EVENT: Rustic Road – Bridge Project – Girder Delivery

FOR IMMEDIATE RELEASE

Please be advised that on **Wednesday, February 25, 2015** bridge girders will be delivered for the Rustic Road Bridge Project. In order to complete the delivery and unloading process four semi-trucks will back down Rustic Road from State Route WW to the bridge site. This will cause significant delays for traffic on Rustic Road. For unloading these trucks will temporarily be staged near the bridge site causing narrow road conditions there.

We anticipate the delivery from mid-morning through early afternoon. With no option for detours during these deliveries please plan your travel for the day to avoid the area if at all possible. We appreciate your patience and cooperation during this project.

The Department urges motorists to use caution in all Work Zones. Thank you for your assistance while we improve your roads.
