the policy and allowed under Missouri law.

"PART THREE-OTHER STATES INSURANCE" of the policy is replaced by the following:**A. How this insurance applies:**

1. We will pay promptly, when due, the benefits required of you by the workers compensation law of any state other than Missouri, but only if the claim for such benefits involves work performed by a Missouri employee.
2. If we are not permitted to pay the benefits directly to persons entitled to them under circumstances described in Item 1. above, we will reimburse you for the benefits required to be paid.

B. This insurance does not apply to:

1. Any employee unless the contract of employment was made in Missouri, or the employment was principally localized in Missouri.
2. Any person claiming benefits under the workers compensation law of any state that requires you to obtain coverage in such state before you begin work in such state; or
3. Any person claiming benefits in a state for which you have workers compensation coverage; or
4. Your operations in any state other than Missouri, unless these operations are of a temporary and incidental nature, and are performed by a Missouri employee; or
5. Fines or penalties arising out of your failure to comply with the requirements of the workers compensation law.

IMPORTANT NOTICE

If you hire any employees outside of Missouri or begin operations in any state other than Missouri, you must obtain insurance coverage in that state and do whatever else may be required under that state's law, as this endorsement does not satisfy the requirements of that state's workers compensation law. Missouri Employers Mutual Insurance Company cannot provide coverage that is required under any state's laws other than Missouri.

PAYMENT PLAN ENDORSEMENT

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

Please check your Policy Information Page to see the basis upon which your policy was issued, in order to determine which of the following apply:

Annual Payment:

The premium for this policy is payable in whole before the policy's effective date. This premium is based on the estimates shown on your Policy Information Page. Final premium for each annual period of this policy is subject to audit. If the policy was issued without payment, payment in full must be received by the invoice date or your policy will be canceled.

EZ-Pay:

The premium for this policy will be calculated weekly, bi-weekly, twice monthly or monthly based on the EZ-Pay plan indicated on your Policy Information Page. The online premium reporting form must be filled out and submitted with the premium payment from the approved payroll service company. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. Any unpaid premium balance will be billed to you. Any remaining funds will be returned to you, subject to final audit. Premium reports received are subject to review.

Installment Payments:

The premium for this policy is based on the estimates shown on your Policy Information Page and will be divided into installments according to the plan shown there. Premium is due on or before the date shown on the installment billing statement. If premium is not received by the due date on the installment billing, your policy will be canceled. Any unpaid premium balance will be billed to you. Any remaining funds will be returned to you, subject to final audit.

Monthly Premium Reporting:

The premium for this policy will be calculated on a monthly basis. At the end of each month, you must access the online premium reporting form, which must be filled out and returned with the premium payment. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. In the event of cancellation, the security deposit will be applied to any unpaid premium balance. Any remaining unpaid premium will be billed to you. Any remaining funds will be returned to you, subject to the final audit. Premium reports received are subject to review.

Quarterly Premium Reporting:

The premium for this policy will be calculated on a quarterly basis. At the end of each calendar quarter, you must access the online premium reporting form, which must be filled out and returned with the premium payment. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. In the event of cancellation, the security deposit will be applied to any unpaid premium balance. Any remaining unpaid premium will be billed to you. Any remaining funds will be returned to you, subject to the final audit. Premium reports received are subject to review.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Children's Emergency Shelter

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Child Abuse & Neglect Emergency Shelter, Inc., dba Rainbow House** a tax-exempt, not organized for profit RH or governmental entity, hereinafter referred to as **RH**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, RH has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY RH

RH is expected to the greatest extent possible to maximize funding from all other sources. RH shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. RH shall only request reimbursement for services not reimbursable by any other source. RH shall not invoice the Children's Services Fund for units of service invoiced to another funding source. RH shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** RH will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and RH's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over RH's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from RH and RH agrees to furnish the **Children's Emergency Shelter** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in RH's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$13,271.80** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. RH agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of RH be renewed for an **additional one (1), one-year period**. RH agrees and understands that the BCCSB may require supplemental information to be submitted by RH prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Out-of-Home Respite Care	One hour	\$14.85	400	\$5,940.00
Individual Therapy – Child	One hour	\$83.51	50	\$4,175.50
Positive Youth Development	One hour	\$18.63	60	\$1,117.80
Social/Emotional & Developmental Screenings	One screening	\$16.00	30	\$480.00
Public Awareness/Education	One hour	\$20.78	75	\$1,558.50

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of RH, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by RH to monitor service delivery and program expenditures. RH agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by RH and, if so stipulated, are noted on this contract document. Payments may be withheld from RH if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. RH agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** RH also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of RH's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from RH, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** RH agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect RH's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client

confidentiality. In addition, RH hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event RH requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from RH may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with RH's policies and procedures and in accordance with any local/state/federal regulations. RH agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. RH must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** RH will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** RH agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to RH's provision of such services.

14. **Accreditation/Licensure/Certifications.** RH must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** RH agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and RH and this shall include any transaction in which RH is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** RH may enter into subcontracts for components of the contracted service as RH deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, RH shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** RH agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. RH shall require each subcontractor to affirmatively state in its Agreement with the RH that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide RH a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** RH agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against RH or any individual acting on the RH's behalf, including subcontractors, which seek to enjoin or prohibit RH from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If RH ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if RH no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, RH will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event RH, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to RH as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

- a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

- b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should RH fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, RH shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the RH for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, RH agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Child Abuse & Neglect Emergency Shelter, Inc., dba Rainbow House** (meaning anyone, including but not limited to consultants having a contract with RH or subcontractor for part of the services), or anyone directly or indirectly employed by RH, or of anyone for whose acts RH may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the RH.** RH shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. RH will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. RH will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. RH agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and RH. The BCCSB does not recognize any of the RH's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** RH shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Child Abuse & Neglect Emergency Shelter
Name of Program	Children's Emergency Shelter

Organization Profile	
-----------------------------	--

1. Advisory Board – There are no Advisory Board members listed but three years is entered as the board term.

Action Required: Provide clarification in the box below.

2.

Advisory Board members are no listed on the organization profile.

p

Employee Compensation – The Office Manager's salary is listed as the same as the Executive Director (\$50,000) and other director salaries are listed from \$38,000 – \$45,000. The benefits for the Office Manager are also significantly higher than the Executive Director and other directors.

Action Required: Provide a narrative explanation in the box below.

Salaries for administrative positions are based on years of service in a particular position. Our Office Manager has been in that position for more than ten years; our ED has been in that position for 2+. Our agency benefit total reported for each position includes health insurance. Obviously, not all admin staff have need for agency health insurance and for those who do, premiums are based on age of the employee and family size. Additionally, if an employee is in our 401K plan, agency matches up to 3% and that amount is included in each total.

Proposal Cover Sheet	
-----------------------------	--

3. Required Attachments – None of the Signed Addendums and the Attachments were uploaded to the appropriate field.

Action Required: Upload Attachments A, B, C, and the Signed Addendums in Apricot's Proposal Cover Sheet. **Files are attached to this email. I was unable to upload the attachments, as the application was locked on Apricot.**

Program Overview Form	
------------------------------	--

4. Program Consumers/Consumer Demographics – There are 135 unduplicated individuals listed in the Program Consumers and the Consumer Demographic information. In Service #4, there are 360 unduplicated individuals listed.

Action Required: Clarify in the box below the total number of consumers, funded through all funding sources, who will receive services through the Children's Services Fund.

Service #4 reflects the number of individuals contacts through community outreach services, including those attending a presentation about Rainbow House or coming up to a awareness booth.

5. Program Quality – Please provide information on the current state license with the Missouri Department of Social Services. How often does the Children's Emergency Shelter receive a monitoring visit? Have there been any substantiated complaints?

Action Required: Provide the information in the box below.

The representative that monitors our state license, does two visits a year and the shelter is relicensed every 3 years, which requires more extensive visits and monitoring. At this time there have been no substantiated complaints.

6. Program Personnel Information - The Children's Shelter Program Coordinator, with a high school education, has a higher pay range salary than the Shelter Advocate with a bachelor's degree.

Action Required: Provide an explanation in the box below.

The CES Program Coordinator is a supervisory role. The current Program Coordinator has been with the agency for almost 3 years and demonstrated a high level of skill before being promoted to that position and later receiving a raise to her current salary.

Program
Services
Form
(1-5)

7. Service #1 – The service is offered from 7:00 am – 3:00 pm.

Action Required: Provide a narrative explaining why respite is only offered during these times.

Our respite care program utilizes the same staff as our shelter services. The program must abide by state ratio at all times. During the hours of 7am-3pm school age children living in the shelter are at school which creates availability for respite care children. The Shelter Director can approve extended hours if a family is in need of more time and the shelter is not at capacity.

8. Service #2/Unit Rate – The Unit Rate the Children’s Services Fund is paying is \$83.51/hour, the proposed rate is now \$122.53/hour.

Action Required: Provide an explanation on the significant increase in the rate.

This must have been a mistake from looking at the rate from another program. It should be changed to \$83.51/hour.

9. Service #2/Proposed Number of Units of Service – As of August 2017, there has only been 22.75, out of 50, units of services utilized. The current request, in this proposal, is for 75 units of service.

Action Required: Considering the current utilization information, you will need to provide an updated request for the number of services in the box below. You will also need to provide updated information in the attached ‘Service Change Chart’. Please provide your best and final offer.

10. At the beginning of the year the Children’s Shelter was still getting approval to hire a therapist and then spent the first half of the year interviewing and hiring a therapist. This is why the utilization rate is low. The current therapist started on June 19th of this year. Since then, through September, we has utilized 31.75 units of therapy.

ice #5/Taxonomy Name and Definition of Service – There is not currently a taxonomy service name ‘Social-Emotional/Developmental Assessment’. Typically, the taxonomy name would be driven by the actual screening and/or assessments that will be offered. Information on the assessment/screening tool is needed. (see below).

Action Required: Provide clarification below on whether the Social/Emotional/Developmental Assessment is one assessment tool being utilized. If so, the service name can be called Social-Emotional Screening & Developmental Screening”. Update all the information for this service in the attached ‘Service Change Chart’.

11. Service #5/Service Description – Provide the specific name(s) of the assessment/screening tool(s) that will be used and more information on the children who will receive the assessment screening and how frequently they will receive them.

Action Required: Provide the information in the box below.

The Shelter uses the Ages and Stages Questionnaire (ASQ) as an assessment tool. This is for children 60 months and younger. Children in this age range will receive an assessment upon entering the program. This assessment is then used to make recommendations to staff, parents, and caseworkers, as well as make referrals to other resources, when necessary.

12. Service #5/Unit Measure and Unit Rate – The Unit Measure and the Unit Rate for this service will need to be updated. When completing screenings/assessments the unit measure is always one screening or one assessment. The unit rate will cover the costs of providing that screening/assessments. (ex. cost to administer the screening, the cost to score the screening, etc.)

Action Required: Update all the information for this service in the attached “Service Change Chart”.

See attached chart.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

13. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the ‘Program Outputs and Funding Request Tables’.

Service Change Chart			
Organization Name: Child Abuse & Neglect Emergency Shelter, Inc.			
Program Name: Children's Emergency Shelter			
Service #2 – Taxonomy of Service Name: Individual Therapy - Child			
Service #2 – Taxonomy Definition of Service: Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of the session remains on the individual's treatment plan.			
Provide a detailed description of the proposed service: Children over the age of five will participate in therapy at least once a week while staying in the shelter. If youth do not receive therapy through an outside provider, therapy is provided by the Shelter Clinical Coordinator. Therapy is provided at least weekly, but can occur more often if indicated. The therapist will create a treatment plan for each resident that addresses mental health concerns and goals. Therapy methods utilized could include Cognitive Behavioral Therapy, Motivational Interviewing, elements of play therapy, and other types of talk therapy. Therapist and youth will collaborate to determine what best fits the youth's needs. Therapist will make referrals for psychiatry services, if needed.

This endorsement applies only to the insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page.

The **Cancellation** Condition of the policy is replaced by the following:

Cancellation

1. You may cancel this policy. You will mail or deliver advance written notice to us, stating when the cancellation is to take effect.
2. We may cancel this policy. We will mail or deliver to you not less than 60 days advance written notice stating when the cancellation is to take effect and our reason for the cancellation. Proof of mailing of this notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice. This notice shall be the last and final notice of cancellation of your policy prior to the effective date and time of cancellation indicated in the notice. You hereby agree to the sufficiency of this notice for this purpose. Any additional communications from us to you, including, but not limited to, billing notices or offers to reinstate your policy, do not invalidate or void any cancellation pursuant to this section.
3. The 60-day notice requirement does not apply where cancellation is based on one or more of the following reasons:
 - a. nonpayment of premium;
 - b. fraud or material misrepresentation affecting the policy or in the presentation of a claim under the policy;
 - c. a violation of policy terms;
 - d. changes in conditions after the effective date of the policy materially increasing the hazards originally insured;

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Bakutes:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymtmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda B. Bobbitt".

Strategic Plan (MUST BE IN PDF FORMAT)

Strategic
Plan:

Briefly describe the geographic area in which your organization provides services. (600 character limit)

Service Area:

The vast majority of children who arrive at our Children's Shelter are from Boone County. We are open to serving children from any area. Our CAC provides services to the counties of Adair, Audrain, Boone, Callaway, Cole, Cooper, Howard, Macon, Monroe,

Randolph and Shelby; the CAC occasionally has a request for an interview from a county served by another CAC and we comply if it is in the best interest of the child. Our Homeless Youth come to us from all over the state and sometimes out of state. Our counselors most often seen clients from Columbia/Boone County.

Briefly describe the population(s) served by your organization. (600 character limit)

Population Served: Children age birth to 18 may be admitted to our Children's Shelter. We have been requested by Children's Division to go to the hospital and assist in placing a new bom when the child is considered in danger due to a high risk mother. CAC referrals are accepted for children ages 3 to 18; the Homeless Youth program serves youth ages 16 - 21. Our counselors work with children and youth ages 4 to 21 and their parents. Our counselors provide parenting classes as well.

Accreditation:

Provide the name of the accrediting body, the name of the accreditation, period of current accreditation (including expiration date), and a brief description of the accreditation.

Accreditation 1:

The Rainbow House Regional Child Advocacy Center has been an accredited member of National Children's Alliance (NCA) since 2000. Our re-accreditation has been approved through October 2021. We applied for re-accreditation in 2015 and our site visit was completed in October 2016. The two site reviewers met with multidisciplinary team members, attended a case review, met with members of our Board of Directors and toured the facility. NCA has ten best practice standards which must be met before approval. Our facility satisfactorily met those ten standards.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Rainbow House offers crisis emergency shelter which allows parents to place their children in a safe environment before they reach a stress level that could lead to abuse or neglect. Rainbow House also provides emergency foster care for children in state custody. The goal is to reduce the number of placements a child must move to, by providing a safe and supportive environment, while Children's Division locates a stable placement. In 2015, 9.4% of families with children in Boone County were in poverty and 31.4 of families were housing cost burdened (Boone Indicators). In calendar year 2016, 26% of crisis care admissions to the Rainbow House Emergency Shelter were due to homelessness. In 2015 there were 41 substituted cases of physical abuse, 54 of neglect, and 24 cases of sexual abuse in Boone County (Boone Indicators). Through the emergency foster care program, children are often placed after home removal due to allegations of abuse. According to the Center for Disease Control and Prevention (2012), a risk factor strongly related to child abuse is parental stress. In calendar year 2016, 50% of crisis care admissions to the Rainbow House Emergency Shelter were due overwhelming parental stress. This data describes the main struggles we see families and children experiencing when they are referred to Rainbow House. By continuing to offer and improve shelter services, Rainbow House has the opportunity to keep children safe and lessen the risk of abuse to children due to crises.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The population served through Children's Emergency Shelter can be the following: Single parents who lack safe friends and family support to care for their children in an emergency -In 2015, 2.9% of households in Boone County had a single father and 6.5% of households had a single mother. (BID); Parents in crisis who are stressed and worried about harming their child if they do not have immediate respite care -In 2015, there were 41 cases of physical abuse substantiated in Boone County. (BID); Mothers with children who are fleeing a domestic violence situation and need a safe place for their children to stay -In 2015, there were 1,628 reported cases of domestic violence in Boone County. (BID); and foster children referred by children's division prior to or in between foster placements. This is just a small snapshot of the population served by Rainbow House. In 2016 the Children's Shelter served

119 youth in a variety of circumstances, with homelessness and overwhelming parenting stress being the main reasons cited for referral to crisis care services.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

To be a resource for parents and Children's Division when immediate, safe, stable, and supportive shelter is needed for a child. Also, to provide supportive services to parents so they may overcome the obstacles that are creating instability and stress in their lives.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The purpose of providing emergency shelter is to provide immediate safety to children who otherwise might not be safe. The Children's Emergency Shelter provides emergency shelter, basic needs and other services to foster children referred by Children's Division prior to placement in an appropriate foster home or between foster placements. Sibling groups may be kept together and children from Columbia may continue in their home school while at Rainbow House. The Shelter also provides crisis care services to children referred by parents/caregivers who are in crisis and are temporarily not able to ensure the safety of their children. Each child is provided with a number of services including: well-check physical examinations, developmental assessments, mental health assessments and counseling, conflict resolution skills, a structured environment, and frequent communication with school personnel and other professionals. The shelter employs a family advocate and family therapist. The family advocate works with families experiencing crisis, and connects them to services that may help alleviate stress and make steps towards resolving the crisis. The shelter therapist provides individual therapy weekly for youth over the age of 5, developmental assessments for younger children, and group sessions that encourage emotional health and skill building. Rainbow House Children's Emergency provides much more than basic needs. The program offers a safe, stable, and supportive environment for

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The Children's Emergency Shelter provides shelter to children ages 0-17, who are in the foster care system and need emergency placement, or whose parents are experiencing crisis and need a safe place for them to stay. In 2016, 105 of 164 (duplicated) children were living in families with an income level that qualified for free lunch. This number could be higher, as we do not always receive income information about the biological families of children in the foster care system. Many children we serve have experienced trauma, in some cases the parents/caregivers also have a trauma history. Families using crisis care services may be experiencing homelessness, incarceration, hospitalization of a part or sibling, overwhelming parental stress, or another crisis. The Children's Emergency Shelter provides services to children in counties throughout Mid-Missouri, as we are the only emergency shelter specifically for children in the area.

b. Why will these particular consumers be served? (1500 character limit)

Rainbow House serves this population, as it fits with our mission to "keep children safe and to support families in crisis through prevention, assessment, and intervention in child abuse and neglect." Our crisis care services are considered preventative, since overwhelming stress can be a risk factor for child abuse. Rainbow House aims to provide safety and support to children, so the consumers served are children and families in vulnerable situations. This is also why Rainbow House provides services to these consumer free of cost, so they may have access to services no matter their financial situation.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

In the Children's Emergency Shelter there are a limited number of beds for children/youth: 14 total. At times the program will meet capacity in bed space and is forced to turn away referrals of other children/youth in the community who also need our services. Severe behavior concerns, usually aggression or inappropriate sexual behaviors, occur on a fairly regular basis among referrals. Unfortunately, Rainbow House does not have the ability to provide appropriate care and supervision to children with this concerns, do they must be referred elsewhere.

d. Total number of unduplicated individuals to be served by the proposed program:

135

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of

time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. **No individual should be counted twice under any sub-section.**

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

The Children's Emergency Shelter utilizes the Evidence-Based of models Positive Youth Development (PYD) and Trauma-Informed Care. Positive Youth Development is a framework that encourages healthy, productive, and engaged youth. The framework aims to build on a youth's strengths. (acf.hhs.gov) When trauma-informed care is utilized, a program realizes the impact of trauma, recognizes symptoms, and uses this knowledge when creating policies and procedures. These strategies will create a program culture that resists re-traumatization of clients. (samsha.gov)

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The models used in the Children's Emergency Shelter create a supportive environment for children experiencing trauma and other hardships. Rainbow House recognizing that many of the children's and families we serve have experienced trauma and any out-of-home placement can be difficult for a child emotionally and psychologically. Trauma-informed care will maintain will supportive environment, while the Positive Youth Development approach will engages youth in building on their strengths and feeling empowered to grow and learn.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

In a study by ARCH National Respite Network of parents using crisis care who completed evaluations, "36% of parents said it was moderately or extremely likely that their children would have been placed in out-of-home care by authorities if crisis respite was not available." In the same study, 53% of parents reported that, if it were not for the availability of crisis care services, they would have kept their child with them in a situation that may be inappropriate for a child, left their child with someone that they did not feel comfortable with as a caregiver, left their children unattended, or would have requested out-of-home placement for their child. The data from this study also shows that the mean stress rating for parents decreased from 4.18- (on a 7 point scale) to 2.64, after using crisis respite. (FRIENDS National Resource Center)

In fiscal year 2016, 80% of parents who used the Rainbow House Shelter for crisis care who also completed evaluations reported a decrease in their stress levels between their children's admission and discharge.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Rainbow House Children's Emergency Shelter provides a unique service in our community – crisis care for children with caregivers who are experiencing an extremely stressful situation. When a parent/caregiver is in crisis it may impair their ability to adequately care for their children. Rainbow House is the only provider in the area that offer this service. Adding respite care services in 2016 enhanced the quality of services we were able to provide. Respite Care can support parents in crisis, who do not need an overnight stay, but are concerned about childcare during the day. While this care cannot be long term, it can support families while they work to resolves their current crisis. Rainbow House offers a home-like environment for children. The program staff have worked to create a space that is welcoming, fun, and most importantly, supportive of the children's needs.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

The most important method used for quality improvement is feedback from parents, caseworkers, and children. This feedback is given to program staff regularly and allows staff to adapt the program, within agency policies, to fit the needs of the consumers. The Shelter Director and Program Coordinator attend meetings quarterly with other crisis care providers. These meetings offer an opportunity to communicate with other providers and what works in their programs and what does not. Staff will also attend trainings and adapt what is learned to make the program for effective for the youth we serve.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Throughout their stay at Rainbow House, children give feedback the most by speaking to staff. Daily Logs record the child's activities throughout the day and any important statements they make. Feedback from parents is collected in a similar way, while a child is at Rainbow House. Crisis Care parents also give feedback at discharge through the Everyday Stressors Index and ARCH Evaluation. These assessments provide information about the parent's stress level and how helpful they found our crisis services. Follow-up calls with parents allow for feedback to be given to the Shelter Advocate regarding a child's stay and the parent's experience with Rainbow House. Caseworks also provide feedback throughout a child's stay. Many caseworkers give positive feedback, as well as suggestions, regarding policies such as: intake and admission, visitation, transportation, and others.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Rainbow House Children's Shelter receives referrals from Children's Division, Juvenile Office, case managers as well as parents/caregivers in the community who are in crisis. We refer parents/caregivers to a variety of other organizations including, but not limited to, the following: Central Missouri Food Bank, Columbia Housing Authority, Harbor House, Love, Inc., Burrell Behavioral Health, True North, Voluntary Action Center, Phoenix Programs, First Chance for Children, and others depending on the needs of the parent/caregiver. The shelter advocate participates in Net Meetings for early childhood providers and attends a variety of community outreach events, such as the Back to School Fair. Program staff aim to educate the community regarding Rainbow House services and make connections to a variety of agencies in our community.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The Shelter Director will be responsible for most administrative tasks, program planning, grant writing, supervision of staff, and overall operation of the program. The Children's Shelter Program Coordinator will be responsible for day to day functioning of the shelter, maintain a safe environment, staff supervision, monitoring documentation and other data entry regarding youth we serve, and other tasks needed for efficient shelter operation. The Shelter Clinical Coordinator is responsible for individual therapy, family therapy, clinical case management, and facilitated group sessions when needed. The Shelter Advocate is responsible for case management with crisis care families, outreach in the community, setting behavioral goals with children/youth, and communication with caseworkers regarding a youth's stay. Youth Specialists provide daily care to the residents of the shelter and ensure basic needs are met, as well as appropriate activities based on developmental level. The Children's Shelter employs both full-time and part-time Youth Specialists. The shelter staffed by at least two Youth Specialists 24/7. The Shelter Director and Shelter Clinical Coordinator are both .5FTE, as they also have those same roles with the Homeless Youth Program at Rainbow House.

Minimum qualifications and salary ranges are set by the Board of Directors and Executive Director. Years of experience in this field is also taken into consideration when considering the education requirement.

Program Budget Instructions

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Community Collaboration

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Consulting/supporting local stakeholders to assess, organize and train the community for prevention of risky behaviors among their youth

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

A model for wellness set forth by The Robert Wood Johnson Foundation recommends promoting wellness at the community level. (Robert Wood Johnson Foundation, July 2014) As evidenced by YC2's success over the past 12 years, coalitions can be an asset when seeking to break down silos within a community and encourage a collaborative environment among community sectors. In keeping with this recommendation, our Community Collaboration Program Service (CCP) will continue maintenance of YC2 activities in the Columbia area and foster further organization among five emerging youth community coalitions outside Columbia to promote wellness at a local level. During the previous funding cycle, YC2 has helped to establish working youth coalitions in 4 of 5 communities outside Columbia and will seek to establish a fifth in Harrisburg during this cycle.

Consistent with our previous CSF community collaboration activities, this CCP will continue to assist Community Liaisons in each community to help assess and address the needs of their youth and to grow a sustainable network of citizens committed to making their town a better place for youth to grow up in. Under the proposed CCP, YC2 staff will continue to provide needed support with organizing meetings, bringing in training and activities for the community, and evaluating the progress in conjunction with MU IPP designed surveys and assessments.

Expanding upon the previous CCP, this proposal includes YC2 activities under the umbrella of the project, preparing the way for a larger Boone County wide youth coalition. While current YC2 members are already reaching out to engage with the new community coalitions, the proposed project formalizes this connection, streamlining YC2 collaboration goals with those of the emerging networks outside Columbia.

Also, this proposal moves community trainings and evaluations into CCP and will fully integrate the organizing and coalition support efforts with ongoing education and assessment services. As knowledge and understanding of the Strategic Prevention Framework for community organizing increase through ongoing trainings and assessments, community goals will become more focused and known throughout each community. We have also included Columbia as an assessed community in our evaluation package in this proposal.

While increasing the capacity of YC2 and the emerging coalitions in each community is the near term goal of this CCP, sustaining this activity is a longer term goal. Two specific longer term goals for this project include 1) the establishment of a sustainable Boone County youth coalition including all community coalitions, as well as, our partners in schools, agencies, business and government; and 2) securing significant federal funding that can enhance the support provided by Boone County CSF to help make all of Boone County a better place for youth.

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

1 hour of supportive services to one individual

b. Unit Rate (#1)

\$54.01

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

The Services proposed here seem comparable to Non-Therapeutic Counseling as described by the St. Louis County Children's Services Fund: Counseling or coaching sessions for children and/or parents without a mental illness or behavioral disturbance for the purpose of adding or reinforcing protective factors. The CSF approved rate for this service is \$107.47. (St. Louis County CSF, Jan. 2016)

d. Total Number of Units of Service to be Provided (#1)

e. Total Number of Unduplicated Individuals (#1)

175

f. Average Number of Units of Service per Unduplicated Individual (#1)

13.71

g. Average Cost of Service per Individual (#1)

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Charging a fee for participation could discourage the voluntary participation of youth and adults who influence the community environment in which youth develop.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

There are no fees for the proposed service to be billed to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service #1 - Amount Received From Other Funders

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

YC2 has made great strides during the previous funding cycle for this CTC program, establishing youth focused coalitions in four Boone County communities. We want to continue this momentum and support for these communities as they move toward independent status and funding. YC2 contemplates a joint proposal for federal Drug Free Communities funding to support the work of all coalitions within the next three years.

YC2 is requesting additional funding for its main coalition work due to potential changes in its current funding and the need to support a full time position to continue this work.

Service #1- Performance Measures**Outcome (1-1)**

Multiple community sectors are engaged and representatives recruited to support or become part of local coalition.

Indicator (1-1)

Membership represents 12 sectors of the community recruited to support or become part of local coalition.

Method of Measurement (1-1)

Membership Roster, Collaborative Agreements

Additional Outcome (1-2)

Coalition members are committed to membership and processes

Additional Indicator (1-2)

90% of coalition members attend at least 6 meetings, and 2 non-meeting training sessions annually.

Additional Method (1-2)

Attendance rosters

Additional Outcome (1-3)

Coalition members take active responsibility for writing and implementing their community prevention plan.

Additional Indicator (1-3)

95% of coalition members will state they understand the goals and objectives of the coalition.

Additional Method (1-3)

Coalition Assessment conducted annually by IPP

Additional Outcome (1-4)

Coalition members take active responsibility for writing and implementing their community prevention plan.

Additional Indicator (1-4)

90% of coalition members are involved in identifying and writing the coalition's prevention plan.

Additional Method (1-4)

Attendance rosters, Staff notes

Additional Outcome (1-5)

Coalition members take active responsibility for writing and implementing their community prevention plan.

Additional Indicator (1-5)

At least one evidence based strategy will be introduced in each community.

Additional Method (1-5)

Meeting Minutes, Event Rosters, News Coverage

Service #1 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

Outcome 1, 1-2, and 1-3 relate directly to the goal of creating a local coalition. Stakeholders must be engaged and recruited to create a core group who can then take part in the assessments and training provided by the YC2 CTC. The core group of stakeholders remains important for championing the coalition's activities as they help create an environment that is rich with protective factors and promote a whole health approach to behavioral health and substance abuse prevention.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

The readiness of each community to address behavioral health issues varies. YC2 CTC continues to provide ongoing assessment to the communities to determine evidenced based responses given individual levels of readiness. Also, communities are made up of unique sub-populations and sub-systems that often have turf issues to overcome. Integrating the YC2 Coordinator into each coalition so that they can act as a neutral third party and bring an outside perspective to the community's current state seeks to lessen the effect of these issues.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

The measurement levels are higher than the normal 80 - 20 rule because coalition members are expected to be recruited for their affinity with the idea of prevention and positive youth development. It is less than 100% to allow for unforeseen demands on coalition members that might limit the time they can give to this voluntary activity.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The Institute for Public Policy is a respected organization conducting multiple assessment and evaluation efforts in the County. Their assessments will be conducted according to their high standards. The YC2 Coordinator will be keeping attendance records, meeting minutes, and membership rosters. They will also be drawing up the written prevention plan as it is decided upon by the coalition members. Ready access will help to monitor these documents.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Positive Youth Development

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Activities designed to increase protective factors and reduce risk factors in youth

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Positive Youth Development (PYD) is a model for youth support emphasizing strengthening of individual and community resources necessary to reduce risk factors and increase protective factors for youth as they grow up in their respective communities. (Search Institute, 2011) YC2 has successfully implemented dozens of PYD programs and events over its 12 year history and seeks to bring more of these activities to youth outside Columbia with the current CSF proposal.

The foundation of our approach in this area is the idea that all youth require access to specific basic assets in order to grow up into productive adults. The more of these assets a community can provide or make readily available, the greater the likelihood a child will grow up with the ability to avoid risky choices and instead make positive ones. PYD activities seek to provide internal assets for youth through direct contact with them but also external assets for youth by strengthening the community environment within which they are developing. Additionally, rather than target one specific type of risky behavior to avoid, the PYD approach affects a youth's ability to avoid any risky choice that he or she might encounter.

To implement such an approach with our PYD program, YC2 will continue to support activities targeted at youth ages 6-19 in the Columbia area like peer education at local high schools; leadership trainings for high school youth as well as the Columbia Youth Advisory Council; partnering with schools and member agencies for events like U Matter, ParentUp, ShredFest, Rock the Community, and National Night Out among others; and bring local and national speakers for youth enrichment on topics such as substance use, bullying, and reducing risk factors in their lives.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

1 hour of service for 1 individual

b. Unit Rate (#2)

\$15.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

The Services proposed here seem comparable to Community Support Services as described by the St. Louis County Children's Services Fund: Coaching sessions designed to educate or reinforce lessons learned for the purpose of reducing risk factors. The CSF approved rate for this service is \$13.25 per 15 minute unit (\$53 per hour). (St. Louis County CSF, Jan. 2016)

d. Total Number of Units of Service to be Provided (#2)

700

e. Total Number of Unduplicated Individuals (#2)

350

f. Average Number of Units of Service per Unduplicated Individual (#2)

2

g. Average Cost of Service per Individual (#2)

30

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Any strategies and events must be easily accessible. Charging a fee for participation could limit participation of the most vulnerable youth and discourage the voluntary participation of adults who influence the community environment in which youth develop.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

No applicable fees to be billed to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$10,500.00

b. Proposed Number of Units of Service (#2)

700

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

PYD activities are at the heart of YC2's prevention work in Boone County. The communities currently forming coalitions under this project still lack the capacity to provide these activities for their youth on their own. This program service helps them begin this kind of prevention work while organizing greater capacity and sustainability through other funding sources for their activities. An increase in funding from the previous cycle reflects the addition of YC2 PYD activities into the budget, as well as, increased activity in each community outside Columbia.

Service #2 - Performance Measures

Outcome (2-1) Youth attitudes toward substance use change	Indicator (2-1) 10% reduction in number of youth who report use of substances in the past 30 days	Method of Measurement (2-1) Missouri State Student Survey (Boone County Statistics), Cradle to Career Survey, or other
Additional Outcome (2-2)	Additional Indicator (2-2) 10% reduction in number of youth reporting that using substances could be harmful	Additional Method (2-2) Missouri State Student Survey (Boone County Statistics), Cradle to Career Survey, or other
Additional Outcome (2-3)	Additional Indicator (2-3) 10% reduction in number of youth reporting that their parents would disapprove of them using substances	Additional Method (2-3) Missouri State Student Survey (Boone County Statistics), Cradle to Career Survey, or other
Additional Outcome (2-4)	Additional Indicator (2-4) 10% reduction in number of youth who report that their friends use substances	Additional Method (2-4) Missouri State Student Survey (Boone County Statistics), Cradle to Career Survey, or other
Additional Outcome (2-5)	Additional Indicator (2-5)	Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

Preventing substance use among youth is key to improving the overall behavioral health of Boone County. The SAMHSA Drug Free Community Program requires its funded coalitions to track these National Outcome Measures.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Some school districts do not participate in the Missouri State Student Survey in Boone County and data is only reported every two years. It may be necessary to find a suitable alternative for this reporting device. Conversation is ongoing with the Boone County Cradle to Career Alliance, Boone County/Columbia Department of Public Health and Human Services, and Boone County Schools Mental Health Coalition.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

These measurement levels are the same measurements that YC2 has set for the STOP Act grant, which has provided some match for YC2 CTC in the previous funding cycle.

d. Provide a rationale for each method of measurement (2). (600 character limit)

The Missouri State Student Survey used to be conducted every other year and has been an important marker for coalitions for more than a decade. Other methods however are being developed using similar questions, and may be able to meet the needs of the Boone County coalitions and subsequent prevention network as they seek funding from other national sources.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 – Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum ***should be acknowledged*** and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
- Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r, Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Homeless Youth Program

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Child Abuse & Neglect Emergency Shelter, Inc., dba Rainbow House** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **RH**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, RH has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY RH

RH is expected to the greatest extent possible to maximize funding from all other sources. RH shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. RH shall only request reimbursement for services not reimbursable by any other source. RH shall not invoice the Children's Services Fund for units of service invoiced to another funding source. RH shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** RH will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and RH's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over RH's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from RH and RH agrees to furnish the **Homeless Youth Program** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in RH's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$11,629.25** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. RH agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of RH be renewed for **an additional one (1), one-year period**. RH agrees and understands that the BCCSB may require supplemental information to be submitted by RH prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
24-Hour Emergency Shelter	One day	\$101.81	50	\$5,090.50
Individual Therapy – Child	One hour	\$122.53	20	\$2,450.60
Case Management	15 minutes	\$9.52	350	\$3,332.00
Clinical Case Management	15 minutes	\$19.07	25	\$476.75
Positive Youth Development	One hour	\$13.97	20	\$279.40

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty

days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of RH, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by RH to monitor service delivery and program expenditures. RH agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by RH and, if so stipulated, are noted on this contract document. Payments may be withheld from RH if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. RH agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** RH also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of RH's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from RH, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** RH agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect RH's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, RH hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing,

inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event RH requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from RH may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with RH's policies and procedures and in accordance with any local/state/federal regulations. RH agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. RH must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** RH will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** RH agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to RH's provision of such services.

14. **Accreditation/Licensure/Certifications.** RH must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** RH agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and RH, and this shall include any transaction in which RH is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** RH may enter into subcontracts for components of the contracted service as RH deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services

under the resulting contract agreement, RH shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** RH agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. RH shall require each subcontractor to affirmatively state in its Agreement with the RH that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide RH a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** RH agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against RH or any individual acting on the RH's behalf, including subcontractors, which seek to enjoin or prohibit RH from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If RH ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if RH no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, RH will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event RH, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to RH as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should RH fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, RH shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the RH for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, RH agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Child Abuse & Neglect Emergency Shelter, Inc., dba Rainbow House** (meaning anyone, including but not limited to consultants having a contract with RH or subcontractor for part of the services), or anyone directly or indirectly employed by RH, or of anyone for whose acts RH may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the RH.** RH shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. RH will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. RH will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. RH agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and RH. The BCCSB does not recognize any of the RH's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** RH shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of

this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Child Abuse & Neglect Emergency Shelter
Name of Program	Homeless Youth Program

Organization Profile	
-----------------------------	--

1. Advisory Board – There are no Advisory Board members listed but three years is entered as the board term.

Action Required: Provide clarification in the box below.

Advisory Board members are no listed on the organization profile.

2. Employee Compensation – The Office Manager’s salary is listed as the same as the Executive Director (\$50,000) and other director salaries are listed from \$38,000 – \$45,000. The benefits for the Office Manager are also significantly higher than the Executive Director and other directors.

Action Required: Provide a narrative explanation in the box below.

Salaries for administrative positions are based on years of service in a particular position. Our Office Manager has been in that position for more than ten years; our ED has been in that position for 2+. Our agency benefit total reported for each position includes health insurance. Obviously, not all admin staff have need for agency health insurance and for those who do, premiums are based on age of the employee and family size. Additionally, if an employee is in our 401K plan, agency matches up to 3% and that amount is included in each total.

Proposal Cover Sheet	
-----------------------------	--

3. Required Attachments – None of the Signed Addendums and the Attachments were uploaded to the appropriate field.

Action Required: Upload Attachments A, B, C, and the Signed Addendums in Apricot’s Proposal Cover Sheet. **Files are attached to this email. I was unable to upload the attachments, as the application was locked on Apricot.**

Program Overview Form	
------------------------------	--

4. Consumer Demographics – There are only 15 youth listed to receive this service. The number of consumer demographics served should be for the entire program, not just Children’s Services Funding.

Action Required: Will more than 15 youth be served? Provide an explanation in the box below.

This is for the entire program. Transitional living is long-term, up to 18 months, and we only have 4 beds available. Unlike emergency services, we serve fewer youth, for a longer amount of time. Now that street outreach services have been moved to another contract, and other services will become available in Boone County we believe, including street outreach, the total served could increase to 25 youth.

5. Program Budget – Last year’s renewal amount for the HYP was \$21,778.35. As of 10/2/17 only \$7,261.40 had been utilized. The current request for funding is \$49,206.67 but after removing the Street Outreach the total request would be \$46,589.67.

Action Required: Considering the current utilization information, you will need to provide an updated request and justification for all the services in the box below. Provide updated information in the attached ‘Service Change Chart’ that reflects current contract utilization.

Please provide your best and final offer.

The number of units proposed to the county is reduced. In the past we had difficulties estimated the number of units needed because our program also provides services to 20-21 year old youth, which are no covered by this contract. The number given in this offer is a more conservative estimate. The final proposed amount is \$11,629.26 for one year of services.

6. Service 1- 24-Hour Emergency Shelter/Outputs- Is the Children’s Services Fund the only funder for this service? If not, complete the chart below with figures representing all funding sources.

Action Required: Complete the chart below to reflect all funding sources for a homeless youth bed night. If there are no other funders move on to the next question.

24-Hour Emergency Shelter	
d. Total Number of Units of Services to be Provided (#1):	180
e. Total Number of Unduplicated Individuals (#1):	10

7. Service 1- 24-Hour Emergency Shelter/Funding Request – Based on our current utilization records, as of August there have only been 32 units utilized. There are still 68 units not utilized. *Action Required:* Complete the ‘Program Outputs and Funding Request Table’ and the ‘Service Change Chart’ below to reflect an updated request based on this information. This must be your best and final offer. Provide justification for this request in the field box below.

The number of units proposed to the county is reduced. In the past we had difficulties estimated the number of units needed because our program also provides services to 20-21 year old

youth, which are not covered by this contract. The number given in this offer is a more conservative estimate.

8. Service 2- Transitional Shelter/Outputs/Funding Request- The Children's Services Fund can't pay for Transitional Shelter. The Missouri statute specifically states that funds can only be invested to address up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth. If there are other funding sources for this service it will still need to be included in Outputs section but your funding request would be zero.

Action Required: Complete the chart below to reflect all funding sources for the Transitional Shelter bed night. If there are no other funders, then enter 0, in the box.

Transitional Shelter	
d. Total Number of Units of Services to be Provided (#2):	720
e. Total Number of Unduplicated Individuals (#2):	6

Action Required: Provide information in the field box below on other funders for this service, if any.

The City of Columbia has provided funding in the past and a proposal has been submitted to continue this funding.

9. Service 3- Individual Therapy/Name, Definition, and Description – This service should be reflected as Individual Therapy – Child.

Action Required: Complete the 'Program Outputs and Funding Request Table' and the 'Service Change Chart' below to reflect the correct name. Provide any notes in the field box below.

Changes have been made to the attached charts.

10. Service #3 – Individual Therapy - Child/Outputs - Is the Children's Services Fund the only funder for this service? If not, complete the chart below with figures representing all funding sources.

Action Required: Complete the chart below to reflect all funding sources for a homeless youth bed night. If there are no other funders move on to the next question.

Individual Therapy - Child	
d. Total Number of Units of Services to be Provided (#3):	100
e. Total Number of Unduplicated Individuals (#3):	6

11. Service 3- Individual Therapy - Child /Funding Request – Based on our current utilization records, as of August there have only been 2 out of the 25 units utilized.

Action Required: Complete the 'Program Outputs and Funding Request Table' and the 'Service

Change Chart' below to reflect an updated request based on this information. This must be your best and final offer. Provide justification for this request in the field box below.

The number of units proposed to the county is reduced. In the past we had difficulties estimated the number of units needed because our program also provides services to 20-21 year old youth, which are no covered by this contract. The number given in this offer is a more conservative estimate.

12. Service #4 – Case Management - Child/Outputs - Is the Children's Services Fund the only funder for this service? If not, complete the chart below with figures representing all funding sources.
Action Required: Complete the chart below to reflect all funding sources for case management. If there are no other funders move on to the next question.

Case Management	
d. Total Number of Units of Services to be Provided (#4):	500
e. Total Number of Unduplicated Individuals (#4):	10

13. Service #4 – Case Management – Will youth using the 24-hour Emergency Shelter use this Case Management Service? If they are, are these units/individuals factored into the output section?
Action Required: Provide a response in the field below. Make any necessary changes in the 'Program Outputs and Funding Request Table' and the 'Service Change Chart' below.

Yes. The youth using emergency shelter will use case management services as well. That number will be reflected in the output section.

14. Service #5- Clinical Case Management/Outputs- Is the Children's Services Fund the only funder for this service? If not, complete the chart below with figures representing all funding sources.
Action Required: Complete the chart below to reflect all funding sources for clinical case management. If there are no other funders move on to the next question.

Clinical Case Management	
d. Total Number of Units of Services to be Provided (#5):	72
e. Total Number of Unduplicated Individuals (#5):	6

15. Service #6– Street Outreach/Outputs – This portion of your request has been moved over to the Homeless Youth Program: Youth Outreach Team program. We will still need to keep track of this data here as well as the new program. Update the Output section to match what is going to be in your other contract as well as funding from other organizations. We report on all the services in the Homeless Youth Program.

Action Required: Make changes in the 'Program Outputs and Funding Request Table' and the 'Service Change Chart' below. Provide any comments in the field below.

Changes have been made to the attached chart to reflect one year of street outreach in the

Youth Homelessness contract.

16. Service #6– Street Outreach/Funding Request – This section would show a zero for both a. and b. because you wouldn't see any funding from this contract.

Action Required: Make changes in the 'Program Outputs and Funding Request Table' and the 'Service Change Chart' below. Provide any comments in the field below.

Changes have been made to the attached charts.

17. Service #7- Positive Youth Development - Is the Children's Services Fund the only funder for this service? If not, complete the chart below with figures representing all funding sources.

Action Required: Complete the chart below to reflect all funding sources for Positive Youth Development. If there are no other funders move on to the next question.

Positive Youth Development	
d. Total Number of Units of Services to be Provided (#7):	72
e. Total Number of Unduplicated Individuals (#7):	6

18. Service 7- Positive Youth Development /Funding Request – Based on our current utilization records, as of August there have only been 6 out of the 30 units utilized.

Action Required: Complete the 'Program Outputs and Funding Request Table' and the 'Service Change Chart' below to reflect an updated request based on this information. This must be your best and final offer. Provide justification for this request in the field box below.

The number of units proposed to the county is reduced. In the past we had difficulties estimated the number of units needed because our program also provides services to 20-21 year old youth, which are no covered by this contract. The number given in this offer is a more conservative estimate.

Service #1 – Taxonomy Definition of Service: Emergency shelter provided for a 24-hour period for up to 30 days within a one-year period. Services may be provided on a first-come, first served, or reserved basis. Program consumers should be provided meals and have access to bathing and laundry facilities			
Provide a detailed description of the proposed service: Emergency Shelter will be provided to youth ages 16-21, who are homeless or at-risk for homelessness. Emergency Shelter will have a abbreviated admission process in comparison to the Transitional Living Program. Emergency Shelter is available for no more than 30 day and will typically be kept at less than 2 weeks. At this time, the Homeless Youth Program has one bed available specifically for Emergency Shelter. Preference for this bed will be given to youth 16 and 17 years old, as they are not able to access adult shelters. Rainbow House will communicate and refer with adult shelters when youth are 18 or over. While receiving Emergency Shelter the individual will have access to bathing and laundry facilities, as well as food, clothing, toiletries, and other basic needs. Youth will receive case management services, while staying at the shelter. Street Outreach services may be used to connect youth to emergency shelter.

Service #3 – Taxonomy Definition of Service: Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of the session remains on the individual's treatment plan			
Provide a detailed description of the proposed service: Youth are required to participate in individual therapy while staying in the transitional living program. If youth do not receive therapy through an outside provider, therapy is provided by the Shelter Clinical Coordinator. Therapy is provided at least weekly, but an occur more often if indicated. The therapist will create a treatment plan for each resident that addresses mental health concerns and goals. Therapy methods utilized could include Cognitive Behavioral Therapy, Motivational Interviewing, and other types of talk therapy. Therapist and youth will collaborate to determine what best fits the youth's needs. Therapist will make referrals for psychiatry services, if needed.

It is characterized by advocacy, communication, and resource management.			
Provide a detailed description of the proposed service: Case management services are required for all youth staying the program. Youth will meet with the Program Coordinator 1-3 times a week, depending on their progress in the program. Upon admission into the program, the youth will create a service plan with the Program Coordinator and Shelter Clinical Coordinator. This service plan will address the long-term goals important to the youth, including housing, employment, and education. This service plan is used to create the weekly and monthly short-term goals and action steps set by the youth. Provide a detailed description of the proposed service: Street Outreach is provided to youth ages 16-21, who are currently street homeless or at immediate risk of becoming street homeless. The Program Coordinator provides street outreach services to youth who are not staying in the program but need access to resources. These services are typically community based and can include referral to other agencies, assistance obtaining important documents, obtaining needed clothing items, brief mental health screenings, and other services. Program staff follow-up with youth served through street outreach, when needed. Youth may participate in street outreach services only once or for several weeks, depending on their needs. Program staff promote safe and stable housing at the primary goal when providing street outreach services.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Bakutes:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda Bobbitt", with a stylized flourish at the end.

General Information

Organization Mission Statement (Purpose):
Provide your organization's mission statement. (600 character limit)
The mission of Rainbow House is to keep children safe and support families in crisis through prevention, assessment and intervention in child abuse and neglect.

Organization History:
Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)
Founded in 1986 by Kathy Hughes, Rainbow House opened as an Emergency Children's Shelter providing emergency foster care and later expanded to provide emergency crisis care; the Regional Child Advocacy Center (CAC) was added as a program in 1997 and initially served seven counties; SOL House was added in 2007 and provides shelter and life skills for homeless youth ages 16-21. Rainbow House has always provided counseling services as well as child medical exams and has provided parenting classes for the past 5 years.

Brief Statement of Organization's Major Goals:
Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)
Our major goals are to be a community resource, provide shelter for children, support services for families, forensic interviews, SAFE's (Sexual Abuse Forensic Exams) for children referred to us by Children's Division, law enforcement, juvenile office, to provide shelter, life skills and support for homeless youth; to provide counseling and parenting classes. We are here to serve the community and to be a beacon for those in need.

Service Area:
Briefly describe the geographic area in which your organization provides services. (600 character limit)
The vast majority of children who arrive at our Children's Shelter are from Boone County. We are open to serving children from any area. Our CAC provides services to the counties of Adair, Audrain, Boone, Callaway, Cole, Cooper, Howard, Macon, Monroe,

Randolph and Shelby; the CAC occasionally has a request for an interview from a county served by another CAC and we comply if it is in the best interest of the child. Our Homeless Youth come to us from all over the state and sometimes out of state. Our counselors most often seen clients from Columbia/Boone County.

Briefly describe the population(s) served by your organization. (600 character limit)

Population Served: Children age birth to 18 may be admitted to our Children's Shelter. We have been requested by Children's Division to go to the hospital and assist in placing a new born when the child is considered in danger due to a high risk mother. CAC referrals are accepted for children ages 3 to 18; the Homeless Youth program serves youth ages 16 - 21. Our counselors work with children and youth ages 4 to 21 and their parents. Our counselors provide parenting classes as well.

Accreditation:

Provide the name of the accrediting body, the name of the accreditation, period of current accreditation (including expiration date), and a brief description of the accreditation.

Accreditation 1:

The Rainbow House Regional Child Advocacy Center has been an accredited member of National Children's Alliance (NCA) since 2000. Our re-accreditation has been approved through October 2021. We applied for re-accreditation in 2015 and our site visit was completed in October 2016. The two site reviewers met with multidisciplinary team members, attended a case review, met with members of our Board of Directors and toured the facility. NCA has ten best practice standards which must be met before approval. Our facility satisfactorily met those ten standards.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The issue of youth homelessness has sparked many conversations among social service providers in Boone County over the last few years. National estimates of unaccompanied youth vary substantially due to varied methods of data collection. In 2004, SAMHSA released a study stating that 1.6 million youth ages 12-17, about 7%, had run away from home and slept on the street during the previous year (Street Outreach Program, 2016). Boone County participates in a yearly point-in-time count of homeless individuals. The preliminary finding from the January 2017 count, indicate there were 12 unaccompanied youth age 18-24 in Boone County and 108 children who were members of households. These numbers give a rough estimate and general picture of the issue in Boone County (Point-in-Time Count, 2017). The issue also extends to the ability to house youth in a timely fashion. Unaccompanied youth have trouble finding housing due to their age, lack of rental history, and lack of affordable housing. In 2015, 52.7% of individuals who rented homes in Boone County were housing cost burdened (Boone Indicators Dashboard). The Homeless Youth Program provides housing to unaccompanied youth, as well as supportive services. The program aims to provide safe and stable housing, while helping youth move towards independent living and future housing stability.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

As the only organization in mid-Missouri providing services for homeless and runaway youth, Rainbow House provides a critical service to meet the needs of this unique population. The homeless youth population includes youth that are "couch-surfing" or "doubling up". In areas like Boone County and Columbia, it is common for this population to be "invisible", however outreach and connections with community can lead to connections with youth who need help. The Homeless Youth Program Coordinator has encountered homeless youth in the downtown area of Columbia, the Columbia Mall, Columbia Public Library and at city intersections holding up signs. High school counselors frequently contact the Rainbow House Homeless Youth Program to discuss youth that are struggling to remain in school with no permanent housing and feeling insecure about getting their basic needs met. In 2016, the graduation rate in Columbia Public Schools was 90% (BID). In 2015 and 2016, only 37.5% of eligible residents of the Homeless Youth Program had

received their High School Diploma or GED. (Eligible here indicates they had the opportunity to graduate. Resident who were still in high school at the time of admission were not included in this figure). In 2015, the median household income for Boone County was \$72,446 (BID). In 2015 and 2016, 88.5% of residents entering the program earned less than 10% of the median household income and 65.4% earned less than 5% of the median household income for Boone County.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

To reduce the number of homeless youth in Mid-Missouri by providing the support needed to become successful adults. The program aims to provide youth with an increased sense of safety, well-being, and self-sufficiency while connecting them to a greater number of permanent connections.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The Rainbow House Homeless Youth Program provides emergency shelter, transitional living, mental health counseling, case management, life skills classes, and referrals to job skills training and educational opportunities, and other resources to Boone County homeless youth 16 to 21 years of age. The program uses a scattered site apartment model. Youth live in two bedroom apartments, potentially with a roommate. Youth are required to meet with a case manager at least weekly, typically more often. The youth set weekly and monthly goals, which contribute to larger housing, education, employment and mental health goals. To promote mental health and wellness, residents of the program are required to meet with a therapist weekly. Those youth who have not completed their high school education will be required to attend school or GED classes and obtain at least a part time job in order to remain in the Homeless Youth Program. Residents will participate in weekly life skills classes and/or community meetings as part of the Positive Youth Development framework. The main priorities for youth residing in the program are to get a diploma or GED, find and keep a job, learn life skills, save money, and address issues related to childhood trauma. These priorities, along with obtaining stable housing, will help the youth maintain independence and stability into adulthood.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The Homeless Youth Program serves unaccompanied youth ages 16-21 who are homeless or at-risk for homelessness. At-risk would include runaway youth. The definition of homeless will include youth who are doubled-up and couch surfing. Homeless will also include youth fleeing domestic violence, under Category 4 of the HUD definition. Youth must be unaccompanied, meaning they are not in the care or custody of the State. If the youth is a minor, a legal guardian must participate in the admission process, unless the legal guardian cannot be contacted and the youth is considered a qualified minor under Missouri law. Rainbow House uses a trauma-informed care approach, as many youth in the program have a trauma history.

b. Why will these particular consumers be served? (1500 character limit)

The Administration for Children and Families (ACF) has identified the age range of 16-21 and determined only unaccompanied youth can be served in the Transitional Living Programs funded through their federal grant. There is research conducted through ACF and the Family and Youth Services Bureau that indicates this is a population in need. The Homeless Youth Program started in 2007 and has served these consumers since that time. By serving this population we are able to provide services to individuals who have limited options. Youth ages 16 and 17 are not able to access adult shelters, leaving the Homeless Youth Program as their only option if the home environment is unsafe or unhealthy. Youth 18-21 can access adult shelters, but can struggle because these services are not tailored to the specific needs of their developmental level.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Providing services to unaccompanied youth can present a unique set of issues. Homeless Youth, especially in less urban areas, present as doubled-up or couch-surfing. Therefore, the typical model of "street" outreach does not locate all vulnerable youth. Another challenge can be encountering youth who have severe mental health concerns, aggression issues or severe substance abuse, as we cannot typically provide the level of care needed for these youth.

d. Total number of unduplicated individuals to be served by the proposed program:

15

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

21575.91

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

b. Provide information on the types of training that will be offered. (1500 character limit)

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

The Rainbow House location on Towne Drive is open 8:30a-4:30p, Monday through Friday. The Program Coordinator has an office in the same apartment complex as the youth live and typically alternates between that location and Towne Drive Monday-Friday. Rainbow House has a staff member on-call 24-7 for emergency situation and potential intakes.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

The Homeless Youth Program serves unaccompanied youth ages 16-21 who are homeless or at-risk for homelessness. At-risk would include runaway youth. The definition of homeless will include youth who are doubled-up and couch surfing. Homeless will also include youth fleeing domestic violence, under Category 4 of the HUD definition. Youth must be unaccompanied, meaning they are not in the care or custody of the State. Program staff meet with the potential resident and their history, future goal, and program expectation before making an admission determination.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Program residents have little to no income when entering the program. To make access available to those in need of service Rainbow House provides free and confidential services, which includes all service available through the Homeless Youth Program.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

There are not licensing or accreditation requirements for this program. The program received federal funding from the Administration for Children and Families. That grant has requirements for the structure of the Transitional Living Program, including age of residents and maximum length of stay. This funding also requires using a Positive Youth Development framework.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

The Homeless Youth Program utilizes the Evidence-Based of model Positive Youth Development (PYD) which is nationally known and practiced by Transitional Living Programs for homeless youth around the country. Positive Youth Development is a framework that encourages healthy, productive, and engaged youth. The framework aims to build on a youth's strengths. The PYD framework was developed from research that suggests there were certain protective factors that lead to greater success in youth. (acf.hhs.gov)

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The federal grant which has primarily funded our program since its beginning mandates the Positive Youth Development model, and we agree with the philosophy and practices of that model. A staff member from our program is required to attend at least one conference per year in regards to this model, and it is an opportunity for all of the agencies to learn from one another about what is working and what is not in all of the locations practicing this model.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

On the Family and Youth Services Bureau website there is information about why Positive Youth Development (PYD) was chosen as the model for funded program. The website sites information from the National Research Council of the Institute of Medicine, regarding program that used a PYD approach. Programs were successful if they provided the following, which are part of the PYD framework: clear expectations of behaviors, increased opportunity to make decisions, supportive adult relationships, emotion support, physical safety, opportunities for skill building, opportunities to make a contribution to their community, and many more. (acf.hhs.gov) Positive Youth Development is a framework that continues to be researched. The Family and Youth Service Bureau continues to support it as the best model for youth programs.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The innovative aspects of our proposed service begin with taking an established framework proven to accelerate the reduction of adult homelessness, both nationally and in Boone County, and tailoring it to meet the unique challenges and needs of the homeless youth population. The Homeless Youth Program Coordinator has been an active participant in the Functional Zero Task Force and Columbia Homeless Outreach Team. The task force is working to create a by-name list of individuals experiencing homelessness. Program staff has also been involved with Coordinated Entry planning for our area for programs that work with homeless individuals. Rainbow House aims to be involved with Evidence-Based community efforts to end homelessness and advocate from the perspective of youth homelessness.

The program is also aware of subpopulations that have unique needs, such as LGBTQ youth. These youth are overrepresented in the homeless youth population. The program will seek the inclusion of youth LGBTQ groups such as PRISM to increase access for the most vulnerable and at-risk youth. Another subpopulation that will be specifically identified with this needs assessment is youth aging out of the foster care system.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Residents of the Homeless Youth Program participate in assessment regularly including a life skills assessments and mental health assessments. These help youth examine their progress towards goals and discuss what is helping or hindering progress. Program staff meets weekly to discuss program policies and how it positively or negatively affects youth progress. The program relies on resident feedback. This is the best tool the program has found to make improvements. Program staff will also set up meetings with other agencies in the state doing similar work to have conversation about their successes and concerns. Staff will also attend trainings and adapt what is learned to make the program for effective for the youth we serve.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

The Homeless Youth Program receives feedback from the residents in a variety of ways. The evaluation methods are utilized throughout a residents stay

in the program. This allows for the most up to date feedback. There are life skills classes and community meetings led by the program coordinator or director. The meetings provide an opportunity for youth to discuss policies, express their likes and dislikes, and voice any concerns regarding staff. The program director is also available to meet with youth one-on-one to discuss concerns. Many youth provide feedback when they meet with the case manager on a weekly basis. Through assessing goals and progress in the program, there are discussions about how program structure is helping or hindering the youth. Upon discharge the youth are also given the opportunity to through exit paperwork to express likes and dislike about the program. Youth can also offer suggestions from program improvements at this time.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Rainbow House partners with several community agencies that provide necessary "wrap-around" services to the youth who reside in the Homeless Youth Program. Those agencies include: Burrell Behavioral Health Services, Columbia/Boone County Health Department, Columbia Public Schools, Job Corps, Job Point, Phoenix Programs, Salvation Army, The Center Project, Voluntary Action Center, Wilkes Blvd. United Methodist Church, Youth Community Coalition and Youth Empowerment Zone. Staff members work closely with Columbia Public Schools counselors and adult homeless shelters because they frequently come into contact with the youth who could benefit from our services. The Homeless Youth Program continues to update previous MOUs in order to learn how services offered in the community can best support youth living in the program. The Homeless Youth Program Coordinator serves as the agencies representative in many community groups and initiatives including: Youth Community Coalition, Basic Needs Coalition, Functional Zero Task Force, Columbia Homeless Outreach Team, and Project Homeless Connect.

Program Personnel Instructions

Instructions: **Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.**

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The Shelter Director will be responsible for most administrative tasks, program planning, grant writing, supervision of staff, and overall operation of the program. The Homeless Youth Program Coordinator will be responsible for providing the direct services to HYP residents, coordinating outreach, and participating in local initiatives regarding homelessness. The Shelter Clinical Coordinator is responsible for individual therapy, family therapy, clinical case management, and facilitated group sessions when needed. The Shelter Director and Shelter Clinical Coordinator are both .5FTE, as they also have those same roles with the Children's Shelter at Rainbow House.

Minimum qualifications and salary ranges are set by the Board of Directors and Executive Director. Years of experience in this field is also taken into consideration when considering the education requirement.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

24-Hour Emergency Shelter

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Emergency shelter provided for a 24-hour period for up to 30 days within a one-year period. Services may be provided on a first-come, first served or reserved basis. Program consumers should be provided meals and have access to bathing and laundry facilities

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Emergency Shelter will be provided to youth ages 16-21, who are homeless or at-risk for homelessness. Emergency Shelter will have a abbreviated admission process in comparison to the Transitional Living Program. Emergency Shelter is available for no more than 30 day and will typically be kept at less than 2 weeks. At this time, the Homeless Youth Program has one bed available specifically for Emergency Shelter. Preference for this bed will be given to youth 16 and 17 years old, as they are not able to access adult shelters. Rainbow House will communicate and refer with adult shelters when youth are 18 or over. While receiving Emergency Shelter the individual will have access to bathing and laundry facilities, as well as food, clothing, toiletries and other basic needs. Youth will receive case management services, while staying at the shelter. Street Outreach services may be used to connect youth to emergency shelter.

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

Program residents have little to no income when entering the program. To make access available to those in need of service Rainbow House provides free and confidential services, which includes all service available through the Homeless Youth Program.

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Insurance does not cover the proposed service. At this time there are not state subsidies or other payors that fund this specific service.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

There is no cost to the consumer for this service.

Service #1 - Amount Received From Other Funders

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

Rainbow House works to obtain and maintain the necessary funding from a variety of sources to sustain the Homeless Youth Program. The federal Transitional Living Program grant requires a 10% match. Funding from Boone county will help with this match requirement, while allowing important services to continue.

Service #1- Performance Measures

Outcome (1-1)

Indicator (1-1)

Method of Measurement (1-1)

To improve the safety and well-being of homeless youth in Boone County	100% of youth residing in the program will be provided with safe shelter	Resident service plans, intake and discharge documentation

Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

This outcome directly connects to the program goal of improving the safety and well-being of youth in the program. Providing Emergency Shelter to youth will reduce the number of youth forced to reside in an unsafe environment because of housing instability.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

The capacity of the shelter can affect this outcome. The program has only one emergency bed available, due to funding limitations at this time. Program staff refer to other emergency shelters and encourage youth to contact friends or family for temporarily shelter. The program hopes to grow over the next 3 years, making more emergency beds available.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Rainbow House will always provide a safe and stable environment to youth in the program. Program policies and procedures ensure that 100% of youth will have safe shelter. Youth leave the program under a variety of circumstance. Sometimes this means leaving out of frustration or leaving before stable housing is found. Due to this, 90% was chosen for youth transitioning to stable housing or returning home.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Service plans, case management notes, intake, and discharge documentation will provide information the safety and stability of a youth's stay. Concerns with environment that would affect this outcome and indicator would be noted in documentation. Service Plans and aftercare documentation will record where youth reside after leaving the program and their progress post-discharge.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Transitional Shelter

b. Service #2 - Taxonomy Definition of Service (300 character limit)

24-hour shelter provided beyond the initial 30 days of 24-hour emergency shelter provided within a one-year period. Program consumers should be provided meals and have access to bathing and laundry facilities. Supportive services should be provided in conjunction with the transitional shelter.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Transitional Shelter will be provided to youth ages 16-21 for up to 18 months. Youth apply for the program and participate in an interview with program staff before an admission determination is made. Youth in the program will participate in case management, individual therapy, life skills classes, and educational and employment opportunities. While in the program individuals will have access to bathing and laundry facilities, as well as food clothing, toiletries and other basic needs. Housing, education, and employment are the main priorities while youth are participating in the Transitional Living Program.

Service #2 - Outputs

b. Unit Rate (#2)

\$101.81

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

These are the rates used in previous funding received from the Children's Services Fund. These rates were originally adapted from the approved units of service for the St. Louis County Children's Service Fund.

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Program residents have little to no income when entering the program. To make access available to those in need of service Rainbow House provides free and confidential services, which includes all service available through the Homeless Youth Program.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

Insurance does not cover the proposed service. At this time there are not state subsidies or other payors that fund this specific service.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

There is no cost to the consumer for this service.

(#2) (600 character limit)

Rainbow House works to obtain and maintain the necessary funding from a variety of sources to sustain the Homeless Youth Program. The federal Transitional Living Program grant requires a 10% match. Funding from Boone county will help with this match requirement, while allowing important services to continue.

Service #2 - Performance Measures

Outcome (2-1)

To improve the safety and well-being of homeless youth in Boone County

Indicator (2-1)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

This outcome directly connects to the program goal of improving the safety and well-being of youth in the program. Providing Transitional Shelter to youth will reduce the number of youth forced to reside in an unsafe environment because of housing instability. It will also improve well-being through not only basic needs but emotional support and skill building.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

The capacity of the shelter can affect this outcome. The program has four transitional beds available, due to funding limitations at this time. Program staff refer to emergency shelter, other programs in the state, and encourage youth to contact friends or family for temporary shelter. At this time we do receive more calls for shelter than we can accommodate. The program hopes to grow over the next 3 years, making more transitional beds available.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

Rainbow House will always provide a safe and stable environment to youth in the program. Program policies and procedures ensure that 100% of youth will have safe shelter. Youth leave the program under a variety of circumstance. Sometimes this means leaving out of frustration or leaving before stable housing is found. Due to this, 90% was chosen for youth transitioning to stable housing or returning home.

d. Provide a rationale for each method of measurement (2). (600 character limit)

Service plans, case management notes, intake, and discharge documentation will provide information the safety and stability of a youth's stay. Concerns with environment that would affect this outcome and indicator would be noted in documentation. Service Plans and aftercare documentation will record where youth reside after leaving the program and their progress post-discharge.

Service #3 - Name, Definition and Description

Service #3 - Taxonomy of Service Name (150 character limit)

Individual Therapy

Service #3 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of the session remains on the individual's treatment plan.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Youth are required to participate in individual therapy while staying in the transitional living program. If youth do not receive therapy through an outside provider, therapy is provided by the Shelter Clinical Coordinator. Therapy is provided at least weekly, but can occur more often if indicated. The therapist will create a treatment plan for each resident that addresses mental health concerns and goals. Therapy methods utilized could include Cognitive Behavioral Therapy, Motivational Interviewing, and other types of talk therapy. Therapist and youth will collaborate to determine what best fits the youth's needs. Therapist will make referrals for psychiatry services, if needed.

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

Increasing the mental health functioning of youth will increase well-being, safety, and self-sufficiency. Depression, anxiety, and Post-Traumatic Stress Disorder are the most common mental health concerns seen in the program. These diagnosis can affect one's sense of safety, especially if symptoms become severe. Symptoms can also lead to lack of motivation, which affects one's sense of self-sufficiency. The intended outcome of therapy is to increase mental health functioning, which will support other goals of the program.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

A youth's history with therapeutic intervention could potentially be negative. This can make it difficult to see positive changes in therapy, even with a new provider. The youth's access to psychiatric care in a timely fashion, when needed, can also affect individual therapy outcomes.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

Youth respond to therapy in a variety of different ways. In most cases, as youth develop their treatment plans with a therapist and develop positive report, and increase in coping skills will occur. Some youth struggle more than others in an individual therapy setting, so 70% was chosen for this indicator.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

Therapy progress notes and documentation regarding youth behavior will demonstrate changes in coping skills. The therapist will conduct assessments in sessions to measure progress, however, those results are confidential. Staff documentation of youth behavior is the best method to measure an increase or decrease in positive coping skills.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Case Management

b. Service #4 - Taxonomy Definition of Service (300 character limit)

A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health and human services needs. It is characterized by advocacy, communication, and resource management.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Case management services are required for all youth staying the program. Youth will meet with the Program Coordinator 1-3 times a week, depending on their progress in the program. Upon admission into the program, the youth will create a service plan with the Program Coordinator and Shelter Clinical Coordinator. This service plan will address the long term goals important to the youth, including housing, employment, and education. This service plan is used to create the weekly and monthly short-term goals and action steps set by the youth. The Program coordinator uses the service plan to guide case management and reviews the plan quarterly to make necessary updates.

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

Increasing access to services will increase self-sufficiency, as youth will learn more about services available in the community. Case management services are not only about connecting youth to appropriate services, but also educating youth on what is available and how to advocate for themselves. Case management also teaches youth how to set goals and break them up into manageable steps.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

Available resources in Boone County is the largest external factor that can affect this outcome. Resources must be available and to the youth population for this outcome to be successful. Program staff has seen this concern particularly with affordable housing resources and availability.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

Youth do not always stay long enough to be connected to services. If youth do not stay long after creating the initial service plan, they may not be connected to resources. This could happen for a variety of reasons, such as: youth deciding the program is not a good fit, policy violations that put other residents at risk, or housing options becoming available. Choosing 80% as the measurement level for this indicator considers this issue.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

Service plans indicate the goals used for case management. The service plans are updated quarterly to reflect progress and new goals. Aftercare plans are similar and created for follow-up services post-discharge. These plans will demonstrate how youth are connected to services and which services.

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

Case management services are not only about connecting youth to appropriate services, but also educating youth on what is available and how to advocate for themselves. In the case of Clinical Case Management, it is important for youth to learn how to navigate mental health services. Sometimes interacting with health professionals, such as psychiatrists, can be intimidating for youth, or they have trouble understanding information about their treatment. Clinical case management is there to provide education and empower youth. This will increase access to services and promote self-sufficiency.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

Available resources in Boone County is the largest external factor that can affect this outcome. Resources must be available and to the youth population for this outcome to be successful. In regards to clinical services, program staff has seen this concern with long wait times for psychiatric services.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

Youth do not always stay long enough to be connected to services. If youth do not stay long after creating the initial service plan, they may not be connected to resources. This could happen for a variety of reasons, such as: youth deciding the program is not a good fit, policy violations that put other residents at risk, or housing options becoming available. Choosing 90% as the measurement level for this indicator considers this issue.

d. Provide a rationale for each method of measurement (#5) (600 character limit)

Service plans indicate the goals used for case management. The service plans are updated quarterly to reflect progress and new goals. Aftercare plans are similar and created for follow-up services post-discharge. These plans will demonstrate how youth are connected to services and which services.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#6)

a. Service #6 - Taxonomy of Service Name (150 character limit)

Street Outreach

b. Service #6 - Taxonomy Definition of Service (300 character limit)

Builds relationships with individuals experiencing unsheltered homelessness to identify and address needs by providing information and linking to resources.

c. Provide a detailed description of the proposed service (#6). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Street Outreach is provided to youth ages 16-21, who are currently street homeless or at immediate risk of becoming street homeless. The Program Coordinator provides street outreach services to youth who are not staying in the program but need access to resources. These services are typically community based and can include referral to other agencies, assistance obtaining important documents, obtaining needed clothing items, brief mental

health screenings, and other services. Program staff follow-up with youth served through street outreach, when needed. Youth may participate in street outreach services only once or for several weeks, depending on their needs. Program staff promote safe and stable housing at the primary goal when providing street outreach services.

Service #6 - Service Fee

a. Will the proposed service (#6) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#6) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#6)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#6). (600 character limit)

Program residents have little to no income when entering the program. To make access available to those in need of service Rainbow House provides free and confidential services, which includes all service available through the Homeless Youth Program.

b. Is this proposed service (#6) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#6) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#6) (600 character limit)

If No - Explain why the proposed service (#6) is not billable to a third-party payor. (600 character limit)

Insurance does not cover the proposed service. At this time there are not state subsidies or other payors that fund this specific service.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#6) (600 character limit)

There is no cost to the consumer for this service.

Service #6 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#6) (600 character limit)

The main priority of the street outreach services is to address the safety concerns of youth being unsheltered for any period of time. By increasing access to service for these youth, we can connect to emergency shelters and then discuss other resources that could be beneficial to the youth. Street

outreach services increase the safety and well-being of youth.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#6) (600 character limit)

The homeless youth population requires a unique approach to street outreach. In communities like Columbia and Boone County the population is often doubled-up or couch surfing. Street outreach often relies on referrals from local agencies, businesses, schools, and other systems.

c. Provide a rationale for the measurement level(s) for each indicator. (#6) (600 character limit)

When program staff meet with youth for street outreach, the first goal is to provide education about services. Occasionally youth do not want to work with program staff after hearing about what is available and how the program can help. For this reason, 90% was chosen for this indicator.

d. Provide a rationale for each method of measurement. (#6) (600 character limit)

Street outreach summary notes indicate the services that were provided and the youth's level of engagement. These notes also indicate any follow-up that occurs and if youth are utilizing the services to which they were connected.

Service #7 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#7)

a. Service #7 - Taxonomy of Service Name (150 character limit)

Positive Youth Development

b. Service #7 - Taxonomy Definition of Service (300 character limit)

Develops internal development assets in youth with the goal of developing a commitment to learning, positive values, social competencies, and/or positive identities.

c. Provide a detailed description of the proposed service (#7). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Positive Youth Development is the framework used for the Homeless Youth Program. As a service it weekly life skills classes and community meetings. The classes are taught by program staff, typically the Program Coordinator. Classes cover a variety of life skills such as: budgeting, healthy relationships, cleaning, resume writing, coping skills, and many others. The classes are based on the results of the residents' Casey Life Skills assessments. This allows for the classes to be most effective. Youth can build on their strengths, as well as address their struggles. The community meeting aspect of Positive Youth Development, allows for youth to practice important skills such as advocating for themselves, giving and receiving constructive criticism, and other interpersonal skills.

Service #7 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (7) (600 character limit)

Positive Youth Development supports the goals of the program through supporting youth strengths and building skills. The life skills classes will increase self-sufficiency through teaching the skills necessary to live independently after discharge from the program. Community meetings will help youth practice the interpersonal skills and build permanent connections. For some youth this is difficult because of family history or past trauma. Positive Youth Development support youth in learning to build and permanent and meaningful connections.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (7) (600 character limit)

Scheduling is an external factor that affects life skills classes and community meetings. The youth attend school/GED classes and/or jobs. It can be difficult to schedule class so that all youth are able to attend.

c. Provide a rationale for the measurement level(s) for each indicator. (7) (600 character limit)

Program experience shows that from time to time youth don't stay long enough to participate in class or resist class participation. For this reason, 90% was chosen as the measurement level for the first indicator. Since topics of each class vary, youth do not always indicate that they increased subject knowledge. Youth may have prior knowledge of the topic or struggle to understand a topic after taking on class. For this reason, 70% was chosen as the measurement level for the second indicator.

d. Provide a rationale for each method of measurement (7). (600 character limit)

Sign-in sheets are the reporting method for life skills attendance. Staff document information about each class in a note that indicates the youth that attended, the topic of the class, and notes on youth engagement. The Casey Life Skills Assessment is standardized assessment given to youth quarterly to assess progress in a variety of life skills. The pre and posttest provide feedback on specific topics and classes.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
 - Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2 All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3 Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1 The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2 The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Parenting Class Program

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "BCCSB" and Child Abuse & Neglect Emergency Shelter, Inc., dba Rainbow House a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as RH.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, RH has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY RH

RH is expected to the greatest extent possible to maximize funding from all other sources. RH shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. RH shall only request reimbursement for services not reimbursable by any other source. RH shall not invoice the Children's Services Fund for units of service invoiced to another funding source. RH shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** RH will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and RH's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over RH's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from RH and RH agrees to furnish the **Parenting Class Program** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in RH's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$4,250.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. RH agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of RH be renewed for **an additional one (1), one-year period**. RH agrees and understands that the BCCSB may require supplemental information to be submitted by RH prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Parenting Skills Training	One hour	\$8.50	500	\$4,250.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of RH, the BCCSB agrees to pay interest at a rate of

9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by RH to monitor service delivery and program expenditures. RH agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by RH and, if so stipulated, are noted on this contract document. Payments may be withheld from RH if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. RH agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** RH also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of RH's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from RH, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** RH agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect RH's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, RH hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event RH requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from RH may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with RH's policies and procedures and in accordance with any local/state/federal regulations. RH agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. RH must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** RH will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** RH agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to RH's provision of such services.

14. **Accreditation/Licensure/Certifications.** RH must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** RH agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and RH, and this shall include any transaction in which RH is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** RH may enter into subcontracts for components of the contracted service as RH deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, RH shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** RH agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. RH shall require each subcontractor to affirmatively state in its Agreement with the RH that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide RH a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** RH agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against RH or any individual acting on the RH's behalf, including subcontractors, which seek to enjoin or prohibit RH from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If RH ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if RH no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, RH will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event RH, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to RH as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should RH fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, RH shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the RH for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, RH agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Child Abuse & Neglect Emergency Shelter, Inc., dba Rainbow House** (meaning anyone, including but not limited to consultants having a contract with RH or subcontractor for part of the services), or anyone directly or indirectly employed by RH, or of anyone for whose acts RH may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the RH.** RH shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. RH will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. RH will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. RH agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and RH. The BCCSB does not recognize any of the RH's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** RH shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Bakutes:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda Bobbitt", with a stylized flourish at the end.

General Information

Organization Mission Statement (Purpose):
Provide your organization's mission statement. (600 character limit)
The mission of Rainbow House is to keep children safe and support families in crisis through prevention, assessment and intervention in child abuse and neglect.

Organization History:
Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)
Founded in 1986 by Kathy Hughes, Rainbow House opened as an Emergency Children's Shelter providing emergency foster care and later expanded to provide emergency crisis care; the Regional Child Advocacy Center (CAC) was added as a program in 1997 and initially served seven counties; SOL House was added in 2007 and provides shelter and life skills for homeless youth ages 16-21. Rainbow House has always provided counseling services as well as child medical exams and has provided parenting classes for the past 5 years.

Brief Statement of Organization's Major Goals:
Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)
Our major goals are to be a community resource, provide shelter for children, support services for families, forensic interviews, SAFEs (Sexual Abuse Forensic Exams) for children referred to us by Children's Division, law enforcement, juvenile office, to provide shelter, life skills and support for homeless youth; to provide counseling and parenting classes. We are here to serve the community and to be a beacon for those in need.

Service Area:
Briefly describe the geographic area in which your organization provides services. (600 character limit)
The vast majority of children who arrive at our Children's Shelter are from Boone County. We are open to serving children from any area. Our CAC provides services to the counties of Adair, Audrain, Boone, Callaway, Cole, Cooper, Howard, Macon, Monroe,

Randolph and Shelby; the CAC occasionally has a request for an interview from a county served by another CAC and we comply if it is in the best interest of the child. Our Homeless Youth come to us from all over the state and sometimes out of state. Our counselors most often seen clients from Columbia/Boone County.

Briefly describe the population(s) served by your organization. (600 character limit)

Children age birth to 18 may be admitted to our Children's Shelter. We have been requested by Children's Division to go to the hospital and assist in placing a new born when the child is considered in danger due to a high risk mother. CAC referrals are accepted for children ages 3 to 18; the Homeless Youth program serves youth ages 16 - 21. Our counselors work with children and youth ages 4 to 21 and their parents. Our counselors provide parenting classes as well.

Accreditation (If applicable):

Accreditation:

Provide the name of the accrediting body, the name of the accreditation, period of current accreditation (including expiration date), and a brief description of the accreditation.

Accreditation 1:

The Rainbow House Regional Child Advocacy Center has been an accredited member of National Children's Alliance (NCA) since 2000. Our re-accreditation has been approved through October 2021. We applied for re-accreditation in 2015 and our site visit was completed in October 2016. The two site reviewers met with multidisciplinary team members, attended a case review, met with members of our Board of Directors and toured the facility. NCA has ten best practice standards which must be met before approval. Our facility satisfactorily met those ten standards.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The CDC (2015) identified a list of parental and family risk factors for child maltreatment; a few of these risk factors listed are as follows: "Parents' lack of understanding of children's needs, child development and parenting skills; Parental characteristics such as young age, low education, single parenthood, large number of dependent children and low income; Parental thoughts and emotions that tend to support or justify maltreatment behaviors; Social isolation; and Parenting stress, poor parent-child relationships, and negative interactions" (p. 1). Rainbow House's mission is to keep children safe and support families in crisis through prevention, assessment, and intervention in child abuse & neglect. Through providing 'Making Parenting A Pleasure,' Rainbow House helps address the above risks factors for child maltreatment. This group increases parental knowledge of parenting skills and child development, covers healthy discipline techniques and teaches parents how to evaluate their decision making around discipline used, provides opportunity for parents to connect and receive support from one another, discusses stress and anger management skills, and teaches ways of communicating and building relationship with children. In 2015 there were 41 substantiated incidents of physical abuse involving 45 children in Boone County. In that same year, there were 54 substantiated incidents of neglect involving 93 children. (BID) According to the Missouri Department of Social Service

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The majority of parents that complete the 'Making Parenting A Pleasure' group have been referred to complete a parenting class by the Children's Division as a result of a hotline being received regarding the family. In the state of Missouri (FY 2015), the 68,623 families involved in either a family assessment or investigation after a hotline were observed to have characteristics such as: Lack of Parenting Skills (6.4%), Single Parent Household (18.9%), and Insufficient or Misuse of Income (2.9%). Only 14.4% of these families had Appropriate Child Development Knowledge, 4.8% were observed to have Stable Family Relationships and 5.6% were considered to have good physical/mental health. Families involved in the 4,360 substantiated incidents of child abuse and neglect were observed to have similar characteristics such as Lack of Parenting Skills (27.3%), Single Parent Household

(24.5%), Insufficient or Misuse of Income (7.4%) and Dangerous Living Conditions (10.2%). Only 9.4% of families were identified having Appropriate Child Development Knowledge and only 35% were identified having extended family support (Missouri Department of Social Services, 2015). This report also indicated that 30.4% of families involved in substantiated cases of abuse or neglect were amenable to service. Parenting class is an important service that to which Children's Division can connect families.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Rainbow House Parenting Class Program's goal is to provide support & parenting skills education (i.e. self-care, stress & anger management, child development, communication skills, positive discipline, accessing community resources, etc) to at-risk parents/families to diminish child abuse & neglect.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

'Making Parenting A Pleasure' is an "evidence informed and research-based curriculum for highly stressed parents" that has "demonstrated efficacy in reducing parent stress and addressing the protective factors shown to reduce the potential for child abuse" (Saavus, p. 2). Rainbow House provides a 10-16 hour group using this curriculum that addresses stress management for parents, approaches to handling anger, child development, communication skills, and appropriate discipline. The classes are kept small in order to encourage group discussion and create a safe environment for sharing. Upon completion of the group parents will: Learn about taking care of themselves and identify personal self-care strategies, become familiar with community resources and how to access them, discuss the importance of and struggles with handling anger appropriately, understand the importance of non-verbal and verbal communication and become more aware of their own communication styles, understand the importance of knowing their child's stage of development and discuss the categories of human development, learn the importance of praise, how to praise their child and positive attention skills, and understand discipline as a way to teach children how to discipline themselves and learn techniques that positively influence, direct and address their child's behavior (Saavus, 2015).

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

For the past 6 years, Rainbow House has provided 'Making Parenting A Pleasure' group to approximately 400 Boone and Callaway County parents with two-thirds of parents being Boone County residents. So far in 2017, approximately 93% of parents that began attending group, completed the class. Parents that attend this group have been required to complete a parenting class by the Children's Division, Juvenile Office, or Probation Office. Approximately 55% of participants have been female. The majority of parents come from low-income families, are between the ages of 20 & 34 and identify as either Caucasian or African American. Statistics derived from the pre and post tests show that 80-90% of parents self report an increase in knowledge and awareness of parenting skills and 70-80% report improvement in stress management skills after completing the group. Nearly every parent reports being satisfied with the class and parents regularly express feeling supported and having benefited from attending. Parents often bond throughout group and plan to continue further contact with one another after its completion.

b. Why will these particular consumers be served? (1500 character limit)

Parents are referred by the Children's Division, Juvenile Office, or Probation office to complete a parenting class as a result of a hotline including allegations of child abuse and neglect, legal issues or child behavioral issues. The Center for the Study of Social Policies (2015) has identified the following 5 Protective Factors to diminish the potential of child abuse and neglect in families: 1. Parental Resilience - determines ability to respond in healthy ways to stress, 2. Social Connections - having a network for emotional support, well-informed advice and problem solving, 3. Concrete Support in Times of Need - helps ensure basic needs are met through having access to services, 4. Knowledge of Parenting & Child Development - helps parents have age-appropriate expectations and child rearing strategies, and 5. Social-Emotional Competence of Children - is influenced by the quality of attachment and stimulation received from an adult. According to Saavus (2015), "Making Parenting A Pleasure's evaluations demonstrate efficacy in reducing parenting stress and addressing the Protective Factors shown to reduce the potential for child abuse" (p. 2). Rainbow House will continue to provide 'Making Parenting A Pleasure' in order to increase the presence of these Protective Factors in families in order to strengthen the family and diminish the potential for child abuse and neglect.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

The majority of parents completing 'Making Parenting A Pleasure' are from low-income families that often experience phone service and transportation issues that make it challenging to keep in contact with parents and for parents to attend group. To overcome these challenges, parents are encouraged to provide updated phone numbers in order for continued contact regarding class. Class is held at Rainbow House, along a bus line and easily located. Classes are offered in the evening to avoid conflict with typical work schedules.

d. Total number of unduplicated individuals to be served by the proposed program:

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

'Making Parenting A Pleasure' group is held at Rainbow House, located at 1611 Towne Drive. Evening groups are offered to avoid conflict with typical work schedules. Rainbow House staff are available Monday-Friday from 9-4:30 to answer calls about parenting class and to complete intakes for upcoming classes.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Rainbow House does not discriminate against anyone due to age, ethnicity or income. Due to the high demand to attend 'Making Parenting A Pleasure' group in Boone County, Rainbow House has narrowed our services to at-risk families (parents that are referred by the Children's Division, Juvenile Office, or Probation Office to complete a class due to being in need of services) to have manageable group sizes in order to provide the appropriate level of support needed by these families. Each parent receives a certificate in order to provide proof of completion to their referring agency.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Rainbow House has provided parenting classes for the past 6 years. The majority of parents that have completed 'Making Parenting A Pleasure' group

have come from low-income families. Parents / families frequently report receiving Medicaid, food stamps, WIC and free/reduced school lunch as well as being on disability or currently being unemployed. Parents / families also report living with others or are currently residing at a homeless shelter. Due to their level of financial instability, these parents / families are not able to afford paying for group services.

d. if a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

There are no external requirements of the Rainbow House Parenting Class Program.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Research shows that best practice parenting education programs reduce child abuse through addressing risk factors by increasing parents / families protective factors such as parenting skills, knowledge of child development, stress management, communication skills, social support and access to community services. 'Making Parenting A Pleasure' curriculum follows best practice in addressing risk factors through increasing these protective factors in families. Parent Now! (2012) reported that 'Making Parenting A Pleasure' is listed on the Western CAPT Best Practice website.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

'Making Parenting A Pleasure' curriculum follows best practice in addressing risk factors through increasing these protective factors in families. Parent Now! (2012) reported that 'Making Parenting A Pleasure' is listed on the Western CAPT Best Practice website. The practice of addressing risk factors and increasing protective factors fits with the Rainbow House mission.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

'Making Parenting A Pleasure' is an evidence informed, research-based curriculum based on 35 years of experience in serving thousands of parents and has "demonstrate efficacy in reducing parental stress and addressing the Protective Factors shown to reduce the potential for child abuse" (Saavus, p. 2). Information on 2 of the 4 evaluation studies conducted by Parenting Now! (2012) is as follows: In 2012, 746 parents that participated in a follow-up study conducted after 24 months of completing the group showed "significant improvements in long term outcomes in the following areas: Overall Parenting Functioning, Perceived Stress, Psychological Well Being, Positive Parenting Behaviors, Family Functioning, Parenting Alliance Measure, Parenting Self-Efficacy" (p. 1). From 2006 to 2011, 1170 families that had completed group showed "statistically significant improvements in all areas measured including: Being aware of normal behavior for child's age level, Showing child love and affection frequently, Helping their child to understand their feelings, Helping their child feel good about themselves, Set and stick to reasonable limits and rules, Know fun activities to help their child learn, Find positive ways to guide and discipline their child, Play with their child frequently, Protecting their child from unsafe situations, Talking with other parents to share experiences, Deal with day-to-day stresses of parenting, Understanding their goals and values as a parent" (p. 2).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Rainbow House has narrowed this group to at-risk families that are referred by the Children's Division, Juvenile Office or Probation Office to complete a class due to being in need of services. This was done to have manageable group sizes in order to provide the appropriate level of support needed by this population. As a result, this group provides a unique opportunity for the stigma that comes with having an outside agency involved be diminished, which creates a safe environment for parents to disclose. The beginning of group is very purposeful in creating a foundation of trust and safety. Parents are led to discuss ground rules and explore the curriculum's basic assumptions. Through this process parents discuss the importance of confidentiality, being respectful / non-judgmental towards one another, that there is no one right way to be a parent / that no parent is perfect; as well as discuss the reality of feeling vulnerable in sharing family issues with others. Once this foundation is established and parents become aware that the others attending have also been referred due to similar situations, the majority of parents become comfortable with genuinely processing the struggles their family faces and

the specific situation(s) that led to agency involvement with their family. Parents are observed providing each other emotional support through exhibiting compassion and encouragement as well as problem-solving to overcome the challenges and issues they are dealing with.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Self-report pre and posttests and used to get feedback from parents. This feedback helps the facilitator know what sections were most helpful to parents. Class facilitators can adjust future classes based on feedback from the pre and posttests, if necessary. During the intake process, parents are asked about areas in which they are concerned or would like to learn more. This question allows the class facilitators to adapt the class to the needs of the parents attending. The structure of parenting class is always changing and improving because of feedback from parents and those who refer to the class.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Self-reported pre / post-tests and attendance records were used to measure parents' change in level of knowledge and class retention, as well as to collect feedback from parents regarding their class experience. By comparing each individual parent's pre-test and post-test answers, change in level of parental knowledge is determined. Class attendance numbers were compared to class completion numbers in order to determine the class retention rate. In order to receive direct feedback from parents regarding their class experience, post-tests also include several sections that solicit parents' feedback regarding the following: 1. How has the class helped you? 2. What topics in class were most helpful and least helpful to you? 3. What changes do you plan to make as a result of participation in this class? 4. How satisfied or dissatisfied (Very satisfied / Satisfied / Mixed Feelings / Dissatisfied) are you in each of the following: class topics, instructor's ability to communicate, instructor's knowledge, support received, and class overall.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Rainbow House provides 'Making Parenting A Pleasure' group to at-risk families that are referred by the Children's Division, Juvenile Office, or Probation Office. To advertise for each class, a monthly flyer that includes a description of the class, class date/time/location and facilitator contact information is disseminated to the Children's Division, Juvenile Office, Probation Office and Parent Link. This flyer informs agency workers of upcoming dates and provides them with a hand out to give to parents / families determined to be in need of services. Parents receive group information from agency workers and contact the facilitator to complete an intake over the phone to sign-up for class.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Parenting class will be taught by a variety of individuals at Rainbow House. Listed above are the positions that will teach specific sections of parenting class. Staff are paid at 1.5 times their hourly rate for parenting class, as classes are taught outside of the 40 hours worked for their regular position. Due to the level of support needed by at-risk families a facilitator should have appropriate level of education, extensive background in working with families in crisis and knowledge in parenting skills, child development, and child abuse & neglect issues.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field **MUST** be completed. Provide information on how other funders will help support the proposed program.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

'Making Parenting A Pleasure' is an "evidence informed and research-based curriculum for highly stressed parents" that has "demonstrated efficacy in reducing parent stress and addressing the protective factors shown to reduce the potential for child abuse" (Saavus, p. 2). Rainbow House provides a 10-12 hour group using this curriculum that addresses stress management for parents, approaches to handling anger, child development, communication skills, and appropriate discipline. The classes are kept small in order to encourage group discussion and create a safe environment for sharing. Upon completion of the group parents will: Learn about taking care of themselves and identify personal self-care strategies, become familiar with community resources and how to access them, discuss the importance of and struggles with handling anger appropriately, understand the importance of non-verbal and verbal communication and become more aware of their own communication styles, understand the importance of knowing their child's stage of development and discuss the categories of human development, learn the importance of praise, how to praise their child and positive attention skills, and understand discipline as a way to teach children how to discipline themselves and learn techniques that positively influence, direct and address their child's behavior (Saavus, 2015). Parents are referred by the Children's Division, Juvenile Office, or Probation office to complete a parenting class as a result of a hotline including allegations of child abuse and neglect, legal issues or child behavioral issues. The class will be taught in during the evening hours on weekdays in sections that last no more than 3 hours. The class is taught y various staff at Rainbow House, who are qualified to lead group discussion on these topics and provide the necessary information.

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

1 hour (to be billed per parent)

b. Unit Rate (#1)

\$8.50

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

This rate was based on the cost of 89.76 for 10-12 hours, which is comparable to the cost of these groups offered by agencies in St. Louis, Kansas City and Springfield: Synergy Services (\$60 for 9 hours), Positive Parenting Classes (\$89 for 12 hours), Saint Peter Catholic Church (\$95 for 12 hours) and Midwest Counseling & Consulting (\$160 for 16 hours). By making the rate hourly, per parent, it accounts for the parents to start the class but may not complete the entire course. Using this rate will more appropriately cover the cost of teaching parenting class.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Rainbow House has provided parenting classes for the past 6 years. The majority of parents that have completed 'Making Parenting A Pleasure' group have come from low-income families. Parents / families frequently report receiving Medicaid, food stamps, WIC and free/reduced school lunch as well as being on disability or currently being unemployed. Parents / families also report living with others or are currently residing at a homeless shelter. Due to their level of financial instability, these parents / families are not able to afford paying for group services.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

To the knowledge of Rainbow House, parenting class services are not billable to health insurance or any other third party payor. For many classes parents are required to pay out of pocket. Rainbow House would like to reduce this barrier to completing a parenting class by offering the service at no cost to the consumer.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

There is not a fee for participating in this class.

Service #1 - Amount Received From Other Funders

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

The cost to provide 12 - 'Making Parenting A Pleasure' groups over a year was calculated (\$897.59/group; \$89.76/participant). After researching the advertised fee of similar groups in surrounding cities, it was found that the requested level of funding is comparable in cost to other parenting groups that offered fewer hours of service. Statistics tracked over the past 5 years identified that the majority of parents attending our group came from low-income families and without the fee for class being waived, would not have been able to attend. Funding would cover the cost of their attendance.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Increased knowledge of parenting skills and child development	80% of parents that complete "Making Parenting a Pleasure" group will report an increased knowledge of parenting skills and child development	Self-reported pre and post test

Increased knowledge in stress and anger management skills	80% of parents that complete "Making Parenting a Pleasure" group will report an increased knowledge of stress and anger management skills	Self-reported pre and post test
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Maintain high level of attendee retention rate	90% of attendees complete the class	Attendance records
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Rainbow House Parenting Class Program's goal is to decrease child abuse and neglect in Boone County. Protective Factors such as knowledge of parenting skills, child development and stress/anger management have been found to diminish the potential for child abuse and neglect. The 'Making Parenting A Pleasure' curriculum has shown to increase these Protective Factors in high stressed families. As a result of at-risk parents / families completing 'Making Parenting A Pleasure' their Protective Factors will increase and the potential of child abuse and neglect will be diminished.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Parents that attend 'Making Parenting A Pleasure' group have been informed to complete a class by the Children's Division, Juvenile Office, or Probation Office. The majority of parents are referred to take a class after a hotline regarding the family was received by the Children's Division. Thus parents are not attending class voluntarily and can initially start class with a level of defensiveness due to their family situation. These factors can potentially effect pre/post test responses (i.e., self reporting lower knowledge of parenting skills after class than before completion).

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

For the past 6 years, Rainbow House has provided 'Making Parenting A Pleasure' group to approximately 450 parents. Statistics derived from these parents pre and post tests showed that 80-90% of them self-reported an increase in knowledge and awareness of parenting skills and 70-80% reported improvement in stress management skills after completing the group. In the past year, approximately 97% of parents that began attending this group, completed the class. The measurement levels for each indicator are comparable to the statistics calculated over the past 6 years.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Self-reported pre / post tests and attendance records are straight forward ways of measurement. Parents will rate their current level of knowledge in parenting skills & child development and in stress & anger management using a pre-test at the beginning of group and will rate their level of knowledge in these areas using a post-test after completing the curriculum. By comparing parents pre and post-test rates, change in parental knowledge can be determined. Class attendance numbers will be compared to parental group completion numbers to determine retention rate.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
 - Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r, Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

AUTHORIZED REPRESENTATIVE

AGREEMENT FOR PURCHASE OF SERVICES
Purchase of Service Contract
Improving Mental and Physical Health of Food Insecure Children Through
Hands-On Nutrition Interventions

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Columbia Center for Urban Agriculture** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **CCUA**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, CCUA has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY CCUA

CCUA is expected to the greatest extent possible to maximize funding from all other sources. CCUA shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. CCUA shall only request reimbursement for services not reimbursable by any other source. CCUA shall not invoice the Children's Services Fund for units of service invoiced to another funding source. CCUA shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** CCUA will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and CCUA's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over CCUA's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from CCUA and CCUA agrees to furnish the **Improving Mental and Physical Health of Food Insecure Children Through Hands-On Nutrition Interventions** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in CCUA's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$99,060.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. CCUA agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB. This contract may at the sole discretion of the BCCSB and with the agreement of CCUA be renewed for **an additional one (1), one-year period**. CCUA agrees and understands that the BCCSB may require supplemental information to be submitted by CCUA prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Health Education	One individual	\$7.00	11,161	\$78,127.00
Community Gardens	One family	\$173.00	121	\$20,933.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the

event the billing dispute is resolved in favor of CCUA, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by CCUA to monitor service delivery and program expenditures. CCUA agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by CCUA and, if so stipulated, are noted on this contract document. Payments may be withheld from CCUA if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. CCUA agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** CCUA also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of CCUA's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from CCUA, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** CCUA agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect CCUA's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, CCUA hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service,

activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event CCUA requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from CCUA may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with CCUA's policies and procedures and in accordance with any local/state/federal regulations. CCUA agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. CCUA must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** CCUA will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** CCUA agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to CCUA's provision of such services.

14. **Accreditation/Licensure/Certifications.** CCUA must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** CCUA agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and CCUA, and this shall include any transaction in which CCUA is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** CCUA may enter into subcontracts for components of the contracted service as CCUA deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all

services under the resulting contract agreement, CCUA shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** CCUA agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. CCUA shall require each subcontractor to affirmatively state in its Agreement with the CCUA that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide CCUA a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** CCUA agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against CCUA or any individual acting on the CCUA's behalf, including subcontractors, which seek to enjoin or prohibit CCUA from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If CCUA ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if CCUA no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, CCUA will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event CCUA, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to CCUA as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should CCUA fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, CCUA shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the CCUA for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, CCUA agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Columbia Center for Urban Agriculture** (meaning anyone, including but not limited to consultants having a contract with CCUA or subcontractor for part of the services), or anyone directly or indirectly employed by CCUA, or of anyone for whose acts CCUA may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the CCUA.** CCUA shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. CCUA will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. CCUA will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. CCUA agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and CCUA. The BCCSB does not recognize any of the CCUA's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** CCUA shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

RE: Written Clarification #2 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Mr. Polansky:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 21, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda Bobbitt", with a stylized flourish at the end.

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Columbia Center for Urban Agriculture
Name of Program	Improving Mental and Physical Health of Food Insecure Children through Hands-On Nutrition Interventions

Organization Profile	
-----------------------------	--

1. Contact information and notes on expertise, experience, and qualifications are not provided for each board member on the Governing Board section.
Action Required: Provide contact information and notes on expertise, experience, and qualifications for all board members on Apricot.

Completed.

2. The audit reported a significant finding that several employees carry organization debit cards and recommended that cards are stored in a secure area.
Action Required: Provide information on how this significant finding in the audit has or will be addressed.

To be clear, the report stated that only one debit card was in use (locked in the safe), and that several employees carry *credit* cards.

Since the finding, the one debit card has been cancelled, one credit card has been cancelled, only staff with the “manager” or “director” title carry credit cards, and those credit cards are required to be kept in a protective sleeve. The protective sleeve will reduce accidental usage of the company card for personal purchases. Given the mobile nature of the job, it would be a significant burden to keep staff credit cards locked in the office.

3. The Employee Compensation table shows that all employees receive the same salary and with no benefits. Qualifications are not provided for any of the positions.

Action Required: Provide clarification on whether the salaries in the Employee Compensation table are correct and if so, provide additional information regarding salaries. Update the Employee Compensation table on the Organization Profile if the salaries are not correct. Provide qualifications on Apricot for each position.

Currently, the salaries and benefits are correctly listed in the Employees Compensation table. In 2018 there will be increases to the salaries and benefits, as our strategic plan has identified this as a priority. Qualifications have been updated in these positions in Apricot.

Program Overview Form	
------------------------------	--

4. The Consumer Demographics section lists 1,092 school age students will be served. The remaining child/youth/parents/guardian's demographics are distributed between Infant/Toddlers, Preschool, Middle School, High School, and Parent/Guardians (age 20 and over). *Action Required:* Provide clarification on the number of infants/toddlers, preschool, middle school, and high school youth to be served. Which aspect of the program will they receive?

The total number of school-age students served through Service #1 is 996. The remainder of infants/toddlers, preschool, school-age, middle school, high school, and parent/guardian numbers will be served with Service #2.

5. The Program Access mentions programming will occur after school and during the summer. *Action Required:* Provide clarification on activities that will occur during the fall and winter months.

Field trips and in-school lessons will occur during the spring and fall months. In the winter months in-school activities such as tastings, cooking activities, and indoor gardening will occur.

6. The Collaboration section describes partnerships with other agencies by providing nutritional interventions for the children attending their programs. Agencies that have partnered with CCUA and receive funding from the Boone County Children's Services (BCCS) Fund include: CHA Low-Income Services, Inc., Mary Lee Johnston Community Learning Center, Fun City, and Boys and Girls Club.

Action Required: Provide clarification on whether CCUA is receiving payments from any of the listed organizations for providing Opportunity Gardens or other educational activities in addition to funds requested through this program proposal.

CCUA has never received payment from any of the listed organizations for providing Opportunity Gardens (Service #2).

CCUA has never received payment from: CHA Low-Income Services, Inc., or Mary Lee Johnston Community Learning Center for providing lessons (Service #1).

CCUA has previously received payment from Fun City, and Boys and Girls Club for providing lessons (Service #1). In the past care has been taken to ensure that the county is not being double-billed. Moving forward, communication with these partners will ensure there is no double billing for these services. In some cases, CCUA may share the cost with a partner organization, although care will be taken to ensure that no more than 100% of the cost is paid for.

7. The information entered in the Program Budget was for Year 2. The Year 1 amount should have been listed.

Action Required: Provide an explanation in the field below that explains why the Year 1 request will be lower than the Year 2 request.

For Service #1 we are only requesting 1,034 units in year 1 because of the differences between the funding cycle (calendar year) and the school year (Aug – May). Full partnership and integration into the eight elementary schools will begin in the 2018-19 school year. Year 2 we are requesting 1,596 units of Service #1 which will cover the second half of the 2018-19 school year and first half of the 2019-20 school year. Prior to full partnership and integration into the eight elementary schools, CCUA will still be providing lessons to schools and afterschool/summer programs, just without the coordination of a Farm to School Coordinator at CPS.

The request for Service #2 will be the same for year 1 and year 2.

Program Services Form (1-5)**Service 1**

8. The service description lacks specific information on the type and structure of activities within the schools.

Action Required: Provide clarification on how students will receive Health Education, gardening instruction, and other CCUA activities during the school day and year.

Seventeen distinct lessons will be provided to each 3rd and 5th grade class at each of the eight schools over the course of one school year. The first lesson will be a field trip to CCUA's Urban Farm where students will get to participate in hands-on activities such as harvesting food from the garden, preparing a snack, and tasting fruits and vegetables. The next fifteen lessons will occur at school. Examples of in-school lessons are: sampling healthy snacks in the lunchroom, preparing a healthy snack, science-based activities which explore how food is grown, and using school gardens to plant, harvest, and taste vegetables from a school garden. The full suite of lessons is being developed and refined with CPS's Science Coordinator, CPS Nutrition Services staff, and CCUA staff. The final lesson will be a field trip to CCUA's Urban Farm, which will serve as a culminating activity, bringing together all the lessons over the course of the school year.

The Farm to School Coordinator (an employee of CPS), will coordinate the activities with each 3rd and 5th grade classroom at the eight schools. For each activity, the Coordinator will travel to each of the eight schools, replicating the lesson at each school. CCUA's staff will assist the coordinator when necessary.

9. The outputs section needs to be adjusted for services provided between January 1, 2018 – December 31, 2018. The proposal provides outputs either for the second year of services or during a full school year. The unit measure should also be listed as 'one hour'.

Action Required: Complete the table below by providing the estimated number of units, number of individuals to be served, and funding request amounts for services provided for calendar Year 1 and Year 2 (January 1 through December 31). The 'Service Change Chart' for Service 1 will also need to be completed.

Year of Services	# of Units to be provided	# of Unduplicated Individuals	Total Requesting Amount
Year 1 (1/1/18 – 12/31/18)	1,034	996	\$78,129.04
Year 2 (1/1/19 – 12/31/19)	1,596	996	\$120,596.76

10. The Performance Measures provide outcomes and indicators that could be attributed to other factors. Performance Measures need to be rewritten so outcomes and indicators demonstrate changes directly tied to CCUA services. The method of measurements will also need to be changed as attendance data and MAP scores are not directly tied to CCUA.

	Proposed Outcome Comments	Proposed Indicators Comments	Proposed Method of Measurement Comments
(1-1)	The outcomes imply that data from the previous year is available regarding the amount of nutritious food remaining on the Garden Bar after each lunch service.	The indicators only track change for 3 rd and 5 th graders. The exclusion of 4 th grade leaves room for error measuring an increase of selecting nutritious foods.	Weighing the food added and remaining on the Garden Bar seems like it would be difficult to track with the different Nutrition Staff at the various participating schools.
(1-2)	Changes in attendance could be attributed to other efforts being done in the school and community. This outcome may not be directly attributable to CCUA.	The length of time to receive changes in attendance will conflict with reporting periods for BCCS.	Students in 6 th grade will be in a different school compared to when they received CCUA services. This will be difficult to track if students enter different Middle Schools.
(1-3) – (1-5)	Changes in MAP scores could be attributed to other efforts being done in the school and community. This outcome may not be directly attributable to CCUA.	The indicator states that MAP scores will be compared to students who did not participate in programming. How would this be tracked?	MAP test scores could be difficult to obtain compare o students who did not participate in programming.

Action Required: Provide outcomes, indicators, and method of measurements that can be directly tied to programming achievements. Outcomes for mental and physical health should be included. Measurement tools may need to be created to compare attitudes and knowledge of nutrition and making healthy decisions. Assistance with Performance Measures can be provided

during final negotiations but for the time being, proposed new Performance Measures in the 'Service Change Chart' for Service 1.

The service change chart will be completed below and we will include new measures as requested, although I will include some comments here.

(1-1) Garden bar weights have been collected in all CPS cafeterias for over 10 years. The USDA requires schools to collect this information, therefore it will be very easy to track, compare to prior years, and compare to non-participating schools. The weights collected will have to be for the entire school, not individual grade levels.

(1-2) – (1-5). We would still like to look at how the MAP scores and attendance are affected, but will not list it as an official performance measure in the Service Change Chart. We will compare MAP scores and attendance at participating schools' to prior years at participating schools and at same-year MAP scores / attendance for schools who are not participating.

Service 2

11. The unit measure should be listed as 'one hour'.

Action Required: Update the unit measure in the 'Service Change Chart' for Service 2.

Completed.

12. The Funding Request section mentions that Opportunity Gardens also receives funding from Heart of Missouri United Way. The total number of units to be provided should include the number of units being provided for the whole program, not just the units covered by BCCS.
Action Required: Update the total number of units to be provided in the Outputs section for the whole program. The Funding Request section is where the number of units that BCCS is funding will be listed (n=252).

624 total

13. The Funding Request section states "We are requesting the full amount in both years 1 and 2". The number of units to be provided has more than doubled compared to the current contract.
Action Required: Provide clarification on whether the number of units to be provided and funding request amount is for one year of service. If not, the outputs and funding request needs to be adjusted for one year of service.

252 units is the request for one year of service.

14. The service description mentions the gardening program is a three-year long program with different cohorts. The Performance Measures lack outcomes regarding retainment of gardeners in the program and graduation rates for cohorts each year.
Action Required: Provide Performance Measures in the 'Service Change Chart' for Service 2 that reflects retention and graduation rates from the program.

This has been added below.

RE: Written Clarification #1 to 30-20JUL17 – Purchase of Service Contracts

Dear Mr. Polansky:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – Purchase of Service Contracts, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read 'Melinda Bobbitt', written in a cursive style.

General Information

Provide your organization's mission statement. (600 character limit)

Organization Mission Statement (Purpose): CCUA works to enhance our community's health by connecting people to agriculture and the land through hands-on learning opportunities from seed to plate.

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

Organization History: CCUA began providing hands-on garden education in 2008 as a project of Sustain Mizzou. In 2009, the organization incorporated as its own not-for-profit and has since been providing meaningful educational opportunities that help Columbia residents live healthier lives. CCUA's 1.3 acre central-city Urban Farm is an educational site that also serves as the home base for off-site programming at local schools, the homes of low-income families, and throughout the community. 2017 marks the eighth year at the Urban Farm and the seventh year of the popular and successful Opportunity Gardens Program.

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

Brief Statement of Organization's Major Goals: A. CCUA's Programs will increase access to healthful and sustainable fruits and vegetables.
B. CCUA's programs will cultivate understanding of a good food system that serves the whole community and the environment.
C. CCUA's programs will empower program participants to build the skills necessary to make healthful choices about their bodies, the local ecosystem and their community.
D. CCUA's assessment plan will measure lesson/activity efficacy, program success and individual successes of program participants.
E. CCUA's Programs will be aligned with the goals of community partners.

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and the COLUMBIA CENTER FOR URBAN AGRICULTURE (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:
 - a. Notice of E-Verify Participation
 - b. Notice of Right to Work
2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.
3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

Company ID Number: 732937

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.
 5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.
 - a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.
 6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:
 - a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.
 - b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.
- Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.
7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.
 8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.
 - a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

Company ID Number: 732937

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see [M-795 \(Web\)](#)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

- b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.
- c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.
- d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.
- e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:
 - i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,
 - ii. The employee's work authorization has not expired, and
 - iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).
- f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:
 - i. The Employer cannot determine that Form I-9 complies with Article II.A.6,
 - ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or
 - iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

- b. Photo verification checks (when available) on employees.
2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.
3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.
4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.
5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.
6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.
7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.
8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.
9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.
4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.
6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.
2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.
4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

Company ID Number: 732937

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

- a. Scanning and uploading the document, or
- b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.
2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.
3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.
4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI PARTIES

- A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.
- B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.
- C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.
- D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.
- E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Company ID Number: 732937

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JULY15 - *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4247 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE = \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS = 1,500

TOTAL # OF UNDER SERVED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE = \$60,000 / 1,500 = \$40 per hour

The unit rate shown above is an example only; this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Service, Board Funding Policy on the Boone County website at:

<https://www.show-meboone.com/CommunityServices/commnon.pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract. If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMCW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMCW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmehoone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melissa Bobbitt at mbobbitt@boonecountymt.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time.

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all state and federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
 - Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom.

2. The second part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom.

Response: This RFP # 30-20JUL17, has been revised. The Program Overview section should reflect information for all the services. The Program Service (A3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

This proposal will address community-level issues of: low fruit and vegetable consumption, obesity, food insecurity, and an academic achievement gap that exists for students who receive Free or Reduced Lunch (FRL).

Low consumption of fruits and vegetables contributes to poor mental and physical health (Florence et al., 2008) and 86% of Boone County residents do not eat the recommended five daily servings of fruits and vegetables (MO DHSS, 2011).

Overweight children are more likely to have poor academic achievement and lifetime health issues (Florence et al., 2008) and 55% of Boone County residents are overweight or obese (MO DHSS, 2011), which is an indicator of poor overall health.

Food insecurity affects many Columbia Public School (CPS) children, with 42% receiving FRL (DESE, 2017) and CPS students who receive FRL score lower on standardized tests, and attend school less often (Boone Indicators, 2017). Children with less nutritious diets score lower on standardized literary assessments (Florence et al., 2008). Additionally, poor nutrition often causes school absences (Brown et al., 2008). Children in food-insecure households have a lower general health status, compared with children in food-secure households (Casey, 2005). School-aged children experiencing food insecurity are more likely to experience higher levels of anxiety, higher incidence of chronic illness, and more internalized behavior problems than children who do not experience hunger (Weinred, 2002).

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

This proposal addresses issues faced by families who live in Columbia's three "target neighborhoods"— North, Central, and East. These neighborhoods, identified in the City's strategic plan, are disproportionately affected by issues of poverty, food insecurity, lack of education, and poor nutrition (Columbia,

2015). Children in these targeted neighborhoods are more likely to receive FRL compared to children living in other neighborhoods. All eight elementary schools serving these three neighborhoods have FRL rates over 50%.

Only 39.5% of 3rd grade CPS students receiving FRL scored "proficient" in English Language Arts; the rate for non-FRL students is 75.5% (Boone Indicators, 2017).

Among 6th grade CPS students who receive FRL, only 16% scored proficient in Math, and 26.3% scored proficient in English Language Arts; the rate for non-FRL students is 59.7% and 72.9% respectively (Boone Indicators, 2017).

Notably, only 83.5% of 6th grade FRL students attended school more than 90% of school days; the rate for non-FRL students is 95.1% (Boone Indicators, 2017).

These indicators of student achievement among students with FRL are staggeringly lower than those found in other city neighborhoods and in the school district as a whole.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Nutrition- and garden-based programs at schools and homes will improve fruit and vegetable consumption leading to better physical and mental health outcomes for children living in the City's three most economically distressed neighborhoods.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

3rd and 5th graders at the eight elementary schools with high rates of FRL will participate in 17 distinct nutrition- and garden-focused activities during the school year. The "Farm to School" Coordinator will coordinate activities at CPS and will work with CCUA's staff to conduct these activities, which include school gardening, fruit and vegetable tastings, cooking demonstrations, and hands-on lessons at CCUA's Urban Farm.

These activities will complement lessons at afterschool and summer programs coordinated by partner agencies (Boys & Girls Club, Moving Ahead, Fun City, Navig8). A complementary service, CCUA's Opportunity Gardens program, will train low-income families to be successful home gardeners. The program will target families with children in the city's three targeted neighborhoods who attend the eight elementary schools. Providing parents an opportunity to garden at home with their children will reinforce the lessons learned during the school day without imposing a financial burden on families with limited resources.

Reaching children in a variety of places with a comprehensive suite of garden and nutrition activities reinforces their positive food choices and encourages a healthy lifestyle. Activities which occur during school, afterschool, in the summer, and at home provide youth with numerous opportunities to have positive interactions with fruits and vegetables, leading children to be more comfortable around previously unknown or "yucky" foods.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The City of Columbia identified the North, Central, and East neighborhoods as key to achieving social equity goals. These neighborhoods have higher rates of poverty, unemployment, crime, and stress. This project's eight targeted elementary schools with high rates of FRL (Alpha Hart, Elliot Battle, Benton, Blue Ridge, Derby Ridge, New Haven, West Boulevard, and Parkade) serve students who live in the three targeted neighborhoods. Each of these schools has a rate of FRL, exceeding 50%. Within the eight schools, the program will work with third and fifth grade classes. Afterschool and summer program partners also focus on students living in the three neighborhoods.

CCUA's Opportunity Gardens program currently serves 100 Columbia families who are living with reduced resources by providing home gardens and mentoring gardening and cooking skills. Families participating in the Opportunity Gardens program are represented by individuals from 21 different countries and speak 14 different languages. Many participating families live in the city's three targeted neighborhoods, public housing, or Section 8 residences.

b. Why will these particular consumers be served? (1500 character limit)

Many families in poverty choose low-cost foods that are calorie dense and nutrient poor, leading to the paradoxical situation where hunger and obesity coexist. Experiences with outdoor gardens and fresh fruits and vegetables can be a gateway to healthy lifestyle choices. Providing opportunities to interact with fresh food, such as planting and eating fresh vegetables, encourages students to connect with their food. This connection can lead to increased fruit and vegetable consumption. Educators at CPS and other partner agencies have provided positive feedback regarding CCUA's hands-on lessons since 2009.

Students who receive FRL have significantly lower social and emotional wellbeing, reading and math scores, and attendance (Boone Indicators, 2017). Low achievement among these students who use FRL are linked to problems such as dropping out of school, incarceration, and poor health—continuing the cycle of poverty (Flester, 2013).

Since 2011, CCUA's Opportunity Gardens program has received an overwhelmingly positive response from low-income families who struggle to eat well and stay healthy. These families will continue to be served because of this positive feedback. A backyard garden is a healthy way for families to spend time together and produce their own fresh, healthy food at little to no cost. An increased focus on the targeted neighborhoods, will reinforce the lessons for children who participate in these same activities at school.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Teachers have packed schedules. This project integrates healthy food and outdoor activity into the school district's science, health, and PE curricula. The CPS Coordinator will work with administration, teachers, and CCUA staff to ensure that the nutrition and health lessons will contribute toward the teachers' overall academic goals.

Families who participate in the Opportunity Gardens program encounter health, self-esteem, and housing problems. CCUA staff has developed practices to accommodate families by mentoring them over several years and by empowering neighborhood garden Ambassadors.

d. Total number of unduplicated individuals to be served by the proposed program:

1360

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

200.91

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the

proposed program. (600 character limit)

School activities will occur at the eight schools and at CCUA's Urban Farm during regular school hours. After school and summer activities will occur at our partners' established program sites and at CCUA's Urban Farm during the partner agencies' normal program hours. The Opportunity Gardens program occurs at the homes of participating families Monday – Friday 8am – 7pm.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Schools selected to be a part of the Farm to School program have FRL rates over 50% and serve children who live in the city's three targeted neighborhoods. Students who participate in FRL come from homes living below 185% of the poverty line.

After school and summer program partners serve low-income children who live in the three targeted neighborhoods.

The Opportunity Gardens program serves Columbia families living below 130% of the poverty line. Many of the families who currently participate in the program live in the three targeted neighborhoods.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

n/a

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

The children and families being served by the school, after school/summer, and Opportunity Gardens programs live with low incomes. The improved nutrition that results from participation in the programs will help alleviate future poverty.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

n/a

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

n/a

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

The Farm to School Coordinator must be familiar with the CPS system, and hold a current teaching certificate. The individual must be knowledgeable of food, food safety, and Serve Safe Certified. CCUA staff has no external licensing requirements.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

n/a

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

n/a

If Yes - Provide a description of the accreditation process: (600 character limit)

n/a

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Best practices in Place-Based Education guide CCUA's educational experiences for groups of school children at the Urban Farm and for families in the Opportunity Gardens program. "Place-based learning is an educational approach that uses all aspects of the local environment, including local cultural, historical, and sociopolitical situations and the natural and built environment, as the integrating context for learning" (Gruenwald, 2003).

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

Place-Based education connects students to their local environment and community. Allowing children and families to feel connected with their surroundings supports good mental and physical health.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

n/a

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

Physical health directly affects mental health, they are inseparable. Obesity can affect self-esteem and the physical discomfort associated with a poor diet can lead to behavior problems. "Physical and mental health are interwoven, with origins and consequences that are not easily disentangled. This is especially true when it comes to children and youth." (Murphey, 2014).

"Access to nutrition...can enhance a student's psychosocial well-being, reduce aggression and school suspensions and decrease discipline problems" (Brown et al., 2008).

"Effective school nutrition programs that have the potential to improve students' diet quality, academic performance, and, over the long term, their health" (Florence et al., 2008).

Students who participated in a healthy eating campaign "scored higher on English and science tests than students who did not take part in the campaign" (Stuber, 2014).

"Nutrition interventions in children are more likely to be successful if they are activity-based, theory-driven, involve families...[and] the wider community" (Lytle et al, 1995).

"Parental modeling, peer normative beliefs and fruit, juice, and vegetable availability were significantly correlated with fruit, juice and vegetable consumption (Cullen et al., 2001).

A "10x10 meter plot can provide most of a household's total yearly vegetable needs, including much of the household's nutritional requirements for vitamins A, C, B complex, and iron" (Patel, 1991).

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Collaboration between CCUA and CPS strengthens both partners' ability to serve children at-risk for poor mental and physical health. While school lunchrooms already have fresh and healthy options available, many students, especially those from low-income families, do not choose those options. With CCUA's assistance, CPS' Nutrition Services Department will expand its focus to impact students, beyond the food service itself, to nutrition-education activities. The program will encourage healthy behaviors by leveraging CCUA's expertise in garden- and nutrition-based education. The Farm to School Coordinator will improve collaboration between CPS Nutrition Services, CPS Science, and CCUA to ensure a streamlined, interdisciplinary, and impactful programming suite. After school and summer programs will integrate gardening and nutritional education into established programs that serve low-income children.

The Opportunity Gardens Program is a unique household-focused approach to nutrition. Supporting the whole household ensures that the message of good food choices will continue beyond the installation of a garden. Each mentoring session is tailored to the household's needs and encourages experimentation in the kitchen and garden without the fear of failure. Because the program highlights the different cultures and needs of all participants, every household is treated with respect and provided opportunities to showcase its accomplishments.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

The summer months (when school is out) provide a natural lag in the programming cycle when CCUA and CPS staff will discuss progress and needed changes to the programs being offered. Continuous improvement, stakeholder feedback, and outcomes measurement are key components of CCUA's processes. CCUA's annual budget includes funding to hire outside assessment and evaluation professionals to ensure that goals are being met and to assist with decisions making. In fact, this project proposal was a result of conversations between CCUA, CPS Nutrition Services, and CPS Science on how to deliver programs that meet desired outcomes of all three stakeholders. CCUA's partnership with CPS will improve the feedback and outcomes measurement process. Currently, CCUA relies on teacher surveys to collect information about impact on students. In this proposal, data already included in the district's current assessment toolbox will be used to measure student improvement. A similar process is used with partner agencies that offer after school and summer programs. The Opportunity Gardens Program relies on verbal and written feedback from gardeners along with written staff observations to measure the success of various teaching strategies and tactics.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

CPS will collect feedback on nutritional education lessons. Feedback will continue to be sought from third and fifth grade teachers participating in the Farm to School activities. After each nutrition and garden interaction, educators will be surveyed to collect feedback on all school, after school, and summer activities. The Opportunity Gardens program collects feedback from program participants using an annual survey. Adjustments will be made on activities based on this feedback.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

CCUA will co-manage the project with CPS. This application has CPS as a sub-contractor of CCUA because each organization's contributions are dependent on the other. The roles of each organization cannot be isolated in separate proposals. CCUA and CPS staff will design and conduct activities together for the classroom, lunchroom, school gardens, and CCUA's Urban Farm. Field trips to CCUA kickoff and culminate the 17 distinct nutritional activities which occur at each school.

CPS has the ability to reach large numbers of students and embed hands-on nutrition interventions during the school day. This project institutionalizes CCUA's mission into the local public school system. CPS can link participating students with measurements of fruit/vegetable consumption, test scores, and attendance. CPS will help recruit families for CCUA's Opportunity Gardens program.

Collaboration with agencies offering after school and summer programs creates another opportunity for children to have hands-on experiences with

gardening and nutritious food. These partner agencies have already done the work of recruiting the target audience, and CCUA supports these agencies by providing enjoyable nutritional interventions.

Many families participating in the Opportunity Gardens program live in the Columbia Housing Authority or other low-income housing. CCUA has established relationships with CHA and other landlords to ensure that low-income renters are able to garden at home.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The PLANTS Program Manager will coordinate with the Farm to School Coordinator and partner agencies to develop and conduct activities at schools and CCUA's Urban Farm. Salary range and minimum qualifications are similar to other CCUA Manager positions.

The PLANTS Program Associate will assist the Manager in coordinating and conducting activities. As an AmeriCorps member, AmeriCorps sets the salary range.

The PLANTer Seasonal Employees are temporary/seasonal employees who work with groups of students during educational activities. There are many PLANTer positions and the use of these employees is a function of the number of students present at a given field trip. Salary range and minimum qualifications are similar to other temporary positions at CCUA.

The Opportunity Gardens Program Manager will coordinate and conduct CCUA's home gardening program for low-income families. Salary range and minimum qualifications are similar to other CCUA Manager positions.

The Opportunity Gardens Program Associate will assist the Manager in coordinating and conducting CCUA's home gardening program for low-income families. As an AmeriCorps member, AmeriCorps sets the salary range.

The Farm to School Coordinator will coordinate and conduct in-school and Urban Farm activities with CCUA staff and serve as the district's liaison to CCUA. Salary range and minimum qualifications are similar to other CPS Coordinator positions.

MEMORANDUM OF AGREEMENT

between

Columbia Center for Urban Agriculture

(hereinafter referred to as "Applicant Organization")

and

Columbia Public Schools

(herein referred to as "Collaborative Partner")

Project Title:

Improving Mental and Physical Health of Food Insecure Children through Hands on Nutrition Intervention

Preamble:

This proposal links nutrition and outdoor activity to physical and mental health outcomes. A "Farm to School" (FTS) coordinator will be created within the Collaborative Partner's organization. The staff person will coordinate nutrition-focused activities for 3rd and 5th grade students at eight elementary schools with high rates of Free and Reduced eligible enrollment. The schools include: Alpha Hart Lewis, Elliot Battle, Benton, Blue Ridge, Derby Ridge, New Haven, West Boulevard, and Parkade Elementary schools. The FTS Coordinator will ensure activities are linked to the school district's learning outcomes and nutritional goals. The activities coordinated by the FTS Coordinator aim to improve nutrition which is linked with higher rates of attendance, improved reading comprehension, and overall engagement in the school day. The FTS Coordinator will measure changes in attendance, test scores, and fruit and vegetable consumption for the students participating in this pilot.

Duration of Agreement:

The project will begin July 1, 2018 and conclude December 31, 2019. This includes the entire 2018-2019 School Year and half of the 2019-2020 School Year.

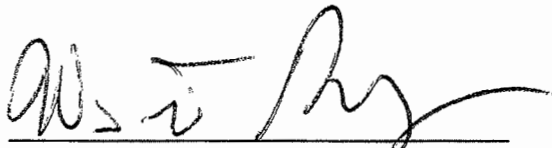

Applicant Organization Agrees to:

1. Work alongside Collaborative Partner to organize and execute Urban Farm field trips for students in the eight target elementary schools 3rd and 5th grades. All students will visit the Urban Farm twice per school year.
2. Work with families in these schools through the Opportunity Gardens mentoring program.
3. Assist Farm to School Coordinator with 17 distinct school-based activities.
4. Complete required grant reporting and program assessments.
5. Reimburse Collaborative Partner for a maximum of 553 hours of instruction at a rate of \$75.56 per hour per 12-month period (totaling \$41,784.68 annually). Funds for reimbursement are contingent on successful funding proposals from Boone County Children's Service Fund and other funding agencies.

Collaborative Partner Agrees to:

1. Work with applicant organization to develop and coordinate place-based learning activities for students in target elementary school's 3rd and 5th grades.

2. Deliver 17 unique Farm to School related programs for each student in target elementary school's 3rd and 5th grades.
3. Work with the Applicant Organization and other project partners to make necessary data available for program assessment.
4. Provide matching funds of \$31,700 per 12-month period for salary and benefits for the Farm to School Coordinator.
5. Comply with the funding policy of the Boone County Children's Services Board Funding Policy.
6. Provide monthly invoices to the Applicant Organization on or before the 3rd of each month for the prior month's services rendered.

MEMORANDUM OF AGREEMENT

between

Columbia Center for Urban Agriculture

(hereinafter referred to as "Applicant Organization")

and

Boys and Girls Club

(herein referred to as "Collaborative Partner")

Project Title:

Improving Mental and Physical Health of Food Insecure Children through Hands on Nutrition Intervention

Preamble:

This proposal links nutrition and outdoor activity to physical and mental health outcomes. The Applicant Organization is addressing community-level issues of: low fruit and vegetable consumption, obesity, food insecurity, and an academic achievement gap that exists for students who receive Free or Reduced Lunch. This comprehensive approach will target students who live in the City of Columbia's three targeted neighborhoods, and include nutrition interventions at school, at afterschool and summer programs across the community, and at the homes of low-income families.

Programming between the Applicant Organization and Collaborative Partner will include. Six eight-week sessions of gardening and cooking activities at the Boys and Girls Club and at CCUA's Urban Farm.

Duration of Agreement:

The project will begin January 1, 2018 and conclude December 31, 2019.

Applicant Organization Agrees to:

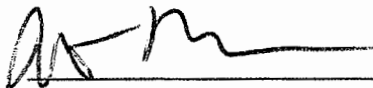

1. Work alongside Collaborative Partner to coordinate gardening and cooking activities at the Boys and Girls Club and at CCUA's Urban Farm.
2. Be solely responsible for delivering educational programming by providing all necessary staff and lesson plans for the six eight-week sessions of program implementation.
3. Make space available at CCUA's Urban Farm for field trips.

Collaborative Partner Agrees to:

1. Work with applicant organization to schedule and recruit students for the six eight-week sessions of gardening and cooking programs.
2. Work with the Applicant Organization to make necessary data available for program assessment.
3. Make space available in the Boys and Girls Club's Kitchen and Outdoor Garden for the six eight-week sessions of gardening and cooking programs.
4. Allow Applicant Organization to use the Boys and Girls Club Kitchen for other programming outside of the six eight-week sessions. These will be on mutually agreed upon dates and times.

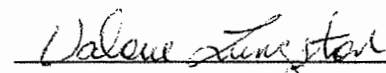

5. Comply with the funding policy of the Boone County Children's Services Board Funding Policy.

This agreement is contingent on successful funding proposals from Boone County Children's Service Fund and other funding agencies.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

a. Service #1 - Taxonomy of Service Name (150 character limit)

4.1 Health Education

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Provides information to maintain or improve physical and mental health and overall wellbeing.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

CCUA will collaborate with Columbia Public Schools (CPS) to deliver nutrition programming. CPS's new Farm to School Coordinator will work together with CCUA's staff educators to plan, coordinate, and deliver programming surrounding place-based learning, school gardening activities, fruit and vegetable tastings, and cooking demonstrations/activities. These activities occur in schools and at CCUA's Urban Farm. They are designed to encourage good nutritional behaviors while helping to meet the school district's learning goals. Activities that occur during the school day will help students understand the importance of healthy diets, encourage fruit and vegetable consumption at school and home, and encourage students to spend more time in healthy outside activities.

To further impact these students, CCUA will work with social service agencies to provide hands-on garden- and nutrition-related activities to students in afterschool and summer programming. These programs will occur both at CCUA's Urban Farm and at partner agency sites. These partnerships allow CCUA to reach students outside of the school day at established afterschool and summer programs such as Boys and Girls Club, Moving Ahead, Fun City, and Navig8. The students attending these programs are already identified as low-income, at-risk, and/or living in one of the three targeted neighborhoods.

This program is designed for low-income children who live in the City of Columbia's three targeted neighborhoods and students in eight high-FRL elementary schools. These students are at risk of poor nutrition, obesity, and the various social issues that lead to falling behind in school and continuing the cycle of poverty. Improved nutrition among these students will lead to improved physical and mental health outcomes.

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$120,596.76

b. Proposed Number of Units of Service (#1)

1596.04

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or

enabling the organization access to funding from other funding sources. (#1) (600 character limit)

This is a tremendous opportunity to institutionalize hands-on garden- and nutrition-based activities into the school day, and create a permanent position within Columbia Public Schools that will focus on encouraging students to consume more fruits and vegetables and connect the students to healthful outdoor activities.

In Year 1 of the proposal we are only requesting \$78,129.04 because full partnership with Columbia Public Schools will begin in the 2018-19 school year. Year 2 we will request the full amount \$120,596.76

Service #1- Performance Measures**Outcome (1-1)**

Students who participate in FTS programming will put more fruits and vegetables on their lunch tray at each school's "Garden Bar" as compared to the prior year.

Indicator (1-1)

3rd and 5th grade students who participate in FTS programming will consume 10% more fruits and vegetables.

Method of Measurement (1-1)

Every day Nutrition Service staff will weigh all food that is added to the Garden Bar during lunch service and subtract all food remaining on the Garden Bar at the end of lunch service.

Additional Outcome (1-2)

Attendance records will show higher rates of attendance among students who participated in FTS programming in 5th grade as compared to the prior year.

Additional Indicator (1-2)

The number of 6th grade students with attendance over 90% will increase by 5 percentage points among those who participated in programming in 5th grade.

Additional Method (1-2)

Analysis of attendance data for 6th grade students who participate in FTS programming.

Additional Outcome (1-3)

English Language Arts MAP test scores for participating 3rd graders will improve compared to the prior year.

Additional Indicator (1-3)

The number of 3rd grade students with reading proficiency will increase by 5 percentage points among those who participate in programming.

Additional Method (1-3)

Analysis of English Language Arts MAP test scores for 3rd graders who participate in FTS programming.

Additional Outcome (1-4)

Math MAP test scores for 6th graders who participated in FTS programming in 5th grade will improve as compared to the prior year.

Additional Indicator (1-4)

The number of 6th grade students with math proficiency will increase by 5 percentage points among those who participated in FTS programming in 5th grade.

Additional Method (1-4)

Analysis of Math MAP test scores for 6th graders who participated in FTS programming in 5th grade.

Additional Outcome (1-5)

English Language Arts MAP test scores for 6th graders who participated in FTS programming in 5th grade will improve as compared to the prior year.

Additional Indicator (1-5)

The number of 6th grade students with reading proficiency will increase by 5 percentage points among those who participated in FTS programming in 5th.

Additional Method (1-5)

Analysis of English Language Arts MAP test scores for 6th graders who participated in FTS programming in 5th grade.

Service #1 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

Students choosing more fruits and vegetables from the Garden Bar is linked to "improved fruit and vegetable consumption".

Improved reading and math comprehension, higher rates of attendance, and students choosing more fruits and vegetables from the garden bar are linked to "better physical and mental health outcomes".

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

There are numerous factors that affect academic achievement, physical and mental health, and school attendance. Some of these factors include: quality of education, classroom teaching methods, instability associated with living in poverty, and the behaviors modeled by parents and others outside of school.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

An increase of 5% on reading, math, and attendance data would show a significant increase for a first-year program. Measuring the amount of fruits and vegetables taken at each school's garden bar will show that students are choosing more healthy foods.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Columbia Public Schools already measures each of these outcomes, therefore using an established method of measurement is an efficient use of resources and provides an established baseline.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

1.1 Community Gardens

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Provision of garden space, materials, and/or information for community members to grow food.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

100 families in the Opportunity Gardens program will receive one-on-one mentoring in their backyard garden. After a new garden is built with CCUA staff, one-on-one mentoring sessions begin with a new gardener. CCUA makes between three and 12 visits per household per year (average of six). Gardening topics such as seasonality, crop spacing, pests, and watering are covered.

CCUA also provides all participants with a "Growing Guide" which has been created to aid in mentoring with consistent information across the program. The "Growing Guide" includes information about plant needs, plants that grow well in Missouri, weed identification, pest identification, soil and compost science information, and a resource list.

Garden mentoring sessions address gardening issues such as soil science, seasonality, crop spacing, watering, weeds, and garden pests. If no issues are present, mentoring may include sharing gardening tips, making the next season's plan, providing resources, or scheduling a cooking session.

Many of the families who participate in the program are also mentored on meal preparation and preservation methods. Cooking mentoring sessions may include topics such as harvesting techniques, meal preparation, canning, dehydrating, and fermentation. CCUA staff work with families in their kitchens to develop skills that will ensure garden produce is incorporated into their daily diet.

This three-year mentoring program has three cohorts of gardeners enrolled at once. First-year gardeners generally require more mentoring visits and need the most help, second-year gardeners are slightly more independent, and third-year gardeners graduate every fall as independent home gardeners.

Graduation is a mutual agreement between CCUA and participants based on level of independence and length of time in program. The consumer population of this service consists of individuals living at or below the poverty line in Columbia and/or eligible for such programs as WIC, SNAP, or TANF. Many participants are refugees or immigrants as well, but all are households living with limited resources. Many of these households live the city's three targeted neighborhoods. 2016 OG households were represented by individuals from 21 different countries that speak 14 different languages.

Service #2 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)**

1 Hour of Mentoring

b. Unit Rate (#2)

\$83.20

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

n/a

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

This is the cost of staff time, transportation, and overhead expenses associated with mentoring a low-income family in the home garden or kitchen. Additionally, this rate includes the cost of supplies associated with distributing plants, seeds, fertilizer and other tools to the Opportunity Gardens participants. The rate is currently being used on a POS agreement with Boone County.

d. Total Number of Units of Service to be Provided (#2)

252

e. Total Number of Unduplicated Individuals (#2)

364

f. Average Number of Units of Service per Unduplicated Individual (#2)

0.69

g. Average Cost of Service per Individual (#2)

57.6

Service #2 - Service Fee**a. Will the proposed service (#2) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

n/a

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Families living at 130% or below the poverty level do not have the resources to pay for this service.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

n/a

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

n/a

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

The proposed service is not eligible to be billed to health insurance or for state subsidy.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

n/a

enabling the organization access to funding from other funding sources. (#2) (600 character limit)

The Opportunity Gardens Program is not fully funded to serve 100 families. In 2017, CCUA's Opportunity Gardens Program is primarily funded by the HMUW and BCCSF. This request would continue funding from BCCSF from 2017 into 2018 and fill a gap in a shortage of HMWU funding as our recent proposal to HMUW was only partially funded. We are requesting the full amount in both years 1 and 2.

Service #2 - Performance Measures

Additional Outcome (2-5)	Additional Indicator (2-5)	Additional Method (2-5)

Service #2 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)**

Eating more fruits and vegetables at home is connected to "improved fruit and vegetable consumption"

Spending time in outside activities and eating fruits and vegetables is connected to "better physical and mental health outcomes".

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Garden success can be affected by many external factors in the environment. If an Opportunity Gardens participant is not successful, due to weather or changes in gardener availability, there will be less benefit. CCUA works closely with gardeners to anticipate changes and ensure gardener success.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

By measuring the number of Opportunity Garden participants who are eating the food from their garden and cooking meals at home, we can discover whether gardens are increasing healthful lifestyle choices and food security. Participants who incorporate home-grown food into home-cooked meals are reaping the most benefit from gardening.

d. Provide a rationale for each method of measurement (2). (600 character limit)

When Opportunity Garden participants apply to the program, they are given a pre-test to determine how much they initially grow and cook at home. For the three years in the program, each participant is given an annual survey. This survey information serves as both a formative and summative assessment of the Opportunity Garden participant's progress as a gardener and a cook.

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing/Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Fun City Youth Academy

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "BCCSB" and **Community Playground of Columbia, Inc. dba Fun City Youth Academy**, a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **FCYA**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, FCYA has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY FCYA

FCYA is expected to the greatest extent possible to maximize funding from all other sources. FCYA shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. FCYA shall only request reimbursement for services not reimbursable by any other source. FCYA shall not invoice the Children's Services Fund for units of service invoiced to another funding source. FCYA shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** FCYA will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal **#30-20JUL17** (Purchase of Service Contracts), any addenda, and FCYA's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over FCYA's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from FCYA and FCYA agrees to furnish the **Fun City Youth Academy** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in FCYA's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$84,036.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. FCYA agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB. This contract may at the sole discretion of the BCCSB and with the agreement of FCYA be renewed for **an additional one (1), one-year period**. FCYA agrees and understands that the BCCSB may require supplemental information to be submitted by FCYA prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Out of School Programming	One hour	\$10.27	5,000	\$51,350.00
Parent Partnership	15 minutes	\$9.00	1,674	\$15,066.00
Individual Therapy – Child	15 minutes	\$9.00	320	\$2,880.00
Group Therapy – Child	15 minutes	\$9.00	480	\$4,320.00
Academic Instruction	One hour	\$10.42	1,000	\$10,420.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the

event the billing dispute is resolved in favor of FCYA, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by FCYA to monitor service delivery and program expenditures. FCYA agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by FCYA and, if so stipulated, are noted on this contract document. Payments may be withheld from FCYA if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. FCYA agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** FCYA also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of FCYA's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from FCYA, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** FCYA agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect FCYA's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, FCYA hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service,

activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event FCYA requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from FCYA may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with FCYA's policies and procedures and in accordance with any local/state/federal regulations. FCYA agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. FCYA must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** FCYA will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** FCYA agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to FCYA's provision of such services.

14. **Accreditation/Licensure/Certifications.** FCYA must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** FCYA agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and FCYA, and this shall include any transaction in which FCYA is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** FCYA may enter into subcontracts for components of the contracted service as FCYA deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services

under the resulting contract agreement, FCYA shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** FCYA agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. FCYA shall require each subcontractor to affirmatively state in its Agreement with the FCYA that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide FCYA a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** FCYA agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against FCYA or any individual acting on the FCYA's behalf, including subcontractors, which seek to enjoin or prohibit FCYA from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If FCYA ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if FCYA no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, FCYA will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event FCYA, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to FCYA as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should FCYA fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, FCYA shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the FCYA for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. Indemnification. To the extent permitted under Missouri law, FCYA agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Community Playground of Columbia, Inc. dba Fun City Youth Academy** (meaning anyone, including but not limited to consultants having a contract with FCYA or subcontractor for part of the services), or anyone directly or indirectly employed by FCYA, or of anyone for whose acts FCYA may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. Publicity by the FCYA. FCYA shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. FCYA will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. FCYA will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. FCYA agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. Independence. This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and FCYA. The BCCSB does not recognize any of the FCYA's employees, agents, or volunteers as those of the BCCSB.

25. Binding Effect. This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. Entire Agreement. This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** FCYA shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

3. The Program Consumers section states, "Another challenge is convincing parents to apply for MO Child Care Assistance (Subsidy) when they appear to be eligible." Parents need to apply for MO Child Care Assistance (Subsidy) before the Boone County Children's Services Fund (BCCS) pays for children to attend the Fun City Youth Academy.

Action Required: Provide information on what is being done to assist parents to apply for MO Child Care Assistance (Subsidy) when they are eligible. Provide clarification on how this impacts the funding request amount to BCCS if parents are not receiving assistance when they are

If income and household size information on the FCYA student enrollment application indicates a parent might be eligible (however, we cannot know for sure that they *are* eligible), we mail and/or email the parent a childcare assistance application with the attached instructions for applying. We later make a follow-up phone call/email to the parent to ask if they've completed and turned in the subsidy application yet. If they haven't, we indicate that we're available to help them complete it and we offer to submit it to DSS for them. The subsidy amount indicated in the proposed budget is based on amounts we've received in past years. We do not turn away youth because of a family's inability to pay. If a family does not apply for childcare when they are eligible, the end result would be a restriction in the amount of services required, or a reduction in the number of children that can be served by the program.

eligible.

4. The Program Access section states that students must be Boone County residents, however, the Consumer Demographics section lists five students who reside in other counties.

Action Required: Provide clarification on these five students and the funding source paying for t

During Summer Academy, we often serve children who live with one parent/guardian during the school year and a different parent/guardian during the summer. The five children referenced above reside with a parent/guardian – who is a permanent Boone County resident – in the summer. Services provided to these five students are paid for by private donations, fundraising efforts, and program service fees paid by their parents/guardians. The Saturday Academy ONLY serves City of Columbia and Boone County residents.

r

vices.

5. The Program Budget shows the total expenses exceeding the total revenues by \$22,500.

Action Required: Provide clarification on why expenses exceed revenues and how this will be addressed.

When I submitted this proposal, I neglected to enter proposed funding from the Heart of Missouri United Way. We plan to request \$40,000 in funding from HMUW (\$20,000 each for Saturday and Summer Academies) to increase the number of Boone County youth who read proficiently by 3rd grade. We would then have to add \$17,500 in personnel expenses, to hire a certified teacher to prepare reading sessions for Saturday Academy.

1. Due to the complexity of tracking service levels and performance measures in an out of school program environment, the City and County plan to add “Out of School Programming” as a service in the *Taxonomy of Services*, with the following definition:

Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before school, after school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services from the *Taxonomy of Services*.

The unit measure for the Out of School Programming service will be “one hour.” Providers will be allowed to capture related services, as approved by the City and County, as part of the global Out of School Programming Service unit measure. Therefore, providers can simply track the time spent in the program as the base unit measure. The related services must be indicated and outlined in the Out of School Programming service description and reflected in the Performance Measures.

The City and County plan to drop Tutoring from the *Taxonomy of Services* and add the following services:

- Academic Instruction- Differentiated, curriculum-based instruction provided in a group or individual (tutoring) setting by a qualified professional to increase individual student achievement, as measured by grade-level benchmarks and standards from the student’s primary source of education.
- Academic Support – Supplementary assistance with educational concepts and tasks (homework).
- Academic Enrichment – Curriculum-based activities intended to engage students in learning and increase skills and knowledge in subject matter.

Please, keep in mind that all services need to be listed for the whole program. There may be additional services that could be listed under Out of School Programming

Service #	Service Name	Notes
1	Out of School Programming	Refer to the <i>Taxonomy of Services</i> for the different services being provided. Tutoring was listed on the City proposal and will require additional follow-up.
2	Parent Partnership	Need more information Building Strong Families and the home and school visits
3	Individual Therapy – Child	Need more information on the counseling provided to students
4	Group Therapy – Child	Need more information on the counseling provided to students
5	Academic Instruction	See Service 5 clarification questions.

- a. Service 1 – Out of School Programming needs to include different services that are offered as base programming. Services can include the different curriculums described in the proposal. Here are suggestions on how curriculums could be paired with the *Taxonomy of Services*:
 - i. Positive Youth Development – MindUP, SETCLAE, Nguzo Saba, On-Site Mentoring (group and one-on-one mentoring)
 - ii. Physical Activity – Let’s Move!
 - iii. Nutrition Education – Farm to Table, Fresh Fruits, and Vegetables Program

- iv. Academic Support – Tutoring was listed on the City Proposal.
- b. Service 2 – Parent Partnership may need to be added as a service or have a different service name depending on clarification response listed below.
- c. Service 3 – Individual Therapy – Child may need to be added as a service based on the clarification response below.
- d. Service 4 – Group Therapy – Child may need to be added as a serviced based on the clarification response below.
- e. Service 5 – Academic Instruction – possibly add this as a service to cover the morning portion of summer instruction with Columbia Public Schools.

Service 1 – Out of School Programming (combine Service 1, 2, and part of 3)

6. Service 1 needs to be renamed “Out of School Programming”. Services 1 and 2 and On-Site Mentoring embedded in Service 3 on the proposal can be combined into this.

Action Required: Complete the ‘Service Change Chart’ for Service 1. Services that are provided during Out of School Programming need to be listed in the service name. This is the only instance where multiple services will be listed in the service name. Provide justification below on why each additional service to Out of School Programming is listed.

These are the revised unit rates I submitted in my response to the City of Columbia:

Program Service #1 revised unit rate: \$10.42, determined by dividing program service expenses (\$34,000) by number of units to be provided (3262).

Program Service #2 revised unit rate: \$10.27, based upon unit rate of current contract with BCCS for similar program service.

Program Service #3 revised unit rate: \$10.27, based upon unit rate of current contract with BCCS for similar program service.

Program Service #4 revised unit rate: \$9.00, based upon unit rate of current contract with BCCS for similar program service.

Service 2 (Parent Partnership)

11. "Parent Partnership" will need to be added as a service based on the information provided. The

FCYA's Parent Advocate uses the Building Strong Families (BSF) curriculum provided by MU Extension to facilitate monthly parent meetings on the BSF topics: Family Strengths, Communicating, Managing Stress, Child Self-Care, Food & Fitness, Money Matters, Balancing Responsibilities, Healthy Home, and Kids & Self-Esteem. After she presents information on the topic, the Parent Advocate then leads a group discussion with the parents, where they can share experiences with one another and learn from one another. If parents/guardians indicate a need for services we don't provide, we inform them of other agencies that can help. FCYA staff members inform parents/guardians of the free BSF classes offered at the MU Family Impact Center. This year, measures are being put into place to coordinate transportation in FCYA's van. Providing transportation will increase parent/guardian attendance in BSF classes and FCYA monthly parent meetings. Home and school visits are only conducted as needed. We may conduct 15 visits per year; but this may include only 10 unduplicated households, as more than 1 visit may be conducted with the same family. A home visit might be conducted if there has been a life event such as a pregnancy, marriage or death in the family, custody issues, or a separation. School visits are rarely conducted but when FCYA staff have concerns about students, we contact schools and use the consent form signed by parents to obtain students grades, discipline records, IEP or 504 Plan or attendance records if necessary. Family-oriented activities offered to parents vary program. Saturday Academy has an Annual Fall Family Feast, a Kwanzaa celebration, and an End-of-Year gathering (usually a BBQ, but we've also done a Carnival Day). We also invite FCYA families to attend our annual fundraising dinner and silent auction every April. Summer Academy's family event is Nguzo Saba Day, where families are invited to the school for a Kwanzaa celebration, enjoy a potluck-style meal together, and watch the Talent Show and/or Poetry Slam starring their children.

The revised unit rate used in response to the City was \$9.00, determined by unit rate of current contract with the County for similar program service. The unit measure is 15 minutes. The proposed number of units to be provided are 1,620 for Saturday Academy and 1,728 for Summer Academy. These numbers were determined by revising the number of unduplicated individuals served: 45 (Saturday) and 54 (Summer) and proposing to provide an average of 9 hours and 8 hours, respectively, per unduplicated individual. One parent meeting, home or school visit last anywhere from 30 minutes to 2 hours, depending on reason for visit, meeting topic, etc. Activities offered to parents (Nguzo Saba Day, etc.) usually last longer than 2 hours.

When individual behavioral issues arise, the counselor would provide individual therapy to children at Saturday Academy as needed. The Licensed Counselor hired by FCYA during Summer Academy is Miriam Hasenclever. She has a BA in Elementary Education, MEd in Educational Counseling Psychology, and EdSp in Educational Counseling Psychology. In Missouri, she holds certifications in 1-8 Elementary Education, K-12 Counseling, and School Psychological Examiner. She has 40+ years’ experience working with the same populations as those served by FCYA (see resume attached to email). Location of the therapy is West Blvd. Elementary, where Summer Academy is held. Counselor facilitates this therapy wherever space allows in the school; this includes the cafeteria, library, and unoccupied offices/classrooms. Individual therapy is conducted on an as-needed basis, generally for individual behavioral issues that arise in the classroom, or to discuss group conflicts with every individual involved. Service Change Chart
Organization Name: Community Playground of Columbia, Inc. Program Name: Fun City Youth Academy
Service #1 – Taxonomy of Service Name: Out of School Programming (including: 1. Positive Youth Development, 2. Physical Activity, 3. Nutrition Education)
Service #1 – Taxonomy Definition of Service: Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before school, after school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services in the <i>Taxonomy of Services</i> .
Provide a detailed description of the proposed service: 1. Positive Youth Development (MindUP, SETCLAE, Nguzo Saba, On-Site Mentoring): During Summer and Saturday Academy, instructors hired by FCYA create lessons/activities using the following curriculums: MindUP, SETCLAE and Nguzo Saba. The MindUP curriculum, which is a comprehensive social and emotional learning program for pre-K – 8 students, and is informed by current research in the fields of cognitive neuroscience, mindful education, social and emotional learning, positive psychology, and evidence-based teaching practices. Students are given pre- and post-tests which measure their knowledge of self-control methods and brain function. MindUP sessions will be held monthly during Saturday and twice weekly in the Summer. We use two different African American Heritage curriculums. The Nguzo Saba curriculum addresses the Seven Principles of Kwanzaa: Umjoa (Unity), Kujichagulia (Self-Determination), Ujima (Collective Work and Responsibility), Ujamaa (Cooperative Economics), Nia (Purpose), Kuumba (Creativity) and Imani (Faith - to believe with all our heart in our people, our parents, our teachers, our leaders and the righteousness and victory of our struggle). Nguzo Saba was created to introduce and reinforce these seven basic values of African culture which contribute to building and reinforcing family, community and culture. Students are given pre- and post- assessments, testing their knowledge of the Seven Principles and Kwanzaa. The Self-Esteem Through Culture Leads to Academic Excellence (SETCLAE) curriculum is taught on the premise that Black youth, through increased self- and cultural-awareness, will develop confidence and pride in themselves and will be more motivated to make good choices. Students are given the SETCLAE Student Profile at the beginning and end of program; it measures a maintenance, increase or decrease in their positive self-image and self-esteem. Black History (which encompasses building and reinforcing family, community and culture, and increasing self- and cultural-awareness) is emphasized daily during Summer and Saturday Academies. In addition to the Black History lessons/activities during class time, communal gatherings are part of each day of FCYA programming. During Summer Academy, all students assemble in the gym and a new Principle is introduced every Monday (this gathering is called Harambee!); throughout the week, all students assemble daily for Community Building to reinforce the importance of the Principle and each class is required to choose 1 Principle and prepare a presentation on it. In addition to the Black History lessons/activities during Saturday Academy, community is reinforced every Saturday by the students gathering together in a circle to talk about plans and expectations for the day, to talk about how everyone's weeks went, and anything else on their minds. On-Site Mentoring is not one-on-one; it is done in a group setting. Currently, Saturday Academy has a male mentor group and a female mentor group but have struggled to create a consistent schedule for these groups, mostly due to a lack of volunteer follow-through (i.e. volunteer mentors claiming the male mentor group will meet twice per month, but volunteer male mentors showing up only once per month or every other month). This year, measures are being put in place to create a more consistent, structured schedule under which the male/female mentor groups will operate. The facilitators of the male mentor group are men from Columbia's local Prince Hall Masons (the primary, most consistent

leaders being Mr. Courtney Pulley and Mr. Lindsay Murray). During the 2016-2017 year, the primary facilitator of the female mentor group was Fun City's own Saturday Program Coordinator, but also included women from MU groups such as Delta Sigma Theta Sorority, Inc. and the National Alliance of Black School Educators (NABSE). On-Site Mentoring provides social interaction, guidance, and/or role models to students and increases students' sense of support. While all Summer Academy teachers provide social interaction, guidance and serve as role models for Fun City students, the Summer Academy also offers a weekly male mentor group (named Young Gentleman's Society) and female mentor group (named Girls Club). The facilitators of these mentor groups are certified teachers hired by Fun City to teach during the afternoon portion of Summer Academy.

2. Physical Activity (Let's Move!): Former First Lady Michelle Obama's initiative Let's Move! involves exercise and an exploration of healthy habits. It seeks to combat the epidemic of childhood obesity by increasing physical activity. During Saturday Academy, at least an hour of physical activity is scheduled into the program each day. During Summer Academy, students go outside (or to the gym) for recess at least 2 times per day and go swimming once per week. Pedometers are worn to monitor students' physical activity.

3. Nutrition Education (Farm to Table, FFVP): We have an MOU with Columbia Center for Urban Agriculture (CCUA) during Summer Academy and the students receive lessons and hands-on gardening experience. Children participate in crate and straw bale gardening and take a trip to CCUA Farms where they sample the fruits and vegetables. The students plant veggies at the beginning of summer in hopes that they can harvest and taste them before summer's over. We also collaborate with MU Extension; they provide two teachers to carry out the Kids in the Kitchen or Show Me Nutrition curriculum. Students learn about the food groups and nutrition, and they make and eat their own healthy snacks. In Fresh Fruits & Vegetables Program (FFVP) children learn about and sample different fruits and vegetables during both Summer and Saturday Academies. During the summer, each week has a different color theme (red fruits/veggies one week, green the next) and some vegetables are only shown, not sampled (such as jicama and onion). FFVP goals are to combat childhood obesity by helping students learn more about healthful eating habits, expand the variety of fruits and vegetables children experience and increase youth fruit and veggie consumption.

Service #2 – Taxonomy of Service Name: Parent Partnership

Service #2 – Taxonomy Definition of Service: Actively coordinates parents and organizational staff to work together to support and improve the learning, development, and health of the child(ren).

Provide a detailed description of the proposed service: FCYA's Parent Advocate uses the Building Strong Families (BSF) curriculum provided by MU Extension to facilitate monthly parent meetings on the BSF topics: Family Strengths, Communicating, Managing Stress, Child Self-Care, Food & Fitness, Money Matters, Balancing Responsibilities, Healthy Home, and Kids & Self-Esteem. After she presents information on the topic, the Parent Advocate then leads a group discussion with the parents, where they can share experiences with one another and learn from one another. We also utilize the Center for the Study of Social Policy's Strengthening Families Protective Factors Framework (available free online). We work to offer parents concrete support in times of need by facilitating monthly meetings where open discussions are encouraged, and by informing parents that they may call us any time they need to talk (most parents have the cell phone number of the director and parent advocate). To increase knowledge of parenting and child development, we supply the parents with resources from Children's Trust Fund, and

discuss parenting and child development during the monthly parent meetings. To increase parental resilience, we provide them with information of outside services available (or make referrals) when they're experiencing a difficult life event, and we encourage parents to attend special family-oriented events (Nguzo Saba Day, Black History Bowl, Talent Show/Poetry Slam, Kwanzaa celebration and ceremony) to help them form more positive relationships with their children. We increase the social and emotional competence of children using the MindUP curriculum during the Summer Academy. When parents regularly attend the monthly meetings, their social connections inevitably increase; they are meeting with others who may be experiencing similar difficulties and can discuss their lives among each other without feeling judged. Home and school visits are only conducted as needed. A home visit might be conducted if there has been a life event such as a pregnancy, marriage or death in the family, custody issues, or a separation. School visits are rarely conducted but when FCYA staff have concerns about students, we contact schools and use the consent form signed by parents to obtain students grades, discipline records, IEP or 504 Plan or attendance records if necessary.

Organization Name: Community Playground of Columbia, Inc.			
Program Name: Fun City Youth Academy			
Service #5 – Taxonomy of Service Name: Academic Instruction – Summer only			
Service #5 – Taxonomy Definition of Service: Differentiated, curriculum-based instruction provided in a group or individual (tutoring) setting by a qualified professional to increase individual student achievement, as measured by grade-level benchmarks and standards from the student’s primary source of education.			
Provide a detailed description of the proposed service: The students begin each day by eating breakfast in their classrooms starting at 8:00am. Certified teachers hired by CPS focus on reading, writing and math beginning at 8:20am, until the Fun City teachers take over at 11:20am. The morning teacher communicates any pertinent information to the afternoon teacher (academic, behavioral issues, et cetera). The morning teachers refer to CPS Standards and Missouri Learning Standards when creating their daily lesson plans and activities which are hands-on, minds-on, and engaging. Some students arrive to the program with STAR scores showing they are below proficiency for their grade level. So, occasionally, teachers are required to modify lesson plans and activities to fit the needs of students. CPS hires one paraprofessional for the Summer, but we often serve more than one student who requires a para. To resolve this, we might assign one of the Foster Grandparents, EdX Interns, or C.A.R.E. workers to this student, and/or give the student “brain breaks” when needed. Each classroom usually has one “brain break” per day for all the students. They might go to the gym or playground to run around, or walk to the park on Again Street, or get moving with a “Just Dance” video on YouTube. The idea is to release their excess energy, so they come back to the classroom ready to learn. CPS teachers administer STAR reading and math assessments to Fun City students at the beginning of the program and at the end to measure the students’ increase, maintenance or decrease in reading and math proficiency.

Fun City Youth Academy Summer Program 2017

Counselor Report

Miriam Hasenclever

Fun City Youth Academy seemed to elevate its programming during the summer of 2017. Students enjoyed the activities and topics that were covered. The administrators, mainly Mrs. Nickens, looked at lesson plans, made suggestions, observed lessons, and gave feedback to each teacher. Teacher skills seemed exemplary. All teachers were open to conferring with the counselor. This collaboration with the teachers helped the counselor make stronger relationships with the students. Students knew all of us (adults) at Fun City were working together. This social/emotional component implemented by the counselor included the following topics: self-esteem, getting along with others, problem-solving, stress, respect, feelings, coping strategies, chronic family health issues, divorce, and other issues that would arise.

Total number of students in Fun City - 89.

Total number of lunch groups - 87

Total number of individual students seen - 101

Counselor had administrative and teacher consults daily.

4th and 5th grade individuals were seen more frequently than the other grade levels. More conflict and problem-solving issues arose in the 4th and 5th classes. The teachers chose to do group and individual work instead of classes. Individual and group work seemed to be more effective than classes.

4 parents and 1 teacher (from the last school year) were contacted by phone by the counselor. Contact with families is critical to the success of Fun City Youth Academy. A parent advocate visits homes. Also administrators and teachers made more calls home this summer concerning the children. The calls done by other adults in the program necessitated fewer calls from the counselor.

In conclusion, the strength of Fun City Youth Academy was great leadership, competent teachers, and students willing to learn and participate in activities. These 3 components allowed the counselor to work effectively with students. The individual and group sessions were productive. Communication among administrators, teachers, students, and counselor was excellent. All involved created a positive environment at Fun City Youth Academy !
The eight week session seemed a success !

**THE E-VERIFY
MEMORANDUM OF UNDERSTANDING
FOR EMPLOYERS**

**ARTICLE I
PURPOSE AND AUTHORITY**

The parties to this agreement are the Department of Homeland Security (DHS) and the Community Playground of Columbia, Inc. (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

**ARTICLE II
RESPONSIBILITIES**

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:
 - a. Notice of E-Verify Participation
 - b. Notice of Right to Work
2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.
3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see [M-795 \(Web\)](#)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

- b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.
- c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.
- d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.
- e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:
- i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,
 - ii. The employee's work authorization has not expired, and
 - iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).
- f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:
- i. The Employer cannot determine that Form I-9 complies with Article II.A.6,
 - ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or
 - iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

- b. Photo verification checks (when available) on employees.
2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.
3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.
4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.
5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.
6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.
7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.
8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.
9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

Company ID Number: 835690

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

- a. Scanning and uploading the document, or
- b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.
2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.
3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.
4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI PARTIES

- A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.
- B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.
- C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.
- D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.
- E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Company ID Number: 835690

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Yantzi:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Organization	Community Playground of Columbia, Inc.
Name of Program	Fun City Youth Academy

Organization Profile	
-----------------------------	--

1. The bylaws state that a minimum of 11 members but be on the board. There are only ten board members listed in the Governing Board section.

Action Required: Update the Governing Board section on Apricot once the 11th member is added to the board.

--

Proposal Cover Sheet	
-----------------------------	--

2. Attachment C is not provided on the Proposal Cover Sheet

Action Required: Provide a copy of Attachment C with the required signatures.

--

Program Overview Form	
------------------------------	--

3. The Program Consumers section states, "Another challenge is convincing parents to apply for MO Child Care Assistance (Subsidy) when they appear to be eligible." Parents need to apply for MO Child Care Assistance (Subsidy) before the Boone County Children's Services Fund (BCCS) pays for children to attend the Fun City Youth Academy.

Action Required: Provide information on what is being done to assist parents to apply for MO Child Care Assistance (Subsidy) when they are eligible. Provide clarification on how this impacts

--

the funding request amount to BCCS if parents are not receiving assistance when they are eligible.

4. The Program Access section states that students must be Boone County residents, however, the Consumer Demographics section lists five students who reside in other counties.

Action Required: Provide clarification on these five students and the funding source paying for their services.

--

5. The Program Budget shows the total expenses exceeding the total revenues by \$22,500.

Action Required: Provide clarification on why expenses exceed revenues and how this will be addressed.

--

Program Services Form (1-5)	
------------------------------------	--

1. Due to the complexity of tracking service levels and performance measures in an out of school program environment, the City and County plan to add "Out of School Programming" as a service in the *Taxonomy of Services*, with the following definition:
Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before school, after school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services from the *Taxonomy of Services*.

The unit measure for the Out of School Programming service will be "one hour." Providers will be allowed to capture related services, as approved by the City and County, as part of the global Out of School Programming Service unit measure. Therefore, providers can simply track the time spent in the program as the base unit measure. The related services must be indicated and outlined in the Out of School Programming service description and reflected in the Performance Measures.

The City and County plan to drop Tutoring from the *Taxonomy of Services* and add the following services:

- Academic Instruction- Differentiated, curriculum-based instruction provided in a group or individual (tutoring) setting by a qualified professional to increase individual student achievement, as measured by grade-level benchmarks and standards from the student's primary source of education.
- Academic Support – Supplementary assistance with educational concepts and tasks (homework).
- Academic Enrichment – Curriculum-based activities intended to engage students in learning and increase skills and knowledge in subject matter.

Please, keep in mind that all services need to be listed for the whole program. There may be additional services that could be listed under Out of School Programming

Service #	Service Name	Notes
1	Out of School Programming	Refer to the <i>Taxonomy of Services</i> for the different services being provided. Tutoring was listed on the City proposal and will require additional follow-up.
2	Parent Partnership	Need more information Building Strong Families and the home and school visits
3	Individual Therapy – Child	Need more information on the counseling provided to students
4	Group Therapy – Child	Need more information on the counseling provided to students
5	Academic Instruction	See Service 5 clarification questions.

- a. Service 1 – Out of School Programming needs to include different services that are offered as base programming. Services can include the different curriculums described in the proposal. Here are suggestions on how curriculums could be paired with the *Taxonomy of Services*:
 - i. Positive Youth Development – MindUP, SETCLAE, Nguzo Saba, On-Site Mentoring (group and one-on-one mentoring)
 - ii. Physical Activity – Let’s Move!
 - iii. Nutrition Education – Farm to Table, Fresh Fruits, and Vegetables Program
 - iv. Academic Support – Tutoring was listed on the City Proposal.
- b. Service 2 – Parent Partnership may need to be added as a service or have a different service name depending on clarification response listed below.
- c. Service 3 – Individual Therapy – Child may need to be added as a service based on the clarification response below.
- d. Service 4 – Group Therapy – Child may need to be added as a serviced based on the clarification response below.
- e. Service 5 – Academic Instruction – possibly add this as a service to cover the morning portion of summer instruction with Columbia Public Schools.

Service 1 – Out of School Programming (combine Service 1, 2, and part of 3)

6. Service 1 needs to be renamed “Out of School Programming”. Services 1 and 2 and On-Site Mentoring embedded in Service 3 on the proposal can be combined into this.
Action Required: Complete the ‘Service Change Chart’ for Service 1. Services that are provided during Out of School Programming need to be listed in the service name. This is the only instance where multiple services will be listed in the service name. Provide justification below on why each additional service to Out of School Programming is listed.

7. Outputs need to be provided for Out of School Programming for the whole program. The number of units to be provided should include all units regardless of the funding source. The unit measure should be listed as “one hour”.

Action Required: Complete the ‘Service Change Chart’ for Service 1.

--

8. The unit rates need to be the same for both the County and City. The proposal listed unit rates higher for the County proposal than the City.

Action Required: Provide justification for the updated unit rate to be used for both the County and the City.

--

9. The Funding Request Amount section should only list the number of units that BCCS will fund and the funding amount request.

Action Required: Complete the Funding Request section on the ‘Service Change Chart’ for Service 1.

--

10. The proposed performance measures were well written and can be included ‘Service Change Chart’. The Performance Measures section needs to include outcomes, indicators, and method of measurements of the different services being provided in Out of School Programming.

Action Required: Complete the ‘Service Change Chart’ for Service 1.

--

Service 2 (Parent Partnership)

11. “Parent Partnership” will need to be added as a service based on the information provided. The proposed Service 3 description mentions Building Strong Families and coordinating home and school visits but did not provide specific information on these efforts.

Action Required: Provide more information on the Building Strong Families and the home and school visits and activities offered to parents.

--

12. The Parent Partnership's outputs should include any time spent coordinating and incorporating parents in program services. This needs to include Building Strong Families and the home and school visits. The unit measure should be "15 minutes" or "one hour" depending on the measure that works best. The number of units to be provided should be for the whole program service, regardless of the funding source.

Action Required: Complete the 'Service Change Chart' for Service 2. Provide information below on how the unit rate and number of units to be provided were determined. The unit rate needs to be the same for both the County and the City.

--

13. The Funding Request Amount section should only list the number of units that BCCS will fund and the funding amount request.

Action Required: Complete the Funding Request section on the 'Service Change Chart' for Service 2.

--

14. The proposed performance measures were well written and can be included 'Service Change Chart'. The Performance Measures section needs to include outcomes, indicators, and method of measurements of the different services being provided for Parent Partnership.

Action Required: Complete the 'Service Change Chart' for Service 2.

--

Service 3 (possibly Individual Therapy – Child)

15. The Service 3 description in the proposal mentioned Individual and Group Counseling Sessions. The description lacked sufficient information. Depending on the clarification response, Individual Therapy – Child needs to be added as Service 3.

Action Required: Provide sufficient information on how Fun City will provide Individual Therapy – Child, who will provide this therapy, the qualifications of this individual, and location of the therapy.

--

16. "Individual Therapy – Child" needs to be added as service unless the clarification response indicates it should have a different service name or included in a different service. Outputs need to be provided for the whole program service, regardless of the funding source.

Action Required: Complete the 'Service Change Chart' for Service 3. Provide information below on how the unit rate and number of units to be provided were determined. The unit rate needs to be the same for both the County and the City.

--

17. The Funding Request Amount section should only list the number of units that BCCS will fund and the funding amount request.

Action Required: Complete the Funding Request section on the 'Service Change Chart' for Service 3.

--

18. Performance measures need to be provided for Individual Therapy – Child.

Action Required: Provide performance measures in the 'Service Change Chart' for Service 3. Provide information below on how the outcomes, indicators, and method of measurements were determined.

--

Service 4 (possibly Group Therapy – Child)

19. The Service 3 description in the mentioned Individual and Group Counseling Sessions. The description lacked sufficient information. Depending on the clarification response, Group Therapy – Child needs to be added as Service 4.

Action Required: Provide sufficient information on how Fun City will provide Group Therapy – Child, who will provide this therapy, the qualifications of this individual, and location of the therapy.

--

20. "Group Therapy – Child" needs to be added as service unless the clarification response indicates it should have a different service name or included in a different service. Outputs need to be provided for the whole program service, regardless of the funding source.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide information below on how the unit rate and number of units to be provided were determined. The unit rate needs to be the same for both the County and the City.

--

21. The Funding Request Amount section should only list the number of units that BCCS will fund and the funding amount request.

Action Required: Complete the Funding Request section on the 'Service Change Chart' for Service 4.

--

22. Performance measures need to be provided for Group Therapy – Child.

Action Required: Provide performance measures in the 'Service Change Chart' for Service 4. Provide information below on how the outcomes, indicators, and method of measurements were determined.

--

Service 5 (Academic Instruction – Summer only)

23. The current contract provides services during the summer in coordination with Columbia Public Schools (CPS) and this service was mentioned in the proposal to the City. The proposal describes that the morning portion of the summer program is provided by certified teachers hired by CPS to provide instruction on reading, writing, and math. This means that it must be listed as a separate service.

Action Required: Complete the 'Service Change Chart' for Service 5. Provide information on the outputs, funding request, and program performance measures. Provide the number of units to be funded through the County and the funding request amount, even if this figure is zero.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

24. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Organization

Mission

Statement

(Purpose):

Provide your organization's mission statement. (600 character limit)

The mission of Fun City Youth Academy is to engage area youth and their parents in academic, cultural and recreational programs that promote academic achievement, self respect, and civic and social responsibility.

Organization

History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

FCYA was founded in 1970 at the grass roots level. Rev. and Mrs. Melvin West, Wynna Faye Elbert and Mrs. Beulah Ralph, established a program that would keep children from hanging out on the streets and getting into trouble. In July of 1973, it was incorporated as Community Playground of Columbia, Inc., a 501c3 non-profit organization that operates as the Fun City Youth Academy. In 2013, FCYA and Columbia Public Schools began to collaborate in a joint summer school at Ridgeway Elementary. The Saturday Youth Academy was created in 2003 and is held at the J.W. "Blind" Boone Community Center.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.
 - b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.
 - c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto. Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
- Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J, in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

According to the Boone Indicators Dashboard, the median income of Black family households in Boone County is \$24,316 less than the median income of white family households (2015). This income inequality means that Black children in Boone County are more likely to be impacted by poverty than white children. A study from Washington University in St. Louis, MO demonstrated that exposure to poverty during early childhood can have negative effects on the regions of a child's brain that handle stress regulation and emotion processing. It also found that early caregiving and nurturing can mediate the effects of childhood stress and trauma on the brain. They concluded, "children who are intellectually, socially, morally starved by poverty will require far more resources as adults, through increased crime, decreased productivity, worse health outcomes, higher rates of substance abuse, and continued generational poverty ("Poverty's Impact on Missouri's Children", 2015). To save Boone County resources in the long run, early intervention programs are key. According to the Columbia/Boone County Community Health Improvement Plan (CHIP) Annual Report for 2016, several accomplishments have been made in the Healthy Lifestyles area but there are still issues that need to be addressed. The Action Plan for Healthy Lifestyles lists targets such as increasing healthy eating and physical activity. Fun City's programs encourage increased healthy eating and physical activity for Boone children.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The Boone Indicators Dashboard indicates that in 2015 the median income of Black family households in Boone County was \$50,351. According to the Kids Count Data Center, 28.4% of Boone County children were in single parent families in 2015. The majority of Fun City Youth Academy (FCYA) students are African American or multiracial, their families have incomes which are significantly less than \$50,000 and most are headed by single mothers. "It takes a whole village to raise a child" (African proverb), but single parent households often do not have the support of a village of people. FCYA has monthly parent meetings to lend support, but with 13.5% of Boone County families being headed by single parents (Kids Count Data Center, 2017), there are more children and families in need of assistance than FCYA is able to serve. The target population for FCYA is high risk children ages 5

to 14 and their families living in Boone County. The Family Risk Index defines a "high-risk child" as one living in a family where four or more of these factors are present: 1)Child is not living with two parents, 2)Household head is a high school dropout, 3)Family income is below the poverty line, 4)Child is living with parent(s) who is/are unemployed, 5) Family is receiving welfare benefits, and 6)Child does not have health insurance (Nies & McEwen, 2014).

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The goals are to promote healthy lifestyles and improve mental health outcomes for low income youth through academic, cultural and recreational services and caring relationships for the development of social and emotional resilience; to help strengthen family units that include youth under age 19.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

Services to help improve mental health outcomes of youth: 1)Self-Esteem Through Culture Leads to Academic Excellence (SETCLAE) curriculum builds self-esteem, increases positive self-image and provides positive role models from African American history and culture, and 2)MindUP curriculum teaches children how to self-regulate their behavior, increases their knowledge about how the brain functions and teaches self-calming behaviors that build resilience. Services to help promote healthy lifestyles choices among youth: 1)Gardening - Farm to Table: we collaborate with Columbia Center for Urban Agriculture (CCUA) during Summer Academy to provide the students lessons and hands-on gardening experience including crate and straw bale gardening; we also collaborate with MU Extension for the Show Me Nutrition program where children make and eat healthy snacks, 2)Fresh Fruits & Veggies Program introduces children to different fruits & veggies and increases their fruit/veggie consumption, and 3)Let's Move! involves guided exercise and exploration of healthy habits. Services to help strengthen family units that include youth under age 19: 1)Building Strong Families (BSF) curriculum: delivered to both youth and parents, this helps to develop positive social and emotional skills and works at improving mental health and building stronger family bonds, and 2)site-based mentoring and sessions with Licensed Counselor as needed.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The majority of FCYA families are led by single mothers, with the average family size of 4-5 persons. In 2016, most of the children had parents who were underemployed, resulting in 89% of the students being at or below 200% of the poverty level. Fifty-five percent of students resided in the City of Columbia and 94% were residents of Boone County. (We have many students who live with one parent/guardian during the school year, and a different parent/guardian during the summer, resulting in several students who are considered to be outside of Boone County even though they live in Boone County during the summer.) Demographics by program are as follows:

Saturday Academy 2016: 97% were African American or multiracial, 3% (1 student) was white; 95% received free or reduced lunch; 77% were from single-parent households; 95% were below 200% of poverty level.

Summer Academy 2016: 89% were African American or multiracial, 9% white, 2% Asian, 1 student of Hispanic ethnicity; 79% received free or reduced lunch; 72% were from single-parent households; 86% were below 200% of poverty level.

b. Why will these particular consumers be served? (1500 character limit)

FCYA serves these particular consumers because we provide interventions and strategies specifically targeted to address the mental, physical and educational needs of students and families. Historically, these are the consumers we serve and the likelihood is that we will continue to serve the same consumers. This is because we have an outstanding student retention rate. We find that the same families attend Fun City programs year after year (sometimes generation after generation), and they rely on us to provide academic, cultural and recreational services in a safe, affirming, caring environment. There were 81 total students enrolled during Summer Academy 2016. Forty-two of those students returned for Summer Academy 2017. Eleven students who attended Saturday Academy 2016-2017 also attended Summer Academy 2017.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Transportation is the main challenge in serving these consumers: some parents have no transportation, while others work and cannot bring their children to the program. It can be a challenge to get parents involved in the program: many parents work and find it difficult to attend monthly parent meetings or special events where we encourage parents to attend. Another challenge is convincing parents to apply for MO Child Care Assistance when they appear to be eligible.

d. Total number of unduplicated individuals to be served by the proposed program:

150

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

Consumer Demographics Instructions

Complete the **Residence, Race, Ethnicity, Gender, Income, and Age** sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the **Consumer Demographic sub-section** should correlate with the information provided in the rest of the proposal.

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

b. Provide information on the types of training that will be offered. (1500 character limit)**Program Access****a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)**

Fun City Summer Academy is held at West Blvd. Elementary (319 West Blvd. N), Monday-Friday, 8 a.m.-4:30 p.m. for 8 weeks in June and July. Saturday Academy operates in 2 locations: Progressive Missionary Baptist Church (PMBC) (702 Banks) and New Horizons United Methodist Church (1020 El Chaparral); it runs for 30 Saturdays during the school year months of September-May, 11:30 a.m.-4:30 p.m. Parent Empowerment Group (Tools for Living) meets once per month (day/time varies) at PMBC, and attempts are made to contact parents in between meetings. Home/school visits are conducted as needed.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

To be eligible to attend the Fun City Summer Academy, a child must be entering grades 1 through 5 (ages 6 to 12) and be a resident of Boone County. To be eligible to attend the Fun City Saturday Academy, a child must be in grades K through 8 (ages 5 to 14) and be a resident of Boone County. To be eligible for the Tools for Living program, a person must be in a parental role and a resident of Boone County.

c. Will program consumers be charged a fee for the proposed program service(s)?

Yes

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Fun City encourages parents to apply for MO Child Care Assistance if they qualify. If a family is not eligible, fees for Summer Academy are determined by a sliding scale based on income and household size. Fees are charged in order to supplement program costs. We want to give all children the opportunity to attend Fun City and we never turn a child away because of a family's inability to pay. We charge no fee for the Saturday Academy (many parents have indicated that if they were made to pay a fee, their children would not attend) or Parent Empowerment Group.

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Yes

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

The sliding fee schedule is based on the Missouri Department of Social Services Child Care fee formula. The minimum fee of the Summer Academy is \$25 per child. Though we've never had a child qualify, the maximum fee is \$400 per month for families at 400% of Federal Poverty Level (FPL).

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

/document/download/filename/1500365612_40756_slidingscalefee.pdf/

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Fun City Summer Academy is designated a license-exempt summer camp by the Missouri Department of Health and Senior Services. To become registered to receive child care subsidy payment, all applicable staff are required to complete health and safety training on the topics: First Aid/CPR, Emergency Disaster & Response, Mandatory Child Abuse & Neglect Reporting, Prevention & Control of Infectious Diseases, Administration of Medication, Prevention & Response to Food Allergy Emergencies, Building & Physical Premises Safety, Handling & Storage of Hazardous Materials, and Transportation of Children.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

FCYA best practices are derived from the Five Cs model of positive youth development: Competence (academic, social and vocational), Confidence (positive self-concept), Connection (to community, family, peers), Character (positive values, integrity and moral values), and Caring (sympathy and empathy for others) (Bowers et al., 2010).

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The Five Cs model of positive youth development emphasizes the strengths of youth and, as a consequence, enables youth to be seen as resources to be developed. When a youth manifests these Five Cs over time, he or she is less likely to be on a trajectory of risk and problem behavior such as substance abuse, delinquency, and depression (Bowers et al., 2010).

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

A study done at Washington University in St. Louis, MO demonstrated "the importance of poverty education, but also that the damaging effects of childhood poverty can be prevented. Supporting and expanding programs that work to reduce the harm of the stressors of poverty on children can help mitigate the potential lifelong consequences of growing up in poverty" ("Poverty's Impact on Missouri's Children", 2015). Programs like FCYA reduce the stressors of poverty by giving children a safe, caring, affirming environment where their history and culture is embraced instead of suppressed. Considering FCYA's unique combination of curricula and programming, it is difficult to find reports to use as evidence. Using internal data, we can proudly say that 91% of Summer Academy 2016 students demonstrated an increased knowledge of African American history; 87% demonstrated an increase of positive self-image and self-esteem; 69% demonstrated an increased knowledge of how the brain functions and how anger can be managed in a positive way; 70% demonstrated an increased knowledge of making healthy eating choices; 67% showed an increased interest in gardening; and 77% demonstrated an increased knowledge of family strength and sense of family support.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Academic Enrichment: Increase reading, math and science skills through tutoring and using hands-on, minds-on activities; learning is fun in our programs, as we incorporate creativity and technology into our reading, math and science lessons/activities.

Character/Leadership Development: Develop self-knowledge through character building curricula; learn civic responsibility and respect for the environment through the Adopt-a-Spot program, community service and recycling projects.

Cultural Awareness: Black history is taught on the premise that Black youth, through increased self and cultural awareness, will develop confidence and

pride in self and will be more motivated to strive for academic success. FCYA utilizes two separate Black history curricula: 1)Self-Esteem Through Culture Leads to Academic Excellence (SETCLAE), where lessons cover topics such as goal-setting, family trees, African history, culture, values, manhood, womanhood and academic development, and 2)Nguzo Saba (The Seven Principles of Kwanzaa), created to introduce and reinforce seven basic values of African culture which contribute to building and reinforcing family, community and culture.

Prevention: Site-based mentoring for youth and monthly Parent Empowerment Group for parents using Building Strong Families curriculum and the Center for the Study of Social Policy's Strengthening Families (TM) Protective Factors Framework.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

For the purpose of quality improvement, FCYA completed TCC Group's Core Capacity Assessment Tool (CCAT) in 2016. Results are compiled in the CCAT Final Report, which is intended to help organizations determine their strengths and opportunities for improvement. We have already started using these results to make improvements to our program and plan to complete the CCAT again when it becomes available, perhaps on a biannual basis. Another method we use for quality improvement involves Fun City's Strategic Plan. Each year, FCYA's Board of Directors meets with key staff members to go over Fun City's Strategic Plan. We discuss the Strategic Plan, track our progress, and make revisions as necessary.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Students and parents are given a survey at the end of Saturday and Summer Academies asking how they felt about that year's service and asking whether or not they plan to return the next year. We rely heavily on the parent comments/suggestions section to enhance services and help with program outcomes. We use these results to figure out how programming can be improved and what changes need to be made.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Collaboration with other agencies is vital to Fun City's programming. The Saturday Academy could not operate without its collaboration with the MU Office of Service Learning. They supply an average of 45 volunteers and interns each year. The Service Learning volunteers are crucial to the personal attention that students value so much, as Fun City staffing is limited. We collaborate with MU fraternities and sororities, MU Athletics and MU student clubs/interest groups, and MU Extension provides curricula during both Summer and Saturday Academies. The 2018 Summer Academy will be the fifth consecutive year of Fun City's partnership with Columbia Public Schools (CPS). CPS provides all students free breakfast and lunch, use of the building and school gardens, CPS staff including a morning Principal, an Administrative Assistant, five morning Teachers, one Paraprofessional, one Nurse, two Lunch Technicians and two Custodians. The Central Missouri Community Action (CMCA) Foster Grandparent program provides three to five classroom assistants. The Career Awareness Related Experience (C.A.R.E.) program provides three to five childcare workers. MU Extension provides two teachers to teach the Show Me Nutrition curriculum. The Columbia Center for Urban Agriculture (CCUA) provides one Gardening teacher. Friends of Rock Bridge Memorial provides a teacher, Nature Unleashed and Nature Unfolded curricula, and they sponsor the field trip to Rock Bridge Memorial State Park.

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The Executive Director will seek additional funding for the proposed program with help from the Administrative Assistant. The Saturday Program Coordinator is responsible for creating weekly lessons using curricula provided by FCYA, planning activities and field trips for the Saturday Academy, and implementing the program at the PMBC location (as well as training the Saturday Academy volunteers). The Saturday Manager implements that same program at the second Saturday Academy site, New Horizons United Methodist. There are five Summer Teachers (grades 1-5) who carry out the program during the afternoon portion of Summer Academy (CPS teachers are responsible for the morning portion: reading, writing and math). FCYA Summer Teachers use curricula provided by Fun City to create daily lessons and minds-on, hands-on activities; they also make sure the students stay physically active throughout the day. The Summer Principal plans field trips and activities and ensures the teachers are carrying out the program by collecting their lesson plans and observing them in the classroom. The Counselor meets with children and families and makes referrals as needed. Salary ranges and minimum qualifications are based upon information obtained from various nonprofit salary and benefits reports, by comparing FCYA salaries to other nonprofits of similar size.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

FCYA will continue to request grant funding from past sources, as well as search for new sources. We will submit a proposal to contract with the City of Columbia for the year 2018 and submit a proposal for a prevention grant from Children's Trust Fund for FY2019. When HMUW issues an RFP for Education, we will submit a proposal. Services provided to children who are not Boone County residents are funded by service fees paid by their parents, private donations, and fundraising efforts.

2017 Memorandum of Understanding Columbia Public Schools and Fun City Partnership

Columbia Public Schools (CPS) and Fun City Youth Academy (FCYA) are entering into a partnership to provide students with summer programming from June 5, 2017 through July 28, 2017. Approximately 80-85 students (current K-4; rising grades 1-5) will attend Columbia Public Schools Summer SUNsations in the mornings and Fun City Youth Academy in the afternoons.

Both organizations remain separate entities and are responsible for their portion of the program. This memorandum documents our mutual understandings about the programs and the parties' responsibilities.

CPS Commitments:

- The programs will be housed at West Boulevard Elementary for the entire 8 weeks, with July at the expense of the district.
- Columbia Public Schools will make its Summer SUNsations program available to participating students from 7:50 a.m. until 11:20 a.m. each day from June 5 through July 28.
- CPS will provide SUNsations teachers for the CPS morning program commensurate with enrollment. They will teach a core curriculum of reading/language arts and mathematics.
- CPS will provide a dedicated administrator whose responsibilities will include
 - Working from 7:30 a.m. through 11:30 a.m. each day.
 - Hiring, supervising, and supporting CPS staff who serve program participants through Summer SUNsations.
 - Helping select the Youth Academy administrator and assisting that administrator in securing use of five classrooms, access to building space and resources including access to the media center, computer lab, gym, playground, office space, storage space, teacher's lounge, and community garden.
- CPS will provide secretarial and nursing support at the District's expense from 7:50 a.m. to 11:30 a.m. each day through the eight weeks.
- CPS will provide curriculum, materials, and supplies for the SUNsations morning program purchased at the District's expense.
- CPS staff will be responsible for student supervision from 7:30 a.m. through 11:20 a.m. each day that the program is in session.
- CPS staff will work closely with Fun City staff to communicate with and engage parents in the programs and to communicate regarding individual student success.
- Assuming continued state support, CPS will provide free breakfast and hot lunch for students enrolled in the program.
- Fun City staff will have access to contact information for scheduling purposes at the ~~Hickman Pool~~ during the aforementioned timeframe, however scheduling is the responsibility of Fun City to coordinate with Columbia Parks and Recreation.
- Fun City staff will have access to schedule transportation with the CPS transportation director, however Fun City must order transportation using a purchase request 2 weeks ahead of time and be funded by Fun City.

ARC

- FCYA will record and track attendance in the afternoon portion of the program from June 5 through July 28, 2017.

We, the undersigned, affirm these mutual understandings.

2016-2017 Memorandum of Understanding

Progressive Missionary Baptist Church and Community Playground of Columbia, Inc.

DBA as Fun City Youth Academy (a fun place for learning)

Progressive Missionary Baptist Church (PMBC) and Fun City Youth Academy (FCYA) are entering into a partnership to provide students with Saturday programming from August 20, 2016 through May 20, 2017. Approximately 40-60 students (current ages 5-14) will attend Fun City's Saturday Youth Academy.

Both organizations remain separate entities and are responsible for their portion of the program. This memorandum documents our mutual understandings about the programs and parties' responsibilities.

PMBC COMMITMENTS:

The programs will be housed at PMBC Christian Life Center located at 702 Banks Ave, Columbia, MO 65203 for the entire 31 Saturdays.

PMBC will make the CLC available to FYCA staff, volunteers and students from 10:30 am to 4:00 pm on each Saturday the program is in session at no cost to FCYA (August 20, 2016 through May 20, 2017).

PMBC will provide a dedicated administrator whose responsibilities will include working with the FCYA Saturday Coordinator in making sure classrooms, kitchen, gym area and bathrooms are available and cleaned at the conclusion of each Saturday session.

PMBC's administrator will work closely with FCYA's staff to communicate with and help engage parents in the program (could be through church announcement, passing out flyers about the program and encouraging eligible parents to enroll their eligible children in the programs).

PMBC's administrator will provide scheduling of the CLC to FCYA's staff to allow time for other options and locations to hold the Saturday program when the CLC may not be available because of church use.

FCYA COMMITMENTS:

FCYA will operate its Saturday Youth Academy from 10:30 am through 4:00 pm from August 20, 2016 through May 20, 2017.

FCYA's Saturday Coordinator will be responsible for the hiring and recruitment of staff and volunteers necessary to manage the students enrolled in the program and over supervision of the Saturday program.

FCYA's Saturday Coordinator will work with the PMBC administrator to include monthly meetings to discuss and/or resolve any problem that may have developed.

Memorandum of Understanding

Between
The Columbia Center for Urban Agriculture (CCUA)
And
Fun City Youth Academy (FCYA)

This Memorandum of Understanding (MOU) sets the terms and understanding between the CCUA and FCYA to collaborate on a sustainable gardening program at West Boulevard Elementary School in June and July of 2017.

Background

CCUA works with West Boulevard Elementary as a part of its Outdoor Classroom Program, and is extending lesson assistance to this year's FCYA garden program as organized by Marekka Nickens and Bonnie Yantzi.

Purpose

This MOU will outline the terms of the collaboration for the 2017 programming.

This will be accomplished by CCUA undertaking the following activities:

Activity	Timeline	Amount of CCUA staff time
Helping with material acquisition and garden space setup	Prior to June 5	2 hours OC Manager time
Providing garden lessons	During Fun City organized gardening events	40 hours OC Manager time
Assisting with assessment and evaluation	During Fun City organized gardening events	2 hours OC Manager time
Assisting with volunteers as needed	During Fun City 2017	2 hour OC Manager time
Provide one Urban Farm experience for 1st - 5th graders	July 12 (rain date of July 27)	4 hours OC Manager time, 4 hours OC Associate time, 4 hours Urban Farm Educator time

FCYA will communicate proactively and regularly with CCUA to ensure that programming is planned for and delivered in an effective, efficient, and organized manner.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Fun City Youth Academy (FCYA) provides a safe, stimulating, caring environment that combines academics with youth development activities to high risk, low income, predominantly African American or multiracial children. To provide programming in order to improve mental health outcomes of youth, FCYA offers the following services:

African American Heritage curricula: 1)Self-Esteem Through Culture Leads to Academic Excellence (SETCLAE) is taught on the premise that African American youth, through increased self and cultural awareness, will develop confidence and pride in themselves and will be more motivated to make better lifestyle choices, and 2)Nguzo Saba (The Seven Principles of Kwanzaa) is taught to increase students' knowledge of African American History and was created to introduce and reinforce seven basic values of African culture which contribute to building and reinforcing family, community and culture. During the last week of Summer Academy, students participate in a Jeopardy-style quiz game to test their knowledge of Black History and Culture. Also during the last week is Nguzo Saba Day, where we invite the students' families to the school for a potluck, student Talent show, and the lighting of a kinara in a traditional Kwanzaa ceremony.

The MindUP curriculum is taught to students in order to increase pro-social behaviors; students learn to self-regulate behavior and manage stress; children learn the functions and different parts of the brain and how it responds to fear and anger; and it helps them learn how to respond, rather than react impulsively.

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

Yes

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

Fun City encourages parents to apply for MO Child Care Assistance if they qualify. If a family is not eligible, fees for Summer Academy are determined by a sliding scale based on income and household size. Fees are charged in order to supplement program costs. We want to give all children the opportunity to attend Fun City and we never turn a child away because of a family's inability to pay. We charge no fee for the Saturday Academy because many parents have indicated that if they were made to pay a fee, their children would not attend the program. Our main priority is program attendance.

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

/document/download/filename/1500406713_41196_slidingscalefee.pdf/

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

Since Summer Academy only runs in June and July, Missouri Department of Social Services (DSS) has designated FCYA a license-exempt summer camp (programs that run Sept.-May are considered as such). The Summer Academy receives Missouri Child Care subsidy payments for eligible children whose parents have applied and been approved. To be eligible for child care, there must be a need for all adults in the household or a documented special need for a child. Valid needs for child care include: employment, school, training, incapacitated care taker, and child with a special need for care.

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Requesting funds to alleviate loss of grant funding from CTF and 21st Century. Summer teachers hired by FCYA are now required to be certified, increasing costs. We opened a second program site for the Saturday Academy but had difficulty enrolling students. Efforts included: Open House at New Horizons, meeting with Principal at Cedar Ridge Elementary and setting up a promotional table at their Chili Dinner. FCYA plans to distribute backpacks (school supplies inside) at a back-to-school event in the El Chaparral neighborhood, and to ask if FCYA parents living in that area will recruit others.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Increase of self-image and self-esteem in youth under the age of 19	70% of students will demonstrate an increase in their self-image and self-esteem	Adapted SETCLAE Pre/Post test
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
Increase knowledge of African American History in youth under the age of 19	70% of students will demonstrate an increase in knowledge of African American history	Nguzo Saba Pre/Post test
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Increase of self-control skills in youth under the age of 19	70% of students will demonstrate an increase in knowledge of self-control methods	MindUP Pre/Post test
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Increase of knowledge of brain function in youth under the age of 19	70% of students will demonstrate an increase in knowledge of brain function	MindUP Pre/Post test
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

SETCLAE curriculum builds self-esteem, increases positive self-image and provides positive role models from African American history and culture. Nguzo Saba curriculum teaches children about African American history and culture, introduces and reinforces seven basic values of African culture which contribute to building and reinforcing family, community and culture. MindUP teaches children how to self-regulate their behaviors and increases their knowledge about how the brain functions; it also teaches self-calming behaviors that build resilience. All of these improve mental health outcomes.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Transportation issues prevent some children from regular attendance, meaning that some children may not be present on a day when all the other students are taking pre- or post-tests. FCYA provides Saturday Academy transportation for 26 children on a first come, first served basis. Since transportation is the main complaint on Summer Academy parent surveys every year, we are looking into providing some transportation Summer 2018. Many children arrive to Saturday Academy without having had breakfast and are not able to focus. Another factor is high levels of stress in the homes of children.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Measurement levels for each indicator are based on FCYA measurement results from 2015 and 2016. Students have achieved these projected levels in the past.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Method (1-1): Adapted SETCLAE Pre/Post tests measure students' levels of positive self-image and self-esteem; post-test will show an increase, decrease or maintenance of positive self-image and self-esteem levels. Method (1-2): Nguzo Saba Pre/Post assessments test students' knowledge of African American history; post-test will show whether or not they demonstrated an increase in knowledge of African American history. Method (1-3) and (1-4): MindUP Pre/Post tests assess whether or not students are familiar with self-control methods; and they test students' knowledge of how the brain functions.

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Community-Based Mentoring - provide programming that promotes healthy lifestyle choices among youth

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Social interaction, guidance, and/or role models in a community setting to increase positive behaviors and decisions.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

FCYA provides a safe, stimulating, caring environment that combines academics with youth development activities to high risk, low income, predominantly African American or multiracial children. To provide programming that promotes healthy lifestyle choices among youth, FCYA offers the following services:

Gardening (Farm to Table): we have an MOU with Columbia Center for Urban Agriculture (CCUA) during Summer Academy and the students receive lessons and hands-on gardening experience. Children participate in crate and straw bale gardening and take a trip to CCUA Farms where they sample the fruits and vegetables. The students plant veggies at the beginning of summer in hopes that they can harvest and taste them before summer's over. We also collaborate with MU Extension; they provide two teachers to carry out the Show Me Nutrition curriculum. Students learn about the food groups and nutrition, and they make and eat their own healthy snacks.

Fresh Fruits & Vegetables Program (FFVP): children learn about and sample different fruits and vegetables during both Summer and Saturday Academies. During the summer, each week has a different color theme (red fruits/veggies one week, green the next) and some vegetables are only shown, not sampled (such as jicama and onion). FFVP goals are to combat childhood obesity by helping students learn more about healthful eating habits, expand the variety of fruits and vegetables children experience and increase youth fruit and veggie consumption.

Fitness: 1)Let's Move!: involves guided exercise and an exploration of healthy habits. Let's Move! seeks to combat the epidemic of childhood obesity by increasing physical activity. 2)Healthy Hip Hop (H3): music impresses a mentality of overall positive living by trying to influence listeners to increase physical activity, value education and to work hard at reaching your goals. During the Summer Academy children also participate in additional free play at recess and weekly swimming trips to the ARC.

Service #2 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)**

1 hour of service delivered to 1 youth under the age of 19

b. Unit Rate (#2)

\$10.27

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

This unit rate is not tied to an established public funding rate, but is consistent with the mutually agreed-upon rate used for BCCSB's current Purchase of Service Contract with FCYA.

d. Total Number of Units of Service to be Provided (#2)

3969

e. Total Number of Unduplicated Individuals (#2)

Service #2 - Service Fee**a. Will the proposed service (#2) consumers be charged a fee?**

Yes

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

Fun City encourages parents to apply for MO Child Care Assistance if they qualify. If a family is not eligible, fees for Summer Academy are determined by a sliding scale based on income and household size. Fees are charged in order to supplement program costs. We want to give all children the opportunity to attend Fun City and we never turn a child away because of a family's inability to pay. We charge no fee for the Saturday Academy because many parents have indicated that if they were made to pay a fee, their children would not attend the program. Our main priority is program attendance.

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

/document/download/filename/1500445752_40829_slidingscalefee.pdf/

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

Since Summer Academy only runs in June and July, Missouri Department of Social Services (DSS) has designated FCYA a license-exempt summer camp (programs that run Sept.-May are considered as such). The Summer Academy receives Missouri Child Care subsidy payments for eligible children whose parents have applied and been approved. To be eligible for child care, there must be a need for all adults in the household or a documented special need for a child. Valid needs for child care include: employment, school, training, incapacitated care taker, and child with a special need for care.

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

The program works to improve adoption of healthy lifestyles to low income kids and families. We will introduce a variety of fresh fruits and vegetables, help give kids knowledge and skills to make healthy food choices and they will have the experience of growing food and eating their produce. They will enjoy various forms of physical activity. All of these promote healthy lifestyles choices among youth.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Poor eating habits is an external factor as many families regularly eat very sugary food, fast food, processed foods, and drink a large amount of soda and other sugary drinks. Weather affects the gardening classes and outdoor exercise activities. Sometimes, children also initially lack motivation to participate in fitness. They spend many hours a day watching TV and/or playing video games. Transportation issues prevent some children from regular attendance, meaning that some children may not be present on a day when all the other students are taking pre- or post-tests.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

Measurement levels for each indicator are based on FCYA measurement results from 2015 and 2016. Students have achieved these projected levels in the past.

d. Provide a rationale for each method of measurement (2). (600 character limit)

Method (2-1): Gardening survey taken at end of Summer asks whether or not students are currently interested in gardening, pictures reveal whether or not they enjoyed themselves during gardening class and CCUA Farms field trip. Method (2-2): Fresh Fruits & Veggies Pre/Post assessments test students' knowledge of different fruits and vegetables, measuring their increase, maintenance, or decrease in that knowledge. Method (2-3): Students wear pedometers during the afternoon portion of Summer Academy and their amount of steps is documented, showing an increase or decrease in physical activity.

FCYA provides a safe, stimulating, caring environment that combines academics with youth development activities to high risk, low income, predominantly African American or multiracial children. To help strengthen family units that include youth under the age of 19. FCYA offers the following services:

Building Strong Families (BSF): this curriculum helps families identify their own strengths and learn skills to build on those strengths. It helps to develop positive social and emotional skills. It works at improving and building stronger family bonds since both FCYA youth and their adult family members

attending the Parent Empowerment Group learn from the same curriculum each month.

On-Site Mentoring: This bi-weekly on-site program supports both group and one-on-one mentoring for youth. Group topics include drug abuse, tobacco education, alcohol abuse, crime, gangs, and police appreciation. We have separate mentoring groups for males and females.

Individual and Group Counseling Sessions: The Licensed Counselor for FCYA conducts counseling sessions with individual students as-needed. She also meets with parents individually or meets with the whole family depending on the situation. She also meets with students in group counseling sessions when a group of students are all involved in the same situation, incident or confrontation.

Home and school visits encourage parental engagement in working with schools in order to deal with their child's behavior issues. We also encourage families to attend FCYA events (such as the Annual Fall Family Feast and Nguzo Saba Day) in order to increase family social connections and increase parents' engagement in their child's academic achievement. We use the Center for the Study of Social Policy's Strengthening Families (TM) Protective Factors Framework, trying to build parental resilience, social connections, concrete support in times of need, and knowledge of parenting and child development and trying to increase social and emotion competence in children.

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

The BSF curriculum helps to develop positive social and emotional skills in youth and their parents. It works at building stronger family bonds as both FCYA youth and adult family members attending the Parent Empowerment Group learn from the same curriculum each month. Our mentor programs increase students' sense of support because they know someone is available to talk if they ever need anything. Building on the 5 protective factors in FCYA families helps to strengthen family units.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

Some external factors include high stress levels in the family, separated family units due to separation, divorce, or prison. We also find it difficult to get a majority of the parents attend in the monthly parent meetings. Some of them are unable to attend because they work, but some of the parents lack motivation to attend. Some parents do not have transportation, but we are happy to pick them up for meetings. Transportation issues prevent some children from regular attendance, meaning that some children may not be present on a day when all the other students are taking pre- or post-tests.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

Measurement levels for each indicator are based on FCYA measurement results from 2015 and 2016. Students and parents have achieved these projected levels in the past.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

Method (3-1): BSF Pre/Post surveys assess whether or not students have a knowledge of family strengths. Method (3-2): Feedback surveys ask parents if they learned anything and if they found the information to be helpful. Method (3-3): Feedback surveys given at the end of the program ask whether or not parents feel the program benefited their child and themselves and they leave comments/suggestions. Method (3-4): BSF Pre/Post surveys assess how students feel about family relationships, and mentor surveys (given to youth and mentors) assess whether or not a sense of support is perceived.

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
