Current standards of the Occupational Safety and Health Act shall be applied, as well as the requirements contained within the current MUTCD.
- 3.15.12 Legal Requirements: The contractor shall do all work in such manner as to comply with all County ordinances, and laws of the County, State, and Nation as apply to the work herein outlined. The contractor shall also obtain all necessary licenses and permits and keep necessary records as required.
- 3.15.13 Equal Opportunity: The County of Boone is an equal opportunity affirmative action employer, pursuant to federal and state law, and all respondents submitting bids shall be considered to be EEO/AA employers in compliance with federal and state laws, unless otherwise stipulated by the bidders herein. The contractor shall comply with all federal and state laws and regulations and local ordinances and that he will comply and cause each of his subcontractors, and directives pertaining to nondiscrimination against any person on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in connection with the contract, including procurement of materials and lease of equipment; therefore, in accordance with the special provisions on that subject attached hereto, incorporated in and made a part of the contract.

3.15.14 Domestic Purchasing Policy: The contractor is encouraged to select and use materials manufactured, assembled, or produced in the United States in the performance of the contract whenever the quality and price are comparable with other goods. 3.15.15 Overhead Line Protection: The contractor is aware of the provisions of the Overhead Power Line Safety Act, 319.075 to 319.090 RSMo, and agrees to comply with the provisions thereof. The contractor shall understand and agree that it is their duty to notify any utility operating high voltage overhead lines and make appropriate arrangements with said utility if the performance of contract would cause any activity within ten feet of any high voltage overhead line. To the fullest extent permitted by law, the contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney’s fees) arising by reason of any act or failure to act, negligent or otherwise, of the contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with any claims arising under the Overhead Power Line Safety Act. The contractor expressly waives any action for contribution against the County on behalf of the contractor, any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, and agrees to provide a copy of this waiver to any party affected by this provision.

3.15.16 OSHA Program Requirements: The contractor is familiar with the requirements of 292.675 RSMo. 4. PROPOSAL SUBMISSION INFORMATION

4.1. SUBMISSION OF PROPOSALS:

4.1.1 When submitting a proposal, the offeror should include the **original and two (2) copies for a total of three (3) copies. The offeror should also include an electronic copy of the proposal on a removable storage drive.**

a. The offeror must submit the proposal to:

Boone County Purchasing Department
Attn: Liz Palazzolo, Senior Buyer
613 E. Ash Street, Room 109
Columbia, MO 65201

b. The proposals must be delivered no later than **2:00 P.M. on August 19, 2019.** Proposals will not be accepted after this date and time.

4.1.2 **Terms and Conditions:** The offeror agrees that by submitting an offer, Boone County's Terms and Conditions as incorporated herein must become part of the contract, and in the event of conflict between any terms the offeror submits, the terms and conditions of the County must govern.

4.2 ORGANIZATION OF PROPOSAL:

4.2.1 To facilitate the evaluation process, the offeror is encouraged to organize their proposal into distinctive sections that correspond with the individual evaluation categories described herein.

a. Each distinctive section should be titled with each individual evaluation category and all material related to that category should be included therein.

b. The signed response page from the original RFP and all signed amendments should be placed at the beginning of the proposal.

c. The offeror is advised that the proposal should, at a minimum, address all mandatory and desired services, equipment, materials, etc. Responses will fully describe how the requirements will be met.

4.2.2 The offeror is cautioned that it is the offeror's sole responsibility to submit information related to the evaluation categories, and that the County is under no obligation to solicit such information if it is not included with the proposal. The offeror's failure to submit such information may cause an adverse impact on the

evaluation of the proposal. Any offeror whose responses deviate from the outlined specifications may automatically be disqualified.

4.3 OFFEROR'S CONTACTS WITH PURCHASING:

4.3.1 Offeror's Contacts: Offerors and their agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the RFP, the evaluation, etc. to the buyer of record indicated on the first page of this RFP. Offerors and their agents may not contact any County employee other than the buyer of record regarding any of these matters during the solicitation and evaluation process. Inappropriate contacts are grounds for suspension and/or exclusion from specific procurements. Offerors and their agents who have questions regarding this matter should contact the buyer of record.

4.4 VALIDITY OF PROPOSAL RESPONSE AND RESULTING CONTRACT:

4.4.1 Offerors must agree that proposals must remain firm for a period of ninety (90) calendar days after the date specified for the return of proposals.

4.4.2 Contract Documents: The successful bidder(s) shall be obligated to enter into a written contract with the County within thirty (30) calendar days of award on contract forms provided by the County. If bidders desire to contract under their own written agreement, any such proposed agreement shall be submitted in blank with their offer. The County reserves the right to modify any proposed form agreement or withdraw its award to a successful bidder if any proposed agreement contains terms and conditions inconsistent with its bid or are unacceptable to county legal counsel.

4.5 EVALUATION OF PROPOSALS

4.5.1 Evaluation and Award Process: After determining a responsible offeror and a responsive proposal through the determination that the proposal satisfies the mandatory requirements stated in the Request for Proposal, the evaluator(s) will use both objective analysis and subjective judgment in conducting a comparative assessment of the proposal. The evaluation will include an assessment of cost, the offeror's experience and reliability, proposed method of performance, and contractor support.

4.5.2 In order to conduct an evaluation of proposals, the vendor is advised to complete the Vendor Response Pages, all parts, and to return the completed pages with the vendor's proposal. Failure to provide information necessary to evaluate the vendor's response may render the proposal incapable of award consideration. While the County reserves the right to obtain clarification from the offeror regarding any part of the proposal, the County is not obligated to obtain any information from the offeror necessary for evaluation. When evaluating responses, the County reserves the right to consider relevant information and fact, whether gained from the response, from a vendor, from the vendor's references, or from any other source.

4.5.3 After an initial evaluation process, a question and answer interview or product demonstration may be conducted with the offeror, if deemed necessary by the County.

The offeror may be asked to make an oral presentation of their proposal, or perform a product demonstration to the evaluation team at a designated Boone County location. Attendance cost must be solely at the offeror's expense. All arrangements and scheduling will be coordinated by the County.

4.5.4 Competitive Negotiation of Proposals: The offeror is advised that under the provisions of this Request for Proposal, the County reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions must apply:

- a. Negotiations may be conducted in person, in writing, or by telephone.
- b. Negotiations will only be conducted with potentially acceptable proposals. The County reserves the right to limit negotiations to those proposals, which received the highest rankings during the initial evaluation phase.
- c. Terms, conditions, prices, methodology, or other features of the offeror's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the offeror may be required to submit supporting financial, pricing and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- d. The mandatory requirements of the Request for Proposal shall not be negotiable and must remain unchanged unless the County determines that a change in such requirements is in the best interest of the entities.

4.5.5 Evaluation of the Vendor's Experience and Reliability: The experience and reliability of the offeror's organization are considered subjectively in the evaluation process. Therefore, the offeror is advised to submit any information, which documents successful and reliable experience providing countertops including installation to other customers including public entities such as Boone County.

- a. Name other customers and/or government agencies/municipalities for which the vendor has provided countertops and installation in the last three (3) years and provide a current contact name, email address and phone number for each account.

4.5.6 Evaluation of the Vendor's Method of Performance and Contractor Support: Proposals will be subjectively evaluated based on the vendor's method of performance and contractor support. Therefore, the offeror should present a written narrative, which demonstrates the vendor's schedule for performing the countertops project at the Boone County Detention Center. The offeror is provided a section on the Vendor Response and Pricing Pages where the offeror is strongly encouraged to confirm adherence to each stated RFP requirements and to also elaborate as necessary. The language of the narrative should be straightforward and limited to facts, solutions to problems, and plans of action. The County will be evaluating the offeror's adherence to mandatory performance requirements as well as other features of the offeror's proposed approach to performing the Scope of Work described herein.

- a. Offerors are cautioned about the use of specific words in the RFP. Where the words “must” or “shall” are used, they signify a required minimum function of system capacity that will heavily impact the offeror’s final response rating. Where the words “should,” “may” or “desired” are used, they signify that the feature or capacity is desirable but not mandatory; therefore, the specifications in question will possess minimal impact on the offeror’s final response rating.
- b. The method by which the proposed method of performance is written will be left to the discretion of the offeror. However, the offeror should address each specific paragraph and subparagraph of the specifications by paragraph and page number as an item for discussion. Indicating that the vendor “Complies” or “Understands” the requirement is a good start, but it may not provide enough relevant detail to explain how the proposal performs the requirements which then allows subjective consideration of the vendor’s product capabilities.

4.5.7 Rejection / Withdrawal of Proposals Response:

- a. Rejection of Proposals: The right is reserved by the County at its discretion to reject any or all proposals or parts thereof. The County reserves the right to waive defects or informalities, to negotiate with offerors and to accept the proposal deemed to be in the best interest of the County.
- b. Withdrawal of Proposals: Proposals may be withdrawn on written request from the offeror at the address shown in the solicitation prior to the time of acceptance.
- c. Negligence on the part of the offeror in preparing the proposal confers no right of withdrawal after the time fixed for the acceptance of the proposals.

Contractor Background Screening Policy

As a normal business activity, Missouri law enforcement agencies may contract with external companies to perform various duties for their agency. Any personnel working for a contractor, and who has access to criminal justice information is required to pass a background check prior to beginning work on the contract. In an effort to better streamline this process for contractors performing work at more than one Missouri law enforcement agency, the Missouri State Highway Patrol has implemented a program to manage these background check files centrally. This allows contractors to perform fingerprint checks and complete security awareness training requirements one time rather than with each contracting agency.

This background check will include, but not be limited to, state of residency and national fingerprint-based record checks. If the proposed candidate lives outside the United States or is a non-US Citizen, further steps may need to be taken. The MSHP Security Unit can provide more details regarding this process upon request. Qualification to work on contract will be based upon the following criteria:

- A felony conviction or guilty plea will be an automatic disapproval of the candidate.
- Any conviction whether misdemeanor or felony, involving violence, crimes against children, and all sexual crimes regardless of timeframe will be an automatic disapproval of the candidate.
- Candidates will be disqualified if it is confirmed there are outstanding arrest warrants for the candidate.
- Any other misdemeanor convictions and guilty pleas may be considered for automatic disapproval. The State CSO (CJIS Security Officer) has final authority regarding if the nature or severity of the misdemeanor offense(s) does or does not warrant a disqualification.

For misdemeanors, consideration will be given to the relationship between the information obtained in the background check and the responsibilities of the position. Time and severity of crime may also be considered as factors in a disqualification. Candidates may submit a written request for waiver through their contracting company, if they have been disapproved and wish to contest the decision. The request will need to explain the circumstances of the crime and justification for a waiver.

Contractors will be required to undergo a background check at a minimum once every five years. To maintain up-to-date files, the MSHP Security Unit will perform name-based checks every two years or when a new contract is executed whichever is more frequent. If there is a significant gap between contracts, candidates may be required to undergo a background check before working under a new contract.

The CSO or their designee will maintain a list of contractors who have been approved to work at the Missouri State Highway Patrol or other Missouri Law Enforcement Agencies.

If a candidate goes through a background check with one contractor and then goes to work at a different contractor, the candidate will not be required to undergo a separate background check unless the timeframe exceeds five-year limit.

The CSO for the Missouri State Highway Patrol has the right to approve or disapprove any candidate and has the right to revoke a candidate's approval at any time.

Dear :

This packet contains information and documents that will help you complete the process to become compliant with two of the major FBI CJIS Security Policy requirements for contractors/vendors. In lieu of performing background checks and security awareness training with each agency your organization does business with in the State of Missouri, the Missouri State Highway Patrol (MSHP) CJIS Security Unit has developed a process to centrally manage the fingerprints and security awareness training for vendors/contractors. This will allow other agencies within Missouri to refer to the MSHP during audits for those specific policy requirements. Even though the MSHP is managing those two items, your company will be required to abide by any additional policies and procedures required by the agency with which you execute a contract.

Each employee from your company who requires unescorted physical and/or logical access to criminal justice information is required to undergo a fingerprint-based background check. To complete this process, please return the completed fingerprint cards, along with a check to cover the appropriate processing fees to the address listed below. Incomplete or partial documentation will not be processed.

Please provide the following documents for each employee requiring access:

Submit completed Fingerprint Card

Under Employer and Address – must indicate Company Name
Under Reason Fingerprinted – must indicate Contractor
Under ORI – must use MOMHP0070

Criminal background check fee of \$32.00 per applicant

Please remit payment for processing by check or money order payable to the "Criminal Record System Fund" of the Missouri State Highway Patrol. All documentation, including payment, must be returned to:

Missouri State Highway Patrol
Criminal Justice Information Services Division
Attn: Accounting Unit, Nikki Wrinkles
1510 East Elm Street
Post Office Box 9500
Jefferson City, MO 65102-9500

Also included is a copy of the Contractor Background Screening Policy. This policy provides further guidance on the background screening process.

Upon the completion of the background check the Patrol will not release any information to the agency or to your organization in regards to the background checks. The Patrol will issue a response of either "Access Allowed" or "Access Not Allowed" for everyone. The Patrol will maintain a list of accesses allowed employees for your company.

Finally, FBI CJIS Security Policy section 5.2 requires that all personnel with physical and/or logical access to criminal justice information complete security awareness training and renew that training biannually for the duration of the contract. The MSHP has purchased a solution to provide and track this security awareness training for all your employees via the www.cjisonline.com portal. Please contact the CJIS Security Unit at the number below to set up your agency in the CJIS online system.

If you have any questions, please feel free to call the CJIS Security Unit at 573-526-6153, x2658.

Sincerely,

CHRISTOPHER S. JOLLY, Captain
Criminal Justice Information Services Division
