STAN SHAWVER, DIRECTOR

PLANNING – INSPECTIONS – ENGINEERING

DERIN CAMPBELL, CHIEF ENGINEER

TO: Boone County Commission, Media & Others  
FROM: Keith Austin, Chief Road Inspector  
DATE: 6/25/2015  
EVENT: Reclamite Pavement Preservation Treatment 6/29/2015

## FOR IMMEDIATE RELEASE

Due to forecasted weather for today and tomorrow, contractor Corrective Asphalt Materials, LLC has post-poned the remainder of the Reclamite treatment scheduled for today to Monday, June 29<sup>th</sup>. Monday's application will of course be weather permitting. The following Boone County roads are those to still be treated:

<u>Road</u>	<u>Subdivision</u>	<u>Anticipated Date</u>
Pin Oak Blvd		June 29 <sup>th</sup>
Locust Grove Dr		June 29 <sup>th</sup>
Backwoods Cove	Sun Valley Estates	June 29 <sup>th</sup>
Wishing Well Dr	Sun Valley Estates	June 29 <sup>th</sup>
Woodland Cove	Sun Valley Estates	June 29 <sup>th</sup>

Work will begin at 7:00 am and run until 5:30 pm. The process only takes a few hours and then the road will be fully opened to traffic and parking. However, please go slow and stay on the sanded areas as the material can be slippery and get onto cars. Should these materials get onto your vehicle, they can be washed off with hot soapy water or a bug and tar remover – the earlier the better. WD-40 is commonly used to remove this product should it get onto a vehicle. **PLEASE DO NOT DRIVE ON THE FRESH ASPHALT REJUVENATOR.**

Please use caution in all work zones and find alternate routes if necessary.

Thank you for your cooperation as we work on these improvements.
