

## BOONE COUNTY, MISSOURI

### Request for Bid #: 11-19FEB16 – Point to Point Metro Ethernet Connection

#### ADDENDUM #3 - Issued February 11, 2016

This addendum is issued in accordance with the Request for Bid Response Page in the Request for Bid and is hereby incorporated into and made a part of the Request for Bid documents. Bidders are reminded that receipt of this addendum should be acknowledged and submitted with Respondent's Response Form.

Specifications for the above noted Request for Bid and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect.

**1. Where will the cable ends at each address be located?**

A switch will be provided at 780 East Highway 124 to connect the cable end. The cable end at 801 East Walnut will be on the 2<sup>nd</sup> floor in the server room.

**2. Is there an existing cable chase from the roof of the building at 801 East Walnut to the server room on the 2<sup>nd</sup> floor of the building? If not, is wall or roof penetration allowed?**

There is no existing cable chase, and the County prefers that no part of the building be penetrated for cabling purposes.

**3. Is it possible to put up a tower at 780 East Highway 124?**

A tower at this address would need to be formally approved by the Boone County Commissioners. It is unlikely that an approval would be granted prior to the bid closing date.

**4. The deadline for questions shall be 5:00 p.m. on February 17, 2016. No further questions regarding this bid will be accepted after that date.**

**5. Respondents submitting a Bid Response in an amount exceeding \$50,000.00 shall be required to furnish the following bonds:**

a. **Bid Bond** – Bidder shall include with bid a certified check, Treasurer's check or cashier's check, or a bidder's bond payable to the County of Boone for five percent (5%) of Amount of Bid. If this bid is accepted and the undersigned fails to execute the Contract and furnish a contract bond as required, then the bid guaranty shall be forfeited to the County. Bid guaranties will be returned as per Section 103.3, Missouri Standard Specifications for Highway Construction.

b. **Performance Bond & Labor and Material Payment Bond** – The successful Contractor shall pay for and furnish, when applicable, within ten (10) days

after written notice of acceptance of estimate, a Performance Bond and a Labor and Materials Payment Bond. Contractor shall provide and pay the cost of both bonds, each in the full amount of the "Not to Exceed" amount for the estimated work. Bonds shall be issued by a Surety Company licensed in Missouri, with an "A" minimum rating of performance as stated in the most current publication of Best's Key Rating Guide, Property Liability, which shall show a financial strength rating of at least five (5) times the Contract Price. Each bond shall be accompanied by a Power of Attorney authorizing the Attorney-in-Fact to bind the Surety and certified to include the date of the bond.
