- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

4.3.1. Negotiations may be conducted in person, in writing, or by telephone.

4.3.2. Negotiations will only be conducted with potentially acceptable proposals.

4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.

4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.

4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

First Chance for Children

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **First Chance for Children** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **FC4C**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, FC4C has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY FC4C

FC4C is expected to the greatest extent possible to maximize funding from all other sources. FC4C shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. FC4C shall only request reimbursement for services not reimbursable by any other source. FC4C shall not invoice the Children's Services Fund for units of service invoiced to another funding source. FC4C shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** FC4C will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and FC4C's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over FC4C's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from FC4C and FC4C agrees to furnish the **First Chance for Children** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in FC4C's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$210,000.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. FC4C agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of FC4C be renewed for **an additional one (1), one-year period**. FC4C agrees and understands that the BCCSB may require supplemental information to be submitted by FC4C prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Parent Partnership	One family	\$12.00	480	\$5,760.00
Home Visiting (Cribs Visit)	One visit	\$75.00	200	\$15,000.00
Home Visiting (BabyU Visit)	One visit	\$128.00	1,200	\$153,600.00
Crisis Intervention	One crisis kit	\$25.00	900	\$22,500.00
Behavioral Health Screening	One screening	\$8.76	1,500	\$13,140.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty

days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of FC4C, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by FC4C to monitor service delivery and program expenditures. FC4C agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by FC4C and, if so stipulated, are noted on this contract document. Payments may be withheld from FC4C if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. FC4C agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** FC4C also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of FC4C's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from FC4C, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** FC4C agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect FC4C's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, FC4C hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and

personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event FC4C requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from FC4C may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with FC4C's policies and procedures and in accordance with any local/state/federal regulations. FC4C agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. FC4C must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** FC4C will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** FC4C agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to FC4C's provision of such services.

14. **Accreditation/Licensure/Certifications.** FC4C must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** FC4C agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and FC4C, and this shall include any transaction in which FC4C is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** FC4C may enter into subcontracts for components of the contracted service as FC4C deems necessary within the terms of the contract. All such subcontracts require

the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, FC4C shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** FC4C agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. FC4C shall require each subcontractor to affirmatively state in its Agreement with the FC4C that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide FC4C a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** FC4C agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against FC4C or any individual acting on the FC4C's behalf, including subcontractors, which seek to enjoin or prohibit FC4C from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If FC4C ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if FC4C no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, FC4C will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event FC4C, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to FC4C as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should FC4C fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, FC4C shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the FC4C for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. Indemnification. To the extent permitted under Missouri law, FC4C agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **First Chance for Children** (meaning anyone, including but not limited to consultants having a contract with FC4C or subcontractor for part of the services), or anyone directly or indirectly employed by FC4C, or of anyone for whose acts FC4C may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. Publicity by the FC4C. FC4C shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. FC4C will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. FC4C will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. FC4C agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. Independence. This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and FC4C. The BCCSB does not recognize any of the FC4C's employees, agents, or volunteers as those of the BCCSB.

25. Binding Effect. This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. Entire Agreement. This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** FC4C shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to FC4C shall be mailed or delivered to:

First Chance for Children
Kasey Shaumburg
1010 Fay St.
Columbia, MO 65201

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	First Chance for Children
Name of Program	FC4C Expansion

Program Overview Form

1. Information was provided at the clarification meeting on October 26 regarding the upcoming plans FC4C has for the organization. It was shared that strategic planning will begin November 1 and the search for an Executive Director will be begin January 1.

Action Required: Provide the information that was shared at the meeting regarding the strategic plan and search for the Executive Director.

Kasey Schaumburg will serve as First Chance's Interim Executive Director until a permanent director search can be conducted. This search will coincide with the strategic planning process facilitated by New Chapter Coaching. New Chapter began providing services November 1st. The process will help identify qualities needed for a successful executive director, improve the organization's fundraising strategy, and reexamine the alignment between mission and services.

2. The Program Budget needs to be provided for all program funds for 2018.

Action Required: Complete the Program Budget with all anticipated funding for 2018.

TOTAL PROGRAM REVENUE		PROPOSED AMOUNT
1. DIRECT SUPPORT		
A. Heart of Missouri United Way		\$127,000
Narrative:	Funding for Lend & Learn Libraries	
B. Other United Ways		\$0
Narrative:		
C. Capital Campaigns		\$0
Narrative:		
D. Grants (non-governmental)		\$68,000
Narrative:	Children's Trust Fund, Cardinals Care, and Central Missouri Community Foundation	
E. Fund Raising & Other Direct Support		\$25,000
Narrative:	Board fundraising, golf tournament, and private donors	

2. GOVERNMENT CONTRACTS/SUPPORT:		
A. Boone County - Children's Services Funding	\$210,000	
Narrative:	For the proposed services	
B. Boone County - Community Health Funding	\$0	
Narrative:		
C. Boone County - Other Funding	\$0	
Narrative:		
D. Funding from Other Counties	\$0	
Narrative:		
E. City of Columbia - Social Service Funding	\$0	
Narrative:		
F. City of Columbia - CDGB/Home Funding	\$0	
Narrative:		
G. City of Columbia - CHDO Funding	\$0	
Narrative:		
H. City of Columbia - Other Funding	\$0	
Narrative:		
I. Funding from Other Cities	\$0	
Narrative:		
J. Federal (Medicaid, Title III, etc.)	\$0	
Narrative:		
K. State (Purchase of Services, Grants, etc.)	\$148,252	
Narrative:	For Home visitation	
L. Other (Schools, Courts, etc.)	\$0	
Narrative:		
3. Program Service Fees	\$0	
Narrative:		
4. Investment Income (realized & unrealized)	\$0	
Narrative:		
5. Other Revenue Items	\$0	
Narrative:		
TOTAL PROGRAM REVENUE	\$528,852	
PROGRAM EXPENSES	PROPOSED YEAR	
1. Personnel	\$420,950	
Narrative:	This includes salaries for those providing direct service, and does not include fringe benefits.	
2. Non-Personnel	\$107,902	
Narrative:	This includes all direct service material cost, indirect cost and indirect/administrative salary. Indirect costs are not more than 15% of direct service salary costs.	
TOTAL PROGRAM EXPENSES	\$528,852	

3. Information was provided at the clarification meeting on October 26 regarding DSS not funding PAT models.

Action Required: Provide information on the different funding sources that FC4C will continue to receive. Provide information on the models that will be utilized for this program.

FC4C will continue to receive state funding to provide parent education using a new curriculum called Nurturing Parenting but will no longer be able to use Parents as Teachers for the DSS funding. First Chance will use the Nurturing Parenting Comprehensive Program that is evidence based to offer parents long term, comprehensive parent education to improve their parenting skills, reduce instances of child abuse and neglect, and increase kindergarten readiness. For the Baby U program FC4C will use Nurturing Parenting along with Parents as Teachers to provide families with a comprehensive home visitation program that is individualized to fit the families need. While Nurturing Parenting focuses more on parent skills, Parents as Teachers focuses more on child development and parent child interaction. Together they create a truly comprehensive program that addresses issues the entire family face, leading to kindergarten readiness. First Chance has funding from Cardinals Care, Aldi, and private donations to continue services while they re-apply for funding in the coming months. Many of the proposals they will submit are to funders who have granted funded in the previous years, but like Children's Services Fund, have a reapplication process. These reapplications include Heart of Missouri United Way, Children's Trust Fund, and Boone Electric Cooperative. New funding will be sought from an annual golf tournament, Missouri Foundation for Health, the Early Childhood Innovation Prize, and several others.

Program Services Form (1-5)

Service 1

4. Service 1 remain listed as "Family Education". The outputs will need to be changed with a unit measure of "one family".

Action Required: Complete the 'Service Change Chart' for Service 1. Provide updated outputs and funding request amount. Please provide your best and final offer.

First Chance for Children is requesting no funding from Children's Services Fund for Service 1

5. The outcome, indicator, and method of measurement (1-3) needs to be removed from Service 1 since the screenings will be moved to a separate service.

Action Required: Provide the relevant performance measures in the 'Service Change Chart' for Service 1.

Please see 'Service Change Chart'

Service 2

6. The service needs to be renamed "Parent Partnerships". The intention of "Community Collaboration" is organizations are the ones attending and working towards improvement in the community. The unit measure should be "one family".

Action Required: Provide updated outputs and funding request amount in the 'Service Change Chart' for Service 2. Please provide your best and final offer.

Please see 'Service Change Chart'

Service 3

7. Due to the different types of services provided during a home visit, the County and City of Columbia have added "Home Visiting" to the *Taxonomy of Services* with the following definition:
Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

Service 3 will be listed as "Home Visiting (CRIBS Visits)" to differentiate between CRIBS and BabyU home visits. The provision of cribs and other crisis intervention supplies distributed at home visits can remain in the unit rate. The unit measure should be "15 minutes" or "one hour". The total number of units to be provided and number of individuals to be served should be provided for the whole program, regardless of the funding source.

Action Required: Complete the 'Service Change Chart' for Service 3 as Home Visiting (CRIBS Visits). Please provide your best and final offer.

Please see 'Service Change Chart'

Service 4

8. Service 4 will be listed as "Home Visiting (BabyU Visits)". The provision of cribs and other crisis intervention supplies distributed at home visits can remain in the unit rate. The unit measure should be "15 minutes" or "one hour". The total number of units to be provided and number of individuals to be served should be provided for the whole program, regardless of the funding source.

Action Required: Complete the 'Service Change Chart' for Service 4 as Home Visiting (BabyU Visits). Please provide your best and final offer.

Please see 'Service Change Chart'

Service 5

9. Service 5 will remain as Crisis Intervention and only include the crisis unit supplies distributed outside of home visits.

Action Required: Complete the Outputs and Funding Request sections on the 'Service Change Chart' with your best and final offer.

Please see 'Service Change Chart'

Service 6

10. The unit rate for Best Practices Training is high.

Action Required: Complete the Outputs and Funding Request sections on the 'Service Change Chart' with your best and final offer.

Please see 'Service Change Chart' and note First Chance is not requesting funding for training from Children's Services Fund.

Service 7

11. The different types of screenings provided need to be added as Service 7. The service should be called 'Behavioral Health Screening'. The unit rate needs to be "one screening" and include the cost of the screening tool, administering, and analyzing the results. Provide the outputs for number of screenings that will be provided during Lend & Learns, home visiting, etc.

Action Required: Complete the 'Service Change Chart' for Service 7. Provide information below on how the estimated number of screenings that will be provided are divided between the different settings (home visits, group events, etc.). Please provide your best and final offer.

	ASQ	ASQ-SE	ESI	Edinburgh
Lend & Learn	60	60	55	25
CRIBS			100	100
BabyU	250	250	250	25
School districts	100	100	100	25

12. Performance Measures will need to be provided for each of the screening tools that are conducted. Please note, a screening outcome was originally listed in Service 1 and can be moved to Service 7.

Action Required: Complete the 'Service Change Chart' for Service 7.

Please see 'Service Change Chart'

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

13. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: First Chance for Children			
Program Name: FC4C Expansion			
Service #1 – Taxonomy of Service Name: Family Education			
Service #1 – Taxonomy Definition of Service: Develops communication and coping skills with the goal of strengthening family relationships.			
Provide a detailed description of the proposed service: Lend & Learn Toy Libraries (L&L) provide a safe and inclusive location, where young children and their parents can explore toys that develop all domains of development including social-emotional, cognitive, motor and language development. Toys can be enjoyed at the library or borrowed at no cost. The toy libraries also provide opportunities for parents to connect with other parents and creates an environment for strong cultural diversity. For many families, the L&L is the only free, safe, clean space that offers regular nutritional snacks and opportunities to play. Each month the L&L will focus on a different developmental topic and activity. Last year alone the L&L served over 2,000 families who do not have regular access to healthy, nutritional foods or developmentally appropriate play spaces. In addition to the activities and snacks, participants have access to screen their children for any developmental concerns and ask questions to a trained family resource specialist, who is available at all L&L hours. The family resource specialist will also help model effective parenting behavior, connect families to community resources, and facilitate a positive environment of family engagement. The L&L will have spaces in: Columbia, Centralia, Ashland, Harrisburg, Hallsville and Sturgeon to ensure the entire county has access to a safe play space. Each space will be open different hours depending on the community's capabilities, but will be open at least once a month. Libraries are open for all families with children ages birth to five, regardless of income. This is targeted to have the greatest effect for families in low-income, and stressful situations, however all families can benefit from this service. Providing developmentally appropriate activities especially for stay at home parents can be stressful and isolating for all families. These L&L locations will help reduce stress, isolation, and help improve family-well being and kindergarten readiness. Families are welcome at any library in the county, but are encouraged to attend hours at the location closest to their residence. FC4C will also collaborate with school districts. In each of the towns outside of Columbia the L&L's will be staffed by the local Parents as Teachers program Parent Educator. Columbia L&L partners with the University of Missouri's Service Learning Program to provide support staff in the library, the School of Social Work and Human Development and Family Studies to give students internships.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One family	41.67	1000	100
Funding Request			
Amount Requested to Boone County: \$0		Proposed Number of Units of Service: 0	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:

Reduced social isolation	50% (n=100) of L&L participants will indicate improved connectedness	Quarterly parent input & satisfaction survey
Increased access to resources	50% (n=100) of L&L participants will utilize the check-out closet	List of resources checked out or taken from the check-out closet.

Service Change Chart
Organization Name: First Chance for Children Program Name: FC4C Expansion
Service #2 – Taxonomy of Service Name: Parent Partnership
Service #2 – Taxonomy Definition of Service: Actively coordinates parents and organizational staff to work together to support and improve the learning, development, and health of the child(ren).
<p>Provide a detailed description of the proposed service:</p> <p>Group Events & Community Outreach- Families participating in our group events and our parenting trainings will receive current child development information and strategies to use while working with their children. Additionally, families will acquire stress reduction strategies, health and safety information, community resource connection information and incentives. Most events will take place in a home community environment within Boone County so families will not have to travel to Columbia to participate. Events will last approximately 2 hours and a snack or meal will be available. Events will be structured to include a parent education component, a family activity component, and a stress reduction socialization component. All events will be family friendly so parents and children can participate together and early childhood professionals will be on site at each event to model positive child/caregiver interactions, and answer questions regarding child development or parenting strategies. Efforts will be made to inform partner agencies of upcoming events and training opportunities.</p> <p>We will have several tiers of events to impact large groups of children within the County. Community and outreach events will be open to all families with age eligible children. This is an opportunity for families from across the community to attend and spending meaningful time with their children. This style of event is vital for creating an inclusive, respectful community with low barriers to service. Our Messy Day is an example of this event bringing together a cross section of the community for activities, education and food. First Chance for Children group events are catered to more specific demographics and are designed to build social connections for families and create communities of support. FC4C will partner with organizations like Columbia Square and CUA to present valuable activities for small groups of children and families. And lastly, our parent training component will be available to families on an FC4C caseload are designed to provide critical information on child safety and welfare, the importance of having a nurturing parent/child relationship, stress management and other common issues faced by families</p>

living in poverty. These Parent Cafe's will be facilitated by a trained FC4C Family Resource Specialist with the intent of education on how to have a more positive parenting experience.

Outputs

Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One family	\$12	750	450 families = 1,710 individuals

Funding Request

Amount Requested to Boone County: \$5,750	Proposed Number of Units of Service: 480
-------------------------------------------	------------------------------------------

Performance Measures

Outcome:	Indicator:	Method of Measurement:
Families from rural, undeserved Boone Co. Communities will participate in events.	Families will participate in events leading to better parenting skills and increased connections in their community. (Since the entire community will be invited it is difficult to determine a % or an initial "n" but we are estimating at least 200 unduplicated families)	Sign in sheets and attendance records with name, ages, county, and phone numbers will be kept for each event.
Families will receive information on topics they find relevant to their needs	50% (n=225) of families will provide feedback on the events and give suggestions for future topics	A feedback form will be handed out at each event. Information will be collected and used to improve future events
Events will improve health, social, educational, and economic opportunities of families	100% of events will be centered around topics to improve family outcomes (an initial n= is difficult to determine, we will provide monthly events in all communities in Boone County	A detailed record of the activities, information, and agencies collaborated with at the events will be kept

Service Change Chart

Organization Name: First Chance for Children
Program Name: FC4C Expansion

Service #3 – Taxonomy of Service Name: Home Visiting (Cribs Visit) (including:) Home visitation, expectant/ New Parent Assistance, Crisis Intervention, Health Education, Car Seats, Clothing, Cribs, Diapers/Wipes, and Hygiene Items			
Service #3 – Taxonomy Definition of Service: Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the <i>Taxonomy of Services</i> , which must also be delivered in the home/residence of the program consumers.			
<p>Provide a detailed description of the proposed service:</p> <p>CRIBS (Community Resources, Infant Beds and Support) provides safe cribs for at-risk families who lack safe sleeping accommodations for their baby. The crib is delivered to the family home and is followed by an additional 5 home visits addressing whole family well-being including discussions on: safe sleep, car seat safety, child abuse and neglect reduction, nutrition, physical activity, smoking/substance usage, and increasing access to community resources. The visits will be delivered to the home by Family Resource Specialist and through partner organizations/school districts. Referrals can be made by parents or through partner organizations. Any family at or below 185% of the poverty line, or who exhibits at least one of Missouri's risk factors for child abuse/neglect who does not have a safe crib is eligible for this program. When a need is determined in a family either in the early stages of infancy or the late stages of pregnancy, FC4C will be notified or referred to the family. Partner agencies can notify FC4C to acquire a crib and additional materials, and on-board the family to their organization's processes using their normal procedures. If the family is not already committed to a program, FC4C will enroll that person in our CRIBS program with the hopes of engaging them in our full Baby U home visitation program. Upon delivery of the crib (presumably the 1st or 2nd meeting with a family), the Family Resource Specialist will review best practices for safe sleep as well as review common health and wellness issues, the importance of having a PCP, and the impact of tobacco in the home. The Family Resource Specialist will also have their client do an Everyday Stressors index to establish a baseline. This index will be repeated at the 6th visit for the CRIBS program. Both will be returned to FC4C. A partnership exists with SOAR to provide the FAN programing to families with fussy babies.</p> <p>Partnerships through each school district in Boone County exist to deliver and refer CRIBS, as well as partnerships with several non-profit organizations, including but not limited to: Refugee Immigrant Services, Columbia PAT, and LFCS. If other groups present themselves with a home visiting platform and clients with a need, they will be considered for this partnership.</p>			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
30 minutes	\$75	1,800	300 families = 1,140 individuals
Funding Request			
Amount Requested to Boone County: \$15,000		Proposed Number of Units of Service: 200	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:

Reduce rates of SIDS	100% (n=300) of families who receive a crib will not have a child die due to sleep related death during baby's first 6m.	No parent will report that they have experienced the death of a child because of a sleep related issue. Home visitors will also see the child monthly during their in home experiences.
Increased knowledge of health and safety related issues	75% (n=225) of families who receive a crib will report increased knowledge of health and safety related issues	Parents will fill out a survey at the end of their 6 months of home visitation

Service Change Chart
Organization Name: First Chance for Children Program Name: FC4C Expansion
Service #4 – Taxonomy of Service Name: Home Visiting (BabyU Visit) (including:) Home visitation, Parenting Skills Training, Child Development Education, Crisis Intervention, Health Education, Social/Emotional Screening, Developmental Screening, Car Seats, Clothing, Cribs, Diapers/Wipes, Hygiene Items
Service #4 – Taxonomy Definition of Service: Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the <i>Taxonomy of Services</i> , which must also be delivered in the home/residence of the program consumers.
Provide a detailed description of the proposed service: <p>The Baby U Home Visitation program serves at-risk families at the time they need it most by helping to develop effective parenting skills. Families are visited 1-2 times a month depending on need. Families qualify for this program if they possess one or more risk factors for child abuse/neglect. It is based on the PAT and Nurturing Parenting models of home visitation designed to strengthen families by developing protective factors. Together, the models address social/emotional competencies for children and parents making it a model that spans two generations. A trained Family Resource Specialist (FRS) conducts intentionally designed home visits based on the family and children's developmental needs. Screenings are conducted in all areas of child development including social/emotional. Maternal depression and stress are monitored. Wellness and prevention is the focus of Baby U and the family is supported if referrals for additional services are needed. FC4C FRSs, would conduct this service. Currently, FC4C supports 125 families in Columbia alone. This program would allow those families to continue to receive services, and for the FC4C staff to support small districts with their ideas and expertise. While FC4C will not provide a stipend, or bill Children's Services Fund for the district's home visits, they will continue to support Boone County school districts Parents as Teachers programming by providing a stipend for screenings provided and through diapers, wipes, and books for participating families. For the purposes of this proposal, those services to Boone County school districts (screening and supplies) will be billed through crisis items and behavioral health screening.</p>

Baby U program is based on the PAT and Nurturing Parenting home visitation evidenced-base models, but it goes much further in meeting families where they are at and providing services customized for the family.

FC4C's staff are trained in the PAT and Nurturing Parenting model and have over 90 years of experience working with at-risk populations. They are equipped to provide support to all sectors of the community. The staff have expertise to help the local school PAT programs especially in recruitment, retention of families, and group events. In addition, FC4C has strong relationships with Boone County Health Department's WIC program, as well as social work staff at both local hospitals to help identify potential families. These partners access our Baby Bag and CRIBS programs, and then refer families to our Baby U program. This support of the Baby U program from partner agencies has the potential to serve the families the day they bring their baby home, providing wrap around services for entire families until their children enter Kindergarten.

Outputs

Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One hour	\$128	2,200	120 families= 456 individuals

Funding Request

Amount Requested to Boone County: \$153,600	Proposed Number of Units of Service: 1200
---------------------------------------------	-------------------------------------------

Performance Measures

Outcome:	Indicator:	Method of Measurement:
Parents will be better informed about the development of their child & learn realistic expectations for developmental behaviors of their children.	75% (n=90) parents will report feeling more informed on annual survey	An annual anonymous survey will be given to parents asking questions about the programming they received.
Families will be more resilient and feel less stress as they develop protective factors.	75% (n=90) parents will report feeling less stresses and more equipped to handle parenting on annual survey	An annual anonymous survey will be given to parents asking questions about the programming they received.

Service Change Chart

Organization Name: First Chance for Children

Program Name: FC4C Expansion

Service #5 – Taxonomy of Service Name: Crisis Intervention

Service #5 – Taxonomy Definition of Service: Access to services to resolve an immediate crisis and/or link to ongoing assistance.

Provide a detailed description of the proposed service:

Baby Bags- Families who receive services under our crisis services will receive Baby Bags, diapers, wipes, car seats, or other items needed to provide care and comfort to their children. Families who access this service will also receive an informal needs assessment to ensure that other needed resources, not provided by FC4C, can be easily secured through our partnering agencies. Most families who receive the Crisis services have newborn/infant children. Families in crisis with very young children are extremely susceptible to stress and depression. For this reason most, if not all, requests for Crisis services will be handled within 24 hours of the request being made. FC4C staff or partnering agencies will deliver requested items to families. All partnering agencies delivering baby bags will be fully trained on safe sleep practices and parenting information related to Children's Trust Fund "Never Shake a Baby" education. Partner agencies to date include: Refugee and Immigration Services, PAT's in all school districts, LFCS, Safe Kids, University and Boone Hospitals. Families receiving the crisis services will also be provided with information about our Lend & Learn Libraries and group events/parent trainings and encouraged to participate. It is our goal to connect families in crisis with other families who may be able to become a support and education system. Services will be delivered to families within their homes thus relieving the need for families to find transportation. All families residing within Boone County with age eligible children who exhibit risk factors may participate in our crisis services.

Outputs

Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One crisis kit	\$25	1200	500 families= 1,900 individuals

Funding Request

Amount Requested to Boone County: \$22,500	Proposed Number of Units of Service: 900
---------------------------------------------------	-------------------------------------------------

Performance Measures

Outcome:	Indicator:	Method of Measurement:
Increased family self-efficacy.	90% (n=450) families in crisis will reach out to FC4C or a partner organization to receive services in the form of a Baby Bag, diapers, wipes, safety items, home health items, emergency items, food vouchers, car seat or other need.	A complete inventory of services will be kept for all families including family name, item given and date of service. When obtainable qualitative notes will be kept to see if the assistance given helped meet the family's needs and relieved stress.
Increased safety of children	100% (n=500) of families identified as needing a safety item we possess will receive said item, including but not limited to car seats and Baby Bags.	A complete inventory of services will be kept for all families including family name, item given and date of service. When obtainable qualitative notes will be kept to see if the assistance given helped meet the family's needs and relieved stress.

Decreased family stress and risk of child abuse/ neglect	100% (n=500) of families identified as needing crisis items will receive services in a timely fashion	A complete inventory of services will be kept for all families including family name, item given and date of service. When obtainable qualitative notes will be kept to see if the assistance given helped meet the family's needs and relieved stress.

Service Change Chart
Organization Name: First Chance for Children
Program Name: FC4C Expansion
Service #6 – Taxonomy of Service Name: Best Practices Training
Service #6 – Taxonomy Definition of Service: Provides training to build on or explore best practice techniques.
<p>Provide a detailed description of the proposed service:</p> <p>Trainings provided are intended to meet the needs of the community practitioners at the time of implementation and ultimately help improve the kindergarten readiness of Boone County children by creating more competent providers.</p> <p>Previous to any trainings being provided, FC4C will send out a community needs survey to determine what skills providers feel they need the most help with. The survey will be available to all current partners and additional efforts will be made provide the survey to all providers interfacing with children ages 0-5. Survey results will inform trainings provided.</p> <p>Trainings will be delivered in a fashion most accessible to providers, either in their community, online, or support will be provided to bring them to an outside location. Trainings will be held during times that are most conducive to provider and partner participation. Post-tests will be used to gauge participant engagement and growth. Snacks or a meal will be provided when applicable. While a training schedule is not yet determined this has been done so intentionally to anticipate training opportunities that arise throughout the year which would be beneficial to our client and provider populations and best improve best practices of service providers. This flexibility is to accommodate the many training opportunities may differ in medium, length and style but will be chosen based on the importance information disseminated and the ease of access for consumers.</p> <p>The unit cost has been determined to be an average cost of all trainings delivered over the last 2 years. First Chance for Children will facilitate the trainings when necessary and work with partner organizations to find space and participants. Every effort will be made to include partner agencies in these trainings ensuring that LFCS, Parent Link, CCUA, Columbia Square, Safe Kids, SOAR, PAT, RIS, and other agencies in Boone</p>

County have access to trainings on best practice for our families. While the trainings will directly impact provider's knowledge and best practices, this knowledge will ultimately help improve the lives of children and families in Boone County.

Service providers will be more competent in the topic provided	70% (n=7) community service providers will report improved competency		Post test at the end of the training will include questions indicating level of competency obtained

Service Change Chart
Organization Name: First Chance for Children Program Name: FC4C Expansion
Service #7 – Taxonomy of Service Name: Behavioral Health Screening
Service #7 – Taxonomy Definition of Service: Identifies if an individual is at risk of experiencing symptoms of a mental health condition.
Provide a detailed description of the proposed service: First Chance for Children provides many screenings to monitor developmental concerns, parental stress, and maternal depression. To monitor physical and emotional/social development the Ages and Stages Questionnaire and the Ages and Stages Questionnaire –Social Emotional, which monitor developmental progress in children ages one month to five years. It is evidence based, valid, reliable, and accurate approach to identify concerns early. For parental stress the Everyday Stressors Index is used. The ESI assesses daily issues that might be faced by young parents with

children, covering five main problem areas. The higher the score the higher the stress level. This test is also reliable and valid. For maternal depression the Edinburgh Postnatal Depression Scale is used. The 10 questions are a reliable and valid way to effectively and efficiently screen for risk of post partum depression. Mothers are encouraged to share their results with their doctor.

Performance Measures

Outcome:	Indicator:	Method of Measurement:
Parents will be better informed about the development of their child & learn realistic expectations for developmental behaviors of their children.	75% (n=90) parents be informed at 6 month intervals about the child's development using the Ages and Stages and Ages and Stages: Social Emotional Questionnaires (ASQ-SE)	The Ages and Stages and Ages and Stages: Social/Emotional Questionnaire (ASQ-SE) will be use to measure child development at 6 month intervals.
Mothers will be given the Edinburg Postnatal Depression Scale.	100% new mothers will be encouraged to share the results of the Edinburg Postnatal Depression Scale with their OBGYN at their next visit.	Mothers will complete the Edinburg Postnatal Depression Scale with in one month of child's birth if applicable and share with their OBGYN.
Mothers will report less stress / anxiety after services	75% (n=90) will show improvement on anxiety/stress as measured by the Every Day Stressors Inventory on a 6 month basis.	The Every Day Stressor inventory administered at baseline and every 6 months.
Families will be more resilient and feel less stress as they develop protective factors.	75% (n=90) of families will make progress on self selected goals from family strengthening work in home visits.	Families will identify goals based on information gathered on the Everyday Stressors Index (ESI). Families will develop and monitor progress on goals using the Family-Centered Assessment/Goal Plan.

Program Outputs and Funding Request Tables – Best and Final Offer

Action Required: Complete the following tables based on your best and final offer for all services. The information must reflect the changes that were requested.

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	First Chance for Children
Name of Program	FC4C Expansion

Organization Profile	
-----------------------------	--

1. Strategic Plan – There is no Strategic Plan in the Organization Profile.
Action Required: Upload the Strategic Plan in the Organization Profile.
2. Governing Board – The following individuals need their expertise/experience updated: Jess Berkey, Cara Ownings, Tom Rose, and Eliza Trumbower.
Action Required: Update the information in the Governing Board section in the Organization Profile.
3. Governing Board – There is no information provided for board member Aubrey Ash.
Action Required: Update the information for Aubrey Ash in the Governing Board section in the Organization Profile.

Program Overview Form	
------------------------------	--

4. Statement of Issue Being Addressed – The narrative states, “Core issues identified by BID being addressed include CAN prevention, basic needs attainment, maternal depression, inclusion, child development, and kindergarten readiness” but does not state BID statistics.
Action Required: Provide statistics from BID that relate to the core issues being addressed.

CAN prevention

For substantiated physical abuse alone, the most common type of abuse, there were 45 children and 41 instances of abuse in 2015. For all types of abuse and neglect, there were 416 substantiated referrals to MO Juvenile & Family Division for status offenses. For data from 2010-2014 there were 426.5 infant deaths and 19.5 for children ages 1-17 per 100,000 in Boone County.

Basic needs attainment

In 2015 alone, Boone County had 1,648 family households with children in poverty. For Columbia this number was 1,459. Families in poverty often have much greater issues meeting their basic needs. The number of households spending over 30% of income on housing was 20,590 in Boone County and 15,533 in Columbia in 2015.

Maternal depression

In 2015 there were 4,511 single female family householders in Boone County and 3,079 in Columbia. Also, in 2015 alone, Boone County had 1,648 family households with children in poverty. For Columbia this number was 1,459. The mothers (single, low education, low income) are at higher risk to experience maternal depression (Ertel, Rich-Edwards, Koenen, 2011).

Inclusion

For 2011-2015 Boone County had 3,049 children living in neighborhoods with a poverty rate higher than 30%, Columbia had 2,997. Families in areas like these often experience isolation.

Child development

In 2016 Columbia, Hallsville, and Southern Boone had 216 children under the age of 5 receiving special education services by their school districts. Centralia, Harrisburg, and Surgeon had no data. For ages 5-21 the number of children receiving special education services for all districts in Boone County is 2,126.

Kindergarten readiness

The BID states in 2016 6.1% of Columbia Public Schools students were not academically ready, and 4.3% were not ready behaviorally. For Rural Boone County these numbers were 8.6% and 3.9% respectively. In total, this is 112 students not ready academically for kindergarten, and 70 not ready behaviorally from one survey, in one year.

Ertel, K. A., Rich-Edwards, J. W., & Koenen, K. C. (2011). Maternal depression in the United States: Nationally representative rates and risks. *Journal of women's health, 20*(11), 1609-1617

5. Consumer Demographics – What other funding source is paying for the 175 unduplicated individuals from other counties?

Action Required: Provide a response to these questions in the field below.

The \$6,000 from Fund Raising and other Direct Support will pay for services for the 175 unduplicated individuals from other counties.

6. Individuals Trained – What types of training will be offered to these unduplicated individuals.

Action Required: Provide more information about the types of trainings topics that will be offered in the field below.

First Chance for Children will provide 10 units of CRIBS Safety and Implementation Training by Tammy Byington but will request no money from Children's Service Fund to implement this training.

7. Collaboration – The first attachment in this section indicates that First Chance for Children receives a grant for the County. To clarify, government entities allow for purchase of services through a competitive process. Moving forward you should remove the word “grant” and utilize the word funding.

Action Required: Provide copies of the current MOUs with the school districts when responding to this clarification. Provide comments in the field below.

Attached are copies of current MOU’s with Boone County school districts. In the future we will replace the word “grant” with “funding”

8. Program Personnel and Narrative – There is currently 4.95 FTEs listed for the Family Resource Specialist.

Action Required: Provide more information on the 4.95 FTEs in the field below.

First Chance will only have 4.05 FTE, the last .9 FTE has been moved to an interim executive director.

9. Program Budget and Narrative – The Total Revenues are \$729,280 which is \$154,252 over the Total Expenses, \$575,028. The Total Revenue should not exceed the Total Expenses. The expenses for all program services should be included in the Total Expenses.

Action Required: Provide revised program Total Revenue and Total Expense amounts in the field below along with a narrative explanation.

Program Revenue		
Direct Support	Proposed	% of Proposed Total
Fundraising & Other Support	6,000	2
Board Fundraising		
Government Contracts/ Support		
Boone County- Children’s Service Fund	210,000	58
parent education services		

<i>described in this proposal</i>		
State (Purchase of Services)	148,252.00	40
<i>used for parent education services</i>		
Total Program Revenue	364,252	
Program Expenses		
Personnel	250,250	68
<i>This includes salaries for those providing direct service, and does not include fringe benefits</i>		
Non-Personnel	114,002	32
<i>This includes all direct service material cost, indirect cost and indirect/administrative salary. Indirect costs are not more than 15% of direct service salary costs</i>		
Total Program Expenses	364,252	
<p>Previously the total program expenses did not reflect expenses for revenues from "fundraising and other support" or "state (purchase of services)" those expenses are now included in personnel and non-personnel.</p>		

Program Services Form (1-5) (6-10)	
-------------------------------------------	--

Each of the services will require some updating. Please review all the questions and comments before responding. Reminder: All services must be included no matter the funding stream. If a service receives funding from the state as well as the county, it needs to be included.

IMPORTANT NOTE: Due to the different types of services provided during a home visit, the County and City of Columbia have added "Home Visiting" to the *Taxonomy of Services* with the following definition:

Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one

other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

The services currently listed in the Program Services section (1-5) and (6-10) will need to be revised and updated based on the clarifying questions below and the face-to-face meeting.

10. Service #1/Service Description – This service is currently listed as Family Education. Based on the description provided, it seems like the Lend and Learn is less formal and provides information through out the time Lend and Learn is open. Please review the definition for *Information and Referral* and see if this definition is a better fit.

Action Required: Provide the taxonomy service name for this service and a justification for choosing this service in the field below.

9.5 Family Education. While we do provide information on community resources, the Lend & Learn is best aligned with 9.5. There are structured activities and information that allow parents to work on communication skills with other adults and their own children. Conversations around the activities with the staff members and other parents, coupled with the materials available for check out also develop coping skills. The resources, education, materials, skills and supports parents gain at the Lend & Learn is best aligned with family education.

11. Service #1/ Outputs – The Lend and Learn Library has been around for a while but there wasn't any information provided about previous funders.

Action Required: Provide information on previous funders and the level of funding that supported the program in the field below. Is FC4C still receiving funds? If so, this should have been included in the outputs section. If not, what happened to this funding? Provide information in the field below.

There has been no previous funding that was specifically allocated for the Lend & Learn. Previous funding was awarded through packaged home visitation funding from Department of Social Services. The package of services included: home visitation parent education, group events, Lend & Learn, books, crisis items, and provider training funding. First Chance for Children was reimbursed per visit for one contract, and per monthly expenses for the other. The rate of reimbursement per visit ranged from direct cost reimbursement to 198.05 per family.

12. Make sure that all screenings are pulled out as a separate service, this would include DECA, ASQ-SE, Edinburg Postnatal Depression Scale, etc. This would require a separate unit rate, unit measure (one screening), and performance measures.

Action Required: Provide information all the screenings that will be offered in this program.

--

Taxonomy	Screeners	Unit Rate	Unit Measure	Performance Measures
4.23 Developmental Screening	Ages & Stages Questionnaire	\$37.89 Medicaid reimbursement rate in 2005	one screening	<div>Families will identify developmental concerns early</div> <div>50% will take the ASQ at 6m intervals</div> <div>ASQ will be administered at baseline and every 6m</div>
4.12 Social/Emotional Screening	Ages & Stages Questionnaire-Social Emotional	\$37.89 Medicaid reimbursement rate in 2005 https://www.cd.c.gov/ncbddd/autism/documents/AAP-Coding-Fact-Sheet-for-Primary-Care.pdf	one screening	<div>Families will identify social emotional concerns early</div> <div>50% will take the SE at 6m intervals</div> <div>SE will be administered at baseline and every 6m</div>

wellbeing"		mar/state-medi caid-policy-for-r eimbursement- of-maternal-dep ression-screenin g		<div>100% of new mothers will be encouraged to share the results of the EPDS with their OBGYN</div> <div>Mothers will complete the EPDS within one month of their child's birth and share with their OBGYN</div>
4.1 Health education	Everyday Stressors Index	takes 5-10 min https://www.unc.edu/depts/sph/longscan/pages/measures/Ag es5to11/Everyday%20Stressors%20Index.pdf	one screening	<div>Families will report less stress/ anxiety and improved mental health after services</div> <div>50% will take the ESI at 6m intervals</div> <div>ESI will be administered at baseline and every 6m</div>

13. Service #2/ Name, Definition, and Description - This service is currently listed as Community Collaboration but the description of the services appears to have many other services listed such as: Parent Partnership, Family Education, Congregate Meals and Community Collaboration.

Review the current description and decide if these services need to be broken out as separate services.

Action Required: Decide if any of these items need to be broken out into separate services. Provide a narrative with the names of these services and a justification for the services chosen in the field below.

This service does not need to be broken out into separate services. Parent Partnership effectively describes the nature of our group events.

14. Service #2/ Outputs – Review and update any new service added in #13.

Action Required: Provide a justification for the unit rates in the field below.

This unit rate includes all the cost necessary to provide the service effectively.

15. Both Service 3's and Service 4's description appears to have information tied to the new Home Visiting taxonomy service description we recently added. It appears that the CRIBS program and BABY U programs have some sort of visits to the home where there is information is provided on, but not limited to, Expectant/New Parent Assistance, Parent Skills Training, Family Education, Cribs and possibly a few other items.

Action Required: Provide information on all the possible services to be provided during a home visit.

Baby U	CRIBS
services provided	
Home visitation Parenting Skills Training Child Development Education Crisis Intervention Health Education Social/Emotional Screening Developmental Screening Car Seats Clothing Cribs	Home visitation Expectant/ New Parent Assistance Crisis Intervention Health Education Car Seats Clothing Cribs Diapers/Wipes Hygiene Items

Diapers/Wipes Hygiene Items	
--------------------------------	--

16. We would anticipate the Unit Rate for home visiting and any other service currently contracted, would be similar to what is being reimbursed in the current contract. Unit rates will be updated once services are finalized.

Action Required: Provide in comments in the field below.

Currently we are reimbursed 128 per visit. We are requesting less for CRIBS (\$75) and more for Baby U (150) based upon the services provided for each.

17. Service #4/Other Funders – It states that other funders help pay for this service but no other funders are listed.

Action Required: Provide a narrative that explains who else is funding this service and at what amounts.

Boone County Children Services Currently funds home visitation at a unit rate of \$128 for 1020 units for a total contracted amount of \$130,560. Department of Social Services provided contracted funding for 30 families in Boone County for a total contract of 148,251.78.

18. Service #5/Description – The description for this service lists to a lot of different items needed for a crisis such as: Car Seats, Cribs, Formula, and Diaper Wipes, etc. These services may need to be separated out into separate services.

Action Required: Provide a narrative describing how families access these items. Include answers to the following questions: Are these items given out separately or always in a bag? How do organizations get these items? How long is the training for these organizations?

Families access these items in several ways: by attending our Lend & Learn, through parent education services, by attending a group event, or by receiving services through a partner agency. Items are sometimes given away separately based upon family need. Organizations get items by coming to our office and picking up supplies and filling out the necessary paperwork. The training is 1 hour.

19. Service #5/Other Funders – It states that other funders help pay for this service but no other funders are listed.

Action Required: Provide a narrative that explains who else is funding this service and at what amounts.

First Chance for Children currently receives funding through Boone County Children's Services Funding at a unit rate of 28.50 for 750 units at a total amount of 21,375.

20. Service #6/Description – The description didn't provide any specific types of training that would be offered. It also states that First Chance for Children will facilitate the trainings when necessary.

Action Required: Provide more information on the specific trainings that might be held in the field below.

First Chance for Children will provide 10 units of CRIBS Safety and Implementation Training by Tammy Byington but will request no money from Children's Service Fund to implement this training.

21. Service #6/ Unit Rate – The Unit Rate is very high compared to the current contract.

Action Required: Provide a unit rate that is comparable to the current rate and justify this rate in the field below.

We are not requesting funds to provide this service

22. Service #6/Other Funders – It states that other funders help pay for this service but no other funders are listed.

Action Required: Provide a narrative that explains who else is funding this service and at what amounts.

First Chance for Children currently receives funding through Boone County Children's Services Funding at a unit rate of 205.88 for 68 units at a total amount of 14,000

COPY

Contract Between First Chance for Children and Public Schools (Parents as Teachers) for July 1, 2017 – Dec. 31, 2017.

I. Funding agency:

First Chance for Children, Inc.

II. Source of funding:

Boone County Children's Services Fund (BCCSF)

III. Subcontracting organization:

_____ Public Schools/Parents As Teachers

IV. Name of program:

Boone County PAT+ Program

V. Goal of funding:

To improve the lives of children, youth and families in Boone County by strategically investing in the creations and maintenance of integrated systems that deliver effective and quality service for children and families in need.

The goal of the home visitation program is to make services available to families that:

- Provide parents with education and support that leads to the prevention of child abuse and neglect;
- Support and encourage care that promotes positive brain development in children; and
- Improve school readiness for children.

VI. Purpose of funding:

This funding is provided to _____ Public Schools/Parents As Teachers to implement the At Risk Parents As Teachers Program for eligible families aimed at providing parent education services to families with children age 0 to 5.

VII. Description of how funding will be used:

Funding for the At Risk Parents As Teachers Program will be used to reimburse the school district for intensive PAT+ services to eligible families with children from birth to age five who qualify for services.

Under the BCCSF grant, _____ at-risk families will receive supplemental services in addition to the PAT Foundational curriculum. Supplemental services shall be offered at

varying levels and frequency according to each family's strengths and needs, but home visitation with each family must happen, a minimum of one time per month for a minimum period of one hour per month. More frequent home visitation shall occur after consideration of:

- (a) the family's preference
- (b) the health and development of the child
- (c) the parent's knowledge of child development, parenting skills, and parent-child interaction
- (d) the stability of the parent's living arrangements
- (e) the level of social and other community support
- (f) other individual risk factors identified during the family enrollment and assessment process and during subsequent home visits.

In addition to home visits, families will receive incentives for their participation in all parent education activities including group and networking opportunities. They will receive at least 2 opportunities for networking interactions each month, through engagement activities such as planned onsite events, play groups, group connections, Lend and Learn Library access and/or fieldtrips. The parent educator serving the PAT+ families will be directly involved in networking activities.

VIII. Stipulations:

Services provided to families must be consistent with the
Public Schools Parents As Teachers Program.

Staff that come in contact with families through this funding must pass a Family Childcare Safety Registry (FCSR), and a FBI background check with fingerprints through the Missouri Automated Criminal History Site (MACHS) (See attached "Three Step Back Ground Check for PAT+ Parent Educators").

PAT+ educators should have a minimum of one years experience as a parent educator and be trained in the Parents as Teachers Foundational Curriculum. If a school district cannot find a parent educator they should contact FC4C for special supervision guidelines.

The grant requires staff providing home visitation services to complete 12 clock hours of child development, early education, health and safety and/or other approved continuing education each calendar year (this can include PAT Foundational Training).

PAT+ programs must have an approved supervisor and be in compliance with all DESE PAT requirements.

PAT educators serving PAT+ families cannot have a caseload exceeding PAT National guidelines. If a PAT+ educator is also serving families under FC4C's Department of Social Service Grant that educator cannot have a caseload of more than 25 families.

Families served by the At Risk Parents As Teachers Program must have at least one risk factor as identified by PAT National.

IX. Expected outcomes:

Family success will be measured by increased parent knowledge of appropriate early childhood practices, increase in family reading, and participation in networking programs.

Under the BCCSF grant, the program must address the following outcomes and meet the following measures for each family served:

a. Services must be provided that address the appropriate social/emotional development level of the children served under the age of five (5) as screened by the Ages & Stages Questionnaires. The contractor must utilize the Ages & Stages: Social Emotional, a standardized screening tool, or DESE and PAT approved social emotional screeners, at the time of enrollment into the program or when the child attains six (6) months of age, whichever is applicable, and at intervals of every six (6) months after that until the child attains the age of three (3) years.

Measure: The contractor shall screen the social and emotional development levels of 100% of the children under the age of five (5) using the Ages & Stages Questionnaires: Social Emotional and/or DESE and PAT approved social emotional screener.

- Sub-Measure: The contractor shall make appropriate referrals for additional services to address the identified needs for 100% of the children under the age of five (5) that are screened as being below the appropriate social and emotional level of development.

b. The program must identify developmental delays in the children served and referrals to and follow-up with appropriate service and support agencies at their time of enrollment into the program and at intervals of every six (6) months after that until the child attains the age of five (5) years.

Measure: The contractor must screen the developmental levels of 100% of the children under the age of five (5) using the Ages & Stages Questionnaires and the ASQ-SE.

- Sub-Measure: The contractor must make appropriate referrals for additional services to address identified needs for all of the children under the age of five (5) that are screened as being below the appropriate developmental level.
- Sub-Measure: The contractor must ensure a minimum of 95% of the children referred for further developmental level evaluation and services will be enrolled in appropriate services and begin receiving these services prior to leaving the program.

c. Services provided must support and demonstrate improvement in the overall health, safety, and well-being of the children under the age of five (5) served by the program.

Measure: A minimum of 95% of the children receiving services from the program will not be a victim of substantiated child abuse and neglect and compliance with immunization goals will be tracked.

d. The program must provide reduction of parent stressors as measured by a stress screening tool.

Measure: 100% of the parents receiving services from the program must measure stress levels by the stress screening tool, The Everyday Stressor Index, (ESI) or a postpartum depression index, The Edinburgh Postnatal Depression Scale, at their time of enrollment into the program and at intervals of every twelve (12) months after that until the family leaves the program.

- Sub-Measure: The contractor must provide appropriate referrals for additional services to address the identified areas of concern for 100% of the parents that are shown to have high levels of stress or for whom areas of stress are identified.

e. The program must demonstrate reduction of subsequent births to teens.

Measure: 90% of the teenaged parents enrolled in the program will not become pregnant during their participation in the program.

f. The program must increase every child's access to books, language, and reading.

Measure: The contractor must ensure that 100% of the families enrolled in the program have a minimum of four (4) age-appropriate books for each child under the age of five (5) they have in their home.

X. Agreement period:

This subcontract shall be in effect from July 1, 2017 – Dec. 31, 2017, unless altered by a mutually acceptable written amendment signed by authorized representatives of First Chance for Children and _____ Public Schools/Parents As Teachers

XI. Funding: Up to \$(1000 dollars per family served in a fiscal year) to be used for costs associated with hiring and supporting a parent educator to provide services.
_____ School District has been assigned _____ family slots.

Breakdown of this budget must be:

- 90% for salary, benefits and mileage for the parent educator
- 10% of the budget may be used to cover incidental expenses incurred by the district to support the PAT+ program.

Additional funds will be available for incentives, group events, field trips, Lend and Learn Libraries, and staff training with approval from FC4C. Funding cannot be

guaranteed beyond contract effective dates and is subject to FC4C's funding by the BCCSF.

XII. First Chance for Children's responsibilities:

Accept funding from the BCCSF to support this subcontract.

Distribute payments to _____ Public Schools/Parents As Teachers upon receipt of invoices for expenses incurred to implement the Parents As Teachers Program.

Report outcomes to the BCCSF as required.

Identify a primary contact person within First Chance for Children for the purpose of this subcontract. This contract person will be available to help the school district with questions about this contract, working with at-risk families, identification of resources, and creating and supporting group activities.

XIII. _____ Public Schools/Parents As Teachers responsibilities:

Accept First Chance for Children ECDEC funding to implement the At Risk Parents As Teachers Program as outlined in this subcontract.

Provide parent education services to eligible participants as described in Section VIII and IX of this subcontract.

Ensure that families reported in outcomes meet funding eligibility criteria described in Section VIII of this subcontract.

Report participating families' names and birthdates monthly.

Report quarterly progress and outcomes.

Submit invoices for expenses incurred through the At Risk Parents As Teachers (PAT+) Program.

Identify a primary contact person on staff with the _____ Public Schools/Parents As Teachers for communication with First Chance for Children.

Share family mailing lists and information from database with First Chance for Children as requested.

Keep data on each visit that includes but is not limited to: Names of all participants, birthdates of all participants, time and duration of each visit and summary of each visit. All data must be kept in a format that can be accessed for 7 years. If a site is using Visit Tracker or the new Penelope system, a hard copy of each visit must be made available upon request.

Serve a minimum of 75% of the allotted family slots within the first three months of the contract and 90% of the family slots through the remained of the yearly contract.

Notify First Chance for Children if program will not incur funding on particular projects so funding can be reallocated.

Maintain professional liability insurance on any parent educator implementing this grant.

**XIV. In addition to the above, _____ Public
Schools/Parents As Teachers shall comply with the following:**

Bonding: During the terms of this agreement, the subcontractor shall maintain adequate bonds on all persons who will receive, disburse or in any way handle the money provided by First Chance for Children pursuant to this agreement. Said bonds shall guarantee that First Chance for Children will be fully reimbursed and insured against any financial loss in the event the subcontractor defaults, fails to perform or fails in any way to comply with the letter or spirit of this agreement.

Confidentiality: All employees, officers and representatives of the subcontractor shall preserve the confidentiality of information and documentation as is required pursuant to state law. Should it come to the attention of the subcontractor that there has been any violation of discrimination of confidentiality, they have a responsibility to notify the State of Missouri at once.

Verification of expenditures: First Chance for Children shall have the right to recover from the subcontractor all funds for which adequate verification and full documentation of expenditures is not maintained. Adequate verification and full documentation as used in this paragraph shall mean that the subcontractor's records are such that an orderly examination by a reasonable person is possible and can be conducted without the use of information extrinsic to records and such that an examination can readily determine whether the subcontractor's services were, in fact, provided, and whether they were in accordance with the terms of this agreement of applicable federal and state regulations. The subcontractor shall have the burden of establishing said verification. Failure to maintain adequate verification and full documentation of services provided shall be a material breach of this agreement and shall be cause for the termination this agreement.

State/Federal law compliance: Subcontractor agrees to comply with the Fair Labor Standards Act, as amended; the Employment Practices Act, as amended; 1964 Civil Rights Act, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; the Omnibus Reconciliation Act of 1981, as amended; the Americans with Disabilities Act of 1990, as amended; and all other applicable Federal and State laws which prohibit discrimination in employment and in the delivery of services on the basis of race, color, national origin, age, sex, disability or religious belief.

Nepotism: Pursuant to Article VII, Section 6 of the Constitution of the State of Missouri, as well as all other applicable Federal and State laws and regulations, the subcontractor acknowledges and agrees that the money provided by the Partnership pursuant to this agreement shall not be used to promote or further nepotism. The subcontractor, it's employees, officers, agents or it's governing board and its members shall not knowingly have or acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services covered under this agreement.

Lobbying/Political contributions: The subcontractor acknowledges and certifies that the subcontractor is currently in compliance with, and shall continue to comply with Title 31, Section 1352 of the United States Code, as amended, as well as all other applicable Federal and State laws and regulations addressing lobbying and political contributions.

Liability: First Chance for Children shall not be held liable for issues that arise during execution of this contract.

Amendment to the contract for the Hallsville School District in effect from July 2017 - Dec. 31, 2017:

First Chance For Children is at a unique spot in their contract renewal process with their primary funder during this window of time, and Hallsville has recently faced a loss of a primary staff person. Because of this set of circumstances FC4C is setting up a Rider for the remainder of the Children's Service Fund contract with the Hallsville District waiving the suggested 25 family caseload maximum. The PAT model suggests that a parent educator allows for 2.5 hours in planning, travel, visit and documentation per visit to maintain a quality parent education standard. In Hallsville it will be allowed that a parent educator have a higher case load so long as she is not doing more visits per month than will jeopardize that visit standard.

This arrangement will allow Hallsville to continue seeing the 50 families currently on this caseload and continued service for families on the caseload of the former parent educator. It will amount to no more than 55 contacts per month in the amount of 140 hours of work.

RE: Written Clarification #2 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Byington and Ms. Schaumburg:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 8, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Action Required: Provide information on the different funding sources that FC4C will continue to receive. Provide information on the models that will be utilized for this program.

--

Program Services Form (1-5)	
------------------------------------	--

Service 1

4. Service 1 remain listed as "Family Education". The outputs will need to be changed with a unit measure of "one family".

Action Required: Complete the 'Service Change Chart' for Service 1. Provide updated outputs and funding request amount. Please provide your best and final offer.

--

5. The outcome, indicator, and method of measurement (1-3) needs to be removed from Service 1 since the screenings will be moved to a separate service.

Action Required: Provide the relevant performance measures in the 'Service Change Chart' for Service 1.

--

Service 2

6. The service needs to be renamed "Parent Partnerships". The intention of "Community Collaboration" is organizations are the ones attending and working towards improvement in the community. The unit measure should be "one family".

Action Required: Provide updated outputs and funding request amount in the 'Service Change Chart' for Service 2. Please provide your best and final offer.

--

Service 3

7. Due to the different types of services provided during a home visit, the County and City of Columbia have added "Home Visiting" to the *Taxonomy of Services* with the following definition:

Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

Service 3 will be listed as "Home Visiting (CRIBS Visits)" to differentiate between CRIBS and BabyU home visits. The provision of cribs and other crisis intervention supplies distributed at home visits can remain in the unit rate. The unit measure should be "15 minutes" or "one hour". The total number of units to be provided and number of individuals to be served should be provided for the whole program, regardless of the funding source.

Action Required: Complete the 'Service Change Chart' for Service 3 as Home Visiting (CRIBS Visits). Please provide your best and final offer.

--

Service 4

8. Service 4 will be listed as "Home Visiting (BabyU Visits). The provision of cribs and other crisis intervention supplies distributed at home visits can remain in the unit rate. The unit measure should be "15 minutes" or "one hour". The total number of units to be provided and number of individuals to be served should be provided for the whole program, regardless of the funding source.

Action Required: Complete the 'Service Change Chart' for Service 4 as Home Visiting (BabyU Visits). Please provide your best and final offer.

--

Service 5

9. Service 5 will remain as Crisis Intervention and only include the crisis unit supplies distributed outside of home visits.

Action Required: Complete the Outputs and Funding Request sections on the 'Service Change Chart' with your best and final offer.

Service 6

10. The unit rate for Best Practices Training is high.

Action Required: Complete the Outputs and Funding Request sections on the 'Service Change Chart' with your best and final offer.

Service 7

11. The different types of screenings provided need to be added as Service 7. The service should be called 'Behavioral Health Screening'. The unit rate needs to be "one screening" and include the cost of the screening tool, administering, and analyzing the results. Provide the outputs for number of screenings that will be provided during Lend & Learns, home visiting, etc.

Action Required: Complete the 'Service Change Chart' for Service 7. Provide information below on how the estimated number of screenings that will be provided are divided between the different settings (home visits, group events, etc.). Please provide your best and final offer.

12. Performance Measures will need to be provided for each of the screening tools that are conducted. Please note, a screening outcome was originally listed in Service 1 and can be moved to Service 7.

Action Required: Complete the 'Service Change Chart' for Service 7.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

13. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Byington and Ms. Schaumburg:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

1. Strategic Plan – There is no Strategic Plan in the Organization Profile.
Action Required: Upload the Strategic Plan in the Organization Profile.
2. Governing Board – The following individuals need their expertise/experience updated: Jess Berkey, Cara Ownings, Tom Rose, and Eliza Trumbower.
Action Required: Update the information in the Governing Board section in the Organization Profile.
3. Governing Board – There is no information provided for board member Aubrey Ash.
Action Required: Update the information for Aubrey Ash in the Governing Board section in the Organization Profile.

Program Overview Form	
------------------------------	--

4. Statement of Issue Being Addressed – The narrative states, “Core issues identified by BID being addressed include CAN prevention, basic needs attainment, maternal depression, inclusion, child development, and kindergarten readiness” but does not state BID statistics.
Action Required: Provide statistics from BID that relate to the core issues being addressed.

--

5. Consumer Demographics – What other funding source is paying for the 175 unduplicated individuals from other counties?
Action Required: Provide a response to these questions in the field below.

--

6. Individuals Trained – What types of training will be offered to these unduplicated individuals.
Action Required: Provide more information about the types of trainings topics that will be offered in the field below.

--

7. Collaboration – The first attachment in this section indicates that First Chance for Children receives a grant for the County. To clarify, government entities allow for purchase of services through a competitive process. Moving forward you should remove the word “grant” and utilize the word funding.

Action Required: Provide copies of the current MOUs with the school districts when responding to this clarification. Provide comments in the field below.

--

8. Program Personnel and Narrative – There is currently 4.95 FTEs listed for the Family Resource Specialist.

Action Required: Provide more information on the 4.95 FTEs in the field below.

--

9. Program Budget and Narrative – The Total Revenues are \$729,280 which is \$154,252 over the Total Expenses, \$575,028. The Total Revenue should not exceed the Total Expenses. The expenses for all program services should be included in the Total Expenses.

Action Required: Provide revised program Total Revenue and Total Expense amounts in the field below along with a narrative explanation.

--

Program Services Form (1-5) (6-10)	
-------------------------------------------	--

Each of the services will require some updating. Please review all the questions and comments before responding. Reminder: All services must be included no matter the funding stream. If a service receives funding from the state as well as the county, it needs to be included.

IMPORTANT NOTE: Due to the different types of services provided during a home visit, the County and City of Columbia have added “Home Visiting” to the *Taxonomy of Services* with the following definition:

Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

The services currently listed in the Program Services section (1-5) and (6-10) will need to be revised and updated based on the clarifying questions below and the face-to-face meeting.

10. Service #1/Service Description – This service is currently listed as Family Education. Based on the description provided, it seems like the Lend and Learn is less formal and provides information through out the time Lend and Learn is open. Please review the definition for *Information and Referral* and see if this definition is a better fit.

Action Required: Provide the taxonomy service name for this service and a justification for choosing this service in the field below.

--

11. Service #1/ Outputs – The Lend and Learn Library has been around for a while but there wasn’t any information provided about previous funders.

Action Required: Provide information on previous funders and the level of funding that supported the program in the field below. Is FC4C still receiving funds? If so, this should have been included in the outputs section. If not, what happened to this funding? Provide information in the field below.

--

12. Make sure that all screenings are pulled out as a separate service, this would include DECA, ASQ-SE, Edinburg Postnatal Depression Scale, etc. This would require a separate unit rate, unit measure (one screening), and performance measures.

--

Action Required: Provide information all the screenings that will be offered in this program.

13. Service #2/ Name, Definition, and Description - This service is currently listed as Community Collaboration but the description of the services appears to have many other services listed such as: Parent Partnership, Family Education, Congregate Meals and Community Collaboration. Review the current description and decide if these services need to be broken out as separate services.

Action Required: Decide if any of these items need to be broken out into separate services. Provide a narrative with the names of these services and a justification for the services chosen in the field below.

--

14. Service #2/ Outputs – Review and update any new service added in #13.

Action Required: Provide a justification for the unit rates in the field below.

--

15. Both Service 3's and Service 4's description appears to have information tied to the new Home Visiting taxonomy service description we recently added. It appears that the CRIBS program and BABY U programs have some sort of visits to the home where there is information is provided on, but not limited to, Expectant/New Parent Assistance, Parent Skills Training, Family Education, Cribs and possibly a few other items.

Action Required: Provide information on all the possible services to be provided during a home visit.

16. We would anticipate the Unit Rate for home visiting and any other service currently contracted, would be similar to what is being reimbursed in the current contract. Unit rates will be updated once services are finalized.

Action Required: Provide in comments in the field below.

17. Service #4/Other Funders – It states that other funders help pay for this service but no other funders are listed.

Action Required: Provide a narrative that explains who else is funding this service and at what amounts.

18. Service #5/Description – The description for this service lists to a lot of different items needed for a crisis such as: Car Seats, Cribs, Formula, and Diaper Wipes, etc. These services may need to be separated out into separate services.

Action Required: Provide a narrative describing how families access these items. Include answers to the following questions: Are these items given out separately or always in a bag? How do organizations get these items? How long is the training for these organizations?

19. Service #5/Other Funders – It states that other funders help pay for this service but no other funders are listed.

Action Required: Provide a narrative that explains who else is funding this service and at what amounts.

20. Service #6/Description – The description didn't provide any specific types of training that would be offered. It also states that First Chance for Children will facilitate the trainings when necessary.

Action Required: Provide more information on the specific trainings that might be held in the field below.

21. Service #6/ Unit Rate – The Unit Rate is very high compared to the current contract.

Action Required: Provide a unit rate that is comparable to the current rate and justify this rate in the field below.

22. Service #6/Other Funders – It states that other funders help pay for this service but no other funders are listed.

Action Required: Provide a narrative that explains who else is funding this service and at what amounts.

Organization Profile

Organization Profile Instructions

New Users:

In order to create a Username and Password, complete the Organization User Information and Primary Information sub-sections and click Save Record on the right hand side of the screen. Be sure to save your Username and Password in a secure location for future use. Once you click Save Record you will be prompted to log in. This will allow you to access the system and complete the Organization Profile.

Returning Users:

You must complete and keep up-to-date ALL applicable fields in your Organization Profile. Proposals and Reports will be considered unresponsive if your Organization Profile is not complete and up-to-date.

General Information

Organization
Mission Statement (Purpose):
Provide your organization's mission statement. (600 character limit)
First Chance for Children (FC4C) is a leader at the local and state level advocating for high quality early childhood practices, programming and policy while providing resources to foster healthy families and high quality early childhood development programs and services.

Organization History:
Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)
In 2003, the 501c3 Boone Early Childhood Partners (BECF) was created with the purpose of coordinating services and building resources to improve school readiness in Boone County. In 2006, BECF formally changed its name to First Chance for Children (FC4C). Since '06, FC4C has coordinated numerous private, local, state and federal grants to further the cause of early childhood education in Central Missouri. Programming includes distribution of education/material supports, an evidenced based home visitation program, and community outreach through events & Lend and Learn Toy Libraries.

Brief Statement of Organization's Major Goals:
Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)
First Chance for Children's goal is, all children will arrive at school ready to learn and succeed in school and in life. Each of FC4C's programs has goals to help reduce instances of child abuse and neglect while simultaneously working to achieve school readiness.

Articles of Incorporation:
Provide a copy of the organization's Articles of Incorporation.
Articles of Incorporation (MUST BE IN PDF FORMAT)
/document/download/filename/1442518968_30405_FCFCArticlesofIncorporation.pdf/

Bylaws:
Provide a copy of the organization's Bylaws.
Bylaws (MUST BE IN PDF FORMAT)
/document/download/filename/1500143333_34051_BylawsRevised9-13-2016%281%29.pdf/

Organizational Chart (must be for the entire organization):
Organizational Chart (MUST BE IN PDF FORMAT)
/document/download/filename/1500143333_30406_orgchart2017.pdf/

Strategic Plan:
Strategic Plan (MUST BE IN PDF FORMAT)

Service Area:
Briefly describe the geographic area in which your organization provides services. (600 character limit)
FC4C currently serves Boone, Cooper, Cole, Callaway, Osage, Moniteau, Audrain and Howard counties with an emphasis on partnerships in school districts within Boone County. We have provided start up materials for Lend & Learn Libraries across 22 mid-

Missouri school districts and work to provide professional development, support and funding to parent education programs with long standing community/family relationships serving families in the target demographic.

Population Served:

Briefly describe the population(s) served by your organization. (600 character limit)

FC4C's current programs serve families with children prenatal to age 3, and up to age 5 in Boone County. Emphasis is placed on serving families at or below 185% of the poverty level however families with 2 or more risk factors without an income qualification will be considered on a case by case basis. Lend and Learn Toy Libraries and community group events serve all families no matter what their income level.

Conflict of Interest Policy:

Does your organization have a written Conflict of Interest policy?

yes

Whistleblower Policy:

Does your organization have a written Whistleblower policy?

yes

Business Continuity Plan:

Does your organization have a written Business Continuity plan?

no

Records Retention Policy:

Does your organization have a written Records Retention policy?

yes

If yes, does the Records retention policy include a Records Retention Schedule?

no

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By: Melinda Bobbitt
Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

OFFEROR has examined Addendum #1 to Request for Proposal# 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*, receipt of which is hereby acknowledged:

Company Name: First Chance for Children
Address: PO Box 1101 Columbia, MO 65205

Phone Number: 777 1815 Fax Number: 777 1816

Authorized Representative Signature: Christina Gilbert Date: July 17, 17

Authorized Representative Printed Name: Christina Gilbert

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
- Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

This program addresses many community wide issues. Working with families with young children, this program combats issues relating directly to generational poverty and the mitigation of these long term effects. Core issues identified by BID being addressed include child abuse and neglect prevention, basic needs attainment, maternal depression, inclusion, child development and kindergarten readiness.

Income eligibility is a core risk factor but others (defined by PAT and DSS) include homelessness, substance abuse, violence in the home, single or teen parents, incarceration, maternal depression, or having a physical or mental health concern in the family. Many of these stressors compile resulting in long term negative health outcomes as outlined in the CDC-Kaiser ACE Study (Brockie, et al, 2015). Families experiencing these challenges often require additional supports to produce a trajectory leading to school readiness and academic achievement for their children. FC4C aims to reduce social isolation of parents by providing them support through Lend & Learn Libraries, group events, and home visitation. Reduction of isolation is known to reduce depression and increase engagement in social groups and community resources that provide parents with access to vital information on wellness and parenting. Arming parents with knowledge in child development and the equipment to access community resources leads to a reduction in child abuse and neglect and an increase in family resilience

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The populations affected are families with multiple risk factors as identified National PAT & MO DSS. The demographic makeup of this population should be consistent with Boone County's most at risk populations including higher percentages of African Americans, which have higher rates of poverty across all family types. This program would also likely include higher numbers of mothers with depression as more than 1 in 10 (10.2%) mothers have suffered from depression in the last 12 mths (Ertel, Rich-Edwards, & Koenen, 2011), this is a leading cause of child abuse and neglect. According to Missouri Kids Count (2016) poverty in Boone Co. is increasing dramatically. Child protection and safety, child deaths ages 1-14, child abuse/neglect & family assessments, and out-of-home placements, have gotten worse compared to previous years. The BID confirms this information. In

2015 there were 2008 children under 5 in poverty living in Boone County. Also of note, poverty is the deepest for those with very young children according to data presented by the City of Columbia. Less than 1/2 of this population currently receives home visitation service as proposed in this program.

A recent HMUW Community Need Assessment (2011) indicated that "It's crucial to address the root causes of poverty." At FC4C we work to just this, by reducing the number of early risk factors. Children are better prepared for academic and social success- key indicators of future life achievement.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

FC4C's goal is kindergarten readiness for all children. Readiness includes the skills to be socially, emotionally and academically ready for a classroom and can be increased by giving parents information on development, access to resources, and supporting healthy relationships.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

FC4C provides a multifaceted approach addressing the needs of entire systems associated with at risk children. The Lend & Learn Libraries will be present in each school district in the county. These are available to all children under 5 and designed to give parents access to resources, developmentally appropriate materials, and to increase their social capital. This inclusive space provides families the opportunity to engage with a diverse group of peers, fostering equality, and tolerance, and builds a community for new parents. Qualifying families referred from either the L&L or other sources can participate in CRIBS, providing them with material supports, resources and education to thrive during a child's first year. This service dovetails with the Baby Bags service which partners with area providers to ensure that families have the tools they need for success in moments of crisis. BabyU is a home visitation service that serves children up to the age of 5 and utilizes a blended home visitation model of PAT and Nurturing Parenting. Parents learn about crucial child development and how to create positive learning opportunities at every stage. Group Events programming provides parenting classes, community events and child focused group events. Community organizations can participate in our Provider Trainings for direct service providers to improve quality information and best practices, which will increase retention and improve engagement, and resiliency.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The consumers served by this evidence-based home visitation program will be Boone County families with children ages birth to kindergarten (kdg). To qualify for the program families must have at least 2 identified risk factors from the National and Missouri Parents As Teachers (PAT) list of risk factors. There will be an emphasis on serving families with an income below 185% of the federal poverty level due to the impact of poverty on maternal depression and toxic stress in families. Other possible risk factors families could have include: teen parent, single parent, court appointed/foster, child abuse/neglect, parent mental illness, domestic violence, substance abuse, child or parent with disabilities/chronic health conditions, homelessness, low birth weight, low education, incarcerated parent, death in immediate family, military family, recent Immigrant/Refugee, ESL/limited English.

FC4C currently has a DSS grant to serve ages birth to 3, so this program will allow for continuation of services and assist with the transition into kindergarten. The demographics of the program will be reflective of Boone County, with an emphasis on minority populations that are often under served.

b. Why will these particular consumers be served? (1500 character limit)

Families at 185% below the federal poverty level and families with identified risk factors, must be served to help prevent and alleviate stress during critical periods of brain development in young children. This crucial period often coincides with maternal depression which can impair mother/child attachment, bonding and future engagement. The Robert Wood Johnson Policy Brief (2014) states, "One rapidly developing area of research identifies overwhelming stress early in life as a primary risk factor for mental illness." It also states, "studies find that toxic stress, which may result from exposure to violence, family instability or severe economic deprivation, alters brain structure and function and negatively impacts children's cognitive and social skills." Maternal depression can also impact the healthy development of children, as seen in the research by Knitzer, Theberge, & Johnson (2008). These researchers found that low-income mothers experience high rates of depression that can affect the well-being and school readiness of their children.

Currently in Boone County, there are approximately 11,250 children from birth to age 5, with 2,008 of them living in poverty. Current home visitation programs only serve a small fraction of this fragile population. These families must be served to help prevent and alleviate the issues associated with stress and maternal depression so that all children have the opportunity to succeed.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Azzi-Lessing (2013) found, "Families at higher levels of risk often participate in home-visitation programs at minimum levels and/or prematurely withdraw from program services than do families at lower levels of risk. This may be partly due to the degree to which highly vulnerable families are overwhelmed by stressful conditions under which they live; they also may be responding to a history of negative experiences with service providers, especially regarding child protective and other mandated services." FC4C has worked with school districts' PAT programs and they report similar experiences.

d. Total number of unduplicated individuals to be served by the proposed program:

3500

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d, and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

164.29

Consumer Demographics Instructions

Complete the **Residence, Race, Ethnicity, Gender, Income, and Age** sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

100

b. Provide information on the types of training that will be offered. (1500 character limit)

Trainings are intended to meet the needs of community practitioners at the time of implementation and ultimately help improve the kindergarten readiness of Boone County children. The types of trainings will depend on the need as indicated by a community survey. Trainings will be delivered in Columbia in local space as training size requires, online, or individuals will be sent to the training depending on the most appropriate option. Trainings will be held during times that are most conducive to provider and partner participation. Surveys and post tests will be used to gauge participant engagement and growth. Snacks or a meal will be provided when applicable. While a training schedule is not yet determined this has been done so intentionally to anticipate training opportunities that arise throughout the year which would be beneficial to our client and provider populations and improve best practices of service providers. This flexibility is to accommodate the many training opportunities which may differ in medium, length and style but will be chosen based on the importance of information disseminated and the ease of access for consumers. While the trainings will directly impact providers knowledge and best practices, this knowledge will ultimately help improve the lives of children and families in Boone County.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

The majority of the programming will be done in families' homes throughout Boone Co. at times most convenient for the families. If parents are homeless, or living in unstable housing conditions, visits will be conducted at alternate sites including the L&L Libraries. The group events component of the program will occur at a school Lend & Learn Library sites and in community locations (libraries, parks, etc.). In-service for providers will be conducted online, at the FC4C site or community sites.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

The program will serve families with children ages birth-kdg. Families must have at least two at-risk factors as identified by Missouri and National PAT

programs. Emphasis will be placed on low income families as defined by the free/reduced lunch standard at 185% of poverty. If a family does not meet the income standard, there will be careful review of the identified risk factors on a case-by-case basis.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Cost is a significant barrier for our families and the aim of this program is to increase kindergarten readiness despite disparities. While our home visitation and CRIBS/Baby Bags programs are for qualifying families only, charging a fee even on a sliding scale for our Lend & Learn Libraries would create a barrier or stigma amongst families which would further reinforce inequities within the community.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Sliding scales have the potential in small, social settings to further reinforce the differences between families who have and families who have not and it is our aim to create an environment of equality between families to increase engagement, collaboration, conversation and connection.

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

This program will utilize standards based on models including Parents as Teachers and Nurturing Parenting. Professional Liability insurance will be maintained on all staff and board members associated with the organization. An annual audit will be performed by an outside firm. 501c3 status will be maintained.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

If Yes - Provide a description of the accreditation process: (600 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Best practices are established through a blended model of the PAT Foundational Curriculum and the Nurturing Parenting Program. Home visits are focused on a Strengthening Families approach. 45 to 90 minute visits occur at least monthly. Families receive incentives to help alleviate stress factors. Group events are monthly and provide opportunities for families to access child related information and create a sense of community amongst parents. Age appropriate screening is done on children as are screenings for stress and depression in adults. Referrals are made when needed.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

It is vital that evidence-based programs, models, and screeners be utilized during these crucial development years as this window of opportunity in brain development has a marked impact on the trajectory of a child's life. Ensuring that Family Resource Specialists are trained to utilize the tools and recognize signs of maternal depression or delays in children is vital for early intervention.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

DHHS launched Home Visiting Evidence of Effectiveness (HomVEE) to conduct a thorough and transparent review of the home visiting research literature. HomVEE provides an assessment of the evidence of effectiveness for home visiting program models that target families with pregnant women and children from birth to kindergarten entry. The PAT program was found to have moderate to high ratings in child development and school readiness, reductions in child maltreatment, positive parenting practices, and family economic self-sufficiency (Home Visiting Evidence of Effectiveness, n.d). Zigler, Pfannenstiel, & Seitz (2008) found parents that participated in PAT programs read to their children more, were more likely to enroll their children in preschools, and had improved parenting practices in ways that promoted both school readiness and subsequent academic achievement. FC4C has been providing home visitation services for at-risk families for 10 years. FC4C has also partnered with school districts in central Missouri to support their PAT programs and supply them with resources to work with at-risk populations for 10 years. Since 2008 we have delivered over 2000 cribs using the CRIBS program and have zero instances of sleep related injury or death. We host over 2000 families annually in our Lend & Learn Libraries

and anecdotal evidence indicates that libraries create long standing support systems for families. Nurturing Parenting Programming has similar evidence.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The Lend & Learn Library system in Boone County is unique as each district in Boone County has a designated space for their community to utilize. This program allows for community members to have an easily accessible, safe and inclusive space to bring their children and access resources, snacks and social engagement. There are no barriers for participation in this program, allowing all families to attend and feel comfortable in the space. It fosters a sense of community in parents through shared experiences.

The Baby U program is based on the PAT evidenced-based model, but it goes much further. Blended with the Nurturing Parenting program, this home visitation system has a high emphasis on family needs triaging basic needs immediately to begin the creation of healthy bodies, minds, and relationships. Because Family Resource Specialists are local to their communities they have a unique ability to form a bond that wouldn't be possible with someone from outside the community. They have knowledge to locate local resources and direct families appropriately based on needs. The CRIBS program is a partnership with community agencies. The aim is to ensure that families have the resources they need to safely provide for an infant without having another provider in the home. Families get materials and follow up visits through providers who have been trained in the CRIBS model. The follow-up education provides child safety and helps facilitate parent/child bonding.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Representatives from partner organizations will come together twice a year to discuss the services provided, systems of operation and family engagement or feedback. Surveys are distributed at each group event, be it a parent training, a provider training, or a family activity. Surveys will also be available in the Lend & Learn twice per year to measure family engagement and enjoyment of the space.

Funding through the United Way was just acquired to begin the strategic planning process which will include working towards improved data collection, staff/ED evaluation and diversification of funding.

And lastly we have begun work as an agency to become fully trauma informed. This will be noted in our strategic planning process and assessments for continual improvement in this area will be given as well as professional development opportunities will be emphasized.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Surveys are distributed at each group event, be it a parent training, a provider training, or a family activity. Surveys will also be available in the Lend & Learn and at group events to measure family engagement and enjoyment of the space.

Quarterly a postcard will be sent to families asking for feedback on home visitation programming.

Assessments pertaining to trauma informed practices will also be given to consumers on a regular basis as the organization moves towards becoming fully trauma informed.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

FC4C currently has contracts with the Department of Social Services (DSS) to provide home visitation throughout mid-Missouri. This partnership has facilitated relationships with over 20 school districts and has helped to provide for over 100 families a year.

FC4C serves 150 families in Boone County through our FC4C HV programs and partnerships with Ashland, Hallsville, Centralia, Sturgeon, and Harrisburg schools. The DSS grant is from birth to age 3, so funding the proposed program would allow for seamless HV services for at-risk children through kindergarten entry.

FC4C works with the Boone County Health Department's WIC program to help identify potential families. We also have a good working relationship with the social work staff at both of the Boone County hospitals. These relationships result in referrals to our CRIBS and Baby Bags programs, our home visitation opportunities, and the services provided by the Lend & Learn Libraries county wide. We are often able to support families the day they bring a baby home from the hospital because of these partnerships. LCFS, Refugee and Immigration Services, Columbia PAT all deliver CRIBS. FC4C shares L&L space with FACE in Centralia, beginnings of a family resource center. SOAR will provide an additional curriculum and support to help home visitors work with families.

Strong partnerships providing referrals and additional resources allow us to provide true wrap around services for families in Boone County.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

/document/download/filename/1500401567_40691_SchoolDistrictContracts.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

/document/download/filename/1500481919_40764_PartnerMOU%27s.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Executive Director	MQ1 BA, MA/M.Ed.	FTE1 0.61	SR1 FROM \$50,000.00	SR1 TO \$65,000.00
P2 Finance Manager	MQ2 BA, MA	FTE2 0.53	SR2 FROM \$35,000.00	SR2 TO \$50,000.00
P3 Family Resource Specialist	MQ3 BA	FTE3 4.95	SR3 FROM \$30,000.00	SR3 TO \$60,000.00
P4	MQ4	FTE4 0.00	SR4 FROM \$0.00	SR4 TO \$0.00
P5	MQ5	FTE5 0.00	SR5 FROM \$0.00	SR5 TO \$0.00
P6	MQ6	FTE6 0.00	SR6 FROM \$0.00	SR6 TO \$0.00
P7	MQ7	FTE7 0.00	SR7 FROM \$0.00	SR7 TO \$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Our Executive Director and Finance Manager are each trained in each model FC4C utilizes. They attend all trainings on best practices necessary to maintain credentials. Both are responsible for CRIBS deliveries and administration and attend parent and family events providing additional supports to participants. Each manage time in the Lend & Learn Library as well facilitating conversations on child development, family support and local resources. Our Family Resource Specialists each carry a caseload of up to 20 families delivering services at minimum 1 per month. They work in the Lend & Learn Library's, participate in the CRIBS program as needed and help to coordinate family and parent events as well as outreach activities and provider trainings.

For successful implementation of the program each staff will need a background in early childhood education or related field and training in PAT and Nurturing Parenting. They will be fingerprinted and run through the family care safety registry upon employment as a safety precaution for our families. Due to the many qualifications and duties required, these are reasonable rates of pay.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

FC4C is currently in a contract with the Missouri DSS to serve several counties including Boone. This proposal will complement funds for our current services and allow us to expand. Other proposals have been submitted for complementary funding as well. FC4C also works with state and local foundations to secure funding opportunities and has already begun soliciting sponsorships for their first major fundraiser in Spring 2018.

Memorandum of Understanding (MOU) between ParentLink and First Chance for Children

The First Chance for Children program will:

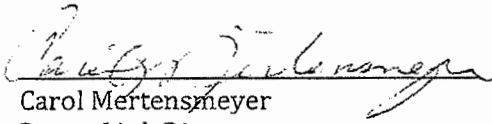

- Host two Parent Café's annually to be co-facilitated by an FC4C parent educator and a ParentLink staff both trained in the Parent Café model. First Chance for Children will provide a stipend of \$100.00 to Parent Link for this service, for each Cafe.
- Provide extended evening hours in the Lend & Learn Library for Cub Hub to have extended service. Will provide a stipend of \$5 per child per hour, with a minimum of \$15 per hour to be paid to ParentLink for a max of \$1,500 over the year.
- Ensure that any professional development opportunities offered by First Chance will be offered to ParentLink staff.
- Refer families to use the online ASQ & ASQ-SE screener, paying ParentLink \$0.50 for each of 50 units.

ParentLink will:

- Send at least one staff person to professional development opportunities provided by First Chance for Children including but not limited to CRIBS trainings.
- Refer families to both Lend & Learn hours and evening hours at Cub Hub hosted at First Chance.
- Provide a staff person for Parent Café's hosted at FC4C and for Cub Hub hours at First Chance for Children.
- Provide access to 50 units of online ASQ and ASQ-SE for parental use at the Lend & Learn

Memorandum of Understanding (MOU) between SOAR and First Chance for Children's PAT Plus program

The First Chance for Children program will:

- Send select staff to FAN (Facilitating Attuned Interactions) two day training at no cost.
- Trained providers will complete pre/post training surveys.
- Staff will utilize the FAN model with all CRIBS families in conjunction with corresponding Children's Trust Fund materials.
- On a quarterly basis complete a survey reporting the number of FAN-trained individuals who are using the FAN model in their work and their approximate caseload. Specific family information will not be shared or required.
- Refer infants and their parents to SOAR Fussy Baby program if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness. Referrals will be made to SOAR when additional supports and resources are deemed necessary by First Chance for Children.
- Refer parents to the Fussy Baby Hotline if the infant is experiencing social-emotional difficulties including struggles with eating, sleeping or general fussiness.
- Make SOAR's Fussy Baby Network printed materials (e.g. brochures and flyers) available at the First Chance for Children's office.

SOAR will:

- Provide two day FAN training to selected staff/home visitors from the First Chance for Children program.
- Provide ongoing FAN consultation as needed.
- Provide supportive Fussy Baby services, including joint home visiting when necessary and a hotline to clients of First Chance for Children.
- Provide Fussy Baby Network printed materials (e.g. brochures and flyers) to First Chance for Children.
- Refer Fussy Baby Families to First Chance for Children's CRIBS program as a home visitation option when appropriate.

Dear Boone County Children's Services Board,

I am writing today to express my support in a collaborative relationship between Lutheran Family Children's Services and First Chance for Children. We have had a strong partnership for several years that goes beyond referring families to one another and I wanted to highlight a few of the ways in which we plan to continuing supporting one another.

LFCS has historically delivered cribs and baby bags full of material supports and resources provided by First Chance to families with children ages birth to 12 months who are exhibiting significant risk factors. We follow up on these deliveries for several months providing relevant resources and age appropriate child development information while monitoring the family's stability and trouble shooting concerns.

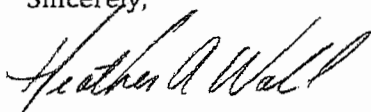

We are proud to continue supporting this work by delivering cribs and baby bags for First Chance for Children as well as receiving periodic training on best practice on First Chance for Children's CRIBS program model as we are able.

By delivering these supports to families in mid-Missouri, LFCS is working with First Chance for Children to help reduce instances of child abuse and neglect and improve resiliency in families. Because of the relationship with First Chance for Children, our families have access to our crisis closet, family events, and our Lend & Learn Library. Reversely, First Chance for Children works to refer families into LFCS programs as appropriate, strive to participate in training opportunities they provide, and they actively participate in conversations with us on how to improve services for families in this community.

We anticipate this growing partnership to support the needs of children in mid-MO and look forward to putting a formal MOU in place should funding be awarded.

Thank you for your time in learning about this collaboration, please don't hesitate to call with any questions!

Sincerely,

Heather Wall

July 14, 2017

Dear Christina,

I am writing today to offer my support behind a collaboration including First Chance for Children, Columbia Center for Urban Agriculture and Columbia Square Townhome Apartments.

There are over 75 children under the age of 5 living in Columbia Square currently and First Chance for Children and Columbia Square have already developed a unique partnership hosting monthly events on property to serve families with these young children. This Snack and a Craft program is very well attended and families are highly engaged in these events which feature 3-5 facilitated activities, group conversation, parenting resources and a meal.

CCUA is excited to contribute to this collaboration by adding healthy food and gardening activities for these young children and their families. Hands-on nutrition interventions are more effective in shaping eating habits. Additionally, by involving children and their parents in activities that feature fresh fruits and vegetables, we can set these children off on the right foot for a lifetime of food choices.

Columbia Square has offered to host these events for families with children ages birth to 5 months on a quarterly basis and FC4C and our staff will work together to provide age appropriate activities for parents and children simultaneously.

We believe that this partnership will benefit the families living in Columbia Square, create a stronger sense of community and offer realistic and sustainable options for healthy food choices for parents with young children and we are excited to be working together in this project.

Sincerely,

Billy Polansky
Executive Director

Dear Christina,

I am writing today to offer my support behind a collaboration including First Chance for Children, Columbia Center for Urban Agriculture and Columbia Square Townhomes.

There are over 100 children under the age of 5 living in Columbia Square currently and First Chance for Children and Columbia Square have already developed a unique partnership hosting monthly events on property to serve families with these young children. This Snack and a Craft program is very well attended and families are highly engaged in these events which feature 3-5 facilitated activities, group conversation, parenting resources and a meal.

Working together we'd like to expand upon this foundation and come together to support families by providing additional group activities focused on nutrition, healthy food preparation and sustainable gardening efforts.

Columbia Square has offered to host these events for families with children ages birth to 5 months on a quarterly basis and FC4C and CCUA staff will work together to provide age appropriate activities for parents and children simultaneously.

We believe that this partnership will benefit the families living in Columbia Square, create a stronger sense of community and offer realistic and sustainable options for healthy food choices for parents with young children and we are excited to be working together in this project.

Respectfully,

EXECUTIVE DIRECTOR

KIMBER MYERS GIVNER

Contract Between First Chance for Children and Public Schools (Parents as Teachers) for July 1, 2017 – Dec. 31, 2017.

I. Funding agency:

First Chance for Children, Inc.

II. Source of funding:

Boone County Children's Services Fund (BCCSF)

III. Subcontracting organization:

_____ Public Schools/Parents As Teachers

IV. Name of program:

Boone County PAT+ Program

V. Goal of funding:

To improve the lives of children, youth and families in Boone County by strategically investing in the creations and maintenance of integrated systems that deliver effective and quality service for children and families in need.

The goal of the home visitation program is to make services available to families that:

- Provide parents with education and support that leads to the prevention of child abuse and neglect;
- Support and encourage care that promotes positive brain development in children; and
- Improve school readiness for children.

VI. Purpose of funding:

This funding is provided to _____ Public Schools/Parents As Teachers to implement the At Risk Parents As Teachers Program for eligible families aimed at providing parent education services to families with children age 0 to 5.

VII. Description of how funding will be used:

Funding for the At Risk Parents As Teachers Program will be used to reimburse the school district for intensive PAT+ services to eligible families with children from birth to age five who qualify for services.

Under the BCCSF grant, _____ at-risk families will receive supplemental services in addition to the PAT Foundational curriculum. Supplemental services shall be offered at

varying levels and frequency according to each family's strengths and needs, but home visitation with each family must happen, a minimum of one time per month for a minimum period of one hour per month. More frequent home visitation shall occur after consideration of:

- (a) the family's preference
- (b) the health and development of the child
- (c) the parent's knowledge of child development, parenting skills, and parent-child interaction
- (d) the stability of the parent's living arrangements
- (e) the level of social and other community support
- (f) other individual risk factors identified during the family enrollment and assessment process and during subsequent home visits.

In addition to home visits, families will receive incentives for their participation in all parent education activities including group and networking opportunities. They will receive at least 2 opportunities for networking interactions each month, through engagement activities such as planned onsite events, play groups, group connections, Lend and Learn Library access and/or fieldtrips. The parent educator serving the PAT+ families will be directly involved in networking activities.

VIII. Stipulations:

Services provided to families must be consistent with the
_____ Public Schools Parents As Teachers Program.

Staff that come in contact with families through this funding must pass a Family Childcare Safety Registry (FCSR), and a FBI background check with fingerprints through the Missouri Automated Criminal History Site (MACHS) (See attached "Three Step Back Ground Check for PAT+ Parent Educators").

PAT+ educators should have a minimum of one years experience as a parent educator and be trained in the Parents as Teachers Foundational Curriculum. If a school district cannot find a parent educator they should contact FC4C for special supervision guidelines.

The grant requires staff providing home visitation services to complete 12 clock hours of child development, early education, health and safety and/or other approved continuing education each calendar year (this can include PAT Foundational Training).

PAT+ programs must have an approved supervisor and be in compliance with all DESE PAT requirements.

PAT educators serving PAT+ families cannot have a caseload exceeding PAT National guidelines. If a PAT+ educator is also serving families under FC4C's Department of Social Service Grant that educator cannot have a caseload of more than 25 families.

Families served by the At Risk Parents As Teachers Program must have at least one risk factor as identified by PAT National.

IX. Expected outcomes:

Family success will be measured by increased parent knowledge of appropriate early childhood practices, increase in family reading, and participation in networking programs.

Under the BCCSF grant, the program must address the following outcomes and meet the following measures for each family served:

- a. Services must be provided that address the appropriate social/emotional development level of the children served under the age of five (5) as screened by the Ages & Stages Questionnaires. The contractor must utilize the Ages & Stages: Social Emotional, a standardized screening tool, or DESE and PAT approved social emotional screeners, at the time of enrollment into the program or when the child attains six (6) months of age, whichever is applicable, and at intervals of every six (6) months after that until the child attains the age of three (3) years.

Measure: The contractor shall screen the social and emotional development levels of 100% of the children under the age of five (5) using the Ages & Stages Questionnaires: Social Emotional and/or DESE and PAT approved social emotional screener.

- Sub-Measure: The contractor shall make appropriate referrals for additional services to address the identified needs for 100% of the children under the age of five (5) that are screened as being below the appropriate social and emotional level of development.

- b. The program must identify developmental delays in the children served and referrals to and follow-up with appropriate service and support agencies at their time of enrollment into the program and at intervals of every six (6) months after that until the child attains the age of five (5) years.

Measure: The contractor must screen the developmental levels of 100% of the children under the age of five (5) using the Ages & Stages Questionnaires and the ASQ-SE.

- Sub-Measure: The contractor must make appropriate referrals for additional services to address identified needs for all of the children under the age of five (5) that are screened as being below the appropriate developmental level.
- Sub-Measure: The contractor must ensure a minimum of 95% of the children referred for further developmental level evaluation and services will be enrolled in appropriate services and begin receiving these services prior to leaving the program.

- c. Services provided must support and demonstrate improvement in the overall health, safety, and well-being of the children under the age of five (5) served by the program.

Measure: A minimum of 95% of the children receiving services from the program will not be a victim of substantiated child abuse and neglect and compliance with immunization goals will be tracked.

- d. The program must provide reduction of parent stressors as measured by a stress screening tool.

Measure: 100% of the parents receiving services from the program must measure stress levels by the stress screening tool, The Everyday Stressor Index, (ESI) or a postpartum depression index, The Edinburgh Postnatal Depression Scale, at their time of enrollment into the program and at intervals of every twelve (12) months after that until the family leaves the program.

- Sub-Measure: The contractor must provide appropriate referrals for additional services to address the identified areas of concern for 100% of the parents that are shown to have high levels of stress or for whom areas of stress are identified.
- e. The program must demonstrate reduction of subsequent births to teens.

Measure: 90% of the teenaged parents enrolled in the program will not become pregnant during their participation in the program.

- f. The program must increase every child's access to books, language, and reading.

Measure: The contractor must ensure that 100% of the families enrolled in the program have a minimum of four (4) age-appropriate books for each child under the age of five (5) they have in their home.

X. Agreement period:

This subcontract shall be in effect from July 1, 2017 – Dec. 31, 2017, unless altered by a mutually acceptable written amendment signed by authorized representatives of First Chance for Children and _____ Public Schools/Parents As Teachers

- XI. Funding:** Up to \$(1000 dollars per family served in a fiscal year) to be used for costs associated with hiring and supporting a parent educator to provide services.
_____ School District has been assigned 10 family slots.

Breakdown of this budget must be:

- 90% for salary, benefits and mileage for the parent educator
- 10% of the budget may be used to cover incidental expenses incurred by the district to support the PAT+ program.

Additional funds will be available for incentives, group events, field trips, Lend and Learn Libraries, and staff training with approval from FC4C. Funding cannot be

guaranteed beyond contract effective dates and is subject to FC4C's funding by the BCCSF.

XII. First Chance for Children's responsibilities:

Accept funding from the BCCSF to support this subcontract.

Distribute payments to _____ Public Schools/Parents As Teachers upon receipt of invoices for expenses incurred to implement the Parents As Teachers Program.

Report outcomes to the BCCSF as required.

Identify a primary contact person within First Chance for Children for the purpose of this subcontract. This contract person will be available to help the school district with questions about this contract, working with at-risk families, identification of resources, and creating and supporting group activities.

XIII. _____ Public Schools/Parents As Teachers responsibilities:

Accept First Chance for Children ECDEC funding to implement the At Risk Parents As Teachers Program as outlined in this subcontract.

Provide parent education services to eligible participants as described in Section VIII and IX of this subcontract.

Ensure that families reported in outcomes meet funding eligibility criteria described in Section VIII of this subcontract.

Report participating families' names and birthdates monthly.

Report quarterly progress and outcomes.

Submit invoices for expenses incurred through the At Risk Parents As Teachers (PAT+) Program.

Identify a primary contact person on staff with the _____ Public Schools/Parents As Teachers for communication with First Chance for Children.

Share family mailing lists and information from database with First Chance for Children as requested.

Keep data on each visit that includes but is not limited to: Names of all participants, birthdates of all participants, time and duration of each visit and summary of each visit. All data must be kept in a format that can be accessed for 7 years. If a site is using Visit Tracker or the new Penelope system, a hard copy of each visit must be made available upon request.

Serve a minimum of 75% of the allotted family slots within the first three months of the contract and 90% of the family slots through the remained of the yearly contract.

Notify First Chance for Children if program will not incur funding on particular projects so funding can be reallocated.

Maintain professional liability insurance on any parent educator implementing this grant.

**XIV. In addition to the above, _____ Public
Schools/Parents As Teachers shall comply with the following:**

Bonding: During the terms of this agreement, the subcontractor shall maintain adequate bonds on all persons who will receive, disburse or in any way handle the money provided by First Chance for Children pursuant to this agreement. Said bonds shall guarantee that First Chance for Children will be fully reimbursed and insured against any financial loss in the event the subcontractor defaults, fails to perform or fails in any way to comply with the letter or spirit of this agreement.

Confidentiality: All employees, officers and representatives of the subcontractor shall preserve the confidentiality of information and documentation as is required pursuant to state law. Should it come to the attention of the subcontractor that there has been any violation of discrimination of confidentiality, they have a responsibility to notify the State of Missouri at once.

Verification of expenditures: First Chance for Children shall have the right to recover from the subcontractor all funds for which adequate verification and full documentation of expenditures is not maintained. Adequate verification and full documentation as used in this paragraph shall mean that the subcontractor's records are such that an orderly examination by a reasonable person is possible and can be conducted without the use of information extrinsic to records and such that an examination can readily determine whether the subcontractor's services were, in fact, provided, and whether they were in accordance with the terms of this agreement of applicable federal and state regulations. The subcontractor shall have the burden of establishing said verification. Failure to maintain adequate verification and full documentation of services provided shall be a material breach of this agreement and shall be cause for the termination this agreement.

State/Federal law compliance: Subcontractor agrees to comply with the Fair Labor Standards Act, as amended; the Employment Practices Act, as amended; 1964 Civil Rights Act, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; the Omnibus Reconciliation Act of 1981, as amended; the Americans with Disabilities Act of 1990, as amended; and all other applicable Federal and State laws which prohibit discrimination in employment and in the delivery of services on the basis of race, color, national origin, age, sex, disability or religious belief.

Nepotism: Pursuant to Article VII, Section 6 of the Constitution of the State of Missouri, as well as all other applicable Federal and State laws and regulations, the subcontractor acknowledges and agrees that the money provided by the Partnership pursuant to this agreement shall not be used to promote or further nepotism. The subcontractor, it's employees, officers, agents or it's governing board and its members shall not knowingly have or acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services covered under this agreement.

Lobbying/Political contributions: The subcontractor acknowledges and certifies that the subcontractor is currently in compliance with, and shall continue to comply with Title 31, Section 1352 of the United States Code, as amended, as well as all other applicable Federal and State laws and regulations addressing lobbying and political contributions.

Liability: First Chance for Children shall not be held liable for issues that arise during execution of this contract.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

n/a

c. Provide justification for the request for one-time funding. (600 character limit)

n/a

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Family Education

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Develops communication and coping skills with the goal of strengthening family relationships

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Lend & Learn Toy Libraries (L&L) provide a safe and inclusive location, where young children and their parents can explore toys that develop all domains of development including social-emotional, cognitive, motor and language development. Toys can be enjoyed at the library or borrowed at no cost. The toy libraries also provide opportunities for parents to connect with other parents and creates an environment for strong cultural diversity. For many families, the L&L is the only free, safe, clean space that offers regular nutritional snacks and opportunities to play. Each month the L&L will focus on a different developmental topic and activity. Last year alone the L&L served over 2,000 families who do not have regular access to healthy, nutritional foods or developmentally appropriate play spaces. In addition to the activities and snacks, participants have access to screen their children for any developmental concerns and ask questions to a trained family resource specialist, who is available at all L&L hours. The family resource specialist will also help model effective parenting behavior, connect families to community resources, and facilitate a positive environment of family engagement. The L&L will have spaces in: Columbia, Centralia, Ashland, Harrisburg, Hallsville and Sturgeon to ensure the entire county has access to a safe play space. Each space will be open different hours depending on the community's capabilities, but will be open at least once a month. Libraries are open for all families with children ages birth to five, regardless of income. This is targeted to have the greatest effect for families in low-income, and stressful situations, however all families can benefit from this service. Providing developmentally appropriate activities especially for stay at home parents can be stressful and isolating for all families. These L&L locations will help reduce stress, isolation, and help improve family-well being and kindergarten readiness. Families are welcome at any library in the county, but are encouraged to attend hours at the location closest to their residence. In addition to regular L&L hours, FC4C will collaborate with Parent Link to provide evening hours through their Cub Hub program during school semesters so that student parents can study with a safe place for their children to play. FC4C will also collaborate with school districts. In each of the towns outside of Columbia the L&L's will be staffed by the local Parents as Teachers program Parent Educator. Columbia L&L partners with the University of Missouri's Service Learning Program to provide support staff in the library, the School of Social Work and Human Development and Family Studies to give students internships.

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

1 family visit typically lasting 2 hours, unit cost is per family which averages 3.8 undup. individ.

b. Unit Rate (#1)

\$41.67

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

This unit rate includes: cost of toys, activity materials, snacks, staff time to maintain the resources for families, cleaning toys, maintaining the space, staff time to cover family intake and parent education as well as supervise University of Missouri Service Learning Students. All of these costs are the minimum necessary to provide a excellent Lend & Learn Library experience. Unit cost is per family which averages 3.8 unduplicated individuals

d. Total Number of Units of Service to be Provided (#1)

2400

e. Total Number of Unduplicated Individuals (#1)

760

f. Average Number of Units of Service per Unduplicated Individual (#1)

3.16

g. Average Cost of Service per Individual (#1)

131.59

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Individuals will not be charged because this space is intended to be inclusive for all families, regardless of income. Charging a fee, even on a sliding scale could create a barrier to access, or stigma of using our services.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Our services are not recognized as billable services by any third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

This is not applicable since we will not be charging anyone for services.

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

No (if no, move on to the Funding Request section.)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$0.00	1a2. 0	1a3. \$0.00
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$100,008.00

b. Proposed Number of Units of Service (#1)

2400

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or

enabling the organization access to funding from other funding sources. (#1) (600 character limit)

This level of funding will expand our capacity to serve all families in Boone County, regardless of where they live in the county. This will ensure a trained family resource specialist will be at each L&L location. It will also allow us to update our facilities in each location, providing new toys, activities and games to families who, without our facilities, might not have access to such materials. It will also allow us to provide nutritional snacks at each location, another resource often inaccessible by low-income families.

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Reduced social isolation	50% (n=100) of L&L participants will indicate improved connectedness	Quarterly parent input & satisfaction survey
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
Increased access to resources	50% (n=100) of L&L participants will utilize the check-out closet	List of resources checked out or taken from the check-out closet.
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Improved kindergarten readiness	100% (n=200) of families will have access to ASQ/SE screeners and a parent educator	Number of Ages and Stages Questionnaire and Ages and Stages-Social Emotional Questionnaire given
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)

Service #1 - Performance Measures Narrative**a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

Participation in L&L is tied to better parenting and developing protective factors. Making community connections is one of the protective factors and these gatherings support that by bringing families together. They also can help with stress reduction as parents gain information about how their child's actions and development are like other children. The space allows children to play with developmentally appropriate activities. All of these cumulate to help improve the skills needed for kindergarten readiness.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

It can be difficult to get families in poverty to engage in these types of social activities because they might be fearful of judgment. To combat this we have a space centrally located, reduce the stigma of using our services by having no service fee and having services open to all families, and help connect families to transportation, another large barrier.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

1-1 It can be difficult to gather feedback, especially from families in high stress situations, we anticipate 50% of families engaging in the quarterly surveys.

1-2 Families who attend the L&L might not need items in the check-out closet, and others might feel embarrassed. We will employ efforts to reduce this, but we anticipate 50% to check out, or take items.

1-3 There will be the possibility of doing a paper, or online ASQ and ASQ-SE at all times, leading to 100% availability.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

1-1 Confidential quarterly surveys are one of the best ways to gather accurate feedback from families

1-2 A list of all items used or taken helps track what we need the most of, and what is used most often by families so we can increase access to like items

1-3 The ASQ & ASQ-SE are evident based questionnaires to measure development. On track development is a key indicator of kindergarten readiness.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Community Collaboration

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Coordinates the partnership of stakeholders to collectively improve health, social, educational, and economic opportunities for the community.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to

fully understand how this program service will be delivered. (3000 character limit)

Group Events & Community Outreach- Families participating in our group events and our parenting trainings will receive current child development information and strategies to use while working with their children. Additionally families will acquire stress reduction strategies, health and safety information, community resource connection information and incentives. Most events will take place in a home community environment within Boone County so families will not have to travel to Columbia to participate. Events will last approximately 2 hours and a snack or meal will be available. Events will be structured to include a parent education component, a family activity component, and a stress reduction socialization component. All events will be family friendly so parents and children can participate together and early childhood professionals will be on site at each event to model positive child/caregiver interactions, and answer questions regarding child development or parenting strategies. Efforts will be made to inform partner agencies of upcoming events and training opportunities.

We will have several tiers of events to impact large groups of children within the County. Community and outreach events will be open to all families with age eligible children. This is an opportunity for families from across the community to attend and spending meaningful time with their children. This style of event is vital for creating an inclusive, respectful community with low barriers to service. Our Messy Day is an example of this event bringing together a cross section of the community for activities, education and food. First Chance for Children group events are catered to more specific demographics and are designed to build social connections for families and create communities of support. FC4C will partner with organizations like Columbia Square and CCUA to present valuable activities for small groups of children and families. And lastly, our parent training component will be available to families on an FC4C caseload are designed to provide critical information on child safety and welfare, the importance of having a nurturing parent/child relationship, stress management and other common issues faced by families living in poverty. These Parent Cafe's will be facilitated by a trained FC4C Family Resource Specialist with the intent of education on how to have a more positive parenting experience.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

One family's participation in a group event or parenting training, typically lasting 1-2 hrs.

b. Unit Rate (#2)

\$15.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

This unit rate includes: cost of activity materials, incentives, snacks, staff time to plan and implement events, resources for families, cleanup of events, and cost of event space. All of these costs are the minimum necessary to provide an engaging event to increase family wellbeing and kindergarten readiness. Unit cost is per family which averages 3.8 unduplicated individuals.

d. Total Number of Units of Service to be Provided (#2)

2000

e. Total Number of Unduplicated Individuals (#2)

760

f. Average Number of Units of Service per Unduplicated Individual (#2)

2.63

g. Average Cost of Service per Individual (#2)

39.47

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Individuals will not be charged because events are intended to be inclusive for all families, regardless of income. Charging a fee, even on a sliding scale could create a barrier to access, or stigma of using our services.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

Our services are not recognized as billable services by any third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

n/a

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>
	2a1.	2a2.	2a3.
a Boone County - Children's Services Funding (#2)	\$28.50	750	\$21,375.00
	2b1.	2b2.	2b3.
b. Boone County - Community Health Funding (#2)	\$0.00	0	\$0.00
	2c1.	2c2.	2c3.
c. City of Columbia - Social Services Funding (#2)	\$0.00	0	\$0.00
	2d1.	2d2.	2d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#2)	\$0.00	0	\$0.00
	2e1.	2e2.	2e3.
e. Heart of Missouri United Way Funding (#2)	\$0.00	0	\$0.00

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$30,000.00

b. Proposed Number of Units of Service (#2)

2000

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

This level of funding will expand our capacity to serve all families in Boone County, regardless of where they live in the county. This will ensure funding for a trained family resource specialist to be at each group event. It will also allow us to provide activities, snacks, books, diapers, wipes and other incentives at our events. These resources are often inaccessible by low-income families, this level of funding will help increase family wellbeing and reduce the number of family crises.

Service #2 - Performance Measures

Outcome (2-1)

Families from rural, undeserved Boone Co.

Indicator (2-1)

Families will participate in events leading to better parenting skills and increased connections in their community. (Since the entire community will be invited it is

Method of Measurement (2-1)

Sign in sheets and attendance records with name, ages, county,

Communities will participate in events.

difficult to determine a % or an initial "n" but we are estimating at least 200 unduplicated families)

and phone numbers will be kept for each event.

Additional Outcome (2-2) Additional Indicator (2-2)

Families will receive information on topics they find relevant to their needs

50% (n=100) of families will provide feedback on the events and give suggestions for future topics

Additional Method (2-2)

A feedback form will be handed out at each event. Information will be collected and used to improve future events

Additional Outcome (2-3) Additional Indicator (2-3)

Events will improve health, social, educational, and economic opportunities of families

100% of events will be centered around topics to improve family outcomes (an initial n= is difficult to determine, we will provide monthly events in all communities in Boone County

Additional Method (2-3)

A detailed record of the activities, information, and agencies collaborated with at the events will be kept

Additional Outcome (2-4) Additional Indicator (2-4)

Additional Outcome (2-5) Additional Indicator (2-5)

Additional Method (2-4)

Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

Participation in family events is tied to better parenting and and developing protective factors. Making community connections is one of the protective factors and these events support that by bringing families together. They also can help with stress reduction as parents gain information about how their child's actions and development are like other children.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

It can be difficult to get families in poverty to engage in these types of social activities because they might be fearful of judgment. Location is a key to making sure they are comfortable. Transportation and childcare for older children can be barriers.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

2-1 FC4C wants to provide events for as many families as possible to increase Boone County family's well being.

2-2 It can be difficult to gather feedback at events and based on past participation in feedback forms, we anticipate 50% of families engaging.

2-3 By having 100% of events focused on improve health, social, educational, and economic opportunities of families we can best achieve our overall goals of kindergarten readiness and family wellbeing

d. Provide a rationale for each method of measurement (2). (600 character limit)

2-1 Attendance records on activities help evaluate how well the event was attended and if it should be repeated.

2-2 Evaluations of the events provide feedback on how the event can be improved.

2-3 Detailed records of event collaborators and activities help ensure events are provided on a wide array of topics by multiple community agencies

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Expectant/New Parent Assistance

Service #3 - Taxonomy Definition of Service (300 character limit)

Provides information and support for new parents or parents expecting a child. Information can include infant care, diapering, feeding, developmental stages, and other parenting techniques.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

CRIBS (Community Resources, Infant Beds and Support) provides safe cribs for at-risk families who lack safe sleeping accommodations for their baby. The crib is delivered to the family home and is followed by an additional 5 home visits addressing whole family well-being including discussions on: safe sleep, car seat safety, child abuse and neglect reduction, nutrition, physical activity, smoking/substance usage, and increasing access to community resources. The visits will be delivered to the home by Family Resource Specialist and through partner organizations/school districts. Referrals can be made by parents or through partner organizations. Any family at or below 185% of the poverty line, or who exhibits at least one of Missouri's risk factors for child abuse/neglect who does not have a safe crib is eligible for this program.

When a need is determined in a family either in the early stages of infancy or the late stages of pregnancy, FC4C will be notified or referred to the family. Partner agencies can notify FC4C to acquire a crib and additional materials, and on-board the family to their organization's processes using their normal procedures. If the family is not already committed to a program, FC4C will enroll that person in our CRIBS program with the hopes of engaging them in our full Baby U home visitation program. Upon delivery of the crib (presumably the 1st or 2nd meeting with a family), the Family Resource Specialist will review best practices for safe sleep as well as review common health and wellness issues, the importance of having a PCP, and the impact of tobacco in the home. The Family Resource Specialist will also have their client do an Everyday Stressors index to establish a baseline. This index will be repeated at the 6th visit for the CRIBS program. Both will be returned to FC4C. A partnership exists with SOAR to provide the FAN programing to families with fussy babies.

Partnerships through each school district in Boone County exist to deliver and refer CRIBS, as well as partnerships with several non-profit organizations,

including but not limited to: Refugee Immigrant Services, Columbia PAT, and LFCS. If other groups present themselves with a home visiting platform and clients with a need, they will be considered for this partnership.

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

One CRIBS visit, typically lasting 45 minutes.

b. Unit Rate (#3)

\$75.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

This rate is lower, but comparable to the Department of Social Services rate for home visitation. The DSS rate is \$161, however we are asking for \$75 because we expect visits to be shorter with these visits and planning time to be less, since the curriculum is predetermined and information given to each family is standard, reducing staff time. This rate also includes delivery of one safe crib, crib sheets, safety and baby care items, a book, and Children's Trust Fund safety education. Unit cost is per family which averages 3.8 unduplicated individuals.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

d. Total Number of Units of Service to be Provided (#3)

600

e. Total Number of Unduplicated Individuals (#3)

380

f. Average Number of Units of Service per Unduplicated Individual (#3)

1.58

g. Average Cost of Service per Individual (#3)

118.42

Service #3 - Service Fee

a. Will the proposed service (#3) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

It would be inappropriate to charge families in need a fee. To best serve clients all services will be provided free of charge to reduce their stress and increase well-being.

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)

If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)

Our services are not recognized as billable services by any third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

n/a

Service #3 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#3)

No (if no, move on to the Funding Request section)

Service #3 - Other Funders Chart

<u>Funders (#3)</u>	<u>Unit Rate (#3)</u>	<u># of Units Funded (#3)</u>	<u>Total Amount Contracted (#3)</u>

b. Boone County - Community Health Funding (#3)	3b1. \$0.00	3b2. 0	3b3. \$0.00
c. City of Columbia - Social Services Funding (#3)	3c1. \$0.00	3c2. 0	3c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#3)	3d1. \$0.00	3d2. 0	3d3. \$0.00
e. Heart of Missouri United Way Funding (#3)	3e1. \$0.00	3e2. 0	3e3. \$0.00

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$45,000.00

b. Proposed Number of Units of Service (#3)

600

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

This level of funding will expand our capacity to serve more families in Boone County, regardless of where they live in the county. This will ensure a trained family resource specialist is visiting families. It will also allow us to provide families any crisis items they might need including formula, diapers, wipes, and safety items.

Service #3 - Performance Measures

Outcome (3-1)

Reduce rates of SIDS

Indicator (3-1)

100% (n=100) of families who receive a crib will not have a child die due to sleep related death during baby's first 6m.

Method of Measurement (3-1)

No parent will report that they have experienced the death of a child because of a sleep related issue. Home visitors will also see the child monthly during their in home experiences.

Additional Outcome (3-2)

Families will report less stress / anxiety and improved mental health after services

Additional Indicator (3-2)

50% (n=50) take the Every Day Stressors Inventory on a 1st and 6th visit.

Additional Method (3-2)

The Every Day Stressor inventory administered at baseline and in 6 months.

Additional Outcome (3-3)

Mothers will be given the Edinburg Postnatal Depression Scale.

Additional Indicator (3-3)

100% (n=100) mothers will be encouraged to share the results of the Edinburg Postnatal Depression Scale with their OBGYN at their next visit.

Additional Method (3-3)

Mothers will complete the Edinburg Postnatal Depression Scale with in one month of child's birth if applicable and share with their OBGYN.

Additional Outcome (3-4) Additional Indicator (3-4)

Additional Method (3-4)

Additional Outcome (3-5) Additional Indicator (3-5)

Additional Method (3-5)

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

Eliminating SIDS risk factors, reducing stress and maternal depression issues are key factors impacting at-risk children well-being and school readiness as well as helping new parents feel prepared to parent. Program materials are directly tied to improving parenting skills and giving families the child information they need to succeed. These measures will help the CRIBS educators work with at-risk families.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

Infants deaths could potentially happen due to issues other than sleep, some families experience extreme situational stressors including homelessness causing them to drop out of the program before measures can be collected.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

3-1 Research shows that having a safe place to sleep dramatically reduces risk of sleep related SIDS deaths, therefore by providing this along with education surrounding the risk of SIDS and other health and safety measures, a child's risk should dramatically decrease.

3-2 While we will give an ESI at 6m intervals, approximately 50% families drop out before this can happen.

3-3 The Edinburg Postnatal Depression Scale will be given at the first visit, so 100% of families receiving a crib will receive the scale.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

3-1 Parental report when it comes to health and safety is an accurate measure, as is home visitor report.

3-2 The ESI is an evidence based method to measure stress.

3-3 the Edinburg Postnatal Depression Scale is an evidence based scale to measure postpartum depression.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Parenting Skills Training

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Develops effective parenting skills

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The Baby U Home Visitation program serves at-risk families at the time they need it most by helping to develop effective parenting skills. Families are visited 2-3 times a month depending on need. Families qualify for this program if they possess one or more risk factors for child abuse/neglect. It is based on the PAT and Nurturing Parenting models of home visitation designed to strengthen families by developing protective factors. Together, the models address social/emotional competencies for children and parents making it a model that spans two generations. A trained Family Resource Specialist (FRS) conducts intentionally designed home visits based on the family and children's developmental needs. Screenings are conducted in all areas of child development including social/emotional. Maternal depression and stress are monitored. Wellness and prevention is the focus of Baby U and the family is supported if referrals for additional services are needed. School district PATs, as well as FC4C FRSs, would conduct this service.

Another key part of the program is the expertise/support FC4C supplies to the school districts. Small school districts struggle to operate home visitation programs because of lack of funding from the state. Their PATs often work alone. FC4C provides support to the school districts PATs in recruitment of families, group activities, and in-service. In-service would focus on social/emotional training such as: Devereaux Early Childhood Assessment, Ages & Stages: Social/Emotional and Trauma Response.

Through this program Ashland, Hallsville, Harrisburg, and Centralia, & Sturgeon would get additional funds to serve more families. Currently, FC4C supports 125 families in Columbia alone.

Baby U program is based on the PAT and Nurturing Parenting home visitation evidenced-base models, but it goes much further in meeting families where they are at and providing services customized for the family.

HVs are often in small districts and often lack collaboration opportunities. FC4C's staff is trained in the PAT and Nurturing Parenting model and has over

90 years of experience working with at-risk populations. They are equipped to provide support to small districts. The staff have expertise to help the local PAT especially in recruitment, retention of families, and group events. FC4C has strong relationships with Boone County Health Department's WIC program, as well as social work staff at both local hospitals to help identify potential families. These partners access our Baby Bag and CRIBS programs, and then refer families to our Baby U program. This support of the Baby U program from partner agencies has the potential to serve the families the day they bring their baby home, providing wrap around services for entire families until their children enter Kindergarten.

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

One hour of home visitation

b. Unit Rate (#4)

\$150.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

FC4C proposes to use a blended Parents As Teachers and Nurturing Parenting model to deliver our home visitation services to families. The FC4C model has two additional components. One being incentives/ crisis supplies and mental health services and the second being monthly family group events. FC4C's State DSS rate for similar services is \$161.00 per family per month. Unit cost is per family which averages 3.8 unduplicated individuals.

d. Total Number of Units of Service to be Provided (#4)

2400

e. Total Number of Unduplicated Individuals (#4)

760

f. Average Number of Units of Service per Unduplicated Individual (#4)

3.16

g. Average Cost of Service per Individual (#4)

473.68

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

It would be inappropriate to charge families in need a fee. To best serve clients all services will be provided free of charge to reduce their stress and increase well-being.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

Our services are not recognized as billable services by any third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

n/a

Service #4 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)

Yes (complete the Other Funder's Chart below)

Service #4 - Other Funders Chart

<u>Funders (#4)</u>	<u>Unit Rate (#4)</u>	<u># of Units Funded (#4)</u>	<u>Total Amount Contracted (#9)</u>
a. Boone County - Children's Services Funding (#4)	4a1. \$128.00	4a2. 1020	4a3. \$130,560.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)
\$360,000.00

b. Proposed Number of Units of Service (#4)
2400

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

This level of funding will expand our capacity to serve more families in Boone County, regardless of where they live in the county. This will ensure a trained family resource specialist is visiting families providing important information on child development and addressing family needs. It will also allow us to provide families any crisis items they might need including formula, diapers, wipes, and safety items.

Services #4 - Performance Measures

Outcome (4-1)

Parents will be better informed about the development of their child & learn realistic expectations for developmental behaviors of their children.

Additional Outcome (4-2)

Indicator (4-1)

75% (n=150) parents be informed at 6 month intervals about the child's development using the Ages and Stages: Social Emotional Questionnaires (ASQ-SE)

Additional Indicator (4-2)

Method of Measurement (4-1)

The Ages and Stages: Social/Emotional Questionnaire (ASQ-SE) will be use to measure child development at 6 month intervals.

Additional Method (4-2)

Mothers will be given the Edinburg Postnatal Depression Scale.

Additional Outcome (4-3)

Mothers will report less stress / anxiety after services

Additional Outcome (4-4)

Families will be more resilient and feel less stress as they develop protective factors.

Additional Outcome (4-5)

100% new mothers will be encouraged to share the results of the Edinburg Postnatal Depression Scale with their OBGYN at their next visit.

Additional Indicator (4-3)

75% (n=150) will show improvement on anxiety/stress as measured by the Every Day Stressors Inventory on a 6 month basis.

Additional Indicator (4-4)

75% (n=150) of families will make progress on self selected goals from family strengthening work in home visits.

Additional Indicator (4-5)

Mothers will complete the Edinburg Postnatal Depression Scale with in one month of child's birth if applicable and share with their OBGYN.

Additional Method (4-3)

The Every Day Stressor inventory administered at baseline and every 6 months.

Additional Method (4-4)

Families will identify goals based on information gathered on the Everyday Stressors Index (ESI).

Families will develop and monitor progress on goals using the Family-Centered Assessment/Goal Plan.

Additional Method (4-5)

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

Improving mental health, reducing stress and maternal depression issues, understanding development, and increasing family resiliency are key factors impacting at-risk children well-being and school readiness. Program materials are directly tied to improving parenting skills. These measures will help the Baby U educators work with at-risk families.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

Some families experience extreme situational stressors including homelessness causing them to drop out of the program before measures can be collected, or to skew their results.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

Indicators 4-1, 4-3, and 4-4: the retention rate for our Baby U families is approximately 75%, and we anticipate providing this outcome for all families we retain.

4-2 The Edinburg Postnatal Depression Scale will be given at the first visit, so 100% of mothers who have just given birth will receive the Edinburg. It is difficult to estimate how many families (n=) will have newborns or join our program with children outside the age that this scale is appropriate.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

4-1 The ASQ & ASQ-SE is an evidence based questionnaire to measure development.

4-2 The Edinburg Postnatal Depression Scale is an evidence based scale to measure postpartum depression.

4-3 & 4-4 The ESI is an evidence based method to measure stress and to develop goals.

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

Crisis Intervention

b. Service #5 - Taxonomy Definition of Service (300 character limit)

Access to services to resolve an immediate crisis and/or link to ongoing assistance.

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Baby Bags- Families who receive services under our crisis services will receive Baby Bags, diapers, wipes, car seats, or other items needed to provide care and comfort to their children. Families who access this service will also receive an informal needs assessment to ensure that other needed resources, not provided by FC4C, can be easily secured through our partnering agencies. Most families who receive the Crisis services have newborn/infant children. Families in crisis with very young children are extremely susceptible to stress and depression. For this reason most, if not all, requests for Crisis services will be handled within 24 hours of the request being made. FC4C staff or partnering agencies will deliver requested items to families. All partnering agencies delivering baby bags will be fully trained on safe sleep practices and parenting information related to Children's Trust Fund "Never Shake a Baby" education. Partner agencies to date include: Refugee and Immigration Services, PAT's in all school districts, LFCS, Safe Kids, University and Boone Hospitals. Families receiving the crisis services will also be provided with information about our Lend & Learn Libraries and group events/parent trainings and encouraged to participate. It is our goal to connect families in crisis with other families who may be able to become a support and education system. Services will be delivered to families within their homes thus relieving the need for families to find transportation. All families residing within Boone County with age eligible children who exhibit risk factors may participate in our crisis services.

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

One crisis unit usually including a baby bag, diapers & wipes, car seat, formula, or other item.

b. Unit Rate (#5)

\$35.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

This unit rate is the average cost of many of the possible incentives a family might need in their time of crisis and staff time to deliver the items. Unit cost is per family which averages 3.8 unduplicated individuals.

d. Total Number of Units of Service to be Provided (#5)

572

e. Total Number of Unduplicated Individuals (#5)

1900

f. Average Number of Units of Service per Unduplicated Individual (#5)

0.3

g. Average Cost of Service per Individual (#5)

10.54

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

It would be inappropriate to charge families in need a fee. To best serve clients all services will be provided free of charge to reduce their stress and increase well-being.

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

Our services are not recognized as billable services by any third-party payor.

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

n/a

Service #5 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#5)

Yes (complete the Other Funder's Chart below)

Service #5 - Other Funders Chart

<u>Funders (#5)</u>	<u>Unit Rate (#5)</u>	<u># of Units Funded (#5)</u>	<u>Total Amount Contracted (#5)</u>
a. Boone County - Children's Services Funding (#5)	5a1. \$28.50	5a2. 750	5a3. \$21,375.00
b. Boone County - Community Health Funding (#5)	5b1. \$0.00	5b2. 0	5b3. \$0.00
c. City of Columbia - Social Services Funding (#5)	5c1. \$0.00	5c2. 0	5c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#5)	5d1. \$0.00	5d2. 0	5d3. \$0.00
e. Heart of Missouri United Way (#5)	5e1. \$0.00	5e2. 0	5e3. \$0.00

Service #5 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#5)

\$20,020.00

b. Proposed Number of Units of Service (#5)

572

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#5) (600 character limit)

This level of funding will expand our capacity to provide crisis services to more families in Boone County, regardless of where they live in the county. It will also allow us to expand existing partnerships and offer new partnerships to organizations including Safe Kids and the Police Department. Without this funding, there is no major source for families in Boone County to receive car seats as Safe Kids, the current provider, has no future funding source.

Service #5 - Performance Measures

Outcome (5-1)

Increased family self-efficacy.

Additional Outcome (5-2)

Increased safety of children

Additional Outcome (5-3)

Decreased family stress and risk of

Indicator (5-1)

90% (n=450) families in crisis will reach out to FC4C or a partner organization to receive services in the form of a Baby Bag, diapers, wipes, safety items, home health items, emergency items, food vouchers, car seat or other need.

Additional Indicator (5-2)

100% (n=500) of families identified as needing a safety item we possess will receive said item, including but not limited to car seats and Baby Bags.

Additional Indicator (5-3)

100% (n=500) of families identified as needing crisis items will receive services in a timely fashion

Method of Measurement (5-1)

A complete inventory of services will be kept for all families including family name, item given and date of service. When obtainable qualitative notes will be kept to see if the assistance given helped meet the family's needs and relieved stress.

Additional Method (5-2)

A complete inventory of services will be kept for all families including family name, item given and date of service. When obtainable qualitative notes will be kept to see if the assistance given helped meet the family's needs and relieved stress.

Additional Method (5-3)

A complete inventory of services will be kept for all families including family name, item given and date of service. When obtainable qualitative notes will be kept to see if the assistance given helped meet the family's needs and relieved stress.

child abuse/
neglect

**Additional
Outcome (5-
4)**

Additional Indicator (5-4)

Additional Method (5-4)

**Additional
Outcome (5-
5)**

Additional Indicator (5-5)

Additional Method (5-5)

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

5-1 Families who know where to receive services when they are in need can be less reactive and more effective in their parenting skills.

5-1, 5-2, 5-3 Supplying concrete items in time of need/crisis can help reduce stress and prevent child abuse/neglect. Once immediate needs are taken care of families can focus on larger goals, like strengthening family relationships and kindergarten readiness.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

It can be difficult to track families in high crisis situations, making qualitative records difficult to obtain for all families who receive services.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

5-1 We anticipate 90% of families will reach out, but some will be identified and given services who have not self referred.

5-1, 5-2, 5-3 These are not outcomes that lend themselves to standardized measurement, however we anticipate with this funding being able to provide services to all identified families needing crisis items.

d. Provide a rationale for each method of measurement (#5) (600 character limit)

5-1, 5-2, 5-3 Qualitative records and logs of what items are needed are one of the best ways to track families needs in times of crisis.

5-2 Tracking families who received safety items and keeping notes on safety the of the children is the best way of noting increased safety.

5-3 Tracking how quickly items were received can help improve family wellbeing as receiving items in a timely fashion can dramatically decrease stress and risks of child abuse/neglect.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the **My Shared Files** section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in **My Shared Files**. Names of services and definitions may be found in this document.

* Indicates Required Field

Service #6 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#6)

a. Service #6 - Taxonomy of Service Name (150 character limit)

Best Practices Training

b. Service #6 - Taxonomy Definition of Service (300 character limit)

Provides training to build on or explore best practice techniques

c. Provide a detailed description of the proposed service (#6). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Trainings provided are intended to meet the needs of the community practitioners at the time of implementation and ultimately help improve the kindergarten readiness of Boone County children by creating more competent providers.

Previous to any trainings being provided, FC4C will send out a community needs survey to determine what skills providers feel they need the most help with. The survey will be available to all current partners and additional efforts will be made provide the survey to all providers interfacing with children ages

0-5. Survey results will inform trainings provided.

Trainings will be delivered in a fashion most accessible to providers, either in their community, online, or support will be provided to bring them to an outside location. Trainings will be held during times that are most conducive to provider and partner participation. Post-tests will be used to gauge participant engagement and growth. Snacks or a meal will be provided when applicable. While a training schedule is not yet determined this has been done so intentionally to anticipate training opportunities that arise throughout the year which would be beneficial to our client and provider populations and best improve best practices of service providers. This flexibility is to accommodate the many training opportunities may differ in medium, length and style but will be chosen based on the importance information disseminated and the ease of access for consumers.

The unit cost has been determined to be an average cost of all trainings delivered over the last 2 years. First Chance for Children will facilitate the trainings when necessary and work with partner organizations to find space and participants. Every effort will be made to include partner agencies in these trainings ensuring that LFCS, Parent Link, CCUA, Columbia Square, Safe Kids, SOAR, PAT, RIS, and other agencies in Boone County have access to trainings on best practice for our families. While the trainings will directly impact provider's knowledge and best practices, this knowledge will ultimately help improve the lives of children and families in Boone County.

0

Service #6 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#6)

One individual trained

b. Unit Rate (#6)

\$200.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#6)

c. Is the proposed Unit Rate (#6) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#6) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#6) (600 character limit)

This rate is average cost to provide best practice training based upon our costs of providing said types of training in previous years. The cost includes: staff time to set up and run training, attendance cost, speaker fees, refreshments, and training materials.

d. Total Number of Units of Service to be Provided (#6)

100

e. Total Number of Unduplicated Individuals (#6)

50

f. Average Number of Units of Service per Unduplicated Individual (#6)

2

g. Average Cost of Service per Individual (#6)

400

Service #6 - Service Fee

a. Will the proposed service (#6) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#6) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#6)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#6). (600 character limit)

FC4C understands the barriers early childhood educators face including low wages, making cost a barrier to attending best practices training. By not charging participants to attend we can help improve provider attendance and competencies, leading to greater kindergarten readiness and family wellbeing.

b. Is this proposed service (#6) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#6) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#6) (600 character limit)

If No - Explain why the proposed service (#6) is not billable to a third-party payor. (600 character limit)

Our services are not recognized as billable services by any major payor. The amount received by other funders below is the total number of units we received for several different trainings, the total amount allocated, and the average unit cost from those trainings.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#6) (600 character limit)

n/a

Service #6 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#6)**

Yes (complete the Other Funder's Chart below)

Service #6 - Other Funders Chart

<u>Funders (#6)</u>	<u>Unit Rate (#6)</u>	<u># of Units Funded (#6)</u>	<u>Total Amount Contracted (#6)</u>
a. Boone County - Children's Services Funding (#6)	6a1. \$205.88	6a2. 68	6a3. \$14,000.00
b. Boone County - Community Health Funding (#6)	6b1. \$0.00	6b2. 0	6b3. \$0.00
c. City of Columbia - Social Services Funding (#6)	6c1. \$0.00	6c2. 0	6c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#6)	6d1. \$0.00	6d2. 0	6d3. \$0.00
e. Heart of Missouri United Way Funding (#6)	6e1. \$0.00	6e2. 0	6d4. \$0.00

Service #6 - Funding Request**a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#6)**

\$20,000.00

b. Proposed Number of Units of Service (#6)

100

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#6) (600 character limit)

This level of funding will improve the competency of at least 50 early childhood education providers in several different roles including home visitation, therapy, group events, case management, and supervisors. By improving their competency in working with families they can better help families improve overall wellbeing and kindergarten readiness.

Service #6 - Performance Measures**Outcome (6-1)**

Service providers will complete the best practices training

Additional Outcome (6-2)

Service providers will be more competent in the topic provided

Indicator (6-1)

100% (n=100) community service providers will attend the entire training.

Additional Indicator (6-2)

75% (n=75) community service providers will report improved competency

Method of Measurement (6-1)

Sign in sheet and post test at the end of the training will serve as proof of completion.

Additional Method (6-2)

Post test at the end of the training will include questions indicating level of competency obtained

Additional Outcome (6-3)

Additional Indicator (6-3)

Additional Method (6-3)

Additional Outcome (6-4)

Additional Indicator (6-4)

Additional Method (6-4)

Additional Outcome (6-5)

Additional Indicator (6-5)

Additional Method (6-5)

Service #6 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#6) (600 character limit)

Attendance and increased competency in working with families providers can better help families improve overall wellbeing and kindergarten readiness.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#6) (600 character limit)

Staff turnover is an ongoing issue when it comes to early childhood programming. Providers who receive skills from trainings might transfer organizations or leave the field.

c. Provide a rationale for the measurement level(s) for each indicator. (#6) (600 character limit)

6-1 Once providers have signed in to a training, it is assumed they will stay for the entire duration.

6-2 We anticipate to provide trainings on information that will improve the competency for all who attend, however sometimes attendees might not find the information helpful.

d. Provide a rationale for each method of measurement. (#6) (600 character limit)

6-1 A sign in sheet is an accurate way count number of attendees.

6-2 Provider feedback is an accurate way to understand how the training improved skills and knowledge.

	8c1.	8c2.	8c3.
c. City of Columbia - Social Services Funding (#8)	\$0.00	0	\$0.00
	8d1.	8d2.	8d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#8)	\$0.00	0	\$0.00
	8e1.	8e2.	8e3.

Service #8 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#8)

\$0.00

b. Proposed Number of Units of Service (#8)

0

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#8) (600 character limit)

Service #8 - Performance Measures

Outcome (8-1)	Indicator (8-1)	Method of Measurement (8-1)
Additional Outcome (8-2)	Additional Indicator (8-2)	Additional Method (8-2)
Additional Outcome (#3-3)	Additional Indicator (8-3)	Additional Method (8-3)
Additional Outcome (8-4)	Additional Indicator (8-4)	Additional Method (8-4)

Service #8 - Performance Measures Narrative

- a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#8). (600 character limit)
- b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#8). (600 character limit)
- c. Provide a rationale for the measurement level(s) for each indicator (#8). (600 character limit)
- d. Provide a rationale for each method of measurement (#8). (600 character limit)

Service #9 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#9)

- a. Service #9 - Taxonomy of Service Name (150 character limit)
- b. Service #9 - Taxonomy Definition of Service (300 character limit)
- c. Provide a detailed description of the proposed service (#9). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #9 - Outputs

- a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#9)

- b. Unit Rate (#9)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#9)

- c. Is the proposed Unit Rate (#9) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#9) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#9) (600 character limit)

- d. Total Number of Units of Service to be Provided (#9)

0

- e. Total Number of Unduplicated Individuals (#9)

0

- f. Average Number of Units of Service per Unduplicated Individual (#9)

0

- g. Average Cost of Service per Individual (#9)

Service #9 - Service Fee

- a. Will the proposed service (#9) consumers be charged a fee?

If Yes - Provide a description of and a rationale for the service fee (#9). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#9)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#9). (600 character limit)

- b. Is this proposed service (#9) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#9) (600 character limit)

If No - Explain why the proposed service (#9) is not billable to a third-party payor. (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#9) (e.g. catastrophic

Service #9 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#9)

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

4.3.1. Negotiations may be conducted in person, in writing, or by telephone.

4.3.2. Negotiations will only be conducted with potentially acceptable proposals.

4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.

4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.

4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

Printed Name - Organization Executive Director/President/CEO

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract

Early Assessment and Intervention Services for Outcomes Now (EAIS-ON)

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "BCCSB" and **Great Circle** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **GC**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, GC has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY GC

GC is expected to the greatest extent possible to maximize funding from all other sources. GC shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. GC shall only request reimbursement for services not reimbursable by any other source. GC shall not invoice the Children's Services Fund for units of service invoiced to another funding source. GC shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** GC will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and GC's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over GC's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from GC and GC agrees to furnish the **Early Assessment and Intervention services for Outcomes Now (EAIS-ON)** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in GC's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$214,129.85** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of January 1, 2018 and extend through December 31, 2018 subject to the provisions for termination specified below. GC agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of GC be renewed for an **additional one (1), one-year period**. GC agrees and understands that the BCCSB may require supplemental information to be submitted by GC prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Individual Therapy – Child	One hour	\$49.15	1,125	\$55,293.75
Individual Therapy – Adult	One hour	\$40.96	1,284	\$52,592.64
Family Therapy	One hour	\$68.26	761	\$51,945.86
Behavioral Health Assessment	One assessment	\$115.40	344	\$39,697.60
Substance Use Disorder Assessment	One assessment	\$150.00	18	\$2,700.00
Individual Therapy – Child (Substance Use Disorder Treatment)	One hour	\$85.00	140	\$11,900.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of GC, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by GC to monitor service delivery and program expenditures. GC agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by GC and, if so stipulated, are noted on this contract document. Payments may be withheld from GC if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. GC agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** GC also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of GC's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from GC, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** GC agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect GC's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client

confidentiality. In addition, GC hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event GC requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from GC may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with GC's policies and procedures and in accordance with any local/state/federal regulations. GC agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. GC must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** GC will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** GC agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to GC's provision of such services.

14. **Accreditation/Licensure/Certifications.** GC must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** GC agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and GC, and this shall include any transaction in which GC is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** GC may enter into subcontracts for components of the contracted service as GC deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, GC shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** GC agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. GC shall require each subcontractor to affirmatively state in its Agreement with the GC that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide GC a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** GC agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against GC or any individual acting on the GC's behalf, including subcontractors, which seek to enjoin or prohibit GC from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If GC ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if GC no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, GC will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event GC, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to GC as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should GC fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, GC shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the GC for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, GC agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Great Circle** (meaning anyone, including but not limited to consultants having a contract with GC or subcontractor for part of the services), or anyone directly or indirectly employed by GC, or of anyone for whose acts GC may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** GC shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. GC will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. GC will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. GC agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and GC. The BCCSB does not recognize any of the GC's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** GC shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to GC shall be mailed or delivered to:

Great Circle
Carrie Bolm
409 Vandiver Bldg 6, Suite 102
Columbia, MO 65202

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #2**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Great Circle
Name of Program	Early Assessment and Intervention Services for Outcomes Now (EIAS-ON)

Program Services	
-------------------------	--

Service 5 – Behavioral Health Assessment

1. Service 5/Unit Rate – The Unit Measure for the Behavioral Health Assessment is currently listed as one hour. Unit Measures for assessments must be “one assessment”.
Action Required: Complete the table below that reflects the output information for the required unit measure.

For 4 assessments total (average of 6 assessments per adult & 2 per child):

Outputs (Children’s Services Fund only)			
Unit Measure: One Assessment	Unit Rate:	Total Number of Units to be Provided:	Total Number of Unduplicated Individuals:
One assessment	\$115.40	344	86
Funding Request (Children’s Services Fund only)			
Amount Requested to Boone County: \$39,696		Proposed Number of Units of Service:	344

Service 6 – Substance Use Disorder Assessment

2. Service 6/Unit Rate – The Unit Measure for the Behavioral Health Assessment is currently listed as one hour. Unit Measures for assessments must be one assessment.
Action Required: Complete the table below that reflects the output information for the required unit measure.

In our original clarification, we combined the total of assessment *hours* provided (2) plus the number of substance abuse sessions (7) to arrive at our unit rate, which after closer examination does not provide accurate information for our funders.

Our contract for substance abuse includes a set rate of \$150 per assessment (1) and \$85 hourly charge for counseling (7). Cost per individual is set at \$745, and we estimate 20 clients to be serviced which

equals total cost of \$14,900. We anticipate revenue of \$289 for substance abuse assessments, total requested from CSF equals \$14,611. For separation of services see below:

One Assessment:

Outputs (Children's Services Fund only)			
Unit Measure:	Unit Rate:	Total Number of Units to be Provided:	Total Number of Unduplicated Individuals:
One assessment	\$ 150	20	20
Funding Request (Children's Services Fund only)			
Amount Requested to Boone County: \$2,711		Proposed Number of Units of Service: 18	

7 Hours of Counseling:

Outputs (Children's Services Fund only)			
Unit Measure: Hour	Unit Rate:	Total Number of Units to be Provided:	Total Number of Unduplicated Individuals:
Hour	\$ 85	140	20
Funding Request (Children's Services Fund only)			
Amount Requested to Boone County: \$11,900		Proposed Number of Units of Service: 140

RE: Written Clarification #2 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Stewart:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 21, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read 'Melinda Bobbitt', with a stylized flourish at the end.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Organization	Great Circle
Name of Program	Early Assessment and Intervention Services for Outcomes Now (EAISON)

Organization Profile	
-----------------------------	--

1. The address, phone number, and email address for Board Member, Victor Haddock is not provided.

Action Required: Provide the address, phone number, and email address for Victor Haddock on the Governing Board section.

Victor Haddock
151 Executive Estates Dr.
St. Louis, MO 63141
(314) 387-4671
VJHaddock@magellanhealth.com

Program Overview Form	
------------------------------	--

2. The number of unduplicated individuals to be served in the Program Consumers section lists 80 individuals but the Consumer Demographics list 136 for the demographic totals.

Action Required: Provide clarification on the total number of unduplicated individuals to be served.

After reviewing the proposal further, as well as our estimated budget, we have adjusted the projected number of unduplicated individuals served to 110. The demographic information in the "Consumer Demographics" section for 2015 and 2016 listed the number of individuals served over a 2-year period, which averaged out to 136. Though these averages would seem to indicate increasing the capacity of individuals the EAISON program could serve in a year period, the increased program timeframe from 90-120 days to 120 -180 days would allow less turnover of clients leading the projected number of individuals the program would serve to be 110 for a 1-year period/220 for a 2-year period. This number takes into account how many direct and non-direct hours of service clinicians and staff would be able to provide within a standard 40-hour work week.

3. There are four individuals listed as residents in other counties in the Consumer Demographics section. *Action Required:* Provide clarification the on the funding source paying for the four people from other counties.

The EAISON program provides services to Boone County residents; however, several families who were served within the last two years have had one parent/caregiver located in a separate county. This might occur when one parent is located in a different county but has shared custody and parenting responsibilities. This can also happen if the child remains in Boone County Jurisdiction but when removed was placed in alternative care that is geographically located in a different county due to availability of foster homes. To serve the entire family, EAISON provides therapy and Family Group Decision Making Services to the family unit, beyond Boone County, if that is where a caregiver or child resides; however, it remains a requirement that the child must reside within Boone County or be in Boone County's jurisdiction/care.

4. Action Required: *Provide more information about the Family Group Decision Making training and who will attend in the field below.*

About the Center for Dispute Resolution (CDR). The CDR is an independent organization sponsored by the College of Arts and Letters and the Department of Communication at Missouri State University. The CDR's mission is to provide individuals, families, organizations, and communities with the tools to effectively manage conflicts. This mission has inspired a wide array of training opportunities, high-impact community programs, and meaningful outreach services. The CDR offers conflict management, mediation, training, and educational services; supports educational and community programs; and forms collaborative partnerships with key groups to promote alternative forms of dispute resolution and innovative programs and processes in conflict management and resolution in the state and region.

Staff Training in Family Group Decision Making. The CDR has extensive experience offering training and coordinating community programs. This experience includes the provision of Family Group Decision Making (FGDM) training for child welfare cases and juvenile justice cases, and the administration of community programs in Family Group Decision Making. Given its mission of education and outreach, the CDR is enthusiastic to partner with Great Circle to provide the training proposed below.

Under this proposal the CDR will develop training in Family Group Decision Making for EAISON Program Staff who have not completed it previously, Great Circle support team members and case managers, as well as any other appropriate staff. Participants may also include professionals from other child welfare agencies such as Children's Division, the Juvenile Office, the Juvenile Court system (i.e. Guardian Ad Litums, Parent Attorneys) as well as other service providers providing supports to children and families in Boone County (FACE of Boone County, public school officials, etc.).

This training will cover (but would not necessarily be limited to) the following topics:

- The philosophical underpinning of the FGDM model
- The goals and benefits of the FGDM process
- Appropriate behaviors, role, and responsibilities for an FGDM coordinator
- Facilitation skills, including conflict management, communication, and facilitation strategies
- Strategies for building strong family support networks
- How to prepare family members for the FGDM process
- How to effectively coordinate an FGDM meeting
- Role playing and debrief (may include demonstrations, fishbowl, and/or individual role playing)

Additionally, at the request of Great Circle the CDR can build in strategic planning sessions as a part of the training so the group can discuss the implementation and use of family group conferencing within its established or proposed programs.

Training Date, Times, and Locations. Specific trainings dates will be determined by Great Circle, in collaboration with the CDR. The training will take place over two full days (8:30 a.m. - 4:30 p.m.). Experienced training staff from the CDR will travel to a location identified by Great Circle to conduct the training.

Trainers. Training will be provided by CDR Director Dr. Charlene Berquist and CDR Associate Director Heather Blades. Both Dr. Berquist and Ms. Blades have significant experience developing FGDM programs and training professionals and volunteers in the family group decision making process.

Great Circle will pay a maximum of \$3,000 for the Family Group Decision Making training for the EAISON program. *Action Required: Provide more information about the Family Group Decision Making training and who will attend in the field below.* CONTINUED

Materials. The CDR will provide all training materials for participants, including training notebooks, handouts, and supplemental readings. The CDR will maintain the copyright on any materials developed for the training, although these materials could be utilized by Great Circle with permission of the CDR.

Refreshments. Decisions related to training refreshments will be made by Great Circle, in collaboration with the CDR.

Equipment and Room Setup. The CDR will provide an on-site laptop and projector, as well as flip charts and markers, for the training presentation. Great Circle will be responsible for securing a training location. Ideally any training venue will allow for the presentation of lecture material while also providing participants with the flexibility for group discussion and activity. For example, a room with movable tables and chairs, rather than fixed classroom seating, would provide ample opportunity for group work and skill development.

5. The Collaboration narrative discusses a therapist contracted to provide substance use therapy, assessments, and urinary analysis. The organization or business is not identified and a MOU is not provided. *Action Required: Provide more information on the organization/business that is providing substance use services for Great Circle. Provide clarification on funds that will be utilized to subcontract substance use services.*

EAISON will utilize a subcontractor to provide substance abuse services.

Current provider:

Cynthia Hawk, LPC, MAC, MCBQS

Right Road Counseling LLC

1803 Sun Valley Drive Suite A

Jefferson City MO 65109

573-616-3007

cynthialpcmac@rightroadcounseling.com

MOU ATTACHED

Clarification on funds below in charts & Service 6 narratives.

6. The Program Budget needs to be provided for one year of services. The proposed amount from the Boone County Children's Services Fund is for two years of services. *Action Required:* Provide the funding request for one year in the field below.

Year one: \$224, 644

Year two: \$224, 023

7. The amount that will be billed to Medicaid or private insurance was not provided on the Program Budget.

Action Required: Provide the amount that will be billed to Medicaid or private insurance.

Medicaid:

Medicaid Revenue	Clients	Medicaid Rate	Number Per week	Number Weeks	Total Medicaid Revenue
Individual Therapy - Child	13	24.94	1	28	8,729
Individual Therapy - Adult					
Family Therapy	9	49.87	1	28	12,567
Case Management	Not Billable				
Behavioral Health Assessment	13	25.66	2		642
Substance Use Disorder Assessment	5	25.66	1		128
Total Medicaid Revenue					22,066

Private Insurance:

Insurance Revenue	Clients	Insurance Rate	Number Per week	Number Weeks	Total Insurance Revenue
Individual Therapy - Child	5	34.00	1	28	4,760
Individual Therapy - Adult	6	34.00	1	28	5,712
Family Therapy	3	55.00	1	28	4,312
Case Management	Not Billable				
Behavioral Health Assessment	11	73.00	3		2,409
Substance Use Disorder Assessment	2	73.00	1		161
Total Insurance Revenue					17,354

8. Narratives were not provided for Personnel and Non-Personnel Expenses. *Action Required:*
Provide narratives describing Personnel and Non-Personnel Expenses for the proposed program.

Personnel: Grand total of personnel costs equals \$387,233. First year – The total cost for personnel costs equals \$193,881. This number includes staff salaries (\$150,116) and payroll taxes and employee benefits (\$43,765). Second year – The total cost for personnel costs equals \$193,342. This number includes staff salaries (\$154,620) and payroll taxes and employee benefits (\$39,722).

Further breakdown of salaries (year 1 and 2):

	12/31/17 TOTAL SALARY	2018 INCREASE		12/31/18 SALARY
		%	AMOUNT	
HV: Dept 660				
0.05 Program Administrator	3,250	3%	98	3,348
0.05 Administrative Assistant	1,248	3%	37	1,285
0.65 Program Coordinator	24,618	3%	739	25,357
1 New Position Therapist	43,000	3%	1,290	44,290
1 New Position Therapist	43,000	3%	1,290	44,290
1 New Position Case Manager	35,000	3%	1,050	36,050
3.75 DEPARTMENT @ 100%	150,116	0	4,504	154,620

Further breakdown of payroll taxes and employee benefits (year 1 and 2):

Social Security	\$11,484	\$11,828
Group Insurance	\$20,946	\$20,955
Retirement Contributions	\$3,514	\$3,619
Staff Training	\$5,570	\$0
Unemployment Taxes	\$1,501	\$1,546
Work Comp	\$751	\$773
Total	\$43,765	\$38,722

Non-Personnel: Grand total of non-personnel costs equals \$140,283. First year – The total cost for non-personnel costs equals \$70,182. This number includes program expenses (\$41,100) and administrative costs (\$29,082). Second year – The total cost for non-personnel costs equals \$70,101. This number includes program expenses (\$41,100) and administrative costs (\$29,001).

Further breakdown of program expenses:

Program Expenses	\$ 3,000	\$ 3,000
Professional Fees	\$ 14,900	\$ 14,900
Office Supplies	1,200	\$ 1,200
IT Programming Expense	2,000	\$ 2,000
Program Rent and Utilities (1/3 of total amount)	6,400	\$ 6,400
Telephone-STL	\$ 3,240	\$ 3,240

9. The requested amount has significantly increased from previous contract amounts. The contracted amount has been lowered in the past due to underutilization of funds.
Action Required: Provide clarification on the funding request amount for Boone County Children's Services now that Medicaid and private insurance can be billed for services. Complete the attached Program Outputs and Funding Request Tables – Best and Final Offer chart.

Our new request for funding has reduced significantly from the original request for funding submitted in July 2017. The requested amount has gone from \$553,633.00 to \$448,667.00, over the 2-year period. This is due, in large part, to now billing for Medicaid and private insurance. The prior 2 years of funding were \$235,325.00, making the new proposed amount of \$448,667.00 comparable to past years and even a little less (due to insurance billing). The new yearly amount would be \$224,333.50. This is not reflected in Apricot but justification for the new costs can be provided upon request.

Our per unit cost for each service is as follows:

Individual therapy child - ~\$49.15

Individual therapy adult therapy - ~\$40.96

Family therapy - \$68.26

Assessment - \$38.86

Substance use treatment - \$82.78

While these costs are comparable to insurance billing rates, they are still a bit higher than typical Medicaid and private insurance rates. This is due to rolling in the costs of our combined services which are unbillable (therapist and FGDM coordinator travel time, case management services, family intake hours, attending meetings for EAISON clients, and Family Group Decision Making hours).

We realize a change in funding request is not ideal and may cause confusion; however, we want to be transparent with Boone County Children's Service Fund that we will not require the same level of funding as originally proposed.

Program Services Form (1-5)	
------------------------------------	--

10. There are 160 unduplicated individuals listed in the Service #1 – Outputs “Family Education” section. This number is different than the figures listed in the Program Overview form under Program Consumers and Consumer Demographics.

Action Required: Provide accurate numbers of unduplicated individuals to be served for each service while completing the ‘Service Change Charts’. The numbers need to reflect the figure provided in Clarification Question #2.

See Service Table Below

11. The service description for Service 1 lists several services that should be proposed as separate services. The services listed include:

Service #	Service Name	Notes
1	Individual Therapy – Child	Includes Substance Use Treatment
2	Individual Therapy – Adult	Includes Substance Use Treatment
3	Family Therapy	Includes “couples therapy” and potentially Substance Use Treatment
4	Case Management	Include advocacy efforts for families.
5	Behavioral Health Assessment	Includes Great Circle Trauma Screener, Trauma Assessment (TSI-2, TSCC or TSCYC), & PSI-4 or SIPA
6	Substance Use Disorder Assessment	Includes Addiction Severity Index Assessment and potentially Great Circle’s Initial Adults & Adolescent Clinical Assessment

Action Required: Respond to the following clarification questions following the services outlined in the table above. All services will need to have the attached ‘Service Change Charts’ completed. Provide any other information in the field below.

Unduplicated individuals to be served per year – 110

45% Children – 50 total

65% Adults – 60 total

Average number of individuals in family = 3. $110/3 = \sim 36$ families to be served per year

In regards to external factors and program outcome questions for each service:

External factors that could affect the proposed outcomes include adequate transportation of client, unsafe home environment to provide services, individuals struggling with undiagnosed/misdiagnosed mental health issues, lack of participation and/or lower volume of referrals

EAISON staff and families participating in the program will work in a strengths-based and collaborative manner to achieve the program outcomes. Staff will be responsible for ongoing assessment, motivational interviewing, develop strong family support and matching the parents and their child(ren) with any other needed services to support the family. This will assist the family in successfully meeting the goals they set. Parents will be responsible for consistent participation and engagement in the program.

Great Circle will use family outcomes, standardized assessments and client self-report in order to gauge progress over the course of the intervention and quarterly and annually through evaluation briefs and reports. Great Circle’s Performance and Quality improvement (PQI) department will produce bi-annual reports to track the progress of clients and the project overall. This on-going process monitoring will allow for any changes in programming that may need to occur in order for clients to have successful outcomes.

Service 1 – Individual Therapy – Child

12. The service description did not provide sufficient information for individual therapy provided for children/youth.

See Service Table Below

Action Required: Provide a detailed description of the Service 1 – Individual Therapy - Child. This

See Service Table Below

should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

13. The outputs need to be updated to reflect Service 1 – Individual Therapy - Child. *Action Required:* Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 1. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

The unit rate that will be grant funded was determined by taking the number of unduplicated individuals (50) and multiplying the total services provided (28) to each to get total services provided (1400). The unit rate was calculated by taking total costs divided by total costs for this particular service (\$49.15).

14. The Funding Request needs to be updated to reflect Service 1 Service 1 – Individual Therapy - Child. *Action Required:* Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 1. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

We estimated 25% of our clients will be able to be served through Medicaid and 10% through private insurance. Please see # 7 for breakdown of these services. Therefore, we are requesting the leftover 65% of services be grant funded. See Chart Below.

15. Performance Measures need to be provided for Service 1 Service 1 – Individual Therapy - Child. *Action Required:* Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 1. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

Service 2 – Individual Therapy - Adult

16. The service description did not provide sufficient information for individual therapy provided for adults.

Action Required: Provide a detailed description of the Service 2. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

See Service Table Below

17. The outputs need to be updated to reflect Service 2.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 2. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

The unit rate that will be grant funded was determined by taking the number of unduplicated individuals (60) and multiplying the total services provided (28) to each to get total services provided (1680). The unit rate was calculated by taking total costs divided by total costs for this particular service (\$40.96).

18. The Funding Request needs to be updated to reflect Service 2.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 2. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

19. Performance Measures need to be provided for Service 2.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 2. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

See Service Table Below

Service 3 – Family Therapy

20. The service description did not provide sufficient information for Family Therapy. Couples Therapy was mentioned in the proposed Service 1 description and can be included in this service.

Action Required: Provide a detailed description of the Service 3. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

See Service Table Below

21. The outputs need to be updated to reflect Service 3.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 3. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

The unit rate that will be grant funded was determined by taking the number of families (36) and multiplying the total services provided (28) to each to get total services provided (1008). The unit rate was calculated by taking total costs divided by total costs for this particular service (\$68.26)

22. The Funding Request needs to be updated to reflect Service 3. *Action Required:* Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 3. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

We estimated 25% of our clients will be able to be served through Medicaid and 10% through private insurance. Please see # 7 for breakdown of these services. Therefore, we are requesting the leftover 65% of services be grant funded. See Chart Below.

23. Performance Measures need to be provided for Service 3.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 3. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

See Service Table Below

Service 4 – Case Management

24. The service description did not provide sufficient information for Case Management.

Action Required: Provide a detailed description of the Service 4. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

See Service Table Below

25. The service description for the proposed Service 1 did not provide a clear explanation of advocacy support for families.

Action Required: Provide more specific information on advocacy support for families.

Advocacy support for families includes attending family support team meetings for children in care as well as attending or providing information for court. EAISON staff will also attend educational meetings within the school system as needed to not only advocate for said client but assist in creating shared goals that can be applied in school, at home and in other environments.

26. The outputs need to be updated to reflect Service 4.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 4. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

No unit rate as case management is a component to EAISON but not a billable service.

27. The Funding Request needs to be updated to reflect Service 4.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 4. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

No unit rate as case management is a component to EAISON but not a billable service.

28. Performance Measures need to be provided for Service 4.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 4. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

See Service Table Below

Service 5 – Behavioral Health Assessment

29. The service description did not provide sufficient information for Behavioral Health Assessments.

Action Required: Provide a detailed description of the Service 5. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. Information on specific assessment tools need to be provided. Substance Use Disorder Assessments will not be included in the service.

See Service Table Below

30. The outputs need to be updated to reflect Service 5.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 5. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

The unit rate that will be grant funded was determined by taking the number of unduplicated individuals (110) and multiplying the total services provided (10) to each to get total services provided (1100). The unit rate was calculated by taking total costs divided by total costs for this particular service (\$38.86).

31. The Funding Request needs to be updated to reflect Service 5. *Action Required:* Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 5. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

We estimated 25% of our clients will be able to be served through Medicaid and 10% through private insurance. Please see # 7 for breakdown of these services. Therefore, we are requesting the leftover 65% of services be grant funded. See Chart Below.

32. Performance Measures need to be provided for Service 5.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 5. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

See Service Table Below

Service 6 - Substance Use Disorder Assessment

33. The service description did not provide sufficient information for Substance Use Disorder Assessments.

Action Required: Provide a detailed description of the Service 6. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand

how this program service will be delivered. Provide information on who will be conducting these assessments and if Boone County Children's Services Fund will be billed for this service.

See Service Table Below

The subcontract substance abuse therapist is allotted a professional fee, from the overall grant funds, of \$14,900 to preform services. This number was reached by estimating one third of adults will need substance abuse treatment ($60/3=20$). It was further calculated that on average, clients are given 9 hours of service in a six month period. The total number of services provided would therefore be 180 (20×9) averaging at \$82.78 unit cost per service. All substance abuse therapy will be funded by the grant due to Medicaid and private insurance providers not containing a separate billable service for substance abuse outside of individual therapy (which will still be performed by EAISON therapist). However, the substance abuse assessment is able to be billed through either Medicaid, children only, or private insurance so long as that individual's yearly assessment units have not already been used. See #7 for further details on Medicaid and private insurance breakdown.

34. The outputs need to be updated to reflect Service 6.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 6. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

The unit rate that will be grant funded was determined by taking the number of unduplicated individuals (20) and multiplying the total services provided (9) to each to get total services provided (180). The unit rate was calculated by taking total costs divided by total costs for this particular service (\$82.78)

35. The Funding Request needs to be updated to reflect Service 6.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 6. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

See # 33

36. Performance Measures need to be provided for Service 6.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 6. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

Service Change Chart			
Organization Name: Great Circle			
Program Name: Early Assessment and Intervention Services for Outcomes Now (EAISON)			
Service #1 – Taxonomy of Service Name: Individual Therapy – Child			
Service #1 – Taxonomy Definition of Service: Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.			
<p>Provide a detailed description of the proposed service: Individual therapy for the child will be provided weekly and vary in length dependent upon what is allowable by insurance provider (30 minutes to 1 hr). The child will be engaged in goal-directed, client-centered therapy style to elicit behavioral change. All clients will be administered Great Circle's Trauma Screener, which is based off the UCLA PTSD Index. When applicable, clients will then be administered either the Trauma Symptom Checklist for Children (TSCC) or the Trauma Symptom Checklist for Young Children (TSCYC) to assess PTSD symptoms. Treatment plans and client goals will be influenced by assessment results. Trauma Focused-Cognitive Behavioral Therapy (TF-CBT) will be implemented when applicable. TF-CBT will be provided to those children who have significant behavioral or emotional problems that are related to traumatic life events, even if they do not meet full diagnostic criteria for PTSD. Treatment results in improvements in PTSD symptoms as well as in depression, anxiety, behavior problems, sexualized behaviors, trauma related shame, interpersonal trust, and social competence. Consumers of therapy range from 3-19 years of age. EAISON will collaborate with social services such as Head Start, First Steps, Community Action Agency, the child's respective school, and the Boone County Health Department to ensure child's needs are met.</p>

Organization Name: Great Circle		
Program Name: Early Assessment and Intervention Services for Outcomes Now (EAISON)		
Service #2 – Taxonomy of Service Name: Individual Therapy – Adult		
Service #2 – Taxonomy Definition of Service: Provides therapeutic treatment for an adult in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.		
<p>Provide a detailed description of the proposed service: Individual therapy for the adult will be provided weekly and vary in length dependent upon what is allowable by insurance provider (30 minutes to 1 hr). The parent will be engaged in Motivational Interviewing (MI). The philosophies of MI include individual's expertise in understanding their own situation and needs, viewing the individual's perceptions and behaviors as changeable and recognizing the complexities of strengths and vulnerabilities. All clients will be administered Great Circle's Trauma Screener, which is based off the UCLA PTSD Index. When applicable, clients will then be administered the Trauma Symptom Inventory (TSI-2) to assess PTSD symptoms. Each parent will also complete the Parenting Stress Index (PSI-4) or Stress Index for Parents of Adolescents (SIPA), dependent on child's age, to measure parental stress. Treatment plans and client goals will be influenced by assessment results. Consumers consist of parents who are at risk of child abuse or neglect within the home and/or individuals who had a child removed from the home within 60 days of the referral date. EAISON will collaborate with social services such as Head Start, First Steps, Community Action Agency, Job Point and the Boone County Health Department to ensure family's needs are met.</p>

**MEMORANDUM OF UNDERSTANDING BETWEEN
CYNTHIA HAWK, LPC, MAC, MCBQS
AND
GREAT CIRCLE**

Purpose:

The purpose of this Memorandum of Understanding is to define the roles and responsibilities each party will assume with respect to the provision of substance abuse therapy provided by contract therapist, Cynthia Hawk, LPC, MAC, MCBQS for clients participating in the EAISON program.

Substance Abuse Contractor agrees to:

1. Provide substance abuse assessment and treatment as well as use rapid-urine drug testing to identify substance abuse, assess treatment process/options and to monitor medication adherence (as needed).
2. Refer to/coordination of inpatient treatment for addiction when needed.
3. With the assistance of Great circle, identify, assess and link at-risk individuals to appropriate services that meet their needs.

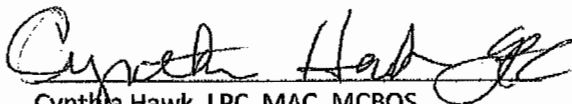

Great Circle agrees to:

1. Provide substance abuse contractor access to meet with or a referral for identified clients within the program to deliver substance abuse services.
2. Work collaboratively with substance abuse contractor in addressing and assessing the needs of identified clients.

Both parties agree to:

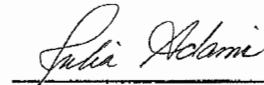

1. Work with the other party to develop an effective and collaborative process for referrals.
2. Conduct meetings as needed to review the processes developed herein and the status of the collaborative partnership.

The MOU between the Cynthia Hawk, LPC, MAC, MCBQS and Great Circle will become effective on the date Service Contract(s) are awarded remain in place for the duration of the Services Contract, unless otherwise terminated by either party.

Cynthia Hawk, LPC, MAC, MCBQS

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Stewart:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Great Circle
Name of Program	Early Assessment and Intervention Services for Outcomes Now (EAISON)

Organization Profile	
-----------------------------	--

1. The address, phone number, and email address for Board Member, Victor Haddock is not provided.

Action Required: Provide the address, phone number, and email address for Victor Haddock on the Governing Board section.

--

Program Overview Form	
------------------------------	--

2. The number of unduplicated individuals to be served in the Program Consumers section lists 80 individuals but the Consumer Demographics list 136 for the demographic totals.

Action Required: Provide clarification on the total number of unduplicated individuals to be served.

--

3. There are four individuals listed as residents in other counties in the Consumer Demographics section.

Action Required: Provide clarification the on the funding source paying for the four people from other counties.

--

4. The Memorandum of Understanding (MOU) with the Center for Dispute Resolution states that Great Circle will pay a maximum of \$3,000 for the Family Group Decision Making training for the EAISON program.

Action Required: Provide more information about the Family Group Decision Making Training and who will attend in the field below.

5. The Collaboration narrative discusses a therapist contracted to provide substance use therapy, assessments, and urinary analysis. The organization or business is not identified and a MOU is not provided.

Action Required: Provide more information on the organization/business that is providing substance use services for Great Circle. Provide clarification on funds that will be utilized to subcontract substance use services.

6. The Program Budget needs to be provided for one year of services. The proposed amount from the Boone County Children's Services Fund is for two years of services.

Action Required: Provide the funding request for one year in the field below.

7. The amount that will be billed to Medicaid or private insurance was not provided on the Program Budget.

Action Required: Provide the amount that will be billed to Medicaid or private insurance.

8. Narratives were not provided for Personnel and Non-Personnel Expenses.

Action Required: Provide narratives describing Personnel and Non-Personnel Expenses for the proposed program.

9. The requested amount has significantly increased from previous contract amounts. The contracted amount has been lowered in the past due to underutilization of funds.

Action Required: Provide clarification on the funding request amount for Boone County Children's Services now that Medicaid and private insurance can be billed for services. Complete the attached Program Outputs and Funding Request Tables – Best and Final Offer chart.

Program Services Form (1-5)

10. There are 160 unduplicated individuals listed in the Service #1 – Outputs "Family Education" section. This number is different than the figures listed in the Program Overview form under Program Consumers and Consumer Demographics.

Action Required: Provide accurate numbers of unduplicated individuals to be served for each service while completing the 'Service Change Charts'. The numbers need to reflect the figure provided in Clarification Question #2.

11. The service description for Service 1 lists several services that should be proposed as separate services. The services listed include:

Service #	Service Name	Notes
1	Individual Therapy – Child	Includes Substance Use Treatment
2	Individual Therapy – Adult	Includes Substance Use Treatment
3	Family Therapy	Includes "couples therapy" and potentially Substance Use Treatment
4	Case Management	Include advocacy efforts for families
5	Behavioral Health Assessment	
6	Substance Use Disorder Assessment	

Action Required: Respond to the following clarification questions following the services outlined in the table above. All services will need to have the attached 'Service Change Charts' completed. Provide any other information in the field below.

Service 1 – Individual Therapy - Child

12. The service description did not provide sufficient information for individual therapy provided for children/youth.

Action Required: Provide a detailed description of the Service 1 – Individual Therapy - Child. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

13. The outputs need to be updated to reflect Service 1 – Individual Therapy - Child.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 1. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

14. The Funding Request needs to be updated to reflect Service 1 Service 1 – Individual Therapy - Child.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 1. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

15. Performance Measures need to be provided for Service 1 Service 1 – Individual Therapy - Child.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 1. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed

outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

Service 2 – Individual Therapy - Adult

16. The service description did not provide sufficient information for individual therapy provided for adults.

Action Required: Provide a detailed description of the Service 2. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

17. The outputs need to be updated to reflect Service 2.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 2. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

18. The Funding Request needs to be updated to reflect Service 2.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 2. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

19. Performance Measures need to be provided for Service 2.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 2. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed

outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

Service 3 – Family Therapy

20. The service description did not provide sufficient information for Family Therapy. Couples Therapy was mentioned in the proposed Service 1 description and can be included in this service.

Action Required: Provide a detailed description of the Service 3. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

21. The outputs need to be updated to reflect Service 3.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 3. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

22. The Funding Request needs to be updated to reflect Service 3.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 3. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

23. Performance Measures need to be provided for Service 3.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 3. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed

outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

Service 4 – Case Management

24. The service description did not provide sufficient information for Case Management.

Action Required: Provide a detailed description of the Service 4. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered.

25. The service description for the proposed Service 1 did not provide a clear explanation of advocacy support for families.

Action Required: Provide more specific information on advocacy support for families.

26. The outputs need to be updated to reflect Service 4.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 4. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

27. The Funding Request needs to be updated to reflect Service 4.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for

Service 4. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

28. Performance Measures need to be provided for Service 4.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 4. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

Service 5 – Behavioral Health Assessment

29. The service description did not provide sufficient information for Behavioral Health Assessments.

Action Required: Provide a detailed description of the Service 5. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. Information on specific assessment tools need to be provided. Substance Use Disorder Assessments will not be included in the service.

30. The outputs need to be updated to reflect Service 5.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 5. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

31. The Funding Request needs to be updated to reflect Service 5.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 5. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

--

32. Performance Measures need to be provided for Service 5.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 5. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

--

Service 6 - Substance Use Disorder Assessment

33. The service description did not provide sufficient information for Substance Use Disorder Assessments.

Action Required: Provide a detailed description of the Service 6. This should include how this service will be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. Provide information on who will be conducting these assessments and if Boone County Children's Services Fund will be billed for this service.

--

34. The outputs need to be updated to reflect Service 6.

Action Required: Provide the unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals to be served in the 'Service Change Chart' for Service 6. Provide an explanation below on how the proposed unit rate was determined using an established public funding unit rate.

--

35. The Funding Request needs to be updated to reflect Service 6.

Action Required: Provide the funding request amount and the proposed number of units of service to be funded by Boone County Children's Services Fund in the 'Service Change Chart' for Service 6. Provide clarification below whether Medicaid or private insurance will be billed for this service and justification for the requested level of funding.

--

36. Performance Measures need to be provided for Service 6.

Action Required: Provide outcomes, indicators, and method of measurements following the logic model in the 'Service Change Chart' for Service 6. Provide a description below on how each outcome is attributable to the Program Goal, any external factors that may affect the proposed outcome(s), a rationale for the measurement level(s) for each indicator, and a rationale for the method of measurement.

--

General Information

Organization

Provide your organization's mission statement. (600 character limit)

Mission

The mission of Great Circle is to reshape vulnerable lives through a mission of partners, teachers and leaders, giving children and families the confidence to create bright futures.

Statement

(Purpose):

Organization

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

History:

Great Circle was formed in 2009 when Edgewood Children's Center and Boys & Girls Town of Missouri joined forces, combining 235 years of child welfare legacy to form one of the largest behavioral health organizations in the state of Missouri. Great Circle is a statewide agency offering behavioral health services provided by highly trained professionals. In 2014, Great Circle touched the lives of more than 20,500 children and family members in Missouri through nationally-accredited treatment, education, prevention, and case management programs both in the community and on Great Circle campuses

Brief Statement
of Organization's

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

Major Goals:

- 1.To increase access to services that will advance the well-being and safety of children and strengthen families through evidence-based practices, timely referrals to service providers, and follow-up care.
- 2.To address the complex problems facing Boone County children and families by increasing community engagement, collaboration by mobilizing multiple providers and integrating and coordinating resources and expertise.
- 3.To increase trauma-informed programs and projects that prevent and alleviate the causes and stigma of behavioral health issues affecting the children and families we serve.

Strategic
Plan:

Strategic Plan (MUST BE IN PDF FORMAT)

Service Area: Briefly describe the geographic area in which your organization provides services. (600 character limit)
Great Circle provides services to children and families throughout the entire state of Missouri. Great Circle has facilities in Branson, Columbia, Hillsboro, Kansas City, Kirksville, Springfield, Steelville, St. James, St. Joseph, and St. Louis, but we provide services to all counties in the state of Missouri.

Population Served: Briefly describe the population(s) served by your organization. (600 character limit)
Great Circle provides services to Children and families in need of behavioral health treatment and support. It's for this reason that Great Circle exists. To guide those in circumstances beyond their control through times of struggle, toward a place where they can thrive. And to equip them with the tools and support they need to get there. We restore hope where it is most needed by providing a unique spectrum of specialized behavioral health services and highly-trained professionals across the state.

Conflict of Interest Policy: Does your organization have a written Conflict of Interest policy?
yes

Whistleblower Policy: Does your organization have a written Whistleblower policy?
yes

Business Continuity Plan: Does your organization have a written Business Continuity plan?
yes

Records Retention Policy: Does your organization have a written Records Retention policy?
yes

If yes, does the Records retention policy include a Records Retention Schedule?
yes

Advisory Board (if applicable)**Length of Board Term (e.g. "2 years")**

3 year terms that are renewable

Describe the function of the Advisory Board as it relates to the work of your organization:

A Regional Council shall be established for each geographical area in which the corporation operates significant service facilities. The Regional Councils shall be comprised of individuals appointed by the Board who are committed to helping Great Circle carry out its mission. The Regional Councils will be organized in separate regional groups to provide critical support in their respective communities with responsibilities and leadership positions established by or pursuant to these Bylaws or Board resolution.

Financial Information

Organization Fiscal Year:

January 1- December 31

IRS Tax Exempt Status Determination Letter:

If applicable, upload the correspondence from the IRS indicating that your organization has been designated as tax exempt.

IRS Tax Exempt Status Determination Letter (MUST BE IN PDF FORMAT)

/document/download/filename/1434213159_29953_GreatCircle501c3Letter.pdf/

Financial Statement:

Upload your organization's most recently completed Financial Statement and corresponding communications (required for audited statements). Financial statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit).

Financial Statement (MUST BE IN PDF FORMAT)

/document/download/filename/1472678938_29954_GreatCircleAuditfinal.pdf/

IRS 990 or 990 EZ:

Upload your organization's most recently filed 990 or 990 EZ. Please contact the City, County and/or HMUW if your organization is not required to file a 990 or 990 EZ with the IRS.

990/990 EZ (MUST BE PDF FORMAT)

/document/download/filename/1472677045_29955_2014-GreatCircle-SignedForm990-PublicDisclosure.pdf/

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

Great Circle has an internal Finance Department who oversees daily financial operations. Great Circle also has a governing Board who evaluates the organization's financial operations. An annual audit of the organization's finances is conducted by a qualified third party auditing firm.

Employees Compensation**Top Five Compensated Employees:**

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Accreditation (If applicable):**Accreditation:**

Provide the name of the accrediting body, the name of the accreditation, period of current accreditation (including expiration date), and a brief description of the accreditation.

Accreditation 1:

Joint Commission ID # 1017. Valid 07/2016-07/2019

Surveyors evaluate compliance to over 200 standards of care. The survey process is data-driven and client-centered. The on-site survey focuses on continuous operational improvement in support of safe, high quality care, treatment and services using the tracer methodology. Tracers follow the experience of care for clients through the behavioral health care process and system tracers evaluate the integration of related processes and the coordination and communication among departments in those processes.

Accreditation 2:

ISACS, 6/2020. Every 7 years, the ISACS self-study and external review process covers all major aspects and programs of the school, citing strengths, challenges faced, and recommendations for improvement. As part of the accreditation cycle, the school completes a comprehensive self-study and other tasks which are then reviewed by a visiting team. The visiting team is comprised of volunteers put together by ISACS, consisting of professionals, including classroom teachers, who understand and appreciate independent school qualities and contributions to American education.

Accreditation 3:

AdvancED, 6/2020

AdvancED is the largest community of education professionals in the world. We are a non-profit, non-partisan organization that conducts rigorous, on-site external reviews of PreK-12 schools and school systems to ensure that all learners realize their full potential

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION

MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and **Boys & Girls Town of Missouri - South Central Region** (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.
2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.

Company ID Number: 165748

5. SSA agrees to establish a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF THE DEPARTMENT OF HOMELAND SECURITY

1. Upon completion of the Form I-9 by the employee and the Employer and after SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct:

- Automated verification checks on newly hired alien employees by electronic means, and
- Photo verification checks (when available) on newly hired alien employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify.. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, and U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act and federal criminal laws, and to ensure accurate wage reports to the SSA.

7. DHS agrees to establish a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

Company ID Number: 165748

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the E-Verify Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.

5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a

Company ID Number: 165748

rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify ; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$500 and \$1,000 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ any employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the the SSA verification response has been given.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, support for any unlawful employment practice, or any other use not authorized by this MOU. The Employer must use E-Verify for all new employees and will not verify only certain employees selectively. The Employer agrees not to use E-Verify procedures for re-verification, or for employees hired before the date this MOU is in effect. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and the immediate termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III.B. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1 (l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification to verify work authorization, a tentative nonconfirmation, or the finding of

Company ID Number: 165748

a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

Company ID Number: 165748

ARTICLE III

REFERRAL OF INDIVIDUALS TO THE SSA AND THE DEPARTMENT OF HOMELAND SECURITY

A. REFERRAL TO THE SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a referral letter and instruct the employee to visit an SSA office to resolve the discrepancy within 8 Federal Government work days. The Employer will make a second inquiry to the SSA database using E-Verify procedures on the date that is 10 Federal Government work days after the date of the referral in order to obtain confirmation, or final nonconfirmation, unless otherwise instructed by SSA or unless SSA determines that more than 10 days is necessary to resolve the tentative nonconfirmation..
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO THE DEPARTMENT OF HOMELAND SECURITY

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an alien who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when

Company ID Number: 165748

the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even

Company ID Number: 165748

without changes to E-Verify, the Department reserves the right to require employers to take mandatory refresher tutorials.

Termination by any party shall terminate the MOU as to all parties. The SSA or DHS may terminate this MOU without prior notice if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine.

Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

The employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, and responses to inquiries under the Freedom of Information Act (FOIA).

The foregoing constitutes the full agreement on this subject between the SSA, DHS, and the Employer.

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify Operations at 888-464-4218.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum ***should be acknowledged*** and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – Purchase of Service Contracts was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:

<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by “currently” in the amount received from other funders.

Response: “Currently” refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum ***should be acknowledged*** and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
 - Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The EAISON program stems from the need to provide preventative programming for children and families prior to abuse, neglect and/or the traumatizing removal of children from their home. The Boone Indicators Dashboard indicates in 2015 there were 142 incidents of substantiated abuse (emotional, physical, medical, educational and sexual) and that 66% of referrals to the MO Juvenile and Family Division were substantiated. Additionally, there were 1,628 incidences of domestic violence in Boone County and the City of Columbia. Families participating in EAISON from 2015-present were noted to be experiencing: a change in family dynamics, increase or decrease in visitation time (when children were in alternative care), initial mental health diagnoses of their child, placement of a child in alternative care, addressing family trauma for the first time, admission (of a child) to psychiatric unit, etc.; all variables that contribute to a measurable change in parental stress where abuse and neglect are a major risk. These ongoing risk factors result in an increase in the number of children coming into state custody in Missouri and throughout the country. EAISON will assist families as they build upon natural community resources, receive counseling and guidance to successfully parent and provide safe healthy outcomes for their children.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Per the BID in 2015 there were over 38,000 children in Boone County, including the City of Columbia. Of them, 23% were family households in poverty. The target population for the program will be Boone County children up to age 19 and their families who are at risk of child abuse and neglect and/or already have a child or children placed in protective custody within 60 days. Families at risk are typically experiencing generational poverty, lack of a natural support systems, a history of substance misuse/abuse, domestic violence and limited access to needed social and behavioral health services. Statistics through the Annie E. Casey Foundation indicate Boone has seen a 12% increase in children going into alternative care from 2011-2014. When last released in 2014, there were 450 children in foster care in Boone County; a number which has steadily increased since then. Data gathered from EAISON referrals, intakes, assessments and exit surveys show that of the 272 individuals EAISON served from 2015-2016, 71% of the families were below 200% of FPL. Of those served 46.3% identified as persons of color and 53.7 identified as being white. Parents and adult caregivers noted

transportation, barriers to employment, substance use, being uninsured/underinsured, housing (complicated further by issues such as criminal backgrounds, previous evictions, and poor credit history) were some of the largest stressors they face while parenting their children.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

EAISON's goal is to continue providing preventative programming for children and families prior to abuse, neglect, and/or the traumatizing removal of a child from their home. Early intervention allows the family to become more motivated and receptive to the development of a natural support system.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The EAISON program will seek to prevent and/or eliminate child abuse and neglect and reduce the traumatic effects that result from emergency removal. Generational abuse is often due to a lack of preventative programming and failure to engage family and community support systems. Needs assessments conducted in Boone County have indicated a lack of in-home family support programs. EAISON intends to meet the family where they are to build on their strengths and motivation to make life-long positive changes. By providing these services, EAISON will help build and sustain the families natural support network to empower their family system.

The EAISON program was designed using multiple evidence-based models. The two primary components of the program include Motivational Interviewing (MI) and Family Group Decision Making (FGDM). The philosophies of MI include respecting family members' expertise in understanding their own situation and needs, viewing the family's perceptions and behaviors as changeable, and recognizing the complexities of strengths and vulnerabilities (Miller & Rollnick, 2002). The values and beliefs of FGDM also are congruent with MI philosophies. Because motivation impacts parents' compliance with service delivery, lack of motivation to change may limit the efficacy of home-based services. FGDM trusts that family members know their family best and should be the primary decision makers. To increase family success, it is imperative to employ both methods.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

The consumers for EAISON will be Boone County children up to age 19 and their families who are at risk of child abuse and neglect and/or already have a child or children placed in protective custody within the last 60 days. The average number of individuals who participated in the program, over the course of two years, was 136. Of these, 53% were white, 33% were black, and 14% identified as multi-race or another race. There were 60% women and 40% men who participated in the same time frame. 82% of the consumers were at or 200% below the Federal Poverty Level. Regarding age, 42% were adults over 20 years of age and 24% were children from 6 to 11 years of age. Consumers' residency reflected as 82% within the City of Columbia and 16% living outside Columbia, in Boone County. There were also 3% of the consumers who resided in other counties.

b. Why will these particular consumers be served? (1500 character limit)

In 2015 federal fiscal year, approximately 428,000 children were in foster care nationally. This is 28,000 more than in 2012. Within Boone County, the continual increase of children coming into state's custody and becoming part of the foster care system is in a significant upward swing. In 2011, 3.3 (per 1000) children entered or re-entered care. In 2015 this number rose to 5.4 (per 1000) children. This trend supports preventative and early intervention services, such as EAISON, and are a critical aspect in decreasing the number of children placed in foster care. Great Circle proposes continuing the EAISON program to serve this at-risk population in order to prevent abuse, neglect and ultimately emergency removals. The EAISON program will assist families as they build upon natural community resources, receive the counseling and training they need to be successful, and provide safe outcomes for their children.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Lack of adequate transportation is an ongoing issue. Public transport isn't always accessible due to the location of the home, being cost prohibitive, and/or the hours of operation are untenable. Next, families who are struggling with untreated, undiagnosed or misdiagnosed mental health issues and/or active addiction inhibits the clinician to successfully serve them. Last, the duration of the program (90-120 days) is limiting. Many consumers have deep-seeded issues that have never been addressed. This results in a dynamic that consumers resist therapeutic interventions due to time constraints.

d. Total number of unduplicated individuals to be served by the proposed program:

80

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

6920.41

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

4

b. Provide information on the types of training that will be offered. (1500 character limit)

Family Group Decision Making (FGDM) will be required for the current Program Coordinator. The current FGDM coordinator also has the capacity to train others in the form of FGDM. Trauma Focused Cognitive Behavioral Therapy (TF-CBT) will be required for one clinician (one is already certified). Currently both clinicians are trained in Motivational Interviewing (MI). Considering the potential for staff-turnover, additional instances of these trainings may be required within the budget year(s). Clinicians and staff also attend community and academic trainings that are offered by area universities and/or agencies to stay current on techniques and interventions. These are typically zero-to-no cost.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

The EAISON program is housed at the Great Circle's Columbia location under the auspices of Home and Community Based Services (HCBS) at 409 Vandiver. The hours of service are 8A-5P however, EAISON accommodates family and community schedules with staff and clinicians working evening and weekend hours. This includes offering intake, FGDM, individual, couples & family therapy, and substance abuse interventions in the home. Lastly, through collaboration efforts, therapists are also able to offer therapy services to children while they are in school during non-core hours.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Eligibility criteria includes the following: families where there is a risk of child abuse or neglect within the home, families with at least one family member resides in Boone County or the City of Columbia, families who would benefit from a short term, intensive, assessment services, families who can commit to a four to six-month intervention, and/or families who have had a child removed from the home within 60 days of the referral date. There are no income limitations or age restrictions for caregivers. Age ranges for children are newborn to 19 years.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Narrative

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Due to the target population, most consumers will not have insurance or access to funds for services. This is a detriment to the family and hinders them from accessing services that could essentially assist them in creating a better life and ending the cycle(s) of poverty, addiction, violence and/or abuse. If

the client/client family has a socially-funded insurance plan, that plan will be charged. Any fees not covered will be funded by the EAISON program grant. Consumers with private insurance, who are contracted with GC, will be billed, but co-pays will be covered under the grant.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Narrative

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

No sliding scale due to the target population's limited financial resources, the billing of Medicaid and/or private insurance, and the EAISON CSF grant funding. EAISON will attempt to supplement with insurance billing when possible. Data collected from EAISON Clients from 2015-2016 indicates that only 29 of the 251 individuals served in Boone County families were above 200% of FPL. Fees could potentially create a barrier to these families accessing vital behavioral health services.

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

EAISON Clinicians: EAISON clinicians are licensed and trained in the realm of family engagement and motivational interviewing techniques to engage and elicit behavioral change within the family unit. The clinicians are required to have a master's degree and be professionally licensed. Family Group Decision Making (FGDM) Coordinator: FGDM Coordinators, trained to guide this family-led process, will use knowledge and skills to assist families with creating best plans for children and families. FGDM's are required to possess a bachelor's degree in social work or a related human service area.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

The Joint Commission

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

July 2016-July 2019

If Yes - Provide a description of the accreditation process: (600 character limit)

Great Circle is licensed by the State of Missouri and accredited in behavioral health by The Joint Commission. The Joint Commission conducts onsite reviews every 3 years requiring continuous compliance to their rigorous standards and quality improvement efforts. Great Circle was chosen to participate in the National Council for Behavioral Health's 2104 Trauma-Informed Behavioral Healthcare Learning Community, one of only 27 behavioral health organizations in the United States chosen, and the only agency in Missouri.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Family Group Decision Making is a voluntary, solution-focused process, and is an intervention intended to widen the family group's circle of support rather than focusing on child-rights' vs. parent's rights (Guidelines for Family, 2010). Fidelity to the Family Group Decision Making model includes: gathering information on the 'family group', setting aside time to prep members for the family group conference, inclusion of service providers and professionals involved with the 'family group', allocating private family time, and culminating in a family-driven plan Team Decisionmaking, 2002).

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

Initial Family Group Decision Making (FGDM) preparation sessions occur in the 1st two months of family service. Extended family, additional supports and professionals are brought into the FGDM process during this initial phase and invited to the larger family group conference. Family group conference time includes a discussion of family strengths', challenges, goals, private family time, and a wrap up discussion. Notes from the meeting are used to create a plan based on the family's decisions with input from child welfare agencies (when appropriate).

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

Narrative

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The EAISON program utilizes Family Group Decision Making (FGDM), Motivational Interviewing (MI), and Trauma-focused Cognitive Behavioral Therapy (TF-CBT). These are registered with the National Registry of Evidence-based Programs and Practices (NREPP). FGDM is a model that promotes empowering families through both collaborative planning and resolving concerns in a safe place. Research in the Family to Family studies, where states incorporated team decision making along with other systemic changes, showed decreases in the number of children entering care, improvements in the number of children removed during family crises, and problem-solving issues that typically prevent reunification. (Fiester, 2008). MI is a goal-directed, client-centered therapy style for eliciting behavioral change by helping clients explore and resolve issues surrounding motivation. After 30 years of research and over 200 evidence-based clinical trials, MI is utilized by a broad range of providers and is complementary to other treatment methods (Ruback, 2009). (Patterson, ND). TF-CBT is a treatment model used to treat post-traumatic stress and related emotional and behavioral issues in

persons' ages 3-18. This highly collaborative model integrates cognitive, behavioral, interpersonal and family therapy with trauma principles. It was selected as a "Best Practice" for cases of child abuse in the Kaufman Best Practices Task Force Final Report sponsored by the National Child Traumatic Stress Network (2004).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

Narrative

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Referral and Intake: A service coordinator will initiate contact within 72 hours of receiving a referral; new clients will be assigned a clinician to begin services. Family Engagement: Family Group Decision Making (FGDM) will be utilized to engage, strengthen & empower families to nurture & protect their children. FGDM Coordinator will meet with the family "team", identify existing supports, review current goals & challenges, prepare members of the family & service providers, & bring the group together at a Family Group "Conference" where a plan to address agency concerns & family goals is created. Ongoing Assessment: Great Circle will use evidence-based assessments tailored to meet the needs of the families served by EAISON. Assessments will include a trauma screener, trauma assessment (TSI, TSCC and TSCYC respective to the client's age), and the PSI-4/SIPA to address parental stress. Clinical Intervention: Clinicians will use Motivational Interviewing techniques to elicit change within the family across multiple targeted domains (i.e. substance use, parenting, housing, physical & mental health) & TF-CBT when appropriate. When substance use is an identified problem, the family is referred to a contracted therapist for further assessment and treatment. Other needs identified by the referring agency, the family or clinicians may lead to collaboration with other community agencies for additional services & supports, with clinicians available for crisis intervention & support.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

EAISON will continue to administer and track scores from standardized, evidence-based assessments (i.e. PSI, SIPA) and evaluate results from client satisfaction surveys. Use of assessments with sound psychometric properties allows Great Circle to have confidence in reporting program outcomes and comparing our outcomes with other programs and research bases. Data collection & analysis demonstrated to EAISON clinicians the need to modify the assessments being utilized. Clinicians will add the Stress Index for Parents of Adolescents/SIPA assessment, an upward age extension of the Parenting Stress Index/PSI used during the pilot period to address parental stress with children up to 12 old. The SIPA is a screening & diagnostic instrument that identifies areas of stress in parent-adolescent interactions, allowing examination of the relationship of parenting stress to adolescent characteristics, parent characteristics, the quality of the adolescent-parent relationship and stressful life circumstances; implementation of the SIPA will allow parental stress to be monitored for adolescents ages 11-19. The AAPI will no longer be administered due to: clinicians observed conflictual outcome data, failure to properly assess the parenting and child rearing attitudes of adolescents and adult parent and pre-parent populations, and a failure to assist in the treatment of families with a high risk of abuse or neglect, a criteria element for clients to receive services from the EAISON program.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

EAISON will continue to provide an exit-survey upon completion of services as well as a Stakeholder Survey, which is provided agency-wide bi-annually. Great Circle has also implemented customer service follow-up calls to ensure contact is being made with current clients and to evaluate their overall satisfaction at various stages of the program. These calls are administered by the EAISON intake coordinator. The data that is collected from the exit and stakeholder surveys is analyzed and shared with staff. Staff are then required to develop actions plans to address issues that are identified, develop benchmarks and attain outcomes. Great Circle's Performance Quality Improvement Division have created an online format for client surveys, offered to all clients who complete the program. With the implementation of Credible (an electronic health records system) data collection, retrieval and analysis are streamlined and reliable.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

EAISON has formal collaborations or Memorandums of Understanding with several entities; these would be maintained through this new RFP. MOU's would include the State of Missouri-Boone County Children's Division, The Center for Dispute Resolution with Missouri State University-Springfield, the Family Division of the Boone County Court, and the Boone County Juvenile Office. The EAISON program has also established collaborations for referrals with the Columbia Public Schools, rural school districts within Boone County, FACE of Boone County, and other community agencies.

Great Circle will contract with therapists specializing in substance abuse issues to provide assessments, urinary analysis, and counseling, when indicated either on the referral, during the intake process, or as part of the initial therapy assessments. Substance Abuse therapists will need to be a licensed professional counselor and have specialized training/certification in substance abuse therapy and interventions. Currently, this therapist is contracted via Great Circle.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1	MQ1	FTE1	SR1 FROM	SR1 TO
Program Coordinator	Bachelors Degree in Human Services field	0.65	\$35,000.00	\$39,000.00
P2	MQ2	FTE2	SR2 FROM	SR2 TO

		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

Program Coordinator: This position is responsible for initiating contact with the family of referral, conducting intake interviews, assessing the family for program eligibility, entering and tracking all private health information and data within the electronic health records system (Credible) and coordinating and administering all program surveys. Salary: \$22,000 annually

Family Group Decision Making Coordinator (FGDM): This position will have the knowledge, skills, abilities and personal attributes to guide a family-led process, resulting in best plans for children and families. The coordinator will be required to possess a Bachelor's degree in a relevant human services field. Salary: \$43,000 annually

Clinicians: The EAISON Clinician is a licensed, highly skilled and trained therapist in the realms of family engagement, motivational interviewing, assessments and trauma. The clinicians will be required to possess a Master's degree and a professional license. Salary: \$46,000 each, annually, two positions

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

2015-2016 EAISON data indicates that over 88% of the 250 individuals served in Boone County were below 200% of FPL, with many families not meeting criteria to receive Medicaid or affordable healthcare. Because this is the population EAISON serves, if a child or family is eligible for Medicaid or other Insurance, the program will bill insurance and then request CSF payment when necessary. If family member(s) are not eligible for Medicaid or private health insurance, will bill CSF.

**MEMORANDUM OF UNDERSTANDING BETWEEN THE
CENTER FOR DISPUTE RESOLUTION
AND
GREAT CIRCLE**

The purpose of this memorandum is to identify a mutual collaborative service agreement between the **Center for Dispute Resolution** and **Great Circle** for the duration of Service Contracts awarded to either or both entities through the Boone County Children's Services Board for the NEW – 2017 Purchase of Service RFP.

Great Circle has been implementing EAISON services and the Family Group Decision Making process in Boone County since 2015. Great Circle desires to continue implementing these services in Boone County and thus, we are reapplying for available funding. The Center for Dispute Resolution agrees to continue to provide Family Group Decision Making training to Great Circle if re-awarded the funding.

The MOU between the Center for Dispute Resolution and Great Circle will remain in place for the duration of the Services Contract.

Great Circle will pay a maximum of \$3,000 for the Family Group Decision Making training associated with the EAISON program.

The agreement will become effective on the date Service Contract(s) are awarded.

Dr. Charlene Berquist
Center for Dispute Resolution

**MEMORANDUM OF UNDERSTANDING BETWEEN THE
BOONE COUNTY JUVENILE OFFICE
AND
GREAT CIRCLE**

The purpose of this memorandum is to identify a mutual collaborative service agreement between **Boone County Juvenile Office** and **Great Circle** for the duration of Service Contracts awarded to either or both entities through the Boone County Children's Services Board for the NEW – 2017 Purchase of Service RFP.

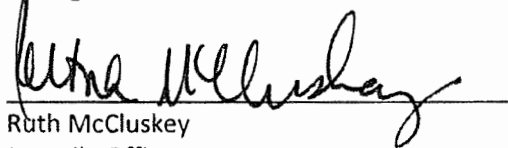

As a behavioral health organization for children operating in Boone County for over 16 years, Great Circle understands that the risks of child abuse and neglect are multifaceted and that all too often families only seek out and/or receives help after a crisis. Great Circle has been implementing EAISON services and the Family Group Decision Making process in Boone County since 2015. Great Circle desires to continue implementing these services in Boone County and thus, we are reapplying for available funding.

The Boone County Juvenile Office agrees to consider Great Circle a preferred client referral recipient when clinical case information indicates a juvenile client would benefit from clinical services offered by Great Circle. In turn, Great Circle agrees to consider the Boone County Juvenile Office a preferred client referral recipient when clinical case information indicates a Great Circle client would benefit from clinical services offered by the Boone County Juvenile Office.

The MOU between the Boone County Juvenile Office and Great Circle will remain in place for the duration of the Services Contract.

This agreement does not involve payment or exchange of funds from one entity to another and does not imply any financial obligation or agreement between the entities.

The agreement will become effective on the date Service Contract(s) are awarded.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

Narrative

c. Provide justification for the request for one-time funding. (600 character limit)

Narrative

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

9.5 Family Education

b. Service #1 - Taxonomy Definition of Service (300 character limit)

9.5 Develops communication and coping skills with the goal of strengthening family relationships.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The EAISON program's goal is to prevent and/or eliminate child abuse and neglect and reduce the traumatic effects that result from emergency removal. This is attained through early intervention, utilization of evidence-based assessments and models, and developing a natural support system within the family. This includes individual, couples and family therapy, substance use assessments and interventions, family group decision making, and utilizing evidence-based assessments. Service Delivery would include conventional appointment times and locations as well as providing services in the community, at home and at school. Unconventional appointment times are also offered for those families who may struggle with transportation, taking off from work, etc. The service period would be over a 4 to 6 month (16-24 weeks) period, broadening the scope of the program and allowing for increased intervention time with clinicians and family group decision making facilitators, allowing family members the opportunity to address trauma, deal with child welfare concerns, address other stressors connected to parenting in our community, and meet with their "family team" to create a family-driven plan. EAISON meets the family where they are at, seeking to engage families and build on their strengths and motivation to make life-long positive changes. By providing these services, EAISON will help build and sustain the families natural support network to empower their family system. Families are also supported through advocacy efforts when involved with the Family and/or Juvenile Court system as well as mediation when warranted. Additionally, families are also supported through community outreach-efforts by connecting them with resources and services that could benefit their current situation. The consumers for EAISON will be Boone County children up to age 19 who are at risk of child abuse and neglect and/or already have a child or children placed in protective custody within the last 60 days and their families. Families can include any adult, over the age of 19, that is actively involved with the family/child. This can include parents, guardians, grandparents, , etc. EAISON program staff and clinicians have established relationships and collaborated with many community resources to assist the families we serve. This includes Boone County Children's Division, Boone County Juvenile office, Family Counseling Center, Impact Center, Rainbow House, MU Bridge Program, Parents as Teachers, Columbia public schools and surrounding rural school districts, and FACE of Boone County.

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

16 Weeks minimum to 24 weeks of intervention with 80 families

b. Unit Rate (#1)

\$20.60

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

Narrative

d. Total Number of Units of Service to be Provided (#1)

26880

e. Total Number of Unduplicated Individuals (#1)

160

f. Average Number of Units of Service per Unduplicated Individual (#1)

168

g. Average Cost of Service per Individual (#1)

3460.8

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Great Circle will not charge the family any fees for participating in the program. If the child or family is eligible for Medicaid or other Insurance will bill insurance 1st, then request CSF payment when necessary. If family member(s) are not eligible for Medicaid or private health insurance, will bill CSF.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

Yes, if eligible for Medicaid or Other Insurance will bill 1st, then request CSF payment. If family member(s) are not eligible for Medicaid or private health insurance, will bill CSF.

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If the family is underinsured or uninsured, we will access funding from the CSF.

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Narrative

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

If the family is underinsured or uninsured, we will access funding from the CSF.

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$553,633.00

b. Proposed Number of Units of Service (#1)

26875.39

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

Narrative

Service #1- Performance Measures

Outcome (1-1)	Indicator (1-1)	Method of Measurement (1-1)
Reduction of child abuse and neglect and out-of-home placements.	90% of families shall not have substantiated child abuse/neglect during an EAISON intervention or a child placed out of the family home during EAISON intervention.	Child Abuse and Neglect (CAN) Hotline Call Report, case management tracking and EAISON monthly reports.
Additional Outcome (1-2)	Additional Indicator (1-2)	Additional Method (1-2)
Improvement in trauma-related symptoms for all family members (who scored positive for trauma via the trauma screening).	85% of parents/caregivers/children will decrease at least two Clinical scale/subscale scores (One if there is only one elevated score).	Trauma Assessment (TSI, TSCC and TSCYC respective to the client's age). These will be done both pre-and post-intervention and comparison data used for outcome measurement. Consumers not scoring for trauma will not be measured on this outcome.
Additional Outcome (1-3)	Additional Indicator (1-3)	Additional Method (1-3)
Improvement in the level of parental and child stress within the family and the home.	85% of family members will report a decrease their level of stress from the clinically concerning or problematic level to the normal range. Consumers who do not score as clinically concerning or problematic will not be measured on this outcome.	Parenting Stress Index (PSI-4:SF) and the Stress Index for Parents and Adolescents (SIPA). This will be done pre-and post-intervention and comparison data used for outcome measurement.
Additional Outcome (1-4)	Additional Indicator (1-4)	Additional Method (1-4)
Engage families in building capacity through strengthening protective factors and reducing risk of child abuse and neglect.	90% of families will be offered Family Group Decision Making services & receive an assessment for participation appropriateness (i.e.physical safety, domestic violence, etc); 75% of families receiving FGDM services, will successfully complete the process as evidenced by the creation of a family plan	Documented copy of family plan.
Additional Outcome (1-5)	Additional Indicator (1-5)	Additional Method (1-5)
High rates of client satisfaction.	85% of families will report satisfaction with the services upon exit; markers to include an indication of an improvement in their situation; indication of making better decisions for themselves/their family; indication that pre-program concerns have been addressed or were showing an improvement.	Exit Survey, results EAISON program staff, and Bi-Annual Great Circle Satisfaction Survey, results assessed by Performance Quality Improvement Division of agency.

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Reducing the number of substantiated child abuse/neglect reports & out-of-home placements as well as improving trauma-related symptoms for all affected family members is directly tied to the program goal. Decreasing stress levels in families also decreases the probability of abuse/neglect and encourages family support. Ensuring all family members' needs are met via the family plan strengthens the protective factors of the family and reduces the risk of abuse/neglect. High rates of client satisfaction are a staple of the program and express the overarching goal of strengthening families.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

External factors that contribute to the success of the proposed outcomes include dependence on referrals from community agencies, school districts, the court system, etc. External factors that may prevent reaching program outcomes include unforeseen events or crises that may prevent completion of the program. Treatment can also be disrupted to address crises. If lack of transportation is restricting and in-home services are not feasible due to safety concerns, active addiction, untreated or misdiagnosed mental health issues, etc., families may not have access to services.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

We expect 90% of enrolled families, due to consistent interaction with EAISON staff, won't have a substantiated report of child abuse/neglect or have a child placed out of the home. An 85% decrease in trauma-related symptoms is anticipated as evidence-based assessments and models will be used. An 85% decrease in parental stress will be due to intervention implementation. 75% of families will successfully complete the FGDM process and create a family plan by invoking their natural support system. Satisfaction is anticipated to be 85% as exceptional and supportive services will be provided

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Each method of measurement is based on pre-and post-data collection and dissemination, reliable reporting and tracking, or survey results collected by the Performance Quality Improvement team (PQI). The program will also utilize the Credible system to track data and generate reports to measure outcomes. All measurement methods will be entered into Credible and via the PQI team, as well as our IT department, reports can be generated to speak to each outcome. This makes the data trackable and reliable. PQI also tracks client satisfaction surveys and can generate reports based on that data.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Name

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Narrative

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Notes

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

Notes

b. Unit Rate (#2)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

Narrative

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

Narrative

d. Total Number of Units of Service to be Provided (#2)

0

e. Total Number of Unduplicated Individuals (#2)

0

f. Average Number of Units of Service per Unduplicated Individual (#2)

0

g. Average Cost of Service per Individual (#2)

0

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

Narrative

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Narrative

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

Narrative

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

Narrative

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

Narrative

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Narrative

Service #2 - Amount Received From Other Funders

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children’s Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymmo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.

2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:

- 1) Instructions and General Conditions
- 2) Introduction and General Information
- 3) Program Information and Requirements
- 4) Application Information
- 5) Attachment A - Organization Assurance Sheet
- 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
- 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2 All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3 Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1 The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2 The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children’s Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children’s Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children’s Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymmo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract School Age and Early Childhood Services

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Harrisburg Early Learning Center** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **HELC**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, HELC has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY HELC

HELC is expected to the greatest extent possible to maximize funding from all other sources. HELC shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. HELC shall only request reimbursement for services not reimbursable by any other source. HELC shall not invoice the Children's Services Fund for units of service invoiced to another funding source. HELC shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** HELC will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and HELC's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over HELC's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from HELC and HELC agrees to furnish the **School Age and Early Childhood Services** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in HELC's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$43,378.32** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. HELC agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of HELC be renewed for **an additional one (1), one-year period**. HELC agrees and understands that the BCCSB may require supplemental information to be submitted by HELC prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Social/Emotional Screening	One screening	\$26.79	168	\$4,500.72
Out of School Programming	One hour	\$3.45	8,148	\$28,110.60
Scholarship	One hour	\$1.50	7,178	\$10,767.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the

event the billing dispute is resolved in favor of HELC, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by HELC to monitor service delivery and program expenditures. HELC agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by HELC and, if so stipulated, are noted on this contract document. Payments may be withheld from HELC if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. HELC agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** HELC also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of HELC's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from HELC, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** HELC agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect HELC's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, HELC hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service,

activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event HELC requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from HELC may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with HELC's policies and procedures and in accordance with any local/state/federal regulations. HELC agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. HELC must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** HELC will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** HELC agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to HELC's provision of such services.

14. **Accreditation/Licensure/Certifications.** HELC must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** HELC agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and HELC, and this shall include any transaction in which HELC is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** HELC may enter into subcontracts for components of the contracted service as HELC deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services

under the resulting contract agreement, HELC shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** HELC agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. HELC shall require each subcontractor to affirmatively state in its Agreement with the HELC that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide HELC a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** HELC agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against HELC or any individual acting on the HELC's behalf, including subcontractors, which seek to enjoin or prohibit HELC from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If HELC ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if HELC no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, HELC will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event HELC, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to HELC as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or

impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should HELC fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, HELC shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the HELC for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, HELC agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Harrisburg Early Learning Center** (meaning anyone, including but not limited to consultants having a contract with HELC or subcontractor for part of the services), or anyone directly or indirectly employed by HELC, or of anyone for whose acts HELC may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** HELC shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. HELC will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. HELC will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. HELC agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and HELC. The BCCSB does not recognize any of the HELC's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** HELC shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to HELC shall be mailed or delivered to:

Harrisburg Early Learning Center
Kim Harvey
450 West Sexton St.
Harrisburg, MO 65256

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Harrisburg Early Learning Center
Name of Program	School Age and Early Childhood Services

Organization Profile	
-----------------------------	--

1. Need updated Audit and 990.

Action Required: Upload forms to the Organization Profile or provide a comment in the box below.

Our audit and taxes are currently in the final stages of review. I have uploaded a status letter from our auditor regarding our audit and a tax extension letter in the Organization Profile. We anticipate these to be completed and approved no later than November 15, 2017. I will upload them as soon as they are available.

2. Employee Compensation – Provide qualifications for teachers in the Employee Compensation Chart.

Action Required: Update the Organization Profile.

The Organization Profile has been updated.

Program Overview Form	
------------------------------	--

3. Program Consumers/Consumer Demographics – There are 40 unduplicated individuals listed in the Program Consumers but there are 42 children listed in the Consumer Demographic section.

Action Required: Clarify in the box below the total number of consumers, regardless of the funding source and/or consumer residency.

The total number of unduplicated individuals should state 42, not 40. I subtracted the two individuals served outside of Boone County.

4. Program Demographics – The Ethnicity Section was not completed in the Program Demographics.

Action Required: Provide the information in the box below.

Ethnicity	Number
Hispanic or Latino (of any race)	0
Not Hispanic or Latino	42
Ethnicity Total:	42

5. The Program Budget needs to be resubmitted and include all revenue sources including child care assistance, tuition fees, fund raising, etc. that contribute towards School Age and Early Childhood Services.

Action Required: Complete the Program Budget below for the whole program.

TOTAL PROGRAM REVENUE		PROPOSED AMOUNT
1. DIRECT SUPPORT		
A. Heart of Missouri United Way		\$51,480.00
Narrative:	This is a projected amount. The RFP opens in December 2017 for 2018 decision.	
B. Other United Ways		\$0
Narrative:		
C. Capital Campaigns		\$0
Narrative:		
D. Grants (non-governmental)		\$0
Narrative:		
E. Fund Raising & Other Direct Support		\$2,000.00
Narrative:	Fund Raising and Donations - Fund raising events in the Fall and Spring or Summer, donations made by other community members and support.	
2. GOVERNMENT CONTRACTS/SUPPORT:		
A. Boone County - Children's Services Funding		\$43,404.00
Narrative:	\$29,599.00 – Personnel for Out of School Programming, trainings for staff, personnel to administer ASQ's, ASQ-SE's, and ELLC Social Skills checklists. \$13,805.00 – Non-personnel expenses: Scholarships, program supplies, materials, maintenance, insurance, and marketing.	
B. Boone County - Community Health Funding		\$0
Narrative:		
C. Boone County - Other Funding		\$0
Narrative:		
D. Funding from Other Counties		\$0
Narrative:		
E. City of Columbia - Social Service Funding		\$0
Narrative:		
F. City of Columbia - CDGB/Home Funding		\$0
Narrative:		

G. City of Columbia - CHDO Funding	\$0	
Narrative:		
H. City of Columbia - Other Funding	\$0	
Narrative:		
I. Funding from Other Cities	\$0	
Narrative:		
J. Federal (Medicaid, Title III, etc.)	\$12,800	
Narrative:	This amount is from our USDA food program and is deducted in our expense category to cover the cost of food, kitchen costs, and supplies for cooking.	
K. State (Purchase of Services, Grants, etc.)	\$37,000	
Narrative:	This amount is from the Division of Family Services and will be deducted in our expense category with these monthly allocations going back into the tuition accounts for families receiving State subsidy.	
L. Other (Schools, Courts, etc.)	\$0	
Narrative:		
3. Program Service Fees	\$133,520.00	
Narrative:	Customer tuition accounts for infant/toddler classroom, two's classroom, preschool classroom, and school age classroom; late fee income, registration fees, bad check fees.	
4. Investment Income (realized & unrealized)	\$0	
Narrative:		
5. Other Revenue Items	\$0	
Narrative:		
TOTAL PROGRAM REVENUE	\$280,204.00	
PROGRAM EXPENSES	PROPOSED YEAR	
1. Personnel	\$165,580.00	
Narrative:	Staff salaries for director, assistant director, teachers, payroll tax expense and professional fees.	
2. Non-Personnel	\$114,624.00	
Narrative:	\$10,787 – Scholarships \$12,800 – Food and expenses \$37,000 – DFS allocations to State subsidy accounts \$54,037 – Staff discounts, employee benefits, advertising, maintenance, insurance, utilities, interest expense, depreciation expense, program supplies, household supplies, office supplies, education and training, travel allowance, public relations, fundraising expense, and misc. expenses (such as website for organization).	
TOTAL PROGRAM EXPENSES	\$280,204.00	

Program Services Form (1-5)

6. Service #1/Outputs – In an effort to align all of our screening and assessment services we are requiring that the Unit Measure for this service be “One Screening”. A new Unit Rate will need

to be proposed as well to match the new Unit Measure.

Action Required: Complete the attached 'Service Change Chart' for Service 1 and include the adjusted unit measure, unit rate, number of units to be provided, and the number of individuals to be served. Provide a justification for the adjusted unit rate below.

The adjusted unit rate reflects the number of children receiving screenings and the number of times the screenings are administered:

ASQ-3: 27 unduplicated children (infant to 5 years old) screened two times a year (at baseline and 6 months after) would be $27 \times 2 = 54$.

ASQ-SE: 27 unduplicated children (infant to 5 years old) screened two times a year (at baseline and 6 months after) would be $27 \times 2 = 54$.

ELLC Social Skills checklist: 15 unduplicated children (ages 3 to 5 years old) screened four times a year (at baseline and quarterly thereafter) would be $15 \times 4 = 60$.

$54 + 54 + 60 = 168$ units of service to be provided.

The Service Change Chart has been adjusted to show these changes.

7. Service #1/ Performance Measures Narrative/c. – This narrative currently restates the outcome.

Action Required: Provide an explanation, in the box below, provide a rational for the measurement level for each indicator.

8.

The measurement level for each indicator is based on the time to train staff on screenings, the time for staff to prepare screenings, administer screenings, and follow up on screenings.

r

Service #2 and #3 - Name, Definition, and Description – Service #2 is currently listed as Positive Youth Development and Service #3 is listed as Tutoring. The City of Columbia and Boone County have added an additional taxonomy item since you submitted your proposal. This service should now be called, **Out of School Programming**. The definition is: *Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before/after school, weekends, and/or during seasonal breaks (e.g. summer)*. This service must include at least two other related services in the *Taxonomy of Services*. Based on the information you shared in the detailed description, we will combine your current Service #2 and Service #3 as Out of School Programming.

Service Name: Out of School Programming (includes the following two taxonomy services):

Positive Youth Development

Academic Support – This is also a new taxonomy item developed by the City and County. The definition is: Individualized supplementary assistance with educational concepts and tasks (homework)

Action Required: Complete the attached "Service Change Chart" for the new Service 2 and include the adjusted unit measure, unit rate, number of units to be provided, number of individuals to be served, and the performance measures. Provide a justification for the new unit rate below.

Prior to the new taxonomy item (Out of School Programming) being developed, we had our School Age programs separated by Summer Programming and Before and After School Programming. The total number of units of service to be provided in the Service Change Chart reflects the totals of both programs in the number of units of service to be provided. The amount of funding requested was determined by personnel and non-personnel expenses. The personnel expenses include the amount to pay personnel for out of school programming, tutoring, and educational activities. The non-personnel costs included maintenance, insurance, marketing, program supplies, and materials. The personnel and non-personnel expenses were then divided by the proposed number of units based on the number of children attending and the hours they will attend out of school programming. This calculation provided our new unit rate.

9. Service #4/Performance Measures – Outcomes, Indicators, and Method of Measurement 4-1, 4-2, 4-3, 4-4 are reflected in the other services. Will only need to keep Additional Outcome (4-5), Additional Indicator (4-5), and Additional Method (4-5).

Action Required: Update the 'Service Change Chart below'. Provide any comments in the field b

The Service Change Chart has been updated to reflect these changes.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

10. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Harrisburg Early Learning Center			
Program Name: School Age and Early Childhood Services			
Service #1 – Taxonomy of Service Name: Social/Emotional Screening			
Service #1 – Taxonomy Definition of Service: Identifies if a child is at risk for social emotional delays, problem behaviors, and potential mental health concerns.			
<p>Provide a detailed description of the proposed service: Social/emotional screenings, developmental screenings, and social skills testing will be administered to measure the effectiveness of the Emerging Language and Literacy (ELL) and Positive Behavior Support (PBS). Children ages 3 weeks to 5 years old will be screened with ASQ's and ASQ-SE2's. A baseline will be conducted in both screenings and a second will be conducted 6 months later. Additional screenings will take place if we detect any delays or need for referrals. The preschool children ages 3 to 5 years old will be tested by a baseline Social Skills ELLC checklist and ongoing progress monitoring will take place quarterly thereafter. Collaborating with EC-PBS and SOAR, our staff will receive trainings on the ASQ and ASQ-SE2 and how to administer these screenings. Weekly meetings with an EC-PBS coach and other trainings provide support for classroom management.</p>			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One screening	\$26.79	168	27
Funding Request			
Amount Requested to Boone County: \$4,500.00		Proposed Number of Units of Service: 168	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Children in the Early Childhood Program (ages infant to 5 years old) will be screened for developmental delays (in the areas of communication, gross motor, fine motor, problem solving, and personal-social).	100% of children in the Early Childhood Program will be screened for developmental delays (in the areas of communication, gross motor, fine motor, problem solving, and personal-social).	Ages & Stages Questionnaire (ASQ-3): Conducted twice a year, or more as needed.	
Children in the Early Childhood Program (ages infant to 5 years old) will be screened for social emotional development.	100% of children in the Early Childhood Program will be screened for social emotional development.	Ages & Stages Questionnaire (ASQ-SE): Conducted twice a year, or more as needed.	
Children in the preschool classroom (ages 3-5 years old) will exhibit positive social behaviors when interacting with their peers and teachers.	95% of children in the preschool program will show an increase in positive social behaviors (from baseline testing to testing thereafter) when interacting with peers and teachers.	Emerging Language & Literacy Checklist (ELLC checklist) – Social Skills: Conducted when child enrolls and quarterly thereafter.	

Service Change Chart			
Organization Name: Harrisburg Early Learning Center			
Program Name: School Age and Early Childhood Services			
Service #2 – Taxonomy of Service Name: Out of School Programing (includes: Positive Youth Development and Academic Support)			
Service #2 – Taxonomy Definition of Service: Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before/after school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services in the Taxonomy of Services.			
Provide a detailed description of the proposed service: School age children ages 6 years to 13 years old will receive summer enrichment programming. Children will continue academic activities throughout the summer to increase their knowledge in the following subjects: Math, Science, Language, and Social Studies. The program will provide lessons to prepare children for the upcoming grade they will enter when returning to the school program. A safe environment will be provided with meals and snacks. School age children ages 6 years to 13 years old will receive quality and structured before and after school programming. With Harrisburg Schools following a four-day school week, the proposed program will operate Mondays from 6:30 am to 6:00 pm and before and after school on Tuesday through Friday. Teaching staff will provide time for homework completion and assist with tutoring students.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One hour	\$3.45	8148	15
Funding Request			
Amount Requested to Boone County: \$28,137.00		Proposed Number of Units of Service: 8148	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
Children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.	80% of children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.	Pre and post tests in the areas of Math, Science, Language, and Social Studies.	
Children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.	80% of children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.	Report cards shared by families at the end of the second quarter and the end of the fourth quarter.	
Family stress will be reduced by providing tutoring, educational activities, and academic support.	90% of families will report reduction in stress by children receiving tutoring , educational activities, and academic support.	Yearly surveys completed by families.	

--	--	--

Service Change Chart			
Organization Name: Harrisburg Early Learning Center			
Program Name: School Age and Early Childhood Services			
Service #3 – Taxonomy of Service Name: Scholarships			
Service #3– Taxonomy Definition of Service: Provision of financial assistance for educational and enrichment expenses.			
Provide a detailed description of the proposed service: Scholarships would allow children access to quality care. For children ages 3 weeks to 5 years old, they would be given the opportunity to develop positive social behaviors and to be screened for developmental delays. School-age children and their families would have access to quality school-age programming. Parents and guardians will feel less stress with their children being enrolled in a quality child care program. With some of our families caring for several children and still receiving state subsidies, the tuition to pay out of pocket is a financial burden. We want to offer scholarships for working families that still need assistance after state subsidies and for families that struggle with a single income and not able to receive state subsidy assistance.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One hour	\$1.50	7178	25
Funding Request			
Amount Requested to Boone County: \$10,767.00		Proposed Number of Units of Service: 7178	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:
Families will feel less stress because children are enrolled in a quality child care program.	90% of families will report less stress because their child is in a safe, secure environment.		Yearly surveys completed by families.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Harvey:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda Bobbitt", written in a cursive style.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Harrisburg Early Learning Center
Name of Program	School Age and Early Childhood Services

Organization Profile	
-----------------------------	--

1. Need updated Audit and 990.

Action Required: Upload forms to the Organization Profile or provide a comment in the box below.

--

2. Employee Compensation – Provide qualifications for teachers in the Employee Compensation Chart.

Action Required: Update the Organization Profile.

Program Overview Form	
------------------------------	--

3. Program Consumers/Consumer Demographics – There are 40 unduplicated individuals listed in the Program Consumers but there are 42 children listed in the Consumer Demographic section.
Action Required: Clarify in the box below the total number of consumers, regardless of the funding source and/or consumer residency.

--

4. Program Demographics – The Ethnicity Section was not completed in the Program Demographics.

Action Required: Provide the information in the box below.

Ethnicity	Number
Hispanic or Latino (of any race)	
Not Hispanic or Latino	

Ethnicity Total:	
-------------------------	--

5. The Program Budget needs to be resubmitted and include all revenue sources including child care assistance, tuition fees, fund raising, etc. that contribute towards School Age and Early Childhood Services.

Action Required: Complete the Program Budget below for the whole program.

Program Services Form (1-5)

6. Service #1/Outputs – In an effort to align all of our screening and assessment services we are requiring that the Unit Measure for this service be “One Screening”. A new Unit Rate will need to be proposed as well to match the new Unit Measure.
Action Required: Complete the attached ‘Service Change Chart’ for Service 1 and include the adjusted unit measure, unit rate, number of units to be provided, and the number of individuals to be served. Provide a justification for the adjusted unit rate below.

7. Service #1/ Performance Measures Narrative/c. – This narrative currently restates the outcome.
Action Required: Provide an explanation, in the box below, provide a rational for the measurement level for each indicator.

8. Service #2 and #3 - Name, Definition, and Description – Service #2 is currently listed as Positive Youth Development and Service #3 is listed as Tutoring. The City of Columbia and Boone County have added an additional taxonomy item since you submitted your proposal. This service should now be called, **Out of School Programming**. The definition is: *Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before/after school, weekends, and/or during seasonal breaks (e.g. summer).* This

service must include at least two other related services in the *Taxonomy of Services*. Based on the information you shared in the detailed description, we will combine your current Service #2 and Service #3 as Out of School Programming.

Service Name: Out of School Programming (includes the following two taxonomy services):
Positive Youth Development
Academic Support – This is also a new taxonomy item developed by the City and County. The definition is: Individualized supplementary assistance with educational concepts and tasks (homework)

Action Required: Complete the attached “Service Change Chart’ for the new Service 2 and include the adjusted unit measure, unit rate, number of units to be provided, number of individuals to be served, and the performance measures. Provide a justification for the new unit rate below.

--

9. Service #4/Performance Measures – Outcomes, Indicators, and Method of Measurement 4-1, 4-2, 4-3, 4-4 are reflected in the other services. Will only need to keep Additional Outcome (4-5), Additional Indicator (4-5), and Additional Method (4-5).

Action Required: Update the ‘Service Change Chart below’. Provide any comments in the field below.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

10. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the ‘Program Outputs and Funding Request Tables’.

Service Change Chart			
Organization Name: Harrisburg Early Learning Center			
Program Name: School Age and Early Childhood Services			
Service #1 – Taxonomy of Service Name: Social/Emotional Screening			
Service #1 – Taxonomy Definition of Service: Identifies if a child is at risk for social emotional delays, problem behaviors, and potential mental health concerns.			
Provide a detailed description of the proposed service: Social/emotional screenings, developmental screenings, and social skills testing will be administered to measure the effectiveness of the Emerging Language and Literacy (ELL) and Positive Behavior Support (PBS). Children ages 3 weeks to 5 years old will be screened with ASQ's and ASQ-SE2's. A baseline will be conducted in both screenings and a second will be conducted 6 months later. Additional screenings will take place if we detect any delays or need for referrals. The preschool children ages 3 to 5 years old will be tested by a baseline Social Skills ELLC checklist and ongoing progress monitoring will take place quarterly thereafter. Collaborating with EC-PBS and SOAR, our staff will receive trainings on the ASQ and ASQ-SE2 and how to administer these screenings. Weekly meetings with an EC-PBS coach and other trainings provide support for classroom management.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One screening			
Funding Request			
Amount Requested to Boone County:		Proposed Number of Units of Service:	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:

Service Change Chart			
Organization Name: Harrisburg Early Learning Center			
Program Name: School Age and Early Childhood Services			
Service #2 – Taxonomy of Service Name: Out of School Programing (includes: Positive Youth Development and Academic Support)			
Service #2 – Taxonomy Definition of Service: Provides children in grades K-12 a safe, regularly scheduled, structured, and supervised environment outside the typical school day, including before/after school, weekends, and/or during seasonal breaks (e.g. summer). This service must include at least two other related services in the Taxonomy of Services.			
Provide a detailed description of the proposed service: School age children ages 6 years to 13 years old will receive summer enrichment programming. Children will continue academic activities throughout the summer to increase their knowledge in the following subjects: Math, Science, Language, and Social Studies. The program will provide lessons to prepare children for the upcoming grade they will enter when returning to the school program. A safe environment will be provided with meals and snacks. School age children ages 6 years to 13 years old will receive quality and structured before and after school programming. With Harrisburg Schools following a four-day school week, the proposed program will operate Mondays from 6:30 am to 6:00 pm and before and after school on Tuesday through Friday. Teaching staff will provide time for homework completion and assist with tutoring students.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:

Amount Requested to Boone County:		Proposed Number of Units of Service:	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	

Service Change Chart			
Organization Name: Harrisburg Early Learning Center			
Program Name: School Age and Early Childhood Services			
Service #3 – Taxonomy of Service Name: Scholarships			
Service #3– Taxonomy Definition of Service: Provision of financial assistance for educational and enrichment expenses.			
<p>Provide a detailed description of the proposed service: Scholarships would allow children access to quality care. For children ages 3 weeks to 5 years old, they would be given the opportunity to develop positive social behaviors and to be screened for developmental delays. School-age children and their families would have access to quality school-age programming. Parents and guardians will feel less stress with their children being enrolled in a quality child care program. With some of our families caring for several children and still receiving state subsidies, the tuition to pay out of pocket is a financial burden. We want to offer scholarships for working families that still need assistance after state subsidies and for families that struggle with a single income and not able to receive state subsidy assistance.</p>

General Information

Organization
Mission
Statement
(Purpose):

Provide your organization's mission statement. (600 character limit)

The mission of Harrisburg Early Learning Center (HELC) is to provide quality and affordable early childhood education for the children of northern Boone County, regardless of social or economic status, in an environment that is safe, as well as educationally and developmentally appropriate.

Organization
History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

HELC (formerly Harrisburg Preschool) began operations in April 1980 in a small home in Harrisburg, Missouri. In July 1980, Harrisburg Preschool became the first non-profit preschool recognized by the State of Missouri in northern Boone County. During that time, the center was operated to care for preschool age children and provided after school care for the children attending public school. In 2001, the Board of Trustees recognized a need for infant and toddler care in the community and expanded the facilities and services to provide care for them.

Brief Statement
of Organization's
Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

Providing early childhood education to the children of northern Boone County.
Preparing our children for entry into kindergarten.
Involving parents in the early education of their children.
Providing quality and structured before and after school programming.
Providing quality and structured summer enrichment programming.

Articles of
Incorporation:

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The issues to be addressed by the proposed program are education and income support. According to the Boone Indicators Dashboard (BID), there are issues in education that need to be addressed and improved. In 2016, Harrisburg Schools showed a 94.1% graduation rate and the percentage of high school graduates scoring above national average on the ACT was 27.3%. This was the lowest percentage compared to other communities such as Centralia, Hallsville, Sturgeon, southern Boone schools, and Columbia schools. In 2015, data from BID shows a median income for families with children in Boone County at \$72,371.00. In the last four years, we have seen a huge increase in the number of families we serve at or below 200% of the federal poverty level. In 2013, 31% of the families we served were at or below 200% of the federal poverty level. In 2017, more than 50% of the families we serve are below the federal poverty level.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Children, youth and families are affected by the issues shown in the data tables provided by BID. In 2016, 91.4% of children were academically ready in the area of Kindergarten readiness in rural Boone County and 96.1% of children were behaviorally ready. In 2016, Harrisburg Schools show the percent scoring proficient or advanced in English Language Arts MAP - Grade 3 as 58.8%, a decline from the 63% in 2015. The percent scoring proficient or advanced in English Language Arts MAP - Grade 6 was 45.5% in 2016, which was down from the 53.5% in 2015.

Our goal is to prepare all children leaving our early childhood program ready to succeed at kindergarten entry. With ongoing progress monitoring, performance measurement, and mental health screenings, we can better prepare children for kindergarten. We also provide quality and structured before & after school programming and summer enrichment programming for our school age children. With tutoring, homework assistance, academic enrichments, and performance measurement, we can assist our children with a greater chance of being more engaged in school, reduce their chances of taking part in at-risk behaviors, help with academic performance and increase their chances of graduating high school. With more than 50% of our

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Providing early childhood education to the children of Boone County, preparing children for entry into kindergarten, involving parents in the education of their children, providing quality & structured before and after school programming, providing quality & structured summer enrichment programming.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The School Age and Early Childhood Services program will provide mental health screenings to be administered twice a year or more for our children ages three weeks to five years old. Children ages three to five years old will receive progress monitoring by the Social Skills ELLC checklist. By monitoring our children's screenings, we will be able to determine whether or not further assistance is needed through referrals. The proposed program will also provide full-time summer care for children ages six years to thirteen years old. A before and after school program will also be provided with tutoring and one-on-one homework assistance for children ages six years to thirteen years old.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Harrisburg Early Learning Center's proposed program will serve children ages three weeks to thirteen years old. We will serve children and families in Boone County, as well as surrounding counties such as Howard and Randolph.

b. Why will these particular consumers be served? (1500 character limit)

We have a high need for child care being located in a rural area in northern Boone County. The majority of our families work in Boone County with many of them working in the city of Columbia. 100% of the families we currently serve are employed in Boone County and their children are enrolled in the Harrisburg School District. The school district does not offer services for school age children before and after school or during the entire summer months. We also have a high need in our community for child care for infants, toddlers and preschool children with only having three home day cares in our area.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

One of the challenges we face is having to place families on a waiting list for care. With staffing challenges, it has been difficult to enroll more children in our programs.

d. Total number of unduplicated individuals to be served by the proposed program:

40

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

1250

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. **No individual should be counted twice under any sub-section.**

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

The program will provide services at Harrisburg Early Learning Center located at 450 West Sexton Street, Harrisburg, MO. The hours of operation will be Monday through Friday from 6:30 am to 6:00 pm.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

Children must be between the ages of three weeks and thirteen years old to be eligible for the proposed program.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Parents will only be charged a tuition fee for child care provided to the children and meals served to the children. We will not be charging the parents and families any extra fees for mental health screenings, tutoring, academic enrichments, tests, scholarships, training for the staff, or personnel salaries.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Harrisburg Early Learning Center is licensed by the Missouri Department of Health and Senior Services Child Care Regulation. We are licensed to care for up to sixty children ages three weeks to thirteen years old.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

No (move on to c.)

If Yes - Provide the name of the accreditation agency. (300 character limit)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

The proposed program utilizes best practices that are developmentally appropriate for children as outlined in the National Association for the Education of Young Children. We utilize best practices by having trained staff that receive professional development trainings throughout the year, maintaining appropriate staff/child ratios at all times, providing age appropriate activities and curriculum for the children we serve, tracking our children's performance measures, and having a high rate of family involvement.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

All staff receive several hours of professional development each year. The staff/child ratios in each classroom are as follows: 1 to 4 in the infant and toddler rooms; 1 to 8 in the two's classroom; 1 to 10 in the preschool classroom; 1 to 15 children in the school age classroom with extra staff included for tutoring. Our early childhood programs follow a curriculum and age appropriate activities. We monitor our children's progress with mental health screenings and academic performance measures. We also ensure a high rate of family participation and involvement with our programs.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

Studies show that at least half of the educational achievement gaps between poor and non-poor children already exist at kindergarten entry. With our program contracting with other agencies, partnering with community collaborations, and providing subsidized child care, we assist in closing that gap among children. All children in our agency, regardless of socioeconomic status, receive the same high quality care and programming from three weeks to thirteen years old. Children will not enter school ready to learn unless families, schools, and communities provide the environments and experiences that support the physical, social, emotional, language, literacy, and cognitive development of infants, toddlers, and preschool children. (www.rikidscount.org)

Harrisburg Early Learning Center recognizes the importance of before and after school programming, as well as summer programming for our school age children. Children need a safe and supervised environment that provides enrichment activities, healthy snacks and meals, and supportive mentors to assist with homework and tutoring. A large body of evidence exists that confirms quality after school programs help children become more engaged in school, reduce their likelihood of taking part in at-risk behaviors or acting out in school, and help raise their academic performance. (www.afterschoolalliance.org, 2014)

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

We have collaborative efforts to sustain program fidelity with Early Childhood Positive Behavior Support (EC-PBS). Our shared mission is to increase the social-emotional health of young children. The goals we have in place are to work closely with teaching staff, parents and the children we serve for social-emotional knowledge and skill development. The EC-PBS coach works closely with our teaching staff to discuss expectations of children and classroom management. System Offering Actions for Resilience (SOAR) in Early Childhood provides training to our staff to implement the Ages & Stages Questionnaire. The mission is to detect early identification and intervention and provide referrals and services to our children if needed.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Mental health screenings assist with identifying children at risk so that appropriate referrals can be made. Baseline testing and ongoing progress monitoring of children's academic and social skills enable us to provide effective classroom management. Performance measures allow us to track data and to reach desired outcomes. Performance measurement also allows us to monitor children's progress and to ensure improvements are sustained.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

One of our goals as an agency is to have family participation and involvement in the early education of their children. We encourage families to provide feedback and to rate our services through parent surveys and parent-teacher conferences. We ask for different ratings on items such as the overall quality of child care received, the effectiveness of communication with administrative staff and teaching staff, the children's safety, and curriculum in our classrooms. Our families have opportunities to answer questions about the services provided and to provide input on improvements to be made and any suggestions in order to provide the best quality care to the children we serve. We also welcome our parents to join the Board of Trustees and to attend monthly board meetings.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

Our partnerships and collaborations include Nora Stewart, Mary Lee Johnston Community Learning Center, Heart of Missouri United Way, Harrisburg School District, EC-PBS and SOAR.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Director	MQ1 B.S. degree	FTE1 0.13	SR1 FROM \$5,423.60	SR1 TO \$5,423.60
P2 Assistant Director	MQ2 H. S. Diploma or GED plus a minimum of 24 hours in early childhood education or a child-related field	FTE2 0.13	SR2 FROM \$3,120.00	SR2 TO \$3,380.00
P3 School Age Teacher	MQ3 H. S. Diploma or GED, Professional development training	FTE3 0.75	SR3 FROM \$13,260.00	SR3 TO \$14,040.00
P4 Preschool Teacher	MQ4 H. S. Diploma or GED, Professional development training	FTE4 0.08	SR4 FROM \$1,352.00	SR4 TO \$1,436.50
P5 Preschool Teacher	MQ5 H. S. Diploma or GED, Professional development training	FTE5 0.08	SR5 FROM \$1,352.00	SR5 TO \$1,436.50
P6 School Age Teacher	MQ6 H. S. Diploma or GED, Professional development training	FTE6 0.63	SR6 FROM \$10,075.00	SR6 TO \$10,725.00
P7 Infant/Toddler Teacher	MQ7 H. S. Diploma or GED, Professional development training	FTE7 0.05	SR7 FROM \$806.00	SR7 TO \$858.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The school age teachers will provide tutoring and homework help in the School Age before and after school program. In the school age summer program, teachers will provide summer enrichments. The preschool teachers will administer the ASQ's, ASQ-SE2's and ELLC Social Skills checklists. The infant/toddler teachers and two's teacher will administer the ASQ's and ASQ-SE2's. The director and assistant director will assist with tutoring and homework, as well as tracking performance measures and reviewing assessments and screenings. Referrals will be made if needed. The minimum requirements for all teaching staff is a high school diploma, clean background screening, and continued professional development. The assistant director's minimum requirements are a High School diploma or GED, as well as a minimum of 24 hours in early childhood education or a child-related field. The director's minimum qualifications are to have a Bachelor's degree. All salaries of the proposed program are based on education and experience.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

Grant	Children's Services Fund - POS 2017 (BCCSB Review ends 09/15/2017 5:00 AM CDT)
Organization Name (will aut...	Harrisburg Early Learning Center
Fund Source	Children's Services Fund - POS 2017
Funder	Boone County
Funding Cycle	#30-20JUL17
Name of Program or Project	School Age and Early Childhood Services
Amount of Request	\$50,000.00
Record Lock	

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

a. Service #1 - Taxonomy of Service Name (150 character limit)

4.12 Social/Emotional Screening

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Identifies if a child is at risk for social emotional delays, problem behaviors, and potential mental health concerns.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Social/emotional screenings, developmental screenings, and social skills testing will be administered to measure the effectiveness of the Emerging Language and Literacy (ELLC) and Positive Behavior Support (PBS). Children ages 3 weeks to 5 years old will be screened with ASQ's and ASQ-SE2's. A baseline will be conducted in both screenings and a second will be conducted 6 months later. Additional screenings will take place if we detect any delays or need for referrals. The preschool children ages 3 to 5 years old will be tested by a baseline Social Skills ELLC checklist and ongoing progress monitoring will take place quarterly thereafter. Collaborating with EC-PBS and SOAR, our staff will receive trainings on the ASQ and ASQ-SE2 and how to administer these screenings. Weekly meetings with an EC-PBS coach and other trainings provide support for classroom management.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One hour

b. Unit Rate (#1)

\$27.21

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc.)(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

The unit rate was based on the number of staff administering mental health screenings, the time they train for implementation and the hours involved to administer each screening. The total of all salaries was divided by the proposed number of units based on the number of unduplicated children to receive the screenings.

d. Total Number of Units of Service to be Provided (#1)

165

e. Total Number of Unduplicated Individuals (#1)

27

f. Average Number of Units of Service per Unduplicated Individual (#1)

6.11

g. Average Cost of Service per Individual (#1)

166.28

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

Families pay a tuition fee for child care only. They are not charged for screenings. Their tuition fee covers child care and meals for their children.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Our agency does not bill for medical or health insurance claims. We have some families receiving state subsidy from the Missouri Division of Family Services. Attendance records are submitted to the state and those state subsidies are then placed into the children's accounts to assist with their child care tuition, not additional services such as screenings.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Harrisburg Early Learning Center does not handle healthcare or medical insurance claims.

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$27.21	1a2. 174	1a3. \$4,734.54
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$4,490.00

b. Proposed Number of Units of Service (#1)

165.01

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

The requested level of funding includes all personnel involved to train and administer the ASQ's, ASQ-SE2's, and ELLC Social Skills checklists for all unduplicated children that are 3 weeks to 5 years old. These screenings will assist in preparing children for kindergarten entry.

Service #1- Performance Measures

Outcome (1-1)

Children in the preschool classroom (ages 3-5 years old) will

Indicator (1-1)

95% of children in program will show an increase in

Method of Measurement (1-1)

Additional Outcome (1-2)

Children in the Early Childhood Program (ages infant to 5 years old) will be screened for social emotional development.

Additional Outcome (1-3)

Children in the Early Childhood Program (ages infant to 5 years old) will be screened for developmental delays (in the areas of communication, gross motor, fine motor, problem solving, and personal-social).

Additional Outcome (1-4)**Additional Outcome (1-5)****Additional Indicator (1-2)**

100% of children in the Early Childhood Program will be screened for social emotional development.

Additional Indicator (1-3)

100% of children in the Early Childhood Program will be screened for developmental delays (in the areas of communication, gross motor, fine motor, problem solving, and personal-social).

Additional Indicator (1-4)**Additional Indicator (1-5)****Additional Method (1-2)**

Ages & Stages Questionnaire - Social Emotional (ASQ-SE2) conducted twice a year, or more as needed.

Additional Method (1-3)

Ages & Stages Questionnaire-3 (ASQ-3) conducted twice a year, or more as needed.

Additional Method (1-4)**Additional Method (1-5)****Service #1 - Performance Measures Narrative****a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

Children in the Early Childhood Program will be exposed to Positive Behavior Support (PBS) and receive mental health screenings. The outcomes we strive to achieve will assist in preparing our children for kindergarten and allow their parents to be involved by working with the teachers and providing their views on their child's mental health and social emotional behaviors.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Attendance of children affects the proposed outcome. For example, we may have a child join the program and disenroll prior to the 6 months of follow up screening.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

100% of children will be screened and 95% will show an increase in positive social behaviors from baseline.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The ASQ, ASQ-SE2, and the ELLC Social skills checklists are all evidence-based tools used to measure social-emotional health.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

9.13 Positive Youth Development

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Develops internal development assets in youth with the goal of developing a commitment to learning, positive values, social competencies, and/or positive identities.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

School age children ages 6 years to 13 years old will receive summer enrichment programming. Children will continue academic activities throughout the summer to increase their knowledge in the following subjects: Math, Science, Language, and Social Studies. The program will provide lessons to prepare children for the upcoming grade they will enter when returning to the school program. A safe environment will be provided with meals and snacks.

Service #2 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)**

One hour

b. Unit Rate (#2)

\$2.54

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

NO

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

The unit rate was determined by the amount to pay two personnel for the summer enrichment programming. The salaries of these two teachers was then divided by the proposed number of units based on the number of children attending and the hours they will attend the summer program.

d. Total Number of Units of Service to be Provided (#2)

2100

e. Total Number of Unduplicated Individuals (#2)

15

f. Average Number of Units of Service per Unduplicated Individual (#2)

140

g. Average Cost of Service per Individual (#2)

355.6

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

Families pay a tuition fee for child care only. They are not charged for summer enrichment programming. Their tuition fee covers child care, meals for their children, and utilities.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

Our agency does not bill for medical or health insurance claims. We have some families receiving state subsidy from the Missouri Division of Family Services. Attendance records are submitted to the state and those state subsidies are then placed into the children's accounts to assist with their child care tuition, not additional services such as summer enrichments.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Harrisburg Early Learning Center does not handle healthcare or medical insurance claims.

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

Yes (complete the Other Funder's Chart below)

Service #2 - Other Funders Chart

<u>Funders (#2)</u>	<u>Unit Rate (#2)</u>	<u># of Units Funded (#2)</u>	<u>Total Amount Contracted (#2)</u>
a Boone County - Children's Services Funding (#2)	2a1. \$1.82	2a2. 2800	2a3. \$5,096.00

b. Boone County - Community Health Funding (#2)	2b1. \$0.00	2b2. 0	2b3. \$0.00

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$5,334.00

b. Proposed Number of Units of Service (#2)

2100

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

The requested level of funding includes two personnel to teach in the School Age Summer Program. The teachers will be responsible for pre and post testing to ensure children continue academic success and help prepare them for the upcoming grade they will enter when they return to school. Performance measures will track the progress of the children in the program.

Service #2 - Performance Measures

Outcome (2-1)

Children will show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.

Indicator (2-1)

80% of children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.

Method of Measurement (2-1)

Pre and post tests in the areas of Math, Science, Language, and Social Studies.

Additional Outcome (2-2)

Additional Outcome (2-3)

Additional Indicator (2-3)

Additional Method (2-3)

Additional Outcome (2-4)

Additional Indicator (2-4)

Additional Method (2-4)

Additional Outcome (2-5)

Additional Indicator (2-5)

Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

Our goal is for our children to show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies. One of the goals we have for our program is to provide quality and structured summer enrichment programming.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

The proposed outcomes may be affected by poor attendance in the program or if a child leaves the program.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

100% of children in the program will receive pre and post tests. 80% of children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.

d. Provide a rationale for each method of measurement (2). (600 character limit)

Pre and post tests will allow us to track children's academic progress during the summer months.

Service #3 - Name, Definition and Description

Service #3 - Taxonomy of Service Name (150 character limit)

3.6 Tutoring

Service #3 - Taxonomy Definition of Service (300 character limit)

Supplementary assistance with educational concepts and tasks in coordination with students' primary source of education.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

School age children ages 6 years to 13 years old will receive quality and structured before and after school programming. With Harrisburg Schools following a four day school week, the proposed program will operate Mondays from 6:30 am to 6:00 pm and before and after school on Tuesday through Friday. Teaching staff will provide time for homework completion and assist with tutoring students.

Service #3 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)**

One hour

b. Unit Rate (#3)

\$4.36

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

The unit rate was determined by the amount to pay personnel for before and after school programming. The salaries were then divided by the proposed number of units based on the number of children attending and the hours they will attend the before and after school program.

d. Total Number of Units of Service to be Provided (#3)

6048

e. Total Number of Unduplicated Individuals (#3)

15

f. Average Number of Units of Service per Unduplicated Individual (#3)

403.2

g. Average Cost of Service per Individual (#3)

1757.95

Service #3 - Service Fee**a. Will the proposed service (#3) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the service (#3). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#3)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service. (#3) (600 character limit)

Families pay a tuition fee for child care only. They are not charged for tutoring and homework assistance during the before and after school programming. Their tuition fee covers child care, meals for their children, and utilities.

b. Is this proposed service billable to a third-party payor(s)? (#3) (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#3). (600 character limit)

If No - Explain why the proposed service is not billable to a third-party payor. (#3) (600 character limit)

Our agency does not bill for medical or health insurance claims. We have some families receiving state subsidy from the Missouri Division of Family Services. Attendance records are submitted to the state and those state subsidies are then placed into the children's accounts to assist with their child

or that the payment options will be provided for proposed service if they are uninsured or under insured? (#3) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Harrisburg Early Learning Center does not handle healthcare or medical insurance claims.

Service #3 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#3)

Yes (complete the Other Funder's Chart below)

Service #3 - Other Funders Chart

<u>Funders (#3)</u>	<u>Unit Rate (#3)</u>	<u># of Units Funded (#3)</u>	<u>Total Amount Contracted (#3)</u>
	3a1.	3a2.	3a3.
a Boone County - Children's Services Funding (#3)	\$2.46	5056	\$12,437.76
	3b1.	3b2.	3b3.
b. Boone County - Community Health Funding (#3)	\$0.00	0	\$0.00
	3c1.	3c2.	3c3.
c. City of Columbia - Social Services Funding (#3)	\$0.00	0	\$0.00
	3d1.	3d2.	3d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#3)	\$0.00	0	\$0.00
	3e1.	3e2.	3e3.
e. Heart of Missouri United Way Funding (#3)	\$0.00	0	\$0.00

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$26,371.00

b. Proposed Number of Units of Service (#3)

6048.39

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

The requested level of funding includes personnel to teach in the Before and After School Program. The teachers will be responsible for tutoring school subjects to ensure children continue academic success. We also want to lessen the stress of our working families by providing homework time and tutoring to their children. When children are picked up from the program in the evenings, this allows them to have more family time once they get home.

Service #3 - Performance Measures

Outcome (3-1)

Family stress will be reduced by providing tutoring as well as time for children to complete homework.

Indicator (3-1)

90% of families will report reduction in stress by children receiving tutoring as well as time to complete homework.

Method of Measurement (3-1)

Yearly surveys completed by families.

Additional Outcome (3-2)

Children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, English, and Reading.

Additional Indicator (3-2)

80% of children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, English, and Reading.

Additional Method (3-2)

Report cards shared by families at the end of the second quarter and the end of the fourth quarter.

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

We want to assist our children by tutoring subjects such as Math, Science, Language, and Social Studies. We also want our families to experience less stress by providing time for their children to complete their homework and receive tutoring. By doing these things, we are providing quality and structured before and after school programming.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

The proposed outcomes may be affected by poor attendance in the program or if a child leaves the program.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

We expect 90% or more of our families reporting reduction in stress by children receiving tutoring as well as time to complete homework. We want 80% or more of our children in the proposed program to maintain or show an increase in performance and knowledge of the following subjects: Math, Science, English, and Reading.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

We welcome input from our families on how our programs are operating. The parent surveys and evaluations allow parents to voice their opinions and give feedback. The report cards show us if the children are increasing their knowledge in school subjects. If we see a child's report card showing areas of concern, we can spend more time working with that child one on one and provide extra assistance and tutoring with that particular subject.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

10.6 Scholarships

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Provision of financial assistance for educational and enrichment expenses.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Scholarships would allow children access to quality care. For children ages 3 weeks to 5 years old, they would be given the opportunity to develop positive social behaviors and to be screened for developmental delays. School-age children and their families would have access to quality school-age programming. Parents and guardians will feel less stress with their children being enrolled in a quality child care program. With some of our families caring for several children and still receiving state subsidies, the tuition to pay out of pocket is a financial burden. We want to offer scholarships for working families that still need assistance after state subsidies and for families that struggle with a single income and not able to receive state subsidy assistance.

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

One hour

b. Unit Rate (#4)

\$1.50

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

We charge a weekly tuition fee for child care services. When establishing the hourly unit rate for scholarships, it was based on the average hours of

can have developmental screenings, an increase in positive social behaviors, access to quality school-age programming, and less stress.

d. Total Number of Units of Service to be Provided (#4)

7178

e. Total Number of Unduplicated Individuals (#4)

25

f. Average Number of Units of Service per Unduplicated Individual (#4)

287.12

g. Average Cost of Service per Individual (#4)

430.68

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

We are not charging a fee for scholarships. The scholarships would be used for families needing additional financial assistance for their child to have access to quality care.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

We will not bill scholarships to a third-party payor.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Harrisburg Early Learning Center does not handle healthcare or medical insurance claims.

Service #4 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)

Yes (complete the Other Funder's Chart below)

Service #4 - Other Funders Chart

<u>Funders (#4)</u>	<u>Unit Rate (#4)</u>	<u># of Units Funded (#4)</u>	<u>Total Amount Contracted (#9)</u>
a. Boone County - Children's Services Funding (#4)	4a1. \$1.26	4a2. 10104	4a3. \$12,731.04
b. Boone County - Community Health Funding (#4)	4b1. \$0.00	4b2. 0	4b3. \$0.00
c. City of Columbia - Social Services Funding (#4)	4c1. \$0.00	4c2. 0	4c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#4)	4d1. \$0.00	4d2. 0	4d3. \$0.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)

\$10,767.00

b. Proposed Number of Units of Service (#4)

7178

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

Scholarships would allow children access to quality care. For children ages 3 weeks to 5 years old, they would be given the opportunity to be screened for developmental delays. School-age children and their families would have access to quality school-age programming. Families will feel less stress with their children being enrolled in a quality child care program. Over the last four years, we have seen an increase in families at or below 200% of the federal poverty level. Our current demographics show more than 50% of our families at or below 200% of the federal poverty level.

Services #4 - Performance Measures

Outcome (4-1)

School-age children and families will have access to quality before and after school-age programming.

Indicator (4-1)

80% of children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, English, and Reading.

Method of Measurement (4-1)

Report cards shared by families at the end of the second quarter and the end of the fourth quarter.

Additional Outcome (4-2)

School-age children and families will have access to quality summer enrichment programming.

Additional Indicator (4-2)

80% of children will maintain or show an increase in performance and knowledge of the following subjects: Math, Science, Language, and Social Studies.

Additional Method (4-2)

Pre and post tests in the following subjects: Math, Science, Language, and Social Studies.

Additional Outcome (4-3)

Children ages 3 to 5 years old will have access to quality child care.

Additional Indicator (4-3)

95% of children in program will show an increase in positive social behaviors (from baseline testing to testing thereafter) when interacting with their peers and teachers.

Additional Method (4-3)

ELLC social skills checklist upon enrollment and quarterly thereafter.

Additional Outcome (4-4)

Children 3 weeks to 5 years old will have access to quality child care.

Additional Indicator (4-4)

100% of children in the Early Childhood Program will be screened for developmental delays (in the areas of communication, gross motor, fine motor, problem solving, and personal-social).

Additional Method (4-4)

Ages & Stages Questionnaire-3 (ASQ-3) conducted twice a year, or more as needed.

Additional Outcome (4-5)

Families will feel less stress because children are enrolled in a quality child care program.

Additional Indicator (4-5)

90% of families will report less stress because child is in a safe, secure environment.

Additional Method (4-5)

Yearly surveys completed by families.

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

All of the outcomes align with our goals for the proposed program: Providing early childhood education to the children of northern Boone County, preparing children for entry into kindergarten, involving parents in the early education of their children, providing quality and structured before and after school programming, and providing quality and structured summer enrichment programming.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

The proposed outcomes may be affected by poor attendance in the program or if a child leaves the program.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

We expect a high percentage of children to maintain or show increased performance in academics, all children in the Early Childhood program to be screened for developmental delays, an increase in positive social behaviors, and a large percentage of families to report less stress having their child in a safe, secure environment.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

Report cards and pre and post tests allow us to monitor children's academic progress and assist in areas where they may need extra help. Surveys completed by parents provide feedback about the services we provide and how it relieves their stress, ASQ-3's and social skills provide developmental screenings and social skills to ensure children are showing positive social behaviors and alerting us to any developmental delays that may need referrals.

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

b. Service #5 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

b. Unit Rate (#5)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

d. Total Number of Units of Service to be Provided (#5)

0

e. Total Number of Unduplicated Individuals (#5)

0

f. Average Number of Units of Service per Unduplicated Individual (#5)

0

g. Average Cost of Service per Individual (#5)

0

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service #5 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#5)

Service #5 - Other Funders Chart

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. **Offeror's Contacts:** Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

(Please complete and return with Proposal Response)

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

**(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR
CERTIFICATION)**

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or Organization.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract CASA Child Advocacy

THIS AGREEMENT dated the 28th day of December 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Heart of Missouri CASA** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **CASA**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, CASA has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY CASA

CASA is expected to the greatest extent possible to maximize funding from all other sources. CASA shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. CASA shall only request reimbursement for services not reimbursable by any other source. CASA shall not invoice the Children's Services Fund for units of service invoiced to another funding source. CASA shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** CASA will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and CASA's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over CASA's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from CASA and CASA agrees to furnish the **CASA Child Advocacy** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in CASA's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$100,000.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. CASA agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of CASA be renewed for **an additional one (1), one-year period**. CASA agrees and understands that the BCCSB may require supplemental information to be submitted by CASA prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Advocacy	One hour	\$25.00	4,000	\$100,000.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of CASA, the BCCSB agrees to pay interest at a rate

of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by CASA to monitor service delivery and program expenditures. CASA agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by CASA and, if so stipulated, are noted on this contract document. Payments may be withheld from CASA if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. CASA agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** CASA also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of CASA's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from CASA, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** CASA agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect CASA's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, CASA hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event CASA requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from CASA may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with CASA's policies and procedures and in accordance with any local/state/federal regulations. CASA agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. CASA must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** CASA will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** CASA agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to CASA's provision of such services.

14. **Accreditation/Licensure/Certifications.** CASA must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** CASA agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and CASA, and this shall include any transaction in which CASA is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** CASA may enter into subcontracts for components of the contracted service as CASA deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, CASA shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** CASA agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. CASA shall require each subcontractor to affirmatively state in its Agreement with the CASA that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide CASA a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** CASA agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against CASA or any individual acting on the CASA's behalf, including subcontractors, which seek to enjoin or prohibit CASA from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If CASA ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if CASA no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, CASA will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event CASA, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to CASA as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should CASA fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, CASA shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the CASA for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, CASA agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Heart of Missouri CASA** (meaning anyone, including but not limited to consultants having a contract with CASA or subcontractor for part of the services), or anyone directly or indirectly employed by CASA, or of anyone for whose acts CASA may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** CASA shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. CASA will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. CASA will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. CASA agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and CASA. The BCCSB does not recognize any of the CASA's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** CASA shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

Organization	Heart of Missouri CASA
Name of Program	CASA Child Advocacy

Program Overview Form	
------------------------------	--

1. The Program Goal only provides specific information on internal Heart of Missouri CASA aspirations rather than the impact of services in the community and population that's affected by the issue being addressed by the program.
Action required: Rewrite the Program Goal to be less specific numerically and related to the community and population being served.

<p>The goal of our program is to improve outcomes for children in our local foster care system. We aim to ensure children remain free from re-abuse while in foster care, have all their needs met (educational, medical, therapeutic), and achieve a safe, permanent home as quickly as possible. Heart of Missouri CASA is an integral partner in the family court system coordinating with all parties to be a voice for the child.</p>

2. The Consumer Demographics Residence section lists 49 individuals to be served that reside in other counties.
Action required: Provide clarification on the funding source paying for the 49 individuals from other counties.

<p>Our program serves children in the 13th Judicial Circuit, which covers Boone and Callaway Counties. Our staff person in Callaway County is funded through a variety of sources, including the Callaway County United Way, Missouri CASA Association, and general fundraising revenues. Those resources support the Callaway County program and staff to serve 49 individuals outside of Boone County.</p>

3. The narrative for the Individuals Trained on the Program Overview form only mentions pre-service training provided to volunteers. Do volunteers receive ongoing training once they are assigned cases?
Action required: Provide information on training volunteers receive after pre-service training is complete.

CASA volunteers complete 12 hours of continuing education (CE) training each year after they have completed pre-service training. CASA staff coordinate a 1.5 hour CE training each month, and we also link volunteers to community and online trainings that would qualify for CE hours. CE training topics we've covered in 2017 (referenced in original narrative section, *Individuals Trained*):

- A place to Call Home – video/discussion on Older Youth
- Services for Independent Living Tour/Presentation
- Understanding the Vulnerable Teenage Brain, Heather Harlan
- Meth/Heroine Epidemic, Detective Shannon Jeffries
- Autism/Thompson Center, Dr. O'Connor
- Great Circle Residential Tour
- Bill Ellis, Guardian ad Litem – GAL Role, TPR Process, Criminal Case impact on family court case
- Hidden in Plain Sight – Child Sexual Abuse, Greg Holtmeyer
- Children's Division Regional Manager, Shelly Oberlag – CD Role, Signs of Safety, etc.
- Adverse Childhood Experiences

Our volunteers have also participated in the following community trainings this year:

- Missouri Children's Trauma Network Training Summit
- Domestic Violence in Dependency Court – 3-part training
- Dark Side of the Moon Documentary
- Trauma training with Patsy Carter, Children's Mental Health Professional Consultant
- Matters of Social Justice: Exploring Implicit Bias
- Homelessness and Mental Health
- Common Childhood Psychiatric Disorders
- Psychiatric Medications Prescribed to Children/Adolescents

In total, our volunteers have completed over 950 continuing education training hours in the first 10 months of 2017.

4. In the Program Quality section, the second text box for item d. regarding a rational for evidence-based programming to be utilized is missing.

Action required: Provide this information in the field below.

HOMC utilizes the evidence based CASA model for evidenced based training and programming because of the matchless opportunity to positively impact the outcomes for abused and neglected children in the foster care system. The recruitment, training and screening process for volunteers is rigorous to ensure only those volunteers that are the best fit for the program are ever assigned a case. The child welfare system is too heavily overburdened to give all foster children the attention and care they need to ensure their individual needs are met, that they are in the best possible home, and that they achieve permanency as quickly as possible. The CASA model provides Family Court Judges with an independent voice that isn't enmeshed in the child welfare system and can speak objectively and knowledgeably regarding the child's needs. The reports and recommendations from CASA volunteers give Judges a vast amount of information they wouldn't otherwise receive and enables them to make more informed decisions regarding the children.

There is considerable evidence regarding the effectiveness of the CASA program. Children with CASA volunteers are in the system less amount of time on average, have more stability in their placements, receive more services, are more successful in school, and are less likely to re-enter foster care. We hope as National CASA begins a rigorous research process to develop the evidence base supporting the CASA model that we will have more data to support and guide the work we do (Also see reference in *Program Quality* section).

I sincerely apologize that the text box for this question was left blank in the submitted proposal. In the "*ProgramOverview(V3)Final-CSF*" word document that was provided in the *Shared Files* section on Apricot, question d in the Program Quality section was phrased as a "yes" or "no." If the response was a "yes," the applicant completed the first text box: "If Yes, indicate, cite, and describe the evidence," which is what we did. If the applicant selected "No," then they completed the section requesting a rational for evidence based programming. I missed that the rationale question was rephrased on the Apricot system and both sub-questions were required. I've provided a screenshot of how this question is worded in the word document provided on Apricot:

d. Is there evidence to support the efficacy of the proposed program and/or program service(s)? Evidence must be up to date and scientifically-based and should be cited from scholarly research reports published in peer-reviewed journals or from credible government sources.

☐ Yes

☐ No

If Yes - Indicate, cite, and describe the evidence. (1500 character limit)

If No - Provide a rationale for utilizing the proposed program and program service(s). (1500 character limit)

5. The Program Quality section provides thorough information regarding the quality improvement process and lists indicators that are monitored. While the program service performance

measures are well written, please make sure that these indicators are incorporated in the outcomes, indicators, and method of measurements for all services.

Action required: Provide clarification on how the data collected for quality improvement are incorporated in the performance measures.

We track numerous indicators that inform our program work. Some of these indicators are clearly linked to our program measures, such as length of time the child is in the foster care system and type of permanency the case achieves. For the indicators listed in the program quality section that aren't clearly connected to our program measures, we use that data to inform internal and external processes that need to be improved so that we can more effectively advocate for our cases. For example, one indicator we track is the point in the case the CASA is appointed and the length of time the CASA is on the case before permanency. We've found over the last couple years that we are often appointed to cases after they have been open an extensive amount of time (8-20+ months), instead of near the beginning of the case when a child is taken into protective custody. This poses a significant hindrance to our effectiveness on the case and participation in the team process. Because of this, we are working with our judges and juvenile office to implement a new referral process so that we can be assigned to cases the time of Protective Custody or Adjudication, instead of 8-20+ months in to the case. We believe this will have a positive impact on our reported program measures, such as length of time the child is in care, safety while in the system, stability in placements, and number of referrals/recommendations CASAs make that are accepted and implemented.

We also track indicators that illuminate changes we may need to make internally to improve our performance. For example, we track the number/percent of children who have the same CASA throughout their case and the number of volunteer advocacy hours/type of activity. When CASA volunteers resign from a case before permanency is achieved, we implement an exit process to help us understand the situation and identify barriers to success in that case. We use this data to shape volunteer screening processes and our volunteer supportive processes so that, to the best of our ability, we can have CASA volunteers who stay on cases until completion, which will improve outcomes for the children. Similarly, on a monthly basis, we closely monitor and track CASA volunteers' activities both self-reported and reviewed by staff. These measures are tracked in an online database to provide insights on overall trend data and include indicators such as how often they are visiting the children, what types of professional contacts they've had, and other case work they've done. If a volunteer is struggling with completing their duties, which could affect the case outcomes, we intervene to address whatever concern is.

Program Services Form (1-5)	
------------------------------------	--

No further questions at this time.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

6. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Program Outputs and Funding Request Tables – Best and Final Offer

Action Required: Complete the following tables based on your best and final offer for all services. The information must reflect the changes that were requested.

Organization Name: Heart of Missouri CASA (Court Appointed Special Advocates)				
Program Name: CASA Child Advocacy				
Program Outputs from all funding sources (including Children's Services Fund): 6,750				
Service:	Unit Measure:	Unit Rate:	Total # of Units to be Provided:	Total # of Unduplicated Individuals
Advocacy	One Hour	\$25	6,750	175

Funding Request to Children's Service Fund:		
Service:	Amount Requested to Boone County:	Proposed # of Units of Service:
Court-based Child Advocacy	\$100,000	4,000
Total Amount Requested to Boone County:	\$100,000	

Our original proposal requested \$90,000 from the Children's Service Fund to cover 3,600 units of service. After submitting our CSF application in June, we discovered we were no longer eligible for funding through the City of Columbia Human Services department due to their limiting the taxonomies eligible to apply. We had anticipated applying for funding through the City again as we had been receiving \$21,000 a year for the past 3 years. The City and County have been crucial funding sources that have enabled our growth and service to more children over the past few years. There are currently more children in the system that need CASA than we have the capacity to serve. We don't want to decrease the amount of CASA advocacy services we provide to our community's foster children during a time of increased need, and request an additional \$10,000 from the Boone County Children's Service Fund to help make up for this loss of funding that will begin in 2018.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Hill:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda Bobbitt", with a stylized flourish at the end.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

General Information

Organization Mission
Statement (Purpose):

Provide your organization's mission statement. (600 character limit)

Our mission at Heart of Missouri CASA (Court Appointed Special Advocates) is to train and support volunteers to be exceptional voices for every abused and neglected child in Boone and Callaway County Family Courts.

Organization History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

In 1977, a Seattle judge responded to delayed permanency (for children Court-removed from their home) by recruiting and training volunteers to act as Court Appointed Special Advocates (CASA volunteers). The strategy proved so effective that CASA now has 933 programs nationwide, including 21 programs in Missouri. All programs abide by national program standards. Since Heart of Missouri CASA's founding in 2005, we have served 652 children and trained 325 volunteers (updated 6/30/17).

Brief Statement of
Organization's Major
Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

Heart of Missouri CASA's ultimate goal is to meet its mission of serving every abused and neglected child in our 13th Judicial Circuit Court (Boone and Callaway Counties). As of June 2017, CASA was serving approximately 29% of cases.

This ultimate goal is achievable. Half a dozen Missouri CASA programs are serving more than 50 percent of cases within their Circuit. Two are serving 100 percent of cases.

Strategic Plan (MUST BE IN PDF FORMAT)

Strategic Plan:

Briefly describe the geographic area in which your organization provides services. (600 character limit)

Service Area: Heart of Missouri CASA serves the 13th Judicial Circuit Court which encompasses Boone and Callaway Counties. Approximately 70% of cases are based in Boone County.

Briefly describe the population(s) served by your organization. (600 character limit)

Population Served: Heart of Missouri CASA's target population is children involved in 13th Judicial Circuit Family Court due to abuse and neglect. In 2016, this was 691 children from birth to 18 years old. Of these children, 460 were based in Boone County.

Does your organization have a written Conflict of Interest policy?

Accreditation (If applicable):

Accreditation:

Provide the name of the accrediting body, the name of the accreditation, period of current accreditation (including expiration date), and a brief description of the accreditation.

Accreditation 1:

Heart of Missouri CASA was awarded certification by the National CASA Association in 2014. The Certification process measures local-program practices against a set of quality standards. To be certified, Heart of Missouri CASA evidenced that it:

- Respects and protects the children it serves.
- Utilizes established policies and procedures necessary for effective management.
- Manages its financial affairs prudently and is committed to the principles of public disclosure.
- Continually evaluates its services and operations.

We will renew our Quality Assurance certification in 2018.

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR
CERTIFICATION)

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or Organization.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**WORK AUTHORIZATION CERTIFICATION
PURSUANT TO 285.530 RSMo
(FOR ALL AGREEMENTS IN EXCESS OF \$5,000.00)**

County of Boone)
) ss
State of Missouri)

My name is Kelly Hill. I am an authorized agent of Heart of Missouri CASA (Bidder). This business is enrolled and participates in a federal work authorization program for all employees working in connection with services provided to the County. This business does not knowingly employ any person that is an unauthorized alien in connection with the services being provided. Documentation of participation in a federal work authorization program is attached hereto.

Furthermore, all subcontractors working on this contract shall affirmatively state in writing in their contracts that they are not in violation of Section 285.530.1, shall not thereafter be in violation and submit a sworn affidavit under penalty of perjury that all employees are lawfully present in the United States.

Attach to this form the *E-Verify Memorandum of Understanding* that you completed when enrolling.

**THE E-VERIFY
MEMORANDUM OF UNDERSTANDING
FOR EMPLOYERS**

**ARTICLE I
PURPOSE AND AUTHORITY**

The parties to this agreement are the Department of Homeland Security (DHS) and the Heart of Missouri CASA (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

**ARTICLE II
RESPONSIBILITIES**

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

- a. Notice of E-Verify Participation
- b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

Company ID Number: 821457

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-484-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status.

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see [M-795 \(Web\)](#)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

- i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,
- ii. The employee's work authorization has not expired, and
- iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

- i. The Employer cannot determine that Form I-9 complies with Article II.A.6,
- ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or
- iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Company ID Number: 821457

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

- b. Photo verification checks (when available) on employees.
2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.
3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.
4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.
5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.
6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.
7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.
8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.
9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

Company ID Number: 821457

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.
6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:
 - a. Scanning and uploading the document, or
 - b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).
7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.
8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.
2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.
2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.
3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.
4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI PARTIES

- A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.
- B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.
- C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.
- D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.
- E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Company ID Number: 821457

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

In 2016, 2,547 children in the 13th Judicial Circuit, Boone and Callaway Counties, were the subject of maltreatment reports. Of these calls, 988 investigations took place, and 211 children were removed from their homes due to substantiated abuse and/or neglect (Statistics, 2017). Of these children, 70% reside in Boone County. Every year for the past six years, the number of children in foster care in our jurisdiction has steadily increased. In 2010, 261 children were involved in the system. By 2016, that number had increased a staggering 165% to 691 children (FCI, 2017). The dramatic rise of traumatized children into our foster care system has increased the burden on overloaded system professionals as caseloads have soared. Some case workers have well over 30 children, the Guardian Ad Litem contract was recently increased from 70 to 130 children, and Juvenile Officers average 75-100+ children on their child abuse/neglect caseload. The children bear the burden of this overworked system as professionals' time is stretched and each case can't be given the attention it needs. Children may not receive needed services in a timely manner, move placements more frequently, linger in inappropriate placements, and remain in the system without a permanent placement longer than necessary. Hope does exist for these kids because those with a CASA achieve permanency more quickly, experience fewer placements, receive more services, and are less likely to re-enter foster care (NCASA summary).

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

Children removed from their homes due to abuse/neglect are thrust into the child welfare system having experienced a range of victimization, which oftentimes includes more than one type of maltreatment. The Boone Indicators Dashboard reports the following types of abuse and neglect experienced by our community's children removed from their homes in 2015: educational neglect – 5, medical neglect – 9, neglect – 93, emotional abuse – 20, physical abuse – 45, and sexual abuse – 26. The Fostering Court Improvement Project provides recent statistics for 211 children removed during April 2016 – March 2017:

• Neglect – 48% (102/211)

- Parental Drug or Alcohol Use – 55% (115/211)
- Physical abuse – 15% (32/211)
- Parental Inability to Cope – 17% (36/211)
- Inadequate Housing – 25% (52/211)
- Incarceration – 15% (31/211)
- Child behavior – 7% (14/211)
- Abandonment – 10% (21/211)
- Sexual Abuse – 1% (3/211)

Currently, on any given day there are around 450 children in foster care in our circuit, with 315 (70%) of these kids being from Boone County. This number fluctuates as children's cases close and new children are removed into care. With current resources, we are serving approximately 29% of the children in need in our circuit, and are consequently assigned to the most complex cases. The court doesn't track parents' income, but the judge does determine indigency status (up to 200% poverty level) to assign court-paid parent attorney, which occurs on 98%+ of our cases.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Our current goal is to increase our percentage of children served from 29% to 50% by 2019. This requires us to retain 50% of our active volunteer base, recruit on average 20 new volunteers to maintain full staff caseloads, and obtain funding to hire new staff to supervise 45 additional volunteers.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

CASA exists to ensure children involved in the family court due to abuse/neglect have an objective advocate focused solely on their best interests so these children receive needed services, reside in the best possible placement, and achieve permanency as quickly as possible. We do this by recruiting, screening, training, and supporting volunteers who are appointed by the family court judge to act as the eyes and ears of the court. Potential volunteers complete an intensive screening process, including an interview, 3 reference checks, and a comprehensive background screening. Following completion of the 30-hour pre-service training, volunteers are sworn-in as officers of the court and are appointed to a case with one or multiple children. CASAs have four main roles: independently investigate the surroundings of the case, monitor the progress of the case, support progress between Family Support Team members, and advocate in court for the child's best interests. CASA staff provide ongoing supervision and assistance to ensure volunteers have the information, skills, and resources necessary to be exceptional advocates. Through the volunteers' fact-gathering efforts, training, and relationship-building, they can adequately assess the child's needs and advocate for unmet needs to be addressed. CASA volunteers are uniquely poised to make recommendations regarding the placement of the child and the permanency plan due to their objectivity and extensive knowledge of the case/child.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Heart of Missouri CASA's consumers are children involved in the 13th Judicial Circuit Family Court due to substantiated abuse/neglect. Seventy percent of these children are from Boone County. The Missouri Department of Social Services (2017) provided the following breakdown of the ages, races, and genders of children in Boone County foster care during fiscal year 2016:

Age:

- 29% - 0-5 years
- 30% - 6-11 years
- 12% - 12-14 years
- 28% - 15+ years

Race:

- 56% - Non-Hispanic White
- 33% - Non-Hispanic Black
- 11% - Non-Hispanic Multiple Races
- <.5% - Non-Hispanic American Indian

Hispanic Origin:

- 4% - Hispanic
- 92% - Non-Hispanic
- 4% - Unknown

Gender:

- 52% - Male
- 48% - Female

Arguably, these children who have experienced significant trauma and now face the daunting path of the foster care system are our community's most vulnerable youth. Twenty percent of the children on our cases are in residential care (compared to 17% circuit-wide) and 59% deal with significant medical or mental health diagnoses/disabilities such as anxiety, ADHD, cognitive disability, learning disability, mood disorder, depression, Reactive Attachment Disorder, and more (MDSS, 2017; HOMC, 2017). The vast majority (approximately 98%) of these children's families are in poverty (as determined by indigency status) compared to only 9.4% of the general population in Boone County (Boone Indicators Dashboard, 2015).

b. Why will these particular consumers be served? (1500 character limit)

Children removed from their homes due to abuse/neglect are thrust into complex, overburdened child welfare and court systems. The number of children in our local foster care system is at an all-time high and the children bear the burden of this overloaded system. These kids spend an average of 20

months in care. They move placements frequently, an average of 4.5 times (FCI, 2017). Forty-one percent of children are placed in a non-relative living situation, which means these kids, due to no fault of their own, are uprooted from their homes and living with a stranger (Statistics, 2017). Important needs may not be addressed in a timely manner. For various reasons, children linger unnecessarily in the system. Children with complex needs may remain in an inappropriate placement, such as a group-home or residential treatment, because case workers lack the time to find appropriate step-down options or kinship/familial placements. At other times, case workers must use their limited availability to focus on the cases that are in crisis and let those that are stable linger until a major issue comes up, instead of focusing on pushing them to permanency. These realities of the foster care system magnify the trauma these children have already experienced. CASA volunteers have only one case at a time and commit to staying with that case until permanency. Being the only court-based child advocacy organization in the county, CASA is a unique solution to these problems.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

The primary impediment for us to serve all the children in need is having the funding necessary for appropriate staffing levels. We follow National CASA's Local Program Standards, which require a ratio of 1.0 FTE to 30 volunteers/cases. The ratio was designed with the success of the CASA volunteer in mind. Volunteers require supervision and support from the staff in order to meet the needs the case presents. We currently have the funding to supervise volunteers on 75 cases and are close to the limit as we have have 67 cases with several volunteers waiting for case assignments.

d. Total number of unduplicated individuals to be served by the proposed program:

175

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below

e. Average program cost per individual

1323.59

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. **No individual should be counted twice under any sub-section.**

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

115

b. Provide information on the types of training that will be offered. (1500 character limit)

We complete three 30-hour pre-service volunteer training sessions a year. We expect to train at least 10 individuals during each class. The training is 15

hours in-person and 15-hours online and includes the following topics:

- Roles/responsibilities of a CASA volunteer
- Court process
- Dynamics of families including mental health, substance abuse, domestic violence, poverty
- Relevant state and federal laws, regulations, policies.
- Confidentiality and record keeping practices
- Child development
- Child abuse/neglect
- Permanency planning
- Community agencies/resources
- Communication and information gathering
- Effective advocacy
- Cultural competency
- Special needs of the children served

Additionally, active volunteers, of which we currently have 85, complete 12 hours of continuing education each year. We provide a 1.5hr continuing education training each month. Some of the 2017 topics we're covering include:

- A Place to Call Home – video/discussion on Older Youth
- Services for Independent Living Tour/Presentation
- Understanding the Vulnerable Teenage Brain, Heather Harlan
- Meth/Heroin Epidemic
- Autism/Thompson Center, Dr. O'Connor
- Great Circle Residential Tour
- Bill Ellis, GAL – GAL role, TPR process, Criminal case impact on family court case
- Hidden in Plain Sight – Child Sexual Abuse, Greg Holtmeyer
- Children's Division Regional Manager – CD Role, Guardianship/Adoption subsidies, Signs of Safety
- Adverse Childhood Experiences

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

Our main office is located in Columbia with operating hours of 8-4:30pm. We also operate a satellite office in Fulton where our Callaway Program Director works. Staff are available to volunteers outside of office hours when needed. CASA volunteers complete their duties at a variety of locations including the child's placement (foster home, residential placement, family member's home), school, out in the community, the Courthouse, Children's Division and Great Circle offices. Of our active children, 14% are placed out of the county and these volunteers drive an average 100 miles to visit them.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

We are appointed to the cases of children ages 0-18 who are wards of the Family Court due to abuse and neglect (occasionally up to 21 if the youth has an APPLA plan). We don't select the cases given to us, but are appointed to cases by the Family Court Judge, which in Boone County is the Honorable Judge Leslie Schneider. CASA is typically appointed to the more complex cases where children have higher needs or the situation lacks resources. The courts currently don't track income of families, but in 98% of our cases parents met indigency standard (200% of PL) to receive a parent attorney.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

We are appointed to ensure the best interests of children in the Family Court system are seen and heard. It wouldn't be appropriate to charge for these services as children couldn't pay the fee.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

The Missouri legislature authorizes CASA to function pursuant to 210.160.6 RSMo. As members of the National CASA Association, we follow NCASA's Local Program Standards, which cover 14 programmatic and governance areas. A few of these in-depth standards include maintaining a 1:30 staff:volunteer ratio, 30-hour pre-service and 12-hour ongoing training for volunteers, and minimum age (21), education (HS degree/equiv.), and background screening standards (criminal, state, federal, sex offender). Advocates are sworn in as Officers of the Court by our Family Court Judge before receiving a case.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

National CASA Association

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

We completed the Quality Assurance compliance process in 2014 and are scheduled to complete a renewal in 2018.

If Yes - Provide a description of the accreditation process: (600 character limit)

The Quality Assurance recertification process must be completed every 4 years to ensure we are complying with the standards. The recertification is a process whereby programs answer a series of questions (44 pages covering all the standards) and provide documentation to National CASA as evidence of the practices, protocols and procedures that the organization has in place.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

As mentioned previously, we are required by National CASA to follow their Local Program Standards (NCASAA, 2012). All 933 local CASA programs throughout the country abide by these standards. National CASA is currently in the process of reviewing and updating the standards for release in 2018. We will renew our certification with National CASA in 2018 utilizing the updated standards.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

Our policies and procedures have been established in accordance with the National CASA Standards for Local Programs. Following the model that has been established by National CASA is important to us in ensuring our volunteers are the most effective advocates they can be. We consult with the Missouri CASA Association and National CASA when questions about standards implementation arise.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

While the outcomes associated with the CASA model have been thoroughly researched, National CASA is in the beginning stages of a 3-year, rigorous performance measurement and evaluation initiative to generate new evidence-based knowledge of CASA outcomes (Rowan, 2016). We're excited how the new knowledge and best practices that will be generated from this endeavor will build upon the current findings: A child with a CASA volunteer is more likely to find a safe, permanent home, more likely to be adopted (6, 7, 8, 9, 11), half as likely to reenter foster care (6, 9, 11), substantially less likely to spend time in long-term foster care (11), and more likely to have a plan for permanency, especially children of color (14). Children with CASA volunteers receive more services while in care (1, 2, 4, 5, 6, 7, 11), and are more likely to have a consistent, responsible adult presence as volunteers spend significantly more time with the child than a paid Guardian Ad Litem (1, 2). Children with CASA volunteers spend less time in foster care, on average 8 months fewer than children without a CASA volunteer (12, 13) and are less likely to be bounced from home to home. (10, 12, 13). Children with CASA volunteers do better in school. They are more likely to pass all courses, less likely to have poor conduct in school, and less likely to be expelled (10). CASA volunteers are more likely to file written reports than paid GALs (3). (NCASA Research Summary).

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The innovativeness of the CASA model has enabled it to flourish since its inception in 1977, demonstrated by the 933 CASA agencies serving abused children across the country. CASA was born as a creative solution to the problem of judges lacking reliable, objective information needed to make extremely difficult decisions for traumatized children under their jurisdiction. CASA is the only court-based program where trained community volunteers are appointed by judges to advocate for abused/neglected children. As an independent voice focused solely on the child's wellbeing, we have a unique opportunity to directly influence the decision-maker on the case, the Family Court Judge. Our judges highly value the CASA volunteers' recommendations because the CASA has only one case at a time and knows the case/child in-depth, visits the child consistently, and does the research (with the support of professional staff) necessary to make excellent placement, permanency, and treatment recommendations. Because case workers often change numerous times over and GALs typically don't have the time to visit all the children on their caseload, it's common for the CASA to be the one constant adult presence in the child's life throughout their time in the foster care system. Children recognize and value the consistency of their CASA volunteer, and the impact of them being a volunteer versus paid staff is immense.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

We track an extensive amount of data, indicators, and outcomes regarding our cases and volunteers using our own data, statistics provided to our FCI team, and Children's Division data. A few examples of the indicators we monitor:

- Length of time the child is in the system before reaching permanency
- Length of time the CASA volunteer is on the child's case
- Number of placements the child experiences
- Number and percent of children who have the same CASA volunteer throughout their case
- Number and percent of recommendations made by the CASA volunteers that are accepted
- Type of permanency the case achieves
- Number of volunteer advocacy hours and type of activity

We review our outcomes on a monthly, quarterly, and annual basis, depending on the outcome. If we discover an area of weakness in volunteers' advocacy, we address it on a case level or on a large scale with volunteers through training. We complete pre and post surveys of our pre-service training, assessments of each individual training session (5), and assessments after a volunteer finishes a case or exits the program. Training surveys are reviewed after each session to address concerns in a timely manner. Pre/Post assessments of the classes are reviewed to address success of training and areas for improvement. We are also working to implement a biennial stakeholder survey in 2018 to receive feedback from our partners and consumers about our services to facilitate program improvement.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

In a sense, we have two consumers: the CASA volunteers and the children served. As previously mentioned, we have several means to collect feedback from CASA volunteers, including training assessments, case closure and program exit surveys, and a survey completed during the annual appreciation dinner. We use the information provided by volunteers to improve our recruitment, training, and supervision of volunteers. We take seriously areas of weakness in our training and supervision that are illuminated by the assessments, and address concerns on a individual or group level depending on the nature of the issue.

We are designing a 2018 stakeholder feedback survey to gather feedback from all our stakeholders, which may include older youth able to provide such feedback about their CASA volunteers. Many of the children we serve are not an appropriate age to provide feedback about their CASA volunteer, but we will include resource parents in our survey, in hopes that they will be able to provide feedback not only about their experiences with CASA, but the young children's as well.

The Executive Director regularly checks in with the Family Court Judge to gauge concerns or feedback about the program, which were none at the last check-in. We are active participants in our Fostering Court Improvement Project, which meets monthly and addresses issues with system processes that may interfere with successful case progress.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

We operate under a Memorandum of Understanding that details our collaborative work with our Family Court partners, which includes the Family Court Judge, Children's Division (CD), Juvenile Office (JO), and Guardians Ad Litem (GAL). The MOU outlines the types of cases CASA will receive from the court, the roles/responsibilities of the CASA, implementation of volunteer activities, working relationships with the court, conflicts of interest, and termination of a CASA appointment. The CASA role is designed to be collaborative in nature, working as part of the Family Support Team (FST) which includes the parents, children if age appropriate, CD, JO, GAL, Parent Attorney, and CASA volunteer. The CASA volunteer must be a cooperative partner, sharing information and concerns with the whole group, in order to effectively implement the responsibility of reporting directly to the Judge regarding the children's wellbeing and best interests. As our MOU details, the CASA volunteer's duties complement, but do not duplicate the duties of other professionals on the case. CASA volunteers, in a sense, fulfill some of the GAL responsibilities at a more in-depth level. We also actively participate in our circuit's Fostering Court Improvement Team, which meets monthly to address issues in our circuit with the goal of improving outcomes for the children in our family court.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Executive Director	MQ1 BA	FTE1 1.00	SR1 FROM \$51,672.00	SR1 TO \$64,590.00
P2 Boone County Program Director	MQ2 BA	FTE2 1.00	SR2 FROM \$40,907.00	SR2 TO \$48,443.00
P3 Boone County Volunteer	MQ3 BA	FTE3 1.00	SR3 FROM \$36,601.00	SR3 TO \$38,754.00

Coordinator

P4	MQ4	FTE4	SR4 FROM	SR4 TO
Callaway County Program Director	BA	0.50	\$16,720.85	\$23,683.00
P5	MQ5	FTE5	SR5 FROM	SR5 TO
		0.00	\$0.00	\$0.00
P6	MQ6	FTE6	SR6 FROM	SR6 TO
		0.00	\$0.00	\$0.00
P7	MQ7	FTE7	SR7 FROM	SR7 TO
		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The Executive Director (ED) trains and supervises the County Program Directors (PD) and Volunteer Coordinator (VC), providing guidance on casework and volunteer supervision. The ED oversees outreach and volunteer recruitment, with which the PDs and VC assist. The Boone County PD and VC supervise volunteers on 30 cases each. Thirty volunteers serve an average of 60-70 children. The PDs oversee new volunteer training and scheduling monthly in-service trainings, with which the VC assists. The PDs and VC work with the Juvenile Office to receive new case assignments following swearing-in ceremonies. The PDs and VC select the best appropriate volunteer fit for the cases, and request the Judge appoint the chosen volunteers to the cases. The PDs and VC complete initial case assignment meetings with the volunteers and create a 30-day plan. The staff communicate with the FST members when the volunteer is assigned and attend initial FST meetings with the volunteers. The staff communicate with volunteers each month to assess struggles and successes on the case. The staff regularly provide guidance, trouble-shooting, and resource information to volunteers to help them be successful. The VC base salary is in line with the base range for a similar position (Deputy Juvenile Officer, case worker) in our field. The PDs have more responsibility, thus their salary range is slightly higher. The ED is responsible for oversight of the entire program and program staff and has commensurate salary.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget

PROGRAM REVENUE

PROPOSED % OF
PROPOSED TOTAL

1. DIRECT SUPPORT

A. Heart of Missouri United Way (300 character limit)

Provides funding for our Boone County Services.

1A **1A%**
\$14,670.00 6

B. Other United Ways (300 character limit)

This funding is secured from the Callaway County United Way and funds our services provided in Callaway County.

180000

Program Budget Narrative

Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)

The Board of Directors is committed to expanding and strengthening the funding sources for our program. We are building on the success of our fundraisers to secure additional unrestricted revenue. We are dedicated to meeting and exceeding the obligations to which we've agreed for our current funders to keep them available. We are seeking additional funding opportunities, namely Victims of Crime Act (VOCA) funding, to sustain and expand our programming.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) among the 13th Judicial Circuit Juvenile Court and Juvenile Office, Guardian Ad Litem, the Department of Social Services Children's Division, and Heart of Missouri CASA shall become effective on the date at which all parties have signed.

The Mission of the Heart of Missouri CASA program is to train and support volunteer advocates to be exceptional voices for every abused and neglected child in the Boone and Callaway County Family Courts.

SECTION I. CASES TO BE REFERRED TO HEART OF MISSOURI CASA

It is agreed that the following categories of dependency and neglect cases under the jurisdiction of the Juvenile Court are most appropriate for referral to the CASA program:

- A. Children who are at risk of emotional, physical and/or sexual harm.
- B. Children who are victims of neglect and/or suffer from failure to thrive.
- C. Children who initially will be assigned to out of home placements.

SECTION II. ROLE AND RESPONSIBILITY OF CASA VOLUNTEERS

It is agreed that the role and responsibility of the CASA volunteer are as follows:

- A. OBJECTIVE: To ensure quality representation for the best interest of the child, the partnership between The CASA Volunteer, the Caseworker and the Attorney shall be structured to facilitate communication, collaboration and a commitment to teamwork. At the same time, each is a parallel resource for the Court to consider in its decision to serve the best interest of each child.
- B. ROLE: The general role of the CASA Volunteer is outlined in Missouri Statute 210.160. A CASA Volunteer is appointed as an Officer of the Court to provide the Court with independent and objective information regarding the status of children involved in dependency and neglect cases. Duties of the CASA Volunteer complement but do not duplicate the duties of other responsible persons involved in dependency and neglect cases. Primarily, other responsible persons include the Court, The Social Worker, the Guardian Ad Litem, the Juvenile Officer and the Attorneys for respondent parents. Upon appointment, the CASA independently gathers and assesses information, develops recommendations and submits written and verbal reports, which will be considered by the Court to aid in its decisions and to protect the best interests of the child.

- C. **RESPONSIBILITY:** The mandate of the CASA Volunteer is to assist the Court in assuring that the best interests of the child are served in relations to his or her right to a safe and permanent living environment. The CASA Volunteer, in consultation with Program Staff, is responsible for reporting any information regarding the continuing safety of the child, but is not responsible for providing direct services to assure the continuing safety of the child. The CASA Volunteer reports to and is directly supervised by the CASA Program Staff. The CASA Program Staff is responsible of the CASA Volunteer's performance.

SECTION III. IMPLEMENTATION OF VOLUNTEER ACTIVITIES

- A. **TRAINING AND SUPERVISION:** The Heart of Missouri CASA Program Staff will be responsible for conducting initial and on-going in-service training for CASA Volunteers and will certify those volunteers completing the training program as being ready to begin service. The CASA Program Staff will be responsible for all volunteer management duties, i.e. recruitment, screening, training, assignment and supervision of CASA Volunteers.
- B. **APPOINTMENT:** When CASA Volunteers have been trained and certified as ready for service, the Court will conduct swearing in ceremonies, appointing the CASA Volunteers as Officers of the Court. This appointment will remain in effect until such times as the CASA Volunteer's service is terminated.
- C. **ASSIGNMENT:** The Court will identify cases for which the assignment of a CASA Volunteer is requested. Cases will be identified for referral at the earliest possible stage, at the conclusion of the initial hearing when temporary custody of a child is determined, or at such other time as the Court deems appropriate. Heart of Missouri CASA will be notified of cases identified for referral.

Contingent upon availability of a Volunteer appropriate for the case, the CASA program will assign a CASA Volunteer and will notify the Court of the assignment. The Court will issue an Order confirming assignment of the CASA Volunteer. This Order will include a reaffirmation of the Confidentiality Oath and will also include a specific order allowing the CASA Volunteer full access to any and all information and material relevant to the child's case.

The CASA Volunteer will continue in active service on the case until the CASA program management determines that the assignment should be ended, until the Volunteer is relieved of his or her appointment by the Court, or until the case is closed as set forth by Section VI.

- D. **INFORMATION GATHERING:** Once the CASA Volunteer has been assigned, the Volunteer will notify the appropriate parties and review all relevant information concerning the case. Program staff may introduce the Volunteer to the appropriate parties and may provide a letter of introduction to all parties, including a copy of the Court Order.

CASA will develop a Work Plan for gathering information for the Court. This Work Plan may include:

1. Interviews: Relevant and appropriate persons include school personnel, community social workers, medical and psychological care providers, parents, immediate family members, other relatives, foster parents and others; depending on the facts of the case. The CASA Volunteer should make arrangements to visit the child, and can be assisted in making these arrangements by the CASA Program Staff and the Social Worker.
 2. Children's Division and Family Support Team (FST) Staffing: The CASA Volunteer should be notified and may participate in Family Support Team (FST) meetings convened for informational purposes. The CASA Volunteer should be notified and may also participate in any special staffing when the child's treatment plan is affected.
 3. Access to Information: The CASA Volunteer will have access to information relevant to the child's case through the Court Order of appointment. The CASA Volunteer will have access to the Social Worker's case file at the time of the initial case consultation. If further review is requested at a later time, the CASA Volunteer will make arrangements with the Department to review the file at a mutually convenient time. Any documents or reports distributed to the parties in the case shall be distributed to the CASA Volunteer at the same time.
 4. HIPAA Rules and Access to Children's Health Care Records: The rules will allow access to children's healthcare record by CASA Volunteers who are appointed to cases under a Court Order, which specifically authorizes such access. Under HIPAA, a covered entity "may" disclose protected health information in response to a satisfactory Court Order. In addition, a covered entity "must" make a disclosure of protected health information to the extent of an enforceable Court Order requires the disclosure. To assure continued access to health care record and avoid potential objections by covered entities, CASA programs should assure that the wording of any Court Order appointing Volunteers expressly authorizes access to "protected health information."
- E. **REPORTING**: The CASA Volunteer will provide the Court with both written and oral reports, as required. In addition to reports prepared for courts hearings, written reports may be submitted whenever it is determined by the CASA Volunteer that information discovered by the Volunteer significantly impacts the welfare and safety of the child.

SECTION IV. WORKING RELATIONSHIPS

The 13th Judicial Circuit Juvenile Court and Juvenile Office, Guardian Ad Litem, The Department of Social Services Children's Division and Heart of Missouri CASA will maintain open, constructive and effective lines of communication with one another and within their own organizations to support the effective management and operations of the CASA program and, to the full extent possible, will coordinate and cooperate in all matters pertaining to the implementation and operations of the CASA program.

SECTION V. CONFLICT OF INTEREST

- A. The CASA program will follow procedures to identify potential conflicts of interest between a CASA Volunteer and a court appointment.
- B. The CASA Program Staff will notify the Court in those instances where the CASA program has determined that a potential conflict will not compromise the CASA Volunteer's ability to objectively advocate for the child.
- C. The CASA program and the Court shall refrain from potential conflict of interest of the appearance of conflict of interest.

SECTION VI. TERMINATION OF A CASA APPOINTMENT

- A. CLOSURE OF CASE: A case will be closed and the CASA Volunteer's appointment will be deemed terminated:
 - a. Upon the entry of an Order that dismisses the case or discharges a child from the continuing jurisdiction of the Court, or
 - b. Unless the entry of a final dispositional order that continues custody with the Department of Social Services due to the child not returning home, and the CASA Volunteer is Court ordered to continue to monitor the child's welfare.
- B. RESIGNATION: When a CASA Volunteer desired to be relieved of the responsibilities of the office, the CASA Volunteer should submit his/her resignation to the Program Staff. If necessary the CASA staff will select a replacement.
- C. COURT RECISSION: The Court reserves the right to rescind the appointment of a CASA Volunteer.

SECTION VII. ACCEPTANCE

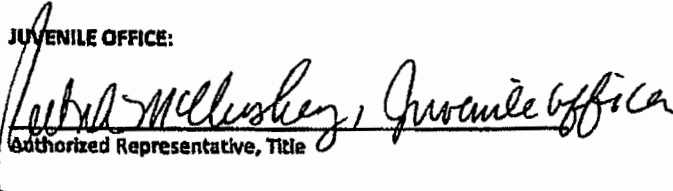

This Memorandum of Understanding has been reviewed and accepted by the management and governing bodies of the organizations indicated below.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

10.9 - Advocacy (through Volunteer Coordination - 8.7)

b. Service #1 - Taxonomy Definition of Service (300 character limit)

10.9 - Provides advocacy support on behalf of individuals in exercising their rights. Children have the right to live free from abuse in a safe home. We accomplish this advocacy through 8.7 volunteer coordination, a function that coordinates and trains volunteers to provide program services.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The main role of CASA volunteers is to ensure children in the foster care system are in a safe placement protected from re-abuse, have all their medical, educational, and therapeutic needs met while under the court's jurisdiction, and obtain a safe and permanent home as soon as possible. To facilitate these outcomes, CASA volunteers independently investigate the surroundings of a case, monitor the progress and ordered services for the children and parents of the case, support progress between Family Support Team (FST) members, and advocate in court for the child's best interests. To gain a thorough, objective understanding of a child's case, the CASA volunteer examines the circumstances of the child's life including relevant history, environment, relationships, and needs, and meets with the individuals involved in the child's life, including teachers, therapists, case workers, lawyers, doctors, family members, and interested parties. While GALs rarely visit their children and case workers see them about once a month, CASA volunteers visit the children two times a month in different settings, such as their placement (foster home, relative home, residential treatment facility), school or daycare, medical appointments, or out in the community. Through the volunteer's fact-gathering efforts, training, and relationship-building, they can adequately assess the child's needs and advocate for unmet needs to be addressed. CASA volunteers attend every court hearing, providing formal written and oral reports to the judge about the status of the children, including recommendations on services, placement, and permanency plan. CASA volunteers are uniquely poised to make these recommendations due to their objectivity and extensive knowledge of the child and case. Each CASA volunteer has a professional staff person who provides guidance and supervision throughout the case. When a CASA volunteer is assigned to a case, the program staff provide an intense amount of support. The staff meet with the CASA volunteer to have an initial case planning meeting and establish a 30-day plan. The 30-day plan outlines the goals for the volunteer for the first 30 days of their service on the case. The staff will review the first 30 days with the volunteer and set additional goals for the next 60-90 days. The staff person attends the first FST meeting with the new volunteer and also attends every court hearing with the volunteer. Staff check-in with their CASA volunteers at least once a month to get an update on the case, determine if the CASA volunteer has questions or concerns, and provide direction and support. In a sense, CASA staff help smooth the way for the CASA volunteers as the staff have established relationships with our court partners. We do not expect our volunteers to be experts in the child welfare or legal systems, which is why staff provide ongoing guidance and supervision as each case is different and the issues the volunteers face will vary wildly.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One hour of volunteer child advocacy

b. Unit Rate (#1)

\$25.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

When initially developing the unit rate, we utilized National CASA Association's median cost per volunteer and divided this by average number of hours volunteers provide in a year:

2012 data: \$3,170/120 hours (10 hours/month) = \$26.41/hr

2014 data: \$3,690/120 hours = \$30.75/hr

We've evaluated this hourly rate based on our 2016 Fiscal Year financial statements and number of volunteer advocacy hours, and it is still accurate.

FY16 Program costs = \$203,532

FY16 Volunteer advocacy, training hrs = 7,969

\$203,532/7,969 = \$25.54

Unit Rate = \$25.54. We've rounded to \$25/hour for simplicity.

d. Total Number of Units of Service to be Provided (#1)

6750

e. Total Number of Unduplicated Individuals (#1)

175

f. Average Number of Units of Service per Unduplicated Individual (#1)

38.57

g. Average Cost of Service per Individual (#1)

964.29

Service #1 - Service Fee**a. Will the proposed service (#1) consumers be charged a fee?**

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

It wouldn't be appropriate to charge a fee for the consumers of our program as they are children in the foster care system.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

CASA volunteer advocacy is not an appropriate service that would be billable to a third-party payor, such as health insurance or a state subsidy of any kind.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

N/A

Service #1 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)**

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$25.00	1a2. 3600	1a3. \$0.00
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$17.13	1c2. 1226	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$25.00	1e2. 590	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$90,000.00

b. Proposed Number of Units of Service (#1)

3600

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

Over the past few years, in large part through Boone County Children's Service funding, we have been able to grow our program services substantially. While we actively search for additional funding to support our mission, we are able to provide 50+ more children a CASA with this funding. Without BCCSF, we would likely have to cut our program by 1 staff person and substantially reduce the number of children served.

Service #1- Performance Measures

Outcome (1-1)

Children will remain free from re-abuse while under the court's jurisdiction.

Indicator (1-1)

95% of children with a CASA volunteer will remain free from re-abuse while in foster care.

Method of Measurement (1-1)

Data provided by Children's Division, entered into Optima by staff/volunteers

Additional Outcome (1-2)

Children will achieve permanency as quickly as possible.

Additional Indicator (1-2)

Children with a CASA volunteer will achieve permanency under 20 months (13th Circuit average).

Additional Method (1-2)

Children's Division data, OSCA data/reports provided to FCI, and Optima data/reports

Additional Outcome (1-3)

Children will achieve a permanent outcome.

Additional Indicator (1-3)

90% of children with a CASA volunteer whose case closes will achieve a permanent outcome (reunification, adoption, guardianship, APPLA plan).

Additional Method (1-3)

Children's Division data, OSCA data, and Optima data/reports

Additional Outcome (1-4)

Children will receive needed services/treatments.

Additional Indicator (1-4)

90% of volunteers' recommendations will be accepted/ordered by the Family Court Judge.

Additional Method (1-4)

CASA volunteer and staff documentation, Optima data/reports

Additional Outcome (1-5)

The Judges will be fully informed about the well-being, needs, and best interests of the children.

Additional Indicator (1-5)

CASA volunteers will submit a court report at every hearing for their assigned child(ren).

Additional Method (1-5)

CASA court reports, Optima data/reports

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

The purpose of our goal to increase the number of children we serve annually is so that children in the foster care system can have improved outcomes and the opportunity to thrive. Our outcomes focus on children being in the best possible placement, achieving a permanent outcome as soon as possible, and ensuring they receive needed services/treatments by having their CASA volunteer keep the judge thoroughly informed and advocate for appropriate recommendations.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Barriers that affect our ability to reach our outcomes include not being assigned to cases near the beginning of the case (protective custody or adjudication). We are often assigned to cases after they've been open for several months or longer because we're not able to provide a volunteer to all cases. As we continue to grow and serve more cases, this will improve as there won't be as many "waiting" cases for us. Additionally, a major factor in our achieving our outcome percentages is being placed on the most complex cases, which relates to being on 29% of the cases right now.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Through CASA volunteers' consistent visits and evaluations of the child's needs, placement, and potential permanency plans, they are able to provide objective recommendations to the Judge and team. Through these efforts, CASA volunteers positively affect the placement stability, appropriateness of the chosen permanency plan, timeliness of permanency, number of services/treatments received, and how informed judge is.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

We utilize data from three sources:

- Our own data/reports in Optima with information provided by the CASA volunteer, staff, and court documentation
- Quarterly and Annual reports provided by OSCA to our FCIP group
- Children's Division data/reports run when requested

Service #2 - Name, Definition, and Description

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children's Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing/Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. **Offeror's Contacts:** Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract Pregnancy and Parenting Services

THIS AGREEMENT dated the 28th day of December 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Lutheran Family and Children's Services of Missouri** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **LFCS**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, LFCS has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY LFCS

LFCS is expected to the greatest extent possible to maximize funding from all other sources. LFCS shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. LFCS shall only request reimbursement for services not reimbursable by any other source. LFCS shall not invoice the Children's Services Fund for units of service invoiced to another funding source. LFCS shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** LFCS will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and LFCS's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over LFCS's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from LFCS and LFCS agrees to furnish the **Pregnancy and Parenting Services** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in LFCS's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$418,933.04** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. LFCS agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of LFCS be renewed for an **additional one (1), one-year period**. LFCS agrees and understands that the BCCSB may require supplemental information to be submitted by LFCS prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Individual Therapy – Adult	15 minutes	\$31.91	4,200	\$134,022.00
Individual Therapy – Child	15 minutes	\$31.91	800	\$25,528.00
Family Therapy	15 minutes	\$31.91	480	\$15,316.80
Case Management	15 minutes	\$19.07	3,232	\$61,634.24
General Medical Care	One visit	\$40.00	30	\$1,200.00
Prescription Medication	One prescription	\$30.00	40	\$1,200.00
Home Visiting	15 minutes	\$28.13	6,400	\$180,032.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of LFCS, the BCCSB agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by LFCS to monitor service delivery and program expenditures. LFCS agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by LFCS and, if so stipulated, are noted on this contract document. Payments may be withheld from LFCS if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. LFCS agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** LFCS also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of LFCS's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from LFCS, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** LFCS agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect LFCS's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws

protecting client confidentiality. In addition, LFCS hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event LFCS requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from LFCS may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with LFCS's policies and procedures and in accordance with any local/state/federal regulations. LFCS agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. LFCS must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** LFCS will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** LFCS agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to LFCS's provision of such services.

14. **Accreditation/Licensure/Certifications.** LFCS must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** LFCS agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and LFCS, and this shall include any transaction in which LFCS is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** LFCS may enter into subcontracts for components of the contracted service as LFCS deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, LFCS shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** LFCS agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. LFCS shall require each subcontractor to affirmatively state in its Agreement with the LFCS that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide LFCS a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** LFCS agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against LFCS or any individual acting on the LFCS's behalf, including subcontractors, which seek to enjoin or prohibit LFCS from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If LFCS ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if LFCS no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, LFCS will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event LFCS, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to LFCS as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should LFCS fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, LFCS shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the LFCS for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, LFCS agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Lutheran Family and Children's Services of Missouri** (meaning anyone, including but not limited to consultants having a contract with LFCS or subcontractor for part of the services), or anyone directly or indirectly employed by LFCS, or of anyone for whose acts LFCS may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** LFCS shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. LFCS will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. LFCS will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. LFCS agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and LFCS. The BCCSB does not recognize any of the LFCS's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or

contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** LFCS shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to LFCS shall be mailed or delivered to:

Lutheran Family & Children Services of Missouri
Heather Wall
307 Locust Street
Columbia, MO 65201

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Lutheran Family Children's Services of Missouri
Name of Program	Pregnancy and Parenting Services

Organization Profile	
-----------------------------	--

1. The employers are not provided for advisory board members, Vicki Hartwig, Sandy Dirks, and Robin LaBrunerie.

Action Required: Provide the employers for Vicki Hartwig, Sandy Dirks, and Robin LaBrunerie on Apricot. Provide any questions or comments in the field below.

Apricot has been updated to reflect that all three of these advisory board members do not work.

2. Sandy Dirks is listed on the Advisory Board twice.

Action Required: Remove one of the lines for Sandy Dirks on Apricot. Provide any questions or comments in the field below.

I cannot correct this in Apricot. When I look in Apricot I only see one Sandy Dirks listed as active. I do notice there are two Sandy Dirks that are inactive. The issue has been tried to be corrected by Boone County staff but has been unsuccessful.

3. The benefits field is listed at \$0.00 for the President/CEO on the Personnel table.

Action Required: Provide the benefit amount the President/CEO receives on the Personnel table.

Updated in Apricot

Program Overview Form	
------------------------------	--

4. The Program Consumers lists 125 individuals to be served but the Consumer Demographics lists 199 individuals to be served.

Action Required: Provide clarification on the total number of unduplicated individuals to be served.

199 consumers will be served by LFCS in a year. Of those 199, we anticipate 125 of them will receive services funded by Boone County CSF.

5. The Program Services describe billing to Medicaid or insurance when available. The outputs for each service do not include units billed to Medicaid or insurance.

Action Required: Provide clarification on the total number of unduplicated individuals to be served, including those whose services will be billed to Medicaid or insurance.

199 unduplicated clients will be seen in a year. 35 of the 199 clients we anticipate being able to bill Medicaid or insurance.

6. The Consumer Demographics section lists 15 individuals from other counties will be served.
Action Required: Provide clarification on the funding source paying for residents from other counties.

The funding we receive from Alternatives to Abortion allows us to work with expectant mothers throughout the state of Missouri. We anticipate working with mothers in other counties such as Randolph, Cole, Audrain and Cooper.

7. The Collaboration narrative describes working with First Chance for Children by providing cribs and receiving training. The Letter of Support provided from FC4C also mentioned that baby bags distributed to families come from LFCS.

Action Required: Provide more information on the collaboration efforts between LFCS and FC4C. Explain which organization pays for the cribs and baby bags distributed and whether this proposal includes costs involved in providing basic need items. A formal MOU between LFCS and FC4C will need to be provided.

LFCS does not pay for the cribs and baby bags. FC4C provided them to us so we can distribute them to our Boone County families. At the time of this proposal, FC4C was writing for continued funding of their cribs and baby bags. A formal MOU is contingent on FC4C obtaining funding to continue their Boone County Cribs program.

8. The Social Worker II and Case Manager II positions need to be listed separately on the Personnel table. Qualifications were not listed for the Administrative Assistant.

Action Required: Provide information on each position in the table below.

****This is all my staff; do I just need to reflect the staff providing services for Boone County funded programs??**

Position/Title	Minimum Qualifications	FTE	Full-Time Salary Range From:	Full-Time Salary Range To:

Social Worker I	BSW with 2 years' experience with child welfare, adoption, foster care, and community resource development and/or care coordination preferred.	1	\$32,170	\$43,524
Social Worker II	MSW. Two years' experience with child welfare and adoptions and foster care.	4	\$33,305	\$49,958
Case Manager I	Bachelor's Degree in Psychology, Criminal Justice, Guidance Counseling, Drug & Alcohol Counseling or other Human Behavior Science Two years' experience with C child welfare and adoptions and foster care, community resources and/or care coordination preferred.	1	\$32,170	\$43,524
Case Manager II	Master's Degree in Psychology, Criminal Justice, Guidance Counseling, Drug & Alcohol Counseling or other Human Behavior Science. Two years' experience with child welfare and adoptions and foster care.	1	\$33,305	\$49,958
Administrative Assistant	High school diploma or equivalent <ul style="list-style-type: none"> • Implemental knowledge of office computer programs • Proficiency in secretarial. • Knowledge of statistical principals, principals of organization and program evaluation. • Familiarity with social work theory/practice, including non-profit administration. • Basic customer service principle • Ability to handle multiple tasks at one time with accuracy and detail. Effective organizational, listening, communication and presentation skills. Ability to prioritize tasks, under the direction of supervisor 	1	\$32,170	\$43,524
Director	1. Master's degree in Social Work, counseling, social work administration, or a related human services degree from an accredited school and three (3) years of experience in the management or	1	\$59,002	\$88,504

	supervision of child placing or residential care personnel and programs; or 2. Bachelor's degree in social work or a human service area of study from an accredited school and five (5) years of experience in the management or supervision of child placing or residential care personnel and programs.			

9. The Program Personnel Narrative does not provide a clear explanation on the position providing therapy and the qualifications that are required.

Action Required: Provide clarification on the personnel providing therapy and the qualifications required.

Staff providing therapy services are SW II or CM II. They are licensed social workers (LCSW) or counselors (PLPC/LPC) in the state of Missouri.

10. The Program Budget states that insurance or Medicaid will be billed for children served when possible but does not provide information when adults are served.

Action Required: Provide clarification if Medicaid and insurance will be billed for adults when receiving services.

Individual therapy for adults in the MMH program is billable to health insurance providers for those that have health insurance. LFCS's Columbia office is in the process of getting paneled with health insurance companies but it is a very long process. So until we are paneled with them, we will be unable to bill insurance.

The majority of the clients we work with either do not have insurance or have insurance that does not cover mental health counseling, i.e. Medicaid for our pregnant mothers. We have also seen clients that have insurance but are unable to cover the cost of their copay which is often full cost until they reach their deductible or they have already utilized the allotted number of sessions available to them and cannot afford full cost services.

LFCS wants to eliminate the cost of therapy as a barrier for clients accessing mental health care services.

Program Services Form (1-5)

11. Information needs to be provided for the whole program, not just the portion proposed to be funded by Boone County. Home Visiting was added to the *Taxonomy of Services* by the Boone Impact Group. Services will need to be listed in the order provided in the table. Additional

program services will need to be added if services funded through other services were not included in the proposal.

- a. Individual Therapy for adults and children and Family Therapy will be listed as separate services. The service descriptions in the proposal stated that the location of these therapies could be in the home, office, or safe community location. These units should NOT be included in Home Visiting (Service 7). Therapy provides a much higher level of service and unit rate than overall Home Visiting.
- b. Case Management will only include time spent for a client outside of home visits.
- c. Prescription Medication was listed on the City of Columbia's proposal but was listed as Medication Management for Boone County's proposal. There could be different rates for co-pays with doctor visits and the cost of the prescriptions.
- d. Home Visiting was added to the *Taxonomy of Services* by the Boone Impact Group with the following service definition:

Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

Services that are being provided during Home Visiting (excluding the different types of therapies) must be listed in the Service Name. This is the only time that multiple services can be listed in the Service Name. Refer to the *Taxonomy of Services* for types of services LFCS provides during Home Visiting.

Action Required: Clarification questions have been written following the format of services listed below.

Service #	Service Name	Notes
1	Individual Therapy – Adult	Separate regardless of being provided in the home, office, or community
2	Individual Therapy – Child	Separate regardless of being provided in the home, office, or community
3	Family Therapy	Separate regardless of being provided in the home, office, or community
4	Case Management	Only time spent outside of the home
5	Medication Management	Adjust service based on clarification response
6	Prescription Medication	Add as a service based on clarification response
7	Home Visiting	Only include services provided in home excluding the different types of therapies
8	Additional Program Service	Complete 'Service Change Chart'

Service 1

12. The service description mentions subcontracting Kiessling & Associates to provide therapy for parents/caregivers that need specific attention towards attachment security. A MOU was not provided on the Program Overview for Kiessling & Associates.

Action Required: Provide more information on services that Kiessling & Associates will provide and how services are paid for through this contract. Subcontracting Kiessling & Associates was mentioned for Individual Therapy for adults and children and Family Therapy. Clarification needs to be provided for the three types of therapies subcontracted out.

LFCS is not subcontracting with Kiessling & Associates. LFCS would utilize Kiessling & Associates as a specialized provider for some of our clients (parents) being served that would need and want more specific work on their attachment security. Their services focus on parenting deficits due to insecure attachment classifications.

13. The service description is not specific on the qualification level of personnel providing Individual Therapy for adults. As mentioned earlier, therapeutic services need to be provided by a licensed professional.

Action Required: Provide clarification that personnel providing therapy are licensed. This includes Individual Therapy for adults and children and Family Therapy. Make sure the personnel position is included on the Program Personnel table.

The staff providing therapy services are SW II or CM II. They are licensed social workers (LCSW) or counselors (PLPC/LPC) in the state of Missouri.

14. The Unit Measure for Individual Therapy – Adult needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 1. Provide any questions or comments in the field below.

Unit rate was adjusted to 15 minutes of services in the "Service Change Chart".

15. The Service Fee section explains Medicaid and insurance will be billed first for services. The total number of units and unduplicated individuals to be served needs to include those funded by Medicaid or insurance.

Action Required: Make sure the Outputs Section of the 'Service Change Chart' includes the total number of units and unduplicated individuals regardless of the funding source (BCCS, City of Columbia, Medicaid, private insurance, etc.). Provide any questions or comments in the field below.

The total # of units and unduplicated individuals was updated in the "Service Change Chart".

16. The Funding Request section shows that Boone County Children's Services Fund (BCCS) will pay for all units of services to be provided. The Service Fees section states that Medicaid is discontinued after 6 weeks of postpartum and doesn't cover mental health counseling services.

Action Required: Provide clarification on whether Medicaid can cover mental health counseling for the first 6 weeks of postpartum. The Funding Request Amount may need to be adjusted if units that will be billed to Medicaid, were included in the number that will be provided by BCCS. Update the Funding Request amount and number of units in the 'Service Change Chart' for Service 1.

Mental health counseling coverage for postpartum women is dependent upon the client's Medicaid eligibility plan code. MO Health Net was not able to provide clarification beyond suggesting each plan code determining services. Our understanding is that women are eligible up to 6 weeks post-delivery, but individual coverage details are dependent upon each plan.

"Service Change Chart" was updated.

Service 2

17. The Unit Measure for Individual Therapy – Child needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 2. Provide any questions or comments in the field below.

Unit rate was adjusted to 15 minutes of services in the "Service Change Chart".

18. The Service Fee section explains Medicaid and insurance will be billed first for services. The total number of units and unduplicated individuals to be served needs to include those funded by Medicaid or insurance.

Action Required: Make sure the Outputs Section of the 'Service Change Chart' includes the total number of units and unduplicated individuals regardless of the funding source (BCCS, City of Columbia, Medicaid, private insurance, etc.). Provide any questions or comments in the field below.

The total # of units and unduplicated individuals was updated in the "Service Change Chart".

19. The number of individuals to be served lists 10 but the Consumer Demographics section on the Program Overview lists six children.

Action Required: Provide clarification on the number of children that will be served.

We initially based the six children on our past account of clients served in the Maternal Mental Health program. We anticipate serving more children in 2018 so we have increased our target is to serve 20 children (10 of which we anticipate being able to bill Medicaid).

Service 3

20. The Unit Measure for Family Therapy needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 3. Provide any questions or comments in the field below.

Unit rate was adjusted to 15 minutes of services in the "Service Change Chart".

21. The Service Fee section explains Medicaid and insurance will be billed first for services. The total number of units and unduplicated individuals to be served needs to include those funded by Medicaid or insurance.

Action Required: Make sure the Outputs Section of the 'Service Change Chart' includes the total number of units and unduplicated individuals regardless of the funding source (BCCS, City of Columbia, Medicaid, private insurance, etc.). Provide any questions or comments in the field below.

The total # of units and unduplicated individuals was updated in the "Service Change Chart".

Service 4

22. The Unit Measure for Case Management needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 4. Provide any questions or comments in the field below.

Unit rate was adjusted to 15 minutes of services in the "Service Change Chart".

23. The number of units to be provided will need to be adjusted to only include the time spent on Case Management outside of Home Visiting, regardless of the funding source.

Action Required: Make sure the Outputs Section in the 'Service Change Chart' provides the total number of units and unduplicated individuals to be served regardless of the funding source. Provide clarification below on the number of units will be funded from each source.

The total # of units and unduplicated individuals was updated in the "Service Change Chart".

24. The Performance Measures proposed need to provide clear outcomes, indicators, and method of measurements for Case Management.

Action Required: Update the performance measures in the 'Service Change Chart' for Service 4. Provide any questions or comments in the field below.

"Service Change Chart" was updated.

Service 5

25. The service description for Medication Management explains that unit measure and rate includes the co-pay for a visit to a physician and the cost for the medication. The description does not clearly explain what the co-pay amounts are for the physician office visits and cost of the prescriptions.

Action Required: Provide clarification on the cost of the co-pay and the medication they are prescribed. Provide more information whether physician visits are required for patients each time a prescription needs to be refilled.

LFCS pays the co-pay for our clients to see a physician at the Family Health Center to discuss the possibility of psychotropic medication for their depression or anxiety.

We assist each client in completing the FHC MAP application which assists with obtaining a lower co-pay for services in anticipation for the client to resume this cost once services with LFCS are concluded. A client's co-pay has ranged between 20 to 40 dollars a visit. Typically our clients meet with the doctor before their medication is refilled but that is individualized per client. For example, some clients get 90 day prescriptions and must meet with the doctor for a refill while some clients get 30 day prescriptions that their medication can be filled a couple times before having to meet with the doctor again. We only purchase behavioral health medications for our clients.

26. Medication Management includes the physician visit co-pays and cost of the prescriptions for clients.

Action Required: Prescription Medication needs to be added as Service 6 and the 'Service Change Chart' completed. Medication Management should only include the office visits with physicians. Complete the 'Service Change Chart' for Service 5 with these adjustments. Provide any questions or comments in the field below.

"Service Change Chart" completed.

27. The outputs for Medication Management include Prescription Medication.

Action Required: Update the unit measure for Medication Management to 'one office visit'. The number of units to be provided and the unit rate need to be adjusted to only cover the office visits.

"Service Change Chart" was updated.

28. The Funding Request includes Prescription Medication.

Action Required: Update the amount requested to BCCS for Medication Management on the 'Service Change Chart'. Provide any questions or comments in the field below.

"Service Change Chart" was updated.

Program Services Form (6-10)	
-------------------------------------	--

Service 6

29. Prescription Medication needs to be added as Service 6 to cover the cost of prescriptions for clients.

Action Required: Complete the 'Service Change Chart' for Service 6. The outputs, funding request amount, and performance measures should only be for prescriptions and not the office visit co-pays.

"Service Change Chart" completed.

30. The Outputs need to be provided since this service was added. The unit measure should be "one prescription".

Action Required: Provide the outputs for Prescription Medication in the 'Service Change Chart'. Provide an explanation below on how the unit rates, number of units to be provided, and number of individuals to be served was determined.

The unit rate of \$30.00 was determined by looking at the past 2 years of refilled prescriptions and averaging out the total cost. Some refills were below the unit rate while others were above the unit rate. The number of units was figured at a 90 day prescription refill schedule per client served. We anticipate serving 10 clients in this program which was based on the history of the MMH program.

31. The Funding Request Amount needs to be provided for Prescription Medication.

Action Required: Complete the Funding Request section on the 'Service Change Chart' for Service 6. Provide an explanation of what will be requested to other funding sources to cover.

At this time no other funding sources are available to cover the cost of prescription medication, however once our clients are working with a physician and are trying medication, we then would enroll them in a program such as the City/County Department of Public Health and Human Services prescription-co-pay assistance program to assist with affording the cost of their medication.

32. The Performance Measures need to be provided for Prescription Medication.

Action Required: Complete the Performance Measures on the 'Service Change Chart' for Service 6. Provide information below on how the outcomes, indicators, and method of measurements were developed.

Prescription medication can be useful and support the psychotherapy process in some cases. When traditional talk therapy is not demonstrating a reduction in depression, anxiety, or other mental health conditions, then mothers may need to consider prescription medication to help stabilize their symptomology.

Timeliness when working with our clients is paramount, therefore we want to work quickly to get them into see a FHC physician to avoid any delays for those wanting to try medication to help reduce their symptomology further. It was based on this reason that we formulated our outcomes, indicators and method of measurement.

Service 7

33. Home Visiting needs to be added as service for time spent meeting with clients in their home (excluding therapeutic services). The different services within the *Taxonomy of Services* need to be listed with an overview of how those services are provided during a home visit.

Action Required: Complete the 'Service Change Chart' for Service 8. List the types of services in the Service Name field on the chart. Provide an overview below on the type of services provided during Home Visiting, excluding therapeutic services.

Home Visiting will offer one-on-one parent education, coaching and case management support to parents/caregivers for the purpose of reducing risk factors associated with child abuse, neglect or maladaptive patterns of behavior. This service will also teach the importance of self-care skills, so parents/caregivers can be at their best for their children.

We will use the Nurturing Skills model to meet the needs of parents/caregivers. Lessons are designed to help parents acquire specific knowledge and skills that will improve their overall parenting while enhancing their protective factors that reduces the likelihood of abuse and neglect.

Referrals to specialized programs may be necessary so that clients and their children get all the services they need.

34. The Outputs for Home Visiting need to be updated since this service was added. The unit measure should be "15 minutes".

Action Required: Provide the outputs for Home Visiting in the 'Service Change Chart'. Provide an explanation below on how the unit rates, number of units to be provided, and number of individuals to be served was determined.

The unit rates was based on the St. Louis County Children Services Fund's rate for non-therapeutic counseling (home). This type of service was deemed similar to the type of home visiting service LFCS will be providing here in Boone County. It includes the one-on-one coaching designed to educate or reinforce lessons learned for the purpose of reducing risk factors associated with child abuse, neglect or maladaptive patterns of behavior.

The number of units provided and the number of individuals to be served were determined based on the history and growth of the Nurturing Network program.

35. The Funding Request Amount needs to be provided for Home Visiting.

Action Required: Complete the Funding Request section on the 'Service Change Chart' for Service 8. Provide an explanation of what will be requested to other funding sources to cover.

Since the home visiting services is a brand new service we did not request funding from other sources. There is a high possibility that our proposal to the City of Columbia may utilize this service and if they do we will try to incorporate it in revisions if a contract is recommended.

36. The Performance Measures need to be provided for Home Visiting.

Action Required: Complete the Performance Measures on the 'Service Change Chart' for Service 8. Provide information below on how the outcomes, indicators, and method of measurements were developed.

Home visiting (one-on-one coaching and education) can build protective factors, parenting skills and attitudes and reduce risk factors such as parent depression, caregiver drug use, caregiver stress, maladaptive behavior, and children's behavioral problems. It is an individualized family intervention and aims to increase protective factors, correct maladaptive patterns of behavior, decrease risk factors, and target child safety and well-being outcomes. It was based on this that we formulated our outcomes, indicators and method of measurement.

Service 8

37. The services need to be provided for the whole program, regardless of the funding source.

Action Required: Complete the additional 'Service Change Charts' for program services not provided. Enter \$0.00 for the funding request amount and 0 for units to be provided in the Funding Request section.

"Service Change Chart" completed for group therapy- adult.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

38. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Lutheran Family and Children's Services of Missouri			
Program Name: Pregnancy and Parenting Services			
Service #1 – Taxonomy of Service Name: Individual Therapy – Adult			
Service #1 – Taxonomy Definition of Service: Provides therapeutic treatment for an adult in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.			
<p>Provide a detailed description of the proposed service:</p> <p>Our staff use a culturally-competent, multi-faceted treatment approach. The therapies used emphasize trauma-focused care and are evidence based.</p> <p>Therapy will be held face to face in the office, client's home or in a confidential community space. The location will be decided by the client based on their preference. By encouraging mobility and flexibility among our counselors to provide services in the client's home, in the office or a confidential community location, LFCS believes this will decrease any delays to receiving help. For older children and adults, Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) and Cognitive Behavioral Therapy (CBT) therapies will be utilized.</p> <p>Depression and anxiety do not discriminate based on one's age, race, income, marital status or area of residence. It does have a higher prevalence in those dealing with financial hardship or social isolation for various traumatic exposures such as sexual abuse but even with the various characteristics it again does not differentiate one over the other. Anyone can experience depression/anxiety or strained parent-child relationships.</p>

Service Change Chart		
Organization Name: Lutheran Family and Children's Services of Missouri		
Program Name: Pregnancy and Parenting Services		
Service #4 – Taxonomy of Service Name: Case Management		
Service #4 – Taxonomy Definition of Service: A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health and human service needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective interventions and outcomes.		
<p>Provide a detailed description of the proposed service:</p> <p>Comprehensive, individual case management includes direct and indirect services such as parenting education (informed by Nurturing Parent Programs), support with emotional difficulties, and education about ways to cope with stress and to mitigate distress, financial assistance and making referrals to community resources. Referrals to specialized programs may be necessary so that clients and their children get all the services they need.</p> <p>Though the use of case management, workers are able to connect caregivers with health providers and address issues that may be barriers to the health and well-being of parent and child. Clients will recognize risks associated with the increased likelihood of abuse and neglect and will build protective factors toward prevention.</p> <p>Services take place in community-based settings, and/or in the office, based on the needs of the client.</p>		
<u>Intake and Assessment</u>		

Clients will speak with a worker who provides information regarding our services and collects the initial data for eligibility. The worker sets up a time to meet with them. One of the first activities is to get to know the caregiver and to begin assessing what strengths and needs are present in their life.

Service Plan and Continued Intervention

Caregivers and LFCS workers work together to devise a service plan that accounts for the immediate safety of the children and the needs and strengths of the family. The service planning process is one of client-centered decision-making. The plan specifies available services and support systems that will allow for the maintenance of stable parenting. The service plan is reviewed regularly and updated until the objectives have been achieved.

Curriculum

Workers use the Nurturing Parenting Program which provides an evidence-based, family-centered, prevention curriculum that helps parents/caregivers build protective factors that will lead to safe and healthy parenting and child rearing practices.

Collaboration

First Chance for Children provides our client's cribs and has trained our social workers to educate the recipient of the crib on safe sleep practices.

LFCS has cooperative referral agreements with many community agencies including Columbia Public Schools, Parents as Teachers, True North, Voluntary Action Center, Women & Children's Health, Boone Hospital, Family Health Center, Boone County Health Department and First Chance for Children which helps clients receive needed services.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Wall:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 8, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in cursive script, appearing to read "Melinda Bobbitt".

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymmo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Lutheran Family Children's Services of Missouri
Name of Program	Pregnancy and Parenting Services

Organization Profile	
-----------------------------	--

1. The employers are not provided for advisory board members, Vicki Hartwig, Sandy Dirks, and Robin LaBrunerie.

Action Required: Provide the employers for Vicki Hartwig, Sandy Dirks, and Robin LaBrunerie on Apricot. Provide any questions or comments in the field below.

--

2. Sandy Dirks is listed on the Advisory Board twice.

Action Required: Remove one of the lines for Sandy Dirks on Apricot. Provide any questions or comments in the field below.

--

3. The benefits field is listed at \$0.00 for the President/CEO on the Personnel table.

Action Required: Provide the benefit amount the President/CEO receives on the Personnel table.

--

Program Overview Form	
------------------------------	--

4. The Program Consumers lists 125 individuals to be served but the Consumer Demographics lists 199 individuals to be served.

Action Required: Provide clarification on the total number of unduplicated individuals to be served.

--

5. The Program Services describe billing to Medicaid or insurance when available. The outputs for each service do not include units billed to Medicaid or insurance.

Action Required: Provide clarification on the total number of unduplicated individuals to be served, including those whose services will be billed to Medicaid or insurance.

--

6. The Consumer Demographics section lists 15 individuals from other counties will be served.

Action Required: Provide clarification on the funding source paying for residents from other counties.

--

7. The Collaboration narrative describes working with First Chance for Children by providing cribs and receiving training. The Letter of Support provided from FC4C also mentioned that baby bags distributed to families come from LFCS.

Action Required: Provide more information on the collaboration efforts between LFCS and FC4C. Explain which organization pays for the cribs and baby bags distributed and whether this proposal includes costs involved in providing basic need items. A formal MOU between LFCS and FC4C will need to be provided.

--

8. The Social Worker II and Case Manager II positions need to be listed separately on the Personnel table. Qualifications were not listed for the Administrative Assistant.

Action Required: Provide information on each position in the table below.

Position/Title	Minimum Qualifications	FTE	Full-Time Salary Range From:	Full-Time Salary Range To:
Social Work II				
Case Manager II				
Administrative Assistant				
Director				

9. The Program Personnel Narrative does not provide a clear explanation on the position providing therapy and the qualifications that are required.

Action Required: Provide clarification on the personnel providing therapy and the qualifications required.

--

10. The Program Budget states that insurance or Medicaid will be billed for children served when possible but does not provide information when adults are served.

Action Required: Provide clarification if Medicaid and insurance will be billed for adults when receiving services.

--

Program Services Form (1-5)	
------------------------------------	--

11. Information needs to be provided for the whole program, not just the portion proposed to be funded by Boone County. Home Visiting was added to the *Taxonomy of Services* by the Boone Impact Group. Services will need to be listed in the order provided in the table. Additional program services will need to be added if services funded through other services were not included in the proposal.

- a. Individual Therapy for adults and children and Family Therapy will be listed as separate services. The service descriptions in the proposal stated that the location of these therapies could be in the home, office, or safe community location. These units should NOT be included in Home Visiting (Service 7). Therapy provides a much higher level of service and unit rate than overall Home Visiting.
- b. Case Management will only include time spent for a client outside of home visits.
- c. Prescription Medication was listed on the City of Columbia's proposal but was listed as Medication Management for Boone County's proposal. There could be different rates for co-pays with doctor visits and the cost of the prescriptions.
- d. Home Visiting was added to the *Taxonomy of Services* by the Boone Impact Group with the following service definition:

Provides services in the home/residence of a pregnant and/or parenting family with the goal of equipping the family with the necessary resources and skills to raise children who are physically, socially, and emotionally healthy, safe, and ready to learn. This service must include at least one other related service in the *Taxonomy of Services*, which must also be delivered in the home/residence of the program consumer(s).

Services that are being provided during Home Visiting (excluding the different types of therapies) must be listed in the Service Name. This is the only time that multiple services

can be listed in the Service Name. Refer to the *Taxonomy of Services* for types of services LFCS provides during Home Visiting.

Action Required: Clarification questions have been written following the format of services listed below.

Service #	Service Name	Notes
1	Individual Therapy – Adult	Separate regardless of being provided in the home, office, or community
2	Individual Therapy – Child	Separate regardless of being provided in the home, office, or community
3	Family Therapy	Separate regardless of being provided in the home, office, or community
4	Case Management	Only time spent outside of the home
5	Medication Management	Adjust service based on clarification response
6	Prescription Medication	Add as a service based on clarification response
7	Home Visiting	Only include services provided in home excluding the different types of therapies
8	Additional Program Service	Complete ‘Service Change Chart’

Service 1

12. The service description mentions subcontracting Kiessling & Associates to provide therapy for parents/caregivers that need specific attention towards attachment security. A MOU was not provided on the Program Overview for Kiessling & Associates.

Action Required: Provide more information on services that Kiessling & Associates will provide and how services are paid for through this contract. Subcontracting Kiessling & Associates was mentioned for Individual Therapy for adults and children and Family Therapy. Clarification needs to be provided for the three types of therapies subcontracted out.

--

13. The service description is not specific on the qualification level of personnel providing Individual Therapy for adults. As mentioned earlier, therapeutic services need to be provided by a licensed professional.

Action Required: Provide clarification that personnel providing therapy are licensed. This includes Individual Therapy for adults and children and Family Therapy. Make sure the personnel position is included on the Program Personnel table.

--

14. The Unit Measure for Individual Therapy – Adult needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 1. Provide any questions or comments in the field below.

15. The Service Fee section explains Medicaid and insurance will be billed first for services. The total number of units and unduplicated individuals to be served needs to include those funded by Medicaid or insurance.

Action Required: Make sure the Outputs Section of the 'Service Change Chart' includes the total number of units and unduplicated individuals regardless of the funding source (BCCS, City of Columbia, Medicaid, private insurance, etc.). Provide any questions or comments in the field below.

16. The Funding Request section shows that Boone County Children's Services Fund (BCCS) will pay for all units of services to be provided. The Service Fees section states that Medicaid is discontinued after 6 weeks of postpartum and doesn't cover mental health counseling services.

Action Required: Provide clarification on whether Medicaid can cover mental health counseling for the first 6 weeks of postpartum. The Funding Request Amount may need to be adjusted if units that will be billed to Medicaid, were included in the number that will be provided by BCCS. Update the Funding Request amount and number of units in the 'Service Change Chart' for Service 1.

Service 2

17. The Unit Measure for Individual Therapy – Child needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 2. Provide any questions or comments in the field below.

18. The Service Fee section explains Medicaid and insurance will be billed first for services. The total number of units and unduplicated individuals to be served needs to include those funded by Medicaid or insurance.

Action Required: Make sure the Outputs Section of the 'Service Change Chart' includes the total number of units and unduplicated individuals regardless of the funding source (BCCS, City of Columbia, Medicaid, private insurance, etc.). Provide any questions or comments in the field below.

19. The number of individuals to be served lists 10 but the Consumer Demographics section on the Program Overview lists six children.

Action Required: Provide clarification on the number of children that will be served.

Service 3

20. The Unit Measure for Family Therapy needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 3. Provide any questions or comments in the field below.

21. The Service Fee section explains Medicaid and insurance will be billed first for services. The total number of units and unduplicated individuals to be served needs to include those funded by Medicaid or insurance.

Action Required: Make sure the Outputs Section of the 'Service Change Chart' includes the total number of units and unduplicated individuals regardless of the funding source (BCCS, City of Columbia, Medicaid, private insurance, etc.). Provide any questions or comments in the field below.

Service 4

22. The Unit Measure for Case Management needs to be listed at 15 minutes.

Action Required: Adjust the unit rate and measure to be for 15 minutes of service. Provide this information in the attached 'Service Change Chart' for Service 4. Provide any questions or comments in the field below.

23. The number of units to be provided will need to be adjusted to only include the time spent on Case Management outside of Home Visiting, regardless of the funding source.

Action Required: Make sure the Outputs Section in the 'Service Change Chart' provides the total number of units and unduplicated individuals to be served regardless of the funding source.

Provide clarification below on the number of units will be funded from each source.

24. The Performance Measures proposed need to provide clear outcomes, indicators, and method of measurements for Case Management.

Action Required: Update the performance measures in the 'Service Change Chart' for Service 4. Provide any questions or comments in the field below.

Service 5

25. The service description for Medication Management explains that unit measure and rate includes the co-pay for a visit to a physician and the cost for the medication. The description does not clearly explain what the co-pay amounts are for the physician office visits and cost of the prescriptions.

Action Required: Provide clarification on the cost of the co-pay and the medication they are prescribed. Provide more information whether physician visits are required for patients each time a prescription needs to be refilled.

26. Medication Management includes the physician visit co-pays and cost of the prescriptions for clients.

Action Required: Prescription Medication needs to be added as Service 6 and the 'Service Change Chart' completed. Medication Management should only include the office visits with physicians. Complete the 'Service Change Chart' for Service 5 with these adjustments. Provide any questions or comments in the field below.

--

27. The outputs for Medication Management include Prescription Medication.

Action Required: Update the unit measure for Medication Management to 'one office visit'. The number of units to be provided and the unit rate need to be adjusted to only cover the office visits.

--

28. The Funding Request includes Prescription Medication.

Action Required: Update the amount requested to BCCS for Medication Management on the 'Service Change Chart'. Provide any questions or comments in the field below.

--

Program Services Form (6-10)	
-------------------------------------	--

Service 6

29. Prescription Medication needs to be added as Service 6 to cover the cost of prescriptions for clients.

Action Required: Complete the 'Service Change Chart' for Service 6. The outputs, funding request amount, and performance measures should only be for prescriptions and not the office visit co-pays.

--

30. The Outputs need to be provided since this service was added. The unit measure should be "one prescription".

Action Required: Provide the outputs for Prescription Medication in the 'Service Change Chart'. Provide an explanation below on how the unit rates, number of units to be provided, and number of individuals to be served was determined.

--

31. The Funding Request Amount needs to be provided for Prescription Medication.

Action Required: Complete the Funding Request section on the 'Service Change Chart' for Service 6. Provide an explanation of what will be requested to other funding sources to cover.

--

32. The Performance Measures need to be provided for Prescription Medication.

Action Required: Complete the Performance Measures on the 'Service Change Chart' for Service 6. Provide information below on how the outcomes, indicators, and method of measurements were developed.

--

Service 7

33. Home Visiting needs to be added as service for time spent meeting with clients in their home (excluding therapeutic services). The different services within the *Taxonomy of Services* need to be listed with an overview of how those services are provided during a home visit.

Action Required: Complete the 'Service Change Chart' for Service 8. List the types of services in the Service Name field on the chart. Provide an overview below on the type of services provided during Home Visiting, excluding therapeutic services.

--

34. The Outputs for Home Visiting need to be updated since this service was added. The unit measure should be "15 minutes".

Action Required: Provide the outputs for Home Visiting in the 'Service Change Chart'. Provide an explanation below on how the unit rates, number of units to be provided, and number of individuals to be served was determined.

--

35. The Funding Request Amount needs to be provided for Home Visiting.

Action Required: Complete the Funding Request section on the 'Service Change Chart' for Service 8. Provide an explanation of what will be requested to other funding sources to cover.

--

36. The Performance Measures need to be provided for Home Visiting.

Action Required: Complete the Performance Measures on the 'Service Change Chart' for Service 8. Provide information below on how the outcomes, indicators, and method of measurements were developed.

--

Service 8

37. The services need to be provided for the whole program, regardless of the funding source.

Action Required: Complete the additional 'Service Change Charts' for program services not provided. Enter \$0.00 for the funding request amount and 0 for units to be provided in the Funding Request section.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

38. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information**Organization****Mission Statement****(Purpose):****Provide your organization's mission statement. (600 character limit)**

God's love in Jesus Christ empowers Lutheran Family and Children's Services of Missouri to help families, children and individuals experience greater hope and wholeness of life.

Organization**History:****Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)**

Lutheran Family and Children's Services of Missouri (LFCS) traces its history back to 1868, with the establishment of an "orphan's home" outside of St. Louis. Ninety-nine years later, the orphanage was sold, but the commitment to the welfare of children and families continued in the form of a non-residential agency. Today, LFCS offers an array of programs and social services for children and families across the state of Missouri.

Brief Statement of**Organization's****Major Goals:****Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)**

LFCS programs specialize in crisis pregnancy assistance, foster care, adoption, child care, youth development and tutoring services, counseling, school counseling, and disaster recovery services. Goals include

- stabilizing families in crisis,
- placing and supporting children in nurturing families,
- preparing young children for a lifetime of learning,
- promoting healthy decision-making and life skills in youth,
- alleviating mental and emotional suffering,
- maintaining all accreditation standards as set by Council on Accreditation.

Advisory Board (if applicable)**Length of Board Term (e.g. "2 years")**

Three years and renewable two (2) times

Describe the function of the Advisory Board as it relates to the work of your organization:

Advisory Board Members:

Serve as a link for LFCS to the Church community and the community at large
 Contribute to the financial stability of the agency
 Open doors for personal, business, corporate, or foundation-building
 Advocate for the agency and LFCS clients with our legislators and in the community
 Help to ensure that the Agency has a strong and positive presence within the region
 Spread the word about LFCS programs and activities within the region

Advisory Board Members accomplish this by:

- *Being well-informed about Lutheran Family and Children's Services: its history, mission, strategic plan, and current operation
- *Personally speaking on behalf of the agency at church-related functions or other public gatherings
- *Introducing LFCS staff to those who may be interested in being involved with our mission
- *Contributing financially to the organization
- *Connecting the region's development officer with potential donors or supporters of the agency
- *Supporting and participating in our regions' special event(s) by: attending, hosting a table, inviting others, or volunteering your time on an event committee or at the event.
- *Regularly attending board meetings, committee meetings, and other board activities
- *Volunteering your time at community events as a representative of LFCS
- *Suggesting possible nominees to the board, committees, or volunteers who can make an impact to the organization
- *Attending LFCS Lobby Days
- *Speaking one-on-one to legislators about LFCS and its programs
- *Contacting legislators by phone or email regarding specific bills affecting LFCS and its clients
- *Referring questions or concerns about the agency to the Regional Director
- *Advising the agency of community developments that may impact the welfare of our clients or the agency as a whole*
- *Offering input in the development of a strategic agency plan for its region
- *Suggesting opportunities for further ministry in the region

Financial Information**Organization Fiscal Year:**

January 1 - December 31

IRS Tax Exempt Status Determination Letter:

If applicable, upload the correspondence from the IRS indicating that your organization has been designated as tax exempt.

IRS Tax Exempt Status Determination Letter (MUST BE IN PDF FORMAT)

/document/download/filename/1431364948_29953_2015LFCSAgencyIRSDeterminationLetter.PDF/

Financial Statement:

Upload your organization's most recently completed Financial Statement and corresponding communications (required for audited statements). Financial statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit).

Financial Statement (MUST BE IN PDF FORMAT)

/document/download/filename/1465583190_29954_2015LFCSAgencyAudit.pdf/

IRS 990 or 990 EZ:

Upload your organization's most recently filed 990 or 990 EZ. Please contact the City, County and/or HMUW if your organization is not required to file a 990 or 990 EZ with the IRS.

990/990 EZ (MUST BE PDF FORMAT)

/document/download/filename/1487714911_29955_29955_2015LFCSAgency990PublicCopy.pdf/

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

Financial audits and budgets are reviewed by the finance committee of the board and approved by the board. Monthly financial statements are given to the finance committee of the board. The finance committee of the board meets at least four times a year and sets and reviews financial policies of the agency.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Click +New to add Employee Compensation information.

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The need to prevent child abuse and neglect applies not only to the physical scars of maltreatment but extends to the prevention of serious, negative, and long-term psychological, emotional and cognitive effects of abuse and neglect. According to Child Welfare Information Gateway (July 2013), children who have been abused and neglected are more likely to be involved in the criminal justice system, abuse substances, and have mental and emotional health challenges than non-abused children.

Through our continuum of services from parent education, counseling and case management, we are tackling the highest risk factors linked to child abuse and neglect such as poverty and untreated mental illness. 16.6% of children under the age of 5 in Boone County were living in poverty. (Boone County Indicators). Untreated mental illness can have long-term financial costs as well as social impacts on the community including, increase in suicides, substance use, court involvement, need for state assistance, homelessness, school difficulties and risks of child abuse and neglect. According to the Children's Defense Fund – Minnesota (April 2011), children of depressed parents are more likely to fall behind their peers across an array of developmental areas, including cognition, social, emotional, physical and mental health. They are at higher risk for needing special education, being involved in juvenile justice in adolescence, and developing mental health and health problems.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

LFCS serves children living in poverty and who are at greatest risk for child abuse and neglect, serious issues in our community. According to the BID, in 2015, 9.6% of Boone County and 14.3% of the City of Columbia family households with children were living in poverty. According to the 2016 Kids Count Report, 106,067 children were involved in hotline calls with 20,284 children in the custody of the State due to abuse and neglect. Boone County accounts for 2,210 of those calls.

These statistics are only the beginning. Studies have found abused and neglected children are more likely to experience problems that include delinquency, teen pregnancy, low academic achievement, drug use, and mental health problems. Child abuse and behavioral, mental, and emotional health are inextricably linked. An infant or young child's exposure to violence or other trauma can over stimulate the brain's fear response, leaving other regions of the brain less able to process complex and/or abstract thought, have less impulse control, or fine motor control, as stated by Bruce Perry, M. D. (2000) in "The neuroarcheology of childhood maltreatment." Each of these negative consequences points to the benefit that prevention of child abuse and neglect has on the mental health of the children.

LFCS effectively addresses the risk factors of child abuse and neglect by addressing immediate needs and stabilizing the family environment by using evidence-based parenting and counseling services.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Our goal is to increase families receiving timely access to pregnancy, parenting and mental health services. Early and effective counseling and case management reduces the risk factors associated with child abuse and neglect, improve the parent-child relationship, and build stable families.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

Nurturing Skills for Families is an evidence-based, family-centered, prevention curriculum that helps parents build protective factors that will lead to safe and healthy parenting. Childhood mental health therapies used in the program include Child Parent Psychotherapy (CPP) and Play therapy, while for older children and adults, the program will provide Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) and Cognitive Behavioral Therapy (CBT). All therapies are evidence-based practices.

The family environment is stabilized by addressing risk factors related to child abuse and neglect. Staff take a culturally competent, multi-faceted approach to assessment, treatment planning, counseling, case management, discharge planning and aftercare. Services take place in the office, client's home, or community.

Screening and assessment identify the presenting issue(s) and determine program eligibility; our programs include Pregnancy Maintenance Network (PMN), Resource Parents, Nurturing Network and Maternal Mental Health. An assessment addressing presenting problems is completed along with the Protective Risk Factors Survey and Bums Depression Checklist & Anxiety Inventory.

Treatment/service planning is done with the client including their strengths, needs, and goals and is designed to address and resolve client concerns in concrete, practical and measurable ways.

Discharge is done once goals have been achieved. Aftercare and resource referrals are provided.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Consumers served in the pregnancy and parenting services program are residents of Boone County who are pregnant or are parenting children. Parents, caregivers and their children receive counseling, parenting education and case management services. In 2016, 147 parent/ caregivers, ages 15-65 were served and 6 children, ages 4-11, were served.

The majority of clients served are single parents and their children, experiencing broken family relationships, health and mental health complications and other risk factors such as being uninsured, under-insured, or living in unstable housing. Our families also tend to exhibit the individual factors that lead to a greater likelihood of child abuse and neglect, including but not limited to poverty, mental health, substance misuse and lack of social supports.

In the past year, over 50% of the clients served were African American. The remaining racial composition is Caucasian. Of the families served, 99% were at or below 200% of the federal poverty level. Our staff members met 90% of the clients we served in their homes or out in the community, eliminating the barriers of accessing services for families who lack transportation.

b. Why will these particular consumers be served? (1500 character limit)

Our target population faces barriers that increase the likelihood of abuse and neglect who are struggling with issues related to single parenthood, low income, few social supports, broken family relationships, unstable housing, mental illness, raising young children, and insufficient information on healthy child-rearing practices. Frequently, they are also suffering the effects of abuse or neglect in their own childhood, and are ill-prepared to model appropriate and safe patterns of behavior with their children.

In many cases, they may not be able to recognize the broader sources of stress that are at work in their lives. Sometimes immediate, urgent crises (eviction, loss of income, acute illness) overshadow larger issues (lack of parenting skills, chronic depression, unhealthy relationships). Many consumer families demonstrate a lack of self-confidence and lack basic parenting and child development knowledge.

Serious depression in mothers/caregivers can affect far more than the adults who are ill. It also influences the well-being of the children in their care. According to the Center on the Developing Child at Harvard University (2009), when mothers are unable to be sensitive and responsive to a young child's signals, the child's brain may not form as it should which can lead to learning, behavior and health difficulties.

Our case management, parent education, and counseling services make positive impacts on the lives of this vulnerable population.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Families consistently experience social and logistical barriers to accessing and receiving care in a timely manner. We eliminate the primary barrier of lack of transportation by providing services in the home and community. The stigma of utilizing counseling services is often decreased through providing the service in the privacy of the family's home.

Another challenge faced is often families are uninsured or under insured. Boone County Children Service's Fund is crucial to ensure that LFCS and the community are able to provide these needed services to families.

d. Total number of unduplicated individuals to be served by the proposed program:

125

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

5090.55

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. **No individual should be counted twice under any sub-section.**

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

n/a

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the

proposed program. (600 character limit)

Services will be held either in the office (307 Locust Street, Columbia, MO, 65201) or in the client's home or in a confidential community space. Services will be provided Monday – Friday, 8:30 AM – 5 PM and Saturdays and evening hours per request.

By encouraging mobility and flexibility among our workers, LFCS will meet the needs of families by providing services where it is most practical for them- in the home, at the office or a confidential community location.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

The only requirements for the pregnancy and parenting services program are that clients are residents of Boone County and are parenting their children. Counseling services are provided to children ages 4-14 living in Boone County and who's mother/caregiver is being seen already for counseling.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)**If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)**

The majority of our clients meet the federal poverty guidelines and often are either uninsured or under insured. A service fee would be a barrier to engagement in needed services, as they do not have the means to pay. Under insured clients do not have the resources to pay their co-pays or full payment of the service until their deductible is met for insurance. If they do have resources, we will bill them first. However, this applies to only 10% of our clients, and typically it is only on a temporary basis. Medicaid is discontinued for pregnant women at 6 weeks post-partum.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

Bachelor's degree in counseling, social work or a mental health related field; A Master's degree is preferred, with license or license eligibility from the State of Missouri in Professional Counseling (LPC) or Social Work (LCSW).

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

The Council on Accreditation (COA)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

Current accreditation period: December 2015-December 2019

If Yes - Provide a description of the accreditation process: (600 character limit)

The Council on Accreditation (COA) mission is to partner with human service organizations worldwide to improve service delivery outcomes. The formal evaluation of an organization or program involves an in-depth self-review against currently accepted best practice standards, an onsite visit by an evaluation team comprised of experts, and a subsequent review and decision by the accrediting body. Accreditation signifies that an organization or program is effectively managing its resources and providing the best possible services to all of its stakeholders.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

Nurturing Skills for Families and for Teen Parents is an evidence-based, family-centered, prevention curriculum that helps parents build protective factors that will lead to safe and healthy parenting and child rearing practices.

Childhood mental health therapies used in the program include but are not limited to Child Parent Psychotherapy (CPP) and Play therapy, while for older children and adults, the program will provide Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) and Cognitive Behavioral Therapy (CBT). All therapies are evidence-based practices.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

LFCS staff use a culturally-competent, trauma-informed treatment approach. The comprehensive service array will include direct and indirect services such as parenting education, counseling to address emotional difficulties, and education about ways to cope with stress and to mitigate distress, financial assistance, and making referrals to community resources. All services are delivered in an individualized manner and have measurable goals.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

The Nurturing Parenting Programs are evidence-based, family centered prevention curricula that help families build protective factors that reduce the likelihood of abuse and neglect. A study conducted by Children and Youth Services Review (2011) followed participants for 2 years after completing the Nurturing Program and found that they were significantly less likely to have a substantiated maltreatment incidence.

Cognitive-Behavioral Therapy (CBT) is an empirically supported treatment that focuses on patterns of thinking that are maladaptive and the beliefs that underlie such thinking. Studies of CBT have demonstrated its usefulness for a wide variety of problems, including mood disorders, anxiety disorders, personality disorders, eating disorders, substance abuse disorders, and psychotic disorders (Warman & Beck 2003)."

According to the Substance Abuse and Mental Health Services Administration, "Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) is a psychosocial treatment model designed to treat posttraumatic stress and related emotional and behavioral problems in children and adolescents. Developed to address the psychological trauma associated with child sexual abuse, the model has been adapted for use with children who have a wide array of traumatic experiences."

Child-Parent Psychotherapy (CPP) is an intervention model for children 0-5 who have experienced traumatic events and/or are experiencing mental health, attachment and or behavioral problems.

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

The Pregnancy and Parenting Services program aligns naturally with our organizational goals and strategic priorities. Our unique approach is family centered and individualized to the presenting issues of the parents and/or children. As a result, parents create stable homes for their children with help from professional case management, education and counseling.

LFCS recognizes the need to work with both the mother and the children, as maternal mental health does not only affect the mother. LFCS will insure that not only the mother is getting the help she needs but that the children's trauma response is also being addressed. A child receiving mental health counseling will have his or her own therapist to confide in versus having to see the therapist his or her mother/caregiver is seeing. Besides working with parent and child individually, LFCS will focus on the parent-child relationship in family therapy which is proven to expedite the healing process for both.

Encouraging mobility and flexibility among our staff to provide services in the client's home, in the office or a confidential community location, will decrease any delays to receiving help.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

LFCS follows a structured assessment design: recording intervention methodology, using measurement surveys/tools entering data electronically, and generating reports from that data in the Apricot client database, and assessing quality. Quality assessment is supervised by departmental teams and senior staff members. Outputs and outcomes are tracked and include the number and demographics of clients, types of services and time spent on service delivery, results or scores from measurement tools administered for clients, staff and collateral observations, and self-reports (including Client Satisfaction Surveys).

Decisions made about LFCS performance goals and client outcomes are based on best practice/policy standards issued by licensing or accreditation organizations or the expectations of funders. Information is gathered and analyzed for short-term impact as well as assessing trends in client outcomes and community-wide change. The Director of Child Welfare completes an annual operational plan outlining goals (which complement the agency's long-range strategic plan) and actions steps/targets to support those goals. The Director's year-end report describes resources, activities, results of activities, financial results, quality improvement actions and results of those actions. Both documents are used by senior staff for operational planning as well as strategic implementation for both programs and agency wide operations.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Satisfaction surveys are collected two times each year from parents and caregivers. Surveys measure counselor responsiveness, accessibility to services, staff empathy, perceived benefit, child improvement, and willingness to recommend services. Surveys are compiled by the quality assurance staff and results are distributed to regional and program managers. Results are analyzed by senior management who identifies training themes, service delivery and staff issues and policy implications and are utilized to guide policies and practices across programs. A comprehensive consumer feedback plan is reviewed and updated annually.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

LFCS collaborates with the Family Health Center to provide medication management and medications for our uninsured clients in need. Our clients are seen in a timely manner, and then we pay for the co-pay and prescription. Prescriptions are filled at either Kilgore's or Hy-Vee.

First Chance for Children provides our clients cribs and has trained our Social Workers to educate the recipient of the crib on safe sleep practices

LFCS works closely with Parents as Teachers in Columbia and Centralia, First Chance for Children, Hospitals, Schools, FACE, Boone County Health Department to share referrals in the areas of pregnancy counseling, child abuse and neglect prevention, and other family-strengthening services. Cross-referrals are made among agencies for specialized programming. Through our collaboration, we are able to offer clients multiple access points to services. Our collaboration also allows us to remain more agile and responsive to the needs of children and families allowing us the opportunity to make cross-referrals to complementary programming.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF

format (1):

/document/download/filename/1500312439_40691_SKMBT_C28017071711302.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

/document/download/filename/1500312439_40764_SKMBT_C28017071711303.pdf/

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1 Social Worker II/ Case Manager II	MQ1 Bachelor's degree in counseling, social work or a mental health related field; A Master's degree is preferred, with license or license eligibility	FTE1 6.00	SR1 FROM \$33,305.00	SR1 TO \$49,958.00
P2 Administrative Assistant	MQ2	FTE2 0.75	SR2 FROM \$29,245.00	SR2 TO \$40,000.00
P3 Director	MQ3 Licensed	FTE3 0.75	SR3 FROM \$59,002.00	SR3 TO \$88,504.00
P4	MQ4	FTE4 0.00	SR4 FROM \$0.00	SR4 TO \$0.00
P5	MQ5	FTE5 0.00	SR5 FROM \$0.00	SR5 TO \$0.00
P6	MQ6	FTE6 0.00	SR6 FROM \$0.00	SR6 TO \$0.00
P7	MQ7	FTE7 0.00	SR7 FROM \$0.00	SR7 TO \$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The Social Worker II or Case Manager II position will be providing the counseling, education and case management to the clients served in the Pregnancy and Parenting Services program.

The Administrative assistance position makes sure that the office never goes without what is needed for it to run efficiently. They anticipate staff needs and does things that makes their jobs easier.

The Director position clinically supervises all staff, manages the budget, maintains effective relations with community and church constituencies, directs outreach efforts with other organizations, hospitals and non-profits. As well as monitors funding source requirements.

Regarding salary range LFCS paid an outside consultant two years ago to review all positions and wages against the market for the entire agency. LFCS made changes based on this market study so that we can remain competitive.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Program Budget Narrative**Describe the organization's efforts to secure other funding for the proposed program. (500 character limit)**

LFCS revenues is a combination of grants, tax credit contributions, state contracts, United Way, general fundraising, and CSF support. Our diversification strategy begins with reviewing new local, state, & federal contract announcements & private foundation priorities. We submit bids & applications when funding priorities match our core competency goals & services. One example of our efforts to secure other funding sources is a recent bid on a state contract for home visiting services.

MEMORANDUM OF UNDERSTANDING

between

Lutheran Family and Children's Services of Missouri (LFCS)

and

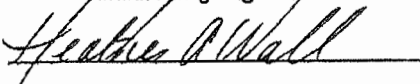

Family Health Center of Boone County (FHC)

Roles and Responsibilities of Lutheran Family & Children's Services:

- Provide counseling and intervention services to women and children who are referred from other community agencies
- Identify clients who have not established primary medical care with a community provider
- Refer potential primary care patients to FHC using a referral form developed for this purpose.
- Clients may be low-income, uninsured and/or covered under MO HealthNet or other commercial insurance
- Provide the uninsured patient with a "voucher" for payment of services which the patient will present to FHC
- Pay invoices for primary care services within 30 days of receipt
- Obtain an information release form signed by the patient prior to any request for protected health information from FHC
- Execute a HIPAA Business Associates Agreement
- Identify a contact person at LFCS for communication from FHC
- Ensure ongoing communication with Family Health Center

Roles and Responsibilities of the Family Health Center:

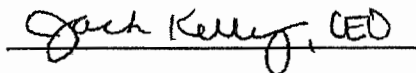

- Create a patient referral form for LFCS
- Collect LFCS voucher from uninsured LFCS client
- Obtain required income documentation
- Schedule patient appointment with a primary care provider
- Create an invoice to LFCS for service fees on uninsured patient referrals on at least a monthly basis
- Provide protected health information to LFCS upon receipt of an information release form signed by the patient
- Execute a HIPAA Business Associates Agreement
- Identify a contact person for LFCS referrals
- Ensure ongoing communication with Lutheran Family & Children's Services

Heather Wall, MS, LPC
Director, Lutheran Family & Children's Services

www.firstchanceforchildren.org

Dear Boone County Children's Services Board,

I am writing today to express my support in a collaborative relationship between First Chance for Children and Lutheran Family Children's Services. We have had a strong partnership for several years that goes beyond referring families to one another and I wanted to highlight a few of the ways in which we plan to continue supporting one another.

Lutheran has historically delivered cribs and baby bags full of material supports and resources provided by First Chance to families with children ages birth to 12 months who are exhibiting significant risk factors. They follow up on these deliveries for several months providing relevant resources and age appropriate child development information while monitoring the family's stability and trouble shooting concerns.

We are proud to continue supporting this work by providing cribs and baby bags for Lutheran Family Children's Services as well as periodic training on best practice on our CRIBS program model as we are able.

By delivering these supports to families in mid-Missouri, LFCS is working with us to help reduce instances of child abuse and neglect and improve resiliency in families. Because of the relationship with LFCS, these families have access to our crisis closet, family events, and our Lend & Learn Library. Reversely, we work to refer families into LFCS programs as is appropriate, strive to participate in training opportunities they provide, and we actively participate in conversations with them on how to improve services for families in this community.

We anticipate this growing partnership to support the needs of children in mid-MO and look forward to putting a formal MOU in place should funding be awarded.

Thank you for your time in learning about this collaboration, please don't hesitate to call with any questions!

Sincerely,

Christina Gilbert
Executive Director
First Chance for Children

Program Service (V3)

Children's Services Fund - POS 2017 (BCCSB Review...

Quick View Information

Grant	Children's Services Fund - POS 2017 (BCCSB Review ends 09/15/2017 5:00 AM CDT)
Organization Name (will aut...	Lutheran Family and Children's Services of Missouri
Fund Source	Children's Services Fund - POS 2017
Funder	Boone County
Funding Cycle	#30-20JUL17
Name of Program or Project	Pregnancy and Parenting Services
Amount of Request	\$427,908.24
Record Lock	

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

Individual therapy - Adult

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment for an adult in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Our staff use a culturally-competent, multi-faceted treatment approach. The therapies used emphasize trauma-focused care and are evidence based.

Childhood mental health therapies to be used include, but are not limited to, Child Parent Psychotherapy (CPP) and Play therapy. For older children and adults, Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) and Cognitive Behavioral Therapy (CBT)

For parents/caregivers the innovative Nurturing Skills for Families model of the Nurturing Programs will be utilized to provide flexibility. Lessons are designed to help parents/caregivers acquire specific knowledge and skills that will improve their overall parenting. It will enhance their protective factors that will reduce the likelihood of abuse and neglect.

Therapy will be held face to face in the office, client's home or in a confidential community space. The location will be decided by the client based on their preference. By encouraging mobility and flexibility among our counselors to provide services in the client's home, in the office or a confidential community location, LFCS believes this will decrease any delays to receiving help.

The children who are old enough to participate in individual therapy will have their own therapist, different from the therapist working with their caregiver.

Depression and anxiety do not discriminate based on one's age, race, income, marital status or area of residence. It does have a higher prevalence in those dealing with financial hardship or social isolation for various traumatic exposures such as sexual abuse but even with the various characteristics it again does not differentiate one over the other. Anyone can experience depression/anxiety or strained parent-child relationships.

While there are home visiting and case management resources for the targeted population, therapy services are very scarce, particularly for the uninsured and/or underinsured. In addition, in-home or community therapy services are virtually nonexistent.

LFCS will work with Kiessling & Associates Psychological Group for parents/caregivers who need more specific work on their attachment security. Kiessling & Associates provides services focused on deficits in parenting connected to insecure attachment classification of the parent(s).

LFCS has cooperative agreements and referral relationships with community agencies including Columbia Public Schools, Boone County Health Department, Parents as Teachers, University of Missouri School of Social Work and Health Sciences, Office of Service Learning, True North, Voluntary Action Center, Women and Children's Health, Boone Hospital, Family Health Center, Central Missouri Community Action (CMCA) and First Chance for Children. For example, we receive referrals from Parents as Teachers routinely—parents who have mental health or parenting needs greater than PAT addresses.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

Per hour but can be broken down into 15 minute increments.

b. Unit Rate (#1)

\$127.64

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

This rate is the same rate utilized by the St. Louis County Children's Services Fund.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

d. Total Number of Units of Service to be Provided (#1)

2530

e. Total Number of Unduplicated Individuals (#1)

115

f. Average Number of Units of Service per Unduplicated Individual (#1)

22

g. Average Cost of Service per Individual (#1)

2808.08

Service #1 - Service Fee**a. Will the proposed service (#1) consumers be charged a fee?**

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)**If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.****If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)**

The majority of our clients are either uninsured or under insured which keeps them from accessing the services they need. Under insured clients often do not have the resources to pay their co-pays or full payment of the service until their deductible is met for insurance to cover any cost of the service. If they do have resources we will bill them first however this will only be 10% of our clients and typically it is only on a temporary basis and does not cover mental health services. Medicaid is discontinued for pregnant women at 6 weeks post-partum.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)**If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)****If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)**

Medicaid is discontinued for pregnant women at 6 weeks post-partum, and this type of insurance does not cover mental health counseling/services.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

No fee payment option will be required. Boone County Children Service's Fund will ensure that LFCS and the community are able to provide these needed mental health services at a reduced or free rate.

Service #1 - Amount Received From Other Funders**Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)**

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
a. Boone County - Children's Services Funding (#1)	1a1. \$127.64	1a2. 2578	1a3. \$329,055.92
b. Boone County - Community Health Funding (#1)	1b1. \$0.00	1b2. 0	1b3. \$0.00
c. City of Columbia - Social Services Funding (#1)	1c1. \$0.00	1c2. 0	1c3. \$0.00
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	1d1. \$0.00	1d2. 0	1d3. \$0.00
e. Heart of Missouri United Way Funding (#1)	1e1. \$0.00	1e2. 0	1d4. \$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$322,929.20

b. Proposed Number of Units of Service (#1)

2530

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

There are not enough home visiting, case management and therapy services for the targeted population. Services provided in the home or community are scarce. By supporting this program, Boone County CSF is filling the gaps for the most vulnerable Boone County residents.

We based our requested level of funding on the demand for services that we experienced in the previous contract period; in fact, we had to request supplemental funding to meet the demand. The demand has presented itself in the increased number of referrals of new clients and increased number of sessions to existing clients.

Service #1- Performance Measures

Outcome (1-1)

Clients (mothers, fathers & caregivers) will demonstrate coping skills to manage mental health symptoms and stressors

Indicator (1-1)

80% of mothers, fathers & caregivers will have a reduction in depressive/anxiety symptoms

Method of Measurement (1-1)

Burns Depression checklist (Revised) -Pre/Post tests

Burns Anxiety Inventory (Revised) -Pre/Post tests

Additional Outcome (1-2)

Clients (mothers, fathers & caregivers) will increase their parenting knowledge.

Additional Indicator (1-2)

After participating in at least two hours of Nurturing Skills module(s), 90% of clients will demonstrate an increase in their parenting knowledge.

Additional Method (1-2)

Nurturing Skills Competency Scale (NSCS) – administered at regular intervals

Additional Outcome (1-3)

Additional Indicator (1-3)

Additional Method (1-3)

Additional Outcome (1-4)

Additional Indicator (1-4)

Additional Method (1-4)

Additional Outcome (1-5)

Additional Indicator (1-5)

Additional Method (1-5)

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Through mental health intervention and counseling, LFCS clients will experience a reduction of symptoms that impede them from functioning at their capacity. Clients will improve their quality of life, demonstrate reduced trauma symptoms and improved coping skills. Addressing depression with mothers helps restore parent-child caring relationships and helps children learn wellness-promoting skills needed for proper emotional development and educational success. This increases the likelihood that children of depressed mothers will grow into healthy, capable members of society.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Families consistently experience social and logistical barriers to accessing care and to receiving care in a timely manner. A delay in receiving help lowers the likelihood that services will be accessed. By encouraging mobility and flexibility among our counselors to provide services in the client's home or in the office LFCS believes this will decrease any delays to receiving help. Often families are uninsured or under insured. Boone County Children Service's Fund is will ensure that LFCS and the community are able to provide these needed mental health services at a reduced or free rate.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

An 80% of clients will demonstrate that the methods utilized are making an impact on their depression and on their children's well-being. A goal of 80% allows for adjustments to be made as needed so caregiver's depression/anxiety and the affects it has on their children can continue showing a reduction.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

Burns Depression checklist (Revised) is a widely used and well researched self-report scale for measuring depression. It is easy to administer and is an effective screening tool with established reliability & validity.

Burns Anxiety Inventory (Revised) is a widely used and well researched self-report scale for measuring anxiety. It is easy to administer and is an effective screening tool with good reliability & validity.

The Nurturing Skills Competency Scale (NSCS) is designed to gather demographic data of the family and measure knowledge & utilization of Nurturing Parenting practices.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

Individual therapy - Child

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment for a child in an individualized format with a qualified mental health professional. There may be additional individuals present in a session but the focus of a session remains on the individual's treatment plan.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Our staff use a culturally-competent, multi-faceted treatment approach. The therapies used emphasize trauma-focused care and are evidence based.

Childhood mental health therapies to be used include, but are not limited to, Child Parent Psychotherapy (CPP) and Play therapy. For older children and adults, Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) and Cognitive Behavioral Therapy (CBT)

For parents/caregivers the innovative Nurturing Skills for Families model of the Nurturing Programs will be utilized to provide flexibility. Lessons are designed to help parents/caregivers acquire specific knowledge and skills that will improve their overall parenting. It will enhance their protective factors that will reduce the likelihood of abuse and neglect.

Therapy will be held face to face in the office, client's home or in a confidential community space. The location will be decided by the client based on their preference. By encouraging mobility and flexibility among our counselors to provide services in the client's home, in the office or a confidential community location, LFCS believes this will decrease any delays to receiving help.

The children who are old enough to participate in individual therapy will have their own therapist, different from the therapist working with their caregiver.

Depression and anxiety do not discriminate based on one's age, race, income, marital status or area of residence. It does have a higher prevalence in those dealing with financial hardship or social isolation for various traumatic exposures such as sexual abuse but even with the various characteristics it again does not differentiate one over the other. Anyone can experience depression/anxiety or strained parent-child relationships.

While there are home visiting and case management resources for the targeted population, therapy services are very scarce, particularly for the uninsured and/or underinsured. In addition, in-home or community therapy services are virtually nonexistent.

LFCS will work with Kiessling & Associates Psychological Group for parents/caregivers who need more specific work on their attachment security. Kiessling & Associates provides services focused on deficits in parenting connected to insecure attachment classification of the parent(s).

LFCS has cooperative agreements and referral relationships with community agencies including Columbia Public Schools, Boone County Health Department, Parents as Teachers, University of Missouri School of Social Work and Health Sciences, Office of Service Learning, True North, Voluntary Action Center, Women and Children's Health, Boone Hospital, Family Health Center, Central Missouri Community Action (CMCA) and First Chance for Children. For example, we receive referrals from Parents as Teachers routinely—parents who have mental health or parenting needs greater than PAT addresses.

Service #2 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)

Per hour but can be broken down into 15 minute increments.

b. Unit Rate (#2)

\$127.64

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

This rate is the same rate utilized by the St. Louis County Children's Services Fund.

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

d. Total Number of Units of Service to be Provided (#2)

200

e. Total Number of Unduplicated Individuals (#2)

10

f. Average Number of Units of Service per Unduplicated Individual (#2)

20

g. Average Cost of Service per Individual (#2)

2552.8

Service #2 - Service Fee**a. Will the proposed service (#2) consumers be charged a fee?**

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)**If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.****If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)**

The majority of our clients are either uninsured or under insured which keeps them from accessing the services they need. Under insured clients often do not have the resources to pay their co-pays or full payment of the service until their deductible is met for insurance to cover any cost of the service. If they do have resources we will bill them first however this will only be 10% of our clients and typically it is only on a temporary basis and does not cover mental health services. Medicaid is discontinued for pregnant women at 6 weeks post-partum.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

Yes

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

The majority of the children seen in this program qualify for Medicaid or Managed Care (Medicaid) which covers mental health services. Medicaid will be billed first in these cases. Once LFCS completes staff paneling with Managed Care, they then will be billed.

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

No fee payment option will be required. Boone County Children Service's Fund will ensure that LFCS and the community are able to provide these needed mental health services at a reduced or free rate.

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)**c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? By encouraging mobility and flexibility among our counselors to provide services in the client's home or in the office LFCS believes this will decrease any delays to receiving help.

Often families are uninsured or under insured. Boone County Children Service's Fund is will ensure that LFCS and the community are able to provide these needed mental health services at a reduced or free rate.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

An 80% of clients will demonstrate that the methods utilized are making an impact on their depression and on their children's well-being. A goal of 80% allows for adjustments to be made as needed so caregiver's depression/anxiety and the affects it has on their children can continue showing a reduction.

d. Provide a rationale for each method of measurement (2). (600 character limit)

Pediatric Symptom Checklist (PSC) is a brief screening questionnaire that is used to improve the recognition and treatment of psychosocial problems in children. There are two versions, the parent-completed version (PSC) and the youth self-report(Y-PSC). The Y-PSC can be administered to adolescents ages 11 and up.

The TSCC measures posttraumatic stress and related psychological symptomatology in children ages 8-16 who have experienced traumatic events. The TSCYC evaluates acute and chronic posttraumatic symptomatology and other psychological sequelae of traumatic events in children ages 3-12.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

Family therapy

Service #3 - Taxonomy Definition of Service (300 character limit)

Provides therapeutic treatment with a qualified mental health professional to help family members improve communication and resolve conflicts.

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Our staff use a culturally-competent, multi-faceted treatment approach. The therapies used emphasize trauma-focused care and are evidence based.

e. Heart of Missouri United Way Funding (#3)	\$0.00	0	\$0.00

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$15,316.80

b. Proposed Number of Units of Service (#3)

120

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

There are not enough home visiting, case management and therapy services for the targeted population. Services provided in the home or community are scarce. By supporting this program, Boone County CSF is filling the gaps for the most vulnerable Boone County residents.

We based our requested level of funding on the demand for services that we experienced in the previous contract period; in fact, we had to request supplemental funding to meet the demand. The demand has presented itself in the increased number of referrals of new clients and increased number of sessions to existing clients.

Service #3 - Performance Measures

Outcome (3-1)

Clients (mothers, fathers, caregivers and children) will demonstrate parenting & life skills to promote self-sufficiency.

Indicator (3-1)

80% of families will demonstrate an increased parent-child relationship (attachment/bonding)

Method of Measurement (3-1)

Self-report

Therapist observation

Crowell Assessment (with children ages 5 and younger)
-Pre/Post tests

Additional Outcome (3-2)

Additional Indicator (3-2)

Additional Method (3-2)

Additional Outcome (3-3)

Additional Indicator (3-3)

Additional Method (3-3)

Additional Outcome (3-4)

Additional Indicator (3-4)

Additional Method (3-4)

Additional Outcome (3-5)

Additional Indicator (3-5)

Additional Method (3-5)

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

Through mental health intervention and counseling, LFCS clients will experience a reduction of symptoms that impede them from functioning at their capacity. Clients will improve their quality of life, demonstrate reduced trauma symptoms and improved coping skills. Addressing depression with mothers helps restore parent-child caring relationships and helps children learn wellness-promoting skills needed for proper emotional development and educational success. This increases the likelihood that children of depressed mothers will grow into healthy, capable members of society.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

Families consistently experience social and logistical barriers to accessing care and to receiving care in a timely manner. A delay in receiving help lowers the likelihood that services will be accessed. By encouraging mobility and flexibility among our counselors to provide services in the client's home or in the office LFCS believes this will decrease any delays to receiving help.

Often families are uninsured or under insured. Boone County Children Service's Fund is will ensure that LFCS and the community are able to provide these needed mental health services at a reduced or free rate.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

An 80% of clients will demonstrate that the methods utilized are making an impact on their depression and on their children's well-being. A goal of 80% allows for adjustments to be made as needed so caregiver's depression/anxiety and the affects it has on their children can continue showing a reduction.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

The therapist will assess and document observations and client self-report during each individual session.

A Crowell assessment is completed to structurally capture the interaction between child and caregiver (with children ages 5 and younger)

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

Case Management

b. Service #4 - Taxonomy Definition of Service (300 character limit)

A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health and human service needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective int

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Comprehensive, individual case management includes direct and indirect services such as parenting education (informed by Nurturing Parent Programs), support with emotional difficulties, and education about ways to cope with stress and to mitigate distress, financial assistance and making referrals to community resources. Referrals to specialized programs may be necessary so that clients and their children get all the services they need. Though the use of case management, workers are able to connect caregivers with health providers and address issues that may be barriers to the health and well-being of parent and child. Clients will recognize risks associated with the increased likelihood of abuse and neglect and will build protective factors toward prevention.

Services take place in community-based settings, and/or in the homes of the caregiver, based on the needs of the client.

The specific target population for the proposed case management services include parents/caregivers (including parenting teens) who are pregnant or actively parenting their children that are at risk of child abuse and neglect and who are residents of Boone County. We anticipate they will have at least one child under the age of five, can be single parents, be experiencing broken family relationships, health and mental health complications and other risk factors such as being uninsured or under insured and unstable housing.

Intake and Assessment

Clients will speak with a worker who provides information regarding our services and collects the initial data for eligibility. The worker sets up a time to meet with them. One of the first activities is to get to know the caregiver and to begin assessing what strengths and needs are present in their life.

Service Plan and Continued Intervention

Caregivers and LFCS workers work together to devise a service plan that accounts for the immediate safety of the children and the needs and strengths of the family. The service planning process is one of client-centered decision-making. The plan specifies available services and support systems that will allow for the maintenance of stable parenting. The service plan is reviewed regularly and updated until the objectives have been achieved.

Curriculum

Workers use the Nurturing Parenting Program which provides an evidence-based, family-centered, prevention curriculum that helps parents/caregivers build protective factors that will lead to safe and healthy parenting and child rearing practices.

Collaboration

First Chance for Children provides our client's cribs and has trained our social workers to educate the recipient of the crib on safe sleep practices.

LFCS has cooperative referral agreements with many community agencies including Columbia Public Schools, Parents as Teachers, True North, Voluntary Action Center, Women & Children's Health, Boone Hospital, Family Health Center, Boone County Health Department and First Chance for Children which helps clients receive needed services

Service #4 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)**

Per hour but can be broken down into 15 minute increments.

b. Unit Rate (#4)

\$76.28

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

This rate is the same rate utilized by the St. Louis County Children's Services Fund.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

d. Total Number of Units of Service to be Provided (#4)

808

e. Total Number of Unduplicated Individuals (#4)

125

f. Average Number of Units of Service per Unduplicated Individual (#4)

6.46

g. Average Cost of Service per Individual (#4)

493.07

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

Case Management is not a service funded by insurance companies and the clients needing this service most do not have resources to pay for such a needed service. Having a fee for this service would greatly impact their ability to access services.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

Insurance companies do not recognize comprehensive case management as a reimbursable service.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

No fee payment option will be required. Boone County Children Service's Fund will ensure that LFCS and the community are able to provide these needed case management services at a reduced or free rate.

Service #4 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#4)

Yes (complete the Other Funder's Chart below)

Service #4 - Other Funders Chart

<u>Funders (#4)</u>	<u>Unit Rate (#4)</u>	<u># of Units Funded (#4)</u>	<u>Total Amount Contracted (#9)</u>
	4a1.	4a2.	4a3.
a. Boone County - Children's Services Funding (#4)	\$76.28	583	\$44,471.24
	4b1.	4b2.	4b3.
b. Boone County - Community Health Funding (#4)	\$0.00	0	\$0.00

e. Heart of Missouri United Way Funding (#4)	\$76.28	675	\$51,489.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)

\$61,634.24

b. Proposed Number of Units of Service (#4)

808

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

This funding will fill the gaps of what our other funding sources do not cover. We estimate that gap to be 808 units of service. We are basing our projection on our long track record of providing these services.

Services #4 - Performance Measures

Outcome (4-1)

Caregivers of young children (including teen parents) will demonstrate progress toward the reduction or elimination of key risk factors that lead to child abuse and neglect

Indicator (4-1)

After a minimum of three case management meetings with a case manager, 80% of clients will have documented progress toward addressing risk factors that lead to Child Abuse/Neglect

Method of Measurement (4-1)

Protective Risk Factors Survey which will be administered at regular intervals.

Additional Outcome (4-2)

Increase care management on behalf of the client's needs (treatment/service plan).

Additional Indicator (4-2)

80% of mothers, fathers & caregivers will have a reduction in depressive/anxiety symptoms

Additional Method (4-2)

Burns Depression checklist (Revised) - Pre/Post tests

Burns Anxiety Inventory (Revised) -Pre/Post tests

Additional Outcome (4-3)

Additional Indicator (4-3)

Additional Method (4-3)

Additional Outcome (4-4)

Additional Indicator (4-4)

Additional Method (4-4)

Additional Outcome (4-5)

Additional Indicator (4-5)

Additional Method (4-5)

Service #4 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)

Comprehensive case management can build protective factors—parenting skills and attitudes—and reduce risk factors such as parent depression/anxiety, caregiver drug use, caregiver stress, maladaptive behavior, and children's behavioral problems.

LFCS case management is an individualized family intervention and aims to increase protective factors, correct maladaptive patterns of behavior, decrease risk factors, and target child safety and well-being outcomes

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)

Families consistently experience social and logistical barriers to accessing care and to receiving care in a timely manner. A delay in receiving help lowers the likelihood that services will be accessed. By encouraging mobility and flexibility among our counselors to provide services in the client's home or in the office LFCS believes this will decrease any delays to receiving help.

c. Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)

80% of clients will demonstrate that the methods utilized are making an improvement on their depression/anxiety and on their children's well-being. They will be addressing and improving the risk factors that can lead to CAN. A goal of 80% allows for adjustments to be made as needed to continue to improve family functioning, relationship and stability.

d. Provide a rationale for each method of measurement (#4) (600 character limit)

Protective Factors Survey is used with caregivers receiving child abuse prevention services. It measures protective factors in 5 areas: family functioning/resiliency, social emotional support, concrete support, nurturing and attachment, & knowledge of parenting/child development. Burns Depression checklist (Revised) is a widely used, well researched self-report scale for measuring depression. We have found it to be effective and reliable. Burns Anxiety Inventory (Revised) is a widely used, well researched self-report scale for measuring anxiety. We have found it to be effective and reliable.

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

Medication Management

b. Service #5 - Taxonomy Definition of Service (300 character limit)

Monitors therapeutic levels of a prescribed medication.

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Medication management can be useful and support the psychotherapy process in some cases. When traditional talk therapy is not demonstrating a reduction in depression, anxiety, or other mental health conditions, then mothers may need to consider medication management to help stabilize their

symptomology.

If client expresses an interest in trying medication, LFCS will assist them with the paperwork to be seen at the Family Health Center (FHC). LFCS will also write up information for the physician to review prior to their scheduled appointment. The FHC has agreed to prioritize LFCS referrals, getting mothers seen as soon as possible. LFCS will pay the co-pay and for their medication if they are prescribed medication. LFCS has billing arrangements with Kilgore's and HyVee's Pharmacies to cover the cost of the medication prescribed.

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

Per clinic visit or filled prescription

b. Unit Rate (#5)

\$50.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate (#5). (600 character limit)

After searching to find a parallel public reimbursement rate we were unable to find one. LFCS will collaborate with Family Health Clinic to provide medication management and medications for our uninsured clients in need. The unit rate reflects an average cost for the client's co-pay and prescription.

d. Total Number of Units of Service to be Provided (#5)

50

e. Total Number of Unduplicated Individuals (#5)

10

f. Average Number of Units of Service per Unduplicated Individual (#5)

5

g. Average Cost of Service per Individual (#5)

250

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

The majority of our clients are either uninsured or under insured which keeps them from accessing the services they need. Under insured clients often do not have the resources to pay their co-pays or full payment of the service until their deductible is met for insurance to cover any cost of the service. If they do have resources we will bill them first however this may only be 10% of our clients and typically it is only on a temporary basis and does not cover mental health services.

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

Clients without insurance or the ability to pay for their co-pay will be sent to Family Health Center (FHC) to receive medication management. The cost of their co-pay at FHC and the cost of their prescription will be paid for by LFCS and acquired funding for this service.

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

No fee payment option will be required. Boone County Children Service's Fund will ensure that LFCS and the community are able to provide these needed mental health services at a reduced or free rate.

Service #5 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#5)

Yes (complete the Other Funder's Chart below)

Service #5 - Other Funders Chart

<u>Funders (#5)</u>	<u>Unit Rate (#5)</u>	<u># of Units Funded (#5)</u>	<u>Total Amount Contracted (#5)</u>
a. Boone County - Children's Services Funding (#5)	5a1. \$50.00	5a2. 120	5a3. \$6,000.00
b. Boone County - Community Health Funding (#5)	5b1. \$0.00	5b2. 0	5b3. \$0.00

Additional Indicator (5-5)

Additional Method (5-5)

Service #5 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#5) (600 character limit)

Clients not experiencing a reduction in symptoms of depression/anxiety with the use of traditional therapy may need an additional intervention such as medication management. By referring to the Family Health Clinic, their assessment and possible prescription of medication may assist in the reduction of depressive and anxiety symptoms so caregivers are able to function at their capacity which will positively affect the well-being of their children.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#5) (600 character limit)

Families consistently experience social and logistical barriers to accessing care and to receiving care in a timely manner. By encouraging mobility and flexibility among our counselors to provide services in the client's home or in the office LFCS believes this will decrease any delays to receiving help.

Often families are uninsured or under insured. Boone County Children Service's Fund is will ensure that LFCS and the community are able to provide these needed mental health services at a reduced or free rate.

c. Provide a rationale for the measurement level(s) for each indicator (#5) (600 character limit)

80% of clients will demonstrate that the methods utilized are making an improvement on their depression/anxiety and on their children's well-being. They will be addressing and improving the risk factors that can lead to CAN. A goal of 80% allows for adjustments to be made as needed to continue to improve family functioning, relationship and stability.

d. Provide a rationale for each method of measurement (#5) (600 character limit)

Burns Depression checklist (Revised) is a widely used and well researched self-report scale for measuring depression. It is easy to administer and is an effective screening tool with established reliability & validity.

Burns Anxiety Inventory (Revised) is a widely used and well researched self-report scale for measuring anxiety. It is easy to administer and is an effective screening tool with good reliability & validity.

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children’s Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing/Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

3.8.1. Boone County Insurance Requirements: The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

- 4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.
- 4.3. Competitive Negotiation of Proposals:**
- The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:
- 4.3.1. Negotiations may be conducted in person, in writing, or by telephone.
- 4.3.2. Negotiations will only be conducted with potentially acceptable proposals.
- 4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- 4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.
- 4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.
- 4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

AGREEMENT FOR PURCHASE OF SERVICES
Purchase of Service Contract
Healthy Habits

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Mary Lee Johnston Community Learning Center** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **MLJCLC**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, MLJCLC has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY MLJCLC

MLJCLC is expected to the greatest extent possible to maximize funding from all other sources. MLJCLC shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. MLJCLC shall only request reimbursement for services not reimbursable by any other source. MLJCLC shall not invoice the Children's Services Fund for units of service invoiced to another funding source. MLJCLC shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** MLJCLC will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and MLJCLC's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over MLJCLC's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from MLJCLC and MLJCLC agrees to furnish the **Healthy Habits** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in MLJCLC's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$73,487.50** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. MLJCLC agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB. This contract may at the sole discretion of the BCCSB and with the agreement of MLJCLC be renewed for **an additional one (1), one-year period**. MLJCLC agrees and understands that the BCCSB may require supplemental information to be submitted by MLJCLC prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Health Education	One hour	\$32.20	1,040	\$33,488.00
Case Management	15 minutes	\$12.50	2,560	\$32,000.00
Public Awareness/Education	One individual	\$53.33	150	\$7,999.50

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of MLJCLC, the BCCSB agrees to pay interest at a

rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by MLJCLC to monitor service delivery and program expenditures. MLJCLC agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by MLJCLC and, if so stipulated, are noted on this contract document. Payments may be withheld from MLJCLC if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. MLJCLC agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** MLJCLC also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of MLJCLC's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from MLJCLC, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** MLJCLC agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect MLJCLC's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, MLJCLC hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event MLJCLC requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from MLJCLC may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with MLJCLC's policies and procedures and in accordance with any local/state/federal regulations. MLJCLC agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. MLJCLC must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** MLJCLC will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** MLJCLC agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to MLJCLC's provision of such services.

14. **Accreditation/Licensure/Certifications.** MLJCLC must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** MLJCLC agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and MLJCLC, and this shall include any transaction in which MLJCLC is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** MLJCLC may enter into subcontracts for components of the contracted service as MLJCLC deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, MLJCLC shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring

requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** MLJCLC agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. MLJCLC shall require each subcontractor to affirmatively state in its Agreement with the MLJCLC that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide MLJCLC a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** MLJCLC agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against MLJCLC or any individual acting on the MLJCLC's behalf, including subcontractors, which seek to enjoin or prohibit MLJCLC from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If MLJCLC ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if MLJCLC no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, MLJCLC will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event MLJCLC, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to MLJCLC as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should MLJCLC fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, MLJCLC shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the MLJCLC for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, MLJCLC agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Mary Lee Johnston Community Learning Center** (meaning anyone, including but not limited to consultants having a contract with MLJCLC or subcontractor for part of the services), or anyone directly or indirectly employed by MLJCLC, or of anyone for whose acts MLJCLC may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** MLJCLC shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. MLJCLC will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. MLJCLC will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. MLJCLC agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and MLJCLC. The BCCSB does not recognize any of the MLJCLC's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** MLJCLC shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of

this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Boone County Community Services
605 E. Walnut, Ste. A
Columbia, MO 65201

Any written notice or communication to MLJCLC shall be mailed or delivered to:

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Mary Lee Johnston Community Learning Center
Name of Program	Healthy Habits

Organization Profile	
-----------------------------	--

1. Mary Ellen Muller and Laura Peiter are listed as Board Members on the Organizational Chart but are not listed on the Board Member table.
Action Required: Update the Organizational Chart or Board Member Table to reflect all current members.

Completed

Proposal Cover Sheet	
-----------------------------	--

2. The signed addendums are not uploaded on the Proposal Cover Sheet.
Action Required: Provide copies of the signed addendums with all three pages with required signatures.

Program Overview Form

3. The Program Goal is not written in a complete sentence and is difficult to understand.
Action Required: Rewrite the Program Goal. The goal is often used for Boone County Community Services reporting purposes and needs to be clearly stated and a complete sentence.

Mary Lee Johnston Community Learning Center will address poverty by providing high quality, affordable care for children, promoting healthy eating habits and nutrition education, providing opportunities for nutritious and fresh meals, allow opportunities for physical activity and education, and family support through case management services, referrals and parent support groups.

4. The Consumer Demographics section is not fully completed. The information on residency is the only field provided.

Action Required: Provide information for all fields on the Consumer Demographics.

Residence	
Boone County (includes City of Columbia residents):	278
City of Columbia:	268
Other Counties:	
Residence Total:	278
Race:	
White (alone)	100
Black or African American (alone)	100
Multiple Races	61
Asian (alone)	4
Native American Indian or Alaskan Native (alone)	0
Native Hawaiian or other Pacific Islander (alone)	0
Some other Race	13

Not Hispanic or Latino	265
Ethnicity Total:	278
Gender	
Female	142
Male	136
Other	
Gender Total:	278
Income	
At or below 200% of Federal Poverty Level	218
Over 200% of Federal Poverty Level	60
Income Total:	278

Age	
Infant/Toddler (birth – 2 years)	59
Preschool (3 years – 5 years)	53
School Age (6 years – 11 years)	0
Middle School (12 years – 14 years)	0
High School (15 years – 19 years)	0
Parent/Guardian (19 years and younger)	2
Parent/Guardian (age 20 and over)	164
Age Total:	278

5. The sliding scale provided under Program Access is difficult to understand. Household size does not appear to be accounted for in the sliding scale.

Action Required: Provide clarification on how the sliding fee schedule is utilized and if household size is taken into consideration.

The sliding scale fee is based solely on household income. We do not factor household size into the sliding fee. If a family earns gross monthly income under \$1640 per month they will pay \$125 per week for an Infant/Toddler, \$104 per week for an Early Learner and \$76 per week for a Preschooler. If a family earns gross monthly income under \$2185 per month they will pay \$179 per week for an Infant/Toddler, \$149 per week for an Early Learner and \$122 per week for a preschooler. If a family earns gross monthly income under \$3275 they will pay \$195 per week for an Infant/Toddler, \$160 per week for an Early Learner, and \$143 per week for a Preschooler. If a family earns gross monthly income over \$3276 they will pay the full price of tuition. Currently, that would be \$217 per week for an Infant/Toddler, \$180 per week for an Early Learner, and \$165 per week for a Preschooler.

Upon initial enrollment, we verify total household income and let the parent know how much they will be responsible for paying. We provide tuition assistance to supplement what they do not pay. We reverify household income annually.

6. After reviewing the State of Missouri Department of Health and Senior Services license, there were several complaint investigations and it is noted MLJCLC is under close supervision.

Action Required: Provide an explanation of these events and efforts to correct these issues.

We are currently under close supervision and have a probationary license. The situation that led to this was a child was missing for four to five minutes. He was hiding from his mother under a tarp in the sandbox. We believed it was important to self-report the situation. An investigation was completed, and we accepted the terms of probation for 12 months and later mediated that into nine months. We are on our second month of probation. We pride ourselves on being transparent and having integrity. We knew that reporting the situation could lead to dire consequences but did so because we knew it was the right thing to do. Unfortunately, we lost a very good employee because we have a no tolerance policy for lack of supervision. Prior to any decision made we immediately placed into effect corrective action measures. We have specific procedures during transitions and we have the names and pictures of each child on all clipboards. These corrective actions included updated name to face forms, installing a security system at our center which included locks on all doors with code entry, security cameras inside and outside, and remote access to those cameras. We work with the Department very closely and since this last situation we have had excellent visits and no violations. Our licensing representative would gladly be a reference if needed.

7. The maximum salary ranges are not provided for program personnel.

Action Required: provide salary ranges for program personnel, including base and maximum ranges.

There is not set salary range for Administrative staff. The starting pay for a teacher is \$8.75 and goes up to \$14 dependent upon experience and education. All our teachers must have a minimum of some college or be working toward their CDA to be employed due to MO Accreditation standards.

8. MLJCLC currently receives funds from the Community Health Fund (CHF). Will any of these CHF funds be utilized in this proposed Children's Services Fund program in 2018?

Action Required: Provide clarification on if any of the CHF funds will be used in this program.

The CHF funds will continue to be used to provide fresh fruits and vegetables for each meal that we serve each child. We will also continue to have parent inclusion events for our families. The funds will only be used to enhance the program.

9. The Program Budget does not list funds received through USDA to reimburse for food.

Action Required: Provide the amount and clarification on if USDA funds will continue in 2018.

We do expect our USDA funding to continue. For 2018 we have budgeted \$70,0000 to be received.

10. Service 1 will remain 'Health Education' and will include nutritional education and activities with Columbia Center for Urban Agriculture (CCUA). The service description and lack of unit measurement makes it unclear if BCCS will be purchasing meals for the children at MLJCLC. *Action Required:* Provide clarification on if any meals will be funded through BCCS. If so, 'Congregate Meals' (1.2) needs to be added as Service 5.

To clarify this service, meals will not be included. The funding we currently receive through BCCS allow us to provide fresh fruits and vegetables for each meal. We will, however attempt to procure the freshest of everything served including lean meats and unprocessed foods. This will come at a cost, but we believe our budget will be able to handle this as an enhancement to our program. We would like to include taste testing and experiencing a variety of different foods within this program and that would be at a cost for this program.

11. The service description discusses a collaboration with CCUA however does not state what costs are involved with the collaboration and if funding is being requested to BCCS to cover these costs. *Action Required:* Provide clarification on the costs involved for collaborating with CCUA. Also, provide clarification on if MLJCLC will be subcontracting with CCUA and if funds from BCCS will be distributed to CCUA for their services.

As of now, there would be no cost associated with collaborating with CCUA. At this time, we will not need to sub contract with CCUA for these services.

12. The unit measure is not provided for Service 1. The provision of nutritional meals should not be calculated into the unit measure or unit rate if Congregate Meals are added as a service. *Action Required:* Provide the unit measure for Health Education on the attached 'Service Change Chart' for Service 1.

The unit measure will be hours of service for overall Health Education.

13. The unit rate of \$59.74 is extremely high to provide nutrition education and gardening activities.

Action Required: Provide an updated unit rate that is based on a public funding rate, if possible and give justification on how the rate was determined in the field below. Provide the updated unit rate on the 'Service Change Chart' for Service 1.

There is not a public funding rate for nutrition education. Nutritionists provide nutrition therapy. This can include a variety of activities include a variety of activities. In our program, they will work toward creating nutritional programs based on the health needs of children and families on how to lead a healthier lifestyle. On average, based on average hourly consultant rates nutrition education can cost between \$50 and \$100 per hour. Based on the average salary of a nutritionist, they earn between \$27.90 and \$32.20 per hour. Because most of families we work with qualify for the free and reduced lunch program and are at risk of poverty this would not be traditional consultation and therefore the unit rate should be a minimum of \$32.20 per hour for nutrition education and gardening activities. This would encompass the entire nutritional education aspect of this program.

14. The total number of units to be provided may need to be adjusted if meals being provided is listed under a different service.

Action Required: Provide an updated number of units to be provided that relates to the unit measure for providing nutritional education and gardening activities. Provide this number in the 'Service Change Chart' for Service 1.

Meals are not provided.

15. A response was not provided regarding why the proposed service is not billable to a third-party payor.

Action Required: Provide a response stating why the proposed service is not billable to a third-party payor.

We will have an on-staff individual provide nutrition education services and will not be contracting with a third party.

16. The amount requested needs to be updated with unit rate, number of units to be provided and Congregate Meals being added as a service

Action Required: Provide an updated funding request amount and total number of units to be requested for BCCS to fund in the 'Service Change Chart'.

Updated amount requested. Congregate meals will not be added as a service.

Service 2

17. The description for physical activity lacks specific information on why physical activities for the children should be funded through BCCS.

Action Required: Provide clarification on why BCCS should fund physical activity as a service and how this exceeds the funds received through tuition fees.

For this program and service, we want to be able to provide activities that children will not normally have access to. This includes yoga, gymnastics, sport basics, infant massage, and other activities used to express physical movement. Most of our families are low income and we are not able to provide these services as part of our tuition on a regular basis and continue to provide tuition assistance to supplement tuition. Teachers incorporate physical activity in the classroom, however we would be able to use an individual with a level of expertise that can provide these variety of activities. Again, this would allow children that would not normally be afforded the opportunity to participate in these types of activities the chance to do so. This can provide them the skills they need, social interaction, structure, coordination, and confidence. We want this to be able to give the children and families a desire for physical activity so that it becomes a habit and part of their lifestyle.

18. The unit measure was not provided for Service 2.

Action Required: Provide a unit measure for Physical Activity in the 'Service Change Chart'.

Based on half hour sessions or .5

19. The unit rate is extremely high to provide physical activities for children. The justification claims that this rate is appropriate for specialists in exercise, however, the narrative does not specifically state that specialists will be providing this service. The unit rate needs to be lowered for the activities that were described for Service 2.

Action Required: Adjust the unit rate to reflect the qualifications of personnel leading the activities and provide information on how the updated unit rate was established. Provide the proposed update on the 'Service Change Chart' for Service 2.

The individual providing the services for our center would need to be certified and experienced in their field. On average, a Yoga instructor will charge between \$20 and \$50 per session. This averages to \$35 per session. On average, a soccer instructor charges between \$55 and \$130 per session for instruction. A gymnastics session costs a child on average \$23.75. Infant massage is generally \$30 per half hour session. The level of planning and number of children our instructors will have must be factored in to the equation. Based on all this information, we have adjusted our unit rate to \$30.

20. The total number of units to be provided seems low for the number of individuals participating in Physical Activity throughout a year of services.

Action Required: Provide clarification on the number of times physical activity is provided for the whole program.

The total number of units to be provided for 128 unduplicated individuals is 768. The average number of units of service per unduplicated individual would be 6. These units of service are in half hour sessions or .5 hours.

21. The amount requested and number of units to be provided needs to be updated to reflect changing the unit rate and number of units to be provided.

Action Required: Provide the updated funding request and number of units to be funded by BCCS on the 'Service Change Chart' for Service 2.

Adjusted.

22. Indicator (2-1) needs to be changed by eliminating the word "enjoy". The indicator will be easier to report and be less subjective.

Action Required: Provide the performance measures on the 'Service Change Chart' for Service 2.

75% of children will voluntarily incorporate physical activity into their day.

Service 3

23. The description of Case Management lacks information on how the Healthy Habits Coordinator will assist families with additional resources and the when this may occur. The Healthy Habits Coordinator appears to need knowledge in nutrition and meal planning in addition to social work skills.

Action Required: Provide specific information on the additional services that will be coordinated for families and the personnel providing case management.

The proposed service will include individual assessments of each child's specific nutritional needs. This includes meeting with the family to identify any nutritional deficiencies, allergies, alternative food requests. This may take more time with one family compared to another. Meal planning would include ensuring all menus are nutritionally sound in coordination with our cook and certifying all allergies were addressed in doing so. If there are nutritional deficits or allergies, this individual can assist the family in understanding what these are, ensure they know the severity of these and know how to navigate the medical system to address medical needs. 42% of our families do not have a primary physician for their children and utilize urgent care. Encouraging them to obtain consistent services and a primary care physician would be included in our program and we can help them navigate that system. If it was determined the family required greater resources than we could provide appropriate referrals would be made. Again, some families would require more case management than others.

24. The unit measure is not provided for Case Management.

Action Required: Provide a unit measure for Case Management that can be utilized per individual receiving case management. 15 minutes may be the best unit measure for the type of activities being provided for each child. Provide the unit measure in the 'Service Change Chart' for Service 3.

Originally the unit was based on one hour of service, but it is more logical to be in 15-minute increments.

25. The narrative does not provide a clear explanation on whether an established public funding rate was utilized in determining the unit rate. The unit rate seems high compared to other organizations providing a similar level of case management.

Action Required: Provide an updated unit rate and provide a clear explanation on if it's tied to an established public funding rate. Provide the updated rate in the 'Service Change Chart' for Service 3.

The rate has been adjusted to \$12.50 per unit. This is not tied to an established public funding rate but rather an average of case management services.

26. A response was not provided regarding why the proposed service is not billable to a third-party payor.

Action Required: Provide an explanation on why the proposed service is not billable to a third-party payor.

We will be providing this service in house so that we can address the whole family needs, therefore will not be utilizing a third party. We want to provide a continuity of care for our families.

27. The Funding Request for BCCS is not correct according to the unit rate and proposed number of units to be provided.

Action Required: Provide the correct funding request amount for BCCS with the adjusted unit rate in the 'Service Change Chart' for Service 3.

Corrected.

28. The Method of Measurement (3-1) states that a pre-post evaluation tool for stress will be developed. There are currently tools available that are free and/or evidence-based.

Action Required: Provide a method of measurement for measuring stress that is evidence-based instead of developing a new tool.

We will utilize the Parenting Stress Index to assess pre-and post program.

29. Indicator (3-1) seems high for providing families with referrals to additional resources.

Action Required: Provide clarification on how this percentage of families needing this aspect of the service was determined.

76.8% of our families qualify for free and reduced lunches, therefore knowing that lower income families may have higher needs we estimate being able to provide at least 75% of participating families with a referral or a resource.

30. The performance measures could include additional outcomes, indicators, and method of measurements for nutrition planning since it's the main service for Case Management.

Action Required: Provide additional outcomes, indicators, and method of measurements that include nutrition and meal planning.

Service 4

31. Service 4 needs to be renamed 'Public Awareness/Education' since events are open to the public.

Action Required: Complete the 'Service Change Chart' for Service 4.

Corrected.

32. The parent events that have been provided in the past through the Community Health Fund appeared to have good turnouts and enjoyed by parents. These events seem to be less interactive for the parents and children.

Action Required: Provide an explanation on changing the type of parent events.

We want to be able to provide health education which can include physical health, mental health, social and emotional health and prevention. This does not mean we would not include events that are interactive for parents and children. We would vary these presentations so that they are informative yet interactive. We do believe it is important, particularly for our not for profit centers to be able to come together and be able to network and share support and resources with one another.

33. The narrative lacks specific information on the topics that will be discussed.

Action Required: Provide clarification on the topics MLJCLC anticipate providing for the presentations and the how you will promote these events.

We anticipate the events will include the following topics:

Keeping relationships strong while raising a family

Healthy Active Families/Staying Active with your Children

Promoting Responsible Fatherhood/Celebrating Dads

Staying Sane as a Single Mom

Managing Stress

Why is mental health important?

Is My Child Okay?

Low Cost Meals you can cook for your family!

How to Raise Boys into Men

These are just a few of the topics we have considered. We would market these within the not for profit centers and for profit centers in the community. We would collaborate with the United Way so that it is distributed community wide. Word of mouth is always helpful and promoting all the events throughout the year is important. We would approach media and news outlets to advertise our events. Churches may be very interested in partnering or promoting events. If we could get a "big name" to come to Columbia it would be important to have sponsors. We do have relationships with people that would be interested in sponsoring events.

34. The unit measure needs to be changed to 'one individual' since training is provided in a group setting.

Action Required: Update the unit measure to 'one individual' in the 'Service Change Chart'. The number of units to be provided will need to be adjusted to reflect the number of events and anticipated number of individuals attending each presentation.

Completed.

35. Six sessions in one year are a lot of events to plan. The description lacks details on the type and expert level that will be brought in for presentations. The narrative also lacks information on how events will be promoted and encourage parents to give up an evening for a presentation.

There is concern that attendance will be low compared to the type of events that are currently provided for parents. The cost for each presentation is high if attendance is low.

Action Required: Provide clarification on the type of 'experts' that will be sought out to lead presentations. Provide details on how the events will be promoted and ways parents will be encouraged to attend the presentations.

After much debate, we have adjusted our units to reflect 3 sessions. 3 sessions will be easier to promote, and we would need to recruit someone well versed on the topic to present. We would seek an expert in the topic that we want to promote. Early childhood encompasses all those proposed topics in one way or another so through national and local organizations we would be able to secure presenters. The event will be promoted throughout the community in the not for profit sector as well as for profit sector. Again, there could be churches that would sponsor or host events too. Food is always a big draw for anyone so that does entice many people. I believe the topics peak interest in a variety of ways and we would have to market it as such.

36. The Performance Measures do not track the number of MLJCLC families that attend the presentations. There is the potential to calculate the percentage of MLJCLC families attending the events.

Action Required: Provide outcomes, indicators, and method of measurements that track family attendance throughout the year in the 'Service Change Chart' for Service 4.

--

Service 5

37. 'Congregate Meals' needs to be added as Service 5 if it is a part of the Healthy Habits program.

Action Required: Provide clarification on the funding source covering nutritious meals. This service needs to be listed regardless of the funding source. Also, include information on USDA reimbursements.

--

38. The unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals receiving the service needs to be provided in the 'Service Change Chart' for Service 5.

Action Required: Provide the outputs for Service 5 in the 'Service Change Chart'. The current unit rate for the Boone County Community Health Fund is \$0.21 per meal.

--

39. The funding request amount and number of units to be funded through the Children's Services Fund needs to be provided. Other funding sources paying for meals needs to be provided.

Action Required: Provide clarification on the funding request amount for the Boone County Children's Services Fund. Provide information on any other funders contributing towards purchasing nutritious meals. Provide the funding request amount and number of units to be purchased by the Boone County Children's Services Fund in the 'Service Change Chart' for Service 5.

--

40. Performance measures need to be provided for Congregate Meals that follow the logic model.

Action Required: Provide performance measures that follow the logic model in the 'Service Change Chart' for Service 5.

--

41. The performance measures provided for Congregate Meals need to be attributable to the Program Goal, account for any external factors that may affect the proposed outcomes, have a rationale for the measurement level proposed for the indicator(s), and have a rationale for the method of measurement.

Action Required: Describe how each outcome is attributable to the Program Goal, describe any external factors that may affect the proposed outcome(s), provide a rationale for the measurement level(s) for each indicator, and provide a rationale for each method of measurement for Service 5.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

42. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Mary Lee Johnston Community Learning Center			
Program Name: Healthy Habits			
Service #1 – Taxonomy of Service Name: Health Education			
Service #1 – Taxonomy Definition of Service: Provides information to maintain or improve physical and mental health and overall wellbeing.			
<p>Provide a detailed description of the proposed service: This service will provide children ages 6 weeks through 6 years of age opportunities to be informed, educated and experience Healthy Habits. The service will include age appropriate nutritional education using the Eat Smart guidelines, providing nutritionally balanced menu plans and incorporating while grains, fresh fruits or vegetables into each meal. Children will be provided a diverse array of foods incorporated into their meals. We will collaborate with the Columbia Center for Urban Agriculture for an outdoor classroom and continue to expand our own center garden. Infant classrooms will focus on the importance of breast feeding, introduction of foods, fine and gross motor activities, developmental stages and infant massage. Toddlers will be able to experience a variety of fresh and whole foods, incorporate nutrition education through song and dance, and develop healthy habits. Preschool classrooms will participate in outdoor classroom activities, research based nutrition curriculum (Eat Smart), gross motor play, enrichment activities such as yoga, soccer, dance to give options for physical activity these children may never have otherwise and to provide outlets and supports for mental health.</p>			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
1 hour	32.20	1040	128
Funding Request			
Amount Requested to Boone County: \$33,488		Proposed Number of Units of Service: 1040	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:
Children will receive nutrition education, experience nutrition education by participating in outdoor classrooms.	75% of children will increase their knowledge of healthy choices and options.		Pre-and post assessments will be provided for each age group.
Only whole grain breads and pastas, locally procured fresh, frozen or no sugar added fruits and vegetables are served.	70% of children broaden their "like" of nutritious foods.		Children's evaluations track their "likes" every six months to measure broadening choices.

Children will receive nutritional education utilizing the Eat Smart program guidelines.	75% of children will enhance their knowledge of healthy eating choices.	Evaluations will track knowledge every six months.
Children will enhance their gross and fine motor skills through physical activity options.	75% of all children will meet appropriate development milestones.	We will administer the Ages and Stages Questionnaire annually. If there is a concern in any area of development, we will administer bi-annually.

Service Change Chart			
Organization Name: Mary Lee Johnston Community Learning Center			
Program Name: Healthy Habits			
Service #2 – Taxonomy of Service Name: Physical Activity			
Service #2 – Taxonomy Definition of Service: Provides opportunities and/or instruction for physical activities.			
<p>Provide a detailed description of the proposed service: This service will provide education about movement and physical activity. It will also include opportunities for physical movement for each of our children in the center whether that be yoga, soccer, basketball or infant massage. Not only is this beneficial to develop lifelong habits in children ages 0-5, exercise also has some direct stress-busting benefits. Physical activity helps bump up the production of your brain's feel-good neurotransmitters, called endorphins. It's meditation in motion. It can help connect children to their bodies instead of focusing on their daily worries. As they begin to regularly shed their daily tensions through movement and physical activity, they can find energy and optimism and it can help them remain calm and clear in everything they do. It will help to improve their mood. Regular exercise can increase self-confidence, it can relax children, and it can lower the symptoms associated with mild depression and anxiety. Exercise can also improve sleep, which is often disrupted by stress, depression and anxiety.</p>			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
.5 (1/2 hour)	30.00	768	128
Funding Request			
Amount Requested to Boone County: \$23040		Proposed Number of Units of Service: 416	
Performance Measures			
Outcome:	Indicator:		Method of Measurement:

Children will participate in weekly physical activity.	75% of children will voluntarily incorporate physical activity into their day.	After a baseline is established an evaluation will be done bi-annually.
Through physical activity, children will be able to develop their motor skills.	80% of children at the center will be proficient and developmentally on target in large motor skills.	We will administer the Ages and Stages Questionnaire annually. If there is a concern in any area of development, we will administer bi-annually.

Service Change Chart			
Organization Name: Mary Lee Johnston Community Learning Center			
Program Name: Healthy Habits			
Service #3 – Taxonomy of Service Name: Case Management			
Service #3 – Taxonomy Definition of Service: A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health and human services needs. It is characterized by advocacy, communication, and resource management and promotes quality and cost-effective interventions and outcomes.			
Provide a detailed description of the proposed service: This will include individual assessment of each child's specific nutritional needs, meal planning for each child's specific nutritional needs, and individual meetings with families regarding whole health and resources, assist with navigating the medical system and helping to address any barriers families may have. Initially it will take time to assess each child individually but as the service takes off, the Coordinator will meet individually with families at enrollment to address any specific health issues and provide an overview of the Healthy Habits program.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
.25	12.50	2560	128

Funding Request		
Amount Requested to Boone County: \$32000		Proposed Number of Units of Service: 2560
Performance Measures		
Outcome:	Indicator:	Method of Measurement:
We will provide referrals and resources to families based on what they identify as their need.	We will successfully assist 75% of participating families with a resource or referral.	We will provide evaluations to each family participant and document all referrals made. We will use the Parent Stress Indicator post and
Parents will be able to identify a primary care physician for their family to provide continuity of care.	We will successfully assist at least 50% of our families who do not have a primary care physician in identifying one for their family.	An applicant questionnaire will be completed upon enrollment or re-enrollment and updates will be documented every other month.
Service Change Chart		
Organization Name: Mary Lee Johnston Community Learning Center Program Name: Healthy Habits		
Service #4 – Taxonomy of Service Name: Public Awareness/Education		
Service #4 – Taxonomy Definition of Service: Increases the public's level of understanding of a particular issue.		
Provide a detailed description of the proposed service: This service will provide a variety of health education for parents and others in the community. We will provide 6 sessions of health-related presentations at our center. We will focus on physical health, nutrition, and mental health. These presentations will be offered by experts in their field and provide practical information that target at risk families. Child care will be provided for parents of the center to promote attendance. We will also provide a meal for those in attendance. Our parent advisory committee, a parent led leadership group will participate in the planning of presentations dependent on parent surveys and needs. By inviting other parents from not for profit early learning centers, we are able to increase attendance, reach more people in the same at-risk category, share resources and collaborate.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 - Purchase of Service Contracts was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto. Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to be one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By:

Melinda Bobbitt

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "ProgramOverview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Ms. Litteken:

In accordance with section 4.3, Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in black ink, appearing to read "Melinda Bobbitt", with a stylized flourish at the end.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Mary Lee Johnston Community Learning Center
Name of Program	Healthy Habits

Organization Profile	
-----------------------------	--

1. Mary Ellen Muller and Laura Peiter are listed as Board Members on the Organizational Chart but are not listed on the Board Member table.

Action Required: Update the Organizational Chart or Board Member Table to reflect all current members.

--

Proposal Cover Sheet	
-----------------------------	--

2. The signed addendums are not uploaded on the Proposal Cover Sheet.

Action Required: Provide copies of the signed addendums with all three pages with required signatures.

--

Program Overview Form	
------------------------------	--

3. The Program Goal is not written in a complete sentence and is difficult to understand.

Action Required: Rewrite the Program Goal. The goal is often used for Boone County Community Services reporting purposes and needs to be clearly stated and a complete sentence.

--

4. The Consumer Demographics section is not fully completed. The information on residency is the only field provided.

Action Required: Provide information for all fields on the Consumer Demographics.

Residence	
Boone County (includes City of Columbia residents):	
City of Columbia:	
Other Counties:	
Residence Total:	
Race:	
White (alone)	
Black or African American (alone)	
Multiple Races	
Asian (alone)	
Native American Indian or Alaskan Native (alone)	
Native Hawaiian or other Pacific Islander (alone)	
Some other Race	
Race Total:	
Ethnicity:	
Hispanic or Latino (of any race)	
Not Hispanic or Latino	
Ethnicity Total:	
Gender	
Female	
Male	
Other	
Gender Total:	
Income	
At or below 200% of Federal Poverty Level	
Over 200% of Federal Poverty Level	
Income Total:	
Age	
Infant/Toddler (birth – 2 years)	
Preschool (3 years – 5 years)	
School Age (6 years – 11 years)	
Middle School (12 years – 14 years)	
High School (15 years – 19 years)	
Parent/Guardian (19 years and younger)	
Parent/Guardian (age 20 and over)	
Age Total:	

5. The sliding scale provided under Program Access is difficult to understand. Household size does not appear to be accounted for in the sliding scale.

Action Required: Provide clarification on how the sliding fee schedule is utilized and if household size is taken into consideration.

6. After reviewing the State of Missouri Department of Health and Senior Services license, there were several complaint investigations and it is noted MLJCLC is under close supervision.
Action Required: Provide an explanation of these events and efforts to correct these issues.

7. The maximum salary ranges are not provided for program personnel.
Action Required: provide salary ranges for program personnel, including base and maximum ranges.

8. MLJCLC currently receives funds from the Community Health Fund (CHF). Will any of these CHF funds be utilized in this proposed Children's Services Fund program in 2018?
Action Required: Provide clarification on if any of the CHF funds will be used in this program.

9. The Program Budget does not list funds received through USDA to reimburse for food.
Action Required: Provide the amount and clarification on if USDA funds will continue in 2018.

Program Services Form (1-5)	
------------------------------------	--

10. Service 1 will remain 'Health Education' and will include nutritional education and activities with Columbia Center for Urban Agriculture (CCUA). The service description and lack of unit measurement makes it unclear if BCCS will be purchasing meals for the children at MLJCLC.
Action Required: Provide clarification on if any meals will be funded through BCCS. If so, 'Congregate Meals' (1.2) needs to be added as Service 5.

11. The service description discusses a collaboration with CCUA however does not state what costs are involved with the collaboration and if funding is being requested to BCCS to cover these costs.

Action Required: Provide clarification on the costs involved for collaborating with CCUA. Also, provide clarification on if MLJCLC will be subcontracting with CCUA and if funds from BCCS will be distributed to CCUA for their services.

12. The unit measure is not provided for Service 1. The provision of nutritional meals should not be calculated into the unit measure or unit rate if Congregate Meals are added as a service.

Action Required: Provide the unit measure for Health Education on the attached 'Service Change Chart' for Service 1.

13. The unit rate of \$59.74 is extremely high to provide nutrition education and gardening activities.

Action Required: Provide an updated unit rate that is based on a public funding rate, if possible and give justification on how the rate was determined in the field below. Provide the updated unit rate on the 'Service Change Chart' for Service 1.

14. The total number of units to be provided may need to be adjusted if meals being provided is listed under a different service.

Action Required: Provide an updated number of units to be provided that relates to the unit measure for providing nutritional education and gardening activities. Provide this number in the 'Service Change Chart' for Service 1.

15. A response was not provided regarding why the proposed service is not billable to a third-party payor.

Action Required: Provide a response stating why the proposed service is not billable to a third-party payor.

16. The amount requested needs to be updated with unit rate, number of units to be provided and Congregate Meals being added as a service

Action Required: Provide an updated funding request amount and total number of units to be requested for BCCS to fund in the 'Service Change Chart'.

Service 2

17. The description for physical activity lacks specific information on why physical activities for the children should be funded through BCCS.

Action Required: Provide clarification on why BCCS should fund physical activity as a service and how this exceeds the funds received through tuition fees.

18. The unit measure was not provided for Service 2.

Action Required: Provide a unit measure for Physical Activity in the 'Service Change Chart'.

19. The unit rate is extremely high to provide physical activities for children. The justification claims that this rate is appropriate for specialists in exercise, however, the narrative does not specifically state that specialists will be providing this service. The unit rate needs to be lowered for the activities that were described for Service 2.

Action Required: Adjust the unit rate to reflect the qualifications of personnel leading the activities and provide information on how the updated unit rate was established. Provide the proposed update on the 'Service Change Chart' for Service 2.

20. The total number of units to be provided seems low for the number of individuals participating in Physical Activity throughout a year of services.

Action Required: Provide clarification on the number of times physical activity is provided for the whole program.

21. The amount requested and number of units to be provided needs to be updated to reflect changing the unit rate and number of units to be provided.

Action Required: Provide the updated funding request and number of units to be funded by BCCS on the 'Service Change Chart' for Service 2.

22. Indicator (2-1) needs to be changed by eliminating the word "enjoy". The indicator will be easier to report and be less subjective.

Action Required: Provide the performance measures on the 'Service Change Chart' for Service 2.

Service 3

23. The description of Case Management lacks information on how the Healthy Habits Coordinator will assist families with additional resources and the when this may occur. The Healthy Habits Coordinator appears to need knowledge in nutrition and meal planning in addition to social work skills.

Action Required: Provide specific information on the additional services that will be coordinated for families and the personnel providing case management.

24. The unit measure is not provided for Case Management.

Action Required: Provide a unit measure for Case Management that can be utilized per individual receiving case management. 15 minutes may be the best unit measure for the type of activities being provided for each child. Provide the unit measure in the 'Service Change Chart' for Service 3.

25. The narrative does not provide a clear explanation on whether an established public funding rate was utilized in determining the unit rate. The unit rate seems high compared to other organizations providing a similar level of case management.

Action Required: Provide an updated unit rate and provide a clear explanation on if it's tied to an established public funding rate. Provide the updated rate in the 'Service Change Chart' for Service 3.

26. A response was not provided regarding why the proposed service is not billable to a third-party payor.

Action Required: Provide an explanation on why the proposed service is not billable to a third-party payor.

27. The Funding Request for BCCS is not correct according to the unit rate and proposed number of units to be provided.

Action Required: Provide the correct funding request amount for BCCS with the adjusted unit rate in the 'Service Change Chart' for Service 3.

28. The Method of Measurement (3-1) states that a pre-post evaluation tool for stress will be developed. There are currently tools available that are free and/or evidence-based.

Action Required: Provide a method of measurement for measuring stress that is evidence-based instead of developing a new tool.

29. Indicator (3-1) seems high for providing families with referrals to additional resources.

Action Required: Provide clarification on how this percentage of families needing this aspect of the service was determined.

30. The performance measures could include additional outcomes, indicators, and method of measurements for nutrition planning since it's the main service for Case Management.

Action Required: Provide additional outcomes, indicators, and method of measurements that include nutrition and meal planning.

Service 4

31. Service 4 needs to be renamed 'Public Awareness/Education' since events are open to the public.

Action Required: Complete the 'Service Change Chart' for Service 4.

32. The parent events that have been provided in the past through the Community Health Fund appeared to have good turnouts and enjoyed by parents. These events seem to be less interactive for the parents and children.

Action Required: Provide an explanation on changing the type of parent events.

33. The narrative lacks specific information on the topics that will be discussed.

Action Required: Provide clarification on the topics MLJCLC anticipate providing for the presentations and the how you will promote these events.

34. The unit measure needs to be changed to 'one individual' since training is provided in a group setting.

Action Required: Update the unit measure to 'one individual' in the 'Service Change Chart'. The number of units to be provided will need to be adjusted to reflect the number of events and anticipated number of individuals attending each presentation.

--

35. Six sessions in one year are a lot of events to plan. The description lacks details on the type and expert level that will be brought in for presentations. The narrative also lacks information on how events will be promoted and encourage parents to give up an evening for a presentation. There is concern that attendance will be low compared to the type of events that are currently provided for parents. The cost for each presentation is high if attendance is low.

Action Required: Provide clarification on the type of 'experts' that will be sought out to lead presentations. Provide details on how the events will be promoted and ways parents will be encouraged to attend the presentations.

--

36. The Performance Measures do not track the number of MLJCLC families that attend the presentations. There is the potential to calculate the percentage of MLJCLC families attending the events.

Action Required: Provide outcomes, indicators, and method of measurements that track family attendance throughout the year in the 'Service Change Chart' for Service 4.

--

Service 5

37. 'Congregate Meals' needs to be added as Service 5 if it is a part of the Healthy Habits program.

Action Required: Provide clarification on the funding source covering nutritious meals. This service needs to be listed regardless of the funding source. Also, include information on USDA reimbursements.

--

38. The unit measure, unit rate, total number of units of service to be provided, and total number of unduplicated individuals receiving the service needs to be provided in the 'Service Change Chart' for Service 5.

Action Required: Provide the outputs for Service 5 in the 'Service Change Chart'. The current unit rate for the Boone County Community Health Fund is \$0.21 per meal.

--

39. The funding request amount and number of units to be funded through the Children's Services Fund needs to be provided. Other funding sources paying for meals needs to be provided.

Action Required: Provide clarification on the funding request amount for the Boone County Children's Services Fund. Provide information on any other funders contributing towards purchasing nutritious meals. Provide the funding request amount and number of units to be purchased by the Boone County Children's Services Fund in the 'Service Change Chart' for Service 5.

--

40. Performance measures need to be provided for Congregate Meals that follow the logic model.

Action Required: Provide performance measures that follow the logic model in the 'Service Change Chart' for Service 5.

--

41. The performance measures provided for Congregate Meals need to be attributable to the Program Goal, account for any external factors that may affect the proposed outcomes, have a rationale for the measurement level proposed for the indicator(s), and have a rationale for the method of measurement.

Action Required: Describe how each outcome is attributable to the Program Goal, describe any external factors that may affect the proposed outcome(s), provide a rationale for the measurement level(s) for each indicator, and provide a rationale for each method of measurement for Service 5.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

42. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information

Organization **Provide your organization's mission statement. (600 character limit)**
Mission MLJCLC is committed to providing high quality safe, affordable care, and educational programs based on the needs of the
Statement community for children from six weeks to six years of age and their families.
(Purpose):

Organization **Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)**
History: MLJCLC has provided high quality care and education programs to Columbia for 81 years. Ripley Children's Center was the original facility. The Hinkson Children's Center acquired in 1968, with the Hinkson Infant Toddler Center in 1987. In 2001 the original building was sold and a new one built on the Hinkson campus. Our three building campus currently houses 88 children for six weeks to six years of age. Care is offered on a sliding fee based on income. Currently 85% of enrolled children are receiving tuition assistance. 78% of our families qualify for free or reduced lunches.

Brief Statement **Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)**
of Organization's Our goal is that all children who attend MLJCLC receive high quality care and educational opportunities to enter kindergarten ready to
Major Goals: succeed. Children who enter kindergarten ready for learning increase the probability of success throughout their educational experience with higher graduation and higher education pursuits. The success of kindergarten readiness in future community economic effect is as great as any child's potential.

Articles of **Articles of Incorporation (MUST BE IN PDF FORMAT)**
Incorporation: /document/download/filename/1488487167_30405_Articles.pdf/

Provide a copy of the organization's Articles of Incorporation.

Bylaws: **Bylaws (MUST BE IN PDF FORMAT)**
Provide a copy of the organization's Bylaws. /document/download/filename/1471982941_34051_MLJCLCBy-Laws-2009Revisions5.pdf/

Organizational **Organizational Chart (MUST BE IN PDF FORMAT)**
Chart /document/download/filename/1488487267_30406_Organizationalchart03.02.2017.pdf/
(must be for the entire organization):

Strategic Plan (MUST BE IN PDF FORMAT)

Strategic
Plan:

Service Area: Briefly describe the geographic area in which your organization provides services. (600 character limit)
Care is offered in central Columbia with the majority of current clientele living within Columbia and a small percentage who work in Columbia and reside throughout Boone County.

Population Served: Briefly describe the population(s) served by your organization. (600 character limit)
We serve families who have children. Children are a part of a family unit and not served alone. Connection is extended to the family and their unique dynamic that encompasses the whole child. Care is provided to children from 6 weeks of age through six years and their families.

Conflict of Interest Policy: Does your organization have a written Conflict of Interest policy?
yes

Whistleblower Policy: Does your organization have a written Whistleblower policy?
yes

Business Continuity Plan: Does your organization have a written Business Continuity plan?
yes

Records Retention Policy: Does your organization have a written Records Retention policy?
yes

If yes, does the Records retention policy include a Records Retention Schedule?
yes

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The overall goal of this program is to address poverty through prevention programs that promote healthy habits and lifestyles among children and families. In addition, to promote the health and wellness of our care providers and staff and provide enhanced professional development. This includes nutritional health, physical health, mental and emotional health. 24.8% of children ages 0-5 residing in the city of Columbia live in poverty. 16.6% of children ages 0-5 live in poverty in the county of Boone according to the 2015 Boone County Indicators statistics. As shown in the Health/Poverty/Action, we know that poverty and poor health are inextricably linked. The causes of poor health for people can be rooted in political, social and economic injustices. Poverty is both a cause and a consequence of poor health. Neuroscience is producing extensive evidence suggesting that the later we wait to support families with children who are at greatest risk, the more difficult (and likely more costly) it will be to achieve positive outcomes, particularly for those who experience the biological disruptions of toxic stress during the earliest years according to Harvard Neuroscience studies. Early intervention and prevention is key. Strengthening families and including them in the process is essential.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

As mentioned, 24.8% of children ages 0-5 are living in poverty in the City of Columbia. 14.3% of families with children of all ages live in poverty. Mary Lee Johnston Community Learning Center (MLJCLC) serves 88 children daily. 78.6% of these children qualify for free and reduced lunches. Lack of living wage jobs, unaffordable quality child care, and lack of affordable educational opportunities are a few of the reasons people cannot climb up and out of poverty. 6.5% of households in Boone County are single parent households. 51.9% of MLJCLC families are single parent households. According to the State of Obesity, 32.4% of all adults in Missouri are obese. Missouri ranks 10th out of all states. In addition, the obesity rate of 2 to 4 year olds in Missouri is 13%. Many of the children we serve at MLJCLC have high risk factors. Some of these include social isolation, family disorganization, negative interactions, poor parent-child interactions, and poverty related stress. By working towards healthier families and children, our community will

reap the benefits. MLJCLC works towards addressing the risk factors and issues of poverty with our families by providing quality care and developing healthy, positive relationships.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

To address poverty by providing high quality, affordable care for children, promoting healthy habits, providing nutritious and fresh meals, physical activity, and parental support through case management services, referrals and a parent group.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

The Healthy Habits program at MLJCLC currently provides healthy and nutritious meals that include fresh fruit and vegetable options for each child. MLJCLC will continue the MO Eat Smart Program and the MO Move Smart Program. We will add a Healthy Habits Coordinator to oversee the program, plan menus and be able to procure the freshest produce available in our community. This coordinator will oversee all aspects of this program. The program will provide oversight of each child's specific nutritional requirements and dietary needs. This will include meeting with families one on one to screen and develop a health plan. This position will oversee all documentation for this program and be responsible for menu planning and procurement of locally grown fresh foods and vegetables. Our program will continue to provide parent education and we will focus on health and wellness of the entire family. Our programs for families will also be open to parents from other not for profit early learning centers in the area because most parents experience the same issues regarding health, wellness and mediating stress in their lives. We will also continue to participate in the Farm to Preschool Program through USDA. Our program curriculum will be infused with options for physical activity such as yoga to promote physical activity and relieve stress. We will have bi-annual parent-inclusion events to encourage healthy habits and physical activity.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Mary Lee Johnston Community Learning Center serves 88 children ages 6 weeks through 6 years of age. 38% of our families are Caucasian, 26% African American, 9% Hispanic, 6% Asian, and 21% multiple races. 45.4% of our total enrollment are female and 54.5% are male. 83.4% of our families are at or below 200% of the poverty level. 51.9% of our families are single parent households.

b. Why will these particular consumers be served? (1500 character limit)

The children attend our early learning center and their families will be served. Again, most of our families are low income and they face severe stressors on a daily basis. We want them to be healthy and well so they can obtain the skills they need and manage their lives in a positive manner.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Families who are dealing with issues and stressors related to poverty or near poverty can be challenging to serve. They have many issues they are dealing with and have a fairly high needs level and very little resources. Trust is particularly important in serving families and some families are more private than others.

d. Total number of unduplicated individuals to be served by the proposed program:

278

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

531.76

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

MLJCLC has three locations: 1505, 1509 and 1511 Hinkson Avenue. We operate Monday through Friday 7:00 am through 5:30 p.m.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

MLJCLC serves children ages 6 weeks through 6 years of age. There is a fee for tuition and families pay on a sliding fee based on their income.

c. Will program consumers be charged a fee for the proposed program service(s)?

Yes

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

Our early learning center charges tuition based on a sliding scale fee. Families pay tuition based on their monthly income. We want care to be affordable for families so that each family can access the quality care each child deserves.

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Yes

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Parents must contribute to their child's tuition, but we must make it affordable for them so they are able to remain employed and improving their situations.

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

/document/download/filename/1499962693_40756_TuitionScale%282%29.docx/

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

We are licensed by the State of Missouri Department of Health and Senior Services for a total of 88 children. We must maintain licensing standards. We must meet Eat Smart certification requirements annually and we must maintain Food handlers certification for all staff members.

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

MO Accreditation provides quality standards for programs serving children from birth to school-age within the state of Missouri. Programs that achieve accreditation become a member of an elite and unique group because they have achieved a high standard of quality.

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

November 9, 2016 through November 9, 2018

If Yes - Provide a description of the accreditation process: (600 character limit)

Our program must meet standards that go above and beyond licensing requirements. Our teachers must meet specific educational requirements. We assess the development of our children and follow a specific curriculum in our classrooms. These standards must be maintained throughout the period of accreditation and is reviewed annually but recertified every two years.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

No (move on to d.)

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

If Yes - Will these best practices and/or standards be utilized in the proposed program?

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

Developing lifestyle habits of healthy food selection and movement has far reaching influence to the well being of the individual. Habits are formed early in life and providing children with exposure to healthy choices increases the probability they will elect to follow healthy choices. As with many other life style habits, the early years play an important role in helping set the foundation for how a person approaches nutrition and physical activity. Unfortunately the unhealthy routines that too many young children have when it comes to eating and exercise can jeopardize later school success and their long-term overall health.(childtrends.org., 2011) Neuroscience is also producing extensive evidence suggesting that the later we wait to support families with children who are at greatest risk, the more difficult (and likely more costly) it will be to achieve positive outcomes, particularly for those who experience the biological disruptions of toxic stress during the earliest years. (Harvard.edu 2016)

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

It is not always easy to get children to eat healthy foods. Despite the challenges, we all persist. Why is nutrition so important for young children? Providing children with nutritious foods is important to support their health, growth and development, while poor nutrition contributes to unhealthy weights in both children and adults. Because children's dietary habits are largely formed before the age of five, it is so important to support the development of healthy eating habits early. Clearly, early childhood is the ideal time to inspire healthy eating habits. Most children are physically active while at our center. Teaching them purposeful physical activity to stay healthy and relieve stressors is more important. Finally, our best way of taking care of young people brought into our care is to teach them that by learning to take care of themselves, they will learn to also love themselves, enjoy their capacity to productively participate in the world, and begin to trust decisions they make as they grow older. Poverty can bring many stressors to infants, toddlers and preschoolers. While they are with us, we need to engage them in daily teaching moments. Even the small decisions adults take for granted are important life skill opportunities. When we do this we will increase the number of "tools in their survival kit" to take care of themselves in the real world

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

Our program includes having our own garden in which we plant fruits and vegetables, nurture them, watch them grow, harvest them and eat them in our classrooms. We want our children to experience nutrition.

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

The programs will be reviewed every 6 months to evaluate progress and what we can improve. This will be completed by utilizing Pre-program evaluations and mid-program evaluations.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Pre and post evaluations for participants, healthy screening tools for families. Create measurement tool to develop a baseline of existing stress indicators and issues and continue to evaluate participants regularly.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

MLJCLC currently collaborates with USDA by participating in the Farm to Preschool program. We collaborate with the Center for Urban Agriculture in regard to fresh foods and outdoor classrooms for our center. We also collaborate with the SOAR program through the University of Missouri utilizing Positive Behavioral Support at our center. As a community partner site with Central Missouri Community Action Early Head Start we partner to serve sixteen of our infant and toddler slots to families who have dual enrollment in MLJCLC and Early Head Start. These are among our families that benefit most from our nutrition and movement program challenged with financial stress. Through this program we will be collaborating with a variety of agencies in our community as resources for our families.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF

format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)
P1	MQ1	FTE1	SR1 FROM	SR1 TO
Healthy Habits Coordinator	B.S.	1.00	\$37,450.00	\$0.00
P2	MQ2	FTE2	SR2 FROM	SR2 TO

		0.00	\$0.00	\$0.00
P7	MQ7	FTE7	SR7 FROM	SR7 TO
		0.00	\$0.00	\$0.00

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The Healthy Habits Coordinator will manage the programs and do all of the menu planning and food procurement for the center. They will oversee all nutritional health and physical health aspects of the program. This position will require a B.S. in Early Childhood Education, Nutrition or a related area. The Executive Director will oversee all aspects of implementation and evaluation. The Program Manager will facilitate and coordinate activities in cooperation with the Healthy Habits Coordinator.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field **MUST** be completed. Provide information on how other funders will help support the proposed program.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

HEALTH EDUCATION

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Provides information to maintain or improve physical and mental health and overall wellbeing.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

This service will provide children ages 6 weeks through 6 years of age opportunities to be informed, educated and experience Healthy Habits. The service will include age appropriate nutritional education using the Eat Smart guidelines, providing nutritionally balanced menu plans and incorporating whole grains, fresh fruits or vegetables into each meal. Children will be provided a diverse array of foods incorporated into their meals. We will collaborate with the Columbia Center for Urban Agriculture for an outdoor classroom and continue to expand our own center garden. Infant classrooms will focus on the importance of breast feeding, introduction of foods, fine and gross motor activities, developmental stages and infant massage. Toddlers will be able to experience a variety of fresh and whole foods, incorporate nutrition education through song and dance, and develop healthy habits. Preschool classrooms will participate in outdoor classroom activities, research based nutrition curriculum (Eat Smart), gross motor play, enrichment activities such as yoga, soccer, dance to give options for physical activity these children may never have otherwise and to provide outlets and supports for mental health.

Record Lock

0

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

b. Unit Rate (#1)

\$59.74

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc).(#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

The overall service is consistent with nutritional expertise incorporating early childhood education and providing age appropriate services. The service will concentrate on the use of food, nutrition, a variety of physical activity and positive mental health practices.

d. Total Number of Units of Service to be Provided (#1)

1040

e. Total Number of Unduplicated Individuals (#1)

128

f. Average Number of Units of Service per Unduplicated Individual (#1)

8.13

g. Average Cost of Service per Individual (#1)

485.39

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

It would be detrimental and prohibitive to charge a fee to low income families for this service. We want these children to be able to develop healthy habits and have a chance to carry these habits throughout their lives.

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

No (if no, move on to the Funding Request section.)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
	1a1.	1a2.	1a3.
a. Boone County - Children's Services Funding (#1)	\$0.00	0	\$0.00
	1b1.	1b2.	1b3.
b. Boone County - Community Health Funding (#1)	\$0.00	0	\$0.00
	1c1.	1c2.	1c3.
c. City of Columbia - Social Services Funding (#1)	\$0.00	0	\$0.00
	1d1.	1d2.	1d3.
d. City of Columbia - CDBG/Home/CHDO Funding (#1)	\$0.00	0	\$0.00
	1e1.	1e2.	1d4.
e. Heart of Missouri United Way Funding (#1)	\$0.00	0	\$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$62,132.50

b. Proposed Number of Units of Service (#1)

1040.05

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

Developing good nutritional habits at an early age is the best way to ensure healthy habits for a child. Having a program specifically focused on the importance of all aspects of health is the best way to reach at risk children. Starting early with breastfeeding children and moving up to preschoolers ready to start kindergarten is the age to instill these healthy behaviors. Healthy habits can prevent a multitude of chronic health conditions and obesity.

Service #1- Performance Measures

Outcome (1-1)

Children will receive nutrition education, experience nutrition education by participating in outdoor classrooms.

Indicator (1-1)

75% of children will increase their knowledge of healthy choices and

Method of Measurement (1-1)

Pre and post assessments will be provided for each age group.

Additional Outcome (1-2)

Only whole grain breads and pastas, locally procured fresh, frozen or no sugar added fruits and vegetables are served.

Additional Outcome (1-3)

Children will receive nutritional education utilizing the Eat Smart program guidelines.

Additional Outcome (1-4)

Children will enhance their gross and fine motor skills through physical activity options.

Additional Outcome (1-5)

options.

Additional Indicator (1-2)

70% of children broaden their "like" of nutritious foods.

Additional Indicator (1-3)

75% of children will enhance their knowledge of healthy eating choices.

Additional Indicator (1-4)

75% of all children will meet appropriate development milestones.

Additional Indicator (1-5)**Additional Method (1-2)**

Children's evaluations track their "likes" every six months to measure broadening choices.

Additional Method (1-3)

Evaluations will track knowledge every six months..

Additional Method (1-4)

Ages and Stages Questionnaire annually.

Additional Method (1-5)**Service #1 - Performance Measures Narrative****a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)**

The need for quality nutritional meals is satisfied as the child are daily exposed to food choices that are healthy. By experiencing a variety of foods and learning about healthy choices they will be able to make better choices and develop lifelong healthy habits. Children will gain more knowledge about growing food, harvesting that food and eating that food.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Children's daily attendance and continued enrollment impact the ability for them to obtain the quality meals served and the nutritional education. Individual taste does deter children when first exposed to new flavors and healthier ingredients, however, exposure increases tasting, consuming, and requesting the healthier meals.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Based on 1 hour services we anticipate 20 hours of service per week per classroom. Each classroom has between a minimum of 8 children up to 20 children. More time may be spent with larger groups dependent on attendance and/or activities planned.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The use of evaluations to document changes in knowledge and preferences is widely used throughout MLJCLC. The Ages & Stages Questionnaire pinpoints developmental progress in children between the ages of one month to 5 ½ years. Its success lies in its parent-centric approach and inherent ease-of-use—a combination that has made it the most widely used developmental screener across the globe. Evidence shows that the earlier development is assessed—the greater the chance a child has to reach his or her potential.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

4.21 PHYSICAL ACTIVITY

b. Service #2 - Taxonomy Definition of Service (300 character limit)

Provides opportunities and/or instruction for physical activities.

c. Provide a detailed description of the proposed service (#2). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

This service will provide education about movement and physical activity. It will also include opportunities for physical movement for each of our children in the center whether that be yoga, soccer, basketball or infant massage. Not only is this beneficial to develop lifelong habits in children ages 0-5, exercise also has some direct stress-busting benefits. Physical activity helps bump up the production of your brain's feel-good neurotransmitters, called endorphins. It's meditation in motion. It can help connect children to their bodies instead of focusing on their daily worries. As they begin to regularly shed their daily tensions through movement and physical activity, they can find energy and optimism and it can help them remain calm and clear in everything they do. It will help to improves their mood. Regular exercise can increase self-confidence, it can relax children, and it can lower the symptoms associated with mild depression and anxiety. Exercise can also improve sleep, which is often disrupted by stress, depression and anxiety.

Service #2 - Outputs**a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#2)****b. Unit Rate (#2)**

\$50.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#2)

c. Is the proposed Unit Rate (#2) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#2) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit, if an acceptable justification is provided. Provide a justification for the proposed rate. (#2) (600 character limit)

Specialists in the field of specific exercise, certifications request an appropriate fee for their enrichment activities.

d. Total Number of Units of Service to be Provided (#2)

416

e. Total Number of Unduplicated Individuals (#2)

128

f. Average Number of Units of Service per Unduplicated Individual (#2)

3.25

Service #2 - Service Fee

a. Will the proposed service (#2) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the proposed service (#2) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#2) ? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the service (#2). (600 character limit)

It would be detrimental and prohibitive to charge a fee to low income families for this service. We want these children to be able to develop healthy habits and have a chance to carry these habits throughout their lives.

b. Is this proposed service billable to a third-party payor(s)? (#2) (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s) (#2). (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#2) (600 character limit)

If No - Explain why the proposed services not billable to a third-party payor. (#2) (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#2) (e.g. catastrophic coverage, high deductible, etc.)? (600 character limit)

Service #2 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#2)

No (if no, move on to the Funding Request section)

Service #2 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#2)

\$20,800.00

b. Proposed Number of Units of Service (#2)

416

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#2) (600 character limit)

Physical activity needs to be a lifelong healthy habit. Not only does it improve your overall physical health but it helps to relieve stress in an otherwise stressful world for children living in or near poverty. It is a priority for our children to be able to live healthy and productive lives and be of the best character they can be and this is part of this process.

Service #2 - Performance Measures

Outcome (2-1)

Children will participate in weekly physical activity.

Indicator (2-1)

75% of children will enjoy incorporating physical activity into their day.

Method of Measurement (2-1)

After a baseline is established an evaluation will be done bi-annually.

Additional Outcome (2-2)

Through physical activity, children will be able to develop their motor skills.

Additional Indicator (2-2)

80% of children at the center will be proficient and developmentally on target in large motor skills.

Additional Method (2-2)

The Ages and Stages Questionnaire will be administered annually.

Additional Outcome (2-3)

Additional Indicator (2-3)

Additional Method (2-3)

Additional Outcome (2-4)

Additional Indicator (2-4)

Additional Method (2-4)

Additional Outcome (2-5)

Additional Indicator (2-5)

Additional Method (2-5)

Service #2 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (2) (600 character limit)

Healthy Habits include developing lifelong physical movement habits to ensure a healthy body and assist with the relief of stress. Children that learn about relieving stress early and developing coping mechanisms are more likely to be able to face toxic stress later in life. Even infants react to familial stress and they need to have some relief. A newborn's brain is about 1/4 of the size of an adult brain, but by age 3 the brain has grown to 80% of adult size, and by age 5, a child's brain has reached 90% of brain development occurs by age 5. This development is activity-dependent.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (2) (600 character limit)

Attendance may prohibit the physical experience. Uncooperative weather may be a factor at times.

c. Provide a rationale for the measurement level(s) for each indicator. (2) (600 character limit)

Generally physical activity can be measured by the amount of time put into each activity. This allows for over 800 sessions of activity overall.

d. Provide a rationale for each method of measurement (2). (600 character limit)

The use of evaluations to document changes in knowledge and preferences is widely used throughout MLJCLC. The Ages and Stages Questionnaire is routinely used to determine if a child is developmentally, emotionally and physically where they need to be for their age.

Service #3 - Name, Definition and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#3)

Service #3 - Taxonomy of Service Name (150 character limit)

CASE MANAGEMENT

Service #3 - Taxonomy Definition of Service (300 character limit)

A collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet

c. Provide a detailed description of the proposed service (#3). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

This will include individual assessment of each child's specific nutritional needs, meal planning for each child's specific nutritional needs, and individual meetings with families regarding whole health and resources, assist with navigating the medical system and helping to address any barriers families may have. Initially it will take time to assess each child individually but as the service takes off, the Coordinator will meet individually with families at enrollment to address any specific health issues and provide an overview of the Healthy Habits program.

Service #3 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#3)

b. Unit Rate (#3)

\$76.13

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#3)

c. Is the proposed Unit Rate (#3) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#3) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#3) (600 character limit)

Case management services include a variety of activities and challenges. Someone in this position will have to be resourceful and be able to address a variety of situations. Many of our children have unique nutritional needs and many have specific food allergies. These allergies are life threatening and need to be monitored carefully. At times, parents may not understand the magnitude of food allergies or know how to address them on every level. This service will assist them with those situations, address questions, address developmental issues or concerns and provide information.

d. Total Number of Units of Service to be Provided (#3)

192

e. Total Number of Unduplicated Individuals (#3)

128

f. Average Number of Units of Service per Unduplicated Individual (#3)

1.5

Service #3 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#3)

\$52,800.00

b. Proposed Number of Units of Service (#3)

693.55

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#3) (600 character limit)

Many of our families are working day in and day out just to make ends meet. They do not make time to find solutions to issues or have time to locate resources on their own whether that be for their own sake or for their children. They leave their children with us up to ten hours per day each day. They develop a sense of trust. If we can assist them with resources to help relieve stress in their lives or address debilitating issues head on they will be able to continue to improve their quality of life and climb the socio-economic ladder in their community.

Service #3 - Performance Measures

Outcome (3-1)	Indicator (3-1)	Method of Measurement (3-1)
We will provide referrals and resources to families based on what they identify as their need.	We will successfully assist 75% of participating families with a resource or referral.	We will provide evaluations to each family participant and document all referrals made. A tool will be developed to indicate stress levels of families. It will be a pre and post evaluation tool.
Additional Outcome (3-2)	Additional Indicator (3-2)	Additional Method (3-2)
Additional Outcome (3-3)	Additional Indicator (3-3)	Additional Method (3-3)
Additional Outcome (3-4)	Additional Indicator (3-4)	Additional Method (3-4)
Additional Outcome (3-5)	Additional Indicator (3-5)	Additional Method (3-5)

Service #3 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#3). (600 character limit)

Low income families experience stressors on a daily basis. Whether it is making a decision to purchase food or diapers, pay the electricity bill or child care or just hoping they do not lose their job because their child is ill and they have no support to help them in a time of crisis. Whatever it is it can be considered toxic stress. Specific nutritional needs, developmental issues can just add to that stress. We want to partner with them in regard to their child's health.

b. Describe and document any external factors or variables which may affect the proposed outcome(s) (#3). (600 character limit)

Some families may want you to solve all of their problems but it takes effort on the behalf of everyone so they will need to be committed. Some parents lack follow through so that may be an inhibitor.

c. Provide a rationale for the measurement level(s) for each indicator (#3). (600 character limit)

We determined to measure by the hour whether that be family interaction or research, developing resources, educating others about resources, making referrals. Some families may require a great deal of time and others may not.

d. Provide a rationale for each method of measurement (#3). (600 character limit)

Determining where a family is and developing a baseline is necessary so you know where they are when you start to provide services. Evaluating post services will give you a better idea of whether or not you were able to provide what they needed at that time.

Service #4 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#4)

a. Service #4 - Taxonomy of Service Name (150 character limit)

HEALTH EDUCATION

b. Service #4 - Taxonomy Definition of Service (300 character limit)

Provides information to maintain or improve physical and mental health and overall wellbeing.

c. Provide a detailed description of the proposed service (#4). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

This service will provide a variety of health education for parents and others in the community. We will provide 6 sessions of health related presentations at our center. We will focus on physical health, nutrition, and mental health. These presentations will be offered by experts in their field and provide practical information that target at risk families. Child care will be provided for parents of the center to promote attendance. We will also provide a meal for those in attendance. Our parent advisory committee, a parent led leadership group will participate in the planning of presentations dependent on

Service #4 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#4)

b. Unit Rate (#4)

\$2,016.25

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#4)

c. Is the proposed Unit Rate (#4) tied to an established public funding rate?

No

If Yes - Indicate the publicly available rate and describe the source. (#4) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#4) (600 character limit)

The unit is based on 6 sessions. In order to provide a presentation by an expert in the field, research and connections needs to be made. It takes time to research, make connections, confirm a presenter, pay the presenter, advertise and recruit for the event. We are hoping to serve more than 150 unduplicated individuals but want to be cautious with our numbers. A nutritious meal and/or snack will be provided at each event along with child care services for our parents at the center.

d. Total Number of Units of Service to be Provided (#4)

6

e. Total Number of Unduplicated Individuals (#4)

150

f. Average Number of Units of Service per Unduplicated Individual (#4)

Service #4 - Service Fee

a. Will the proposed service (#4) consumers be charged a fee?

No

If Yes - Provide a description of and a rationale for the service fee (#4). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#4)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#4). (600 character limit)

We do not want to charge for this information because we are targeting at risk families so they can receive information about how to live a healthier life.

b. Is this proposed service (#4) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#4) (600 character limit)

If No - Explain why the proposed service (#4) is not billable to a third-party payor. (600 character limit)

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (#4) (e.g. catastrophic coverage, high deductible, etc.) (600 character limit)

NOTICE OF REQUEST FOR PROPOSAL

Boone County is accepting Request for Proposals for the following:

BID #: 30-20JUL17 – Purchase of Service Contracts for Boone County Community Children's Services

A pre-proposal conference has been scheduled for **Wednesday, June 21, 2017, at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri.

Proposals will be accepted until **5:00 p.m. Central Time on Wednesday, July 19, 2017** via the web-based funding management system.

The Request for Proposal is scheduled to be **opened shortly after 1:30 p.m. Central Time on Thursday, July 20, 2017** in the Boone County Commission Chambers, 801 E. Walnut St., Columbia, Missouri.

Request for Proposals are available in the Purchasing Office and requests for copies may be made by phone (573) 886-4391; fax (573) 886-4390 or e-mail: mbobbitt@boonecountymo.org. A copy may also be downloaded from our web page at www.showmeboone.com. Select Purchasing / Current Bids / 30-20JUL17.

Vendors may view Bids, Bid Tabulations, and Bid Awards on the Boone County Web Page at <http://www.showmeboone.com>.

Melinda Bobbitt, CPPO, CPPB

Director, Boone County Purchasing

Insertion: Wednesday, June 7, 2017

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

4.3.1. Negotiations may be conducted in person, in writing, or by telephone.

4.3.2. Negotiations will only be conducted with potentially acceptable proposals.

4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.

4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.

4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

ATTACHMENT A

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

AUTHORIZED REPRESENTATIVE

AGREEMENT FOR PURCHASE OF SERVICES
Purchase of Service Contract
Therapeutic Mentoring and Family Support

THIS AGREEMENT dated the 20th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Presbyterian Children's Homes and Services** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **PCHAS**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, PCHAS has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY PCHAS

PCHAS is expected to the greatest extent possible to maximize funding from all other sources. PCHAS shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. PCHAS shall only request reimbursement for services not reimbursable by any other source. PCHAS shall not invoice the Children's Services Fund for units of service invoiced to another funding source. PCHAS shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** PCHAS will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and PCHAS's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over PCHAS's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from PCHAS and PCHAS agrees to furnish the **Therapeutic Mentoring and Family Support** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in PCHAS's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$25,000.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. PCHAS agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of PCHAS be renewed for an **additional one (1), one-year period**. PCHAS agrees and understands that the BCCSB may require supplemental information to be submitted by PCHAS prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
Therapeutic Mentoring	One hour	\$25.00	1,000	\$25,000.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of PCHAS, the BCCSB agrees to pay interest at a

rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by PCHAS to monitor service delivery and program expenditures. PCHAS agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by PCHAS and, if so stipulated, are noted on this contract document. Payments may be withheld from PCHAS if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. PCHAS agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** PCHAS also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of PCHAS's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from PCHAS, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** PCHAS agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect PCHAS's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, PCHAS hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event PCHAS requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from PCHAS may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with PCHAS's policies and procedures and in accordance with any local/state/federal regulations. PCHAS agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. PCHAS must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** PCHAS will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** PCHAS agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to PCHAS's provision of such services.

14. **Accreditation/Licensure/Certifications.** PCHAS must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** PCHAS agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and PCHAS, and this shall include any transaction in which PCHAS is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** PCHAS may enter into subcontracts for components of the contracted service as PCHAS deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, PCHAS shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** PCHAS agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. PCHAS shall require each subcontractor to affirmatively state in its Agreement with the PCHAS that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide PCHAS a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** PCHAS agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against PCHAS or any individual acting on the PCHAS's behalf, including subcontractors, which seek to enjoin or prohibit PCHAS from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If PCHAS ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if PCHAS no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, PCHAS will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event PCHAS, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to PCHAS as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should PCHAS fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, PCHAS shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the PCHAS for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. **Indemnification.** To the extent permitted under Missouri law, PCHAS agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Presbyterian Children's Homes and Services** (meaning anyone, including but not limited to consultants having a contract with PCHAS or subcontractor for part of the services), or anyone directly or indirectly employed by PCHAS, or of anyone for whose acts PCHAS may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. **Publicity by the Organization.** PCHAS shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. PCHAS will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. PCHAS will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. PCHAS agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. **Independence.** This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and PCHAS. The BCCSB does not recognize any of the PCHAS's employees, agents, or volunteers as those of the BCCSB.

25. **Binding Effect.** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. **Entire Agreement.** This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. **Record Retention Clause.** PCHAS shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Presbyterian Children's Homes and Services
Name of Program	Therapeutic Mentoring

Organization Profile	
-----------------------------	--

1. The address for the 'Organization Contact Information' and 'Local Organization Contract Information' lists the same address for Columbia. The 'Organization Contact Information' section should be for the main address of the organization. The website lists St. Louis as the Missouri office location.

Action Required: Update the 'Organization Contact Information' section with the address for the main Missouri office.

Presbyterian Children's Homes and Services of Missouri
1220 North Lindbergh Blvd, St. Louis, MO 63132

2. Four board members do not have term limits according to the Governing Board section. These board members include: Bill Comiskey, Kenneth Johnson, Charles Ed Knight, and LaRaine Raymond DuPuy.

Action Required: Provide clarification on why these four members do not have term limits.

In 2012, PCHAS of MO entered into an affiliate agreement with PCHAS of Texas and Louisiana. As part of the agreement, PCHAS of Texas/Louisiana appointed three board members from their board to serve on the PCHAS of MO Board without term limits. Ed Knight, being the president of PCHAS Texas, was appointed as President of the PCHAS of MO Board, without term limits. For this reason, these four board members do not have term limits.

Proposal Cover Sheet	
-----------------------------	--

3. The third form for required signatures for the addendums is missing on the uploaded document.
Action Required: Update a copy of the signed addendums with all three signature pages.

All three addendums have been signed and attached.

Program Overview Form

4. The statement describing the community-level issues for field a., does not provide citations for the information being referenced.

Action Required: Provide citations for the information referenced for field a., including BID.

The statement describing the community-level issues was not cited from a specific source. It was based on PCHAS' Therapeutic Mentoring program outcomes over the last fifteen years. These community level issues and outcomes are consistent with needs identified in the Boone Indicator Dashboard.

<http://BooneIndicators.org/IndicatorView.aspx?id=832>

5. The statement of the issue being addressed does not specifically tie the data into the population that will be served through this program.

Action Required: Provide sufficient information on how the population being described in the data relates to the proposed program.

The data listed in the statement is only a sample of the population that will be served through the Therapeutic Mentoring program. However, all of these factors negatively affect the children's chances of being successful. The children served through this program are typically from single-parent households, live in high-poverty neighbors, and quite often experience domestic violence and/or child abuse/neglect. Therapeutic Mentoring helps build resilience in children; and the youth taught coping and life skills that empower them the handle distressing and disturbing experiences in very constructive ways.

6. The Consumer Demographics Ethnicity section is not filled out.

Action Required: Provide numbers for the Consumer Demographics Ethnicity section in the table below.

Ethnicity	
Hispanic or Latino (of any race)	2
Not Hispanic or Latino	28
Ethnicity Total:	30

7. The narrative for Program Quality under field d. states, "130% [young adults] more likely to hold leadership positions". This percentage and statement is unclear.

Action Required: Provide clarification on how the percentage is over 100%.

This is a direct quote from the National Mentoring Partnership website, <http://www.mentoring.org/why-mentoring/mentoring-impact/>. According to their Program Manager, Jennifer Bourgin, this statistic comes from *The Mentoring Effect*, a report informed by the first-ever nationally representative survey of young people on the topic of both informal and formal mentoring. The full report may be accessed at http://www.mentoring.org/newsite/wpcontent/uploads/2015/09/The_Mentoring_Effect_Full_Report.pdf. The statistics they referenced were found on page three.

This statistic is comparing at-risk youth who have mentors to at-risk youth who do not have mentors. Children who are at-risk for child abuse/neglect, poor academic performance, criminal activity, drug/ alcohol abuse, and other negative factors are severely less likely to succeed in many life domains. Since all of these youth are at-risk, their chances of success are greatly impaired, and therefore they would start from a negative position. For example, due to the disturbances and other negative factors affecting a child of a drug-addicted parent, that child might be 30% less likely to finish high school. If the measurement was first completed when the child's services began, at a 30% below par position due to at-risk factors; and measured again at their discharge date, showing them successfully completing high school, this would be a 130% change. Therapeutic Mentoring would have increased the child's chances of completing high school 130% compared to an at-risk youth who did not receive mentoring services.

8. The Collaboration narrative states that MOUs are available upon request. These should have been uploaded in the proposal.

Action Required: Attach MOUs that are available that support this program.

An MOU from FACE is attached.

9. The Program Personnel table only lists Therapeutic Mentors. All organizational staff with different positions that are involved in the program need to be listed. There are only seven lines available for personnel and all are filled as Therapeutic Mentors. The FTE for all the mentors should be added and in the narrative table should explain how many Therapeutic Mentors will fill this position. This would free lines up to list the Executive Director, Supervisors, etc. that are also involved with the program. For example, the narrative states that Therapeutic Mentors receive training and supervision. These employees should be included on the Personnel table and in the program costs.

Action Required: Complete the Program Personnel Information Chart below making sure to include all staff who are associated with this program.

Program Personnel Information Chart				
Position/Title	Minimum Qualifications	FTE	FT Salary Range From:	FT Salary Range To:
Ex. Therapeutic Mentor	High School Diploma (7 part-time x .5 = 3.5 FTEs)	3.5	\$12.50	\$12.50
Therapeutic Mentors	Bachelor's Degree (10 part-time X .5=5 FTEs)	5.0	\$13.00 hourly	\$13.00 hourly
Therapeutic Mentor Taxes and Benefits	12.50%	5.0	\$3,835	\$3,835
Mentor/Trainer Coordinator	Master's Degree (1 Full-time x .25=.25 FTE)	.25	\$40,000x.25=10,000	\$10,000
Mentor/Trainer Coordinator Taxes and Benefits	14.85%	.25	\$1,485.00	\$1,485.00
Mentor Manager Salary, Taxes and Benefits	Master's Degree (1 full-time x .25=.25 FTE)	.10	\$50,000 x .10=\$5,000 In-kind	\$5,000 In-kind
Executive Director Salary, Taxes and Benefits	Master's Degree (1 full-time x .05=.05 FTE)	.05	\$120,500 X .05=\$6,025 In-kind	\$6,025 In-kind

10. The Program Budget does not list any Non-Personnel costs for the program.

Action Required: Provide clarification on the non-personnel costs.

General Administration Costs at calculated at eight (8) percent. (\$50,000x.08=\$4000)
General Administration costs are \$4,000.00.

11. The Year 2 Total Request below the Program Budget is not provided.

Action Required: Provide an amount that will be requested for Year 2 of services.

The Year 2 request is \$75,000 for 3000 units of service at \$25.00 per unit (one hour). Forty (40) unduplicated individuals will be served during FY 2019.

12. The Reference List does not provide citations in APA format for use of the Boone Indicators Dashboard (BID) and Mentor.org. *Action Required:* Provide clarification on where these references were retrieved. **See attached Reference list.**

Program Services Form (1-5)

Service 1

13. The unit measure needs to state, "one hour".

Action Required: Provide the updated unit measure on the attached 'Service Change Chart'. Provide any comments in the field below.

The unit of service is "one hour".

14. According to the Boone County Children's Services Fund invoicing records, the current service has only utilized 243.50 units out of 3,000 units between January and June 2017.

Action Required: Provide an updated number of units of service to be provided that is reflective of current utilization. Provide justification on the adjusted number of units being proposed. Provide the updated number of units to be provided in the attached 'Service Change Chart'. Remember that this must be your best and final offer. Provide any comments in the field below.

PCHAS began its relationship with Boone County in 2016 through a subcontract with Girls Town. In the contract, Girls Town agreed to refer youth to PCHAS for Therapeutic Mentoring services. However, no referrals were made during the entire contract period.

In 2017, Boone County awarded PCHAS a contract to provide Therapeutic Mentoring services. The implementation of this contract required PCHAS to build new relationships with child servicing organizations throughout Boone County in order to receive referrals; and to screen, employ and train qualified mentors. This resulted in low utilization of service units for the first six months of the contract.

During this time, PCHAS has built rapport with other Boone County providers and are receiving referrals on a regular basis. Today, there are ten Therapeutic Mentors, who are serving forty-one youth in Boone County. Over half of the current matches have occurred within the last few months. The following table reflects the utilization of services for the months of August-October 2017:

<u>Past Three Months</u>	<u>Units</u>	<u>Revenue</u>
August	112.25	\$ 2,806
September	182.25	\$ 4,556
October	<u>224.00</u>	<u>\$ 5,600</u>
Total	518.50	\$ 12,962
Annualized	2,074.00	\$ 51,848

As the table shows, there is a constant increase in the utilization of service units each month. PCHAS expects this current trend of increased service to continue throughout the current contract, and to increase steadily throughout the 2018-2019 contract period.

15. Due to the recommendation of lowering the total number of units to be provided, the proposed number of unduplicated individuals to be served for one year of services will need to be updated based on current trends.

Action Required: Update the proposed number of unduplicated individuals to be served for one year of services. Provide justification on the updated number of unduplicated individuals to be served. Provide the adjusted total number of unduplicated individuals to be served in the 'Service Change Chart'. Provide any comments in the field below.

Based on the information above, PCHAS is requesting 2000 units of service at a rate of \$25.00 per one hour for the 2018 contract period, and 3000 units of services for 2019 contract period.

16. Due to the recommendation of lowering the total number of units to be provided, the total amount requested for the Boone County Children's Services Fund needs to be updated.

Action Required: Update the amount requested with the adjusted number of units to be provided. Provide this information in the 'Service Change Chart' as well. Provide any comments in the field below.

17. Service 1 Performance Measures will need to be worked on to correctly follow the logic model. Outcomes state a beneficial change in the people being served and do not include percentages or numbers. The Indicators are specific by which a service's level of success is affecting the desired outcome. Indicators require a percentage in which performance can be measured and propose a goal in which the outcomes can attain. The method of measurement is the tool utilized to gather the information.

- a. Outcome (1-1) and Indicator (1-1) should be switched. The current Indicator (1-1) could then drop the percentage to be a more general outcome statement.
- b. Outcome (1-2) and Indicator (1-2) should be switched. The current Indicator (1-2) could then drop the percentage to be a more general outcome statement.
- c. Outcome (1-3) should drop the percentage to be more general.
- d. Outcome (1-4) and Indicator (1-4) should be switched.
- e. Outcome (1-5) should drop the percentage. Indicator (1-5) needs to add "while enrolled in the program" to clarify the time period of law violations not occurring for clients.

Action Required: Update the performance measures in the 'Service Change Chart'. Provide any comments in the field below.

18. The rationale for the method of measurement to be used does not explain the cSWIS.

Action Required: Provide clarification on cSWIS case notes and the rationale in using this tool as a method of measurement for Outcomes 1-1 and 1-2.

The PCHAS Therapeutic Mentoring program uses the Client Social Welfare Information System (cSWIS), a customized software program to track performance and outcomes of all mentoring clients. cSWIS includes reporting from intake, mentors, QMHP, mentor coordinators, the finance department, management, and administrative staff, and includes a summary of demographic data as well as utilization. Snapshots of time can be analyzed and compared to previous months, as well as individual mentor performance on compliance standards. The system has a reports function that allows for real time audit reports and summary data regarding all outcomes being tracked by the program.

cSWIS is used for Outcomes 1-1 and 1-2, along with academic and Child Abuse Neglect reports. cSWIS allows the Mentors to enter case notes which can help them identify trends or track patterns where the youth's behavior was unfavorable or where they were subjected to abuse. Each case note requires the therapeutic mentors to rate the education and behaviors fields. These fields pull into the outcomes reports. The reports from cSWIS can help them identify significant triggers and events that may have contributed to the behavior. The mentor can strategically implement activities in the care plan, which help the youth cope with difficult situations in a more positive way.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

19. An attachment is provided summarizing the best and final offer for the program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Presbyterian Children's Homes and Services			
Program Name: Therapeutic Mentoring			
Service #1 – Taxonomy of Service Name: Therapeutic Mentoring			
Service #1 – Taxonomy Definition of Service: Social interaction and guidance for individuals with emotional and mental concerns provided by a trained mentor.			
<p>Provide a detailed description of the proposed service:</p> <p>The Therapeutic Mentoring program addresses community-level issues of improving mental health, decreasing risk factors associated with child abuse, neglect and delinquency; improving academic performance; increasing self-esteem; reducing barriers to positive connections for the youth within the community; decreasing social isolation for youth; and promoting pro-social norms and behaviors.</p> <p>The population served will include youth in foster care or at risk for entering foster care between the ages of 5 and 19 years old, of any race, and who were removed from unsafe home situations or are living in high-risk situations in Boone County. Youth in foster care and those more likely to enter into foster care share the risk factors of not having a strong support system and demonstrating a pattern of poor coping skills and dangerous behaviors. High priority will be given to youth referred through the Family Assessment Center for Excellence and youth who are in foster care in Boone County. A high number of youth are expected to reside in the City of Columbia.</p> <p>Upon referral, an assessment is made of the youth's individual needs, and the current functioning of the youth in relationship to family, school, and community to identify the primary goals and guide the matching process. Once consents and permissions are in place the treatment plan is developed in collaboration with the youth and parent. Then Therapeutic Mentoring sessions begin.</p> <p>Activities like trips to the library, local museums, sporting events, local cultural events are strategically implement into the program, in order for the mentor to observe the youth practicing their new skills within the community. Focused teaching/coaching is utilized to further skill development in: problem solving, conflict resolution, communication, healthy relationships, and social behaviors aimed at keeping the child invested in home life, school, and their community. PCHAS' Therapeutic Mentoring utilizes an individualized treatment plan designed to address coping skills, high-risk behaviors and mental health needs. All activities are tailored to the individual youth's needs and goals. All of the activities bring a focus on the youth's strengths and abilities for success. Mentors meet with the youth weekly for 2-3 hours per session over 26-52 weeks a year. The program utilizes community locations for mentoring sessions and may include the youth's school, home or treatment facilities with appropriate permissions and notifications. The service times are set to accommodate the youth, which includes weekdays, weekends and evenings when needed. The youth and family receive referrals to other service providers as needed.</p>			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One hour	\$25.00	2000	30

Funding Request		
Amount Requested to Boone County: \$50,000		Proposed Number of Units of Service: 2000
Performance Measures		
Outcome:	Indicator:	Method of Measurement:
Enrolled students will have improved school attendance.	90% of enrolled clients will have improved academic outcomes by being present at school at least 90% of the school year.	School attendance records and cSWIS case notes will be reviewed compare to baseline attendance (prior to service) with attendance during the enrollment in the program.
Enrolled clients will have a reduction of disciplinary referrals.	90% of enrolled clients will have improved academic outcomes by being ready to learn at school.	School discipline records and cSWIS case notes for incidents that impede the youth's learning while at school.
Enrolled clients will be safe in their homes and not become victims of abuse or neglect.	No substantiated Child Abuse and Neglect reports to the State of Missouri during the enrollment period.	Substantiated reports of abuse or neglect by the parent made on behalf of the youth victim to Children's division will be the measurement.
Enrolled clients will have improved family relationships.	90% of enrolled youth and their parents will report improved communications and increased positive interactions	Pre- and Post- Children's Global Assessment Scale (C-GAS) scores, review of case notes indicating improvements and levels of safety in the home.
Clients will have no law violations while enrolled in the program.	No law violations while in the program.	Arrest/conviction records.

Program Outputs and Funding Request Tables – Best and Final Offer

Action Required: Complete the following tables based on your best and final offer for all services. The information must reflect the changes that were requested.

Organization Name:				
Program Name:				
Program Outputs from all funding sources (including Children's Services Fund):				
Service:	Unit Measure:	Unit Rate:	Total # of Units to be Provided:	Total # of Unduplicated Individuals
Therapeutic Mentoring FY 2018	One hour	25.00	2000	30
Therapeutic Mentoring FY 2019	One hour	25.00	3000	40
Funding Request to Children's Service Fund:				
Service:		Amount Requested to Boone County:		Proposed # of Units of Service:
Therapeutic Mentoring FY 2018		\$50,000		2000
Therapeutic Mentoring FY 2019		\$75,000		3000
Development/Start Up Service Funding				
Total Amount Requested to Boone County:		\$50,000 + \$75,000= \$125,000

Memorandum of Understanding

by and between Presbyterian Children's Homes and Services and the Family Access Center of Excellence

Purpose:

The purpose of this Memorandum of Understanding is to define the roles and responsibilities each organization will assume with respect to Presbyterian Children's Homes and Services (PCHAS) providing therapeutic mentoring services to youth struggling with mental health, family and/or school related issues and who are referred for services by the Family Access Center of Excellence (FACE) as appropriate.

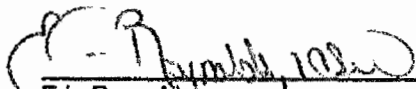

History:

With the recognition of the benefits of community based therapeutic mentoring services to the youth and their families who are connected with FACE, PCHAS seeks to partner with FACE to serve the youth and their families as appropriate that are most at risk for child abuse/neglect, struggling with emotional and behavioral issues. This community based mentoring program plans to serve a significant number of youth and their families each year with approximately 36 consecutive weeks of mentoring per youth/family and up to a full 12 months if needed. The number served and the amount of service provided is contingent upon funding from the Boone County Children's Service Fund and the number of youth/families requiring therapeutic mentoring services.

Responsibilities and Commitments are as Follows:

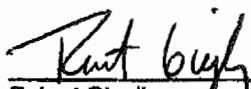

1. FACE will refer youth that are in need of therapeutic mentoring as appropriate. The PCHAS Mentor Coordinator will assign a mentor for each youth referred to provide one-on-one, therapeutic mentoring services. The mentoring services will start after the parent/guardian has signed a consent form, a mentor match has been found and the mentor and youth have their initial meeting. The therapeutic mentoring service will last for anywhere from 36 weeks up to a full 12 months if needed.
2. PCHAS will provide mentor recruitment, Mentor Orientation training, on-going monthly training, and regular supervision to mentors to ensure quality of mentoring services and proper focus of mentoring activities with the youth. This training will include but is not limited to: 1) the National Mentoring Partnership curriculum, "Learn to Mentor Toolkit", 2) Presbyterian Children's Homes and Services policies and procedures for quality mentoring, roles, responsibilities of the mentor, roles and responsibilities of the agencies involved, and 3) professional boundaries when working with children. FACE staff will provide cross-training for the PCHAS mentoring staff. This training will consist of information regarding the programs and procedures of FACE.
3. PCHAS will conduct and pay for mentor background screening that includes but is not limited to: 1) Family Care Registry screen, which examines criminal background history, sex offender registry, and Child Abuse and Neglect records, 2) Driver's license screening, 3) Proof of vehicle insurance, 4) Educational verification, 5) physical/ TB exam, 6) drug screening, 7) character and employment references, and 8) eligibility to hold employment in the U.S. Additionally, all mentors will honor and obey all HIPPA and confidentiality laws, will be trained regarding CAN Mandated Reporter law and follow all PCHAS code of ethics and relevant agency policies.
4. PCHAS will maintain personnel files on each mentor and will make mentor profile information available to FACE if deemed appropriate or necessary.
5. PCHAS staff will collect outcomes information at the conclusion of the mentoring relationship and share information throughout the mentoring project period regarding progress towards mentee goals and/ or any concerns that may arise during the course of the mentoring relationship.
6. In the event that a particular mentor match is found to be unworkable, a PCHAS mentor coordinator will make reasonable efforts to replace the mentor and continue to serve the identified youth/family through the end of the project period.

7. Mentors will meet with the assigned youth/family weekly (up to 3 hours per week) and maintain the therapeutic mentoring relationship with the youth/family for a period of 36 weeks, and up to 12 months. As long as the appropriate confidentiality/release forms have been signed, PCHAS mentors may communicate with FACE staff as needed, share information, obtain relevant information for the therapeutic relationship in support of the goals and outcomes found in the youth's treatment plan.
8. PCHAS and FACE staff will establish and maintain ongoing communication (staff meetings, administrative oversight meetings, etc.) in order to facilitate positive outcomes for the therapeutic mentoring services.
9. This Memorandum of Understanding will remain in effect until December 31, 2018 and may be revised by mutual agreement between the agencies in order to support the goals and outcomes of the program.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.
 - b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.
 - c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – Purchase of Service Contracts was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymmo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?**

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?**

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?**

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?**

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?**

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?**

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's Response Form. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "Program Overview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Mr. Giegling:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Presbyterian Children's Homes and Services
Name of Program	Therapeutic Mentoring

Organization Profile	
-----------------------------	--

1. The address for the 'Organization Contact Information' and 'Local Organization Contract Information' lists the same address for Columbia. The 'Organization Contact Information' section should be for the main address of the organization. The website lists St. Louis as the Missouri office location.

Action Required: Update the 'Organization Contact Information' section with the address for the main Missouri office.

--

2. Four board members do not have term limits according to the Governing Board section. These board members include: Bill Comiskey, Kenneth Johnson, Charles Ed Knight, and LaRaine Raymond DuPuy.

Action Required: Provide clarification on why these four members do not have term limits.

--

Proposal Cover Sheet	
-----------------------------	--

3. The third form for required signatures for the addendums is missing on the uploaded document.
Action Required: Update a copy of the signed addendums with all three signature pages.

--

Program Overview Form	
------------------------------	--

4. The statement describing the community-level issues for field a., does not provide citations for the information being referenced.

Action Required: Provide citations for the information referenced for field a., including BID.

--

5. The statement of the issue being addressed does not specifically tie the data into the population that will be served through this program.

Action Required: Provide sufficient information on how the population being described in the data relates to the proposed program.

--

6. The Consumer Demographics Ethnicity section is not filled out.

Action Required: Provide numbers for the Consumer Demographics Ethnicity section in the table below.

Ethnicity	
Hispanic or Latino (of any race)	
Not Hispanic or Latino	
Ethnicity Total:	

7. The narrative for Program Quality under field d. states, “130% [young adults] more likely to hold leadership positions”. This percentage and statement is unclear.

Action Required: Provide clarification on how the percentage is over 100%.

--

8. The Collaboration narrative states that MOUs are available upon request. These should have been uploaded in the proposal.

Action Required: Attach MOUs that are available that support this program.

--

9. The Program Personnel table only lists Therapeutic Mentors. All organizational staff with different positions that are involved in the program need to be listed. There are only seven lines available for personnel and all are filled as Therapeutic Mentors. The FTE for all the mentors should be added and in the narrative table should explain how many Therapeutic Mentors will fill this position. This would free lines up to list the Executive Director, Supervisors, etc. that are also involved with the program. For example, the narrative states that Therapeutic Mentors receive training and supervision. These employees should be included on the Personnel table and in the program costs.

Action Required: Complete the Program Personnel Information Chart below making sure to include all staff who are associated with this program.

Program Personnel Information Chart				
Position/Title	Minimum Qualifications	FTE	FT Salary Range From:	FT Salary Range To:
<i>Ex. Therapeutic Mentor</i>	<i>High School Diploma (7 part-time x .5 = 3.5 FTEs)</i>	<i>3.5</i>	<i>\$12.50</i>	<i>\$12.50</i>

10. The Program Budget does not list any Non-Personnel costs for the program.

Action Required: Provide clarification on the non-personnel costs.

--

11. The Year 2 Total Request below the Program Budget is not provided.

Action Required: Provide an amount that will be requested for Year 2 of services.

--

12. The Reference List does not provide citations in APA format for use of the Boone Indicators Dashboard (BID) and Mentor.org.

Action Required: Provide clarification on where these references were retrieved.

--

Program Services Form (1-5)	
------------------------------------	--

Service 1

13. The unit measure needs to state, "one hour".

Action Required: Provide the updated unit measure on the attached 'Service Change Chart'.
Provide any comments in the field below.

--

14. According to the Boone County Children's Services Fund invoicing records, the current service has only utilized 243.50 units out of 3,000 units between January and June 2017.

Action Required: Provide an updated number of units of service to be provided that is reflective of current utilization. Provide justification on the adjusted number of units being proposed.
Provide the updated number of units to be provided in the attached 'Service Change Chart'.
Remember that this must be your best and final offer. Provide any comments in the field below.

15. Due to the recommendation of lowering the total number of units to be provided, the proposed

--

number of unduplicated individuals to be served for one year of services will need to be updated based on current trends.

Action Required: Update the proposed number of unduplicated individuals to be served for one year of services. Provide justification on the updated number of unduplicated individuals to be served. Provide the adjusted total number of unduplicated individuals to be served in the 'Service Change Chart'. Provide any comments in the field below.

--

16. Due to the recommendation of lowering the total number of units to be provided, the total amount requested for the Boone County Children's Services Fund needs to be updated.

Action Required: Update the amount requested with the adjusted number of units to be provided. Provide this information in the 'Service Change Chart' as well. Provide any comments in the field below.

--

17. Service 1 Performance Measures will need to be worked on to correctly follow the logic model. Outcomes state a beneficial change in the people being served and do not include percentages or numbers. The Indicators are specific by which a service's level of success is affecting the desired outcome. Indicators require a percentage in which performance can be measured and propose a goal in which the outcomes can attain. The method of measurement is the tool utilized to gather the information.

- a. Outcome (1-1) and Indicator (1-1) should be switched. The current Indicator (1-1) could then drop the percentage to be a more general outcome statement.
- b. Outcome (1-2) and Indicator (1-2) should be switched. The current Indicator (1-2) could then drop the percentage to be a more general outcome statement.
- c. Outcome (1-3) should drop the percentage to be more general.
- d. Outcome (1-4) and Indicator (1-4) should be switched.
- e. Outcome (1-5) should drop the percentage. Indicator (1-5) needs to add "while enrolled in the program" to clarify the time period of law violations not occurring for clients.

Action Required: Update the performance measures in the 'Service Change Chart'. Provide any comments in the field below.

--

18. The rationale for the method of measurement to be used does not explain the cSWIS.

Action Required: Provide clarification on cSWIS case notes and the rationale in using this tool as a method of measurement for Outcomes 1-1 and 1-2.

--

19. An attachment is provided summarizing the best and final offer for the program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Presbyterian Children's Homes and Services

General Information

Organization
Mission
Statement
(Purpose):

Provide your organization's mission statement. (600 character limit)

Presbyterian Children's Homes and Services, (PCHAS), provides Christ centered care and support to children and families in need.

Organization
History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

PCHAS was founded in 1914 and served orphans in the Farmington, MO area. Over the subsequent 4 decades the agency began to serve youth in need of mental health treatment in a residential setting. In the late 1960's PCHAS expanded its services to include community-based programming to address the needs of at-risk youth and their families by providing case management and counseling services. Services today include Transitional Living for older youth, Foster Care Case Management, Therapeutic Mentoring, In-home family therapy and case management, and Residential treatment.

Brief Statement
of Organization's
Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

The agency's ultimate goals are to prevent and reduce child abuse and neglect, decrease mental health issues related to trauma, and increase resiliency and emotional well being for all persons served. To that end, the agency has invested resources to ensure all staff are trained in trauma-informed practices and that fidelity to those practices is maintained and supported. Additionally, the agency is committed to developing staff to become the next generation of leaders to sustain the work and agency mission.

Organizational Chart (MUST BE IN PDF FORMAT)

/document/download/filename/1488398684_30406_2016Orgchart.pdf/

Strategic Plan (MUST BE IN PDF FORMAT)

Service Area: Briefly describe the geographic area in which your organization provides services. (600 character limit)
The agency provides Transitional Living and Therapeutic Mentoring services in Columbia, MO.; Foster Care Case Management, Therapeutic Mentoring, and Transitional Living in Springfield, MO.; Foster Care Case Management in Joplin, MO.; Therapeutic Mentoring, Parent Education, Parent Aid, In-home family therapy, and Foster Care Case Management in St. Louis, and Residential Treatment in Farmington, MO.

Population Served: Briefly describe the population(s) served by your organization. (600 character limit)
The client population includes children ages birth to 21 in foster care, older youth ages 16 to 21 transitioning to adulthood, families who have youth ages 4 to 19 who have mental health issues, at-risk children and youth ages 5 to 21, and family members of all the enrolled clients. Presenting concerns include but are not limited to: child abuse or neglect, parent-child conflict, behavioral problems, mental health diagnoses, substance abuse issues, truancy, trauma histories, and family conflict.

Conflict of Interest Policy: Does your organization have a written Conflict of Interest policy?
yes

Whistleblower Policy: Does your organization have a written Whistleblower policy?
yes

Business Continuity Plan: Does your organization have a written Business Continuity plan?
yes

Records Retention Policy: Does your organization have a written Records Retention policy?
yes

If yes, does the Records retention policy include a Records Retention Schedule?
yes

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

The Board of Trustees reviews and approves all fiscal matters of the agency at each board meeting. The Board's oversight includes expenditures of the agency's funds, fund raising activities, the lease, sale or purchase of real property. Annual budgets are developed by agency staff and presented to the Finance Committee. Following Committee approval or incorporating any changes made by the Committee, the proposed operating budget and capital needs list are presented at the October Board meeting for approval by the full PCHAS – MO Board of Trustees.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Accreditation (If applicable):

Accreditation:

Provide the name of the accrediting body, the name of the accreditation, period of current accreditation (including expiration date), and a brief description of the accreditation.

Accreditation 1:

Council on Accreditation, Date of Accreditation: August 01, 2015-July 31, 2019

The Council on Accreditation (COA) is an international, independent, nonprofit, human service accrediting organization. Founded in 1977 by the Child Welfare League of America and Family Service America (now the Alliance for Strong Families and Communities), their mission is to partner with human service organizations worldwide to improve service delivery outcomes by developing, applying, and promoting accreditation standards. They evaluate excellence in the delivery of services every 3 years.

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

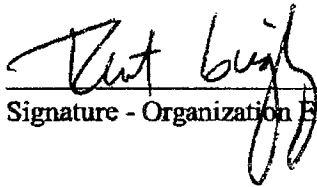

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

**WORK AUTHORIZATION CERTIFICATION
PURSUANT TO 285.530 RSMo
(FOR ALL AGREEMENTS IN EXCESS OF \$5,000.00)**

County of St. Louis County)
) ss
State of Missouri)

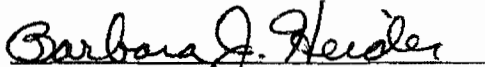

My name is Jeannine Watson. I am an authorized agent of Presbyterian Children's Homes and Services of MO (Bidder). This business is enrolled and participates in a federal work authorization program for all employees working in connection with services provided to the County. This business does not knowingly employ any person that is an unauthorized alien in connection with the services being provided. Documentation of participation in a federal work authorization program is attached hereto.

Furthermore, all subcontractors working on this contract shall affirmatively state in writing in their contracts that they are not in violation of Section 285.530.1, shall not thereafter be in violation and submit a sworn affidavit under penalty of perjury that all employees are lawfully present in the United States.

Affiant Date 7/13/2017

Printed Name

Subscribed and sworn to before me this 13 day of July, 20 17.

Notary Public

Attach to this form the *E-Verify Memorandum of Understanding* that you completed when enrolling.

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and Presbyterian Childrens Services (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.
2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.
5. SSA agrees to establish a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment

eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF THE DEPARTMENT OF HOMELAND SECURITY

1. Upon completion of the Form I-9 by the employee and the Employer and after SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct:

- Automated verification checks on newly hired alien employees by electronic means, and
- Photo verification checks (when available) on newly hired alien employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, and U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act and federal criminal laws, and to ensure accurate wage reports to the SSA.

7. DHS agrees to establish a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.
2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.
3. The Employer agrees to become familiar with and comply with the E-Verify Manual.
4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.
 - A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.
 - B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.
5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:
 - If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
 - If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.
6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$500 and \$1,000 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ any employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any

action taken in good faith on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the the SSA verification response has been given.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, support for any unlawful employment practice, or any other use not authorized by this MOU. The Employer must use E-Verify for all new employees and will not verify only certain employees selectively. The Employer agrees not to use E-Verify procedures for re-verification, or for employees hired before the date this MOU is in effect. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and the immediate termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III.B. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1 (l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification to verify work authorization, a tentative nonconfirmation, or the finding of a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of

Company ID Number: 166878

employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

ARTICLE III

REFERRAL OF INDIVIDUALS TO THE SSA AND THE DEPARTMENT OF HOMELAND SECURITY

A. REFERRAL TO THE SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.

2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation; and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The

Company ID Number: 166878

Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a referral letter and instruct the employee to visit an SSA office to resolve the discrepancy within 8 Federal Government work days. The Employer will make a second inquiry to the SSA database using E-Verify procedures on the date that is 10 Federal Government work days after the date of the referral in order to obtain confirmation, or final nonconfirmation, unless otherwise instructed by SSA or unless SSA determines that more than 10 days is necessary to resolve the tentative nonconfirmation..

4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO THE DEPARTMENT OF HOMELAND SECURITY

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.

2. If the Employer finds a photo non-match for an alien who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

Company ID Number: 166878

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even without changes to E-Verify, the Department reserves the right to require employers to take mandatory refresher tutorials.

Termination by any party shall terminate the MOU as to all parties. The SSA or DHS may terminate this MOU without prior notice if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine.

Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

The employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, and responses to inquiries under the Freedom of Information Act (FOIA).

Company ID Number: 166878

The foregoing constitutes the full agreement on this subject between the SSA, DHS, and the Employer.

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify Operations at 888-464-4218.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – Purchase of Service Contracts for the Boone County Children's Services Fund

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?

Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.

- b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?

Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.

- c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@boonecountymo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymo.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by "currently" in the amount received from other funders.

Response: "Currently" refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

By:

Melinda Bobbitt
Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum should be acknowledged and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

a. You included the following requested attachments:

Attachment A 2017 Organization Assurance Sheet

Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion

Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "ProgramOverview worksheet" doesn't specify if these sections need to be filled out for each Program Service.**

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

Program Overview Information and Instructions

The purpose of the Program Overview form is to provide information regarding the program and service(s) proposed by your organization. In developing your responses, please adhere to the following guidelines:

Responses should contemplate timeline as indicated in the Request for Proposal (RFP).

Respond as if the reviewers have no prior knowledge of the program and services.

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the Boone County, City of Columbia, and/or the Heart of Missouri United Way

Each narrative response should be clear and succinct.

The issue(s) and affected population(s) should be described and documented utilizing objective, relevant information, and data, from sources outside of your organization and should include geographic information using recognized political boundaries (e.g. city, county, state, national).

All sources of information should be properly cited using the American Psychological Association (APA) Style of author-date method of in-text citation. All sources that are cited must appear in the reference list at the end of this form. For detailed information regarding the APA Style, please visit the APA Style web site: <http://www.apastyle.org/>

Information provided in the Program Overview form must correspond with the information provided in the Program Service forms.

* Indicates Required Field

Statement of Issue Being Addressed

a. Describe and document the community-level issue(s) to be addressed by the proposed program (e.g. homelessness, child abuse & neglect, substance abuse, suicide, etc.), utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

The Therapeutic Mentoring program addresses community-level issues of improving mental health, decreasing risk factors associated with child abuse, neglect and delinquency, improving academic performance, increasing self-esteem, reducing barriers to positive connections for the youth within the community, decreasing social isolation for youth, and promoting pro-social norms and behaviors.

Physical, psychological and behavioral concerns of at-risk youth impact not just the child and family, but the community as a whole. The effects of isolation, fear and trauma can spiral into long-term mental health consequences for children, including depression and anxiety. At-risk youth are more likely to experience problems in adolescence, including delinquency, teen pregnancy and drug use, as well as low academic achievement. Each of these has a negative impact on the community today and potential negative implications for the next generation of children who will be raised by parents who had unmet needs as adolescents themselves. Additionally, at-risk youth have an increased likelihood of criminal behavior and substance abuse in adulthood.

The Boone Indicators Dashboard identifies child abuse and neglect has increased in recent years. Increasing support for youth, helping them develop positive relationships and skills for emotionally healthy coping behaviors is part of the work of the Therapeutic Mentor. Developing protective factors is directly correlated with reduced risk for abuse.

b. Describe the population(s) in the City of Columbia and/or the Boone County affected by the issue(s) to be addressed by the proposed program, utilizing objective, relevant information, including data from the Boone Indicators Dashboard (BID) <http://booneindicators.org/>. (1500 character limit)

According to the recent Boone Indicators Dashboard (BID), there are several indicators that contribute to risks for child abuse and neglect and inappropriate or dangerous coping skills and behaviors. Included in these indicators are the following:

665 births to unmarried mothers in Boone County in 2014
6514 single-parent households in Boone County in 2015
5,231 children lived in neighborhood with a poverty rate higher than the %30 in Boone County between 2011-2015
1628 domestic violence case in Boone County

The population served will include youth in foster care or at risk for entering foster care between the ages of 5 and 19 years old, of any race, and who were removed from unsafe home situations or are living in high risk situations. Youth in foster care and those more likely to enter into foster care share the risk factors of not having a strong support system and demonstrating a pattern of poor coping skills and dangerous behaviors. Additionally, the majority of the youth do not have financial resources for social and recreational activities that would expose them to positive role models.

According to the recent report from Annie E. Casey Foundation (Kids Count 2013 data book), there are several indicators that contribute to risks for child abuse and neglect and inappropriate or dangerous coping skills and behaviors. Included in these indicators are a lack of a strong support system and difficult situations within the youths' home life.

Program Goal

State the goal(s) of the proposed program. The program goal(s) should correspond to the organization's mission statement and major goal(s), as stated in the Organization Profile. (300 character limit)

Therapeutic Mentoring will facilitate improved coping skills, pro-social behaviors to decrease risk factors associated with child abuse, neglect and delinquency, improve academic performance, increase self-esteem, and reduce barriers to positive connections for the youth within the community.

Program Overview

Provide an overview of the proposed program. (1500 character limit)

Therapeutic Mentoring is a community-based program designed to provide therapeutic support to high-risk youth utilizing the practice of one to one mentoring by a trained adult mentor, focused on youth goal attainment and reduction of risk factors and risky behaviors. The activities address core program goals of improving mental health functioning, decreasing risk factors associated with child abuse, neglect and delinquency, improving academic performance, increasing self-esteem, reducing barriers to positive connections for the youth within the community, decreasing social isolation for youth and their families, and promoting pro-social norms and behaviors. Activities may include trips to the library, to local museums, sporting events, local cultural events and much more. Focused teaching/ coaching is utilized to further skill development in: problem solving, conflict resolution, communication, healthy relationships, and social behaviors aimed at keeping the child invested in home life, school, and their community. PCHAS's Therapeutic Mentoring utilizes a treatment plan designed to address coping skills, high risk behaviors and mental health needs. All activities are tailored to the individual youth's needs and goals. All of the activities bring a focus on the youth's strengths and abilities for success. Mentors meet with the youth weekly for 2-3 hours over 26 -52 weeks a year. Referrals to other service providers occurs as needed to further support the youth and family.

Program Consumers

a. Describe the consumers who will be served by the proposed program, including characteristics and demographics. (1500 character limit)

Youth in Boone County between the ages of 5 and 19 who are at risk for poor outcomes in key life domain areas due to their own behaviors or those of their parent/ caregiver are eligible to participate in the program. High priority will be given to youth referred through the Family Assessment Center for Excellence and youth who are in foster care in Boone County. A high number of youth are expected to reside in the City of Columbia.

b. Why will these particular consumers be served? (1500 character limit)

At-risk youth and youth in foster care often face behavioral and emotional challenges due to experiencing abandonment, abuse, and other traumatic events in their life. Compared to other youth that are in two parent households, at-risk youth are more likely to experience suspension from school and the need for mental health services. At-risk youth engaged in mentoring relationships are less likely to engage in destructive behaviors. (DuBois, Holloway, Valentine & Cooper, 2011)

Youth receiving services through the Family Assessment Center for Excellence (FACE) are more likely to be in need of a therapeutic mentor due to mental health issues and/ or parent-child: conflict stemming from parental mental health issues and parenting deficits.

The Boone Indicator Dashboard includes data suggesting that youth in the City of Columbia are particularly challenged by poverty related issues, (an increase to 22.8% in 2015 from 10.4% in 2010), a lack of consistent parental support for academic achievement and a lack of consistent role models, particularly for youth living in single parent households with the parent working more than one job.

All these youth will benefit from the one to one attention, coaching, teaching, and support of the therapeutic mentor. The PCHAS Therapeutic Mentoring program utilizes intentional activities, standardized training of all mentors, and on-going mentor skill development. Mentors serve for up to 12 months, with weekly mentoring sessions.

c. Describe any impediments or challenges in serving these consumers. (600 character limit)

Because Therapeutic Mentoring is offered in the community, home, or school, there are no anticipated impediments to serving these consumers. All PCHAS mentors receive on-going training and supervision to ensure they are equipped with the knowledge and skills to serve this population of youth, as well as training about the resources available in Boone County to address significant mental illness, poverty related needs, and substance abuse treatment.

d. Total number of unduplicated individuals to be served by the proposed program:

40

The field below will auto-populate once the Program Budget section is complete. This calculation is based on the total number of unduplicated individuals to be served, as indicated above in item d. and the total program expenses as indicated in the program Budget section to be completed below.

e. Average program cost per individual

1875

Consumer Demographics Instructions

Complete the Residence, Race, Ethnicity, Gender, Income, and Age sub-sections below to the best of your knowledge. The purpose of this section is to provide detailed demographic information for consumers to be served by the proposed program service(s) over the period of time as defined in the RFP. The totals for all sections should be identical.

All counts are for Unduplicated Individuals. No individual should be counted twice under any sub-section.

Information provided in the Consumer Demographic sub-section should correlate with the information provided in the rest of the proposal.

*Indicates a required field.

Individuals Trained

Instructions: If providing training for providers, please complete the Individuals Trained section. No individual's demographic information will be required. We will only need totals.

a. Number of individuals to be trained:

0

b. Provide information on the types of training that will be offered. (1500 character limit)

This project will not be providing training to providers, however, each mentor receives training and is given a Mentor Guidebook based on the Learn to Mentor Toolkit and the elements of practice promoted by Mentor.org for relationship-building and the stages of effective mentoring. Training for mentors includes: understanding common childhood mental health issues and diagnosis, building character in a child, teaching anger management and coping skills, effects of childhood trauma, child safety, resiliency, physical/ emotional development, Cognitive Behavioral Therapy infused psycho-educational materials to help youth deal with anxiety, stress, bullying, and emotion regulation, and much more.

Training occurs in supervision and through external training offered in the community. Training includes but is not limited to topics such as: DSM V diagnoses and psychotropic medications, substance abuse/dependency symptoms and treatments, engaging reluctant youth, developing character in youth, strategies to reduce parent-child conflicts, building resiliency in youth, psycho-educational materials to help youth manage anxiety, the impacts of trauma, ethics and boundaries, and community resources.

All mentors, as mandated reporters of abuse or neglect, are required by law to report any suspicion or evidence of abuse or neglect. Each case note entered to document a mentoring session includes required fields related to in home safety of the child, and parenting needs.

Program Access

a. Provide details on the location, days/hours of operation (e.g. Monday-Friday, 8 a.m.- 5 p.m.), and any other logistical information for the proposed program. (600 character limit)

The program utilizes community locations for mentoring sessions and may include the youth's school, home or treatment facilities with appropriate permissions and notifications. The service times are set to accommodate the youth, which includes weekdays, weekends and evenings when needed.

b. Describe the eligibility criteria (e.g., income, age, etc.) to be utilized for determining eligibility for the proposed program. (600 character limit)

This program will serve youth ages 5 to 19 years in Boone County. There are no income guidelines for the proposed program.

c. Will program consumers be charged a fee for the proposed program service(s)?

No

If Yes - Provide a description of and rationale for the program fee. (600 character limit)

If No - Provide a rationale for no fees being charged for service(s) in the proposed program. (600 character limit)

Therapeutic Mentoring is not a Medicaid billable service. Boone County youth can access the service for free because of the Children's Service Fund.

d. If a fee is charged, will the proposed program utilize a sliding fee schedule?

Not Applicable (move on to Program Quality)

If Yes - Provide a rationale for the use and structure of the sliding fee schedule. (600 character limit)

Upload the sliding fee schedule. This must be the sliding fee schedule provided to program consumers, please upload these documents in a PDF format:

If No - Provide a rationale explaining why a sliding fee schedule will not be utilized. (600 character limit)

Program Quality

a. Describe any external requirements of the proposed program and/or service(s), such as licensing, minimum standards, etc. (600 character limit)

The Therapeutic Mentoring program meets all standards specified by the Council on Accreditation (COA) for Volunteer Mentoring Services. These standards cover best practices related to intake, assessment, matching, consumer input, treatment planning, relationship building, discharge planning, personnel screening and selection, ratio of mentors to consumers, supervision practices, training, and quality assurance. The COA standards also cover Program philosophy and service population factors. In the most recent COA review in 2015, PCHAS's Therapeutic Mentoring program received high accolades!

b. Is the proposed program and/or service(s) currently accredited by a recognized accrediting body?

Yes

If Yes - Provide the name of the accreditation agency. (300 character limit)

Council of Accreditation (COA)

If Yes - Provide the most recent dates of accreditation (including expiration date): (300 character limit)

08/01/2015-07/31/2019

If Yes - Provide a description of the accreditation process: (600 character limit)

The accreditation process begins with the agency self-study, which is due 2 months prior to the Council on Accreditation (COA) review. The COA review is a comprehensive (self) review of the agency's services to ensure that accreditation standards are being met or exceeded. The next step is the actual visit from Professional Volunteers who come onsite and conduct interviews with staff, clients, referral agents, vendors, community partners, and board members. A review of documentation and observation of services are also conducted. The results are then forwarded to COA for a final decision.

c. Are there best practices and/or standards for the proposed program and/or service(s)? Best practices and standards should be cited from reputable sources.

Yes

If Yes - Indicate, cite, and describe the available best practices and/or standards. (600 character limit)

PCHAS' Therapeutic Mentoring program utilizes best practices as set by COA and Mentor.org. COA standards are rigorous and cover service philosophy, screening of mentors, eligibility of clients, service delivery, outcomes measurement, training, supervision, matching, and personnel ratio to client caseload. Mentor.org is cited as the "go-to" source for best practices and effective mentoring programming. Contributions to Mentor.org's standards, program management models, and mentoring materials come from evidenced-based mentoring programs throughout the United States.

If Yes - Will these best practices and/or standards be utilized in the proposed program?

Yes

If Yes - Provide a rationale for the best practices and/or the standards that will be utilized. (600 character limit)

The PCHAS Therapeutic Mentoring program utilizes the evidence-based practices of the Learn to Mentor Toolkit, COA, and Mentor.org. The core activities the mentors engage in are published, in part, in the Toolkit and offered as a best practice model by the National Mentoring Partnership. Each mentor receives training and is given a Mentor Guidebook based on the Learn to Mentor Toolkit and the elements of practice promoted by Mentor.org for relationship-building and the stages of effective mentoring. COA standards support the quality and fidelity of the program aimed at consumer success.

If No - Indicate the rationale for not utilizing available best practices and/or standards. (600 character limit)

d. Is there evidence to support the efficacy of the proposed program and/or service(s)? Evidence must be up-to-date and scientifically-based and should be cited from scholarly research reports published in peer reviewed journals or from credible government sources.

Yes

If Yes - Identify cite and describe the evidence. (1500 character limit)

According to a recent Social Work journal article (Johnson, Pryce, and Martinovich, 2012) effective service interventions greatly enhance the well-being of at-risk youth. A study of 262 at-risk youth examined one such intervention, therapeutic mentoring. Results showed that mentored youth improved significantly in the areas of family and social functioning, school behavior, and recreational activities, as well as in the reduction of expressed symptoms of traumatic stress. Study results suggest that therapeutic mentoring shows promise for enhancing treatment interventions.

Mentor.org states that, "Mentoring, at its core, guarantees young people that there is someone who cares about them, assures them they are not alone in dealing with day-to-day challenges, and makes them feel like they matter. Research confirms that quality mentoring relationships have powerful positive effects on young people on a variety of personal, academic and professional situations. Ultimately, mentoring connects a young person to personal growth and development, and social and economic opportunity. Yet one in three young people will grow up without this critical asset."

The website also reports that young adults who were at-risk for falling off track but had mentor are:

- 55% more likely to enroll in college
- 78% more likely to volunteer regularly
- 90% are interested in becoming a mentor
- 130% more likely to hold leadership positions

If No - Provide a rationale for utilizing this proposed program and/or service(s). (1500 character limit)

e. Describe any unique or innovative aspects of the proposed program that enhance the quality of the program. (1500 character limit)

PCHAS' Therapeutic Mentoring service delivery system is a strength-based, research-driven, child and youth-centered integrated framework. Activities are implemented to improve outcomes for children and youth having significant social, emotional, physical and/or mental-health needs. The service delivery is based on the Wraparound philosophy of care that includes a definable planning process involving the child and family that results in a unique set of community services and natural supports individualized for that child and family. Mentoring sessions are child-centered, family-focused, strength-based, and collaborative. The program utilizes data to inform and adjust its interventions to ensure outcomes are met. Proven outcomes for the Wraparound philosophy include success in school and work, stable social and emotional functioning and living in the community.

The PCHAS Therapeutic Mentoring program is enhanced by specialized on-going training for mentors, individualized treatment planning, and tailored teaching and activities to support the individual youth and family's growth, with an emphasis on creating connections to positive community activities, resources, and on-going support that will sustain their growth and support their long term success.

One of the motto's of the Therapeutic Mentoring program regarding activities is, "It's never just about having fun." There's always an intentional purpose behind the activity and an opportunity for skill development."

f. Describe the quality improvement process utilized for the program. Quality improvement is defined as systemic and continuous actions that are used to measurably improve services and program consumer outcomes. (1500 character limit)

Quality assurance processes are in place to measure, analyze and adjust service implementation on an on-going basis, based on the feedback and input received from our consumers. PCHAS adheres to the best practice standards of the Council of Accreditation for all programming and the General Council of Accreditation standards for responding to concerns or grievances.

PCHAS also does programmatic adjustments based on our outcomes. This continuous improvement process includes updating the training material, improving the recruitment tools and selection process, and implementing new and relevant tracking and measuring outcome data tools. We meet the highest standards of care and are accredited by the Council on Accreditation of Services for Families & Children. We are licensed by the Missouri Department of Social Services and Missouri Department of Mental Health.

Data on progress is reviewed by the Mentor Coordinators throughout the month. Formal audits of clients' records occurs quarterly to ensure documentation is timely and substantive enough to measure progress. Supervision of mentors and Mentor Coordinators occurs on a regular basis to support the work and the employees, address any deficits, evaluate and adjust the practice, and ensure fidelity to the model.

g. How will consumer feedback be collected for this program? Describe how this information will be utilized to enhance service(s) and help with program outcomes. (1500 character limit)

Mentees and their families are asked how well the services are meeting their needs both in person and in written survey form. A client satisfaction survey is given to the client/family at discharge from the program. A follow-up with the youth and his/her family by phone is made each quarter while enrolled in the program to survey the parent's satisfaction with services and the mentor match.

The PCHAS therapeutic mentoring program uses the Client Social Welfare Information System (cSWIS-a customized software program) to track performance and outcomes of all of PCHAS' in-home, community-based programs. cSWIS will provide us with an edge to track quantitative outcomes as it allows for aggregate data to be pulled and analyzed from within specified time frames. All activities are logged in cSWIS including standardized measurement tool scores. A Qualified Mental Health Professional (QMHP) will administer the various assessment tools at admission, every 6 months and at discharge.

Survey monkey is utilized to produce analyzed satisfaction survey reports on a quarterly basis. The Performance Quality Improvement committee reviews this data on a quarterly basis and adjustments are made accordingly to ensure continuous quality of the program.

Collaboration

Describe any partnerships or collaborations that enhance access to and/or the quality and effectiveness of the proposed program and/or service(s). (1500 character limit)

PCHAS has established collaborative relationships with external agencies, other internal PCHAS programs and several school districts in a joint effort to provide therapeutic mentoring services to Boone County families. There is also collaboration with the Family Court of Boone County, FACE, and several other BCCSF funded agencies as part of the referral process. Many of these agencies have provided a Memorandum of Understanding (MOU), explaining how each relationship will work to benefit families needing therapeutic mentoring services. All MOUs will be available upon request.

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (1):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (2):

If MOUs or contracts/agreements related to the proposed program and/or service(s) are in place, please upload these documents in a PDF format (3):

Program Personnel Instructions

Instructions: Provide titles, minimum qualifications, and salary ranges for ALL positions for which salaries will be charged, in whole or in part, to the proposed project.

FTE = Full Time Equivalent (i.e. Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

To determine FTE, divide the number of hours assigned to program services per year by 2080 (e.g. 1040/2080 = .5 FTE)

Salary = Wages + FICA (Social Security/Medicare)

Program Personnel Information

POSITION OR TITLE (Do not use employee names)	MINIMUM QUALIFICATIONS (B.A., Licensed, etc.)	FTE	FULL-TIME SALARY RANGE FROM: (wages, Social Security and Medicare)	FULL-TIME SALARY RANGE TO: (wages, Social Security and Medicare)

Program Personnel Narrative

Describe how each position will be utilized in the proposed program and the rationale for the minimum qualifications and salary range for each of those positions. (1500 character limit)

The program will utilize therapeutic mentors positions. This position only requires a high school diploma but most mentors are undergraduate or graduate students studying various human services fields. Regardless of degree status, training and supervision are key components of the program in order to maintain quality and efficacy. The salary range is competitive for the market and appropriate for the duties of a therapeutic mentor.

Program Budget Instructions

Complete the Program Budget section below reflecting how funds will be utilized. Include any funding received from other funders that will be utilized to support the proposed program. This should NOT be an overall organizational budget.

For each item for which figures are entered, the corresponding narrative field MUST be completed. Provide information on how other funders will help support the proposed program.

Memorandum of Understanding

by and between Presbyterian Children's Homes and Services and the Family Access Center of Excellence

Purpose:

The purpose of this Memorandum of Understanding is to define the roles and responsibilities each organization will assume with respect to Presbyterian Children's Homes and Services (PCHAS) providing therapeutic mentoring services to youth struggling with mental health, family and/or school related issues and who are referred for services by the Family Access Center of Excellence (FACE) as appropriate.

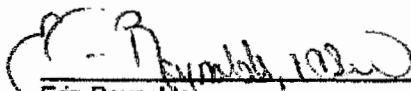

History:

With the recognition of the benefits of community based therapeutic mentoring services to the youth and their families who are connected with FACE, PCHAS seeks to partner with FACE to serve the youth and their families as appropriate that are most at risk for child abuse/neglect, struggling with emotional and behavioral issues. This community based mentoring program plans to serve a significant number of youth and their families each year with approximately 36 consecutive weeks of mentoring per youth/family and up to a full 12 months if needed. The number served and the amount of service provided is contingent upon funding from the Boone County Children's Service Fund and the number of youth/families requiring therapeutic mentoring services.

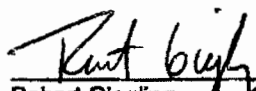

Responsibilities and Commitments are as Follows:

1. FACE will refer youth that are in need of therapeutic mentoring as appropriate. The PCHAS Mentor Coordinator will assign a mentor for each youth referred to provide one-on-one, therapeutic mentoring services. The mentoring services will start after the parent/guardian has signed a consent form, a mentor match has been found and the mentor and youth have their initial meeting. The therapeutic mentoring service will last for anywhere from 36 weeks up to a full 12 months if needed.
2. PCHAS will provide mentor recruitment, Mentor Orientation training, on-going monthly training, and regular supervision to mentors to ensure quality of mentoring services and proper focus of mentoring activities with the youth. This training will include but is not limited to: 1) the National Mentoring Partnership curriculum, "Learn to Mentor Toolkit", 2) Presbyterian Children's Homes and Services policies and procedures for quality mentoring, roles, responsibilities of the mentor, roles and responsibilities of the agencies involved, and 3) professional boundaries when working with children. FACE staff will provide cross-training for the PCHAS mentoring staff. This training will consist of information regarding the programs and procedures of FACE.
3. PCHAS will conduct and pay for mentor background screening that includes but is not limited to: 1) Family Care Registry screen, which examines criminal background history, sex offender registry, and Child Abuse and Neglect records, 2) Driver's license screening, 3) Proof of vehicle insurance, 4) Educational verification, 5) physical/ TB exam, 6) drug screening, 7) character and employment references, and 8) eligibility to hold employment in the U.S. Additionally, all mentors will honor and obey all HIPPA and confidentiality laws, will be trained regarding CAN Mandated Reporter law and follow all PCHAS code of ethics and relevant agency policies.
4. PCHAS will maintain personnel files on each mentor and will make mentor profile information available to FACE if deemed appropriate or necessary.
5. PCHAS staff will collect outcomes information at the conclusion of the mentoring relationship and share information throughout the mentoring project period regarding progress towards mentee goals and/ or any concerns that may arise during the course of the mentoring relationship.
6. In the event that a particular mentor match is found to be unworkable, a PCHAS mentor coordinator will make reasonable efforts to replace the mentor and continue to serve the identified youth/family through the end of the project period.

7. Mentors will meet with the assigned youth/family weekly (up to 3 hours per week) and maintain the therapeutic mentoring relationship with the youth/family for a period of 36 weeks, and up to 12 months. As long as the appropriate confidentiality/release forms have been signed, PCHAS mentors may communicate with FACE staff as needed, share information, obtain relevant information for the therapeutic relationship in support of the goals and outcomes found in the youth's treatment plan.
8. PCHAS and FACE staff will establish and maintain ongoing communication (staff meetings, administrative oversight meetings, etc.) in order to facilitate positive outcomes for the therapeutic mentoring services.
9. This Memorandum of Understanding will remain in effect until December 31, 2018 and may be revised by mutual agreement between the agencies in order to support the goals and outcomes of the program.

Program Service Information and Instructions

The purpose of the Program Service form is to provide detailed information about the proposed program service(s). In developing your responses, please adhere to the following guidelines:

Information should be based on the proposed contract/agreement period.

Information provided should be for the entire program, not just the portion contracted by the City of Columbia, Boone County, or the Heart of Missouri United Way.

Services should be unbundled (e.g., if the program is to provide both individual therapy and case management, information for each service should be indicated separately as Program Service 1 and Program Service 2).

Each narrative response should be clear and succinct.

Information provided in the Program Service form must correspond with the information provided in the Program Overview form.

Instructions: Complete each section below for each service that will be provided in this program. Remember that all services must be unbundled.

Important: Provide at least one outcome and the corresponding indicator(s) and method of measurement for each service. Any additional outcomes must include corresponding indicator(s) and method(s) of measurement.

Helpful information about Program Performance Measures and developing outcomes, indicators, and method of measurements can be found in the *My Shared Files* section.

The Taxonomy of Services can be found in the Boone Impact Group (BIG) website: <http://www.booneimpact.org/> and in *My Shared Files*. Names of services and definitions may be found in this document.

* Indicates Required Field

Development/Start Up Service Funding

Instructions: The Boone County Children's Services Board will consider funding for a service, on a one-time basis, for purchases or funding necessary for the delivery of contracted services.

a. Amount Requested

\$0.00

b. Describe how the funds will be utilized. (600 character limit)

c. Provide justification for the request for one-time funding. (600 character limit)

Service #1 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#1)

a. Service #1 - Taxonomy of Service Name (150 character limit)

9.9 Therapeutic Mentoring

b. Service #1 - Taxonomy Definition of Service (300 character limit)

Social interaction and guidance for individuals with emotional and mental concerns provided by a trained mentor.

c. Provide a detailed description of the proposed service (#1). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

The Therapeutic Mentoring program addresses community-level issues of improving mental health, decreasing risk factors associated with child abuse, neglect and delinquency; improving academic performance; increasing self-esteem; reducing barriers to positive connections for the youth within the community; decreasing social isolation for youth; and promoting pro-social norms and behaviors.

The population served will include youth in foster care or at risk for entering foster care between the ages of 5 and 19 years old, of any race, and who were removed from unsafe home situations or are living in high risk situations in Boone County. Youth in foster care and those more likely to enter into foster care share the risk factors of not having a strong support system and demonstrating a pattern of poor coping skills and dangerous behaviors. High priority will be given to youth referred through the Family Assessment Center for Excellence and youth who are in foster care in Boone County. A high number of youth are expected to reside in the City of Columbia.

Upon referral, an assessment is made of the youth's individual needs, and the current functioning of the youth in relationship to family, school, and community to identify the primary goals and guide the matching process. Once consents and permissions are in place the treatment plan is developed in collaboration with the youth and parent. Then Therapeutic Mentoring sessions begin.

Activities like trips to the library, local museums, sporting events, local cultural events are strategically implement into the program, in order for the mentor to observe the youth practicing their new skills within the community. Focused teaching/coaching is utilized to further skill development in: problem-solving, conflict resolution, communication, healthy relationships, and social behaviors aimed at keeping the child invested in home life, school, and their community. PCHAS' Therapeutic Mentoring utilizes an individualized treatment plan designed to address coping skills, high risk behaviors and mental health needs. All activities are tailored to the individual youth's needs and goals. All of the activities bring a focus on the youth's strengths and abilities for success. Mentors meet with the youth weekly for 2-3 hours per session over 26-52 weeks a year. The program utilizes community locations for mentoring sessions and may include the youth's school, home or treatment facilities with appropriate permissions and notifications. The service times are set to accommodate the youth, which includes weekdays, weekends and evenings when needed. Referrals to other service providers occurs as needed to further support the youth and family.

Service #1 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#1)

One hour is the unit of measure. Sessions are typically 2 hours but may last longer on occasion.

b. Unit Rate (#1)

\$25.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#1)

c. Is the proposed Unit Rate (#1) tied to an established public funding rate?

Yes

If Yes - Indicate the publicly available rate and describe the source. (#1) (600 character limit)

St. Louis County Children's Service Fund established rate for the CPT code for Therapeutic Mentoring is \$27.94.

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided. Provide a justification for the proposed rate. (#1) (600 character limit)

d. Total Number of Units of Service to be Provided (#1)

3000

e. Total Number of Unduplicated Individuals (#1)

40

f. Average Number of Units of Service per Unduplicated Individual (#1)

75

g. Average Cost of Service per Individual (#1)

1875

Service #1 - Service Fee

a. Will the proposed service (#1) consumers be charged a fee?

No

If yes - Provide a description of and a rationale for the proposed service (#1) fee. (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#1)? If so, please upload the fee chart.

If No - Provide a rationale, why no fees will be charged for the proposed service (#1). (600 character limit)

b. Is this proposed service (#1) billable to a third-party payor(s) (e.g. health insurance, state subsidy, etc.) for reimbursement?

No

If Yes - Indicate the third-party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#1) (600 character limit)

If Yes - What program service fee payment options will be provided to program consumers if they are uninsured or underinsured (e.g. catastrophic coverage, high deductible, etc.). (#1) (600 character limit)

If No - Explain why the proposed service (#1) is not billable to a third-party payor. (600 character limit)

Therapeutic Mentoring is not billable to Medicaid or private insurance plans.

c. What fee payment options will be provided for proposed service if they are uninsured or under insured? (e.g. catastrophic coverage, high deductible, etc.)? (#1) (600 character limit)

Service #1 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#1)

Yes (complete the Other Funder's Chart below)

Service #1 - Other Funders Chart

<u>Funders (#1)</u>	<u>Unit Rate (#1)</u>	<u># of Units Funded (#1)</u>	<u>Total Amount Contracted (#1)</u>
	1a1.	1a2.	1a3.
a. Boone County - Children's Services Funding (#1)	\$25.00	3000	\$75,000.00
	1b1.	1b2.	1b3.
b. Boone County - Community Health Funding (#1)	\$0.00	0	\$0.00
	1c1.	1c2.	1c3.
c. City of Columbia - Social Services Funding (#1)	\$0.00	0	\$0.00

Service #1 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#1)

\$75,000.00

b. Proposed Number of Units of Service (#1)

3000

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any

other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#1) (600 character limit)

PCHAS is requesting \$75,000 to fund 3000 units/hours of therapeutic mentoring service at \$25.00 per unit/hour.
(3000 X \$25.00=\$75,000)

Service #1- Performance Measures

Outcome (1-1)

90% of enrolled clients will have improved academic outcomes by being present at school at least 90% of the school year.

Additional Outcome (1-2)

90% of enrolled clients will have improved academic outcomes by being ready to learn at school.

Additional Outcome (1-3)

90% of enrolled clients will be safe in their homes and not become victims of abuse or neglect.

Additional Outcome (1-4)

97% of enrolled clients will achieve improved family relationships.

Additional Outcome (1-5)

100% of clients will have no law violations while enrolled in the program.

Indicator (1-1)

90% of enrolled clients will have improved school attendance.

Additional Indicator (1-2)

90% of enrolled clients will have a reduction of disciplinary referrals.

Additional Indicator (1-3)

No substantiated Child Abuse and Neglect reports to the State of Missouri during the enrollment period.

Additional Indicator (1-4)

Reports by parents and youth indicating improved communications and increased positive interactions.

Additional Indicator (1-5)

100% of clients with no law violations.

Method of Measurement (1-1)

School attendance records and cSWIS case notes will be reviewed to compare baseline attendance (prior to service) with attendance during the enrollment in the program.

Additional Method (1-2)

School discipline records and cSWIS case notes will be reviewed for incidents that impede the youth's learning while at school.

Additional Method (1-3)

Substantiated reports of abuse or neglect by the parent made on behalf of the youth victim to Children's Division will be the measurement.

Additional Method (1-4)

Pre- and Post- Children's-Global Assessment Scale (CGAS) scores, review of case notes indicating improvements and levels of safety in the home.

Additional Method (1-5)

Arrest/conviction records.

Service #1 - Performance Measures Narrative

a. Describe how each outcome is attributable to the Program Goal, as stated in the Program Overview section. (#1) (600 character limit)

Through the mentoring program there is a measurable reduction in risk factors of child abuse and neglect. With the guidance and encouragement of the Therapeutic Mentor youth build social/emotional skills, coping skills, confidence, and pride in their accomplishments. Therapeutic Mentors help youth overcome challenges related to their home and community life; increase the youth's ability to succeed in school; and develop into law abiding, stable individuals.

b. Describe and document any external factors or variables which may affect the proposed outcome(s). (#1) (600 character limit)

Community controversy or violence in the school setting could jeopardize the outcomes related to school improvements and law violations.

c. Provide a rationale for the measurement level(s) for each indicator. (#1) (600 character limit)

Previous experience has demonstrated the targets are achievable.

d. Provide a rationale for each method of measurement. (#1) (600 character limit)

The CGAS measures youth functioning and contains values for measuring symptoms of mental health issues, family and peer relationships, school performance and functioning. Case notes capture measures of improvement for several components of each outcome including safety, education, law involvement, and status of home environment.

Service #2 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#2)

a. Service #2 - Taxonomy of Service Name (150 character limit)

b. Service #2 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#2). d. City of Columbia - CDBG/Home/CHDO Funding (#4)	4d1. \$0.00	4d2. 0	4d3. \$0.00
e. Heart of Missouri United Way Funding (#4)	4e1. \$0.00	4e2. 0	4d4. \$0.00

Service #4 - Funding Request

a. Amount Requested from the City of Columbia, Boone County, or the Heart of Missouri United Way for this program service. (#4)

\$0.00

b. Proposed Number of Units of Service (#4)

0

c. Provide a justification for the requested level of funding from the City of Columbia, Boone County, Heart of Missouri United Way, or any other funders. Some examples include expanding capacity, filling a gap in or loss of funding from other funding resources, and/or enabling the organization access to funding from other funding sources. (#4) (600 character limit)

Services #4 - Performance Measures

Outcome (4-1)	Indicator (4-1)	Method of Measurement (4-1)
Additional Outcome (4-2)	Additional Indicator (4-2)	Additional Method (4-2)
Additional Outcome (4-3)	Additional Indicator (4-3)	Additional Method (4-3)
Additional Outcome (4-4)	Additional Indicator (4-4)	Additional Method (4-4)
Additional Outcome (4-5)	Additional Indicator (4-5)	Additional Method (4-5)

Service #4 - Performance Measures Narrative

- Describe how each outcome is attributable to the Program Goal, as stated in the Program Narrative section (#4) (600 character limit)
- Describe and document any external factors or variables which may affect the proposed outcome(s) (#4) (600 character limit)
- Provide a rationale for the measurement level(s) for each indicator (#4) (600 character limit)
- Provide a rationale for each method of measurement (#4) (600 character limit)

Service #5 - Name, Definition, and Description

Instructions: Thoroughly read the Taxonomy of Services and choose the service and definition that best fits the overall description of the proposed service. Click here to view document. (#5)

a. Service #5 - Taxonomy of Service Name (150 character limit)

b. Service #5 - Taxonomy Definition of Service (300 character limit)

c. Provide a detailed description of the proposed service (#5). This should include how this service would be delivered, what other activities that are included, what consumers are affected, collaboration with other organizations, and any other pertinent information to fully understand how this program service will be delivered. (3000 character limit)

Service #5 - Outputs

a. Unit Measure (e.g. 15 minutes, one hour, one bed night, one pound of food, etc) (#5)

b. Unit Rate (#5)

\$0.00

IMPORTANT REMINDER: Organizations should limit their rates, when appropriate, to an established public funding unit rate (e.g. Missouri Department of Mental Health (DMH), Medicaid, MO Healthnet, Missouri Department of Social Services (DSS), etc). (#5)

c. Is the proposed Unit Rate (#5) tied to an established public funding rate?

If Yes - Indicate the publicly available rate and describe the source. (#5) (600 character limit)

If No - Consideration may be given for a unit rate not consistent with a public funding unit rate, if an acceptable justification is provided.

Provide a justification for the proposed rate (#5). (600 character limit)

d. Total Number of Units of Service to be Provided (#5)

0

e. Total Number of Unduplicated Individuals (#5)

0

f. Average Number of Units of Service per Unduplicated Individual (#5)

0

Service #5 - Service Fee

a. Will the proposed service (#5) consumers be charged a fee?

If Yes - Provide a description of and a rationale for the service fee (#5). (600 character limit)

If a fee is charged, is there any sliding scale for proposed service (#5)? If so, please upload the fee chart.

If No - Provide a rationale why no fees will be charged for the proposed service (#5). (600 character limit)

b. Is this proposed service (#5) billable to a third-party payor(s)? (e.g. health insurance, state subsidy, etc.)

If Yes - Indicate the third party payor(s) to be billed and the consumer eligibility criteria for the third-party source(s). (#5) (600 character limit)

If No - Explain why the proposed service (#5) is not billable to a third-party payor. (600 character limit)

c. What fee payment options will be provided for proposed service (#5) if they are uninsured or under insured? (e.g. catastrophic

Service #5 - Amount Received From Other Funders

Does your organization CURRENTLY have an agreement with the City of Columbia, Boone County, and/or the Heart of Missouri United Way for this service? (#5)

Service #5 - Other Funders Chart

<u>Funders (#5)</u>	<u>Unit Rate (#5)</u>	<u># of Units Funded (#5)</u>	<u>Total Amount Contracted (#5)</u>
a. Boone County - Children's Services Funding (#5)	5a1. \$0.00	5a2. 0	5a3. \$0.00

COLUMBIA MISSOURIAN

1. INSTRUCTIONS AND GENERAL CONDITIONS

1.1 Delivery of Proposals:

Sealed proposals, subject to Instructions and General Conditions and any special conditions set forth herein, will be received via the web-based funding management system application, Apricot by Social Solutions, until the proposal closing date and time indicated herein for furnishing the County with services as detailed in the following request for proposal.

- a) If you have obtained this RFP document from our web page or from a source other than the Boone County Purchasing Department, please check with our office prior to submitting your proposal to ensure that you have a complete package. The Purchasing Department cannot be responsible for providing addendums if we do not have you on our Vendor list for this RFP. Addendums can be viewed at [www.showmeboone.com/Purchasing /Current Bids/ 30-20JUL17](http://www.showmeboone.com/Purchasing/Current%20Bids/30-20JUL17).
- b) The County reserves the right to withdraw this RFP at any time and for any reason and to issue such clarifications, modifications, and/or amendments as it may deem appropriate.
- c) Receipt of a proposal by the County or a submission of a proposal to the County offers no rights upon the Offeror nor obligates the County in any manner.
- d) No negotiations, decisions, or actions shall be initiated by any Organization as a result of any verbal discussion with any County employee prior to the opening of responses to the Request for Proposal. Boone County reserves the right to select the Offeror which best meets its goals and objectives, needs, fiscal constraints, quality levels and service expectations.

1.2. Ambiguity, Conflict, or Other Errors in the RFP:

- a) If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, they shall immediately notify the Department of such error in writing and request modification or clarification of the document. The County will make modifications by issuing a written revision and will give written notice to all parties who have received this RFP from the County.
- b) The Offeror is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the RFP prior to submitting the proposal or it shall be waived.
- c) Implied Requirements: Products and services that are not specifically requested in this RFP, but which are necessary to provide the functional capabilities proposed by the Offeror, shall be included in the proposal.
- d) The County will not be liable in any way for any costs incurred by any Offeror in the preparation of their proposal in response to this RFP, nor for the presentation of their proposal and/or participation in any discussions or negotiations.

1.3. Rejection of Proposals:

The right is reserved to accept or reject in whole or in part any or all proposals submitted, to waive technicalities, and to accept the offer the County considers the most advantageous to the County. Further, the County shall reject the proposal of any Offeror that is determined to be non-responsive. The unreasonable failure of an Offeror to promptly supply information in connection with respect to responsibility may be grounds for a determination of non-responsiveness.

1.4. Acceptance of Proposals:

The County will accept for evaluation all proposals that are submitted properly and are responsive to the RFP. However, the County reserves the right to request clarifications or corrections to proposals.

1.5. Requests for Clarification of Proposals:

Requests by the Purchasing Department for clarification of proposals shall be in writing.

1.6. Validity of Proposals:

Offeror should state how many days or months proposals remain valid beyond the 120 days minimum.

1.7. Receipt and Opening of Advertised, Sealed Proposals:

The Offeror(s) and public are invited, but not required, to attend the formal opening of proposals. Offeror(s) names only will be read aloud to the public. No decisions related to an award of a contract or creation of any contractual or lease relationship, or purchase order will be made at the opening.

- a) Information provided in your response will be considered proprietary and will not be divulged during the selection process. The successful organization's proposal will become public record after its acceptance by the County Commission. All proposals and tabulation sheets are kept by the County for a period of time established by regulation or statutes after the award is made and are available for inspection at any time during regular working hours.
- b) Offeror's names will be read aloud during the Boone County Commission meeting in the Boone County Commission Chambers, 801 E. Walnut Street, Columbia, MO 65201, **Thursday, July 20, 2017 at 1:30 p.m.** Central Time. RFP opening listing proposer's names will be posted on the County web page following the opening at www.showmeboone.com. Select "Purchasing", then "2017 Bid Tabulations".
- c) Proposal responses are due by **Wednesday, July 19, 2017 at 5:00 p.m.** No late proposals will be accepted.

1.8. Withdrawal of Proposals:

Proposals may be withdrawn without prejudice any time before the deadline for receipt of proposals. If a mistake or error is discovered by the Offeror or by the County after the proposal opening, the County has the right to call this error to the Offeror's attention and request verifications of the proposal. If the Offeror acknowledges the mistake and requests relief, the County will proceed in the following manner:

- a) **Withdrawal:** Permission to allow an Offeror to withdraw their proposal without prejudice may be given when clear and convincing evidence supports the existence of an error. If there is a significant and obvious disparity between the prices of the lowest Offeror and of the other Offerors, an Offeror may be permitted to withdraw without prejudice, upon submission of evidence that a non-intentional error occurred.

2. INTRODUCTION AND GENERAL INFORMATION

2.1 Introduction:

- 2.1.1. This document constitutes a request for competitive, sealed proposals for the furnishing of statutorily eligible services pursuant to RSMo §210.861, as set forth herein.
- 2.1.2. Organization – This document, referred to as a Request for Proposal (RFP), is divided into the following sections:
- 1) Instructions and General Conditions
 - 2) Introduction and General Information
 - 3) Program Information and Requirements
 - 4) Application Information
 - 5) Attachment A - Organization Assurance Sheet
 - 6) Attachment B - Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
 - 7) Attachment C - Work Authorization Certification

2.2. Guideline for Written Questions:

- 2.2.1. All questions regarding this Request for Proposal should be submitted in writing, prior to the pre-proposal conference, no later than **5:00 p.m., June 14, 2017**. All questions must be mailed, faxed or e-mailed to the attention of Melinda Bobbitt, CPPO, CPPB, Director of Purchasing. All such questions will be discussed at the pre-proposal conference and answered in writing, and such answers will be provided to all parties having obtained a Request for Proposal packet and register as a Vendor for this RFP.

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing
613 E. Ash Street, Room 110
Columbia, Missouri 65201
Phone: (573) 886-4391 Fax: (573) 886-4390
E-mail: mbobbitt@boonecountymmo.org

2.3. Pre-Proposal Conference

- 2.3.1 To assist interested Offerors in preparing a thorough proposal, a pre-proposal conference has been scheduled for **June 21, 2017 at 3:00 p.m.** Central Time in the Columbia Public Library – Friends Room, 100 W. Broadway, Columbia, Missouri 65203.
- 2.3.2. All potential Offerors are **strongly** encouraged to attend this conference in order to ask questions and provide comment on the Request for Proposal. Attendance is not mandatory to submit a response; however, Offerors are encouraged to attend since information relating to this RFP will be discussed in detail. Minutes of the pre-proposal conference will not be recorded or published. Offerors should bring a copy of the RFP since it will be used as the agenda for the pre-proposal conference.
- 2.3.3. Offerors are strongly encouraged to advise the Purchasing Department of Boone County within five (5) days of the scheduled pre-proposal conference of any special accommodations needed for disabled personnel who will be attending the conference so that these accommodations can be made.
- 2.4. Term; Termination of Contract Agreement:**
- 2.4.1. The initial term of the resulting contract agreement from this Request for Proposal for a Purchase of Service program will be negotiated. The negotiated contract may have an option for renewal.
- 2.4.2. The resulting contract agreement may be terminated by the County upon 15 days prior written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination. In addition, the contract agreement may be terminated at will by the County upon at least 30 days prior written notice to the Contractor.

3. PROGRAM INFORMATION AND REQUIREMENTS

3.1. Program Description:

The Boone County Children's Services Board (BCCSB), hereby solicits formal written proposals from qualified organizations for the provision and delivery of services that are eligible for funding pursuant to RSMo §210.861.

3.2. Purpose Statement:

BCCSB desires to invest in meaningful programs which promote the well-being of children and youth, and strengthen families.

3.3. Background:

On November 6, 2012, the citizens of Boone County passed County of Boone Proposition 1, which created a Children's Services Fund for children and youth nineteen years of age or less in Boone County. The Boone County Children's Services Board (BCCSB) has been appointed by the County Commission and entrusted to oversee this Fund. The Fund is created pursuant to RSMo §67.1775, RSMo §210.861, and the ballot language presented to the voters on November 6, 2012. RSMo §210.861 specifies the types of services that may be funded by the BCCSB. By statute, funds may be invested to address the following needs:

- up to thirty days of temporary shelter for abused, neglected, runaway, homeless or emotionally disturbed youth
- respite care services
- unmarried parent services
- outpatient chemical dependency and psychiatric treatment programs
- counseling and related services as a part of transitional living programs
- home-based and community-based family intervention programs
- prevention programs which promote healthy lifestyles among children and youth and strengthen families
- crisis intervention services, inclusive of telephone hotlines
- individual, group, or family professional counseling and therapy services
- psychological evaluations
- mental health screenings

Revenues collected and deposited in the community children's services fund **may not** be expended for inpatient medical, psychiatric, and chemical dependency services, or for transportation services.

3.4. Funding Goals:

The BCCSB believes that it should invest in meaningful services to children, youth, and families in a way that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area. The BCCSB encourages proposals which address needs identified in the Boone Indicators Dashboard (BID), <http://booneindicators.org/Default.aspx>, developed by the Boone Impact Group (BIG) in cooperation with the Office of Social and Economic Data Analysis.

Preference will be given to programs which provide an opportunity for the BCCSB to partner with other funding sources in providing match funding for procurement of services to maximize the ability to reach and serve children, youth, and families in need in Boone County. Preference will also be given to organizations that demonstrate substantive and ongoing collaboration with other organizations.

3.5. Minimum Eligibility Requirements:

Agencies must, at a minimum, meet the following criteria to be eligible for funding:

- Any tax-exempt, not organized for profit Organization or governmental entity
- Be in good standing with the state of Missouri
- Conduct an annual independent financial audit
- File a Federal 990 annually
- Be certified, accredited or licensed in the services for which funds are requested
- Require annual background checks, including child abuse and neglect screenings on all employees and volunteers
- Refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply with all applicable provisions of Federal and State laws which prohibit discrimination in employment and the delivery of services

- Comply with RSMo §285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri

3.6. Funding Available:

There is a total of up to \$6,500,000 available through December 31, 2018. Applications for funding will be accepted to provide services to children, youth (nineteen years of age or less), and their families in areas fundable pursuant to statute.

3.7. Scope of Work, Deliverables, and BCCSB Expectations:

Offeror shall demonstrate in their proposal response how they propose to deliver and provide services to children, youth (nineteen years of age or less), and their families. For responses that require contemplation of a period of time, Offeror should assume, that if awarded, the contract would begin in January 2018 and end December 31, 2018, with the possibility for renewal for an additional one (1), one-year period. The online application is outlined as follows:

3.7.1. Program Overview:

Statement of Issue Being Addressed, Program Impact, Program Goal, Program Overview, Program Consumers and Demographics (information on residence, race, ethnicity, gender, income, age, and individuals trained), Program Access, Program Quality, Collaboration, Program Personnel, and Program Budget (information and narrative on the revenue and expenses for this program including the personnel/non-personnel costs).

3.7.2. Program Service:

Development/Start Up Service Funding (if needed), Service(s) Information that includes but not limited to: Name, Definition, and Description (based on the *Boone Impact Group Taxonomy of Services*), Outputs, Service Fee, Amount Received From Other Funders, Funding Request, and the Performance Measures (information on each proposed program service that will include the outputs, outcomes, indicators, and method of measurement for each service).

3.7.3. Additional Program Services:

Additional service(s) and information may be added to this form if there are more than five services listed in the Program Service form.

3.8. Contractor Organization Requirements:

- 3.8.1. Boone County Insurance Requirements:** The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and such insurance has been approved by the County. All policies shall be in amounts, form, and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide.

Compensation Insurance: The Contractor shall take out and maintain during the life of this contract, **Employee's Liability and Worker's Compensation Insurance** for all their employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly

to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor.

Worker's Compensation coverage shall meet Missouri statutory limits. Employers' Liability limits shall be \$500,000.00 each employee, \$500,000.00 each accident, and \$500,000.00 policy limit.

Comprehensive General Liability Insurance: The Contractor shall take out and maintain during the life of this contract, such comprehensive general liability insurance as shall protect them from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than \$1,000,000.00 per limit for any one occurrence covering both bodily injury and property damage, including accidental death. If providing Comprehensive General Liability Insurance, then the Proof of Coverage of Insurance shall also be included. **Proof of Coverage of Insurance** - The Contractor shall furnish the County with Certificate(s) of Insurance which name **the County of Boone – Missouri as additional insured** in an amount as required in this contract and requiring a thirty (30) day mandatory written cancellation notice. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the project.

The Contractor shall provide the County with proof of General Liability and Property Damage Insurance with the County as additional insured, which shall protect the County against any and all claims which might arise as a result of the operations of the Contractor in fulfilling the terms of this contract during the life of the Contract. The minimum limit of such insurance will be \$1,000,000.00 per occurrence, combined single limits. Limits can be satisfied by using a combination of primary and excess coverages. Should any work be subcontracted, these limits will also apply. Coverage wording shall include hold harmless agreement as written below, subrogation waiver and protection against third party suits to further protect Boone County from liability belonging to the Contractor.

The Contractor is required to carry Professional Liability Insurance with a limit of no less than \$1,000,000.00 and naming Boone County as additional insured.

Commercial Automobile Liability: The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than \$1,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; and both on and off the site of work.

- 3.8.2. **Indemnity Agreement:** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of Contractor, (meaning anyone, including but not limited to consultants having a contract with Contractor or subcontractor for part of the services), of anyone directly or indirectly employed by Contractor, or of anyone for whose acts the Contractor may be liable, in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

- 3.8.3. **Subcontracts:** The Contractor may enter into subcontracts for components of the purchase of service as the contract as the Contractor deems necessary to comply with the terms of the contract. All such subcontracts require the prior written approval of the County or their designated representative.
- 3.8.4. In performing all services under the resulting contract agreement, the Contractor shall comply with all local, state and federal laws.

4. APPLICATION INFORMATION

4.1. Narrative:

The County utilizes, Apricot by Social Solutions, a web-based funding management system through which proposals, in response to this Request for Proposals, must be submitted. For an application to be considered complete the Offeror must complete an Organization Profile, Proposal Cover Sheet, Program Overview (V3), Program Service (V3), and Additional Program Services (V3). For returning users, please make sure your Organization Profile is up to date.

To access the funding management system:

New Users: To create an account contact the Community Services Department at:

Email: communityservices@boonecountymo.org

Address: 605 E. Walnut, Columbia, MO 65203

Phone: 573-886-4298

Returning Users: Access <https://ctk.apricot.info/auth>, sign in, click on the Application Overview and click "Open – Click Here to Apply" under the application titled Children's Services Fund – 2017 POS Applications – RFP. You will be directed to the Proposal Cover Sheet. For the Fund Source, please select Children's Services Fund – POS 2017. Complete the Program Overview, Program Service, and, if necessary, the Additional Program Services by clicking on View Folder to access the forms.

4.2. Submission of Proposal:

- 4.2.1. Proposals must be submitted by 5:00 p.m. on July 19, 2017 via the web-based funding management system.
- 4.2.2. To facilitate the evaluation process, the Offeror must complete each of the distinctive sections of the RFP described herein.
- 4.2.3. The Offeror is cautioned that it is the Offeror's sole responsibility to submit information related to the RFP sections, and that the County is under no obligation to solicit such information if it is not included with the proposal. The Offeror's failure to submit such information may cause an adverse impact on the evaluation of the proposal. Any Offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.2.4. **Offeror's Contacts:** Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. The Offeror may contact the Community Services Department for technical assistance with the on-line application system. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.3. Competitive Negotiation of Proposals:

The Offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

4.3.1. Negotiations may be conducted in person, in writing, or by telephone.

4.3.2. Negotiations will only be conducted with potentially acceptable proposals.

4.3.3. Terms, conditions, prices, methodology, or other features of the Offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the Offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

4.3.4. The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.

4.3.5. The County may request presentations or interviews by Offerors, and carry out negotiations for the purpose of obtaining best and final offers. Attendance cost for presentations/interviews at the Boone County designated location shall be at the Offeror's expense. All arrangements and scheduling will be coordinated by the County.

4.3.6. The County reserves the right to contact any references to obtain without limitation, information regarding the Offeror's performance on previous projects.

2017 ORGANIZATION ASSURANCE SHEET

(Please complete and upload on the Proposal Cover Sheet in the Apricot System)

I, the undersigned, certify that the statements in this request for funding proposal application are true and complete to the best of my knowledge, and accept, as to any funds awarded, the obligation to comply with the Boone County Children's Services Board (BCCSB) and any of the Boone County Children's Services Fund's conditions specified in the funding award and contract.

I, the undersigned, certify that in addition to the conditions mentioned above, will maintain accepted accounting procedures to provide for accurate and timely recording of receipt of funds, expenditures, and of unexpended balances. I, the undersigned, further certify I have and will make available, upon request, the following documentation for accuracy and validity:

- Certificate of Corporate Good Standing
- Organization Strategic Plan
- Organization Policy of Non-Discrimination
- Organization Policy for Screening of Staff and Volunteers for Child Abuse and Neglect
- Organization Statement of Confidentiality

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

**(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR
CERTIFICATION)**

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or Organization.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

AGREEMENT FOR PURCHASE OF SERVICES

Purchase of Service Contract Access to Healthy Food

THIS AGREEMENT dated the 28th day of December, 2017 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, on behalf of the Boone County Children's Services Board, herein "**BCCSB**" and **Sustainable Farms & Communities, Inc.** a tax-exempt, not organized for profit organization or governmental entity, hereinafter referred to as **SF&C**.

WHEREAS, the BCCSB, under the provisions of 67.1775 and 210.861 of the Revised Statutes of Missouri, has the right to expend monies from the Children's Services Fund (CSF) for the purposes of funding services to children and youth 19 years of age and younger, and their families residing in Boone County; and

WHEREAS, SF&C has submitted a complete Request for Funding Proposal Application to the BCCSB detailing the services and other supports to be provided; and

WHEREAS, the BCCSB has approved the Request for Funding Proposal in whole or in part as hereinafter set forth.

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

FUNDING ALLOCATION FOR SERVICES RENDERED BY SF&C

SF&C is expected to the greatest extent possible to maximize funding from all other sources. SF&C shall periodically, upon request, furnish to the BCCSB information as to its efforts to obtain such other sources of funding. SF&C shall only request reimbursement for services not reimbursable by any other source. SF&C shall not invoice the Children's Services Fund for units of service invoiced to another funding source. SF&C shall provide documentation and assurance to the BCCSB that requests for reimbursement from the CSF is not a duplication of reimbursement from any other source of funding.

1. **BCCSB Funding Policy.** The BCCSB Funding Policy is to be taken as part of this formal contract and is incorporated as if fully set forth herein.

2. **Contract Documents.** SF&C will perform the services and carry out the activities as set forth in this agreement. This agreement shall consist of the Request for Proposal #30-20JUL17 (Purchase of Service Contracts), any addenda, and SF&C's response to the County of Boone's Request for Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses. All such documents shall constitute the contract documents, which are attached hereto and incorporated herein for reference. In the event of conflict between any of the foregoing documents, the terms, conditions, provisions, and requirements contained in this Agreement shall prevail and control over SF&C's Proposal, Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Responses.

3. **Purchase.** The BCCSB agrees to purchase from SF&C and SF&C agrees to furnish the **Access to Healthy Food** for children and youth nineteen years of age or less and their families, as described and in compliance with the original Request for Proposal and as presented in SF&C's response. Services/deliverables shall be provided as outlined in the attached proposal response(s). The total allowable compensation under this agreement shall not exceed **\$48,250.00** unless compensation for specific identified additional services is authorized and approved by BCCSB in writing in advance of rendition of such services for which additional compensation is requested.

4. **Contract Duration.** This agreement shall commence on the date of **January 1, 2018** and extend through **December 31, 2018** subject to the provisions for termination specified below. SF&C agrees and understands that the BCCSB may require supplemental information to be submitted at the request of BCCSB.

This contract may at the sole discretion of the BCCSB and with the agreement of SF&C be renewed for **an additional one (1), one-year period**. SF&C agrees and understands that the BCCSB may require supplemental information to be submitted by SF&C prior to any renewal of this agreement.

5. **Billing and Payment.** For the Purchase of Service Contract, the unit rate for services is the mutually agreed upon unit rate as provided in the table below.

Service Description	Unit Measurement	Unit Rate	Proposed # of Units	Total Amount Requested
SNAP/WIC Matching	One voucher	\$1.25	33,800	\$42,250.00
Professional Services	One hour	\$12.00	500	\$6,000.00

All billing shall be invoiced to BCCSB monthly by the 10th of the month following the month for which services were provided. The BCCSB agrees to pay all monthly statements within thirty days of receipt of a correct and valid invoice/monthly statement. In the event of a billing dispute, the BCCSB reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of SF&C, the BCCSB agrees to pay interest at a rate

of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. **Availability of Funds.** Payments under this contract are dependent upon the availability of funds or as otherwise determined by the BCCSB. This contract can be terminated if funding becomes unavailable in whole or in part for cause shown, and the BCCSB shall have no obligation to continue payment.

REPORTING, MONITORING, AND MODIFICATION

7. **Reporting.** The BCCSB shall utilize the Request for Funding Proposal Application and the Requests for Clarification, responses to Requests for Clarification, Requests for Additional Information, and Best and Final Offer Response, as submitted by SF&C to monitor service delivery and program expenditures. SF&C agrees to submit to the BCCSB an Interim Report by July 31, 2018 for the period of January 1, 2018 through June 30, 2018 and a Year End Final Report by January 31, 2019, for the period of January 1, 2018 through December 31, 2018. Variations on this date may be requested by SF&C and, if so stipulated, are noted on this contract document. Payments may be withheld from SF&C if reports designated here are not submitted on time, until such time as the reports are filed and approved. Reporting requirements will include but are not limited to information regarding agencies' outcomes and indicators, client demographic information, and other information and data deemed appropriate by the BCCSB. SF&C agrees to submit its reports through the Apricot by Social Solutions funding management system or another format if requested.

8. **Audits.** SF&C also agrees to make available to the BCCSB a copy of its annual audit within four months after the close of SF&C's fiscal year. The audit must be performed by an independent individual or firm licensed by the Missouri State Board of Accountancy. The audit is to include a complete accounting for funds covered by this agreement in accordance with generally accepted accounting principles. In addition, the BCCSB requires that the management report of any audit as it relates to BCCSB program activities be made available to BCCSB as part of the required audit. Payment may be withheld from SF&C, if reports designated here are not made available upon request. Audits shall be uploaded to the Organization Profile in the Apricot System and continually kept up to date.

9. **Monitoring.** SF&C agrees to permit the BCCSB, the Director of the Community Services Department and any staff of the Community Services Department, or designee of the BCCSB to monitor, survey and inspect SF&C's services, activities, programs, and client records, to determine compliance and performance with this contract, except as prohibited by laws protecting client confidentiality. In addition, SF&C hereby agrees that, upon notice of forty-eight (48) hours, it will make available to the BCCSB or its designee(s) all records, facilities, and personnel, for auditing, inspection, and interviewing, to determine the status of service, activities and programs covered hereunder, expenditure of CSF funds and all other matters set forth in the contract.

10. **Modification or Amendment.** In the event SF&C requests to make any change, modification, or an amendment to funded services, one-time items, activities, and/or programs covered by this contract, a request of the proposed modification or amendment must be submitted in writing to the Director of Community Services to share with the BCCSB for approval. A board resolution from SF&C may be required with the request. For consideration of a request to modify or amend the contract, requests to the BCCSB must be submitted in writing at least two weeks prior to a regularly scheduled BCCSB meeting.

OTHER TERMS OF THIS CONTRACT

11. **Violation of Client Rights.** Any alleged case of a violation of a client's rights in a program funded through the Children's Services Fund shall be investigated in accordance with SF&C's policies and procedures and in accordance with any local/state/federal regulations. SF&C agrees to notify the BCCSB through the Director of Community Services of any such incidents that have been reported to the appropriate governmental body and must also authorize the governmental body to notify the BCCSB of any substantiated allegations. SF&C must comply with Missouri law regarding confidentiality of client records.

12. **Discrimination.** SF&C will refrain from discrimination on the basis of race, color, religion, sex, national origin, ancestry, disability, age, sexual orientation, genetic information, and familial status and comply will applicable provisions of federal and state laws, county or municipal statutes or ordinances, which prohibit discrimination in employment and the delivery of services.

13. **CSF to be used for Services Provided.** SF&C agrees that the CSF funds shall be used exclusively for the services provided to children and youth 19 years of age or less and their families and for administrative costs directly related to SF&C's provision of such services.

14. **Accreditation/Licensure/Certifications.** SF&C must comply with all state/federal certification and licensing requirements and all applicable federal, state, and local laws and must remain in "good standing" with the applicable oversight entity.

15. **Conflict of Interest.** SF&C agrees that no member of its Board of Directors or its employees now has, or will in the future, have any conflict of interest between himself/herself and SF&C, and this shall include any transaction in which SF&C is a party, including the subject matter of this contract. Missouri law, as this term is used herein, shall define "Conflict of Interest".

16. **Subcontracts.** SF&C may enter into subcontracts for components of the contracted service as SF&C deems necessary within the terms of the contract. All such subcontracts require the written approval of the BCCSB or their designated representative. In performing all services under the resulting contract agreement, SF&C shall comply with all local, state, and federal laws. Any subcontractor shall be subject to the audit/monitoring requirements stated herein and all other conditions and requirements of this contract agreement.

17. **Employment of Unauthorized Aliens Prohibited.** SF&C agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. SF&C shall require each subcontractor to affirmatively state in its Agreement with the SF&C that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Provider shall also require each subcontractor to provide SF&C a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

18. **Litigation.** SF&C agrees that there is no litigation, claim, consent order, settlement agreement, investigation, challenge, or other proceeding pending or threatened against SF&C or any individual acting on the SF&C's behalf, including subcontractors, which seek to enjoin or prohibit SF&C from entering into this contract agreement of performing its obligations under this agreement.

19. **Board Ownership.** If SF&C ceases to be funded by the BCCSB or ceases to provide programs and services for Boone County children, youth, and their families, pursuant to this contract, all capital equipment, materials, and buildings purchased with CSF funds shall be returned to Boone County unless so otherwise approved by a majority vote of the BCCSB. In addition, if SF&C no longer uses capital equipment, materials, or buildings purchased with CSF funds for its original intent, SF&C will need BCCSB approval to re-direct the use of such.

20. **Failure to Perform/Default.** In the event SF&C, at anytime, fails or refuses to perform according to the terms of this contract, as determined by the BCCSB, such failure or refusal shall constitute a default hereunder, and the BCCSB will be relieved of any further obligation to make payments to SF&C as set out herein. This contract will be terminated at the option of the BCCSB.

21. **Termination.** This Contract may be terminated, with or without cause, by either party upon thirty (30) days written notice to the other party. In addition, this agreement may be terminated by the BCCSB upon 15 days' advance written notice for any of the following reasons or under any of the following circumstances:

a. BCCSB may terminate this agreement due to material breach of any term or condition of this agreement, or

b. BCCSB may terminate this agreement if key personnel providing services are changed such that in the opinion of the BCCSB delivery of services are or will be delayed or impaired, or if services are otherwise not in conformity with proposal specification, or if services are deficient in quality in the sole judgment of BCCSB, or

c. BCCSB may terminate this agreement should SF&C fail substantially to perform in accordance with its terms through no fault of the party initiating the termination, or

d. If appropriations are not made available and budgeted for any calendar year to fund this agreement.

Upon receipt of notice of termination, SF&C shall make every effort to reduce or cancel outstanding commitments and shall incur no additional expenses. BCCSB shall reimburse the SF&C for outstanding expenses incurred up to the date of termination, including uncancellable obligations and reasonable termination costs, but in no event, will such costs exceed the total funds presently allocated to this Contract.

22. Indemnification. To the extent permitted under Missouri law, SF&C agrees to hold harmless, defend and indemnify the BCCSB, the County, its directors, agents, and employees from and against all claims arising by reason of any act or failure to act, negligent or otherwise, of **Sustainable Farms & Communities, Inc.** (meaning anyone, including but not limited to consultants having a contract with SF&C or subcontractor for part of the services), or anyone directly or indirectly employed by SF&C, or of anyone for whose acts SF&C may be liable in connection with providing these services. This provision does not, however, require Contractor to indemnify, hold harmless, or defend the County of Boone from its negligence.

23. Publicity by the Organization. SF&C shall notify the BCCSB of contact with the media regarding CSF funded programs or profiles of participants in CSF funded programs. SF&C will acknowledge the BCCSB as a funding source whenever publicizing CSF funded programs. SF&C will collaborate with the BCCSB to inform the community about the ways its tax dollars are being invested in services and supports. SF&C agrees to acknowledge the Children's Services Fund as a funding source on written and electronic publications including brochures, annual reports, and newsletters.

24. Independence. This contract does not create a partnership, joint venture, or any other form of joint relationship between the BCCSB and SF&C. The BCCSB does not recognize any of the SF&C's employees, agents, or volunteers as those of the BCCSB.

25. Binding Effect. This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

26. Entire Agreement. This agreement constitutes the entire agreement between the parties and supersedes any prior negotiations, written or verbal, and other proposal or contractual agreement. This agreement may only be amended by a signed writing executed with the same formality as this agreement.

27. Record Retention Clause. SF&C shall keep and maintain all records relating to this contract agreement sufficient to verify the delivery of services in accordance with the terms of this agreement for a period of three (3) years following expiration of this agreement and any applicable renewal.

28. **Notice.** Any written notice or communication to the BCCSB shall be mailed or delivered to:

Organization	Sustainable Farms and Communities, Inc.
Name of Program	Access to Healthy Foods

Program Services	
-------------------------	--

Service 1 – SNAP/WIC Matching

1. Service 1/Unit Rate – In the Clarification #1 response you have listed the Unit Rate as \$1.25.
Action Required: In our current contract, we have paid a \$1.00 for \$1.00 match. Provide an explanation, in the field below, explaining why the Unit Rate is listed at \$1.25, not at \$1.00.

<p>The previous contract had a unit rate of \$25/match voucher. It became clear to SF&C that (1) many clients did not use the full allowable match/visit and (2) the “provision of a voucher” actually cost more in transaction costs than was allowable under the prior contract. So, this figure has been changed to reflect the procedure recommended by the Boone County Office of Community Services and now includes a voucher figure of a base amount flexible enough to cover any SNAP/WIC redemption made by clients (\$1.00) plus an amount to cover transaction and program operations costs/voucher (\$0.25). As explained in the proposal, the transactions and operations costs involve staffing for supervision of volunteers, communications, printing, supplies and other expenses typically incurred in the operations/administration of program services.</p>

RE: Written Clarification #2 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Mr. Pigg:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 21, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymmo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

A handwritten signature in cursive script, appearing to read "Melinda Bobbitt".

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

BOONE COUNTY – MISSOURIPROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – *Purchase of Service Contracts***WRITTEN CLARIFICATION FORM #1**

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Sustainable Farms & Communities
Name of Program	Access to Healthy Food

Proposal Cover Sheet	
-----------------------------	--

1. The signed addendums are not provided on the Proposal Cover Sheet. The E-Verify was uploaded in its place.

Action Required: Provide the signed addendums with the required signatures on all three pages.

Addendums attached to this form.

Program Overview Form	
------------------------------	--

2. Are adults who are over the age of 20 and who do NOT have children, eligible for the Access to Healthy Food Program from any other funding source? If so, there is no way to capture these individuals in the Consumer Demographics section.

Adults without children are not eligible for AHF benefits and SF&C does not have the capacity to raise sufficient funds from other sources to support this audience. Since April, this population has received support from the Double Up Bucks program under a contract held by the Columbia Farmers Market; however, SF&C is not a party to that contract. This means this audience is not counted in the consumer demographics section unless the family also qualifies for AHF. Only the household members of qualifying individuals/families are included in this compilation. For example, pregnant women may qualify for WIC and are accepted into the AHF program until such time as their baby is born. Then the baby becomes the WIC registrant rather than the parent—which complicates our administrative bookkeeping. An exception is the population of seniors and disabled residents whom SF&C serves using funds raised from local events and community donations. On occasion there are small grants available that can also be used to support this population. Seniors/disabled were not counted in the BCCSB reporting system; neither are patrons who do not live in Boone County because BCCSB contract funding does not accommodate these individuals. Since it appears BCCSB wants to know the total served by the program regardless of funding source, these patrons will be reported in the total numbers.

Action Required: If these individuals are eligible for the Access to Healthy Food Program, clarify the total number of individuals to be served and the funding source providing matching for these individuals in the field below.

3. The residence total in the Consumer Demographics section lists 1,315 but the total number of unduplicated individuals to be served in the Program Consumer and remaining demographic totals is 1,300. The total should include all individuals to be served for the whole program, including those from other counties covered through another funding source.

Action Required: Provide clarification on the funding source for the 15 residents from other counties. The Consumer Demographics will need to be updated during final negotiations.

The 1,300 figure is what is planned to be served via BCCSB funding. Any patrons who enroll from another county (estimated at 15) are supported via community donations, small grants from sources other than BCCSB, and local fundraising events. Therefore, using the guidance above, the Demographics section should register as 1315 rather than 1300.

4. Program Personnel table lists the AHF Program Associate being paid \$24,000. This position is not included on the Employee Compensation table on the Organizational Profile.

Action Required: Provide clarification on why the AHF Program Associate is not listed on the Organizational Profile. Update the Employee Compensation table on Apricot. (really?)

The Program Associate is not associated with the AHF program but is employed under a grant from the USDA/FNS to promote SNAP use at the farmers markets in Columbia, Centralia and Ashland. The Associate is paid from this grant, awarded in October, 2015 and ending in January, 2018. Therefore, this position was listed inappropriately on the organizational profile since this information does not relate to the agreement/contract proposed with BCCSB and/or HMUW.

5. The Program Budget lists \$2,100,000 in revenues but does not explain how these funds are specifically utilized for this program. These revenues should be removed from the budget since funds are going towards constructing the Clary-Shy city park instead of the main purpose of this program.

Action Required: Provide clarification on how \$2,100,000.00 is being utilized. Are any funds being utilized for the Access to Healthy Foods Program?

These funds are not used by the AHF program, but represent the amount of money raised/pledged to date for the Clary-Shy Park facility. It is agreed this amount should be removed from the budget. The grant amount of \$146,983 should also be removed from the budget since it comes from the USDA grant for another program (not AHF).

6. The Program Budget lists \$5,000 from non-governmental grants but does not provide a narrative.

Action Required: Provide clarification on the non-governmental grant(s) and how these funds contribute towards implementing the Access to Health Food Program.

During the two-year contract period provided by the BCCSB funding, SF&C is committed to raising additional funds to support AHF eligible households which are not covered by BCCSB. It is anticipated that at least \$5000 can be raised from non-governmental sources in small grants for specific purposes in support of the AHF program.

7. The program revenues equal \$69,720 without the \$2,100,000 factored into the budget. The total program expenses are listed at \$12,720. The cost of providing vouchers does not seem to be factored into the program expenses.

Action Required: Provide clarification on the cost of providing vouchers for the program. This amount should be included into the total program expenses.

It was understood that the "total program expense" section related only to non-voucher expenses such as part-time staff, communications, printing, marketing, etc. The section above this (in Apricot) appeared to be more relevant to the listing of the voucher expense. The voucher expense can, of course be listed as part of the total program expense. The voucher (only) amount would then be \$42,000. However, the cost of providing the individual voucher is listed as \$1.26. This amount includes the voucher cost and what it takes in program expense to provide each voucher dollar (\$12,720). For example, providing \$25 in vouchers as a typical match actually costs SF&C \$31.50 to deliver. The total program expense covers those households/individuals who are not covered by BCCSB funds.

Program Services Form (1-5)

Service 1

8. The outputs need to include number for the whole program, including individuals funded through any other source. These include adults without children in the home and/or elderly. The Funding Request section mentions seniors/disabled but the wording is unclear.

Action Required: Provide clarification on the number of units to be provided and whether it includes other populations. Complete the "Service Change Chart" for Service 1 with the updated outputs. The Funding Request section is where the total number of units and funding request amount is provided specifically for the Boone County Children's Services Fund. (in apricot??)

This requirement was not clear in the instruction guide. Only those eligible to be served via BCCSB resources were "counted" in the outputs section. However, the total AHF population served can be included if desired once Apricot is reopened for amendment.

Service 2

9. The services listed SNAP/WIC Matching for both services. Service 2 needs to be changed to "Professional Services" to differentiate the costs of the program and for invoicing purposes.

Action Required: Complete the 'Service Change Chart' for Service 2 with the correct service name. Provide any further comments in the field below.

This change will be made.

10. The performance measures for Service 2 need to be worked on. Indicator (2-2) and (2-4) do not provide measurable indicators.

Action Required: Add Indicator (1-1) from Service 1 to one of the indicators for Service 2.

Complete the 'Service Change Chart' for Service 2 with updated performance measures. Provide any further comments in the field below.

See chart below for changes made.

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

11. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

Service Change Chart			
Organization Name: Sustainable Farms & Communities			
Program Name: Access to Healthy Food			
Service #1 – Taxonomy of Service Name: SNAP/WIC Matching			
Service #1 – Taxonomy Definition of Service: Provision of additional funding for recipients of SNAP and WIC benefits to purchase nutritious food.			
Provide a detailed description of the proposed service: SF&C, via the Access to Healthy Food program, will provide vouchers worth up to \$25 to SNAP/WIC recipients with children up to 19 years of age who redeem their benefits at the Columbia Farmers Market weekly. AHF clients enroll beginning in January of each year, presenting their SNAP cards or WIC documents to AHF staff. They are provided an ID card so that the Columbia Farmers Market staff will recognize they have been successfully enrolled and are eligible for AHF vouchers. AHF staff (volunteers, interns and a coordinator/supervisor) handle the enrollment process, data entry and basic analysis for reports, marketing and communication. The AHF staff is overseen by a member of the SF&C Board of Directors.			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One Voucher	1.25	33,800	1335
Funding Request			
Amount Requested to Boone County:		Proposed Number of Units of Service:	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
1.1 The number of vouchers issued to participants to match SNAP/WIC benefits will increase	1.1a The average number of vouchers claimed weekly will increase 25% in 2018.	1.1b Records provided by Columbia Farmers Market as required by SNAP agency.	
1.2 Voucher users will experience lower rates of stress related to food insecurity that at the time of enrollment.	1.2a At least 25% of AHF participants will report a reduction in stress levels after six months' participation.	1.2b Comparative scores on stress measure included in telephone survey and enrollment form.	
1.3 AHF voucher users will report changes in health status benefitting one or more family members as a result of participation.	1.3a At least 25% of AHF participants will report some change in health they attribute to AHF program participation.	1.3b Self-report from telephone survey open-ended question and yes/no question.	

1.4 AHF participants will increase their utilization rate of their vouchers to at least twice/month on average.		1.4a 40% of participations will use their AHF vouchers at least twice/month on average during the year.	1.4b Calculated from program statistics maintained by staff.
Service Change Chart			
Organization Name: Sustainable Farms & Communities Program Name: Access to Healthy Food			
Service #2 – Taxonomy of Service Name: Professional Services			
Service #2 – Taxonomy Definition of Service: Professional organizational administrative functions such as accounting, human resources, etc.			
Provide a detailed description of the proposed service: 			
Outputs			
Unit Measure:	Unit Rate:	Total Number of Units of Service to be Provided:	Total Number of Unduplicated Individuals:
One Hour	\$12.00	500 hours	1
Funding Request			
Amount Requested to Boone County:		Proposed Number of Units of Service:	
Performance Measures			
Outcome:	Indicator:	Method of Measurement:	
2.1 Support for the enrollment process and orientation of clients in the AHF program will be provided.	2.1a Access to Healthy Food will have at least one volunteer/intern serve at the AHF enrollment booth at the Saturday farmers market	1.1b Track the frequency of volunteers serving at the Access to Healthy Food table on Saturdays at the market via Google docs and Google Calendar	
2.2 Three volunteers/interns will be qualified to serve on the AHF team	2.2a 10 volunteers/ interns will complete orientation before active service	2.2b Completed paperwork distributed during orientation	
2.3 Volunteers/interns are in compliance with SF&C and AHF policies and procedures	2.3a 95% of all volunteers and interns will have all hours tracked and no unsatisfactory client/partner relationships reported	2.3b Tracked data- hours and AHF paperwork; feedback from partners	

2.4 The number of vouchers issued to participants to match SNAP/WIC benefits will increase	2.4a Delivery of 2000 AHF pamphlets to local community organizations by December 31,2018; post biweekly social media promotional and educational materials; track & record number of vouchers provided weekly.	2.4b Track distribution and organizations distributed to using Google Sheets and Excel workbooks organized by monthly redemptions.

Program Outputs and Funding Request Tables – Best and Final Offer

Action Required: Complete the following tables based on your best and final offer for all services. The information must reflect the changes that were requested.

Organization Name: Sustainable Farms & Communities				
Program Name: Access to Healthy Food				
Program Outputs from all funding sources (including Children's Services Fund):				
Service:	Unit Measure:	Unit Rate:	Total # of Units to be Provided:	Total # of Unduplicated Individuals
Provision of voucher	One voucher	\$1.25	33,800	1335
Professional Services	One hour	\$12.00	500	1
Funding Request to Children's Service Fund:				
Service:	Amount Requested to Boone County:		Proposed # of Units of Service:	
Provision of a Voucher	\$49,100		33,800	
Professional Services	\$6,000		1	
Development/Start Up Service Funding				
Total Amount Requested to Boone County:	\$55,100			

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #1 - Issued June 26, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum ***should be acknowledged*** and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

- I. The deadline for additional questions regarding this RFP is 5:00 p.m., July 6, 2017.
- II. Sign-In Sheets from the pre-proposal conference on June 21 are attached for informational purpose.
- III. The County received the following questions and is providing a response:
 - a. May Offerors submit multiple proposals if they are for different types of programs? For instance, if the programs are meant to target different audiences or offered in different settings via different delivery protocol? Or, if one might be a program that's a part of a coalition of service providers to the community at large, while the other would be a program the offeror provides directly in schools?
Response: Multiple proposals may be submitted for different programs. Programs should be differentiated by services and outcomes.
 - b. As a small organization with less than \$50,000 a year in income, will a financial review performed by a CPA be acceptable along with a 990 Long Form instead of a CPA audit as evidence of good fiscal responsibility?
Response: The Organization Profile/Financial Information requires that an organization uploads their most recently completed Financial Statement and corresponding communications (required for audited statements). Financial Statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit). All applicable state and federal laws must be followed.
 - c. Will we have to provide proof of worker's compensation insurance since we don't have five (5) employees?

Response: Yes

- d. Does accepting the grant, change the status of our board members from volunteer advisory members, to employers and supervisory members?

Response: The County does not issue grants. Entering into a contract with the County does not change the status board members. The status of your board members should be in compliance with state and federal laws.

- e. If we don't use all the funds in one year, can they be carried over to the next year?

Response: No

- f. Can we see how previous proposals have been prepared?

Response: Request for Proposal 25-15JUN15 – *Purchase of Service Contracts* was awarded in 2015. To make an appointment to view this file with the proposal responses received, contact the Boone County Clerk's office, Mike Yaquinto, Phone: (573) 886-4297 or e-mail: MYaquinto@booncountymmo.org.

- g. Can we see how to prepare a service unit cost plan? (We have been grant funded to date so this is our first experience in applying in this arena?) Can we receive schooling in how to do this?

Response: Conduct a time and resource study for each service and assign an overall cost to each service. Divide the overall cost by the anticipated number of units to be delivered.

Example

SERVICE: Parenting Skills Training

UNIT MEASUREMENT: One hour

PROGRAM EXPENSES:

4 staff x .25 FTE= \$50,000

Materials= \$2,500

Indirect Expenses = \$7,500 (rent, telephone, utilities, human resources, etc.)

TOTAL PROGRAM EXPENSES= \$60,000

TOTAL # OF ANTICIPATED UNITS= 1,500

TOTAL # OF UNDUPLICATED INDIVIDUALS TO BE SERVED: 500

UNIT OF SERVICE RATE= \$60,000 ÷ 1,500= \$40/per hour

The unit rate shown above is an examples only, this is not a recommended unit rate. Unit rates will vary depending on type of service, duration of service, level of qualification to provide service, etc. An explanation and justification for proposed Unit Rates should be provided in Apricot/Program Service under the Outputs section for each proposed service. Please note that reimbursement will only be given for services actually provided.

Refer to the Boone County Children's Services Board Funding Policy on the Boone County website at:
<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- h. Are there public records or resources we can find to help guide us in preparing an excellent proposal to the RFP?

Response: Review the Apricot Instructions/Proposal Submission Instructions. These instructions can be found in Apricot under the Shared Files tab.

- i. What does it mean for Offeror to state validity of proposals beyond 120-day minimum?

Response: We request your proposal response be valid for a minimum of 120 days since it takes several months for evaluation and award of contract(s). If your proposal response is valid (does not expire) for a period of time beyond 120 days, please note this period in your proposal response.

- j. If the organization has never received federal funds (or had any employees), how do they complete Attachment B and Attachment C?

Response: In regard to Attachment B, the County is seeking to verify that any organization we enter into a contract with has never been debarred from doing business with the Federal government. Please complete and return Attachment B. For Attachment C, awarded contractors will have to complete and return at time of contract.

- k. If administrative office is not ADA accessible, but access to meeting room is, do we say yes we are ADA accessible?

Response: No, administrative and program facilities must both be accessible. If the administrative offices are not accessible, upload an Americans with Disabilities Act (ADA) Plan of Accommodation and a Transition Plan.

- l. Does the 3rd party financial audit have to be done by July 19th? If we have been reviewed by HMUW for four years by their financial committee, is that considered a third-party review? Along with a CPA review letter and a long form 990 for less than \$50K a year? Would that enable us to meet the minimum eligibility requirements?

Response: No, the audit does not need to be finished by July 19th. No, the HMUW Financial Committee's review does not count as a third-party review. At a minimum, all applicable state and federal laws must be followed.

- m. If we are funded, would we place future fees for audits into the budget request for FY2018?

Response: The cost of the audit should be included in the unit rate for services.

- n. If we are to match each one of our program services to one of the Boone County taxonomy then what taxonomy service would we use for daily grant coordination needs (i.e., data administration /collection and entry, report writing, program meetings, program recruitment, community meetings and awareness of the program, etc.)

Response: The Boone County Children's Board Funding Policy states that indirect expenses/administrative cost must be limited to 15% of salary expense only (salary does not include benefits). Indirect/administrative expenses include general organizational expenses such as management time, finance, human resources, or other support services effort, liability insurance, facility rent/lease, postage, telephone, utilities, etc. These costs should be figured in the unit rate for the service(s). There will not be a separate percentage paid for indirect/administrative costs. Administrative costs are not billed separately but should be figured into each unit rate in an amount not to exceed 15% of salary expenses only. Click on the attached link to review:
<http://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>

- o. Does each program service have to of been one of described taxonomy?

Response: The directions under each service state the you should "choose the service and description that best fits the overall description of the proposed service."

- p. Does the board have interest in funding programs that will be training others in the community? If so, what competencies are they intending to build up?

Response: Yes, this Request for Proposal is seeking to invest in meaningful services to children, youth, and families that utilizes multiple effective strategies. Proposals will be accepted for any statutorily eligible service area.

- q. If we had a funded program last year and are re-applying do you want outcome data for 2016 only or for 2017 (up to June 30th)?

Response: We need clarification for this question. Is there a specific question that this is referencing? Please submit this question to Melinda Bobbitt at mbobbitt@boonecountymn.org.

- r. If a program educates and coaches one group of consumers (early childcare providers) that serves another group of consumers (children in preschool settings), which group would be considered the "Program Consumers" as well as which group would consumer demographics be collected? Or would both groups be "Program Consumers."

Response: In this example, the program consumers would be the early childhood care providers and would be listed under the Individuals Trained section.

- s. The RFP states to be eligible for funding from the Children's Services Fund organizations must: "Require annual background checks, including child abuse and neglect screenings on all employees and volunteers".

At The Food Bank, all new employees have a criminal background check.

Volunteers who are completing community service, work study and service learning programs are screened. We don't have a screening procedure for general volunteers. We are using an online program (C.E.R.V.I.S) that allows volunteers to set up a profile and schedule their time. However, none of our employees or volunteers work directly with children. Children who receive food at one of our pantries are represented by a parent or guardian and Buddy Packs are distributed by schools. Could you please let me know if this requirement presents us from being eligible to apply?

Response: Any paid employees funded with Children's Services Fund must receive a criminal background check.

- t. Can applications use special reports from WE CCAN?

Response: No, the WE CCAN special reports were draft forms and no longer available.

- u. Do consumer demographics need to be for all program consumers or only Boone County consumers?

Response: Yes, the consumer demographics need to be for all program consumers. The total number of consumers in each demographic section must equal the total number of unduplicated individuals served by the proposed program.

- v. What is the amount of time the proposal should cover?

Response: The proposal should cover January 1 through December 31, 2018.

- w. Do you enter volunteers in the "Program Personnel" section if they are unpaid?

Response: No, volunteers are not considered personnel.

- x. How should staff from another organization be included in Program Personnel if the program is collaborating with another program or organization?

Response: Staff from other organizations should not be included in Program Personnel. If you're collaborating to the point of having a MOU with another provider, the information about the subcontracted or partner's organization needs to be included in the MOU. Any MOUs should be reflective of the information expected in the proposal.

- y. How do you clarify more than one staff member with the same position in the Program Personnel section?

Response: The number of FTE is adjusted to equal the number of staff for that position.

- z. Can you use multiple services in the taxonomy?

Response: Yes, multiple services can be used from the taxonomy.

- aa. If a program is using volunteers, does the unit of service rate factor in what the cost would be if volunteers were paid personnel?

Response: No, service unit rates should be reflective of the actual cost to deliver the services.

bb. Can we access the Developing Unit of Service Rate instructions?

Response: Yes, the Developing Unit of Service Rate instructions were added as an addendum and uploaded under My Shared Files on Apricot.

cc. What do you enter for Program Personnel if volunteers run the program?

Response: Nothing, volunteers are not considered personnel.

dd. Does money from another source for a different program need to be included in the Other Funders Chart?

Response: No, the Other Funders Chart should only include funds that are currently paying for services in the proposed program from the City, County, and/or Heart of Missouri United Way.

ee. Please clarify what you mean by “currently” in the amount received from other funders.

Response: “Currently” refers to funds contracted at this time

ff. Please clarify on the difference between collaboration and subcontracting.

Response: Collaboration enhances and increases access of services for clients between organizations. Subcontracting allows an external organization to provide services.

gg. Can you list more than one service from the taxonomy in one service name?

Response: No, each service must be entered separately.

hh. Can an application have more than 10 services?

Response: Yes, upon request to the Boone County Community Services Department.

ii. How can outcomes be written for assessments and screenings?

Response: Assessments and screenings are evidence based tools defined in the taxonomy. Please, differentiate screenings for program intake from evidence based screening tools. Screenings for program intake would not be a separate service and should be included in the unit rate of the actual service.

jj. Are there any significant format changes in the application from previous RFPs?

Response: Yes, format changes can be compared to previous applications.

kk. Do previous applicants have an advantage over first-time applicants?

Response: No, every applicant is utilizing the same, updated forms on Apricot.

ll. Can previous applications be viewed?

Response: Yes.

mm. How do we contact the Boone County Community Services Department?

Response: Contact information can be found in the RFP.

nn. What questions can be answered directly?

Response: Questions pertaining to the RFP must be submitted in writing to Melinda Bobbit, CPPS, CPPB, Director of Purchasing. Contact information can be found in the RFP. Technical questions related to Apricot can be answered directly by the Boone County Community Services Department.

oo. What is required for a renewal?

Response: Compliance with the contract and performance of proposed outcomes and deliverables.

pp. Can the sign-in sheet from the Information Session be accessed for collaboration purposes?

Response: Yes, the sign-in sheet is attached to this addendum.

qq. How do you apply if services are subcontracted?

Response: The lead applicant would enter MOUs with organizations they plan to collaborate or partner with.

rr. Regarding 3.5 Minimum Eligibility Requirements:

This states that agencies must, at a minimum meet the following criteria to be eligible for funding and lists the following requirement.

- Be certified, accredited or licensed in the services for which funds are requested

If there is no certification, accreditation or licensing in the services for which funds are requested how can this minimum be met; and/or would an agency be allowed to work toward this if one does not possess at the current time?

Response: We anticipate that some services do not need certification, accreditation, or licensing. For other services, all State and Federal laws and requirements must be followed.

ss. We are a non-profit but have just achieved that status in September 2016. Since we have been under \$50,000 in income we have not filed a 990. Also, we have not yet had a financial audit. Is this something we will need to have completed before we can submit a bid?

Response: No, these items can be uploaded to the Apricot at a later date since the organization hasn't been required by law to have these items ready.

BOONE COUNTY, MISSOURI

Request for Proposal #: 30-20JUL17 – *Purchase of Service Contracts for the Boone County Children's Services Fund*

ADDENDUM #2 - Issued July 7, 2017

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum *should be acknowledged* and submitted with Offeror's *Response Form*. Signed addendums should be uploaded in the Required Documents section of the Proposal Cover Sheet.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

I. The County received the following question and is providing a response:

- a. You included the following requested attachments:
- Attachment A 2017 Organization Assurance Sheet
 - Attachment B Certification Regarding Debarment, Suspension, Ineligibility, and Volunteer Exclusion
 - Attachment C Work Authorization Certification

I am unsure of what is being requested here. My assumption is that these are signed statements that assure that the grant requester is eligible to apply. However, the specifics of what the statements require escapes me. Is it possible for you to provide me some details of what specifically these should contain, or perhaps provide examples?

Response: For Attachment B and Attachment C, see response to question J. in Addendum #1. Attachment A, is used to certify that the organization will follow the policies developed by the Boone County Children's Services Board (BCCSB) and, if funded, all conditions that are outlined in the funding agreement. It also certifies that organizations follow accepted accounting procedures. The documents listed in Attachment A must be provided upon request, typically during a site-visit. All attachments must be signed by the appropriate individuals and uploaded in Apricot. The Attachment forms are attached to the RFP.

- b. We are using the worksheets provided in Apricot to work on our grant. In our previous SOAR grant we filled out the following sections Program Consumers, Consumer Demographics, Individuals Trained, Program Access, Program Quality, and Collaboration for each Program Service. Is this still the case for the new grant? The "ProgramOverview worksheet" doesn't specify if these sections need to be filled out for each Program Service.

Response: This RFP, #30-20JUL17, has been revised. The Program Overview (V3) should reflect information for all the services. The Program Service (V3) requires information for each separate service.

- c. Just to clarify the ADA accessibility issue. In accordance with federal guidelines, an agency with fewer than 15 employees is not accountable for ADA accommodation, so an agency this small would be exempt from that requirement, correct?

Response: If an organization's administrative and program facilities are not accessible to persons with disabilities per the Americans with Disability Act of 1990, then an organization must upload, in Apricot, an ADA Plan of Accommodation, and a Transition Plan. We expect that all services funded by Children's Services Funds are accessible to individuals with disabilities.

- d. We are planning for part of our project to begin in the 2018-19 school year. This means that in our Year 1 Total Request is only for 6 months of full funding, but our Year 2 Total Request would be for 12 months of full funding. What is the best way to enter this into the Program Revenue and Program Expenses sections? Since the budget is an annual budget, should we enter Year 1, which is only half funding, or Year 2 which would be a full program year?

Response: Enter the year one budget information in the Program Budget section even if it is only for six months. In the Yearly Amount Request section provide the total requests for year one and year two. Then enter an explanation in the Program Expenses Narrative section.

- e. Question regarding Section r. Service Output, question e (Total Number of Unduplicated Individuals): Three of my services are broken down by type (Individual therapy – Adult, Individual therapy – Child & Family therapy). Do I need to estimate on how many clients will receive this type of services or can I say that 125 unduplicated clients will be served in the program?

Response: Each separate service must have their own number of unduplicated individuals entered in "e" in the Service Output section.

- f. Just to clarify is it 15% of salaries or 15% of salaries and fringe.

Response: When developing a Unit of Service Rate, indirect expenses can be 15% of salaries which would include state and federal taxes. No other benefits or fringe should be included. Here is the link to the Boone County Funding Board Funding Policy:

<https://www.showmeboone.com/CommunityServices/common/pdf/BCSSBFundingPolicy.pdf>.

Attn: Kenneth Pigg, Chairperson of the Board
P.O. Box 1092
Columbia, MO 65205
lkenth80@hotmail.com

RE: Written Clarification #1 to 30-20JUL17 – *Purchase of Service Contracts*

Dear Mr. Pigg:

In accordance with section 4.3. Competitive Negotiation of Proposals of the Request for Proposal (RFP) 30-20JUL17 – *Purchase of Service Contracts*, this letter shall constitute an official request by the County of Boone – Missouri to enter into competitive negotiations with your organization. Included with this letter is a Written Clarification Form.

The Written Clarification Form contains clarification question(s) that may include: (1) a listing of the deficiencies or other concerns identified within your proposal which may not comply with the requirements of the RFP or Boone County policy, and (2) a listing of areas within your proposal which require further information and/or clarification. Your detailed clarification response should address each area identified on the clarification question list in the box located under the question(s), in the Service Change Chart, and the Program Outputs and Funding Request Tables – Best and Final Offer, as indicated.

If you have been requested to submit a Best and Final Offer (BAFO), you may now modify the pricing of your proposal and/or may change, add information, and/or modify any part of your proposal. Please understand that your response to a BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best, including a reduction or other changes in pricing.

You are requested to provide written response by **12:00 p.m. November 3, 2017** by e-mail to mbobbitt@boonecountymo.org.

You are reminded that pursuant to Section 610.021 RSMo, proposal documents are considered closed records and shall not be divulged in any manner until after a contract is executed or all proposals are

rejected. Furthermore, you and your agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all questions or comments regarding the RFP, the evaluation, etc., to Melinda Bobbitt. If you have questions regarding answering the written clarification questions or to set up a face-to-face meeting, please contact Melinda Bobbitt at mbobbitt@boonecountymo.org or (573) 886-4391 as soon as possible. Neither you nor your agents may contact any other County employee or Boone County Children's Services Board Member regarding any of these matters during the negotiation and evaluation process. Inappropriate contacts or release of information about your proposal response are grounds for suspension and/or exclusion from specific procurements.

Sincerely,

Melinda Bobbitt, CPPO, CPPB
Director of Purchasing

Kathryn Roberts – oh_k_o2002@yahoo.com

Attachments: Written Clarification Form #1

BOONE COUNTY – MISSOURI

PROPOSAL NUMBER AND DESCRIPTION: #30-20JUL17 – Purchase of Service Contracts

WRITTEN CLARIFICATION FORM #1

This Clarification is issued in accordance with the Instructions to Offeror and is hereby incorporated into and made a part of the Request for Proposal Documents. Offeror is reminded that receipt of this Clarification must be acknowledged and submitted by e-mail to mbobbitt@boonecountymo.org.

All information must be provided as the best and final offer for this proposed program.

Organization	Sustainable Farms & Communities
Name of Program	Access to Healthy Food

Proposal Cover Sheet	
-----------------------------	--

1. The signed addendums are not provided on the Proposal Cover Sheet. The E-Verify was uploaded in its place.

Action Required: Provide the signed addendums with the required signatures on all three pages.

--

Program Overview Form	
------------------------------	--

2. Are adults who are over the age of 20 and who do NOT have children, eligible for the Access to Healthy Food Program from any other funding source? If so, there is no way to capture these individuals in the Consumer Demographics section.

Action Required: If these individuals are eligible for the Access to Healthy Food Program, clarify the total number of individuals to be served and the funding source providing matching for these individuals in the field below.

--

3. The residence total in the Consumer Demographics section lists 1,315 but the total number of unduplicated individuals to be served in the Program Consumer and remaining demographic totals is 1,300. The total should include all individuals to be served for the whole program, including those from other counties covered through another funding source.

Action Required: Provide clarification on the funding source for the 15 residents from other counties. The Consumer Demographics will need to be updated during final negotiations.

--

4. Program Personnel table lists the AHF Program Associate being paid \$24,000. This position is not included on the Employee Compensation table on the Organizational Profile.

Action Required: Provide clarification on why the AHF Program Associate is not listed on the Organizational Profile. Update the Employee Compensation table on Apricot.

--

5. The Program Budget lists \$2,100,000 in revenues but does not explain how these funds are specifically utilized for this program. These revenues should be removed from the budget since funds are going towards constructing the Clary-Shy city park instead of the main purpose of this program.

Action Required: Provide clarification on how \$2,100,000.00 is being utilized. Are any funds being utilized for the Access to Healthy Foods Program?

6. The Program Budget lists \$5,000 from non-governmental grants but does not provide a

--

narrative.

Action Required: Provide clarification on the non-governmental grant(s) and how these funds contribute towards implementing the Access to Health Food Program.

--

7. The program revenues equal \$69,720 without the \$2,100,000 factored into the budget. The total program expenses are listed at \$12,720. The cost of providing vouchers does not seem to be factored into the program expenses.

Action Required: Provide clarification on the cost of providing vouchers for the program. This amount should be included into the total program expenses.

--

Program Services Form (1-5)	
------------------------------------	--

Service 1

8. The outputs need to include number for the whole program, including individuals funded through any other source. These include adults without children in the home and/or elderly. The Funding Request section mentions seniors/disabled but the wording is unclear.

Action Required: Provide clarification on the number of units to be provided and whether it includes other populations. Complete the 'Service Change Chart' for Service 1 with the updated outputs. The Funding Request section is where the total number of units and funding request amount is provided specifically for the Boone County Children's Services Fund.

--

Service 2

9. The services listed SNAP/WIC Matching for both services. Service 2 needs to be changed to "Professional Services" to differentiate the costs of the program and for invoicing purposes.

Action Required: Complete the 'Service Change Chart' for Service 2 with the correct service name. Provide any further comments in the field below.

--

10. The performance measures for Service 2 need to be worked on. Indicator (2-2) and (2-4) do not provide measurable indicators.

Action Required: Add Indicator (1-1) from Service 1 to one of the indicators for Service 2. Complete the 'Service Change Chart' for Service 2 with updated performance measures. Provide any further comments in the field below.

--

Program Outputs and Funding Request Table	See attachment (REQUIRED)
--------------------------------------------------	---------------------------

11. An attachment is provided summarizing the best and final offer for program outputs and funding request amounts.

Action Required: Complete the 'Program Outputs and Funding Request Tables'.

General Information

Organization
Mission
Statement
(Purpose):

Provide your organization's mission statement. (600 character limit)

To develop and support a sustainable community food system in the Boone County area that directly connects consumers and producers with healthy food products.

Organization
History:

Provide a brief history of your organization including the number of years the organization has been in operation. (600 character limit)

Sustainable Farms & Communities was formed in 2000 and granted non-profit status by the IRS in 2003. The organization is composed of 15 Directors (when all positions are filled) who are all volunteer; SF&C employs no staff. SF&C has been pursuing the development of a permanent home for the Columbia Farmers Market as one of its objectives, but funding has not been available to make this a reality as yet. The Access to Healthy Food program began in 2011 enrolling 55 families on SNAP or WIC with young children; in 2015 over 200 enrolled in AHF and more than \$20,000 was contributed to healthy diet

Brief Statement
of Organization's
Major Goals:

Provide a brief statement of the ultimate goals toward which your organization is working. (600 character limit)

Goal 1 is to reduce hunger and promote health through the Access to Healthy Food program to reduce the effects of poverty in Boone County. Goal 2 is to promote learning about food systems and food production so that the poor, especially, can practice self-production through the development of a community agriculture learning facility in conjunction with the Columbia Dept. of Parks and Recreation.

Strategic
Plan:

Strategic Plan (MUST BE IN PDF FORMAT)

Service Area:

Briefly describe the geographic area in which your organization provides services. (600 character limit)

Boone County Missouri primarily with some services provided on an ad hoc basis to surrounding counties.

Briefly describe the population(s) served by your organization. (600 character limit)

Population Served: Access to Healthy Food, sponsored and managed by SF&C, is a "SNAP-Match" program serving SNAP and WIC eligible families with children under 12. It has operated in this fashion for four years. Next year SF&C will expand AHF eligibility to include families with children and youth under 19 years of age as well as SNAP eligible individuals over 60 and the disabled who qualify for SNAP and decide to shop at the Farmers Market. This population is all resident in Boone County and includes all races and ethnic groups.

Conflict of Interest Policy: **Does your organization have a written Conflict of Interest policy?**
yes

Whistleblower Policy: **Does your organization have a written Whistleblower policy?**
no

Business Continuity Plan: **Does your organization have a written Business Continuity plan?**

Organization Fiscal Year:

January-December

IRS Tax Exempt Status Determination Letter:

If applicable, upload the correspondence from the IRS indicating that your organization has been designated as tax exempt.

IRS Tax Exempt Status Determination Letter (MUST BE IN PDF FORMAT)

/document/download/filename/1452216688_29953_IRS_Letter.pdf/

Financial Statement:

Upload your organization's most recently completed Financial Statement and corresponding communications (required for audited statements). Financial statements must be reviewed by a qualified third party and be accompanied by a letter or report of assurance (compilation, review, or audit).

Financial Statement (MUST BE IN PDF FORMAT)

IRS 990 or 990 EZ:

Upload your organization's most recently filed 990 or 990 EZ. Please contact the City, County and/or HMUW if your organization is not required to file a 990 or 990 EZ with the IRS.

990/990 EZ (MUST BE PDF FORMAT)

Financial Policies and Procedures:

Summarize the organization's policies and procedures regarding board oversight of the organization finances. (600 character limit)

The Board of Directors reviews a complete financial record each month with detailed explanations of individual items as necessary provided by the Treasurer. This report is prepared by an external accountant on retainer to the organization. Any expenditure over \$500 requires Board approval, including contracts with other organizations or businesses. Bylaws require an annual audit as required by IRS rules.

Employees Compensation

Top Five Compensated Employees:

Please provide titles, minimum qualifications, and salary information for the organization's top five compensated employees.

FTE = Full Time Equivalent (i.e., Full-Time = 1.0 FTE, Half-Time = 0.5 FTE, etc.)

FTE = number of hours worked by employee per year/2080 (e.g., 1040/2080 = .5 FTE)

FTE should not exceed 1.0 for each employee.

Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR
CERTIFICATION)

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or Organization.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**WORK AUTHORIZATION CERTIFICATION
PURSUANT TO 285.530 RSMo
(FOR ALL AGREEMENTS IN EXCESS OF \$5,000.00)**

County of Boone)
) ss
State of Missouri)

My name is Kenneth Pigg. I am an authorized agent of Sustainable Farms & Communities (Bidder). This business is enrolled and participates in a federal work authorization program for all employees working in connection with services provided to the County. This business does not knowingly employ any person that is an unauthorized alien in connection with the services being provided. Documentation of participation in a federal work authorization program is attached hereto.

Furthermore, all subcontractors working on this contract shall affirmatively state in writing in their contracts that they are not in violation of Section 285.530.1, shall not thereafter be in violation and submit a sworn affidavit under penalty of perjury that all employees are lawfully present in the United States.

Notary Public

Attach to this form the E-Verify Memorandum of Understanding that you completed when enrolling.

**THE E-VERIFY
MEMORANDUM OF UNDERSTANDING
FOR EMPLOYERS**

**ARTICLE I
PURPOSE AND AUTHORITY**

The parties to this agreement are the Department of Homeland Security (DHS) and the Sustainable Farms & Communities, Inc. (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

**ARTICLE II
RESPONSIBILITIES**

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:
 - a. Notice of E-Verify Participation
 - b. Notice of Right to Work
2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.
3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

Company ID Number: 796721

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

Company ID Number: 796721

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

Company ID Number: 796721

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

Company ID Number: 796721

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see [M-795 \(Web\)](#)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

Company ID Number: 796721

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

- i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,
- ii. The employee's work authorization has not expired, and
- iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

- i. The Employer cannot determine that Form I-9 complies with Article II.A.6,
- ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or
- iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Company ID Number: 796721

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

- b. Photo verification checks (when available) on employees.
2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.
3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.
4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.
5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.
6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.
7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.
8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.
9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

Company ID Number: 796721

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.
4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.
6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.
2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.
4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

Company ID Number: 796721

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.
6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:
 - a. Scanning and uploading the document, or
 - b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).
7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.
8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.
2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

Company ID Number: 796721

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.
2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.
3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.
4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI PARTIES

- A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.
- B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.
