## Pre-Construction Submittal Requirements for Private Developments with Public Infrastructure to be Accepted for Maintenance by Boone County

### Submittal Items:

- Concrete Mix Design & Associated Material Certifications
- Concrete Reinforcing Steel Certifications
- Concrete Curing Compound
- Asphalt Mix Design & Associated Material Certifications
- Aggregate Certifications
- Culvert / Storm Sewer Pipe & Joint Material Certification
- Precast Concrete Junction Box and Storm Inlet Material Certification
- Geotextile Fabric Certifications
- Any Additional Project Specific Items Requested by Boone County

Transmit each submittal with a Contractor's Transmittal Form. This form shall include the following information:

- Development Identification
- Submittal Number
- Contractor Information
- Subcontractor / Supplier Information
- Submittal Item

The following statement must appear on the Transmittal Form and shall be signed and dated by an authorized Contractor Representative:

“I certify that I have reviewed the information contained within this submittal and believe it to be in accordance with the approved construction plans, specifications, and the current edition of the Boone County, Missouri Roadway Regulations, Chapter II.”

**Electronic submittals are preferred. Once the submittal is received in the correct format please allow 5 business days for a County review and response.**
