ARENA

The main building is comprised of 88,000 sq. ft, separated into two sections. The Multipurpose Room is composed of 22,000 sq. ft. and is climate controlled with a concrete floor. With a capacity of over 1400 people, this venue is suitable for concerts, trade shows, fundraisers, pageants, auctions and more. Easy loading and unloading through large overhead doors.

The remaining 66,000 sq. ft. make up the main arena and vending area. This sand and dirt footing arena is 115' x 235' with an abundant amount of concrete space for your needs. Also available in this area is a balcony, show/sale office, lounge, concession stand and restrooms. The entire space is heated in the winter and cooled with exhaust fans in the summer.
