

BOONE COUNTY, MISSOURI
Request for Proposal #02-25MAY16 – Detainee Commissary Services

ADDENDUM # 2 - Issued May 20, 2016

This addendum is issued in accordance with the RFP Response Page in the Request for Proposal and is hereby incorporated into and made a part of the Request for Proposal Documents. Offerors are reminded that receipt of this addendum **MUST be acknowledged** and submitted with Offeror's *Response Form*.

Specifications for the above noted Request for Proposal and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

1. Item 3.4.1 indicates that the County is looking for one visitation kiosk, but does not specify anything about a lobby kiosk for cash intake. Are these to be one and the same, or are they intended to be different?

They will need to be the same.

2. Item 3.33.1 indicates that the process for vetting/background/screening contractor employees will be explained at the pre-response conference (which I assume means yesterday pre-proposal conference?). If so, it didn't get addressed and I'm wondering if there is anything else that we need to know.

This is in regards to the criminal history checks of any and all employees that might need access to the facility during implementation of their products/systems. The selected vendor's staff that are entering the facility will need to have a criminal records check (including fingerprints) completed at least 30 days prior to any work being performed at the department. ID badges and photos may be required.

3. Item 4.1.1 indicates that the offeror shall provide a rate table for all products offered. I assume that this pertains to the cost of each commissary item offered? Just want to be clear on that.

Yes that is correct. Please provide a rate table for all products offered on the commissary services and vending machines, if offering this service.

4. With regard to the vending machines...does the County wish to earn commission on employee vending?

Yes, if we implement employee vending machines.

5. Can you please confirm that fees will be allowed for all deposits to inmate accounts through self-service options?
Boone County has no issues with this. Please describe in detail any fees associated with deposits and what self-service options are available.
6. Can you please provide a list of all current commissary items and their price?
Please see the attached list of commissary items available to Boone County detainees and the cost per item.
7. Can you please provide a list of all commissary items and their individual sales for the past 12 months?
Please see the attached list of commissary items available to Boone County detainees and the cost per item. A report of individual sales over the past 12 months is also attached. Additional items that the vendor sells will need to be approved by the Sheriff or his designee prior to being offered to detainees.
8. Can you please confirm that Boone County will be responsible for all wiring costs?
Boone County will be responsible for the wiring into the housing unit up to the connection to the kiosk. Boone County intends to provide the wiring needed to the various areas of the facility. The vendor will be required to install the units throughout the designated areas of the facility and complete final connections. Vendor proposals should outline what wiring or cabling requirements will be at each kiosk area throughout the facility/project.
9. Please detail what type of connections your equipment will require in your RFP response.
Vendor proposals should outline what wiring or cabling requirements will be at each kiosk area throughout the facility/project.
10. 3.20.1 Our cash deposit lockbox has a capacity of 500 bills. Is it a must that it collects 1000?
No, please outline device capacity in the proposal.
11. 3.21.7 We charge \$3.50 for cash deposits and 10% for debit/credit to cover the cost of fraudulent transactions. Is it a deal breaker to charge the transaction fees?
This is fine; please outline all fees or charges that are to be assessed in the proposal.
12. 3.21.11 Our Commissary program comes with an inmate banking and accounting software. We have the capability to write checks, etc. What is the County's banking system that our system must be capable with?
This question may need further clarification. The Sheriff's Dept. currently uses Landmark Bank and the department's inmate banking/software is in HTE SunGard JALAN. There was some internal programming done by Boone County I.T. as well.

13. 3.24.3 We have web deposits to allow family/public to add money to inmate accounts. We currently don't do this via telephone. Is this a must?
3.25.3 Please outline how your company handles deposits to an inmate accounts. This is not mandatory, but is preferred.
14. 3.25.1 We have server requirements and specs that the facility needs to have in place in order to run our software. Does the facility server meet this?
Boone County Sheriff's Department is not providing a hosted server for this service. This would need to be supplied by vendor.
15. 3.25.6 We charge an annual maintenance fee to provide 24/7/365 tech support and upgrades. We had 6 upgrades to the software last year. Does the current software provider charge an annual maintenance?
No, the current vendor does not charge an annual maintenance on upgrades. Please outline any fees associated with annual maintenance, tech support and upgrades.
16. 3.34.2 We offer 24/7 support, due to the proximity of the facility from our location, a tech cannot be on-site within 4 hours. We will deploy a technician as soon as possible. Is this agreeable?
Please outline how you plan on servicing and maintaining the system. The department's goal is to have the system online as close to 100% as possible. Outline how extended outages (software, hardware, and internet) are handled.
17. Does the County sell phone cards or provide debit calling through the commissary?
Not at this time.
18. Please confirm it is the county's intention to switch to the banking system provided by the commissary provider?
Upon approval of County Auditor and County Treasure
19. Who is the Jail Management System (JMS) provider for the County?
Sunguard/HTE
20. Please provide the following:
a. JMS company contact's phone number: 800-695-6915
21. Please confirm that the county intends to stay with the current JMS provider (and upgrade the system)?
Yes
22. Who is the current provider of the inmate phone service?
Securus
23. Please confirm that it was stated at the pre-bid meeting that the county will be putting the inmate phone service out to bid in the near future.

Although a definitive timeline for bidding or requesting proposals for the inmate phone service has not been identified, it will most likely be later in 2016.

24. Does the county currently utilize a Law Library service? If so, which one?
Currently, Detention administration answers and assists Pro Se Detainees with legal access through WestLaw.
25. Please confirm that the vendor will be allowed to place their equipment on the county's network and that the county will provide the network cabling needed.
County will provide wiring to the kiosk unit. The vendor will be allowed to place their equipment on the county's network.
26. Will the vendor have to provide their own internet service? If so, who is the county's ISP?
The vendor will need to supply their own internet service. The county's current ISP is CenturyLink.
27. Will the county secure the kiosks to the wall or will this be the vendor's responsibility?
Vendor responsibility.
28. Will the county staff be responsible for removing the cash from the booking\intake kiosk?
Yes.
29. Is the county requesting that vendors submit a proposal that includes an option to install kiosks and an option without kiosks, or is the county requiring that kiosks be installed?
Kiosk's installed.
30. Regarding, paragraph 5.1.2. "Describe how you handle any Trust Fund Accounting disputes? How many disputes have you had within the past three years?
**Q: Please clarify what the county classifies as a dispute.
Any disagreement in regards to the Trust Fund Accounting.**
31. Please confirm that county staff will be responsible for distributing the commissary orders.
Yes.
32. Please confirm, as stated during the pre-bid meeting, that the vendor will NOT be provided space within the facility for storing products for commissary and/or vending service.
Correct. Boone County will not be providing space within the facility for storing products for commissary and/or vending service.
33. Regarding 9.2. Provide your percentage mark-up from cost on commissary items for the Detainees. I would like to request that the county does NOT require vendors to submit

this information, due to the fact that this information will be shared with other companies bidding on this contract.

Request noted.

34. Would the county be interested in allowing inmates to order twice per week (instead of once)?

Yes. Could be an option in the future at some point.
