**National Crime Victims' Rights Week
Community Awareness Project
Subgrant Award Agreement**

Subgrantee	Boone County Prosecuting Attorney, Columbia, MO			Subgrant Award No.	18-029
				Subgrant Award Amount	\$5,000.00
Start Date	December 20, 2017	End Date	June 30, 2018	Indirect cost rate, if any	

This agreement between the National Association of VOCA Assistance Administrators (NAVAA) and the above-named Subgrantee for funding of a National Crime Victims' Rights Week Community Awareness Project ("the project") under the National Crime Victims' Rights Week Community Awareness Project grant program (NCVRW CAP) is subject to the terms and conditions below:

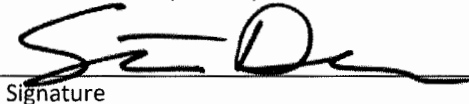

1. This agreement is subject to all of the terms and conditions, including the availability of funding, awarded to NAVAA pursuant to Federal Award Identification Number (FAIN) 2015-VF-GX-K002 for the 2018 National Crime Victims' Rights Week Community Awareness Project awarded by the Office for Victims of Crime (OVC), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ).
2. The Catalog of Federal Domestic Assistance (CFDA) number for this project is 16.582.
3. The Subgrantee shall perform the services and activities described in the application submitted under the NCVRW CAP grant program which shall be considered incorporated into this agreement, unless and to the extent any changes, revisions or modifications are approved or required by NAVAA. The Subgrantee agrees to immediately notify NAVAA of any circumstances that may cause the Subgrantee to be unable or unwilling to complete its obligations under this agreement.
4. NAVAA shall reimburse the Subgrantee for the actual, reasonable and necessary costs incurred by the Subgrantee in connection with the project as contained in the Subgrantee's application, not to exceed the Subgrant Award Amount indicated above, unless and to the extent approved by NAVAA. All expenditures are subject to the requirements of the NCVRW CAP program and the regulations set forth in the current edition of the DOJ Grants Financial Guide (<http://ojp.gov/financialguide/DOJ/>), Part 200 Uniform Requirements (2 C.F.R. Part 200) as adopted and supplemented by DOJ in 2 C.F.R. Part 2800 and such other Justice Department rules or guidelines as may be applicable.
5. The Subgrantee understands and agrees that funding under this project is on a reimbursable basis. Advance payments may be permitted only in unusual circumstances for actual, documented and obligated expenses.
6. The Subgrantee certifies that it is not suspended, excluded or debarred from receiving federal funding.
7. The Subgrantee shall not be eligible for any reimbursement unless it submits a complete, accurate, satisfactory and final After-Action Report/Reimbursement Request (AAR) to be received by NAVAA **no later than Friday, June 29, 2018**. The AAR shall be submitted on a form provided by NAVAA and shall, at a minimum, include:
 - a. The dates and narrative description of the project as implemented.
 - b. An explanation for any unimplemented planned activities.
 - c. A list of major project co-sponsors and collaborative organizations and a brief description of their respective contributions to the project.
 - d. An enumeration of the type of public awareness events and activities conducted, materials produced and distributed and media contacts made.
 - e. Itemization of all speakers and related costs funded by the project.
 - f. To the extent available, indicators of the reach or impact of the project (e.g. number of people attending an event) and any discernible results.
 - g. Detailed itemization of requested reimbursable expenditures, including copies of source documentation of line items costing \$300 or more.
 - h. Documentation of actual project implementation (e.g. copies of news stories, photographs, press releases, etc.).
 - i. Comments and feedback on the NCVRW CAP program and suggestions to improve the program.
 - j. Such other information as may reasonably be requested by NAVAA and/or OVC.
8. Indirect costs. By entering an indirect cost rate on its application, the subgrantee certifies either 1) its eligibility or election under the Part 200 Uniform Requirements to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f) or 2) its current, unexpired federally approved indirect cost rate. Subgrantees electing to use the "de minimis" must comply with all associated requirements in the Part 200 Uniform Requirements. A subgrantee using a federally-approved indirect cost rate will, no later than **January 31, 2018**, submit a copy of its current, unexpired signed federally approved indirect cost agreement. The indirect cost rate, as indicated above, may be applied only to actual, final modified total direct costs (MTDC).
9. Program income must be approved in advance, reported separately on a form provided by NAVAA and used in accordance with the provision of Part 200 Uniform Requirements
10. The Subgrantee agrees to retain for a period of at least three years from the end of the project period or any subsequent audit, investigation or inquiry related to this project and to make available on request to NAVAA, its agents or authorized agents of the U.S. Government all records and financial statements, including adequate documentation of all expenditures and obligations made under this agreement.
11. To the extent permitted by law, the Subgrantee agrees to protect, indemnify, defend and hold harmless NAVAA, its officers, directors, employees and agents, against all claims, losses or damages to persons or property, governmental charges or fines, and costs (including reasonable attorney's fees), arising out of or in connection with the activities or events funded under this agreement except those claims arising out of the sole negligence or willful misconduct of the NAVAA.
12. The Subgrantee shall not use or permit the use of the logo of the U.S. Department of Justice, Office of Justice Programs, Office for Victims of Crime except on materials that have received prior approval from OVC.
13. The Subgrantee agrees that any project activity or event that involves the identification of an individual crime victim(s) must have the victim's or, in the event of a death, a family member's informed consent.

14. The Subgrantee acknowledges that NAVAA and OVC reserve a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use (in whole or in part, including in connection with derivative works), for Federal purposes: (1) the copyright in any work developed under this subgrant; and (2) any rights of copyright to which a subgrantee purchases ownership with Federal support. The Subgrantee acknowledges that NAVAA and the Office of Justice Programs have the right to: (1) obtain, reproduce, publish, or otherwise use the data first produced under this subgrant; and (2) authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.
15. The Subgrantee will comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons as posted on the OJP website at <http://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm>.
16. Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), the Subgrantee is encouraged to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this subgrant, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.
17. The Subgrantee understands and agrees that subgrant funds may not be used to discriminate against or denigrate the religious or moral beliefs of students who participate in programs for which financial assistance is provided from these funds, or of the parents or legal guardians of such students.
18. The Subgrantee agrees to promptly refer to the DOJ Office of the Inspector General (OIG) any credible evidence that a principal, employee, agent, contractor, subgrantee, subcontractor, or other person has either submitted a false claim for grant funds under the False Claims Act or committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving grant funds.
19. The Subgrantee certifies that it shall not use Federal funds at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification or adoption of any law, regulation, or policy, at any level of government and shall comply with restrictions on lobbying as codified at 28 C.F.R. Part 69.
20. The Subgrantee certifies that it does not require and has not required internal confidentiality agreements or statements from employees or contractors that prohibit or otherwise restrict employees or contractors from reporting waste, fraud, or abuse.
21. The Subgrantee shall not assign any of its rights or obligations under this agreement, or delegate the performance of any of its duties hereunder, without the prior consent of the NAVAA.

I have read and fully understand this agreement and agree to abide by the terms and conditions thereof and certify that I am authorized to enter into this agreement.

RE: 2018 National Crime Victims' Rights Week Community Area Project

We are requesting approval to accept \$5,000.00 in federal grant funds to host a 5K Race/Walk to be held on Saturday, April 14, 2018 in honor of crime victims.

National Crime Victims' Rights week is April 8 - 14, 2018.

These grant funds are administered by the National Association of VOCA Assistant Administrators (NAVAA) under a cooperative agreement with the Office for Victims of Crime (OVC).

The intent of the 2018 National Crime Victims' Rights Week Community Awareness Project is to enhance the general public's awareness of the rights and services for victims of crime and their families.

There are no matching fund requirements for this grant.

We respectfully request your approval to electronically sign this contract.

Thank you.

AGREEMENT

THIS AGREEMENT, made and entered into this 1st day of January 2018, by and between THE CURATORS OF THE UNIVERSITY OF MISSOURI, a public corporation of the State of Missouri, for and on behalf of the University of Missouri Health Sciences Center, Department of Pathology & Anatomical Sciences (hereinafter referred to as the "University") and BOONE COUNTY, MISSOURI, a political subdivision of the State of Missouri (hereinafter referred to as the "County".)

WITNESSETH

WHEREAS the County requires the services of physicians to perform the duties of County Medical Examiner for Boone County, and support services for the office of Medical Examiner; and

WHEREAS the University has available the services of a physician licensed in the State of Missouri and board certified in forensic pathology, and capability to provide support services:

NOW THEREFORE, it is mutually agreed as follows:

1. The University will make a physician licensed as above available to the County to perform the services of County Medical Examiner. This service shall be provided by Dr. Chris Stacy, M.D.
2. The University shall provide support services per Addendum A attached.
3. The initial term of this agreement shall be for a period of 12 months commencing on the 1st day of January 2018 and ending on the 31st day of December, 2018, with the contract automatically renewing for additional, 1-year terms through December 31, 2020, per the pricing in Addendum B, unless terminated by one of the parties pursuant to paragraph #4.
4. Either the University or the County may terminate this agreement by giving 30 days prior written notice.
5. The County shall pay the University at the rate detailed in Addendum B for the services provided. The sum shall be paid in equal monthly installments.
6. The County shall provide Medical Examiner Coverage under its Public Official Errors and Omissions insurance policy; however, the County does not warrant that such policy will provide medical malpractice coverage or agree to indemnify for such claims.

IN WITNESS WHEREOF, the parties have caused this agreement to be executed by their duly authorized representatives effective as of the day and year stated above.

ADDENDUM A

This addendum defines the Medical Examiner Support Services that provide a Chief Death Investigator to supervise services for Boone County and the duly appointed Boone County Medical Examiner in the performance of duties of such office as prescribed by law.

1. Provision and supervision of adequate qualified personnel to provide death investigation services in Boone County under the direction of the Medical Examiner 365 days per year, 24 hours per day.
2. Death investigation services including, but not limited to, taking telephone reports of deaths, scene investigations and arrangement for body transport conducted under policies and procedures established by the Medical Examiner; handling and maintaining bodies and personal effects before and after external examination or autopsy under policies and procedures established by the Medical Examiner; assisting the Medical Examiner in the conduct of autopsies as directed by the Medical Examiner, preparation of required regulatory reports in connection with deaths as required by the Medical Examiner, and performing such other duties as the Death Investigator shall be authorized, or required to perform by the Medical Examiner in the performance of his/her duties in office.
3. Supply office materials and supplies, utilities, training, telephones, cell phones, pagers, and answering service.
4. Calls/pages for body removal shall be answered within fifteen (15) minutes, at which time arrangements will be made regarding location and removal of the body.
5. Provide direction and arrangements for the proper transportation.
6. Ensure that all bodies transported pursuant to this agreement shall be properly identified with the deceased person's name, if known.
7. Comply with all applicable standards and requirements adopted by the Board of Health.
8. Dispose of all disposable supplies and bio-hazardous materials used in, or remaining from, transporting deceased individuals in a manner consistent with OSHA guidelines and all other applicable environmental codes, statutes, resolutions and ordinances of the United States, The State of Missouri, Boone County, Missouri, and the City of Columbia, Missouri.
9. Provide morgue facilities and equipment suitable for the performance and conduct of autopsies and for the refrigerated storage of bodies necessary for the satisfactory performance of the duties of the office of Medical Examiner.
10. Provide administrative and office support for the office of the Medical Examiner, including maintenance and administration of the Medical Examiner's annual budget, maintenance and preparation of statistics, reports and such other secretarial and clerical services, as are required by and budgeted for the Medical Examiner.

11. The University shall be responsible for all expenses and overhead necessary in performing the obligations of Medical Examiner Support Services, including all office and administrative expenses, payroll, employee benefits, and employer required taxes and contributions for employees hired by the Contractor
12. The University, under the direction of the Medical Examiner, shall keep all official records as required by law and subject to any lawful privilege of confidentiality or other lawful privilege, make such records available to the Boone County Commission, Boone County Auditor, any independent outside auditor appointed by the County for internal audit purposes and to the general public under applicable open meetings and records law.
13. The University shall provide quarterly reports to the county in order to track services provided.

Addendum B

14. The University will bill Boone County, the annual sum of \$338,216 for all services performed by the Medical Examiner's office for calendar year 2018.
 - i. This shall include services of licensed physician described in section one to serve as Medical Examiner; Medical Examiner Office Support services (Death Investigator, Forensic technician, clerical staff, etc..) and all related testing and services, i.e. x-rays, toxicology, etc.
 - b. Monthly billing will be \$28,184.67
15. Renewal pricing for the above-described services shall be as follows:
 - a. 1/1/2019-12/31/2019: \$348,362, to be paid in monthly installments.
 - b. 1/1/2020-12/31/2020: \$358,813, to be paid in monthly installments.
16. A comprehensive Profit and Loss statement for the Medical Examiner's office was performed in August of 2017 (Addendum C) and reviewed with CJ Dykhouse. In order for the Medical Examiner's office to continue to offer the same services we provide, without deficit spending, the 2018 contract price should be at \$338,216. It was agreed by both parties that a 3 year plan (Addendum D) was the best approach and that we will renegotiate the 2021 contract after reviewing updated expense data along the same lines of Addendum C.

MEMORANDUM

TO: Boone County Commission
FROM: Liz Palazzolo, CPPO, C.P.M.
DATE: December 5, 2017
RE: Amendment #2 to Contract 52-13NOV14 for Inmate Detention Supplies for the Boone County Sheriff's Department

Contract 52-13NOV14 for Inmate Detention Supplies for the Boone County Sheriff's Department that was awarded February 5, 2015 (Commission Order 55-2015) is being amended to add two items to the contract: .5-ounce bars of face and body soap, and sanitary napkins. When Inmate Detention Supplies were originally awarded, the County made five awards to the vendors who were the low bid for the specific line item. The vendor who previously supplied the soap and napkins (Amercare) has chosen not to renew its contract with the County for 2018. The Sheriff's Office has requested that the items be provided by one of the remaining contractors. Competitive informal quotes were requested of the three remaining contractors, and Charm-Tex provided the lowest responsive pricing for the items.

All other terms, conditions and pricing of the original agreement remain unchanged.

\$64,582.00

✓ *The Curators of the University of Missouri (on behalf of the Department of Psychiatry)*

MU Bridge Programs: School-Based Psychiatry

\$701,891.68

On the attached evaluation committee reports, if a new program was proposed, the evaluation committee completed score sheets. For programs that currently hold a contract and the agency was reapplying, an executive summary with comments was created by Children's Services for the evaluation team to sign.

Invoices will be paid from department 2161 – CCS Funding Opportunities, account 71106 – Contracted Services. The total amount funded from this award is \$5,696,973.66. \$6.5 million was budgeted.

PROGRAM SERVICE

Development/Start Up Service Funding (P=0)

- Provides service names and definitions from the Taxonomy of Services
- Detailed description for each proposed service(s)

Comments:

- Potentially, this is an excellent use of funds.

This criteria does not receive a score

Service Names, Definitions, and Descriptions (P=4)

- Provides service names and definitions from the Taxonomy of Services
- Detailed description for each proposed service(s)

4.00

Comments:

- Services need to be separated out with all subfields (definitions, outputs, etc.)
- Definitions should only include wording from the taxonomy
- The current services listed are duplicated and could be cut down. Mentoring/Case Management/Service Coordination are encompassing the same service activities. Suggested services: Case Management, Behavioral Health Assessment, Family Education, and Parenting Skills Training.
- Overall good description of the proposed Service 1
- Assessments could be added as a service since there is a specific rate for utilizing the materials, however, it could be added in to Case Management since the type of assessment doesn't fall under taxonomy services.
- Partner with others to complete a longitudinal study with data and perhaps have a control group.

Total Group Score for Service Names, Definitions, and Descriptions (P = 4) x 3 for weighted value:

12.00

Service Outputs (P=4)

- Adequate Unit Measure proposed for each service
- Reasonable Unit Rates proposed for each service
- Unit of service rate(s) (cost) tied to an established public funding unit rate
- Adequate number of Units proposed for each service
- Adequate number of unduplicated individuals to be served by each proposed service
- Adequate cost of service per individual

3.00

Comments:	
<ul style="list-style-type: none"> • The Unit Measurement and rate might be difficult to track being 24 hours. It might be easier to track as 15 or 60 minutes, depending on how services are divided out. • The unit measurement needs to be changed so it can be easily tracked with services broken down individually. CPS would keep track of time spent on education, training, and case management. • Behavioral Health Assessment- change unit measure to 1 assessment 	
Total Group Score for Service Outputs (P = 4) x 2 for weighted value:	6.00
Service Fees (P=4)	
<ul style="list-style-type: none"> • Description and justification of the fee for services • Description of third party payer(s) • Description of fee payment option if consumer is uninsured or under insured 	3.00
Comments:	
Could Medicare cover any of the costs for the services?	
Total Group Score for Service Fees (P = 4):	3.00
Amount Received From Other Funders (P=0)	
<ul style="list-style-type: none"> • Proposed program services list current funding by the City of Columbia, Boone County, and/or the Heart of Missouri United Way 	
Comments: NA	
This criteria does not receive a score	
Service Funding Request (P=4)	
<ul style="list-style-type: none"> • Adequate amount requested from Boone County • Adequate proposed number of units of service • Adequate justification for funding request from Boone County 	4.00
Comments:	
<ul style="list-style-type: none"> • Services will need to be changed and units written as a POS model. 	
Total Group Score for Service Funding Request (P = 4):	4.00
Service Performance Measures and Narratives (P=4)	

<ul style="list-style-type: none"> • Relationship of outcome(s) to program goal(s) and issue identified in proposed program • Relativity, feasibility, and rationale of outcome indicator(s) • Relativity, validity, reliability, and rationale for the method of measurement(s) • Description of any external factors or variables which may affect proposed outcome(s) 	1.00
Comments: <ul style="list-style-type: none"> • Program Performance Measures need to be reflective of the services that are being offered. • Good. It is very important that we learn whether children and parents are benefitting from the interventions offered by this program and the ways in which they are benefitting. In addition it would be quite helpful to have data from longitudinal research (following children for 6-19 years) to show the kind of difference, if any, a program of this nature has on the personal participants and upon the larger community. Quasi-experimental studies, in the short term, would also be very useful. 	
Total Group Score for Service Performance Measures and Narratives (P = 4) x 2 for weighted value:	2.00
Overall Comments (P = 0-10 Extra Points)	
<p>Clarity and Accuracy of Proposal: Detailed overview of the proposed program. Clear statement of service need in Boone County. Information submitted is clear, accurate, concise, and written in correct style.</p> <p>Responsiveness: The proposal is responsive to the Purpose Statement and Funding Goals as stated in the RFP.</p> <p>Purpose Statement: <i>BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.</i></p> <p>Funding Goals: <i>The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), http://booneindicators.org/Default.aspx, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.</i></p> <p><i>Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.</i></p>	
	Score
Total Group Score for Overall Comments (P = 10):	8.00

Comments:

- The application seems written as a grant rather than a POS model. The outputs will need to be adjusted. Services need to be listed out individually and not duplicate service activities (i.e.- case management includes information/referral and service coordination). The Organizational Profile is missing information regarding the 13th Circuit (especially Employee Compensation and financial records). The concept of the program is a great way to involve the court, counseling services, and families involved in abuse/neglect cases when reunification is a possible outcome. Proposal Cover Sheet is missing attachments and addendums.
- This proposal offers a program that is well conceived, documented, presented, and needed.

Matching Funds (P = 0-10 Extra Points)

Degree to which the program proposal response describes other funding sources for the procurement of services to maximize the ability to reach and serve children, youth, and families in Boone County. Please review the entire proposal and specifically the Budget Narrative before scoring. Some questions to consider: Does the matching funds involve a partnership with another funding source? Do the matching funds create a greater amount of resources to serve children, youth, and families?

	Score
Total Group Score for Matching Funds (P = 10):	0.00

Comments: The program mentions a state contract and Family Facets billing Medicaid when possible. However, this isn't reflected in the program budget. No additional matching funds are mentioned.

Collaboration (P = 0-15 Extra Points)

Definition of "Collaboration": Longer term interaction based on shared mission, goals; shared decision-makers and resources.

- Degree to which the program is coordinated with existing community resources. Organizations may be awarded extra points based on how well they demonstrate substantive and ongoing collaboration with other agencies. Some questions to consider: Does the collaboration go beyond a referral system? Does the collaboration have the potential to enhance consumer outcomes that without the collaboration would not likely occur?

- Program does not duplicate existing services
- Program demonstrates county-wide collaborative efforts

	Score
Total Group Consensus for Collaboration (P = 15):	11.00

Comments:

- Family Facets will be sub-contracted. CPS will provide information/referrals to appropriate resources but no further collaboration efforts are mentioned.
- Good

Service Performance Measures and Narratives (P=4)	
<ul style="list-style-type: none"> • Relationship of outcome(s) to program goal(s) and issue identified in proposed program • Relativity, feasibility, and rationale of outcome indicator(s) • Relativity, validity, reliability, and rationale for the method of measurement(s) • Description of any external factors or variables which may affect proposed outcome(s) 	2.00
Comments: Amount of time spent on analyzing results seems high for the low amount of staff time involved in the program.	
Total Group Score for Service Performance Measures and Narratives (P = 4) x 2 for weighted score:	4.00
Overall Comments (P = 0-10 Extra Points)	
<p>Clarity and Accuracy of Proposal: Detailed overview of the proposed program. Clear statement of service need in Boone County. Information submitted is clear, accurate, concise, and written in correct style.</p> <p>Responsiveness: The proposal is responsive to the Purpose Statement and Funding Goals as stated in the RFP.</p> <p>Purpose Statement: <i>BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.</i></p> <p>Funding Goals: <i>The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), http://booneindicators.org/Default.aspx, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.</i></p> <p><i>Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.</i></p>	
	Score
Total Group Score for Overall Comments (P = 10):	8.00
Comments: The program is expensive. The cost per individual is high. Concern on the amount of time an individual will actually get to practice the drums or use art supplies when sharing with a group or partner sites. Lacks clear details on program implementation. Other comments included: trusted service provider, worried about duplication of services, very interesting program, written well, combined activity with therapy services. Who is doing mental health screenings?	

Matching Funds (P = 0-10 Extra Points)

Degree to which the program proposal response describes other funding sources for the procurement of services to maximize the ability to reach and serve children, youth, and families in Boone County. Please review the entire proposal and specifically the Budget Narrative before scoring. Some questions to consider: Does the matching funds involve a partnership with another funding source? Do the matching funds create a greater amount of resources to serve children, youth, and families?

	Score
Total Group Score for Matching Funds (P = 10):	0.00

Comments: Some federal funding is provided for the program. No explanation of what the funds will cover and specific source.

Collaboration (P = 0-15 Extra Points)

Definition of "Collaboration": Longer term interaction based on shared mission, goals; shared decision-makers and resources.

• Degree to which the program is coordinated with existing community resources. Organizations may be awarded extra points based on how well they demonstrate substantive and ongoing collaboration with other agencies. Some questions to consider: Does the collaboration go beyond a referral system? Does the collaboration have the potential to enhance consumer outcomes that without the collaboration would not likely occur?

- Program does not duplicate existing services
- Program demonstrates county-wide collaborative efforts

	Score
Total Group Consensus for Collaboration (P = 15):	5.00

Comments: Lists several organizations/institutions that will train and lead the enrichment activities. Family Counseling Center is also mentioned for screenings/assessments as a referral source for parents. No MOUs provided.

Overall Comments (P = 0-10 Extra Points)	
<p>Clarity and Accuracy of Proposal: Detailed overview of the proposed program. Clear statement of service need in Boone County. Information submitted is clear, accurate, concise, and written in correct style.</p> <p>Responsiveness: The proposal is responsive to the Purpose Statement and Funding Goals as stated in the RFP.</p> <p>Purpose Statement: <i>BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.</i></p> <p>Funding Goals: <i>The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), http://booneindicators.org/Default.aspx, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.</i></p> <p><i>Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.</i></p>	
	Score

Total Group Score for Overall Comments (P = 10):		7.00
Comments: <ul style="list-style-type: none"> • The amount requested seems high for the types of services to be provided. The services need to be rearranged to better use the taxonomy. Portions of the proposal are incomplete (demographics, unit measurements, etc.). Missing signed addendums. • This seems to be a good proposal designed to meet the health, developmental, and educational needs of low-income infants and preschoolers of Boone County. 		
Matching Funds (P = 0-10 Extra Points)		
Degree to which the program proposal response describes other funding sources for the procurement of services to maximize the ability to reach and serve children, youth, and families in Boone County. Please review the entire proposal and specifically the Budget Narrative before scoring. Some questions to consider: Does the matching funds involve a partnership with another funding source? Do the matching funds create a greater amount of resources to serve children, youth, and families?		
		Score
Total Group Score for Matching Funds (P = 10):		8.00
Comments: <ul style="list-style-type: none"> • Is MLJCLC not renewing the Community Health Fund contract? Does not list USDA or Community Health Fund on the budget. 		
Collaboration (P = 0-15 Extra Points)		
Definition of "Collaboration": Longer term interaction based on shared mission, goals; shared decision-makers and resources. <ul style="list-style-type: none"> • Degree to which the program is coordinated with existing community resources. Organizations may be awarded extra points based on how well they demonstrate substantive and ongoing collaboration with other agencies. Some questions to consider: Does the collaboration go beyond a referral system? Does the collaboration have the potential to enhance consumer outcomes that without the collaboration would not likely occur? • Program does not duplicate existing services • Program demonstrates county-wide collaborative efforts

Statutorily Eligible Service Area	<ul style="list-style-type: none"> • Individual, group, or family professional counseling and therapy services • Mental health screenings

Development/Start Up Service Funding				
Amount Requested		\$13,250.00		
These funds are requested to allot \$250 per school building (n=53) in Boone County Schools to purchase evidence-based curriculum to support prevention and intervention activities in their buildings based on the BCSMHC checklist data. One of the barriers to schools using evidence-based interventions (interventions with research showing they are effective) is they do not have the funds needed to purchase these curriculum for use. These funds will only be used if schools do not have access to funds to purchase needed materials. In many cases, one curriculum will be purchased and shared across buildings (e.g., some curriculum cost \$1,000 or more).

Overall Comments (P = 0-10 Extra Points)	

Clarity and Accuracy of Proposal: Detailed overview of the proposed program. Clear statement of service need in Boone County. Information submitted is clear, accurate, concise, and written in correct style.

Responsiveness: The proposal is responsive to the Purpose Statement and Funding Goals as stated in the RFP.

Purpose Statement: *BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.*

Funding Goals: *The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.*

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

	Score
Total Group Score for Overall Comments (P = 10):	

Comments:

- The proposal lacks solid justification for funding. There is key information lacking throughout the proposal (budget, personnel, program services). The Development/Start-Up funding lists the whole amount requested and lists services that were not discussed throughout the Program Service form. The proposal does not follow the taxonomy structure as requested. The number of units proposed varies throughout the sections. Lacks thorough description of services and day-to-day operations. There is a need for this type of service though.
- The board lacked diversity. It was an all male board.
- The Program Overview section states that there is a "Spiritual Element". The certifications sections of the Organization Profile states that there **should be no religious proselytizing**.
- The application didn't make their case very well.
- Children's Services Fund can't pay for transitional living.

Matching Funds (P = 0-10 Extra Points)

Degree to which the program proposal response describes other funding sources for the procurement of services to maximize the ability to reach and serve children, youth, and families in Boone County. Please review the entire proposal and specifically the Budget Narrative before scoring. Some questions to consider: Does the matching funds involve a partnership with another funding source? Do the matching funds create a greater amount of resources to serve children, youth, and families?

	Score
--	--------------

Total Group Score for Matching Funds (P = 10):		5.00
Comments: <ul style="list-style-type: none"> • CSF covers 49% of budget but the expenses only meet half of the revenues. Will need clarification on the proposed budget in Apricot. Is it for the whole organization or the program? 		
Collaboration (P = 0-15 Extra Points)		
Definition of "Collaboration": Longer term interaction based on shared mission, goals; shared decision-makers and resources. <ul style="list-style-type: none"> • Degree to which the program is coordinated with existing community resources. Organizations may be awarded extra points based on how well they demonstrate substantive and ongoing collaboration with other agencies. Some questions to consider: Does the collaboration go beyond a referral system? Does the collaboration have the potential to enhance consumer outcomes that without the collaboration would not likely occur? • Program does not duplicate existing services • Program demonstrates county-wide collaborative efforts

Program Consumers (P=4)	
<ul style="list-style-type: none"> Description of consumers accessing program services Explanation of why these consumers were chosen Describes any impediments or challenges in serving these consumers Adequate number of unduplicated individuals to be served Adequate average program cost per individual 	1.00
Comments: <ul style="list-style-type: none"> Description of consumers is difficult to understand. It seems to focus on students that lack cultural competency and understanding of social issues rather than educational tutoring to directly bridge the education gap. Those topics are important but how are those traits of lacking knowledge identified in youth if that's who you're targeting? How will they be contacted and encouraged to attend the program? The description sounds like there's two types of audiences the program is targeting (education achievement vs. cultural competency). The statement of the issue to be addressed focused achievement gap but the consumer graphics only focused on youth who lack cultural competency and diverse experiences. Also, tutoring is the only service focused on the youth and Cultural Enrichment isn't listed. Seemed to be a wide-based of consumers.

PROGRAM SERVICE

Development/Start Up Service Funding (P=0)

- Describes how funds will be utilized
- Adequate justification for one-time funding request

Comments:

- Requesting \$12,739 for getting a bigger space and equipment. Not specific on renting or ongoing of expenses. Also what type of equipment is being requested?

This criteria does not receive a score

Service Names, Definitions, and Descriptions (P=4)

- Provides service names and definitions from the Taxonomy of Services
- Detailed description for each proposed service(s)

1.00

Comments:

- Service 1- The description describes meals and snacks being provided. Is the unit cost include the food? This portion of the program needs to be a separate service. Also mentions transportation but funds can't be used for transportation. HMUW funds can pay for transportation costs. The information about parent education sessions shouldn't be included in the Service 1 description. Are the time guidelines flexible for students that need help with subject other than math/literature? The structure seems rigid.
- Service 2- should this service be case management? Family Education is considered leading events and teach skills, not providing referrals or advocacy services. There was a section that mentioned parent nights but would be different than what is mostly described throughout Service 2.
- The proposal mentions mentoring in the Individuals to be Trained narrative, Program Access, and in Performance Measures. This needs to be listed as a service and given thorough information on what mentoring services will look like.

Total Group Score for Service Names, Definitions, and Descriptions (P = 4) x 3 for weighted score:

3.00

Service Outputs (P=4)

- Adequate Unit Measure proposed for each service
- Reasonable Unit Rates proposed for each service
- Unit of service rate(s) (cost) tied to an established public funding unit rate
- Adequate number of Units proposed for each service
- Adequate number of unduplicated individuals to be served by each proposed service
- Adequate cost of service per individual

1.00

Comments:	
<ul style="list-style-type: none"> • Service 1- Would the unit measure be easier to track if it was in 1 hour increments? Also, how was the unit rate established? The math doesn't make sense for the number of units to be provided. • Service 2- The math doesn't make sense for the number of units to be provided. The unit rate also seems high for basically case management and compared to rates listed from other organizations. The number of units per individual seems high as well. Are families aware of the of interaction with staff and/or willing to share all their troubles with program staff? vague and no logic, need more specific data 	
Total Group Score for Service Outputs (P = 4) x 2 for weighted score:	2.00
Service Fees (P=4)	
<ul style="list-style-type: none"> • Description and justification of the fee for services • Description of third party payer(s) • Description of fee payment option if consumer is uninsured or under insured 	1.00

Service Funding Request (P=4)	
<ul style="list-style-type: none"> • Adequate amount requested from Boone County • Adequate proposed number of units of service • Adequate justification for funding request from Boone County 	1.00
Comments:	
<ul style="list-style-type: none"> • Service 1- The Output section proposed 8,000 units to be provided but this section states 8,311.88. The amount requested should not include the amount that was listed for Development/Start-Up funding. Why should Boone County pay \$64,000 for services that's provided primarily by volunteers? • Service 2- Check math on funding request amount. Why are the proposed number of units of service lower than what was listed in the Outputs section? 	
Total Group Score for Service Funding Request (P = 4):	1.00

Service Performance Measures and Narratives (P=4)	
<ul style="list-style-type: none"> Relationship of outcome(s) to program goal(s) and issue identified in proposed program Relativity, feasibility, and rationale of outcome indicator(s) Relativity, validity, reliability, and rationale for the method of measurement(s) Description of any external factors or variables which may affect proposed outcome(s) 	1.00
Comments: <ul style="list-style-type: none"> Service 1- Indicators need to state a measurable goal. Indicator (1-3) will be difficult to report on for year-end and interim reports due to the length time (6th grade-9th grade). Also, what does turn-over of students look like semester-semester or year-to-year? Is this something that can be reliably measured with a high turnover rate? How does the cultural enrichment portion tie into outcomes? Other organizations have been unable to receive grades from CPS. How will this work for the younger kids? Service 2- Indicators need to be rewritten. Method of Measurement (2-3) of observation of parents with schools isn't a good method (too subjective and not able to witness 100% of communication between parent/school). The narrative (2c.) also states that parent engagement is the measurement. This isn't a tool or easy to measure. The Indicators don't reflect the service description. 	
Total Group Score for Service Performance Measures and Narratives (P = 4) x 2 for weighted score:	2.00
Overall Comments (P = 0-10 Extra Points)	
<p>Clarity and Accuracy of Proposal: Detailed overview of the proposed program. Clear statement of service need in Boone County. Information submitted is clear, accurate, concise, and written in correct style.</p> <p>Responsiveness: The proposal is responsive to the Purpose Statement and Funding Goals as stated in the RFP.</p> <p>Purpose Statement: <i>BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.</i></p> <p>Funding Goals: <i>The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), http://booneindicators.org/Default.aspx, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.</i></p> <p><i>Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.</i></p>	
	Score
Total Group Score for Overall Comments (P = 10):	5.00

Comments:

- The proposal overall is missing key information on narratives and are difficult to follow. The program will need to figure out correct service outline with providing tutoring, congregate meals, case management, site-based mentoring, and best practices training. The program is mostly run by volunteers so why are they requesting \$64,000 for a service provided through volunteers? The development/start-up costs are vague and don't provide a clear explanation of how funds will be used, other than a location and equipment. The program aligns with CSF goals but curious on how the program services will be received with the expected level of interaction between program staff and families. The Organization Profile is missing key information and there's concern over the structure of the board and organization. Concerned about where the social emotional program is, felt like they are just tutoring, no mention of trauma based interventions, there is a community at need for this, worried about finding volunteers, ED and board can attract community support.

Matching Funds (P = 0-10 Extra Points)

Degree to which the program proposal response describes other funding sources for the procurement of services to maximize the ability to reach and serve children, youth, and families in Boone County. Please review the entire proposal and specifically the Budget Narrative before scoring. Some questions to consider: Does the matching funds involve a partnership with another funding source? Do the matching funds create a greater amount of resources to serve children, youth, and families?

	Score
Total Group Score for Matching Funds (P = 10):	3.00

Comments:

- They have several revenue sources but the revenues exceed the expenses. Plus the amount requested from Boone County is unclear. The salary of the ED would double when comparing the Program Personnel and the 990.

Collaboration (P = 0-15 Extra Points)

Definition of "Collaboration": Longer term interaction based on shared mission, goals; shared decision-makers and resources.

- Degree to which the program is coordinated with existing community resources. Organizations may be awarded extra points based on how well they demonstrate substantive and ongoing collaboration with other agencies. Some questions to consider: Does the collaboration go beyond a referral system? Does the collaboration have the potential to enhance consumer outcomes that without the collaboration would not likely occur?

- Program does not duplicate existing services
- Program demonstrates county-wide collaborative efforts

	Score
Total Group Consensus for Collaboration (P = 15):	5.00

Comments:

- Doesn't provide details on how listed organizations will contribute to the program. Informal partnerships not mentioned or inferred.

Overall Comments (P = 0-10 Extra Points)	

Clarity and Accuracy of Proposal: Detailed overview of the proposed program. Clear statement of service need in Boone County. Information submitted is clear, accurate, concise, and written in correct style.

Responsiveness: The proposal is responsive to the Purpose Statement and Funding Goals as stated in the RFP.

Purpose Statement: *BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.*

Funding Goals: *The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.*

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

	Score
Total Group Score for Overall Comments (P = 10):	3.00

Comments:

- They should have applied for funding for the before/after school programming and/or summer enrichment but are not requesting funds for this service. They did not provide a clear issue statement or in depth information into the program services included in the proposal. Organizational Profile is not complete. No attachments are provided on the Proposal Cover Sheet. The program lacked detail on services.
- Concerned on the four substantiated complaints since May 2017.
- The proposal seems well intended but not well presented, supported, or documented.
- There seemed to be a lack of understanding of what the BCCSB wanted to see.

Matching Funds (P = 0-10 Extra Points)

Degree to which the program proposal response describes other funding sources for the procurement of services to maximize the ability to reach and serve children, youth, and families in Boone County. Please review the entire proposal and specifically the Budget Narrative before scoring. Some questions to consider: Does the matching funds involve a partnership with another funding source? Do the matching funds create a greater amount of resources to serve children, youth, and families?

	Score
Total Group Score for Matching Funds (P = 10):	0.00

Comments:

- No matching funds and narrative of securing other funds was poor.

Collaboration (P = 0-15 Extra Points)

Definition of "Collaboration": Longer term interaction based on shared mission, goals; shared decision-makers and resources.

- Degree to which the program is coordinated with existing community resources. Organizations may be awarded extra points based on how well they demonstrate substantive and ongoing collaboration with other agencies. Some questions to consider: Does the collaboration go beyond a referral system? Does the collaboration have the potential to enhance consumer outcomes that without the collaboration would not likely occur?

- Program does not duplicate existing services
- Program demonstrates county-wide collaborative efforts

	Score
Total Group Consensus for Collaboration (P = 15):	4.00

Comments:

- Does not describe the efforts of how they are collaborating with the organizations mentioned in the Collaboration section. No MOUs provided.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract Child Permanency Services

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **13th Circuit/Boone County Court** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **13th Circuit**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, 13th Circuit has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY 13TH CIRCUIT

13th Circuit is expected to the greatest extent possible to maximize funding from all other sources. The 13th Circuit shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. The 13th Circuit shall only request reimbursement for services not reimbursable by any other source. The 13th Circuit shall not invoice the Children's Services Fund for units of service invoiced to another funding source. The 13th Circuit shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** The 13th Circuit will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and 13th Circuit's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over 13th Circuit's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from 13th Circuit and 13th Circuit agrees to furnish the **Child Permanency Services** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in 13th Circuit's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$208,078.20** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018 and extend through December 31, 2018** subject to the provisions for termination specified below. The 13th Circuit agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB. This contract may at the sole discretion of the BCCSB and with the agreement of 13th Circuit be renewed for **an additional one (1), one-year period**. 13th Circuit agrees and understands that the BCCSB may require supplemental information to be submitted by 13th Circuit prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Home Visiting (includes: Family Education, Parenting Skills Training, and Case Management)	\$23.34	One hour	5,115	\$119,384.10
Behavioral Health Assessment	\$3.54	One assessment	1,550	\$5,487.00
Case Management	\$23.34	One hour	3,565	\$83,207.10

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty

days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of 13th Circuit, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by 13th Circuit to monitor service delivery and program expenditures. The 13th Circuit agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by 13th Circuit and, if so stipulated, are noted on this contract document. Payments may be withheld from 13th Circuit if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. 13th Circuit agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** The 13th Circuit also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of 13th Circuit's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from 13th Circuit, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** The 13th Circuit agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect 13th Circuit's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, 13th Circuit hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its

designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event 13th Circuit requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from 13th Circuit may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with 13th Circuit's policies and procedures and in accordance with any local/state/federal regulations. 13th Circuit agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. 13th Circuit must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** The 13th Circuit will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** The 13th Circuit agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to 13th Circuit's provision of such services.

14. **Accreditation/Licensure/Certifications.** The 13th Circuit must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** The 13th Circuit agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and 13th Circuit, and this shall include any transaction in which 13th Circuit is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** The 13th Circuit may enter into subcontracts for components of the contracted service as 13th Circuit deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, 13th Circuit shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** The 13th Circuit agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. 13th Circuit shall require each subcontractor to affirmatively state in its Agreement with the 13th Circuit that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide 13th Circuit a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** The 13th Circuit agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against 13th Circuit or any individual acting on the 13th Circuit's behalf, including subcontractors, which seek to enjoin or prohibit 13th Circuit from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If the 13th Circuit ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if the 13th Circuit no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, the 13th Circuit will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event the 13th Circuit, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to 13th Circuit as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should the 13th Circuit fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, 13th Circuit shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the 13th Circuit for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. Indemnification. To the extent permitted under Missouri law, the 13th Circuit agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **13th Circuit/Boone County Court** (meaning anyone, including but not limited to consultants having a contract with 13th Circuit or subcontractor for part of the services), or anyone directly or indirectly employed by 13th Circuit, or of anyone for whose acts 13th Circuit may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. Publicity by the Organization. The 13th Circuit shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. 13th Circuit will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. 13th Circuit will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. The 13th Circuit agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. Independence. This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and 13th Circuit. The BCCSB does not recognize any of the 13th Circuit's employees, agents, or volunteers as those of the BCCSB.

25. ***Binding Effect.*** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. ***Entire Agreement.*** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. ***Record Retention Clause.*** The 13th Circuit shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. ***Notice.*** Any written notice or communication to the BCCSB shall be mailed or delivered to:

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	13 th Circuit/Boone County Court
Name of Program	Child Permanency Services

Organization Profile	
-----------------------------	--

1. The Organization Profile shows that the 13th Circuit/Boone County Court does not have a written whistleblower policy.

Action Required: Provide information on whether there is a plan to implement a whistleblower policy.

This has been updated in the Apricot program. The court does have a whistleblower policy.

Section H – COUNTY PAID EMPLOYEES Grievance Procedure (State paid employees refer to State Administrative Rule 7.01.B.13)

I. RIGHT TO FILE

- A. An employee shall have the right to file a grievance regarding any action that negatively affects the employee's employment status, such as promotions, demotions, disciplinary or corrective actions, or any action that violates state or federal law or any provisions of these policies. (Rule 7.01.B.13.1(a))
- B. An employee does not have a right to file a grievance involving the following types of actions: (Rule 7.01.B.13.1(b))
 1. Any action involving another employee (except as otherwise specifically set forth by the policies of the 13th Judicial Circuit Court) or the appointment of an employee to a position if that employee meets the minimum qualifications for the job class assigned to the position, except when the appointment violates state or federal law or any provisions of these policies.
 2. Management decisions involving the organizational structure of the court.
 3. Management decisions that are consistent with state or federal law or the provisions of these policies.
 4. Matters that are determined by the Supreme Court or the State of Missouri, or for which the appointing or administrative authority has no control.
- C. An employee shall not suffer any consequences by his appointing or administrative authority or any other person as a result of having exercised his/her rights within the provisions of the grievance procedure. (Rule 7.01.B.13.1(c))

Program Overview Form

2. The Employee Compensation section was not complete.

Action Required: Complete the Employee Compensation field.

This has been updated in the Apricot system.

Proposal Cover Sheet

3. The required attachments and addendums on the Proposal Cover Sheet are not provided.

Action Required: Upload all the attachments and addendums with required signatures.

These attachments including the E-Verify MOU are attached in the email sent to Melinda Bobbitt.

4. Program Overview – The Intervention plan and family therapy are not established until Phase 2. Family support doesn't occur until Phase 3. Would there be a benefit to implementing these services earlier in the plan?

Action Required: Please provide additional information regarding the timing of these services in the box below.

Family support will be assessed and utilized beginning day one. The 4 Phases of the Child Permanency Program should be viewed as purposeful, fluid, and flexible. Primary objectives during Phase 1 include: establishment of a safety plan, facilitation of visits, baseline parental capacity assessment, baseline readiness for reunification assessment, and development of intervention plan. Additionally, parents will receive psychoeducation pertaining to significance and methods of attachment and bonding. Anticipated barriers during Phase 1 include implementation of a harm reduction safety plan, which will require advocacy from all Child Permanency Specialist ("CPS") Staff. All of the aforementioned tasks are intervention strategies which will occur during Phase 1. An individualized, and more client specific intervention plan will be developed at the time (Phase 1 or 2) when safety and basic need related goals have been met. Child Welfare Stakeholders will also have revised recommendations for the family, once crises are resolved, that can be added to the intervention plan. Implementation of Family Therapy is included in Phase 2, so that data from assessment tools and CPS observation may be used to identify individualized mental health needs. Comprehensive assessment should lead to an individualized court-approved treatment plan and ongoing monitoring by a multidisciplinary team skilled in working with this population (American Academy of Pediatrics, 2000). Additionally, the program aims to be cautious of not overwhelming clients of low socio-economic status, limited transportation, family support, and/or childcare options. Phase 3 is the first step towards termination of the program, and additional connections are made to replace the support that has been provided by CPS.

5. Program Overview - The total number of days in phases 1, 2, and 3 are approximately 126 days (42 days per phase X 3 phases = 126 days). Then there is a Maintenance phase for 90 days. The total number of days equals 216. Why is home placement targeted at 260 days? Is the timeline of phases flexible depending on the family?

Required: Provide a narrative explanation in the box below.

Yes, the timeline of phases is flexible depending on the family. Trial home placement (THP) is targeted for the end of Phase 1, with Phase 2-4 occurring during THP. Research indicates that families are at highest risk for additional crisis and re-occurring child abuse and neglect approximately 6-9 months after reunification. The Child Permanency Specialist Program aims to reduce instances of recidivism by remaining in place. Additionally, the National Family Preservation's Report on Family Reunification indicated step-down services as one of the top variables in successful reunification (2014).

6. Program Consumer – This section indicates that children 0-2 are the main focus of this proposal. What will be done with families whose children who are over the age of 2? What if the family has older siblings?

Action Required: Provide a narrative explanation in the box below.

The program will focus on families with children ages 0-2, with the emphasis on decreasing impact of diminished bonding and attachment in childhood. At all times the program will serve children/siblings of any age, which belong to a family who have a child ages 0-2. To maximize program utilization, referrals for the program can be made for families with children 0-5 when no referrals have been made for 5 business days.

7. Consumer Demographics - There were 117 unduplicated individuals listed in the Boone County Residence box. There were no numbers entered in the City of Columbia box. Do all the individuals, receiving this service, live outside of the city limits?

Action Required: Provide the number of individuals who will reside in the City of Columbia limits in the box below.

Unduplicated individuals include: parents/caretakers of children 0-2, and children 0-2. We are estimating program participants to include: 1.5 caretakers, and 2 children (Boone indicators). This equates to a total of 3.5 individuals per family served, 108.5 individuals per Child Permanency Specialist, and 325.5 (rounded to 326) individuals per fiscal year. The 13th Circuit and only tracks county demographics related to children in care, so we know 100% of participants will be in Boone County. US Census Data indicates approximately 17.5% of Boone County residents reside outside city limits. We have used the same to estimate approximately 269 persons served will reside in the City of Columbia, and 57 persons will reside in Boone County. However, this will not limit services to those in the city, versus the county, to this number.

8. Program Personnel Information - The salary range portion of this section was not completed correctly. We don't want the exact pay. This section must include a range showing the lowest starting salary to the highest paid salary. Please include the Supervisor if they are receiving any funds with this proposal.

Action Required: Update the chart below with the Full-Time Salary Range for all the staff.

Position/Title	Full-Time Salary Range From:	Full-Time Salary Range To:
<i>Ex. Child Permanency Specialist</i>	<i>\$42,000.00</i>	<i>\$72,000.00</i>
Child Permanency Specialist 1 (1.0 FTE)	\$33,200	\$35,675
Child Permanency Specialist 2 (1.0 FTE)	\$33,200	\$35,675
Child Permanency Specialist 3 (1.0 FTE)	\$33,200	\$35,675
Supervisor (1.0 FTE)	\$37,200	\$42,675
Associate Director of Operations (.25 FTE)*	\$17,200*	\$22,675*
Program Director (.25 FTE)*	\$17,200*	\$22,675*

*part time position, allocated at .25 for this project.

9. Program Personnel Information - The salaries for the Child Permanency Specialist seemed high, \$69,350.00, for a bachelor's level position.

Action Required: Provide a justification for this salary level in the box below.

The per diem rate initially used to establish the budget was divided by the 3 Child Permanency Specialists. We have revised the budget to better explain the expenditures based on units in this clarification. In addition, the table above for #8 shows the actual salary for Child Permanency Specialists.

10. Program Personnel Narrative – The narrative describes three Child Permanency Specialists but the Program Overview description box states that there will be two Child Permanency Specialists.

Action Required: Clarify in the box below.

That was an error. The grant should have reflected 3 specialists in all parts of the application. For the past 5 years there were an average of 50 children ages 0-2 in care per year. Our original estimate was for 2 Child Permanency Specialists ("CPS"), but we recognized the need for 3 CPS (3.0 FTE). The budget also provides for 1 Child Permanency Supervisor (1.0 FTE), 1 Program Director (at .25 FTE) to provide grant oversight and data collection/analysis, and one Associate Director of Operations (.25 FTE) to provide billing and operational support. Please see the graphics below that indicate rationale. Due to the intensity of the program, CPS Specialists can only serve 2 Phase 1 families at a time. 3 CPS Specialists would allow for approximately 27-31 families served per year.

2 Child Permanency Specialist Estimates

	Phase 1	Phase 2	Phase 3	Phase 4
Jan-Feb FY1				
Child Permanency Specialist 1	2			
Child Permanency Specialist 2	2

Child Permanency Specialist 2	1	2		
Child Permanency Specialist 3	1	2		
Supervisor			3	6
Total Client Served FY1	27			

(23-31, based on attrition)*

11. The program is subcontracting Family Facets to provide program personnel. It is unclear whether program personnel serve other families in different programs.
Action Required: Provide the clarification on whether Program Personnel serving families through this program also serve families funded through other funding sources. If yes, please explain.

Child Permanency Specialists and the Supervisor will be full time employees, and will not be serving other clients through Family Facets. The Child Permanency Program Director is the current Clinical Director of Family Facets, and will be .25 FTE on this project. Additional clients served by this role include consumers of therapeutic services. The Associate Director of Operations does not provide direct services to consumers in any form.

12. Program Budget/Yearly Amount Request from Children's Services Fund – Box 2A. shows a request from the Children's Services Fund for \$209,625.00. The Year 1 Total Request is listed as \$209,575.00. The total amount requested needs to be consistent in all areas of the proposal.
Action Required: Clarify in the box below what the total request is for Year 1.

The numbers not matching was an error and both areas should have been \$209,625. This broke down to \$208,050 based on the per diem, plus \$1,575 for the assessments. Going back and looking it is not clear why there was a \$50 difference in these spots. We apologize for this error.

13. Program Budget – It is mentioned that Family Facets will bill Medicaid when possible. If Medicaid is received for services this will need to be included in the Program Budget.
Action Required: Provide information in the box below describing what types of services Medicaid will fund.

Family Facets provides therapy through a different program in the community. Medicaid reimbursement will only occur as a result of auxiliary services (i.e. individual and family therapy), being recommended. Additionally, not all families who are referred for mental health treatment will receive services at Family Facets. This is not a requirement or specific component of the Child Permanency Program.

14. Program Budget/Program Budget Narrative – The Total Expenses are \$10,000 higher than the Total Revenues. Based on information provided in the Program Budget Narrative, will any money from the court go into this program? Does it cover the \$10,000 difference? If so, all this funding must be included in the Program Budget. Reminder - All sources of funding should be included in the Program Budget
Action Required: Clarify in the box below why there is a \$10,000 difference between the Total Revenue and the Total Expenses. Provide any information about funds that will be received from the Court or any other funding source to assist in this program.

On page 10 of the grant application under "2. Non-Personnel" we included a \$10,000 grant the court has for visitation. As noted under "Program Budget Narrative" on the same page, the \$10,000 visitation grant is through the state and is limited to supervised visitation when there is has been a charge or arrest for domestic violence. This money should be considered separate and apart from the permanency grant we are applying for as the \$10,000 grant has nothing to do with the age of the child or bonding, does not have an education or skills component for the families, and can only be used for supervised visitation in limited circumstances. It should not have been included in the expenses, but was used to evidence that we had made efforts to get other funding for supervision generally.

Program Services Form (1-5)

15. Due to the complexity of providing services through home visits, the Boone Impact Group has added "Home Visiting" to the *Taxonomy of Services* with the following definition:

Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

The Service Name must include all the services that are being provided during Home Visiting. For example, the Program Overview mentioned the following services are provided during home visits: Family Education, Parent Skills Training, Case Management, etc. Majority of the activities provided through Home Visiting will be listed as Service 1. Each service provided in Home Visits will need to be listed with an explanation on how that service is provided to families.

Behavioral Health Assessments will need to be listed as Service 2, even though it is conducted during a home visit. The needs and parental capacity assessment is provided during each phase but not at each home visit. The unit measure needs to be listed as "one assessment".

The diagnostic assessment provided by the licensed clinician will be listed as Service 3 as "Behavioral Health Evaluation". The unit measure needs to be listed as "one evaluation". The narrative indicates that this is only provided to diagnosis a mental health concern and then refer the parent to appropriate resources.

Time spent providing Case Management outside of Home Visiting needs to be listed as Service 3. The unit measure should be listed as "15 minutes" or "one hour".

The remaining clarification questions should reflect service changes mentioned above. See the table below as a summary for how the services should be structured:

Service #	Service Name	Notes
1	Home Visiting	Include all services that are provided during a home visit except the Behavioral Health Assessment and Behavioral Health Evaluation
2	Behavioral Health Assessment	Assessments provided throughout the four phases.
3	Behavioral Health Evaluation	Diagnostic assessment provided by a licensed clinician
4	Case Management	Time spent for clients outside of home visiting

Action Required: Complete the 'Service Change Chart' for each service. Provide any comments or questions in the field below.

Thank you for the opportunity to re-evaluate and further clarify our services. The following, and service tables 1-4 are a better representation of our intended program.

Service 1 – Home Visiting

16. Service 1 will be listed as “Home Visiting”. The proposal provided a good explanation on the activities provided during home visits. The activities need to be listed out to reflect the *Taxonomy of Services* and provide an explanation on how those services are incorporated into home visits.

Action Required: Complete the ‘Service Change Chart’ for Service 1. List the services that are included in Home Visiting in the service name. Provide an explanation below on how those services are incorporated into home visits.

Education to Parents: Child Permanency Specialists (“CPS”) will educate parents on child development, attachment, and bonding principles to increase parental capacities.

Parent Skills Training: CPS will educate, model, and role-play evidence based nurturing and attachment activities, and behavioral management strategies.

Case Management: CPS will serve as a resource broker by identifying leverage points, auxiliary services, and informal/natural supports.

The Outputs need to be redone to reflect time spent for home visits. The unit measure needs to be “15 minutes” or “one hour”. The unit rate needs to be based on the lowest public rate available.

Action Required: Complete the ‘Service Change Chart’ for Service 1. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.

Service 1 unit measures are 1 hour. A total unit of case management was determined by calculating the maximum number of Service 1 hours, per family, per Child Permanency Specialists (“CPS”), per phase. It was determined that CPS Specialists/Supervisors (combined) will provide approximately 50 hours of this service during Phase 1, 50 hours during Phase 2, 40 hours during Phase 3, and 25 hours during Phase 4. That is a total of 165 Service 1 hours (units) per family. An estimated 31 families will be served, totaling 5,115 hours. The rate was determined by evaluating current rates for similar in-home, family preservation programs including Children’s Treatment Services Parent Aide (\$23.34 for 60 minutes), Behavioral Health Services (\$38.80 for 30 mins), and Crisis Intervention In-home (\$32.99 for 30 mins). The average rate (in an hourly unit) is approximately \$55.64. We will provide the service at the lowest available rate of \$23.34 per unit.

17. The funding request for each service will need to be updated.

Action Required: Complete the 'Service Change Chart' for Service 1. Provide any questions or comments in the field below. Please provide your best and final offer.

We can provide this service for \$23.34 per unit.

18. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.

Action Required: Complete the 'Service Change Chart' for Service 1 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached 'Program Performance Measures Information' for assistance.

Please see Service 1 Box.

Service 2 – Behavioral Health Assessment

19. Service 2 will be listed as "Behavioral Health Assessment". The proposal lacked specific information on the assessment tools that will be utilized.

Action Required: Complete the 'Service Change Chart' for Service 2. Provide information on the assessment tools in the field below.

The Child Permanency Services (CPS) utilizes evidence-based assessments of parental capacities including the North Carolina Family Assessment Scale for General Services and Reunification (NCFAS G+R), and the Nurturing Skills Competency Scale (NSCS). The NCFAS G+R is endorsed by the National Family Preservation Network. It assesses the following domains: environment, parental capabilities, family interactions, family safety, child well-being, social and community life, self-sufficiency, family healthy, caregiver/child ambivalence, and readiness for reunification. Research on the reunification is still ongoing, but the most recent evaluation of this tool can be found here:

http://www.nfnpn.org/Portals/0/Documents/ncfasg_research_report.pdf

The NSCS has been proven to be effective in formulating and reducing risk in reunification efforts, and preventing re-occurrence of maltreatment. Their long version is specifically designed for the child welfare population. Research findings can be found here:

<https://www.assessingparenting.com/assessment/nscs>

20. The Outputs need to be redone to reflect the Behavioral Health Assessments administered. The unit measure needs to be "one assessment". The unit rate needs to be based on the cost of the assessment tools and time spent administering and evaluating the information. The number of units need to reflect the number of these assessments that will be performed.

Action Required: Complete the 'Service Change Chart' for Service 2. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.

Service 2 is measured as "One Assessment." Total units of Behavioral Health Evaluation was determined by calculating the maximum number of evaluations, per family, per Child Permanency Specialists ("CPS"), per phase. It was determined that CPSs and supervisor will administer approximately 50 assessments per family for the entire program, and includes 2, 3, and 6 month follow ups, as well as estimates for 50% two parent homes. An estimated 31 families will be served, totaling 1,550 Behavioral Health Evaluations. The total cost of the training, tools, and data management for the NCFAS G+R is approximately \$1,000 (due to our close relationship with National Family Preservation Network). Information can be found here: <http://www.nfpn.org/assessment-tools/ncfas-gr-training-package>. The total cost of the training, tools, and data management for the NCSS is \$4,493. Information can be found here: <http://nurturingparenting.com/ecommerce/cart.i?cmd=view>. Total unit cost was calculated by dividing total cost (\$5,493) by total units (1,550), equaling \$3.5439 per unit.

21. The funding request for each service will need to be updated.

Action Required: Complete the 'Service Change Chart' for Service 2. Provide any questions or comments in the field below. Please provide your best and final offer.

We can provide this service for \$3.5439 per unit.

22. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.

Action Required: Complete the 'Service Change Chart' for Service 2 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached 'Program Performance Measures Information' for assistance.

Please see Service 2 Box.

Service 3 – Behavioral Health Evaluation

NOTE: This service will not be provided through the CPS Program, and is not being requested. If a Behavioral Health Evaluation is required, it will be billed through another program.

23. Service 3 will be listed as “Behavioral Health Evaluation”. The proposal described that parents will receive a diagnostic assessment by a licensed clinician to assess for mental health needs. If needed, care will be set up and monitored to ensure the parent is participating in support services. The information did not provide specific information on the actual evaluation.
Action Required: Complete the ‘Service Change Chart’ for Service 3. Provide more information on the Behavioral Health Evaluation in the field below.
Please see above in red.
24. The proposal mentioned that the diagnostic assessment is provided by a licensed clinician but does not provide specific information.
Action Required: Provide information on the licensed clinician and clarify what organization will be subcontracted to provide the evaluation.
Please see above in red.
25. The Outputs need to be redone to reflect the Behavioral Health Evaluations being provided. The unit measure needs to be “one evaluation”. The unit rate needs to be based the lowest public rate available. The number of units need to reflect the number of these evaluations being conducted.
Action Required: Complete the ‘Service Change Chart’ for Service 3. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.
Please see above in red.
26. The funding request for each service will need to be updated.
Action Required: Complete the ‘Service Change Chart’ for Service 3. Provide any questions comments in the field below. Please provide your best and final offer.
Please see above in red.
27. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.
Action Required: Complete the ‘Service Change Chart’ for Service 3 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached ‘Program Performance Measures Information’ for assistance.
Please see above in red.

Service 4- Case Management outside of Home Visits

28. Service 4 needs to be listed as "Case Management" and include time spent for clients outside of home visits, assessments, and evaluations.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide additional information below on activities that can be included in Case Management outside of home visits (for example, developing family plans, advocating, service coordination, information and referral, etc.).

The program director will provide education to Child Welfare Stakeholders regarding models of harm reduction, and attend Family Support Team Meetings to identify families for the program. The program director will create and facilitate monthly interagency Child Permanency meetings. All program staff will attend weekly consultation to discuss program participants and coordinate care. Child Permanency Specialists("CPS")/Supervisor will attend Family Support Team Meetings of identified clients, to advocate for clients and coordinate intervention plans. CPSs will document interventions, resource broker, attend court proceedings, and further coordinate/correspond with auxiliary services as part of their case management role. CPS and the supervisor will be on call to families to provide "Parent Coaching."

29. The Outputs need to be redone to reflect Case Management provided outside of home visiting, assessments, and evaluations. The unit measure needs to be "15 minutes" or "one hour". The unit rate needs to be based the lowest public rate available. The number of units need to reflect the time spent for clients. The proposal listed "24 hours" as the unit measure. This unit measure is incorrect since it would include time personnel did not provide services (i.e. personal time).

Action Required: Complete the 'Service Change Chart' for Service 4. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.

Service 4 is measured as "One Hour." A total unit of Case Management was determined by calculating the maximum number of Service 4 hours, per family, per Child Permanency Specialist ("CPS"), per phase. It was determined that CPSs, supervisors, and program director will provide approximately 40 hours of this service during Phase 1, 30 hours during Phase 2, 25 hours during Phase 3, and 20 hours during Phase 4. That is a total of 115 Service 4 hours (units) per family. An estimated 31 families will be served, totaling 3,565 hours. Rate was determined by evaluating current rates for community based case management programs including Children's Treatment Services Family Centered Consultation (\$76.11 for 30 minutes), Family Centered Meeting (\$50.74 for 30 minutes), and Service Delivery Coordination (\$23.34 for 60 minutes). The average rate (at a unit of 1 hour) is approximately \$92.35. We will provide this service for the lowest available rate of \$23.34 per unit.

30. The funding request for each service will need to be updated.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide any questions comments in the field below. Please provide your best and final offer.

We can provide this service for \$23.34 per unit.

31. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.

Action Required: Complete the 'Service Change Chart' for Service 4 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached 'Program Performance Measures Information' for assistance.

Please see Service 4 Box.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

32. An attachment is provided to submit your best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: 13 th Circuit/Boone County Court			
Program Name: Child Permanency Services			
Service #1 – Taxonomy of Service Name: Home Visiting (includes: Psycho education to parents/caretakers, parent skills training, and case management).			
Service #1 – Taxonomy Definition of Service: Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the <i>Taxonomy of Services</i> , which must also be delivered in the home/residence of the program consumer(s).			
Provide a detailed description of the proposed service:			
<u>Education to Parents:</u> Child Permanency Specialist (“CPS”) will educate parents on child development, attachment, and bonding principles to increase parental capacities. <u>Parent Skills Training:</u> CPS will educate, model, and role-play evidence based nurturing and attachment activities, and behavioral management strategies. <u>Case Management:</u> CPS will serve as a resource broker by identifying leverage points, auxiliary services, and informal/natural supports.

Amount Requested to Boone County: \$119,384.10		Proposed Number of Units of Service: 5,115	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Increase parental capacities of nurturing and attachment	90% of program participants will demonstrate increased competence in parental resiliency	Baseline and program completion ratings on NSCS (specific sub scales); pre and post NCFAS G+R	
Increase knowledge of parenting and child development	90% of program participants will demonstrate increased knowledge in Nurturing Parenting Practices	Baseline and program completion ratings on NSCS (specific sub scale); pre and post NCFAS G+R	
Increase family formal and informal supports	90% of program participants will demonstrate increased social connectedness and concrete supports	Baseline and program completion ratings on NSCS (specific sub scale); pre and post NCFAS G+R	

Reduce average time in care for children ages 0-2.	The average time in care for children ages 0-2 in Boone County will reduce from 465 days to 260 days.	Annual reports.
----------------------------------------------------	-------------------------------------------------------------------------------------------------------	-----------------

Service Change Chart
Organization Name: 13 th Circuit/Boone County Court
Program Name: Child Permanency Services
Service #2 – Taxonomy of Service Name: Behavioral Health Assessment
Service #2 – Taxonomy Definition of Service: Assessment by a qualified mental health professional of an individual's history, mental health and functioning with the purpose of establishing a treatment plan and/or diagnosis.
<p>Provide a detailed description of the proposed service:</p> <p>In the first 5 days Family Facets personnel and parents will engage in an assessment period. During that time the following will occur:</p> <ol style="list-style-type: none"> 1) A baseline evidenced base assessment of readiness for reunification using the NCFAS G+R, and 2) A baseline evidence based assessment of Nurturing Skills Competency Scale. <p>Parents will be assessed throughout the four phases: Phase 1 – 6 weeks, Phase 2 – 6 weeks, Phase 3 – 6 weeks, Phase 4 – 90 days, or 216 days. Family Facets personnel will continue working with the families longer if necessary by extending phases to ensure children may safely return/remain home. Families will be re-assessed between each phase, utilizing the NCFAS G+R and the Nurturing Skills Competency Scale. Acquisition of benchmarks (i.e.: 25% increase in skills, 50% increase in skills, etc.) will equate movement to subsequent program phases. Success for families will be determined individually, and based on the following outcome measures: acquisition of Nurturing Skills Competency at a minimum of 75%, increase in NCFAS G+R at a minimum of 50% from intake to termination, and either achieved permanency or a plan for permanency. These assessments will help Family Facets know what to focus on with the family, and will ensure the court knows whether and how the family is progressing. Follow up assessments will occur at 3, 6, and 12-months to assess program success.</p> <p>The Child Permanency Services (CPS) utilizes evidence-based assessments of parental capacities including the North Carolina Family Assessment Scale for General Services and Reunification (NCFAS G+R), and the Nurturing Skills Competency Scale (NSCS). The NCFAS G+R is endorsed by the National Family Preservation Network. It assesses the following domains: environment, parental capabilities, family interactions, family safety, child well-being, social and community life, self-sufficiency, family healthy, caregiver/child ambivalence, and readiness for reunification. Research on the reunification is still ongoing, but the most recent evaluation of this tool can be found here: http://www.nfnp.org/Portals/0/Documents/ncfasg_research_report.pdf</p> <p>The NSCS has been proven to be effective in formulating and reducing risk in reunification efforts, and preventing re-occurrence of maltreatment. Their long version is specifically designed for the child welfare population. Research findings can be found here:</p>

Service #4 – Taxonomy of Service Name: Case Management			
Service #4 – Taxonomy Definition of Service: A collaborative process that assess, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual’s health and human services needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost effective interventions and outcomes.			
Provide a detailed description of the proposed service:			
The program director will provide education to Child Welfare Stakeholders regarding models of harm reduction, and attend Family Support Team Meetings to identify families for the program. The program director will create and facilitate monthly interagency Child Permanency meetings. All program staff will attend weekly consultation to discuss program participants and coordinate care. Child Permanency Specialists/Supervisor will attend Family Support Team Meetings of identified clients, to advocate for clients and coordinate intervention plans. Child Permanency Specialists will document interventions, resource broker, attend court proceedings, and further coordinate/correspond with auxiliary services as part of their case management role. CPS Specialists/Supervisor will be on call to families to provide “Parent Coaching” phases 2-4.

Program Performance Measures Information

The following synonyms, definitions, and examples may help you completing the required program performance measures information:

	Service	Output	Outcome	Indicator	Method of Measurement
Synonyms	<i>Service</i> = Activity or Intervention	<i>Output</i> = Product	<i>Outcome</i> = Change	<i>Indicator</i> = Measure	<i>Method of Measurement</i> = Information gathering instrument or technique
Definitions	<i>Service</i> is the program activity or intervention being provided	An <i>Output</i> is expressed as the number of UNITS of service produced, in measurable increments (UNIT MEASURE), and the number of UNDUPLICATED INDIVIDUALS for whom the service is provided	An <i>Outcome</i> describes a beneficial change (knowledge, behavior, or condition) in the people being served	An <i>Indicator</i> is the specific item of information by which a service's level of success in affecting the desired outcome is measured	A <i>Method of Measurement</i> is the instrument or technique used to gather the information needed to measure the service's success
Example	parenting skills training	150 hours of parenting skills training for 30 parents	Increased knowledge of parenting	90% (n=27) of participants will have a 50% increase in knowledge of parenting	pre and post test

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By: Melinda Bobbitt
Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum ***should be acknowledged*** and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and County of Boone, Missouri (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.
2. SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

Company ID Number: 173533

4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct, to the extent authorized by this MOU:

- Automated verification checks on alien employees by electronic means, and
- Photo verification checks (when available) on employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify User Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act (INA) and Federal criminal laws, and to administer Federal contracting requirements.

7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative

Company ID Number: 173533

nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

8. DHS agrees to provide a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The Employer agrees that all Employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify, including any tutorials for Federal contractors if the Employer is a Federal contractor.

B. Failure to complete a refresher tutorial will prevent the Employer from continued use of the program.

5. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist DHS with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

Company ID Number: 173533

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures for new employees within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify User Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the SSA verification response has been given. Employers may initiate verification by notating the Form I-9 in circumstances where the employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.D.1.c. Except as provided in Article II.D, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking

Company ID Number: 173533

adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of the cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise subjecting an employee to any assumption that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 or OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

11. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the unfair immigration-related employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as

Company ID Number: 173533

authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(l)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. The Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801) in addition to verifying the employment eligibility of all other employees required to be verified under the FAR. Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

a. Federal contractors not enrolled at the time of contract award: An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to use E-Verify to initiate verification of employment eligibility of new hires of the Employer who are working in the United States, whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within 3 business days after the date of hire. Once enrolled in E-Verify as a Federal contractor, the Employer must initiate verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Federal contractors already enrolled at the time of a contract award: Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to initiate verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within 3 business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must initiate verification of each employee assigned to the

Company ID Number: 173533

contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Institutions of higher education, State, local and tribal governments and sureties: Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), State or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. The provisions of Article II.D, paragraphs 1.a and 1.b of this MOU providing timeframes for initiating employment verification of employees assigned to a contract apply to such institutions of higher education, State, local and tribal governments, and sureties.

d. Verification of all employees: Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to do so only in the manner designated by DHS and initiate E-Verify verification of all existing employees within 180 days after the election.

e. Form I-9 procedures for Federal contractors: The Employer may use a previously completed Form I-9 as the basis for initiating E-Verify verification of an employee assigned to a contract as long as that Form I-9 is complete (including the SSN), complies with Article II.C.5, the employee's work authorization has not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's stated basis in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen). If the Employer is unable to determine that the Form I-9 complies with Article II.C.5, if the employee's basis for work authorization as attested in section 1 has expired or changed, or if the Form I-9 contains no SSN or is otherwise incomplete, the Employer shall complete a new I-9 consistent with Article II.C.5, or update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.C.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual. Nothing in this section shall be construed to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor.

2. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

Company ID Number: 173533

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 8 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible

Company ID Number: 173533

after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

A. This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take

Company ID Number: 173533

mandatory refresher tutorials. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such a circumstance, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, that Employer will remain a participant in the E-Verify program, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

B. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect its performance of its contractual responsibilities.

C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

E. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

F. The Employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

H. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

E-VERIFY IS A SERVICE OF DHS

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Epping:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

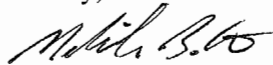

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	13 th Circuit/Boone County Court
Name of Program	Child Permanency Services

Organization Profile	
-----------------------------	--

1. The Organization Profile shows that the 13th Circuit/Boone County Court does not have a written whistleblower policy.
Action Required: Provide information on whether there is a plan to implement a whistleblower policy.

--

2. The Employee Compensation section was not complete.
Action Required: Complete the Employee Compensation field.

--

Proposal Cover Sheet	
-----------------------------	--

3. The required attachments and addendums on the Proposal Cover Sheet are not provided.
Action Required: Upload all the attachments and addendums with required signatures.

--

Program Overview Form	
------------------------------	--

4. Program Overview – The Intervention plan and family therapy are not established until Phase 2. Family support doesn't occur until Phase 3. Would there be a benefit to implementing these services earlier in the plan?
Action Required: Please provide additional information regarding the timing of these services in the box below.

--

5. Program Overview - The total number of days in phases 1, 2, and 3 are approximately 126 days (42 days per phase X 3 phases = 126 days). Then there is a Maintenance phase for 90 days. The total number of days equals 216. Why is home placement targeted at 260 days? Is the timeline of phases flexible depending on the family?

Action Required: Provide a narrative explanation in the box below.

6. Program Consumer – This section indicates that children 0-2 are the main focus of this proposal. What will be done with families whose children who are over the age of 2? What if the family has older siblings?

Action Required: Provide a narrative explanation in the box below.

7. Consumer Demographics - There were 117 unduplicated individuals listed in the Boone County Residence box. There were no numbers entered in the City of Columbia box. Do all the individuals, receiving this service, live outside of the city limits?

Action Required: Provide the number of individuals who will reside in the City of Columbia limits in the box below.

8. Program Personnel Information - The salary range portion of this section was not completed correctly. We don't want the exact pay. This section must include a range showing the lowest starting salary to the highest paid salary. Please include the Supervisor if they are receiving any funds with this proposal.

Action Required: Update the chart below with the Full-Time Salary Range for all the staff.

Position/Title	Full-Time Salary Range From:	Full-Time Salary Range To:
<i>Ex. Child Permanency Specialist</i>	<i>\$42,000.00</i>	<i>\$72,000.00</i>
Child Permanency Specialist		
Supervisor		

9. Program Personnel Information - The salaries for the Child Permanency Specialist seemed high, \$69,350.00, for a bachelor's level position.

Action Required: Provide a justification for this salary level in the box below.

10. Program Personnel Narrative – The narrative describes three Child Permanency Specialists but the Program Overview description box states that there will be two Child Permanency Specialists.

Action Required: Clarify in the box below.

11. The program is subcontracting Family Facets to provide program personnel. It is unclear whether program personnel serve other families in different programs.

Action Required: Provide the clarification on whether Program Personnel serving families through this program also serve families funded through other funding sources. If yes, please explain.

12. Program Budget/Yearly Amount Request from Children's Services Fund – Box 2A. shows a request from the Children's Services Fund for \$209,625.00. The Year 1 Total Request is listed as \$209,575.00. The total amount requested needs to be consistent in all areas of the proposal.

Action Required: Clarify in the box below what the total request is for Year 1.

13. Program Budget – It is mentioned that Family Facets will bill Medicaid when possible. If Medicaid is received for services this will need to be included in the Program Budget.

Action Required: Provide information in the box below describing what types of services Medicaid will fund.

14. Program Budget/Program Budget Narrative – The Total Expenses are \$10,000 higher than the Total Revenues. Based on information provided in the Program Budget Narrative, will any money from the court go into this program? Does it cover the \$10,000 difference? If so, all this funding must be included in the Program Budget. Reminder - All sources of funding should be included in the Program Budget

Action Required: Clarify in the box below why there is a \$10,000 difference between the Total Revenue and the Total Expenses. Provide any information about funds that will be received from the Court or any other funding source to assist in this program.

Program Services Form (1-5)	
------------------------------------	--

15. Due to the complexity of providing services through home visits, the Boone Impact Group has added "Home Visiting" to the *Taxonomy of Services* with the following definition:

Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

The Service Name must include all the services that are being provided during Home Visiting. For example, the Program Overview mentioned the following services are provided during home visits: Family Education, Parent Skills Training, Case Management, etc. Majority of the activities provided through Home Visiting will be listed as Service 1. Each service provided in Home Visits will need to be listed with an explanation on how that service is provided to families.

Behavioral Health Assessments will need to be listed as Service 2, even though it is conducted during a home visit. The needs and parental capacity assessment is provided during each phase but not at each home visit. The unit measure needs to be listed as "one assessment".

The diagnostic assessment provided by the licensed clinician will be listed as Service 3 as "Behavioral Health Evaluation". The unit measure needs to be listed as "one evaluation". The narrative indicates that this is only provided to diagnosis a mental health concern and then refer the parent to appropriate resources.

Time spent providing Case Management outside of Home Visiting needs to be listed as Service 3. The unit measure should be listed as "15 minutes" or "one hour".

The remaining clarification questions should reflect service changes mentioned above. See the table below as a summary for how the services should be structured:

Service #	Service Name	Notes
1	Home Visiting	Include all services that are provided during a home visit except the Behavioral Health Assessment and Behavioral Health Evaluation
2	Behavioral Health Assessment	Assessments provided throughout the four phases.
3	Behavioral Health Evaluation	Diagnostic assessment provided by a licensed clinician
4	Case Management	Time spent for clients outside of home visiting

Action Required: Complete the 'Service Change Chart' for each service. Provide any comments or questions in the field below.

--

Service 1 – Home Visiting

16. Service 1 will be listed as "Home Visiting". The proposal provided a good explanation on the activities provided during home visits. The activities need to be listed out to reflect the *Taxonomy of Services* and provide an explanation on how those services are incorporated into home visits.

Action Required: Complete the 'Service Change Chart' for Service 1. List the services that are included in Home Visiting in the service name. Provide an explanation below on how those services are incorporated into home visits.

--

17. The Outputs need to be redone to reflect time spent for home visits. The unit measure needs to be "15 minutes" or "one hour". The unit rate needs to be based on the lowest public rate available.

Action Required: Complete the 'Service Change Chart' for Service 1. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.

18. The funding request for each service will need to be updated.

Action Required: Complete the 'Service Change Chart' for Service 1. Provide any questions or comments in the field below. Please provide your best and final offer.

19. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.

Action Required: Complete the 'Service Change Chart' for Service 1 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached 'Program Performance Measures Information' for assistance.

Service 2 – Behavioral Health Assessment

20. Service 2 will be listed as "Behavioral Health Assessment". The proposal lacked specific information on the assessment tools that will be utilized.

Action Required: Complete the 'Service Change Chart' for Service 2. Provide information on the assessment tools in the field below.

21. The Outputs need to be redone to reflect the Behavioral Health Assessments administered. The unit measure needs to be "one assessment". The unit rate needs to be based on the cost of the assessment tools and time spent administering and evaluating the information. The number of units need to reflect the number of these assessments that will be performed.

Action Required: Complete the 'Service Change Chart' for Service 2. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.

22. The funding request for each service will need to be updated.

Action Required: Complete the 'Service Change Chart' for Service 2. Provide any questions or comments in the field below. Please provide your best and final offer.

23. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.

Action Required: Complete the 'Service Change Chart' for Service 2 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached 'Program Performance Measures Information' for assistance.

Service 3 – Behavioral Health Evaluation

24. Service 3 will be listed as "Behavioral Health Evaluation". The proposal described that parents will receive a diagnostic assessment by a licensed clinician to assess for mental health needs. If needed, care will be set up and monitored to ensure the parent is participating in support services. The information did not provide specific information on the actual evaluation.

Action Required: Complete the 'Service Change Chart' for Service 3. Provide more information on the Behavioral Health Evaluation in the field below.

25. The proposal mentioned that the diagnostic assessment is provided by a licensed clinician but does not provide specific information.

Action Required: Provide information on the licensed clinician and clarify what organization will be subcontracted to provide the evaluation.

26. The Outputs need to be redone to reflect the Behavioral Health Evaluations being provided. The unit measure needs to be "one evaluation". The unit rate needs to be based the lowest public rate available. The number of units need to reflect the number of these evaluations being conducted.

Action Required: Complete the 'Service Change Chart' for Service 3. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.

27. The funding request for each service will need to be updated.

Action Required: Complete the 'Service Change Chart' for Service 3. Provide any questions comments in the field below. Please provide your best and final offer.

28. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.

Action Required: Complete the 'Service Change Chart' for Service 3 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached 'Program Performance Measures Information' for assistance.

--

Service 4

29. Service 4 needs to be listed as "Case Management" and include time spent for clients outside of home visits, assessments, and evaluations.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide additional information below on activities that can be included in Case Management outside of home visits (for example, developing family plans, advocating, service coordination, information and referral, etc.).

--

30. The Outputs need to be redone to reflect Case Management provided outside of home visiting, assessments, and evaluations. The unit measure needs to be "15 minutes" or "one hour". The unit rate needs to be based the lowest public rate available. The number of units need to reflect the time spent for clients. The proposal listed "24 hours" as the unit measure. This unit measure is incorrect since it would include time personnel did not provide services (i.e. personal time).

Action Required: Complete the 'Service Change Chart' for Service 4. Provide an explanation below on how the unit rate and number of units to be provided was determined. Please provide your best and final offer.

--

31. The funding request for each service will need to be updated.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide any questions comments in the field below. Please provide your best and final offer.

--

32. The current proposal has all the services listed in one box with just one outcome, indicator, and method of measurement. Each service requires its own outcome(s), indicator(s), and method of measurement(s). Since these services are being split up, new information will need to be completed.

Action Required: Complete the 'Service Change Chart' for Service 4 with updated Performance Measures. Provide information below on how updated outcome(s), indicator(s), and method of measurement(s) were determined. See attached 'Program Performance Measures Information' for assistance.

--

Program Performance Measures Information

The following synonyms, definitions, and examples may help you completing the required program performance measures information:

	Service	Output	Outcome	Indicator	Method of Measurement
Synonyms	<i>Service</i> = Activity or Intervention	<i>Output</i> = Product	<i>Outcome</i> = Change	<i>Indicator</i> = Measure	<i>Method of Measurement</i> = Information gathering instrument or technique
Definitions	<i>Service</i> is the program activity or intervention being provided	An <i>Output</i> is expressed as the number of UNITS of service produced, in measurable increments (UNIT MEASURE), and the number of UNDUPLICATED INDIVIDUALS for whom the service is provided	An <i>Outcome</i> describes a beneficial change (knowledge, behavior, or condition) in the people being served	An <i>Indicator</i> is the specific item of information by which a service's level of success in affecting the desired outcome is measured	A <i>Method of Measurement</i> is the instrument or technique used to gather the information needed to measure the service's success
Example	parenting skills training	150 hours of parenting skills training for 30 parents	Increased knowledge of parenting	90% (n=27) of participants will have a 50% increase in knowledge of parenting	pre and post test

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Attachment and bonding between a parent and a child is vital to child development and well-being. Disruption in this process can impact temperament, formation of relationships, and physical and mental health. "It is known that emotional and cognitive disruptions in the early lives of children have the potential to impair brain development" (American Academy of Pediatrics, 2000). Boone Indicators Dashboard in 2015 indicate there were 20 children with substantiated emotional abuse, 9 with substantiated medical neglect, 93 with substantiated neglect, and 45 with substantiated physical abuse for a total of 167 children. Children removed from the home and put into care after abuse or neglect allegations get minimal visitation with their parents. Lack of visitation can prevent the attachment process and research highlights that frequent and immediate visitation can enhance permanency outcomes. "The frequency of parental visitation is a stronger predictor of reunification than parental characteristics, child characteristics, and the reason for child placement" (Leathers, 2003). Parents who receive less visitation are less engaged with child welfare entities, less motivated during treatment, and their children spend longer in custody (Child Welfare Information Gateway, 2011). The longer children remain in care, the higher the risk of having multiple placements which facilitates system-induced trauma, compounding the traumatic experience (Cheng, 2010).

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The proposed program is to offer more in-home supervised visitation for families and provide teaching and therapy to help the parents bond with their children. For the past 5 years in Boone County there were an average of 50 children ages 0-2 in care per year. Children remained out of home an average of 465 days. In 2016, it cost \$20,590 for a child aged 0-2 to be in foster care for 1 year. Reducing the amount of time children spend in alternative care will; first, reduce the cost to the community and taxpayers, and, second, preserving families will prevent and reduce mental and behavioral health problems in our community. Children ages 0-3 years are considered to be in the most critical stage of development. Prioritizing visitation between vulnerable children (0-2) and their parents will increase parental engagement, and decrease issues that are likely to develop later that will impact schools and community resources. The nature of removal requires visitation between the parents and children be supervised, which typically

occurs about once a week for 1 hour. In general, supervised visitation occurs through Children's Division (CD) or family members with an eyes-on approach to prevent an incident. Supervision by a family members may mean supervised visits, however, there is not a therapeutic or educational component for the parents. CD is limited in its resources to supervise visitation, so staff are not available to increase visitation.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The goals are: reduce out of home placement for kids ages 0-2 from 465 to 260 days (44%); increase visitation by 300%; and increase parental capacity and readiness for reunification by 50% from intake to discharge (NCFAS G+R and Nurturing Skills Competency Scale), for 39 families.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The 13th Circuit will work with 2 Child Permanency Specialists (CPS) and 1 supervisor from Family Facets to provide services to 39 families. Phase 1: 6 weeks, the CPS will establish a safety plan, facilitate 3 visits per week in the family home, perform a needs and parental capacity assessment, and develop an intervention plan. Parents will be taught about attachment, safety, and areas of concern from the assessments. Phase 2: 6 weeks, 3 home visits per week, on-call support, parental capacity building, development of child welfare written service agreement, permanency intervention plan, and linkages to auxiliary services. The CPS will observe, model, and teach parents skills to nurture and protect their children. A supervisor will visit the home and provide additional support. The family may be referred to other services and a family therapist may become involved. Phase 3: 6 weeks, includes completion of the intervention plan and complete attainment of parental capacity. The supervisor will be the primary support for the family and will visit 1-2 times per week. Efforts to utilize community resources to provide family support will be made. Extended family members, if appropriate, will be contacted to assist the family in the home. Phase 4: 90 days, focuses on maintenance and utilization of follow up services. The supervisor will visit once a week and reassess the family needs and strengths, and recommend what may be needed to be implemented before services are terminated.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The families participating in this program will be parents who live in Boone County, with a priority given to those who are indigent (200% of Federal Poverty Level), with children aged 0-2 years who are placed in alternative care. There will not be a priority based on race or ethnicity. The characteristics of people being served will be parents in the community who are identified by the court, Juvenile Office, or Children's Division as needing additional services and the ability to engage them in services, and those who do not have other means or resources for additional visitation or treatment. A Family Court Judge or Commissioner determines indigency in the courtroom, however, statistics on how many of the parents with kids aged 0-2 years in care, who are indigent, is not currently tracked. Anecdotally many of the families with kids in care ages 0-2 years are in indigency status. The court will make a determination whether the family is in need of services, and if the services should be offered through this program, or if the family has means of otherwise obtaining visitation and necessary treatment.

b. Why will these particular consumers be served? (1500 character limit)

By focusing on families with children in care ages 0-2, the court anticipates to reunify the child or children with their family more quickly. Families who do not have local support through extended family or the ability to pay for therapeutic services are those most in need of help. They need help knowing how to safely parent, have frequent supervised visits to ensure attachment to their child continues and the parents are engaged in the process of getting their children back home. It is anticipated the kids will be less likely to come back into the system and prevent siblings from being put into the system. The court is focusing on ages 0-2 because children are most vulnerable during this time period.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

One challenge in this type of scenario is typically that services are offered or available only during office hours. However, Family Facets will be working with the families on a mutually agreeable timeframe for services to be provided in the home. A remaining challenge is if the parents do not engage despite the court's efforts. This should be combatted by several things: one, only families where reunification is the permanency plan will be considered, and two, if the parents do not engage, that can be identified and brought to the court's attention.

d. Total number of unduplicated individuals to be served by the proposed program:

117

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

1877.14

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

Narrative

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

Families will be referred or court ordered to this program by the Family Court Judge or Commissioner. This program is intended for families determined to be indigent with children in care ages 0-2. It is also meant for parents who do not have local family resources who can assist. The parents also needs to be willing to commit to the program. Team members from Family Facets will be available to the participants, meeting them in the family home, and do not necessarily have a set schedule during the week as they will work with the families' schedule.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

To be eligible for Child Permanency Services families must be determined indigent, have children ages 0-2 in out of home placement, have a written service agreement with the 13th Circuit, and be willing to participate. Any family involved in the Family Court with an abuse or neglect case will be eligible to participate as long as they meet the criteria. The focus will be on families who are indigent, or whose income is below 200% of the Federal Poverty Guideline, as determined by the Family Court Judge or Commissioner.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

The court does not want these services to be cost prohibitive, and while a fee will not be charged, Family Facets will bill Medicaid when possible for services provided.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Narrative

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

The program requires all staff to pass a criminal background check, have a current valid driver's license, and no history of child abuse or neglect. The specialists hold at least a Bachelor degree in social work, psychology, criminal justice, or a human service related field. The specialist will have 1+ years of demonstrated effectiveness working with children and families. The supervisor will have at least a Master's Degree in social work, psychology, criminal justice, counseling, or a human service related field, with 3+ years of demonstrated effectiveness working with children and families.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

Narrative

If Yes - Provide a description of the accreditation process: (600 character limit)

Narrative

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Visits should start as soon as possible to preserve attachment (Child Welfare Information Gateway, 2011). For visits to be beneficial they should be frequent and long enough to enhance the parent-child relationship and to document the parent's interest and involvement (American Academy of Pediatrics, 2000). Comprehensive assessment should lead to an individualized court-approved treatment plan and ongoing monitoring by a multidisciplinary team skilled in working with this population (American Academy of Pediatrics, 2000).

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The Federal Child and Family Services Review (CFSR) provides results for each state regarding its conformity with child safety, permanency and child wellbeing. Items associated with stronger performance in permanency outcome include: services to the family to protect children in the home and prevent removal or reentry into care, needs assessment and services to children and parents, worker visits with the family, and services in the home (Gaudiosi/Children's Bureau, 2009). The proposed program include all components that have been proven to protect, nurture, and preserve children and families.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The Child Permanency Services (CPS) utilizes evidence-based assessments of parental capacities including the NCFAS G+R and the Nurturing Skills Competency Scale. CPS utilizes means of early engagement and increased visitation, which has been shown to reduce the amount of time of children in care, facilitate attachment, and increase parental engagement (Fernandez & Lee, 2011; Gaudiosi/Children's Bureau, 2009; American Academy of Pediatrics, 2000). CPS includes on-call/crisis support for families which will aid in stable reunification. CPS utilizes a team-based approach in serving families, which has been shown to decrease out of home placement duration and increase parent engagement (Child Welfare Gateway, 2012). CPS is delivered in the home, reducing barriers to services and allowing for education, modeling, and observation of parental capacity. CPS personnel will provide evidence-based interventions, utilizing assessment and competency based intervention plans, motivational interviewing, and safety planning. Long term and gradually decreasing support and monitoring of the family is important because research shows the highest instance of re-occurrence of child abuse and neglect for reunified families occurs at 6 months. These early problems are predictors of poor well-being later in a child's life.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Unique characteristics include early visitation between the parent(s)/caregiver(s), the intensity of the program, on call 24/7 for the family, longevity of the program continuing to coach and teach the family new skills to nurture and protect their children, team approach supporting the family, and in home service delivery. Child Permanency Services personnel will deliver services based on the following two evidence-based frameworks: Engaging Families: Making Visits Matter—A Field Guide (Gonzalez et al, 2014) Visitation is a Right, Not a Privilege: Pennsylvania Roundtable (Grubb, 2013) It is clear from a review of the State CFSR Final Reports that numerous factors interact and play important roles in a state's ability to reunite children in foster care with their families. Meaningful family engagement, assessment, case planning, and service delivery are key. Systemic supports related to

funding for services, support from the courts, and stable, competent staff also appear to impact, directly and indirectly, the achievement of reunification goals. A review of the relevant literature sheds additional light upon State CFSR findings regarding the factors in achieving timely, stable reunifications. (Child Welfare Information Gateway, June 2011)

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

A Quality Utilization and Improvement Protocol (QUIP) Team will consist of Family Facets Personnel (1 supervisor and 1 specialist), 1 member of the 13th circuit, and 2 additional members of Child Welfare agencies. The team will meet quarterly to assess program goals as follows:

1. Reduce the duration of out of home placement for children ages 0-2 for 39 families to 260 days.
2. Increase visitation between parents and out of home children ages 0-2 for 39 families during the first 90 days of out of home placement by 300%.
3. Increase parental capacity and readiness for reunification of 39 parents/families by 50% from intake to discharge (as evidenced by NCFAS G+R and Nurturing Skills Competency Scale).

The QUIP Team will also review quarterly reports generated by Family Facets, to include outcomes and performance measures for program participants. Programs and services may be altered based on data and feedback.

Measures of performance will be both quantitative and qualitative. The program effectiveness will be qualitatively measured through a Family Satisfaction Survey. The program effectiveness will be holistically and quantitatively measured by attainment of program goals. Families will be assessed individually at pre-established times including intake, 6 weeks, 12 weeks, 24 weeks, and at discharge. Additionally, families and the program as a whole will be assessed quantitatively by the completion of their intervention plan.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Each family unit will complete a Family Satisfaction survey assessing all areas of the program and service providers' effectiveness during their intervention. Family Facets Program Director and supervisor of the Child Permanency Program will meet with the family that received services to directly hear from them about the services provided. This information will be shared quarterly with QUIP Team.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

The 13th Circuit works with Children's Division, which contracts with other agencies to provide supervision and care of kids in the Family Court for abuse and neglect cases. In this collaboration, and through monthly Fostering Court Improvement Project (FCIP) meetings, the court identified the need for children ages 0-2 years to return home more quickly. FCIP is a collaborative partnership involving stakeholders from all professions that work with families involved in the foster or alternative care system. Various data is utilized to assess performance and outcomes, and initiate plans or make improvements through active sub-group planning committees. Family Facets was selected to improve permanency for children in Boone County. Family Facets has been providing in-home services to intact families, and to families that are reunifying, for more than 20 years. In addition, Family Facets provides training to in-home service workers, and foster care and adoption training. Family Facets knows through experience and research that the best practice models for services for reunifying include: immediate and frequent visits between children and parents, use of evidence based/competency based assessments to guide intervention decision points, treatment of families in their homes, on call support, integrative team based approach, psycho-education with compassion, and follow-up care.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
--------------------------------------------------	--------------------------------------------------	-----	-----------------------------------------------------------------------	---------------------------------------------------------------------

P1	MQ1	FTE1	SR1 FROM	SR1 TO
Child Permanency Specialist	BA, 1 yr experience	1.00	\$69,350.00	\$69,350.00
P2	MQ2	FTE2	SR2 FROM	SR2 TO
Child Permanency Specialist	BA, 1 yr experience	1.00	\$69,350.00	\$69,350.00
P3	MQ3	FTE3	SR3 FROM	SR3 TO
Child Permanency Specialist	BA, 1 yr experience	1.00	\$69,350.00	\$69,350.00

		0.00	\$0.00	\$0.00
P7	MQ7	FTE7	SR7 FROM	SR7 TO
		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Family Facets will be the subcontracted agency providing the staff to deliver the educational components and supervised visits for families. This will include 3 Child Permanency Specialists from the Family Facets, as well as one supervisor. The specialists will be the primary contact point during all four phases, and the supervisor will provide support. There is a flat fee associated with these services or \$190 per day, per specialist, or \$208,050 total for the year. There is no additional fee for the supervisor as that cost is contemplated in the flat fee. Family Facets will also provide therapy as needed with no additional FTE/cost.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

The court works within resources from the state. In addition, the court budgets money from its Family Services and Justice Fund to provide parent aide services to help parents learn about child development. The court has a supervised visitation grant, but funds are limited for cases wherein a charge or arrest for domestic violence has occurred, and visitation is limited to 12 hours. The court does not have the funds to provide this level of program.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Family education (9.5) and parenting skills training (9.6) through site-based mentoring (9.8).

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Increase protective capacities by delivering integrative and evidence-based services to parents in their homes. A specialist will facilitate supervised visitation and provide mentoring to assist the parents in increasing parental capacity, working on attachment and making homes safe for children.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Throughout the 4 phase service period, a Family Facets Child Permanency Specialist (CPS) and/or supervisor will be in the family home to mentor and teach parents about attachment, safety and identified areas of concern. It is anticipated referral for services will begin within 72 hours of removal and Family Facets intake personnel will meet parents and case managers within that time frame. Goals of the intake are to develop a safety plan for visits, and schedule/begin visits. This component specifically aims to increase the protective factor of Nurturing Attachment. Program goal development and environmental safety plan will be created utilizing Signs of Safety Framework (<https://www.signsofsafety.net> utilized by Children's Division).

Supervised visits will begin as soon as possible, ideally within 72 hours of removal, which is after the first time the family will be in court, with a maximum of 96 hours post removal. Visits will initially occur at least 3 times per week to facilitate ongoing attachment and will always be supervised by the CPS. Visits will focus on parental capacity building. The goal is to provide intensive mentoring for the first 2 phases (approximately 12 weeks combined) then work towards extended family or community resources for ongoing mentoring and safety planning. Parent will receive Nurturing Parenting education facilitated by the CPS who will model and mentor the parents on appropriate parenting. This component specifically aims to increase the protective factor of Knowledge of Parenting and Child and Youth Development, and to increase protective factors of Nurturing and Attachment.

In addition, it's important to note the CPS and supervisor will be on call for the family. This component extends beyond crisis management, and should be conceptualized as Parent Coaching. Parents have access to staff to problem solve the implementation of parent strategies, use of coping skills, and access services. The focus over all 4 phases will be to develop the parents into effective parents and create a home environment that is safe for kids to return to.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One 24 hour period.

b. Unit Rate (#1)

\$570.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

This rate is lower than the state contracted rate through the Office of Administration. The \$570 is based on a rate of \$190 per Child Permanency Specialist.

d. Total Number of Units of Service to be Provided (#1)

1095

e. Total Number of Unduplicated Individuals (#1)

117

f. Average Number of Units of Service per Unduplicated Individual (#1)

9.36

g. Average Cost of Service per Individual (#1)

5334.62

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Participants will not be required to pay a fee as the court does not want these services to be cost prohibitive. In the long run these services will save taxpayers by children having less trauma in their vital growing years.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

Family Facets will bill Medicare where appropriate.

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

All services will be provided regardless of ability to pay. However, if Medicare is able to be billed for services, Family Facets will purpose it.

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

No payment will be required.

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

No (if no, move on to the Funding Request section.)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
	1a1.	1a2.	1a3.
a. Boone County - Children's Services Funding (#1)	\$0.00	0	\$0.00
	1b1.	1b2.	1b3.
b. Boone County - Community Health Funding (#1)	\$0.00	0	\$0.00
	1c1.	1c2.	1c3.
c. City of Columbia - Social Services Funding (#1)	\$0.00	0	\$0.00
	1d1.	1d2.	1d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	\$0.00	0	\$0.00
	1e1.	1e2.	1d4.
e. Heart of Missouri United Way Funding (#1)	\$0.00	0	\$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$208,050.00

b. Proposed Number of Units of Service (#1)

365

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any

other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

This equates to 3 Family Facets staff being available every day of the year, or 1095 days (3 x 365 days). There is a daily fee of \$190 per Family Facets specialist as they will be doing work other than the visitations, and will be available on-call. A supervisor will also be available, but there will be no additional cost for this person. The court has a \$10,000 grant for 12 hours of supervised visits for cases where there is domestic violence. This is not enough hours, does not include a mentoring component, and does not impact most cases.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Reduce average time in care for children ages 0-2.	The average time in care for children ages 0-2 in Boone County will reduce from 465 days to 260 days.	The court and Children's Division will measure this based on reports these entities are able to run for the time of kids in care in their electronic records.
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

The goal is to achieve permanency faster for children 0-2 when reunification is planned. Research shows parents will be more engaged in the process and likely to get their kids home sooner when the focus is on attachment through increased visitation. Parents will receive Nurturing Parenting education so the court may be assured there will be an increase in the Knowledge of Parenting and Child/Youth Development protective factors. Direct, family-specific services with in-home specialists and parent coaching, all increase parental engagement and are proven to return children faster.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Parents responding positively to the mentoring and services provided by Family Facets will be one major factor. Also, families with additional support such as other family members and community services will positively impact the parents' ability to continue providing safe, nurturing homes after services are terminated. Parents' success in obtaining other treatment as needed, such as substance abuse treatment, is also an important variable that will affect the timeline of when kids may safely return home.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

The goal of the reduced number of days in care is based on the courts goal of returning kids home in less than a year. It is anticipated with increased services, children may return even sooner. Because of the vulnerable age of kids who are 0-2 years old, attachment and bonding are extremely important, and limiting trauma from being in out of home placements is crucial.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The goal being returning children home sooner, counting the number of days kids are in care is the most obvious way to determine whether or not the program was successful. We will utilize data provided by the courts and Children's Division to track dates of removal to date returned home.

To Whom it May Concern,

Family Facets is enthusiastic about the opportunity to partner with Fostering Court Improvement in and effort to improve permanency for children in Boone County. Within this letter you can find preliminary details regarding programs and services, links to evidenced based assessments and data, and questions requiring your attention.

Should you have questions regarding materials pertaining to programs and services, please contact Rachel Bailey at RachelBailey@FamilyFacets.com. Inquires related to contractual and/or financial agreements, please contact Larry McClure at FamilyFacets@FamilyFacets.com.

Programs and Services

Family Facets has been a leader in family preservation since the early 1990's. Executive Director Sheila Searfoss, is a board member of the National Family Preservation Network, and has developed multiple curricula to aid in our state's mission to preserve families when safe and possible. As such, Family Facets will require that our participation in this endeavor allow for Family Facets to retain exclusive ownership and copyright of all materials which Family Facets develops for this Foster Care Court Improvement program.

Based on the goals outlined at our most recent meeting regarding this RFP, the following is a brief and early conceptualization of the program:

Program Name: To be determined

Vision: Children in Boone county, ages 0-2, will achieve permanency within 9 months.

Mission: Increase protective factors by delivering integrative and evidence-based services to parents in their homes.

Family Facets Proposed Program Components

1. Pre-Screening: Protocol to assess Family Support Team Member readiness to begin visits between parent(s) and children. Example items: Are you in agreement with visits at this time? Are you in agreement to a safety plan that includes harm reduction vs. abstinence? Are you in agreement that visits continue if the parent submits a positive urine analysis?
2. Referral for Services: A referral for services begins within 72 hours of removal.
3. Intake: Family Facets Intake Personnel meet parent(s), and Case Manager within 72 hours of removal. Goals of the intake are to develop safety plan for visits, and schedule/begin visits. Visits will begin within 24 hours of program start (maximum 96 hours post removal).

4. Family Visits: Visits will occur at least 3 times per week to facilitate ongoing attachment. Family Facets personnel may facilitate transportation. This component specifically aims to increase protective factor of Nurturing Attachment.
5. First 5 Days: Family Facets Personnel and parent(s) will engage in a 5-day assessment period. The following will occur: baseline assessment of parental capacities using the NCFAS G+R, baseline assessment of Nurturing Skills Competency Scale, program goal development and environmental safety plan utilizing Signs of Safety Framework. Additionally, parent(s) not currently receiving mental health services will receive a diagnostic assessment by a licensed clinician to assess for mental health needs.
6. Parent Education: Parent(s) will concurrently receive Nurturing Parenting education weekly, facilitated by Family Facets Personnel. This component specifically aims to increase the protective factor of Knowledge of Parenting and Child and Youth Development.
7. Integrative Approach: Family Facets Personnel providing direct services to each family will include Group Facilitator, In-home Specialists, Supervisor, and potentially a Therapist. All family serving staff will meet weekly to coordinate services.
8. Parent Coaching: Family Facets Personnel will be on call 24 hours per day for the length of the intervention. This component extends beyond crisis management, and should be conceptualized as Parent Coaching. Parent(s) have access to Family Facets Personnel in order to problem solve implementation of parent strategies, use of coping skills, and access to services.
9. Step-Down Approach: Families will be re-assessed every 4 weeks, utilizing the NCFAS G+R and the Nurturing Skills Competency Scale. Acquisition of benchmarks (i.e.: 25% increase in skills, 50% increase in skills, etc.) will equate decrease in direct service hours.
10. Auxiliary Services: Family Facets Personnel will assist each family with connecting to additional services in the community based on assessment results. This component specifically relates to the protective factor Concrete Supports.
11. Success: Success for families will be determined individually, and based on the following outcome measures: acquisition of Nurturing Skills Competency at a minimum of 75%, increase in NCFAS G+R at a minimum of 50% from intake to termination, and either achieved permanency or a plan for permanency. Follow up assessments will occur at 3, 6, and 12-months to assess program success.

Financial Considerations and Queries

Family Facets is a for profit agency, that would serve as a subcontractor of the designated organization, under section 3.8.3 of the 2016 RFP. As such, the designated organization retains responsibility for reporting requirements, as well as equating subcontractor reimbursement to a “per diem/Specialist” rate, exclusive of Medicaid billable licensed Therapist services.

The following are conditions that Family Facets must stipulate moving forward:

1. Reimbursement for services will be made on a per diem basis
2. The final contract will include a minimum (guaranteed) number of families served annually
3. The final contract will include a paragraph noting that for the purposes of this grant, referral from this program to Family Facets Therapy (when warranted at intake) is not a conflict of interest
4. A written maximum number of families per Family Facets Personnel to serve simultaneously

The following are questions for the Fostering Court Improvement Committee, which require attention for further collaboration:

1. What outcome reporting will be required to be made by Family Facets for the purposes of the grant?
2. What amount is being allotted for the sub-contractor annually?
3. How many families do you envision serving per year?

Please reach out with any questions or insights. We look forward to hearing back from you, and to our collaboration.

Sincerely,

Rachel Bailey

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

4.3.1. Negotiations may be conducted in person, in writing, or by telephone.

4.3.2. Negotiations will only be conducted with potentially acceptable proposals.

4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.

4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.

4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract *After-School and Summer Programming*

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Boys & Girls Clubs of Columbia Area** a tax-exempt, not organized for profit BGC or governmental entity, hereinafter referred to as **BGC**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, BGC has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY BGC

BGC is expected to the greatest extent possible to maximize funding from all other sources. BGC shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. BGC shall only request reimbursement for services not reimbursable by any other source. BGC shall not invoice the Children's Services Fund for units of service invoiced to another funding source. BGC shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** BGC will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and BGC's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over BGC's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from BGC and BGC agrees to furnish the **After-School & Summer Programming** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in BGC's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$273,014.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. BGC agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of BGC be renewed for an **additional one (1), one-year period**. BGC agrees and understands that the BCCSB may require supplemental information to be submitted by BGC prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Out of School Programming	One hour	\$6.07	30,800	\$186,956.00
Social Emotional Screening	One screening	\$7.22	250	\$1805.00
Group Therapy – Child	One hour	\$7.22	2,086	\$15,060.92
Individual Therapy- Child	One hour	\$43.52	700	\$30,464.00
Behavior Support Services	One hour	\$7.22	5,364	\$38,728.08

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty

days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of BGC, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by BGC to monitor service delivery and program expenditures. BGC agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by BGC and, if so stipulated, are noted on this contract document. Payments may be withheld from BGC if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. BGC agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** BGC also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of BGC's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from BGC, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** BGC agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect BGC's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, BGC hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and

personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event BGC requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from BGC may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with BGC's policies and procedures and in accordance with any local/state/federal regulations. BGC agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. BGC must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** BGC will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** BGC agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to BGC's provision of such services.

14. **Accreditation/Licensure/Certifications.** BGC must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** BGC agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and BGC, and this shall include any transaction in which BGC is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** BGC may enter into subcontracts for components of the contracted service as BGC deems necessary within the terms of the contract. All such subcontracts require

the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, BGC shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** BGC agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. BGC shall require each subcontractor to affirmatively state in its Agreement with the BGC that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide BGC a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** BGC agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against BGC or any individual acting on the BGC's behalf, including subcontractors, which seek to enjoin or prohibit BGC from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If BGC ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if BGC no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, BGC will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event BGC, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to BGC as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should BGC fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, BGC shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the BGC for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, BGC agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Boys & Girls Clubs of Columbia Area** (meaning anyone, including but not limited to consultants having a contract with BGC or subcontractor for part of the services), or anyone directly or indirectly employed by BGC, or of anyone for whose acts BGC may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the BGC.** BGC shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. BGC will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. BGC will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. BGC agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and BGC. The BCCSB does not recognize any of the BGC's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** BGC shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to BGC shall be mailed or delivered to:

Boys & Girls Clubs of Columbia Area
Valorie Livingston
1200 N. 7th Street
Columbia, MO 65201

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Boys and Girls Club of Columbia
Name of Program	See #3 below

Organization Profile	
-----------------------------	--

1. The phone number is not provided for board member, Clayton Thompson.

Action Required: Provide the phone number for Clayton Thompson under the Governing Board on Apricot.

573-449-2613/573-864-4774

2. The 990 on Apricot cannot be opened due to a password protection.

A

Code to open is 2116

n

Required: Upload a new copy on Apricot without a password required.

Program Overview Form

3. The Program Name needs to be changed from "Great Futures Starts Here" to "After-School and Summer Programming". "Great Futures Starts" are services provided as part of the After-School and Summer programs rather than a program itself. The Program Name needs to reflect what the program is called to consumers and/or the public.

After School and Summer Programs

4. The Program Consumer section indicates that 250 unduplicated individuals will be served. It is important to remember that the total number of unduplicated individuals to be served should be provided for the whole program, regardless of the funding source. We would anticipate that these numbers would match up with any proposals submitted to the City.
Action Required: Provide the total number of unduplicated individuals to be served for the entire program, regardless of the funding source.

Goal is to serve 400 youth in the after school program and 250 youth in the summer program.

5. The Consumer Demographics had several errors and will need to be addressed:
- The Consumer Demographics section lists 500 individuals for each of the demographic totals but the Program Consumers shows 250 unduplicated individuals to be served. Consumer Demographics need to be provided for the entire program, regardless of the funding source. These numbers need to be reflective for one year.
 - The Consumer Demographics in the proposal shows that all individuals reside in city limits. The Residence section needs to provide those residing outside city limits.
 - Parents that are involved in Parent Partnership (proposed as Service 10) need to be included in the Consumer Demographics and total number of unduplicated individuals to be served.

Action Required: Complete all fields for the Consumer Demographics with accurate information.

Demographic Info	# of Unduplicated Individuals
Residence	
Boone County (includes City of Columbia residents)	650
City of Columbia	650
Other Counties	
Residence Total:	650
Race	
White (alone)	100
Black or African American (alone)	400
Multiple Races	150
Asian (alone)	0

Native American Indian or Alaskan Native (alone)	0
Native Hawaiian or other Pacific Islander (alone)	0
Some other Race	
Race Total:	650
Ethnicity	
Hispanic or Latino (of any race)	20
Not Hispanic or Latino	630
Ethnicity Total:	650
Gender	
Female	325
Male	325
Gender Total:	650
Income	
At or below 200% of Federal Poverty Level	500
Over 200% of Federal Poverty Level	150
Income Total:	650
Age	
Infant/Toddler (birth – 2 years)	
Preschool (3 years – 5 years)	
School Age (6 years – 11 years)	400
Middle School (12 years – 14 years)	150
High School (15 years – 19 years)	100
Parent/Guardian (19 years and younger)	
Parent/Guardian (20 years and older)	
Age Total:	650

6. The Program Access narrative mentions that there is a sliding fee scale, scholarships, and DSS state child care assistance funding available to remove financial barriers for families.

Action Required: Provide clarification on whether the child care subsidy can be used for both after-school programming and during the summer. If not, why?

We do qualify for DSS for our Summer program as a license exempt 501(3) but we do not qualify for DSS for our After school program which requires that you be licensed. Even though the state controls both of these subsidies, they are operated in different State departments with different regulations. We do collect income verification information from the families to apply our sliding fee scale. If a family needs financial assistance then they apply for a scholarship which is determined and authorized by the Director of Operations.

7. The Program Quality section provides references for the Character and Citizenship and PhotoVoice programs that are dated 1992 and 1999. These programs have been funded in the past and should have more recent data.

Action Required: Provide more recent data and/or articles that support the efficacy of these services.

Thus far, we have provided Photovoice to 60 participants during 2 sessions from Summer 2017 and Fall 2017 and we plan to run one additional session during November 2017. BGC utilizes the DCC curriculum entitled "Picturing Resilience Intervention", which can be found at: dcc.missouri.edu/pri.shtml

For additional resources on using Photovoice with youth, refer to the following:

Retrieved from: <http://www.sciencedirect.com/science/article/pii/S0190740916301347>

There is a MOU with Columbia Center for Urban Agriculture provided. The MOU does not explain whether funds from the Boone County Children's Services (BCCS) Fund will be distributed to CCUA for the project being implemented through Boys and Girls Club.

Action Required: Provide information on whether funds from this proposal will be distributed to CCUA to provide "Improving Mental and Physical Health of Food Insecure Children through Hands on Nutrition Intervention".

After further clarification we understood that BCCS preferred to support collaborations and not sub-contracts so we did not write this into our budget to pay CCUA for this program. I believe that it was CCUA's intention to include this program service in their program service budget.

S

Salary range for the Parent Engagement Coordinator seems high for the minimum qualifications compared to the Licensed Clinical Social Worker, Operations Director, and Program Director.

Action Required: Provide clarification on why the salary range is higher than the other three positions.

We hired this person from another Parent Outreach non-profit at this rate due to her Masters degree in Educational Counseling and extensive work experience in this field. Please see Service Change Chart as we have decided to combine the Parent Eng. Coord. position with the Mental Health Program Director position to be more cost effective.

e

Personnel Table does not list the Executive Director as having time directed towards this program.

Action Required: Provide clarification on the FTE amount for the Executive Director and whether requested funds contribute towards their salary. Provide information on the programming responsibilities of the Executive Director.

Please see Service Change Chart as we have modified our budgets to become more cost effective by removing both the Executive Director and Operations Director salaries. This employee has been with the Club for over a year and we have confidence that she is trained to assume this additional responsibility. The Mental Health Program Director will be responsible for managing program delivery, parent engagement, data management, compliance, professional development, and reporting.

u

Amount entered that is received from Heart of Missouri United Way (HMUW) is far less than what is contracted.

Action Required: Provide clarification on the actual amount contracted from HMUW for program services. Provide information on how funds are utilized for program services. These funds would be an excess of revenues compared to the total program expenses.

11. The amount entered for Boone County – Children’s Services Funding (2A) does not match the requested amount for Year 1. The difference between the budgeted amount and the requesting amount is \$127,806 but the expenses do not show the need for this excess of

We are currently contracted with the United Way for \$32,800 to provide Triple Play Health education programs to 100 youth which includes; Urban Farm gardening in the Club’s raised gardening beds, 8 week kitchen education lessons that end with a full meal preparation for their families to join for a Club family meal. This contract is from July 2017-June 2018. We are seeking additional funding so that we can expand and enhance our culinary programs with additional Chefs and partners. We are also currently funded in Education for \$51,480 which is up for renewal in June 2018.

The expenses equal the total program revenues listed in the budget, without the additional \$127,806.

The budget line item has an error on the BCCS funding line item-instead of last years amount of \$250,000 it should have been the requested amount of \$377,806 which caused me to over estimate our fundraising contribution number listed at \$162,840 which should have been \$35,034. However, please see Service Change Chart to reflect a modified budget reducing expenses and increasing units of service to make the budget more cost effective. We are still proposing to serve the same number of unduplicated individuals and re- evaluated our first year of actual program services delivered in 2016. We have modified our units to increase our proposed total number of units of services above our 2016 application with a modest

on Required: Provide clarification on why an additional \$127,806 is being requested to BCCS and how these funds will be utilized. The number of unduplicated individuals to be served does not appear to be increasing and the program is proposing fewer total number of units compared to the current contract.

12. The Program Budget does not list any revenues from the City of Columbia. If funds are received from the City for this program, they must be included in the budget.

Action Required: Provide information on all the revenues received from the City of Columbia and any other funding sources for the After-School and Summer program.

We are contracted with the City of Columbia of which we received \$500,000 that was restricted to use \$300,000 towards the construction costs of the Capital Campaign expansion project and \$200,000 to deliver expanded programs of academic support, college readiness, career/employment skills, community scholar program, and case management for 200 youth(8th, 9th, & 10th graders) over the next two years.

o

gram Budget lists MO BGC Alliance as a revenue source but does not explain how funding is used for program services. This source was also listed under State funding.

Action Required: Provide clarification that describes how MO BGC Alliance funds are utilized for program services. Provide clarification on how this is tied to State Government or provide the correct type of funding source (direct support vs. government contracts/supports).

The SMART evidence/research based programs that we reference to are provided to us from Boys & Girls Clubs of America which establishes State wide Alliances that advocate and lobby for State funding. These are annual renewable contracts based upon the States budget .

i

ng from the national Boys and Girls Club is not listed in the Program Budget.

Action Required: Provide information on whether Boys and Girls Club of Columbia Area receives program funding from their national office. If so, provide information on how funds support program services.

We receive grant funding opportunities through Boys & Girls Clubs of America. All 4,000 Boys & Girls Clubs have access to apply for grants as a competitive process. Different grant opportunities support different program initiatives. Our biggest national grant of \$20,000 is an OJP (Office of Juvenile Prevention) minority male mentoring program. Boys & Girls Clubs of America partners, secures, and manages these funds annually for local Clubs to access as funding opportunities.

Program Services Form (1-5)

15. Due to the complexity of tracking service levels and performance measures in an out of school program environment, the Boone Impact Group plan to add "Out of School Programming" as a service in the *Taxonomy of Services*, with the following definition:

Provides children in grades K – 12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before school, after

school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services from the *Taxonomy of Services*.

The unit measure for the Out of School Programming service will be “one hour”. Providers will be allowed to capture related services, as approved by the County, as part of the global Out of School Programming service unit measure. Therefore, providers can simply track the time spent in the program as the base measure. The related services must be indicated and outlined in the Out of School Programming service description and reflected in the Performance Measures.

The County and City plan to drop Tutoring from the *Taxonomy of Services* and add the following services:

- Academic Instruction – differentiated, curriculum-based instruction provided in a group or individual (tutoring) setting by a qualified professional to increase individual student achievement, as measured by grade-level benchmarks and standards from the student’s primary source of education.
- Academic Support – Supplementary assistance with educational concepts and tasks (homework).
- Academic Enrichment – Curriculum-based activities intended to engage students in learning and increase skills and knowledge in subject matter.

The County will require that at least one of the services includes a social-emotional component.

With regard to this program proposal, the following services will be allowed to be included as sub-activities of the Out of School Programming service:

- Academic Support
- Academic Enrichment
- Positive Youth Development
- Physical Activity
- Career Exploration
- Health Education
- Cultural Enrichment
- Congregate Meals

The proposal bundled services and did not adhere to the *Taxonomy of Services*. Based on the information provided in the proposal, services will need to be provided in the following order and with the correct outputs, funding request, and performance measures associated to that service.

Service #	Service Name	Notes
1	Out of School Programming	See list of sub-activities above. These activities will include the following proposed services/activities: <ul style="list-style-type: none">• All activities mentioned in proposed Service 1• All activities mentioned in proposed Service 2 (except “Million Hours of Service”)
2	Parent Partnership	Time spent encouraging families to attend events and programming activities
3	Family Education	Activities described through the Family Plus model

4	Social/Emotional Screening	Depending on clarification response
5	Behavioral Health Assessment	Depending on clarification response
6	Support Groups	Depending on clarification response
7	Individual Therapy – Child or Behavioral Support Services	Depending on clarification response
8	Case Management	
9	Positive Youth Development	Only includes time/costs of youth going to volunteer sites.

Proposed Service 4 will be excluded as a separate service since training is only provided to organizational staff.

Service 1 – Out of School Programming

16. Service 1 needs to be listed as “Out of School Programming” and include all related services listed in the *Taxonomy of Services*. Clarification #16 listed services that could be identified as s

Physical Activity and Health Education will be provided through the after school and summer programs through Triple Play which are comprehensive activities that increases physical fitness(basketball, soccer, volleyball, tennis, dance, step), teaching good nutrition through gardening, preparing healthy food, and making healthy food choices and help them manage their stress to develop healthy relationships.

Positive Youth Development will be provided through the after school and summer programs through multiple SMART program curriculum’s and activities (Smart Moves, Smart Girls, Meth Smart, and Passport to Manhood) which build strong character to make positive choices to avoid risky behaviors(alcohol, tobacco, drugs, premature sexual activity). Triple Play Character is a social recreation strategy to build self-concepts and coping skills.

e

- s. This would include services listed in your proposal under Service 2.

Action Required: Complete the ‘Service Change Chart’ for Service 1. Provide information below on all related sub-activities and a clear description of how it is implemented through the Out of School Programming.

Service Change Chart updated.

outputs need to be completed for Out of School Programming. The unit measure for the Out of School Programming service will be “one hour”. Providers will be allowed to capture related services, as approved by the County, as part of the global Out of School Programming service unit measure. Therefore, providers can simply track the time spent in the program as

the base measure. The following issues were noted and need to be corrected in the updated outputs:

- Outputs need to be provided for the entire program service, regardless of funding.
- The proposed unit rate for Service 1 increased from \$4.53 to \$6.52 and Service 2 increased from \$5.13 to \$7.02. Unit rates for program services should be consistent, regardless of the funding source.
- The justification for the unit rate does not provide sufficient information.
- The number of units to be provided does not seem to have increased significantly regardless of programming being added to Saturdays.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 1. Provide sufficient information on how the unit rate was established and whether it is the same unit rate used for all funding sources. Please provide your best and final offer.

18. The funding request amount is higher but the number of units to be provided is lower than the current contract. Review the table below for a comparison of the proposed Service 1 & Service 2:

After combining all of the out of school program related services we now have one unit of service rate at \$6.07. This unit rate is slightly increased from the original 2016 proposed budget but that is because we have updated the budget to properly reflect accurate expenses and updated the salary ranges of the highly qualified staff of which 3 have Masters degrees.

	Current Amount	Current # of Units	Proposed Amount	Proposed # of Units
Service 1	\$74,776.71 (\$4.53/Hour)	16,507	\$97,800.00 (\$6.52/Hour)	15,000
Service 2	\$84,680.91 (\$5.13/Hour)	16,507	\$105,300.00 (\$7.02/Hour)	15,000

Action Required: Complete the 'Service Change Chart' for Service 1 to reflect the total number of units from all the sub-activities and a new unit rate. We would anticipate that the response would be reflective of your current work. Please provide your best and final offer. Provide any questions or comments below.

The reallocation of the out of school program services and the updated budget raised the unit rates, we felt it appropriate to redirect some of those units to the mental health program services. We proposed in 2016 to deliver 56,174 total units and contract for 43,207 compared to this proposal to deliver 57,582 but contract for 42,500 which is only 707 less units. This is how we controlled the budget to only ask for a modest increase in funding of \$41,224. We feel that we can still deliver these services if the best and final offer is the same allocation above of \$203,100 because we only increased this request to \$205,166.

i

ng Request explains that multiple funding sources are covering units of service that are not covered by BCCS.

Action Required: Provide specific information on this funding source and what they are covering with the new proposed (updated) services.

20. D

Need more clarification; do not understand which services are being referenced.

r

am Performance measures need to be updated for the new, combined Service 1. These should include the sub-activities that are listed under Out of School Programming and performance measures provided in the proposal for Service 1 and 2.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for t

Service Change Chart updated to reflect out of school program outcomes, outputs, and indicators.

ew Service 1. Provide any questions or comments in the field below.

Service 2 – Parent Partnership

21. The description for proposed Service 3 stated that Parent Partnership and Family Education was included for the proposed service activities. The revised Service 2 will only include activities described under Parent Partnership in the proposal. Activities for Service 2 will include:

“Parent Partnership will include parent involvement in programming including collecting parent attendance and participation at football games, basketball games and tournaments, dance recitals, parade participation with the BGC High Steppers, Photovoice final showcases, art exhibits, etc. We feel it is crucial to recognize and encourage parent participation at all youth events.”

Action Required: Complete the 'Service Change Chart' for Service 2 for activities described a

See service change chart

e

. Provide any comments or questions below.

22. Outputs need to be updated to only include activities for Parent Partnership. The following issues were noted and need to be corrected in the updated outputs:

- Outputs need to be provided for the entire program service, regardless of funding source.
- The proposed unit rate for Service 3 increased from \$5.13 to \$9. Unit rates should be consistent, regardless of the funding source.
- The justification for the unit rate does not provide sufficient information.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 2 – Parent Partnership. Provide sufficient information on how the unit rate was established and

The Parent Partnership rate is the same rate of the out of school rate. This budget was created in correlation to the out of school program service budget. We were able to reduce the rate down from \$9 to \$6.07 by joining the parent engagement position and job

clarification that this rate will be utilized for the City as well. Please provide your best and final offer.

23. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the 'Service Change Chart' for Service 2 – Parent Partnership. We expect your best and final offer. Provide any comments or questions below.

24. T

See service change chart.

F

unding Request explains that multiple funding sources are covering units of service that are not covered by BCCS.

Action Required: Provide specific information on the funding sources covering the additional (updated) units of service.

25. D

At the time of grant application we do not have any other funding sources for parent engagement. Need further clarification.

r

am Performance measures need to be updated for Service 2– Parent Partnership to reflect only Parent Partnership activities.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for S

See service change chart

e

2– Parent Partnership.

Service 3 – Family Education

26. The description for proposed Service 3 stated that Parent Partnership and Family Education was included for the proposed service activities. The revised Service 3 will only include activities described under Family Education in the proposal. Activities for Service 2 will include:

"Family Education will occur through our implementation of BGC's Family PLUS (Parents Leading, United, Service) model. This model is used by other BGC's throughout the country for the purpose of increasing family support into the Club's programming efforts. Key strategies include: Kinship Care—Kinship care includes providing knowledge and resources to extended family members (grandparents, aunts, uncles, cousins, foster parents, etc.) who have assumed the role of primary caregiver; Father Involvement—Clubs provide support and promotion through programs, activities, training and services to help increase the positive involvement of fathers in the lives of their children;

Economic Opportunity – Clubs empower families by helping parents and caregivers increase their level of education, find and keep jobs, improve their earnings, build savings and establish credit; Outreach Strategies – Clubs build their capacity to effectively recruit and retain the involvement of new populations of diverse parents and caregivers who are often underserved in Clubs through a Family Advocacy Network (FAN). These strategies will all incorporate a theme of mental wellness by offering stress management programs throughout, thus supporting the chronic toxic stress factors that impact the overall well being of families.”

Action Required: Complete the ‘Service Change Chart’ for Service 3 for activities described above. Provide any comments or questions below.

This Service has been deleted

u

ts need to be updated to only include activities for Family Education. The following issues were noted and need to be corrected in the updated outputs:

- Outputs need to be provided for the entire program service, regardless of the funding source.
- The proposed unit rate for Service 3 increased from \$5.13 to \$9. Unit rates should be consistent regardless of the funding source.
- The justification for the unit rate does not provide sufficient information.

Action Required: Complete the Outputs section on the ‘Service Change Chart’ for Service 3. Provide sufficient information on how the unit rate was established and whether this unit rate is

N/a

stent across funding sources. Please provide your best and final offer.

28. The Funding Request amount needs to be updated to reflect output changes.

N/a

F

unding Request explains that multiple funding sources are covering units of service that are not covered by BCCS.

Action Required: Provide specific information on the funding sources covering the additional (updated) units of service.

N/a

ogram Performance measures need to be updated for Service 3 to reflect only Family Education activities.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for S

N/a

ce 3.

Service 4 – Social/Emotional Screening

31. The description for proposed Service 5 included Social Emotional Screenings with Group Therapy – Child. Sufficient information on the screenings administered was not provided in order to make a decision to add as a separate service.

Action Required: Provide detailed information on the type of screening being provided and the frequency.

We agree that Social/Emotional Screening and Group Therapy-Child should be listed separately.

Starting in June 2017, we began to administer a club-wide resilience survey to all members and continue to administer this survey as a pre/post measure at the beginning and end of each trimester (Spring, Summer and Fall). In addition, we will offer a Social and Emotional Screening pre and post test to each participant of the Positive Action group therapy service. More information about the Positive Action SES screening can be found under its relevant section.

32. Add Social/Emotional Screenings as a service. Depending on the response from clarification question #32. If the screening is only used as an intake for another service, it should not be included as a separate service.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide the service description from #32 in 'Service Change Chart'.

We agree that this should be a separate service and will make this update.

33. Provide the outputs for Social/Emotional Screenings. The unit measure should be “one screening”. The number of units should equal the number of times the screening is administered. The unit rate should reflect the cost of the screening tools and staff time to screen and analyze results.

Action Required: Complete the Outputs section on the ‘Service Change Chart’ for Service 4. Provide information below on how the outputs were determined.

We agree that a unit should be one screening and will make this update. We would probably reach a larger number of units by measuring each screening, rather than per hour.

34. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the ‘Service Change Chart’ for Service 4. We expect your best and final offer. Provide any comments or questions below.

Please refer to Service Change Chart.

35. Program Performance measures need to be updated for Service 4 to reflect only Social/Emotional Screenings. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the ‘Service Change Chart’ for Service

Outcome	Indicator	Method of Measurement
Outcome 1: Members will increase resilience skills	75% of 250 members will demonstrate an increase in resilience skills through an increase in scores on resilience survey	Pre/post resilience survey scores
Outcome 2: Members will decrease negative behaviors	75% of 250 members will demonstrate a decrease in negative behaviors through a decrease in incident reports	Number of incident reports

Service 5 – Behavioral Health Assessment

36. The description for proposed Service 6 included Behavioral Health Assessments with Individual Therapy – Child and Case Management. Each of these services needs to be listed

separately. Service 5 will be listed as Behavioral Health Assessments but needs further information on the type of assessments being administered and the frequency.
Action Required: Complete the 'Service Change Chart' for Service 5 and provide sufficient information on the type of assessments being provided. Provide any comments and/or questions below.

This is a service provided under Program Service 7: Individual Counseling-Child. It should not be listed as a separate program service. Please refer to Service Change Chart for explanation.

37. Provide the outputs for Behavioral Health Assessments. The unit measure should be "one assessment". The number of units should equal the number of times the assessment is administered. The unit rate should reflect the cost of the assessment tools and staff time to assess and analyze results.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 5. Provide information below on how the outputs were determined.

Program Services Form (6-10)

Service 6 – Support Groups

40. Service 5 on the proposal combined Group Therapy – Child with the Social/Emotional Screenings. After reading the proposed service description, Group Therapy – Child needs to be listed as “Support Groups”. Mindful Living and Positive Action appears to align with Support Group activities in addition to MSW students leading the activity. Boone County does not see bachelor level students qualified to lead actual Group Therapy – Child.

Action Required: Complete the ‘Service Change Chart’ to include Support Group activities. The description from the proposed service can be used to describe the service being provided. Provide any comments/questions below.

Although supportive in nature, we refer to our two therapy groups, Positive Action and Mindful Living as psychoeducational groups because in these group sessions, we provide instruction for different coping, resilience and social and emotional learning skills.

Positive Action website describes its program as “a systematic educational program that promotes an intrinsic interest in learning and encourages cooperation among students.”

(Retrieved from: <https://www.positiveaction.net/>)

Mindful Living, a mindfulness-based Cognitive Behavioral Therapy(CBT) program, developed by the Behavior Health Team(BHT) at BGC, gives club members concrete skills for better understanding the intricate relationship between their thoughts feelings and actions and coping skills to manage strong emotions and impulsive behavior.

We have consulted with the faculty liaisons for the MU School of Social Work to confirm that both MSW and BSW interns were able to assist and co-facilitate in psychoeducational groups.

An LMSW or LCSW is always present during these groups to facilitate and manage challenging behaviors and /or strong emotions if they arise within group members.

41. Provide the outputs for Support Groups. The unit measure should be 15 minutes or one hour.

Action Required: Complete the Outputs section on the ‘Service Change Chart’ for Service 6. Provide information below on how the outputs were determined.

We will update the unit measure to be one hour.

42. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the ‘Service Change Chart’ for Service 6. Please provide your best and final offer. Provide any comments or questions below.

Please refer to Service Change Chart.

43. Program Performance measures need to be updated for Service 6 to reflect only Support Groups. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 6.

Outcome	Indicator	Method of Measurement
Outcome 1: ML group members will increase knowledge of mindfulness skills.	75% of ML group members will demonstrate an increase in mindfulness skills	ML Pre/post Assessment
Outcome 2: ML group members' satisfaction of group experience.	75% of ML group members will indicate a positive group experience.	ML post-group program evaluation
Outcome 3: PA group members will increase SEL skills.	75% of PA group members will demonstrate an increase in SEL skills.	PA Pre/Post Assessment

Service 7 – Individual Therapy - Child

44. Service 6 combined Individual Therapy – Child with Behavioral Health Assessment and Case Management but needs to be separated out. After reviewing the proposed service description, it appears that adequate supervision is provided to the MSW students by the Licensed Clinical Social Worker. Individual Therapy – Child appears to be the appropriate service name for the activity level being provided. Depending on the clarification response, the service name may need to be negotiated to Behavioral Support Services.

Action Required: Complete the 'Service Change Chart' for Service 7 as Individual Therapy – Child. Provide further information on how supervision is provided to MSW students. Provide more specific information on the "intense on-site counseling" that is provided. Provide information on any evidence-based practices utilized during counseling sessions.

The Behavioral Health Team (BHT) provides brief, goal-oriented counseling to BGC members referred for individual counseling. The BHT utilizes techniques from Cognitive-Behavioral Therapy, Solution-Focused Therapy, and Motivational Interviewing in sessions with clients.

LCSW is on-call during all BGC club hours. Additionally, the LCSW provides an hour-long weekly face-to-face supervision meeting for each LMSW and either the LCSW or LMSW provide the same supervision to all MSW and BSW interns. During weekly supervision, individual and group therapy sessions are reviewed and grant compliance and data tracking services are discussed. Additionally, the LCSW reviews and signs off on all written documentation of Behavioral Health Services.

concern on the use of practicum students providing therapeutic services. Most practicum students complete their hours within one semester. How do students respond to the turn-over of practicum students for therapeutic services?

Action Required: Provide clarification on how student turn-over is handled for Individual Therapy – Child and the effect this has on a students’ progress in managing negative behaviors.

The Behavioral Health Team (BHT) provides short-term, goal-oriented counseling (6-8 weeks on average) to clients. The BHT continuously prepares clients for termination, starting at the first session. Additionally, multiple BHT staff interacts with and establish relationships with members, including two full-time LMSWs to help provide a continuous, supportive presence. Clients with more extensive needs are taken on by LMSWs or referred to local resources.

46. Provide the outputs for Individual Therapy - Child. The unit measure should be 15 minutes or one hour.

Action Required: Complete the Outputs section on the ‘Service Change Chart’ for Service 7. Provide information below on how the outputs were determined.

We will update the unit measure to be one hour. We are including a scanned copy of the Missouri Medicaid standardized reimbursement rates. We suggest using these rates to calculate units of service for this program.

F

unding Request amount needs to be updated to reflect output changes.

Action Required: Complete the ‘Service Change Chart’ for Service 7. We expect your best and final offer. Provide any comments or questions below.

Please refer to Service Change Chart.

48. The proposal listed Parent Pre-Post CADBI as a method of measurement for Service 6. The proposal does not provide information on the CADBI

Action Required: Provide information on the CADBI and the type of outcomes and indicators that can be gathered with this tool. Provide information on the frequency this method of measurement is utilized.

The Child and Adolescent Disruptive Behavior Inventory for parents (CADBI_Parent) is a 25-question assessment that measures children’s behavior toward adults and peers and activity level in the home and community. The assessment has three subscales: opposition to peers, opposition to adults, and hyperactivity/impulsivity. This assessment helps determine if behavioral changes have occurred after the individual counseling intervention is implemented. A parent or guardian of every client takes the CADBI_Parent as a pre/post test during the intake and termination processes.

Adapted from: Linbenberg, L., Ungar, M., LeBlanc, J.C. (2013). The CYRM-12: A brief measure of resilience. *Canadian Journal of Public Health*; 104(2) 131-135.

49. Program Performance measures need to be updated for Service 7 to reflect only Individual Therapy - Child. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 7.

Outcome	Indicator	Method of Measurement
Outcome 1: Members will decrease disruptive behavior	75% of 25 members will demonstrate a decrease in disruptive behavior	Pre/post CADBI scores Incident reports, with and without suspensions
Outcome 2: Members will demonstrate satisfaction with services	75% of 25 members will demonstrate satisfaction with services	Individual Counseling Program Evaluation

Service 8 – Case Management

50. Service 6 on the proposal listed Case Management with Behavioral Health Assessment and Individual Therapy – Child but needs to be listed separately. Activities will include the development of the treatment plan, providing referrals for further treatment, and/or time spent coordinating services for children identified as needing additional support to address negative behaviors. The proposed service description lacked specific information on case management activities.

Action Required: Provide specific information on Case Management in the 'Service Change Chart' for Service 8. Provide any comments and/or questions below.

This is a service provided under Program Service 7: Individual Counseling-Child. It should not be listed as a separate program service. Please refer to Service Change Chart for explanation.

v

ide the outputs for Case Management. The unit measure should be 15 minutes or one hour.

N/a

ce 8.

Service 9 – Positive Youth Development

54. The proposal mentioned the "Million Hours of Service" in Service 2. This activity needs to be listed separately as "Positive Youth Development" since different groups are sent out in the community to volunteer. Not all youth in the program volunteer at the same time. The service description lacked sufficient information for the type of activity being provided. This is the only activity that will be included in this service. Other Positive Youth Development activities have already been listed in Service 1 through Out of School Programming.

Action Required: *Action Required:* Provide specific information on Positive Youth Development in the 'Service Change Chart' for Service 8. Provide any comments and/or questions below.

Please see service change chart. Service Hours include; picking up trash, volunteering at the Optimist Christmas tree lot, delivering cards to the nursing homes, participating in making stewardship gifts, etc..

V

ide the outputs for Positive Youth Development. The unit measure should be 15 minutes or one hour.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 9. Provide information below on how the outputs were determined.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

58. An attachment is provided to submit your the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Boys and Girls Club of Columbia			
Program Name: After-School and Summer Programming			
Service #1 – Taxonomy of Service Name: Out of School Programming (including:)			
Service #1 – Taxonomy Definition of Service: Provides children in grades K – 12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before school, after school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services from the <i>Taxonomy of Services</i> .			
Provide a detailed description of the proposed service: Physical Activity and Health Education will be provided through the after school and summer programs through Triple Play which are comprehensive activities that increases physical fitness(basketball, soccer, volleyball, tennis, dance, step), teaching good nutrition through gardening, preparing healthy food, and making healthy food choices and help them manage their stress to develop healthy relationships. Positive Youth Development will be provided through the after school and summer programs through multiple SMART program curriculum's and activities (Smart Moves, Smart Girls, Meth Smart, and Passport to Manhood) which build strong character to make positive choices to avoid risky behaviors(alcohol, tobacco, drugs, premature sexual activity). Triple Play Character is a social recreation strategy to build self-concepts and coping skills.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One hour	6.07	47,550	250
Funding Request			
Amount Requested to Boone County: \$185,439		Proposed Number of Units of Service: 30,550	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Members will show increased knowledge of making healthy lifestyle choices	75% of 250 members will increase their knowledge of healthy life style choices in 12 months	Triple Play Assessments, Healthy Lifestyle Pre Post tests	
Members will spend increased time participating in physical activity	75% of 250 members will increase their physical activity in 12 months	The number of hours spent in physical activities are tracked through attendance records that document activities per youth per hour per day	

Members will increase knowledge of resilience and ability to avoid risky behaviors	75% of 250 members will demonstrate their knowledge of avoiding negative life choices and an increase in resilience in 12 months	Pass/Fail assessments, Pre Post tests

Service Change Chart			
Organization Name: Boys and Girls Club of Columbia			
Program Name: After-School and Summer Programming			
Service #2 – Taxonomy of Service Name: Parent Partnership			
Service #2 – Taxonomy Definition of Service: Actively coordinates parents and organizational staff to work together to support and improve the learning, development, and health of the child(ren).			
Provide a detailed description of the proposed service: Parent Partnership will include parent involvement in programming including collecting parent attendance and participation at football games, basketball games and tournaments, award assemblies, dance recitals, parade participation with the BGC High Steppers, Photovoice final showcases, art exhibits, etc. We feel it is crucial to recognize and encourage parent participation at all youth events

Organization Name: Boys and Girls Club of Columbia		
Program Name: After-School and Summer Programming		
Service #3 – Taxonomy of Service Name: Family Education- Will not be offering this program		
Service #3 – Taxonomy Definition of Service: Develops communication and coping skills with the goal of strengthening family relationships.		
<p>Provide a detailed description of the proposed service: Family Education will occur through our implementation of BGC's Family PLUS (Parents Leading, United, Service) model. This model is used by other BGC's throughout the country for the purpose of increasing family support into the Club's programming efforts. Key strategies include: Kinship Care—Kinship care includes providing knowledge and resources to extended family members (grandparents, aunts, uncles, cousins, foster parents, etc.) who have assumed the role of primary caregiver; Father Involvement—Clubs provide support and promotion through programs, activities, training and services to help increase the positive involvement of fathers in the lives of their children; Economic Opportunity – Clubs empower families by helping parents and caregivers increase their level of education, find and keep jobs, improve their earnings, build savings and establish credit; Outreach Strategies – Clubs build their capacity to effectively recruit and retain the involvement of new populations of diverse parents and caregivers who are often underserved in Clubs through a Family Advocacy Network (FAN). These strategies will all incorporate a theme of mental wellness by offering stress management programs throughout, thus supporting the chronic toxic stress factors that impact the overall well being of families.</p>

Service #4 – Taxonomy of Service Name: Social/Emotional Screening		
Service #4 – Taxonomy Definition of Service: Identifies if a child is at risk for social emotional delays, problem behaviors, and potential mental health concerns.		
<p>Provide a detailed description of the proposed service: The Resilience Survey is an adapted version of the Connor-Davidson Resilience Scale that measures children's resilience. This assessment contains 12 items with questions such as, "I know that I can bounce back when I face problems or illness" and "My family will stand by me during difficult times". Scores range from 0-24 with higher scores indicating higher levels of resilience and lower scores indicating lower levels of resilience. The Resilience Survey is administered with every club member at the beginning and end of each semester (Spring, Summer, and Fall). Data is collected and will be analyzed by our partners at the Disaster and Community Crisis Center.</p>

Service Change Chart			
Organization Name: Boys and Girls Club of Columbia			
Program Name: After-School and Summer Programming			
Service #5 – Taxonomy of Service Name: Behavioral Health Assessment—Will not be offering this program			
Service #5 – Taxonomy Definition of Service: Assessment by a qualified mental health professional of an individual's history, mental health and functioning with the purpose of establishing a treatment plan and/or diagnosis.			
Provide a detailed description of the proposed service: The Behavioral Health Team conducts biopsychosocial assessments with all clients during the intake process, as well as the Child and Adolescent Disruptive Behavior Inventory during the intake and termination processes; however, this service is provided under program area 7: Individual Therapy-Child. Because we only administer these assessments with clients in the Individual Counseling program, we do not believe that this should be listed as a separate program area and would like to drop this program service.

Service Change Chart			
Organization Name: Boys and Girls Club of Columbia			
Program Name: After-School and Summer Programming			
Service #7 – Taxonomy of Service Name: Individual Therapy - Child			
Service #7 – Taxonomy Definition of Service: Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.			
<p>Provide a detailed description of the proposed service: The Behavioral Health Team (BHT) staff meet with clients individually on a weekly basis for 30 minutes to an hour in the Counseling Room or other designated spaces. The BHT staff conduct a biopsychosocial assessment with every client to help formulate a treatment plan. Clients spend, on average, 6-8 sessions working toward meeting the goals of their treatment plans.</p> <p>This program is overseen by a Licensed Clinical Social Worker, who supervises a Licensed Master Social Worker, and Master of Social Work Practicum Students. Additionally, Bachelor of Social Work Practicum Students may assist in case management services. The BHT uses a variety of theories and techniques to inform practice, including Cognitive Behavioral Theory, Solution-Focused Theory, Mindfulness-Based Stress Reduction, and Motivational Interviewing. The LCSW ensures all intervention approaches are effective and based on empirical evidence.</p>

Boys & Girls Club of Columbia Area
Attn: Valorie Livingston, Executive Director
1200 N. 7th Street
Columbia, MO 65201
valorie@bgc-columbia.org

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Livingston:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 8, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read 'Melinda Bobbitt', with a stylized flourish at the end.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts*

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Boys and Girls Club of Columbia
Name of Program	See #3 below

Organization Profile	
-----------------------------	--

1. The phone number is not provided for board member, Clayton Thompson.
Action Required: Provide the phone number for Clayton Thompson under the Governing Board on Apricot.

--

2. The 990 on Apricot cannot be opened due to a password protection.
Action Required: Upload a new copy on Apricot without a password required.

--

Program Overview Form	
------------------------------	--

3. The Program Name needs to be changed from "Great Futures Starts Here" to "After-School and Summer Programming". "Great Futures Starts" are services provided as part of the After-School and Summer programs rather than a program itself. The Program Name needs to reflect what the program is called to consumers and/or the public.

--

4. The Program Consumer section indicates that 250 unduplicated individuals will be served. It is important to remember that the total number of unduplicated individuals to be served should be provided for the whole program, regardless of the funding source. We would anticipate that these numbers would match up with any proposals submitted to the City.

Action Required: Provide the total number of unduplicated individuals to be served for the entire program, regardless of the funding source.

--

5. The Consumer Demographics had several errors and will need to be addressed:
 - a. The Consumer Demographics section lists 500 individuals for each of the demographic totals but the Program Consumers shows 250 unduplicated individuals to be served. Consumer Demographics need to be provided for the entire program, regardless of the funding source. These numbers need to be reflective for one year.
 - b. The Consumer Demographics in the proposal shows that all individuals reside in city limits. The Residence section needs to provide those residing outside city limits.
 - c. Parents that are involved in Parent Partnership (proposed as Service 10) need to be included in the Consumer Demographics and total number of unduplicated individuals to be served.

Action Required: Complete all fields for the Consumer Demographics with accurate information.

Demographic Info	# of Unduplicated Individuals

At or below 200% of Federal Poverty Level	
Over 200% of Federal Poverty Level	
Income Total:	
Age	

Infant/Toddler (birth – 2 years)	
Preschool (3 years – 5 years)	
School Age (6 years – 11 years)	
Middle School (12 years – 14 years)	
High School (15 years – 19 years)	
Parent/Guardian (19 years and younger)	
Parent/Guardian (20 years and older)	
Age Total:	

6. The Program Access narrative mentions that there is a sliding fee scale, scholarships, and DSS state child care assistance funding available to remove financial barriers for families.

Action Required: Provide clarification on whether the child care subsidy can be used for both after-school programming and during the summer. If not, why?

7. The Program Quality section provides references for the Character and Citizenship and PhotoVoice programs that are dated 1992 and 1999. These programs have been funded in the past and should have more recent data.

Action Required: Provide more recent data and/or articles that support the efficacy of these services.

8. There is a MOU with Columbia Center for Urban Agriculture provided. The MOU does not explain whether funds from the Boone County Children's Services (BCCS) Fund will be distributed to CCUA for the project being implemented through Boys and Girls Club.

Action Required: Provide information on whether funds from this proposal will be distributed to CCUA to provide "Improving Mental and Physical Health of Food Insecure Children through Hands on Nutrition Intervention".

9. The salary range for the Parent Engagement Coordinator seems high for the minimum qualifications compared to the Licensed Clinical Social Worker, Operations Director, and Program Director.

Action Required: Provide clarification on why the salary range is higher than the other three positions.

10. The Personnel Table does not list the Executive Director as having time directed towards this program.

Action Required: Provide clarification on the FTE amount for the Executive Director and whether requested funds contribute towards their salary. Provide information on the programming responsibilities of the Executive Director.

--

11. The amount entered that is received from Heart of Missouri United Way (HMUW) is far less than what is contracted.

Action Required: Provide clarification on the actual amount contracted from HMUW for program services. Provide information on how funds are utilized for program services. These funds would be an excess of revenues compared to the total program expenses.

--

12. The amount entered for Boone County – Children’s Services Funding (2A) does not match the requested amount for Year 1. The difference between the budgeted amount and the requesting amount is \$127,806 but the expenses do not show the need for this excess of funding. The expenses equal the total program revenues listed in the budget, without the additional \$127,806.

Action Required: Provide clarification on why an additional \$127,806 is being requested to BCCS and how these funds will be utilized. The number of unduplicated individuals to be served does not appear to be increasing and the program is proposing fewer total number of units compared to the current contract.

--

13. The Program Budget does not list any revenues from the City of Columbia. If funds are received from the City for this program, they must be included in the budget.

Action Required: Provide information on all the revenues received from the City of Columbia and any other funding sources for the After-School and Summer program.

--

14. The Program Budget lists MO BGC Alliance as a revenue source but does not explain how funding is used for program services. This source was also listed under State funding.

Action Required: Provide clarification that describes how MO BGC Alliance funds are utilized for program services. Provide clarification on how this is tied to State Government or provide the correct type of funding source (direct support vs. government contracts/supports).

--

15. Funding from the national Boys and Girls Club is not listed in the Program Budget.

Action Required: Provide information on whether Boys and Girls Club of Columbia Area receives program funding from their national office. If so, provide information on how funds support program services.

--

Program Services Form (1-5)	
------------------------------------	--

16. Due to the complexity of tracking service levels and performance measures in an out of school program environment, the Boone Impact Group plan to add "Out of School Programming" as a service in the *Taxonomy of Services*, with the following definition:

Provides children in grades K – 12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before school, after school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services from the *Taxonomy of Services*.

The unit measure for the Out of School Programming service will be "one hour". Providers will be allowed to capture related services, as approved by the County, as part of the global Out of School Programming service unit measure. Therefore, providers can simply track the time spent in the program as the base measure. The related services must be indicated and outlined in the Out of School Programming service description and reflected in the Performance Measures.

The County and City plan to drop Tutoring from the *Taxonomy of Services* and add the following services:

- Academic Instruction – differentiated, curriculum-based instruction provided in a group or individual (tutoring) setting by a qualified professional to increase individual student achievement, as measured by grade-level benchmarks and standards from the student's primary source of education.
- Academic Support – Supplementary assistance with educational concepts and tasks (homework).
- Academic Enrichment – Curriculum-based activities intended to engage students in learning and increase skills and knowledge in subject matter.

The County will require that at least one of the services includes a social-emotional component.

With regard to this program proposal, the following services will be allowed to be included as sub-activities of the Out of School Programming service:

- Academic Support
- Academic Enrichment
- Positive Youth Development
- Physical Activity
- Career Exploration
- Health Education
- Cultural Enrichment
- Congregate Meals

The proposal bundled services and did not adhere to the *Taxonomy of Services*. Based on the information provided in the proposal, services will need to be provided in the following order and with the correct outputs, funding request, and performance measures associated to that service.

Service #	Service Name	Notes
1	Out of School Programming	See list of sub-activities above. These activities will include the following proposed services/activities: <ul style="list-style-type: none"> • All activities mentioned in proposed Service 1 • All activities mentioned in proposed Service 2 (except "Million Hours of Service")
2	Parent Partnership	Time spent encouraging families to attend events and programming activities
3	Family Education	Activities described through the Family Plus model
4	Social/Emotional Screening	Depending on clarification response
5	Behavioral Health Assessment	Depending on clarification response
6	Support Groups	Depending on clarification response
7	Individual Therapy – Child or Behavioral Support Services	Depending on clarification response
8	Case Management	
9	Positive Youth Development	Only includes time/costs of youth going to volunteer sites.

Proposed Service 4 will be excluded as a separate service since training is only provided to organizational staff.

--

Service 1 – Out of School Programming

17. Service 1 needs to be listed as “Out of School Programming” and include all related services listed in the *Taxonomy of Services*. Clarification #16 listed services that could be identified as sub-activities. This would include services listed in your proposal under Service 2.

Action Required: Complete the ‘Service Change Chart’ for Service 1. Provide information below on all related sub-activities and a clear description of how it is implemented through the Out of School Programming.

--

18. The outputs need to be completed for Out of School Programming. The unit measure for the Out of School Programming service will be “one hour”. Providers will be allowed to capture related services, as approved by the County, as part of the global Out of School Programming service unit measure. Therefore, providers can simply track the time spent in the program as the base measure. The following issues were noted and need to be corrected in the updated outputs:

- Outputs need to be provided for the entire program service, regardless of funding.
- The proposed unit rate for Service 1 increased from \$4.53 to \$6.52 and Service 2 increased from \$5.13 to \$7.02. Unit rates for program services should be consistent, regardless of the funding source.
- The justification for the unit rate does not provide sufficient information.
- The number of units to be provided does not seem to have increased significantly regardless of programming being added to Saturdays.

Action Required: Complete the Outputs section on the ‘Service Change Chart’ for Service 1. Provide sufficient information on how the unit rate was established and whether it is the same unit rate used for all funding sources. Please provide your best and final offer.

--

19. The funding request amount is higher but the number of units to be provided is lower than the current contract. Review the table below for a comparison of the proposed Service 1 & Service 2:

	Current Amount	Current # of Units	Proposed Amount	Proposed # of Units
Service 1	\$74,776.71 (\$4.53/Hour)	16,507	\$97,800.00 (\$6.52/Hour)	15,000
Service 2	\$84,680.91 (\$5.13/Hour)	16,507	\$105,300.00 (\$7.02/Hour)	15,000

Action Required: Complete the 'Service Change Chart' for Service 1 to reflect the total number of units from all the sub-activities and a new unit rate. We would anticipate that the response would be reflective of your current work. Please provide your best and final offer. Provide any questions or comments below.

20. The Funding Request explains that multiple funding sources are covering units of service that are not covered by BCCS.

Action Required: Provide specific information on this funding source and what they are covering with the new proposed (updated) services.

21. Program Performance measures need to be updated for the new, combined Service 1. These should include the sub-activities that are listed under Out of School Programming and performance measures provided in the proposal for Service 1 and 2.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for the new Service 1. Provide any questions or comments in the field below.

Service 2 – Parent Partnership

22. The description for proposed Service 3 stated that Parent Partnership and Family Education was included for the proposed service activities. The revised Service 2 will only include activities described under Parent Partnership in the proposal. Activities for Service 2 will include:

“Parent Partnership will include parent involvement in programming including collecting parent attendance and participation at football games, basketball games and tournaments, dance recitals, parade participation with the BGC High Steppers, Photovoice final showcases, art exhibits, etc. We feel it is crucial to recognize and encourage parent participation at all youth events.”

Action Required: Complete the 'Service Change Chart' for Service 2 for activities described

above. Provide any comments or questions below.

23. Outputs need to be updated to only include activities for Parent Partnership. The following issues were noted and need to be corrected in the updated outputs:

- Outputs need to be provided for the entire program service, regardless of funding source.
- The proposed unit rate for Service 3 increased from \$5.13 to \$9. Unit rates should be consistent, regardless of the funding source.
- The justification for the unit rate does not provide sufficient information.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 2 – Parent Partnership. Provide sufficient information on how the unit rate was established and clarification that this rate will be utilized for the City as well. Please provide your best and final offer.

24. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the 'Service Change Chart' for Service 2 – Parent Partnership. We expect your best and final offer. Provide any comments or questions below.

25. The Funding Request explains that multiple funding sources are covering units of service that are not covered by BCCS.

Action Required: Provide specific information on the funding sources covering the additional (updated) units of service.

26. Program Performance measures need to be updated for Service 2– Parent Partnership to reflect only Parent Partnership activities.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 2– Parent Partnership.

Service 3 – Family Education

27. The description for proposed Service 3 stated that Parent Partnership and Family Education was included for the proposed service activities. The revised Service 3 will only include activities described under Family Education in the proposal. Activities for Service 2 will include:

“Family Education will occur through our implementation of BGC’s Family PLUS (Parents Leading, United, Service) model. This model is used by other BGC’s throughout the country for the purpose of increasing family support into the Club’s programming efforts. Key strategies include: Kinship Care—Kinship care includes providing knowledge and resources to extended family members (grandparents, aunts, uncles, cousins, foster parents, etc.) who have assumed the role of primary caregiver; Father Involvement—Clubs provide support and promotion through programs, activities, training and services to help increase the positive involvement of fathers in the lives of their children; Economic Opportunity – Clubs empower families by helping parents and caregivers increase their level of education, find and keep jobs, improve their earnings, build savings and establish credit; Outreach Strategies – Clubs build their capacity to effectively recruit and retain the involvement of new populations of diverse parents and caregivers who are often underserved in Clubs through a Family Advocacy Network (FAN). These strategies will all incorporate a theme of mental wellness by offering stress management programs throughout, thus supporting the chronic toxic stress factors that impact the overall well being of families.”

Action Required: Complete the ‘Service Change Chart’ for Service 3 for activities described above. Provide any comments or questions below.

--

28. Outputs need to be updated to only include activities for Family Education. The following issues were noted and need to be corrected in the updated outputs:

- Outputs need to be provided for the entire program service, regardless of the funding source.
- The proposed unit rate for Service 3 increased from \$5.13 to \$9. Unit rates should be consistent regardless of the funding source.
- The justification for the unit rate does not provide sufficient information.

Action Required: Complete the Outputs section on the ‘Service Change Chart’ for Service 3. Provide sufficient information on how the unit rate was established and whether this unit rate is consistent across funding sources. Please provide your best and final offer.

--

29. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the ‘Service Change Chart’ for Service 3. Please provide your best and final offer. Provide any comments or questions below.

--

30. The Funding Request explains that multiple funding sources are covering units of service that are not covered by BCCS.

Action Required: Provide specific information on the funding sources covering the additional (updated) units of service.

--

31. Program Performance measures need to be updated for Service 3 to reflect only Family Education activities.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 3.

--

Service 4 – Social/Emotional Screening

32. The description for proposed Service 5 included Social Emotional Screenings with Group Therapy – Child. Sufficient information on the screenings administered was not provided in order to make a decision to add as a separate service.

Action Required: Provide detailed information on the type of screening being provided and the frequency.

--

33. Add Social/Emotional Screenings as a service. Depending on the response from clarification question #32. If the screening is only used as an intake for another service, it should not be included as a separate service.

Action Required: Complete the 'Service Change Chart' for Service 4. Provide the service description from #32 in 'Service Change Chart'.

--

34. Provide the outputs for Social/Emotional Screenings. The unit measure should be "one screening". The number of units should equal the number of times the screening is administered. The unit rate should reflect the cost of the screening tools and staff time to screen and analyze results.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 4. Provide information below on how the outputs were determined.

--

35. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the 'Service Change Chart' for Service 4. We expect your best and final offer. Provide any comments or questions below.

--

36. Program Performance measures need to be updated for Service 4 to reflect only Social/Emotional Screenings. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 4.

--

Service 5 – Behavioral Health Assessment

37. The description for proposed Service 6 included Behavioral Health Assessments with Individual Therapy – Child and Case Management. Each of these services need to be listed separately. Service 5 will be listed as Behavioral Health Assessments but needs further information on the type of assessments being administered and the frequency.

Action Required: Complete the 'Service Change Chart' for Service 5 and provide sufficient information on the type of assessments being provided. Provide any comments and/or questions below.

--

38. Provide the outputs for Behavioral Health Assessments. The unit measure should be "one assessment". The number of units should equal the number of times the assessment is administered. The unit rate should reflect the cost of the assessment tools and staff time to assess and analyze results.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 5. Provide information below on how the outputs were determined.

--

39. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the 'Service Change Chart' for Service 5. We expect your best and final offer. Provide any comments or questions below.

--

40. Program Performance measures need to be updated for Service 5 to reflect only Social/Emotional Screenings. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 5.

--

Program Services Form (6-10)	
-------------------------------------	--

Service 6 – Support Groups

41. Service 5 on the proposal combined Group Therapy – Child with the Social/Emotional Screenings. After reading the proposed service description, Group Therapy – Child needs to be listed as "Support Groups". Mindful Living and Positive Action appears to align with Support Group activities in addition to MSW students leading the activity. Boone County does not see bachelor level students qualified to lead actual Group Therapy – Child.

Action Required: Complete the 'Service Change Chart' to include Support Group activities. The description from the proposed service can be used to describe the service being provided. Provide any comments/questions below.

--

42. Provide the outputs for Support Groups. The unit measure should be 15 minutes or one hour.
Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 6. Provide information below on how the outputs were determined.

--

43. The Funding Request amount needs to be updated to reflect output changes.
Action Required: Complete the 'Service Change Chart' for Service 6. Please provide your best and final offer. Provide any comments or questions below.

--

44. Program Performance measures need to be updated for Service 6 to reflect only Support Groups. The proposed performance measures lack a sufficient number of outcomes and indicators.
Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 6.

--

Service 7 – Individual Therapy - Child

45. Service 6 combined Individual Therapy – Child with Behavioral Health Assessment and Case Management but needs to be separated out. After reviewing the proposed service description, it appears that adequate supervision is provided to the MSW students by the Licensed Clinical Social Worker. Individual Therapy – Child appears to be the appropriate service name for the activity level being provided. Depending on the clarification response, the service name may need to be negotiated to Behavioral Support Services.
Action Required: Complete the 'Service Change Chart' for Service 7 as Individual Therapy – Child. Provide further information on how supervision is provided to MSW students. Provide more specific information on the "intense on-site counseling" that is provided. Provide information on any evidence-based practices utilized during counseling sessions.

--

46. There is concern on the use of practicum students providing therapeutic services. Most practicum students complete their hours within one semester. How do students respond to the turn-over of practicum students for therapeutic services?

Action Required: Provide clarification on how student turn-over is handled for Individual Therapy – Child and the effect this has on a students’ progress in managing negative behaviors.

47. Provide the outputs for Individual Therapy - Child. The unit measure should be 15 minutes or one hour.

Action Required: Complete the Outputs section on the ‘Service Change Chart’ for Service 7. Provide information below on how the outputs were determined.

48. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the ‘Service Change Chart’ for Service 7. We expect your best and final offer. Provide any comments or questions below.

49. The proposal listed Parent Pre-Post CADBI as a method of measurement for Service 6. The proposal does not provide information on the CADBI

Action Required: Provide information on the CADBI and the type of outcomes and indicators that can be gathered with this tool. Provide information on the frequency this method of measurement is utilized.

50. Program Performance measures need to be updated for Service 7 to reflect only Individual Therapy - Child. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the ‘Service Change Chart’ for Service 7.

Service 8 – Case Management

51. Service 6 on the proposal listed Case Management with Behavioral Health Assessment and Individual Therapy – Child but needs to be listed separately. Activities will include the development of the treatment plan, providing referrals for further treatment, and/or time spent coordinating services for children identified as needing additional support to address negative

behaviors. The proposed service description lacked specific information on case management activities.

Action Required: Provide specific information on Case Management in the 'Service Change Chart' for Service 8. Provide any comments and/or questions below.

52. Provide the outputs for Case Management. The unit measure should be 15 minutes or one hour. *Action Required:* Complete the Outputs section on the 'Service Change Chart' for Service 8. Provide information below on how the outputs were determined.

53. The Funding Request amount needs to be updated to reflect output changes. *Action Required:* Complete the 'Service Change Chart' for Service 8. We expect your best and final offer. Provide any comments or questions below.

54. Program Performance measures need to be updated for Service 8 to reflect only Case Management. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 8.

Service 9 – Positive Youth Development

55. The proposal mentioned the "Million Hours of Service" in Service 2. This activity needs to be listed separately as "Positive Youth Development" since different groups are sent out in the community to volunteer. Not all youth in the program volunteer at the same time. The service description lacked sufficient information for the type of activity being provided. This is the only activity that will be included in this service. Other Positive Youth Development activities have already been listed in Service 1 through Out of School Programming.

Action Required: Provide specific information on Positive Youth Development in the 'Service Change Chart' for Service 8. Provide any comments and/or questions below.

56. Provide the outputs for Positive Youth Development. The unit measure should be 15 minutes or one hour.

Action Required: Complete the Outputs section on the 'Service Change Chart' for Service 9. Provide information below on how the outputs were determined.

57. The Funding Request amount needs to be updated to reflect output changes.

Action Required: Complete the 'Service Change Chart' for Service 9. We expect your best and final offer. Provide any comments or questions below.

58. Program Performance measures need to be updated for Service 9 to reflect only Case Management. The proposed performance measures lack a sufficient number of outcomes and indicators.

Action Required: Complete the Performance Measures section on the 'Service Change Chart' for Service 9.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

59. An attachment is provided to submit your the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information

Organization Mission Statement (Purpose): **Provide your organization's mission statement. (600 character limit)**
The mission of the Boys & Girls Clubs of Columbia is to enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens of our community.
We are part of a nationwide Movement of community-based, autonomous organizations of Boys & Girls Clubs of America (BGCA) which offers proven and nationally recognized after-school and summer programs that provide the knowledge, skills, and attributes young people need to become self-sufficient adults and pursue their dreams.

Organization History: **Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)**
The Boys & Girls Clubs of Columbia was chartered in 1997 in a core city location. It has grown from serving 150 youth in the club's initial cramped space to serving 600 youth in 2014, 788 in 2015, and 879 in 2016. Capacity growth is due to a 9,000 sq. ft. expansion in 2012, the opening of a Club at Alpha Hart Lewis Elementary School, in Spring 2014 our third location was opened as a Ridgeway Teen Center, and a second school Club opened at Battle Elementary School in Fall 2015. Our capital campaign to expand the main site by 10,000 sq. ft. will be complete in fall of 2017 to serve more youth.

Brief Statement of Organization's Major Goals: **Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)**
The Boys & Girls Clubs Movement has adopted the Formula for Impact, a research-based theory of change that describes how individual Clubs and the Movement can increase our impact on the young people of America. Its long term goals are:
Academic Success: Graduate from high school ready for college, trade school, military or employment
Good Character and Citizenship: Be an engaged citizen involved in the community, register to vote, and model strong character
Healthy Life Styles: Adopt a healthy diet, practice healthy lifestyle choices, and make a lifelong commitment to fitness

Articles of Incorporation: **Articles of Incorporation (MUST BE IN PDF FORMAT)**
/document/download/filename/1442929253_30405_ArticlesofIncorporation.pdf/

Provide a copy of the organization's Articles of Incorporation.

Bylaws: **Bylaws (MUST BE IN PDF FORMAT)**
/document/download/filename/1468532334_34051_BGCByLaws.pdf/
Provide a copy of the organization's Bylaws.

Organizational Chart (must be for the entire organization): **Organizational Chart (MUST BE IN PDF FORMAT)**
/document/download/filename/1487344784_30406_OrganizationChart.docx/

Strategic Plan: **Strategic Plan (MUST BE IN PDF FORMAT)**
/document/download/filename/1500491686_42846_BGCColumbiastrategicplan7814.docx/

Service Area: **Briefly describe the geographic area in which your organization provides services. (600 character limit)**
The Club serves members from various neighborhoods due to bus and van pick-up at 13 schools.
The Club's main site and Ridgeway Teen Center are in the 1st Ward. It is the city's most mixed ward in ethnicity, income, and education due to its proximity to the University and the downtown area in contrast to its adjacent low income neighborhoods. 1st

Ward data shows a high minority presence: with 27% African American, 7% Hispanic; low income levels: 56% are at or below \$25,000 a year vs. 32% for the city; and education: 6% lack a HS diploma and 37% have only a HS diploma vs. 16% for the city.

Population Served:

Briefly describe the population(s) served by your organization. (600 character limit)

The Clubs seek to serve the children who need us most. The general profile is that they are African American or biracial, from families headed by single parents, with the majority being mothers. While many of the parents work, it is generally in low wage jobs and/or part-time work. The resulting stress and lack of resources experienced in the families is often reflected in the child's inability to learn at the expected levels, beginning in Kindergarten and carrying through unless appropriate interventions occur. This can lead to behavior challenges for the child, the families, and the school.

Conflict of Interest Policy:

Does your organization have a written Conflict of Interest policy?

yes

Whistleblower Policy:

Does your organization have a written Whistleblower policy?

yes

Business Continuity Plan:

Does your organization have a written Business Continuity plan?

yes

Records Retention Policy:

Does your organization have a written Records Retention policy?

yes

If yes, does the Records retention policy include a Records Retention Schedule?

yes

Advisory Board (if applicable)

Length of Board Term (e.g. "2 years")

Describe the function of the Advisory Board as it relates to the work of your organization:

Notes

Organization Advisory Board:

Include information for all advisory board members. Click +New to add board member information.

Advisory Board Member

Financial Information

Organization Fiscal Year:

01/01/2017- 12/31/2017

IRS Tax Exempt Status Determination Letter:

If applicable, upload the correspondence from the IRS indicating that your organization has been designated as tax exempt.

IRS Tax Exempt Status Determination Letter (MUST BE IN PDF FORMAT)

/document/download/filename/1431943849_29953_BGC_501_C_3_Form-2.pdf/

Financial Statement:

Upload your organization's most recently completed Financial Statement and corresponding communications (required for audited statements). Financial statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit).

Financial Statement (MUST BE IN PDF FORMAT)

/document/download/filename/1499271959_29954_2016Audit.pdf/

IRS 990 or 990 EZ:

Upload your organization's most recently filed 990 or 990 EZ.

990/990 EZ (MUST BE PDF FORMAT)

/document/download/filename/1500491431_29955_2016BGCClub990Form.pdf/

Please contact the City, County and/or HMUW if your organization is not required to file a 990 or 990 EZ with the IRS.

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

Financial Oversight: The Board's financial oversight is provided by the Financial Committee, in cooperation with the Treasurer. Their function is to assure that financial records are maintained according to generally accepted accounting methods, that reports are submitted to them monthly, which they review and then submit to the board at its monthly meeting. They oversee the choice of the firm that undertakes an annual audit and preparation of the 990 and they review the audit when submitted. They advise the Executive Director on financial matters.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

E-VERIFY IS A SERVICE OF DHS

Company ID Number: 255552

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and ~~Boys & Girls Clubs of the Columbia Area~~ (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.
2. SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

E-VERIFY IS A SERVICE OF DHS

Company ID Number: 255552

4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct, to the extent authorized by this MOU:

- Automated verification checks on alien employees by electronic means, and
- Photo verification checks (when available) on employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify User Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act (INA) and Federal criminal laws, and to administer Federal contracting requirements.

7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative

E-VERIFY IS A SERVICE OF DHS

Company ID Number: 255552

nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

8. DHS agrees to provide a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The Employer agrees that all Employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify, including any tutorials for Federal contractors if the Employer is a Federal contractor.

B. Failure to complete a refresher tutorial will prevent the Employer from continued use of the program.

5. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-454-4213.

If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist DHS with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

E-Verify is a service of DHS

Company ID Number: 255552

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures for new employees within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify User Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo-screening tool only after the SSA verification response has been given. Employers may initiate verification by notating the Form I-9 in circumstances where the employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.B.1.c. Except as provided in Article II.D, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its access to SSA and DHS information pursuant to this MOU.

The Employer agrees to follow appropriate procedures (see Article III. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking

E-Verify

E-Verify is a service of DHS

Company ID Number: 255552

adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(i)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of the cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise subjecting an employee to any assumption that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 or OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

11. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the unfair immigration-related employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of any participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as

Company ID Number: 255552

authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and, as necessary, to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)); and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. The Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801) in addition to verifying the employment eligibility of all other employees required to be verified under the FAR. Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

a. Federal contractors not enrolled at the time of contract award: An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to use E-Verify to initiate verification of employment eligibility of new hires of the Employer who are working in the United States, whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within 3 business days after the date of hire. Once enrolled in E-Verify as a Federal contractor, the Employer must initiate verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Federal contractors already enrolled at the time of a contract award: Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to initiate verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within 3 business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must initiate verification of each employee assigned to the

E-VERIFY IS A SERVICE OF DHS

Company ID Number: 255552

~~contract within 90 calendar days after date of contract award or within 30 days after assignment~~
to the contract, whichever is later.

c. Institutions of higher education, State, local and tribal governments and sureties: Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), State or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. The provisions of Article II.D paragraphs 1.a and 1.b of this MOU providing timeframes for initiating employment verification of employees assigned to a contract apply to such institutions of higher education, State, local and tribal governments, and sureties.

d. Verification of all employees: Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to do so only in the manner designated by DHS and initiate E-Verify verification of all existing employees within 180 days after the election.

e. Form I-9 procedures for Federal contractors: The Employer may use a previously completed Form I-9 as the basis for initiating E-Verify verification of an employee assigned to a contract as long as that Form I-9 is complete (including the SSN), complies with Article II.C.5, the employee's work authorization has not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's stated basis in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen). If the Employer is unable to determine that the Form I-9 complies with Article II.C.5, if the employee's basis for work authorization as attested in section 1 has expired or changed, or if the Form I-9 contains no SSN or is otherwise incomplete, the Employer shall complete a new I-9 consistent with Article II.C.5, or update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.C.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual. Nothing in this section shall be construed to require a second verification using E-Verify of any ~~assigned employee who has~~ previously been verified as a newly hired employee under this MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor.

2. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

Company ID Number: 255552

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 8 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible

E-Verify

E-VERIFY IS A SERVICE OF DHS

Company ID Number: 255552

after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take

E-VERIFY IS A SERVICE OF DHS

Company ID Number: 255552

mandatory refresher tutorials. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such a circumstance, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, that Employer will remain a participant in the E-Verify program, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

B. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect its performance of its contractual responsibilities.

C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

E. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

F. The Employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

H. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The overall issue is to address mental wellness through prevention programs that promote healthy lifestyles among youth, strengthen families, and address recurring mental health behaviors that are detrimental to youth and their families. In addition, to promote wellness for staff and provide enhanced professional development to identify mental health youth behaviors, respond accordingly with programs, and prevent youth from being temporarily or permanently suspended from school or after school, summer, or weekend educational enrichment programs that support healthy youth development. Risk factors that impact youth in our community include: poverty, risky behaviors, lack of education to obtain living wage jobs, single family households, and the need for more social equity. Children living in neighborhoods with poverty rates higher than 30% (adjusted) have risen from 2006-2010 of 10.4% compared to 2011-2015 of 22.8%. K-12 School discipline incidents also rose 10% in 2016. Children cannot obtain a living wage job without appropriate education. 81.3% of black students compared to 92.6% of white students are on track to graduate Columbia high school in 4 years. MAP scores also reveal ethnicity academic variances in English Language Arts of 15.7% of black students scoring proficient or advanced compared to 66.9% of white students and Math scores of 9.7% of black students compared to 52.0% of white students. (BID). 1 in 3 families in Boone County are single family households. (HMUW).

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

There are 14,178 youth ages 5-17 living in poverty in the City of Columbia. Many of these youth do not have access to youth development opportunities or academic success due to lack of income, lack of family structure, and they are often exposed to risky behaviors that lead them to make negative decisions. According to the Missouri Economic Research and Information Center, Columbia has the highest cost of living in Missouri which means working parents struggle everyday to take care of their families and make ends meet. A Harvard Report published in the New York Times (2015) states that Boone County is among the worst ranked counties in the U.S. in helping poor children climb up the income ladder. More than 43% of Columbia Public School district youth qualify for Free/Reduced Price Lunch. According to MO Kids Count 2016 data; 3 outcome measures have worsened for

Missouri: Children under 18 living in poverty, Child abuse/neglect and family assessments, and children entering/re-entering state custody. In 2015 Boone County had 72.7% compared to the State average of 66.8% of Juvenile Law referrals. In 2015 Boone County reported 167 youth were emotionally, medically, physically, and subjected to neglect/abuse.(BID). BGC provides programs to directly address these issues and provide opportunities for youth to develop life skills and a healthy lifestyle in a safe environment from caring adults.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

To overcome risk factors by providing mental wellness through quality prevention programs in an affordable, safe, and positive place after school, during the summer, and on weekends led by highly trained staff in healthy lifestyles, good character, parent engagement, and on site counseling.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

We will provide youth development services to benefit youth and their families through 7 program services:

1. Healthy Lifestyle services will help Club members learn how to eat smart, keep fit, and form positive relationships.
2. Character and Citizenship services will increase resilience among youth, provide a voice of their concerns, encourage positive behaviors, and a way to give back to the community.
3. Parent Engagement services will provide effective strategies and best practices for reaching, supporting, and empowering families. Parent Engagement services will provide effective strategies and best practices for reaching, supporting and empowering parents to promote wellness and more fully support families overall.
4. Staff Development will provide knowledge about mental health symptoms, positive behavior management, leadership, stress management, and wellness strategies
5. Behavior Intervention Team will consist of an onsite Licensed Clinical Social Worker(LCSW), Master of Social Work(MSW) Practicum students, Bachelor of Social Work(BSW), and Policy Planning and Administration(PPA) students that will provide group behavioral health classes to address mental health concerns and behavior management.
6. Severe Behavior Intervention will be implemented by only the LCSW supervisor and MSW students to provide one to one counseling and family counseling services.
7. Data evaluation will be facilitated by the MU Disaster&Crisis Center and Program Dir for all program services

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Consumers will be youth Club members 6-18 yrs old, their parents, and the Boys & Girls Club staff. Club demographics by ethnicity are: 59% African American, 15% Caucasian, 20% Bi-Racial, and 6% other. Youth are required to fill out a membership application to collect data. Most of the youth are referred by other club members but some are referred by the Columbia Public School district, Juvenile Office, or the Columbia Police Department. Because of the wide age range we give priority re-enrollment to encourage youth to attend the program services for multiple years. Most of the youth vary in temperament, academic, and social skills. A number of them have behavior issues, at the club, at school, and at home, reflecting stress and unstable emotions.

The parents are primarily low income, single parent households, and are below the 200% poverty level. While a majority of the parents have completed high school, few have completed any post education or training. Parents need a safe and affordable place that provides youth enrichment opportunities after school, during the summer, and on weekends.

BGC staff are racially, culturally, and economically diverse. They include college graduates, college students, and high school students. A number have extensive history with the Club, as former members, or long term years of employment. Through personal experience and or professional dev. training, many BGC staff understand the risks and challenges that BGC youth often experience.

b. Why will these particular consumers be served? (1500 character limit)

Our mission is to serve all youth but especially those youth who need us most (at risk). At risk youth are identified by factors such as: poverty, lack of family structure, academic challenges, and behaviors. There is a direct correlation between poverty, education, crime and mental health. The programs developed by Boys & Girls Club embody the services required for mental health promotion outlined in the "Are the Children Well (2014)" report: "It is important to identify and address the needs of children at risk, while also improving the mental wellness supports and services available to all children". In the Collaborative for Academic, Social, and Emotional Learning(SEL) has been documented to be a very promising approach to reducing problem behaviors and promoting positive adjustments. The widely used framework for systematic Social and Emotional Learning (SEL) identifies five core competencies; self awareness, self management, responsible decision making, relationship skills, and social awareness. These youth need to learn resiliency skills that teach critical social-emotional control to enable them to calm themselves when angry, initiate friendships and resolve conflicts, make ethical and safe decisions, and contribute constructively to their community. SEL is also an integral part of youth achieving academic success. CASEL 2008

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

The challenge to serve fragile families who are living at or near the poverty level and lack family structure presents a lot of barriers that we have to overcome to provide services. Those barriers include communication, transportation, level of case management, disparity of racial and socioeconomic groups, and medication administration. The ability to serve more youth is also limited by our available resources.

d. Total number of unduplicated individuals to be served by the proposed program:

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

1978.56

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)**Program Access****a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)**

Boys & Girls Club sites:

Main Site: 1200 N 7th Street; after school (Monday-Friday 3-9pm), summer(Monday-Friday 8am-5pm), and scheduled Saturdays(8am-5pm)

Ridgeway Site: 7 E Sexton Rd; after school (Monday-Friday 3-7pm), summer(Monday-Friday 8am-5pm)

Alpha Hart Lewis Site: 5801 Arbor Pointe Pkwy; after school (Monday-Friday 3-7pm)

Battle Elem Site: 2600 Battle Ave.; after school (Monday-Friday 3-7pm)

Derby Ridge Site: 4000 Derby Ridge Dr.; after school (Monday-Friday 3-7pm)

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

The Boys & Girls Clubs of Columbia are open to all youth 6-18 years of age. There is a sliding fee schedule that is used to determine the cost of membership based upon a family's income and ability to pay. Scholarships are offered to families that need assistance with payment and we also take

DSS state child care assistance funding. We would never turn away a child because they could not pay their membership fee. We are targeting to make sure the kids that need us most which are typically low income and need help overcoming barriers to participate in programs.

c. Will program consumers be charged a fee for the proposed program service(s)?

Yes

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

The program fee is based upon the actual cost to provide the programs, other similar community program service costs, the program costs of Boys & Girls Clubs across the State of Missouri.

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Yes

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

The sliding fee schedule was created to charge youth the appropriate program fee based upon the families income situation so that lower income families would pay less than upper income families. The schedule was determined from evaluating what the State of MO Division of Social Services traditional Child Care Eligibility Income Guidelines utilize and what other Boys & Girls Clubs across the State of Missouri utilize.

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

/document/download/filename/1499694068_40756_SLIDINGFEESCALETwoTiers.docx/

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

External requirements include that all staff and volunteers have an E-Verify and annual background check through the Family Care Safety Registry. All staff are required to complete online safety training through Praesidium Child Abuse and Neglect prevention and our National BGCA Leadership University program training. We also list education/certification requirements in our job descriptions for the different positions.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Best practices are provided and evaluated by Boys & Girls Club of America. Staff attend annual BGCA National trainings on all aspects of the organization. We meet twice a year with all of the Boys & Girls Clubs located in Missouri to share best practices and resources. Fiscally we hire a third party to conduct annual audits. We strategically recruit a diverse Board of Directors that can lead and support the organizational needs and direction of the Club.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

All programs utilize participation data and a method of measurement to evaluate program effectiveness and outcomes. We have a monthly Program Committee meeting that is chaired by a Board of Director along with community volunteers that evaluate, monitor, and review program information. BGCA also has a set of standards that all Clubs must meet to be a Chartered Club that is reported and reviewed annually.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

Several evidence based programs will be utilized and are cited:

Healthy Lifestyles programs: Gambone,Michelle,et al.(2009) Promoting Healthy Lifestyles: The Impact of Triple Play on Healthy eating, Exercise, and Development Outcomes.

Character & Citizenship programs: St. Pierre,Tena L., D. Lynne Kaltreider, Melvin M. Mark, and Kathryn J Aikin(1992) Smart Leaders; Drug Prevention in a Community Setting.

What Works Clearinghouse (U.S. Dept.of Educ. 2015) Positive Action: Improving academics, behavior, and character.

Wang and Burris (1999) Photovoice Picturing Resilience

Mannes,M. Lewis, S., & Streit, K. (2005) Deepening Impact Through Quality Youth Development Strategies & Practices (MN Search Institute)

McLean, K.,et al(2010) Constructing Self in Early, Middle, and Late Adolescent Boys

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

This program will collaborate and sub-contract with experts in the identified program services to provide services, training, and support which will enhance the quality of the program and increase the impact of the outcomes. Those partnerships include the MU Disaster & Crisis Center(DCC), Columbia Center for Urban Agriculture(CCUA), several professional development companies (ClearVision, New Chapter Coaching, and Boys & Girls Clubs of America(BGCA).

This program is unique because it is offering a variety of mental health strategies all at one location. Providing all services at the Club overcomes the barrier of access, transportation, and is considered a safe environment without the stigma that can be associated with mental health counseling because they are already here and have established relationships with the Club staff so there is already a level of trust. This program is also unique in that the youth will attend the Club for up to 12 years (K-12th grade) so there is a long term access to services.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Monthly meetings with all key Club staff members will be held to discuss and evaluate program services. The Board of Directors Program Committee meets monthly to review all program information. Weekly meetings will be held with the LCSW, LMSW, MSW, and BSW students and key Club staff members to discuss Behavior Intervention needs and strategies for improvement. All programs will include methods of measurements to determine program effectiveness and satisfaction surveys to collect feedback. Quarterly meetings will be held with program partners to evaluate program information and make necessary changes. The Program Director, LCSW, and the Operations Director will review and discuss all program information to decide what changes are necessary to provide continuous improvement.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Pre and Post tests for all BGC Club members will be given at the beginning and end of each program season and for each program intervention. Additionally, satisfaction surveys will be provided to parents, youth, and staff to collect feedback at the conclusion of each program service. This data will be evaluated by our DCC partner and the LCSW to document outcomes and information. These results will be reviewed monthly by the Program Director, LCSW, and Operations Director to determine what changes should be made to provide continuous program outcome improvements.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Partnership and sub contract with the University of Missouri Disaster & Crisis Center(DCC) to provide mental health training, Photovoice program, and data management and analysis is critical to this program because our staff are unqualified to provide those services.

Partnership and sub contract with the University of Missouri Social Work Department to provide the MSW, BSW, and PPA students to implement the mental health program services that our staff are unqualified to provide.

Partnership and sub contract with professional development organizations (DCC, Clear Vision, New Chapter Coaching, BGCA) to provide the professional development expertise training necessary to improve the quality of programs which will improve the program outcomes.

Collaboration with CCUA to provide the program services that our staff are unqualified to provide which allows us to enhance and expand the program services to improve the program outcomes.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1500403730_40691_UniversityDisaster%26CommCrisisCenterMOU.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

/document/download/filename/1500403730_40764_CCUAMOOU.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

/document/download/filename/1500403872_40765_UnivofMODeptofSocialWork.pdf/

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Licensed Clinical Social Worker	MQ1 B.A./B.S., Master, Licensed	FTE1 1.00	SR1 FROM \$40,000.00	SR1 TO \$70,000.00
P2 Parent Engagement Cord.	MQ2 B.A./B.S.	FTE2 0.50	SR2 FROM \$60,000.00	SR2 TO \$100,000.00
P3 Operations Director	MQ3 B.A./B.S.	FTE3 0.10	SR3 FROM \$45,000.00	SR3 TO \$65,000.00
P4 Program Director	MQ4 B.A./B.S.	FTE4 1.00	SR4 FROM \$40,000.00	SR4 TO \$60,000.00
P5 Healthy Lifestyle Cord.	MQ5 B.A./B.S.	FTE5 1.00	SR5 FROM \$25,000.00	SR5 TO \$40,000.00
P6 Character Citizenship Cord.	MQ6 B.A./B.S.	FTE6 1.00	SR6 FROM \$25,000.00	SR6 TO \$40,000.00
P7 Site Directors	MQ7 B.A./B.S.	FTE7 5.00	SR7 FROM \$30,000.00	SR7 TO \$50,000.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The LCSW and LMSW will be utilized for their extensive knowledge, training, and license to provide Mental Health supervision of the whole program, supervision of all the MSW, BSW, and PPA students, and provide mental health counseling to the youth and families.

The Parent Engagement Coordinator must hold a BA/BS degree and will need prior non-profit community experience working with families. This position requires planning

The Operations Director must hold a BA/BS degree and 5 years of youth development experience in order to provide the necessary leadership and skills to provide daily direction and decisions to manage all logistical aspects of the program implementation and management.

The Program Director must hold a BA/BS degree and 3 years of youth development experience to provide the necessary leadership, communication, program development, and organizational skills to manage all aspects of the program.

The Site Directors, Healthy Lifestyle and Character Coordinators must hold a BA/BS degree to demonstrate the skills necessary to be in a management leadership position and/or a minimum of 2 years experience in youth development. This position requires organizational, leadership, communication, and program implementation skills.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE CURATORS OF THE UNIVERSITY OF MISSOURI AND THE DISASTER AND
COMMUNITY CRISIS CENTER AT THE UNIVERSITY OF MISSOURI
AND
BOYS & GIRLS CLUBS OF COLUMBIA

This MEMORANDUM OF UNDERSTANDING (MOU) is hereby made and entered into by and between the BOYS & GIRLS CLUBS OF COLUMBIA hereinafter referred to as COLLABORATOR and The Curators of the University of Missouri, hereinafter referred to as UNIVERSITY.

A. PURPOSE:

The purpose of this MOU is to continue to develop and expand a framework of cooperation between COLLABORATOR and the UNIVERSITY to develop mutually beneficial programs, projects and activities.

B. UNIVERSITY SHALL:

Partner with the COLLABORATOR to implement and evaluate youth resilience, coping, and mental health interventions/activities such as Photovoice and the Resilience and Coping Intervention (RCI) with youth participating in Boys & Girls Clubs programs, AND provide and evaluate staff training on youth mental health, trauma, coping, youth mental health interventions and service referrals, and strategies for working with at-risk youth.

The UNIVERSITY will provide intervention/activity leaders, trainers, staff support, and evaluators to facilitate these efforts.

C. COLLABORATOR SHALL:

Partner with the UNIVERSITY to implement youth interventions/activities such as Photovoice and the Resilience and Coping Intervention (RCI), AND to conduct staff trainings as described in Section B.

As part of these efforts, COLLABORATOR will oversee youth/parental permission process related to, provide staff support for, help collect data related to, and host the implementation of youth resilience, coping, and mental health interventions/activities such as Photovoice and the Resilience and Coping Intervention (RCI) with youth participating in Boys & Girls Clubs programs, AND will schedule, host, and help facilitate staff trainings on youth mental health issues and interventions.

D. IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:

1. MODIFICATION. Modifications to this agreement shall be made by mutual consent of the parties, by the issuance of a written modification, signed and dated by authorized officials, prior to any changes being performed.

2. PARTICIPATION IN SIMILAR ACTIVITIES. This agreement in no way restricts the UNIVERSITY or COLLABORATOR from participating in similar activities with other public or private agencies, organizations, and individuals.
3. TERMINATION. Either party, upon thirty (30) days written notice, may terminate the agreement in whole, or in part, at any time before the date of expiration.
4. PRINCIPAL CONTACTS. The principal contacts for this instrument are:

COLLABORATOR:

5. NON-FUND OBLIGATING DOCUMENT. This agreement is neither a fiscal nor a funds obligation document. Any endeavor or transfer of anything of value involving reimbursement or contribution of funds between the parties to this agreement will be handled in accordance with applicable laws, regulations, and procedures. Such endeavors will be outlined in separate agreements that shall be made in writing by representatives of the parties and shall be independently authorized by appropriate statutory authority. This agreement does not provide such authority. Each party shall be fiscally responsible for their own portion work performed under the MOU.
6. CONFLICT OF INTEREST. The UNIVERSITY may cancel this agreement if any person significantly involved in negotiating, drafting, securing or obtaining this agreement for or on behalf of the UNIVERSITY becomes an employee or a consultant to any other party with reference to the subject matter of this agreement while this agreement or any extension thereof is in effect.
7. COMPLIANCE. The parties agree to be bound by applicable state and federal rules governing Equal Employment Opportunity, Non-Discrimination and Immigration.

8. COMMENCEMENT/EXPIRATION DATE. This agreement is executed as of the date of last signature and is effective through December 31, 2017 at which time it will expire unless extended.
9. LIABILITIES. It is understood that neither party to this Memorandum of Understanding is the agent of the other and neither is liable for the wrongful acts or negligence of the other. Each party shall be responsible for its negligent acts or omissions and those of its officers, employees, agents or students (if applicable), howsoever caused, to the extent allowed by their respective state laws.
10. THE PARTIES ACKNOWLEDGE THAT THE WORK SET FORTH IN ARTICLES B AND C IS EXPERIMENTAL IN NATURE AND NEITHER PARTY MAKES A WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
11. PATENTS AND COPYRIGHTS. It is expressly agreed that neither COLLABORATOR nor the UNIVERSITY transfers by operation under this Agreement to the other party any patent rights, copyrights, or other proprietary rights either party owns as of the commencement date of this Agreement, except as specifically set forth herein. Each party retains all ownership to any patents, copyrights, processes, inventions and other proprietary intellectual property of any nature developed as a result of the research or investigation conducted under this Agreement by the employees, representatives, agents or contractors of that party. Any patents, copyrights, processes, inventions or other proprietary intellectual property of any nature developed jointly by the parties shall be owned jointly.

IN WITNESS WHEREOF, the parties hereto have executed this agreement as of the last written date below.

MEMORANDUM OF AGREEMENT
between
Columbia Center for Urban Agriculture
(hereinafter referred to as "Applicant Organization")
and
Boys and Girls Club
(herein referred to as "Collaborative Partner")

Project Title:

Improving Mental and Physical Health of Food Insecure Children through Hands on Nutrition Intervention

Preamble:

This proposal links nutrition and outdoor activity to physical and mental health outcomes. The Applicant Organization is addressing community-level issues of: low fruit and vegetable consumption, obesity, food insecurity, and an academic achievement gap that exists for students who receive Free or Reduced Lunch. This comprehensive approach will target students who live in the City of Columbia's three targeted neighborhoods, and include nutrition interventions at school, at afterschool and summer programs across the community, and at the homes of low-income families.

Programming between the Applicant Organization and Collaborative Partner will include. Six eight-week sessions of gardening and cooking activities at the Boys and Girls Club and at CCUA's Urban Farm.

Duration of Agreement:

The project will begin January 1, 2018 and conclude December 31, 2019.

Applicant Organization Agrees to:

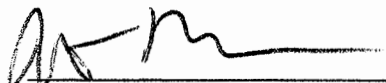

1. Work alongside Collaborative Partner to coordinate gardening and cooking activities at the Boys and Girls Club and at CCUA's Urban Farm.
2. Be solely responsible for delivering educational programming by providing all necessary staff and lesson plans for the six eight-week sessions of program implementation.
3. Make space available at CCUA's Urban Farm for field trips.

Collaborative Partner Agrees to:

1. Work with applicant organization to schedule and recruit students for the six eight-week sessions of gardening and cooking programs.
2. Work with the Applicant Organization to make necessary data available for program assessment.
3. Make space available in the Boys and Girls Club's Kitchen and Outdoor Garden for the six eight-week sessions of gardening and cooking programs.
4. Allow Applicant Organization to use the Boys and Girls Club Kitchen for other programming outside of the six eight-week sessions. These will be on mutually agreed upon dates and times.

5. Comply with the funding policy of the Boone County Children's Services Board Funding Policy.

This agreement is contingent on successful funding proposals from Boone County Children's Service Fund and other funding agencies.

Field Practicum Placement Agreement
Between
The Curators of the University of Missouri
And
Boys & Girls Clubs of Columbia

This agreement is made on the 11th day of June 2015, between The Curators of the University of Missouri, for the School of Social Work, College of Human Environmental Sciences, University of Missouri-Columbia (hereinafter referred to as "the University") and Boys & Girls Clubs of Columbia (hereinafter referred to as "the Agency").

It is mutually agreed by the University and the Agency that the practicum experience for students, in the field of social work, will be provided at the Agency.

The number of students assigned at a given time shall be determined by the Agency. Representatives of the Agency and the University shall cooperate in developing methods of instruction, objectives and other details of the field experience.

The faculty of the University will assume responsibility for the selection and assignment of students to the learning experience. The students shall be responsible for following the Agency's rules, regulations and procedures. If problems arise, the Director of Field Education for the University shall be notified and representatives from the University and Agency will mutually handle such problems.

Students will receive a thorough orientation to the Agency setting. University faculty members and Agency staff supervisors will evaluate the students' performances by mutual consultation.

The Agency will retain full responsibility for the clients of the Agency and will maintain administrative and professional supervision of students insofar as their presence affects the operation of the Agency and/or the direct or indirect provision of services for clients of the Agency.

The Agency shall be responsible for arranging immediate care in case of accident or illness of students, but nothing contained in this Field Practicum Placement Agreement is intended as a commitment by or a contractual obligation of the Agency to be responsible for the costs involved, follow-up care or hospitalization.

It is understood that assigned students are not University employees and therefore are not covered by Social Security, Unemployment Compensation or Worker's Compensation through the University.

The University and the Agency do not and will not discriminate against any applicant for the field practicum experience or against any student placed with the Agency for a field practicum

005344-MSCT-1500

BOYS & GIRLS CLUBS OF COL

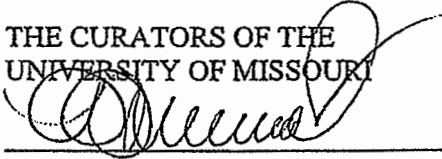

SOCIAL WORK CLIN EXP

experience because of the applicant's or student's race, color, religion, sex, sexual orientation, national origin, age, disability or status as a Vietnam era veteran.

This agreement shall begin on the date set forth above in the initial paragraph of the Agreement and shall terminate on the 31st day of August, 2016, and the Agreement shall automatically be renewed for successive one-year terms running from September 1 to August 31; provided, however, that the University or the Agency shall have the right to terminate the Agreement, without liability or cause, at the end of the initial term or at the end of any subsequent annual term by giving the other party prior written notice no later than August 1st immediately preceding the beginning of the next successive annual term on September 1st.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be duly executed by their properly authorized representatives.

Quick View Information

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Provide healthy lifestyle programs to promote; Physical Activity, Community Gardens, Positive Youth Development

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Physical Activity: provides opportunities and/or instruction for physical activities.

Community Gardens: provision of garden space, materials, and/or information for community members (Club) to grow food.

Positive Youth Development: develops internal development assets in youth.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other

activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Healthy Lifestyle programs will include three Taxonomy components of physical activity, nutrition which will include community gardens, and positive youth development. We will offer these programs and activities during our after school program (3pm-7pm, Monday-Friday) which operates consecutively with the school year of September through May each year, during our summer program (8am-5pm, Monday-Friday) which operates June through August, and due to our expansion we will begin scheduling Saturdays also. We also plan due to the expansion to extend our after school program hours for Teens to be open later in the evenings.

Triple Play is a comprehensive Mind, Body, and Soul health and wellness program that strives to improve the overall health of members by increasing their daily physical activity, teaching them good nutrition and helping them manage their stress to develop healthy relationships. MIND: The Healthy Habits program is designed to incorporate healthy living and active learning in every part of the Club experience, from the gym to the learning center to the arts and crafts room. The central themes of good nutrition, regular physical activity and improving overall well-being are emphasized. BODY: This component boosts Clubs' physical activities to a higher level by providing sports and fitness programs, activities and sports competitions for all boys and girls, whether they are athletically inclined or not. Club youth of every age have the chance to have fun playing longer and harder at a variety of games. SOUL: By participating in a comprehensive social recreation program, Club youth are able to develop and sustain positive relationships with others, acquire a healthy self-concept and a strong belief in their self-worth and cope well with positive and adverse situations. Physical fitness activities are scheduled everyday with a rotation of activities to include basketball, volleyball, soccer, tennis, dance, step, and fitness games. Healthy Habits is the name of the Mind component which will build awareness of nutritional foods, maintain health, make healthy food choices, how to plant, grow, and harvest healthy food, how to prepare healthy meals, and learn culinary skills. We will collaborate with the Columbia Center for Urban Agriculture to provide some of these programs. The nutritional program objectives are to increase their understanding of the relationship between behaviors and health, nutrition knowledge, make better food choices, the principles of food groups, portion sizes, be aware of environmental cues that prompt eating, and how to eat healthy away from home. The gardening program will take place at the Club with two raised gardening beds which will be scheduled accordingly to plant, grow, and harvest during Spring, Summer, and Fall. The meal preparation program will be scheduled for once a week for 8 sessions per youth group building up to the final session of preparing a dinner meal to serve their families at the Club.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One hour

b. Unit Rate (#1)

\$6.52

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

The unit rate is based upon the actual cost to provide the program service to the number of youth participating by highly trained staff in a safe environment.

d. Total Number of Units of Service to be Provided (#1)

20000

e. Total Number of Unduplicated Individuals (#1)

250

f. Average Number of Units of Service per Unduplicated Individual (#1)

80

g. Average Cost of Service per Individual (#1)

521.6

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Youth pay to become a member of the Boys & Girls Club which provides them access to all programs and activity opportunities. We are allocating a percentage of this membership fee towards the funding to support this mental health program for all program services.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

As a 501(C)3 non profit we are not aware of any third party subsidies that will pay for these program services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

NA

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
	1a1.	1a2.	1a3.
a. Boone County - Children's Services Funding (#1)	\$4.53	16508	\$74,781.00
	1b1.	1b2.	1b3.
b. Boone County - Community Health Funding (#1)	\$0.00	0	\$0.00
	1c1.	1c2.	1c3.
c. City of Columbia - Social Services Funding (#1)	\$0.00	0	\$0.00
	1d1.	1d2.	1d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	\$0.00	0	\$0.00
	1e1.	1e2.	1d4.
e. Heart of Missouri United Way Funding (#1)	\$27.33	1200	\$32,800.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$97,800.00

b. Proposed Number of Units of Service (#1)

15000

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

We requested this level of funding to provide services to the youth that are currently enrolled and projecting to build capacity as our expansion project at the main site is completed in fall of 2017 and open up more elementary school sites. We are using multiple funding sources to fill the gaps of the program expenses. We also received a funding reduction this year from United Way in Health.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Members will show increased knowledge of making healthy life style choices	75% of 250 members will increase their knowledge of healthy life style choices in 12 months	Triple Play Assessments, Healthy Lifestyle Pre Post tests
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
Members will spend increased time participating in physical activity	75% of 250 members will increase their physical activity in 12 months	The number of hours spent in physical activities are tracked through attendance records that document activities per youth per hour per day
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Youth that participate in healthy life programs are overcoming their risk factors which will contribute to their overall mental wellness by making positive life choices to avoid risky behaviors, nutritional health to be physically healthy, and social skills to have positive relationships.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Factors affecting healthy life choices include the fact that a majority of members' families are led by single parents which presents barriers of access due to lack of transportation, lack of income which creates chronic stress, lack of a male role model, and the access to drugs and alcohol. Society is also driven by electronics and television which also promotes unhealthy food choices and lower physical activity.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Based on previous healthy lifestyle historical program data and membership we have projected the number of units, outputs, and outcomes.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The use of participation, assessments and pre/post testing will document changes in decisions, knowledge, and attitudes is widely used by Boys & Girls Clubs of America and many other funding sources.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Character & Citizenship programs to promote: Positive Youth Development, and Behavioral Support Services

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Positive Youth Development: develops internal development asset in youth with the goal of developing a commitment to learning, positive values, social competencies, and/or positive identities.

Behavioral Support Services: support to individuals/groups to maintain pro-social behavior.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Character & Citizenship programs will include two Taxonomy components of positive youth development and behavioral support services. We will offer these programs and activities during our after school program (3pm-7pm, Monday-Friday) which operates consecutively with the school year of September through May each year, during our summer program (8am-5pm, Monday-Friday) which operates June through August, and due to our expansion we will begin scheduling Saturdays also. We also plan due to the expansion to extend our after school program hours for Teens to be open later in the evenings.

We will use multiple SMART evidenced based programs that improve the overall health of members by increasing their knowledge of avoiding risky behaviors to make positive character decisions. The SMART (Skills Mastery and Resistance Training) program is a nationally acclaimed prevention program originally developed in the 1980s with help from prevention specialists and Clubs around the country. Participants will be exposed to various activities designed to hone their decision-making and critical-thinking skills, as well as learn how to avoid and/or resist alcohol, tobacco, other drugs and premature sexual activity. These programs are Smart Moves, Smart Girls, Meth Smart, and Passport to Manhood.

Photovoice will be used to allow youth to "voice" their opinions and perspectives about their life and community. Picturing Resilience is a way take photos and interpret Paulo Grier's notion of "critical consciousness" as a deeper understanding of the way the world works and have a voice to connect to it which builds resilience and coping skills. This program will be taught through a sub-contract with the University of Missouri Department of Crisis Center partner.

Triple Play Character: By participating in a comprehensive social recreation program. Club youth are able to develop and sustain positive relationships with others, acquire a healthy self-concept and a strong belief in their self-worth and cope well with positive and adverse situations. The Smart Guide to Social Recreation: Effective Gamesroom Management and Leadership provides strategies and tools for running a top-notch gamesroom and social

recreation programs.

Million Hours of Service encourages good character and appreciation for citizenship and provides every Club member with opportunities to serve in year-round Club and community based volunteer service experiences. Community service introduces youth to the world of possibility that surrounds them when they're empowered to make a positive difference in their lives and communities. What's more, studies show that young people who engage in service do better in school, maintain positive relationships with adults and peers, and avoid risky behaviors. All of these programs are coordinated in monthly schedules by Club site to run the number of sessions necessary to complete program curricula or until the end of the program time frame.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

One hour

b. Unit Rate (#2)

\$7.02

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

The unit rate is based upon the actual cost to provide the program service to the number of youth participating by highly trained staff in a safe environment.

d. Total Number of Units of Service to be Provided (#2)

20000

e. Total Number of Unduplicated Individuals (#2)

250

f. Average Number of Units of Service per Unduplicated Individual (#2)

80

g. Average Cost of Service per Individual (#2)

561.6

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Youth pay to become a member of the Boys & Girls Club which provides them access to all programs and activity opportunities. We are allocating a percentage of this membership fee towards the funding to support this mental health program for all program services.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

As a 501(C)3 non profit we are not aware of any third party subsidies that will pay for these program services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

NA

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>

Additional Indicator (2-4)

Additional Method (2-4)

Additional Outcome (2-5)

Additional Indicator (2-5)

Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

Youth that participate in character & citizenship programs are overcoming their risk factors which will contribute to their overall mental wellness by making positive life choices to avoid risky behaviors, learn resilience, value themselves and their community, and social skills to have positive relationships.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Factors affecting healthy life choices include the fact that a majority of members' families are led by single parents which presents barriers of access due to lack of transportation, lack of income which creates chronic stress, lack of a male role model, and the access to drugs and alcohol.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

Based on previous character & citizenship historical program data and membership we have projected the number of units, outputs, and outcomes.

d. Provide a rationale for each method of measurement (2). (600 character limit)

The use of participation, assessments and pre/post testing will document changes in decisions, knowledge, and attitudes is widely used by Boys & Girls Clubs of America and many other funding sources.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Parent engagement will promote the well-being of youth and strengthen families by utilizing the Parent Partnership and Family Education

Service #3 - Taxonomy Definition of Service (300 character limit)

Parent Partnership: Actively coordinates parents and organizational staff to work together to support and improve the learning, development, and health of the child(ren).

Family Education: Develops communication and coping skills with the goal of strengthening family relationships.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Parent engagement programs and activities will include two of the Taxonomy components: Parent Partnership and Family Education. We will offer these programs and activities during our after school program (3pm-7pm, Monday-Friday) which operates consecutively with the school year of September through May each year, during our summer program (8am-5pm, Monday-Friday) which operate June through August, and due to our expansion, some Saturday programming dates to be determined. We also plan to extend our after school program hours for Teens to be open later in the evenings. Parent Partnership will include parent involvement in programming including collecting parent attendance and participation at football games, basketball games and tournaments, dance recitals, parade participation with the BGC High Steppers, Photovoice final showcases, art exhibits, etc. We feel it is crucial to recognize and encourage parent participation at all youth events. Family Education will occur through our implementation of BGC's Family PLUS (Parents Leading, United, Service) model. This model is used by other BGC's throughout the country for the purpose of increasing family support into the Club's programming efforts. Key strategies include: Kinship Care—Kinship care includes providing knowledge and resources to extended family members (grandparents, aunts, uncles, cousins, foster parents, etc.) who have assumed the role of primary caregiver; Father Involvement—Clubs provide support and promotion through programs, activities, training and services to help increase the positive involvement of fathers in the lives of their children; Economic Opportunity – Clubs empower families by helping parents and caregivers increase their level of education, find and keep jobs, improve their earnings, build savings and establish credit; Outreach Strategies – Clubs build their capacity to effectively recruit and retain the involvement of new populations of diverse parents and caregivers who are often underserved in Clubs through a Family Advocacy Network (FAN). These strategies will all incorporate a theme of mental wellness by offering stress management programs throughout, thus supporting the chronic toxic stress factors that impact the overall well being of families. All of the programs are coordinated in monthly schedules by Club sites to run the number of sessions necessary to complete program curricula or until the end of the program time frame.

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

One hour

b. Unit Rate (#3)

\$9.75

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

The unit rate is based upon the actual cost to provide the program service to the families by highly trained staff in a safe environment.

d. Total Number of Units of Service to be Provided (#3)

4052

e. Total Number of Unduplicated Individuals (#3)

50

f. Average Number of Units of Service per Unduplicated Individual (#3)

81.04

g. Average Cost of Service per Individual (#3)

790.14

Service #3 - Service Fee

a. Will the proposed service (#3) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

Youth pay to become a member of the Boys & Girls Club which provides them access to all programs and activity opportunities. We are allocating a percentage of this membership fee towards the funding to support this mental health program for all program services.

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)

If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)

As a 501(C)3 non profit we are not aware of any third party subsidies that will pay for these program services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

NA

Service #3 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#3)

Yes (complete the Other Funder's Chart below)

Service #3 - Other Funders Chart

<u>Funders (#3)</u>	<u>Unit Rate (#3)</u>	<u># of Units Funded (#3)</u>	<u>Total Amount Contracted (#3)</u>
a Boone County - Children's Services Funding (#3)	3a1. \$5.92	3a2. 2674	3a3. \$15,830.00
b. Boone County - Community Health Funding (#3)	3b1. \$0.00	3b2. 0	3b3. \$0.00
c. City of Columbia - Social Services Funding (#3)	3c1. \$0.00	3c2. 0	3c3. \$0.00

e. Heart of Missouri United Way Funding (#3)	3e1. \$0.00	3e2. 0	3e3. \$0.00

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$29,250.00

b. Proposed Number of Units of Service (#3)

3000

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

We requested this level of funding to provide services to the families that are currently enrolled and projecting to build capacity as our expansion project at the main site is completed in fall of 2017 and open up more elementary school sites. We are using multiple funding sources to fill the gaps of the program expenses.

Service #3 - Performance Measures

Outcome (3-1)	Indicator (3-1)	Method of Measurement (3-1)
Parents will increase family participation with youth and knowledge of protective factors	75% of 50 parents will report increased family participation with youth and knowledge of protective factors in 12 months.	Post assessment and satisfaction survey Participation attendance records of family engagement at youth programs
Additional Outcome (3-2)	Additional Indicator (3-2)	Additional Method (3-2)
Additional Outcome (3-3)	Additional Indicator (3-3)	Additional Method (3-3)
Additional Outcome (3-4)	Additional Indicator (3-4)	Additional Method (3-4)
Additional Outcome (3-5)	Additional Indicator (3-5)	Additional Method (3-5)

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

Parents that participate in family engagement programs are overcoming their risk factors which will contribute to strengthening the family and their children's well-being.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

External factors include the busy lives that most Club parents lead especially for a single parent household and finding the time and energy to participate. Other factors could include transportation, lack of resources, and the lack of desire to participate based upon their own family history.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

Based on previous parent engagement historical program data and membership we have projected the number of units, outputs, and outcomes.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

The use of participation, assessments, and satisfaction surveys will document changes in decisions, knowledge, and attitudes is widely used by Boys & Girls Clubs of America and many other funding sources.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. [Click here to view document.](#) (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Best Practices Training
Professional Coaching

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Best Practices Training: Provides training to build on or explore best practice techniques
Professional Coaching: Provides individualized support for professional development

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Staff development will improve the quality and impact of programs and manage the risk factors of the youth and families we serve. Staff development will include: mental health knowledge and skills in identifying mental health symptoms among Club members and identifying appropriate interventions for negative behavior, wellness strategies to learn and practice wellness techniques to manage stress, leadership skills, and best practices to grow professionally. Professional coaching will be provided at the Club one day per month during the after school program for three hour sessions of professional development for all staff and we will also provide four Lunch N Learn sessions for just full time staff to provide a higher level of training. These training's will be sub-contracted partnerships to local professionals to provide services. Those partnerships will include the MU Crisis Center, New Chapter Coaching, Diversified Awareness Partner, and On Q Management. Best practices training will be provided by Boys & Girls Clubs of America(BGCA) which has been providing youth development for over 150 years. There are over 4,000 Boys & Girls Clubs across America. As a charter of a National organization we have the opportunity attend State, Regional, and National training conferences. These conferences are hosted by BGCA once a year at different times throughout the year. We will utilize these conferences by sending key staff to participate and bring back innovative ideas and best practices that will be shared in our monthly training's with all staff to provide what we call the "Optimal Club Experience".

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

One hour

b. Unit Rate (#4)

\$57.32

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

The unit rate is based upon the actual cost to provide the training services.

d. Total Number of Units of Service to be Provided (#4)

1000

e. Total Number of Unduplicated Individuals (#4)

25

f. Average Number of Units of Service per Unduplicated Individual (#4)

40

g. Average Cost of Service per Individual (#4)

2292.8

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

We are providing this service to our staff to improve the quality and outcomes of this program.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

As a 501(c)3 non profit we are not aware of any third party subsidies that will pay for these services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic

coverage, high deductible, etc.)? (600 character limit)

NA

Service #4 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)

Yes (complete the Other Funder's Chart below)

Service #4 - Other Funders Chart

<u>Funders (#4)</u>	<u>Unit Rate (#4)</u>	<u># of Units Funded (#4)</u>	<u>Total Amount Contracted (#9)</u>
	4a1.	4a2.	4a3.
a. Boone County - Children's Services Funding (#4)	\$51.21	396	\$20,279.00
	4b1.	4b2.	4b3.
b. Boone County - Community Health Funding (#4)	\$0.00	0	\$0.00
	4c1.	4c2.	4c3.
c. City of Columbia - Social Services Funding (#4)	\$0.00	0	\$0.00
	4d1.	4d2.	4d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#4)	\$0.00	0	\$0.00
	4e1.	4e2.	4d4.
e. Heart of Missouri United Way Funding (#4)	\$0.00	0	\$0.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)

\$45,856.00

b. Proposed Number of Units of Service (#4)

800

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

We need to continue to build this program service into all funder requests to ensure that the funding is available to provide more professional development. This is a difficult program service to find funding to support but critical to the quality and outcomes of all programs.

Services #4 - Performance Measures

Outcome (4-1)

Staff will increase their knowledge of mental health symptoms in youth and behavior intervention skills

Indicator (4-1)

75% of 25 staff will demonstrate increased knowledge in identifying mental health issues and increased behavior management skills

Method of Measurement (4-1)

Pre Post assessments

Additional Outcome (4-2)

Staff will increase their knowledge of personal wellness & leadership

Additional Indicator (4-2)

75% of 25 staff will demonstrate increased knowledge of personal wellness and leadership skills

Additional Method (4-2)

Pre Post assessments

Additional Outcome (4-3)

Staff will increase their knowledge of youth development best practices

Additional Indicator (4-3)

75% of 10 staff will demonstrate increased knowledge of youth development best practices

Additional Method (4-3)

Post assessment

Additional Outcome (4-4)

Additional Indicator (4-4)

**Additional
Method (4-4)**

Additional Outcome (4-5)

Additional Indicator (4-5)

**Additional
Method (4-5)**

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

Staff that participate in professional development are increasing their knowledge which will improve the quality of programs and behavior management which will contribute to strengthening the family and their children's well-being.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

Turnover of staff makes it difficult to provide the same level of training to all staff. The age of the part-time staff we hire can be a challenge and the lack of experience and dedication to the mission.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

Based on previous professional development historical data and number of staff employed we have projected the number of units, outputs, and outcomes.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

The use of participation, assessments, and satisfaction surveys will document changes in decisions, knowledge, and attitudes is widely used by Boys & Girls Clubs of America and many other funding sources.

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

Social/Emotional Screening
Group Therapy-Child

b. Service #5 - Taxonomy Definition of Service (300 character limit)

Social/EmotionalScreening:identifies if a child is at risk for social emotional delays, problem behaviors, and potential mental health cocerns
GroupTherapy-Child:provides therapeutic treatment for children with a related problem arranged in a group format with a qualified mental health professional

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The Boys & Girls Club holds an intrinsic belief that it is imperative to serve all youth but especially those youth that need us most. Often these youth exhibit negative behaviors that inevitably are attributed to youth in poverty or crisis. Staff then find themselves ill equipped to manage or provide appropriate interventions to address those behaviors and are forced to suspend the youth from participating. Members who display these behaviors also have a tendency to take up an inordinate amount of staff time which decreases the impact of the program for the rest of the youth. The Club recognized that to improve the quality of the programs, provide greater impact, and have positive outcomes we needed to provide another level of professionally trained leaders to identify and manage mental health behaviors for the youth we are serving. We also believe that providing this program service at the Club would be more time efficient, more effective due to the Club environment, and less stigmatizing for families due to amount of trust and already existing relationships we have with the family. This program service will consist of a Behavior Intervention Team(BIT) that includes a full time Licensed Clinical Social Worker (LCSW) and Master Social Work, Bachelor Social Work, and Policy Planning & Administration students that are referred from our collaboration partner the University of Missouri Department of Social Work. The LCSW will supervise as the field instructor for the students as well as provide services. The Behavior Intervention Team will provide on site social/emotional screenings, group behavior health classes, one to one youth counseling, and family counseling. The BIT will provide support to program staff at all sites, provide staff coaching and modeling how to use mental health techniques to de-escalate behaviors, and provide the screening, counseling, and case management necessary to address those behaviors. The program services will take place during our after school program (3pm-7pm, Monday-Friday) which operates consecutively with the school year of September through May each year, during our summer program (8am-5pm, Monday-Friday) which operates June through August, and due to our expansion we will begin scheduling Saturdays also. We also plan due to the expansion to extend our after school program hours for Teens to be open later in the evenings.

Mindful Living is a behavior support program will be lead by the behavior support team (LCSW, MSW, BSW, PPA). We will be referred MSW, BSW, and PPA students from our collaboration with the University of Missouri Social Work Department. Mindful Living is a psycho-educational group teaching yoga and mindfulness skills to lessen the effects of stress and help youth recognize the relationship between thoughts, feelings and behavior. Mindful Living is appropriate for all ages and developmental levels and involves a series of discussions, guided activities and regimented physical movement to help group members connect with each other and self-regulate their emotions and behavior.

Positive Action is a systematic social and emotional program that promotes an intrinsic interest in learning and encouraging kindness and cooperation among youth. These life skills teach and reinforce positive actions in the physical, intellectual, social and emotional area in a fun and easy way to improve Academics, Behavior, College & Career Readiness, Mental/Physical health, and Social/Emotional learning. All of these programs are coordinated in monthly schedules by Club site to run the number of sessions necessary to complete program curricula or until the end of the program time frame.

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

One hour

b. Unit Rate (#5)

\$7.51

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

The unit rate is based upon the actual cost to provide the program service to the number of youth participating by highly trained staff in a safe environment. We have researched what private pay rates and what the State of Missouri Medicaid program reimbursement rates are to ensure that we are delivering a cost effective program service.

d. Total Number of Units of Service to be Provided (#5)

8821

e. Total Number of Unduplicated Individuals (#5)

250

f. Average Number of Units of Service per Unduplicated Individual (#5)

35.28

g. Average Cost of Service per Individual (#5)

264.98

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

Youth pay to become a member of the Boys & Girls Club which provides them access to all programs and activity opportunities. We are allocating a percentage of this membership fee towards the funding to support this mental health program for all program services.

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

As a 501(c)3 non profit we are not aware of any third party subsidies that will pay for these program services at the Club.

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

NA

Service #5 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#5)

Yes (complete the Other Funder's Chart below)

Service #5 - Other Funders Chart

<u>Funders (#5)</u>	<u>Unit Rate (#5)</u>	<u># of Units Funded (#5)</u>	<u>Total Amount Contracted (#5)</u>
a. Boone County - Children's Services Funding (#5)	5a1. \$6.17	5a2. 8821	5a3. \$54,425.00
b. Boone County - Community Health Funding (#5)	5b1. \$0.00	5b2. 0	5b3. \$0.00
c. City of Columbia - Social Services Funding (#5)	5c1. \$0.00	5c2. 0	5c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#5)	5d1. \$0.00	5d2. 0	5d3. \$0.00
e. Heart of Missouri United Way (#5)	5e1. \$0.00	5e2. 0	5e3. \$0.00

Service #5 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#5)

\$56,325.00

b. Proposed Number of Units of Service (#5)

7500

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#5) (600 character limit)

We requested this level of funding to provide services to the families that are currently enrolled and projecting to build capacity as our expansion project at the main site is completed in fall of 2017 and open up more elementary school sites. We are using multiple funding sources to fill the gaps of the program expenses.

Service #5 - Performance Measures

Outcome (5-1)	Indicator (5-1)	Method of Measurement (5-1)
Members will increase resilience skills and decrease negative behaviors	75% of 250 members will demonstrate an increase in resilience skills by demonstrating a decrease in negative behaviors	Resilience post assessment, number of incident reports, and number of suspensions
Additional Outcome (5-2)	Additional Indicator (5-2)	Additional Method (5-2)
Additional Outcome (5-3)	Additional Indicator (5-3)	Additional Method (5-3)
Additional Outcome (5-4)	Additional Indicator (5-4)	Additional Method (5-4)
Additional Outcome (5-5)	Additional Indicator (5-5)	Additional Method (5-5)

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

Youth that participate in mental health programs are building resilience skills to address their risk factors which will contribute to their overall mental wellness by making positive life choices to avoid risky behaviors, improve social skills to have positive relationships, and strengthen the family.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

Children's response to cyclical poverty, lack of resources, single parent households, and no positive male role model sets the stage for chronic stress and trauma. The Club provides protective factors and meaningful relationships but these often cannot compensate for the other deprivations they face while away from the Club.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

Based on previous historical program data and number of youth enrolled we have projected the number of units, outputs, and outcomes. A 75% reduction in negative behavior is the anticipated level based upon the extra level of support the BHI team will provide to the program which will equip the

staff to deal more knowledgeably with negative behaviors and will reduce the number of disruptive incidents.

d. Provide a rationale for each method of measurement (#5) (500 character limit)

The use of participation, assessments, and satisfaction surveys will document changes in decisions, knowledge, and attitudes is widely used by Boys & Girls Clubs of America and many other funding sources.

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
- The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Family Health Program

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Burrell, Inc.** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **BBH**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, BBH has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY BBH

BBH is expected to the greatest extent possible to maximize funding from all other sources. BBH shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. BBH shall only request reimbursement for services not reimbursable by any other source. BBH shall not invoice the Children's Services Fund for units of service invoiced to another funding source. BBH shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** BBH will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and BBH's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over BBH's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from BBH and BBH agrees to furnish the **Family Health Program** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in BBH's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$273,439.56** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. BBH agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of BBH be renewed for an **additional one (1), one-year period**. BBH agrees and understands that the BCCSB may require supplemental information to be submitted by BBH prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Behavioral Health Assessment	One assessment	\$480.00	30	\$14,400.00
Case Management	15 minutes	\$24.44	10,599	\$259,039.56

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the

event the billing dispute is resolved in favor of BBH, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by BBH to monitor service delivery and program expenditures. BBH agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by BBH and, if so stipulated, are noted on this contract document. Payments may be withheld from BBH if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. BBH agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** BBH also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of BBH's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from BBH, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** BBH agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect BBH's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, BBH hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service,

activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event BBH requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from BBH may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with BBH's policies and procedures and in accordance with any local/state/federal regulations. BBH agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. BBH must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** BBH will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** BBH agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to BBH's provision of such services.

14. **Accreditation/Licensure/Certifications.** BBH must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** BBH agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and BBH, and this shall include any transaction in which BBH is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** BBH may enter into subcontracts for components of the contracted service as BBH deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services

under the resulting contract agreement, BBH shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** BBH agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. BBH shall require each subcontractor to affirmatively state in its Agreement with the BBH that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide BBH a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** BBH agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against BBH or any individual acting on the BBH's behalf, including subcontractors, which seek to enjoin or prohibit BBH from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If BBH ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if BBH no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, BBH will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event BBH, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to BBH as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should BBH fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, BBH shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the BBH for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, BBH agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Burrell, Inc.** (meaning anyone, including but not limited to consultants having a contract with BBH or subcontractor for part of the services), or anyone directly or indirectly employed by BBH, or of anyone for whose acts BBH may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the BBH.** BBH shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. BBH will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. BBH will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. BBH agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and BBH. The BCCSB does not recognize any of the BBH's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** BBH shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to BBH shall be mailed or delivered to:

Burrell, Inc.
C.J. Davis, Acting President and CEO
1300 East Bradford Parkway
Springfield, MO 65804

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Steen:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink that reads "Melinda Bobbitt". The signature is fluid and cursive, with the first name "Melinda" and last name "Bobbitt" clearly distinguishable.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts*

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Burrell, Inc.
Name of Program	Family Health Program

Program Overview Form	
------------------------------	--

1. Program Access – A sliding scale schedule was mentioned.

Action Required: Provide information when this will get approved and go into effect.

--

2. Program Budget – The Total Revenues are \$354,079.60 which is \$11,731.30 over the Total Expenses, \$342,348.30. The Total Revenue should not exceed the Total Expenses. The proposal state that these funds will be utilized for the Job Readiness Training service. The expenses for all program services should be included in Total Expenses.

Action Required: Provide revised program Total Revenue and Total Expenses amounts in the field below.

--

Program Services Form (1-5)	
------------------------------------	--

3. The current proposal has many services listed together. Each service must be unbundled, renamed, and defined based on the correlating item in the *Boone Impact Group Taxonomy of Services* document. Each service would have their own outputs and program performance measures.

Action Required: Review the notes below on each one of the services and then complete the attached “*Services Change Chart*”. The services should be listed in the following order:

Service #	Service Name
1	Behavioral Health Assessment or Behavioral Health Evaluation (depends on narrative information below)
2	Family Therapy
3	Group Therapy – Child
4	Individual Therapy – Child
5	Psychiatric Treatment
6	Job Readiness Training
7	Case Management

a. Service #1

- i. Name/Definition: Is currently listed as Mental Health Care – Assessment/Evaluation/Screening. Review the definitions for Behavioral Health Assessment or Behavioral Health Evaluation in the *Boone Impact Group Taxonomy of Services* document. Pick the taxonomy name and definition that best fits the proposed service. This will be taxonomy information that is used when completing *Services Change Chart* below.
- ii. Outputs – The Unit Measure in the proposal is as one hour with the Unit Rate at \$480. The previous contract had \$480 per assessment. Based on the choice of taxonomy service name, the unit measure needs to be “one assessment” or “one evaluation”. Please provide in the *Services Change Chart* the correct Unit Measure.
- iii. Review the number of units requested. Burrell, Inc. is requesting 80 units, as of August 2017, there were only 11 assessments completed. Please propose an amount that is more reflective of current utilization.

b. Service #2

- i. The name currently listed in the proposal is Mental Health Care – Treatment/Care which is three different types of therapies grouped together. These should all be listed separately each with their own outputs and program performance measures.
- ii. Service #2 will now be *Family Therapy*, Service #3 will now be *Group Therapy-Child*, and Service #4 will now be *Individual Therapy-Child*.
- iii. We would anticipate a separate unit rate for each of the three services.
- iv. Update the attached *Service Change Chart* with the correct services and corresponding information.

c. Service #5 (formerly Service #3)

- i. The name and the definition of *Psychiatric Treatment* is correct.
- ii. The number of units requested is high compared to the current utilization of this service. Please review current utilization rates and enter a new figure into the *Services Change Chart*.
- iii. Review the number of units requested. Burrell, Inc. is requesting 80 units, as of August 2017, there were only 4 units utilized. Please propose an amount that is more reflective of current utilization.
- iv. The Program Performance Measures look good for this service, they just need to be entered in the *Services Change Chart*.

- d. Service #6 (formerly Service #4)
 - i. This information for this service includes multiple services. It is recommended to change this service name to *Job Readiness Training*. This will encompass all the work listed in the description.
 - ii. Include all the outputs and program performance measures information in the chart below.
- e. Service #7 (formerly Service #5)
 - i. This information for this service includes multiple services. It is recommended to change this service name to *Case Management*. This will encompass all the work listed in the description. Please provide documentation of the Missouri Department of Mental Health definition of unit rate, unit measure, and qualifications to provide this service. Provide a response in the field below.

- ii. Please provide a new Unit Rate for this service in the *Services Change Chart*.
- iii. The Program Performance Measures look good for this service, they just need to be entered in the *Service Change Chart*.

4. Funding Request - The funding request for each service will need to be updated to reflect the changes in service. This should be your best and final offer.

Action Required: Complete the *Program Outputs and Funding Request Tables*.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

5. An attachment is provided to submit your best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Client will be able to identify possible career interests and goals.	60% of clients attending partner schools will complete a career and education plan.	Completion of career plan.
Freshman will be on-track for graduation.	80% of clients in the 9 th grade, attending partner schools, will have 6+ credit hours complete toward graduation at the end of their 9 th grade.	School reports on completed credit hours at end of 9 th grade.
Clients will increase employment or volunteer involvement.	60% of students 16+ will obtain volunteer or employment work within 90 days of beginning SEE (Supported Education and Employment) Services	Attainment of employment or volunteer work within 90 days of SEE services.

Service Change Chart
Organization Name: Burrell, Inc.
Program Name: Family Health Program
Service #7 – Taxonomy of Service Name: Case Management
Service #7 – Taxonomy Definition of Service: A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options for services required to meet an individual's health and human service needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective interventions and outcomes.
Provide a detailed description of the proposed service: Psychiatric case management is a research-based delivery model. Community support interventions and activities include screenings for services, evaluations, needs assessments, treatment planning and quarterly reviews of treatment goals, program evaluations, crisis prevention, response and postvention, coordination with medication management, physical healthcare providers, psychosocial rehabilitation, therapy services and agencies that impact child and family functioning. Also includes individual and family-based skill building for the purpose of education and monitoring of mental health symptoms, preventing and decreasing critical situations and improving overall functioning and natural supports. Treatment is guided by, coordinated with and monitored by qualified mental

health professional.

Case management services are not covered by private insurance or Medicaid clients with an ineligible CPR diagnosis. The funding mechanism that would at times cover the cost of this service for diagnosis eligible private insurance clients has been significantly reduced. BCCSF will be used to cover the cost of this level of care for any client that does not meet two criteria – Diagnostic Eligibility + Medicaid insurance but demonstrates significant impairment that warrants this level of care. The following clients may be covered by FHP case management services:

Diagnostic Ineligible + Private Insurance

Diagnostic Eligible + Private Insurance

Diagnostic Ineligible + Medicaid Insurance

Diagnostic Ineligible + No Insurance

Diagnostic Eligible + No Insurance *only after first attempting to use our Eligibility Specialist to help family obtain Medicaid Insurance and only if child/family does not qualify for Medicaid.

Program Performance Measures Information

The following synonyms, definitions, and examples may help you completing the required program performance measures information:

	Service	Output	Outcome	Indicator	Method of Measurement
Synonyms	<i>Service</i> = Activity or Intervention	<i>Output</i> = Product	<i>Outcome</i> = Change	<i>Indicator</i> = Measure	<i>Method of Measurement</i> = Information gathering instrument or technique
Definitions	<i>Service</i> is the program activity or intervention being provided	An <i>Output</i> is expressed as the number of UNITS of service produced, in measurable increments (UNIT MEASURE), and the number of UNDUPLICATED INDIVIDUALS for whom the service is provided	An <i>Outcome</i> describes a beneficial change (knowledge, behavior, or condition) in the people being served	An <i>Indicator</i> is the specific item of information by which a service's level of success in affecting the desired outcome is measured	A <i>Method of Measurement</i> is the instrument or technique used to gather the information needed to measure the service's success
Example	parenting skills training	150 hours of parenting skills training for 30 parents	Increased knowledge of parenting	90% (n=27) of participants will have a 50% increase in knowledge of parenting	pre and post test

Burrell FEES AND SLIDING FEE PROGRAM

POLICY:

Fees

In accordance with federal regulations, Burrell has developed and continues to maintain on a current basis a schedule of fees for services. These fees are reflective of the area's usual customary and reasonable fees and encompass all costs of the program. It also has the corresponding schedule of discounts based on the ability to pay criteria. Both of these schedules are available in the Burrell administrative offices and all Clinic sites.

Sliding Fee Discount

It is the policy of Burrell, based on the requirements set forth in Section 330(k)(3)(G) of the Public Health Service Act and 42 C.F.R. § 51c.303(f), to establish discounts to its established schedule of fees. This policy is designed to reduce barriers to accessing health services (including pharmacy) for such patients. The sliding fee scale and nominal fee will apply to patients who receive outpatient services (except those who are eligible for Department of Mental Health funding) without health insurance who do not qualify for Medicaid, to patients with health insurance when their insurance does not cover a particular service, and to cost-sharing amounts for insured patients who qualify for a discount. However, the sliding fee scale will not apply to pharmacy services in the event that a patient qualifies for free drugs under any pharmaceutical-sponsored Patient Assistance Program.

Further, it is the policy of Burrell that no patient will be denied health services due to an individual's inability to pay for such services nor will the operating procedures for assessing patient eligibility and collecting payment create barriers to care. The Sliding Fee Discount is based on the Federal Poverty Guidelines published by the U.S. Department of Health & Human Services. These guidelines are updated in January of each calendar year and are available at: <http://aspe.hhs.gov/poverty/index.shtml>.

Burrell's Sliding Fee Scale Program is reviewed and updated annually with approval from the Board of Directors. Updates are consistent with the requirements established by the Board of Directors, Burrell's senior management, federal/state laws and regulations, and applicable accrediting organizations. It is the intent of Burrell to evaluate the overall effectiveness of the program by examining the following:

- Fee Schedule taking into consideration reasonable costs and locally prevailing charges;
- Sliding Fee Discount Schedule (SFDS) and structure;
- The Sliding Fee Discount Program Policy and Procedures including those policies that are associated with the program;
- Overall Operating Procedures; and
- Program compliance.

All aspects of the program will be applied uniformly to all patients and supported by the operating procedures. This includes: eligibility process; definitions of income and family size (what is included or excluded); frequency of re-evaluation of patient eligibility; documentation and verification requirements for determining eligibility; alternative mechanisms for determining patient eligibility; structure of the SFDS; use of multiple SFDS; establishing and collecting nominal charges; provisions for waiving fees and nominal charges for specific patient circumstances; billing and collections including payment plans, refusal to pay guidelines, billing patients, and billing third party payors; other discounts relative to supplies, equipment, or specific services; monitoring of the program through internal audits; and staff training.

PROCEDURE:

A. Establishing Discounts

1. General Description

Burrell has established: (a) a sliding fee schedule for uninsured and under-insured patients whose annual individual or family incomes do not exceed 200% of the most current Federal Poverty Guidelines (FPG) published by the Department of Health and Human Services (DHHS); and (b) a nominal fee for uninsured and under-insured patients with annual individual or family incomes at or below 100% of the most current FPG published by DHHS. The nominal fee consists of a minimal amount to support the cost of care, taking into account cost of living and other factors specific to the demographics and location of the health center. The sliding fee scale and nominal fees are approved by the Board of Directors. Further, they are reviewed and updated by the Board of Directors annually to ensure that charges to patients do not become a barrier to care. Payment plans are available to patients as needed.

2. Sliding Scale Eligibility Levels

Patients who qualify for the sliding fee program for medical and behavioral health services will be placed into one of four categories depending on their family size and gross household income:

- a. Slide A-100% or less of Federal Poverty Guidelines;
- b. Slide B-101 % to 135% of Federal Poverty Guidelines;
- c. Slide C-136% to 165% of Federal Poverty Guidelines;
- d. Slide D-166% to 200% of Federal Poverty Guidelines; and
- e. Patients over 200% of FPG are Full Fee.

3. Patient Responsibility

- a. Please reference Board approved sliding fee scales for patient responsibility for each service type (medical, dental, and behavioral health) for each slide level noted above. Per HRSA PIN 2014-02, the health center charges a fixed, nominal fee for services provided to consumers at or below 100% of Federal Poverty Guidelines (Slide A). Some procedures may be subject to a slide scale based on percent of charges.

4. Use of Multiple Scales

As noted above, Burrell has established a separate SFDS for medical/behavioral health and dental services. In developing the SFDS's, the locally prevailing charges along with the overall cost of care including supplies and equipment for each service type was taken into consideration. Patient access and uniform implementation were

also a factor in making this decision. The health center has a plan for routinely evaluating each SFDS to ensure that it does not create a barrier to care.

5. Other Services Considerations

As a means of reducing barriers to care, maximizing access, and improving health outcomes for the patient population, Burrell has established a structure of charges for specific circumstances such as flu shots and certain labs. (See Fee Schedule for more information)

B. Publicizing Discounts

Burrell shall inform all patients of the availability of discounts through multiple means such as signage in public places at the health center, notifications on intake forms, a sliding fee scale program informational pamphlet, and on the health center's website. In addition, the Sliding Fee Discount program is also explained to patients during the registration and intake process. All informational materials about the program are available in English and Spanish.

C. Application of Discounts

Patients who have completed an eligibility application form, submitted income verification documentation, and who have been determined eligible for a discount will be charged in accordance with the sliding fee scale or nominal fee as applicable.

D. Eligibility Determination Process and Documentation

The appointed registration and reception staff will assist patients in completing an eligibility application form and will collect any relevant income verification documentation from patients. Whenever possible, completion of the eligibility form and collection of income verification documentation will occur prior to the health center's rendering health care services to the patient. or as soon thereafter as is reasonable, but always prior to the application of the discount. Nonetheless, under **no circumstances** will health care services be withheld or denied on account of delay of the eligibility documentation process. **Patients who do not bring in the required documentation will be given the option to reschedule their appointment or to pay full fee. Once eligibility documentation is presented, the sliding fee scale will be applied from that visit forward and will not be retroactive (except in the case of incorrect Medicaid eligibility verification on the part of the agency).** At any time, while receiving assistance through the slide program, the patient is required to report any changes in household occupancy or financial status for re-evaluation. If this occurs, new eligibility forms and collections of income verification documentation will be required of patients. Failure to report any changes may make the sliding fee agreement invalid.

Patients who refuse to provide proof of income and family size are viewed as having declined to be assessed for slide eligibility and are considered ineligible for discounts. Copies of all eligibility forms and income verification documentation will be retained by the health center according to the established document retention schedule.

The qualifying procedure breakdown and payment schedule for patients enrolled in the sliding fee program are as follows:

- 1. Members of Household/Family Size** Family size is determined by the number of individuals depending upon or contributing to the income of the client/patient. It is essentially the number of persons for whom the head of household is financially responsible for. Household Members to include are persons living in that home who are:

- a. Head of household;
- b. Spouse;
- c. Children under the age 18;
- d. Dependent children age 18 or older (must provide proof of dependency);
- e. Children of divorced/separated parents who share custody and are claimed as dependents (must provide proof of dependency);
- f. Grandchildren and any other children/individuals when legal guardianship has been granted (must provide proof); and/or
- g. Any other relatives or non-related individuals who are claimed as dependents (must provide proof of dependency)

2. Sources of Income

- a. Gross Wages/Salaries/Tips
- b. Unemployment Compensation
- c. Worker's Compensation
- d. Earnings from need-based employment programs
- e. Welfare Benefits -TANF, General Relief (Does not include non-cash benefits such as food stamps, subsidized housing, and WIC)
- f. Social Security Disability and Retirement
- g. Supplemental Security Income
- h. Survivor's Benefits
- i. Pensions and retirement
- j. Veteran's Benefits
- k. Alimony
- l. Income from estates, royalties, trusts, investment interest, dividends, and rent
- m. Regular Contributions from persons not living in household (only if there is a set amount received, the frequency is established and consistent, and proof is provided)

3. Proof of Income

- a. Last two (2) consecutive pay stubs
- b. Total Income from the prior year's tax return if it is reflective of current income (Exception: Form 1 040EZ use adjusted gross income as it is the same as total income or W-2's from most recent year if tax preparation is in process)
- c. Statement of Benefits (Social Security, Unemployment, Pensions, etc)
- d. Employer earnings statement/letter
- e. Federal or State Award Letter

4. Alternative Eligibility Determination Methods Patients who state that they have no income or it is unfeasible for them to provide documentation will be required to sign a Responsibility Statement self declaring their income.

The statement attests that the information they have provided is true and accurate. It further explains that if a discrepancy is found the patient may be 100% liable for charges and may be deemed ineligible for the sliding fee program. Patients who refuse to sign this statement will be ineligible for the sliding fee scale program.

- 5. Exceptions** Patient eligibility circumstances not described in this policy and any exceptions to the documentation requirement for eligibility will be reviewed and determined by management that oversees the sliding fee program. These decisions will be made on a case by case basis.

E. Frequency of Re-evaluation Period The effective date of enrollment in the Sliding Fee Program is the date of application and eligibility determination. The sliding fee remains in effect for **one year**. At that time or upon the patient's next visit to the health center the patient must **reapply** for the sliding fee program. This process is the same as the initial eligibility determination procedures requiring the completion of the application forms and gathering of supporting documentation.

F. Billing and Collections Burrell shall make a reasonable effort to collect all charges for health care services rendered, regardless of whether discounted charges or standard charges are applied. Attempts will be made to maximize revenue from public and private third party payors. Education will be provided to patients on options available to them based on their eligibility for insurance and/or related third party coverage.

1. Third Party Payors (Medicare, Insurance and Medicaid Patients)

- a. Burrell will make every reasonable effort to obtain reimbursement from Medicare, Medicaid, CHIP, or other public assistance programs and private third party payors in accordance with requirements specified in statute, regulations, policies and/or contract terms/conditions.
- b. Initial billings take place within 30 days from the date of service. All denied claims are reviewed and scrutinized by the assigned billing personnel. Any claim that can be corrected will be fixed and re-billed appropriately.

2. Billing Patients

- a. Burrell will make reasonable efforts to secure payment from patients for services rendered taking into consideration the limits of the patient's ability to pay. It is not the intention of the agency to place barriers to service, but to encourage easy access while keeping in mind that fiscal responsibility is also important to continue serving our community. A reasonable effort may include, but is not limited to, issuance of a bill to the patient or responsible party within 30 days of the date of service and monthly thereafter until the amount owed is paid in full.
- b. Patients are expected to provide payment, including sliding fee charges on the day the service is given. Patients will receive a reminder of their expected payment prior to their appointment. This reminder will also happen upon checking in for their appointment at the clinic. If upon initial exam the provider determines the patient will need additional services not covered by the copay, the patient will be informed and referred to the designated staff for additional information regarding the costs of the recommended services. If the patient chooses to receive the additional services and is not prepared to pay for them on the day it is rendered, an option to set up a payment plan will be offered. The patient will sign a payment agreement form stating they understand they are responsible for the payment of additional medical services. All billing and collecting from patients will be conducted in an efficient, respectful and culturally appropriate manner.

3. Refusal to Pay

- a. It is important to note that a patient's refusal to pay does not equate to an inability to pay. An account is deemed "refusal to pay" when a patient does not make efforts to pay their debt and honor the payment agreement. If after the above mentioned billing and collection protocols are carried out and the account still is not paid off 3 months from the date of service, it will be placed in bad debt status. Once placed in bad debt status, the patient will be issued 3 collection letters from the billing department. If after 3 collection letters have been mailed (6 months from the date of service) the patient has yet to pay the amount owed and/or be placed on a payment plan, the account will be reviewed by the billing manager to determine what steps will be taken next. The billing manager will place an alert in the practice management system regarding the patient's bad debt status as an indicator to the front office staff to not schedule future visits with the patient unless fully recovery of bad debt is received, or a payment plan for full recovery is initiated.

G. Confidentiality In accordance with the HIPAA Privacy Rules, all personal information and records are kept confidential and will not be shared without the approval of the patient. At the time of intake and annually, patients are notified of the confidentiality and security protections.

H. No Denial of Services for Inability to Pay Regardless of whether a patient qualifies for a discount, if a patient would be denied services due to inability to pay a staff member will assist the patient with the development of a payment plan.

I. Staff Training All staff responsible for completing sliding fee paperwork will be trained on the Sliding Fee Program policy and procedures according to the front desk procedures. This training includes staff expectations and protocols.

J. Monitoring of SFD Program The Sliding Fee Program will be monitored regularly for compliance through random testing of new and established sliding fee patient files. This will entail checking files for required sliding fee paperwork, annual paperwork completed on time, verify income calculations, determine if the slide is applied appropriately, and confirm there is documentation to support eligibility determination. Through this, the eligibility screening process will be analyzed for effectiveness. Any concerns or trends will be communicated to management responsible for the Sliding Fee Program and a corrective action plan will be developed and implemented.

Burrell

Sliding Fee Desk Reference Guide

Sliding Fee Application & Eligibility Determination Process

Who can apply?

- Patients who do not have health insurance and are not eligible for Medicaid
- Patients whose health insurance does not cover or only partially covers a needed service

Application Process

- Registration Specialists/CSRs meet with and assist patients in completing the necessary forms needed to determine eligibility prior to their health care services appointment.
- Registration Specialist/CSR enters the information into patient's medical record during the face to face interview.
- Required documents for each patient file includes:
 - Photo ID
 - Sliding Fee Scale Application Form -Must be signed/dated by patient/guardian and witnessed by health center staff
 - Sliding Fee Eligibility Calculator – must be signed/dated by patient/guardian & witnessed by health center staff
 - Proof of Household Income
 - Responsibility Statement (SF Income Self Declaration) – ONLY for patients who state they have no income or are unable to provide documentation of income
- When a patient's appointment is scheduled and when given a reminder call they are informed of what documents they are required to bring in with them.
- If patients forget to bring in the needed documents they are given the choice of paying full fee including a payment plan for the service or rescheduling their appointment.
- Patient's that refuse to bring in proof of income or to sign a responsibility statement are ineligible for the sliding fee discount. (Full fee would apply)

Determining Eligibility

- Registration Specialists/CSRs gather documents from patients and 1) assist them in determining household/family size according to the established definition 2) closely review POI documents for appropriateness and needed information.
- If needed, Registration Specialists/CSRs can assist patient in accessing their pay stubs, SS benefits, unemployment, and tax returns on line. Copies must be printed and filed in patient's medical record.
- The patient completes the "Sliding Fee Application Form" (preferably together with staff). The health center staff closely reviews the form and verifies the relationship and age of the listed household members with the patient. The health center staff explains to the patient that in signing the form they are attesting that the information they provided is accurate and possible consequences if they have been untruthful. It is also explained to the patient that the fee will be re-determined at least annually and they must report any changes in income and/or household size as they occur.
- Registration Specialist/CSR completes the "Sliding Fee Eligibility Calculator" form with the income information gathered. Tips on using the form:
 - The form is set up to automatically calculate the annual income / total income based on amounts entered and pay cycle
 - Only put paycheck income in the 2 rows with that title -Must have two pay check amounts listed since these fields are set to average the two amounts
 - All other sources of income are entered in the row that says "Tax Return / UE, or SS Letter"

	<ul style="list-style-type: none"> • If a patient works AND receives social security or unemployment – the SS or UE needs to be entered in a different column since they have different pay cycles • The third column can be used as needed to include additional sources of income such as child SSI benefits or additional employment • The form must be dated and have the Slide Category (co-pay) checked along with patient/guardian signature witnessed by health center staff. This verifies that patient/guardian understands what copay will be charged • Comment section is to be utilized for explaining unusual situations and clarifying how the household income and size was determined
	Once household size and income is calculated, the Registration Specialist uses the “Sliding Fee Category Determination” chart to determine if the patient is eligible for the SF program and what Slide Category they fall into.
	The determined Slide Category is entered on the “Sliding Fee Eligibility Calculator” form by checking the appropriate box.
	The health center staff enters the slide information along with other required information into the patient’s medical record.
	The packet of sliding fee paperwork is given to the health center staff’s supervisor to review for accuracy. The supervisor signs off on the “sliding fee eligibility calculator” form confirming the paperwork was reviewed.
	The sliding fee paperwork including the proof of income documents are filed in patient’s medical record.

Sliding Fee Desk Reference Guide

Household Size

Definition of Family Size

Family size is determined by the number of individual's dependent upon or contributing to the income of the client/patient. It is essentially the number of persons for whom the head of household is financially responsible for.

Household Members to Include

(Any exceptions must be approved by supervisor)

Head of household

Spouse

Children under the age of 18 (age 17 & below)

Dependent children age 18 and over (disabled adults, full time students) – **must provide tax return as proof**

In situations where custody of children is in doubt – i.e. divorced/separated parents who share custody, rotating tax years to claim them as dependents – **obtaining tax return as proof is recommended** to avoid inconsistencies in individual parent's sliding fee paperwork if both are health center patients.

Grandchildren and any other children/individuals when legal guardianship has been granted – **must provide court documents**. **Note:** Legal guardianship is not the same as Power of Attorney, Representative Payee, and Physical Custody (when legal custody is with the state). Do not include these in the household.

Any other relatives or nonrelated individuals that are claimed as dependents – **must provide tax return as proof**

Do Not Include

Unmarried partner unless claimed as dependent on tax return

Unmarried partner's children unless claimed as dependents on tax return

Children age 18 and over unless claimed as dependents on tax return

Relatives living in the home who file their own tax returns and are not dependents

Foster Children who are in the custody of the state

Grandchildren who are in the custody of the state

Paperwork Reminders (Sliding Fee Scale Application Form)

"Date of Application" must be filled in

All household members names, relationship, age, **and** their date of births must be listed on the form

Be careful when completing "relationship" field – these refer to the relationship with the patient

Pay close attention to birth dates and ages of children in home – see above rule if any are 18 & over

Must be signed and dated by patient or guardian attesting that the information they provided is accurate.
Minors should not sign the form.

Must be signed and dated by health center staff attesting that they witnessed the patient/guardian's signature.
The signature date **MUST** match the patient/guardian signature date

Each household member that is a patient needs to have their own form in their file that lists them as the patient

Form is completed annually along with the rest of the SF paperwork

If household composition changes prior to annual paperwork and an update is requested, All SF paperwork needs to be updated along with new Proof of Income.

Burrell SLIDING FEE SCALE APPLICATION FORM

3	_____	_____	_____	_____
4	_____	_____	_____	_____
5	_____	_____	_____	_____
6	_____	_____	_____	_____

It is the policy of Burrell to provide health care services at a cost that is affordable to its patients. The annualized incomes of the patients' households must be calculated and documented in order to provide services at an appropriate fee, based on Burrell's Sliding Fee Scale/nominal fee and as mandated by rules governing Certified Community Behavioral Health Centers. This information may also assist Burrell to help patients with other programs that offer financial assistance. If you are the parent or guardian of a minor or a legal guardian of an adult, please provide your financial information. If married, please provide both incomes.

BURRELL STAFF

Document sliding fee program eligibility by use of the Sliding Fee Eligibility Calculator Excel spreadsheet. This application, the Eligibility Calculator, and copies of income documentation used for screening must be scanned into the patient's file.

I attest that the income information I have provided to Burrell is true and accurate to the best of my knowledge. I understand that if I have been untruthful about my current income, I will become 100% liable for my Burrell charges and I will not be eligible for the sliding fee program during future visits. I further understand that my eligibility for the sliding fee scale program will be re-determined at least annually and that I must report any change in my income and/or household size to Burrell.

Sliding Fee Desk Reference Guide

General Proof of Income Rules

Definition of Family Income

Family income is the total of all earnings, wages, and salaries before any deductions of all members of the household as defined by “family size”.

Sources of Income

Gross Wages/Salaries/Tips	Pensions and Retirement
Unemployment Compensation	Veteran’s Benefits
Worker’s Compensation	Alimony
Welfare Benefits (TANF, General Relief, Aid for Blind, etc)	Earnings from need-based employment programs (Transitional Employment, Sheltered Workshop)
Social Security – disability & retirement	Income from estates, royalties, trusts, investment, dividends, and rent
Supplemental Security Income (SSI)	Survivor’s Benefits
Regular Contributions from persons not living in household (only if there is a set amount received, the frequency is established and consistent, and proof is provided)	

Calculations

Pay Frequency Formula

- Paid Annually -no calculations needed – this is the Yearly Income
- Paid Monthly – Multiply gross amount X’s 12 = Yearly Income
- Paid Bi-Monthly (twice a month) – Multiply gross amount X’s 24 = Yearly Income
- Paid Bi-Weekly (once every 2 weeks) – Multiply gross amount X’s 26 = Yearly Income
- Paid Weekly – Multiply gross amount X’s 52 = Yearly Income
- Paid Every 3 Weeks – Multiply gross amount X’s 17 = Yearly Income

Do not count Food Stamps (SNAP), housing subsidies, & WIC (non-cash benefits)

Do not count Child Support Payments received

Do not count School loans, bank loans, & union paid portion of health insurance or other employee fringe benefits.

Do not include Income of individuals that are not included in “family/household size” such as unmarried partners, housemates, extended relatives, friends, or adult children

You must count the income of all individuals that are included in “family/household size” with the exception of dependents under the age of 18

Do not subtract Child Support Payments made or other financial obligations from the total household income

Do not use Net Income on pay check stubs

Do not use Adjusted Gross Income listed on tax forms (except on 1040EZ)

Other Do Not’s

DO NOT USE BANK STATEMENTS (any exceptions must be approved by supervisor)

Do not use Missouri State Income Tax Forms (it does not list Federal Total Income)

Do not use Tax Form 8879 -IRS e-file Signature Authorization (it does not list Total Income)

Do not use any Tax Schedule forms (i.e. A, SE) without the 1040/1040A tax form. These are only attachments and do not list Total Income (Gross)

Do not use Notice of Initial Determination of Status as an Insured Worker for verification of unemployment compensation (it does not guarantee payment of UI benefits)

**** See Proof of Income Documents SF Desk Reference Guide for more detailed information.**

Sliding Fee Desk Reference Guide

Proof of Income Documents

Types	Hints/Instructions
Federal Tax Return – Use Total Income (must be from prior year)	
Form 1040EZ	Use Line 4 (<i>On this form only – the adjusted gross income is the same as total income</i>)
Form 1040	Use Line 22 (Total Income)
Form 1040A	Use Line 15 (Total Income)
IRS Tax Return Transcription	If self employed use the amount “Total SE Income”
DO NOT USE: <ul style="list-style-type: none"> Missouri State Income Tax Forms (if does not list Federal Total Income – cannot file State Taxes without filing Federal Taxes) Adjusted Gross Income (except on Form 1040EZ) Tax Form 8879 – IRS e-file Signature Authorization (it does not list Total Income) Any Tax <u>Schedule</u> forms (i.e. A, SE) without the 1040/1040A tax form. These are only attachments and do not list Total Income (Gross) 	
Pay Check Stubs	
Must have 2 most recent consecutive pay stubs for each job	Any exceptions must be approved by supervisor and an explanation must be in the comment section on the calculator form Remember if paid monthly will need 2 months of POI
DO NOT USE: <ul style="list-style-type: none"> Net Income 	
Self Employed	
NOTE: The preferred form of POI is the most recent Income Tax Return	
Must use Total Income	<ul style="list-style-type: none"> If using check stubs to show what they pay themselves request a full month of income verification
Employer Letters	
Only use when paid in cash and/or does not have pay check stubs	<ul style="list-style-type: none"> Must be dated within the last month Must have patients name on it Must have business name on it (<i>preferably letterhead</i>) Must have contact name and phone number Must give gross income amount and frequency of pay If letter looks suspicious, contact the employer to verify
Unemployment Compensation Benefits	
Benefit Letter	<ul style="list-style-type: none"> Letter must be current Use the weekly benefit amount <u>Do not</u> assume benefits will end when they reach the maximum benefit amount. They will need to reapply for the SF when benefits end
Online Verification/Computer Printout	<ul style="list-style-type: none"> You can assist them in accessing their account online at

	https://uinteract.labor.mo.gov/benefits/home.do <ul style="list-style-type: none"> • Or by calling the Regional Claims Center – Jefferson City 573-751-9040; Kansas City 816-889-3101; St. Louis 314-340-4950; Springfield 417-895-6851, or Outside of local calling area 1-800-320-2519 • Print out the benefit info & file in patient's record
--	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

DO NOT USE:

- Notice of Initial Determination of Status as an Insured Worker for verification of unemployment compensation (it does not guarantee payment of UI benefits)

Social Security Benefits

<u>Award Letters</u> SSD (Disability) SSI (Supplemental Security Income) Retirement Survivor benefits—spouse/child	<ul style="list-style-type: none"> • READ LETTERS CAREFULLY • Letter must be dated within current year of SF application date • ASK IF THEY RECEIVE MORE THAN ONE CHECK (DIRECT DEPOSIT) SSI & SSD. AMOUNTS NEED TO BE ADDED TOGETHER – use separate columns on calculator form • Must have letter for each household member that receives benefits including children • Use gross monthly amount prior to any deductions including: Medicare premiums; back Medicare premium payments; overpayment recoupment; tax withholding; child support • Do not count lump sum back payments • If letter is multiple pages due to explaining deductions, Medicare, etc copy all pages
Online Verification Computer Printout of Current Benefits	<ul style="list-style-type: none"> • Same rules apply as above “Award Letters” • If they have signed up for a “My Social Security” account on the SSA website you can assist them in obtaining a verification letter at http://www.ssa.gov/myaccount/ • Print out the benefit information for file
SSA-1099 (retirement & disability benefits for year)	Use Box 3 / Benefits Paid in (year) *Make a note in Comments section of SF Eligibility Calculator form confirming the monthly SSA benefit amount
Form SSA-1042S (Nonresident Aliens)	Use Box 3 / Benefits Paid in (year) *Make a note in Comments section of SF Eligibility Calculator form confirming the monthly SSA benefit amount

Other Retirement Benefits / Pensions

<u>Possible Types</u> 401K 403b Profit Sharing Plan Employee Stock Ownership Plan (ESOP) IRAs Various Trust Funds, etc	<ul style="list-style-type: none"> • They need to provide a statement, letter or some sort of documentation that shows what they receive and frequency (i.e. annually, monthly, weekly)
------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

DO NOT USE:

- Bank Statements (any exceptions must be approved by supervisor)

Family Support Division (FSD) – Welfare Benefits

Possible Types

General Relief

TANF (Temporary Assistance for Needy Families)

Aid for the Blind

- REVIEW CAREFULLY
- Verify patient's name and/or head of household is on paperwork
- Must be dated within 1 year of SF application and represent current benefit amount

NOTE:

- Patient's FSD paperwork can be used to verify Social Security Benefits as long as it is a current representation of what the household receives. (This is due to the FSD office having a direct link into the SSA database – so they are able to verify the amount electronically)

Responsibility Statements

To Report No Income

- Put patient's name & BD at top
- If declaring "no income" of spouse, write their name in the Household Member space. **DO NOT** put spouse's name in the patient name field
- Put "0" in the self reported income field

To Self-Declare Income

ONLY use in circumstances in which it is unfeasible or impossible to provide appropriate income documentation

- Put patient's name & BD at top
- If declaring income of spouse, write their name in the Household Member space. **DO NOT** put spouse's name in the patient name field
- Income field – specify the amount and frequency of pay i.e. weekly, biweekly, bimonthly, monthly, yearly
- Write explanation in the "comments" section of the Sliding fee Eligibility Calculator Form

ONLY to be used during APPROVED "New Year" time period (exact dates will be given at that time)

W-2

Note: You must ask if they have more than one W-2 **AND** if they had more than one job during the tax year

Use the highest income amount from either:

Box 1 / Wages, tips, other compensation OR

Box 3 / Social Security Wages OR

Box 5 / Medicare wages and tips

1042-S (Foreign Person's U.S. Source Income Subject to Withholding)

Use Box 2 / Gross Income

MISC-1099

Use Box 7 / Nonemployee compensation; Note: If boxes 1, 2, 3, 5 are filled in, all figures need to be totaled along with box 7. Total amount is the figure used as income on SF forms

Form RRB-1099 (Railroad Retirement Board)

Use Box 3 / Gross Social Security Equivalent Benefit

Form RRB-1042S (Railroad Retirement Board for Nonresident Aliens)

Use Box 3 / Gross Social Security Equivalent Benefit

Form 1099-G (Unemployment Compensation)

Use Box 1 / Unemployment Compensation

IMPORTANT

THIS IS ONLY TO BE USED WHEN A PATIENT ASSERTS HE/SHE HAS NO HOUSEHOLD INCOME, OR FOR A PATIENT TO SELF-DECLARE THEIR HOUSEHOLD INCOME UNDER CIRCUMSTANCES IN WHICH IT IS UNFEASIBLE OR IMPOSSIBLE TO PROVIDE APPROPRIATE INCOME DOCUMENTATION.

I attest that providing the required documentation to support my reported income is unfeasible or impossible to obtain. If I am self-reporting \$0 income for my household, I attest that I am being fully truthful in this regard. I attest that the income information I have provided to Burrell is true and accurate to the best of my knowledge. I understand that if information becomes available and there is a discrepancy with the documentation and my reported income on this sheet, my sliding fee eligibility will be re-assessed and I may become 100% liable for my Burrell charges and may be deemed ineligible for the sliding fee program. I further understand that I must report any change in my reported income to Burrell at my next visit.

General Information

Organization
Mission
Statement
(Purpose):

Provide your organization's mission statement. (600 character limit)

To improve the health and quality of life of our community members by providing comprehensive, integrated and trauma-informed mental health, addictions, developmental, and health services..

Organization
History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

Burrell was established in Springfield, Missouri in 1977 as an administrative agent of the Missouri Department of Mental Health (DMH) for service area 10. Burrell later acquired Service Area 12 which includes Boone County and nine additional counties in central Missouri. Burrell provides a comprehensive array of specialized DMH-funded behavioral health services for adults, youth, and families.

Brief Statement of
Organization's
Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

Burrell's major goal is to design services to be responsive to the specific needs of the individuals we serve. New services are developed as the needs of our community are recognized and defined. It is our mission to continue to provide, develop and refine services which have been demonstrated to work. Burrell, a Certified Community Behavioral Health Center (CCBHC), is working toward increasing quality of care, reducing cost of care, and improving access to care.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and **Burrell Behavioral Health** (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts or to verify the entire workforce if the contractor so chooses.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor with the FAR E-Verify clause") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.
2. SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by SSA as governed

Company ID Number: 406415

by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and non-citizens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for employees through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct, to the extent authorized by this MOU:

- Automated verification checks on employees by electronic means, and
- Photo verification checks (when available) on employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to make available to the Employer at the E-Verify Web site and on the E-Verify Web browser, instructional materials on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of employees' employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and

Company ID Number: 406415

Nationality Act (INA) and Federal criminal laws, and to administer Federal contracting requirements.

7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

8. DHS agrees to provide a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The Employer agrees that all Employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the Employer from continued use of the program.

5. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The photocopy must be of sufficient quality to allow for verification of the photo

Company ID Number: 406415

and written information. The employer will use the photocopy to verify the photo and to assist DHS with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in good faith compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 and E-Verify system compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures for new employees within 3 Employer business days after each employee has been hired (but after the Form I-9 has been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify User Manual, or in the case of Federal contractors with the FAR E-Verify clause, the E-Verify User Manual for Federal Contractors. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. Employers may initiate verification by notating the Form I-9 in circumstances where the employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.D.1.c. Except as provided in Article II.D, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer

Company ID Number: 406415

uses the E-Verify system for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III. below) regarding tentative nonconfirmations, including notifying employees in private of the finding and providing them written notice of the findings, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of the cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise subjecting an employee to any assumption that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 or OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

11. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA, as applicable, by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the unfair immigration-related employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-

Company ID Number: 406415

Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS WITH THE FAR E-VERIFY CLAUSE

1. The Employer understands that if it is a subject to the employment verification terms in Subpart 22.18 of the FAR, it must verify the employment eligibility of any existing employee assigned to the contract and all new hires, as discussed in the Supplemental Guide for Federal Contractors. Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

a. Federal contractors with the FAR E-Verify clause agree to become familiar with and comply with the most recent versions of the E-Verify User Manual for Federal Contractors and the E-Verify Supplemental Guide for Federal Contractors.

b. Federal contractors with the FAR E-Verify clause agree to complete a tutorial for Federal contractors with the FAR E-Verify clause.

c. Federal contractors with the FAR E-Verify clause not enrolled at the time of contract award: An Employer that is not enrolled in E-Verify at the time of a contract award must enroll as a Federal contractor with the FAR E-Verify clause in E-Verify within 30 calendar days of contract award and, within 90 days of enrollment, begin to use E-Verify to initiate verification of employment eligibility of new hires of the Employer who are working in the United States,

Company ID Number: 406415

whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within 3 business days after the date of hire. Once enrolled in E-Verify as a Federal contractor with the FAR E-Verify clause, the Employer must initiate verification of employees assigned to the contract within 90 calendar days from the time of enrollment in the system and after the date and selecting which employees will be verified in E-Verify or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Employers that are already enrolled in E-Verify at the time of a contract award but are not enrolled in the system as a Federal contractor with the FAR E-Verify clause: Employers enrolled in E-Verify for 90 days or more at the time of a contract award must use E-Verify to initiate verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire. Employers enrolled in E-Verify as other than a Federal contractor with the FAR E-Verify clause, must update E-Verify to indicate that they are a Federal contractor with the FAR E-Verify clause within 30 days after assignment to the contract. If the Employer is enrolled in E-Verify for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within 3 business days after the date of hire. An Employer enrolled as a Federal contractor with the FAR E-Verify clause in E-Verify must initiate verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

e. Institutions of higher education, State, local and tribal governments and sureties: Federal contractors with the FAR E-Verify clause that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), State or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors with the FAR E-Verify clause may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. The provisions of Article II.D, paragraphs 1.a and 1.b of this MOU providing timeframes for initiating employment verification of employees assigned to a contract apply to such institutions of higher education, State, local and tribal governments, and sureties.

f. Verification of all employees: Upon enrollment, Employers who are Federal contractors with the FAR E-Verify clause may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only new employees and those existing employees assigned to a covered Federal contract. After enrollment, Employers must elect to do so only in the manner designated by DHS and initiate E-Verify verification of all existing employees within 180 days after the election.

g. Form I-9 procedures for existing employees of Federal contractors with the FAR E-Verify clause: Federal contractors with the FAR E-Verify clause may choose to complete new Forms I-9 for all existing employees other than those that are completely exempt from this process. Federal contractors with the FAR E-Verify clause may also update previously completed Forms I-9 to initiate E-Verify verification of existing employees who are not completely exempt as long as that Form I-9 is complete (including the SSN), complies with

Company ID Number: 406415

Article II.C.5, the employee's work authorization has not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's stated basis in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen). If the Employer is unable to determine that the Form I-9 complies with Article II.C.5, if the employee's basis for work authorization as attested in section 1 has expired or changed, or if the Form I-9 contains no SSN or is otherwise incomplete, the Employer shall complete a new I-9 consistent with Article II.C.5, or update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.C.5, subject to any additional or superseding instructions that may be provided on this subject in the Supplemental Guide for Federal Contractors. Nothing in this section shall be construed to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor with the FAR E-Verify clause.

2. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 8 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it

Company ID Number: 406415

determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding. The Employer must review the tentative nonconfirmation with the employee in private.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (paid for at employer expense).

7. If the Employer determines that there is a photo non-match when comparing the photocopied List B document described in Article II.C.5 with the image generated in E-Verify, the Employer must forward the employee's documentation to DHS using one of the means described in the preceding paragraph, and allow DHS to resolve the case.

Company ID Number: 406415

ARTICLE IV

SERVICE PROVISIONS

SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

A. This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual, the E-Verify User Manual for Federal Contractors or the E-Verify Supplemental Guide for Federal Contractors. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials. An Employer that is a Federal contractor with the FAR E-Verify clause may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such a circumstance, the Federal contractor with the FAR E-Verify clause must provide written notice to DHS. If an Employer that is a Federal contractor with the FAR E-Verify clause fails to provide such notice, that Employer will remain a participant in the E-Verify program, will remain bound by the terms of this MOU that apply to participants that are not Federal contractors with the FAR E-Verify clause, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

B. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, termination of this MOU by any party for any reason may negatively affect its performance of its contractual responsibilities.

C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

Company ID Number: 406415

D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

E. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

F. The Employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

H. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

Company ID Number: 406415

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 888-464-4218.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto. Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:
This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By:

Melinda Bobbitt

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
 - Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "ProgramOverview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The unmet mental health needs in Boone County are illustrated in two recent reports. First, The Report of School-Based Mental Health Committee (Columbia Public Schools, 2013:3) states that mental health "is characterized by the ability to do well functionally (e.g., academically, socially, physically) and signifies the ability to cope with challenges (Scheffkind, Bazyk, & Fette, 2012)." The report (Columbia Public Schools, 2013:4) identifies needs specific to students, families, and teachers regarding child/adolescent mental health. As such, the Committee recommended the implementation of actions to mitigate these shortfalls: 1) school-based mental health services; 2) data-driven and evidenced-based service practices and evaluations; 3) an integrated system-of-services approach among all school staff; and, 4) educational and professional development opportunities. In 2014, the Boone County Community Services Board held a Community Input session to invite responses from local agencies regarding shelter and at-risk populations. Participants in the Community Input Analysis & Needs Assessments Synthesis 3 (The Institute of Public Policy, 2014) identified multiple needs: 1) immediate access to mental health services; 2) emotional support for families and the homeless; 3) services for rural clients; 4) parallel developmental needs of parents and children; 5) improved basic life skills for clients; 6) mental health and case management services; and, 7) performance and goal measures.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The proposed target population is youth ages 19 and younger who have behavioral health needs and their families are unable to access psychiatric case management services due to being underinsured, private insured, uninsured, or do not have a qualifying diagnosis but a demonstrated level of impairment and need. The Boone County Indicators (BCI) report (2016) indicated nearly 10-20% of sixth and eighth grade students are not attending school 90% of the time. These two grades are critical for academic and social learning; they are transitional periods in a child's life. When absent from classes, there is a greater risk they will fall behind academically, struggle to make appropriate social-emotional connections with peers and adults, and be unprepared for high school graduation, post-secondary training, or employment. Further, the BCI report (2016) presented 2014, 2015, and 2016 data from Missouri

Department of Elementary and Secondary Education on ninth grade students who are on track to graduate with at least 6 credits by the end of their freshman year in Columbia Public Schools. The statistics indicated nearly 24% of ninth graders were not on track to graduate. The proposed target population falls within the following statutorily-eligible service areas: home-based and community-based family intervention programs; crisis intervention services, inclusive of hotlines; individual, group, or family professional counseling and therapy services; and, mental health screenings.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The program will serve the mental and physical health needs of children/families unable to access psychiatric case management (PCM) services due to being underinsured, private insured and uninsured or not having a qualifying diagnosis for PCM, but a having demonstrated level of impairment/ need.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

Family Health Program is a community-based psychiatric case management program which can also include psychiatric medication management, therapy and supported education and employment services for youth ages 19 and younger who reside in Boone County and who do not traditionally qualify for psychiatric case management services based on insurance and eligibility criteria. This program is a person-centered approach that emphasizes individual choices and needs; features flexible community-based services and supports; uses existing community resources and natural support systems; and promotes independence and the pursuit of meaningful living, working, learning, and leisure-time activities in normal community settings. The program provides an array of services to persons with severe, disabling mental illnesses. Services include clinical evaluations, crisis intervention, community support, medication management, individual, group, and family therapy and client-centered integrated healthcare.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Youth ages birth – 19 years old that reside in Boone County, Missouri. Youth that has been diagnosed with a mental illness or serious emotional disturbance and demonstrates impairment in at least three areas of functioning. Youth who are uninsured, underinsured or have private health insurance that does not cover the cost of psychiatric case management services.

b. Why will these particular consumers be served? (1500 character limit)

In 2016, Boone County's estimated population was 176,594, with 20.2% (n=35,672) of that population under the age of 18 (U.S. Census Bureau 2017). As of 2017, 23,391 students are enrolled in Boone County public schools (Public School Review 2017). One study (Depue, Breejen, Evans, & Sale 2012) indicated that 18.5% of 98,000 Missouri students grades 6 through 12 surveyed reported being sad in the last month "often" or "always," while 19.7% reported some means of self-harm in their lifetime. According to these rates, over 7,000 Boone County students are potentially suffering from a mental health issue. In Columbia, 19.6% of students (Missouri Safe and Drug Free Schools 2010) surveyed answered that during the last 30 days, they had "often" or "always" felt sad, 25.7% "often" or "always" felt grouchy, and 14.5% "often" or "always" felt helpless about the future. According to the Adolescent Health Needs Assessment prepared by the Columbia/Boone County Department of Public Health and Human Services (2012), suicide is one of the principal causes of death among adolescents ages 15 to 24 (Belfer, 2008). In a 2010 survey (Missouri Safe and Drug Free Schools), 13.55% of those surveyed responded that suicide had been considered, while 10% responded that they had made a suicide plan. Burrell has developed its community psychiatric rehabilitation (CPR) program to offer comprehensive, evidence-based practices.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Impediments impacting the program stem from the ability to consistently serve some of the uninsured, underinsured, private insurance, and those with diagnosis restrictions due to changes in state funding. Burrell proposes to limit the caseload to 80 families in the first year, with the goal of maintaining the caseload size in succeeding years. Some youth and families in the program may later qualify for state funding and will be transferred to CPRC services, freeing them of the restrictions. Other challenges involve client engagement and clients' ability to pay sliding scale fees.

d. Total number of unduplicated individuals to be served by the proposed program:

80

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

4279.35

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of

time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. **No individual should be counted twice under any sub-section.**

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

6

b. Provide information on the types of training that will be offered. (1500 character limit)

Six treatment providers will be trained for the Family Health Program which includes Program Director (1), Supervisor/Therapist (1), Psychiatric Care Coordinators (3) and Supported Education and Employment Specialist (1). FHP staff will participate in TIP (Transition to Independence Process) Training, plus several free trainings offered by BBH as required for all-staff and multiple entities including Missouri Department of Mental Health (DMH), Certification and Accreditation of Rehabilitative Facilities (CARF), Missouri Medicaid, Certified Community Behavioral Health Centers (CCBHC). Training topics range from motivational interviewing, cognitive behavioral therapy, and dialectical behavioral therapy techniques to suicide prevention and response, crisis response, family conflict resolution, and social-emotional skill development.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

Open access for enrollment during clinic hours on Monday-Friday, 8am-5pm. Individualized treatment provided in community setting between hours of 7am-8pm, Monday-Friday. Crisis services provided through Burrell Crisis Hotline and on-call provider response 24 hrs/day, Monday-Sunday.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Eligibility requirements include: 1) Youth between ages birth-19 years old, 2) Youth resides in Boone County, 3) Youth has been diagnosed with mental health disorder or serious emotional disturbance, 4) Youth has a demonstrated level of impairment in at least three areas of functioning evidenced by DLA or DECA score, 5) Youth has private insurance or no insurance, 6) Youth has Medicaid Insurance but does not have a CPR eligible diagnosis established by Missouri Medicaid or Missouri Department of Mental Health.

c. Will program consumers be charged a fee for the proposed program service(s)?

Yes

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

FHP enrollees must receive psychiatric case management services. Enrollees have options to also receive psychiatric medication management services, therapy services, and supported education and employment services. Number and frequency of services received in combination with income and household size determines program fees. See sliding scale fee attachment.

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Narrative

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Currently, Burrell Administration is in the process of developing a sliding fee schedule, but it remains in draft form and is not yet approved by the Board. Burrell anticipates using a sliding fee schedule, upon approval. The sliding fee schedule will assist with the cost of services while making services affordable for those with lower incomes and fewer resources.

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Currently, Burrell Administration is in the process of developing a sliding fee schedule, but it remains in draft form and is not yet approved by the Board. Burrell anticipates using a sliding fee schedule, upon approval. The sliding fee schedule will assist with the cost of services while making services affordable for those with lower incomes and fewer resources.

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Program Director and Supervisor/Therapist: Master's degree and license, provisionally-licensed with oversight of licensed provider.

Child Psychiatrist: MD with specialization in Psychiatry.

Psychiatric Care Coordinator: Bachelor's degree in child/family development, psychology, social work or human services. Missouri Driver's License

Supported Education and Employment Specialist: Bachelor's level degree in fields related to human services; Missouri Driver's License

Research Assistant: Bachelor's degree in social science or other research field.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

Burrell Behavioral Health receives CARF (Certified Accreditation for Rehabilitation Facilities) accreditation for a three-year time period.

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

2017-2020

If Yes - Provide a description of the accreditation process: (600 character limit)

The accreditation decision is based on the review by a team of CARF surveyors on Burrell's conformance to the CARF standards. CARF surveyors review physical facility locations, guidelines/policies/procedures for service delivery, staff training and quality improvement and electronic medical records.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Family Health Program will use the standards and best practices that have been long-established for psychiatric case management services through the Missouri Department of Mental Health.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

Burrell is an administrative agent of the Missouri Department of Mental Health. Burrell has been a forerunner in the use of evidence-based practices in behavioral healthcare and has won multiple national, regional, and state awards. In 2011, Burrell was honored with the National Award for Excellence in Behavioral Healthcare Management; 2016, 2010, 2000-2003 the National Council of Community Behavioral Healthcare Award of Excellence; and 2015 Outstanding Performer in Housing Development awarded by the Missouri Department of Mental Health.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

Burrell will employ the following evidence-based practices, all of which may be found on SAMHSA's National Registry of Evidence-based Programs and Practices website <http://nrepp.samhsa.gov>: 1) Cognitive-Behavioral Therapy (CBT) because it has the strongest research base for effectiveness; 2) Trauma-Focused CBT because it is designed to treat post-traumatic stress, emotional, and behavioral problems in children and adolescents; 3) Community Psychiatric Rehabilitation Model (ACT) because it increases clients' ability to engage in positive behaviors regardless of negative thoughts or feelings; 4) Parent-Child Interactive Therapy because it is designed for younger children and focuses on improving the parent-child relationship; 5) Parent Management Training because it focuses on promoting child and family wellness; and, 6) Motivational Interviewing because it is client-centered and goal-oriented to stimulate behavioral change. The Child & Family Health Team has been modeled after, and enhanced from, the DMH Community Psychiatric Rehabilitation Model which is approved by the state and Medicaid.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Psychiatric case management services are unique from other case management services. The term "case management" is used to describe a variety of human services, but community-based psychiatric case management provides direct care services to youth and families including skill building, symptom management, crisis prevention, response and postvention, coordination of care with other human service organizations, clinical assessment of symptoms, diagnosis and treatment plans. These services mostly occur in community settings including home, school and other locations, in addition to clinical setting. Psychiatric case management services provide additional mental health support in a client's natural environment to reach optimal outcomes at a frequency that ranges from monthly to multiple times per week, depending on acuity. These services reduce crisis situations, hospitalizations and out-of-home or out-of-school placement. Additionally, the program includes Supported Education and Employment Services (SEES) for middle and high-school aged youth enrolled in FHP and Burrell Partnership Schools. SEES includes teaching skills related to problem-solving, career exploration and post-secondary planning, resume building, employment, symptom management, conflict resolution, and time/money management. Collaboration with the schools affords more opportunity to work with school staff regarding issues such as attendance, grade reports, guidance counseling, and academic/career planning.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Quality Assurance Surveys are conducted on a monthly basis by QMHP (Qualified Mental Health Professional) staff and this feedback is provided to the clinical team. Clinical screening tools are used to collect clinical and other information to measure improvement, service delivery and consumer satisfaction at intake, quarterly and time of annual review or discharge from services. Those screening tools include GAD7, Patient Health Questionnaire – 9 (PHQ9), Substance Use Disorder Screening (SUDS) for youth ages 12 – 19 years old, and Daily Living Activities -20 (DLA20) for ages 6-19 years old and Devareaux Early Childhood Assessment (DECA) for youth ages birth – 5 years old. Additionally, Ohio Functional Assessment Battery (OHIO) and the use of collaborative documentation for clients of all ages enrolled in the program. In addition, the project will utilize existing organization-wide QI mechanisms, including suggestion/complaint boxes, which allow clients or staff to provide anonymous feedback in the form of complaints or suggestions that are reviewed on a regular basis and used for ongoing QI projects, and incident reporting mechanisms, which are used to identify areas of need related to clients or staff safety or risk (among many other things). Quality improvement is achieved by making ongoing adjustments to individualized treatment plans and service delivery, staff training, program changes and internal clinic policies and procedures revisions when necessary and feasible.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Quality Assurance Surveys, OHIOs and DLA20, DECA and collaborative documentation are tools used to obtain consumer feedback. Quality Assurance Surveys are conducted on a quarterly basis throughout the course of treatment, or if specific concerns arise. OHIO, DLA and DECA tools are used on intake, quarterly, annual and at time of discharge. Collaborative documentation is the style of clinical documentation that is completed at the end of sessions with clients whereby direct feedback is obtained about their session. In addition, the project will utilize existing organization-wide QI mechanisms, including suggestion/complaint boxes, which allow clients or staff to provide anonymous feedback in the form of complaints or suggestions that are reviewed on a regular basis and used for ongoing QI projects, and incident reporting mechanisms, which are used to identify areas of need related to clients or staff safety or risk (among many other things). Consumer feedback is used to adjust individual treatment goals and service delivery, staff training, program changes and internal clinic policies and procedures revisions when necessary and feasible.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Burrell's partnerships and collaborations: all Boone County (BC) School Districts, BC Schools Mental Health Coalition, Children's Division, private counseling agencies, not-for-profit agencies, MU Assessment Consultation Clinic, MU Psychiatric Center, MUPC Outpatient, The Bridge, Vocational Rehabilitation, Substance Abuse Treatment Facilities (McCambridge, Phoenix House, Preferred, Pathways), Tiger Pediatrics, Green Meadows Pediatrics, Family Impact Center, MedZou, Mid-Missouri Dental, Voluntary Action Center, Central Missouri Food Bank, BC Sheriff Department, Centralia PD, Hallsville PD, Probation and Parole, Love, Inc. The Wardrobe, Central Missouri Community Action, Job Point, Youth Empowerment Zone, Central Missouri Regional Office, Boone County Family Resources, The Thompson Center, Juvenile Courts and Justice Center, Mental Health Court, Housing Authority (Paquin Towers), Family Health Center, Basic Needs Coalition, Project Launch, YC2, Community Transitions, Columbia PD, Community Mental Health Liaison, Juvenile Alternative to Detention Initiative, BC Interagency Team and Emergency Room Diversion Program, Columbia Public School District's Center on Responsive Education, Child/Family Support Process at Paxton Keel and Parkade Elementary schools, Oakland Middle School, and Battle High School. These partnerships allow Burrell and the community to identify students in need of mental health support and streamline access to mental health services.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1500467815_40691_BattleCentCFSP.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

/document/download/filename/1500467815_40764_CoreHallLange.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Program Director	MQ1 Master's, Licensed	FTE1 0.25	SR1 FROM \$54,855.00	SR1 TO \$56,775.93
P2 Therapist/Supervisor	MQ2 Master's, Licensed/Provisional	FTE2 1.00	SR2 FROM \$41,000.00	SR2 TO \$43,920.23
P3 Psychiatrist	MQ3 Licensed, Board Certified	FTE3 0.02	SR3 FROM \$215,000.00	SR3 TO \$230,313.40
P4 Psychiatric Care Coordinators	MQ4 BA, BS, BSW	FTE4 3.00	SR4 FROM \$29,500.00	SR4 TO \$31,601.14
P5 Supported Education and Employment Specialist	MQ5 BA, BS, BSW	FTE5 1.00	SR5 FROM \$29,500.00	SR5 TO \$31,601.14
P6 Research Assistant	MQ6 BA, BS	FTE6 0.10	SR6 FROM \$27,000.00	SR6 TO \$28,923.08
P7 Evaluator	MQ7 MA, MS	FTE7 0.05	SR7 FROM \$57,189.00	SR7 TO \$61,262.29

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Program Director: Responsible for program oversight, quality improvement, budget, proposal/contracts, reports and critical case consultations and staff recruitment, hiring and training.

Supervisor/Therapist: Responsible for direct supervision of Psychiatric Care Coordinators and Supported Education and Employment Specialist positions, conducting clinical assessments and diagnostic assignment, conducting crisis screenings and providing individual and family therapy services.

Psychiatric Care Coordinators: Responsible for providing psychiatric case management services to clients assigned on their caseload, conducting screening tools and required documentation within the client's medical record.

Supported Education and Employment Specialist: Responsible for providing direct care and support to clients assigned on their caseload, in addition to networking and establishing relationships with employers in the community. Employ screening tools and compiling required documentation within the client's medical record. Research Assistant: Requires Bachelor's degree and will conduct data collection activities, research analysis and data reports.

Evaluator: Requires a Master's degree and will supervise the Research Assistant. Responsible for program evaluation, including quality assurance.

Minimum qualifications and salary ranges are based on similar or equivalent positions within the organization and clinical standards identified by Medicaid and Department of Mental Health.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Memorandum of Understanding (MOU)

Burrell Behavioral Health (BBH) and Columbia Public Schools (CPS) have come together as partners to collaborate for the purpose of providing CPS behavioral health consultation and to increase access to mental health supports for families in CPS whose students receive education at CPS's Center of Responsive Education (CORE). This relationship has been productive and long-standing and has increased supports for families, school attendance and student success.

BBH and CPS desire to reflect in a Memorandum of Understanding the services to be provided through the collaboration and the roles/responsibilities of each organization. The agencies desire to expand the historical informal collaboration so that all students served at CORE have an opportunity to receive support for mental and behavioral concerns and want this MOU to reflect a more formal relationship to describe the sharing of information and roles/activities of both agencies when addressing mental health and behavioral needs of students in CPS who receive education at CORE.

Description of Partner Agencies

Columbia Public Schools (CPS)

CPS is a public school district serving the students residing within the Columbia, MO public school district boundaries. Students receive referral and intervention services to address behavioral and learning needs, as appropriate. Assistance to access services in the community is provided by school district staff through collaboration with community agencies.

Burrell Behavioral Health (BBH)

Burrell is a private, not-for-profit organization that provides a wide range of mental health services for individuals and families. Services are designed to be responsive to the specific needs of the individuals and families served. Services include mental health screenings, assessments, treatment planning, outpatient individual or family therapy, psychiatric consult, medication management, case management and crisis services. BBH has all appropriate professional licenses and certifications which are required to perform all job duties and responsibilities described in this agreement.

History of Relationship

BBH and CPS have historically informally collaborated to provide students and their families access to a continuum of services designed to address social, emotional and behavioral needs of students.

Roles and Responsibilities

It is agreed by and between the partners as follows:

CPS will provide a BBH CSS (Community Support Specialist) an office space at CORE. If shared office space, privacy and confidentiality shall be maintained by the individuals in this office space.

The CSS shall adhere to CPS policies while on school district premises, as well as adhere to BBH policies for delivery of direct client care. The CSS staff will be supervised by the BBH Director of Community Psychiatric Rehabilitation (CPR) and is an employee of BBH.

Compliance with HIPAA – To the extent that it is required by law, BBH shall ensure that the services it provides in this partnership with CPS complies with all applicable rules, regulations and accreditation standards or requirements, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). Insofar as BBH has access to or has been provided with individually identifiable health information ("IIHI"), as defined in HIPAA, of CPS students or employees, BBH agrees it shall: (A) Only use or disclose IIHI as permitted: (1) under this Agreement; or, (2) by CPS under the HIPAA rules; (B) Use appropriate safeguards to prevent misuse of IIHI; (C) Make IIHI available to CPS if it is necessary to comply with its access and amendment requirements as set forth under the HIPAA rules; (D) Return or destroy all IIHI upon termination of this Agreement; (E) Report any improper disclosure of IIHI immediately to CPS. Compliance with FERPA – CPS shall maintain confidentiality of personally identifiable information about CPS's students as required by the Family Educational Rights and Privacy Act regulations.

With respect to CPS's students, BBH shall also comply in all respects with the requirements of FERPA and cooperate with CPS to ensure that the FERPA rights of each student, parent or eligible student are observed.

CPS shall share, personally identifiable information about a student with BBH (and/or CSS) when CPS determines that BBH has a legitimate educational interest (e.g. a need to know) in order to provide services to that student and family as CPS's behavioral health consultant; however, personally identifiable information about a student will only be shared with BBH with parent consent if for purposes other than a legitimate educational interest.

The CSS shall participate as an active member of the school's Problem Solving Team, as requested by CPS staff/team.

The CSS shall support students in CORE's setting by assisting with de-escalation and communicating with parents regarding critical situations, and model use of specific problem-solving and coping skills in non-academic settings.

Both parties will share necessary information as requested by the other party for the purpose of monitoring progress of the collaboration; sharing of information is subject to confidentiality requirements of FERPA.

When a student is referred to CORE services, the CSS will further assess student and family to clearly identify goals and eligibility for mental health services through BBH.

This relationship has no cost to the school district.

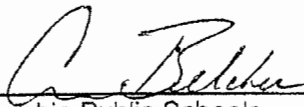

Regular scheduled meetings between partners will be held to monitor the progress of the students and the success of the collaboration as a whole.

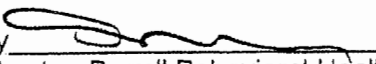

Timeline

The roles and responsibilities described above will be reviewed and evaluated yearly.

Commitment to Partnership

MEMORANDUM OF UNDERSTANDING (MOU)

Burrell Behavioral Health (BBH) and **Hallsville R-IV School District (HR4)** have come together as partners to collaborate for the purpose of providing HR4 behavioral health consultation and to increase access to mental health supports for families and students who attend HR4.

BBH and HR4 desire to reflect in a Memorandum of Understanding the services to be provided through the collaboration and the roles/responsibilities of each organization. The agencies desire to enhance the collaboration so that students served at HR4 have an opportunity to receive support for mental health and behavioral concerns and want this MOU to reflect a more formal relationship to describe the sharing of information and roles/activities of both agencies when addressing mental health and behavioral needs of students attending HR4.

Description of Partner Agencies

Hallsville R-IV School District (HR4) is a public school district serving the students residing within the HR4 public school district boundaries. Students receive referral and intervention services to address behavioral and learning needs, as appropriate. Assistance to access services in the community is provided by school district staff through collaboration with community agencies.

Burrell Behavioral Health (BBH)

Burrell is a private, not-for-profit organization that provides a wide range of mental health services for individuals and families. Services are designed to be responsive to the specific needs of the individuals and families served. Services include mental health screenings, assessments, treatment planning, outpatient individual or family therapy, parent management training, psychiatric consult, medication management, case management and crisis services. BBH has all appropriate professional licenses and certifications which are required to perform all job duties and responsibilities described in this agreement.

Roles and Responsibilities

It is agreed by and between the partners as follows:

Hallsville R-IV School District (HR4) will provide a BBH CSS (Community Support Specialist) an office within the school district. If shared office space, privacy and confidentiality shall be maintained by the individuals in this office space.

The CSS shall adhere to HR4 policies while on school district premises, as well as adhere to BBH policies for delivery of direct client care. The CSS staff will be supervised

by the BBH Director of Community Psychiatric Rehabilitation (CPR) and is an employee of BBH.

Compliance with HIPAA – To the extent that it is required by law, BBH shall ensure that the services it provides in this partnership with HR4 complies with all applicable rules, regulations and accreditation standards or requirements, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). Insofar as BBH has access to or has been provided with individually identifiable health information ("IIHI"), as defined in HIPAA, of HR4 students or employees, BBH agrees it shall: (A) Only use or disclose IIHI as permitted: (1) under this Agreement; or, (2) by HR4 under the HIPAA rules; (B) Use appropriate safeguards to prevent misuse of IIHI; (C) Make IIHI available to HR4 if it is necessary to comply with its access and amendment requirements as set forth under the HIPAA rules; (D) Return or destroy all IIHI upon termination of this Agreement; (E) Report any improper disclosure of IIHI immediately to HR4.

Compliance with FERPA – Hallsville R-IV School District (HR4) shall maintain confidentiality of personally identifiable information about HR4 students as required by the Family Educational Rights and Privacy Act regulations. With respect to HR4 students, BBH shall also comply in all respects with the requirements of FERPA and cooperate with HR4 to ensure that the FERPA rights of each student, parent or eligible student are observed.

Hallsville R-IV School District (HR4) shall share, personally identifiable information about a student with BBH when HR4 determines that BBH has a legitimate educational interest (e.g. a need to know) in order to provide services to that student and family as HR4 behavioral health consultant and with the purpose of problem solving and supporting students and families in accessing mental health support available to them; however, personally identifiable information about a student will only be shared with BBH with parent consent if for purposes other than a legitimate educational interest.

BBH shall participate as an active member of the school's Problem Solving Team, as requested by HR4 staff/team.

BBH shall support students in the school setting by assisting with verbal de-escalation and communicating with parents regarding critical situations, and model use of specific problem-solving and coping skills in non-academic settings.

Both parties will share necessary information as requested by the other party for the purpose of monitoring progress of the collaboration; sharing of information is subject to confidentiality requirements of FERPA and HIPAA

When a family agrees to BBH services, BBH staff will assess student and family to clearly identify goals and eligibility for mental health services through BBH.

This relationship has no cost to the school district.

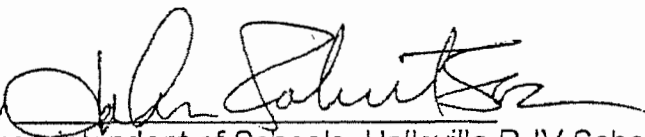

Regular scheduled meetings between partners will be held to monitor the progress of the students and the success of the collaboration as a whole.

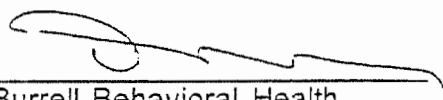

Timeline

The roles and responsibilities described above will be reviewed and evaluated yearly.

Memorandum of Understanding (MOU)

Burrell Behavioral Health (BBH) and Columbia Public Schools (CPS) have come together as partners to collaborate to increase access to mental health supports for families in CPS whose students receive education at the Lange Middle School. This relationship has been productive and long-standing and has increased supports for families, school attendance and student success.

BBH and CPS desire to set forth a Memorandum of Understanding outlining the services to be provided by the collaboration and the roles/responsibilities of each organization. The agencies desire to expand this collaboration to offer all students served at Lange Middle School and the opportunity to receive support for mental and behavioral concerns.

A formal relationship is desired to describe the sharing of information and roles/activities of both agencies when addressing mental health and behavioral needs of students in CPS who receive education at Lange Middle School.

The goal of this MOU is to describe roles and responsibilities of both agencies as increased access to mental health and behavioral intervention is achieved for students and families.

Description of Partner Agencies

Columbia Public Schools (CPS)

CPS is a public school district serving the students residing within the Columbia, MO public school district boundaries. Students receive referral and intervention services to address behavioral and learning needs, as appropriate. Assistance to access services in the community is provided by school district staff through collaboration with community agencies.

Burrell Behavioral Health (BBH)

Burrell is a private, not-for-profit organization that provides a wide range of mental health services for individuals and families. Services are designed to be responsive to the specific needs of the individuals and families served. Services include mental health screenings, assessments, treatment planning, outpatient individual or family therapy, psychiatric consult, medication management, case management and crisis services. BBH has all appropriate professional licenses and certifications which are required to perform all job duties and responsibilities described in this agreement.

History of Relationship

BBH and CPS have long informally collaborated to provide students and their families' access to a continuum of services designed to address social, emotional and behavioral needs of students who are served in common.

Roles and Responsibilities

It is agreed by and between the partners as follows:

CPS will provide a BBH CSS (Community Support Specialist) an office space at Lange Middle School. If shared office space, privacy and confidentiality will be maintained by the individuals in this office space.

The CSS will adhere to CPS policies while on school district premises, as well as adhere to BBH policies for delivery of direct client care. The CSS staff will be supervised by the Director of Community Psychiatric Rehabilitation (CPR).

Compliance with HIPAA – To the extent that it is required by law, Burrell warrants that the services it provides in this partnership with CPS comply with all applicable rules, regulations and accreditation standards or requirements, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). Insofar as Burrell has access to or has been provided with individually identifiable health information ("IIHI"), as defined in HIPAA, of District's students or employees, Burrell agrees it shall: (A) Only use or disclose IIHI as permitted: (1) under this Agreement; or, (2) by District under the HIPAA rules; (B) Use appropriate safeguards to prevent misuse of IIHI; (C) Make IIHI available to District if it is necessary to comply with its access and amendment requirements as set forth under the HIPAA rules; (D) Return or destroy all IIHI upon termination of this Agreement; (E) Report any improper disclosure of IIHI immediately to District. With respect to Burrell clients, school personnel will comply in all respects with HIPAA requirements.

Compliance with FERPA – School shall maintain confidentiality concerning personally identifiable information about District's students who are involved in the Program as required by the Family Educational Rights and Privacy Act.

With respect to District's students, Burrell shall also comply in all respects with the requirements of FERPA and cooperate with the District to insure that the FERPA rights of each student, parent or eligible student is provided services pursuant to the Program are observed.

School and BBH evaluation results, treatment plans and ongoing essential information will be share by both parties as needed.

The CSS will participate as an active member of the school's Problem Solving Team, as requested.

The CSS will support students in school setting by assisting with de-escalation and communicating with parents regarding critical situations, and model use of specific problem-solving and coping skills in non-academic settings. The CSS will perform all duties identified within Burrell Behavioral Health Community Support Specialist job description.

Both parties will provide necessary program evaluation information as requested.

When a student is referred to Lange Middle School services, the CSS will further assess student and family to clearly identify goals and eligibility for mental health services through BBH.

This relationship has no cost to the school district.

Regular scheduled meetings between partners will be held to monitor the progress of the students and program at large.

Timeline

The roles and responsibilities described above will be reviewed and evaluated yearly.

Memorandum of Understanding (MOU)

Burrell Behavioral Health (BBH) and Columbia Public Schools (CPS) have come together as partners to collaborate for the purpose of providing CPS behavioral health consultation and to increase access to mental health supports for families in CPS whose students attend Oakland Middle School. This relationship has been productive and long-standing and has increased supports for families, school attendance and student success.

BBH and CPS desire to reflect in a Memorandum of Understanding the services to be provided through the collaboration and the roles/responsibilities of each organization. The agencies desire to expand the historical informal collaboration so that students served at Oakland Middle have an opportunity to receive support for mental health and behavioral concerns and want this MOU to reflect a more formal relationship to describe the sharing of information and roles/activities of both agencies when addressing mental health and behavioral needs of students attending Oakland Middle School.

Description of Partner Agencies

Columbia Public Schools (CPS)

CPS is a public school district serving the students residing within the Columbia, MO public school district boundaries. Students receive referral and intervention services to address behavioral and learning needs, as appropriate. Assistance to access services in the community is provided by school district staff through collaboration with community agencies.

Burrell Behavioral Health (BBH)

Burrell is a private, not-for-profit organization that provides a wide range of mental health services for individuals and families. Services are designed to be responsive to the specific needs of the individuals and families served. Services include mental health screenings, assessments, treatment planning, outpatient individual or family therapy, psychiatric consult, medication management, case management and crisis services. BBH has all appropriate professional licenses and certifications which are required to perform all job duties and responsibilities described in this agreement.

History of Relationship

BBH and CPS have historically informally collaborated to provide students and their families access to a continuum of services designed to address social, emotional and behavioral needs of students.

Roles and Responsibilities

It is agreed by and between the partners as follows:

CPS will provide a BBH CSS (Community Support Specialist) an office space at Oakland. If shared office space, privacy and confidentiality shall be maintained by the individuals in this office space.

The CSS shall adhere to CPS policies while on school district premises, as well as adhere to BBH policies for delivery of direct client care. The CSS staff will be supervised by the BBH Director of Community Psychiatric Rehabilitation (CPR) and is an employee of BBH.

Compliance with HIPAA – To the extent that it is required by law, BBH shall ensure that the services it provides in this partnership with CPS complies with all applicable rules, regulations and accreditation standards or requirements, including the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”). Insofar as BBH has access to or has been provided with individually identifiable health information (“IIHI”), as defined in HIPAA, of CPS students or employees, BBH agrees it shall: (A) Only use or disclose IIHI as permitted: (1) under this Agreement; or, (2) by CPS under the HIPAA rules; (B) Use appropriate safeguards to prevent misuse of IIHI; (C) Make IIHI available to CPS if it is necessary to comply with its access and amendment requirements as set forth under the HIPAA rules; (D) Return or destroy all IIHI upon termination of this Agreement; (E) Report any improper disclosure of IIHI immediately to CPS.

Compliance with FERPA – CPS shall maintain confidentiality of personally identifiable information about CPS’s students as required by the Family Educational Rights and Privacy Act regulations. With respect to CPS’s students, BBH shall also comply in all respects with the requirements of FERPA and cooperate with CPS to ensure that the FERPA rights of each student, parent or eligible student are observed.

CPS shall share, personally identifiable information about a student with BBH when CPS determines that BBH has a legitimate educational interest (e.g. a need to know) in order to provide services to that student and family as CPS’s behavioral health consultant. In that role, the CSS shall serve on the building problem solving team. Personally identifiable information about a student will only be shared with BBH with parent consent if for purposes other than a legitimate educational interest.

BBH shall participate as an active member of the school’s Problem Solving Team, as requested by CPS staff/team.

BBH shall support students in the school setting by assisting with de-escalation and communicating with parents regarding critical situations, and model use of specific problem-solving and coping skills in non-academic settings.

Both parties will share necessary information as requested by the other party for the purpose of monitoring progress of the collaboration; sharing of information is subject to confidentiality requirements of FERPA and HIPAA

When a family agrees to BBH services, BBH staff will assess student and family to clearly identify goals and eligibility for mental health services through BBH.

This relationship has no cost to the school district.

Regular scheduled meetings between partners will be held to monitor the progress of the students and the success of the collaboration as a whole.

Timeline

The roles and responsibilities described above will be reviewed and evaluated yearly.

Memorandum of Understanding (MOU)

Burrell Behavioral Health (BBH) and Columbia Public Schools (CPS) have come together as partners to collaborate for the purpose of providing CPS behavioral health consultation and to increase access to mental health supports for Families in CPS whose students attend Parkade Elementary. This relationship has been productive and long-standing and has increased supports for families, school attendance and student success.

BBH and CPS desire to reflect in a Memorandum of Understanding the services to be provided through the collaboration and the roles/responsibilities of each organization. The agencies desire to expand the historical informal collaboration so that students served at Parkade have an opportunity to receive support for mental health and behavioral concerns and want this MOU to reflect a more formal relationship to describe the sharing of information and roles/activities of both agencies when addressing mental health and behavioral needs of students attending Parkade Elementary.

Description of Partner Agencies

Columbia Public Schools (CPS)

CPS is a public school district serving the students residing within the Columbia, MO public school district boundaries. Students receive referral and intervention services to address behavioral and learning needs, as appropriate. Assistance to access services in the community is provided by school district staff through collaboration with community agencies.

Burrell Behavioral Health (BBH)

Burrell is a private, not-for-profit organization that provides a wide range of mental health services for individuals and families. Services are designed to be responsive to the specific needs of the individuals and families served. Services include mental health screenings, assessments, treatment planning, outpatient individual or family therapy, psychiatric consult, medication management, case management and crisis services. BBH has all appropriate professional licenses and certifications which are required to perform all job duties and responsibilities described in this agreement.

History of Relationship

BBH and CPS have historically informally collaborated to provide students and their families access to a continuum of services designed to address social, emotional and behavioral needs of students.

Roles and Responsibilities

It is agreed by and between the partners as follows:

CPS will provide a BBH CSS (Community Support Specialist) an office space at Parkade. If shared office space, privacy and confidentiality shall be maintained by the individuals in this office space.

The CSS shall adhere to CPS policies while on school district premises, as well as adhere to BBH policies for delivery of direct client care. The CSS staff will be supervised by the BBH Director of Community Psychiatric Rehabilitation (CPR) and is an employee of BBH.

Compliance with HIPAA – To the extent that it is required by law, BBH shall ensure that the services it provides in this partnership with CPS complies with all applicable rules, regulations and accreditation standards or requirements, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). Insofar as BBH has access to or has been provided with individually identifiable health information ("IIHI"), as defined in HIPAA, of CPS students or employees, BBH agrees it shall: (A) Only use or disclose IIHI as permitted: (1) under this Agreement; or, (2) by CPS under the HIPAA rules; (B) Use appropriate safeguards to prevent misuse of IIHI; (C) Make IIHI available to CPS if it is necessary to comply with its access and amendment requirements as set forth under the HIPAA rules; (D) Return or destroy all IIHI upon termination of this Agreement; (E) Report any improper disclosure of IIHI immediately to CPS.

Compliance with FERPA – CPS shall maintain confidentiality of personally identifiable information about CPS's students as required by the Family Educational Rights and Privacy Act regulations. With respect to CPS's students, BBH shall also comply in all respects with the requirements of FERPA and cooperate with CPS to ensure that the FERPA rights of each student, parent or eligible student are observed.

CPS shall share, personally identifiable information about a student with BBH when CPS determines that BBH has a legitimate educational interest (e.g. a need to know) in order to provide services to that student and family as CPS's behavioral health consultant. In that role, the CSS shall serve on the building problem solving team. Personally identifiable information about a student will only be shared with BBH with parent consent if for purposes other than a legitimate educational interest.

BBH shall participate as an active member of the school's Problem Solving Team, as requested by CPS staff/team.

BBH shall support students in the school setting by assisting with de-escalation and communicating with parents regarding critical situations, and model use of specific problem-solving and coping skills in non-academic settings.

Both parties will share necessary information as requested by the other party for the purpose of monitoring progress of the collaboration; sharing of information is subject to confidentiality requirements of FERPA and HIPAA

When a family agrees to BBH services, BBH staff will assess student and family to clearly identify goals and eligibility for mental health services through BBH.

This relationship has no cost to the school district.

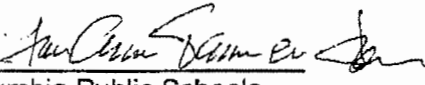

Regular scheduled meetings between partners will be held to monitor the progress of the students and the success of the collaboration as a whole.

Memorandum of Understanding (MOU)

Burrell Behavioral Health (BBH) and Centralia R-VI School District have come together as partners to collaborate for the purpose of providing Centralia R-VI School District behavioral health consultation and to increase access to mental health supports for families and students who attend Centralia R-VI School District.

BBH and Centralia R-VI School District desire to reflect in a *Memorandum of Understanding* the services to be provided through the collaboration and the roles/responsibilities of each organization. The agencies desire to enhance the collaboration so that students served at Centralia R-VI School District have an opportunity to receive support for mental health and behavioral concerns and want this MOU to reflect a more formal relationship to describe the sharing of information and roles/activities of both agencies when addressing mental health and behavioral needs of students attending Centralia R-VI School District.

Description of Partner Agencies

Centralia R-VI School District

Centralia R-VI School District is a public school district serving the students residing within the Centralia R-VI School District boundaries. Students receive referral and intervention services to address behavioral and learning needs, as appropriate. Assistance to access services in the community is provided by school district staff through collaboration with community agencies.

Burrell Behavioral Health (BBH)

Burrell is a private, not-for-profit organization that provides a wide range of mental health services for individuals and families. Services are designed to be responsive to the specific needs of the individuals and families served. Services include mental health screenings, assessments, treatment planning, outpatient individual or family therapy, parent management training, psychiatric consult, medication management, case management and crisis services. BBH has all appropriate professional licenses and certifications which are required to perform all job duties and responsibilities described in this agreement.

Roles and Responsibilities

It is agreed by and between the partners as follows:

Centralia R-VI School District will provide a BBH CSS (Community Support Specialist) an office within the school district. If shared office space, privacy and confidentiality shall be maintained by the

individuals in this office space.

The CSS shall adhere to Centralia R-VI School District policies while on school district premises, as well as adhere to BBH policies for delivery of direct client care. The CSS staff will be supervised by the BBH

Director of Community Psychiatric Rehabilitation (CPR) and is an employee of BBH.

Compliance with HIPAA – To the extent that it is required by law, BBH shall ensure that the services it provides in this partnership with Centralia R-VI School District complies with all applicable rules, regulations and accreditation standards or requirements, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). Insofar as BBH has access to or has been provided with individually identifiable health information ("IIHI"), as defined in HIPAA, of Centralia R-VI School District students or employees, BBH agrees it shall: (A) Only use or disclose IIHI as permitted: (1) under this Agreement; or, (2) by Centralia R-VI School District under the HIPAA rules; (B) Use appropriate safeguards to prevent misuse of IIHI; (C) Make IIHI available to Centralia R-VI School District if it is necessary to comply with its access and amendment requirements as set forth under the HIPAA rules; (D) Return or destroy all IIHI upon termination of this Agreement; (E) Report any improper disclosure of IIHI immediately to Centralia R-VI School District .

Compliance with FERPA – Centralia R-VI School District shall maintain confidentiality of personally identifiable information about Centralia R-VI School District students as required by the Family Educational Rights and Privacy Act regulations. With respect to Centralia R-VI School District students, BBH shall also comply in all respects with the requirements of FERPA and cooperate with Centralia R-VI Schools to ensure that the FERPA rights of each student, parent or eligible student are observed.

Centralia R-VI School District shall share, personally identifiable information about a student with BBH when Centralia R-VI School District determines that BBH has a legitimate educational interest (e.g. a need to know) in order to provide services to that student and family as Centralia R-VI School District behavioral health consultant and with the purpose of problem solving and supporting students and families in accessing mental health support available to them; however, personally identifiable information about a student will only be shared with BBH with parent consent if for purposes other than a legitimate educational interest.

BBH shall participate as an active member of the school's Problem Solving Team, as requested by Centralia R-VI School District staff/team.

BBH shall support students in the school setting by assisting with verbal de-escalation and communicating with parents regarding critical situations, and model use of specific problem-solving and coping skills in non-academic settings.

Both parties will share necessary information as requested by the other party for the purpose of monitoring progress of the collaboration; sharing of information is subject to confidentiality requirements of FERPA and HIPAA.

When a family agrees to BBH services, BBH staff will assess student and family to clearly identify goals and eligibility for mental health services through BBH.

This relationship has no cost to the school district.

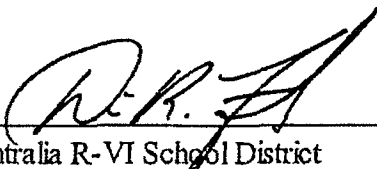

Regular scheduled meetings between partners will be held to monitor the progress of the students and the success of the collaboration as a whole.

Memorandum of Understanding (MOU)

Burrell Behavioral Health (BBH) and Columbia Public Schools (CPS) have come together as partners to collaborate for the purpose of providing CPS behavioral health consultation and to increase access to mental health supports for Families in CPS whose students participate in the Child and Family Support Process (CFSP).

BBH and CPS desire to reflect in a Memorandum of Understanding the services to be provided through the collaboration and the roles/responsibilities of each organization. The agencies desire to expand the historical informal collaboration so that all students served by CFSP have an opportunity to receive support for mental health and behavioral concerns and want this MOU to reflect a more formal relationship to describe the sharing of information and roles/activities of both agencies when addressing mental health and behavioral needs of students participating in CFSP.

Description of Partner Agencies

Columbia Public Schools (CPS)

CPS is a public school district serving the students residing within the Columbia, MO public school district boundaries. Students receive referral and intervention services to address behavioral and learning needs, as appropriate. Assistance to access services in the community is provided by school district staff through collaboration with community agencies.

Burrell Behavioral Health (BBH)

Burrell is a private, not-for-profit organization that provides a wide range of mental health services for individuals and families. Services are designed to be responsive to the specific needs of the individuals and families served. Services include mental health screenings, assessments, treatment planning, outpatient individual or family therapy, psychiatric consult, medication management, case management and crisis services. BBH has all appropriate professional licenses and certifications which are required to perform all job duties and responsibilities described in this agreement.

History of Relationship

BBH and CPS have historically informally collaborated to provide students and their families access to a continuum of services designed to address social, emotional and behavioral needs of students.

Roles and Responsibilities

It is agreed by and between the partners as follows:

CPS will provide a BBH CSS (Community Support Specialist) office space. If shared office space, privacy and confidentiality shall be maintained by the individuals in the office space.

The CSS shall adhere to CPS policies while on school district premises, as well as adhere to BBH policies for delivery of direct client care. The CSS staff will be supervised by the BBH Director of Community Psychiatric Rehabilitation (CPR) and is an employee of BBH.

Compliance with HIPAA – To the extent that it is required by law, BBH shall ensure that the services it provides in this partnership with CPS complies with all applicable rules, regulations and accreditation standards or requirements, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). Insofar as BBH has access to or has been provided with individually identifiable health information ("IIHI"), as defined in HIPAA, of CPS students or employees, BBH agrees it shall: (A) Only use or disclose IIHI as permitted: (1) under this Agreement; or, (2) by CPS under the HIPAA rules; (B) Use appropriate safeguards to prevent misuse of IIHI; (C) Make IIHI available to CPS if it is necessary to comply with its access and amendment requirements as set forth under the HIPAA rules; (D) Return or destroy all IIHI upon termination of this Agreement; (E) Report any improper disclosure of IIHI immediately to CPS.

Compliance with FERPA – CPS shall maintain confidentiality of personally identifiable information about CPS's students as required by the Family Educational Rights and Privacy Act regulations. With respect to CPS's students, BBH shall also comply in all respects with the requirements of FERPA and cooperate with CPS to ensure that the FERPA rights of each student, parent or eligible student are observed.

CPS shall share, personally identifiable information about a student with BBH when CPS determines that BBH has a legitimate educational interest (e.g. a need to know) in order to provide services to that student and family as CPS's behavioral health consultant. In that role, the CSS will participate in building problem-solving teams. Personally identifiable information about a student will only be shared with BBH with parent consent if for purposes other than a legitimate educational interest.

BBH staff shall participate as an active member of the CFSP problem solving team.

BBH shall support students in the school setting by assisting with de-escalation and communicating with parents regarding critical situations, and model use of specific problem-solving and coping skills in non-academic settings.

Both parties will share necessary information as requested by the other party for the purpose of monitoring progress of the collaboration; sharing of information is subject to confidentiality requirements of FERPA and HIPAA.

When a family agrees to BBH services, BBH staff will assess student and family to clearly identify goals and eligibility for mental health services through BBH.

This relationship has no cost to the school district.

Regular scheduled meetings between partners will be held to monitor the progress of the students and the success of the collaboration as a whole.

Amount of Request	\$342,348.40
Record Lock	

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Mental Health Care – Assessment/Evaluation/Screening

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Assessment/Evaluation by a QMHP of an individual's history, mental health and functioning with the purpose of establishing a treatment plan and/or diagnosis.

Health Screening to identify if an individual is at risk of experiencing symptoms of a mental health condition.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Evaluation/Annual Assessment will be delivered to each client at time of intake or annual treatment review by a Qualified Mental Health Professional. Information regarding symptoms, diagnosis, testing, impairment and presenting problems or significant changes over course of treatment is gathered. Individualized treatment plan goals are developed from this evaluation/assessment and determine several factors for service delivery including: 1) Level of care, 2) Proposed length of treatment, 3) Types and combination of services including psychiatric medication management, therapy, supported education/employment and psychiatric case management, 4) Referral to other services or agencies as needed and 5) Fee for services.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One hour

b. Unit Rate (#1)

\$480.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

Medicaid Rate for Psychiatric Case Management Evaluation/Annual Assessment

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

Each client admitted to FHP will receive Evaluation at time of intake. Each client who remains enrolled after 365 days will also receive Annual Assessment to determine ongoing eligibility and to resume treatment for additional year.

d. Total Number of Units of Service to be Provided (#1)

120

e. Total Number of Unduplicated Individuals (#1)

80

f. Average Number of Units of Service per Unduplicated Individual (#1)

1.5

g. Average Cost of Service per Individual (#1)

720

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

Yes

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

Although Burrell's sliding scale fee has not yet been approved by the Board, Administration is currently drafting it to be submitted to the Board for approval.

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Initial screenings to determine eligibility is not billed to the county. Clients referred for initial evaluation or annual assessment meet the criteria for psychiatric case management services. FHP clients with Medicaid insurance can only be enrolled in FHP if they do not have a Medicaid-established eligible diagnosis but still have level of impairment that require psychiatric case management services. These services, including evaluation/assessment, are not covered by Medicaid insurance for those with non-qualifying CPR diagnosis, or for those with private insurance or no insurance.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service will be billed to Boone County Children's Services.

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$480.00	1a2. 60	1a3. \$28,800.00
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$57,600.00

b. Proposed Number of Units of Service (#1)

120

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

Burrell anticipates growth in number of clients for psychiatric case management services with a concurrent decrease of access to Medicaid services or health insurance coverage. Factors include federal and state changes to health insurance coverage, as well as State of Missouri and Burrell Behavioral Health participating in two year demonstration project to become Certified Community Behavioral Health Center, which limits the number of youth who can be covered by psychiatric case management services with the current funding structure.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
All newly enrolled clients will receive an initial evaluation.	100% of newly enrolled clients will receive an initial evaluation.	The initial assessment will be completed in the Electronic Health Record (EHR) at the time of intake.
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

The goal for this service is that the initial assessment will be completed for 100% of newly enrolled clients in FHP at the time of intake into the program. This initial assessment, along with other screening and measurement tools, establishes the needs and goals for clients and drives treatment and discharge planning.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

None

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

This assessment is necessary for deriving treatment goals and directing care. Without these assessments, clients cannot receive adequate, individualized, or "right-sized" care.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The indicator can be assessed by determining the presence of the initial assessment for each client in care.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Mental Health Care – Treatment/Care 4.15 FAMILY THERAPY 4.16 GROUP THERAPY- ADULT 4.19 INDIVIDUAL THERAPY- CHILD

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment with a qualified mental health professional for children and adults with a related problem in group and individualized formats. Individual sessions may have additional persons present in a session but focus of a session remains on the individual's treatment plan.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

FHP clients have the option to receive therapy services, continue the use of their outside provider or decline to use therapy services during their course of treatment in the program. Only FHP clients that use FHP therapy services will be billed to the county for reimbursement. Sliding scale fee will be implemented. Individual and family therapy services are provided to clients by Provisionally or Licensed Clinician in the office, home or school setting, as requested by client/family and in coordination with school staff when appropriate and feasible. Clients can receive up to 12 units (12 hours) of therapy services. Therapy sessions scheduled in one hour increments. Clinician will provide therapy services to all age ranges Birth – 19 years old, and refer out for specialty services beyond clinician's experience or scope of practice (E.g., eating disorders, sexual offenders, co-occurring developmental disability or substance use disorders.) Clinician has option to limit or extend therapy services on individual basis when clinically appropriate.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

One hour

b. Unit Rate (#2)

\$60.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

Missouri Department of Mental Health, Medicaid

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

d. Total Number of Units of Service to be Provided (#2)

360

e. Total Number of Unduplicated Individuals (#2)

30

f. Average Number of Units of Service per Unduplicated Individual (#2)

12

g. Average Cost of Service per Individual (#2)

720

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

Yes

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

The fee payment options have not yet been approved by the Board. It is anticipated that these options will be known by the end of the year.

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

Private insurance will be billed for this service.

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

The terms of the service payment options have not yet been determined. It is anticipated the fee schedule will be finalized before the end of 2017.

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service will be billed to Boone County Children's Services.

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>
	2a1.	2a2.	2a3.
a Boone County - Children's Services Funding (#2)	\$60.00	315	\$18,900.00
	2b1.	2b2.	2b3.
	\$0.00	0	\$0.00

b. Boone County - Community Health Funding (#2)

c. City of Columbia - Social Services Funding (#2)	2c1. \$0.00	2c2. 0	2c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#2)	2d1. \$0.00	2d2. 0	2d3. \$0.00
e. Heart of Missouri United Way Funding (#2)	2e1. \$0.00	2e2. 0	2e3. \$0.00

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$21,600.00

b. Proposed Number of Units of Service (#2)

360

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

Based on previous FHP service trends, about 36% of enrolled clients utilized therapy services. Because FHP proposes 80 clients served, that equates to approximately 30 clients that will utilize therapy services (assuming percentage remains same or close to previous funding years.) Each client will be eligible to receive up to 12 weeks of therapy, with the option for provider to extend services in critical circumstances (E.g., actively suicidal clients, grief/loss, family conflict/turmoil, exposure to traumatic and toxic stress.)

Service #2 - Performance Measures

Outcome (2-1)

The indicator can be assessed by determining the presence of the initial assessment for each client in care.

Indicator (2-1)

The indicator can be assessed by determining the presence of the initial assessment for each client in care.

Method of Measurement (2-1)

The indicator can be assessed by determining the presence of the initial assessment for each client in care.

Additional Outcome (2-2)

Improved symptoms of anxiety.

Additional Indicator (2-2)

50% of clients will see improved symptoms related to anxiety.

Additional Method (2-2)

Comparing scores on the GAD-7 from intake to the most recent assessment over time.

Additional Outcome (2-3)

Improved functioning related to specific treatment needs/goals.

Additional Indicator (2-3)

50% of clients will see improved functional skills in at least one area of treatment-related measurement.

Additional Method (2-3)

Comparing the overall DLA scores - as well as scores on items 1 (Health Practices), 3 (Communication), 8 (Problem Solving), and 16 (Coping Skills) - from intake to the most recent assessment over time.

Additional Outcome (2-4)

Improved family functioning.

Additional Indicator (2-4)

50% of clients will see improved family functioning.

Additional Method (2-4)

Comparing the scores on the DLA item 9 (Family Relationships) from intake to the most recent assessment over time.

Additional Outcome (2-5)

Additional Indicator (2-5)

Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

The goals of improving symptoms of depression (1) and anxiety (2), as well as improving functional skills related to treatment (3) and family functioning (4), are of primary focus of therapy and other mental health services. These will each be measured by tools being used by Burrell to assess needs at intake to determine need and treatment goals, as well as monitor progress over time to assess ongoing needs and update treatment plans to address evolving needs.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

External factors and variables that may affect the proposed outcome include 1) client attrition or lack of engagement in therapy services; and 2) the families' inability to afford sliding scale fee amounts which could result in early termination of therapy services, disengagement or fragmented treatment.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

All of the proposed domains are relevant to mental health care for students and families. Symptoms of depression or anxiety cover a very large portion of the client population receiving behavioral health services. Adding functional indicators as well as family functioning provides a more comprehensive review of client monitoring and outcomes assessment than any of these domains could do alone.

d. Provide a rationale for each method of measurement (2). (600 character limit)

Each of the proposed measures is specific to the domains, symptoms, or skills being addressed. For example, the DLA items selected above will provide more detail on individual functional development and improvement over time above and beyond the average/total DLA score would alone. Also, because clients will have varying levels of these skills, and varying needs, they may not be expected to improve any every single item reported above. But, instead, would only be expected to improve on those items related to the domains being addressed by care.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

4.20 PSYCHIATRIC TREATMENT

Service #3 - Taxonomy Definition of Service (300 character limit)

Implementation of a mental health treatment plan that may include psychotherapy and medication adjustments and performed by a licensed psychiatrist.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

FHP clients have the option to receive psychiatric medication management services, continue the use of their outside provider or decline to use psychiatric medication management services during their course of treatment in the program. Only FHP clients that use FHP medication management services will be billed to the county for reimbursement. Sliding scale fee will be implemented. Psychiatric medication management services are provided to clients by Licensed Child Psychiatrist who is certified to treat youth, adolescents and transitional age youth. Clients will receive an average of 4 units/annually. Clinician has option to increase or decrease medication management services when clinically appropriate. Collaboration with hospitals, primary care physicians or pediatricians and other medical staff will occur on individual basis.

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

Fifteen (15) minutes

b. Unit Rate (#3)

\$51.36

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

Missouri Department of Mental Health, Medicaid

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

d. Total Number of Units of Service to be Provided (#3)

80

e. Total Number of Unduplicated Individuals (#3)

20

f. Average Number of Units of Service per Unduplicated Individual (#3)

4

g. Average Cost of Service per Individual (#3)

205.44

Service #3 - Service Fee

a. Will the proposed service (#3) consumers be charged a fee?

Yes

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

The fee payment options have not yet been approved by the Board. It is anticipated that these options will be known by the end of the year.

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)

Private insurance will be billed for this service.

If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service will be billed to Boone County Children's Services.

Service #3 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#3)

Yes (complete the Other Funder's Chart below)

Service #3 - Other Funders Chart

<u>Funders (#3)</u>	<u>Unit Rate (#3)</u>	<u># of Units Funded (#3)</u>	<u>Total Amount Contracted (#3)</u>
	3a1.	3a2.	3a3.
a Boone County - Children's Services Funding (#3)	\$51.36	40	\$2,054.40
	3b1.	3b2.	3b3.
b. Boone County - Community Health Funding (#3)	\$0.00	0	\$0.00
	3c1.	3c2.	3c3.
c. City of Columbia - Social Services Funding (#3)	\$0.00	0	\$0.00
	3d1.	3d2.	3d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#3)	\$0.00	0	\$0.00
	3e1.	3e2.	3e3.
e. Heart of Missouri United Way Funding (#3)	\$0.00	0	\$0.00

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$4,108.80

b. Proposed Number of Units of Service (#3)

80

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

Based on previous FHP service trends, about 26% of enrolled clients used psychiatric medication management services. With t increases in proposed clients served from 60 to 80 for this funding cycle, that equates to approximately 20 clients that will utilize psychiatric medication management services (assuming percentage remains same or close to previous funding years). On average, clients will receive 4 units/year, with the option for provider to increase number of sessions based on acuity (E.g., negative side effects to medications, hospitalizations, suicidal/homicidal, psychosis symptoms.)

Service #3 - Performance Measures

Outcome (3-1)	Indicator (3-1)	Method of Measurement (3-1)
Improved symptoms of depression	50% of clients will see improved symptoms related to depression.	Comparing scores on the PHQ-9 from intake to the most recent assessment over time.
Additional Outcome (3-2)	Additional Indicator (3-2)	Additional Method (3-2)
Improved symptoms of anxiety.	50% of clients will see improved symptoms related to anxiety.	Comparing scores on the GAD-7 from intake to the most recent assessment over time.
Additional Outcome (3-3)	Additional Indicator (3-3)	Additional Method (3-3)
Improved functioning related to specific treatment needs/goals.	50% of clients will see improved functional skills in at least one area of treatment-related measurement.	Comparing the overall DLA scores - as well as scores on items 1 (Health Practices), 3 (Communication), 8 (Problem Solving), and 16 (Coping Skills) - from intake to the most recent assessment over time.
Additional Outcome (3-4)	Additional Indicator (3-4)	Additional Method (3-4)
Additional Outcome (3-5)	Additional Indicator (3-5)	Additional Method (3-5)

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

The goals of improving symptoms of depression (1) and anxiety (2), as well as improving functional skills related to treatment (3) and family functioning (4), are of primary focus of mental health services. These will each be measured by tools being used by Burrell to assess needs at intake to determine need and treatment goals, as well as monitor progress over time to assess ongoing needs and update treatment plans to address evolving needs.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

External factors and variables that may affect the proposed outcome include 1) client attrition or lack of engagement in medication management services; 2) family inability to afford sliding scale fee amounts which could result in early termination of medication management services, disengagement or fragmented treatment; and 3) increases in critical situations, hospitalizations, or environmental factors that influence client's frequency and severity of symptoms.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

All of the proposed domains are relevant to mental health care for youth. Symptoms of depression or anxiety cover a very large portion of the client population receiving behavioral health services. Adding functional indicators provides a more comprehensive review of client monitoring and outcomes assessment than any of these domains could do alone.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

Each of the proposed measures is specific to the domains, symptoms, or skills being addressed. For example, the DLA items selected above will provide more detail on individual functional development and improvement over time above and beyond the average/total DLA score would alone. Also, because clients will have varying levels of these skills, and varying needs, they may not be expected to improve any every single item reported above. But, instead, would only be expected to improve on those items related to the domains being addressed by care.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. [Click here to view document.](#) (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Job Preparation/Training 6.5-6.11, Social Development & Enrichment 9.2-9.9, Youth Development 9.13, Supportive Services 10.11 Case Management

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Job, vocational, personal finance training, behavioral support services, community-based mentoring, site-based mentoring, therapeutic mentoring, positive youth development, case management.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Supported Education and Employment Services are specific case management services designed to meet the needs of youth enrolled in middle and high school. These services will include career exploration and planning, goal-setting, and teaching school and employment skills including resume writing, job application and interviewing, school and work attendance, time management, conflict resolution and interpersonal relationship. SEES staff will also build connections and working relationships with employers within the community to create strong volunteer and employment opportunities for adolescent youth. These services will be best provided to clients enrolled in Burrell Partnership Schools for the ease of reporting, monitoring and coordination.

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

Fifteen (15) minutes

b. Unit Rate (#4)

\$24.44

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

Missouri Department of Mental Health, Medicaid

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

d. Total Number of Units of Service to be Provided (#4)

480

e. Total Number of Unduplicated Individuals (#4)

30

f. Average Number of Units of Service per Unduplicated Individual (#4)

16

g. Average Cost of Service per Individual (#4)

391.04

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

This is not a billable service to insurance. Therefore no client fee will be assessed for this service.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

Supported Education and Employment services are not a billable mental health services to health insurance providers. However, these services are critical to assisting pre-adolescent and adolescent clients with developing the necessary school and work skills to establish long-term success.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

None

Service #4 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)

No (if no, move on to the Funding Request section)

Service #4 - Other Funders Chart

<u>Funders (#4)</u>	<u>Unit Rate (#4)</u>	<u># of Units Funded (#4)</u>	<u>Total Amount Contracted (#9)</u>
a. Boone County - Children's Services Funding (#4)	4a1. \$0.00	4a2. 0	4a3. \$0.00
b. Boone County - Community Health Funding (#4)	4b1. \$0.00	4b2. 0	4b3. \$0.00
c. City of Columbia - Social Services Funding (#4)	4c1. \$0.00	4c2. 0	4c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#4)	4d1. \$0.00	4d2. 0	4d3. \$0.00
e. Heart of Missouri United Way Funding (#4)	4e1. \$0.00	4e2. 0	4d4. \$0.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)

\$0.00

b. Proposed Number of Units of Service (#4)

0

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

This service will cost approximately \$11,731.20 (the case management rate for 30 clients to receive 16 units of service) but will not be billed to the county for reimbursement. This service will be delivered to clients who are in middle and high school who have demonstrated need or impairment in this area and have expressed a desire to address supported education and employment on their individualized treatment plan. This service will not be added to the fee-for-service payment schedule, nor will it be billed to the county for reimbursement.

Services #4 - Performance Measures

Outcome (4-1)	Indicator (4-1)	Method of Measurement (4-1)
Improved school attendance for 6th-8th graders in partner schools.	60% of clients in grades 6-8 at partner schools will see improved attendance rates.	Quarterly class attendance records.
Additional Outcome (4-2)	Additional Indicator (4-2)	Additional Method (4-2)
Improved academic performance for 6th-8th graders in partner schools.	60% of clients in partner schools will see improved academic performance.	Quarterly class grade reports
Additional Outcome (4-3)	Additional Indicator (4-3)	Additional Method (4-3)
Client will be able to identify possible career interests and goals.	60% of clients in partner schools will complete a career and education plan.	Completion of the career plan.
Additional Outcome (4-4)	Additional Indicator (4-4)	Additional Method (4-4)
Freshman will be on-track for graduation	80% of clients in the 9th grade, at partnering schools, will have 6+ credit hours complete toward graduation at the end of their 9th grade.	School reports on complete credit hours at the end of the 9th grade.
Additional Outcome (4-5)	Additional Indicator (4-5)	Additional Method (4-5)
Clients will increased employment or volunteer involvement.	60% of students 16+ will obtain volunteer or employment work within 90 days of beginning supported education and employment (SEE) services.	Attainment of employment or volunteer work within 90 days of SEE services.

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

Goals for this service include: 1) An improvement in school attendance rates for 6th and 8th graders, 2) Improvement in academic performance evidenced by grade reports, 3) Client ability to identify possible career interests and understanding of specific training/education requirements for those

careers, 4) 80% of incoming 9th graders to be on-track for graduation with 6 or more credits, 5) 60% of working-age students obtain volunteer opportunity or employment within 90 days of treatment.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

External factors or variables that may influence the outcomes include: 1) client engagement and follow through with service recommendations, 2) available volunteer and employment opportunities within the community, 3) school-related barriers (e.g., academic schedule, student attendance problems, school willingness to allow BBH staff to provide on-site mentoring and provide attendance and academic progress reports, family's willingness to provide ROIs and allow collaboration of care), and 4) Environmental stressors that result in student's attendance and performance in school or work setting.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

Each of the proposed measures is directly related to the steps or achievements related to increasing school, and thereby employment, success (i.e., expected graduation). The primary purpose is to build into each of these clients the skills necessary to be successful, not to provide support that allows them to be successful (thus creating a dependence on that support). This is done by improving behavioral health, as well as developing a sense of pride and purpose in school and work (or volunteerism).

d. Provide a rationale for each method of measurement (#4) (600 character limit)

Each of the proposed indicators measures a factor or step related to school success, such as graduation from high school.

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

10.13 PSYCHIATRIC CASE MANAGEMENT 10.15 CRISIS INTERVENTION 10.18 PARENT PARTNERSHIP

b. Service #5 - Taxonomy Definition of Service (300 character limit)

Case management for psychiatric treatment by a qualified mental health professional. Access to crisis services and/or link to ongoing assistance. Coordinates parents and organizational staff to work together to support/improve the learning, development, and health of the child(ren).

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Psychiatric case management service is a research-based delivery model. Community support interventions and activities will include screenings for services, evaluations, needs assessments, treatment planning and quarterly reviews, program evaluations, crisis prevention, intervention and postvention, coordination with medication management, psychosocial rehabilitation and therapy services, referrals to existing community resources, building natural supports, skill-building and integrating mental and physical health care interconnected with other agencies and programs that impact the child and family.

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

Fifteen (15) minutes

b. Unit Rate (#5)

\$24.44

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

Missouri Department of Mental Health, Medicaid

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

d. Total Number of Units of Service to be Provided (#5)

10599

e. Total Number of Unduplicated Individuals (#5)

80

f. Average Number of Units of Service per Unduplicated Individual (#5)

132.49

g. Average Cost of Service per Individual (#5)

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

Yes

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

Burrell's Board has not yet approved the sliding fee scale as it is still in development.

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

Psychiatric case management services are not covered by private insurance. Medicaid insurance covers psychiatric case management services only for specific age and diagnostic criteria. Because clients that receive FHP psychiatric case management services will be uninsured, private insured or Medicaid insured without a qualifying diagnosis, these services will not be billed to third-party payor.

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

It will be billed to Boone County Children's Services fund.

Service #5 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#5)

No (if no, move on to the Funding Request section)

Service #5 - Other Funders Chart

<u>Funders (#5)</u>	<u>Unit Rate (#5)</u>	<u># of Units Funded (#5)</u>	<u>Total Amount Contracted (#5)</u>
a. Boone County - Children's Services Funding (#5)	5a1. \$0.00	5a2. 0	5a3. \$0.00
b. Boone County - Community Health Funding (#5)	5b1. \$0.00	5b2. 0	5b3. \$0.00
c. City of Columbia - Social Services Funding (#5)	5c1. \$0.00	5c2. 0	5c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#5)	5d1. \$0.00	5d2. 0	5d3. \$0.00
e. Heart of Missouri United Way (#5)	5e1. \$0.00	5e2. 0	5e3. \$0.00

Service #5 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#5)

\$259,039.60

b. Proposed Number of Units of Service (#5)

10599

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#5) (600 character limit)

Burrell anticipates an increase in clients that meet the need for psychiatric case management services with a concurrent decrease of access to Medicaid services or health insurance coverage. Factors include federal and state changes to health insurance coverage, as well as State of Missouri and Burrell Behavioral Health participating in two year demonstration project to become Certified Community Behavioral Health Center, which limits the number of youth who can be covered by psychiatric case management services with the current funding structure.

Service #5 - Performance Measures

Outcome (5-1)	Indicator (5-1)	Method of Measurement (5-1)
Improved symptoms of depression.	50% of clients will see improved symptoms related to depression.	Comparing scores on the PHQ-9 from intake to the most recent assessment over time.
Additional Outcome (5-2)	Additional Indicator (5-2)	Additional Method (5-2)
Improved symptoms of anxiety.	50% of clients will see improved symptoms related to anxiety.	Comparing scores on the GAD-7 from intake to the most recent assessment over time.
Additional Outcome (5-3)	Additional Indicator (5-3)	Additional Method (5-3)
Improved functioning related to specific treatment needs/goals.	50% of clients will see improved functional skills in at least one area of treatment-related measurement.	Comparing the overall DLA scores - as well as scores on items 1 (Health Practices), 3 (Communication), 8 (Problem Solving), and 16 (Coping Skills) - from intake to the most recent assessment over time.
Additional Outcome (5-4)	Additional Indicator (5-4)	Additional Method (5-4)
Improved family functioning.	50% of clients will see improved family functioning.	Comparing the scores on the DLA item 9 (Family Relationships) from intake to the most recent assessment over time.
Additional Outcome (5-5)	Additional Indicator (5-5)	Additional Method (5-5)

Service #5 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)**

The goals of improving symptoms of depression (1) and anxiety (2), as well as improving functional skills related to treatment (3) and family functioning (4), are of primary focus of therapy and other mental health services. These will each be measured by tools being used by Burrell to assess needs at intake to determine need and treatment goals, as well as monitor progress over time to assess ongoing needs and update treatment plans to address evolving needs.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

Variables that may affect the proposed outcome: 1) Client attrition or lack of engagement in therapy services, 2) Families' inability to afford sliding scale fee amounts which could result in early termination of services, disengagement or fragmented treatment, 3) New federal healthcare coverage revisions or restrictions may influence coverage to pay for services, 4) Co-parenting circumstances and joint custody arrangements where one parent is in disagreement of need for mental health services which could result in early termination, disengagement or fragmented treatment and 5) Transportation.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

All of the proposed domains are relevant to mental health care for students and families. Symptoms of depression or anxiety cover a very large portion of the client population receiving behavioral health services. Adding functional indicators as well as family functioning provides a more comprehensive review of client monitoring and outcomes assessment than any of these domains could do alone.

d. Provide a rationale for each method of measurement (#5) (600 character limit)

Each of the proposed measures is specific to the domains, symptoms, or skills being addressed. For example, the DLA items selected above will provide more detail on individual functional development and improvement over time above and beyond the average/total DLA score would alone. Also, because clients will have varying levels of these skills, and varying needs, they may not be expected to improve any every single item reported above. But, instead, would only be expected to improve on those items related to the domains being addressed by care.

Total Amount Requested for Start-Up and Service #1 - Service #5**Total Amount Requested for Start-Up and Service #1 - Service - #5**

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.

2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

- 1) Instructions and General Conditions
- 2) Introduction and General Information
- 3) Program Information and Requirements
- 4) Application Information
- 5) Attachment A - Organization Assurance Sheet
- 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
- 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. **Offeror's Contacts:** Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

**(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR
CERTIFICATION)**

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or Organization.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Bridge

THIS AGREEMENT dated the 28th day of December 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Central Missouri Community Action**, a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **CMCA**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, CMCA has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY CMCA

CMCA is expected to the greatest extent possible to maximize funding from all other sources. CMCA shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. CMCA shall only request reimbursement for services not reimbursable by any other source. CMCA shall not invoice the Children's Services Fund for units of service invoiced to another funding source. CMCA shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** CMCA will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and CMCA's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over CMCA's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from CMCA and CMCA agrees to furnish the **BRIDGE** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in CMCA's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$251,537.51** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. CMCA agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of CMCA be renewed for **an additional one (1), one-year period**. CMCA agrees and understands that the BCCSB may require supplemental information to be submitted by CMCA prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Home Visiting	One hour	\$37.75	2,735	\$103,246.25
Case Management	One hour	\$34.80	1,934	\$67,303.20
Social/Emotional Screening	One screening	\$74.86	199	\$14,897.14
Best Practices Training	One individual	\$110.92	224	\$24,846.08
Family Education	One individual	\$93.58	398	\$37,244.84
Development/Start Up	---	---	---	\$4,000.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of CMCA, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by CMCA to monitor service delivery and program expenditures. CMCA agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by CMCA and, if so stipulated, are noted on this contract document. Payments may be withheld from CMCA if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. CMCA agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** CMCA also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of CMCA's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from CMCA, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** CMCA agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect CMCA's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws

protecting client confidentiality. In addition, CMCA hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event CMCA requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from CMCA may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with CMCA's policies and procedures and in accordance with any local/state/federal regulations. CMCA agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. CMCA must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** CMCA will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** CMCA agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to CMCA's provision of such services.

14. **Accreditation/Licensure/Certifications.** CMCA must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** CMCA agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and CMCA, and this shall include any transaction in which CMCA is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** CMCA may enter into subcontracts for components of the contracted service as CMCA deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, CMCA shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** CMCA agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. CMCA shall require each subcontractor to affirmatively state in its Agreement with the CMCA that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide CMCA a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** CMCA agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against CMCA or any individual acting on the CMCA's behalf, including subcontractors, which seek to enjoin or prohibit CMCA from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If CMCA ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if CMCA no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, CMCA will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event CMCA, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to CMCA as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should CMCA fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, CMCA shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the CMCA for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, CMCA agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Central Missouri Community Action** (meaning anyone, including but not limited to consultants having a contract with CMCA or subcontractor for part of the services), or anyone directly or indirectly employed by CMCA, or of anyone for whose acts CMCA may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the CMCA.** CMCA shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. CMCA will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. CMCA will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. CMCA agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and CMCA. The BCCSB does not recognize any of the CMCA's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or

contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. Record Retention Clause. CMCA shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. Notice. Any written notice or communication to the BCCSB shall be mailed or delivered to:

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Central Missouri Community Action
Name of Program	BRIDGE

Program Overview Form

1. The Statement of Issue Being Addressed narrative refers to graphs from the Boone Indicators Dashboard (BID) site, however, data from these graphs are not stated.
Action Required: Provide specific data from the BID graphs referenced and describe how the data relates to the population being addressed by the proposed program.

1. One of the primary goals BRIDGE addresses with families is school attendance. As indicated in the BID graph addressing percent of students attending at least 90% of school days there is room for improvement in this area. Columbia having the largest public school district in Boone County is the only district below the 90% attendance threshold. By working with at risk families and educating parents about the importance of school attendance, we hope to raise the percentage. At risk families often have other barriers that account for children missing school and by supporting/connecting these families to the needed resources, they can focus more on attendance. Kindergarten Readiness is also a primary focus as BRIDGE supports the families in transitioning from Head Start Preschools into Public Schools. Again, at risk families or families in poverty experience different hardships than a financially stable family. Although children may be kindergarten ready when they leave preschool there is a summer gap that has shown regression of key skills for these children as well as a larger achievement gap as they continue through school. As referenced in the original proposal, "children at risk due to poverty fall behind their peers, even when they have had high quality preschool environments..." Boone County has about a 20% population of children under the age of 18 and about half of that (just under 10%) are families with children in poverty. By serving these families experiencing poverty we are aiming to help them become more resilient and learn how to overcome poverty in areas families are able to control. The average poverty rate for ages 0-5 in the United States is 22.8% and although Boone County as a whole is under that at 16.6%, the City of Columbia is over at nearly 25%. By expanding services to the Preschool level, as well in the partnership with Title I preschool and Head Start, BRIDGE also hopes to help children and families become even more successful once they attend Kindergarten.

2. The 2017 Interim Report and previous contract included students of teachers receiving training as program consumers. CMCA corrected the program consumers and number of unduplicated individuals served to only include children/families that are enrolled in BRIDGE.
Action Required: Provide clarification on the number of individuals to be served and the information in the Consumer Demographics. These numbers should NOT include students that are in classrooms of CMCA trained teachers that are not enrolled in BRIDGE.

2. Pending available funding, BRIDGE would serve the following groups of individuals based on the current program structure and implementing both a referral system as well as the preschool level program. Kindergarten Families: 20, First Grade Families: 20, Second Grade Families: 20, Referrals from school administration: 20 and Preschool Partnership: 15 (these are funded by Head Start). This is a total of 95 students served by BRIDGE services. For these students we expect to serve at least 45 school teachers as well for a total of 140 unduplicated individuals enrolled in the program. This number is subject to grow as it does not include the family size of each child enrolled. As each year passes the program continues to grow. The number of teachers participating in BRIDGE could greatly increase in the next two years. Columbia Public Schools recognizes BRIDGE annual training as Professional Development on the salary schedule for their teachers. Teacher trainings will be opened to teachers beyond those participating in the BRIDGE next summer in order to expand the reach of the training.

*Unsure of unduplicated individuals as we calculated based on who actually enrolls in the program and that would be a student. BRIDGE services generally serve the whole family. Family sizes range from 2 to 9 individuals.

3. The narrative in item b. in Program Access refers to a preschool model that mirrors the BRIDGE pilot program.

Action Required: Provide more information on the preschool model.

3. Title I preschool offers a high quality early education experience for at risk children. Head Start will focus on 15 of the *most* at risk preschool students at the CPS Center for Early Learning North. We will use the BRIDGE model to provide the entire wrap around services, adult social services, and supports that make Head Start a comprehensive program. Essentially we are adding the adult and home visiting component of Head Start to a high quality preschool education program. In addition, the preschool teachers will receive all of the same training that BRIDGE teachers receive on the realities of poverty, trauma, classroom management strategies, etc. At risk children experiencing the crises and conditions of poverty need a connected network of consistent, reliable, loving adults at school and at home. These 15 students will be in multiple classrooms that will all adhere to comprehensive Head Start Program Performance Standards.

4. A narrative was not provided that explains the rationale for utilizing the proposed evidence-based program and/or service. *Action Required:* Provide a rationale for utilizing the proposed evidence-based program and/or service.

4. Decades of research about Head Start service highlight the importance of focusing on the whole child and within the context of the family and supporting resources. Promoting family engagement and working on building resiliency as well as social emotional skills help the children become more successful later in life. The BRIDGE expands on the success of Head Start and famous research studies like the Abecedarian Project. In it, infants were randomly assigned to receive full time education and family support services. Each child had individualized services just like the BRIDGE program does with families to meet their individualized needs. Progress from this project was monitored overtime and follow up studies have been conducted for many decades. The findings reflect long lasting benefits associated with high quality education and interventions. The Perry Preschool Study is another famous study that focused on the early interventions and education of young children. These studies and many more like them indicate that comprehensive early interventions have lasting effects. This chart directly identifies the lasting effects and supports BRIDGE program outcomes by continuing to support children and families. While these studies suggest long term impacts of early intervention, we still find that young children in school continue to suffer from toxic stress caused by poverty and the negative effects on their academic success and emotional stability. Further, our own evidence gathered throughout the pilot phase of the BRIDGE shows that program participants' resiliency increased over time. Our hypothesis is that longer term interventions that mimic those provided by Head Start will have longer lasting effects and immediately reduce stress and anxiety experienced by participating children, parents, and teachers.

4 cont.

Figure 1
Major Findings: High/Scope Perry Preschool Study at 40

The chart below also taken from the Perry Preschool study show the community costs over time by investing in younger children and families of poverty early on. The High Scope curriculum used in this study is the same curriculum used in Head Start programs and CPS Early Childhood Program.

Figure 2
High/Scope Perry Preschool Program Public Costs and Benefits

Strengths based assessments are used in the BRIDGE program through the Devereux Center for Resilient Children. These assessments support the social emotional development of children as well as resiliency for them and the parents or caregivers raising them. It is important for adults to understand the correlation between their own health and wellness and their child's health and wellness. Devereux is also utilized for their evidence based strategies when working with the children who require more in-depth services/resources. Many of Devereux tools are utilized including but not limited to: DECA, DESSA, DARS, FLIP It, etc.

5. Information on the consumer feedback survey does not provide specific details on the format of the survey (written, verbal, etc.) and how it is distributed, collected, analyzed, and utilized to enhance services.

Action Required: Provide specific information on the consumer feedback survey.

5. Consumer feedback will mostly be captured in a written (electronic) survey that will be administered by program management twice a year. The Program Manager will report overall findings to all stake holders in an annual self assessment of program progress. In addition to administering satisfaction surveys, focus groups and specific data assessments, the program provides post training assessments. Training evaluations are reviewed by BRIDGE management and program staff to assist in development of future training offerings. These are utilized to gauge interest on training topics for future events/trainings or utilized to connect them to an entity that provides interested trainings. Trainings are identified through the family success plan process and teacher trainings are identified by the teachers and in collaboration with CPS professional development staff. Teachers at any time can request trainings on specific content areas and BRIDGE will connect them to appropriate resources.

6. The Program Budget states that 15 students will be supported through the federal office of Head Start grant. Specific information was lacking.

Action Required: Provide more information on the grant from the Head Start federal office.

Provide clarification on whether these 15 students are included in the proposed total number of unduplicated individuals to be served. These 15 students should also be included throughout the program proposal (outputs, performance measures, etc.).

6. The funding from the Office of Head Start supports the BRIDGE preschool model through a new partnership with Title I preschool and Head Start. Head Start has had a classroom at Field Elementary School for the last few years until the early childhood classrooms were moved to the Center for Early Learning North last winter. The 15 Head Start slots were not included in that move. CMCA's eight county community assessment clearly indicates the highest need for early childhood education in Columbia. Though facilities are not available for these 15 slots, our experience with the BRIDGE pilot and decades of Head Start administration led us to believe that we could add value to the most at risk students in the Title I preschool program. Instead of paying for a facility, teachers, and social services staff, we created a model that marries the education component of Title I with the wraparound and adult services associated with Head Start. This was also a chance to partner with Title I preschools and serve the most at risk children and families. The 15 children/families served in the Preschool Model Program will be served through a blended funding model that includes Head Start and Title I. Head Start funds will pay for teacher training and the Parent Partner assigned to these 15 families. The families identified will be included under the unduplicated individuals served and will receive the same opportunities to participate in a variety of activities that all BRIDGE participants access.

7. The BRIDGE program recently received a federal grant of \$204,243.90 to provide services for 15 students. The current contract was for \$327,539.50 for 18-months and BCCS was the only funding source. When comparing the total revenues per month, the proposal will be receiving \$42,077.80 per month (includes the federal grant) but the current contract is \$18,196.64 per month. The proposal indicates that the BRIDGE program will expand to rural schools and increase the number of children enrolled in the program. However, the proposal does not clearly indicate whether the 15 students funded through the federal revenue source are included in the total number of individuals to be served for proposed Service 1. Service 1 in the proposal states that 60 children will be enrolled in the BRIDGE but the 2017 Interim Report shows that there are currently 37 students enrolled. If the 15 students funded through the federal source are included in the 60 enrolled students, BCCS will only be paying for an additional 8 students. The increased funding request cannot be justified to serve an additional eight students.

Action Required: Complete the following clarification responses with your best and final offer. We expect the funding request to be lower than the previous contract since additional funding sources secured. Provide any comments and/or questions in the field below.

7. The Head Start funds identified in this proposal are not new resources. These funds previously funded a classroom of 15 children. As described above, we are using the BRIDGE model to provide these comprehensive services in partnership with CPS. It is a separate program and there is no cost sharing or blending of funds from the Federal Head Start grant and the BRIDGE program. The preschool program will be fully funded through Head Start, but will utilize the resources and model the BRIDGE program has developed to best serve those families. The identification of the funding was to show growth of program by serving more individuals and that our funding cost per child is less than that of Head Start services. The Federal Head Start funds will be used for the 15 preschool children/families. They fund \$13,616.26 per child/family per year which is the total of the \$204,243.90. These costs include a percent of administrations cost (Mental Health, Nutrition, etc), educational costs, as well as the direct services support, and family engagement. These services are all needed in order to uphold and administer the Head Start Program Performance Standards. With the closing of the site previously referenced the families lost the wrap around services and supports (2Gen approach) that Head Start had to offer. With increased funding per the proposal of implementing a referral system for schools (identified as a need by schools teachers, principals, and district administrations) the total number of unduplicated children served will be 80 (20 per cohort, 20-kindergarten, 20-1st grade, 20-second grade, and 20-referral based). The extra 15 in the preschool program is included in the numbers served by the program to make a total of 95 children served but the funding for those 15 will be coming from the Head Start funding as previously mentioned. The request for funding is to serve over current numbers (not including the 15 funded elsewhere) with an additional 43 students enrolled.

Program Services Form (1-5)

8. Due to the different types of services provided during a home visit, the County and City of Columbia have added "Home Visiting" to the *Taxonomy of Services* with the following definition:
- Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally health, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

The proposal only listed Case Management as a service but there are other services that need to be broken out. Please follow the table below for how services should be listed. The remaining clarification questions will follow this format. The 'Service Change Chart' that is attached will need to be completed for each service.

Service #	Service Name	Notes
1	Home Visiting	Multiple services can be listed for this service to describe all the activities being performed during a home visit
2	Case Management	Only includes time spent outside of home visiting
3	Behavioral Health Assessment	Only include completing the DESSA
4	Best Practices Training	Trainings provided to school personnel
5	Family Education and/or Parent Skills Training	Only includes parent events

Service 1

9. Home Visiting will be the only service where multiple services can be listed. Services that are provided during Home Visits must be listed and described thoroughly. The service description in the proposal describes the following services during Home Visits:
- a. Case Management – development of child success plans, development of ecomap, information and referrals
 - b. Parent Partnership – development of child success plans with parents and teachers
 - c. Family Education – information shared with parents that align with the service definition
 - d. Parent Skills Training – information shared with parents that align with the service definition
 - e. Social/Emotional Screening – additional screenings other than the DESSA
 - f. Developmental Screening – additional screenings other than the DESSA

Action Required: Complete the 'Service Change Chart' for Service 1. Provide sufficient information on each of the services that can be listed in Home Visiting. There may be additional services from the *Taxonomy of Services* that are provided during Home Visits. The examples listed above may or may not need to be listed. Provide justification for why each service is listed in the response.

9. Details are provided in the Service change chart in the detailed description section for why each service pertains to the home visits.

10. The service description in the proposal does not specify the frequency of home visits for each family.

Action Required: Provide clarification on the number of home visits and frequency each family typically receives.

10. The number of home visits depends on the families year in the program and their risk level. As a general rule Preschool and Kindergarten meet at least once a month with the Parent Partner. After Kindergarten the focus is to slowly taper off services so families can be more resilient but still have supports in transition. First grade visits occur every other month as a general rule. Second grade visits occur once a quarter (1 visit every 3 months). If a family goes through crisis or other hardship their visits could increase no matter what grade. After the first semester, during Multi-disciplinary staffing, the families are then evaluated by the team made up of administration, program staff, and specialized administrators in content related areas (mental health, disabilities, etc). The families are identified at different risk levels based on housing, open children's division cases, education, mental health, etc. From here we have found some kindergarten families do not need once a month visits and some second grade families need more than once a quarter. Second semester is when we identify those needs to best serve the families/children enrolled. Only a few are moved around if any.

11. The service description in the proposal mentioned additional screenings may be provided as needed. The description lacked specific information on the type of screenings.

Action Required: Provide specific information on the type of additional screenings that may be conducted. These screenings can be included in Home Visiting due to the infrequency and variability in conducting the screenings for families.

11. Additional screenings that can be used are those to best gauge family levels or mental health issues if they are a family going through a new life event. BRIDGE has Post-Partum assessments for new moms, Depression Anxiety and Stress Scale (DASS), and Devereux Adult Resiliency Survey (DARS). The DASS and DARS are originally administered to new families during the application process. After their first year, based on relationships, families openly discuss if they are having any overwhelming obstacles. In the case they do not, but there is suspicion by staff identified in a staffing, these assessment tools can be utilized. If further concerns or other obstacles not related to those assessments occur then the Multi-Disciplinary team will be utilized in the specific areas needed. There is also a family intake assessment/survey that is administered during the application process to best identify services needed by families before relationships are built to identify the needs by staff. When there is an overwhelming amount of applications for the program this also identifies which families are the most at-risk and are identified through selection based on the risk level assessment used by program staff.

12. The Outputs will need to be written for Home Visiting. The unit measure for Home Visiting needs to be 15 minutes or one hour. The Unit Rate needs to reflect the cost of providing Home Visiting based on the unit measure that is listed. The total number of units to be provided need to reflect the adjusted unit measure. The number of unduplicated individuals to be served needs to be provided for everyone receiving this service.

Action Required: Provide the updated Outputs in the 'Service Change Chart' for Service 1. Provide justification on the unit rate and number of units to be provided below. Also provide clarification on the 60 individuals that were listed in the proposal and why that number is lower than the total number of unduplicated individuals to be served (n=175).

12. During the three year pilot program, a time and resource study was completed for service areas to determine overall cost and time spent dedicated to each service. The number of children enrolled will be 80. This does not include the number of siblings and parents served as well. Clarification on the numbers served. The total should be 80 as described previously with different cohorts in answer #2. I believe there was some confusion still as this proposal was submitted before clarification discussion occurred about not including children in the classroom of BRIDGE teachers. Number of unduplicated individuals to be served would be 80 k-2, 15 from Head Start(funded separately), 35 Teachers for a total of 130 Unduplicated individuals.

13. The Funding Request amount needs to be updated with separating the cost of Home Visiting.
Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 1.

14. The Performance Measures need to be rewritten for Home Visiting. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators require a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 1 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

14. All outcomes, indicators and methods of measurement reflect services provided to families based on the three year pilot program and the time/resource study conducted. The indicators do include the 15 from the separate Head Start BRIDGE program. The percentages are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding.

Service 2

15. Service 2 should be listed as Case Management. Time that personnel spend on Case Management outside of home visits should be included in this service.

Action Required: Provide sufficient information on Case Management activities that occur for families outside of home visits. Complete the 'Service Change Chart' for Service 2.

15. Details are provided in the Service Change Chart in the detailed description section for case management services. These findings and calculations are based on the three year pilot program and the time/resource study that was conducted.

16. The Outputs section needs to be updated with the service changes. The unit measure for Case Management needs to be 15 minutes or one hour. The unit rate should reflect the cost for providing Case Management outside of home visits. The number of units to be provided needs to reflect the unit measure change. The number of individuals to be served should include all individuals receiving Case Management.

Action Required: Provide the updated Outputs for Service 2 in the 'Service Change Chart'. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

16. During the three year pilot program, a time and resource study was completed for service areas to determine overall cost and time spent dedicated to each service. The number of children enrolled will be 80. This does not include the number of siblings and parents served as well.

17. The Funding Request amount needs to be updated with separating the cost of Case Management.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 2.

18. The Performance Measures need to be rewritten for Case Management. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 2 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

18. All outcomes, indicators and methods of measurement reflect services provided to families based on the three year pilot program and the time/resource study conducted. The indicators do include the 15 from the separate Head Start BRIDGE program. The percentages are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding. The number of children enrolled in County funded BRIDGE will be 80. This does not include the number of siblings and parents served as well.

Service 3

19. Service 3 should be listed as Behavioral Health Screening and will only include conducting the Devereux Student Strengths Assessment (DESSA) since it is regularly conducted. The service description lacked specific information on the DESSA and how CMCA utilizes it to provide services.

Action Required: Provide more information on DESSA and how CMCA utilizes the assessment to

19. The Devereux Student Strengths Assessment (DESSA) is a research based tool from the Devereux Center for Resilient Children. This assessment is used to screen children's social-emotional competencies. The DESSA's are administered by BRIDGE staff to the parents and to the child's teacher. The DESSA's are administered in the fall and the spring. Teachers must know a child for at least four weeks before completing the DESSA, this is to ensure more accurate data to be reported as teachers will then have enough time to get to know the child and observe. From the DESSA's administered, BRIDGE staff utilize an online system through Devereux to input the scores from both the teacher and the parent. The system then calculates the T-score for the children in eight social emotional categories. Reports are then printed to compare between the two environments (school and home) by BRIDGE staff. These reports are then utilized in completing the child success plans with the parents and families. These are used to support the child in two different environments, with the same instructions, for a greater chance at success. The DESSA online system also is utilized to pull reports at the end of the year to identify a pre/post result. (Whether the children sustained skills, regressed, or progressed).

20. The Outputs need to be updated for providing Behavioral Health Screening. The unit measure needs to be 'one screening'. This includes the time spent conducting and analyzing the DESSA per individual. The number of units to be provided needs to reflect the number of individuals receiving the DESSA and the number of times the screening is conducted. The unit rate should reflect the cost of materials and personnel time to provide the screening.

Action Required: Provide the Outputs in the 'Service Change Chart' for Service 3. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

20. During the three year pilot program, a time and resource study was completed for service areas to determine overall cost and time spent on each service area. The number of children enrolled will be 80. This does not include the number of siblings and parents served as well. The parentheses are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding.

21. The Funding Request amount needs to be updated with separating the cost of Behavioral Health Screening.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 3.

22. The Performance Measures need to be rewritten to include Behavioral Health Screening. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 3 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

22. All outcomes, indicators and methods of measurement reflect services provided to families based on the three year pilot program and the time/resource study conducted. The indicators do include the 15 from the separate Head Start BRIDGE program. The percentages are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding. The number of children enrolled in County funded BRIDGE will be 80. This does not include the number of siblings and parents served as well.

Service 4

23. Service 4 should be listed as Best Practices Training and will only include the trainings provided to school personnel. The service description lacked specific information on the trainings that are provided and how it will be delivered.

Action Required: Provide specific information on the trainings provided to school personnel. Explain how the trainings will be promoted and conducted and the information that will be presented.

23. Best Practices training will be conducted in the summer before each school year starts. This training is provided for all teachers who sign a contract to participate in the BRIDGE program. The training occurs at the end of July and is coordinated with the Public schools calendar to avoid interfering with school trainings or other school requirements. The trainings provided are to better educate the BRIDGE teachers on the target population the BRIDGE serves, and to better equip them with tools for the children who have more challenging behaviors. Reminders, fliers, and copies of contracts are administered to teachers to ensure they attend the trainings. The current school year is the first year the training was able to be counted as Professional development for teachers. In future years, the training will be offered to other public school teachers (with space limitations) to reach a wider audience. BRIDGE management secures trainers and sets up the training that correlates with the families to be served. BRIDGE management and staff then set the training schedule, and all other training materials needed. BRIDGE management also trains on a few content areas when able. Trainings typically include: Home Visiting, Understanding Poverty & Poverty Simulation, FLIP It-Addressing Challenging Behaviors, Trauma Informed, Compassion Fatigue, & Motivational Interviewing/ACES.

24. The Outputs need to be updated for providing Best Practices Training to school personnel. The unit measure needs to be 'one individual'. The number of individuals attending each training needs to be tracked. The unit rate needs to reflect the cost of each training and the anticipated number of individuals attending each training. The number of units to be provided needs to reflect the anticipated number of individuals attending a training and the projected number of trainings that will be provided during one year of service. The number of unduplicated individuals to be trained needs to be provided with this change.

Action Required: Provide the Outputs in the 'Service Change Chart' for Service 4. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

24. During the three year pilot program, a time and resource study was completed for service areas to determine overall cost and time spent dedicated to each service. The number of children enrolled will be 80. This does not include the number of siblings and parents served as well. The parentheses are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding.

25. The Funding Request amount needs to be updated with separating the cost of Best Practices Training.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 4.

26. The Performance Measures need to be rewritten for Best Practices Trainings. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 4 in the 'Service Change Chart'.
Provide justification for the updated outcomes, indicators, and method of measurements below.

26. All outcomes, indicators and methods of measurement reflect services provided to families based on the three year pilot program and the time/resource study conducted. The indicators do include the 15 from the separate Head Start BRIDGE program. The percentages are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding. The number of children enrolled in County funded BRIDGE will be 80. This does not include the number of siblings and parents served as well.

Service 5

27. Service 5 needs to be listed as Family Education or Parent Skills Training and include the events providing information to parents. Review the definition for both services and decide which service best fits the type of events being provided to parents. The service description lacked sufficient information on the parent events. If events cover information described in both definitions, then the Service Name may list both services.

Action Required: Provide specific information on the parent events and justification on the service name that best fits the service. Complete the 'Service Change Chart' for Service 5.

27. Details are provided in the Service Change Chart in the detailed description section for family education. These findings and calculations are based on the three year pilot program and the time/resource study that was conducted. Family Education was the best fit as the trainings did not directly fit the Parenting skills definition as most are educational not direct parent skills training.

28. The Outputs need to be updated for providing Family Education and/or Parent Skills Training to parents. The unit measure needs to be 'one individual'. The number of individuals attending each training needs to be tracked. The unit rate needs to reflect the cost of each event and the anticipated number of individuals attending each event. The number of units to be provided needs to reflect the anticipated number of individuals attending a event and the projected number of events that will be provided during one year of service. The number of unduplicated individuals needs to be provided with this change.

Action Required: Provide the Outputs in the 'Service Change Chart' for Service 5. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

28. During the three year pilot program, a time and resource study was completed for service areas to determine overall cost and time spent dedicated to each service. The number of children enrolled will be 80. This does not include the number of siblings and parents served as well. The parentheses are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding.

29. The Funding Request amount needs to be updated with separating the cost of Family Education and/or Parent Skills Training.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 5.

30. The Performance Measures need to be rewritten for Service 5. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 5 in the 'Service Change Chart'.
Provide justification for the updated outcomes, indicators, and method of measurements below.

30. All outcomes indicators and methods of measurement reflect services provided to families based on the three year pilot program and the time/resource study conducted. The Indicators do include the 15 from the separate Head Start BRIDGE program. The percentages are based on 95 individuals as they will be served utilizing BRIDGE model but will not need additional funding. The number of children enrolled in County funded BRIDGE will be 80. This does not include the number of siblings and parents served as well.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

31. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Central Missouri Community Action			
Program Name: BRIDGE			
Service #1 – Taxonomy of Service Name: Home Visiting (includes: Career Exploration, family education, Parenting skills training, best practices training, crisis intervention, advocacy, service coordination, behavioral health screenings, & case management)			
Service #1 – Taxonomy Definition of Service: Provides services in the home/residence of a pregnant and parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally health, safe, and ready to learn. This service must include at least one other related service in the <i>Taxonomy of Services</i> , which must also be delivered in the home/residence of the program consumer(s).			
Provide a detailed description of the proposed service: Behavioral health screenings are administered as needed for parents experiencing or showing signs of mental health concerns. Career exploration will be done when specific family goals are centered around a career and maintaining employment, and/or resume assistance etc. During Home visits family education and parenting skills are discussed and implemented centered around family goals that are created on family success plans. Service coordination occurs during visits if a specific need or service is identified by the family, and also when staff become aware of resources that could benefit a family based on their goals or knowledge of family details. Advocacy is coached to parents who experience issues in specific areas and are concerned of an outcome. This could be within their job, housing, school or even local & federal laws etc. Staff coach and guide families to identify their rights and when it pertains in some situations can accompany them as support. Crisis intervention occurs in the home when identified. If a crisis occurs the staff is notified by the family and will go to the home, when applicable, to meet with them for a plan of action and connecting them to services that will aid in helping resolve or lessen the crisis.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 hour	\$37.75	2380 Hours (3010 w/ Head Start)	80 (95 w/Head Start)
Funding Request			
Amount Requested to Boone County: \$89,833.72 (\$113,627.50)		Proposed Number of Units of Service: 2380 Hours	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Parents participating in the BRIDGE will increase their resiliency and family engagement.	90% (n=86) of parents will have a family success plan and ecomap to identify goals and areas where support is needed.	Devereux Adult Resiliency Survey, EcoMap, & Family Success Plan	
Families enrolled in the BRIDGE will have increased family engagement.	90% (n=86) of families will utilize a Parent Passport to record family activities and track goal performance.	Parent Passport	
Children enrolled in the BRIDGE will have an increase in attendance & less behavior referrals to meet school outcomes.	90% (n=86) of BRIDGE students will have 90% or higher attendance rate. 90% (n=86) of BRIDGE students will have 1 or less Behavior referrals	Attendance reports & behavior referrals	

Children enrolled will sustain or increase their academic level instead of regressing behind their peers.	90% (n=86) of BRIDGE students will sustain or increase their academic level	Student Performance records
-----------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------	-----------------------------

Service Change Chart			
Organization Name: Central Missouri Community Action			
Program Name: BRIDGE			
Service #2 – Taxonomy of Service Name: Case Management			
Service #2 – Taxonomy Definition of Service: A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's mental health and human services needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective interventions and outcomes.			
Provide a detailed description of the proposed service: Referrals and outreach to needed services for families, creating and identifying in home tools to support family and child success plans. Interdisciplinary staffing and Regular team meetings to discuss high risk level participants. Monitoring of family success goals & interventions when needed.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 Hour	\$34.80	2330 (2767 w/ Head Start)	80 (95 w/ Head Start)
Funding Request			
Amount Requested to Boone County: \$81,084.00 (\$96,291.60)		Proposed Number of Units of Service: 2330	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Increased resiliency	80% (n=76) of participants will increase their ability to identify own needs and ability to connect themselves with needed resources/supports.	# of referrals/resources given by staff	
Increased Positive supports	88% (n=84) of participants will have increased positive support systems	Eco Map	

Develop an achievable success plan	90% (n=72) of participants will assist in development of a Family Success plan for obtainable outcomes to increase their family success.	Family Success Plan
Service Change Chart		
Organization Name: Central Missouri Community Action		
Program Name: BRIDGE		
Service #3 – Taxonomy of Service Name: Social/Emotional Screening		
Service #3 – Taxonomy Definition of Service: Identifies if a child is at risk for social emotional delays, problem behaviors, and potential mental health concerns.		
Provide a detailed description of the proposed service: Devereux Student Strengths Assessment will be completed for every student enrolled in the BRIDGE program. A parent/guardian and the students teacher will complete the assessment in order to create Child Success Plans. From those plans the Parents and Teachers work together to provide guidance and instructions		
Outputs		
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:
1 Assessment	\$74.86	240 (285 w/ Head Start)
		Total Number of Unduplicated Individuals:
		80 (95 w/ Head Start)
Funding Request		
Amount Requested to Boone County: \$17,966.74 (\$21,335.10)		Proposed Number of Units of Service: 240
Performance Measures		
Outcome:	Indicator:	Method of Measurement:
Parents participating in the BRIDGE will increase their knowledge and ability to support the social and emotional competence of their children.	88% (n=84) of parents will complete the DESSA* for their child enrolled in the BRIDGE with an active Child Success Plan implemented. *DECA is the version that will be used for Head Start	Fall & Spring DESSA* completed & entered in DESSA* online system. Copy of Child Success Plan. *DECA is the version that will be used for Head Start
Teachers participating in the BRIDGE will increase their knowledge and ability to support the social and emotional competence of their BRIDGE student.	91% (n=86) of teachers will complete the DESSA* for their enrolled BRIDGE student with an active Child Success Plan Implemented. *DECA is version that will be used for Head Start	Fall & Spring DESSA* completed & entered in DESSA* online system. Copy of Child Success Plan. *DECA is the version that will be used for Head Start

Service Change Chart			
Organization Name: Central Missouri Community Action			
Program Name: BRIDGE			
Service #4 – Taxonomy of Service Name: Best Practices Training			
Service #4 – Taxonomy Definition of Service: Provides training to build on or explore best practice techniques			
Provide a detailed description of the proposed service: This training is provided for all teachers who sign a contract to participate in the BRIDGE program. The trainings are to better educate the BRIDGE teachers on the target population the BRIDGE serves, and to better equip them with tools for the children who have more challenging behaviors. BRIDGE staff will become certified in some content areas to be able to provide training and reduce future costs of trainers & to better serve program participants.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 Individual	\$110.92	270	45
Funding Request			
Amount Requested to Boone County: \$29,944.57		Proposed Number of Units of Service: 45	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:
Increased understanding of poverty and toxic stressors that impact student development and behavior.	89% (n=40) of teachers will have increased knowledge in poverty and toxic stress from teacher training.		Pre and post test
Increased understanding of communicating/engaging parents and importance of self care.	89% (n=40) of teachers will increase knowledge in compassion fatigue and how to have meaningful/engaged conversations with parents.		Pre and post test & Teacher Home Visit Reports
Increased knowledge in researched based materials	100% (n=5) of BRIDGE staff will become certified trainers in some content area to train teachers.		Certificate of completion & Conducting trainings

Service Change Chart			
Organization Name: Central Missouri Community Action			
Program Name: BRIDGE			
Service #5 – Taxonomy of Service Name: Family Education			
Service #5 – Taxonomy Definition of Service: Develops communication and coping skills with the goal of strengthening family relationships			
Provide a detailed description of the proposed service: Family events/activities are held/promoted to increase parent knowledge and connectedness to community resources. These are centered on parent interests and helpful topics for their family to be better informed. (Examples: Fire safety from fire department, Dental Hygiene from Family Dental, etc) These are also opportunities for parents and teachers to interact and communicate outside of the school environment.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 individual	\$93.58	480 (570 w/ Head Start)	80 (95 w/ Head Start)
Funding Request

Total Amount Requested to Boone County:	\$300,676.74	

Logic Model – City of Columbia, Boone County Community Services, and Heart of Missouri United Way
Program Performance Measures Information

The following synonyms, definitions, and examples may help you completing the required program performance measures information:

	Service	Output	Outcome	Indicator	Method of Measurement
Synonyms	<i>Service</i> = Activity or Intervention	<i>Output</i> = Product	<i>Outcome</i> = Change	<i>Indicator</i> = Measure	<i>Method of Measurement</i> = Information gathering instrument or technique
Definitions	<i>Service</i> is the program activity or intervention being provided	An <i>Output</i> is expressed as the number of UNITS of service produced, in measurable increments (UNIT MEASURE), and the number of UNDUPLICATED INDIVIDUALS for whom the service is provided	An <i>Outcome</i> describes a beneficial change (knowledge, behavior, or condition) in the people being served	An <i>Indicator</i> is the specific item of information by which a service's level of success in affecting the desired outcome is measured	A <i>Method of Measurement</i> is the instrument or technique used to gather the information needed to measure the service's success

Example	parenting skills training	150 hours of parenting skills training for 30 parents	Increased knowledge of parenting	90% (n=27) of participants will have a 50% increase in knowledge of parenting	pre and post test

Central Missouri Community Action
Attn: ~~Mernell~~ Mernell Preis, Early Childhood Programs Director
807 North Providence Road
Columbia, MO 65203
Mernell-king@showmeaction.org

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Preis:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda B. Bobbitt", with a stylized flourish at the end.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Central Missouri Community Action
Name of Program	BRIDGE

Program Overview Form	
------------------------------	--

1. The Statement of Issue Being Addressed narrative refers to graphs from the Boone Indicators Dashboard (BID) site, however, data from these graphs are not stated.
Action Required: Provide specific data from the BID graphs referenced and describe how the data relates to the population being addressed by the proposed program.

--

2. The 2017 Interim Report and previous contract included students of teachers receiving training as program consumers. CMCA corrected the program consumers and number of unduplicated individuals served to only include children/families that are enrolled in BRIDGE.
Action Required: Provide clarification on the number of individuals to be served and the information in the Consumer Demographics. These numbers should NOT include students that are in classrooms of CMCA trained teachers that are not enrolled in BRIDGE.

--

3. The narrative in item b. in Program Access refers to a preschool model that mirrors the BRIDGE pilot program.
Action Required: Provide more information on the preschool model.

--

4. A narrative was not provided that explains the rationale for utilizing the proposed evidence-based program and/or service.
Action Required: Provide a rationale for utilizing the proposed evidence-based program and/or service.

5. Information on the consumer feedback survey does not provide specific details on the format of the survey (written, verbal, etc.) and how it is distributed, collected, analyzed, and utilized to enhance services.

Action Required: Provide specific information on the consumer feedback survey.

6. The Program Budget states that 15 students will be supported through the federal office of Head Start grant. Specific information was lacking.

Action Required: Provide more information on the grant from the Head Start federal office.

Provide clarification on whether these 15 students are included in the proposed total number of unduplicated individuals to be served. These 15 students should also be included throughout the program proposal (outputs, performance measures, etc.).

7. The BRIDGE program recently received a federal grant of \$204,243.90 to provide services for 15 students. The current contract was for \$327,539.50 for 18-months and BCCS was the only funding source. When comparing the total revenues per month, the proposal will be receiving \$42,077.80 per month (includes the federal grant) but the current contract is \$18,196.64 per month. The proposal indicates that the BRIDGE program will expand to rural schools and increase the number of children enrolled in the program. However, the proposal does not clearly indicate whether the 15 students funded through the federal revenue source are included in the total number of individuals to be served for proposed Service 1. Service 1 in the proposal states that 60 children will be enrolled in the BRIDGE but the 2017 Interim Report shows that there are currently 37 students enrolled. If the 15 students funded through the federal source are included in the 60 enrolled students, BCCS will only be paying for an additional 8 students. The increased funding request cannot be justified to serve an additional eight students.

Action Required: Complete the following clarification responses with your best and final offer.

We expect the funding request to be lower than the previous contract since additional funding sources secured. Provide any comments and/or questions in the field below.

Program Services Form (1-5)

8. Due to the different types of services provided during a home visit, the County and City of Columbia have added "Home Visiting" to the *Taxonomy of Services* with the following definition:
- Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally health, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

The proposal only listed Case Management as a service but there are other services that need to be broken out. Please follow the table below for how services should be listed. The remaining clarification questions will follow this format. The 'Service Change Chart' that is attached will need to be completed for each service.

Service #	Service Name	Notes
1	Home Visiting	Multiple services can be listed for this service to describe all the activities being performed during a home visit
2	Case Management	Only includes time spent outside of home visiting
3	Behavioral Health Assessment	Only include completing the DESSA
4	Best Practices Training	Trainings provided to school personnel
5	Family Education and/or Parent Skills Training	Only includes parent events

Service 1

9. Home Visiting will be the only service where multiple services can be listed. Services that are provided during Home Visits must be listed and described thoroughly. The service description in the proposal describes the following services during Home Visits:
- Case Management – development of child success plans, development of ecomap, information and referrals
 - Parent Partnership – development of child success plans with parents and teachers
 - Family Education – information shared with parents that align with the service definition
 - Parent Skills Training – information shared with parents that align with the service definition
 - Social/Emotional Screening – additional screenings other than the DESSA
 - Developmental Screening – additional screenings other than the DESSA

Action Required: Complete the 'Service Change Chart' for Service 1. Provide sufficient information on each of the services that can be listed in Home Visiting. There may be additional services from the *Taxonomy of Services* that are provided during Home Visits. The examples listed above may or may not need to be listed. Provide justification for why each service is listed in the response.

--

10. The service description in the proposal does not specify the frequency of home visits for each family.

Action Required: Provide clarification on the number of home visits and frequency each family typically receives.

--

11. The service description in the proposal mentioned additional screenings may be provided as needed. The description lacked specific information on the type of screenings.

Action Required: Provide specific information on the type of additional screenings that may be conducted. These screenings can be included in Home Visiting due to the infrequency and variability in conducting the screenings for families.

--

12. The Outputs will need to be written for Home Visiting. The unit measure for Home Visiting needs to be 15 minutes or one hour. The Unit Rate needs to reflect the cost of providing Home Visiting based on the unit measure that is listed. The total number of units to be provided need to reflect the adjusted unit measure. The number of unduplicated individuals to be served needs to be provided for everyone receiving this service.

Action Required: Provide the updated Outputs in the 'Service Change Chart' for Service 1. Provide justification on the unit rate and number of units to be provided below. Also provide

--

clarification on the 60 individuals that were listed in the proposal and why that number is lower than the total number of unduplicated individuals to be served (n=175).

13. The Funding Request amount needs to be updated with separating the cost of Home Visiting.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 1.

--

14. The Performance Measures need to be rewritten for Home Visiting. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators require a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 1 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

--

Service 2

15. Service 2 should be listed as Case Management. Time that personnel spend on Case Management outside of home visits should be included in this service.

Action Required: Provide sufficient information on Case Management activities that occur for families outside of home visits. Complete the 'Service Change Chart' for Service 2.

--

16. The Outputs section needs to be updated with the service changes. The unit measure for Case Management needs to be 15 minutes or one hour. The unit rate should reflect the cost for providing Case Management outside of home visits. The number of units to be provided needs to reflect the unit measure change. The number of individuals to be served should include all individuals receiving Case Management.

Action Required: Provide the updated Outputs for Service 2 in the 'Service Change Chart'. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

--

17. The Funding Request amount needs to be updated with separating the cost of Case Management.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 2.

--

18. The Performance Measures need to be rewritten for Case Management. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 2 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

--

Service 3

19. Service 3 should be listed as Behavioral Health Screening and will only include conducting the Devereux Student Strengths Assessment (DESSA) since it is regularly conducted. The service description lacked specific information on the DESSA and how CMCA utilizes it to provide services.

Action Required: Provide more information on DESSA and how CMCA utilizes the assessment to provide services for families.

--

20. The Outputs need to be updated for providing Behavioral Health Screening. The unit measure needs to be 'one screening'. This includes the time spent conducting and analyzing the DESSA per individual. The number of units to be provided needs to reflect the number of individuals receiving the DESSA and the number of times the screening is conducted. The unit rate should reflect the cost of materials and personnel time to provide the screening.

Action Required: Provide the Outputs in the 'Service Change Chart' for Service 3. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

--

21. The Funding Request amount needs to be updated with separating the cost of Behavioral Health Screening.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 3.

--

22. The Performance Measures need to be rewritten to include Behavioral Health Screening. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 3 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

--

Service 4

23. Service 4 should be listed as Best Practices Training and will only include the trainings provided to school personnel. The service description lacked specific information on the trainings that are provided and how it will be delivered.

Action Required: Provide specific information on the trainings provided to school personnel. Explain how the trainings will be promoted and conducted and the information that will be presented.

--

24. The Outputs need to be updated for providing Best Practices Training to school personnel. The unit measure needs to be 'one individual'. The number of individuals attending each training needs to be tracked. The unit rate needs to reflect the cost of each training and the anticipated number of individuals attending each training. The number of units to be provided needs to reflect the anticipated number of individuals attending a training and the projected number of trainings that will be provided during one year of service. The number of unduplicated individuals to be trained needs to be provided with this change.

Action Required: Provide the Outputs in the 'Service Change Chart' for Service 4. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

--

25. The Funding Request amount needs to be updated with separating the cost of Best Practices Training.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 4.

--

26. The Performance Measures need to be rewritten for Best Practices Trainings. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 4 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

--

Service 5

27. Service 5 needs to be listed as Family Education or Parent Skills Training and include the events providing information to parents. Review the definition for both services and decide which service best fits the type of events being provided to parents. The service description lacked sufficient information on the parent events. If events cover information described in both definitions, then the Service Name may list both services.

Action Required: Provide specific information on the parent events and justification on the service name that best fits the service. Complete the 'Service Change Chart' for Service 5.

--

28. The Outputs need to be updated for providing Family Education and/or Parent Skills Training to parents. The unit measure needs to be 'one individual'. The number of individuals attending each training needs to be tracked. The unit rate needs to reflect the cost of each event and the anticipated number of individuals attending each event. The number of units to be provided needs to reflect the anticipated number of individuals attending a event and the projected number of events that will be provided during one year of service. The number of unduplicated individuals needs to be provided with this change.

Action Required: Provide the Outputs in the 'Service Change Chart' for Service 5. Provide justification on the unit rate, number of units to be provided, and clarification on the number of individuals to be served.

--

29. The Funding Request amount needs to be updated with separating the cost of Family Education and/or Parent Skills Training.

Action Required: Provide the Funding Request amount and number of units to be provided in the 'Service Change Chart' for Service 5.

--

30. The Performance Measures need to be rewritten for Service 5. The outcomes, indicators, and method of measurements need to follow the Logic Model that is attached. Specifically, indicators required a percentage that can be measured and obtained.

Action Required: Provide Performance Measures for Service 5 in the 'Service Change Chart'. Provide justification for the updated outcomes, indicators, and method of measurements below.

--

The following synonyms, definitions, and examples may help you completing the required program performance measures information:

	Service	Output	Outcome	Indicator	Method of Measurement
Synonyms	<i>Service</i> = Activity or Intervention	<i>Output</i> = Product	<i>Outcome</i> = Change	<i>Indicator</i> = Measure	<i>Method of Measurement</i> = Information gathering instrument or technique
Definitions	<i>Service</i> is the program activity or intervention being provided	An <i>Output</i> is expressed as the number of UNITS of service produced, in measurable increments (UNIT MEASURE), and the number of UNDUPLICATED INDIVIUDALS for whom the service is provided	An <i>Outcome</i> describes a beneficial change (knowledge, behavior, or condition) in the people being served	An <i>Indicator</i> is the specific item of information by which a service's level of success in affecting the desired outcome is measured	A <i>Method of Measurement</i> is the instrument or technique used to gather the information needed to measure the service's success
Example	parenting skills training	150 hours of parenting skills training for 30 parents	Increased knowledge of parenting	90% (n=27) of participants will have a 50% increase in knowledge of parenting	pre and post test

When the Bridge grant was initially written the goal was to overcome obstacles that led to children and adolescents not to receive psychiatric treatment. This included: lack of access to a child psychiatrist, lack of mental health insurance, underinsurance, and challenges navigating the mental health treatment resources. We have been willing to work with BCCSB in order to bill Medicaid and utilize BCCSB as the payor of last resort but we have run into challenges.

These include:

- **the inability of our system to bill one insurance provider and not bill all plus the self-pay patients**
- **the challenges with collecting copays for the service**
- **the cost incurred by billing and collecting (would require 1 FTE to do this)—see details of their role below**

1. 1.0 FTE required to bill for visits

- a. Cost for FTE - \$52,056.00
- b. Duties
 - i. Assist with collecting insurance information
 - ii. Assist with collecting copays
 - iii. Call every patient's insurance
 - iiii. Check insurance benefit
 - v. Precert if required
 - vi. Code each visit
 - vii. Bill each visit
 - viii. Billing edits and rejects

2. Challenges identified with billing for services

- a. Must bill All Patients
 - i. Will need to bill all or none, including self-pay patients
 - ii. Average self-pay price is \$170.57
- b. Copays
 - i. May be difficult to collect. If not collected, then biller would need to bill for that (added work)
 - ii. Requesting copays at time of visit is UMHS standard, and would fall to nurses

Organization Profile

Organization Profile Instructions

New Users:

In order to create a Username and Password, complete the Organization User Information and Primary Information sub-sections and click Save Record on the right hand side of the screen. Be sure to save your Username and Password in a secure location for future use. Once you click Save Record you will be prompted to log in. This will allow you to access the system and complete the Organization Profile.

Returning Users:

You must complete and keep up-to-date ALL applicable fields in your Organization Profile. Proposals and Reports will be considered unresponsive if your Organization Profile is not complete and up-to-date.

General Information

Organization

Mission

Statement

(Purpose):

Provide your organization's mission statement. (600 character limit)

Central Missouri Community Action empowers individuals and families to achieve self-reliance.

Organization

History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

Central Missouri Community Action's roots go back to August 20, 1964 when Lyndon Johnson signed the Economic Opportunity Act of 1964 into law. This act consisted of social programs to promote the health, education, and general welfare of the poor. It was the signing of this act which enabled the formation of what was to become Central MO Human Development Corporation (CMHDC), the agency that today impacts thousands of lives in mid-Missouri. On December 8th 1965, after the establishment of a board of members and the first application for funds was written. In 2006 the name was changed to CMCA.

Brief Statement

of Organization's

Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

We have 5 Strategic Commitments: 1) Engage the community to assure that all people have their basic needs met, 2) Enhance community capacity to ensure all individuals have lifelong learning opportunities, 3) Build community capacity to enhance economic and community assets, 4) Build relationships across class and race lines and, 5) CMCA strives to be an agency of excellence.

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

On a monthly basis the Board of Directors are presented the organization's financial reports. The Finance Committee receives detailed financial reports in which they review and discuss with the Finance Director and Executive Director during their monthly meeting. If the full Board has any questions or needs further clarification this is handled through the Finance Committee. They approve the financials at their meeting and then recommend them for Board approval at the monthly Board of Director's meeting. All policies are available online for public viewing at <http://www.showmeaction.org>.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Click +New to add Employee Compensation information.

Accreditation (If applicable):

Accreditation:

Provide the name of the accrediting body, the name of the accreditation, period of current accreditation (including expiration date), and a brief description of the accreditation.

Accreditation 1:

All CMCA Head Start centers are accredited by the National Association for the Education of Young Children (NAEYC). NAEYC accreditation is a five year certificate that is different for each of the five Columbia based centers. The NAEYC accreditation process includes a self-study, application process, onsite monitoring and a five year renewal. It covers every element of early childhood quality including curriculum, facility, teacher qualifications, teacher/student ratios and interactions, and parent engagement.

Accreditation 2:**Accreditation 3:****Certifications:**

Certifications:

Please indicate that the above named organization:

Is a registered corporation in good standing with the State of Missouri.

yes

Agrees to comply with all the applicable provisions of: the Fair Labor Standards Act, as amended; the Employment Practices Act, as amended; the Civil Rights Act of 1964, as amended; the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1990, as amended; the Omnibus Reconciliation Act of 1981, as amended; the American with Disabilities Act of 1990, as amended; and all other applicable Federal and State laws which prohibit discrimination in employment and the delivery of services including the discrimination in employment and the delivery of services on the basis of race (racism), color, national origin, ancestry, sex, religion, disability, age (employment), and familial status (housing).

yes

If deemed a religious or denominational institution or organization or operated for religious purposes which is supervised or controlled by or in connection with a religious or denomination institution or organization; and agrees that, in connection with the provision of services and employment practices that it will not discriminate against any employee or applicant for employment on the basis of religion and will not employ or give preference in employment to persons on the basis of religion; it will provide no religious instruction or counseling, conduct no religious worship or services, engage in no religious proselytizing, or exert no other religious influence in the provision of services under this agreement.

yes

Prohibits discrimination and the delivery of services on the basis of marital status, gender identity, and sexual orientation.

yes

Company ID Number: 188329

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and **CMCA Central Office** (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.
2. SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (28 CFR Part 401).

E-VERIFY IS A SERVICE OF DHS

Company ID Number: 188329

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 888-464-4218.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #3 - Issued July 10, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. Replace the sign-in sheet from Addendum #1 with the attached. The sign-in sheets are provided for informational purpose.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

BID graphs used: kindergarten readiness and percent of kids attending 90% of school days (#5 and 12)

Students who are in poverty, as reflected by Free and Reduced Lunch enrollment, are less likely to be ready for school, attend school 90% of the time, and be proficient in reading at third grade. Children raised in low-income homes are at increased levels of risk for being not ready for kindergarten compared to their more affluent peers (Child Trends, 2010; Stormont et al.). Their gaps in achievement are apparent as early as kindergarten and, without intervention, they grow (Stormont et al., 2012). A critical early intervention component is to work on fostering resilience in children with early risk factors; without intervention, children at risk due to poverty fall behind their peers, even when they have had high quality preschool environments (Stormont, 2007). Research clearly documents that children need sustained support across preschool to elementary school settings to continue to build social emotional skills and support family needs and the BRIDGE includes elements to foster resilience in families, children, and to support teachers during the critical transition to kindergarten (Mantzicopoulos, 2003; Stormont, in press).

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

BID graphs used: poverty rate 0-5 #38 and population by age group #37 households with children in poverty #24

A great deal of prior research has identified a host of moderating characteristics influence school readiness (e.g., gender, poverty, and ethnicity/race; e.g., Stormont et al., 2016). Children raised in low-income homes are at increased levels of risk for being not ready for kindergarten compared to their more affluent peers (Child Trends, 2010; Stormont et al.). There gaps in achievement are apparent as early as kindergarten and, without intervention, they grow (Stormont et al., 2012).

It is clear that many children struggle to learn how to read; according to the National Association of Educational Progress (2009) data, one third of 4th grade students had test scores that were below basic in reading. The negative long term outcomes for children who are not strong readers 4th grade are dismal and many of these students end up dropping out or being incarcerated. According to the NICHD (<http://www.nichd.nih.gov/>) children failing in

reading in grade 1 are very likely to be failing in reading (and in all academic areas) in grades 4, 8, and 12, 10-15% of reading impaired children drop out of high school, only 2% of reading impaired students complete 4 years of college, about 50% of adolescents and young adults with criminal records have reading difficulties, and about 50% of young people with a history of substance abuse have reading problems.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Program will support families experiencing poverty in their first few years in the public schools in Boone County. The program will help build social-emotional skills within the children and build resiliency in both the children and parents. The program will connect families to community resources.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

BRIDGE supports families as they progress into the first few years of elementary school. The program is voluntary for families and new applications are completed every year. BRIDGE builds and increases child social-emotional skills. The program helps build trust between parents and teachers so that each side is more understood and mutually supportive. Home Visits are conducted based on family needs and level in the program. Teachers conduct two home visits (fall/spring) with the Parent Partner to build a relationship and sense of community outside of the school. Building a bridge between the families and the schools reduces the stress and fear families experience. When families interact with teachers in their own environment it builds a stronger relationship. Teachers with a sense of their student's home life are better able to support them in their classroom. Teachers are trained extensively on the impact of poverty and crises and trauma-informed practices. BRIDGE also hosts family activities/trainings to bring all the families of the program and teachers together to increase family engagement. The program also helps families identify goals and connect to community resources that help them achieve those goals or mitigate crises. Families are taught how to find and access services on their own. Barriers to participation are removed and interpretive services are provided throughout. Parent Partners are available to mitigate crises on a case by case basis.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The families being served by the BRIDGE program include families living in poverty and who have children entering kindergarten through 2nd grade. The families served primarily come from Head Start sites and have incomes less than 100% of the Federal Poverty Guidelines. Typical consumers (children and adults) have experienced trauma and are in frequent crises. Families in poverty experience tremendous instability. They move and change jobs frequently and often the children change schools within a school year. Several different family dynamics are served from two parent household to grandparent raising grandchild and all in between. BRIDGE serves families where English is their second language as well as black, white, Hispanic, etc. Dual language families in poverty are even less inclined to be involved in the schools because of their language, cultural barriers, and fear. Many DLL participants are not literate in their home language and their capacity to support their children's learning is heavily challenged. Families have children who will attend school in Columbia, Ashland, Hallsville, or Centralia.

b. Why will these particular consumers be served? (1500 character limit)

These families transitioning from Head Start will be served in order to help close the achievement gap. Head Start students are at risk of falling behind their peers due to outside factors in their lives. These consumers mistrust the schools and are often intimidated by the school environment and structures. The instability described above makes it difficult to maintain educational achievement. One change to a new home and school often means missing weeks of school, for example. These consumers will be served because they are the most at risk of failing in school, need the most support, and too often fall between the cracks. By building and supporting their resiliency, they will better be able to manage the crises in their lives rather than be defined by it.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Family by-in at times is difficult due to distrust in systems. Families in poverty often work with several different helping agencies and can become overwhelmed at times. Within BRIDGE services families will learn how to appropriately cope and develop goal plans in order to address difficult areas of need. With cultural differences and language barriers some parents have difficulty interacting with schools and playing an active role in their child's education. Communication with families in poverty is also difficult as some cannot afford electronic communication.

d. Total number of unduplicated individuals to be served by the proposed program:

175

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

2885.33

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

100

b. Provide information on the types of training that will be offered. (1500 character limit)

Training will be offered to Public School teachers as a part of their PDP. This will assist them to better understand the family demographics the program serves. Teachers will be trained on compassion fatigue, home visiting, trauma informed practices, motivational interviewing, understanding poverty/poverty simulation, and FLIP It (addressing challenging behaviors, and counseling services). Other training's will be provided if needed or opportunity arises. Upon acceptance of this POS trainings will be open to all public school teachers to become trained if they chose one of the topics offered. Parents will be trained on variety of topics including but not limited to: nutrition, money management/budgeting, communication, fire safety, health, literacy, etc. All skills to help build more resiliency and emotionally and physically healthy individuals.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

Program will typically run Monday-Friday with varying hours from 7am-9pm and occasionally Saturdays if community events occur for families. Hours will be flexible in order to accommodate the schedules of families/individuals served. Offices for program staff will be in CMCA Boone County offices and home visits with families will primarily occur in the families' home. If the home is not an option another location will be agreed upon by all parties. Public Schools will also be a frequent location utilized as meetings with teachers and school administrators are conducted for child/family success.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Eligibility criteria will be families leaving Head Start preschool programs entering into kindergarten in the Public School system. With program expansion families will also be eligible for the BRIDGE if they are referred by a public school administrator or teacher and discussed among an intervention committee. A preschool model to mirror BRIDGE pilot is currently in process to be implemented in partnership with the public schools.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Families who are already in poverty do not have the funds to pay for services. Services provided from the program are similar to case management services and will be teaching the families how to help themselves and access resources on their own. The program will gradually taper off services each

year to help build family skills to be more self sufficient. The program will also help families be more engaged in their child's education as well as the community by Parent Partners showing families how to advocate for themselves and access community information.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

For comprehensive services of the BRIDGE, formal partnerships with local school districts are needed to ensure the involvement of Teachers of the district in the program. School district agreements will include the provision of PD credit for training provided by the BRIDGE.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

CMCA has provided Head Start for the past 52 years. Head Start is a nationally renowned preschool program working with low income children and their families. Services are compatible with the Head Start Program Performance Standards 45 CFR Chapter XIII RIN 0970-AC63 and the Head Start Act (H.R. 1429 (110th): and Improving Head Start for School Readiness Act of 2007) CFR 1302.45 Child mental health and social and emotional well-being...and CFR 1302.46 Family support services for health, nutrition, and mental health. The BRIDGE will comply as required.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

BRIDGE program directly works with Head Start and Head Start administration to continue supporting at risk families. The families of the BRIDGE are very familiar with the structure and supports offered in Head Start and they, therefore, are more easily transitioned into the BRIDGE with similar support services.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

Evidence-based family involvement strategies such as parent engagement (McKay et al., 2004) and motivational interviewing are a part of the BRIDGE intervention (see Dishion & Kavanagh, 2003; Dishion & Stormshak, 2007) Most studies that examine the influence of socioeconomic disadvantage are based on the perspective that the effects are mediated by school (e.g., ineffective classroom management) and family processes (e.g., parenting practices and cognitive stimulation in the home) (Brooks-Gunn, Klebanov, & Liaw, 1995; Stormshak et al., 2000). By virtue of their families' low economic status, children who are receiving early childhood education in Head Start programs are at greater risk for developing behavior problems and academic failure and are an important group for prevention efforts (Fomess et al., 2000; Kaiser, 2007). Focus areas that are targeted by the BRIDGE intervention during Head Start children's critical transition to public schools include the following: 1) support for cognitive and academic stimulation in the home, 2) use of effective parenting practices, 3) parent involvement in schooling, 4) teacher use of effective behavior management strategies, and 4) transitional support to Kindergarten. Mantzicopoulos (2003) found that Head Start children were less likely to be retained in public schools that provided educational as well as family services intended to support transition to public school.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

BRIDGE is unique and innovative by building the family and teacher relationship through home visiting. Teachers are required to conduct two home visits with each BRIDGE student/family. These visits are mirrored to parent teacher conferences but are extended in length and in the home of the family so they are comfortable. Teachers with a sense of their student's home life are better able to support them in their classroom. Teachers are also involved with the parent training activities to continue to build family and teacher/school relationships and increased engagement. BRIDGE program will also be piloted in a Title I preschool setting and funded through Head Start. This model will also work directly with the Columbia Public School early childhood to provide education services and family support services. Training's will be offered to other public school teachers in Boone County upon acceptance of proposal. This will help to continue to build educators understanding and knowledge of at risk populations. Discussions have started developing with Boone County school districts for the training's to become part of the schools approved PD programs.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Program planning days will occur at least once a year in order to evaluate tools, assessments, activities/trainings and program procedures. Regular staff meetings will occur to ensure there is a unified and team approach to serving at risk families. Program staff will encourage and welcome any and all feedback from all involved in the program. Participant feedback will be gathered via surveys and interviews and assessed to consider how best to maximize their experience. A school district partnership performance matrix will be also be used to gauge both the efficacy and efficiency of these partnerships.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

BRIDGE program feedback is always encouraged and welcomed from all involved in the program. A satisfaction survey will be given to both families and teachers by the program evaluator at the end of the program year. This data will be collected without program staff so all feel comfortable being open with feedback. The results will then be reported in a document put together by the evaluator. After all activities/trainings for families and teachers evaluations will also be given over content material and how activities/trainings can be improved. During this process participants will also be given the opportunity to share what they learned and how they can utilize it in their lives.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Formal Agreements will be developed with all school districts in which BRIDGE children are served. Currently, a formal agreement exists with the Columbia Public Schools (a signed copy is on file). Other agreements with Boone County schools will be developed within BRIDGE pilot program for the 2017-2018 school year and can be provided if proposal is accepted. The Superintendent of Schools has also provided a letter of support for the program attached within this application (attached below). A Contract will be executed with the Program Elevator, from MU, for ongoing impact/results the program provides. In addition to evaluation supports, the Program Evaluator serves as a liaison to FACE and other University of Missouri led programs funded by the Children's Services Board of Boone County.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1500334178_40691_TeacherContract.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

/document/download/filename/1500426456_40764_CMCABRIDGEProgramMOU.docx/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Program Administrator	MQ1 BA/BS	FTE1 0.15	SR1 FROM \$46,612.00	SR1 TO \$87,210.00
P2 Program Manager	MQ2 BA/BS	FTE2 1.00	SR2 FROM \$36,130.00	SR2 TO \$58,760.00
P3 Parent Partner	MQ3 BA/BS	FTE3 1.00	SR3 FROM \$31,512.00	SR3 TO \$51,418.00
P4 Parent Partner	MQ4 BA/BS	FTE4 1.00	SR4 FROM \$31,512.00	SR4 TO \$51,418.00

P5	MQ5	FTE5	SR5 FROM	SR5 TO
Parent Partner	BA/BS	1.00	\$31,512.00	\$51,418.00

		0.00	\$0.00	\$0.00
P7	MQ7	FTE7	SR7 FROM	SR7 TO
		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Program administrator oversees all early childhood programs. She provides support and guidance to the program manager. The program administrator also acts as a liason between other programs and partnerships for continued expansion and collaboration. The program administrator also is a part of the multi-disciplinary team for when the program has family staffing. Program Manager oversees the day to day of the program functions and mentors parent partners to better serve program participants. Program Manager also completes and implements all contracts needed for program success. The position involves the coordination of a variety of family-centered activities and facilitation of processes to enhance parent, teacher and community engagement in strategies to support strong social-emotional development and academic achievement and requires supervision of all parent partners. The Parent Partner acts as a primary advocate and service coordinator for children and families. The position involves case management, on-going interaction with high need families, home visitation services, referral coordination, collaborative meeting planning/facilitation, goal-directed strategy planning, outcomes measurement, data collection, presentations, analysis and reporting. Due to the high needs of the program participants, experience and knowledge is required for all positions. Having a minimum of Bachelors degree is required to best serve all.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

CMCA has seen the strong impacts of the BRIDGE program for transitioning families from HS to the public schools. To that end, in this proposal, Head Start (OHS) will fund the participation of 15 Head Start eligible children from CPS Preschool Program to serve using the BRIDGE model to wrap around the CPS ECE services assuring full access to services as they attend CPS Preschool and transition to Kindergarten.

CMCA intends to continue to explore alternative funding sources for sustainability.

INDEPENDENT CONTRACTOR AGREEMENT

The BRIDGE

This Independent Contractor Agreement (this "Agreement") is made effective as of June 1, 2016, by and between Central Missouri Community Action (CMCA) (the "Company"), of 807-B North Providence Road, Columbia, Missouri 65203, and Teacher Name (the "Contractor"), of Teacher Address. In this Agreement, the party who is contracting to receive the services shall be referred to as "BRIDGE Teacher", and the party who will be providing the services shall be referred to as "CMCA BRIDGE Program".

1. DESCRIPTION OF SERVICES. Beginning on July 1, 2017, Contractor will provide the following services (collectively, the "Services"): As described in the attached Exhibit A.

2. PAYMENT FOR SERVICES. Company will pay compensation to Contractor for the Services that will be rendered in the following manner:

<u>Milestone</u>	<u>Payment Amount</u>
Upon Completion of BRIDGE Summer Training	\$275.00
Attendance of three BRIDGE events (\$50 per event)	\$150.00
Home visit	\$50.00
At the End of the school year - for contract completion	\$50.00

*Additional training events and activities may be determined to be added with additional remuneration to the BRIDGE Independent Contractor Agreement.

**Payment will be given at the end of summer training and at other designated times per company fiscal year obligations.

No other fees and/or expenses will be paid to the BRIDGE Teacher unless such fees and/or expenses have been approved in advance by Jennifer Klosterman, BRIDGE Program Manager and/or Mernell T. King, BRIDGE Project Director, in writing. The BRIDGE Teacher shall be solely responsible for any and all taxes, Social Security contributions or payments, disability insurance, unemployment taxes, and other payroll type taxes applicable to such compensation.

3. TERM/TERMINATION. This Agreement may be terminated by either party upon 30 days written notice to the other party.

4. RELATIONSHIP OF PARTIES. It is understood by the parties that Contractor is an independent contractor with respect to the Company, and not an employee of the Company. Company will not provide fringe benefits, including health insurance benefits, paid vacation, or any other employee benefit, for the benefit of the Contractor.

5. WORK PRODUCT OWNERSHIP. Any works, ideas, discoveries, inventions, products, or other information, whether or not copyrightable or patentable (collectively, the "Work Product") developed in whole or in part by the Contractor in connection with the Services shall be the exclusive property of the Company. Upon request, Contractor shall sign all documents necessary to confirm or perfect the exclusive ownership of the Company to the Work Product.

6. CONFIDENTIALITY. Contractor may have had access to proprietary, private and/or otherwise confidential information ("Confidential Information") of the Company. Confidential Information shall mean all non-public information which constitutes, relates or refers to the operation of the business of the Company, including without limitation, all financial, investment, operational, personnel, sales, marketing, managerial and statistical information of the Company, and any and all trade secrets, customer lists, or pricing information of the Company. Contractor will not at any time or in any manner, either directly or indirectly, use for the personal benefit of the Contractor, or divulge, disclose, or communicate in any manner any Confidential Information. Contractor will protect such information and treat the Confidential Information as strictly confidential. This provision shall continue to be effective after the termination of this Agreement. Upon termination of this Agreement, Contractor will return to Company all Confidential Information, whether physical or electronic, and other items that were used, created, or controlled by the Contractor during the term of this Agreement.

7. NO CONFLICTS. Contractor hereby represents and warrants to Company that its execution and performance of this Agreement does not and will not breach any other agreement and does not require the consent of any other person or entity.

8. ENTIRE AGREEMENT. This Agreement constitutes the entire contract between the parties. All terms and conditions contained in any other writings previously executed by the parties regarding the matters contemplated herein shall be deemed to be merged herein and superseded hereby. No modification of this Agreement shall be deemed effective unless in writing and signed by the parties hereto.

9. WAIVER OF BREACH. The waiver by Company of a breach of any provision of this Agreement by Contractor shall not operate or be construed as a waiver of any subsequent breach by Contractor.

10. SEVERABILITY. If any provision of this Agreement shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Agreement is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

11. APPLICABLE LAW. This Agreement shall be governed by the laws of the State of Missouri.

12. IRS form W-9, which is attached to the BRIDGE Contract, must be completed and presented to Central Missouri Community Action prior to being paid for Services.

13. SIGNATORIES. This Agreement shall be signed by Darin Preis, CEO on behalf of Central Missouri Community Action and by Teacher Name, BRIDGE Teacher.

This Agreement is effective as of the date of signature by the BRIDGE Teacher.

EXHIBIT A

The BRIDGE Teacher signing this Independent Contractor Agreement with Central Missouri Community Action—The BRIDGE hereby agrees to the following requirements of the program as required.

Professional Development and Training:

Training for the BRIDGE (BRIDGE Teachers and Parent Partners) –July 25-27. (See exhibit B)

Home Visits with Parent Partner:

Complete a minimum of two home visits with the Parent Partner for each child in the BRIDGE. BRIDGE Teacher must attend home visit training prior to conducting home visits with BRIDGE families/students.

Family Events:

Attend a minimum of three events–

REQUIRED: The required events are the “Kick-Off” and The Family Dinner. You may choose one additional event to complete the three event requirement. (See exhibit C for list of events) More events may be attended if desired, but are not required, and will not be paid. There will be an end of year awards ceremony that is recommended to attend, but is not required and will not be paid.

Family Dinner- The Family Dinner is for family engagement and dinning with BRIDGE student(s) and their family. It is an opportunity for small group discussions and open communication between all parties for the success of the BRIDGE student(s).

Communication with Parent Partner:

Either party may request meetings, as needed. This will keep open communication and ability to express concerns or achievements about BRIDGE students and their families.

Child Success Plan:

BRIDGE Teachers will assist in developing a plan for each child in the BRIDGE. This will involve a planning meeting based off the DESSA (Devereau Student Strengths Assessment) that is completed by both the parents and the teacher. The Parent Partner and the teacher will work together to present and explain the plan to the families and include input they may have. During the discussion there will be explanation on how the family can work in partnership with the teacher. The Teachers will communicate monthly updates to the Parent Partners about the Child Success Plan. The Success Plans will be reviewed during home visits made by the Parent Partners.

Assessments & Evaluation Material (including, but not limited to):

- Teacher stress survey-** (pre and post)
- DESSA** (Devereau Student Strengths Assessment) (Fall & Spring)
- Attendance reports** (quarterly)
- Office referrals**
- Program feedback**
- Visit report (per home visit)**

EXHIBIT B

Required Training provided by CMCA to teacher of the BRIDGE

(If trainings were attended in previous years, the trainings are optional for attendance. Note that materials and content can change, but the subjects remain the same.)

- Culture of Poverty & Mini-Poverty Simulation
- Motivational Interviewing
- FLIP It
- Compassion Fatigue
- Home Visit Training
- Trauma Informed Training
- BRIDGE Overview

EXHIBIT C

The following list of events are subject to change:

July 2017- Community Event Calendar

August 5, 2017- Back to School Fair

August 28, 2017-Kick off Event

September 2017- Community Event Calendar

October 2017- Community Event Calendar and Holiday Event Packet

November TBA- Family Dinner & Family Picture

December 2017- Community Event Calendar and Holiday Event Packet

January 22, 2018- Nutrition Bingo

February 2018- Community Event Calendar

March 15, 2018- Build Your Budget

April 2018- Community Event Calendar

May 7, 2018- Awards Ceremony

**Memorandum of Understanding
Between
Columbia Public Schools
And
Central Missouri Community Action
For the period March 15, 2016 through June 30, 2018**

Purpose

The purpose of this Memorandum of Understanding is to describe the agreed upon responsibilities and expectations between Columbia Public Schools (CPS) and Central Missouri Community Action (CMCA) for the implementation of the BRIDGE Program. The BRIDGE is funded by the Boone County Children's Services Fund. It is designed to develop resiliency in both children and their parents so that they are ready to succeed in school and in life. The BRIDGE intends to engage teachers in activities that lead to classroom success for students and to deepen relationships between families and their schools. The BRIDGE also connects a community of supports to both parents and their children while creating home environments that are supportive of social and emotional health.

This MOU represents mutual commitment between CPS and CMCA to work together on behalf of students and their parents/families/guardians for their social/emotional and academic success. NOTE: This agreement suspends all past agreements and extends the collaborative agreement/MOU for the duration of the BRIDGE project.

Background and Goals

Central Missouri Community Action's mission is to empower individuals and families to achieve self-reliance. CMCA provides programs and services for people with low income ranging from utility and housing assistance to employment assistance and starting small businesses. CMCA has been working with families through Head Start and Early Head Start for five decades.

The BRIDGE is being implemented with CPS because the level of family support available to our target population drops dramatically when they exit the Head Start program. Head Start is designed to serve the most at-risk families within the low-income population. The families we serve exhibit a low level of resiliency factors and the children have relatively low social and emotional competencies. CMCA staff often makes dramatic progress with these families to get them ready for school but these supports go away as soon as they "graduate" from Head Start.

By leveraging our existing relationships with these families and maintaining family supports while supporting their transition into kindergarten, they will be more successful and require far fewer ongoing supports throughout their school careers. Our approach is multi-model and requires a variety of deep and meaningful partnerships to achieve our outcomes.

The BRIDGE Parent Partners will work with families, BRIDGE teachers, and the entire community to achieve the outcomes of the BRIDGE:

Outcome 1: Children participating in the BRIDGE will show increased social and emotional competence.

- Outcome 2:** Parents participating in the BRIDGE will increase their resilience and their ability to support the social and emotional competence of their children.
- Outcome 3:** Teachers engaged with the BRIDGE will have deeper relationships with parents and implement classroom strategies that support the social and emotional competency of students.
- Outcome 4:** Parents, professionals, community members will enhance their capacities for supporting the social and emotional competency of children.

Definitions:

This MOU makes reference to terms and definitions that are described below:

- BRIDGE – Acronym for Building Resilience through Interdisciplinary Developmentally Guided Experiences. This is a pilot project funded by the Boone County Children’s Services Commission and implemented by CMCA.
- BRIDGE Students – Students enrolled in the BRIDGE program and Columbia Public Schools.
- BRIDGE Teachers –CPS Teachers at various CPS elementary schools contracted by CMCA to participate in the BRIDGE.
- Parent Partners – CMCA staff assigned to work with families in the BRIDGE and to serve as the “connector” between participating families and BRIDGE teachers.

Article I –CMCA Responsibilities:

For the Program, CMCA is responsible for and agrees to:

1. Confirm enrollment in the BRIDGE. The BRIDGE is expected to enroll approximately 20-30 students in each of the three school years (15-16, 16-17 and 17-18) of the project. CPS will be notified of any change in participant numbers.
2. Contract with each of the BRIDGE Teachers who have contracted with CMCA to participate in the BRIDGE for the individual school years (15-16, 16-17 and 17-18). Teachers who contract with CMCA will re-contract annually. Contracts and payment to teachers will be the responsibility of CMCA.
3. Designate two (2) Parent Partners to function as the liaisons to the school from the family, work with the family on development of resiliency in both children and parents. NOTE: Additional Parent Partners may be hired if need is identified and funding allows.
4. Provide a list of BRIDGE students and the assigned BRIDGE Teachers, Parent Partners and any other school staff who will participate in the Program.
5. Training regarding teacher home visits will be conducted annually (at summer pre-service training) and will be consistent with strategies used in the PAT (Parents As Teachers) home visiting program and the Head Start home visiting program of CMCA Head Start. The curriculum will be developed locally. Parent Partners will make additional home visits to families in the BRIDGE (as determined on a case-by-case

basis). The Parent Partners will also coordinate monthly parent activities and/or training events. CPS teachers will be encouraged to attend these meetings, activities and/or training events.

6. A kick off for the BRIDGE will be held each summer/fall as a way to introduce the teachers and families to each other. The kick off will be arranged by the Parent Partners and will include a light meal or snacks and activities. Parents and teachers will all receive individual notifications and/or phone calls regarding this important event.
7. The Parent Partners, representatives from CMCA, will take part in the all trainings offered to the teachers of the BRIDGE to include:
 - a. Preservice training (each summer – approximately 2.5 days to 1 full week)
 - b. Other local trainings and professional development opportunities made available to teachers of the BRIDGE. CMCA will coordinate to be considerate of teacher time constraints and CPS training calendars.
8. BRIDGE will be responsible for the set up of training calendar, set up of training events and all costs associated with events (payment to trainers, honoraria, cost for training locations, cost for meals/snacks, etc.)
9. BRIDGE trainings will be held at times convenient to Columbia Public Schools whenever possible. CMCA is responsible for determining the schedule to train any BRIDGE Teacher who misses a required training. CMCA is responsible for any payments to BRIDGE teachers for attending trainings.
10. BRIDGE will also host community-wide training events on relevant topics (mental health, behavioral health, emotional health, etc.) will be held within the community. CPS administrators and teachers in the BRIDGE will receive information regarding these community events via the BRIDGE Parent Partners and CMCA.
11. Assume total cost of Program Evaluation.
12. Share findings of the BRIDGE with CPS.
13. Publish a “BRIDGE Notes” newsletter on a minimum of a quarterly basis. This will be made available to the teachers of the BRIDGE and to the administration of CPS.
14. Collect and maintain “Release of Information” allowing for communication and release of data between the BRIDGE and CPS. All Releases of Information will be compliant with all laws associated with the sharing of such documents.

Article II –CPS Responsibilities:

1. Work with CMCA to resolve any program issues or concerns and any changes that may be needed during implementation of the MOU.

2. Provide access to data needed by the evaluators of the BRIDGE on enrolled children in the BRIDGE. This includes, but is not limited to, CPS identification numbers for all enrolled children in the BRIDGE.
3. Provide a time to discuss the BRIDGE with CPS principals in the district to explain the program and allow for discussion.
4. Provide information to prospective BRIDGE teachers regarding the program complete with contact numbers and addresses of prospective BRIDGE teachers.
5. Advise CMCA of any problems that could compromise implementation of the BRIDGE.
6. Monitor and support building level communications with CPS Administration to build on successes and minimize barriers.
7. Provide opportunities for administrative staff of CPS to meet with the administration and staff of CMCA and the BRIDGE on an ongoing basis to assure smooth operations, recruit teachers for the project and to share results of ongoing assessment.

Effective Dates

This Memorandum of Understanding shall remain in place from March 15, 2016 through June 30, 2018. Renewal after the 3 year pilot project period will be contingent upon CMCA's annual evaluation of the BRIDGE by CPS and CMCA and funding from the Boone County Children's Services Commission.

Termination

CPS or CMCA may terminate this MOU at will with 60 days written notice. Written notice of termination shall be mailed to Ben Tilley at CPS and Mernell King at CMCA. Failure to honor any of the obligations stated above may also result in termination of this MOU, upon 30 days' written notice.

Other MOUs

There are no superseding MOUs or grant agreements on this topic between stated parties.

Intellectual Property

CMCA is the owner or licensee of all training manuals, text, images, designs, artwork and other content associated with the BRIDGE, including without limitation the copyright of the BRIDGE logo. Other than what may be required to participate in the BRIDGE, no copying, distribution, or other use of any of the materials of the BRIDGE is permitted, absent the express written consent of CMCA.

Acceptance by Authorized Representatives

IN WITNESS WHEREOF, the parties hereto have duly executed this Memorandum of Understanding on the date first above written and agree to be bound by the terms and conditions set forth herein:

Program Service (V3)

Children's Services Fund - POS 2017 (BCCSB Review...

Quick View Information

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$4,000.00

b. Describe how the funds will be utilized. (600 character limit)

Funds will be utilized to purchase equipment for a new Parent Partner. A laptop and docking station will be needed in order to complete regular job duties. Two Ipads will be purchased with protective cases to utilize in home visits with program participants.

c. Provide justification for the request for one-time funding. (600 character limit)

A laptop and docking station will only be a one time cost due to adding another Parent Partner to serve families in the program as the program expands in the rural areas of Boone County. The added Parent Partner will also be utilized to support families referred to the program from the public schools.

Two Ipads will be purchased for Parent Partners to conduct assessments and other program intake documents in the families homes. BRIDGE will be utilizing an online management system for BRIDGE participants. Ipads will be utilized to help with converting to an electronic filing system.

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Supportive Services-Case Management

b. Service #1 - Taxonomy Definition of Service (300 character limit)

A collaborative process that assesses, plans, implements, coordinates, monitors, & evaluates the options & services required to meet an individual's health & human services needs. It is characterized by advocacy, communication, & resource management & promotes quality cost-effective interventions

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Each child participant will be evaluated by their parents and teachers utilizing the Deveroux Student Strengths Assessment (DESSA) twice a year. DESSA will be given in the fall and the spring semesters. Once a DESSA is completed by both parties the BRIDGE Parent Partner will input the answers into Deveroux online system to see the results for each child. Once social-emotional characteristics are identified the parents and teachers work together to create a child success plan which is facilitated by the BRIDGE Parent Partner. Based on the child success plans teachers and parents will work together to work on goals in two different environments (school & home) for increased success of the child. Only two goals will be in progress at a time to ensure children are not overwhelmed with change. The DESSA and child success plans will also be utilized to create needed referrals to other service organizations. BRIDGE will be collaborating with FACE for those in need of direct mental health services. A referral system between the two programs will be created and utilized when needed. The DESSA results will also be utilized to gauge student growth and sustainability over the school year. Collaboration with the public schools will be used to help identify behavioral problems by reporting all disciplinary referrals to BRIDGE program. Regular check-ins during home visits with families and regular communication/meetings with teachers will be conducted by Parent Partners to track progress and completion. As child success plans are completed new plans will be developed to continue progress of the child. Regular home visits will be conducted with family participants. Initial visits will start with providing basic organization and community resources as well as Public school information. After the initial home visit assessments are conducted with the families to better gauge types of supports and services the family will need. Parent Partners develop an ecomap with every family to identify areas of different levels of supports. These are then utilized to keep track of family progress. Other assessments are also administered in order to better support the family and analyze growth through their participation. Based on assessments families all create family success plans. These plans will be individualized goals for parents and families as a whole. These success plans will be evaluated during home visits. Parent Partners will help provide resources to families and coach them on how to access resources and advocate for themselves and children. Trainings will be provided to build Parent skills, increase community engagement and build relationships between schools and families.

Record Lock

0

Service #1 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)**

One month of BRIDGE comprehensive services and supports

b. Unit Rate (#1)

\$412.07

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

Rates from the Missouri Department of Social Services were utilized to determine rates for intervention services with families and children. Entry level workers have an average salary of \$13/hour. Due to experience of BRIDGE staff and intensive services the rate is increased. Rate of Head Start Home Base services were also considered at \$13,616.26/child to develop the rate of BRIDGE services.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

d. Total Number of Units of Service to be Provided (#1)

60

e. Total Number of Unduplicated Individuals (#1)

60

f. Average Number of Units of Service per Unduplicated Individual (#1)

1

g. Average Cost of Service per Individual (#1)

412.07

Service #1 - Service Fee**a. Will the proposed service (#1) consumers be charged a fee?**

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Due to program serving families experiencing poverty and the services taking place in the home no fees will be charged. The service is to build adult resiliency and coach families to advocate for themselves and children. Service gives families support to be more engaged in the community and their own lives.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Program is not through any health or mental health services or licensed clinicians. Program is a voluntary service for families to participate.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$0.00	1a2. 0	1a3. \$266,804.00
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$296,689.64

b. Proposed Number of Units of Service (#1)

720

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

Level of funding is requested to ensure BRIDGE is able to serve all of Boone County including rural areas outside of Columbia. Last year of BRIDGE pilot program the program started expanding into the rural communities of Boone County. Also funding is requested for program expansion within the school system as a referral process will be implemented for school systems to refer families and students in need to BRIDGE services.

Service #1- Performance Measures

Outcome (1-1)

Children participating in the BRIDGE will show increased social and emotional competence.

Indicator (1-1)

60 children will be enrolled and served in the Bridge by 6/30/18. 85% of children enrolled will show sustainability and/or increased competency in all domains on the DESSA by participating in the BRIDGE. There will be a drop in behavioral referrals for children in the BRIDGE by the end of the year.

Method of Measurement (1-1)

Enrollment records for the BRIDGE. Devereux Student Strengths Assessment (DESSA) Behavioral referral and classroom performance records from Public Schools. Evaluation Analysis will be conducted by program Evaluator at the end of program years one and two. Results will be shared with all stakeholders

Additional Outcome (1-2)

Parents participating in the BRIDGE will increase their resilience and their ability to support the social and emotional competence of their children

Additional Indicator (1-2)

parents participating in the BRIDGE will show increased resilience and social connections. parents will use strategies that compliment those being incorporated into their child's classroom for supporting the social and emotional competence of their children

Additional Method (1-2)

Devereux Adult Resiliency Scale (DARS), Depression, Anxiety and Stress Scale (DASS), Sign-in records from BRIDGE activities, ECO-Map Family success Plan, Parent Passport, Child Success Plan, Student performance reports, parent/teacher conference records, and referral tracking.

Additional Outcome (1-3)

Teachers engaged with the BRIDGE will have deeper relationships with parents and implement classroom strategies that support the social-emotional competency of participating students.

Additional Indicator (1-3)

teachers will report increased understanding of poverty and toxic stress' impact on student development and behavior. Teachers will work collaboratively with Parent Partners to coordinate and implement classroom strategies to support enhances social-emotional competencies of students

Additional Method (1-3)

Pre Post training assessments, Parent partner/teacher success plan, Devereux Adult Resiliency Scale

Additional Outcome (1-4)

Additional Indicator (1-4)

Additional Method (1-4)

Additional Outcome (1-5)

Additional Indicator (1-5)

Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Enrolling families in the BRIDGE from Head Start is the first step in serving families in poverty. Head Start families are eligible for Head Start based on income and a families poverty level as the main indicator. By helping and supporting parents to become more resilient and build on their own social-emotional skills we are creating stronger family units. Strong parents=Stable children. Engaging public schools is a way to engage parents and give them an active role in their child's education. This program also promotes more awareness into the lives of the at risk populations served.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Potential variables for children and families are their environments in which they live and crisis that occur within the at risk populations. This includes access to available resources and ensuring they are able to follow through with success plans. Teacher variables include practicing school policies, regulations and other techniques utilized and those utilized by the program could alter the validity of program training.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Research based tools/scales will be utilized to measure each indicator. These tools/scales were utilized during the BRIDGE pilot program to measure outcomes. The BRIDGE program evaluator then compiles data from designated tools/scales to show data and effectiveness of the program.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

BRIDGE will use evidence and/or research based assessment in all aspects of the program. An evaluator has been secured to assure program fidelity to all protocols.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

b. Service #2 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

b. Unit Rate (#2)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

d. Total Number of Units of Service to be Provided (#2)

0

e. Total Number of Unduplicated Individuals (#2)

0

f. Average Number of Units of Service per Unduplicated Individual (#2)

0

g. Average Cost of Service per Individual (#2)

0

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Due to program serving families experiencing poverty and the services taking place in the home no fees will be charged. The service is to build adult resiliency and coach families to advocate for themselves and children. Service gives families support to be more engaged in the community and their own lives.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

Program is not through any health or mental health services or licensed clinicians. Program is a voluntary service for families to participate.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children’s Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.

2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

- 1) Instructions and General Conditions
- 2) Introduction and General Information
- 3) Program Information and Requirements
- 4) Application Information
- 5) Attachment A - Organization Assurance Sheet
- 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
- 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract *Boone County Respite Program*

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "BCCSB" and **Central Missouri Foster Care & Adoption Association**, a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **CMFCAA**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, CMFCAA has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY CMFCAA

CMFCAA is expected to the greatest extent possible to maximize funding from all other sources. CMFCAA shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. CMFCAA shall only request reimbursement for services not reimbursable by any other source. CMFCAA shall not invoice the Children's Services Fund for units of service invoiced to another funding source. CMFCAA shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** CMFCAA will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal **#30-20JUL17** (Purchase of Service Contracts), any addenda, and CMFCAA's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over CMFCAA's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from CMFCAA and CMFCAA agrees to furnish the **Boone County Respite Program** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in CMFCAA's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$20,532.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. CMFCAA agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of CMFCAA be renewed for **an additional one (1), one-year period**. CMFCAA agrees and understands that the BCCSB may require supplemental information to be submitted by CMFCAA prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Out of Home Respite Care – Child	One hour	\$17.11	1,200	\$20,532.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of CMFCAA, the BCCSB agrees to pay interest at a

rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by CMFCAA to monitor service delivery and program expenditures. CMFCAA agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by CMFCAA and, if so stipulated, are noted on this contract document. Payments may be withheld from CMFCAA if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. CMFCAA agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** CMFCAA also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of CMFCAA's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from CMFCAA, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** CMFCAA agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect CMFCAA's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, CMFCAA hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event CMFCAA requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from CMFCAA may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with CMFCAA's policies and procedures and in accordance with any local/state/federal regulations. CMFCAA agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. CMFCAA must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** CMFCAA will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** CMFCAA agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to CMFCAA's provision of such services.

14. **Accreditation/Licensure/Certifications.** CMFCAA must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** CMFCAA agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and CMFCAA, and this shall include any transaction in which CMFCAA is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** CMFCAA may enter into subcontracts for components of the contracted service as CMFCAA deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, CMFCAA shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring

requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** CMFCAA agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. CMFCAA shall require each subcontractor to affirmatively state in its Agreement with the CMFCAA that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide CMFCAA a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** CMFCAA agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against CMFCAA or any individual acting on the CMFCAA's behalf, including subcontractors, which seek to enjoin or prohibit CMFCAA from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If CMFCAA ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if CMFCAA no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, CMFCAA will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event CMFCAA, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to CMFCAA as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should CMFCAA fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, CMFCAA shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the CMFCAA for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, CMFCAA agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Central Missouri Foster Care & Adoption Association** (meaning anyone, including but not limited to consultants having a contract with CMFCAA or subcontractor for part of the services), or anyone directly or indirectly employed by CMFCAA, or of anyone for whose acts CMFCAA may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the CMFCAA.** CMFCAA shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. CMFCAA will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. CMFCAA will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. CMFCAA agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and CMFCAA. The BCCSB does not recognize any of the CMFCAA's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** CMFCAA shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms

of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Central Missouri Foster Care & Adoption Association (CMFCAA)
Name of Program	Boone County Respite Program

Organization Profile	
-----------------------------	--

1. Contact information is missing for the following board members: Cherie Cook, Carol Fischer, Darin Keim, Linette Sommerer, Jessica Diestel, Michael McCoy and Tracy Johnson.

Action Required: Provide contact information in Apricot for all board members.

Contact information has been updated in Apricot for all of the above listed Board members with the exception of Tracy Johnson. Ms. Johnson resigned from the Board in October 2017. This has also been updated in Apricot.

2. It is noted that in the 2016 Audit that the organization was recommended in the 2015 audit to convert from the online QuickBooks to a more robust version, however, the organization was still using online QuickBooks when the 2016 Audit was completed. We would anticipate that any further audit recommendations would be addressed more urgently. We also note that the 990 form indicates that there was \$20,572 worth of professional development spent in 2016. This number seems extraordinarily high considering the organization budget and number of staff. The cost of rental cars and plane tickets were extremely high. We would anticipate that the most cost effective travel and lodging would be sought when attending these events.

Action Required: Please, indicate what corrective actions will be taken.

CMFCAA has purchased the desktop version of Quickbooks. At the time of purchase, the more robust version was too advanced for the existing computer equipment. Funding has come available to purchase upgraded computer equipment. CMFCAA has contracted with a local CPA firm to assist with the proper transition of information from online Quickbooks to the desktop version beginning November 15, 2017. The delay was not due to the lack of desire to comply with the audit request, but the lack of funding to purchase the necessary upgrades. That has been accomplished now.

The unusually high expense of professional development in 2016 was due to the hiring of a strategic plan consulting firm and a fund development consultant during 2016 for the CMFCAA Board and staff to develop their current strategic plan. This will not be a recurring annual cost. CMFCAA makes every effort and will continue to do so in purchasing the most cost effective transportation methods available at the time of purchase for professional development training and conferences.

Program Overview Form

3. The Statement of Issue Being Addressed provided an overview of the CMFCAA rather than providing data describing the community-level issue.

Action Required: Describe and document the community-level issue to be addressed by the proposed program utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID).

Individual studies of the prevalence of disability and need among children in foster care in various states and localities have highlighted a range of potential challenges. These studies have found the following:

- 40% born low birth weight or premature
- 80% prenatally exposed to substances
- 30-80% with at least one chronic medical condition [e.g., asthma, HIV, TB]
- 25% with three or more chronic health problems
- 30-60% with developmental delays
- 50-80% with mental and behavioral health problems
- 20% fully handicapped
- 30-40% receiving special education services.

(<http://www.childrensrights.org/wp-content/uploads/2008/06/forgotten-children-children-with-disabilities-in-foster-care-2006.pdf>)

While no documented study has been completed by CMFCAA, there is the understood potential that the above concerns may be foster or adopted youth represented in portion of the Boone County population that are included in the Boone County Indicators statistics regarding the following populations.

- 8.7% of births are preterm births
- 2,126 children are receiving special education services in Boone County

The need for support services for families who care for children who may have the above mentioned challenges require agencies to be creative by removing barriers and providing free programs to families already caring for multiple placement in their homes. Respite is one form of stabilization service that can benefit both the youth and the family unit as a whole.

4. The Statement of Issue Being Addressed only used data from CMFCAA. Data should be utilized from other reliable sources. The information did not provide specific details on the types of trauma and problems that children experience while in foster care and the struggles that parents and/or care givers experience.
Action Required: Provide more information on the population to be served by utilizing additional outside sources. Provide information regarding issues children in foster care and parents and/or care givers experience.

Trauma is defined by the United States Children's Bureau as an emotional response to an intense event that threatens or causes harm. The harm can be physical or emotional, real or perceived, and it can threaten the child or someone close to him or her. Trauma can be the result of a single event, or it can result from exposure to multiple events over time. Potentially traumatic events may include

Abuse (physical, sexual, or emotional), neglect, effects of poverty (such as homelessness or not having enough to eat), being separated from loved ones, unpredictable parental behavior due to addiction or mental illness. For many children, being in the foster care system becomes another traumatic event. This is true of the child's first separation from his or her home and family, as well as any additional placements.

Trauma can affect the body through the inability to control physical responses to stress and through chronic illness, even into adulthood. According to the study of Adverse Childhood Experiences (ACEs), a child who has experienced the trauma of ACEs The number of ACEs was strongly associated with adulthood high-risk health behaviors such as smoking, alcohol and drug abuse, promiscuity, and severe obesity, and correlated with ill-health including depression, heart disease, cancer, chronic lung disease, and shortened lifespan.

Trauma can affect the brain through difficulty thinking, learning, and concentrating, impaired memory, or difficulty switching from one thought or activity to another.

According to the Beacon House Therapeutic Services and Trauma Team study, the brain is organized in a hierarchical way. Here is the order that the brain develops as the child grows from birth to adolescence:

1. Brain stem/mid brain: sensory. motor skills and survival
2. Limbic brain: attachment and emotional development
3. Cortical brain: thinking, planning, rationalizing, and learning

The brainstem – the primitive part of the brain – is responsible for keeping us safe. It is the part of the brain that makes us run away from danger, and it keeps us alive. This is very helpful for a child living in a dangerous environment. Their brainstem will constantly be on high alert, ready to keep them safe and to prevent danger. The problem for traumatized children is that when they transition into a safe environment, the primitive brain does not turn off, so the child stays continuously in survival mode. The child is developmentally stuck in their brain-stem, very little information can get passed up to the higher parts of their brain.

Trauma can affect the emotions by creating feelings of low self-esteem, feeling unsafe, inability to regulate emotions, depression, or anxiety. Trauma can affect behaviors by inhibiting the ability to control impulses, fighting or aggression, substance abuse, and suicide.

The Beacon House Therapeutic Services and Trauma Team has suggested that the resiliency that children are capable of can be increased with the proper understanding and healing approach. A few of the suggestions for stabilizing and providing an opportunity for healing are:

- Stabilize the child's home and school environment
- Provide support for the child's caregiver (birth parent, foster parent, adoptive parent or family member)
- Provide repetitive age appropriate physical activities to re-organize and regulate the brain-stem (such as play, dance, music, etc.)

CMFCAA believes that the respite program offers the opportunity to provide the platform to encourage healing and the support structure for the family caring for the traumatized child.

<https://www.childwelfare.gov/pubPDFs/child-trauma.pdf>

<https://www.cdc.gov/violenceprevention/acestudy/>

<http://beaconhouse.org.uk/developmental-trauma/the-repair-of-early-trauma-a-bottom-up-approach/>

respite events. The service description also mentions that youth receive four hours of respite six times per year. *Action Required:* Provide clarification on the number and frequency of respite events during one year of services. Provide information on the themes and why there are only six.

CMFCAA's current overall model of Respite programming is for families in 13 mid-Missouri counties. CMFCAA's goal is to provide at least one respite per month in at least one of our counties. However, in Boone county CMFCAA partners with the Activities and Recreation Center (ARC) to provide 6 respite events per year specifically for Boone county foster and adoptive families. The Boone county respite is not a monthly respite, but a semi-monthly respite. One respite event will be four hours long at the ARC (usually 5:00-9:00pm on a Friday evening). The ARC determines the theme of the event. Some examples of past themes are: Outdoor Carnival, Fall Festival, Martial Arts night, etc.

In summary, in 2018, the Boone respite will be six respite events. Each event will be four hours long and will be held at the Activities and Recreation Center. Each youth who attends will receive four hours of respite for each event that they attend.

6. The proposal mentions several times that children with "special needs" will be served but is never sufficiently explained.

Action Required: Provide clarification on what qualifies a child with special needs. How does this relate to program eligibility? Does this include behavior problems or just cognitive and/or developmental disabilities?

In national foster care language, the term "special needs" is used by each state to describe all foster children. However, it is defined broadly and varies by state. It specifically is defined in Missouri as a child with a disability that may include mental, physical, or behavioral challenges and is at risk for developing learning, emotional, behavioral, or physical disabilities in the future.

"On any given day, there are more than half a million children and youth in foster care in the United States, and studies suggest that at least one-third have disabilities, ranging from minor developmental delays to significant mental and physical disabilities. Evidence suggests that the special needs of this population are not being met in foster care systems across the country, and that these children experience worse outcomes than other children in foster care."(<http://www.childrensrights.org/wp-content/uploads/2008/06/forgotten-children-children-with-disabilities-in-foster-care-2006.pdf>)

The status of "special needs" does not determine eligibility for the youth who participate in the CMFCAA respite events. However, it does provide the rationale for the need for services designed to improve the lives and increase the potential for healing through positive play interaction with the population of foster and adoptive youth in central Missouri.

7. The total number of unduplicated individuals to be served has increase by 100 people compared to services provided in 2016.

Action Required: Provide information on how this number was determined and efforts that will be made to increase the number of program consumers.

CMFCAA's goal is to host 50 youth at each respite event. By offering six events, the goal would be to host 300 youth during the course of the year.

At this time, CMFCAA's Program Coordinator is working with Children's Division and Great Circle to increase awareness of the respite opportunity for foster and adoptive families. The Program Coordinator is also working with graduate students from University of Missouri who are determining a marketing course of action to increase awareness, recruitment, and participation in respite events in Boone County.

8. The rationale provided on fees for service not being collected does not make sense in relation to the program.

CMFCAA does not charge fees for any program or service to our foster and adoptive families. This has always been the standard of service for CMFCAA. One of the goals of CMFCAA is to provide stabilization services by removing all possible barriers that may keep families from utilizing services. Families who care for traumatized children already accept extra financial burdens that come with caring for a child. Missouri's subsidized rate of pay to care for these children is one of the lowest in the United States (48th out of 50 states). In order to adequately pay foster parents to care for the needs of the children in their home, Missouri would have to increase their foster care subsidy by 119%. This is based on the study Hitting the M.A.R.C., (2007). Establishing Minimum Adequate Rates for Children.

Because of the low subsidy rate paid to foster parents, CMFCAA does not charge a fee for respite services in order to remove the barrier of financial cost in order for families to benefit from respite.

Action Required: Provide clarification on the rationale for no fees being charged for services.

9. The Program Quality section explains that the program utilizes best practices from AdoptUSKids. The three strategies include: strong collaboration, involvement of stakeholders, and leadership and commitment. These three strategies seem tied to organization level operations rather than on a client-based level.

Action Required: Provide clarification on the AdoptUSKids best practices. How does this relate to the Boone County Respite Program and how that benefits the kids attending the events?

AdoptUSKids explains the keys to success and best practices are keys to the success of respite programming (Lessons From the Field, 2012). These best practices include:

-Strong collaboration with community businesses, leaders, and volunteers who will be able to provide the safety net of support through personal or financial involvement to provide the respite opportunity

-Involvement of stakeholders, including the financial supporters in order to maintain accountability in resource use. Involvement of stakeholders also including the families utilizing the respite opportunity in order to determine effectiveness of program.

-Leadership and commitment of CMFCAA, volunteers, and additional stakeholders who are able to commit the time and resources in order to make the respite programming effective.

10. The FTE for the CEO, Operations Director, and Program Coordinator are listed as 1.0. This means that the Boone County Respite Program is their only responsibility. There must be other organizational responsibilities for these employees that are not exclusively related to this program. The Funding Request narrative lists that 15% of staff salary is being charged to this program. The minimum qualifications were not provided for the Operations Director. There also appears to be a mistake in the minimum qualification for the President/CEO.

Action Required: Complete the table below with the minimum qualifications and correct FTE amounts.

Position/Title	Minimum Qualifications	FTE
President/CEO	Bachelor of Science in Social Work	.015
Operations Director	Associates Degree	.015
Program Coordinator	Bachelor of Science	.12

11. The Personnel Expenses seem low for 15% of the salary for the three employees being charged to this program. Also, 15% conflicts with the FTE amount listed on the Program Personnel table.

Action Required: Provide clarification on why 15% of the salary will be charged to the program. Provide clarification on how \$2,100 was calculated.

The Personnel Expenses of CMFCAA staff are divided among administrative duties and eight additional program categories within CMFCAA structure. The annual amount of salary budgeted in the CMFCAA respite salary line item for the 3 staff members listed above as a whole is \$14,000. It is estimated that the three staff work a combined average of 15% of their annual respite time specifically on the Boone County respite events. This is how CMFCAA calculated the amount.

$\$14,000 @ 15\% = \$2,100$

Program Services Form (1-5)

12. The Funding Request section mentions that 25% of the rent for the Boone County satellite office is being charged as an Indirect Cost for this program. The indirect costs charged to Boone County Children's Services can only be up to 15% of the salary costs for the program. According to the Funding Request narrative, staff salary equals \$2,100 but indirect costs equal \$1,650. This calculates to 79%. *Action Required:* Provide clarification on 25% of rent being charged for this program.

The below is the calculation of how we are understanding our budget for the respite programming:

Item	Unit Cost	Annual Cost	Notes
Staff	\$1.75	\$2,100.00	3 staff @ .15 FTE
Material	\$0.25	\$300.00	\$50 per event
Unit ARC cost	\$14.85	\$17,820.00	300 youth @ 4 hours each
Indirect Expenses	\$0.26	\$315.00	rent @ 15% of salary request
Total	\$17.11	\$20,535.00	

CMFCAA will reduce the indirect expenses request to 15% of the salary costs for the program. CMFCAA misunderstood the original guidelines to mean that the indirect costs had to be less than 15% of the entire request.

CMFCAA still intends to use the indirect costs to subsidize the rent of office space in the area that we are providing services for.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Alonso:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Central Missouri Foster Care & Adoption Association (CMFCAA)
Name of Program	Boone County Respite Program

Organization Profile	
-----------------------------	--

1. Contact information is missing for the following board members: Cherie Cook, Carol Fischer, Darin Keim, Linette Sommerer, Jessica Diestel, Michael McCoy and Tracy Johnson.

Action Required: Provide contact information in Apricot for all board members.

--

2. It is noted that in the 2016 Audit that the organization was recommended in the 2015 audit to convert from the online QuickBooks to a more robust version, however, the organization was still using online QuickBooks when the 2016 Audit was completed. We would anticipate that any further audit recommendations would be addressed more urgently. We also note that the 990 form indicates that there was \$20,572 worth of professional development spent in 2016. This number seems extraordinarily high considering the organization budget and number of staff. The cost of rental cars and plane tickets were extremely high. We would anticipate that the most cost effective travel and lodging would be sought when attending these events.

Action Required: Please, indicate what corrective actions will be taken.

--

Program Overview Form	
------------------------------	--

3. The Statement of Issue Being Addressed provided an overview of the CMFCAA rather than providing data describing the community-level issue.

Action Required: Describe and document the community-level issue to be addressed by the proposed program utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID).

4. The Statement of Issue Being Addressed only used data from CMFCAA. Data should be utilized from other reliable sources. The information did not provide specific details on the types of trauma and problems that children experience while in foster care and the struggles that parents and/or care givers experience.

Action Required: Provide more information on the population to be served by utilizing additional outside sources. Provide information regarding issues children in foster care and parents and/or care givers experience.

5. The Program Overview states that the program offers monthly respite events but also mentions six themed respite events. The service description also mentions that youth receive four hours of respite six times per year.

Action Required: Provide clarification on the number and frequency of respite events during one year of services. Provide information on the themes and why there are only six.

6. The proposal mentions several times that children with “special needs” will be served but is never sufficiently explained.

Action Required: Provide clarification on what qualifies a child with special needs. How does this relate to program eligibility? Does this include behavior problems or just cognitive and/or developmental disabilities?

7. The total number of unduplicated individuals to be served has increase by 100 people compared to services provided in 2016.

Action Required: Provide information on how this number was determined and efforts that will be made to increase the number of program consumers.

--

8. The rationale provided on fees for service not being collected does not make sense in relation to the program.

Action Required: Provide clarification on the rationale for no fees being charged for services.

--

9. The Program Quality section explains that the program utilizes best practices from AdoptUSKids. The three strategies include: strong collaboration, involvement of stakeholders, and leadership and commitment. These three strategies seem tied to organization level operations rather than on a client-based level.

Action Required: Provide clarification on the AdoptUSKids best practices. How does this relate to the Boone County Respite Program and how that benefits the kids attending the events?

--

10. The FTE for the CEO, Operations Director, and Program Coordinator are listed as 1.0. This means that the Boone County Respite Program is their only responsibility. There must be other organizational responsibilities for these employees that are not exclusively related to this program. The Funding Request narrative lists that 15% of staff salary is being charged to this program. The minimum qualifications were not provided for the Operations Director. There also appears to be a mistake in the minimum qualification for the President/CEO.

Action Required: Complete the table below with the minimum qualifications and correct FTE amounts.

Position/Title	Minimum Qualifications	FTE

11. The Personnel Expenses seem low for 15% of the salary for the three employees being charged to this program. Also, 15% conflicts with the FTE amount listed on the Program Personnel table.

Action Required: Provide clarification on why 15% of the salary will be charged to the program. Provide clarification on how \$2,100 was calculated.

--

Program Services Form (1-5)	
------------------------------------	--

12. The Funding Request section mentions that 25% of the rent for the Boone County satellite office is being charged as an Indirect Cost for this program. The indirect costs charged to Boone County Children's Services can only be up to 15% of the salary costs for the program. According to the Funding Request narrative, staff salary equals \$2,100 but indirect costs equal \$1,650. This calculates to 79%. *Action Required:* Provide clarification on 25% of rent being charged for this program.

General Information

Organization
Mission
Statement
(Purpose):

Provide your organization's mission statement. (600 character limit)

Central Missouri Foster Care and Adoption Association creates stability and permanence for abused and neglected children by empowering and advocating for foster and adoptive families in Central Missouri.

Organization
History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

Founded in 2007 by a former foster youth, foster parents, and adoptive parents, the CMFCAA is the only community service organization in the Central Missouri area that provides for the needs of our foster and adoptive children, youth and families beyond what the state provides. Currently, we are assisting over 640 foster families, over 1400 foster children, over 400 adopted children and over 200 adoptive families in the Central Missouri area. Our goal is to be a support to the families, children and youth in this area, and we work tirelessly to provide much needed services to them.

Brief Statement
of Organization's
Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

The CMFCAA major goals:

- Assist in finding adoptive homes for foster children lingering in the states foster care system and
- Educate, support and advocate for foster, kinship, adoptive (both domestic and international) children, youth and families. We do this by providing a multi-faceted program model in order to reduce stress, eliminate barriers, and provide support in order to deter disruptions in the home. CMFCAA offers respite services, professional training, in-service training, older youth services, advocacy and crisis services, direct servicing (food and clothing) and much more.

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR
CERTIFICATION)

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or Organization.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION
MEMORANDUM OF UNDERSTANDING**

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and Central Missouri Foster Care and Adoption Association (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts or to verify the entire workforce if the contractor so chooses.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor with the FAR E-Verify clause") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.
2. SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by SSA as governed

Company ID Number: 728166

by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and non-citizens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for employees through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct, to the extent authorized by this MOU:

- Automated verification checks on employees by electronic means, and
- Photo verification checks (when available) on employees

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to make available to the Employer at the E-Verify Web site and on the E-Verify Web browser, instructional materials on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of employees' employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and

Company ID Number: 728166

Nationality Act (INA) and Federal criminal laws, and to administer Federal contracting requirements.

7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry

8. DHS agrees to provide a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The Employer agrees that all Employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the Employer from continued use of the program.

5. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The photocopy must be of sufficient quality to allow for verification of the photo

Company ID Number: 728166

and written information. The employer will use the photocopy to verify the photo and to assist DHS with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in good faith compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation, and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 and E-Verify system compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures for new employees within 3 Employer business days after each employee has been hired (but after the Form I-9 has been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify User Manual, or in the case of Federal contractors with the FAR E-Verify clause, the E-Verify User Manual for Federal Contractors. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. Employers may initiate verification by notating the Form I-9 in circumstances where the employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.D.1.c. Except as provided in Article II.D, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer uses the E-Verify system for any purpose other than as authorized by this MOU, the Employer

Company ID Number: 728166

may be subject to appropriate legal action and termination of its access to SSA and DHS information pursuant to this MOU

9. The Employer agrees to follow appropriate procedures (see Article III. below) regarding tentative nonconfirmations, including notifying employees in private of the finding and providing them written notice of the findings, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of the cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise subjecting an employee to any assumption that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 or OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

11. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA, as applicable, by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the unfair immigration-related employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

Company ID Number: 728166

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9

13. The Employer agrees that it will use the information it receives from SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS WITH THE FAR E-VERIFY CLAUSE

1. The Employer understands that if it is a subject to the employment verification terms in Subpart 22.18 of the FAR, it must verify the employment eligibility of any existing employee assigned to the contract and all new hires, as discussed in the Supplemental Guide for Federal Contractors. Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

a. Federal contractors with the FAR E-Verify clause agree to become familiar with and comply with the most recent versions of the E-Verify User Manual for Federal Contractors and the E-Verify Supplemental Guide for Federal Contractors.

b. Federal contractors with the FAR E-Verify clause agree to complete a tutorial for Federal contractors with the FAR E-Verify clause

c. Federal contractors with the FAR E-Verify clause not enrolled at the time of contract award: An Employer that is not enrolled in E-Verify at the time of a contract award must enroll as a Federal contractor with the FAR E-Verify clause in E-Verify within 30 calendar days of contract award and, within 90 days of enrollment, begin to use E-Verify to initiate verification of employment eligibility of new hires of the Employer who are working in the United States, whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within 3 business days after the date of hire. Once enrolled in E-Verify as a Federal contractor with the FAR E-Verify clause, the Employer must initiate verification of employees assigned to the contract within 90 calendar days from the time

Company ID Number: 728166

of enrollment in the system and after the date and selecting which employees will be verified in E-Verify or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Employers that are already enrolled in E-Verify at the time of a contract award but are not enrolled in the system as a Federal contractor with the FAR E-Verify clause: Employers enrolled in E-Verify for 90 days or more at the time of a contract award must use E-Verify to initiate verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire. Employers enrolled in E-Verify as other than a Federal contractor with the FAR E-Verify clause, must update E-Verify to indicate that they are a Federal contractor with the FAR E-Verify clause within 30 days after assignment to the contract. If the Employer is enrolled in E-Verify for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within 3 business days after the date of hire. An Employer enrolled as a Federal contractor with the FAR E-Verify clause in E-Verify must initiate verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

e. Institutions of higher education, State, local and tribal governments and sureties: Federal contractors with the FAR E-Verify clause that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), State or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors with the FAR E-Verify clause may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. The provisions of Article II.D, paragraphs 1.a and 1.b of this MOU providing timeframes for initiating employment verification of employees assigned to a contract apply to such institutions of higher education, State, local and tribal governments, and sureties.

f. Verification of all employees: Upon enrollment, Employers who are Federal contractors with the FAR E-Verify clause may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only new employees and those existing employees assigned to a covered Federal contract. After enrollment, Employers must elect to do so only in the manner designated by DHS and initiate E-Verify verification of all existing employees within 180 days after the election.

g. Form I-9 procedures for existing employees of Federal contractors with the FAR E-Verify clause: Federal contractors with the FAR E-Verify clause may choose to complete new Forms I-9 for all existing employees other than those that are completely exempt from this process. Federal contractors with the FAR E-Verify clause may also update previously completed Forms I-9 to initiate E-Verify verification of existing employees who are not completely exempt as long as that Form I-9 is complete (including the SSN), complies with Article II.C.5, the employee's work authorization has not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's stated basis in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen). If the Employer is unable to determine that the Form

Company ID Number: 728166

I-9 complies with Article II.C.5, if the employee's basis for work authorization as attested in section 1 has expired or changed, or if the Form I-9 contains no SSN or is otherwise incomplete, the Employer shall complete a new I-9 consistent with Article II.C.5, or update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.C.5, subject to any additional or superseding instructions that may be provided on this subject in the Supplemental Guide for Federal Contractors. Nothing in this section shall be construed to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor with the FAR E-Verify clause.

2. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 8 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

Company ID Number: 728166

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding. The Employer must review the tentative nonconfirmation with the employee in private.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (paid for at employer expense).

7. If the Employer determines that there is a photo non-match when comparing the photocopied List B document described in Article II.C.5 with the image generated in E-Verify, the Employer must forward the employee's documentation to DHS using one of the means described in the preceding paragraph, and allow DHS to resolve the case.

ARTICLE IV

SERVICE PROVISIONS

Company ID Number: 728166

SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

A. This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual, the E-Verify User Manual for Federal Contractors or the E-Verify Supplemental Guide for Federal Contractors. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials. An Employer that is a Federal contractor with the FAR E-Verify clause may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such a circumstance, the Federal contractor with the FAR E-Verify clause must provide written notice to DHS. If an Employer that is a Federal contractor with the FAR E-Verify clause fails to provide such notice, that Employer will remain a participant in the E-Verify program, will remain bound by the terms of this MOU that apply to participants that are not Federal contractors with the FAR E-Verify clause, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

B. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, termination of this MOU by any party for any reason may negatively affect its performance of its contractual responsibilities.

C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

E. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity.

Company ID Number: 728166

regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

F. The Employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

H. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

Company ID Number: 728166

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 888-464-4218.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.
 - b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.
 - c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Vaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmcboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- nl. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmecoone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- ♦ Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/commotw/pdf/BCSSBFundingPolicy.pdf>.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

CMFCAA's monthly respite program in partnership with the Activity and Recreation Center (ARC) is a whole family approach that addresses the ongoing stress and disruption issues that cause barriers to kinship, guardianship, foster care and adoption families. Families offered the following reasons when asked why they do not use respite care:

- The type of respite services offered does not match families' needs,
- Families may fail to take advantage of respite because they do not trust stranger respite providers (traditional respite),
- Parents who used respite services found that caregivers are not properly trained to care for their children. (Taking A Break, 2008, p.10)

CMFCAA provides training on trauma to volunteers and staff. The monthly respite is a unique respite program that partners with an agency already trusted by Boone County residents. ARC provides healthy play and enrichment programming, including sports and aquatics. This type of respite program is an innovative approach to building strong relationships and reducing stress for the whole family. Support systems are small within the foster care and adoptive world. The respite program offers a consistent support system for foster and adoptive families in Boone County. This program has currently been operating in Boone County since 2015.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The target population served through the monthly respite program is children between the ages of 4-18 that are currently in the custody of the Missouri Department of Social Services, or Foster Care case management agency, or adopted (domestic or internationally). The target population is considered "special needs" and have complex trauma, developmental delays and have experienced abuse or neglect. Foster and adopted children, by no fault of their own, enter a system that is riddled with funding cuts and exhausted workers Missouri's foster care system is steadily increasing and currently cares for over 14,300 kids in out of home resource care. The need for support services require agencies to be creative by removing barriers and providing

free programs to families already caring for multiple placement in their homes and age/policy restrictions to current community programs.

CMFCAA conducted a respite survey regarding the benefits of the monthly respite programming in 2016. The survey indicated:

- 95% of foster and adoptive families reported that they are better able to manage stress and anxiety related to emotions more effectively
- 65% of children and youth were able to build trust and develop secure attachments with peers and adults
- 100% of foster and adoptive families were able to express that the increased support system (respite program) allowed them to maintain healthy family relationships without the threat of disruption of child placement in the home

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The monthly respite program goal is to decrease family stress and disruption and increase social skills and relationship building. Children and youth served will be able express emotions and feelings non-violently in a healthy environment, while families will be decreasing stress levels.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The monthly respite program in partnership with the Activities and Recreation Center (ARC) in Boone county will offer:

- Six themed respite events (including a meal, games gymnasium sports, arts and crafts, swimming, and physical activities)
- The program will offer 50 maximum spaces for foster and adoptive children/youth between the ages of 4-18 per event

Each event will be held on a Friday evening between the hours of 5:30-9:30.

Each volunteer assisting with the respite program will undergo a background check and training in trauma related behaviors of children. CMFCAA Program Coordinator will manage the program in partnership with staff from the Activities and Recreation Center.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

CMFCAA consumers served through the monthly respite program are children/youth ages 4-18 who are currently in foster care, kinship care, guardianship, relative placement, or are adopted.

Each individual served through the program is currently under the care of the Missouri Department of Social Services or foster care case management agencies in Boone County, or are adopted residents of Boone County. These individuals have experienced abuse, neglect, abandonment, poverty, trauma, or any combination of the before mentioned.

b. Why will these particular consumers be served? (1500 character limit)

Foster and adoptive children often bear the burden of the types of traumatic events that grip poor rural communities such as drug use, incarceration, and physical abuse; and these traumatic events can be directly correlated to higher than average rates of adolescent pregnancy, alcoholism and alcohol abuse, depression, early initiation of sexual activity, illicit drug use, unintended pregnancy, suicide and others. (Centers for Disease Control and Prevention Adverse Childhood Experiences (ACE) Study). According to the CDC report cited, as the number of Adverse Childhood Experiences (ACE score) increase, so does the risk for certain health and mental health disorders that continue the cycle of poverty, and drug abuse. These additional traumatic experiences create a pattern of abuse that endangers their health, as well as their community, for a lifetime.

Research has proven that providing positive, healthy experiences can prevent additional trauma associated with these negative health outcomes. Reducing the stress for foster and adoptive families by providing healthy breaks and energy outlets can also prevent disruption of placement which could be an additional traumatic move. The respite program is a part of the CMFCAA strategic plan to reduce the ACE score of youth entering adulthood and therefore benefit the community by lowering the number of negative outcomes.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

At this time, CMFCAA's respite programming in Boone County is the only foster/adoptive specific respite program that provides out-of-home respite services at the same location that includes a meal and enrichment programming at no cost to the families.

d. Total number of unduplicated individuals to be served by the proposed program:

300

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

72.9

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. **No individual should be counted twice under any sub-section.**

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

20

b. Provide information on the types of training that will be offered. (1500 character limit)

The volunteers who serve in the respite programming will be provided with trauma specific behavior training in children by CMFCAA.

Program Access**a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)**

The CMFCAA respite program will be provided six times per year (January, March, April, June, September, and October). The program venue will be the Activity and Recreation Center (ARC) located at 1701 W. Ash Street, Columbia, Missouri. Each event will be held on a Friday evening between the hours of 5:30-9:30 pm.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Eligibility for individuals utilizing respite programming include:

-Currently under the custody of the Missouri Department of Social Services, foster care case management agency, and/or currently adopted

-Ages of 4-18

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)**If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)**

The State of Missouri is currently 49th in comparison with all the states in meeting adequate financial rates of support for children. In order to meet adequate rates the state would need to increase 130% to meet the national average of ongoing support for children and youth with "special needs." (Hitting the M.A.R.C., 2007). CMFCAA does not currently have any programming that requires a fee for any service by the families served. All funding for the respite programming is requested through this grant request.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Each volunteer assisting with the monthly respite program will complete a background check and a Division of Family Services records check. The volunteers will also be trained in trauma specific behavior training by CMFCAA.

The ARC supervision/staff have bachelor and master degrees in recreation, administration, program management and are certified in CPR and First Aid.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

AdoptUSKids explains the keys to success and best practices are keys to the success of respite programming (Lessons From the Field, 2012). These best practices include:

- Strong collaboration,
- Involvement of stakeholders, and
- Leadership and commitment

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

CMFCAA provides all three levels of best practices as outlined by AdoptUSKids. These best practices allow CMFCAA to wrap around families who are caring for children with "special needs" and offer them an opportunity for families to reduce stress, reconnect with their spouse, increase families preservation and encourage attachment.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

AdoptUSKids a recognized expert in the field of child welfare. Their information is cited by the Children's Bureau, which is a division of the U.S. Department of Health and Human Services. Goals for the Boone County Respite program are modeled from the AdoptUSKids published guides to assist parent group leaders on how to fully implement respite program: Taking a Break and Lessons From the Field.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The monthly respite program promotes healing through stress reduction and improves the overall family cohesiveness. Having a short-term break allows caregivers to take a deep breath, reflect on their opportunities, and can create a deeper sense of gratitude. The short term break also promotes family preservation while decreasing the inability to navigate the struggles of caring for abused and neglected children. CMFCAA's respite programming also promotes self-esteem and the ability to remove the stigma surrounding children in foster care. The opportunity for children to connect with peers of similar understanding validates their worth. These kids are able to express the same type of experience, strength and hope.

Often sibling groups in foster care are separated from siblings in order to be placed in adequate homes. The respite programming has provided multiple opportunities for siblings to be together in an environment that provides the opportunity for healthy play and interaction.

Consistent volunteers have also provided a measure of security for families participating in the respite programming. Families are more secure in leaving their child/youth with familiar volunteers. Children are able to create additional healthy bonds and responses to safe and predictable adults. These additional healthy positive interactions allow for the reduction of the ACE score for each child/youth.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

CMFCAA provides the following surveys to families who utilize the respite programming:

- Family Support Outcome Survey
- Protective Factors Survey
- Child Behavior Checklist

The surveys are provided in paper form and electronically. They are used primarily to provide feedback to CMFCAA for continuous improvement and evaluation of the respite program. They are also designed to provide information about the increased knowledge, effectiveness of the services provided as well as the elimination of disruption of child placements in families.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

The Family Support Program Outcome survey is provided to each family in order to gauge the level of support needed from CMFCAA. It is provided multiple time throughout the year. The Protective Factors Survey is provided at each respite event. The Child Behavior Checklist is provided electronically to families who participate in the respite program. These surveys measure stress reduction, positive behavior responses, support system implementation, and reduction of disruption of child placement. The families who participate in the respite program share their experience through these surveys. The primary purpose of the surveys are to provide feedback to CMFCAA for continuous improvement and evaluation purposes of the respite program.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

CMFCAA's monthly respite program collaborates with the Activities and Recreation Center (ARC) in Columbia, the Missouri Department of Social Services, Boone County Children's Division, Great Circle, and other licensing agencies to provide out of home respite programming unique to the current type of respite services provided in the Boone county area. The strong collaboration with the above mentioned agencies brings years of experience, expertise and safety for the children we serve. The program also provides respite that is packed with positive play experiences, peer-to-peer connections, new experiences, stress reduction, increasing social skills and increasing healthy relationships.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1500487043_40691_ARCMOU2018.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 President/CEO	MQ1 BSSW	FTE1 1.00	SR1 FROM \$50,000.00	SR1 TO \$55,000.00
P2 Operations Director	MQ2	FTE2 1.00	SR2 FROM \$40,000.00	SR2 TO \$45,000.00
P3 Program Coordinator	MQ3 BA	FTE3 1.00	SR3 FROM \$30,000.00	SR3 TO \$35,000.00
P4	MQ4	FTE4 0.00	SR4 FROM \$0.00	SR4 TO \$0.00
P5	MQ5	FTE5	SR5 FROM	SR5 TO

		0.00	\$0.00	\$0.00
P6	MQ6	FTE6	SR6 FROM	SR6 TO
		0.00	\$0.00	\$0.00
P7	MQ7	FTE7	SR7 FROM	SR7 TO
		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The respite program will be managed directly by the Program Coordinator. The Program Coordinator is specifically responsible for the partnership with the ARC, development of respite programming, recruitment and training of volunteers, communication with foster/adoptive families and distribution of surveys and tracking of outcomes. The current Program Coordinator hold a Bachelors degree and is a former foster/adoptive youth herself.

The President/CEO supervises the Program Coordinator. The President is also responsible for the fund development and community support requests that support the program. The President/CEO holds a Bachelors degree and is a former foster youth and a current foster and adoptive parent.

The Operations Director assists the Program Coordinator with tracking outcomes, communicating events, marketing of events, and training volunteers. The Operations Director assists the President/CEO with fund development and community support requests that support the program. She is currently a foster and adoptive parent as well.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative**Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)**

CMFCAA staff and Board of Directors designed a strategic plan with a detailed fund development section in April of 2016. The fund development plan has specific strategies to diversify funding streams via mailings, Board of Director relationships, church matching campaigns, and increased special fundraising events. Strategic plan is available upon request.

City of Columbia, Activity & Recreation Center Proposal to CMFCAA for Respite Care

The City of Columbia's Activity & Recreation Center (ARC) is a state-of-the-art community facility which opened to the citizens in December of 2002. The facility features meeting rooms, a large indoor leisure pool, gymnasium, indoor track and cardio/strength training zones.

In its 14 years of operation, the ARC has served millions of guests, offering a variety of programs for patrons of all ages. The Water Zone leisure pool, offers swimming lessons, lap swimming, little swimmers playtime and recreational swim, as well as water aerobics. The Cardio/Strength Zones are equipped with top of the line cardio and strength training equipment. ARC staff delivers a variety of group fitness classes including Zumba, Knock-out, Silver Sneakers, Body Conditioning, and Power Pump. Youth and adult patrons utilize the gymnasium-two full size courts, on a daily basis to play basketball. Throughout the week, the courts will also be used for pickleball, volleyball, boot camp and little gymmers playtime.

While the vision for the facility is that it will collect income to pay for all expenses, the city has set aside funds for those city residents who cannot afford membership fees or activity registration fees. Youth, family and adult scholarships are available to assist with costs, however, a percentage of the fee is still paid by the participant. Scholarship awards are based on income in the household.

The ARC's proposal to CMFCAA is to hold six themed respite events. These events will be held in the following months: January, March, April, June, September, and October 2018. These events will be held on a Friday night and will be scheduled from 6:00pm to 10:00pm. The ARC will theme each night and provide a copy of the themes and specific dates to CMFCCA for approval once the proposal is approved.

The ARC will provide the following for the respite program for children/youth ages 4-18 who are currently in foster care, adopted (domestic, international) or kinship/guardianship homes that CMFCAA serves. The ARC facility is located at 1701 W Ash St, Columbia, MO 65203. The phone number for the facility is 573-874-7700.

1. A light meal will be provided, for example: pizza or sandwich, fruit and a drink. We will not serve the same meal for each event. Any patrons with special dietary needs may need to bring their own meal.
2. The respite evening activities may include organized games in the gymnasium, arts and crafts, swimming and physical activities. The events will follow the theme for the program.
3. The ARC will provide one Recreational Supervisor/Specialist and one Recreational Worker. CMFCCA will provide an additional 5-10 volunteers for each program, depending on the number of registrants. The ARC will provide certified Lifeguard staff if the group will be

utilizing the natatorium. The aquatic staff will also provide first aid and CPR within the facility. The ARC requests that both male and female volunteers be provided for adequate supervision in locker room facilities. A 1:5 ratio of adults to youth shall be maintained. Participants with special needs may need a 1:1 or 1:2 ratio.

4. No medications are to be dispensed by ARC Staff. Authorized CMFCAA must dispense all medications, as well as provide any diaper changing and sanitary products.
5. The ARC expects payments be made within two weeks of invoicing.
6. The ARC is not responsible for items outside of the boundaries of this proposal.

Projected Program Costs

The ARC is willing to partner on these respite events at a fee of \$14.85 per child per hour. Each night's event is scheduled for 4 hours with a maximum of 50 participants. The maximum fee per night is \$2970. The total price for the six events would be \$17,820. List of enrolled participants shall be submitted to ARC staff a minimum of one week prior to the scheduled respite event date. This list should include their name, age and emergency contact information.

It is the ARC's understanding the CMFCAA will complete a background check on all volunteers and a listing of volunteers will be provided at the same time as the participant roster. All volunteers shall provide a photo identification.

This program agreement will remain in effect until the completion of the last respite event in October of 2018 unless notified in writing prior to the final date.

This agreement may be terminated in whole or in part by either party without cause with a 30-day advance notice. Failure to honor any obligations stated above may also result in termination of this agreement.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$21,870.00

b. Describe how the funds will be utilized. (600 character limit)

The funds will be used to support the CMFCAA Boone County Respite Program. They will fund the collaborative fee charges by the Activities and Recreation Center, a portion of CMFCAA respite specific salary, materials, and a portion of the CMFCAA Boone County satellite office rent.

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Out of Home Respite Care- Child

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Brief period of rest for family members, guardians, or regular caregivers by offering care of a child in a community-based setting

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The CMFCAA Boone County Respite Program will be an opportunity for foster and adoptive youth ages 4-17 to receive four hours of respite six times per year in collaboration with the Activities and Recreation Center in Columbia, Missouri. The youth will be provided a meal and activities including arts and crafts, swimming, gymnasium activities, and other activities. The CMFCAA Program Coordinator will supervise the event with the assistance of ARC staff and trained volunteers.

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One hour

b. Unit Rate (#1)

\$18.23

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

Unit rate is approximately derived from the St. Louis Children's Service Fund List of Approved Units of Service

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

d. Total Number of Units of Service to be Provided (#1)

1200

e. Total Number of Unduplicated Individuals (#1)

300

f. Average Number of Units of Service per Unduplicated Individual (#1)

4

g. Average Cost of Service per Individual (#1)

72.92

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

The State of Missouri is currently 49th in comparison with all the state in meeting adequate funding rates for support of children. In order to meet adequate rates the state will need to increase 130% to meet the ongoing support for children and youth with special needs. CMFCAA has no fee attached to any of our direct services that must be paid the families that we serve.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character

limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Out of home respite care is not covered by state provided insurance.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$17.71	1a2. 816	1a3. \$14,451.64
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$21,870.00

b. Proposed Number of Units of Service (#1)

1199.67

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

This request is made in order to continue the respite programming currently provided to foster and adoptive youth in Boone County. The amount requested is for 300 youth to receive 4 hours each of respite.

ARC cost (300 youth @ \$14.85 per hour for 4 hours each): \$17,820

Materials (\$50 per event @ 6 events): \$300

Staff salary (15% of respite salary for 3 FTEs): \$2,100

Indirect costs (25% rent of Boone County satellite office): \$1,650

Total annual cost of respite program: \$21,870

Service #1- Performance Measures

Outcome (1-1) Decrease in foster and adoptive family (all members, including children) stress and cohesiveness of family placement	Indicator (1-1) 85% of foster and adoptive families will report that they are better able to manage stress and anxiety related to emotions effectively without destructive or traumatic reactions.	Method of Measurement (1-1) CMFCAA Protective Factors survey will be given to families during and/or post participation of services
Additional Outcome (1-2) Increase in family (foster and adoptive) support and prevention of disruption of placement	Additional Indicator (1-2) 85% of foster and adoptive families will be able to express the increase of support systems have allowed them to manage stress and maintain healthy family relationships without the threat of disruption of child placement in their home.	Additional Method (1-2) CMFCAA Family Support Program Outcome Survey will be given to foster and adoptive families during and/or post participation of services
Additional Outcome (1-3) Increase in social skills and positive relationship interaction within foster and adoptive children and youth in each family unit	Additional Indicator (1-3) 75% of children and youth will be able to build positive communication, trust, and secure attachments to peers and adults rather than anxious, avoidant, or ambivalent emotional reactions	Additional Method (1-3) Child Behavior Checklist will be given to foster and adoptive parents during and/or post participation of services
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

CMFCAA has two major goals for the monthly respite program. One goal is to decrease family stress as a whole in effort to increase family cohesiveness and prevent the disruption of child placement in the home. A second goal is focused directly on providing positive experiences that will help a child increase their ability to have healthy responses to peers and adults that allow them to build trust filled secure attachments.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Most foster and adoptive children who are currently in care are considered "special needs". The complexity and variety of these needs varies from child to child. It is vital that children in foster care or adoption seek professional counseling services at some point to address any past traumas. CMFCAA is prepared to recognize the signs of this need and offer referrals upon family requests.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

CMFCAA currently implements these measurements and utilizes these surveys in the majority of our direct service programs including the current Boone County respite programming. Measurements have indicated that these percentages are effectively reached on a consistent basis within our respite programs.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The Protective Factor survey is designed to measure protective factors in four areas: family functioning, social support, nurturing and attachment, and knowledge of parenting/child development.

The Family Support Program Outcome Survey and the Child Behavior Checklist are designed to provide information about the increased knowledge, effectiveness of the services provides as well as the elimination of disruption of child placement in families.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

b. Service #2 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

b. Unit Rate (#2)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com /Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.

2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

- 1) Instructions and General Conditions
- 2) Introduction and General Information
- 3) Program Information and Requirements
- 4) Application Information
- 5) Attachment A - Organization Assurance Sheet
- 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
- 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

**(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR
CERTIFICATION)**

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or Organization.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Healthy Home Connections

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **CHA Low-Income Services Inc.**, a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **CHALIS**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, CHALIS has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY CHALIS

CHALIS is expected to the greatest extent possible to maximize funding from all other sources. CHALIS shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. CHALIS shall only request reimbursement for services not reimbursable by any other source. CHALIS shall not invoice the Children's Services Fund for units of service invoiced to another funding source. CHALIS shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** CHALIS will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and CHALIS's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over CHALIS's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from CHALIS and CHALIS agrees to furnish the **Healthy Home Connections** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in CHALIS's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$399,754.26** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. CHALIS agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of CHALIS be renewed for an **additional one (1), one-year period**. CHALIS agrees and understands that the BCCSB may require supplemental information to be submitted by CHALIS prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Case Management	15 minutes	\$10.50	22,705	\$238,402.50
Therapeutic Mentoring	One hour	\$22.28	7,242	\$161,351.76

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the

event the billing dispute is resolved in favor of CHALIS, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by CHALIS to monitor service delivery and program expenditures. CHALIS agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by CHALIS and, if so stipulated, are noted on this contract document. Payments may be withheld from CHALIS if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. CHALIS agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** CHALIS also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of CHALIS's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from CHALIS, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** CHALIS agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect CHALIS's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, CHALIS hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service,

activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event CHALIS requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from CHALIS may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with CHALIS's policies and procedures and in accordance with any local/state/federal regulations. CHALIS agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. CHALIS must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** CHALIS will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** CHALIS agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to CHALIS's provision of such services.

14. **Accreditation/Licensure/Certifications.** CHALIS must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** CHALIS agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and CHALIS, and this shall include any transaction in which CHALIS is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** CHALIS may enter into subcontracts for components of the contracted service as CHALIS deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In

performing all services under the resulting contract agreement, CHALIS shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** CHALIS agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. CHALIS shall require each subcontractor to affirmatively state in its Agreement with the CHALIS that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide CHALIS a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** CHALIS agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against CHALIS or any individual acting on the CHALIS's behalf, including subcontractors, which seek to enjoin or prohibit CHALIS from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If CHALIS ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if CHALIS no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, CHALIS will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event CHALIS, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to CHALIS as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should CHALIS fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, CHALIS shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the CHALIS for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, CHALIS agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **CHA Low-Income Services Inc.** (meaning anyone, including but not limited to consultants having a contract with CHALIS or subcontractor for part of the services), or anyone directly or indirectly employed by CHALIS, or of anyone for whose acts CHALIS may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the CHALIS.** CHALIS shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. CHALIS will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. CHALIS will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. CHALIS agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and CHALIS. The BCCSB does not recognize any of the CHALIS's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** CHALIS shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	CHA Low-Income Services, Inc.
Name of Program	Healthy Home Connections

Program Overview Form	
------------------------------	--

1. Consumer Demographics – In the Residence section there are 678 unduplicated individuals listed in the City of Columbia box and 1550 unduplicated individuals listed in the Boone County box. This would mean that there are 872 unduplicated individuals living outside the city limits.
Action Required: Clarify in the box below how these figures were determined.

This number was entered in error. At last report, there are approximately 193 unduplicated individuals currently on the HHC roles who are not residents of the City of Columbia. If we carry that number through on this projection for the next year, 1,357 would live in the City of Columbia.

2. Program Demographics – The Ethnicity Section was not completed in the Program Demographics.

Action Required: Provide the information in the box below.

Ethnicity	Number
Hispanic or Latino (of any race)	6
Not Hispanic or Latino	1544
Ethnicity Total:	1550

3. Program Quality – There was information provided about the Family Service Pledge.

Action Required: Provide a description of the Family Service Pledge in the box below.

The Family Service Pledge is a document that was originally created in the Pilot HHC Project to engage individuals who were seeking financial assistance in a commitment to activities that would lead to future orientation and goal completion.

In this proposal, the role of the Family Service Pledge will expand (See Question #6). The Family Service Pledge will be completed by any head of household interested and willing to participate in assessments designed to identify a set of family goals and submit to follow up interviews to measure progress toward those goals. HHC Specialists will help the family identify areas of need/improvement via a Client Needs Assessment and Protective Factors Initial Survey. These areas will be listed on the Family Service Pledge along with several steps determined by the Specialist and family member to lead in the direction of meeting the need or quality of life improvement. The Family Service Pledge will be signed by the head of household, and subsequently reviewed at mid-year and the end of year to provide an indicator of progress in reports to BCCSF.

A copy of the form is attached for your reference.

4. Collaboration - There were MOUs with BBBS and Family Counseling Center but none of them had signatures.

Action Required: Submit the signed MOUs with your response.

Please find the signed MOUs attached.

5. Program Personnel Information – The chart indicates that there are currently 2.90 FTEs funded through this proposal. In the Program Services (1-5) section, in the box titled Service #1 – Name, Definition, and Description, the box information in box c. indicates that there are five HHC Case Managers. The proposal should include information for the entire program.

Action Required: Update the Program Personnel Chart below and follow with a narrative describing what staff will be paid with these proposed funds.

Position or Title	Minimum Qualifications	FTE
Project Director	Bachelor Degree in Social Work, counseling, psychology or related field. Experience working with a diverse population, families, elderly and persons with disabilities.	.10
HHC Case Manager	Bachelor Degree in Social Work, counseling, psychology or related field. License or extensive experience working with a diverse population including families and children preferred.	5

Provide a narrative below outlining the staff for this program:

The previous entry was in error, however the budget numbers were correct. Please accept this correction to the Program Personnel Chart.

The Project Director oversees the project to ensure that efforts continue to support the overall goals and objectives set forth in the proposal. The position requires a broad range of skills, including supervision of a diverse staff. The Project Director is a high level staff position reporting directly to the Chief Executive Officer.

The HHC Case Manager assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health and human service needs. They work collaboratively with families and agencies to support their goals and needs: 2 FTE's will serve the families of Subgroup 1: Housing Choice Voucher, 1 FTE will serve the families of Subgroup 2: Project Based Voucher, 1 FTE will serve the families of Subgroup 3: Public Housing, and 1 FTE will serve the families of the Moving Ahead Program.

Program Services Form (1-5)

6. Service #1/Performance Measures – There should be an additional Outcome, Indicator, and Method of Measurement for the Family Service Pledge. There also needs to be time frames and frequencies included when pre- and post- staff assessments, self-assessment, interviews, etc. *Action Required:* Update the Performance Measures section of the attached 'Service Change Chart' for Service 1. Provide information below on the time frames assessments are provided.

By the end of the year, we project that 30% of head of households will:

1. complete a family service pledge within the year and/or request assistance
2. make progress toward short-term goals.

In order to measure progress, using a baseline, we will refer to a pre-assessment (HHC Client Needs Assessment) completed upon intake, as well as a five-question survey which clients will be required to complete before constructing their Family Service Pledge. The short survey will measure for a baseline of quality of life and future orientation—indicating their status prior to intervention, and prior to completing the HHC Application for Assistance, which typically occurs during crisis (as needed).

In addition, we will provide the five-question survey at the mid-year mark and at the end of the year, as a post-assessment. All of these instruments will assist us in measuring progress of clients who complete the pledge, define their short-term goals and make progress toward stated goals.

Long-term goals cannot be measured at this time, because they differ for each client, on an individual basis.

7. Service #2 - Name, Definition, and Description – This service is listed as Therapeutic Mentoring. Are mentors required to go through training to address emotional and mental health concerns

before becoming a mentor? If not, then this service should be called Community-Based Mentoring. If they are required then keep the service as Therapeutic Mentoring.

Action Required: Update Service 2 in the 'Service Change Chart'. Provide a justification for choosing Therapeutic Mentoring vs. Community-Based Mentoring in the box below.

BBBS has identified that 70% of the children currently participating in the HHC/MAP mentoring program have a diagnosed or diagnosable mental health, learning or socio-emotional concern. Frequently, the children who do not have a diagnosis have a sibling or parent who does. All the children have multiple adverse childhood experiences. Often the behavior and needs of the children and families are overwhelming the mentors as reported in their monthly match support contacts. When BBBS staff analyzed why many of the HHC/MAP matchers were experiencing early match closure (a match ending in less than a 12 month period), one of the most frequently cited reasons was mentors didn't feel they were adequately equipped to handle the needs of the children or families. Even with matches that weren't closing early, some mentors had indicated that they had been disconnecting from the child for a while because they felt they weren't making an impact.

As a result, BBBS staff want to create a therapeutic mentoring program where the HHC/MAP children, families and mentors will have more staff support with fewer matches per caseload and more intensive training for case management staff and mentors. (Case managers maintain regular ongoing contact with all families and mentors and can provide "just in time" training and information as they are the first line support for the mentors.)

All mentors go through an in-person, pre-match training that covers child and youth development including typical milestones and important developmental assets; match ethics, safety and boundaries; child safety and abuse awareness; school functioning and learning differences, including the impact it can have on the mentoring relationships and ways the Big can support the Little at school. Additionally, all mentors in the therapeutic mentoring program will be required to complete the following online courses prior to the match meeting:

- Maximizing Match Impact
- Difficulties of Families in Transition
- Child and Youth Development
- Ethics and Safety
- Foundations of Cultural Competency
- Working with At-risk and Further At-Risk Youth
- The three pillars of the PERL (Promoting Enhanced Resilience and Learning) program which helps make mentor and mentee interactions more intentional by teaching mentors how to strengthen their mentee's growth mindset, goal-setting, and school engagement

A mentor will be informed of any diagnosis of the child with whom he or she is matched and of any family challenges to the extent allowed by the program permission slip signed by the child's parent or guardian. BBBS case management staff will provide the mentor with information and resources to help the mentor understand the impact this may have on how the child interacts with the mentor. Also, an expert from the Family Counseling Center will provide ongoing, in-person training to mentors and BBBS staff on mentoring children with:

- Anxiety
- ODD

- Anger management issues
- Unstable home life
- Abuse & neglect experience
- Autism
- Depression
- ADHD
- Conduct disorder
- DMDD
- Learning disabilities/delays
- Trauma experience

These topics were chosen based upon the most frequent diagnoses and adverse experiences seen in the referred children over the past 2.5 years. Match Support staff will notify mentors of the trainings they must attend based upon the needs of the children or their families with whom they are matched.

BBBS staff are also working on ways to help connect mentors so they can build peer networks to support and learn from each other.

By having pre-match training, “just in time” training, ongoing training and a peer network, the therapeutic mentoring program is structured to help better prepare and provide continuous support to mentors in working with the socio-emotional needs of the children in the program.

8. Service #2 - Name, Definition, and Description – The description mentions that during the enrollment phase, there is an emotional screening, referrals, and then coordination with a mentor. Please provide more information about this enrollment phase. How long does it typically take? What type of emotional screenings will be offered? Any other specifics would be very helpful in deciding if the intake needs to be its own service or remain part of the ‘mentoring’ service.

Action Required: Provide more information detailing the initial intake for families/children to complete to get enrolled in the ‘mentoring’ program in the field below. Depending on this description this may or may not require another service to be developed.

The enrollment process is a required part of any of the BBBS mentoring programs and is not going to be billed as a separate service.

The enrollment process for Littles consists of an application, an in-person interview and a baseline survey for youth ages 9 or older. The in-person interview is conducted with the parent and then with the child (preferably away from the parent). It takes approximately 1-1.5 hours to complete. The interview includes questions to determine the child’s personality, interests, family relationships (including family structure, type of discipline practiced in the family, if a parent is/has been in the military and is/has been/will be deployed, if a parent is/has been in prison, family connectedness), physical and mental, history with abuse or neglect, exposure to violence, family’s religious background, exposure to trauma, school performance /attitude/services received, and the expectations from the BBBS program and match with a mentor.

Sometimes during the course of the interview, the enrollment coordinator (who has an MSW) realizes the child has needs that probably require a more intensive intervention (i.e. medication or on-going therapy) than a mentor alone can provide. When that happens, she makes a referral to Family Counseling Center, sometimes even helping the parent make the phone call to set up an appointment for further screening to see if additional services are needed.

9. There is a MOU with Family Counseling Center but there are no services included in the Program Services section of this proposal. All the services for this program must be included in the proposal.

Action Required: Provide clarification on the type of services being provided by the Family Counseling Center for this program. Provide clarification if Children's Services funds are being distributed to FCC for therapeutic services or if HHC clients are just being referred.

The MOU with the Family Counseling Center is intended to indicate their informal partnership with the program. Family Counseling Center will provide training for staff. HHC Case Managers will continue to refer clients for further mental health services. No on-site mental health services or group therapy will be provided by FCC as a part of this project.

10. Depending on the response to clarification question #9, different types of services may need to be added. These services need to be divided out and may include: Individual Therapy – Child, Group Therapy – Child, Individual Therapy – Adult, Group Therapy – Adult, and/or Family Therapy.

Action Required: Add a new 'Service Change Chart' for each of the new services, even if the Children's Services fund is not paying for it. Include the unit measure, unit rate, number of units provided, number of individuals to be serviced, and the performance measures for each new service. Provide justification for any new unit rate(s) below.

No therapy will be provided through the HHC project. HHC case managers will refer for services and follow-up to determine if services were delivered. No Service Change Chart has been submitted for this service.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

11. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

**MEMORANDUM OF AGREEMENT
BETWEEN
BIG BROTHERS BIG SISTERS OF CENTRAL MISSOURI (BBBS)
AND
COLUMBIA HOUSING AUTHORITY LOW-INCOME SERVICES (CHALIS)**

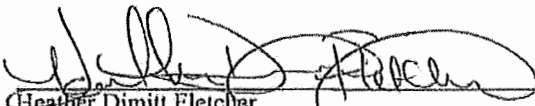

This Memorandum of Agreement (MOA) between BBBS and CHALIS outlines the provisions of the partnership for the Healthy Home Connection Program (HHC) of which Therapeutic Mentoring will be a program service for youth ages 5-18.

BBBS will:

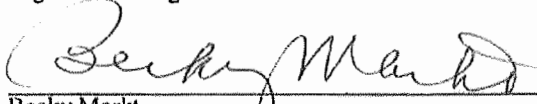

- Coordinate an enrollment process including application and interviews for potential program participants (Littles) and their parents. The interviews will be conducted by a BBBS staff member who has a Master's in social work. This individual will coordinate referrals to Family Counseling Center of Missouri, Incorporated (FCC) as necessary to assess the range of each child's needs.
- Coordinate an enrollment process including application, interview and reference checks for potential volunteer mentors (Bigs).
- Create mentoring "matches" between youth (Littles) and volunteer mentors (Bigs) based upon identified commonalities in the enrollment process
- Help the child, parent and mentor create a youth development plan for each child.
- Provide regular case management for matches based upon Big Brothers Big Sisters of America (BBBSA) requirements
- Develop mentor cohort and provide networking opportunities for the cohorts to develop a peer support group.
- Coordinate monthly mentor trainings with staff from FCC based upon topics most commonly seen from HHC youth.
- Assess matches at 3 months and yearly anniversary to measure strength of relationship and youth outcomes (based upon BBBSA survey protocol)
- Have designated staff attend the bi-weekly Health Home Connections program meetings.

Columbia Housing Authority Low-Income Services will:

- Refer children for participation in the Therapeutic Mentoring Program.
- Have designated staff attend the bi-weekly Health Home Connections program meetings.

Heather Dimitt Fletcher
Executive Director
Big Brothers Big Sisters of Central Missouri

MEMORANDUM OF UNDERSTANDING

CHA Low-Income Services, Inc.

("hereinafter referred to as Applicant Organization")

And

Family Counseling Center of Missouri (FCC)

("hereinafter referred to as Collaborative Partner")

Applicant Organization agrees to:

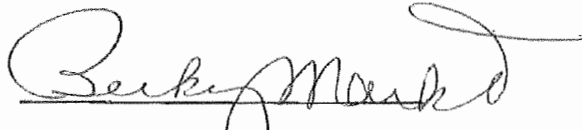

- A. Identify children who are participants of CHA Low-Income Services, Inc. (CHALIS) Healthy Home Connection who are in need of clinical assessment and additional behavioral health services.
- B. Refer individual children and families as needed to FCC for assessment and additional behavioral health services.
- C. Provide space and time each month for FCC staff to provide training to staff regarding a variety of topics related to behavioral health issues and interventions for children and families.
- D. Obtain parental permission to refer children for services.

Collaborative Partner agrees to:

- E. Accept referrals for clinical assessment, therapy, referrals and follow-ups to children and their families who are participants of CHA Low-Income Services, Inc. (CHALIS) Healthy Home Connections.
- F. Consult with and assist center staff in identifying behavioral interventions to be used with children as needed.
- G. Provide monthly training and education to both parents and staff regarding behavioral health issues as well as evidenced based practices.

Karen Cade, President
Family Counseling Center of Missouri

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Markt:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by 12:00 p.m. November 8, 2017 by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda B. Bobbitt", written in a cursive style.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	CHA Low-Income Services, Inc.
Name of Program	Healthy Home Connections

Program Overview Form	
------------------------------	--

1. Consumer Demographics – In the Residence section there are 678 unduplicated individuals listed in the City of Columbia box and 1550 unduplicated individuals listed in the Boone County box. This would mean that there are 872 unduplicated individuals living outside the city limits.
Action Required: Clarify in the box below how these figures were determined.

--

2. Program Demographics – The Ethnicity Section was not completed in the Program Demographics.

Action Required: Provide the information in the box below.

Ethnicity	Number
Hispanic or Latino (of any race)	
Not Hispanic or Latino	
Ethnicity Total:	

3. Program Quality – There was information provided about the Family Service Pledge.

Action Required: Provide a description of the Family Service Pledge in the box below.

--

4. Collaboration - There were MOUs with BBBS and Family Counseling Center but none of them had signatures.

Action Required: Submit the signed MOUs with your response.

5. Program Personnel Information – The chart indicates that there are currently 2.90 FTEs funded through this proposal. In the Program Services (1-5) section, in the box titled Service #1 – Name, Definition, and Description, the box information in box c. indicates that there are five HHC Case Managers. The proposal should include information for the entire program.

Action Required: Update the Program Personnel Chart below and follow with a narrative describing what staff will be paid with these proposed funds.

Position or Title	Minimum Qualifications	FTE
Provide a narrative below outlining the staff for this program:		

Program Services Form (1-5)

6. Service #1/Performance Measures – There should be an additional Outcome, Indicator, and Method of Measurement for the Family Service Pledge. There also needs to be time frames and frequencies included when pre- and post- staff assessments, self-assessment, interviews, etc.

Action Required: Update the Performance Measures section of the attached 'Service Change Chart' for Service 1. Provide information below on the time frames assessments are provided.

--

7. Service #2 - Name, Definition, and Description – This service is listed as Therapeutic Mentoring. Are mentors required to go through training to address emotional and mental health concerns before becoming a mentor? If not, then this service should be called Community-Based Mentoring. If they are required then keep the service as Therapeutic Mentoring.

Action Required: Update Service 2 in the 'Service Change Chart'. Provide a justification for choosing Therapeutic Mentoring vs. Community-Based Mentoring in the box below.

--

8. Service #2 - Name, Definition, and Description – The description mentions that during the enrollment phase, there is an emotional screening, referrals, and then coordination with a mentor. Please provide more information about this enrollment phase. How long does it typically take? What type of emotional screenings will be offered? Any other specifics would be very helpful in deciding if the intake needs to be its own service or remain part of the 'mentoring' service.

Action Required: Provide more information detailing the initial intake for families/children to complete to get enrolled in the 'mentoring' program in the field below. Depending on this description this may or may not require another service to be developed.

--

9. There is a MOU with Family Counseling Center but there are no services included in the Program Services section of this proposal. All the services for this program must be included in the proposal.

Action Required: Provide clarification on the type of services being provided by the Family Counseling Center for this program. Provide clarification if Children's Services funds are being distributed to FCC for therapeutic services or if HHC clients are just being referred.

--

10. Depending on the response to clarification question #9, different types of services may need to be added. These services need to be divided out and may include: Individual Therapy – Child, Group Therapy – Child, Individual Therapy – Adult, Group Therapy – Adult, and/or Family Therapy.

Action Required: Add a new 'Service Change Chart' for each of the new services, even if the Children's Services fund is not paying for it. Include the unit measure, unit rate, number of units provided, number of individuals to be serviced, and the performance measures for each new service. Provide justification for any new unit rate(s) below.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

11. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information

Organization

Provide your organization's mission statement. (600 character limit)

Mission

The Mission of CHA Low-Income Services, Inc. (CHALIS) is to provide a complement of community-based programs and services to public housing residents and other low to moderate income persons focused on youth succeeding; adult self-sufficiency; seniors and persons with disabilities living independently and affordable housing development.

Statement

(Purpose):

Organization

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

History:

CHALIS is a 501(c)(3) not-for-profit corporation, created by the Housing Authority of the City of Columbia in 2003 to increase and diversify funding sources for the expansion of resident services and self-sufficiency programs that, historically, have been funded by government grants. Over the years, CHALIS has been successful at obtaining funds and subsequently implementing contracts from SAMHSA, HUD, DNR, MO DPS, MO DESE, MO DHSS, MO Foundation for Health, ACTMissouri, City of Columbia Social Services, and most recently from Boone County Children Services, and Heart of MO United Way..

Brief Statement

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

of Organization's

CHALIS works alone and in collaboration with other agencies to increase access to opportunities and services of all kinds and types for persons of low income, who reside in the City of Columbia, Missouri and in Boone County, Missouri; and to increase access to youth programming of all kinds and types for children of low and moderate income persons residing in Boone County Missouri.

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

The CHALIS Board of Directors reviews and approves the annual and midyear CHALIS budget and monthly financial statements. The Board reviews and approves all accounts payable payments before they are issued. The CEO and a Board member have their electronic signatures placed on each check as the only approved endorers of the agency's checks. Board members follow a Conflicts of Interest policy whereby they do not accept gifts, gratuities, favors or other items of value which might appear to influence purchasing decisions. Property and equipment dispositions require the approval of the Board.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Children of fragile and low-income households are at a heightened risk for a variety of conditions that may lead to poor academic achievement, school dropout, abuse and neglect, behavioral and socioemotional problems, physical health problems, and developmental delays. These effects often compound when families encounter barriers as they attempt to access services. (Effects of Poverty, Hunger and Homelessness on Children and Youth. (n.d.). Retrieved July 13, 2017, from <http://www.apa.org/pi/families/poverty.aspx>). The Boone Indicators Dashboard indicates 9.4% of households with children in Boone County live in poverty. The rate increases to 14.3% of households with children inside the City of Columbia. (Boone Indicators Dashboard. Retrieved July 13, 2017, from <http://booneindicators.org/>). This rate is greatly multiplied when attention shifts to the subgroup of 1,173 families served by the housing and childcare programs of the Housing Authority of the City of Columbia. The CHA's data records indicate that these families are much more likely to live in poverty. The percent varies by location and program; ranging from 72% to 100% (Housing Authority of the City of Columbia. Agency Database. Retrieved July 13, 2017). Healthy Home Connections will provide individualized whole-family case management to increase access to services and reduce barriers to self-sufficiency, academic success, healthy living, and community connections.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

According to the BID project, there are 1,648 families with children living in poverty in the County. The Housing Authority of the City of Columbia provides access to affordable housing all over Boone County to 1,173 families with children living in poverty. By using this housing as a platform for services, the CHA Low-Income Services, Inc. Healthy Home Connections Program will make a wide variety of support and services available to the most fragile households in Boone County. The Moving Ahead Program serves an additional 15 low-income families.

The BID project indicates that 9.4% of all Boone County households and 9.5% of Columbia households are headed by a single parent. Among the 1,188 households to receive targeted support and service through the HHC program 71% are single parent homes. Complicating the seriousness of need is

unemployment 42% of the 1,188 households had an unemployed parent as of July 13, 2017. The number of children at increased risk for health, social/emotional, behavioral and mental health conditions simply by living in the targeted households is 1,722.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

The Healthy Home Connections program will improve the socioemotional well-being of families and children by providing and/or connecting low-income households to services which strengthen families and help children succeed in school and in life.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The Healthy Home Connections Program (HHC) is an evolution of two projects previously funded by the BCCSF and involving collaboration between the Housing Authority of the City of Columbia, CHA Low-Income Services, Inc., Family Counseling Center, and Big Brothers Big Sisters. This proposal continues the collaboration but combines both projects in one. This HHC will help low-income families and their children by connecting families with services; bringing services on site for high-priority needs; and monitoring the performance of providers and the outcomes of services. Five case managers will work together with families and children to assess individual and family needs, develop a plan, then support the individualized plan by increasing access to services for employment, rental assistance, utility payment assistance, primary health care, counseling/training to maintain housing (conflict resolution, domestic violence, or substance abuse), money management, and help meet basic household needs or remove barriers. In addition, HHC will connect low-income families to ESL, GED, job training, post-secondary education programs, and financial literacy classes. It will connect parents with out of school programming, mental and behavioral health assessment, and therapeutic mentoring for their children and youth. HHC will connect parents with schools and offer a wide variety of programming and events to promote physical, mental, and financial health for the benefit of the whole family.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The HHC Program will focus on four subgroups based on housing location and/or CHA program participation.

Subgroup 1: Housing Choice Voucher (previously Section 8). HCV Families may use their rental voucher and choose housing anywhere within Boone County. Contains 926 households: 100% low income, 76% extremely low income, 54% led by a single parent, and 40% of parents are unemployed. African Americans make up 76% of the group. This group includes 1,281 children.

Subgroup 2: Project Based Voucher (apartments converted from Public Housing through the CHA's Rental Assistance Demonstration Project). Families have a voucher but live in properties managed by the CHA. Contains 84 households: 100% low income, 77% extremely low income, 56% led by a single parent, and 44% of parents are unemployed. African Americans make up 56% of the group. This group includes 121 children.

Subgroup 3: Public Housing (families living in Public Housing Units of the Housing Authority of the City of Columbia). Contains 163 households: 97% low income, 72% extremely low income, 42% led by a single parent, and 50% of parents unemployed. African Americans make up 72% of the population. The group contains 174 children.

Subgroup 4: Moving Ahead After School & Summer Program - Serves low-income students in the Columbia Public School District, their parents and siblings. Contains 15 non-CHA homes: 80% led by a single parent, 99% extremely low-income, 99% African American. The group contains 146 children.

b. Why will these particular consumers be served? (1500 character limit)

These consumers represent the most fragile families in Boone County. Their preexisting link to the Housing Authority increases their comfort level with services and supports offered through HHC. HHC has already established relationships with many of the targeted families through a BCCSF contracted pilot project and purchase of service contract. These two previously funded projects have been combined and added to projects funded by other sources to provide a coordinated housing-based, two-generational effort to help reduce the impact of poverty on families and children. There is a growing consensus that children cannot thrive in homes where their parents are struggling to make ends meet and that likewise, parents cannot move toward self-sufficiency without support for their children (Building Public Housing Authority Capacity for Better Resident Services, Urban Institute, August 2015). As recommended by the Urban Institute, HHC will coordinate a whole family-approach involving both of these vulnerable groups to boost individual participation and work toward family level outcomes that strengthen families and help children succeed.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Using housing and housing programs as a platform will help reduce impediments such as identifying and contacting the population. Building and maintaining trust with the population is key, and HHC personnel are already connected with many of the families thanks to previously funded projects.

d. Total number of unduplicated individuals to be served by the proposed program:

1550

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

375.95

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

15

b. Provide information on the types of training that will be offered. (1500 character limit)

HHC staff and select CHA Department Heads/Managers will receive training to help move the Housing Authority of the City Columbia toward a Trauma-Informed organization model. Healthy Home Connections case managers will also attend a minimum of 12 hours training annually through local, national, and regional sources to maintain competency levels. BBBS staff will receiving training in therapeutic mentoring through Family Counseling Center.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

HHC Case Managers are available from 8 a.m. - 5 p.m Monday through Friday. Clients may drop in or make an appointment. The main office is located at 301 North Providence in the J. W. "Blind" Boone Community Center. HHC Case Managers often make home visits. As required, HHC Case Managers also work weekends and evenings and utilize other CHA facilities for events and group meetings.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

HHC will serve low-income households with children between the ages of 0 - 18 in Boone County who are participating in one of the affordable housing programs of the Housing Authority of the City of Columbia, or who have children enrolled in the CHA's Moving Ahead Afterschool and Summer program.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Charging a fee for the service could be detrimental to the extremely low-income population the project seeks to serve and decrease the number of families participating.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Narrative

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Not applicable.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

Narrative

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

Narrative

If Yes - Provide a description of the accreditation process: (600 character limit)

Narrative

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

HHC Case Managers will follow a set of guidelines developed by the National Association of Social Workers. NASW recommends that all social workers provide person-centered services from a strengths based prospective utilizing collaborative teamwork while maintaining the primary client-social worker relationship and recognizing environmental factors in play to affect change on a individual, family, community, and systems level (NASW Standards for Social Work Case Management, 2013, pp. 17 - 18).

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

"The primary goal of social work case management is to optimize client functioning and well-being by providing and coordinating high-quality services, in the most effective and efficient manner possible, to individuals with multiple complex needs" (NASW Standards for Social Work Case Management, 2013, pp. 17 - 18). These principals developed by the National Association of Social Workers will guide the activities of the HHC Case Managers because they support the goals of the program.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

In a 2007, the Office of Policy Development and Research (PD&R) designed and administered a mixed-methods (quantitative and qualitative) survey to a representative sample of multifamily property managers. In that study, property managers stated that having someone who coordinated services for residents increased the ability of residents to access needed services, reduced crises, helped residents become more self-reliant, and ultimately improved the residents quality of life (Levine, C. A., Ph.D., & Johns, A. R., MSW. (2008, December). Multifamily Property Managers' Satisfaction with Service Coordination [Scholarly project]. Retrieved July 13, 2017, from https://www.huduser.gov/Publications/PDF/Multifamily_prop.pdf).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The Healthy Home Connections Program is a collaborative project involving multiple agencies and multiple funding sources. It utilizes the affordable housing of the Housing Authority and a neighborhood after school program as the platform for identifying and building relationships with families who may benefit from supportive services. Because of this unique relationship, HHC Case Managers can provide home and community based crisis and proactive interventions designed around the whole-family. The HHC program ties adult and youth based interventions together with stable housing to help both

generations succeed.

Through a continued partnership with Big Brothers Big Sisters, HHC will offer therapeutic community based mentoring to the children and youth of HHC. In addition, Family Counseling Center will continue to work with HHC Case Managers to assist families and children through assessment, family training events, and consultation with staff.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

HHC Team Members will meet monthly to discuss and confer on client needs and assess progress of the program toward the overall goals.

HHC Case Managers will track and report the progress of families toward the goals in the Family Service Pledge at 30 - 90 and 120 days. They will adjust the Family Service Pledge if needed, and repeat the process until goals are met.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

HHC Case Managers will ask clients to complete a satisfaction survey to identify 1) what recommended services were utilized; 2) which services were most helpful; and 3) whether they are satisfied with the service. This information will be utilized to identify and address any barriers to accessing services; identify which services are most effective; and improve customer service.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

The HHC project continues and expands a successful collaboration of the Housing Authority, CHA Low-Income Services, Inc., Big Brothers Big Sisters and Family Counseling Center. This partnership of shared accountability and shared resources worked together in two projects previously funded through BCCSF known as the MAP for Mental Health Project and Healthy Home Connections. This proposal rolls all activities into one project for ease of control and alignment with goals. The team will continue to share information across the board, share resources such as office space and staff, and share accountability for the outcomes presented in this proposal.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1500432626_40691_noreply%40pbhc.org_20170718_142702%281%29.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

/document/download/filename/1500490827_40764_HHC-MAPMOU.docx/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Project Director	MQ1 Bachelor Degree in Social Work, counseling and psychology or related field. Experience working with a diverse population, families, elderly and persons with disabilities	FTE1 0.10	SR1 FROM \$42,000.00	SR1 TO \$69,000.00
P2 HHC Case	MQ2 Bachelor Degree in Social Work, counseling and psychology or related field. License	FTE2 2.80	SR2 FROM \$40,000.00	SR2 TO \$57,000.00

Manager	or extensive experience working with a diverse population including families and children preferred			
P3	MQ3	FTE3	SR3 FROM	SR3 TO
		0.00	\$0.00	\$0.00
P4	MQ4	FTE4	SR4 FROM	SR4 TO
		0.00	\$0.00	\$0.00
P5	MQ5	FTE5	SR5 FROM	SR5 TO
		0.00	\$0.00	\$0.00
P6	MQ6	FTE6	SR6 FROM	SR6 TO
		0.00	\$0.00	\$0.00
P7	MQ7	FTE7	SR7 FROM	SR7 TO
		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The Project Director oversees the project to ensure that efforts continue to support the overall goals and objectives set forth in the proposal. The position requires a broad range of skills, including supervision of a diverse staff. The Project Director is a high level staff position reporting directly to the Chief Executive Officer.

The HHC Case Manager provides direct service to the target population. 1.8 FTE will serve the families of Subgroup 1: Housing Choice Voucher. This is the largest group of households and requires travel throughout the County. 1 FTE will serve the families of Subgroup 2: Project Based Voucher. This population is spread over two property areas and are currently undergoing a variety issues associated with moving and redevelopment of the CHA properties in addition to stresses commonly associated with a low-income household. Another FTE will serve the families dwelling in Public Housing Units of the Housing Authority. This population is readily accessible from the Case Manager's office and includes a high number of drop in appointments. The last FTE serves the families of children enrolled in the Moving Ahead Afterschool Program. Additional skills are needed since the population includes interaction with high numbers of children.

Salaries are intended to recruit and maintain quality, consistent, staffing in order to facilitate a trusting relationship with the client.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

Continues and expands Healthy Home Connections Pilot Project and the MAP for Mental Health Project previously funded through BCCSF. CHALIS has combined both successful projects into one. Additional funding for the activities described in this proposal have been secured through the Department of Housing and Urban Development (HUD) and the Heart of Missouri United Way. BCCSF funds will be used to provide services to those ineligible for service through HUD.

MEMORANDUM OF UNDERSTANDING

CHA Low-Income Services, Inc.

("hereinafter referred to as Applicant Organization")

And

Family Counseling Center of Missouri (FCC)

("hereinafter referred to as Collaborative Partner")

Applicant Organization agrees to:

- A. Identify children who are participants of CHA Low-Income Services, Inc. (CHALIS) Healthy Home Connection who are in need of clinical assessment and additional behavioral health services.
- B. Refer individual children and families as needed to FCC for assessment and additional behavioral health services.
- C. Provide space and time each month for FCC staff to provide training to staff regarding a variety of topics related to behavioral health issues and interventions for children and families.
- D. Obtain parental permission to refer children for services.

Collaborative Partner agrees to:

- E. Accept referrals for clinical assessment, therapy, referrals and follow-ups to children and their families who are participants of CHA Low-Income Services, Inc. (CHALIS) Healthy Home Connections.
- F. Consult with and assist center staff in identifying behavioral interventions to be used with children as needed.
- G. Provide monthly training and education to both parents and staff regarding behavioral health issues as well as evidenced based practices.

Karen Cade, President
Family Counseling Center of Missouri

Becky Markt, Director of Resident Services

**MEMORANDUM OF AGREEMENT
BETWEEN
BIG BROTHERS BIG SISTERS OF CENTRAL MISSOURI (BBBS)
AND
COLUMBIA HOUSING AUTHORITY LOW-INCOME SERVICES (CHALIS)**

This Memorandum of Agreement (MOA) between BBBS and CHALIS outlines the provisions of the partnership for the Healthy Home Connection Program (HHC) of which Therapeutic Mentoring will be a program service for youth ages 5-18.

BBBS will:

- Coordinate an enrollment process including application and interviews for potential program participants (Littles) and their parents. The interviews will be conducted by a BBBS staff member who has a Master's in social work. This individual will coordinate referrals to Family Counseling Center of Missouri, Incorporated (FCC) as necessary to assess the range of each child's needs.
- Coordinate an enrollment process including application, interview and reference checks for potential volunteer mentors (Bigs).
- Create mentoring "matches" between youth (Littles) and volunteer mentors (Bigs) based upon identified commonalities in the enrollment process
- Help the child, parent and mentor create a youth development plan for each child.
- Provide regular case management for matches based upon Big Brothers Big Sisters of America (BBBSA) requirements
- Develop mentor cohort and provide networking opportunities for the cohorts to develop a peer support group.
- Coordinate monthly mentor trainings with staff from FCC based upon topics most commonly seen from HHC youth.
- Assess matches at 3 months and yearly anniversary to measure strength of relationship and youth outcomes (based upon BBBSA survey protocol)
- Have designated staff attend the bi-weekly Health Home Connections program meetings.

Columbia Housing Authority Low-Income Services will:

- Refer children for participation in the Therapeutic Mentoring Program.
- Have designated staff attend the bi-weekly Health Home Connections program meetings.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Case Management

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Collaborative process to assess, plan, implement, coordinate, monitor, and evaluate options and services to meet an individual's health and human service needs. Characterized by advocacy, communication, and resource management. Promotes quality and cost-effective interventions and outcomes.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The CHA Low-Income Services, Inc. Healthy Home Connections (HHC) Program addresses the needs of low-income families who are participating in one of the affordable housing programs offered by the Housing Authority of the City of Columbia (CHA) and/or who have children enrolled in the CHA's Moving Ahead After School and Summer Program. The HHC Program capitalizes on these established relationships to help fragile families stabilize and thrive.

Five HHC Case Managers will aid families in solving difficult and complex issues that may deny them the opportunity to fully participate in society and school. HHC will address skills and support systems that families need to succeed financially, parents need to nurture and care for their children, and children need in order to develop into healthy and productive adults.

Each HHC Case Manager will serve a targeted population based on housing or program participation. Two case managers will serve families living in affordable housing that is managed by the CHA within the City of Columbia. Two case managers will serve families who are participants in the CHA's Housing Choice Voucher program and may live anywhere in Boone County. The remaining case manager will serve families with children enrolled in the CHA's Moving Ahead After School and Summer Program (MAP). MAP is open to any low-income family within the Columbia Public School District.

HHC Case Managers will work with families to assess needs and develop a Family Service Pledge (FSP) indicating their commitment to their individualized family goals. Case Managers will then support the completion of the FSP by working with a variety of community agencies to increase access to desired services for employment, rental assistance, utility payment assistance, primary health care, counseling/training to maintain housing (conflict resolution, domestic violence, or substance abuse), money management, and meet basic household needs. In addition, HHC will also connect low-income families to out of school programming and therapeutic mentoring for children and youth, as well as ESL, GED, job training, post-secondary education programs, and financial literacy classes. HHC Case Managers will also connect parents with schools and school readiness programming and offer a wide variety of programming and events to promote physical, mental, and financial health for the benefit of the whole family.

HHC Case Managers will respond in a timely manner to crisis intervention needs, and subsequently recruit the presenting family into the HHC Program. In addition, HHC Case Managers will proactively recruit families from the CHA's extensive database. They will also respond to referrals from CHA Leasing Managers, schools, or other providers in the community.

HHC Case Managers will meet with the Director of Resident Services monthly to review cases as a team and to assess progress toward the goals of the HHC Program as a whole.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

15 minutes

b. Unit Rate (#1)

\$10.50

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

St. Louis County CSF Rates, January, 2016-2017 list the allowable rate of \$12.55 per 15 minutes for T1016.01 Case Management-Bachelors.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

d. Total Number of Units of Service to be Provided (#1)

40130

e. Total Number of Unduplicated Individuals (#1)

1550

f. Average Number of Units of Service per Unduplicated Individual (#1)

25.89

g. Average Cost of Service per Individual (#1)

271.85

Service #1 - Service Fee**a. Will the proposed service (#1) consumers be charged a fee?**

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)**If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.****If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)**

Charging a fee for the service could be detrimental to the extremely low-income population the project seeks to serve and decrease the number of families participating.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)**If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)****If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)**

HHC is not a clinical case management program and is not billable to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Not applicable.

Service #1 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)**

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$0.00	1a2. 0	1a3. \$250,244.00
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$55,922.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$277,211.00

b. Proposed Number of Units of Service (#1)

26401.05

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

The amount requested will continue activity previously funded by BCCSF and further expand the capacity of CHA Low-Income Services, Inc. to help low-income family households in a coordinated effort. United Way funding and HUD funding only serve families living in properties managed by the Housing Authority of the City of Columbia.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Increased use of supportive services	85% of 1550 adults and/or children will utilize one or more supportive service during the funding cycle.	Case management records, attendance rosters, pre- and post interviews, referral forms
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
Increased family stability	90% of 1550 adults and/or children will retain housing.	Case management records, Housing Authority Database
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Improved self-reliance	15% of participating households (N=Not Yet Known) will increase income.	Case management records, Housing Authority Database and Family Self-Sufficiency Records
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Increased well-being	70% of 1550 adults and/or children will show increased protective factors and well-being scores post intervention	Pre- Post Self-Assessment, Pre- Post Staff Assessment
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

The Healthy Home Connections program will improve the socioemotional well-being of families and children by providing and/or connecting low-income households to services which strengthen families and help children succeed in school and in life. The above outcomes support this goal as they are indicators of a more stable, self-reliant household which must be obtained before the low-income parent is able to focus increased effort toward the development of their children (Building Public Housing Authority Capacity for Better Resident Services, Urban Institute. August 2015).

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Moving families from crisis to self-sufficiency is a step by step process. Achieving the desired outcomes can sometimes take longer than 12 months.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

These outcomes and measures have been adapted from the previously funded HHC Pilot Project. The measures have been narrowed in focus to permit more accurate tracking by HHC Case Managers. Most indicators refer to the total individuals to be served, 1550. The income outcome refers to households, which are an unknown at this time, but are the only way to track income increase within the Housing Authority Database.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

These methods of measurement are already being used by staff and will provide an accurate indication of progress toward the desired outcome.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Therapeutic Mentoring

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Social interaction and guidance for individuals with emotional and mental concerns provided by a trained mentor.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

For 2.5 years, Big Brothers Big Sisters of Central Missouri (BBBS) has partnered with CHALIS and Family Counseling Center (FCC) to provide wrap around services to children whose families participate in the Housing Choice Voucher program and Moving Ahead Program. BBBS has identified that 70% of these children going through the BBBS intake process have a diagnosed or diagnosable mental health, learning or socio-emotional concern. All have adverse childhood experiences. Often the behavior and needs of the children overwhelm the mentors resulting in early match closure (less than 12 months). Consistently, mentors serving children referred through the partnership request more training and support than current community or site based mentoring models offer. As a result, BBBS would like to create a therapeutic mentoring program service to serve children in the HHC Program. With a few modifications and additions the BBBS mentoring method lends itself to a therapeutic model. The process includes:

-During the enrollment phase, HHC children and families will go through a social emotional screening that is done by a BBBS staff member who has a master's in social work. This process identifies if a child has previously received a diagnosis for any disorder or if the child has been subjected to adverse experiences. If our intake process doesn't reveal a specific diagnosis but the MSW suspects there may be one, she will coordinate a referral with FCC for further assessment. FCC will share with BBBS any diagnosis or area of concern.

-Each child (referred to as a Little) will be matched with a mentor, who has been recruited, screened and trained by BBBS, and assigned to the HHC match support specialist (MSS). The MSS will guide the child, mentor and parent to create a youth development plan specifying goals for the child. This plan is reviewed and updated regularly as a part of the match support process. This process includes monthly check ins to assess the health and progress of the match and safety of the child. Evaluations are conducted at the 3 month and yearly anniversary of the match.

-Based upon the diagnosis or challenges each Little has, his or her mentor will be placed in cohort groups with other mentors with Littles facing similar challenges. Guided by BBBS staff, these groups will meet in person or virtually to network and build a support system with each other.

-BBBS staff will coordinate monthly mentor trainings presented by an expert from FCC. These topics were chosen based upon the most frequent diagnoses and adverse experiences seen in the referred children over the past 2.5 years. The MSS will ensure mentors know about trainings specific to the diagnosis or needs of their Littles. The topics will be mentoring children with:

Anxiety
ODD
Anger management issues
Unstable home life
Abuse & neglect experience
Autism
Depression
ADHD
Conduct disorder
DMDD
Learning disabilities/delays
Trauma experience

BBBS will dedicate 3.5 FTE staff to the HHC Program.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

One therapeutic mentoring hour

b. Unit Rate (#2)

\$22.28

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

\$27.94 is the contractual rate for Therapeutic Mentoring as described on Page 69 of the St. Louis County Children's Services Fund List of Approved Units of Service Schedule B dated Jan. 1, 2016. This is the closest description to be found of the services we are proposing.

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

d. Total Number of Units of Service to be Provided (#2)

8287

e. Total Number of Unduplicated Individuals (#2)

142

f. Average Number of Units of Service per Unduplicated Individual (#2)

58.36

g. Average Cost of Service per Individual (#2)

1300.24

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

There has never been a charge for mentoring services from BBBS. The program model isn't one that readily lends itself to charging for the services. Furthermore, the receipts of these services are low-income children and families. The probability they could pay for the services is very limited and more than likely they would choose to not participate, depriving their children of a valuable role model and confident who could help them navigate the trauma and difficulties they are experiencing in their lives.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

This is not a type of service that is approved to be billed to insurance or another provider.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

No (If no, move on to the Funding Request section)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>
	2a1.	2a2.	2a3.
a. Boone County - Children's Services Funding (#2)	\$0.00	0	\$0.00
	2b1.	2b2.	2b3.
b. Boone County - Community Health Funding (#2)	\$0.00	0	\$0.00
	2c1.	2c2.	2c3.
c. City of Columbia - Social Services Funding (#2)	\$0.00	0	\$0.00
	2d1.	2d2.	2d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#2)	\$0.00	0	\$0.00
	2e1.	2e2.	2e3.
e. Heart of Missouri United Way Funding (#2)	\$0.00	0	\$0.00

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$161,351.79

b. Proposed Number of Units of Service (#2)

7242

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

This service is an evolution of mentoring services that Boone County currently funds under the partnership project names Healthy Home Connections and MAP for Mental Health, approved for \$154,949 for 18 months. The therapeutic mentoring services currently proposed better address the needs of the partnership's children by providing more robust support. For therapeutic mentoring, BBBS does not currently receiving funding from the city, county or United Way. BBBS has \$22,315 from the AmeriCorps program and \$1007 from a Big Brothers Big Sisters of America research study for this program service.

Service #2 - Performance Measures

Outcome (2-1)

Littles will avoid risky behaviors

Indicator (2-1)

97% of Littles will indicate that "it is not okay" to take drugs that aren't given to them by a doctor or parent.

Method of Measurement (2-1)

Big Brothers Big Sisters of America's YOS (Youth Outcomes Survey) given to children ages 9 or older at intake and yearly anniversary of match

Additional Outcome (2-2)

Littles will avoid risky behaviors

Additional Indicator (2-2)

97% of Littles will indicate that they have not been arrested in the past 12 months.

Additional Method (2-2)

Big Brothers Big Sisters of America's YOS (Youth Outcomes Survey) given to children ages 9 or older at intake and yearly anniversary of match

Additional Outcome (2-3)

Littles have positive academic expectations.

Additional Indicator (2-3)

88% of Littles will answer that they are "mostly sure" or "very sure" that they will finish high school.

Additional Method (2-3)

Big Brothers Big Sisters of America's YOS (Youth Outcomes Survey) given to children ages 9 or older at intake and yearly anniversary of match

Additional Outcome (2-4)

Littles receive support from adults other than parent(s).

Additional Indicator (2-4)

75% of Littles will answer "yes" to a question asking if they have a special adult in their lives.

Additional Method (2-4)

Big Brothers Big Sisters of America's YOS (Youth Outcomes Survey) given to children ages 9 or older at intake and yearly anniversary of match

Additional Outcome (2-5)

Littles will indicate an average to high degree of parental trust

Additional Indicator (2-5)

83% of Littles will have an average to high mean score across three questions examining parental trust.

Additional Method (2-5)

Big Brothers Big Sisters of America's YOS (Youth Outcomes Survey) given to children ages 9 or older at intake and yearly anniversary of match

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

The HHC program's focus is on strengthening families and helping children succeed in school and in life. The Search Institute has identified the building blocks of healthy development known as the Developmental Assets that help young people grow up healthy, caring, and responsible. Internal assets such as a commitment to learning and skills to avoid risky behaviors, along with external assets such as a family life that provides high levels of love and support and positive family communication, and support from adults other than parents are among these assets.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Matches that do not last 12 months and matches where the Littles are less than age 9 will not be eligible for the method of measurement. Children who experience additional trauma may not achieve the positive outcomes. Additionally, changes in public school practices in regards to contacting juvenile authorities for infractions committed at school in response to State of Missouri Statue 160.775 could result in an overall upswing of juvenile referrals.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

The most recent juvenile law violations referral rate that Missouri Kids Count has for Boone County is 3.7%. If 97% of Littles are not arrested in the 12 month period, they will be offending at a lower rate than county youth as a whole.

All other indicator percentages are based upon BBBS historical data across all the different type of mentoring programs and services.

d. Provide a rationale for each method of measurement (2). (600 character limit)

The Youth Outcomes Survey is a required tool that all affiliates of Big Brothers Big Sisters of America are required to use to standardize outcomes across the network. It has been proven valid and reliable in two independent, randomized controlled studies.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click [here](#) to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Service #3 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

b. Unit Rate (#3)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

d. Total Number of Units of Service to be Provided (#3)

0

e. Total Number of Unduplicated Individuals (#3)

0

f. Average Number of Units of Service per Unduplicated Individual (#3)

0

g. Average Cost of Service per Individual (#3)

0

Service #3 - Service Fee

a. Will the proposed service (#3) consumers be charged a fee?

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)

If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service #3 - Amount Received From Other Funders

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children’s Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymmo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing/Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

In return for the payment of the premium and subject to all terms of this policy, we agree with you as follows:

GENERAL SECTION

A. The Policy

This policy includes at its effective date the Information Page and all endorsements and schedules listed there. It is a contract of insurance between you (the employer named in Item 1 of the Information Page) and us (the insurer named on the Information Page). The only agreements relating to this insurance are stated in this policy. The terms of this policy may not be changed or waived except by endorsement issued by us to be part of this policy.

B. Who Is Insured

You are insured if you are an employer named in Item 1 of the Information Page. If that employer is a partnership, and if you are one of its partners, you are insured, but only in your capacity as an employer of the partnership's employees.

C. Workers Compensation Law

Workers Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page. It includes any amendments to that law which are in effect during the policy period. It does not include any federal workers or workmen's compensation law, any federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

D. State

State means any state of the United States of America, and the District of Columbia.

E. Locations

This policy covers all of your workplaces listed in Items 1 or 4 of the Information Page; and it covers all other workplaces in Item 3.A. states unless you have other insurance or are self-insured for such workplaces.

PART ONE - WORKERS COMPENSATION INSURANCE

A. How This Insurance Applies

This workers compensation insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. Bodily injury by accident must occur during the policy period.
2. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

B. We Will Pay

We will pay promptly when due the benefits required of you by the workers compensation law.

C. We Will Defend

We have the right and duty to defend at our expense any claim, proceeding or suit against you for benefits payable by this insurance. We have the right to investigate and settle these claims, proceedings or suits.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

We have no duty to defend a claim, proceeding or suit that is not covered by this insurance.

D. We Will Also Pay

We will also pay these costs, in addition to other amounts payable under this insurance, as part of any claim, proceeding or suit we defend:

1. reasonable expenses incurred at our request, but not loss of earnings;
2. premiums for bonds to release attachments and for appeal bonds in bond amounts up to the amount payable under this insurance;
3. litigation costs taxed against you;
4. interest on a judgment as required by law until we offer the amount due under this insurance; and
5. expenses we incur.

E. Other Insurance

We will not pay more than our share of benefits and costs covered by this insurance and other insurance or self-insurance. Subject to any limits of liability that may apply, all shares will be equal until the loss is paid. If any insurance or self-insurance is exhausted, the shares of all remaining insurance will be equal until the loss is paid.

F. Payments You Must Make

You are responsible for any payments in excess of the benefits regularly provided by the workers compensation law including those required because:

1. of your serious and willful misconduct;
2. you knowingly employ an employee in violation of law;
3. you fail to comply with a health or safety law or regulation; or
4. you discharge, coerce or otherwise discriminate against any employee in violation of the workers compensation law.

If we make any payments in excess of the benefits regularly provided by the workers compensation law on your behalf, you will reimburse us promptly.

G. Recovery From Others

We have your rights, and the rights of persons entitled to the benefits of this insurance, to recover our payments from anyone liable for the injury. You will do everything necessary to protect those rights for us and to help us enforce them.

H. Statutory Provisions

These statements apply where they are required by law.

1. As between an injured worker and us, we have notice of the injury when you have notice.
2. Your default or the bankruptcy or insolvency of you or your estate will not relieve us of our duties under this insurance after an injury occurs.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

3. We are directly and primarily liable to any person entitled to the benefits payable by this insurance. Those persons may enforce our duties; so may an agency authorized by law. Enforcement may be against us or against you and us.
4. Jurisdiction over you is jurisdiction over us for purposes of the workers compensation law. We are bound by decisions against you under that law, subject to the provisions of this policy that are not in conflict with that law.
5. This insurance conforms to the parts of the workers compensation law that apply to:
 - a. benefits payable by this insurance;
 - b. special taxes, payments into security or other special funds, and assessments payable by us under that law.
6. Terms of this insurance that conflict with the workers compensation law are changed by this statement to conform to that law.

Nothing in these paragraphs relieves you of your duties under this policy.

PART TWO - EMPLOYERS LIABILITY INSURANCE

A. How This Insurance Applies

This employers liability insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. The bodily injury must arise out of and in the course of the injured employee's employment by you.
2. The employment must be necessary or incidental to your work in a state or territory listed in Item 3.A. of the Information Page.
3. Bodily injury by accident must occur during the policy period.
4. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.
5. If you are sued, the original suit and any related legal actions for damages for bodily injury by accident or by disease must be brought in the United States of America, its territories or possessions, or Canada.

B. We Will Pay

We will pay all sums that you legally must pay as damages because of bodily injury to your employees, provided the bodily injury is covered by this Employers Liability Insurance.

The damages we will pay, where recovery is permitted by law, include damages:

1. For which you are liable to a third party by reason of a claim or suit against you by that third party to recover the damages claimed against such third party as a result of injury to your employee;
2. For care and loss of services; and
3. For consequential bodily injury to a spouse, child, parent, brother or sister of the injured employee; provided that these damages are the direct consequence of bodily injury that arises out of and in the course of the injured employee's employment by you; and

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

4. Because of bodily injury to your employee that arises out of and in the course of employment, claimed against you in a capacity other than as employer.

C. Exclusions

This insurance does not cover:

1. Liability assumed under a contract. This exclusion does not apply to a warranty that your work will be done in a workmanlike manner;
2. Punitive or exemplary damages because of bodily injury to an employee employed in violation of law;
3. Bodily injury to an employee while employed in violation of law with your actual knowledge or the actual knowledge of any of your executive officers;
4. Any obligation imposed by a workers compensation, occupational disease, unemployment compensation, or disability benefits law, or any similar law;
5. Bodily injury intentionally caused or aggravated by you;
6. Bodily injury occurring outside the United States of America, its territories or possessions, and Canada. This exclusion does not apply to bodily injury to a citizen or resident of the United States of America or Canada who is temporarily outside these countries;
7. Damages arising out of coercion, criticism, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination against or termination of any employee, or any personnel practices, policies, acts or omissions;
8. Bodily injury to any person in work subject to the Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sections 901 et seq.), the Nonappropriated Fund Instrumentalities Act (5 U.S.C. Sections 8171 et seq.), the Outer Continental Shelf Lands Act (43 U.S.C. Sections 1331 et seq.), the Defense Base Act (42 USC Sections 1651 -1654), the Federal Mine Safety and Health Act (30 U.S.C. Sections 801 et seq. and 901-944), any other federal workers or workmen's compensation law or other federal occupational disease law, or any amendments to these laws;
9. Bodily injury to any person in work subject to the Federal Employers' Liability Act (45 U.S.C. Sections 51 et seq.), any other federal laws obligating an employer to pay damages to an employee due to bodily injury arising out of or in the course of employment, or any amendments to those laws;
10. Bodily injury to a master or member of the crew of any vessel, and does not cover punitive damages related to your duty or obligation to provide transportation, wages, maintenance, and cure under any applicable maritime law;
11. Fines or penalties imposed for violation of federal or state law; and
12. Damages payable under the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. Sections 1801 et seq.) and under any other federal law awarding damages for violation of those laws or regulations issued there under, and any amendments to those laws.

D. We Will Defend

We have the right and duty to defend, at our expense, any claim, proceeding or suit against you for damages payable by this insurance. We have the right to investigate and settle these claims, proceedings and suits.

We have no duty to defend a claim, proceeding or suit that is not covered by this insurance. We have no duty to defend or continue defending after we have paid our applicable limit of liability under this insurance.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

E. We Will Also Pay

We will also pay these costs, in addition to other amounts payable under this insurance, as part of any claim, proceeding, or suit we defend:

1. Reasonable expenses incurred at our request, but not loss of earnings;
2. Premiums for bonds to release attachments and for appeal bonds in bond amounts up to the limit of our liability under this insurance;
3. Litigation costs taxed against you;
4. Interest on a judgment as required by law until we offer the amount due under this insurance; and
5. Expenses we incur.

F. Other Insurance

We will not pay more than our share of damages and costs covered by this insurance and other insurance or self-insurance. Subject to any limits of liability that apply, all shares will be equal until the loss is paid. If any insurance or self-insurance is exhausted, the shares of all remaining insurance and self-insurance will be equal until the loss is paid.

G. Limits of Liability

Our liability to pay for damages is limited. Our limits of liability are shown in Item 3.B. of the Information Page. They apply as explained below.

1. **Bodily Injury by Accident.** The limit shown for "bodily injury by accident-each accident" is the most we will pay for all damages covered by this insurance because of bodily injury to one or more employees in any one accident.

A disease is not bodily injury by accident unless it results directly from bodily injury by accident.
2. **Bodily Injury by Disease.** The limit shown for "bodily injury by disease-policy limit" is the most we will pay for all damages covered by this insurance and arising out of bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease. The limit shown for "bodily injury by disease-each employee" is the most we will pay for all damages because of bodily injury by disease to any one employee.

Bodily injury by disease does not include disease that results directly from a bodily injury by accident.
3. We will not pay any claims for damages after we have paid the applicable limit of our liability under this insurance.

H. Recovery From Others

We have your rights to recover our payment from anyone liable for an injury covered by this insurance. You will do everything necessary to protect those rights for us and to help us enforce them.

I. Actions Against Us

There will be no right of action against us under this insurance unless:

1. You have complied with all the terms of this policy; and
2. The amount you owe has been determined with our consent or by actual trial and final judgment.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

This insurance does not give anyone the right to add us as a defendant in an action against you to determine your liability. The bankruptcy or insolvency of you or your estate will not relieve us of our obligations under this Part.

PART THREE - OTHER STATES INSURANCE

A. How This Insurance Applies

1. This other states insurance applies only if one or more states are shown in Item 3.C. of the Information Page.
2. If you begin work in any one of those states after the effective date of this policy and are not insured or are not self-insured for such work, all provisions of the policy will apply as though that state were listed in Item 3.A. of the Information Page.
3. We will reimburse you for the benefits required by the workers compensation law of that state if we are not permitted to pay the benefits directly to persons entitled to them.
4. If you have work on the effective date of this policy in any state not listed in Item 3.A. of the Information Page, coverage will not be afforded for that state unless we are notified within thirty days.

B. Notice

Tell us at once if you begin work in any state listed in Item 3.C. of the Information Page.

PART FOUR - YOUR DUTIES IF INJURY OCCURS

Tell us at once if injury occurs that may be covered by this policy. Your other duties are listed here.

1. Provide for immediate medical and other services required by the workers compensation law.
2. Give us or our agent the names and addresses of the injured persons and of witnesses, and other information we may need.
3. Promptly give us all notices, demands and legal papers related to the injury, claim, proceeding or suit.
4. Cooperate with us and assist us, as we may request, in the investigation, settlement or defense of any claim, proceeding or suit.
5. Do nothing after an injury occurs that would interfere with our right to recover from others.
6. Do not voluntarily make payments, assume obligations or incur expenses, except at your own cost.

PART FIVE - PREMIUM

A. Our Manuals

All premium for this policy will be determined by our manuals of rules, rates, rating plans and classifications. We may change our manuals and apply the changes to this policy if authorized by law or a governmental agency regulating this insurance.

B. Classifications

Item 4 of the Information Page shows the rate and premium basis for certain business or work classifications. These classifications were assigned based on an estimate of the exposures you would have

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

during the policy period. If your actual exposures are not properly described by those classifications, we will assign proper classifications, rates and premium basis by endorsement to this policy.

C. Remuneration

Premium for each work classification is determined by multiplying a rate times a premium basis. Remuneration is the most common premium basis. This premium basis includes payroll and all other remuneration paid or payable during the policy period for the services of:

1. all your officers and employees engaged in work covered by this policy; and
2. all other persons engaged in work that could make us liable under Part One (Workers Compensation Insurance) of this policy. If you do not have payroll records for these persons, the contract price for their services and materials may be used as the premium basis. This paragraph 2 will not apply if you give us proof that the employers of these persons lawfully secured their workers compensation obligations.

D. Premium Payments

1. You will pay all premium when due. You will pay the premium even if part or all of a workers compensation law is not valid.

E. Final Premium

The premium shown on the Information Page, schedules, and endorsements is an estimate. The final premium will be determined after this policy ends by using the actual, not the estimated, premium basis and the proper classifications and rates that lawfully apply to the business and work covered by this policy. If the final premium is more than the premium you paid to us, you must pay us the balance. If it is less, we will refund the balance to you. The final premium will not be less than the highest minimum premium for the classifications covered by this policy.

If this policy is canceled, final premium will be determined in the follow way unless our manuals provide otherwise:

1. If we cancel, final premium will be calculated pro rata based on the time this policy was in force. Final premium will not be less than the pro rata share of the minimum premium.
2. If you cancel, final premium will be more than pro rata; it will be based on the time this policy was in force, and increased by our short-rate cancelation table and procedure. Final premium will not be less than the minimum premium.

F. Records

You will keep records of information needed to compute premium. You will provide us with copies of those records when we ask for them.

G. Audit

You will let us examine and audit all your records that relate to this policy. These records include ledgers, journals, registers, vouchers, contracts, tax reports, payroll and disbursement records, and programs for storing and retrieving data. We may conduct the audits during regular business hours during the policy period and within three years after the policy period ends. Information developed by audit will be used to determine final premium. Insurance rate service organizations have the same rights we have under this provision.

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

PART SIX - CONDITIONS

A. Inspection

We have the right, but are not obliged to inspect your workplaces at any time. Our inspections are not safety inspections. They relate only to the insurability of the workplaces and the premiums to be charged. We may give you reports on the conditions we find. We may also recommend changes. While they may help reduce losses, we do not undertake to perform the duty of any person to provide for the health or safety of your employees or the public. We do not warrant that your workplaces are safe or healthful or that they comply with laws, regulations, codes or standards. Insurance rate service organizations have the same rights we have under this provision.

B. Long Term Policy

If the policy period is longer than one year and sixteen days, all provisions of this policy will apply as though a new policy were issued on each annual anniversary that this policy is in force.

C. Transfer of Your Rights and Duties

Your rights or duties under this policy may not be transferred without our written consent.

If you die and we receive notice within thirty days after your death, we will cover your legal representative as insured.

D. Cancellation

1. You may cancel this policy. You must mail or deliver advance written notice to us stating when the cancellation is to take effect.
2. We may cancel this policy. We must mail or deliver to you not less than ten days advance written notice stating when the cancellation is to take effect. Mailing that notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice.
3. The policy period will end on the day and hour stated in the cancellation notice.
4. Any of these provisions that conflict with a law that controls the cancellation of the insurance in this policy is changed by this statement to comply with the law.

E. Sole Representative

The insured first named in Item 1 of the Information Page will act on behalf of all insureds to change this policy, receive return premium, and give or receive notice of cancellation.

NOTIFICATION OF CHANGE IN OWNERSHIP ENDORSEMENT

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

Experience rating is mandatory for all eligible insureds. The experience rating modification factor, if any, applicable to this policy, may change if there is a change in your ownership or in that of one or more of the entities eligible to be combined with you for experience rating purposes. Change in ownership includes sales, purchases, other transfers, mergers, consolidations, dissolutions, formations of a new entity and other changes provided for in the applicable experience rating plan manual.

You must report any change in ownership to us in writing within 90 days of such change. Failure to report such changes within this period may result in revision of the experience rating modification factor used to determine your premium.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

Terrorism Risk Insurance Program Reauthorization Act Disclosure Endorsement

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement addresses the requirements of the Terrorism Risk Insurance Act of 2002 as amended and extended by the Terrorism Risk Insurance Program Reauthorization Act of 2015. It serves to notify you of certain limitations under the Act, and that your insurance carrier is charging premium for losses that may occur in the event of an Act of Terrorism.

Your policy provides coverage for workers compensation losses caused by Acts of Terrorism, including workers compensation benefit obligations dictated by state law. Coverage for such losses is still subject to all terms, definitions, exclusions, and conditions in your policy, and any applicable federal and/or state laws, rules, or regulations.

Definitions

The definitions provided in this endorsement are based on and have the same meaning as the definitions in the Act. If words or phrases not defined in this endorsement are defined in the Act, the definitions in the Act will apply.

"Act" means the Terrorism Risk Insurance Act of 2002, which took effect on November 26, 2002, and any amendments thereto, including any amendments resulting from the Terrorism Risk Insurance Program Reauthorization Act of 2015.

"Act of Terrorism" means any act that is certified by the Secretary of the Treasury, in consultation with the Secretary of Homeland Security, and the Attorney General of the United States as meeting all of the following requirements:

- a. The act is an act of terrorism.
- b. The act is violent or dangerous to human life, property, or infrastructure.
- c. The act resulted in damage within the United States, or outside of the United States in the case of the premises of United States missions or certain air carriers or vessels.
- d. The act has been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

"Insured Loss" means any loss resulting from an act of terrorism (and, except for Pennsylvania, including an act of war, in the case of workers compensation) that is covered by primary or excess property and casualty insurance issued by an insurer if the loss occurs in the United States or at the premises of United States missions or to certain air carriers or vessels.

"Insured Deductible" means, for the period beginning on January 1, 2015, and ending on December 31, 2020, an amount equal to 20% of our direct earned premiums, during the immediately preceding calendar year.

Limitation of Liability

The Act limits our liability to you under this policy. If aggregate Insured Losses exceed \$100,000,000,000 in a calendar year and if we have met our Insurer Deductible, we are not liable for the payment of any portion of the amount of Insured Losses that exceeds \$100,000,000,000; and for aggregate Insured Losses up to \$100,000,000,000, we will pay only a pro rata share of such Insured Losses as determined by the Secretary of the Treasury.

Policyholder Disclosure Notice

1. Insured Losses would be partially reimbursed by the United States Government. If the aggregate industry Insured Losses exceed:
 - a. \$100,000,000, with respect to such Insured Losses occurring in calendar year 2015, the United States Government would pay 85% of our Insured Losses that exceed our Insurer Deductible.
 - b. \$120,000,000, with respect to such Insured Losses occurring in calendar year 2016, the United States Government would pay 84% of our Insured Losses that exceed our Insurer Deductible.
 - c. \$140,000,000, with respect to such Insured Losses occurring in calendar year 2017, the United States Government would pay 83% of our Insured Losses that exceed our Insurer Deductible.
 - d. \$160,000,000, with respect to such Insured Losses occurring in calendar year 2018, the United States Government would pay 82% of our Insured Losses that exceed our Insurer Deductible.
 - e. \$180,000,000, with respect to such Insured Losses occurring in calendar year 2019, the United States Government would pay 81% of our Insured Losses that exceed our Insurer Deductible.
 - f. \$200,000,000, with respect to such Insured Losses occurring in calendar year 2020, the United States Government would pay 80% of our Insured Losses that exceed our Insurer Deductible.
2. Notwithstanding item 1 above, the United States Government will not make any payment under the Act for any portion of Insured Losses that exceed \$100,000,000,000.
3. The premium charge for the coverage your policy provides for Insured Losses is included in the amount shown in Item 4 of the Information Page or in the Schedule below.

Missouri Notification of Additional Mesothelioma Benefits Endorsement

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies only to insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page.

Section 287.200.4, subdivision (3), of the Missouri Revised Statutes provides additional benefits in the case of occupational diseases due to toxic exposure that are diagnosed to be mesothelioma and result in permanent total disability or death. Your policy provides insurance for these additional benefits.

If you reject liability for mesothelioma additional benefits provided under Section 287.200.4, subdivision (3), of the Missouri Revised Statutes, you must notify us of this election. Once you notify us, we will endorse this policy to exclude insurance for these additional benefits. If you reject liability for mesothelioma additional benefits, the exclusive remedy provisions under Missouri Revised Statutes Section 287.120 shall not apply to your liability for mesothelioma additional benefits.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

MISSOURI EMPLOYER PAID MEDICAL ENDORSEMENT

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies because Missouri is shown in Item 3.A. of the Information Page.

As a Missouri employer, you have the right, as provided by Section 287.957 of the Revised Statutes of Missouri, to have medical-only claims that do not exceed 20% of the current primary and excess loss split point amount, as shown in the Schedule below, excluded from your experience rating modification calculation. This will only be allowed when you pay all of the employee's medical costs, there is no lost time from the employment, other than the first three days or less of disability; and no claim is filed. The current primary and excess loss split point amount is provided in the rating values of NCCI's *Experience Rating Plan Manual*. You still must report all injuries, regardless of the dollar amount, to the Division of Workers' Compensation and to us.

However, it should be noted that if, at any time, the medical expenses that are paid out-of-pocket due to a particular injury ever exceed 20% of the current primary and excess loss split point amount, and/or the employee misses more than three days from work due to the injury, then this injury must be reported to us as a claim. We will pay the full amount of the claim, which includes any reimbursements due to you for past medical expenses incurred by you for this particular claim. As a result, the total amount of losses incurred by us due to this claim will be included in your experience modification calculation.

Schedule

20% of the Current Primary and Excess Loss Split Point Amount

\$3,300.00

**MISSOURI PROPERTY AND CASUALTY GUARANTY
ASSOCIATION NOTIFICATION ENDORSEMENT**

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies only to the insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page.

Missouri Property and Casualty Insurance Guaranty Association Coverage Limits:

1. Subject to the provisions of the Missouri Property and Casualty Insurance Guaranty Association Act (Act), if we are a member of the Missouri Property and Casualty Insurance Guaranty Association (Association), the Association will pay claims covered under the Act if we become insolvent.
2. The Act contains various exclusions, conditions and limitations that govern a claimant's eligibility to collect payment from the Association and affect the amount of any payment. The following limitation applies subject to all other provisions of the Act:

- a. Claims covered by the Association do not include a claim by or against an insured of an insolvent insurer if the insured has a net worth of more than \$25 million on the later of the end of the insured's most recent fiscal year or the December thirty-first of the year next preceding the date the insurer becomes an insolvent insurer; provided that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its affiliates as calculated on a consolidated basis.

If the insured prepares an annual report to shareholders, or an annual report to management reflecting net worth, then such report for the fiscal year immediately preceding the date of insolvency of the insurer will be used to determine net worth.

However, the association will not:

- (1) Pay an amount in excess of the applicable limit of insurance of the policy from which a claim arises; or
- (2) Return to an insured any unearned premium in excess of \$25,000.

These limitations have no effect on the coverage we will provide under this policy.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

This endorsement applies only to the insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page

Section G., **Audit**, of Part Five (Premium) of the policy is replaced by the following:

G. Audit

You will let us examine and audit all your records that relate to this policy during regular business hours during and after the policy period ends. These records include ledgers, journals, registers, vouchers, contracts, tax reports, payroll and disbursement records, and programs for storing and retrieving data. Information developed by audit will be used to determine final premium. Insurance rate service organizations have the same rights we have under this provision.

Audits shall be completed, billed, and premiums returned within 120 days of policy expiration or cancellation. This standard of 120 days shall not be applicable if:

1. A delay is caused by your failure to respond to reasonable audit requests provided that the requests are timely and adequately documented; or
2. A delay is by the mutual agreement of you and us provided that the agreement is adequately documented.

If you or we have any objection to the results of any audit, you or we shall have up to three years from the date of expiration or cancellation of this policy in which to send a written notice demanding a reconsideration of the audit. The written notice shall be based upon sufficiently clear and specific facts as to why the audit should be reconsidered.

If you do not allow us to examine and audit all of your records that relate to this policy or do not provide audit information as reasonably requested, we may apply an Audit Noncompliance Charge equal to estimated annual premium.

If you allow us to examine and audit all of your records after we have applied an Audit Noncompliance Charge, your premium will be revised accordingly.

Failure to cooperate with this policy provision may also result in the cancellation of your insurance coverage, as specified under the policy and allowed under Missouri law.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

The policy period is from: 12/16/2017 to: 12/16/2018

"PART THREE-OTHER STATES INSURANCE" of the policy is replaced by the following:

A. How this insurance applies:

1. We will pay promptly, when due, the benefits required of you by the workers compensation law of any state other than Missouri, but only if the claim for such benefits involves work performed by a Missouri employee.
2. If we are not permitted to pay the benefits directly to persons entitled to them under circumstances described in Item 1. above, we will reimburse you for the benefits required to be paid.

B. This insurance does not apply to:

1. Any employee unless the contract of employment was made in Missouri, or the employment was principally localized in Missouri.
2. Any person claiming benefits under the workers compensation law of any state that requires you to obtain coverage in such state before you begin work in such state; or
3. Any person claiming benefits in a state for which you have workers compensation coverage; or
4. Your operations in any state other than Missouri, unless these operations are of a temporary and incidental nature, and are performed by a Missouri employee; or
5. Fines or penalties arising out of your failure to comply with the requirements of the workers compensation law.

IMPORTANT NOTICE

If you hire any employees outside of Missouri or begin operations in any state other than Missouri, you must obtain insurance coverage in that state and do whatever else may be required under that state's law, as this endorsement does not satisfy the requirements of that state's workers compensation law. Missouri Employers Mutual Insurance Company cannot provide coverage that is required under any state's laws other than Missouri.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

PAYMENT PLAN ENDORSEMENT

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

Please check your Policy Information Page to see the basis upon which your policy was issued, in order to determine which of the following apply:

Annual Payment:

The premium for this policy is payable in whole before the policy's effective date. This premium is based on the estimates shown on your Policy Information Page. Final premium for each annual period of this policy is subject to audit. If the policy was issued without payment, payment in full must be received by the invoice date or your policy will be canceled.

EZ-Pay:

The premium for this policy will be calculated weekly, bi-weekly, twice monthly or monthly based on the EZ-Pay plan indicated on your Policy Information Page. The online premium reporting form must be filled out and submitted with the premium payment from the approved payroll service company. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. Any unpaid premium balance will be billed to you. Any remaining funds will be returned to you, subject to final audit. Premium reports received are subject to review.

Installment Payments:

The premium for this policy is based on the estimates shown on your Policy Information Page and will be divided into installments according to the plan shown there. Premium is due on or before the date shown on the installment billing statement. If premium is not received by the due date on the installment billing, your policy will be canceled. Any unpaid premium balance will be billed to you. Any remaining funds will be returned to you, subject to final audit.

Monthly Premium Reporting:

The premium for this policy will be calculated on a monthly basis. At the end of each month, you must access the online premium reporting form, which must be filled out and returned with the premium payment. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. In the event of cancellation, the security deposit will be applied to any unpaid premium balance. Any remaining unpaid premium will be billed to you. Any remaining funds will be returned to you, subject to the final audit. Premium reports received are subject to review.

Quarterly Premium Reporting:

The premium for this policy will be calculated on a quarterly basis. At the end of each calendar quarter, you must access the online premium reporting form, which must be filled out and returned with the premium payment. Premium is due upon receipt of the premium reporting form. If the report and premium are not received by the due date indicated on the form, your policy will be canceled. In the event of cancellation, the security deposit will be applied to any unpaid premium balance. Any remaining unpaid premium will be billed to you. Any remaining funds will be returned to you, subject to the final audit. Premium reports received are subject to review.

Safety Dividend Plan Endorsement

Insured: Columbia Housing Authority

Effective Date: 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

You may be entitled to participate in a Safety Dividend distribution in accordance with the criteria approved by the Board of Directors, which accounts for your safety record and performance. Such criteria may change annually upon renewal. The following eligibility criteria must also be met in order to participate in a Safety Dividend distribution:

1. Your policy must remain in effect for the entire policy period without a lapse in coverage;
2. Your policy term must be a minimum of six months;
3. All audit disputes must be resolved prior to distribution. For any financed audit balance, the dividend will be applied to the outstanding balance and any remainder will be remitted to you;
4. No payment will be made if you have past-due premiums in collections;
5. You must satisfy the safety program requirements established for your policy based on premium at time of issuance.

DIVIDENDS ARE NOT GUARANTEED AND MUST BE DECLARED BY THE BOARD OF DIRECTORS.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

Policy Number: MEM 1011301-12

Workers Compensation and Employers Liability Insurance Policy
Insurer: Missouri Employers Mutual Insurance Company

CANCELLATION AND NONRENEWAL ENDORSEMENT

Insured: Columbia Housing Authority**Effective Date:** 12/16/2017

The policy period is from: 12/16/2017 to: 12/16/2018

This endorsement applies only to the insurance provided by the policy because Missouri is shown in Item 3.A. of the Information Page.

The **Cancellation** Condition of the policy is replaced by the following:

Cancellation

1. You may cancel this policy. You will mail or deliver advance written notice to us, stating when the cancellation is to take effect.
2. We may cancel this policy. We will mail or deliver to you not less than 60 days advance written notice stating when the cancellation is to take effect and our reason for the cancellation. Proof of mailing of this notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice. This notice shall be the last and final notice of cancellation of your policy prior to the effective date and time of cancellation indicated in the notice. You hereby agree to the sufficiency of this notice for this purpose. Any additional communications from us to you, including, but not limited to, billing notices or offers to reinstate your policy, do not invalidate or void any cancellation pursuant to this section.
3. The 60-day notice requirement does not apply where cancellation is based on one or more of the following reasons:
 - a. nonpayment of premium;
 - b. fraud or material misrepresentation affecting the policy or in the presentation of a claim under the policy;
 - c. a violation of policy terms;
 - d. changes in conditions after the effective date of the policy materially increasing the hazards originally insured;
 - e. our insolvency;
 - f. our involuntary loss of reinsurance for the policy.
4. The policy period will end on the day and hour stated in the cancellation notice.

Nonrenewal

1. We may elect not to renew the policy. We will mail to you not less than 60 days advance written notice stating when the nonrenewal will take effect and our reason for nonrenewal. Proof of mailing of this notice to you at your mailing address shown in Item 1 of the Information Page will be sufficient to prove notice.
2. If we fail to provide notice of nonrenewal as required, the policy will still terminate on its expiration date if:
 - a. we show you our willingness to renew the policy but you notify us or the agent or broker who procured this policy that you do not want the policy renewed; or
 - b. you fail to pay all premiums when due; or
 - c. you obtain other insurance as a replacement of the policy.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

ISSUE DATE: 12/12/2017

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Moving Ahead Program - After-School and Summer Program (Therapeutic Art-Making)

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **CHA Low-Income Services, Inc.**, a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **CHALIS**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, CHALIS has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY CHALIS

CHALIS is expected to the greatest extent possible to maximize funding from all other sources. CHALIS shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. CHALIS shall only request reimbursement for services not reimbursable by any other source. CHALIS shall not invoice the Children's Services Fund for units of service invoiced to another funding source. CHALIS shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** CHALIS will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and CHALIS's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over CHALIS's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from CHALIS and CHALIS agrees to furnish the **Moving Ahead Program - After-School and Summer Program (Therapeutic Art-Making)** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in CHALIS's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$77,930.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. CHALIS agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of CHALIS be renewed for an **additional one (1), one-year period**. CHALIS agrees and understands that the BCCSB may require supplemental information to be submitted by CHALIS prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Trauma Informed Therapeutic Art-Making	One hour	\$40.00	1,800	\$72,000.00
Development/Start Up Service	---	---	---	\$5,930.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing

dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of CHALIS, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by CHALIS to monitor service delivery and program expenditures. CHALIS agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by CHALIS and, if so stipulated, are noted on this contract document. Payments may be withheld from CHALIS if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. CHALIS agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** CHALIS also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of CHALIS's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from CHALIS, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** CHALIS agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect CHALIS's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, CHALIS hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service,

activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event CHALIS requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from CHALIS may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with CHALIS's policies and procedures and in accordance with any local/state/federal regulations. CHALIS agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. CHALIS must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** CHALIS will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** CHALIS agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to CHALIS's provision of such services.

14. **Accreditation/Licensure/Certifications.** CHALIS must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** CHALIS agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and CHALIS, and this shall include any transaction in which CHALIS is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** CHALIS may enter into subcontracts for components of the contracted service as CHALIS deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In

performing all services under the resulting contract agreement, CHALIS shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** CHALIS agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. CHALIS shall require each subcontractor to affirmatively state in its Agreement with the CHALIS that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide CHALIS a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** CHALIS agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against CHALIS or any individual acting on the CHALIS's behalf, including subcontractors, which seek to enjoin or prohibit CHALIS from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If CHALIS ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if CHALIS no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, CHALIS will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event CHALIS, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to CHALIS as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should CHALIS fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, CHALIS shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the CHALIS for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, CHALIS agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **CHA Low-Income Services, Inc.** (meaning anyone, including but not limited to consultants having a contract with CHALIS or subcontractor for part of the services), or anyone directly or indirectly employed by CHALIS, or of anyone for whose acts CHALIS may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the CHALIS.** CHALIS shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. CHALIS will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. CHALIS will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. CHALIS agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and CHALIS. The BCCSB does not recognize any of the CHALIS's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** CHALIS shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #2

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	CHA Low-Income Services Inc.
Name of Program	Moving Ahead Program – After-school and Summer Program (Trauma Informed Therapeutic Art-Making)

Developmental/Start-Up Funding	
---------------------------------------	--

1. The original proposal listed \$8,520.00 for Development/Start Up funding but the Written Clarifications provided a best and final offer of \$5,930.00.

Action Required: Provide clarification on how the \$5,930.00 will be utilized.

Rhythm-based instrument (drums)	\$ 2,000
(purchase of 20 djembes for use during conjoint; parent & youth conscious drumming sessions)	
Staff training in Trauma Informed Evidence based techniques*	\$ 3,930
	TOTAL \$5,930

*** Training Specifics:**

\$750 - Training for 15-20 staff, partners and educators in a two-day trauma-informed training course entitled “Teachers as Therapists.” This training has been used in the Columbia Public School system as well as around the world, to emphasize the importance of approaching all aspects of education through the lenses of trauma and psychiatry—to gauge the short-term and long-term effects of trauma on the psyche, behavior and cognition of youth.

\$3,180 - Two staff members will complete two courses provided at the Build a Bridge Institute in Philadelphia.

“Arts for Healing” course will train staff to:

- Identify or recognize the signs of the impact of trauma on the brain.
- Recognize the common symptoms of secondary trauma and develop an effective self-care plan.
- Recognize how life experiences influence the way we help others, identify internal responses to children, and establish appropriate boundaries.
- Recognize the signs of traumatic stress as different in infants, preschoolers, school-aged children, and adolescents.
- Implement active listening skills and effectively redirect harmful behavior.
- Demonstrate two ways to help children effectively express feelings and two responses to inaccurate thoughts.
- Plan and lead art-based experiences for building resilience in children.

- Recognize when a child might need to be referred for therapy or counseling. Articulate ways trauma impacts the brain & the ways the arts counter these.
- Develop arts-based responses to children suffering trauma.

“Conscious Drumming” course will teach staff how to use the dejembe drums.

Participants will:

- Discover how physiological and biochemical data suggests that drumming can impact social, cognitive, physical, emotional, and spiritual growth.
- Gain access to innate potentials that may address the broader needs of personal and cultural growth in youth suffering from trauma.
- Learn drumming techniques and simple models of group facilitation. Foundational skills in drumming as well as an understanding of how drumming may meet much broader needs for participants.
- Gain understanding about how drumming can address non-musical goals including socialization, emotional expression, self-esteem, trauma recovery, and addictions.

201 Switzler St
Columbia, MO 65203
bmarkt@columbiaha.com

RE: Written Clarification #2 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Markt:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 22, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda B. Bobbitt".

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

General Information

Organization **Provide your organization's mission statement. (600 character limit)**
Mission Statement The Mission of CHA Low-Income Services, Inc. (CHALIS) is to provide a complement of community-based programs and services to public housing residents and other low to moderate income persons focused on youth succeeding; adult self-sufficiency; seniors and persons with disabilities living independently and affordable housing development.
(Purpose):

Organization **Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)**
History: CHALIS is a 501(c)(3) not-for-profit corporation, created by the Housing Authority of the City of Columbia in 2003 to increase and diversify funding sources for the expansion of resident services and self-sufficiency programs that, historically, have been funded by government grants. Over the years, CHALIS has been successful at obtaining funds and subsequently implementing contracts from SAMHSA, HUD, DNR, MO DPS, MO DESE, MO DHSS, MO Foundation for Health, ACTMissouri, City of Columbia Social Services, and most recently from Boone County Children Services, and Heart of MO United Way,.

Brief Statement of Organization's Major Goals: **Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)**

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

The CHALIS Board of Directors reviews and approves the annual and midyear CHALIS budget and monthly financial statements. The Board reviews and approves all accounts payable payments before they are issued. The CEO and a Board member have their electronic signatures placed on each check as the only approved endorers of the agency's checks. Board members follow a Conflicts of Interest policy whereby they do not accept gifts, gratuities, favors or other items of value which might appear to influence purchasing decisions. Property and equipment dispositions require the approval of the Board.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.
