STAN SHAWVER, DIRECTOR

PLANNING – INSPECTIONS – ENGINEERING

DERIN CAMPBELL, CHIEF ENGINEER

TO: Boone County Commission, Media & Others
FROM: Keith Austin, Chief Road Inspector
DATE: 6/24/2015
EVENT: Reclamite Pavement Preservation Treatment 6/24 & 25/2015

FOR IMMEDIATE RELEASE

With a limited window of opportunity due to weather, contractor Corrective Asphalt Materials, LLC began applying a Reclamite treatment to the following Boone County roads today:

<u>Road</u>	<u>Subdivision</u>	<u>Anticipated Date</u>
All	Germantown	June 24 th
Rangeline Rd		June 24 th
Golf Blvd		June 24 th
Pin Oak Blvd		June 24 th
Locust Grove Dr		June 24 th
Backwoods Cove	Sun Valley Estates	June 24 th
Wishing Well Dr	Sun Valley Estates	June 24 th
Woodland Cove	Sun Valley Estates	June 24 th

Work will continue until at least 5:30 pm today, and any roads not treated today will be completed tomorrow. The process only takes a few hours and then the road will be fully opened to traffic and parking. However, please go slow and stay on the sanded areas as the material can be slippery and get onto cars. Should these materials get onto your vehicle, they can be washed off with hot soapy water or a bug and tar remover – the earlier the better. WD-40 is commonly used to remove this product should it get onto a vehicle. **PLEASE DO NOT DRIVE ON THE FRESH ASPHALT REJUVENATOR.**

Please use caution in all work zones and find alternate routes if necessary.

Thank you for your cooperation as we work on these improvements.
