## PUBLIC ANNOUNCEMENT & PRESS RELEASE

**TO:** Boone County Commission, Media & Others  
**FROM:** Keith Austin, Chief Road Construction Inspector  
**DATE:** September 4, 2015  
**EVENT:** Brookfield Estates Subdivision Street Repairs

### FOR IMMEDIATE RELEASE

Boone County Resource Management, through contractor APAC Mo Inc will be performing repairs to roads in the Brookfield Estates Subdivision. Repairs will be made to several roads in the subdivision:

- 1) E Brook Valley Dr
- 2) S Lake Meadow Way
- 3) E Silverbrook Rd
- 4) S Blake Dr

Work will be performed between the hours of 7:00 am and 7:00 pm and consist of some full depth replacement and some partial depth concrete patching. Newly poured concrete will be required to cure for up to 7 days prior to traffic being allowed on it.

Streets will not be closed during this work, but may be restricted to one lane. After the concrete has cured, a chip seal treatment will be applied to act as a waterproofing layer and then a 2” asphalt overlay driving surface will be added. The overlay will require a 3 to 4 hour cure time depending on air temperatures.

The Department urges motorists to use caution in all Work Zones, and to find an alternate route when deemed necessary. Thank you for your assistance while we improve your roads. If you have any questions or concerns, please contact Boone County Resource Management at 573-886-4480.
