PUBLIC ANNOUNCEMENT & PRESS RELEASE

TO: Boone County Commission, Media & Others

FROM: Keith Austin, Chief Road Construction Inspector

DATE: May 9, 2017

EVENT: Georgetown Subdivision Concrete Panel Replacement

FOR IMMEDIATE RELEASE

Boone County Resource Management, through contractor Cook Concrete, will be performing repairs to concrete roads in the Georgetown Subdivision.

Work has already begun and will last approximately three weeks, weather permitting. Parking along streets and access to driveways will be limited or unavailable during the construction and curing process.

Newly poured concrete will be required to cure for 7 days prior to traffic being allowed on it. Roads to be repaired are the following: South West Lexington Circle, South East Lexington Circle, South Pickford Place and West Bristol Court. The roads will remain open, but may be reduced to one lane of traffic and could include short spans of full closure.

Please use caution in all construction/work zones. Thank you for your cooperation as we improve the roads you travel. If you have any questions or concerns, please contact Boone County Resource Management at 573-886-4480.
